THE COUNTY SEAT NEWSPAPER

DON RIVES IS KILLED IN AUTO CRASH SUNDAY

Don Rives, county commissioner from precinct 4 of Wheeler County, was killed instantly in an automobile crash 1 1/2 miles east of McLean on Highway 66 last Sunday morning about 9:40 o'clock when the 1948 Pontiac in which he was riding collided head on with a 1949 Ford which was driven by Lawrence A. Blasberg of Chicago.

Rives was riding in a car driven by Edward E. Cockerell, a machinery salesman from Amarillo according to reports. Also riding in the car with Cockerell was Loren L. See of Shamrock who received a broken knee, a broken hip and a badly lacerated face. Both of Cockerell's legs were fractured as was one ankle. Blasberg who was driving the other vehicle suffered a broken leg and arm.

Investigating highway patrolmen said Blasberg was trying to pass a long truck going east when the cars collided. A heavy drizzle was falling at the time.

Don Rives, a resident of Wheeler County since 1917, resided on his farm northeast of Twitty and had been serving as county commissioner since January of this year having been elected in 1948. Rives was well known and well liked over this territory and had been active in agricultural circles for many years. He was a member of the Church of Christ, an Odd Fellow and a Mason.

Funeral services were conducted from the Church of Christ in Shamrock Tuesday afternoon at 2:30 o'clock with Harold W. Turner, minister of the Church of Christ of Twitty, in charge. He was assisted by Minister J. Lloyd Rice of Erick and James Scott of Canadian, both of whom had formerly pastored the church at Twitty where Rives was a member.

Odd Fellow rites were conducted at the church and Masonic ceremonies were observed at the cemetery.

Survivors include: the wife, Mrs. Ruby Rives of Twitty; two sons, E. M. Rives of Albuquerque, N. M., and Thurman Rives (Continued on Last Page)

CARNIVAL IS BIG SUCCESS

Mrs. Harold Nash, president of the Wheeler P-T-A this week asked The Times to convey her thanks to everyone who helped to make the annual Halloween carnival a success and to report that the organization cleared approximately \$425.00 out of the proceeds of the affair.

Climaxing the affair was the coronation of Mary Black and Donald Meadows as king and queen of grade school and Glenda Ann Porter and Jerry Melton as king and queen of high school.

Other members of the royal family from grade school included: Shirley Sanders and Phillip Russ from Mrs. Ida Farmer's first grade class; Carolyn Sims and Jerry Burgess from Mrs. Wilkes first grade room; Marilyn Smith and Albert Thomas, second grade; Sharon Beatty and Kearby Weatherly, third grade; Ila Gale Holde-man and Jerry Smith, fourth grade; Nancy Lee and Cecil Pierce, fifth grade; and Lonelle Lee and Tony Weatherly, seventh grade.

Prince and princesses from the other classes in high school included: Nona Ann Byers and Bobby Johnson, freshman; Dixie Sanders and David Johnson, sophomore; Von Eva Hooker and Dale Clift, junior; and Margaret Holdeman and J. T. Johnson, senior.

Girl Scout Members To Sell Calendars

Mrs. Carroll Pettit, Mrs. W. A. Goad, Jr. and Miss Vendell Starkey were in charge at the Wheeler Girl Scout Troop meeting Tuesday afternoon.

The meeting was opened with singing led by Pam Anglin. The president, Sharon Green, presided over the business meeting at which time the troop completed all plans for Girl Scout displays.

All members were given calendars to sell with the money going into the local Scout fund.

The meeting was then adjourned in the usual manner.

Wheeler Whisperings

By J. C. Howell

Tragedy, in the form of a home burned, has struck again in the Wheeler vicinity, and it only goes to remind us of the inadequacy of our fire fighting equipment. Yes, we now have an organized fire department with Jack Garrison acting as chief, and the city has recently made some expenditure for new equipment such as fog nozzles, connections and other small items, but two other big items are very necessary for us to have a first class and efficient fire department.

The first item that is needed is a large siren which can be heard all over town so all members of the department can be warned as soon as an alarm is received. The purchase of a siren of this kind will entail an expenditure of between \$300.00 and \$500.00, and it is necessary, but where is this money coming from?

The second item which is badly needed is an auxiliary pump which can pump water out of a lake, pond, stream or stock tank of some sort when the fire happens to be in a rural section like the last two around here have been. Pumping equipment of this sort costs between \$300.00 and \$500.00 and again we say this is necessary equipment but where is the money to purchase it coming from?

Halloween has come and gone again and these grown "children" have had their night of "fun", stealing hay, dragging junk down town, tearing down out houses and signs and marking up windows—wonder how much trouble it would be to get that same bunch of youngsters to do an equal amount of work for a legitimate cause.

If as many people from every small town in the state of Texas had attended the Southern Methodist-Texas football game in Dallas Saturday as did from Wheeler, the Cotton Bowl wouldn't have begun to hold the crowd and as it was the thing was jammed to capacity with about 75,000 people. Wheeler people who we know of that attended the game included: Rep. Grainger McIlhenny, several Methodists, Mr. and Mrs. Lindsey McCasland, Wendell Meek, Max Wiley and R. J. Holt, Jr., and some others, Jack Garrison, Leroy Robison, John Wofford, Bud Vanpool, Carroll Pettit and Whisperings.

Dr. Walker asked Whisperings to inform the Halloween pranksters who removed his old trash barrel to please come by as he could pay him a dollar for moving the thing. Seems that Dr. Walker had a new barrel ordered and it came in just the day after Halloween so the doc appreciates someone moving the old one.

Whisperings would like to congratulate J. T. Johnson on the occasion of his being named player of the week by the Amarillo News-Globe. We would also like to congratulate every member of the Mustang team who has helped make it possible for J. T. to accomplish his feats. Doyle Waters, Joe Mitchell and a bunch of others can always be seen cutting down opposition when J. T. gets the pigskin. We honestly believe that Wheeler would have been among the leaders in the district had it not been plagued with an unusual number of damaging injuries.

The Loy Seitz family was extremely fortunate Sunday when the pick-up truck in which they were riding skidded and turned over on the wet pavement a few miles west of Wheeler, Mr. and Mrs. Seitz and their small child were riding in the pick-up at the time of the accident and none of them were seriously injured. The truck was practically demolished it was reported.

The Seitz's were on their way to the home of her parents, Mr. and Mrs. John Hodges, for a family get-together and Sunday dinner when the accident happened.

Louise Atwood entered October 31 for treatment at the Wheeler Hospital.

MUSTANGS BEAT STINNETT, PLAY CANADIAN FRI.

The Wheeler Mustangs, playing before their last home crowd of the season and after crowning their football queen, Miss Charlotte Weatherly, took a one-sided 54 to 19 victory from the Stinnett Rattlers in a conference contest which was played on Nicholson Field last Friday night.

The Mustangs journey to Canadian Friday night for another conference contest. The Canadian Wildcats were tied with the White Deer Bucks for leadership in the district until last Friday when they lost a 12 to 6 decision to the boiling Panhandle Panthers. Wheeler will be playing without the services of its hard charging left halfback, Garland Parks, who has been plagued with injuries all season and who pulled some tendons in his right knee in practice Wednesday afternoon.

Maurice Pettit, who has played steadily in the backfield for the Mustangs all season, but up until last Friday night had failed to score, carried the first Mustang counter over from 9 yards out. David Johnson kicked the first of 6 consecutive extra points then a few minutes later ran 19 yards for the second Mustang counter.

Following the two Mustang counters, Stinnett scored twice on an Early to Kendall pass combination and scored 1 extra point on an Early to Williams pass combination, then before the half ended J. T. Johnson had journeyed 29 yards on one trip to pay dirt leaving the score at 20 to 13 in favor of the Mustangs at halftime.

In the second half J. T. Johnson scored three times on runs of 50, 20, and 55 yards, Garland Parks scored on a 29 yard sprint and David Johnson passed once to Buddy Toon for 20 yards for a score.

