Capone Is Trying To Win Votes In Chicago

GANG LORD CHARGED WITH "PLOT" TO CONTROL CITY

(By The Associated Press)

CHICAGO, April 5—"Scarface Al" Capone is in jail but the city that breathed with relief at its riddance when his 11 year sentence was pronounced once more finds itself embroiled in as bitter a political strife as it ever was in the gang lord's heyday.

The figure of the overlord of crime, it so charged, has risen from within the walls of Cook county jail where he is confined to blight the hope of a peaceful primary election a week from today with terrorism and violence of old.

Rumors Heard

Rumors that Capone was trying to strengthen his political influence to escape serving all or most of his sentence for income tax evasion have been vaguely heard for some time but now they have come out into the open.

A special grand jury investigation was ordered yesterday by Circuit Judge Michael Feinberg, himself a candidate for the Republican nomination for state's attorney, to determine to what extent Capone and his hoodlums are employing terrorist tactics to force unfavorable candidates to withdraw and control the primary.

And from a prominent civic worker, President Fred W. Sargent of the Chicago and Northwestern railroad, came a statement that Capone "has a candidate for ward committeeman in the primary in every ward of Chicago.

"Capone," Sargent said, "has so gained control of law enforcement in Cook county that government is breaking down." Capone derives his power, he declared, from revenues that 10,000 saloons and 1,000 gambling houses bring him.

Candidates for ward committeemen have withdrawn hurriedly in recent days and told of being threatened.

The special grand jury inquiry was prompted by a request of two residents of the fashionable Gold Coast colony, one of them running for ward committeeman. They cited 1 alleged acts of pre-election violence and charged Capone with trying to coerce the election of committeemen to work for his pardon.

BARKLEY WILL BE KEYNOTER

ROOSEVELT ADVOCATE IS SELECTED BY DEMOCRAT BODY

(By The Associated Press)

CHICAGO, April 5—A supporter of Gov. Franklin D. Roosevelt of New York—Senator Alben W. Barkley of Kentucky—has been named to sound the keynote for the Democrats when they meet here June 27 to select their presidential candidate.

Senator Barkley, who but recently withdrew as a possible "favorite son" presidential candidate to support the Roosevelt campaign, was selected as the party's national convention temporary chairman yesterday by the Democratic arrangements committee. Jouett Shouse was recommended for the permanent chairmanship.

Shouse, chairman of the party's executive committee, was regarded as the candidate of the anti-Roosevelt faction for keynoter. In making a recommendation for permanent chairman the committeemen disregarded precedent, for it has not been the practice in the past for the committee to take such action.

It was an all-day session, apparently marked by spirited debate. Shouse, who presided, said, however, harmony prevailed and that the recommendations were unanimous. The committee's selections will be recommended to the full national committee which will pass them along to the convention itself.

CASE DELAYED BY MOVE TO END LIFE

E. R. NEAGLE SLASHES ARM AND WINDPIPE AT LEVELLAND

(Special To The Journal)

LEVELLAND, April 5.—A few moments before E. R. Neagle, 37, was to appear in 72d district court here this morning, accused of the ax-murder of 74-year-old B. F. Driggars, he attempted to take his own life in a cell of the Hockley county jail. Judge Homer L. Pharr subsequently ordered the case transferred to 99th district court at Lubbock.

Neagle, whose condition was described as serious although physicians said they believed he would recover, will be taken to Lubbock sanitarium early this afternoon, L. P. Williams, Hockley county sheriff, said. He did not know whether Neagle, under guard, would be taken in a private automobile of an ambulance, the sheriff said.

Using a safety-razor blade, Neagle severed three arteries in his right arm and slashed through his windpipe. Officers found him, bleeding profusely, a few moments later. Other prisoners in the cell block had aroused the officers. After treatment, Neagle was kept in jail.

A jury was completed at about 4:30 o'clock Monday afternoon. The state was to open its case this morning.

Driggar's skull was cracked by a blow from the blunt end of an axhead February 2, and he died the following day in a Lubbock hospital. He was attacked at the home of his son-in-law, P. S. McGuire, two miles northwest of Whitharral, several days after he and McGuire moved into the house with Neagle, a transient cotton picker, and members of his family. McGuire recently had bought the farm, and differences over possession of the three-room

MAN AND BOY ADMIT THEFT

CONFESSIONS SIGNED AFTER LOCAL CAFE ROBBED BY PAIR

A few minutes after 11 o'clock this morning, or about 11 hours after Bob's cafe on Broadway was burglarized, County Attorney Vaughn E. Wilson had signed confessions of a youth and a man who admitted the break-in. The two and a third suspect, who probably will be released, were arrested by George Eubank, policeman, in the cafe about 7 o'clock this morning. The suspects were transferred to county jail.

Virgil Scott, 28, and a 16-year-old Lubbock youth said they went to the cafe about midnight, pulled open a rear door, that Scott went in while the youth stood at the door as lookout, and Scott returned with some cigarets, cigars, gum, and candy, which he divided with his confederate. The two then went to a boxcar, stayed there until about daylight, and returned to the cafe.

Bond for Scott, held on a burglary charge, was set at $1,500 this morning by County Judge E. L. Pitts.

