Chairman J. P. White Heads Dawson Victory Loan Drive

101 Students Are Listed on Honor Roll List

Names of 101 high school students have been placed on the honor roll for the first six-week period. The list has been furnished the Courier by H. S. Fitzgerald, high school principal.

Honor roll students include the following:

Freshmen—Carl Anthony, Juanita Archer, Patricia Blanton, Maxine Breeding, Etha Joy Brower, Shirley Carlson, Geraldine Cheery, Betty Jo Chilton, Billie Cline, Doris Corley, Cordell Cox, La Juana Crawford, Martha Dollar, Clyde Gibson, Suzanne Goen, Guinn Gross, Jean Haney, Louis Hogan, Gene Ireton, Helen Joy Keathley.

Grace Kelso, Barbara Long, Anita Magill, Viola Marx, Warren and Walter Messingale, Helen Ruth Merritt, Elton Moore, Reba Mundell, Jo Nell Patterson, Jerry Renner, Kee Robinson, Thelma Robinson, Nadine Shaeffer, Billy Ray Scott, Winifred Sellers, Charles Smith, LaVera Thompson, Joan Walls and Earliann Williams.

Sophomores—Hal Barron, Alice Ann Burgundy, Betty Currie, Jimmie Davis, Wayne Hoskins, Ann Mullins, Joan Porter, Myrtle Prather, Jane Rowan, Margaret Ward, Van Welch and Freda Womack.

Juniors—Lillian Alexander, Sue Ashley, Mary Agnes Bates, Lavinia Benson, Janice Berry, Ruth Bryant, Jack Cato, Lena Sue Chilton, Jimmy Lee Cotten, Adell Crumpler, Emma Ruth Dugger, Jean Dyer, Onita Esmond, Sammie Garrett, Drusilla Hardwick, Nancy Hollingsworth, Keith Kennedy.

Ann McGuire, Walter Perkins, Theda Ruggles, Helen Shipp, Patsey Stanfield, Jimmie Lou Sumpter, Dan Terry, Jimmy Wade, La Joyce Wilson and Ray Womack.

Seniors—Royce Absher, Carolyn Baldwin, Audrey Barvon, Glene Boatright, Joy Corley, Melba Cowger, H. L. Crouch Jr., Jimmy LaRue Eoff, Marzelle Fields, Joy Greene, Edgar Lee Hawkins, J. B. Henley Jr., LaVera Hillman, Jimmy Holcomb, Fannie Lee Jones, Virginia Luker, Bill Matlock, Wanda Middleton, Lorayne Morris, Ted McCollum, Orvil Nieman, Homer Rippey, Faye Rogers, Janet Rogers, Jonnie Smith, Margaret Smith, Betty Jo Taylor, Bill Taylor, Nancy Walker, Wanelle Ward, Biddy White and Mary Helen Whitte.

OPA Office Will Open at 10 a. m. Closing at 3:30

Office hour changes at the Dawson County War Price and Rationing Board will become effective Friday. The office will open at 10 a. m. and close at 3:30 p. m.

The change was made necessary, said Clay Randolph, chief clerk, because of increased work for the clerical assistants.

Friday also will mark the date for the local OPA board's taking over Borden County. Nineteen boards in the district will now handle the rationing in a 71-county area, headquarters of which now is in Fort Worth.

Pfc. Victor L. Foster known to his friends as Frosty, is now serving with the 84th Engineers Aviation Battalion. Having been in the service 31 months, he has spent 21 months of that time overseas, participating in the battle of Leyte, and is now stationed on the island of Okinawa. Foster is expected to be home by December or January. He is the son of Mrs. Thelma Foster of Mission, and prior to entering the service he was employed at the Rhodes Service Station. His wife the former Mrs. Ophelia Barrow, lives in her home here.

County Quotas Set at \$250,000 in E Bonds. Overall of \$480,000

J. P. White will serve as chairman for the 1945 Victory Loan Drive in Lamesa and Dawson County. Kickoff for the drive will come Monday, October 29, the chairman announced, and it will close December 8.

Selection of the local insurance man to direct the Victory Drive Loan was announced early Thursday by Carl Rountree, chairman of the county's War Finance Committee.

Set quotas in the Victory Loan for Dawson County have been set at \$250,000 in series E bonds, with an overall goal of \$480,000.

Figures for Dawson County's Seventh War Loan Drive reviewed by Rountree showed that the overall quota was surpassed by \$64,000. A total of \$840,563.25 in War Bonds was sold, a comfortable margin over the \$775,000 quota.

The series E quota, however, was not reached, he said. The goal on E bonds was set at \$445,000, and \$375,596.25 were sold.

The county chairman will announce his committees and community assistants this weekend.

Grand Chancellor Schedules Official Visit in Lamesa

BARNEY P. ASHLEY

Official visit to the Lamesa chapter, Knights of Pythias, of Barney P. Ashley, Grand Chancellor of Texas, will be made Monday, November 5. Grand Chancellor Ashley, whose home is in San Angelo, will meet with local lodge members at 7:30 p. m. in the lodge hall.

The San Angelo KP official will be a guest of his nephew, Ira Ashley, past local chancellor, during his Lamesa visit.

Chancellor commander of the Lamesa KP unit is Rufus Pruitt, who will be in general charge of the preliminary program.

From Lamesa the grand chancellor will make visits to the Lubbock, Spur and Tahoka lodges.

H. C. Adams Heads El Paso Egg Producers

H. C. Adams, former Lamesa resident who still owns extensive property here, has been elected president of the El Paso Egg Producers Association, which has completed its 22nd year of operation.

Annual report of the association, oldest of its kind in Texas, showed good financial condition.

Marketing cost this year, including furnished egg cartons, was less than three cents per dozen, Adams reported to his brother, Clyde Adams of Lamesa. In addition to marketing eggs, the association sells quick-frozen poultry and operates a 336-locker storage plant.

Other new officers, elected at the annual meeting, include Mrs. Lena F. Lynch, vice president; H. G. Wilder, secretary; Mrs. Ollie Meek, director; and P. Specht, association manager.

Telephone Man Reveals Plans

Mills Roberts of Hobbs, N. M., district manager of the Southwestern Associated Telephone Company, spoke at a citizens' meeting in Lamesa Tuesday in the chamber of commerce office.

Plans for improving telephone service were revealed by Roberts. He indicated that materials are now on hand to build another circuit to Big Spring and Lubbock. Work should begin in about 60 days, he said.

EMPLOYEES PICTURE—In this picture you see the people that make up the personnel at our plant. Back row, reading left to right, is Wm. (Bill) Spence, parts mgr.; Elvis Barker, mechanic; Joe Blanks, parts department; Jack Blakeley, service mgr.; Gene Womack, mechanic; Bill Pennington, wash and lubrication. Front row: Warren Stottwell, salesman; Miss Veina Ruthledge, clerk; Miss Nelda Whitmore, stenographer; Miss Louise Murphy, bookkeeper; J. D. McPhaul, owner and manager; Yank Brown, mechanic; also we have L. A. Clark, Lee Clark, mechanics, and J. H. Martin, porter, not shown in the picture.

McPhaul Motor Company Announces Formal Opening of New Building, First 1946 Ford Passenger Car to Be Displayed in Showroom Space

All dressed up to celebrate its second anniversary, McPhaul Motor Company, Lamesa's Ford dealer, has announced formal opening of the new building for tonight, Thursday. People of the trade area are invited to visit the new Ford plant between 7 and 9 p. m.

Employees of the company will be on hand to show visitors through the new modern building. Refreshments will also be served.

McPhaul Motor Company will celebrate its second anniversary as Lamesa Ford dealer on November 15, after surviving the most difficult problems it has ever encountered in the automobile business.

J. D. McPhaul, owner-manager, highlights among the difficulties an inadequate building, facilities and equipment, parts shortages and inexperienced manpower. "The challenge has been constantly before us to do the job that the people we serve are worthy of. Constantly, we have realized that it would be necessary to make many changes before this service could be perfected to the satisfaction of our company personnel," McPhaul said.

Now McPhaul Motor Company is operating in its new ultra-modern building at the corner of South Second and Austin Streets. The new building, containing almost 10,000 square feet of floor space, is modern in every detail.

The large modernistic showroom, which protrudes toward the streets, is overshadowed by two rounding modern brick corners and enclosed

J. D. McPhaul, sole owner of the McPhaul Motor Company in Lamesa, is pictured above. Formal opening of McPhaul's new Ford agency building will be held tonight (Thursday) and Friday, a 1946 Ford passenger car will be on display.

by 80 feet of continued glass. The unbroken line of glass makes this type of showroom the most modern known.

The showroom houses a modern parts department, where orderly and convenient arrangement of parts makes prompt and courteous service easy. Genuine Ford accessories are neatly displayed in a large showcase, and the parts bins are arranged on the north side of

the shop for cars. At the west are three stalls large enough for the largest truck or trailer.

After repairs have been made, customers will find it convenient to leave through the east door, the owner stated.

The service manager's office is located just inside the shop entrance. Next in line is the John Bean wheel alignment machine, which has saved many tires with regular checking.

Northwest corner of the shop houses the motor room, where most of the motor reconditioning is done after the motor has been removed from the car. Heavy tools—such as pin hole machine, valve machine, parts washer, 20-ton press and welding equipment—are kept here. Nearby is a cabinet holding other hand tools especially designed to do all types of repair work for maintenance of Ford cars and trucks.

Modern wash and lubrication department is on the south side. Equipment in this department is new and especially designed to be used in servicing Ford products.

Architect for the new McPhaul Motor Company building was Harvey C. Allen, and the contractors were Walter & Allen. They are well known in Lamesa as fine builders. McPhaul praised.

The company also owns a 55x140 lot north of the new building that will later be a used car lot.

The McPhaul Motor Company is owned solely by J. D. McPhaul, its manager.

Mexican Baptist Association in Lamesa Meeting

San Antonio Ministers To Address Delegates Of Annual Conference

Lamesa's Mexican Mission will host the annual meeting of the West Texas Mexican Baptist Association from Friday through Monday, Rev. E. B. Gonzalez, pastor, expects attendance of over 20 ministers from the western area for the morning and afternoon sessions.

Features of the program will be addresses by Rev. Loyd Corder and Rev. Paul Seeveman, both of San Antonio.

Rev. A. L. Ortiz of Amarillo, moderator of the association, will be in charge of the sessions during the three-day meeting.

Taking part in the Saturday morning program will be Dr. Clarence A. Morton, pastor of the First Baptist Church in Lamesa, and Mr. and Mrs. Owen C. Taylor of Lamesa. The local Mexican pastor has announced that the Spanish Women's Missionary Society will participate in all programs of the association's conference.

Friends of Spanish work among the Baptists will find a cordial welcome in all of the meetings, Rev. Gonzalez said Tuesday.

Mustangs Meet Tornadoes Friday In Sweetwater

Dawson County's six-man football league still has a couple weeks to go. A double round-robin will determine which team represents the county in district play.

Slated to play Friday are Union at Sparenberg and Klondike at Ackerly.

Last Friday's games resulted in wins for Union and Sparenberg. Union defeated Ackerly 19 to 8, and Sparenberg took down Klondike 28 to 7.

The six-man competition will go through district and bi-district stages.

Brother Of Mrs. J. W. Elam Dies

Mrs. J. W. Elam received word recently that her brother, L. E. Malone of Richmond, Virginia, passed away Monday, October 21, after a short illness.

Members of his family from this section were unable to attend the funeral, but gathered in the home of Mrs. Elam. Those present were Mr. and Mrs. Wells Malone of Plainview, and Mrs. N. W. Bingham of Midland.

Scouts, Brownies Plan Week-Long Local Programs

Lamesa Girl Scouts and local citizens will join a million wearers of the grey-green uniform for the observance, October 28 to November 3, of Girl Scout Week. Girl Scouts around the world will be honored in local programs to stress the theme of the week, "Citizenship in Action Around the World."

A program has been arranged for the week-long observance with each of the 10 Girl Scout and Brownie troops participating, said Mrs. Carl M. Cox, publicity chairman.

Troop 5 led by Mrs. Gordon McGuire Jr. will present a program at the Methodist Church Sunday morning. Mrs. Fred Mitchell, Mrs. S. M. Loop and Mrs. David Jones will take their Troops 3 and 7 to the First Christian Church Wednesday night. There the Girl Scouts will give a discussion program.

Delphian Club members will hear a special program by Brownie Troop 8, under leadership of Mrs. Leslie Pratt. Scouters in Troop 10 and Mrs. Leonard Scott, leader, will attend church services in a body.

Climaxing the week's observance, Rev. Clarence A. Morton, pastor of the First Baptist Church, has invited all Girl Scouts and Brownies and leaders to be guests of honor at night services on the night of November 3.

War Fund Drive Totals Remain At Half-Way Mark As Zero Hour Approaches

Four ABC Clubs Send Members to Lamesa Banquet

Installation banquet for officers of the newly formed Lamesa chapter of the American Business Club held at the Plaza Hotel Tuesday night, attracted 100 business men from four West Texas towns. Out-of-town ABC club members were from Lubbock, Big Spring and Amarillo.

Pete Newman of Lubbock, secretary of the national association presented a charter to the local organization during the two-hour program. Jimmy Wilson, Lubbock ABC president, was master of ceremonies.

Also on program were B. Watkins of Lubbock; J. H. Fortenberry, Lubbock district governor; Sam Jenkins, Lamesa Rotary Club president; Leslie Pratt of the local Lions Club, and Rev. Ralph Underwood, minister of the Lamesa First Christian Church.

Officers of the Lamesa ABC chapter, which has 50 charter members are Johnny Lyons, president; John Scoggins and Ben Allen, vice presidents; W. W. (Bill) Warren, secretary-treasurer; and Dr. J. D. Burleson, sergeant-at-arms.

Hollis F. Borland, navy seaman first class, son of Mr. and Mrs. L. W. Borland of Union Community, arrived here with his wife October 8 to spend a 15-day leave visiting with his family and friends. A graduate of Union High School, Borland entered the navy July 18, 1944. After receiving his training at the Naval Training Center, he became a member of Carrier Aircraft Service Unit No. 5, and was sent to the North Island Naval Air Station. His wife lives near his station in Coronado, Calif.

Proposed City Ordinance to Initiate "Make Lamesa Best" Campaign

Good idea, this "Make Lamesa Best" campaign, but what are we going to do about it?

That's the question that has been topflight in the minds of Lamesans since learning of the city council's plan to improve the town. Not one citizen, but many have asked the question.

Reaction of Lamesans was one reason for publicizing the campaign, said Mayor Sam Richardson. The citizens have reacted, and he believes they will be 100 per cent behind the campaign.