The Rattlers' final counter came late in the final period when Williams returned a kick-off 75 yards for a counter.

J. T. JOHNSON IS PLAYER OF WEEK

EDITOR'S NOTE:—We are reproducing below Jerry Kolander's remarks regarding J. T. Johnson whom he picked as his class B Player of the Week for his performance in last week's battle with the Stinnett Rattlers and other past performances.

The Midwest doesn't have a corner on all the football-playing Johnsons in the United States yet! There's a pair of Johnson brothers cavorting for the Wheeler Mustangs this fall, and one of 'em is good enough to get the nod as The News-Globe Player of the Week in Class B football.

J. T. Johnson, 150-pound fullback, has been a standout performer for the Mustangs this season, specializing in long runs, the opportune kind, so effective in breaking the opposition's morale. Stinnett was coasting along on the short end of a 14-13 score in the second quarter last week, when suddenly J. T. turned the contest into a near riot by scoring touchdowns on runs of 20, 29, 50 and 55 yards. He also had another one called back.

Against Panhandle a week ago, he ran 80 to 90 yards for a pair of tallies and earlier in the season against Claude, he turned a 90-yard effort into six points.

J. T. is a potential threat from any spot on the field. The secret of his success lies in his ability to follow his blockers until their utility has been exhausted. He's not exceptionally fast, but when he cuts away from his interference, he knows that he can go the rest of the way by himself.

Wheeler dropped three conference games this year, and it may be coincidental that in two of them, the brilliant fullback was sitting on the bench with a broken hand.

The 17-year-old senior, playing his second year of Mustang football, is scheduled to graduate this year, but there'll be another representative of his family in the Wheeler lineup after he's gone.

David, sophomore brother of J. T., is making a name for himself as an extra-point kicker this season, and is expected to be one of the better huddle-Houdinis in the area next year.

E. O. SIVAGE SOLE SURVIVOR OF AIR CRASH

A former Wheeler boy, Earl Oscar Sivage, son of Mrs. Annie Sivage who still lives here, was the lone survivor of a plane crash at London, England, last Thursday night.

Sivage said from his hospital bed where he is receiving treatment for serious but not fatal burns, "I don't know what happened. When we crashed just after the takeoff, the cockpit was split open and I was thrown clear." Sivage was co-pilot of the plane, owned by the Superior Oil Company of California.

Sivage attended schools in Wheeler where he played football and basketball.

During the early part of the war he was with an aircraft company in Los Angeles. Later he was sent to England by his company. He returned to America and served in the army during the rest of the war.

He joined Superior Oil Company after the war and was sent to Egypt, with headquarters in Cairo where his wife and two children, Sandra, 8 years old, and Stephen, 6, live.

Sivage has three brothers, W. C. Sivage, Wheeler, L. V. Sivage, Mobettie, and Herbert Sivage, Morton, and four sisters, Mrs. P. A. Martin, Mobettie, Mrs. A. W. Hanna and Mrs. F. C. Oldham, both of Portales, N.M., and Mrs. O. H. Johnson, Seagraves.

According to Associated Press dispatches, Sivage's clothes became gasoline-soaked and caught fire. He extinguished the blaze by rolling in rain puddles on the runway.

Two officials of the oil company (Continued on last page)

HUNTING LAWS, PENALTIES AND SEASONS AIRED

"Every citizen who hunts deer or turkey must pay \$2.15 for hunting licenses", Judge A. C. Wood pointed out this week as he explained Texas hunting laws. A person who is 17 years of age or who hunts on land on which he resides is not required to pay the \$2.15 license fee, but must procure a big game license exemption.

Every Texas citizen 17 or more years of age who hunts anything other than deer or turkey out of the county of his residence and who does not hold a big game hunting license must procure a license to so hunt. Cost of license is \$2.00. A citizen of the county is excluded any person who has been for more than 6 months immediately preceding application for license a bona fide resident of Texas, Judge Wood pointed out. License in this vicinity may be secured at Lee's Hardware Store. Open seasons coming up right away include:

Ducks, brant and geese:—November 4 at noon to November 21 inclusive and December 21 to January 7th, both dates inclusive. Hours to hunt: November 4 and December 21 from 12 o'clock noon to 1 hour before sunset; all other dates of season 1 1/2 hour before sunset to 1 hour before sunset. Limit:—4 ducks per day or 8 in possession after first day; 5 a day and 5 possession.

Quails:—December 1 to January 16 inclusive. Limit 12 a day and not more than 36 a week or in possession.

Squirrels:—General law, open season, May, June, July, October, November and December.

It is unlawful—

To hunt in State Parks.

To kill or hunt any game bird or game animal between 1/2 hour after sunset and 1/2 hour before sunrise.

To hunt for hire or to hire anyone to hunt.

To hunt from automobile, motor boat, sail boat, boat under tow, or airplane.

To hunt on a state game preserve.

To hunt or fish on enclosed lands of another without the owner's consent.

To shoot any gun or firearm in or along or across any public road in this state.

To refuse to permit a game and fish warden to search your game bag or automobile or other receptacle.

Nov. 12 Set As Date To Elect PMA Committeemen

AMENDMENT, SCHOOL BOARD ELECTION NOV. 8

Tuesday, November 8 is the date set for a special election in Texas at which time voters will select a new state school board which will function under the Gilmer-Aiken law which just recently went into effect, and will vote on ten amendments to the state constitution.

There is to be one member of the new state board of education from each congressional district in Texas and there are two candidates for the post in this, the 18 congressional district and they are John H. Harnly of Miami and A. R. Bivins of Amarillo.

The Times knows little of the qualifications of the two men for the state post, except what has been furnished by the candidates themselves and the following was furnished by Harnly on a visit to The Times office recently:

Has had one year's work towards a Master's degree in Administrative Education. Has taught school at Miami and at Pampa. Has served on a rural school board. Has driven school buses. Is a parent with three children in school and is a property owner and a tax payer.

No definite information on the qualifications of Bivins has been received.

Tuesday's election will be held at the usual voting places in Wheeler, Mobettie, Briscoe, Kelton, Allison and various other boxes in this section of the county.

For a study of the amendments which are to be voted on The Times invites you to turn to another page of this week's edition and look over the sample ballot which is carried as a public service.

WHITENER'S HOME BURNS

Fire completely destroyed the farm home of Mr. and Mrs. Herbert Whitener and family between 9:00 and 10:00 o'clock Monday morning. The Whiteners live 4 miles west of Wheeler on what was formerly the P. A. Martin place.

The Wheeler Fire Department answered the alarm but were unable to save the dwelling, furnishings or any of the personal belongings of the Whiteners; however, the fire department did save the garage which was catching on fire at the time they arrived.

The fire broke out while the Whiteners were in town Monday morning to bring the children to school and attend to other matters and consequently they had no idea what the origin of the fire might have been.

AID TO NEIGHBORS
The WMS of the Wheeler Baptist Church is inviting anyone in this vicinity who would like to help the Herbert Whiteners, who this week lost their home and furnishings by fire, to bring gifts to the basement of the Baptist Church Tuesday afternoon, November 8, between the hours of 2:30 and 4:00 o'clock.

At present the Whiteners are staying with her parents, Mr. and Mrs. J. M. Lawrence, until they can get their garage fixed up to where they can live in it until after harvest is over when they plan to rebuild their home.

REMINDER

The public is reminded of the series of stage shows by the Standley Players which will begin Friday night, November 4. The big tent theatre will be located just south of the Masonic building.

The Standley Players have made an annual performance the past few years in Wheeler and are being sponsored by the Wheeler American Legion.

Wheeler county farmers will decide on November 12 who will serve as community P. M. A. committeemen during 1950. At the same time they will elect delegates to the county convention where the member of the Wheeler County P. M. A. committee for 1950 will be elected.