Scott said he had served a prison sentence in Wisconsin, County Attorney Wilson said. The case of the other suspect who confessed will be disposed of in juvenile court, and probably today or tomorrow. Th confessions evidently cleared the third suspect of implication in the burglary, in which merchandise valued at $1.50 or less was taken. Scott said he looked in an open cash drawer but saw nothing.

VETO SEEN FOR PHILIPPINE FREEDOM

HOUSE APPROVES BILL BY AN ASTONISHING MARGIN MONDAY

(By The Associated Press)

WASHINGTON, April 5—A veto apparently waits at the White House for legislation to grant independence to the Philippine islands.

By an astonishing margin—306 to 47—the Hare bill, under which independence would come after eight or ten years, passed the house yesterday. Later this session, perhaps in a month, this bill or a substitute for it will be taken up in the senate, with fair chances of passage. It may, therefore, be up to the president to meet this long-standing issue. The two members of his cabinet most concerned in the question are definitely and sharply opposed.

The house action, taken under the most stringent rules invoked since the Democrats took control, followed reading of a letter from Secretary Stimson in which turning loose the islands was condemned strongly. It preceded by a short time a jaunty, "Just giving President Hoover something else to veto," uttered by Secretary Hurley. He qualified this remark under questioning, however, by observing it was "very hard" to determined what the president would do, meantime predicting "fireworks" in the senate.

May Limit Jobs To Texas Contractors

AUSTIN, April 5 (AP)—W. R. Ely, chairman of the Texas highway commission, said today the commission was considering adopting an order which would bar contractors from other states from bidding on highway construction projects paid for entirely by the state and counties.

Ely said the proposal had been discussed by the commission but action had been delayed pending further consideration.

Contest Over Seat In House Is Begun

WASHINGTON, April 5 (AP)—The first contest over a seat in the present house of representatives came before the entire membership today, with the dominant Democrats in position to increase their majority by one.

The issue is over a Chicago district, the Illinois eighth, now represented by Peter C. Granata, Republican, but sought in the contest by the Democratic candidate, Stanley H. Kunz.

Split along party lines entirely, the elections committee which handled the case presented two reports.

FILM STAR TO SING HERE TONIGHT

Lubbock movie fans and music lovers will have an opportunity to hear Doris Kenyon (below), noted screen actress and gifted singer in "Lyric Silhouettes", a concert of songs in costumes in the Lubbock high school auditorium tonight at 8:15. DOPE PEDDLER SHOT DOWN

OFFICER WOUNDED IN GUN BATTLE WITH FORMER CONVICT

(By The Associated Press)

KILGORE, April 5.—U. S. Huntsman, Kilgore policeman, was recovering today from a shotgun wound while funeral arrangements were made for M. E. Salter, 33, who lost in a gun fight with the officer here yesterday.

Salter, former convict and alleged thief and dope peddler, had kidnaped one officer who sought to question him and had hopes of outwitting the law until he tried to drive through Kilgore.

Huntsman was watching for Salter's car and met it as the fugitive entered town. Witnesses said Salter fired and the wounded officer replied with his pistol, three bullets taking effect.

Clem C. Hill, Gilmer deputy sheriff who was kidnaped, was the victim of a ruse. He went to a Gilmer hotel to question Salter concerning a stolen typewriter. Salter answered that he had papers to the machine in his automobile. The deputy accompanied him to the car. Salter drew a pistol, disarmed the officer, forced him into the car and sped out of town.

TALK CONVENTION PLANS

Plans for the district convention to be held here, April 11 and 12 were talked by members of the Lions club in their luncheon at the Hilto today.

Dr. John Caylor of Waco, Baptist minister holding a revival here and Rev. O. P. Clark, pastor of the First Methodist church at Sweetwater, made short talks.

MUSICIAN TO APPEAR ON ARTIST COURSE NUMBER TONIGHT

BY MARGARET TURNER
Journal Woman's Editor

Charming dignity and beauty characterize Miss Doris Kenyon, actress, musician and author, who is to sing in concert tonight at the Lubbock High school auditorium. Golden bobbed hair fluffed out from the brim of her hat this morning when she stepped from the train, beautiful and at ease. Her clear gray eyes were shaded with dark glasses.

"Your sunshine—it is so bright," she laughed following introductions.

No Gaudiness

There is none of the gaudiness usually associated with movie actresses and she is devoid of the celebrity complex; rather she is a quiet dignified artist.

Miss Kenyon is en route to her home in California and tonight's concert is the last one for a few months. She is to make several pictures and later resume her costume-musical programs.

"I plan to alternate my work between the movies and concert work for a time and will eventually leave the movies," she said this morning in her room at the Hilton.

Her home is beyond Beverley Hills and here her small son, Kenyon, lives. She is the widow of Milton Sills, famed movie celebrity.

Miss Kenyon is accompanied by her sister, Mrs. H. E. Haanel, and

DEMOCRATS TO OUTLINE OWN ECONOMIES

PRESIDENT PROPOSAL IS BURIED BENEATH DEMO OPPOSITION

(By The Associated Press)

WASHINGTON, April 5.—President Hoover's proposal for a joint congressional and executive commission on reorganizing the government and saving $200,000,000 to balance the 1933 budget was buried today under an avalanche of Democratic opposition.