GARBAGE IN SPOTLIGHT

Number one on the list of improvements in the mind of City Manager G. T. Hill is in the health and sanitation line—in the form of a proposed city ordinance to regulate pickup and disposal of garbage.

The ordinance will be presented by Hill for action by the city council at its next regular meeting, the second Tuesday in November.

Lengthy wording of the ordinance would set forth purchase by the city of a new enclosed-bag garbage truck . . . provide for burying the garbage . . . daily pickup in the business district and either two or three weekly rounds of the residential districts . . . payment of garbage disposal fees . . . installation of covered garbage cans . . . plus penalty for violation.

COVERED CANS REQUIRED

Under the ordinance the accumulation of garbage or refuse on public or private premises would be prohibited. Rodent and insect proof garbage cans (covered) would be required for both business and residence properties. Under no condition would the placing of loose trash be permitted.

The ordinance would provide for

County Leaders Voice Hope of Completing Quota Before Deadline

Dawson County was still far from reaching its \$10,371 quota for the 1945 United War Fund late Wednesday. Few rural communities, however, had turned in their contributions, records of Don Emory, treasurer, showed.

Total in the hands of Emory was \$5,310.73, just past the half-way mark when stacked up against the county's goal.

Final tabulations in the War Fund drive are scheduled to be made this weekend, said J. R. Leuenberger, county chairman. Efforts are being made to wind up the drive before opening of the Victory Loan drive.

Proceeds from a pie supper at Grandview totaled \$119.75, and that sum was turned over to the community War Fund chairman, Hancock School donated \$2.60.

Other contributors and their War Fund gifts include Ebbie Lee \$10, Joe B. Tarleton \$10, Earl Henderson \$2.50, H. L. Vaughn \$2.50, Drew Davis \$1, J. H. Corbin \$2, Mrs. Kenneth E. Esmond \$5, Gladys Wells \$1, J. D. McAmis \$5, J. E. Ray \$2.50, N. G. Glasscock \$1, Lester Nelmyer \$2.

Ed Hatch \$3, Mrs. Zoanna Wood \$5, C. H. Winttingham \$5, M. C. Kidd \$5, H. E. Blair \$5, Dewey Koslosky \$30, Sears Roebuck & Company \$25, Beckham Brothers \$20, Liddell's Cafe \$7, Jim Forrester \$5, Annie Guy Watkins \$1, Mrs. C. M. Mitchell \$5 cents.

Tim Boyd \$2, Mr. Oates \$10, R. E. Speck \$5, Hubert Watkins \$5, H. L. Phipps \$1, Marian Martin \$5.

Dawson Countians who have not made contributions to the War Fund have been asked to turn in their money at once.

Charnell Jobe Nominated As WTCC Director

Charnell Jobe was recommended as 1946 Lamesa director for West Texas Chamber of Commerce at a meeting of the local CC executive board this week. WTCC director here this year is J. R. Luebenberger.

The Lamesa CC recommended John D. Mitchell of Odessa as district WTCC representative, and voted on the eight planks in this year's WTCC referendum. Final balloting will be at the referendum meeting in Abilene November 5.

The meeting will be attended by Leuenberger and Mrs. Matt McCall, president and manager, respectively, of the Lamesa Chamber of Commerce.

Proposed City Ordinance to Initiate "Make Lamesa Best" Campaign

Good idea, this "Make Lamesa Best" campaign, but what are we going to do about it?

That's the question that has been topflight in the minds of Lamesans since learning of the city council's plan to improve the town. Not one citizen, but many have asked the question.

Reaction of Lamesans was one reason for publicizing the campaign, said Mayor Sam Richardson. The citizens have reacted, and he believes they will be 100 per cent behind the campaign.

PLANES YOU WILL FLY IN

AIRLINES are ready to swing into action with these models, most of them war tested, but brand new to civilian operations. a—Curtiss Commando (C46)—Largest twin-engine transport, gained war fame flying the "Hump." It will carry 36-45 passengers at 250 miles an hour. b—Martin Mars (JRM)—World's biggest flying boat. Cruising at over 200 miles an hour, it can carry 106 passengers with a payload of more than 14 tons for over 3000 miles. c—Lockheed Constellation (C69)—Giant war transport and holder of a transcontinental record, can carry 64 passengers or considerably more people than shown standing under its 123-ft. wing span. d—Boeing Stratocruiser (C97)—Crossed continent in just over 6 hours. This counterpart of the Superfortress will carry 90 passengers at 380 miles an hour. e—Douglas DC4 (C54)—Workhorse of war-time transport will be among first newcomers to civilian use. Carries 44 passengers at 250 miles an hour. f—Consolidated Vultee "37"—Giant 204-passenger plane is 12 times size of present twin-engine airliner and will cruise at 340 miles an hour.

Organization Of Welch HD Club Thurs., Oct. 18

Mrs. Myrtle Dickie Negy, County Home Demonstration Agent, met with the ladies of the Welch community Thursday afternoon, October 18, at the home of Mrs. Fred Raney, to help organize a Home Demonstration Club.

Being the first meeting, Mrs. Negy officiated in the electing of officers who are Mrs. Fred Raney, president; Mrs. Everett Turner, vice-president; Mrs. Woodrow McLaurin, secretary-treasurer; Mrs. Nolan Jayroe, council delegate; and Mrs. Joe Jayroe, reporter.

Mrs. Negy gave a very interesting and useful demonstration on home made Christmas gifts, also talks on dress forms and crocheted purses. Appointments were made to meet in her office for more specific instructions.

Decision was made upon the drawing of the White Elephant for funds, the first gift being presented by Mrs. Negy. The time set for future meetings are the second and fourth Thursdays of each month.

Refreshments were served to Meses. G. V. Boyer, Raymond Preston, H. E. Reed, Fred Raney, C. O'Brien, Ruby Coor, Harve Burkett, Everett Turner, Nellie Boyer, Nolan Jayroe, Woodrow McLaurin, Joe Jayroe, Leith Higginbotham, Claude Gowen and Mrs. Negy.

Everyone is cordially invited to attend the next meeting, which will be at the home of Mrs. G. V. Boyer, November 8.

Mrs. Dan Ogletree Honored At Dinner Party Thursday

The Wesley Workers' Class of the First Methodist Church honored Mrs. Dan Ogletree, their former teacher, with a surprise dinner Thursday, October 18, at eight o'clock p. m. at the home of Mrs. Tom Conner, 709 North Katherine Street.

The dining table was laid with a lace cloth and centered with a potter swan holding pink rose buds and greenery. Following dinner Mrs. Ogletree was presented a gift of lingerie from the members of the members of the class.

Guests were Meses. Merle Doyle, Myra Nell Dudley, Dorothy Haney, Guy Cope, Wells Lovelless, Will Morris, Tom Conner, Searcy Orr, Ruth Hawkins, Hiram Vaughn, Ruth Yudiskey and the honoree.

First Birthday Is Celebrated

Mrs. L. C. Locke entertained with a party Tuesday, October 23, from 4:30 to 6:00 p. m., at her home, 305 North Katherine Street, honoring her little daughter, Nancy Lee, on her first birthday.

Games of bobbing for apples and punning the tail on the donkey were played before the children were served hot chocolate and birthday cake. As favors the boys were given candy filled airplanes and the girls filled Scottie dogs.

Guests were Guthrie Ann Allen, Sandra Lea Corbin, Bonnie Jean Fields, Mary Ellen Casey, Micky Jo Whisenant, Sue Cox, Yvonne Hollis, Charles Royce Middleton, Webb Corbin, Waymond Fields and Calloway Hollis.

Joe Williams' Son Drowns Near Waco

John Paul Williams, eight-year-old son of Mr. and Mrs. Joe Williams of Waco, former Lamesas, was drowned Monday. The youngster drowned when the car driven by Mrs. Williams overturned into Williams Creek, near Waco.

Mrs. Williams, who suffered from shock and injuries, kicked the glass from the car in an attempt to save her child. She was rescued by a neighbor.

Joe Williams, former Dawson county agent, is now handling Robb ranching interests in the Waco vicinity.

D. Burns, former Lamesa rancher, is scheduled to judge breeding classes of Herefords at the Greater Pan-American Hereford Exposition in Dallas November 9 to 18. Burns is now general manager for the Pritchard Land and Cattle Company, Guthrie.

Miss Ruth Magee, Formerly Of Lamesa, Becomes Bride Of Amarillo Man Oct. 19

Bridal Shower Honors Miss Addie Ruth Fulkerson

Miss Addie Ruth Fulkerson, daughter of Mr. and Mrs. T. B. Fulkerson of Hobbs, New Mexico, and bride-elect of Berl Ancill of Seminole was honored with a bridal shower at the Lamesa Country Club Tuesday, October 23, at eight o'clock p. m.

Guests registered at the bride's book as they entered, which was presided over by Mrs. P. E. Roberts. They were then shown to the dining room where they were served hot spiced tea and angel squares iced in white and adorned with blue and green flowers by Mrs. Christelle Green. The service table was laid with a lace cloth and centered with a cut crystal bowl containing blue carnations.

The many lovely gifts were displayed in the living room of the club where Mrs. A. G. Barnard and Mrs. Paul Morgan offered piano selections throughout the calling hours.

Hostesses were Mrs. J. F. Smith, Mrs. J. R. Leuenberger, Mrs. A. G. Barnard, Mrs. W. L. Marr, Mrs. Christelle Green, Mrs. P. E. Roberts, Mrs. Lanie White, Miss Leva Cason, Mrs. Ernie Barron and Mrs. C. R. Baird.

Out of town guests attending were Mrs. James Bolin of O'Donnell, Mrs. E. M. Ancill of Seminole, mother of the groom-elect and Mrs. D. Howard of Seminole. Miss Fulkerson will be married at her home on the Fulkerson Ranch November 1.

Pythian Sisters Have Regular Meet

The Pythian Sisters met on Thursday evening, October 18, at the Pythian Hall for a regular meeting and an installation service for a newly elected officer.

After the business session the impressive installation service was held with Edna Merel Smith presiding as Installing Officer, assisted by Bobby Boyd and Sallie Turnbow.

The next meeting will be held November 1 and will be the Annual Roll call program. All members are urged to attend.

Miss Hazel Self Becomes Bride Of Californian

Mr. and Mrs. John N. Self of the Klondike Community have recently announced the September 30 marriage of their daughter, Miss Hazel Self, to John R. Pratt of San Diego, California. The ceremony was held at Yuma, Arizona.

Mrs. Pratt, who taught in Dawson County schools the past three years, is a graduate of East Texas State Teachers College, Commerce. Last year she was principal of the Klondike School and is teaching this year in the Bellflower, California, elementary school.

The bridegroom, son of Mr. and Mrs. A. E. Pratt of Escondido, California, was discharged from the Navy on September 24, after serving three and a half years. As a chief electrician's mate, Pratt spent 27 months on Saipan in the Pacific.

Mr. and Mrs. Pratt will make their home in San Diego, California, where he will return to the position he occupied six years prior to entering the service with the San Diego Electric Company on November 1.

The Nile River is about 4,000 miles long.

Bride-Elect Is Feted At Buffet

Mrs. T. F. Vaughn and Mrs. J. D. Willson entertained with a dinner party and bride at the Vaughn home, North Fifth Street, Saturday, October 20, at seven o'clock p. m., honoring Miss Helen Ruth Cope, bride-elect of J. C. Norris. Dinner was served buffet style from a table covered with a lace cloth and centered with a low crystal bowl containing roses. Places for the guests were marked, at beautifully appointed bridge tables, by bridal place cards inscribed with blue letters.

Those attending were Miss Helen Ruth Cope, the honoree; Meses. Teenie Gambill, Elwanda Gilbert, Jessie Norris, Barbara Negy, Marie and Betty Billingsley, and Meses. Joe Harold, Bob Crawley, Jack McLaughlin, Herbert Rule, Johnny Lyons and the hostesses.

Miss Cope won high score prize in bridge, which was a bottle of perfume, and Miss Norris won second which was a box of dusting powder.

HOSPITAL NEWS

Mrs. J. C. Cutree was admitted to a local hospital October 22, at 10:45 a. m. for major surgery.

Miss Joyce Fillipot was admitted to a local hospital October 22, at 12:00 p. m. for medical treatment.

Francisco Errera was admitted October 23, at 12:00 p. m. to a local hospital for major surgery.

Mrs. W. M. Edwards returned Monday from a two weeks visit in Houston and Eagle Pass with relatives.

Ice Cream Supper Honors Navy Man

Mr. and Mrs. T. H. Calhoun of the Union Community entertained with an ice cream supper in their home Friday evening, October 19, honoring S 1-c and Mrs. Hollis Borland.

Ice cream and cake were served to approximately 30 guests from a table laid with a lace cloth and centered with a crystal basket of marigolds.

After being served, games of 42 were played by some of the guests while others attended a movie.

Those present were Mr. and Mrs. Olen Norris and family, Mr. and Mrs. Jerry Newbrough and family, Mr. and Mrs. Ben Proctor, Mrs. James Proctor, Mr. and Mrs. S. B. Norris, Miss Reba Alsbrook, Mr. and Mrs. Joe Moore and Melda, Mrs. Oscar Vogler, Mr. and Mrs. L. W. Borland and daughters, Mr. and Mrs. E. L. Ham, the honorees and the host and hostess.

S 1-c and Mrs. Borland left Sunday, October 21, for San Diego, California, where he is stationed.

Lamesa Dealer Displays First New Automobile

DEARBORN, Mich. — Friday is V-8 day. An automotive public that has not seen a new car since the war, will get the first opportunity to view the 1946 Fords on that day. McPhaul Motor Company, Lamesa, will display a new Ford at formal opening of the new building.

Every Ford Motor Company dealer will have at least one of the new, improved models on display.

J. R. Davis, director of sales and advertising, said that the company long had planned to be first in public display of automobiles.

He said it has been hoped that prices of the new cars could be announced at the time of the public showing, but now it appears that a price would not be received from OPA by that time. Consequently, dealer deliveries to the public apparently will be delayed.

"Ford production is rolling now and if we can go ahead unhampered, we should have hundreds of Fords in every sales area within a few weeks," Davis said.

"We will continue to seek a price arrangement so persons who want to buy Fords may do so as soon as possible."

Not In The Series Records

By FRANK ECK
AP Newsfeatures Sports Writer

NEW YORK — The 1945 World Series may be baseball history but one important item that will not be included in its history books is the number of runners left on base by certain individuals. Though the figure filberts have enough fodder to last them until next spring the amount of runners stranded is enough to make any manager turn pale.