In making this announcement George L. Close, present Chairman of the Wheeler County P. M. A. committee, urges every farmer in the county to vote for his choice for these committeemen. Many decisions that will effect every farmer in the county will be made by the men elected. With cotton, wheat, and peanut farm acreage allotments in effect these men will decide what each individual farm acreage allotment will be. The county P. M. A. committee must approve each farmer's application for assistance in his soil and water conservation work under the Agricultural Conservation Program. Committeemen will have important duties to perform in connection with the Commodity Credit Corporation Loan and Price Support Programs.

George L. Close explains that P. M. A. committees have heretofore been known as ACA or AAA committees. The name has recently been changed to Production and Marketing Administration Committees since they administer at the community and county levels the programs of the Production and Marketing Administration. Explaining details pertaining to the election the Chairman says, a nominating committee has been selected for each community. These nominating committees have selected two of their neighbors for each position to be filled. The names of those nominated will be printed on the ballot and space will be left for a "write in" in case any voter desires to vote for someone other than the nominee.

Designated polling places have been set up in each community in the county. The polling places will be kept open from 8:00 a. m. to 5:00 p. m. on the day of the election. The polling places are as follows:

- A—Kelton Store, November 12
- B—Wheeler P. M. A. Office, November 12
- C—Kimbell Elevator, November 12
- D—Pakan School House, November 12
- E—Community Building, Shamrock, November 12

In addition to the polling places, farmers may vote by mail or by calling at the County P. M. A. office up to the day before the election.

Escar Armstrong To Make Geology Trip

Escar W. Armstrong, son of Mr. and Mrs. E. F. Armstrong, Wheeler, is one of a group of 29 Iowa State College geology students and faculty members who will attend the Tri-State geology field conference in LaSalle, Ill. Saturday and Sunday.

The Iowa State party will leave Friday morning from Ames, in order to visit a number of points of geologic interest enroute to LaSalle. They will take bed rolls and spend Friday and Saturday nights in the National Guard Armory there.

More than 200 students, teachers, and professional geologists are expected to be on hand from Iowa, Illinois and Wisconsin for the conference. They will study the "LaSalle Anticline", a prominent geologic structure extending north and south across the state of Illinois. Visits to quarries and natural exposures of rocks will help to interpret the nature and history of the structure.

Mr. and Mrs. N. D. Ware returned home Wednesday from Arizona where they visited with relatives the first part of the week.

Mrs. H. B. Pressley and Mrs. Leslie Tompkins, who have been visiting in the home of their sister, Mrs. F. M. Robinson, accompanied Mrs. C. C. Robinson to Childress Saturday enroute home. Mrs. Robinson visited with a nephew, Lloyd A. Cole and family, before returning home the same day.

WILL FULL STOMACHS END ALL WARS?

The Prime Minister of India—British-
educated, deeply devout, still Oriental in his
loyalties and background—says the world
will never enjoy peace until millions of Asi-
atics end their dire poverty.

Put more humanly, world peace depends
on Calcutta and Singapore having bath-
rooms, electric lights, canned food and other
conveniences enjoyed by Highland Park, Tex-
as.

That goal is nearer than Jawaharlal
Nehru thinks.

Atomic energy, in time, will give a bil-
lion and a half "have-nots" of the world the
industrial blessings of the West. The latter

were possible because of power generated
from coal and petroleum.

Tomorrow the whole world will live on
a new power. Just as a factory in Pittsburgh
runs on coal, tomorrow's factory in Thailand
will be run from a chunk of metal no bigger
than a teacup.

Perhaps that metal is available beneath
Thailand's own soil.

The savage in Congo who now sits by
a swamp eating a rotting hippopotamus will
eat clean, canned food grown in the Sahara
irrigated by this new power. This is no pipe
dream; it is a prediction by a noted scientist
based on facts already known.

Maybe millions will be killed in the pro-
cess before this power is harnessed for the
good. But it will be.

When it is, and the Hindu native has a
thermostat-controlled brick home, Nehru
thinks we will have peace. We wish we shared
his optimism. Poverty, unequal distribu-
tion of blessings, have caused wars in the
past. But mankind has a way of thinking up
new excuses to pick up the saber and rattle
it.—From The Dallas Morning News

IS IT WORLD-WIDE?

The conviction of the eleven leaders of
American Communism for conspiring to
teach the overthrow of the United States
Government by violence preceded by a day
or two the sentencing of a convicted Com-
munist leader in Australia.

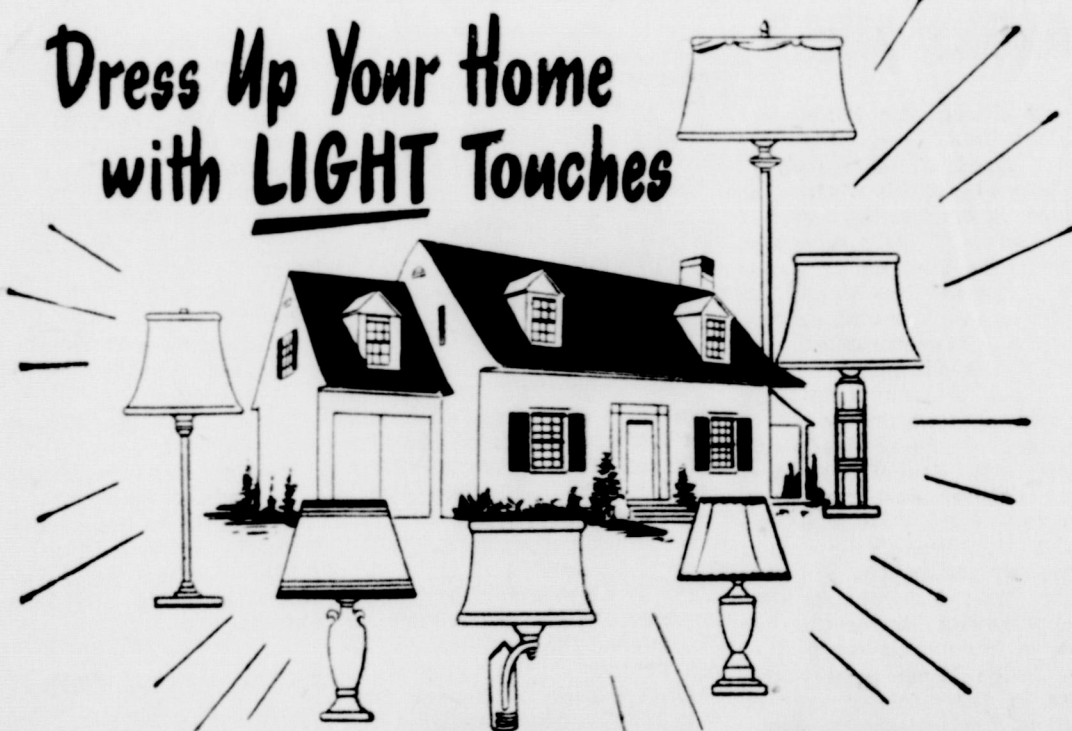

Laurence Louis Sharkey, general sec-
retary of the Communist party in Australia,
was sentenced to three years in prison upon
conviction of sedition. The sedition had to do
with a newspaper interview in which Shar-
key said:

"If the Soviet forces in pursuit of ag-
gressors enter Australia, we would welcome
the Soviet forces pursuing the aggressors as
the workers welcomed them in Europe when
the Red troops liberated the people from the
power of the Nazis."

The sedition nature of the statement
grew in part out of the fact that it was one
of a world-wide series of such interviews by
Communists. It is a question, however, whe-
ther such a statement made openly to a
newspaper would constitute a criminal off-
ense in this country. A number of our Com-
munists have said pretty nearly the same
thing, and the New York Daily Worker is
filled with the saying of the like almost
every day.

The defendants in Judge Medina's court
were convicted, not for treason or of sedition,
but of conspiracy to teach revolution in this
country by force and violence. The distruc-
tion is a bit fine, but the court said, appar-
ently, the jury adhered to it as required by
law.—From The Dallas Morning News

Dress Up Your Home with LIGHT Touches

Certified Lamps!

