SNYDER'S GOLDEN ANNIVERSARY YEAR

THE SNYDER DAILY NEWS

VOL. 8, NO. 96 | SNYDER, TEXAS, TUESDAY, AUGUST 20, 1957 | EIGHT PAGES—PRICE 5c

FOREIGN AID HUDDLE—Administration leaders attending an executive session of the Senate Appropriations Committee to fight for increased funds for mutual security huddle around Sen. Carl Hayden (D-Ariz), committee chairman. From left are: Adm. Arthur Radford, former joint chiefs chairman; John Hollister, ICA administrator; Gen. Nathan Twining, chairman of the joint chiefs; Secretary of State John Foster Dulles, and Sen. Leverett Saltonstall (R-Mass), committee member.

Rights Squabble May Hold Up Adjournment

WASHINGTON (AP)— Sen. Knowland (R-Calif) said today adjournment of Congress may be delayed until sometime next month because of the squabble over civil rights legislation.

Congressional leaders previously had talked of winding up this session no later than the end of the month.

Knowland, the Senate minority leader, expressed his views at the White House after he and other GOP congressional leaders had held their regular conference with President Eisenhower.

House republican Leader Martin of Massachusetts said he is "not averse to a compromise" on civil rights so long as any such move "would strengthen the civil rights bill passed by the Senate."

Eisenhower has sharply criticized the Senate version. The bill approved by the House follows administration recommendations.

Although Martin spoke of willingness to compromise, he said in response to a question that he is not willing to accept a compromise suggested by Rep. Celler (D-NY).

The Senate added to the House bill a requirement for jury trials in all federal contempt of court cases. Eisenhower has singled out that provision for criticism, saying it would tend to weaken the courts.

Celler has proposed to limit the jury trial amendment to cases which involve voting rights.

The civil rights bill is now stymied in the House Rules Committee, but a group of Northern Democrats has moved to put it before the House for action.

A reporter asked Knowland whether he had given Eisenhower any indication of when Congress might be able to adjourn.

Knowland replied that he doesn't "see how we can get out of here before the end of next week" in any event. He added there would have to be "some satisfactory breaks" in the civil rights situation, "to get out of here by Aug. 31."

Then he went on to say that how long it might be necessary for Congress to stay on beyond Sept. 1 depends on what happens in the civil rights picture.

Martin said he would be willing to put off final congressional action until next year rather than accept the Senate version.

In discussing the possibility of compromise, Martin said he has seen no move in that direction "by these Southern-led Northern liberals." He declined to elaborate on that remark.

Asked to outline a type of compromise he might accept, Martin declined, saying he would do so when "the other fellows are willing to do business."

Northern Democrats similarly were sitting tight, standing by their proposal to accept the Senate bill except for a change limiting the jury trial amendment to voting cases.

BALLOON LIFTS AIRMAN TO ENDURANCE TEST — Major David G. Simons, 34, rides a tiny aluminum capsule beneath a huge plastic balloon at Crosby Minn., in a record-breaking altitude and endurance test.

Library Board For County Is Selected

A county library board was appointed by members of the commissioners court this morning in a special session.

The board will act in an advisory capacity in details of operation of the library, which is nearing completion at Twenty-third Street and Avenue T.

County Judge Edgar Taylor said this morning that a meeting of the newly-appointed board will be called in the near future, probably before the week ends.

Library board members will have two-year terms, but some of the first members will have one-year terms so the terms of board members can later be staggered, with only half the board's term's expiring at one time. Members of the board will probably draw for one or two year terms, Taylor said.

Each county commissioner appointed two board members from his precinct.

The appointments are pending acceptance of those named.

The board members:

From precinct 1 — Mrs. Robert R. Patterson, 110 Milburn, and Mrs. C. W. Popnoe, Clairemont Road.

From precinct 2 — Mrs. Mabel Brock, 2000 Avenue S, and Mrs. Paris McPherson, Lamesa highway.

From precinct 3 — Mrs. Gene Dulaney, 3112 Avenue X, and Mrs. Arthur Blanchard, 2434 Sunset.

From precinct 4 — Mrs. Vernon Tracy, Colorado City highway, and Mrs. Amon Weaver, 3106 Hill Avenue.

SPOT MUSE

IF YOU THOUGHT there was a touch of fall in the air this morning, it's understandable. The thermometer dipped to 61 degrees, the lowest mark in weeks. The high yesterday was only 90 degress, rather warm perhaps, but cool in comparison to the 100-plus reading which had been common for weeks.

TWO YOUTHS who said they lived "about 50 miles from here" stopped by the Daily News office Monday afternoon to inquire about the junior college. It seems they thought it might be ready to go into operation, and they said they were interested in enrolling.

Gunman Robs Hobbs Bank Of $45,000

HOBBS, N.M. (AP)—A calm gunman strolled into the Broadmoor Branch of the Lea County Bank yesterday, stole $45,000 and slipped out a back doorway.

He was still at large today despite roadblocks and an intensive air search of southeast New Mexico and West Texas.

The thug walked into the bank at 12:55 and sat at the desk of cashier Evan Hammett. The gunman pulled a revolver, saying:

"Call your cashiers over."

Hammett did so.

The thug ordered Hammett, Miss Robbie Garner, 21, and Robert Murphy, 19, both tellers, to line up against the wall. He got his loot, ordered the employes into a washroom and left.

A dozen private planes helped search for the man, reported driving a late model Chevrolet.

The robber was described as between 25 and 35 years old, 5 feet 10 inches tall, weighing about 200 pounds and clad in khaki clothing.

Strike Called Off

SINGAPORE (AP)—A 44-day-old wage strike of 1,000 employes of Singapore's telephone board was called off today.

Lubbock Man Gets Position

AUSTIN (AP)—Gov. Daniel appointed Charles A. Guy, editor of the Lubbock Avalanche-Journal, and Dr. Walter Goddard of Austin today to the Texas Commission on Alcoholism.

Goddard is a former member of the Board for State Hospitals and Special Schools.

They succeed Jim Weymouth of Amarillo and Dr. Andrew Tomb of Victoria, both resigned.

Guy was named for a term expiring June 9, 1963. Goddard's term will end June 9, 1961.

The commission has been in existence several years but has been operated only with private funds. The recent Legislature appropriated $149,680 for the 1957-59 biennium to begin a prevention and education program.

Snyder Man Injured By Fall At Home

A Snyder man was slightly injured late this morning when he fell down the back steps at his residence.

He was W. G. Ralston, 1212 Twenty-ninth Street, who was going down his back steps when a knee buckled.

The fall stunned Ralston, and he suffered a few scratches. He was taken by Bell ambulance to Cogdell Memorial Hospital for emergency treatment.

Cage Still Being Hunted By Officers

AUSTIN (AP)—Promoter BenJack Cage remained out of reach of Texas subpoenas today but state police said they think they know where he is.

Cage, whose promotion of ICT Insurance Co. of Dallas ended with a crash that stirred up investigations throughout the state, was not in Texas.

Rep. Reagan Huffman of Marshall, chairman of the House Investigating Committee, said the Department of Public Safety "told me they had definitely established that BenJack Cage was not in the state."

He said the state police had "reasons to believe he was in a certain place," but were not telling where.

Dist. Atty. Les Procter, whose Travis County grand jury subpoenaed Cage for this afternoon, also was out of reach. He called his office and had his assistants take some files to the state police.

Asst. Atty. Gen. Joe Carroll, who has helped Procter with the grand jury ICT inquiry, said he did not know what Procter had planned.

Procter talked 90 minutes yesterday with M. B. Irion, Cage's Dallas attorney. Irion said he expected to hear from Cage within a few days. He said Cage told him that he had gone to Los Angeles to visit his sick mother, Mrs. Jack Cage.

Cage has agreed only to a Sept. 3 date with the Dallas grand jury. He disappeared about 24 hours after landing in Texas from six months in Brazil.

Cage, under Dallas indictments charging him with embezzling more than $600,000 from the defunct ICT, is under $10,000 bond posted on the charges.

Huffman said he did not know if Cage would talk to his committee Monday as planned. No subpoena has been served.

Hoffa Deal Is Related At Hearing

WASHINGTON (AP) — Teamsters Union boss James R. Hoffa was confronted today with evidence his wife and a friend—the wife of another union official—ran a $4,000 stake into $125,000 dealing with a firm for which Hoffa helped settle a strike.

Hoffa, in the witness chair of the Senate Rackets Investigating Committee, did not dispute the figures presented by committee counsel Robert F. Kennedy but said Kennedy apparently was speaking of profits "before taxes."

"Oh, did they pay taxes," Kennedy asked.

The profitable business dealings of the two women, dating back to 1949, were developed as Kennedy dug into the background years of the Midwest Teamsters chief, now risen to the point where he seems heir apparent to national leadership of this country's biggest union.

Kennedy went too into Hoffa's police record, and brought from the witness an acknowledgement that he once returned more than $7,500 to some grocers after he had been charged with extortion.

On this, Hoffa protested that the charge had been reduced to a misdemeanor and contended the matter was being put in an unfair light in its presentation at the committee's hearings.

Mrs. Bert Brennan, wife of the president of Teamsters Local No. 337 in Michigan, was named as Mrs. Hoffa's partner.

Under Kennedy's questions, Hoffa said the two women used their maiden names—Mrs. Hoffa's was Josephine Poszywak and Mrs. Brennan's was Alice Johnson—to set up a firm in 1949 known as Test Fleet.

Hoffa said he thinks they incorporated it in Tennessee.

The firm engaged in leasing trucks to an automobile hauling company named Commercial Carriers.

Hoffa said he had helped to settle what he called an illegal strike against Commercial Carriers in 1949.

The first president of Test Fleet, Hoffa said, was James Wrape, a St. Louis lawyer who had represented Commercial Carriers in the strike negotiations.

Kennedy reeled off figures—asserting that $4,000 in cash had been converted into a six-year profit of $125,000 for Test Fleet. Hoffa said he wasn't sure about the profits but did not challenge Kennedy's computations.

Hoffa said the firm was committed to a $50,000 loan that would have been due if the firm's business failed.

Hoffa said Bert Beverage, president of Commercial Carriers, guaranteed the loan.

Hoffa also said that a "man named Beidler" audited the books for Test Fleet, and that Beidler was Commercial Carriers' accountant.

Hoffa said a group of employes had called a strike against Commercial Carriers at Flint, Mich., in 1949 in a dispute because the company had decided to use company-owned trucks instead of leasing them.

Mayor And Firemen Are In Slugfest

WHITE SETTLEMENT (AP) — Mayor T. M. Sheffield and one of the town's volunteer firemen engaged in a slugging match outside city hall last night after a stormy session of the City Council was called off.

Witnesses said the mayor was knocked to the ground, his false teeth spilling out.

White Settlement is a suburb of Fort Worth.

Fireman Eugene Mullennix, 34, got a black eye in the fist fight. He also cut his hand when he slugged the mayor in the teeth.

Witnesses said the mayor had called the council to consider the case of Police Capt. Charlie Garrison, suspended last week by Sheffield.

