Damage Predicted To Cotton And Grain Mild Despite Heavy Moisture

The sun smiled Wednesday and so did Agriculture.

Farmers, ginners and grainmen, pursuing a course of watchful waiting for the next few days, are optimistic about the quality of the crops. The concensus is that there has been considerably less damage than was feared during the accumulation of 4.32 inches of rain so far this month.

Grain was still too damp for harvesting Thursday, but a few hopefuls brought in enough cotton to turn out about 95 bales at the six gins in the vicinity Wednesday night and Thursday morning.

The few grades returned on the 1,271 bales ginned to date show strict low and light middlin, with extra good staples at 31/32, inch, and better. Ginmen predict the grades will improve as early as next week.

Local elevators expect to be busy by the first of the week if the sun holds out to dry the feed.

DEWEY HUKILL SHOWS TOP PIG; DARRYL DENNIS IS SHOWMAN

Olton FFA boys brought home a reserve grand champion banner and $7,410 in cold cash from the State Fair at Dallas.

Dewey Hukill exhibited the reserve champion barrow of the show and the cash came from sale of top grade livestock which took the eyes of both judges and buyers.

It was only one in a long line of triumphs for one of the Lone Star State's most outstanding chapters. Just last week representatives of the Olton chapter went to Kansas City, Mo., to accept the Gold Medal Chapter Award—one of three such honors bestowed upon Texas chapters this year.

Standing in the winner's circle was nothing new to young Hukill. He exhibited the grand champion of the same show in 1955.

Adding to the pride of the Olton chapter at the State Fair was the third place award in showmanship won by Darryl Dennis. He was one of 800 contestants.

Also Olton boys, as a group, took fifth place for their cooperation in keeping their pens and livestock neat and well-groomed.

Dewey got $1.00 a pound for his reserve champion. Gerry George exhibited a second-place duroc. Other boys showing barrows were Lonnie Miller, David Morrison, T. J. Smith and Carl Nafzger. All entries placed in the top 30 in the show.

The boys showed 19 steers in the commercial steer show and one in the milk-fed division. Don Kidd's heavyweight shorthorn placed fifth in the milk-fed division.

The following boys had prime steers in the commercial division: Edwin George, Eddie Carson, Darryl Dennis, Jerry Moore, Houston Hamby, Elmer Houston and John Paul Jones.

Students having steers in the choice classification were Jarrold and James Simmons, Deena DeBerry, Harlan Carson, Don Kidd, Roy Neal Jones, Willard Bridges and Jerry Mathis.

Prime steers sold for 34 cents a pound, plus $15 a steer bonus and choice steers brought 30 cents a pound plus a $15 bonus.

Olton boys exhibited four Southdowns and one Corredale in the lamb show. All placed among the top 20 and were shown by Houston Hamby, Darryl Dennis and John Lynn Burrow.

Other students making the show were Dickie Scruggs, Jimmy Tollett and Gerald Ray. Vocational Agriculture Instructor J. C. Lane also made the trip with the boys.

Just 52 more shopping days till Christmas.

(And I know that's correct because I just counted them off on the calendar.)

i-t-o

Speaking of Christmas—if you haven't started THINKING about it, you'd better, or it will be December 24 before you know it!

True to my credo that ANTICIPATION is one of the best things in life: Jamie and Kaysee are completely enjoying eyeing the toys in the Christmas catalogs being sent through the mails now.

And I'm sure your offsprings are, too.

Really and truly (though they don't know it and wouldn't admit it if they did know it), they get just about as much fun out of looking at them, asking questions about them, and wanting them, as they would from actually having them to play with.

Of course, Kaysee really does not realize that they are within her possible grasp. She just likes to look and point and name them.

But with Jamie it's different. After he finds out all he can about an illustration, he lies there on the floor with the catalog opened before him and his eyes just fastened on that one thing. You can almost see his mind working through his head: imagining the fun he could have with that filling station set, the take-apart airplane, the tow truck you can acually ride.

Then he starts listing the things we must write to Santa Claus for him, and occasionally he includes something for Kaysee.

And it all leaves you with the feeling that you'd go to the moon and back to get him what he wants rather than have him disappointed and let down and disillusioned.

i-t-o

It's a funny thing. No, not FUNNY either; maybe, peculiar.