See how the lovelier, brighter light of Certified
Lamps enhances the charm of your furniture. Here
is the new "light" touch... the Certified Lamp
touch that brings 50% to 100% more light with
the same size bulb... without harmful glare.

Insist on a Certified Lamp.

BAD COMPANY

An elderly man of convivial
habits, but also bookish, was hail-
ed before the bar of justice in a
small country town.

"Ye're charged with bein' drunk
and disorderly," snapped the mag-
istrate. "Have ye anything to say
why sentence should not be pro-
nounced?"

"Man's inhumanity to man
makes countless thousands
mourn," began the prisoner, in
a flight of oratory. "I am not so
debased as Poe, so profligate as
Byron, as ungrateful as Keats, so

intemperate as Burns, so
Tennyson, so vulgar as
spare, so--"

"That'll do, that'll do,"
interrupted the magistrate.
days. And, officer, take do-
lour of names he mention-
round 'em up. I think the
bad as he is."

Eight pounds of 50 per-
cent DDT powder, 100
of water used either as a
spray will control cattle

Advertising Pays!

READY TO START

"Wanted—An expert carver,"
read the advertisement. "Only
those used to first-class restau-
rant work need apply."

To the man who asked for the
job the manager said, "Well, what
are your qualifications?"

"I have only one, sir," replied
the other cheerfully. "At my last
place I cut the meat so thin that
when the door opened the draught
blew the meat off the plates."

"You're engaged," said the man-
ager.

EYESIGHT IS IMPORTANT TO EVERY CHILD

Emphasizing the urgent need
for parental supervision of all
phases of child health, Dr. Geo.
W. Cox, State Health Officer said
today, "Much of the impaired
eyesight of advanced years could
be prevented if sufficient interest
in early life were applied and a
correction by means of temporary
glasses made when required."

children. Many older persons, some
through vanity, indifference, or
carelessness, fail to give proper
attention to the care of their
eyes. Penalties, he warned are
bound to occur for such inexcus-
able negligence.

"The eyes of any person, wheth-
er young, middle-aged, or older
represent one of the most priceless
of bodily possessions," the State
Health Officer asserted. "To take
care of them properly is a re-
sponsibility which never should be
sidestepped."

LET IT GO AND ENJOY A DUET

Willie was destined to be a
great violinist—at least so thought
his mother.

But one evening, while Willie
was practicing on his fiddle, she
got a bit of a shock. Her husband
stamped in from the garden and
glared at his son.

"Why don't you tell me that
Willie was going to practice on
his violin tonight?" he demanded.
"I've spent half an hour oiling the
gate!"

PAY YOUR SUBSCRIPTION TO WHEELER TIMES NOW!

There is no profit in feeding the
external parasites on cattle.
Spraying or dipping with recom-
mended treatments will rid cattle
of these pests.

Dr. Cox said that neglect of the
eyes is by no means limited to

NATIONAL PRESS BUILDING
WASHINGTON, D. C.

By Anne Goode

To avoid the dark ring that some-
times appears around the yolk of a
hard-cooked egg cook at low tempera-
ture. Cool the eggs promptly by placing
under cold running water. Then chill
thoroughly.

Just as a reminder. To get a profes-
sional look in homemade clothes, press
every seam after each stitching. The
garment not only looks better but press-
ing step-by-step actually saves time in
the end.

For something different and delicious
to serve with soups and salads cut
bread slices in one-inch strips. Spread
both sides with real mayonnaise and
toast in a waffle iron until brown. Bet-
ter make plenty!

You need sales resistance when you
go window shopping in the evening,
now. A store in the Midwest has in-
stalled a meter gadget whereby you can
drop a quarter in a box, speak into the
microphone, giving article desired,
name and address. Next day the article
is delivered to your home, the 25c
being credited to the bill. Other stores
may follow suit.

The drought this summer affected
the strawberry crop among other things.
So by next Spring the frozen variety
probably will be among the missing. To
make matters worse, the demand for
frozen berries is way above last year.

Need a navy or black slip to wear
under your dark winter dresses. Why
not get a package of all-purpose dye
and dye the old white crepe one that
has become gray from so many wash-
ings? Then buy a new blouse with the
savings.

USEFUL EQUIPMENT

The small daughter of the house
was busily setting the table for
expected company, when her moth-
er called:

"Put down three forks at each
place, dear."

Having made some observations
on her own account when the
guests had dined with the family
before, she inquired thoughtfully:
"Shall I give Uncle John three
knives?"

SOCIETY

Callan Home Is Scene Review Club Meeting

The Thursday Review Club met October 27 at the home of Mrs. Wilton Callan.

Mrs. Carroll Pettit led the program on "Girl Scouts of America". Musical numbers, and readings were given by Waunetta Burgess, Patsy Burgess, Janet Russ and Donna Speck, members of the local Girl Scout Troop.

Mrs. Lowell Pendleton, club president, presided over the business meeting. Club business and future club activities were discussed, followed by a social hour.

Delicious refreshments were served to the following members: Mesdames Earl Barnes, Roy Ford, W. A. Goad, Jr., J. C. Howell, R. J. Holt, Jr., Carroll Pettit, Lowell Pendleton, Carroll Pendleton, Leroy Robinson, Robert Blackwell, Ralph Robinson, Guy Dawkins, Joe Rogers, Misses Glenna Hefley, Vendell Starkey and Wilma Hefley. One guest, Mrs. M. L. Liles and the hostess, Mrs. Wilton Callan.

Pierce-McClain Vows Exchanged Saturday

Announcement has been made this week of the marriage of Mrs. Audrey Pierce, daughter of Mr. and Mrs. W. E. Bowen, to Christopher S. McClain, son of Mrs. R. L. McClain on Saturday, October 29, at 2:00 p. m.

Wedding vows were exchanged at the Wheeler Church of Christ parsonage with Minister B. M. Litton officiating at the single ring ceremony.

The bride was attired in a suit of grey and accessories of black and wore an orchid corsage.

Mrs. McClain has been employed in the office of the county clerk for the past two years and the groom is district clerk of Wheeler County.

After a short wedding trip to Amarillo they are making their home in Wheeler.

Dyson Home Is Scene Good Neighbors Meet

The Good Neighbors Club met in the home of Mrs. Richard Dyson Thursday, October 27.

A quick simple method of ironing men's shirts was demonstrated.

Those present were: Mesdames Vernon Savage, Grady Dodd, John McCarroll, Bob Ramsey, Clarence Dyson, Lowell Pendleton, Glen Robertson, Weaver Barnett and the hostess, Richard Dyson.

SOCIAL NEWS

The Halloween Carnival was a great success and everyone enjoyed it.

Couples seen in Wheeler Saturday night were: Mary Riley, Carol Wayne McCraw, Jane Ann Zybach, David Johnson, Patsy Meek, Tommy Eiland, Wanda Swift, Devonne Childress, Lavada Hogan, Kenneth Levitt, Imogene Pannell, S. W. Dougherty, Lottie Murray, John Gillenwater, Carrol Wayne McCraw, and Mary Riley were seen together Friday night.

Lottie Murray spent the week-end in Wheeler with her grandmother.

SENIOR CHATTER

The senior class have been very busy this past week. We worked Thursday and Friday on the Halloween Carnival. The senior girls decorated the Queen's and Prince's thrones. Friday the senior girls made the senior booth, the spinning wheel.

We received our proofs on our pictures Friday morning. The proofs proved satisfactory.

Friday morning the annual staff selected the year book cover. It will be green with gold letters and a gold bronco. The division pages will be western.

SONG DEDICATIONS
Imogene to S. W. — "I'll See You In My Dreams".
Wanda to Devonne — "Pretty Baby Boggie".
Buddy to Lucy — "Why Don't You Haul Off And Love Me".
Thomas Roy to all the girls — "Don't Flirt With Me".
Douglas to all the girls — "Just A Little Lovin'".
Carrol to Mary — "Texas Waltz".