Sheffield said at the time the suspension was pending investigation of reports that Garrison had accepted sick pay that wasn't due him.

Balloon Descent Delayed

CROSBY, Minn. (AP)—Maj. David G. Simons, Air Force Doctor flier on a scientific balloon expedition into space, began his descent shortly before noon today after telling his ground crew by radio that he had reached an altitude of 102,000 feet.

CROSBY, Minn. (AP) — Warmth from the rising sun sent the huge helium-filled Air Force balloon and its doctor-pilot back up toward the 100,000 foot mark early today, temporarily delaying a descent.

An Air Force flight evaluation team stationed in Minneapolis said new calculations were being drawn in an attempt to determine where Maj. David G. Simons would land the balloon and its sealed, instrument-laden gondola after a possible second altitude mark.

Maj. Simons reached an estimated 100,000 feet, about 19 miles, yesterday in his first 15 hours aloft, spending a night in the heavens he termed "indescribable."

At 8:30 a. m. the balloon drifted at 96,000 feet above Brencke ridge, Minn., about 150 miles west of the Crosby, Minn., launching point. Indications were the balloon would continue to rise as the sun's warmth increased.

Maj. Simons reported the balloon dropped several thousand feet early today in turbulence created by a heavy thunder and lightning storm at 50,000 feet above Sisseton, S. D.

The balloon dropped to about 68,000 feet. Maj. Simons regained altitude by dumping ballast.

Simons described the storm to ground trackers as "a whale of a one" and spectacular to watch from above.

The pilot said he cathapped a total of about an hour. He spent most of his time observing the spectacle of night heavens ranging from deep violet to jet black, interrupted by a vivid display of the aurora borealis.

"I have a ringside view of the heavens—it is indescribable," was the terse radio message ground trackers received from Simons.

Meetings Slated On Jr. College

Two meetings have been scheduled this week in connection with work being done toward a proposed junior college for Scurry County.

A community meeting has been scheduled at 7:30 p.m. Thursday at the Union Methodist Church.

This is one of several community meetings being held in the county, and those attending will hear discussions on the feasibility of a junior college district in the county and will discuss their thoughts on the subject. Residents within a radius of several miles of Union have been invited to the meeting.

At 9 a.m. tomorrow, the steering group of the Scurry County Committee for a Junior College will meet at the Chamber of Commerce office.

Meeting with the group will be B. W. Musgrave of the Texas Education Agency, who is executive director of the Texas Council of Public Junior Colleges.

Musgrave will work with the group on gathering more information on possible establishment of a junior college here.

Paid Probation Officer Okayed

Scurry County's part in provision for a paid adult probation officer in the 132nd Judicial District was authorized by the County commissioners court this morning.

The action came after Sterling Williams, district judge, made requests to commissioners courts of both Scurry and Borden Counties that an adult probation officer be appointed.

Senate Bill 154, which passed in the last Legislature, repealed the old voluntary parole system in Texas and made provision for the new adult probation system to go into effect Thursday.

The new law provides that the judge of the court having jurisdiction of criminal felony cases is authorized, with the advice and consent of commissioners courts of the counties involved, to employ a paid probation officer.

The new provision is not mandatory, however the repeal of the old voluntary parole system would leave districts not complying without any kind of probation or parole provision. Most districts are employing probation officers.

Judge Williams suggested that a part time probation officer be employed here, with Scurry County to pay $200 and Borden $50, which he said would be adequate for pay for the officer.

Williams will make the appointment and set the salary, subject to the approval of the commissioners courts.

The Scurry commissioners court granted the request, provided the cost does not exceed $200 for Scurry County.

There was no word here today whether Borden County had granted its part of the request.

Under the present voluntary parole officer system, H. L. Wren, 1305 Twenty-third Street, has served for several years as parole officer.

WEATHER

SNYDER TEMPERATURES: High Monday, 90 degrees; low, 61 degrees; reading at 7:30 a.m. today, 63 degrees.

East Texas — Partly cloudy through Wednesday. Widely scattered thundershowers mainly near coast. Little temperature change.

South Central Texas — Partly cloudy through Wednesday with widely scattered mostly afternoon and evening thundershowers. Little temperature change.

North Central Texas — Partly cloudy with little temperature change through Wednesday.

West Texas — Partly cloudy through Wednesday. Widely scattered thundershowers Wednesday and mainly in Pecos Valley westward this afternoon and early tonight. No important temperature changes.

Atoms Plan Is Approved

WASHINGTON (AP) — House passage sent to President Eisenhower today legislation paving the way for United States participation in the International Atomic Energy agency.

The legislation, passed on a voice vote, is a compromise of separate bills passed previously by the Senate and the House.

It retains a Senate provision which would give Congress authority to limit U. S. contributions of nuclear material to the "atoms-for-peace" agency.

The Senate passed the measure yesterday shortly after House conferees gave up their struggle against restricting presidential authority to make such contributions.

Arms Talk Cancelled

LONDON (AP)—Russia agreed today to a Western request to cancel today's session of the U.N. disarmament talks.

Firemen Get Call But Find No Fire

Firemen were called to what was reported as a house fire at 403 Twentieth Place this morning, but the call was apparently a false alarm.

The call came in about 10:15 o'clock, and the fireman who answered the telephone said the voice sounded like that of a small child.

No fire was located in the vicinity.

SAYS EXPERT:

Drum Majorettes Distract

SAN ANTONIO (AP)—An expert asserted today drum majorettes are like the "gingerbread" on Victorian houses. They aren't functional, and they take the observor's eye away from the architecture.

That's the belief of Jack Lee, probably the nation's foremost designer of entertainment features to keep football fans in their seats between halves. He's in San Antonio to show 400 members of the Texas Bandmasters Assn. how to do it.

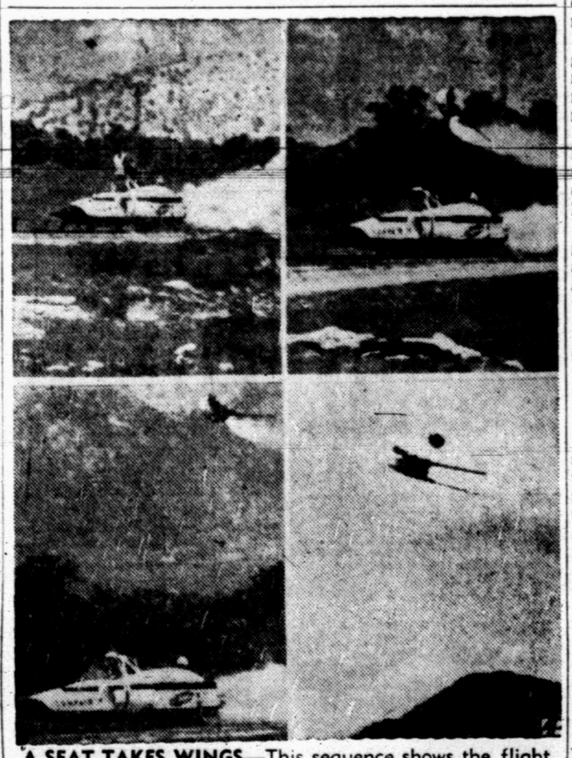

"The halftime ceremonies at football games are an art form, something like ballet or opera," Lee said. "Like any art form, a halftime show should tell a story or convey a theme."

A scantily dressed coed, he concludes, only distracts the fans' attention from the story.

"Not that I'm against twirlers," Lee said. "I've got a twirler at the University of Arizona, where I'm directing now, but she never appears with the band. She's a separate act altogether. Twirling has nothing to do with telling a story in music.

"In some parts of the country college bands are doing away with majorettes entirely. In other parts, they're more popular than ever."

Lee wrote the only book on the subject of staging halftime acts at football games. Techniques he designed for the University of Michigan band some years ago were featured in a 30-minute movie.

A SEAT TAKES WINGS—This sequence shows the flight of a new supersonic ejection seat during test on the rocket sled track of Air Research and Development Command at Hurricane Mesa, Utah. At top left, the twin-boom seat appears poised for takeoff from the sled. A split second later the seat separates from the sled and begins its upward climb, top right. Bottom left, the seat continues its flight while at bottom right the seat is at about half-way point in its 8,000-10,000-foot flight over the edge of Hurricane Mesa bluff beofre it finally falls into the canyon 1,500 feet below the mesa.

OIL ROUNDUP

Fisher Test Is Scheduled

A 5,700 foot test has been scheduled four miles northeast of Roby in Fisher County.

It is the White Eagle Oil Corp. and American Trading and Production Corp. No. 1 Ada Mitchell. The drillsite is 330 feet from the north and east lines of subdivision 11, Bastrop County School Land No. 313. It is five eights of a mile south of the General Crude Oil Co. 2 Bettie Waddell, discovery in an undesignated Strawn field.

GARZA COUNTY

Neville G. Penrose, Inc., and Miller, South Garza County wildcat, will plug back and test the San Andres, after finding the Ellenburger and Strawn sections barren. It is bottomed at 8,155 in the Ellenburger.

It is 1,650 feet south of San Andres production in the Rocker A, South multipay field. The location is 1,980 feet from the north and 660 feet from the west lines of section 29, block 6, H&GN survey.

NOLAN COUNTY

Herndon and Auld of Kerrville has staked their No. 1 R. Mims as a 5,000 foot Cisco wildcat in the City of Sweetwater. The drillsite is 2,045 feet from the north and 605 feet from the east lines of section 50, block 22, T&P survey.

Sinclair Oil and Gas Co. No. 1, Hattie M. Bradford, is a new location 660 feet from the south and west lines of section 59, block 22, T&P survey. It will drill to 4,250 feet with rotary.

Both of the new tests are offsets to the Claude B. Hamill No. 1 G. E. Ramsey, recently completed extension in the Auld (Cisco) field.

HOWARD COUNTY

C. W. Guthrie of Big Spring has filed application to drill the No. 1-B Mary Chalk as a 1,500-foot wildcat in Howard County, 11 miles southeast of Coahoma.

Location on a 480-acre lease, is 330 feet from the south and east lines of 93129-W&NW.

The prospector is ¾-mile northeast of a newly opened east area of the Howard-Glasscock field which produces from approximately the same depth.

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 500; 25 lower; choice 21.00-21.25.

Cattle 3,200; calves 1,000; steady; good to choice steers 20.00-23.00; common and medium 14.00-19.00; fat cows 12.50-15.00; good to choice calves 19.00-22.25; common and medium 14.00-18.00; stock steer calves 18.00-24.75; heifer calves 22.50 down; stock steer yearlings 21.00 down.

Sheep 900; steady; good and choice lambs 20.00-22.00; yearling wethers 18.25 down; ewes 2.50-8.50.

AUSTIN (AP)—Poultry steady. All areas 21½-29½, lb 70.

NEW YORK (AP)—Cotton was 15 cents a bale lower to 25 higher at noon today. October 33.83, December 33.86, March 34.06.

CHICAGO (AP)—Butter 796,000; unchanged to ¼ higher; 93 score AA 59¼; 92 A 59¼, 90 B 58; 89 C 56½. Eggs 7,800; unchanged to 1 higher; 65 per cent A white 40; mixed 39; mediums 35; standards 38.