While Andy Pafo's play in center field was nothing short of sensational, his activity at the plate was practically nil. Handy Andy, the Boyceville, Wis., lad whose three hits accounted for four runs in Chicago's opening game out of Detroit, left 21 teammates waiting on the base paths in the Series.

Eight times he failed to hit the ball and the article and three times he fanned with men on. He hit into one of four double plays made by the victorious Tigers. Pafo left 10 on base in the last two games.

Of the other Cubs' impotency in the pinches, Don Johnson and Bill Nicholson each left 11 runners stranded.

On the winner's side, it was Rudy York who hit the jackpot for leaving mates on base. He was charged with 15 left, one more than Jimmy Outlaw and four more than Roy Cullenbary.

Colly enough, Ray Hughes failed to reach first only twice with men on. However, he led off seven times. Eddie Mayo of the Tigers missed reaching base only three times with mates aboard. But he, too, was a leadoff batter on seven occasions.

Mrs. Clyde Adams has returned here from a three-week stay in El Paso, where she was a guest of Mr. and Mrs. H. C. Adams, former Lamesa. While in El Paso, the Lamesa woman attended the Diamond Jubilee of St. Clements Episcopal Church, a 75-year-old church.

OFFICIALS EMPHASIZE IMPORTANCE OF FORESTRY — Governor Coke Stevenson and a group of forestry and lumber officials, forming a V for victory sign to symbolize the part East Texas forests and timber industries played in the war, are in this picture taken in Austin fenced in by a stack of lumber which represents the yearly average per capita consumption of this commodity. The picture was made in connection with the proclamation of

Texas Forestry week for October 21. Left to right: N. D. Canterbury, president, Texas Forestry Association; F. W. Sternberger, past president, Lumberman's Association of Texas; R. M. Eagle, president, Texas Lumber Manufacturers Association; Gov. Stevenson, Bronson Morgan, president, East Texas Chamber of Commerce; A. E. Cudlipp, secretary, Texas Lumber Manufacturers Association, and W. E. White, director, Texas Forest Service, Texas A. and M. College. (AP Photo.)

Central HD Club Met October 19

Then Central Home Demonstration Club met at the home of Mrs. Leith Higginbotham, Jr., on Friday, October 19, at 2:30 p. m., with Mrs. J. H. Adkins in charge of the business session and Mrs. Leith Higginbotham and Mrs. Claude P. Gowen in charge of the program, which was on making Christmas gifts in the home.

Mrs. Higginbotham and Mrs. Gowen told the members and guests present how important it was to make their own Christmas gifts. They said that any woman had much rather receive a gift that had a little thought behind it.

Those attending were Meses. J. R. Farley, W. T. Williams, Clyde Ray, P. V. Ryan, Jessie Anderson, W. H. Cox, Joe H. Henderson, J. H. Adkins, O. I. Holloway, Albert Hayter, Claude Gowen, Miss Vida Adkins, O. D. Holloway, Albert Higginbotham and Mrs. A. G. Waugh.

The club will have its next meeting November 16, at 2:30 p. m., at the home of Mrs. Leith Higginbotham, Jr., and Mrs. Myrtle Negy, County Home Demonstration Agent, will be in charge of the program.

Postwar Agriculture Demands

THE RIGHT TRACTOR FOR THE PARTICULAR JOB

THE proverbial Jack-of-all-trades was master of none. The modern world of science and technology passed him by. The same principle applies to farm tractors. The tractor that does a wide variety of jobs unsatisfactorily can't possibly produce the greatest results at the least cost in any job.

But that's what the farmer—particularly the small operator—has got to do to meet postwar competition: he's got to produce the most food possible with the least effort and, consequently, at the lowest cost.

The farmer with 10 acres in truck crops needs one kind of tractor. The farmer with 100 acres in wheat alone needs another kind—or, as is usually the case, two or more different tractors. The tractor which does a good job on the Great Plains may be useless in the rice territory. And so it goes.

Conditions of climate, the lay of the land, and the character of soils in the different parts of this vast country, together with wide variations in the nature of crops and the size of operations, combine to produce wide differences in the requirements for tractors. Harvester's policy is to meet all these requirements.

That is why Harvester's postwar line includes a great variety of Farmalls and other specialized tractors and attachments rather than a single tractor with a single system of tools. Every tractor in the line was developed after scientific research and testing under actual operating conditions showed the specifications needed for efficiency and economy.

Every Harvester-built tractor is the right machine for its particular job.

**Poultry Market
 Specialist Is
 Appointed**

Floyd Z. Beanblossom of State College, Miss., has been appointed to fill the newly created position of poultry marketing specialist for the A. and M. College Extension Service, effective November 1. At present he is poultry husbandman for the Mississippi Extension Service.

He will have full charge of the Texas Extension Service Poultry Marketing program, according to Director Ide P. Trotter. This program is designed to advance education among producers, handlers, processors, and consumers of poultry to enable them to overcome the problems involved in the movement of poultry products from producer to consumer.

Mr. Beanblossom is a native of Illinois and was graduated from the Oklahoma Agricultural and Mechanical College with the B. S. degree. He holds a master of science degree from the same institution.

His educational activities on marketing will be closely correlated with all phases of the poultry program of the entire A. and M. system. Director Trotter said. The marketing program, which is directly related to production, will take into account all problems of distribution from the producer to the consumer. Mr. Beanblossom will inaugurate a systematic training program to acquaint county Extension agents with problems involved in efficient marketing, such as grading, packing, processing, storing and consumer demand; and will assist in a study of existing marketing facilities to determine whether, and what, adjustments are needed. He will work with producers in training leaders in efficient marketing methods, and assist in the organization of producer groups to help solve their marketing problems.

In promoting the Extension Service Poultry Marketing program, Mr. Beanblossom will cooperate in developing greater recognition of grades and knowledge of the proper use of various grades by demonstrations before consumer groups. He also will work with state and national organizations, such as the Poultry and Egg National Board, in the development of programs for the improvement of marketing poultry products. In addition, he will cooperate with the Texas Agricultural Experiment Station in outlining needed research, and in organizing field studies.

Give The Child A Good Place to Do His Studying

With children back in school, it is especially important for mothers to see that the home provides an adequate place for study. There are at least three requirements of a good study place for school children, in the opinion of Mrs. Bernice Claytor, specialist in home improvement of the Texas A. and M. College Extension Service. These are good lighting, a comfortable place to sit, and a certain amount of privacy.

Two main requirements in regard to light are ENOUGH light and light of soft quality. Bulbs of at least one hundred watts should be used. These are less expensive than smaller bulbs. To get a light of soft quality a lamp fitted with a diffusing bowl should be used if at all possible. The light should be placed as close to the work as is comfortable for the student.

Wherever the child studies he will accomplish more if his study materials are within easy reach. A desk with drawers and a bookshelf nearby is ideal, but if the child studies at the dining table, for example, he should have a box to hold pencils, paper and other supplies. It is not necessary to give the child a study place entirely away from the family, but a place which affords some privacy and a reasonable amount of quiet will aid concentration.

In 1880 Isaac Newton produced a model vehicle which embodied jet-propulsion principles. Queen Victoria had a half sister named Feodore.

Two Veterans Are Back—
SINCLAIR H-C
 and
SINCLAIR ETHYL GASOLINES
Better Than Ever

Sinclair H-C and Sinclair Ethyl Gasolines are back from the wars . . . BETTER than ever before.

BETTER because of improved refining processes developed in producing 100-octane gasoline for warplanes.

BETTER because Sinclair is now able to put into Sinclair Gasolines certain important components heretofore used exclusively for fighting gasolines.

As a result, the new, higher-octane Sinclair Gasolines will give you better mileage, speedier take-offs and less ping or knock in your motor.

SO drive in for Sinclair H-C or Sinclair Ethyl Gasoline today and notice how much better your car performs.

Lodge Plans for Monday Supper

A fifth Monday recreation night was planned for Knights of Pythias members and guests at the regular meeting Monday night. Covered dish supper will be served, with wives of members furnishing the food, at 7:30 p. m.
The rank of knight was conferred on Charles Worthen, Jack Cathey and Richard Young.
S. M. Mitchell of Lubbock was an out-of-town guest. Navyman Joe Clark, who is in Lamesa on leave, was also present. Clark is a member of the local lodge.
Stansell Clement, John T. Agee and Vernon Adcock, discharged veterans of World War II, were reinstated to membership.

Card of Thanks

I wish to express my thanks to my friends for the nice wheel chair that was given me. It is greatly appreciated.
Mrs. V. Myers.

Notice to Debtors and Creditors

The undersigned was appointed Executor of the Estate of Lou Eula Pierce, Deceased, on the 10th day of September, A. D. 1945 by the County Court of Dawson County, Texas.

I hereby notify all persons indebted to said estate to make due settlement, and those having claims against the said estate to present them to me within the time prescribed by law. My residence and post office address is Lamesa, Texas. DATED this 16th day of October, 1945.
M. E. BOREN, Executor of the Estate of Lou Eula Pierce, Deceased.

Spooks to Prowl At PTA Fun Fest Hallowe'en Night

Costumed Hallowe'en merry-makers will be on hand Wednesday night at McCollum Field for the annual carnival of spooks and witches, beginning at 7 p. m. Food booths and side shows will be major attractions for the Hallowe'en funsters.

Lamesa Parent-Teacher Association's annual Hallowe'en carnival is scheduled to again take its place among school festivities each year. Presentation of a carnival queen will highlight the program. Sixteen girls from the elementary grades have been nominated for the honor, and the field will be narrowed to eight in Monday eliminations. Voting will continue during early stages of the carnival, and the winner will take the spotlight at coronation ceremonies after her selection.

The sponsoring organization is still in need of donations to assist in financing the carnival. Kilmer Corbin, PTA president, announced. Cash, food and game prizes will be appreciated, he said.

Mrs. J. H. Baldwin and Mrs. J. R. Leuenberger will accept the donations.

Rotary Governor To Be In Lamesa Friday Night

District Gov. Charles M. Peyton of Cleburne will be special guest for Rotary Club this week. The meeting will be held at 7 p. m. Friday instead of the regular noon luncheon. President Sam Jenkins announced.

General discussion of members spotlighted last Friday's program, under direction of J. R. Leuenberger. Possibility of the club's purchase of an iron lung, needed in Lamesa just last week, was presented. Local physicians favor the project, adding their opinions that use for the equipment is infrequent.

Members who have not contributed to the Rotary Club charity fund were urged to do so.

Visitors were Rotarians Ned Wallace of Conroe, Dave Duncan and Ira Thurman of Big Spring and Sam Cooper of Lubbock. Stansell Clement of Lamesa and A. A. Reagan Jr. of Dallas were other guests.

Jim Moody, formerly of Sweetwater and now manager of the Lamesa Cotton Oil Mill, was presented as a new member.

Disabled Vets To Organize in Dawson County

Meeting of all disabled war veterans in Dawson County is scheduled in the recreation hall at the city park Saturday night, November 3, at 7:30 o'clock. A county organization of Disabled American Veterans will be formed.

Host for the initial meeting will be R. L. Price, who urged eligible members to be present for the smoker. Sol Glickman, adjutant of the Wichita Falls DAV organization, will be present.

Eligibility for membership in DAV is based on, Price said, wounds, gas, injuries, or disability received in line of duty in wartime while serving with United armed forces. A veteran need not be receiving pension compensation or other benefits, but he or she must have received such benefits for a recognized wartime service-connected disability.

Four points for determining DAV eligibility, Price reported, are as follows: All persons with SCD, CDD or BMS (medical) discharge; all persons who are receiving or ever received compensation from the Veterans' administration; persons with wartime service-connected disability, where more or less than 10 per cent; and all persons drawing the statutory award for arrested or cured tuberculosis.

It is Price's opinion that every disabled veteran should be an active member of the DAV for his own protection and that of his family.

Fires Result in Limited Damage

Lamesa's Volunteer Fire Department made a couple of runs Sunday to the Lamesa Cotton Oil Mill. Fires broke out in the hull house, causing little damage.

The fireboys were roused at 7 a. m. Monday by another fire call—this time at the Bill White cotton yard, which is out of the city limits. Nine bales of cotton were destroyed.

Cause for the three fire outbreaks has not been determined.

Lubbock Brothers Take Dealership

The Dawson Farm Machinery Company, Oliver dealer, has changed hands. New owners are J. Thomas Edwards and George A. Edwards, brothers of Lubbock, who bought from D. D. Bourland.

The same courteous and efficient service will be given under the new management, the owners pledge.

Mr. and Mrs. J. Thomas Edwards and son and Mr. and Mrs. George A. Edwards have moved from Lubbock and are now living at 711 North First, Lamesa.

BOYS RANCH—This is Boys Ranch, northwest of Amarillo, where under-privileged youngsters go to punch and brand cattle, go to school and build themselves into useful citizens. The ranch was founded in 1937 by Cal Farley and is maintained by public subscription.

Jonnie Smith Is Football Queen At Lamesa High

It was popular vote of the Lamesa High School students that selected Jonnie Merle Smith, senior, as queen of the 1945 Golden Tornado football team. Miss Smith, pep squad nominee, won her title over a field of four other high school girls.

An attractive blonde, Miss Smith is the daughter of Mr. and Mrs. Elmo Smith.

The football queen was elected last Thursday and crowned at the Friday pep rally by Orvil Nieman, LHS student president. Miss Smith's escort for the coronation was Bill Matlock, football captain.

Runners-up in the race for queen and their escorts for the coronation were as follows: Onita Edmond, Homer Rippey, Nancy Hollingsworth, Bill Taylor, Biddy White, Bud Eudy, Dorothy Ross Gibson, Pat Patterson.

County Teachers Elect Officers For 1945 - 46

G. M. Roberts, principal of Lamesa's elementary school, has been elected president of the Dawson County teachers organization for the third successive year. Roberts and other leaders were named at a Saturday meeting attended by approximately 25 county teachers.

Majority of county schools were represented in the meeting, held in the district court room. P. K. Humes, county superintendent, reported.

Officers elected included Mrs. Merle Stuart, high school principal at Union, and Humes, vice presidents; C. E. Green, Dawson superintendent, secretary-treasurer.

Four delegates for the March meeting of West Texas Teachers Association in Lubbock were picked by the county teachers. They are Supt. C. L. Mitchell, Ackerly; Mrs. Arminda Yates, Lamesa High School English teacher; Humes; and V. Z. Rogers, superintendent of Lamesa schools.

About 78 per cent of the people of Argentina are of European extraction.

When Princeton was founded 12 of its 23 trustees were Presbyterian ministers.

Sergeant Vinson Back From Italy Air Force Service

S-Sgt. Teddy Vinson and Mrs. Vinson, the former Elwanda Oliver, left Lamesa Saturday en route to Amarillo, where the army air force man will be given a 45-day furlough. Sergeant Vinson has just returned from duty with the 15th Air Force in Italy.