FRESHMAN CHIT CHAT
SONG DEDICATIONS
W. L. to Martha — "I'll Hold You In My Heart 'Till I Can Hold You In My Arms".
Leroy to Rosilene — "Just A Lovin'".
Patsy to Tommy — "Kiss Me Sweet".
Bobby to Lucy — "Texas Waltz".
Maureta to Bobby — "To Fat Poka".
Juanell to the freshman boys — "Don't Flirt With Me".
Jane Ann to David — "I Love You So Much It Hurts".
Cleavene to the freshman girls — "Mind Your Own Business".
Mary to Carrol — "Have I Told You Lately That I Love You?".

TEXAS HISTORY PERSONALITY
Can you guess the name of this famous Texan?
He was born in Wythe County, Virginia, November 3, 1793. At the age of five he moved with his parents to Missouri. He attended Transylvania University, and at the age of twenty-one he was elected to the Territorial Legislature of Missouri. He was the first to bring American Colonists to Texas. He was held prisoner in Mexico City for twenty-eight months. He was a leader in the movement for a constitution in 1833. He was the commander-in-chief of the Texas Volunteer Army. He died December 26, 1836. He is known today as the Father of Texas.

CARD OF THANKS
We wish to take this means of expressing our appreciation for the many deeds of kindness and the food which was brought at the time of our bereavement at the loss of our loved one.
Mrs. Glen Porter and children
Mrs. J. M. Porter
Mrs. Cora Hvatt
Mrs. Jim Caperton.

To add a spicy, sugary taste to plain muffins, mix sugar and cinnamon and sprinkle over the muffins before baking.

KITCHEN MEMO
BY JEAN CLARK
For those vitamin-conscious cooks who are always looking for a recipe jam-packed with nourishment, here is one called Raisin-Carrot Muffins. Cream 1/2 cup sugar into 1/4 cup shortening, creamed. Add 1 egg, lightly beaten, and beat together until blended. Mix 1 cup shredded carrot with 3/4 cup milk and pour into the batter. Sift together 2 cups flour, 3 tsp. baking powder, 1/2 tsp. salt. Add 1/2 cup raisins and stir into batter until barely moistened. Do not beat. Put into gas oven at 375° F. for 25 minutes. Makes about 12 muffins.

Delicious addition to pork chops: Top with orange slices before putting into the broiler about 4 inches from the flame.

Before you start using your gas space heater again, check the burner ports for scaling. A wire brush will clean them so that the flame will not be obstructed.

When starching curtains, make enough starch for all curtains in one room so they will have identical crispness.

You can save gas by turning down the flame to center simmer whenever you're boiling food because boiling point is 212° F. and the center simmer gives enough heat to reach boiling point.

To blanch almonds: Cover with cold water, heat just to boiling over center simmer burner, drain, slip off skins.

Sour cream, instead of the usual milk, sharpens the flavor of mashed potatoes. Mash, add sour cream, sprinkle with chopped chives or parsley.

cesse's thrones. Friday the senior girls made the senior booth, the spinning wheel.

We received our proofs on our pictures Friday morning. The proofs proved satisfactory.

Friday morning the annual staff selected the year book cover. It will be green with gold letters and a gold bronco. The division pages will be western.

HOLDEMAN ATTENDS JOHN DEERE MEET

Precision engineering, scientific quality control and modern production methods that would do credit to the finest factories in the world are used in the manufacture of John Deere implements, according to C. A. Holdeman of Holdeman Implement Co. of this community, who returned recently from a five-day tour of John Deere plants in western Illinois and eastern Iowa. These controls and methods not only contribute to the outstanding quality of John Deere farm implements, said Mr. Holdeman, but are to a large degree responsible for the fact that John Deere products have not increased in cost as much as most other lines of "hard" goods since the war.

The first three days of Mr. Holdeman's tour were spent in Moline and East Moline, Ill., where five of the sixteen John Deere manufacturing plants are located. In Moline, Mr. Holdeman saw the John Deere Plow Works, established more than 100 years ago and "home" of world-famous John Deere disk tillers and John Deere Truss-Frame moldboard plows; the John Deere Wagon Works, where rubber-tired wagons, beet and bean tools, stalk cutters, and crop dusters are made; and the John Deere Planter Works, largest corn planter factory in the world, which—among other implements—produces corn planters with 60-acre daily capacity. In Moline Mr. Holdeman also saw the John Deere testing and research laboratories, where highly-trained specialists are employed in never-ending search for new ways to improve John Deere implements.

In East Moline, Mr. Holdeman visited the John Deere Harvester Works and John Deere Spreader Works. The Harvester Works, with 55 acres under one roof and more than 3,000 employees, manufactures large and small combines, mowers, threshers, and other im-

Cranberry Tarts

Cranberry jelly is the easy, flavorful filling of these double-deck pastry tarts.

Look to your cookie cutters and other gadgets to make novel tarts from tender pastry. A star cookie cutter and a small round cutter (from biscuit cutter) were all that was needed to shape the star-bright pastries pictured here.

Different fillings as well as different shapes may be used to vary an assortment of crisp tarts. Bright preserves and jellies, or mince-meat, are especially good.

Odd pieces of pastry will be left after cutting the tarts. Pile the pieces in layers, about three or four to a layer, as this seems to keep pastry very flaky when it is rolled a second time. Sprinkle rolled-out pastry with a cinnamon and sugar mixture, then cut into individual pie-shaped pieces or squares, and bake.

Cranberry star pastries make attractive refreshments for the holiday whirl as well as dessert tidbits for the family.

CRANBERRY TARTS

2 cups sifted enriched flour

1 teaspoon salt

1 1/2 cups cranberry sauce

Sift together flour and salt. Cut or rub in shortening. Add water. Mix to a dry crumbly dough. Toss on lightly floured pastry cloth. Press dough together. Roll out one-eighth inch thick. Cut with floured star-shaped cutter. Place half of stars on ungreased baking

1/2 cup shortening

3/4 to 5 tablespoons cold water

sheet. Put about one tablespoon

cranberry sauce on each star. Cut small holes in remaining stars. Place on top of other stars. Seal edge together. Bake in hot oven (450 degrees F.) 12 to 15 minutes. Makes about 18 tarts.

Had RHEUMATISM' So BAD That He Had To Quit Working

**Quoted by doctor's testimony.*

Mr. Jerry Watkins, chief of detectives of the city of Hot Springs, Arkansas, suffered with rheumatism so much and the aches and pains were so terrible that he had to quit working in an effort to regain his health after he had tried everything which his friends recommended.

Detective Watkins is well known and his countless number of friends throughout the country will rejoice to know that he is now healthy, free of rheumatic aches and pains and now working hard.

Mr. Jerry Watkins

"For several years," Mr. Watkins says, "I suffered from a rheumatic condition in the hip and leg. I was very nervous and finally developed migraine headaches. I tried all kinds of medicines but nothing seemed to do me any good. I seemed to be growing worse and worse and was finally advised to take a leave of absence from my work on the police force in an effort to recover my health."

"The pains in my head sometimes were unbearable. I suffered tortures and I was miserable. At night particularly I lay awake and could not sleep."

Mr. Watkins said that someone finally persuaded him to try HADACOL, and after taking the first bottle he said he could see an improvement in his general condition.

"On January 14th of this year, he said, 'I felt so much better I decided to go back on the job. The examining doctor told me I was in perfect health. Now I am

working from 8 to 12 hours daily and I am able to sleep as any normal person. I have taken six large size bottles of HADACOL and all my friends know I owe my good health to HADACOL."

Mr. Watkins is one of the many thousands of people who suffered from a deficiency of the B vitamins and the minerals that HADACOL contains and who, therefore, found relief in HADACOL.