STOCK AVERAGES

Compiled by The Associated Press

	Indust.	Rails	Utils.	60 Stks.
Prev. day	258.6	118.6	72.4	178.2
Week ago	265.4	122.4	73.4	179.3
Month ago	277.7	129.6	75.0	187.1
Year ago	267.5	135.8	74.1	184.8

Activity on the stock exchange in New York yesterday included the following:

	High	Low	Close	Change
Cont. Oil	57¾	55¾	55¾	off 1¾
Cotton	21⅞	21	21⅛	off ¾
Gulf Oil	134⅝	128⅝	128⅝	off 7

Man Linked With Missing Girl Found

DALLAS (AP)—Edgar Zachary, 49, the last person known to have seen a pretty Denton college student before she disappeared nine years ago, surrendered yesterday on a charge of attempted rape.

Zachary had been sought since Friday when a mother of three told officers Zachary tried to rape her.

Sheriff Bill Decker said Zachary was a former Denton taxi driver and the last person known to have seen a missing coed, Mary Carpenter, 21.

Miss Carpenter disappeared June 1, 1948. She rode a train from her Texarkana home to Denton. Decker said Zachary told officers he took the girl in his cab from the Denton train station to the campus.

The cab driver was quoted as saying two boys were waiting as the cab arrived and the girl asked them, "What are you doing here?" The mystery of the girl's disappearance has never been solved.

A Grand Prairie woman, 25, drove to a police station Friday. She gave a written statement about the attempted rape and charges were filed against Zachary.

No Sign Seen Of Tropical Storms

MIAMI (AP)—A hurricane hunter plane flew out from Puerto Rico today to investigate a "suspicious" weather area over the Caribbean. The Miami Weather Bureau said there were no signs of a tropical storm development.

An Air Force plane located an easterly wave yesterday 550 miles east-southeast of Puerto Rico. Easterly waves sometimes wind up into tropical storms but the Weather Bureau said there were no signs of circulation in this one.

The hurricane hunters keep a close watch on all such waves. The plane which took off from Puerto Rico will remain in the area until dark.

Farm Vote Slated

PHARR, Tex. (AP)—Lower Rio Grande Valley farmers will vote Sept. 4 on a cotton escrow program for next year. It is designed to combat the pink boll worm.

POLICEMAN WOUNDED IN GUN BATTLE—Minneapolis Police Patrolman Ward Canfield, 35, yells in pain as he is unloaded from an ambulance to be carried into a hospital after he was wounded in a gun battle. After he was shot, Canfield was run over by the gunmen's car. Another officer, Robert H. Fossum, 31, was killed in the fray.

Charges By Syria Rejected By U.S.

WASHINGTON (AP)—The State Department today rejected a Syrian charge that the United States was trying to destroy Arab independence, declaring U. S. policy is "just precisely the opposite of that."

The statement was made by department spokesman Lincoln White, who also said the United States would deal with a formal Syrian accusation when and if it comes before the United Nations Security Council.

White told a news conference the Eisenhower administration is closely following the Syrian crisis.

But White refused to characterize developments in Syria as a drift toward Syria's becoming the first Soviet satellite in the Middle East.

He said American diplomats are sharing views on the Syrian situation with foreign offices in the Middle East and Western Europe. He said, however, there were no special instructions to them.

American diplomats previously were reported by officials to be seeking to impress on Arab nations the danger of Syria becoming a Soviet satellite.

DAMASCUS (AP)—Syria today instructed its United Nations delegation to call the attention of the Security Council to a "serious threat to Middle East peace" stemming from an alleged American plot against the Syrian regime.

A Foreign Ministry spokesman said Syria did not demand any specific action by the Security Council.

Relations between Syria and the United States have been sagging steadily and reached a new low with Syria's announcement that the United States was behind a plot to oust President Shukri Kuwatly.

On the basis of this accusation, Syria last week ordered three members of the U. S. Embassy staff to leave the country.

Syrian Foreign Minister Salah Bitar blames the Eisenhower Middle East Doctrine for the poor relations between the two countries, contending the doctrine aims at destroying the independence of the Arab world and delivering it "into Zionism and imperialism."

Four Escapees From Oklahoma Captured

DUNCAN, Okla. (AP)—Four men who escaped from the Stephens County jail in Southwest Oklahoma yesterday were all back behind bars today, captured without a fight less than 24 hours after they got loose.

The last two arrested were Sammy Ramos, 34, of Lawton, and Elmer Smith, 7, of Duncan.

Ramos was arrested at a road block early today west of Lawton. Smith was arrested at Frederick.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS — Mrs. J. R. Jones, 2006 Avenue N.

DISMISSALS — Mrs. Lloyd Holley, 3204 Avenue L; Frank Cauble, Arah Route.

COGDELL MEMORIAL

ADMISSIONS — Ladine McPherson, 2106 Forty-second Street; Louise Crook, 2808 Thirty-seventh Street; Anita Alvarez, Gen. Del.; Ronny Odom, route 3; Juanita King, 2709 Avenue O; Verlyn Ray Hollis, 113 Browning.

DISMISSALS — Plum Wills, Fluvanna; Peggy Jo Pettitt, 502 Twenty-eighth Street; Gladys Smith and baby, 2107 Avenue M; Belinda Burrows, 133 Milburn; Naomi Wilson, 3718 Avenue U; Elza Rollins, route 2; Ruth Manning, Los Angeles; Billy Maning, Los Angeles; Gregory Williams, Los Angeles; Ronald Williams, Los Angeles; Margie Williams, Los Angeles; George Williams, Los Angeles.

Two Cars Slightly Damaged In Mishap

Two cars were slightly damaged in an accident at 2408 Thirty-second Street about 5:35 o'clock yesterday afternoon.

Thomas Clark Light, route 2, was driver of a 1957 Ford involved in collision with a 1955 Oldsmobile owned by A. A. Kohl, who lives at 2408 Thirty-second Street. The Oldsmobile was parked.

Foreign Aid Dispute Develops

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex) said today the Senate Appropriations Committee has been told the administration has 12 billion dollars available for foreign aid. He said the group wants to know why more money is needed.

But Sen. Knowland of California, the Republican leader, said in a separate interview that "there is no 12 billion dollars available."

Johnson said a committee had been furnished figures by Rep. Passman (D-La) indicating the ICA had $6,304,000,000 in funds now in its pipeline. He said the House had voted to make available a total of $3,191,000,000 in new and reppropriated funds.

In addition, Johnson said, the ICA has $1,062,000,000 in counterpart funds, local currencies of the countries which have been receiving aid, and about $1,500,000,000 available in agricultural surplus disposal funds to be used abroad.

Knowland also said President Eisenhower is quite hopeful the Senate will vote to restore a good share of money cut by the House.

Knowland said after the regular Tuesday morning White House conference of GOP congressional leaders that Eisenhower hopes the Senate will restore a good part of the 809 million dollars cut out of the bill to finance military and economic assistance abroad in the year that began July 1.

Then the appropriation group, which met in closed session with advance indications it might take action, put off all decisions at least 24 hours.

Chairman Hyaden (D-Ariz) told reporters that witnesses from the Defense Department and the International Cooperation Administration will be questioned at a hearing tomorrow.

"A number of the senators expressed a desire to get a further clarification of some of the figures, including carryover funds from previous years," Hayden said.

Hayden was asked who moved for the postponement. He replied that several of the senators wanted "more detailed information."

At a news conference, Knowland said Eisenhower regards it as highly important that the money be put back in the appropriation bill.

Knowland said his personal opinion is that the Senate probably will not restore the full cut voted by the House, "but we are hopeful" that the House figure will be considerably increased.

Knowland said there was no discussion at today's conference of Eisenhower calling a special session of Congress.

The President himself raised that possibility last week. Knowland said today, however, that Eisenhower at that time had made it clear a decision regarding a special session would be "contingent on world conditions as well as on the amount of appropriations" for foreign aid finally voted by Congress at this session.

Bill Passed For Help To State Farmers

WASHINGTON (AP)—The Senate has passed an appropriations bill which includes 25 million dollars for farmers whose land was washed away by floods or blown away during the drought.

Texas' share of the emergency funds was reported to total about two-thirds of the 25 million dollars.

The $1,824,000,000 bill was cut nearly 150 million dollars below President Eisenhower's requests.

The measure, passed by voice vote last night, now goes to conference with the House for adjustment. The House approved a bill carrying $1,581,590,000.

Most of the funds would go for military public works here and abroad.

The Senate added 3½ million dollars for a federal poultry inspection program, and tacked on $150,000 for farm housing research.

The Senate bill also would provide $800,000 for the Public Health Service to combat Asiatic flu; 100 million in loan funds and $2,370,000 in administrative money for the Small Business Administration; and $13,317,000 for the Tennessee Valley Authority, the same amount approved by the House but $1,465,000 below the budget estimates.

Man Is Shot Three Times At Tavern

DALLAS (AP)—An irate husband fired three bullets into the body of E. C. Appleton, 25, last night in a downtown tavern.

Appleton was in an "extremely critical" condition today with two bullet wounds in the chest and side.

Officers G. H. Reed and A. E. Garrison arrested Ray Wright, 36, an unemployed bartender married to a waitress at the Holiday Bar, where the shooting occurred.

Wright commented: "I would have shot him four more times if my automatic had not jammed."

The shooting was broken up by an onlooker, Donald Cook, 21, who lunged for Wright and clipped him with a hard right across the forehead before he could wrestle the weapon away.

Pretty, red haired Mrs. Irene Wright tearfully told police the fight began over attentions being paid her by Appleton, a seaman.

BIRTHS

Mr. and Mrs. J. R. Jones, 2006 Avenue N, are parents of a six-pound, 13-ounce daughter, born at 9:55 a.m. yesterday in Cogdell Memorial Hospital.

More Comfort Wearing FALSE TEETH
Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 37 proposing an amendment to Subsection (a) of Section 62, Article XVI of the Constitution of Texas, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsection (a) of Section 62, Article XVI of the Constitution of the State of Texas be amended so as to read hereafter as follows:

"Section 62. (a) The Legislature shall have the authority to levy taxes to provide a State Retirement, Disability and Death Compensation Fund for the officers and employees of the State, and may make such reasonable inclusions, exclusions, or classifications of officers and employees of this State as it deems advisable. The Legislature may also include officers and employees of judicial districts of the State who are or have been compensated in whole or in part directly or indirectly by the State, and may make such other reasonable inclusions, exclusions, or classification of officers and employees of judicial districts of this State as it deems advisable. Persons participating in a retirement system created pursuant to Section 1-a of Article V of this Constitution shall not be eligible to participate in the Fund authorized in this Subsection; and persons participating in a retirement system created pursuant to Section 48-a of Article III of this Constitution shall not be eligible to participate in the Fund authorized in this Subsection except as permitted by Section 63 of Article XVI of this Constitution. Provided, however, any officer or employee of a county as provided for in Article XVI, Section 62, Subsection (b) of this Constitution, shall not be eligible to participate in the Fund authorized in this Subsection, except as otherwise provided herein. The amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State.