When you just feel bad, you keep on doing and trying to keep on, with just a groan now and then or a comment on how bad you feel. But your moans largely fall on deaf ears, and you wouldn't dare just quit and go to bed.

Then you run a fever, so you decide it's serious enough to see the doctor.

And when he comes out, examines you, and CONFIRMS the fact that you feel rotten, then you feel justified in giving up and going to bed.

And your family sympathizes and waits on you and tiptoes about.

Actually you don't feel a bit worse than you did 24 hours ago. But the doctor has declared you ill, so it is accepted by all.

Funny, isn't it?

But it's really that way.

i-t-o

Beginning this week, Mardema Ogletree is writing a book review for us. She's a good writer, and did a super job I think. Be sure to read it. You'll find yourself buying the book, first thing you know!

i--to

Another innovation I'm sure you've already spotted: Gayle has a thumbnail of herself with her column. We're quite proud of it—and her, too.

i-t-o

Paul McFadden says sometimes the TV cartoons get a little too deep for him.

On the days he works out in the field (there really have been such days, though this blue weather makes them hard to remember), he tries to just "happen by" the house about the time Looney Tunes, Popeye and the other comics come on.

"And if I make it," he grins, "I just drop in and relax a while. Why, I'd rather watch those than lots of programs."

And this is a thinking, intelligent, progressive American man!

i-t-o

Why don't they—

Invent a check book that is also a billfold?

Or a billfold that is also a check book.

i-t-o

Notice that the Texas Jaycees are now accepting nominations for the Five Outstanding Young Texans of 1957.

They've been doing this for several years, and last year, three of the men were from not-too-large towns: Llano, Midland, Sherman.

Now that's a hint. We've got some mighty ardent community workers in our town. Some fellows who spend so much time doing for others, you wonder how in the world they run a business, much less a successful one. But they do that, too.

Though this is sponsored by the Jaycees, the nominees do not have to be affiliated with the organization.

Something to think about. Maybe we couldn't participate this year. But does look like we could have our own "Outstanding Young Oltonite" for 1957.

Hm?

i-t-o

Correction: The round-faced little fellow whose picture appeared on page one last week with his parents, Mr. and Mrs. Allen Johnston, is named KEN, rather than KEITH.

Cub Scouts Launch Activities For Big Year Ahead With Eight Dens at Work

Olton Cub Scouts, under the leadership of W. T. Hall, Jr., are beginning what may be their biggest year, with four new dens organized and about 65 boys becoming registered cubs.

Milton Hines is assistant cubmaster. Mr. Hall states that there is still more pack organizing to do even at this time.

The cubs have already experienced some "firsts", such as the Cub-Dad camp-out at Buffalo Lake last summer; the parent training session conducted here last month; and their plans for the year include the assignment of a demonstration on the blue and gold theme at the Haynes District banquet in Plainview in January, and participation in the workers roundup at Camp Post, November 2.

Eight new leaders are in charge of four completely new dens. Mrs. Douglas Sopher and Mrs. Herschel Curtis have seven boys in Den 10: Don Curtis, Albert Williams, Don Sopher, Doyle Meadows, Johnny Wilson, Lonnie Venable and David Follis.

Den 7, led by Mrs. David Grimsley and Mrs. Johnnie Patterson, is composed of Joe Fincher, Wayne Venable, Mike McMillen, Junior Grimsley and Harry Thomas.

Mrs. Melvin Hines and Mrs. Curtis Coleman lead Den 8, with Bruce Hines, Hilton Coleman, Butch Hudgens, Mike Ogletree, Leo Carabojal, Mike Stanley and Mike Williams.

The fourth new den, No. 9, is led by Mrs. Bill Kemp and Mrs. Fred Thompson, and cubs are Jay Johnson, Jerry Kemp, Roger Thompson, A. G. Hays Jr., Mike Kenny and Don Mitchell.

Mrs. Howard Hall continues as Den 1 leader; Mrs. James Fite, Den 3; Mrs. James Hall, Den 4, and Mrs. Riney, Den 6. Gerald Bizzell and Johnny Schenck are leaders for the Webelos, which meet Monday evenings.

The cub house is used almost every day of the week. Other dens meet in the homes of their leaders.

Randall Small and Garland Mason are den chiefs, and in the process of being appointed are Billy Bryant, James Adams, Rusty Sherman and Bill Cox. Mr. Hall says he still will need two more den chiefs.