In Lamesa the two were guests of Mrs. Vinson's parents, Mr. and Mrs. S. P. White. They also visited with the sergeant's mother, Mrs. Frances Vinson, on her ranch near Ackerly.

Sergeant Vinson, tail gunner on a B-17 Flying Fortress, was with the 429th Bombardment Squadron of the 15th AAF. Overseas nine months, he landed last week at Camp Blanding, Fla., leaving the European theater from Foggia, Italy.

Former student in Terrell Military College and Texas Technological College, Lubbock, Vinson has been awarded the Air Medal with two clusters and a Distinguished Unit citation.

Mrs. Vinson, who has been a civilian employe at the Amarillo Army Air Field, has resigned. She and her husband will be furlough visitors here and at Ackerly.

VFW Meet, Dance Scheduled Saturday

All overseas veterans are invited to attend the Veterans of Foreign Wars organization meeting Saturday night, 8 o'clock at the Lamesa Country Club. A dance for vets and their guests, hosted by Clayton Barkhurst, will follow the VFW meeting.

P. T. West, commander of Post 2466, Lubbock VFW, will be on hand to organize the local veterans. He has been designated by the Texas department commander to assist with the formation of a Lamesa VFW chapter.

Minister's Talk Is Highlight of Lions' Program

Seven Lamesa Lions and their wives were in Snyder Tuesday night to attend a meeting of Zone 3, District 2-T. Approximately 200 Lions and guests were present to hear Rev. P. D. O'Brien of Big Spring speak and the other program numbers.

After his usual report of stories, Rev. O'Brien, a favored speaker in this section, told "Our Responsibility in Postwar." Pastor of the First Baptist Church in Big Spring, the minister said, "We talk and think about postwar. It's time to do something about it. The much discussed atom bomb, television, air travel and other expected postwar developments will be either good for us or bad. It's up to us."

District Gov. Frank Jordan and Dennis Q. Lilly, both of Brownfield were present. Lilly is a past deputy district governor for the Lions.

Lamesans making the trip to Snyder were Mr. and Mrs. O. W. Richardson, Mr. and Mrs. Stansell Clement, Mr. and Mrs. Henry Norris, Mr. and Mrs. Earl Williams, Mr. and Mrs. M. E. Boren, Mr. and Mrs. Don Emory and Mr. and Mrs. J. P. White.

Dinner Honors Railway Prexy

A quartet of Lamesa men attended a dinner in Big Spring Tuesday night at the Settles Hotel. The affair was complimentary to W. G. Vollmer, new president of the Texas & Pacific Railway.

Local attendants, among the 100 West Texans present, were F. J. Barkhurst, J. R. Leuenberger, Virgil Williams and County Judge Kilmer Corbin.

POINTED ANSWER TO HOUSEWIFE'S PRAYER

PEORIA, Ill. (AP) — Seven hogs, weighing about 225 pounds each, wandered out on the Illinois River ice. Farmer Bob Carver employed his best pig-calling technique in a vain effort to coax them back to shore. A floe broke away and carried the porkers off in the gathering darkness.

Cpl. Dale Kidd In Truck Accident

Cpl. Dale Kidd, who is stationed in Czechoslovakia, wrote his parents, Mr. and Mrs. V. B. Kidd of Route D, of his being in a serious truck accident. One person was killed instantly and three seriously injured, however he was unhurt.

He stated that they were returning from a two weeks trip to Switzerland when the truck in which they were riding overturned.

Injured Veteran Steadily Improves

Coy Biggerstaff, who was seriously injured in an automobile accident 10 days ago, will be released from a local hospital within a few days. The 21-year-old Dawson County man is improving steadily the attending physician said Wednesday.

The World War II veteran, son of Mr. and Mrs. E. Biggerstaff, Route 4, Lamesa, suffered scalp and internal injuries when the car in which he was driving overturned.

Dr. J. P. Avary Shows Improvement

Condition of Dr. J. P. Avary, local veterinarian, was improved Wednesday, Mrs. Avary reported. Dr. Avary has been ill for several weeks. Arriving Monday to visit Dr. and Mrs. Avary were their only daughter, Mrs. Paul G. Homeyer, and her son, Charles, of Ames, Iowa. They were accompanied here by Mr. and Mrs. George Avary and children, Buddy and Ellen Jo, of Hermleigh, who returned to their Scurry County home Monday night.

"I LOST 52 LBS.!

AYDS is a safe, natural, absolutely harmless, 30 days supply of Ayds only \$2.50. See details with results. MONEY BACK on the very first box. Phone **BRYANT PHARMACY**

LAMESA AAF MAN RECEIVES DISCHARGE

Pfc. Almos W. Neill, 22, who has served in the Army Air Forces for three years is returning to Lamesa and home, honorably discharged from the military service at Ellington Field.

Private Neill, the son of Mr. and Mrs. O. W. Neill, Route A, Lamesa, entered the service October 24, 1942, at Fort Sill, Okla., and was transferred to Lubbock, where he served

as airplane mechanic for seven months. He was sent to Hondo Army Air Field July 30, 1945 and remained there until receiving his discharge.

Prior to entering the service he helped operate his father's farm near Lamesa.

The number of telephones in Argentina doubled between 1929 and 1943.

Within walking distance

IT'S not even too far to hobble, when you're leaving the blank walls of a hospital room for a brief while, on your way to a place of laughter and song and play.

These are little things, but they're good medicine! The nearby U.S.O. lounge is theater, club—almost home—to the shocked and hurt boys whose present home is a hospital room. And your dollars keep these lounges going—the dollars you give to your County War Chest.

The welcoming doors of a U.S.O. lounge club are just outside the hospital grounds—at more than 500 hospitals.

It's time to give again—for the men who gave a lot. Give generously! Make your donation twice as big—the need is more than twice as great.

Here, at the house of smiles, war-shattered veterans escape that hospital routine, from the smell of ether and disinfectants. Here they enjoy their favorite phonograph records, today's newspaper, the checkerboard that you gave them when you gave to your County War Chest.

You help many who can't help themselves, yet you are asked for only one gift. Let your heart decide how big it should be.

Give Generously to Your
COUNTY WAR CHEST
Representing the National War Fund

A Lovely Dish in Each Premium Package of MOTHER'S OATS!

Don't delay—start building your set of distinctive, party-pretty tableware this economical, easy way! You get a cup and saucer, an oatmeal bowl, fruit dish, or breakfast plate, in every Premium Package—and, of course, you also get delicious, fine quality, full-weight Mother's Oats. Health experts agree—hot Mother's Oats is so good for your family!

Will have a set in no time!

U. S. ADMITS 1945 ATTACK ON SWISS

BELLINZONA, Switzerland (AP) — The government of this canton, Ticino, announced it had been advised by the Swiss federal political department that the American government had accepted responsibility for an air attack Jan. 27, 1945, on Chiasso, on the Swiss-Italian frontier.

Roach Electric Shop Suggests Greetings Through New Lighting

When Johnny comes marching home from war—and he'll probably be here soon if he hasn't already arrived home—greet him with brand new lighting fixtures in the home and that new reading light in his room.

Pictured above is a view from the Roach Electric Shop, where the owner-manager, R. V. Roach specializes in wiring and retains a good selection of lighting fixtures. The shop also has a variety of fluorescent lights for sale.

Now Is The Time To Kill Peach and Plum Tree Borers

The time of year has come to treat peach and plum trees for control of borers, says Paul Gregg, entomologist for the A. and M. College Extension Service. In areas north of Waco trees should be treated as near October 25 as possible, and by November south of Waco.

Recently a visitor from Lubbock told me that he planned to attend the Sunday morning service at a certain Washington church. I cautioned him to arrive at the church by 10:30 or he probably could not get a seat.

However, proper lighting will make his stay at home more pleasant, say workers at Roach Electric Shop. And when those "electric servants"

SEA GULLS OUT ON A WING

NEW YORK (AP) — Seagulls peck holes in airplanes, eating either the rubber de-sect or the wing fabric itself, Pan American World Airways reports. Recently, at Foynes Eire, a flight was delayed while gull borings were patched in much the same way that a tire blowout is patched.

HELD 42 JOBS

KELSALE, England (AP) — When Charles Savage, 88, became ill and was confined to bed, 42 jobs changed hands in this Suffolk town. He held that many official and semi-official posts in the village, including those of parish councillor and parish clerk.

But unfortunately the people of Washington are not breaking any records for church attendance.

Only 80,000 out of a population of well over 1,000,000 in metropolitan Washington attend church on Sunday. According to a report recently made, 23 per cent of the white children of public school age attend religious services on Sunday. The attendance rate for the negro children is 30 per cent. There are 500 churches in Washington, of which 16 are colored.

FARM NEWS

COVER CROPS FOR PEANUT SOIL

Many tons of precious topsoil from the peanut fields of Texas will be washed down the rivers this fall unless farmers plant adapted cover crops just the soon as the peanut crops are harvested, according to C. E. Tarter County AAA Administrative Officer.

"The removal of the peanut leaves the soil wide open to erosion, leaching and wind damage. Tarter pointed out. Farmer cannot afford to allow their fields to go through the winter months without a protective cover of grass or legumes."

Soil from which peanuts have been dug usually is ideal for the planting of cover crops. Fields reasonably free from weeds and grass require very little soil preparation. Usually cover crops can be drilled in with no prior soil preparation.

"These cover crops while protecting the soil from erosion through the winter can be turned under in the spring as green manure. They add organic matter and fertility to the soil and prepare it for the succeeding crop," Tarter said.

Farmers may obtain further details on the planting of cover crops from their County AAA office, local committeeman, county agent, or other agricultural workers.

The USDA Rural Health survey, which has now been completed, shows that four-fifths of the farmers contacted favor more public clinics in rural areas, and three-fourths would like to subscribe to some flat-rate pre-payment plan to cover hospital bills, doctors and nurses for themselves and their families.

The 1945 all-time out crop (over one billion 575 million bushels) has feed people thinking of the various places where oats will save corn. Brood sows, calves, lamb and dairy cows are good consumers of this particular grain.

THE FEED SITUATION

The Department of Agriculture's Feed Situation for September said in part: Prospects for feed crops improved materially in August, and the supply of feed concentrates for 1945-46, on the basis of September indication, is expected to total about 122 million tons, or slightly more than in 1944-45. The domestic supply of feed grain (production plus carry-over) is expected to be about 5 million tons. However, this increase will be about offset by the reductions in the quantity of wheat and rye to be fed and the quantity of oats and barley imported. Carry-over of feed grains was increased further by the end of the 1945-46 season. Most of the increase will be in oats, and to lesser extent in corn. Prices of feed grains will average probably lower in 1945-46 than in 1944-45.

Supply of by-product feeds during the 1945-46 feeding season are expected to be about as large per unit of livestock as the record quantity available during 1944-45. Supplies of oil cake and meal, and animal protein feed are expected to be slightly larger, but supplies of

TEXAN VIEWS FAMOUS CROWN — Pic. Jim Lindsey of San Angelo inspects the jewel-studded diadem worn by rulers of the Holy Roman Empire until it was dissolved in 1806. Other symbols of Imperial authority — orb, scepter and two swords — are on the table. In the background is a special-built vault in a winding tunnel beneath the old walled city of Nuernberg, Germany, where the priceless articles are kept under heavy American guard. They were taken from the treasury in Vienna when Hitler marched into Austria in 1938. U. S. Authorities were led to the hiding place by two former Nazi officials. (AP Photo).

distillers dry grains are likely to be smaller.

Demand for feed, particularly high-protein feed and corn, continued unusually strong during September as in previous months this year. Although abundant pasture and forage has been available this summer in practically all areas, little, if any relaxation in weights of hogs marketed, and in record milk production per cow and egg production per layer. Demand for poultry feed may decline during the winter, as a result of prospective reduction in egg prices.

VICTORY BONDS
Farm people who helped to win

keep the peace by buying Victory bond says Tarter.

The Victory Loan Drive may well prove to be the most important of all Bond drives. Get behind this important drive and keep the peace won, Tarter advises.

"From the Victory Loan Drive will come the money to bring our men home, give them hospitalization, and provide their mustering-out-pay," the administrator asserted.

PRODUCTION SUPPLIES

Intimations from Frederic B. Northrup, Director of the Materials and Equipment Division, Production and Marketing Administration, offer a pretty definite assurance that the outlook for farm production supplies for 1946 is exceptionally bright or much more so than seemed possible at the conclusion of hostilities.

The principal reason seems to be that most manufacturers can now produce as much and as rapidly as their own labor and material situations permit. Another point is that industries making these supplies do not have to reconvert. Even though some of the companies have made military goods too, they have kept right on making farm supplies. Many of them have made a greater amount of farm supplies than they were making before the war. That is especially true of manufacturers of fertilizer and machinery parts.

If there is any indication of bottlenecks in production, Director Northrup said the Department of Agriculture will act to be sure all essential farm supplies become available in the amounts needed for adequate farm requirements.

Girl Plays 22-Inning Softball Game

AP Newsfeatures

STAMFORD, Conn. — What is believed to be a record number of innings for a women's softball game was set when the Portland, Ore., Lind-Pomeroy team beat the Stamford Nutmegs, 1-0, in 22 innings at Cleveland, Ohio.

The game was a tight pitchers' battle all the way between Gloria Gregory of the North Atlantic regional champions and Miss Johnson of Portland. An infield error and a single accounted for the only run.

Portland beat Stamford in 1944 and ultimately won the world's title. This year the Oregonians were so exhausted by their long victory struggle that they were eliminated from the tournament the next day. The 22-inning game lasted three hours and had 71 and 71 at bats for the respective teams. Among the unusual features: The winning pitcher was credited with 11 assists; both pitchers went the full route and each walked one; the Stamford right fielder, Shirley Bourbeau, had neither an assist nor a putout; the winning catcher and first baseman had 22 putouts each and the losing short fielder, Emily Stouter, had 10 putouts without an error.

Argentina is the world's largest exporter of meat, corn and linseed.

Government Desk On Runners Puts The Skids Under Waste

By FRANK CAREY
AP Science Writer

WASHINGTON — A federal agency has developed a legless office desk designed to save the taxpayers' money, expedite business conferences, lighten the work of the char-woman and insure the boss's stenographer against curvature of the spine.

This modest desk rests on runners instead of legs. It has a top projecting over the chassis so that even men can stretch their legs beneath it.

It was conceived by two members of the Public Building Administration of the Federal Works Agency. The men are Architect Gilbert S. Underwood and W. E. Reynolds, Commissioner of Public Buildings.