"All funds provided from the compensation of such person or by the State of Texas for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States; or in such other securities as are now or hereafter may be permitted by law as investments for the Permanent University Fund or for the Permanent School Fund of this State, under the same limitations and restrictions imposed by the Constitution for investment of those funds and subject to such regulations as the Legislature may provide. However, a sufficient amount of said Fund shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount to be determined by the agency which may be provided by law to administer said Fund.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such legislation shall not be invalid by reason of its anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the first Tuesday after the first Monday in November, 1957, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment amending Subsection (a) of Section 62, Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

"AGAINST the Constitutional Amendment amending Subsection (a) of Section 62, Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said special election and this Amendment shall be published and the election held as required by the Constitution and laws of this State.

NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 2 proposing an amendment to Article III, Section 51a of the Constitution of Texas, so as to increase the limit on the maximum monthly payment to needy aged persons from state funds and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children; and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 51a. The Legislature shall have the power, by General Laws, to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may by the Legislature be deemed expedient for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are actual bona fide citizens of Texas and who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application.

"(2) Needy blind persons who are actual bona fide citizens of Texas and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any state supported institution, while such inmate, or to any person who shall not have actually resided in Texas at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application.

"(3) Needy children who are actual bona fide citizens of Texas and are under the age of sixteen (16) years; provided that no such assistance shall be paid on account of any child over one (1) year old who has not continuously resided in Texas for one (1) year immediately preceding the application for such assistance, nor on account of any child under the age of one (1) year whose mother has not continuously resided in Texas for one (1) year immediately preceding such application.

"The Legislature shall have the authority to accept from the Federal Government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such Government may offer not inconsistent with restrictions herein set forth; provided however, that the amount of such assistance out of state funds to each person assisted shall never exceed the amount so expended out of federal funds; and provided further, that the total amount of money to be expended out of state funds for such assistance to the needy aged, needy blind, and needy children shall never exceed the sum of Forty-seven Million Dollars ($47,000,000) per year.

"The Legislature shall enact appropriate laws to make lists of the recipients of aid hereunder available for inspection.

"Supplementing legislative appropriations for assistance payments authorized by this section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning December 1, 1957 and ending August 31, 1959 Four Million, Nine Hundred Thousand Dollars ($4,900,000) for Old Age Assistance, One Hundred, Seventy-Five Thousand Dollars ($178,000) for Aid to the Blind, and Five Hundred, Twenty-five Thousand Dollars ($525,000) for Aid to Dependent Children. Such allocations and appropriations shall be made, available on the basis of equal monthly installments and other wise shall be subject to the provisions of currently existing laws making allocations and appropriations for these purposes."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of Texas at an election to be held throughout the State of Texas on the 5th day of November, 1957, at which election there shall be printed on such ballot the following clauses:

"FOR the Constitutional Amendment increasing the limit on the maximum monthly payment to needy aged persons from state funds from Twenty Dollars ($20) per month to Twenty-five Dollars ($25) per month subject to certain conditions for payment in excess of Twenty-one Dollars ($21) per month and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children from Forty-two Million Dollars ($42,000,000) per year to Forty-seven Million Dollars ($47,000,000) per year, and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

"AGAINST the Constitutional Amendment increasing the limit on the maximum monthly payment to needy aged persons from state funds from Twenty Dollars ($20) per month to Twenty-five Dollars ($25) per month subject to certain conditions for payment in excess of Twenty-one Dollars ($21) per month and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children from Forty-two Million Dollars ($42,000,000) per year to Forty-seven Million Dollars ($47,000,000) per year, and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published as required by the Constitution and laws of this State.

NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 3 proposing an amendment to the Constitution of Texas adding a section to be known as Section 49-c of Article III, providing for the issuance and sale of bonds of the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State; providing for the payment of such bonds; creating an agency to administer said Fund and to perform other duties prescribed by law; limiting the period during which financial assistance may be granted; and providing for the calling of an election and the publication and issuance of the proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-c, as follows:

"Section 49-c. There is hereby created as an agency of the State of Texas the Texas Water Development Board to exercise such powers as necessary under this provision together with such other duties and restrictions as may be prescribed by law. The qualifications, compensation, and number of members of said Board shall be determined by law. They shall be appointed by the Governor with the advice and consent of the Senate in the manner and for such terms as may be prescribed by law.

"The Texas Water Development Board shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed One Hundred Million Dollars ($100,000,000). The Legislature of Texas, upon two-thirds (2/3) vote of the elected Members of each House, may authorize the Board to issue additional bonds in an amount not exceeding One Hundred Million Dollars ($100,000,000). The bonds authorized herein or permitted to be authorized by the Legislature shall be called 'Texas Water Development Bonds,' shall be executed in such form, denominations and upon such terms as may be prescribed by law; provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of State bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Water Development Fund to be administered (without further appropriation) by the Texas Water Development Board in such manner as prescribed by law.

"Such fund shall be used only for the purpose of aiding or making funds available upon such terms and conditions as the Legislature may prescribe, to the various political subdivisions or bodies politic and corporate of the State of Texas including river authorities, conservation and reclamation districts and districts now created or organized or authorized to be created or organized under Article XVI, Section 59 or Article III, Section 52, of this Constitution, interstate compact commissions to which the State of Texas is a party and municipal corporations, in the conservation and development of the water resources of this State, including the control, storing and preservation of its storm and flood waters and the waters of its rivers and streams for all useful and lawful purposes and the acquisition, improvement, extension, or construction of dams, reservoirs and other water storage projects, including any system necessary for the transportation of water from storage to points of treatment and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods.

"Any or all financial assistance as provided herein shall be repaid with interest upon such terms, conditions and manner of repayment as may be provided by law.

"While any of the bonds authorized by this provision or while any of the bonds that may be authorized by the Legislature under this provision, or any interest on any of such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

"The Legislature may provide for the investment of moneys available in the Texas Water Development Fund, and the interest and sinking funds established for the payment of bonds issued by the Texas Water Development Board. Income from such investment shall be used for the purposes prescribed by the Legislature. The Legislature may also make appropriations from the General Revenue Fund for paying administrative expenses of the Board.

"From the moneys received by the Texas Water Development Board as repayment of principal for financial assistance or as interest thereon, there shall be deposited in the interest and sinking fund for the bonds authorized by this Section sufficient moneys to pay the interest and principal to become due during the ensuing year and sufficient to establish and maintain a reserve in said fund equal to the average annual principal and interest requirements on all outstanding bonds issued under this Section. If any year prior to December 31, 1982 moneys are received in excess of the foregoing requirements then such excess shall be deposited to the Texas Water Development Fund, and may be used for administrative expenses of the Board and for the same purposes and upon the same terms and conditions prescribed for the proceeds derived from the sale of such State bonds. No grant of financial assistance shall be made under the provisions of this Section after December 31, 1982, and all moneys thereafter received as repayment of principal for financial assistance or as interest thereon shall be deposited in the interest and sinking fund for the State bonds, except that such amount as may be required to meet the administrative expenses of the Board may be annually set aside and provided, that after all State bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys so received shall be deposited to the General Revenue Fund.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on the 5th day of November, 1957, same being the 1st Tuesday after the 1st Monday in said November, 1957, at which election each ballot shall have printed thereon, the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-c of Article III, authorizing the issuance and sale of Two Hundred Million Dollars ($200,000,000) in bonds by the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-c of Article III, authorizing the issuance and sale of Two Hundred Million Dollars ($200,000,000) in bonds by the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such amendment shall be paid out of the proper appropriation made by law.

NEW CLUB ELECTS OFFICERS—Organization of the Scurry County Registered Nurses Club was completed with election of a slate of officers, pictured above, last night at the Cogdell Nurses Home. Officers from left, front row, are Ruby Lee, president, Mary Smith, executive committee member, Robbie Faye Walker, treasurer, Eula Williams, second vice president, and Betty Seeker, executive committee member. Back row from left are Edna Hall, executive committee member, Pansy Ray, secretary and Jo Pierce, first vice president. Joanne Norred, and Agnes Patterson, other executive committee members were not present. (Lee Watson photograph)

Lady Runs Cooperative Power Plant

MINTURN, Maine (AP) — The moment you meet her eyes, smiling with interest and kindness, you tone down your complaints and thank her for being so kind as to make out your receipt.

She is Mrs. Phyllis Temple Stinson, who works on remote Swan's Island as one of the nation's youngest managers of a cooperative power plant.

Mrs. Stinson, 28, daughter of the Rev. Cecil Temple, a former minister of the Advent Christian Church here, was named manager of the then six-year-old Swan's Island Electric Cooperative last year. She now heads a company serving 200 customers on a typical Down East island where some still cling to their kerosene lamps because they don't like this new innovation called electricity.

"That newfangled thing can't last, you just wait and see," said some when electricity moved onto Swan's Island in 1950.

The day the power was to be turned on for the first time, one elderly lady sat near the door of her house with packed suitcases ready to leave "in case the durn thing blows up," Mrs. Stinson recalls.

But more and more residents are coming to her office on the 20th of the month to pay their power bills, due on that date. Only last year a cable was laid to the village of Frenchville on neighboring Long Island, and Mrs. Stinson believes her plant is capable of serving many more customers.

DATE DATA

By BEVERLY BRANDOW

Dear Miss Brandow:

Do you think that it is wrong for a girl to go to a boy's home to see him? I go steady with a boy and we like each other a lot. As long as we have clean fun together I see no harm in visiting him. What do you suggest?

Margie

Let him visit you. The male is the natural aggressor. Nature made him that way and if you try to reverse the roles you are just asking for trouble.

No boy will long respect the girl who chases him and insists on being the one to take the lead and make advances.

Of course you have clean fun. There is nothing morally wrong in visiting him. It's just bad psychology for getting and keeping the American (or any other brand) male. Besides it will cause talk among his neighbors that may not be pleasant for him.

Dear Miss Brandow:

What can a girl do at night during the summer? I am thirteen and have nothing to do but watch television or listen to the radio. The sewing club I belong to meets only once a month and there are no teen-agers living close to me that I know.

Patty

Investigating the YWCA. They have many interesting clubs, some of which meet at night. From any of them you are bound to make friends who would be delighted to visit you evenings.

Get into the habit of going to Sunday school. If you pick a nearby church, undoubtedly the teenagers there will not live too far from you. Besides it's my bet they will be having parties and socials throughout the week.

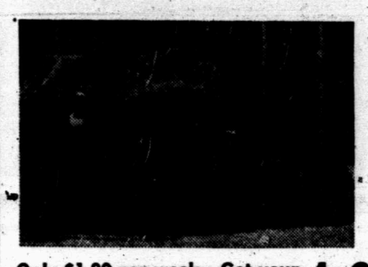

Don't overlook midweek church dinners. Take Mom and Dad too, and you'll all feel rewarded.

Develop a hobby and see if there aren't other hobbiests who have formed clubs. As a devout hobbiest myself, let me recommend raising tropical fish.

Enjoy some solitude while you can. T'wont be long 'till school you know.