Unless the chief executive submits to congress specific recommendations for consolidating bureaus and

WASHINGTON, April 5 (AP)—Answering congressional attacks upon his economy suggestions, President Hoover said today that without the creation of a joint congressional - administration committee to consider the question he could "see no way by which there can be a maximum reduction in expenditures."

eliminating activities, the opposition party in congress intends to write its own economy program. Spokesman after spokesman made this clear in the reception given Mr. Hoover's special message yesterday.

Push Revenue Bill

At the same time the Democratic senate leadership has extended a hand across the aisle for co-operation with the Republicans in handling the billion dollar revenue bill just in from the house and the offer appears certain of welcome acceptance from the G. O. P. regulars.

The importance of government salary cuts in the economy scheme has been emphasized in support given the idea by such men as Senator Robinson, Democratic leader, and Senator Harrison (D., Miss.), the latter today forecast, with regret, that a general slash was likely to materialize.

The house special economy committee yesterday approved bills to dispense with the army anud navy transport service, with a claimed $2,000,000 annual reduction in expenditure; postpone indefinitely part of the government's big construction program in the capital at a saving of $750,000; and abolish the international water commission.

Two Farmers Held In Negro Lynching

CROCKETT, April 5 (AP)—Two farmers, W. A. Ackley, 74, and his nephew, Paul Ackley, 24, were under murder charges here, today in connection with the lynching Friday night of Dave Tillis, negro. The elder man was an uncle of the woman who accused the negro of insulting her and the young man a brother.

Sheriff J. L. Hazlett sought three other men. He arrested the two farmers last night in the Austonio community near the Black Jack forest where the negro was seized from the protection of Arch Maples, candidate for sheriff, and hanged to a tree.

BUSTER KEATON AND WIFE IN ROW AS HE TAKES CHILDREN FOR PLANE RIDE

(By The Associated Press)

LOS ANGELES, April 5.—Differences between Buster Keaton, smileless screen comedian, and his wife, the former Natalie Talmadge, apparently have been settled after coming to the attention of the district attorney's office here and the San Diego police department.

The trouble arose, so both Keaton and his wife said, when the former decided to take his two sons, Joe, 9, and Robert, 8, for an airplane ride yesterday. Mrs. Keaton said she did not want her sons to make the trip.

Learning the father had taken the boys and Connie Consuelo, their governess, to San Diego by plane, Mrs. Keaton, in company with her sister, Mrs. Constance Talmadge Netcher, hurried to the district attorney's office.

Buron Fitts, the prosecutor, telephoned San Diego police at their request to stop the comedian.

Keaton was held in San Diego more than an hour. Then he was freed. He, his sons and the governess were to return to Los Angeles today.

"Any report that Buster and I have separated is nonsense," said Mrs. Keaton. "One doesn't separate over such arguments."

RECORD VOTE IS PREDICTED AS LUBBOCK ELECTS MAYOR AND TWO CITY COMMISSIONERS

SEVEN CANDIDATES ARE IN RACE FOR POSTS ON LOCAL GOVERNMENT; RIVAL FACTIONS ACTIVE IN ELECTIONEERING HERE THIS MORNING

Lubbock citizens again were trekking to the polls today and by 2 o'clock this afternoon approximately 1,225 of them had recorded their choices for heads of the city government for another two years. Election officials reported a steady line of voters throughout the morning and predicted another record vote.

Seven men were vieing for city government posts, two for mayor and five for commissioners. Mayor J. J. Clements is seeking re-election, being opposed by W. M. Peticolas, jr., local attorney. J. F. Bacon, present finance commissioner, also is asking for relection at place number four and is opposed by E. C. (Ed) Young and Geo. W. Foster. J. C. (Cash) Royalty and Geo. Pickle are seeking the commission post, place number two.

Electioneering Rife

Supporters of the Peticolas ticket, which, according to circulars distributed here the past week is composed of Peticolas, Pickle and Young were actively engaged in electioneering on the street corners this morning, with speakers, petitioning for votes in argumentative terms. Supporters of the administration ticket also were out after ballots and headquarters of the Clements-for-Mayor club were established in the Dyke Cullum building and telephone calls were being made this afternoon to all poll tax payers in the city urging them to come out and vote. A good response is expected.

Speculation over the amount of votes to be cast was rife with estimates running from 1,400 to 3,000 votes. The total is expected to exceed the 1,843 votes cast Saturday in the school voting. Election officials said a slack in voting was noticed around the noon hour but ballots soon were again pouring onto the tables of the counting clerks.

DARROW LOSES EARLY LEGAL SKIRMISH

'HONOR MURDER' CASE CONTINUES TODAY AT HONOLULU

(By The Associated Press)

HONOLULU, April 5.—An early legal skirmish in the trial of the sensational Kahahawai murder case lost to a youthful assistant prosecutor, the veteran Clarence Darrow, noted criminal lawyer, returned today to the task of selecting a jury from panels composed of a medley of races.

A dramatic clash between Darrow, bent with age and slowly patient, and relentless young Barry S. Ulrich ended in victory for the assistant prosecutor and the seating of a juror Darrow tried to show was biased.