Underwood got the desk idea late one night as he watched a char-woman run her vacuum cleaner around each of the eight legs of his office desk.

"Why not have a desk resting on two wide runners instead of eight legs so as to lighten and quicken the vacuum cleaning job?" he asked himself.

"And while we're about it," said Commissioner Reynolds next day, "how about making a combination desk and conference table. You can't hold a conference at a regular desk because only one man can get his feet under it."

Agency representatives suggested further that with a desk having leg space for only one person, the stenographer taking dictation must sit sideways and lean over the desk.

Since a separate conference table is no longer needed, says the agency, the executive's office can be smaller, the building can be smaller, or more offices can be put

Cotton Cottage; Dixie Builds Part-Cloth Houses

By HENRY LESESNE
AP Newsfeatures

ATLANTA — Houses made partly of cotton are in the offing. Experiments with such houses by the Farm Security Administration have led the National Cotton Council to predict wide use of them, especially in the South, with its need of low-cost housing.

Five-room cotton houses can be built for less than \$1,500. They could replace the "Tobacco Road" cabins of the South, but may also be utilized as beach cottages or mountain cabins.

People who have lived in them say the cotton houses are cooler in summer and warmer in winter than comparable frame dwellings. The houses are built of plywood and covered with cotton canvas duck. The duck is only \$150 of the total cost.

The canvas is glued on with a special fire-resistant compound and is nailed only at the seams.

Region Five of the FSA — Alabama, Florida, Georgia, Mississippi and South Carolina — began experimenting with cotton duck housing in 1939.

Two such houses were built in Coffee County, Ala.; an office building was put up on a farm project in the same floor space—and the taxpayer will get more for his taxes.

SAINTS IN COTTONWOOD BECOME MUSEUM PIECES

By BYRON L. ACKERS
AP Newsfeatures

COLORADO SPRINGS — The santos art of New Mexican peasants has come into its own in the last ten years.

Today a santo, or saint, carved from cottonwood commands a price up to \$1,000. Ten years ago the top was about \$40.

Hundreds of these, odd, painted figures, carved as far back as 1750, still play their part in the rites of Spanish-American Catholics in the remotest chapels of New Mexico, particularly at Easter. But the craft of making them by hand ended in the early 1900's with the coming of cheap, machine-made images.

The last of the "santeros" or santo-makers was Jose Dolores Lopez, who died in 1933 in Cordova, N. M., supposedly from grief at the triumph of the machine figures.

Mitchell A. Wilder, director of the Colorado Springs Fine Arts Center, one of the first to investigate santo art, began buying the figures in 1935. Now the Taylor Museum of the Fine Arts Center owns more than 300, the largest collection in the world.

Parts of this collection have been exhibited in New York's Museum of Modern Art, the Baltimore Museum

and the Chicago Art Institute, among other places. A group of 65 figures valued at \$30,000 recently was on display in Santa Barbara, Calif., and was to be moved in late October to the California palace of the Legion of Honor in San Francisco.

The figures, ranging from a few inches to five feet in height, were carved mainly by peasant artisans from soft cottonwood, veneered with home-made gypsum glue and painted. The cottonwood is so light that an image five feet high may weigh only 15 or 20 pounds.

Mr. and Mrs. Pete Grimes and baby of California spent Wednesday visiting in the home of Mrs. Bob Wade, who accompanied them to Mineral Wells for a weeks visit.

near Blackmon, Fla.; and six labor shelters were constructed for farm workers at Pahoee, Fla.

There was no maintenance on the Coffee County dwelling. Yet the cotton duck is still in good condition, the FSA now reports.

After five years, however, both units required a coat of paint, and the roof of each had developed a split in two places. The splits were easily patched with cotton duck. There was no splitting on the sidewalls.

The labor shelters in Florida, painted after three years, are in excellent condition. Like wood, cotton duck requires periodic painting, FSA says.

FSA, whose program permits tenant farmers and sharecroppers to acquire their own farms and homesteads with 40 years to pay, estimates 470,598 new or repaired homes in region V are needed now that the war's over. Eighty-three per cent of these farmsteads, it is estimated, need new dwelling.

Italy's Wheels Turn Again
By L. S. CHAKALES
AP Newsfeatures
ROME—Italian industry, completely at a standstill while the Allies and Germany battled for control of the country, is beginning to revive under the stimulus of coal and cotton.
Seventy to 80 per cent of the industrial facilities of the nation were left intact when the Germans withdrew quickly from Northern Italy, where most industry is concentrated.
The textile industry, Italy's largest, was to receive 91,000 bales of cotton during September. That would keep the million and half textile workers employed for at least a month, with shipments expected monthly that will keep the industry reasonably active, according to Sidney Land, New York City industrial engineer, acting director of the industry sub-commission of the Allied Commission.
Coal Most Critical
The most critical item in Italian industrial economy is coal. Land said, adding that coal shipments to Italy are being increased. Normally Italy consumes approximately a million tons a month, most of which is imported. A September order of 300,000 tons will be allocated primarily to industrial users. Land said, with domestic consumers getting very little.
Land called attention to the relationship between the percentage of coal being received here and the industrial production with production estimated at 25 per cent and the amount of coal being received approximately the same percentage of normal consumption. He said that as coal imports increase, so will Italian production.
Steel Program Planned
Anticipating increased shipments of coal, the industry section of the Allied Commission has charted a "promising steel program." Land said. The program, he added, is designed to break another barrier in Italy's recovery—that of transport. The first steel products would be used for the construction of transportation mediums.
The utilization of all steel and iron producing facilities, some of which are already operating on electric power, is the objective of the program. Land said all available hydroelectric plants are being used at the present. He described electric power resources as "better than fair."

AGGIE SWEETHEART AND ESCORT—Pretty Miss Mary Anne Barrier of Omaha, Texas, chosen by Texas A. and M. cadets as their 1945-46 sweetheart, is shown at the Texas A. and M.-Texas Christian University football game in Fort Worth October 20 with her escort, Cadet Col. Eli Barker of Wichita Falls. Miss Barrier, a sophomore at Texas State College for Women, Denton, was presented at the game. (AP Photo).

Latest News From COUNTY AGENT
County Agricultural Agent
T. A. BARFIELD
KILL PEACH AND PLUM TREE BORERS
The time of year has come to treat peach and plum trees for control of borers, says County Agricultural Agent T. A. Barfield. In this area, trees should be treated as near October 25 as possible. If gum with grass or sawdust is noticed coming from a tree just below or above the ground line the borer is at work.
The true borer, or base borer, is the one to watch for. It works under the bark of the tree just above or below the ground line. If it is not controlled it will weaken a tree and prepare it for attacks by other destructive parasites.
Control may be obtained by applying PDB crystals around a tree after removing weeds and grass for a distance of 18 inches from the trunk. Dosages are one half ounce of crystals for a tree under three years of age; three-quarters ounce for a tree just coming into bearing; one ounce for a bearing or mature tree, and one and one half ounce for an old or large tree. Treat only those showing signs of borer damage.
The crystals are applied in a circle one inch wide and one and one half of two inches from the tree trunk. If the borer's entrance hole is above the ground, build a dirt mound around the tree so that the crystals will be placed above it. After the crystals are applied to the soil cover them with a few shovelful of dirt and pack it down. After about 30 days, remove the mound with the crystals to prevent damage to the tree.
Barfield says that borers working in the branches of peach or plum trees can be controlled by painting their entrance holes lightly with a solution of one pound of PDB crystals dissolved in one half gallon of raw cottonseed, or raw linseed oil. Remove the gum from the bark before painting and do not paint all the way around the limb or branch because the solution will injure it. The PDB crystals generally can be bought at most drug or feed stores.

DEATH EVER AFTER
SALISBURY, England (AP)—On the day planned for his wedding, Flight Officer Peter Nolan, R.A.F., aged 21, was buried. He was killed after bailing out of a burning plane.

S-M-O-O-T-H as a baby's back!
That's **Phillips 66**
THE HONEST OIL—FROM DEEP IN THE HEART OF OKLAHOMA!
Mister, all we're trying to sell you is sweet, clean, natural oil that will help keep your engine running as smooth as that fat little thing pictured at the right!
Nature did a mighty fine job with Junior, and she did a mighty fine job with Phillips 66 Motor Oil—our special refining just added the finishing touches.
We're proud to boast that this wonderful oil comes from the heart of the finest, richest oil lands in the country. It's quality from the moment it hits daylight. And you get it with all its God-given lubricating qualities unimpaired!
That's what you pay your good money for when you buy an oil—lubricating quality...and that's what Phillips 66 gives you!
So make that oil change every two months—and keep your motor singing. Drive in at the sign of that double-six and tell the man—"Fill 'er full o' Phillips!"
You won't find a more honest, natural oil in America!
"Fill 'er Full o' Phillips!"

Breakfast Tune
HERE'S A SIMPLE CURE FOR SOUR NOTES
Serve 'Em A Blend They'll Enjoy
Breakfast is the most critical half-hour of the day. A hearty breakfast, spiced with cheery conversation and good coffee, does more for the spirits than almost anything else. If sour notes and complaints spoil yours, that brand of coffee you've been serving could very well be the cause. Put the family on Admiration Coffee for a week and see if a vast improvement doesn't occur. This rich, mellow blend builds up routine meals and dispositions alike, and lends sparkle and zest to the occasion. You don't have to search for a difference—you'll thrill to the difference on the first sip.
Admiration COFFEE
LUXURIOUS FLAVOR IN EVERY CUP
Idea! TRY THIS TEST
Here's a sly one. Start serving Admiration without letting on to the family. Then after you've had your first week of peace, quiet and "admiration," let them in on the big event.

Country Club To Add Grass On Golf Greens

Grass golf greens are in the offing—and not too far—for the Lamesa Country Club, director reported early this week. The course is perfectly laid out for the grass greens, said Walter Sikes, Lubbock pro, who met with local golfers Saturday.

The Lubbock pro has agreed to oversee building up of the greens and planting the grass seed, as well as assist with planning the water piping. Major portion of the work will be done by the membership.

Initial problem for grass greens will be water wells. Two additional wells will be needed for the grass.

Reorganization of the country club took place recently, and plans are being made to add between 50 and 75 members. The club now has 75 members.

Mustangs—

(Continued From Page One)

Rippy will be in the fullback hole. This secondary shift side-lines young Jim Rowbotham who started in the San Angelo contest.

Donald Hoover and Bryant Clark get the call at end. Bill Mottick and Bill Fortenberry will be the tackles. Bud Sides and L. T. Brown will start at guards, and Jim Hurley will open at center.

Lamesa's passing attack clicked none too well against San Angelo, but it's likely that the Tornadoes will lose lots of aerials Friday. The "Tornado" running game may have little success against Sweetwater's front wall, said to be the heaviest line in the district.

The Mustangs, though their 1945 record is equally as lusterless as Lamesa's will be playing at home and will rule the favorites. Comparative scores give the Sweetwater club a slight edge. The Nolan county eleven beat Midland by a two-touch margin. Midland edged Big Spring 9 to 5 while piling up a wider statistical margin, and Lamesa defeated the Steers 6 to 0. However the Tornadoes should have tallied twice more against Big Spring which may render the comparative score margin against them valueless.

Sweetwater has beaten only Stephenville and Midland while losing to Brownwood, class A Ballinger, and Plainview. But the Mustangs held a good Brownwood team to a 12 to 8 win, and rolled up 10 first downs while falling before the Plainview Bulldogs, an unbeaten, untied, unscorred-on-aggregation. Doll Pagan, left halfback is the offensive spark for the Mustangs. Abe Lincoln, veteran center, is perhaps their strongest lineman. The Mustangs, one of the few teams in this area not using the T formation, run most of their plays from a peculiar variation of the single wing.

The top game in the district this week is the clash of the San Angelo Lobats with Odessa's mighty Bronchos at Odessa. Coach Hopkins' crew, rolling along unbeaten and fresh from a triumph over Amarillo's fine team, will be floundering in with the 3-AA crowd if they can knock over a dangerous Bobcat team Odessa has already walloped Abilene, and Broncho J. W. Thompson, leftback, looks to be far better than Dwan Dodson, Bobcat backfield ace. Abilene's Eagles play the down-trodden Bulldogs at Midland in the other district game. Big Spring is idle. The Tornadoes have an open date next week before playing Abilene here November 9, Odessa here November 16, and Midland November 22.

CARD OF THANKS

We wish to take this method of thanking our many friends and neighbors for the loving kindness shown to us in the loss of our darling baby.

We also want to thank Dr. Frazer and the nurses for their untiring efforts, and to Bro. E. L. Jones, who spoke many comforting words, we are deeply grateful.

May each of you feel the nearness of friends like these in time of sorrow is our prayer.

Mr. and Mrs. Victor Hamilton, grandparents and children.

Until the latter part of the 19th century, Brazil was the world's greatest producer of tobacco.

Why Millions Now Do This!

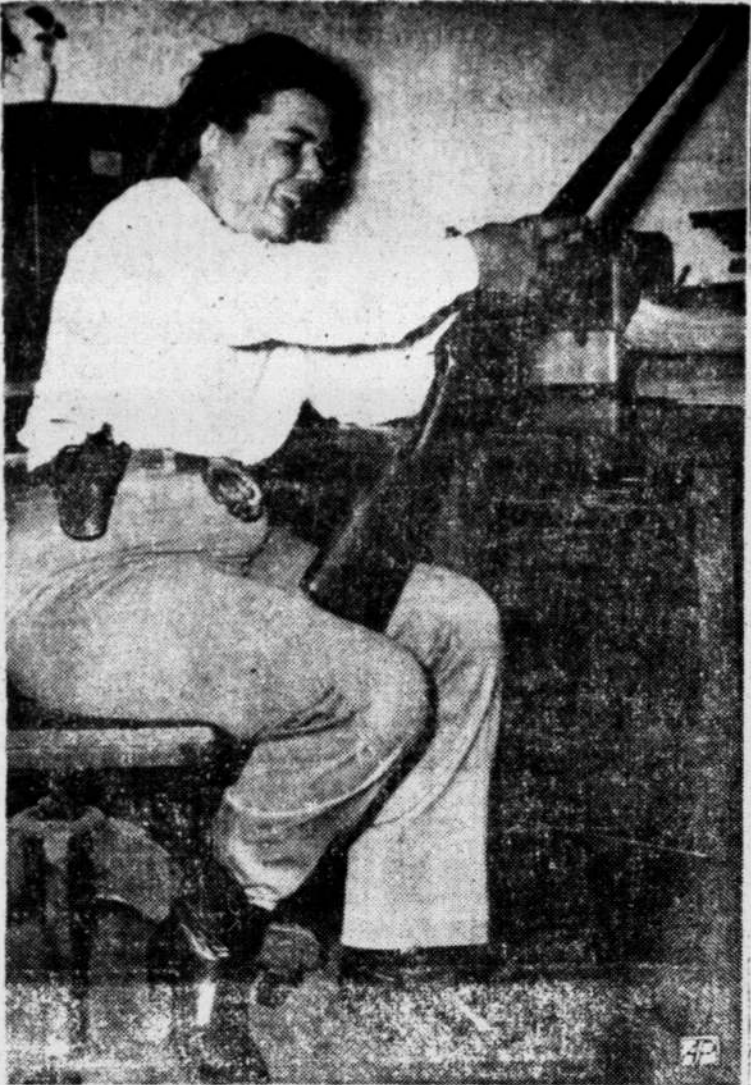

A FEW DROPS Quickly Relieve Distress of HEAD COLDS!