(Miss Brandow welcomes your letters. Writer her in care of this newspaper.)

Thin mayonnaise with a little cooking sherry and use it as a dressing for a lobster salad.

ALL-ELECTRIC Heat Pump

The All-Year Air Conditioner that "thinks for itself"

- **Maintains any selected temperature the year around - automatically**
- **Switches from heating to cooling or back again, as needed, without attention**
- **Eliminates seasonal startups and shutdowns of heating and cooling equipment . . . just set it and forget it!**

Imagine a home in which the indoor temperature stays at the level you like best—from season to season, from day to day, even from hour to hour—all automatically—without lifting a finger.

That's the kind of automatic comfort you can enjoy with the All-Electric Heat Pump. Using only air and electricity, it both heats and cools from a single compact unit—switches automatically from heating to cooling or back again, as needed, to maintain perfect comfort the year around, regardless of weather changes.

With the Heat Pump, there's no manual start-up or shutdown of heating or cooling equipment . . . no discomfort from unseasonably warm or cold days. And because the Heat Pump is all-electric, it's clean, modern, convenient—an investment in better living that adds permanent value to your home.

For additional information about the All-Electric Heat Pump, phone or come by our office. We'll be glad to answer your questions.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

FOOTBALL IS CREEPING into the local sports scene tonight with the initial meeting of the year of the Quarterback Club but there is something yet unsettled in the season at hand — the City Baseball League champion.

And that may be known after tonight's game between league leading Sun Oil and second place Hermleigh. If Sun wins it's all over but the shouting as the Oilers also won the first half. There was to have been a playoff between the first and second half champions for the full season champ but if the same teams wins both halves, then, of course, a playoff isn't unpecessary.

If Sun wins the second half title, it will be the second straight year that one team won both halves. Hermleigh pulled the trick last year.

There's hardly a way to get around it, that of avoiding conflicts in local sporting events.

Thus, it's unfortunate that the initial Quarterback Club meeting falls on the same night of what is perhaps the most crucial night of the City League baseball race.

But sports fans shoudln't have any difficulty finding something to do tonight.

Tiger Star Turns Down Oil Bowl Bid

Just for the record, Tiger star Milton Ham was invited to the Oil Bowl in Wichita Falls but he turned the bid down because of his job.

Ham took off a week for the all-star game at the coachnig school in Dallas, as you know, and he couldn't afford to take another week off for the Oil Bowl game.

The Oil Bowl game is set for Friday night at Wichita Falls and it looks like another Texas "slaughter."

Bear Pinning Hopes On Few Standouts

Bear Bryant, in a bull session during the recent coaching school, made this remark about his 1957 team:

"I have five or six good boys that will have to carry most of the load this season.

"The only time these boys will be coming out of the game will be at halftime."

Bear didn't mention just who these five or six boys are but a good guess would be ends Bobby Marks and John Tracey, tackle Charles Krueger, quarterback Roddy Osborne, and halfbacks John Crow and Loyd Taylor.

It has been called to our attention that we had the dates reversed on A&M and Baylor's visits to Texas Tech in this corner recently.

A&M goes to Lubbock Spet. 28 while Baylor plays Tech there Oct. 19. We had it reversed upon mentioning it the other day.

MEN'S BOWLING LEAGUE TO MEET

The organizational meeting of the Men's City Bowling League will be held tomorrow night, according to Ralph Howser, league secretary.

The meeting will be held in the basement of the Snyder National Bank, starting at 7:30.

All team captains and those who would like to bowl in the league are invited to tomorrow's meeting.

Howser said a league of 24 teams is being sought. There were 16 teams in the league last year.

League play is due to start the second week in September.

Two Steel Barges Floated Overland

HIGH ISLAND, Tex. (AP)—Two 500-ton steel barges were floating overland yesterday in a unique moving operation caused by hurricane Audrey.

The barges were floated across Highway 87 in the second of a series of three man-made lakes and were deposited on the beach at the edge of the Gulf.

The Alamo Barge Lines crafts were swept out of the Intercoastal Canal near here by winds and huge waves during the hurricane. A tugboat had the empty vessels in tow but cut them loose when the tug was threatened.

The 185-foot barges are valued at $200,000 each.

Return Match Set

NEW YORK (AP)—A bustling 10-round lightweight draw last night earned Lulu Perez and Bobby Bell a return bout at St. Nicholas Arena, Sept. 9.

Ship Hits Rock

LONDON (AP) — The 2,425-ton Greek ship Agia Varvara was towed to safety by a Soviet rescue fleet after hitting a rock in Kerch Strait, the Moscow Radio said today. It was refloated by the Russians and taken to the Black Sea port of Novorossiisk.

DANCING VENTURI WINS TOURNAMENT—Ken Venturi of San Francisco does what looks like an Indian dance as he sinks a 30-foot birdie putt in winning the St. Paul Open Golf Tournament. The putt came on the 9th green. Venturi won the St. Paul Open title with a record-equalling 266—or 22 under parr. (AP Wirephoto)

QUARTERBACKS IN KICKOFF MEETING TONITE

Election of new officers will highlight the first meeting of the Snyder Quarterback Club tonight at the high school cafeteria.

Meeting time has been set for 8.

Also on tap is the club's decision on whether to go ahead with plans of running special trains for the Tiger games at Borger and Dumas, the first two games on the 1957 Tiger slate.

The Borger game will open the Tiger season, Sept. 13, with Dumas game coming a week later, Sept. 20. Train fare for the Borger game is $7.25 for adults and $3.65 for students. For Dumas, the fare is $7.15 and $3.60.

Tiger coach John Conley and his staff will be on hand at tonight's kickoff meeting.

A film of last year's SMU-Notre Dame game will be shown.

All Tiger football fans are invited to attend tonight's meeting.

Valdez Wins Title

CORPUS CHRISTI (AP) — Rudy Valdez, with only ten pro fights, is the Texas bantamweight champion. He won the title last night with a unanimous 12-round decision over Henry Miramontes of Dallas.

2ND HALF TITLE AT STAKE

Hermleigh, Sun In Crucial Tilt

Hermleigh will make its final bid to stay in the running for the second half title in the City League when she clashes head on with league leading Sun Oil at Towle Park tonight.

Sun can nail down the pennant by winning tonight. The Oilers own a perfect 7-0 record in the second half as compared to Hermleigh's 4-3. Sun, in other words, leads Hermleigh by three games with three games to play.

This will be the final meeting between Hermleigh and Sun in regular season play. After tonight's game, both Sun and Hermleigh have single games left with the other two teams in the league, Snyder Furniture and the Blue Sox.

To win the second half, Hermleigh must win her three remaining games and Sun must lose her remaining three.

The two leaders won't have any push-overs against the two tail-enders in the final games as both the Blue Sox and Snyder Furniture are getting stronger as the season nears an end. The Blue Sox, in fact, took a 5-2 win over Hermleigh last Saturday night. And Sun, in a recent game, had to go 10 innings before beating Snyder Furniture.

Sun won the first half crown but not until after beating Snyder Furniture in a one-game "sudden death" playoff. Sun and the Furniture nine finished the first half in a dead heat for first place and had to play an extra game to determine the champ. Sun won the playoff game, 8-5.

Wayne Whiteside or Alan Snead are expected to open on the mound for Sun tonight. Bermon Corbell is expected to toil for Hermleigh.

Following are the second half standings:

CITY LEAGUE

TEAM	W	L	PCT.
Sun Oil	7	0	1.000
Hermleigh	4	3	.571
Blue Sox	4	4	.500
Snyder Furn.	0	8	.000

Sox Win 3-2 Duel From Furniture 9

Dwayne Prince bested Howard Jones in a tight pitching duel last night as the Blue Sox edged Snyder Furniture, 3-2, in a City League encounter at Towle Park.

It was a 0-0 game until the fifth when the Sox erupted to score all their runs. Snyder Furniture rallied to score both her runs in the seventh and had the tieing run on third and the winning run on first when the final out was made.

The Blue Sox managed only four hits off Jones but two of 'em came in the fifth when the Sox did their damage. An error with one away by third baseman Jimmy Bryant opened the door to the fifth-inning Blue Sox rally.

Prince, who got life on the error, moved to second on a passed ball and when Max Coffee followed with a walk, both runners advanced a base on a wild pitch. This set the stage for a bloop single to right by Junk Bowers that sent both Prince and Coffee across.

Bowers, who took second on the throw-in and to third on a wild pitch, then scored what proved to be the winning run on a single to right by Royce Pierce.

Snyder Furniture threw a scare into the Sox in the seventh with their two-run rally. Jones opened the Furniture 7th with a walk and one out later went to second on a "scorching" single to left by Herman Bond.

Prince braced to get Bryant on strikes for the second out but Durwood Hopper kept the Furniture hopes alive with a single to left to score Jones, Bond taking third on the play. Then Gary Vice rifled a single to right to score Bond and sent Hopper to third with the potential tieing run.

But Prince rose to the occasion to whiff Neil Boyd to end the game.

Two of the four Blue Sox hits off Jones were of the infield variety. Prince, after pitching hitless ball for three innings, gave up a hit each in the fourth, fifth and sixth innings and three in the seventh for a total of six.

Prince struck out nine to Jones' eight. Jones issued three free passes while Prince walked two and hit one.

Vice and Bond of the Furnituremen and Pierce of the Sox were the top batsmen with two hits apiece. Joe Reaves of Snyder Furniture got the only extra base hit, a fourth inning double, which, at that time, was the only hit off Prince.

Braves, Cards In Final Western Tour

By ED WILKS
The Associated Press

That's a weird game of Russian roulette, with a strange twist, that Milwaukee, St. Louis and Brooklyn are playing in the National League pennant race. You're dead if you shoot a blank.

The Braves, even with a 6½-game lead, can't afford to ease off. The Cardinals, in second after their worst slump in a decade, can't afford anything less than a quick winning string. And for the third-place Dodgers it's Brooklyn against the world with nobody a pushover any more.

That's the picture as the West makes its final tour through the East this season — and its last stand at the Polo Grounds, where New York's Giants are starting to pack for the trip to San Francisco.

From the record, Milwaukee and St. Louis have the edge, with the best road records in the league. The Braves are tops at 36-21 (.632). The Cards are 33-21 (.600) but are at their best in the East. St. Louis stands 21-13 (.618) in the East, while the Braves are 22-14 (.611).

The Dodgers, meanwhile, have the best home record in the league at 36-24 (.600) and are 21-14 (.600) against the Western clubs.

The Braves open their eight-game tour with their final game at Pittsburgh tonight.

The Cardinals open at the Polo Grounds with a twi-nighter in a three-game set with the Giants, who have won 11 of their 14.

The Redlegs have a twi-nighter at Ebbets Field tonight. The Chicago Cubs play two at Philadelphia.

If there are any die-hards left who insist the New York Yankees don't have the American League flag locked up with their 7½-game lead, the champs' current Western trip ought to be the convincer. The Yanks open a three-game set at Kansas City tonight. They're 16-1 against the A's.