Maid of Cotton Contest Begins

It's Maid of Cotton Time again.

The South Plains Maid of Cotton Committee has released rules for the 1958 contest, and is accepting applications now from single girls between 19 and 25 years of age who have been born in cotton-producing states and now live in a South Plains cotton-growing county.

The South Plains contest will take place November 18 and 19 in Lubbock, with luncheons, coffees, parade, a Cotton Ball and the finals. The winner will automatically become a finalist in the National Maid of Cotton contest in Memphis on January 2 and 3, 1958.

A $1,000 cotton wardrobe will be presented the South Plains Maid of Cotton, in addition to the all-expense paid trip to Memphis for herself and the chaperone of her choice.

Official entry blanks and detailed qualifications may be obtained at the Lubbock Chamber of Commerce, 902 Texas Avenue. However, George Brassell, Jr., chairman of the 1958 committee, stresses that, "This is by no means a beauty contest. The Maid of Cotton . . . has a tremendously important public relations job to do, and is chosen on the basis of poise, personality and background, as well as appearance."

Applications must be submitted to the committee, Box 561, Lubbock, not later than 12:00 noon November 11.

Sound Advice

Never kill a fly with a shotgun, and never use drugs left over from a serious illness for self-treatment of a similar ailment. In the first case, you'll blow your kitchen ceiling to smithereens along with the fly. In the second case—you get the point. You see, modern drugs are highly potent—that's why we dispense them only when your physician prescribes. If you dose yourself with leftovers, you may do serious damage. It's a good idea to pour the remains of old prescriptions down the drain and destroy the bottles.

JUNE BARNWELL, AMARILLO, BECOMES BRIDE OF GARY MILLER IN CHURCH RITES

The First Baptist Church chapel of Amarillo was the scene October 12 for the marriage of Miss June Barnwell, daughter of Mr. and Mrs. Morris Barnwell of Amarillo, and Gary Wayne Miller, son of Mr. and Mrs. Herbert Miller of Springlake.

Dr. Carl E. Bates, pastor of the Amarillo First Baptist Church, read the double-ring service before an altar decorated with gladiolas, pompoms and chrysanthemums flanked by greenery and candelabra. An arch of mimosa completed the setting. The bridal aisle was marked by candles tied with greenery and ribbons.

Miss Carol Ann Fouse, pianist, played traditional wedding music and marches and accompanied Joe Peterson of Plainview who sang, "Until," "Because," and "We'll Work With God."

Wears White Satin

Given in marriage by her father, the bride was attired in a ballerina-length gown of white satin brocade, styled with a scoop neckline and princess lines. It was accented with a bow at the back. Her shoulder-length veil of illusion fell from a clip hat of brocade satin. She carried a white Bible and a nosegay of white carnations and pink rose buds.

Serving her sister as matron-of-honor, Mrs. Bill Carder of Amarillo wore a frock of aqua satin brocade. It was designed with a full skirt, molded bodice and a scalloped neckline. Her hat was of matching satin and she carried a bouquet of pink carnations.

Brother Is Best Man

Dale Miller of Springlake, brother of the bridegroom, was best man. Ushers were Bill Carder of Amarillo, brother-in-law of the bride, and Dale Pruett of Plainview.

Books on Parade

by mardema ogletree

Leading out in the parade of books is ON THE BEACH, a novel by an Australian writer, Nevil Shute. The book was published in late July and already is in its fourth printing, with a number two place on the current best-seller list.

If you prefer to live like the ostrich, this novel is not for you.

But if you have the courage to face problems and possibilties courageously, you will find "On The Beach" a stimulating, challenging bit of all-too-realistic fiction.

Senator Stuart Symington says of the novel, "Every American should read ON THE BEACH. This novel vitalizes and makes an immediate personal problem out of what too many people have been unable or unwilling to accent as a possibility."

Nevil Shute introduces us on the pages of his book to a group of people living in Australia in 1963 after an atomic war has annihilated all life in the Northern hemisphere.

It seems the war started with China shooting an intercontinental rocket laden with cobalt over to Russia. There follows an account of an all too logical sequence of events. After the bombing of Washington and London there were no statesmen left to stop the suicidal war which lasted only thirty-seven days . . . And then there was no life in the Northern hemisphere.

Slowly the radiation is being borne southward in the air currents, and the Australians in the novel are all living on borrowed time.