Darrow Loses Point

Shortly before that court fight, the 74-year-old Chicagoan lost a point to John C. Kelley, newly-appointed public prosecutor, when the court ruled that whether Joseph Kahahawai was innocent or guilty of an assault on Mrs. Thalia Massie had no bearing on the case.

Mrs. Massie's mother and husband, with two sailors, are on trial for the lynching of the young Hawaiian. The mother, Mrs. Granville Fortescue, sat during the first day of the trial on the same bench as Kahahawai's father, mother and sister.

Nearby, Lieut. Tpomas H. Massie bit his lips as he watched Darrow carefully sift the minds of the jurors.

Ire Aroused

Darrow's persistence in questioning veniremen aroused the ire of Ulrich early. The assistant prose-

HUNTS FOR HIS STOLEN BABY

LINDBERGH TAKES TO AIR IN SEARCH FOR SON'S KIDNAPERS

(By The Associated Press)

HOPEWELL, N. J., April 5.—Col. Charles A. Lindbergh, who won his fame in the air, is using that same element in an attempt to get his stolen baby back.

Optimism permeates the home on Sourland mountain as the head of the household comes and goes on mysterious airplane journeys.

Twice in three days he has soared away, apparently seeking a yacht off the Massachusetts coast. The trips were believed to have some unexplained connection with rumors that ransom negotiations are being carried on with kidnapers who took Charles A. Lindbergh, 21 months old, from his crib March 1.

Asks For Freedom

Taking a personal hand in the hunt, which is enfolded in more mystery every day, he has appealed for freedom from questioning about his movements.

"Col. Lindbergh feels that under existing circumstances he should be privileged to move without the incumbrance of either check-up or accounting," said a police statement.

Driving his own car, the flying colonel slipped into his estate last midnight after his second airplane journey. About 3:30 p. m. yesterday he and his closest friend, Col. Henry Breckenridge, climbed over a back fence at the Newark airport and sped away in a borrowed plane capable of 180 miles an hour.

ONE-POUND BABY BOY, SYMMETRICAL AND NORMAL, BORN TO YOUNG COUPLE

(By The Associated Press)

KANSAS CITY, April 5.—An improvised crib-incubator, fashioned from a cardboard carton and hot water bags, cradles a 1-pound baby boy, born here yesterday to a young couple.

The child was pronounced symmetrical and normal, except in size, by the attending physician, who has high hopes that the infant will live.

The doctor said the young son of Mr. and Mrs. William St. John was undernourished.

The father is a strapping youth of 18 and the mother is 17.

The baby wasn't expected for 2 1-2 months. Only a few clothes were ready for him and they didn't fit, of course. As one of his husky uncles remarked, the crocheted boots might do very well for stocking caps.

No crib was ready either, so for the present the baby's odd little cries issue from a coffee carton at the St. John home, where he was born. The tiny arms are just about as big as his fathers forefingers. Over all, he is just about 14 inches long.

"The chief thing," the doctor remarked, "is his vitality. He's a bit undernourished and weak. But I see no reason why he

NEW SHREDDED BISCUIT TOASTED ON BOTH SIDES

Extra Crispness Just One of Many Improvements Developed for Kellogg's WHOLE WHEAT Biscuit

In line with its policy of constant improvement, the Kellogg Company some time ago introduced a new shredded whole wheat biscuit which offers several outstanding improvements in this type of cereal.

The new Kellogg biscuit is "pressure-cooked" by a special process that retains the full food value of the whole wheat. At the same time it produces a delicious mellow flavor and makes the biscuit very easy to digest.

The biscuits are also much crisper and crunchier, for they are toasted on both top and bottom—not just one side. Incidentally they are also a new, convenient size to fit the cereal bowl without crumbling. And you get 15 to the package instead of the usual dozen.

As evidence of the high food value of the Kellogg biscuit, the Medical Arts Laboratory of Philadelphia made a careful analysis and certify every package.

Grocers say Kellogg's WHOLE WHEAT Biscuits are winning wide favor. Healthful and delightful for any meal. Especially good with hot milk. Identify this improved food product by the name Kellogg's and the familiar red-and-green package. Made by Kellogg in Battle Creek.

PLAINS HIGHWAY CONTRACTS LET

Contracts for new construction, requiring an expenditure of more than $25,000, on state highway No. 137 in Gaines and No. 24 in Cochran county, were let Monday by the state highway commission. Two surfacing contracts for this district were to be let today, press dispatches from Austin said. These contracts were to be for a 12-mile job in Cochran county between Whiteface and Morton, and a 15-mile job in Gaines county from Seminole south to the Andrews county line.

Hannah Construction company and Fred and Dan Hall of Waco, with a bid of $16,862, won the contract for 13.2 miles of grading and drainage structures from Andrews county line to Seminole, in Gaines. Bid of Huddleston and Work, of Crosbyton, for $8,239, was accepted for 12.1 miles of grading and drainage structures from the Hockley county line to Morton on No. 24.

Spirited bidding was expected on both surfacing jobs as a number of contractors recently inspected them before submitting their figures.

About April 15 it is planned by the department to hold a supplementary or "clean up" letting when a number of additional contracts are to be let. One of these is the surfacing of highway 137 west of Lubbock towards Brownfield.