It is a well-known scientific fact that the lack of only a small amount of the B vitamins and certain minerals in your system will cause certain bodily disorders such as nutritional neuritis, which causes the aches and pains commonly known as rheumatism, and there is no known cure for the ailment except the administration of the needed vitamins and minerals. This is why people who suffered for years and years never were able to obtain any relief until they took the vitamins and minerals the lack of which was causing the disorder.

HADACOL does not contain only one but has five of the B vitamins and four necessary minerals. It comes to you in liquid form so that it will be easily absorbed by the blood and, therefore, carried to the parts of the body which need them most.

So, it matters not where you live—no matter who you are—if you have tried all the medicines under the sun, you should be fair to yourself and give this wonderful preparation, HADACOL, a trial. And if your disease is caused by a lack of the B vitamins and minerals which HADACOL contains, then don't go on suffering—don't continue to make your life miserable. Temporary relief for you is not enough. Take HADACOL.

Sold at all leading drugstores. Trial size only \$1.29, but save money: buy the large family economy size, only \$3.50. If your druggist does not handle HADACOL, order direct from The La Bance Corporation, Lafayette, La., and when the postman brings your package, just pay the amount plus the c.o.d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.—Adv.

SERVING the Gulf South

... with 10,000
SKILLED HANDS

Experience is the best teacher... and the experience of more than 5,000 United Gas employees stands back of the service our company renders to its customers. Here are 10,000 skilled hands to control the movement of natural gas from scores of scattered fields to homes and industries which can put it to use.

Here, too, are skilled hands to give liberally of time and service in behalf of all enterprises for the welfare of the community. The experience of United Gas employees, like that of employees in many other firms, is valuable to all the residents of the Gulf South. This is another example of the way the American Business System works to bring better living to your community.

UNITED GAS UNION PRODUCING COMPANY

... SERVING THE Gulf South

One of a series of ads illustrating the many ways in which United Gas contributes to the welfare of the area it serves.

PLANS MADE FOR CONSERVATION TOUR NOV. 14

Four representatives of the Denver Railroad met with Wheeler County leaders Tuesday, October 25 at the Community Building in Shamrock, to discuss plans for the Soil Conservation Tour at Shamrock on November 14. The railroad representatives were General Agent W. M. Gray, Traveling passenger Agent K. B. Peckinpaugh, Denver Lines Agricultural Agent A. K. Heppery, and local Agent Sonnenberg.

Local leaders in the meeting were County Agricultural Agent W. K. Frey, Bob Douglas, Ben Skidmore and Dusan Pakan.

The meeting was held to discuss arrangements and program for the Soil Conservation Tour jointly sponsored by the Denver Railroad and the Second National Bank of Houston. The tour will be held on November 14 at Shamrock.

First part of the tour will be a tour, beginning at 9:30 a. m., of grass plantings, winter legume plantings, and other soil conservation practices in the vicinity of Shamrock and the Pakan community.

Then at 1:00 p. m., there will be a meeting for farmers, business men and all others interested in soil conservation in Wheeler County at the Shamrock Community Building.

County Agent Frey and Shamrock Chamber of Commerce Secretary Bob Douglas have been

THE OLD HOME TOWN By STANLEY

working on details of the tour for several weeks.

The special train furnished by the Denver Railroad will be in Shamrock on November 14, bearing representatives of the railroad and the Second National Bank of Houston. A special luncheon for approximately 25 Wheeler County farmers, farm leaders and business men will be served on the train at noon on the 14th.

Speakers on the afternoon session at the Shamrock Community Building are: Dooley Dawson, Vice President of the Second National Bank of Houston; Fred Walker, Range Management Specialist of the Extension Service, Texas A. & M. College; Duke Thornton, Soil Chemist of the Texas Extension Service; and a special presentation of 4-H Club boys demonstration in range management and soil conservation. Others expected on the tour are Knox Parr, District Extension Agent of District No. 1 (Texas Panhandle), and Paul Haines, Extension Service Soil Conservation specialist.

R. H. Forrester of Wheeler is general chairman of the local committee on arrangements and reception. Committee members are: Dusan Pakan, Ben Parks, Ben Skidmore, Rufe Benson, W. K. Frey, Henry Flanagan, Bill Rushing, Bob Douglas and Irvin Schmutz.

This is the third in the series of tours jointly sponsored by the Denver Railroad and the Second National Bank of Houston, and is the first time Shamrock and Wheeler County have been included in the tour. These tours have done a great deal to wake up farmers and business men of the areas visited by the tours to the value of conserving the most valuable natural resource we have—our topsoil. A good turnout of local farmers and business men is expected for this unusual and worthwhile occasion.

DIVIDED

Sammy was not prone to over-exertion in the classroom. Therefore, his mother was both surprised and pleased when he came home with the announcement, "I got a hundred this morning." "That's lovely dear," she said, as she kissed the boy tenderly. "What was it in?" she asked. "Fifty in composition and fifty in Grammar."

AT YOUR SERVICE

With a grinding of brakes the London bus pulled up. But not before it had bowled over the gentleman.

After a moment the man sat up and looked about him. "Where am I?" he asked still dazed. "Ere y'are, guv'nor," said a smart hawker in the crowd. "Map o' London, one penny!"

An iron weighing more than four pounds saves energy in lifting and will do the work as well as a heavier one.

Hadaacol Now Nation's Best Selling Tonic

Sale of Hadaacol, which is made with five of nature's B vitamins and four important minerals, has spread from a small section of Louisiana to more than 20 states, and is now the nation's largest selling tonic.

Dudley J. LeBlanc

Mr. LeBlanc is directing the south's largest advertising campaign for Hadaacol and newspapers, especially weekly newspapers, are playing an important part in this effort.

The LeBlanc Corp. is using every weekly and daily newspaper in Louisiana, Arkansas, Mississippi, Texas, Oklahoma, Tennessee and Alabama this week to tell the story of how Hadaacol put the Chief of Detectives of Hot Springs, Ark., back on the job after all else failed. He had suffered from a deficiency of B vitamins and certain minerals, which Hadaacol contains.

"You must use the newspapers, daily and weekly, if you want to bring your message to the grass roots of America, the towns and wonderful rural areas," said Mr. LeBlanc.

Besides being founder and President of LeBlanc Corp., Mr. LeBlanc has many other business interests, and is President Pro-tem of the Louisiana state senate. He is well known for his work for pensions for old folks and other social advances.

Junior Reporter — Bill Hooker
Sophomore Reporters — Joann Porter and Wayne Burke
Freshman Reporters — La June Mann, Glen Farmer
Eighth Grade Reporters — K. D. Ford and Jerry Skulley

SENIOR NEWS

The seniors had a class meeting Wednesday at noon. We decided who would be in charge of the coronation of the King and Queen, Prince and Princess.

Thursday morning during English period, the seniors all went to the auditorium and saw two movies. They were the ones we showed at the carnival. We enjoyed them and are sure everyone else did too.

We were all very proud of Charlotte Weatherly who was Football Queen, four girls, three of them seniors, were the attendants. They were: Sue Farmer, Dorothy Esslinger, and Margaret Holdeman. The other attendant was Edwina Brown.

The annual staff has sold 110 annual subscriptions. 125 annuals were ordered. Only the next 15 subscribers will receive an annual. Get your order in now if you want an annual.

JUNIOR NEWS

We looked ahead into the future last week and this is what we saw for 1954.

Mr. Dick Pendleton walking the floor with Dick, Jr.

Miss Lucille Richardson returning from the Stork Club with a play-boy.

Miss Leola Richardson leaving her Bon-Voyage party for Italy.

Mr. Henry Pond going to work as the new typist for the mayor.

Miss Maurine Herd, the Powers

model, going to Texas for a change of climate.

Mr. Dale Clift, putting on a black bow tie to teach literature at A. & M.

Reporter, Bill Hooker securing an interview with her old friend President Truman, about the conditions of Public Schools.

The World Would Surely End If Dale was ugly.