How young Peter and Mary Holmes, an Australian couple with a baby named Jennifer react to their problems makes for heartbreaking reading. Mary cannot believe the scientist's prediction. She is the essence of complacency when she says, "But Peter, it can't happen. We live in the country."

Finally at the very last, Mary forced to face reality, asks Peter, "Couldn't anyone have stopped it?" (the war.)

"I don't know . . . Some kind of silliness you just can't stop," he said. "I mean, if a couple of hundred million people all decide that their national honor requires them to drop cobalt bombs on their neighbor, well, there's not much that you or I can do about it. The only possible hope would have been to educate them out of their silliness . . . Newspapers. You could have done something with newspapers. We didn't do it. No nation did, because we were all too silly. We liked our newspapers with pictures of beach girls and headlines about cases of indecent assault, and no government was wise enough to stop us having them that way. But something might have been done with newspapers, if we'd been wise enough."

In the novel you will meet and admire Commander Dwight Towers of the late US Navy. The plot centers around Dwight Towers and the mission of his submarine Scorpion. How he reacts to his problems and the plight of Moira Davidson, a young Australian girl, makes for reading you won't forget . . .

7th-Grade Team Beats Canyon

By Larry Poage, seventh grader

The seventh grade football team played Canyon September 17, here. A large crowd attended. When we saw Canyon's team, we knew we had a fighting chance. They had a good strong line and a smart, quick-thinking backfield.

Jerry Peterson kicked off for Olton. Canyon made their touchdown during the first quarter. Then we woke up and Robert Garcia, with a lot of blocking, made a touchdown for Olton. Later on, Robert intercepted a pass and was run out of bounds.

Then, Jerry Peterson ran another touchdown for us.

The game ended with the score, Olton 13 and Canyon 6.

The Littlefield game was a hard one. Littlefield has some large players on the seventh and eighth grade teams. Robert kicked off for the seventh grade. There were plenty of long, hard runs by Olton but not a one was a touchdown. The final score was Littlefield 14, Olton O.

(Ed's note: The seventh and eighth grade teams met Plainview here Tuesday night. They will play Hereford there, October 29. The eighth grade team meets Abernathy here November 5.)

Flu Definitely On The Wane

Olton's influenza villain is on his way out this week, but is still putting up a fight to stick around.

Drs. Ben Souders and Lynn Fite agree that there are not nearly as many cases this week as at last report. School Supt. Noel Johnson reports that absenteeism at school was greater this week than last, but a great deal of it, he explains, may be attributed to the fact that the busses were not able to run on the dirt roads because of the rain.

Absenteeism, he goes on, was 18.19 per cent this week, as compared with 11.5 per cent last week.

Muleshoe Mules Down Mustangs; First Win Over Olton In History

Muleshoe defeated Olton 33-21 here last Friday for the Mule's first football win in history over the Mustangs.

Muleshoe, in the tradition-smashing win, ended the long years of bitter frustration that had seen some thrilling, rock ribbed battles with Olton the perennial victor.

Mule Halfback Donnie Schaeffer wrote his name indelibly in the glorious annuals of South Plains football and the hearts of Muleshoe fans as the sensation sophomore sprinter scored on runs of 64, 65, 80 and 33 yards, and was a bear on defense all night.

But it was definitely not all Muleshoe; Joe Turner and Jeff Smart's flu-weakened Mustangs were very much in contention all the way. Fullback Jack Roye Straw ran brilliantly, scoring twice and adding three points from placement.

Displaying the indominatible Mustang will, Billy King, Clinton Billingsley, and Arno Hall got up from the flu-bed to play, while Jack Hysinger and James Carson displayed their usual good performance.

The offensive spectacular got off with a bang when the mercury footed Schaeffer broke off tackle and scampered 64 yards to score on the first play from scrimmage. The point was missed, giving Muleshoe an early 6-0 lead.

The scrappy Mustangs bounced right back and drove 76 yards on the fine running of Straw, Ronnie Dennis and Royce Bodkin. Hall climaxed the drive with a scoring 5 yard sweep, and Straw booted the point to give the locals a 7-6 advantage.

The Mules regained a lead they never relinqushed on a 40 yard Johnson-to-Corralez pass, and the sparkling Schaeffer scooted 33 yards with a pitchout to give the visitors a 20-7 halftime bulge.