It's so easy to get prompt, effective relief from distress of head colds with Vicks Vapo-Nol. Works right when trouble is to reduce congestion—soothe irritation—make breathing easier. Also helps prevent many colds from developing if used in time. Try it! Follow directions in folder.

WHY PAY MORE?

Charm-Kurd SUPREME COLD WAVE HOME KIT

WOMAN CONSTABLE—Constable Addie Louise (Sis) Dickerson of Kilgore, while in Dallas for a prisoner, admires a Dallas officer's new rifle. She is now serving her second term, having filled out the unexpired term of her late father, O. W. Dickerson. She has made several hundred arrests.

Proposed City—

(Continued From Page One)

water-sewer in Lamesa might be financed. Garbage pickup men are now paid salaries from water-sewer department revenue.

The garbage fee would be a necessity. Hill reported, since the city's financial condition shows funds for no new moves. Assessed valuation of city property runs approximately 20 per cent of actual property value, while a city ordinance

sets the requirement at 60 per cent in evaluation, he revealed.

TAXES PAY BONDS
Scrapping the bottom of the money barrel, the major portion of tax revenue in the city of Lamesa is needed now to take care of the city's outstanding bonded indebtedness—interest and retirement of bonds as they come due.

Penalty for violation of the ordinance would be set at a fine of between \$5 and \$25, with each day's violation a separate offense.

Mission Feast At Lutheran Church Sunday, October 28

The St. Pauls Lutheran Church will hold its Mission Feast Sunday, October 28, at the church with Rev. N. C. Roth, pastor of the Lutheran Church in Winters, conducting two services.

Everyone is cordially invited to attend the Feast Sunday and to inspect the new parsonage which the members of the church are building. They hope to have it completed in the near future.

Nobody Claims Recovered Tires

Lost a tire? Could be that it's among the 10 stolen automobile tires that have been recovered by the sheriff's department.

Sheriff A. M. Bennett reported Tuesday that he has the tires, but no owners. He suggested that Dawson citizens who have lost tires bring identification and look over the recovered tires.

The tires were found out on the Big Spring highway Sunday morning at 5 o'clock. Hidden in a field, they were recovered near a wrecked car. The two Mexican occupants of the automobile, which was stolen in San Antonio October 4, were not apprehended.

What the sheriff needs to find now are tire owners. The line forms to the right!

Clerks Scramble To File Discharge For 30 Veterans

Monday was field day at the county clerk's office—field day for Dawson County's returning servicemen. Approximately 30 filed their discharge papers there, the army leading the navy more than two to one.

Stenographers, assistants and clerks were kept jumping as they helped County Clerk Howard Humphrey to get the service records on the books.

Recorded were discharges for 22 army men, seven in the navy and two marines. Certificates of service, awarded to officers, were filed by an air force lieutenant and a cavalry officer.

In the list of local men returning to civilian life now are the names of Cecil Gardner, J. R. Winborn, Elder L. Nolen, James T.

Boyd, Roger W. Robinson, Bernard K. Henson, Wayne D. Scott, William Preston Cozart Jr., Robert D. Bradford, Kermit B. Jordan, Leon H. Warden, Ambrose W. Burdine.

Charles Foster, Florentino Ancira, Ben C. Gibbs, Johnnie B. Ragsdale, George Ellis, Ovie Cleo Richardson, Ernest L. Bowman, Henry H. Cape, Sidney A. Attaway Jr., Cpl. Marvin R. Calhoun, Duward Aaron Davis, Reginald William Terry, Reuben Woodrow O'Brien, William Donald Dugger, Willie Nolen Currie, Charles Albert Price Jr., Ralph Alfred Phillips, L. T. Jeter, Joseph Cooper and Horace P. Franklin.

A fire fighter in the Rome Arno campaign in Italy, Cecil Gardner was discharged from the army October 7 at Camp Claiborne, La. The Lamesa technician third grade, was inducted into service on April 6, 1942, and shipped out for the European theater of operations in October the same year. He returned to the states April 1 this year.

Ellington Field, Houston, was the

place of separation for J. R. Winborn, radio operator, mechanic and gunner in the army air force. His rating at his release October 13 was technical sergeant.

Fifteen months after his induction, Winborn left the states en route to England, landing there in August, 1944. After his participation in the Northern France, Ardennes and Rhineland, he was returned to the states March 3, 1945.

Elder L. Nolen's release papers were signed at Fort Logan, Colo., September 5. He served as a light truck at Naples, Foggia and Tunisia between May 11, 1942, when he left for Europe, and his return September 1, 1944. He was inducted February 10, 1941.

Holder of the Purple Heart for injuries received on March 16, 1944, in Italy, Sgt. James T. Boyd of Star Route 4, Lamesa, was discharged at Fort Bliss on October 10. Since his return from the European war theater July 5, 1944, Boyd has been with a headquarters detachment of

the Eighth Service Command.

Overseas at Naples-Foggia and Rome-Arno, he served as a gun commander. He was inducted January 27, 1941; shipped to Africa on

Roger W. Robinson did a little traveling in his five years as an air force man. A technical sergeant, he was given honorable discharge at Fort Bliss, El Paso, October 13.

After his enlistment in the air force in September, 1940, Robinson had a couple of tours of duty in the Alaska area, and from November, 1944, to October this year he was in China as an AAF radio operator, mechanic and gunner.

Robinson holds the Distinguished Flying Cross, Distinguished Unit badge and the Air Medal.

S-Sgt. Bernard K. Henson, a flight maintenance gunner in B-29 air combat over Japan, China, India and Burma, has been discharged from the army air force as of October 8. He was released in San Antonio.

Henson's headquarters changed from India to Tinian in March this year. He returned to the United States July 30.

It's a certificate of service for officers. Thus First Lt. Wayne D. Scott's papers were signed at Fort Bliss on October 14. He served as an AAF technical inspector in the Hawaiian Islands, Guadalcanal, North Solomons and the Bismarck Archipelago.

Scott went into the Asiatic-Pacific area back in October, 1941. He was returned to the states March 28, 1944, and has been stationed at Clovis, N. M. He holds a Distinguished Unit citation.

Cpl. Ambrose W. Burdine's discharge was signed at Camp Atterbury, Ind., October 17. He enlisted September 24, 1942, and served as a cook with the 44th bombardment group.

Both certificate of service and honorable discharge papers have been recorded by William Preston Cozart Jr. His discharge listed his

rating as a technical sergeant, but he has been commissioned a second lieutenant in the First Cavalry.

He participated in First Cavalry action in the Bismarck Archipelago, Southern Philippines and Luzon.

Twice wounded, he holds the Purple Heart for injuries on March 7, 1944 in the Asiatic-Pacific area and in the Philippines on February 15 of this year.

Fort Sam Houston, San Antonio, was the place and Oct. 17, the date for discharge of Sgt. Robert D. Bradford. He served as a tank driver in Normandy, Northern France, Ardennes, Rhineland and Central Europe.

Bradford was inducted January 20, 1942, left for Europe February 11, 1944, and returned to the states October 7.

Kermit B. Jordan, field artillery cannoneer, was discharged at Camp Rucker, Ala., October 19. In his two stretches of duty in Europe he took part in fighting in Normandy, the Rhineland, Ardennes and Central Europe.

He was awarded the Purple Heart for wounds received June 15, 1944, in the EAME theater of war.

Honorable discharge for T-Sgt. Leon H. Warden of the army air force was issued at Fort Sam Houston, October 13. He served as a financial technician clerk in the Rhineland and Central Europe until his return to the states October 5.

Warden was inducted January 30, and went to the European operations area October 21, 1943. He served with Flight 3, Station Complement Squadron, Base Air Depot 1.

A tour of duty in the Aleutians that lasted two years lists foreign duty of Charley Foster of Ackerly, who was discharged at Camp Hood October 20. He returned to the states in March, 1944.

Driver of heavy trucks, Foster went into service on December 6.

a firm sticking their neck out for a building like yours is bound to have a lot of faith in Lamesa and Dawson county.

ALF CARPENTER
SINCLAIR AGENT

GET READY FOR WINTER

Better go over your house from roof to basement—and take stock of what has to be done to make it able to face the rigors of cold and wet weather without discomfort to your family—and without deterioration of your structure. Now is the time to see about leaky roof repair, weather stripping, insulation, and fitting of storm windows and doors. Don't delay this important planning for the welfare of your family and the protection of your property. You will be surprised at the difference it will make in your gas bill this winter too.

Of course, you will not overlook making sure your gas heating equipment is in proper working condition. Clean dust and lint from gas heaters, floor furnaces, etc. If repairs are needed, make them at once. Get your equipment in working order so you will be ready for winter when it comes.

WEST TEXAS GAS COMPANY

MORE LIGHT MAKES MY KITCHEN TASKS EASIER

WHAT A BIG DIFFERENCE A LARGER BULB MAKES

Experience in Texas war plants proved that Better Light meant faster work, fewer mistakes, and greater production. In your kitchen, the workshop of your home, Better Light can keep you from having to work in your own shadow, can help you finish daily tasks more quickly.

Put a 150-watt lamp bulb in your kitchen lighting fixture and notice how much easier it is to see, how much brighter and more attractive is your kitchen.

Nearly all stores sell bulbs—buy 'em when you shop.

Clerks Scramble—

(Continued From Page Two)

1941, leaving for the Aleutian Islands April 9, 1942.

Cpl. Johnnie B. Ragsdal served with the air force in the United States from his enlistment October 31, 1942, to his release October 19. The airplane and engine mechanic was discharged at Sheppard Field, Wichita Falls.

Holder of the Silver Star and a Combat Infantrymen's medal, Sgt. Florentino Ancira's overseas service took in the European theater at Rome, Arno, North Apennines and the Po Valley. He was returned to the states August 25, after almost two years of foreign duty. His discharge, issued at Fort Bliss, El Paso, was dated October 15.

Ben C. Gibbs of Hale Center, technician fifth grade in the infantry, was given discharge at Camp Shelby, Miss., October 12. He served as a light truck driver in the Ardennes, Rhineland and Central Europe engagements between December 22, 1944, when he was shipped out, and his return July 5. Gibbs was inducted April 6, 1942.

The Southwest Pacific summed up overseas service for George W. Ellis, technician, fourth grade, who was a cook for his field artillery unit. He was discharged at Fort Bliss October 17, three and a half years after his induction there.

He went into the Southwest Pacific May 22, 1942, returning October 8. His unit battled in the Eastern Mandates, Southern Philippines and Ryukyus.

Service on the U. S. S. Colorado, LST 464 and the U. S. S. Mercy, were listed in Navyman Oris Cleo Richardson's discharge papers. He was discharged at the U. S. Naval Hospital, New Orleans, October 19.

A non-commissioned supply officer was the job of S-Sgt. Ernest L. Bowman, army infantryman, who was discharged at Fort Bliss October 2. He was inducted at Fort Bliss four years earlier to the day.

Bowman left for Australia in March, 1942, and returned to the states September 26. He holds a Distinguished Unit Badge for his unit's operations in Papua, New Guinea, and the Southern Philippines.

Discharge October 12 at Fort Lewis, Wash., was marked up for S-Sgt. Henry H. Caps, engineers construction foreman in the Africa-Europe area. He sailed for Africa August 21, 1943, and was sent on to Italian soil. He returned to the United States April 1, 1945.

With a naval construction battalion overseas, Reginald William Terry has been discharged from the navy. He served as a carpenter's mate first class in the Pacific after his enlistment April 16, 1942. Terry's discharge was issued at San Pedro, Calif., October 18.

Normandy, Northern France, the

Rhineland and Central Europe are the battle stars on Pfc. Sidney A. Attaway Jr.'s EAME campaign ribbon. As a low speed radio operator, Attaway was awarded the Bronze Star for heroic action with a cannon company of the 271 Infantry. Attaway was discharged at Camp Fannin, Tyler, October 21. Inducted in May, 1942, he left for the European theater September 27, 1942, and returned just three years later.

Holding the same battle stars as Attaway is Cpl. Marvin R. Calhoun of the army air force, was discharged at Baer Field, Fort Wayne, Ind., October 17.

He served as an airplane sheet metal worker in Europe from February, 1944, until his return to the states July 23. He enlisted October 31, 1942.

With 24 months of sea duty on his record, Duward Aaron Davis, gunner's mate third class, was discharged from the navy at Camp Wallace on October 20. Davis enlisted in December, 1942, and served on the S. S. James D. Lano and Fred Bartholdi and an LCS.

Reuben Woodrow Osborn, aviation metalsmith first class in the navy, was discharged at San Diego, Calif., October 3. He enlisted November 6, 1942, and served two years in the Asiatic-Pacific theater of war.

Now back in civilian life is William Donald Dugger, who was a chief metalsmith in the Ninth Naval Construction battalion in both the European and Pacific areas. He enlisted March 1, 1942, and received his discharge at Shoemaker, Calif., October 12.

Also a Seabee, Willie Nolen Currie, machinist's mate first class, was discharged at Shoemaker on October 16. He enlisted August 15, 1942, and served with the 39th Naval Construction battalion in the Asiatic-Pacific theater of operations.

A storekeeper second class in the navy, Charles Albert Price Jr., was discharged at New Orleans October 7. He enlisted August 16, 1942.

Marine Cpl. Ralph Alfred Phillips has been given honorable discharge at San Diego, Calif. Enlisting at Oklahoma City May 22, 1942, Phillips was in the Pacific from October, 1942, to January 5 this year. He took part in action on Guadalcanal, the British Solomons, Torawa Atoll and the Gilbert Islands.

S-Sgt. Joseph Cooper, who served as a 28th Infantry unit squad leader, has been discharged. He holds four European battle stars, the Combat Infantrymen's badge and the Purple Heart with cluster. Cooper was released at Fort Leonard Wood, Mo., October 12. His enlistment date was December 28, 1943, and he served in the ETO area from July, 1944, until his return to the states July 6.