There was only one game in the majors yesterday and Kansas City defeated Cleveland 1-0 with a combination of long shots. Tom Gorman (3-7), who hadn't had a complete game in almost a year and hadn't pitched a shutout since 1952, beat the Indians with a four-hitter—riding in on an RBI single by Tim Thompson, who was 0-for-42, going back to July 23. Ray Narleski lost it with a five-hitter for a 9-3 record.

Czar Ford Frick Sees Complete Realignment

MONTREAL (AP)—Organized baseball needs to be realigned from the major league level down, Commissioner Ford C. Frick said today.

"Baseball has stood still for 50 years," he said. "There are Class B cities in organized ball today which are capable of supporting Double A or Triple A teams."

He said there is a need for more major league cities and eventually a third major league.

It's Official Now! Giants To Move To San Francisco

By JOE REICHLER

NEW YORK (AP)—The Giants, after three quarters of a century in New York, have decided to relocate their baseball franchise in San Francisco.

The official move will come sometime between Oct. 1 and Oct. 31, the specified time for any such action.

The Giants are not expected to make the 3,000-mile trek across the country alone. In all likelihood their long-time rivals, the Brooklyn Dodgers, will move to Los Angeles.

President Walter O'Malley of the Dodgers was not available for comment but an announcement regarding the Dodgers' intentions is expected sometime next week when the board of directors meets to consider a move to California.

Horace Stoneham, Giant president, declined to discuss the possibility of the Dodgers' moving, but another Giant official, who declined use of his name, said emphatically: "You can bet all the money you've got the Dodgers will be in Los Angeles next year."

A Los Angeles resident who expressed certainty of the coming of the Dodgers was Leo Durocher, onetime manager of both the Dodgers and Giants.

"I thought the Dodgers were almost a cinch to come first but it looks like the Giants have simply beaten them to the punch," Durocher said.

Stoneham's reason for recommending the transfer was poor attendance.

"We had to go now," he said, "because if we had waited until our lease at the Polo Grounds expired in 1962, there probably wouldn't be a good place left to move. Another thing, if we hadn't acted as fast as we did, some other club would have beaten us to San Francisco. They made us such an attractive offer, we just couldn't turn it down."

The "attractive offer" included a 35,000-seat stadium to be built by San Francisco, at a rental of 5 per cent of the attendance, plus ownership of the concessions.

"We plan to play in the Seals Stadium next season even though I have been told the park might be ready in 1958," said Stoneham. "Even with its limited capacity (22,000), I'm certain the attendance will be well over a million. Together with a million and a half guarantee we will receive from our contract with Skiatron, which will telecast our home game on a pay-as-you-see basis, I can visualize a more profitable year than any we ever had in New York."

Eight of the nine members of the Board of Directors voted for the move. The lone dissenter was M. Donald Grant, a Wall Street broker, who thought the Giants should remain in New York.

Transfer Sad News To Mrs. McGraw

NEW YORK (AP) — The bespectacled, grandmotherly little lady sighed today as her memories sped back over the decades.

"I guess all I have left now is memories," said Mrs. John McGraw sadly.

Mrs. McGraw is the widow of John Joseph McGraw, the Little Napoleon who ruled the New York Giants for 30 years.

Mrs. McGraw was upset when she found that the Giants Board of Directors had voted to move the franchise to San Francisco next year.

"It's one of the most tragic things that ever happened to me," she said. "I just can't imagine that I'll never again watch the Giants at the Polo Grounds. The Giants have been my life. Why, I don't know what I'll do with myself."

McGraw died in 1934. He led the Giants to 10 National League pennants and during his reign the rest of the league lived in mortal fear of them. The Giants of those days were like the New York Yankees of today.

Mrs. McGraw never forgot the club.

In the intervening years, she has taken her accustomed seat near the Giants' dugout in the Polo Grounds at least three times a week during home stands.

"Old-time Giant fans know me and bring their children to talk to me," she recalled. "They want me to tell them about Mr. McGraw and his teams.

"That makes me happy because it keeps Mr. McGraw's memories alive. The children are pleased because they know they are talking to someone who knew first hand about the wonderful Giant teams of the past."

PHILLIPS 66 FLITE-FUEL

If you'd like to know how *good* your new car really is, *Test Drive* new Phillips *66* FLITE-FUEL! The proof is in the driving!

Not only new cars, but older cars, too, benefit from the remarkable performance qualities of new FLITE-FUEL. It has extra high octane for smoothness and long mileage. It's the only gasoline containing added *Di-isopropyl*. It's *clean burning!* And FLITE-FUEL is specially made for *local driving conditions*. It's blended for the climate and the season.

Test Drive this new Phillips *66* FLITE-FUEL! Fill up at your Phillips *66* Dealer's, and you'll discover a *new high in performance!*

PHILLIPS PETROLEUM COMPANY

It's Performance That Counts!

County Landmark Being Torn Down

One of Fluvanna's oldest and most prominent landmarks, the Fluvanna Methodist Church building, is being torn down to make room for a new and more modern church building.

The Fluvanna Methodist Church building was built in 1908, almost a half century ago. At that time there was no community of Fluvanna, but there was a community named Light, located about a mile east of where Fluvanna now stands. The Methodist Church building was the first church building constructed in the Fluvanna area. All churches represented there had used the Light school building as a meeting place prior to construction of the Methodist Church building.

Mrs. J. G. Landrum, the only remaining charter member living in Fluvanna, said that a Rev. Childress was pastor when the building was constructed. A parsonage was also built that year.

In the fall of 1908 the Rev. W. C. Hines became pastor, and while he was there a pastor's study was added to the church. It had two classrooms in addition to the sanctuary.

In 1914 the men and women of the church made and gathered a cotton crop to pay the church out of debt. Cotton was selling for about five cents per pound at the time, and the Methodist board of church extension allowed the church 10 cents per pound on its debt. The Women's Missionary Society bought seats by holding box suppers, pie suppers, and chili suppers. While the Rev. Sam Young was pastor, all indebtedness against the church was paid, and the building was dedicated by Dr. H. A. Boaz, who later became a bishop of the Methodist Church.

In 1912 while the church was having a district conference, a tornado struck Fluvanna just before church time.

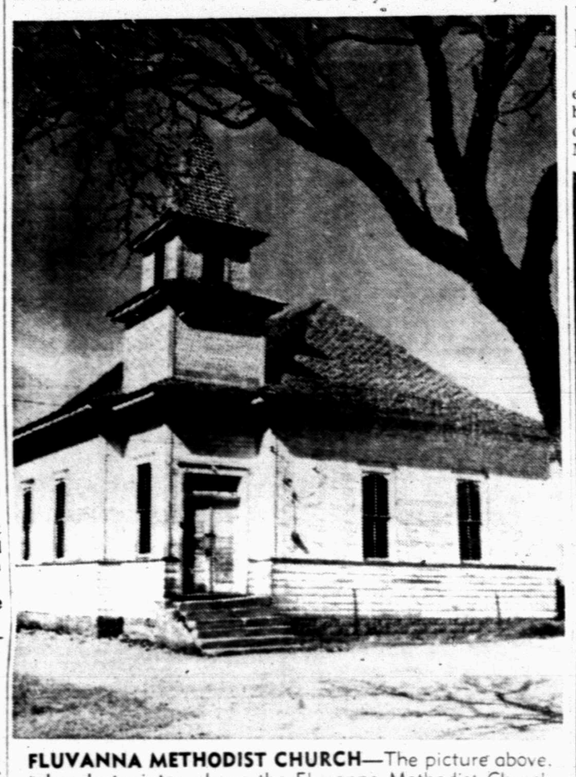

"It seemed to make the Methodist Church its main target," Mrs Landrum said. Simeon Shaw, presiding elder, and several preachers were in the building at the time, and even though the roof was blown off and the building twisted, no one was injured.

The tornado did demolish two nearby lumber yards, however.

D. D. Bley, member of the board of stewarts of the church, said that construction will begin on the new building as soon as the present building is completely torn down and the site cleared.

LANDMARK COMES DOWN—Demolition of the Fluvanna Methodist Church building to make room for a new $30,000 church building on the same site, was started about one week ago. The Morning Side Baptist Church of Snyder purchased the old building for $1,000 to obtain the salvage lumber for a new building it plans to build in southeast Snyder at Thirty-sixth Street and Avenue B. (Lee Watson photographs)

FLUVANNA METHODIST CHURCH—The picture above, taken last winter, shows the Fluvanna Methodist Church which has been a landmark in that community for 49 years. It was constructed in 1908.

Police Probe Prof's Death On Saturday

MEXICO CITY (AP)—Police tried today to trace the movements of Earl Thurman, 33, Tyler Junior College professor, from the time he checked out of his hotel until he was found in a fatal coma on the street.

Thurman, picked up Thursday in the suburb of San Angel stripped of money, died Saturday in Juarez Hospital.

An autopsy yesterday showed he died from a blow on the head.

The Red Cross said a rain-soaked wallet was found near Thurman and he was identified after the papers dried.

He came to for a time, but never was able to tell what happened. Hospital aides said Thurman vomited blood and may have been poisoned.

Hospital aides also said he might have been hit by a car. He had said he was going to Oaxaca for a week or so.

Police were unable to determine whether he ever got to Oaxaca.

Boy Chained To His Bed

CEREDO, W. Va. (AP)—The parents of a 13-year-old boy found chained to his bed were released in $500 bail today.

Robert Adkins, 36, and his wife, Dorothy, about 32, were arrested last night by policemen waiting for them when they returned home. They were charged with contributing to the delinquency of a minor. They waived preliminary hearing.

The boy, Charles Adkins, was found yesterday manacled to a bed by a chain and padlock.

The youth told police his father put him in chains before he went to work in nearby Huntington because "I ran off yesterday and stayed a long time."

The mother was away from the house when the police investigated after getting complaints from neighbors. A 15-year-old brother was caring for five other children, the youngest about 9 months old.

Price Competition Urged For Cotton

PECOS, Tex., (AP)—The Chairman of the American Cotton Congress says the greatest task confronting the industry is getting cotton competitive in price.

"Any produce," said Burris Jackson, of Hillsboro, "must meet its competition on price and quality in order to survive. Cotton has the quality but government loans and restricted acreage are keeping it from removing the chains of an artifically high price." He spoke at an area meeting.

Two Persons Killed In State Accident

FREEPORT, Tex. (AP)—Two auto accidents early today killed two persons.

Mrs. Betty Yeatts, 21, of Freeport, was killed when the auto in which she was riding and another collided and overturned near the Brazos River.

Rollie Sheppard, 42, of Carlsbad, N.M., was killed when his auto overturned. William Campbell of Tyler was injured seriously.

Property Bequeathed

LOS ANGELES (AP)—The widow of novelist Zane Grey bequesthed property believed to exceed $500,000 in value to her children and grandchildren.

Truck Strikes Bridge

DALLAS (AP)—Charles Allen, 37, was killed yesterday when a truck struck a bridge and overturned.

Shots Available At Health Unit

The majority of beginning school children this year have already had the necessary immunizations, it was learned in pre-school and in regsitration yesterday and today in the elementary school.