LAMESA PAPER PLANS DRIVE

MORE TAXATION FOR ITINERANT PEDDLER WILL BE SOUGHT

LAMESA, April 5.—(Special)—The Lamesa Reporter, a weekly newspaper, in next Thursday's edition will fire the first shot of a barrage against what it considers insufficient taxation of itinerant merchants.

Albert H. Law, editor, declares that each fall, the peak business season here, itinerant merchants, from goodness knows where, come to Lamesa and peddle every variety of goods under the sun. Just before or just after tax assessing time they skip out. They spend nothing in the community, they invest nothing, they leave nothing in the form of salaries or any other way, and they pay an occupation tax of only $3.50.

The Reporter advocating a law that will make these itinerant merchants put up enough money to guarantee their first year's payment of taxes so that they will have to help support the schools and governments under the influence and protection of which they make their money.

Ocie Speer, a prominent Austin attorney, has written The Reporter that it is his opinion, based on careful investigation, that the legislature can pass a law requiring such a cash deposit through imposition of the occupation tax.

Solo Flights Made By Three Students

Three students of flying made solo flights here Sunday and Monday.

After four hours and 40 minutes of training with Ben Branson, Earl Mangum, railway employe, of Slaton, soloed in an Aeronca yesterday. Solo flights were made late Sunday by Norman Seitz of 1612 Texas avenue, Lubbock, and by H. S. Reese, automobile mechanic, also of this city. Seitz had three hours and 56 minutes training with Lubbock Airways, making his first flight in a Nicholas-Beazley. Reese received only two and one-half hours. He was taught by Branson.

Dave C. Ruse made a round-trip flight to Spur in a Nicholas-Beazley yesterday. Alton Abbott accompanied him. W. D. Kelly, oil company representative, stopped here yesterday afternoon. He was enroute from Borger to Hobbs.

Germany ranks third, after the United States and England, in the production and consumption of gas.

PHILADELPHIA—Maj. Gen. Smedley Butler swears (he confesses), but he also prays before every campaign address. "I ask the Lord to please help me say the right thing," he said, "and it's been a big help."

Just In Time

FISHKILL, N. Y.—William Craig's dog got smart just in time. Craig figured the hound was getting old, so he arranged to have him put to death. When he reached the dog pound they were all out of lethal gas, so the dog was taken home to await the gas' arrival. As if he knew what was up, the dog suddenly began chasing rats with his old time vigor. By the time the gas arrived he had dispatched 28 rodents. Craig decided to let him live.

Maids In Galley

BOSTON—Men are traditionally supposed to be sea cooks, but the freighter Kinnika has arrived with two maids in the galley. The crew said it had been long since they had eaten such delicious chuck.

Not So Cheap

NEW YORK—Robert Noseworthy, 22, and unemployed, found a necklace. He thought it was a cheap thing, but he asked a jeweler to look at it. The jeweler said it was worth $10,000; whereupon Noseworthy took it to the police.

Plans For Grading, Drainage Prepared

Plans for grading and drainage preparatory to paving are being prepared at the district highway engineer's office here.

Lon C. Ingram, resident engineer at Crosbyton, went to Muleshoe the first of last week to check further plans there. He also looked over caliche beds to see if there was a sufficient supply for the base.

Distance between Sudan and Muleshoe will be shortened about seven miles by the new highway following the Santa Fe right-of-way instead of the present route.

The state is taking care of the paving and drainage work, with the county providing the right-of-way.

Local Man Has Copy Of Early Newspaper

Murry Smith of 2204 Twenty-sixth street has a copy of The Home Journal, printed August 11, 1855, in New York.

The paper was found in 1909. It had been used as packing between the card-board back and a picture of Mr. Smith's grandfather, R. P. Shelby, a Confederate veteran.

Fever and ague cures are included in the advertisements. There also are advertisings which were calculated to make the thirsty thirstier. One dealer is offering: "Wines—sherries, Madeiras, ports, champaigns, Burgundies, hocks, Liquors—cognacs, rums, whiskeys, absinthe, arrack". A recently patented ice cream freezer, which froze cream in six minutes, also is offered.

OIL *Gone...*

He Drove from Banner to Sheridan on the GERM PROCESSED *"Hidden Quart"*

The driver for the Sheridan Motor Bus Company was ready to leave Banner, Wyoming, for Sheridan with his big Reo bus loaded with passengers.

Then he made a discovery. The oil line had been accidentally broken, allowing the Conoco Germ Processed Oil to drain out; and the crankcase was empty. With all Banner closed for Thanksgiving, he could not get oil and had to drive the 16 miles to Sheridan without oil. At Sheridan, inspection showed that the "Hidden Quart" of Conoco Germ Processed Oil had saved the motor from damage!

If Conoco Germ Processed Oil can protect a heavy bus with the crankcase empty, it will certainly give you sure, safe lubrication in everyday driving. It is the only oil that actually penetrates and combines with metal surfaces. That's why a "Hidden Quart" *stays up in your motor and never drains away.* It cuts down wear in the starting period, when other oils drain away and leave parts unprotected. It gives your motor longer life, with fewer repair bills.

Have this extra protection. Change to Conoco Germ Processed Motor Oil at the sign of the Conoco Red Triangle.