In the South and Central Pacific from January, 1943, to August 19, Pfc. L. T. Jeter of the U. S. Marines has been discharged. His papers were signed at San Diego October 12. The marine's engagements were Cape Gloucester and Peleliu Island in the Palau group.

The Rhineland and Central Europe were operation centers for S-Sgt. Horace P. Franklin, Route A, who has been discharged from the army. Franklin was with a field artillery outfit. Enlisting July 11, 1940, he was sent to Europe in January, returning October 9.

Brazil is the only country of Pan America which was an Empire for any length of time.

WE EXPANDED...

BECAUSE WE BELIEVE THE FUTURE OF LAMESA DEMANDED IT.

WE ARE, THEREFORE PROUD OF AN OPPORTUNITY TO

CONGRATULATE J. D. McPHAUL

Upon The Completion And

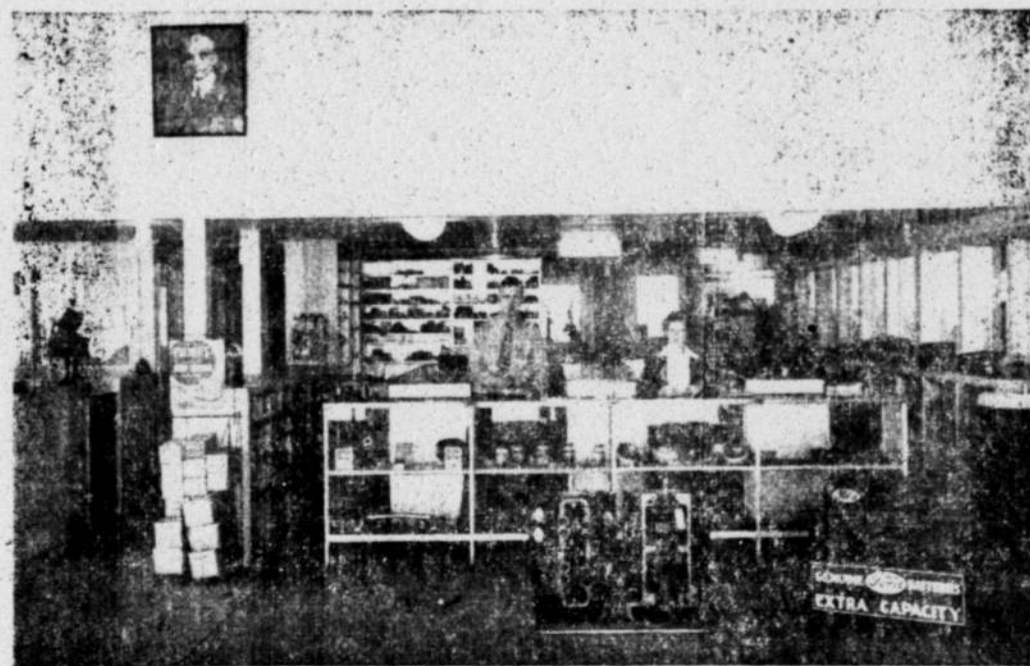

OPENING OF HIS NEW FORD HOME

A modern building of this type is a definite asset to downtown Lamesa and reflects credit to the builder. — May we have many more of them!

PRESENTING LAMESA'S

A Major Improvement Marking the 2nd Anniversary

As "Your Ford"

1943

PARTS DEPARTMENT

In this picture is our Parts Department, where a complete line of Genuine Ford Parts are carried for Ford Owner convenience in servicing their cars. In these 50 bins as shown here, combined with large overhead balcony space, is stored what we think is West Texas most complete Ford Parts Glean—having parts when you need them is our business. That is why we NEVER have a Ford unit tied up in our shop because of Parts shortage. This department is under the capable supervision of Wm. (Bill) Spence, a man with many years of experience handling Ford Parts. Pictured with him is Miss Velna Ruthledge, clerk.

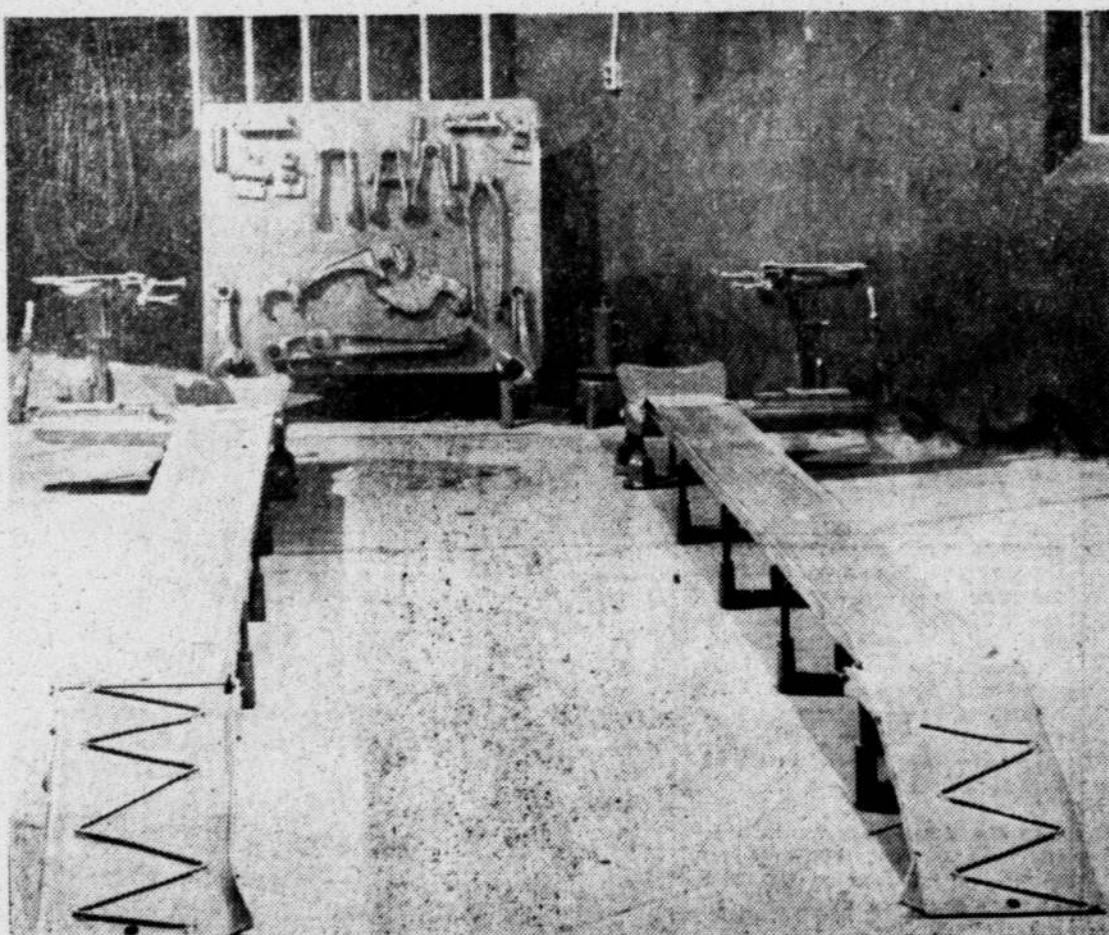

Pictured above is the new ultra-modern home of McPhaul Motor Company, located at the corner of South Second and Austin St. It is modern in every respect with space for cars or trucks; large modern parts department, featuring Genuine Ford Parts; service department adequate for ten mechanics with entrance door on South. A large used car lot adjoins this building on the North.

EMPLOYEES PICTURE

In this picture you see the people that make up the staff at our plant. Back row, reading left to right: Wm. (Bill) Spence, parts mgr.; Elvis Barker, mechanic; Joe Blakeley, service mgr.; Gene Womack, wash and lubrication; Front row: Miss Velna Ruthledge, clerk; Miss Louise Murphy, bookkeeper and manager; Yank Brown, mechanic; Lee Clark, mechanics, and J. Martin, picture.

WHEEL ALIGNMENT MACHINE

In this picture you see our wheel alignment Machine. This machine is used to check wheel alignments, caster and camber, all of which when are in proper alignment, add MANY MORE MILES of service to your tires, and also it makes your car drive MUCH BETTER.

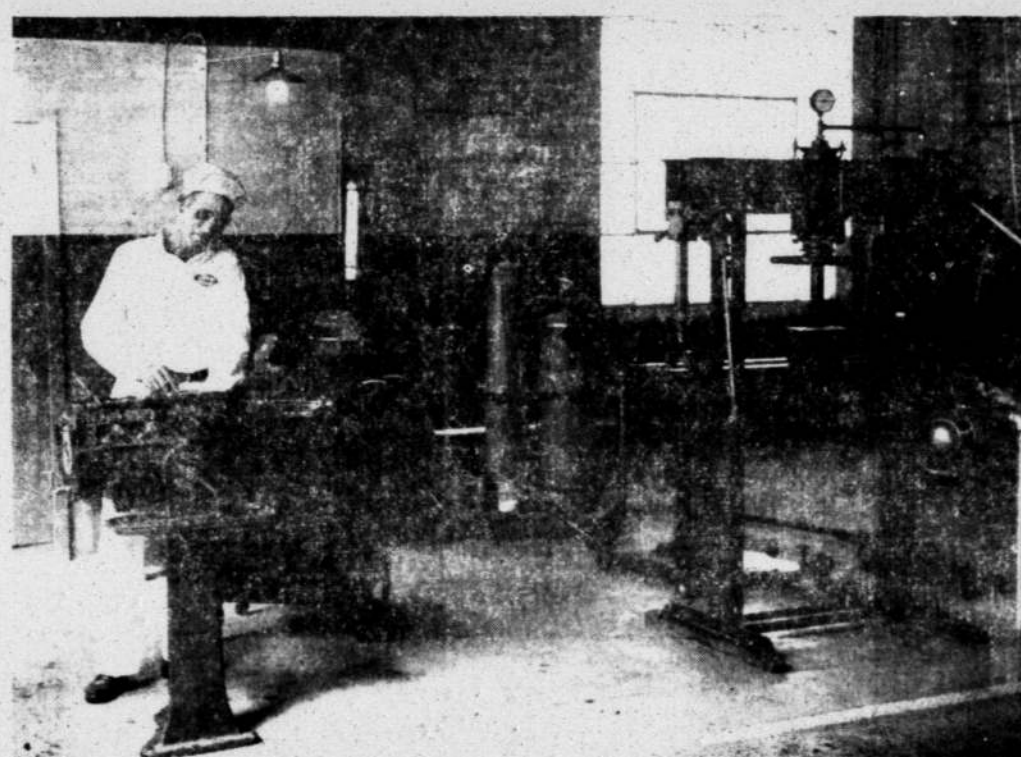

A'S NEW FORD HOME!

nd Anniversary of McPhaul Motor Company ur Ford Dealer"

1945

home of McPhaul Motor Company your Ford Dealer, located at
n every respect with show room large enough to display three
ment, featuring Genuine Ford Parts and Accessories with a large
anics with entrance door being on the East side and the exit on the
ilding on the North.

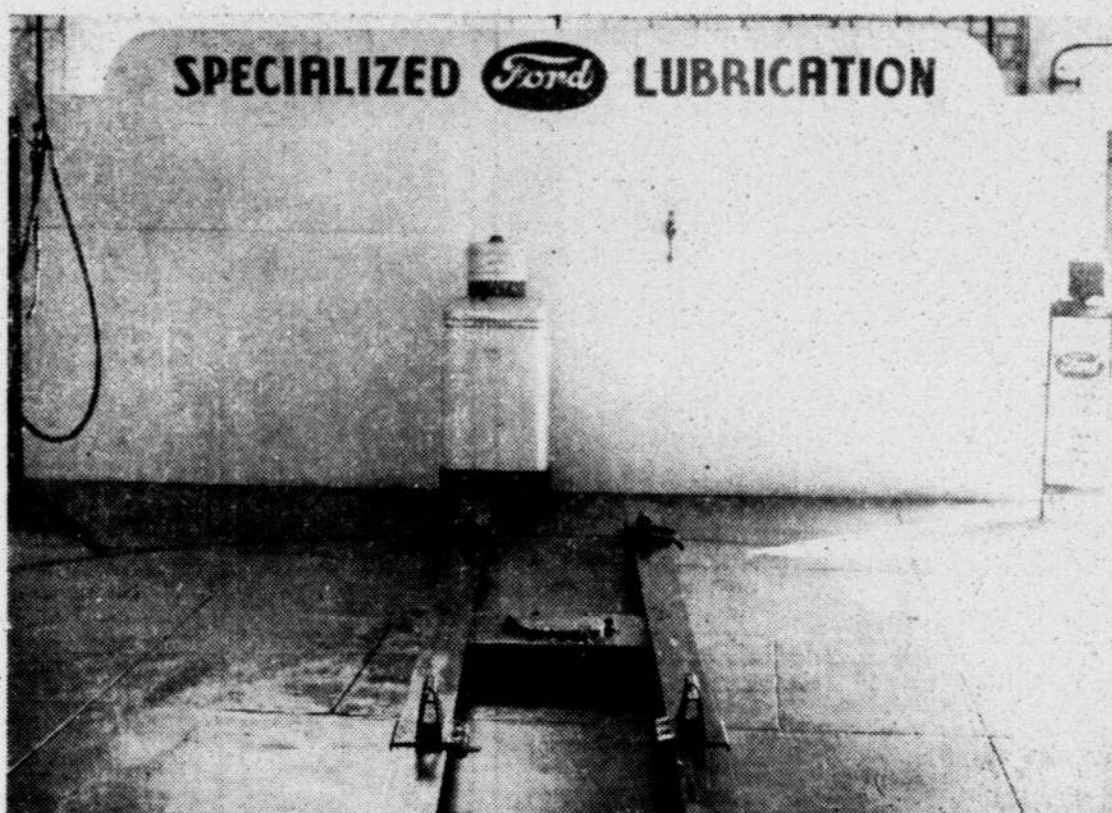

MOTOR ROOM

This is a parcel picture of our Motor Room, where a large part of the Motor tools are kept, such as pin hole machine, grinders, valve machine, press, motor stands, parts washer, welding equipment, etc. The motors are pulled from the cars and brought to this room, disassembled and overhauled, where all of the tools are easily reached. Pictured here is Elvis Barker, mechanic.