Some have not, however, and Miss Leah Davis, senior health nurse at the Snyder-Scurry County Health Unit, today reminded parents of clinic hours at the unit, where the children can get the necessary immunizations free.

Clinic hours at the health unit are from 1 to 4:30 p.m. Wednesdays and from 9 to 11:30 a.m. on Fridays.

Available at the health unit are the combined diphtheria, whooping cough, and tetanus shots, either boosters or the regular series, for infants, pre-schoolers, or beginners in school.

Also available at the health unit is the smallpox vaccination to persons of any age. The Salk vaccine series for polio is available to persons over one year old and under 20.

Border Fairs Planned

MEXICO CITY (AP)—A number of fairs along the United States-Mexico border have been planned for the next few months. The first will be at Ciudad Juarez, across from El Paso, Sept. 7-28. Others are planned at Piedras Negras, Nuevo Laredo and Matamoros.

Exhibition Swim Made

TOKYO (AP)—Japan's 69-year-old education minister made an exhibition swim today before a crowd of 5,000 at a school pool. Toh Matsunaga, lawyer-turned-Cabinet member, swam 80 feet in a column with officials of the Japan Swimming Assn. in commemoration of "Everybody Swims Week."

Mexico is named for the Aztec god of war, Mexitli.

AT LEVITTOWN

Negro Family Moves In

LEVITTOWN, Pa. (AP)—A Negro family moved into this all-white community under police protection yesterday. Some residents greeted his arrival with jeers and stone throwing.

"All I want to do is be a good neighbor and I hope others do the same," said William J. Myers, 34, in his new ranch-style home.

Last night, 42 state policemen were busy keeping some 250 protesting neighbors in this sprawling development of 15,000 homes pushed back two blocks from Myers' home.

Rocks were hurled and a trooper and a news photographer were struck. One man was arrested on a charge of disorderly conduct.

State Police Lt. J. M. Wicker shouted over a loud-speaker: "You have struck one of my men. I will not tolerate this. I give you 10 minutes to get back to your homes."

Twenty-two troopers lined up with riot sticks and forced the crowd back. The sticks were used on one resident who Wicker said was cursing officers and resisting the police line. He was identified as Donald Walker, 34, a truck driver, of Levittown, who was fined $10 after pleading guilty to a charge of disorderly conduct.

By midnight, all but a handful of the crowd had returned to their modernistic, low-slung houses. The police force was cut to four troopers guarding the Myers home.

All was quiet at the house in the Dogwood Hollow section, where Myers moved in with his wife Daisie, 32, and one of their three children. Two other children are staying at the home of relatives.

At a news conference, Myers said, "I don't believe the demonstrations that have been held present a true picture of the feelings of the people of Levittown. All people are good of heart.

"I expected there might be some trouble when we bought this place, but I didn't think there would be so much."

The college-educated Negro told reporters he paid $12,150 for his home, buying it from previous owners who had rented out the house for some time.

He declined to say what his income is as a refrigeration mechanic in nearby Trenton, N.J.

Myers emphasized that the purchase of the house was his own decision and that he has had no backing, financial or otherwise, from any group or organization.

'Wrong Side' Driver Provides Explanation

CHILLICOTHE, Mo. (AP) — Mrs. Dorothy Sparks of Detroit told police she had just returned from Japan, was accustomed to driving on the left side of the road and that's the reason she had a head-on collision yesterday with another car on U.S. 65.

Neither Mrs. Sparks nor the other driver, William Andrew Horgan, 42, Slater, Mo., was injured.

Mrs. Sparks, 37, was en route to join her husband, an Army officer now stationed in Detroit. A highway patrolman charged her with careless driving and said she was on the wrong side of the road.

Drowns In Trinity

FORT WORTH (AP)—James Herring Jr., 11, drowned yesterday in the Trinity River.

Experiment On Asiatic Flu Conducted At Vet Hospital

By RENNIE TAYLOR
AP Science Reporter

LIVERMORE, Calif. (AP)—A big hospital building internally bathed in "black light" is the setting for an unusual experiment designed to show whether the new Asiatic flu can be transmitted from one person to another through the air.

Inside this building, part of the Veterans Administration hospital here, are about 140 long-term patients. So long as they are patients they will not be allowed to leave the structure, which has been equipped with a barber shop, a chapel and other features to make it virtually a fortress.

The building and its occupants, as well as other units of the VA institution, await the onset of the expected flu epidemic — which some health authorities say could affect as much as a third of the U.S. population.

The Veterans Administration disclosed the project today in announcing that the patients in the building plus the 520 employes of the entire VA unit had volunteered to play parts in the test.

The experiment is important because medical science does not know how the influenza virus moves from one human being to another. Some authorities say it travels through the air. Others say it can infect a person only by direct contact with another who harbors the disease organism.

Evidence on exactly how it is spread could be of help. It might show whether the flu organism could be stopped by a radiation barrier, or whether some degree of isolation is effective.

Black light, or ultraviolet, as it is called, is a form of radiation. It makes certain substances glow brilliantly in the dark. It can kill some kinds of germs. It can cause sunburn. Long exposure could produce injury to the eyes.

The walls of the test structure, known as Building 62, are studded with ultraviolet lamps, so aimed that their rays do not strike patients or employes directly but irradiate the air volume.

Samples of blood serum have been taken from every patient in Building 62 and in all employes of the Livermore hospital installation.

These samples are being checked for the presence of Asiatic flu at the government's communicable disease center in Atlanta. From this the Public health Service will know just which ones, if any, have had the Asiatic flu and which have not.

After the expected epidemic sweeps through, blood samples will be taken from these same patients and employes and checked again for signs of flu infection.

The employes generally will not have the benefit of ultraviolet radiated air. If the percentage of infection among them turns out to be higher than among the patients of Building 62 it will be a pretty good indication that ultraviolet has some deterrent effect on the disease organism, said Dr. Harrison S. Collisi, manager of the Livermore installation.

Burleson Plans To Visit Snyder

Cong. Omar Burleson who represents Scurry County's new district in the U. S. House of Rrepresentatives, plans to visit here as soon as possible following adjournment of the present session of Congress.

Under terms of a redistricting bill passed by the Texas Legislature, Scurry County is being switched from the 19th district to the 17th district. George Mahon of Lubbock and Colorado City represents the 19th district, while Burleson, whose home is in Anson, is the 17th district's congressman.

Technically, the switch does not become effective until Congress convenes in early 1959, since the redistricting statute provides that the new district boundary lines will go into use at the general election next year. Thus, the congressman elected to serve the 17th district will be Scurry County's representative when congressmen are sworn in for their terms beginning in 1959.

As a result of the redistricting measure, Snyder will for the first time become the second largest city in its congressional district. Abilene will be the only other city in the district larger than Snyder.

In a release to the Daily News, Burleson said he could well understand that the "many friends of Cong. Mahon will regret losing him as their congressman." However, Burleson said he would welcome the privilege of representing the people of Scurry County in congress.

"It is fortunate for anyone to have friends any place. Fortunately, I have a number of friends in Snyder and throughout Scurry County, and I shall feel no stranger when I have the opportunity of visiting my new constituents," Burleson said.

Burleson said that later this year he intends to visit every community in Scurry County "for the purpose of getting better adquainted."

REP. OMAR BURLESON

Prejudice Is Costly, Says League Head

CHICAGO (AP)—Edwin C. Berry, executive director of the Chicago Urban League, today said racial discrimination costs Americans about 30 billion dollars a year.

Berry, in a speech prepared for a luncheon meeting of the annual convention of the American Federation of Teachers, set forth:

"Here is how it works. When we deny a man a job for which he is qualified, we keep that man so poor he cannot buy the goods the rest of us produces. We force him to take his family to live in the slums.

"By-products of unemployment and employment discrimination are poverty, disease, crime, delinquency and personality disintegration.

"To the taxpayer these mean higher taxes. To our lawmakers they mean fiscal headaches. To the general community (they mean) poverty, disease and delinquency."

Berry said the end results include "higher welfare budgets, more police, social workers and juvenile officials, more free hospital beds, more people in correctional and mental institutions.

Rains Strike Wide Areas

By The Associated Press

There were a few areas of rain, but mostly fair and pleasant weather prevailed in most of the nation today.

Rain which fell yesterday in wide areas along the Atlantic Coast states from Florida into southern Maine diminished considerably during the night as a disturbance moved off the mid-Atlantic Coast.

The rain belt was confined to sections of southern New York and southward along the Virginia coast but skies were cloudy in many parts of the East Coast. Showers were indicated during the day in some sections of New England and southern Florida.

A southerly flow of air brought warmer weather into the Plains and a warming trend was reported from the upper Mississippi Valley eastward across most of the Great Lakes region and northern New England.

Typhoon Agnes Hits

TOKYO (AP) — Typhoon Agnes roared west of southern Japan toward South Korea today. Police said the storm left 2 persons dead, 3 injured, 2 missing, 543 homeless and 19 houses destroyed in Japan. Weather officials said maximum winds at Agnes' center had dropped to 120 miles per hour. Heavy rains were still falling over Southern Japan.

Crude Output Up In Nation

TULSA (AP)—Daily average production of crude oil increased 45,125 barrels to 6,835,925 the week ended Aug. 17, most of it in Oklahoma and Kansas, the Oil and Gas Journal said today.

Oklahoma rose 25,000 barrels to 562,600 barrels and Kansas was up 15,950 barrels to 351,900.

The Journal estimated 1957 production at 1,691,565,925 barrels compared to 1,645,380,859 a year ago.

Other advances were in New Mexico, 300 to 249,700, and Arkansas, 50 to 85,200.

Louisiana was down 400 to 795,600.

Production was unchanged in Texas, 2,813,700 barrels.

She Gets Lot Of Help

NEWARK, N.J. (AP)—Mrs. Elsa Schenkel, a city tax clerk, dropped her pencil and got fast action from 10 males. The 10, all policemen, showed up when Mrs. Schenkel, in picking up the pencial, accidentally triggered the holdup alarm.

LEGAL NOTICE

NOTICE TO BIDDERS

Notice is hereby given that the Commissioners' Court of Scurry County, Texas, will receive bids until 10:00 o'clock A. M., August 20, 1957 in the Office of the County Judge, Snyder, Texas for the purchase of one Diesel powered crawler mounted tractor loader, to be equipped with 2-¼ cubic yard bucket. Bucket to have replacable point bucket teeth, rear mounted hydraulically controlled scarifier with replacable points. Loader bucket to have at least 40 degree bucket tip back at ground level, and a minimum dumping height of 8 feet 10 inches. Tractor to have not less than 95 H. P. at not more than 1850 R.P.M. Tractor to have not less than four speeds forward and two speeds in reverse. Machine to have an operating weight of not less than 31,500 lbs. Delivery to be made in 10 days after bid is accepted. The Commissioners' Court reserves the right to reject any and all bids received and to waiver any technicalities.

By order of the Commissioner's Court of Scurry County, Texas.