* * * *

We neither encourage "dry crankcase" experiments nor guarantee success under all conditions. But unsolicited letters from motorists, now in our files, tell of this and hundreds of other runs with empty crankcases but without damage. * * * * *

NATIONAL LOOP TEAMS GAIN IN INTER-LEAGUE COMPETITION

SPYING ON SPORTS

BY COLLIER PARRIS

Ralph Kress of the Browns is reported as saying it's tough to play a season in the big leagues "for a measly $8,000." Yes, and it's tougher yet to be a school teacher in Chicago for nothing. (Echo from Lubbock High and Tech: "or for half-pay vouchers.")

They've changed the Texas Tech football schedule again. Please, dear and otherwise readers, don't think this ever-changing schedule is the result of a frame-up between Tech officials and this department for the purpose of furnishing fresh 'copy' every few weeks. This time it's final—maybe. The Southern Methodist University Mustangs will play the Matadors in Lubbock next fall, on October 1, instead of at Dallas as originally planned. The Tech-University of Arizona game, therefore, reverts back to Tucson.

If the latest schedule sticks, it provides Lubbock fans with the greatest local football program ever staged here. Three really big games—for Lubbock—are on tap as the Methodist Mustangs, Baptist Bears and Roman Ramblers appear on the Tech gridiron. A third Southwest conference game, which is really the first, will be played at Amarillo when Tech opens its heavy season with the Texas Aggies. The shifting of the University of Arizona game to Tucson means that no Border Intercollegiate Athletic conference, of which Tech is a member next season, games will be played in Lubbock. The University of New Mexico game will be played in Albuquerque.

How about conducting a national poll, suggests Bill Brauchler of NEA, to determine who got the better of that trade whereby Brooklyn got Stripp, Cuccinello and Sukeforth, and the Reds took Herman, Lombardi and Gilbert?

And speaking of football schedules, Lubbock High faces another big season this fall also. In addition to the regular district schedule, which calls for five games this year, the Westerners will play Abilene and Sweetwater, two of the strongest teams in the state last year, before the District season opens. Which constitutes two more good reasons why the services of Coach Weldon Chapman should be retained. Sweetwater will play in Lubbock on October 8. The date and site for the Abilene game has not been determined, but Chapman says it is pretty safe to say the teams will meet in an early season game. The date for the Lubbock-Plainview game has been changed to November 5, by mutual agreement, and is to be played in Plainview.

It took the Chicago White Sox 18 years to find out you can't depend on ideal weather conditions in Texas, and as a result the Lone Star state will not serve as a training camp for a big league team next year. Unsatisfactory weather conditions at San Antono this spring caused the White Sox to select California as the 1933 training site. The Giants used to train in Texas but they, too, have since sought more favorable climes. With but one exception, the White Sox have trained in Texas for the past 18 years. Now the Santone C. of C. must find another subject about which to chirp.

DUAL TRACK MEET MAY BE TOMORROW

A dual track meet between Lubbock and Slaton high school teams, originally scheduled for this afternoon, may be held over the Texas Tech track tomorrow afternoon, Coach Weldon Chapman of the Westerners said this morning.

Due to the condition of the Tech track, which is undergoing repairs in preparation for the Tech Relays next Saturday, it may be necessary to call the meet off entirely, but if the track is suitable the teams will meet about 4 o'clock in a regulation series of contests. In addition to the routine track and field events, the teams plan to run the special relays which are on the Tech Relays program for Saturday.

Pacific League To Open Season Today

SAN FRANCISCO, April 5. (AP)—Eight Pacific Coast league teams open the thirtieth annual pennant race of the big far western circuit today.

The 1931 champions, San Francisco's seals, will face an improved Seattle squad in their initial contest at San Francisco. Hollywood's Stars, runners-up last season, will tackle Oakland on the latter's home field and Portland and Los Angeles will come together in the south. The San Francisco Missions and the sacramento Senators will open at Sacramento.

Exhibition games with big league clubs here having failed to draw even fair crowds, the Seals and Seattle will turn to night baseball tomorrow night.

OLDER LEAGUE CREEPING UP ON RIVALS

IF TRAINING SEASON STRETCHED LEAGUES MIGHT BE EVEN

NEW YORK, April 5 (AP)—Just stretch this spring training season a few more weeks and the National league might pull up on even terms with the American in their inter-league series.

From an impressive .650 two weeks ago, the American league's winning average against the National had shrunk to a modest .581 today, based on 25 victories and 18 defeats.

As a matter of fact had the world champion St. Louis Cardinals upheld their end, the National league might be in the lead. Of six contests with American league rivals the Cardinals won only the first.

Of the American league's 25 victories, the New York Yankees and Philadelphia Athletics have contributed nine each. Detroit has won four games and Boston, Washington and Cleveland one each.

Against all major league opposition, the Boston Red Sox and Washington Senators each have perfect records. That's not as impressive as it might sound, however, for each has played only one game against a major league team. The real leaders are the New York Giants with ten victories and four defeats.

In games of all descriptions, Washington leads with 14 victories and one defeat. The Chicago White Sox and Cleveland Indians have won 12 and lost 1 each and the Boston Red Sox nine and one.