Midway in the third period, Schaeffer picked off an errant Mustang pass and sizzled 65 yards down the sideline to put the Mules out front 26-7.

Olton scrapped back with the next kickoff and drove 80 yards with rugged Straw punching off tackle to score from 9 yards out, cutting the point spread to 26-14.

Schaeffer broke the Mustangs back on the following kickoff by racing 80 yards to score, but the always eager locals refused to play dead and rolled to the double stripe on the pin-point aerial artistry of James Hyatt and a sensational catch by Don Edwards, the lanky Mustang Wingman who fulfilled his vast potential as a pass receiver.

Straw scored on a trap play from 11 yards, and wound up the nights scoring at 33-21.

SISTER HERE

Mrs. George Knight, sister of E. W. Walden, is visiting in his home here. She lives in Malvern, Ark.

Olton's Mustangs will meet Tulia in another conference clash at Tulia Friday night.

Happy Trips Hart 20-13

The Happy Cowboys kept a firm hold on their lead in District 3-B by edging past the Hart Longhorns 20-13, in the closing minutes of a game played last Friday night at Happy.

Happy started the scoring on a double reverse with Larry Sexton going 15 yards for the TD. Extra point was blocked by Connard Riddles. In the second quarter, the Longhorns came back, driving 86 yards with Lonnie Bradley carrying over from four yards out to tie up the game at six all. Bradley ran over the extra point to put Hart in the lead 7-6.

With a minute and a half to go before the half, Hart was on Happy's eight with first down and goal to go, but fate stepped in. On first down, Hart fumbled with Happy recovering. Hart led 7-6 at half-time.

Happy kicked off to Hart to begin the second half. Johnny Hindman returned the ball to his own forty. On the first play, Gene Varner picked up eight. On the second play, Hindman picked up seven yards and a first down. On the next play, Lonnie Bradley hit off tackle and rambled 45 yards for the Longhorns' second touchdown. The extra point was no good. Hart led 13-6.

Late in the third quarter, Happy came back with a 60 yard drive with Dub Oler plunging the last two yards for TD. Extra point was run over by Johnny Lemmons to tie the score at 13 to 13.

Early in the fourth quarter, Hart's fine quarterback, Johnny Hindman, was carried from the field with a back injury. With only four minutes left in the game, Happy started a drive from their own twenty, going eighty yards for final score, with Oler going off right tacke for 12 yards and TD. Oler converted to make the final score 20 to 13 in favor of Happy.

Boys seeing action for Hart were Johnny Hindman, Lonnie Bradley, Connard Riddles, Gene Varner, Jerry Varner, Jerry Kittrell, Durrell Dunham, Joe Webb, Bob Bowden, Armando Gonzales, Johny Lacy, Ronald Clark, and Edgar Byrd. Ronnie Farris saw limited service for the first time since being injured in the Quitaque game.

Optometry: The Art and Science of Visual Care

A MESSAGE TO PARENTS
on Children's Eyesight . . .

by South Plains Optometric Society

This seal is plainly displayed by members of the Texas Optometric Association who are pledged to a rigid code of practice.

What Can Be Done To Slow Down Or Stop Nearsightedness In Children?

Reports of research from Purdue University and the Gesell Institute of Child Development offer the best solution.

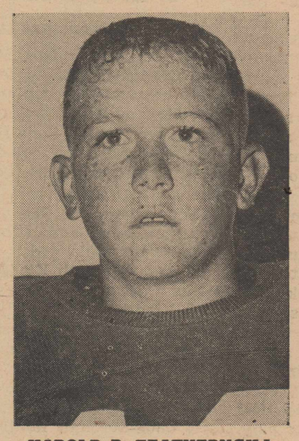

Visual training and/or the use of special preventive bifocal lenses have proven to be most effective in combating nearsightedness. Most nearsightedness in children, research shows, comes from too much visual tension in doing near work. Preventive bifocal lenses reduce the tension and in this way nearsightedness can be helped or even prevented. Don't confuse these special preventive bifocal lenses with the same kind of bifocal lenses older people must wear.

If your optometrist recommends bifocals and/or visual training for your child, be thankful that he uses modern methods of prevention. Give him your fullest cooperation. The Texas Optometric Association recommends that a student should have an eye examination at least once each year in order that tendancies toward nearsightedness might be detected early enough to prevent a general breakdown of vision.