James was talkative.

Delphia didn't have at least six beaus.

Billie Ruth couldn't wear tight skirts so well.

Maurice couldn't play football.

Henry got in a hurry.

Bill couldn't play basketball.

Bonnie didn't wear braces.

Billie Jo had brown eyes.

Glenda didn't go with Dick and like him.

SOPHOMORE NEWS

James, you are just too lucky.

How can you get the folk's car all the time? Tell us, please.

Margaret, why don't you tell us how to catch a boyfriend?

Bob, who was that cute girl you were with Tuesday night?

Claudell, how do you keep a steady all the time?

Bill, you didn't ask the girls if you could start shaving.

Dixie, we will really be glad when you start playing basketball.

Maurine, why is it when someone says something about Montana, you always leave?

Bill, how do you like the front seat in algebra class.

PERSONALITY

Mr. David Johnson is the personality kid of the week. He has reached the superior age of 15 and weighs 120 pounds. He is 5 feet, 3 inches tall. I might say right here that his ambition is to grow up. He has brown hair and green-gray eyes. He likes girls at Briscoe and dislikes the girls that dislike him. His favorite teacher is Coach Smith and his favorite subject is football. He specializes in kicking extra points.

FRESHMAN NEWS

The freshman class is happy to have another new girl. She is Jo Ann Childress from Briscoe.

Well, well, Loretta. Who were you watching Saturday night?

Patricia and Betty Jo have been pulling bolls and they seem very sore.

Ray and Betty Lou have finally gone together.

Glen and John Dan had someone with them Saturday night.

Who was it?

Why so bashful, Shirley, don't you like him?

Who is Molly so jealous of?

GUESS WHO?

Louise has been going with lately?

Set Mrs. Frey's clock up ten minutes in Home Economics?

Tony has been writing to?

Helen likes most of all?

Slipped out of study hall to go eat?

Sue makes eyes at?

EIGHTH GRADE NEWS

We had a football game last Thursday night and defeated the Groom players 20 to 13. We also had the concession stand in which we sold pop, popcorn, and candy.

FOOTBALL QUEEN CROWNED FRIDAY

Friday night, before the Wheeler-Stinnett football game, Charlotte Weatherly was crowned 1949 Football Queen of Wheeler High.

She and her four attendants, Sue Farmer, Dorothy Esslinger, Edwina Brown, and Margaret Holdeman, rode onto the field in a Cadillac convertible following the formations made by the Pep Squad.

The two captains, Doyle Waters and J. T. Johnson, escorted her to the front of the Wheeler bleachers. The attendants were escorted by four senior boys. There she was crowned Queen, kissed by the captains, presented a bouquet of flowers by Bill Hooker, and had sung to her, "Let Me Call You Sweetheart".

The Queen, attendants, and their escorts then marched to a reserved space in the grandstand. Jo Richardson took pictures of the affair.

ASSEMBLY PROGRAM

Last Monday morning the freshman class presented the assembly program. There were several musical numbers presented. Everyone enjoyed it very much.

Next Monday, a very special assembly program will be given. It will be Marce Reyes and his presentation of the Philippines. Everyone is invited to come.

FOOTBALL NEWS

Wheeler Mustangs played the Stinnett Rattlers Friday night. The score was 54 to 19. For the details, look on the front page.

Canadian is the next victim.

A Child May Dare So Drive With Care!

Cooking at too high a temperature or for too long a time will cause custards to fail.

FOR SHAME

Sambo had found a job week on a railroad section and was taking leave of home, when his wife came door.

"Come back, Sam. You cut a stick of wood for me and you'll be gone for a week. Sam turned and looked much aggravated. "Home said in a tone of impudence. "What's de matter, all talks as tho Ah was talking with me."

Don't walk in a daze. Look both ways.

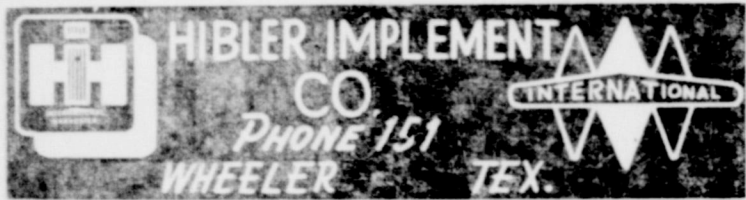

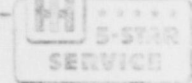

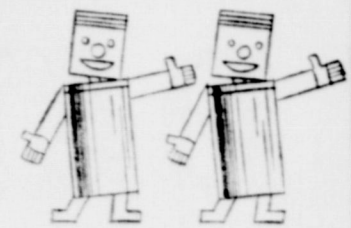

The 135 contestants in the Farm and Home Egg Contest are from 46 different Texas counties and 45,944 have involved the contest.

Every Part on Your McCormick Machine Has a Twin

In our stock bins there are 11 parts that are exact duplicates of the parts on your McCormick farm machine — parts that will fit perfectly and give you lasting, "like-new" McCormick machine performance.

Call us now and we'll be glad to check your Farmall tractor and other McCormick farm machines and give you an estimate of the parts and service needed to get them in shape for the spring season ahead.

THE OTHER SIDE OF WAR

Jack and Willie were two young boys who were naturally inclined to fight. That's all it is," protested Jack. "I heard one of them say, 'Things are getting hot around here.' I heard the other let's get on this ball where's it's safe."

PLAYING SAFE

"Twice I slashed through the turf around the ball," the golfing tyro was explaining, "and then I had a look at a couple of ants which were crawling near. 'Things are getting hot around here.' I heard one of them say, 'Things are getting hot around here.' I heard the other let's get on this ball where's it's safe."

Newspaper Advertising Pays!

THE OTHER SIDE OF WAR

The pilot of one of our "leaflet" planes reported back at headquarters two hours before he was due. His astonished C. O. asked for an explanation. "Well, sir," the young officer replied, "I flew over enemy territory as instructed and tipped out the parcels over the side."

ed the C. O. in an anxious voice. "Yes, sir." "Great Scott, man, you might have hurt somebody!"

Results of research work done at the Spur Experiment Station on the control and eradication of mesquite trees indicate that formations of the chemical 2, 4, 5-T applied as sprays may be the answer to this range land problem.

Jay lists among his favorites, Agriculture as subject, Mrs. Scribner as teacher, Randolph Scott and Yvonne De Carlo as actor and actress. He states that he has no favorite food. Jay likes a certain junior girl and dislikes smart alecs.

JUNIOR NEWS PERSONALITY

Oudia Burke—Oudia is a junior in M.H.S. and is 16 years old. She is 5 feet and 1 inch tall and weighs 113 pounds. has blue eyes and brown hair and states that her ambition is to pass geometry. Oudia lists among her favorites, typing as a subject, Aunt Elsie as teacher, chicken as favorite food, Randolph Scott as actor and Yvonne De Carlo as actress.

GOSSIP

What's this we hear about a double wedding in our class. Joyce could you and Mary tell us anything about this?

Bernice, will you and Madge ever learn to behave?
Patsy, why did you come back the day we got bingo donations?
Ann Nell, we're so glad you're still receiving letters.
Harold, who is getting your typing for you?
Evelyn, don't you like your basketball picture?
Wonder why Joe likes Wheeler?
Bobby, can't you give Patsy the information she wants?

FRESHMAN NEWS PERSONALITY

Vondell Wallis—Vondell is a freshman in M.H.S. and is 14 years old. She is 5 feet and 4 inches tall, and weighs 104 pounds. has black hair and hazel eyes. Vondell states that her ambition is to get a boyfriend. Vondell lists among her favorites, Mr. Loyd as teacher, Jeanne Craine and Gary Cooper as actress and actor, and says that she does not have a favorite subject.

NEW CLASS MEMBER

The freshman class are glad to welcome a new member of our class this week, Patricia Taylor.