Edgar Taylor
County Judge

LEGAL NOTICE

NOTICE OF HEARING ON COUNTY BUDGET

NOTICE IS HEREBY GIVEN by order of the Commissioners' Court of Scurry County, Texas, that a public hearing on the County Budget of Scurry County, Texas, will be held on the 26th day of August, 1957 at 10:00 A.M., at the regular meeting place of the County Commissioners' Court in the Courthouse in Snyder, Texas.

ALL TAXPAYERS are invited to be present and participate in the hearing.

GIVEN UNDER MY HAND AND SEAL OF THE COMMISSIONERS' COURT OF SCURRY COUNTY, TEXAS, this the 12th day of August, 1957.

TOO HAPPY

Whistling Gets Him In Trouble

CLAREMONT, Calif. (AP) — An abatement has been slapped on a jolly fellow who says he has been whistling ever since he was a boy in Cornwallis, Ore.

That's just the trouble, claim some of Od Bachelor's neighbors, who, seeking a modicum of peace and quiet, lodged a disturbance of the peace complaint. A policeman called and told Od he'd have to knock off the whistling.

The officer said, privately, that it all seemed silly to him, and he never thought he'd have to tell a man to stop being happy.

"I guess I whistle because I have a wonderful family and a job I like," said Bachelor, "but if I'm disturbing someone I'm going to do my best to cut it out."

Bachelor has a plan. "Since the policeman came to see me, my wife has arranged to have a bowl of gumdrops always beside me. You can't eat gumdrops and whistle at the same time, you know."

His Smiles Are Costly

LOS ANGELES (AP) — Roy J. (Rusty) Burrell, 31, a bailiff, will be known around the courthouse from now on as the man whose smiles cause mistrials.

Rusty won $2,091 in damages yesterday for injuries he and his wife Clara suffered in an auto accident last year. But not before Rusty's broad grin caused two mistrials.

Defense counsel called it "a knowing smile" when Rusty's face lit up during questioning of a prospective juror. So the jury was dismissed. Then when Rusty smiled friendly like at the judge, under whom he had served briefly as bailiff, defense counsel again protested. Jury again dismissed.

So the case was transferred to another judge. This time Rusty kept a straight face and won.

Well Causes Fire Hazard

PORT ARTHUR (AP) — Trouble shooters expected to control a wildcat gas well today which has been flaring dangerous distillates since it blew out Saturday night.

The well went wild when the drillhead bit into a high pressure gas pocket on a lease four miles north of here.

Myron Kinley of Houston, oil well fire expert, reached the scene yesterday.

A spokesman said the well had created a fire hazard by spraying distillate and gas. The rig was not damaged.

The well is the 1 Lum Edwards, drilled by Meredith and Co.

Contributors To Zoo Given Police Escort

OKLAHOMA CITY, Okla. (AP)—A fund to buy two new giraffes for Oklahoma City's zoo was $60 richer today after two youngsters telephoned for a police escort for their contributions. The zoo's two giraffes died last month.

The boys—Grand Lord, 10, and Kurt Austin, 7—were picked up yesterday by a police cruiser, along with a small safe and a gallon jug, loaded with pennies.

With red light blinking and siren wailing, the officers delivered the boys and their pennies to the Park Department. The boys promised: "We'll collect some more."

Ginning Report

MERCEDES, Tex. (AP)—The Valley Farm Bureau reported yesterday cotton ginnings in Hidalgo, Starr and Willacy Counties have reached 255,551 bales for the year. At this time last year, some 385,999 bales had been ginned.

Drowns Yesterday

EUGENE, Ore. (AP)—James Lord, 17, of Seymour, Tex., drowned in a millpond near here yesterday.

EXCEPTIONAL PEACH CROP—J. Elmo Crowder, 709 Twenty-sixth Street, holds up a heavily laden peach tree limb in his back yard. Crowder has a half dozen trees from which he has gathered several bushels of peaches this summer. Most other peaches were killed by late frosts and freezes last spring, but Crowder sprayed water on his trees both at night and before sunup in the mornings to prevent frost damage—and ended with an excellent peach crop. (Lee Watson photograph)

OPENING THURSDAY

Fisher County Show Slated

ROBY (Spl.) — The Fisher County Fair, Rodeo, and Horse Show is set to open here Thursday afternoon.

The 12th annual affair will get underway formally with what is expected to be the largest parade ever held in Fisher County. It will be in downtown Roby at 6:30 p.m. Thursday.

Twenty-seven sheriff's posses and riding clubs from throughout the Southwest have been invited to participate in competition after having had a free dinner given by the host organization, the widely-known Fisher County Sheriff's Posse.

The first of the three nights of rodeo opens at the rodeo grounds in Roby at 8 p.m. Thursday, with for a large cash purse.

The livestock show, always a part of the annual Fisher affair, opens at 8 a.m. Saturday on the fairgrounds, with competition in beef and dairy cattle, swine, sheep, field crops, and women's exhibits.

The livestock show will be climaxed at 4 p.m. Saturday with the officially-affiliated registered quarterhorse show.

The three-day show is expected to close with the 8 p.m. performance of the rodeo Saturday.

Chairman of the rodeo division is Glenn Webb of Roby, while livestock superintendent is Max Sturdivant of Roby. President of the Fisher County Sheriff's Posse is O. R. Clark of Rotan. President of the Fisher Fair & Rodeo Association is Edd Carter of Roby.

Missouri Resident Enlists At Snyder

A Lawrence County, Mo., man enlisted in the Army yesterday through the Snyder recruiting office.

He is Kenneth L. Webb, who had been visiting relatives at Spur, which is a part of the Snyder recruiting area.

Sfc. James Boone, recruiter, said Webb, 19, left yesterday for Fort Carson, Colo., where he will take his basic training.

Webb enlisted in the Army for three years for direct assignment to neuropsychiatric school at Brooke Army Medical Center, Fort Sam Houston, San Antonio.

Face hair grows four times thicker than scalp hair.

Goforth Is Member Of Advisory Group

Charles G. Goforth, Army specialist first class of Snyder, is now a member of the Korean Military Advisory Group.

Goforth, son of Roy L. Goforth of Snyder, recently arrived in Korea.

He has been in the Army since July, 1949, and was stationed at Fort Polk, La., before going overseas.

Goforth is married and his wife, Lulu, lives in Texarkana.

Snyderite Attends Mann Design School

Bobby Glass, 510 Thirty-third Street, an employe of Bell's Flower Shop, is in Denver, Colo., attending the Mann Design School.

At the four-week school, Glass will learn artistry, color, harmony, rhythm, and design of corsages, bouquets, and funeral pieces.

Glass, an employe at Bell's five years, is a graduate of Snyder High School and attended Abilene Christian College and Howard County Junior College.

Safety Meeting Set

Snyder will receive a comprehensive analysis of its safety and traffic control program during 1956 in a special meeting here on Sept. 3.

Roy Dunlap, city manager here and chairman of the Chamber of Commerce highway and traffic committee, said the noon meeting that day will be held under chamber sponsorship.

Safety committee members from all the civic clubs, women's clubs, and other organizations will be invited, along with the city council and local law enforcement officials and school officials, and other interested persons.

The analysis will be presented by J. Ross Kemp, safety officer for the State Department of Public Safety. It will evaluate all phases of the city's program, covering accident records, traffic engineering, police traffic supervision, traffic courts, school safety, public safety education, and safety organization, all phases of the general administration of the city-wide traffic safety effort.

Dunlap said the analysis is organized to reflect the best thinking and experience so far on accident prevention and is especially adapted to the characteristics and needs of Snyder.

"Public support — citizen participation — is the key to success in our safety effort," Dunlap said, urging that residents interested in safety attend the meeting.

The analysis is part of a state-wide program offered by the Department of Public Safety in cooperation with the National Safety Council. Inventory coordinator for Snyder is Travis Steele, chief of police.

Suspect Charged In NY Shooting

NEW YORK (AP) — A pudgy former boxer and small-time gambler faces arraignment today in Felony Court on a charge of attempted murder in the May 2 shooting of racketeer Frank Costello.

Vincent L. (The Chin) Gigante, 29, was charged last night, seven hours after he surrendered voluntarily at a police station. He was held overnight.

He had been sought by police because he roughly fits the description of a "fat man" placed at the scene of the assassination attempt nearly four months ago.

The shooting suspect was described as a 235-or 245-pounder, 30 to 35 years old, six feet tall, with heavy thighs and a pot belly, who wears a size 50 suit and waddles when he walks.

Gigante is 5 feet 11 and weighs 215 pounds.

Costello suffered a superficial head wound in the bungled assassination attempt. Brought in to face Gigante during the questioning, Costello was described as "very cooperative" by police.

The underworld kingpin reportedly had given police no help in their search for his assailant. Whether the 67-year-old Costello identified Gigante, police would not say. Nor would they say whether five other witnesses identified him.

Deputy Inspector Fred Lussen, who questioned Gigante all afternoon, said the former boxer was uncooperative and answered no questions.

Gigante was first arrested in March 1945 on a charge of criminally receiving stolen goods. His record includes arrests for grand larceny, arson, violation of the Sullivan (antiweapons) law and gambling.

Soon after the shooting at a plush Central Park West apartment house, Gigante, a father of four, disappeared from his Greenwich Village home. Detectives staked themselves around his apartment for months.

Without notice, he appeared at the West 54th Street station around noon yesterday with his lawyer David Markowitz.

"Do you want me in the Costello case?" Gigante asked.

"We sure do," Lussen replied.

Natural Gas Sales Rehearing Denied

WASHINGTON (AP)—The Power Commission has denied requests for a rehearing on its June 24 order authorizing large offshore natural gas sales in the Gulf of Mexico.

The gas will be sold by four independent producers to Tennessee Gas Transmission, Houston.

The New York Public Service Commission and three customers of Tennessee sought the hearing. The commission said no new facts or principles of law were set forth by the applicants.

The four independents are Continental and Tidewater, both of Houston; Atlantic, Dallas; and Cities Service, Bartlesville, Okla.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*)—discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H.** At your druggist. Money back guarantee.

Cadillac

Keeping Current... For Economy!

In the illustration above, you see a very happy man at a very wonderful moment.

The title, the keys and the car are his—and he's starting out on his first journey at the wheel.

Of course, there's not much doubt as to why he decided to purchase a new Cadillac.

Like everyone else who selects the "car of cars", he did it to "keep current", so to speak, on all of Cadillac's new miracles of performance and beauty and comfort.

But coming to Cadillac, as he did, at this particular time of the year, we also suspect that he was inspired by the *added* motive of practicality.

For in addition to the *normal* Cadillac economies of modest purchase price, low operating cost and high resale value—Cadillac dealers are, at this time, *seasonally prepared* to make Cadillac ownership even more attractive than ever.

Because of the demand for used cars and because of increased production of the Cadillac car itself, the odds are that this gentleman received both a generous allowance on his previous car and prompt delivery of his new Cadillac.

Have you considered how wonderful it would be to step into a Cadillac of your own? Then, you should pay your dealer a visit—spend an hour on the highway in the luxury of Fleetwood coachcrafting—and get the facts for yourself.

You'll agree, we know, that the car is Cadillac—and the time is now!

VISIT YOUR AUTHORIZED CADILLAC DEALER