"Mustang Tale"

BY GAYLE McANALLY

"Anybody have a 'kleedex'?" This is one of the most popular sayings of just about everyone since flu, colds and 'runny' noses started making the rounds. Oh well, anybody have a kleedex?

* * *

Wonder what Sue Witten was so excited about just before the Olton cheerleaders went to welcome the Muleshoe cheerleaders? Don't suppose it could have had anything to do with Harlan Carson just returning from Dallas and the stock show! Huh? (Poor Sue had to go to the Muleshoe side before she got to talk to Harlan.)

* * *

Speaking of FFA boys, Harlan, Houston Hamby, Elmer Houston, Darryl Dennis, Willard Bridges, and several others returned Friday night with many, many ribbons from the stock show in Dallas. Congrats, boys!

* * *

Maenette Dennis, Dewey Hukill didn't come home as soon as the other boys, did he? (Maenette had to wait until Saturday night to see Dewey because he had captured one of the biggest honors at the stock show.)

* * *

Several couples together after the game Friday night were Ronnie Dennis and Judy Ogletree; Houston Hamby and Sharron Dennis; Sue Witten and Harlan Carson; and Elmer Houston and Sharon Porter.

* * *

POSIES AND PICKLES DEPT.

POSIES to the FFA boys for their many ribbons won in Dallas!

PICKLES to this ole' rain!

POSIES to the football team for really hustling!

PICKLES to the flu which just keeps on and on and on and on and on . . .

* * *

So we came out on the small end of a football score Friday night. So what, BEAT TULIA, MUSTANGS! (Besides, our team really showed some work.)

* * *

Hayden Hankins and Janet Oak were together Saturday and Sunday night. Well, well, a new couple?

* * *

CAN YOU IMAGINE——

Mary Austin not smiling and being unfriendly?

Larry Jordan and Lana Hair not winning another honor in their class?

Lonna and Donna May not being confused?

Charlene Taylor being noisy?

Ellen Jones not being called "Bones"?

Kent Wozencraft and Jack Roye Straw without Judy Moore and Linda Clark?

* * *

Margaret Matney and Johnny Schenck were recently elected eighth grade favorites. These two are both football minded. Margaret is head cheerleader for the eighth grade and Johnny is one of the leaders on the football team.

* * *

Some of the always together couples: Barbara Jones and Royce McFadden; Dwayne Stiles and Nelda Green; Linda Clark and Jack Roye Straw; Kent Wozencraft and Judy Moore; and Doniece Silcott and Sherrill Alexander.

* * *

Nearly everybody was out on the town Saturday night. Here are just a few of their names. John Paul Jones and Darryl Dennis; Maenette Dennis and Dewey Hukill; Elmer Houston and Sharon Porter; Sharron Dennis and Houston Hamby; Jackie Pinson and Mary Scribner; Sue Witten and Harlan Carson; Charlie Giles and Prissy Bostick; Doniece Silcott and Sherrill Alexander; James Simmons and Gayle Clark; Royce McFadden and Barbara Jones; Renee Givens, Melvin Kersh, Joy Doggett and Calvin Kersh; Marion Green, Butch Hulsey, Winfred Hair and Harold Featherngill.

* * *

Don Hardy and Gayle Machen were together after the ball game Friday night and also on Saturday night. This couldn't happen to be the starting of something new, could it?