TRAINING CAMP NOTES IN TEXAS

TO SEEK AWARD

WICHITA FALLS, April 5 (AP)—With the Spudders on the road for two days, baseball interest today centered on the start of an intensive campaign to win the opening day attendance award for class B cities. Activities are in charge of the chamber of commerce and the sale of tickets opened today with more than 50 active solicitors in the field.

The road games are with Des Moines of the Western league at Frederick, Okla., and Manager Hank Severeid announced before the departure of the squad the pitching selections today would be a brace of right-handers, Howard Taylor and Rebel Byram.

CAMP GAME CARDED

BEAUMONT, April 5 (AP)—A nine-frame camp game featured the Beaumont Exporters' workout today, with Jachym and Forrest Sackett labeled for mound duty. Batting and fielding took up drill time yesterday. A six-way fight for the three Exporter outfield posts has Skipper Del Baker worried, but he is dividing the work equally between Easterling, Fox, Collier, Carrier, Tauby and Governor.

CATCHER OBTAINED

GALVESTON, Apr. 5 (AP)—Catcher Bud Hungling, who was a Spudder last year, is expected to report to the Galveston Buccaneers Thursday or Friday. The Buc management yesterday wired him transportation money to Dayton, Ohio. Hungling was purchased from the St. Louis Browns.

The Bucs will wind up their training season this week-end by playing two exhibition games with George Sisler's Sports at Shreveport Saturday and Sunday.

END SERIES TODAY

DALLAS, April 5 (AP)—Dallas and St. Paul were scheduled to close their two-game series here today. The Steers won yesterday, 12 to 11.

Manager Morse planned to start Oscar Fuhr, southpaw veteran, today. Nitcholas was to be the relief pitcher if Fuhr failed to last the route.

PERMIT TO BUILD BUILDING

Permits to construct a hydro-electric plant at Marborough, N. Z., and a side road nearby have just been granted by the Awatere County Council. The formality of granting the permits was carried through as a regular part of the meeting until it became known that the plant was constructed 10 years ago and the road had been in use 36 years. "Someone just forgot about it," finally declared the councillors.

White blackbirds, which are albinous, are occasionally found. There are also found white robins, crows, hawks and wild ducks.

CARLIN, Nev., April 5 (AP)—Put down Manager John McGraw as well satisfied with his New York Giants.

"As a whole," he said as the team made its way eastward yesterday, "it is in condition to open the season right now. If we get an even break from the weather from now on we will be in perfect condition for the start, barring accidents. I'm not predicting any pennants but I'll admit the Giants of 1932 look good to me."

PUNCH STILL THERE

LOUISVILLE, Ky., April 5 (AP)—Babe Ruth of the New York Yankees is wielding a bat much lighter and somewhat shorter than the sticks he used to carry to the plate but the old punch is there just the same.

Right now he is in the midst of a great hitting streak and opposing pitchers are having a tough time getting him out, especially when men are on the bases. He has driven in 11 runs in the Yankees' last three exhibition games.

WOULD NEVER DO

MONTGOMERY, Ala., April 5 (AP)—Manager Max Carey of the Brooklyn Dodgers seems to have come to the conclusion it will never do to weaken his infield in two spots by shifting Joe Stripp, a natural third baseman, to first base in place of the ailing Del Bissonette.

Stripp is a fairly capable man at first base but he's a much better ball player at third. With Stripp at third, Wright at short and Cuccinello at second base, the Dodgers have only to worry about first base. Murray Howell is being tried there now but the chances are Carey will obtain an experienced guardian for that sack by trade or purchase before the season opens.

INTERRUPT SERIES

PHILADELPHIA, April 5 (AP)—Even in their quest for the mythical championship of the city, the Athletics and the Phillies interrupted their five-game series today for games at Princeton and Reading, respectively. The city series stands at one victory apiece, but more than that it stands at 12 runs apiece. The Phils beat the A's 8 to 4 at Shibe park Saturday and the A's licked the Phils 8 to 4 at the Phillies' park yesterday.

OUT FOR REVENGE

KANSAS CITY, April 5 (AP)—Detroit was out for revenge today, with one final chance to do something to the Kansas City Blues of the American association who licked them three days in a row, yesterday 14 to 7. The Tigers meet the iGants tomorrow and will reach the home grounds Friday.

TO DO HURLING

BIRMINGHAM, Ala., April 5 (AP)—Willis Hudlin and Mel Harder were called on to do the hurling for Cleveland today against Birmingham. Joe Vosmik, hard-hitting Cleveland outfielder, planned to be back in uniform after suffering several days with a strained side.

REDS FACE YANKS

CINCINNATI, April 5 (AP)—Confident his team is the most powerful it has been in the last two years, Manager Dan Howley will send the Cincinnati Reds against the New York Yankees this afternoon.

ROOT TO HURL

PORT WORTH, April 5 (AP)—Charlie Root will hurl the opener for the Cubs against Cincinnati, April 12, with Leo "Gabby" Hartnett behind the plate. Manager Rogers Hornsby selected Root to start the campaign not only because he has held the honor for several years but because he is in perfect condition. The Cubs were in Fort Worth today to resume their series with the Pittsburgh Pirates.