MOSTLY ABOUT PEOPLE

Sandra, did you really get wet Sunday?
Martha, did you enjoy the show Saturday night?
Joyce, who's pickup were you sitting in Saturday night?
We are all glad to see Lavada's chin is well.

Wonder why Patsy wanted to know how far it is to Walrus, Okla. Could it be because that's where a certain boy lives?
Betty, Jewel, and La Nell, did you enjoy your dates Monday night?
Wonder why everyone calls Vendell dirty?

SOMETHING OLD

Betty Jean can't think of any news.
Edith doesn't have a boy friend.
Patricia can't get her typing.
Oudia's loud tee shirt.

SOMETHING NEW

Bitsy has a girl friend.
Leeida pulled cotton Thursday.
Betty Jean had her eyes dilated.
Ailene rolled her hair.

SONG DEDICATIONS

Lavada to Kenneth—"Dime a Dozen".
Sandra to Coyce—"I Love Everything About You".

Martha to Virgil—"Need You".

Hunting Laws

(Continued from Page 1)
Penalty for trespassing: Penal code, art. 1377 as amended; for first conviction, not more than \$500.00 fine and forfeiture of license and right to hunt for 1 whole year; for second violation and conviction, fine \$500.00 to \$1,000.00 and forfeiture of license and hunting privileges for 2 years; and for third conviction, confinement in jail not less than 30 days or more than 1 year plus a fine of \$500.00 to \$1,000.00 and forfeiture of hunting rights for 3 years.

E. O. Sivage

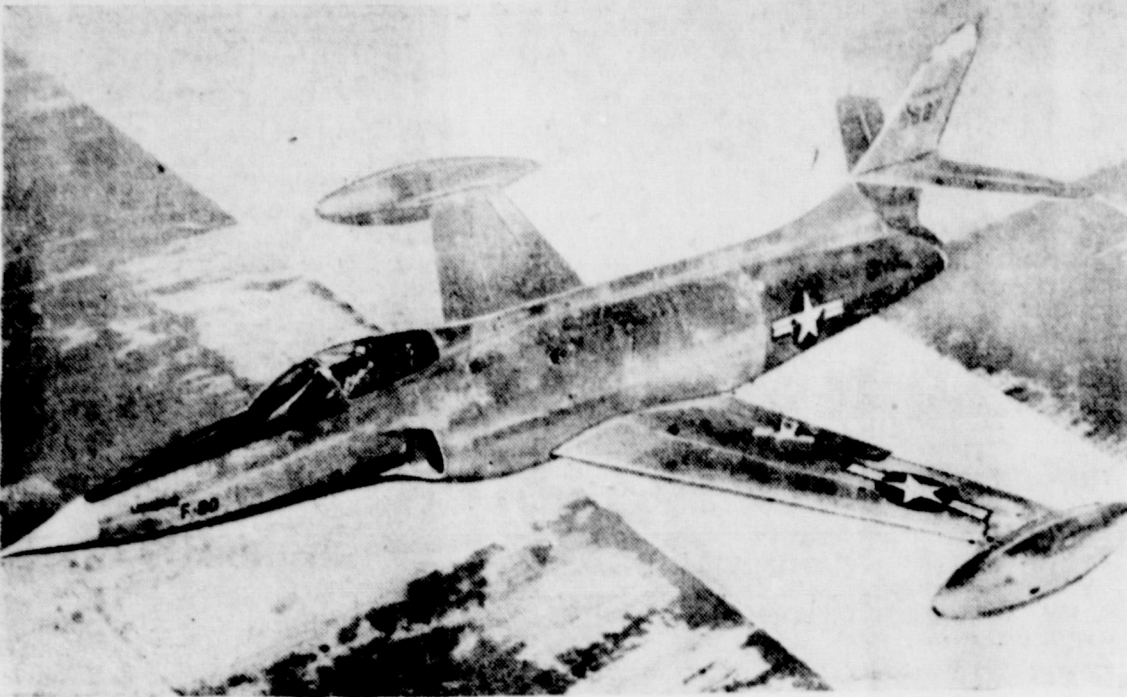

(Continued from Page 1)
were among the dead. They were Robert Allen of Los Angeles, vice-president in charge of Superior's foreign operations; and James Lewis, 40, of Los Angeles, the company's lawyer.

Also killed were the plane's pilot, Capt. Joseph Jordan of San Fernando, Cal.; Andrew Cole, of Long Beach, Cal., the wireless operator; and Sir Hugh Weightman, 50, and W. J. Horne, about 40, British officials of the Central Mining Investment Trust of London.

The group was en route to Cairo on oil business. The plane had been used by the company as a shuttle between London and the Middle East.

Sivage, with his head and body

AIR FORCE UNVEILS THE PENETRATION FIGHTER

A DESTROYER OF THE AIR, the Air Force F-90 is shown during a test flight over the desert base at Muroc, Calif. Two axial flow jet engines of 3,000 pounds thrust each power the plane. The needle-nosed F-90 is one of the largest fighter planes ever built. The craft is for use far behind enemy lines in time of war. (International)

KING GUSTAV DUCK HUNTING AT 91

LOOKING VERY FIT for his ninety-one years, King Gustav of Sweden is shown during his duck hunt at Drottningholm. The monarch brought down several birds. King Gustav has completely recovered from the illness which caused him to be carried from his train. (International)

swathed in bandages, said "the plane was never fully airborne." He said the plane started to swerve as it went down the runway. He next remembered standing on his head, his hair and clothes on fire. Then, he said, the cockpit must have burst open just as he released his safety belt.

With his pants burned off, he ran back to the plane, but it was engulfed in flames.

Doctors said Sivage's burns and injuries were not serious. Sivage, who had flown about 100,000 miles in the plane in the last eight months, lives with his wife and two children in Helioptis, Egypt, a suburb of Cairo.

Mrs. Sivage received word early this week from her son's wife stating that he is getting along fine and is expected to be released from the hospital some time this week.

LOCAL DUCE

The English sportsman became friendly with the keeper of the only store the Highland village boasted. One day he said: "Well, Angus, I understand you're the postmaster, the shopkeeper, the Justice of the Peace and County Councillor for this district."

"Aye, sir," replied the native. "Ye might say I'm the Mussolini of Glenochty."

J. T. Johnson Is

(Continued from Page 1)
The boys live on a ranch outside of Wheeler with their parents, Mr. and Mrs. J. D. Johnson, where J. T. spends much of his extra time raising beef calves and prize hogs in conjunction with his membership in the Future Farmers of America.

Playing safety position on defense doesn't lend itself to making brilliant defensive contributions, but J. T. has saved many a touchdown with his deadly tackling, and especially has been effective in intercepting passes.

A natural leader and a B-plus student, J. T. is well liked by his schoolmates, both on and off the field. The football squad paid high tribute to him recently by electing him co-captain with Guard Doyle Waters.

Don Rives Is

(Continued from Page 1)
of Shamrock; his mother, Mrs. Lydia Rives of Kelton; five brothers, Douglas Rives of Shamrock, Travis and Ira Rives of Sunray, Wilbur Rives of Borger and B. T. Rives of Clarendon; three

sisters, Mrs. Odell T. Mrs. Alma Shaffer and Mrs. Lorene P. Ray; and two granddaughters, Donna Jo Rives of Shamrock and Curtis Hamlin Davis, George Robert Collingsworth and Thelma.

Interment was in the Cemetery with Clay F. in charge of arrangements.

INDICATOR

"Why have you no car on your car?"
"I don't need one miles an hour the late at forty the wings rate the whole car shakes any quicker than that chatter."

NOT SO PORT

"You have a very nice of books," complimented the neighbor, "but you really more shelves."
"I guess you're right the owner. But someone could get up the nerve borrow an shelves."

Sssh! Keep It Under Your Hood...

That motor of yours should run so smoothly—so quietly, that you'd hardly know it's there. If this isn't the case, bring in your car and let us tune it back to a whisper. Winter motoring will be happy motoring. Drive in today!