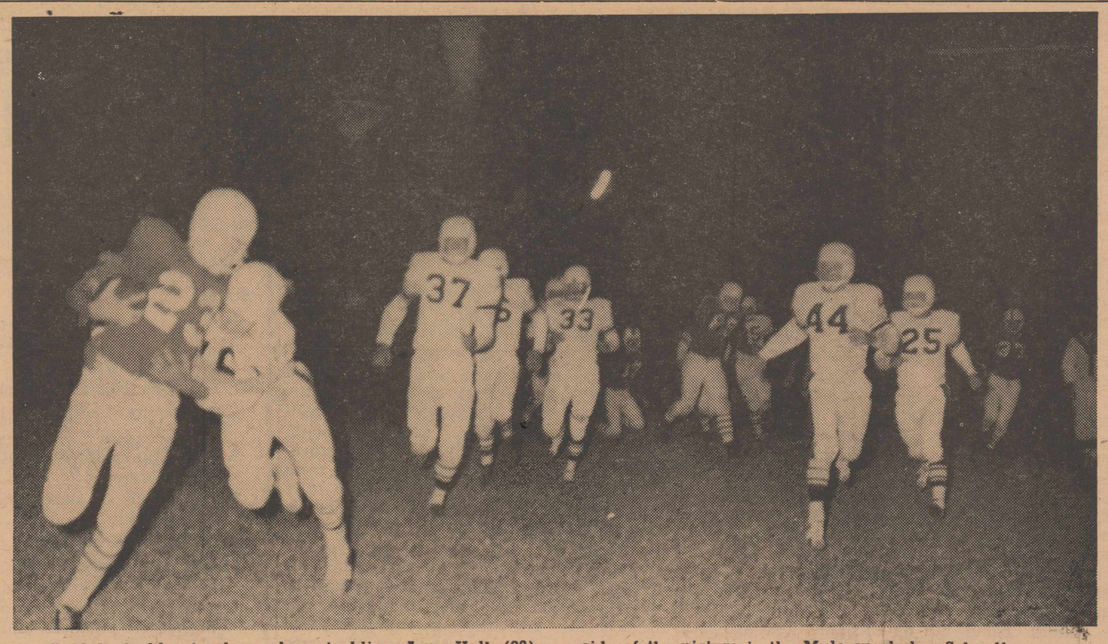

* * *

Sunday night togethers included: Judy Ogletree and Ronnie Dennis; John Paul Jones and Maenette and Darryl Dennis; Jack Hysinger and James Simmons; Gayland Graham and Mack McGill; Judy Lacewell, Joyce Gray, Janice Campbell and Deeda Kemp; and Houston Hamby and Sharron Dennis.

* * *

My news may be old and filled with mold,
But, even at that, the tale must be told.

ATTEND CHURCH SUNDAY!

A BIG Mule tackler is shown here tackling Arno Hall (23) carrying the ball. No. 25 in the Muleshoe livery at the right side of the picture is the Mule sparkplug Schaeffer.

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Lamb County at the Courthouse thereof, in Littlefield, Texas, by filing a written answer at or before 10:00 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 2nd day of December, A.D. 1957, to Plaintiff's Petition filed in said court, on the 17th day of October, A.D. 1957, in this cause, numbered 4301 on the docket of said Court and styled Major T. James, Jr., et ux., Plaintiffs, vs. William Steeb, et al., Defendants, the said Major T. James Jr., and Elizabeth James, being all of the plaintiffs and the above named persons being all of the defendants in said suit.

A brief statement of the nature of this suit is as follows, to-wit:

For cause of action, plaintiffs represent to the Court that on or about the 16th day of October, 1957, they were lawfully seized and possessed of the following described land and premises, situated in Lamb County, Texas, holding and claiming the same in fee simple, to-wit:

Being all that certain lot, tract or parcel of land lying and situated in Lamb County, Texas, described as being all of Lots Nos. Nine (9) and Ten (10), in Block 138, of the Original Town of Olton, Lamb County, Texas, as shown by the map or plat of said town recorded in Volume 4, Page 178-179, of the Deed Records of Lamb County, Texas, reference to which record is here made for a more particular description, together with all improvements thereon situated.

That on said date, defendants unlawfully entered upon said land and premises and ejected plaintiffs therefrom and unlawfully withhold from them the possession thereof, to their damage, $12,750.00. That the reasonable annual rental value of said land and premises is $600.00. That this action is brought as well to try the title as for damages. That plaintiffs claim title to said land and premises under and by virtue of the three and five year Statutes of Limitation; and the plaintiffs claim that permanent and valuable improvements were made on the land during such possession of the value of $11,750.00, to which improvements plaintiffs claim title, and that such improvements were made in good faith on said land; as is more fully shown in Plaintiff's Original Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and seal of said Court at Littlefield, Texas, this the 17th day of October, A.D. 1957.

FORE AND AFT—IT'S GREAT

Effectiveness of the 1958 Chevrolet styling is shown by this front-rear view of the Impalas, luxury models in the Bel Air series. The gull-wing sweep at the rear is a perfect complement for the fleet, flowing lines that begin with the fine-grid concave ribs of the grille. In addition to complete body redesign, the latest Chevrolets offer such features as Level Air suspension or all-round coil spring suspension, a more rigid frame and body and an unusual new V8 engine. Impalas top an offering of 17 models.