EMPLOYEES PICTURE

u see the people that make up the personnel
row, reading left to right, is Wm. (Bill) Spence,
rker, mechanic; Joe Blanks, parts department;
ice mgr.; Gene Womack, mechanic; Bill Penn-
ubrication. Front row: Warren Shotwell, sales-
Ruthledge, clerk; Miss Nelda Whitmire, steno-
se Murphy, bookkeeper; J. D. McPhaul, owner
k Brown, mechanic; also we have L. A. Clark,
ics, and J. Martin, porter, not shown in the

LUBRICATION DEPARTMENT

In this picture you see our newly equipped Lubrication Department with new 4 ton Hydraulic Lift and new A. R. O. Chassis Gun, (not pictured here but since received) a portable waste oil drain. Although other equipment for this department has been ordered but not received we are now equipped to give your Ford Specialized Lubrication.

Across the drive from this department is a Modern inclosed Wash Rack. We invite you to visit this department and let Bill Pennington service your car. We think you will like it.

ANSWERS
Your Personal
War Problems**

Your questions on allotments, insurance, legal problems or other matters as they relate to Army personnel and their dependents will be answered in this column or by letter. Write Headquarters Eighth Service Command, Dallas 2, Texas.

Q. I was discharged from the Army four months ago. At that time I stopped paying premiums on my National Service Life Insurance. I now find that it is possible for a veteran to keep the insurance for eight years from the time it was first taken out. I still have five years to go. Would it be possible for me to reinstate the policy?

A. Yes. Write the Veterans Administration, Washington, D. C., saying you want to re-instate your policy. Include in your letter your full name, serial number, policy

STORM DAMAGE IN EAST TEXAS—Ruins of the T. C. Lamar farm home (above) three miles southwest of Pittsburgh, Texas, destroyed in a windstorm which struck October 21, injuring 46 persons and leveling many homes. (AP Photo).

J. D. McPHAUL

We extend our sincere Congratulations and Best Wishes on the occasion of the opening of your New Ford Home and this financial expression of faith in Lamesa.

HURT'S

number and unit to which you were last assigned. Include also a check or money order for back premiums and a statement that you are in good health. If you wait until six months have elapsed since you paid your last premium you will have to have a physical examination.

Q. My husband was killed in action a year ago. I am now receiving a monthly pension, but it isn't enough to support me. If I take employment, will this pension be cut off?

A. No. Since your husband's death was due to a service-connected disability, your pension is payable for life or until you re-marry, regardless of any other income you may have.

Q. My husband is going to ask for a discharge from the Army because of hardship conditions at home. If he gets a discharge for this reason will he be barred from any of the privileges of the GI Bill of Rights?

A. Not if he is otherwise eligible.

Q. How long does it take a soldier to be discharged once he reports to a separation center?

A. Normally, about two days. But, if his records are not in order, or if he needs some medical or dental attention, it may take longer.

Honesty is The Best, Etc.
SALT LAKE CITY (AP)—"I'm going to show you a trusty can be trusted," commented a city jail inmate, proffering police a check he found while sweeping the jail sidewalk.

LAMESA BUILDERS SUPPLY

No Feed Damage Is Late Opinion Of AAA Official

The 1945 feed crop in Dawson County suffered little or no damage from the weekend cold snap, says the opinion of C. F. Tarter, AAA administrative supervisor. "In fact," he said, "I believe it helped. At any rate it will rush the harvest."

Admitting that he jumped to conclusions and gave out a hasty statement concerning the 30 to 40 per cent damage to feed crops, Tarter is now "tickled to death" to back up and correct that statement. He made two trips out into the feed acreages of the county Monday to examine the grain.

Some of the blades, he said, are killed, but no stalk damage is evident. Sap in the stalk was checked, thus pointing to earlier maturity date for the grain. Harvest should begin within a few days.

Only the very late feed is hurt, the veteran AAA supervisor said. The other combine maize and heggai will mature several weeks earlier with thanks to the cold weather.

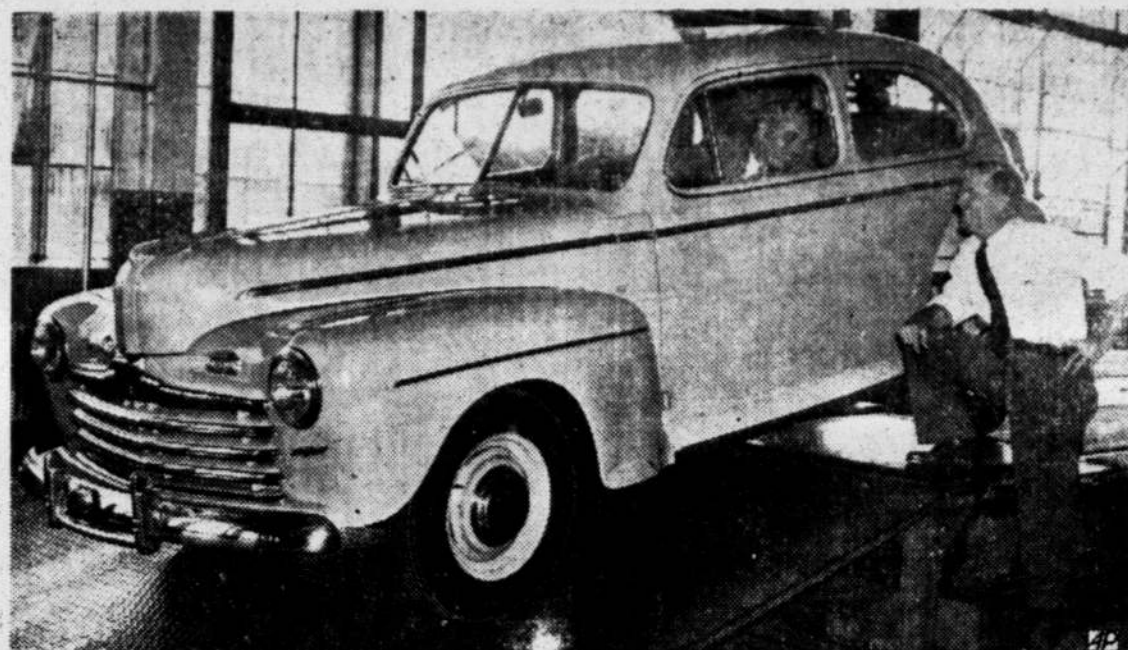

There will be sand in the cotton as a result of the Sunday wind and sandstorm, he reported. None was wasted, however.

Receives Discharge

S-Sgt. Henry H. Capps, Route A, Lamesa, was discharged from the army September 14 at Fort Lewis, Wash. Announcement of the discharge was made through the public relations office, Army Service Forces Training center at Fort Lewis.

The Girl Scouts was founded by Mrs. Juliette Low in 1912 in Savannah, Ga.

The smallest boat in the U. S. Navy is a nine-foot dinghy.

NEW FORD IS FIRST — First 1946 passenger car to be displayed in Lamesa will be the new Ford. McPhaul Motor Company will have a new Ford passenger car in its showroom at open house Thursday night in the new building. The 1946 Ford will remain in the showroom through V-8 Day, which is Friday.

Insurance Agent Gets Discharge

John T. Agee, who served with the medical branch of the army for six months, has resumed his civilian life occupation as Southwestern Life Insurance agent here. His office is in the First National Bank Building.

Agee was discharged at Fort Lewis, Wash., on September 14. He and Mrs. Agee have four children. One of their daughters is incurably ill, and it was for that reason Agee was released from service.

The use of gloves, it is believed, was known even to the pre-historic cave dwellers.

Patronize The Advertisers

Birth Certificates

Births recorded in the office of County Clerk Howard Humphrey through Tuesday included the following:

Mr. and Mrs. Balente Brianes of Lamesa, a son, Carlos, October 15.

Mr. and Mrs. Jesper Vaughn White of Lamesa, a daughter, Charlotte Glee, October 15.

Mr. and Mrs. Homer William Hawkins of O'Donnell, twins, Kathleen and Gerald Dean, October 12.

Mr. and Mrs. Solomon Wheeler Cleveland, Route 2, Lamesa, a son, Robert Wheeler, October 113.

Ho! All Same China Boy

By ED CREAUGH AP Newsfeatures

YO HO see, shok tong? Which is, very freely translated, "what's buzzin', cousin?" in Chinese. If the cousin is female, make it: "Yo ho see, shuh tong tsz moo!" See how easy it is if you're armed with the new 10-cent "Easy Way to Read and Speak Chinese?" "Yo ho see, dye gee?" means "what's on you mind, big boy?" and "loy che che" is "come here," according to the booklet. "Go for a ride" comes out "dop cheer." "Moonlight" is "geet kwong." "Nice eyes" would be "ho yen ching."

A soldier off duty in China could stop reading right here. "Have you a match?" is rendered "kne yo for chawe mar?" There is no word for cigarette, possibly because there aren't any cigarettes.

If you think there is a catch to it, try "ngo yoke chop suey"—beef chop suey, the book says — on your waiter.

After he stops laughing, see if he doesn't point at you and say something like, "dye hong! dye hong!"

"Dye" means big and "hong" means wind.

What's the Chinese for is he kidding?

Troop Carrier Vet Gets His Discharge

With the Troop Carrier Command for 17 months, Cpl. Marvin R. Calhoun, son of Mr. and Mrs. F. E. Towns, Star Route 2, Lamesa, has been honorably discharged. Calhoun was released at Baer Field, Ind., on October 17.

He went into service in October, 1942, and was with the 477 Air Service Group in the European Theater of operations. His ETO ribbon has four battle stars. At his return from Europe Calhoun was assigned to Malden Army Air Field, Mo., an installation of the 1 Troop Carrier Command.

GLOBE DRY CLEANERS

2,000 U. S. Towns Plan 'Living War Memorials'

By HAROLD HARRISON
AP New-features

COLUMBUS — More than 2,000 communities from coast to coast already have joined in a campaign to erect "living memorials" to the veterans alive and dead of World War II.

George M. Trautman, chairman of the American Commission for Living War Memorials, says those 2,000-odd communities have plans for more than 5,300 different memorial projects. The number is increasing daily.

The "memorials that live" idea was born of the belief that the war veterans themselves and citizens generally would appreciate such projects more than the usual monuments and statues.

Memorials Vary

With that in mind, the commission set out to interest communities in building their war memorials in the form of camp sites, reservations, parks, playing fields, indoor sports centers, swimming pools, community centers and golf courses.

"Many communities already have completed their memorials," says

Trautman. Others have raised funds and are only waiting for building materials.

Typical Examples

Leaving through the hundreds of reports from all parts of the country, Trautman produced these examples of what the memorials to the men and women of World War II will be like:

FREEMONT, Ohio — A park and swimming pool have been dedicated to "all infantrymen" in general and Pvt. Roger Young particular. Posthumously awarded the Congressional Medal of Honor, Pvt. Young was killed on New Georgia in 1943.

ST. CLOUD, Minn. — A golf course and club house were dedicated as a living war memorial on May 16, 1945. All financial obligations were paid off before the memorial was dedicated and men and women of the armed forces may become members without payment of any initial fee.

NEW ROCHELLE, N. Y. — A \$110,000 boys' club will be erected as "the kind of a memorial that will remain fabric of the nation, generation after generation; a memorial whose function is to mould character and prevent waste and spoilage of good human material."

Parks, Too

LOYSVILLE, Pa. — A memorial park is planned which will include a pavilion, pool and other outdoor facilities.

LONE PINE, Calif. — A swimming pool now is finished which Trautman described as "an outstanding example of community effort." Only about \$11,000 in actual cash went into the project, the remainder of the time, money and effort being contributed by the citizens of the community. An engraved merit award was sent to every man, woman and child who contributed 20 or more days of labor to the project.

KERRVILLE, Texas — Kerrville citizens have raised \$100,000 to build a community center which will include an auditorium, indoor playground or gymnasium, library, banquet hall, lounge and rest rooms.

JACKSON, Mich. — More than 1,700 trees have been set out on a 13-mile stretch of U. S. Highway 12.

HAGERSTOWN, Md. — The "Hagerstown Memorial Forest" has been started, with trees donated by the department of forestry and maintenance pledged by the 4-H clubs of the community. Outdoor recreation facilities will be added.

Playground Planned

POTTSTOWN, Pa. — A \$750,000 outdoor playground with facilities for all outdoor sports is planned.

MELROSE, Mass. — Melrose will spend \$250,000 to erect a memorial stadium with facilities for sports events, fairs, community religious services and conventions.

CAMDEN, Tenn. — A community of only 1,400, Camden will have a \$30,000 war memorial building to provide facilities for all service organizations, Red Cross, Boys and Girl Scouts, and civic and recreational functions.

MALIN, Ore. — Malin has raised \$105,000 of the \$140,000 needed for a community park to include a recreation hall, swimming pool and other outdoor facilities.

CALIFORNIA ORANGE GROVES IN MOROCCO?

NEW YORK (AP) — California oranges will be growing in Morocco if the plan of Jean Pellenc, and others of a group of French fruit growers who landed here recently, is a success.

Pellenc, with groves in southern France and Morocco, said his group would study irrigation and other orange-growing methods in California.

"American oranges are very popular in Europe," he said, adding that "the climate of Morocco is very similar to that of California." For that reason, he declared, "The growers I represent will try to duplicate California fruit."

DOG HAS SWEET TOOTH

SALT LAKE CITY (AP) — Trixie, cocker spaniel pet of the Herbert W. Singletons, qualifies as a wartime retriever. She came trotting home the other day with a sugar ration stamp between her teeth.

Many Diseases, Economic Losses Caused By Rats

Because of the economic losses they cause to industry and commerce and the annoyance they create in homes, rats have been considered a serious menace to mankind since long before their role as vectors of disease was understood. Today at least six diseases

are known to be transmitted to man from the rat, according to Dr. George W. Cox, State Health Officer. These diseases include the dread plague, typhus, trichinosis, a form of jaundice, tapeworm, and food poisoning. Typhus fever, in the past few years, has become a major health problem in Texas.

"It is necessary to public health," Dr. Cox said, "that a continuous rat control program be maintained in every urban and rural area throughout Texas. This is especially important on farms where rats may

flourish by feeding on grain and other farm products."

The Doctor pointed out that rats, like other living things, require food and shelter if they are to propagate and increase in number. Destroying their shelter and breeding places includes the employing of ratproof design in buildings, employing ratproof methods of construction and installation, and providing for periodic inspection of buildings to insure permanent safety. This program will force the rat out into the open where its destruction may be accomplished.

measure is the elimination of all food supplies. This consists of storing all foods in ratproof containers, the proper storage of garbage in closed containers until disposal, and careful feeding of stock to prevent waste feed from being picked up by the rats.

By observing these control measures, the community will benefit not only in the eradication of a nuisance and economic menace but in improved health conditions and the certain decrease in the incidence of typhus which, alone would make the control program worth while.

CONGRATULATIONS