NEED BASE HITS

NASHVILLE, Tenn., April 5 (AP)—Big Bob Fothergill, despite his fielding faults, probably will start in the outfield for the White Sox when the American league campaign starts. The rotund outfielder has shown symptoms of going into one of his famous spring hitting sprees and the White Sox need base hits.

COLLINS EXPERIMENTS

JERSEY CITY, April 5 (AP)—Shono Collins is doing a little experimenting with his Red Sox. In the windup game today with the Jersey City club of the International league Shono planned to have Pickering at third base and Marty McManus on the second sack. Marty feels he can play second in fine style and both he and Pickering have been hitting hard.

FEEL AT HOME

RICHMOND, Va., April 5 (AP)—The Boston Braves will feel right at home during their game with Richmond today. It's a Manchester, N. H., boy, Bob Murray, who is running the affairs of the Richmond club and Murray is extremely anxious to put one over on his New England neighbors.

LOTT QUITS FOR BUSINESS REASON

PHILADELPHIA, April 5 (AP)—The press of personal affairs on a young Chicago business man may prove a severe blow to the United States in this year's Davis cup competition.

It probably will break up the Lott-Van Ryn combination which holds the Wimbledon doubles title and won the Davis cup doubles against England last year. The team had been counted on to annex the doubles for the United States this year.

George M. Lott disclosed the situation yesterday in a telegram to the sports editor of a Philadelphia newspaper which said: "I am retiring from Davis cup competition this year for business reasons."

The telegram was sent from Houston, where Lott played in an invitation tournament. There he teamed with Ellsworth Vines to cop the doubles but bowed in the singles to a University of Texas youngster, Karl Kamrath. This may have been a factor in his decision to retire from Davis cup play.

With the ranking No. 2 player unavailable, Wilmer Allison appears to be the strongest candidate to support John Van Ryn in the doubles. He recently won the Pan-American championship and probably will be in the running for both singles and doubles berths.

It is estimaid that the average person in the United States spends 40 cents a year for books.

ENTRY LIST IN TECH RELAYS INCREASED

MILITARY INSTITUTE OF SAN ANTONIO TO VIE IN CONTESTS

One of the largest team entries yet to come in for the second anuual Texas Tech Relays next Saturday arrived this morning from Coach J. D. Miller of Texas Military Institute of San Antonio. Coach Miller's entry list contained the names of sixteen track and field men who will compete in the high school carnival here this week-end.

Bona fide athletes from any high school, prep school or high school academy are eligible to compete in the Tech Relays. While Texas Interscholastic league rules will govern the events themselves, entries must not necessarily conform to interscholastic league eligibility rulings, Coach Russell (Dutchy) Smith, business manager of the relays, said yesterday. So long as an athlete is going to a school of high school equality and is passing the required scholastic work he may be eligible for the relays here, according to Smith's interpretation of the Texas Tech Relays eligibility requirements.

Thursday Deadline

Coaches who mean to enter their teams in the relays are requested to send in entries before Thursday night of this week. It is also important that coaches of competing teams be present at a meeting in the Tech gymnasium at 9 o'clock Saturday morning to make drawings and receive final instructions, Coach Smith said. Schools are urged to send their teams to Lubbock on Friday night. Preliminaries will start at 10 o'clock Saturday morning.

Approximately $400 worth of prizes will be distributed between 48 winners of first, second, third and fourth places in the tournament.

The Lamesa Golden Tornadoes are defending champions.

WAR MEMORIAL PROTESTED

The plan of Dublin, Irish Free State, to erect a National War Memorial after waiting 13 years to do so, is being opposed. At a recent meeting of the city council of Tullamore a resolution was received from the Clann na Gaedheal of Dublin, protesting against public money being applied for the erection of the Dublin memorial. The council resolved that the protest be thrown into the waste basket.

We Hope We Helped

There are more old people in the United States today than there were a decade ago, according to the director of the United States Census.

PERHAPS one contributing factor is the assistance given to science, surgery, medicine and the plain every-day standard of living by the electric light and power industry.

WE like to think we have contributed toward lengthening the span of life—as well as to know that we have contributed to the joys of living, whatever may be the span of an individual's life.

MORE than forty-seven and one-half million children under nineteen years of age are experiencing benefits, made possible by electrical development, unknown to their parents at the same age, and which were not even dreamed of by their grandparents.

AND the greatest development of the industry has been during the last decade, when it has been able to furnish more service to more people than ever in its history.

FINNISH BODY TO PROBE CHARGES

HELSINGFORS, Finland, April 5 (AP)—The Finnish Athletic association is willing and ready to investigate the amateur status of Paavo Nurmi although astonished at the International Amateur Athletic federation's "extraordinary if not offensive action" in suspending the famous long distance running ace.

A formal statement, issued by the Finnish association last night, criticised the international federation for taking what it termed unconstitutional action against Nurmi but expressed a willingness to investigate the great runner's standing.

Finnish officials maintained the international body had no right to take direct action against Nurmi without waiting for the Finnish association's report on the results of its investigation into Nurmi's status. Such an investigation was ordered made by the Finnish organization some time ago.

The basis for the charges was understood to involve accusations of padded expense accounts in connection with competitive appearances by the distance age in Poland, Italy and Germany.

In the girls doubles, Nola Mary Hollyfield and Fredda Fite of Shallowater defeated Franges Burns and Mary John Patterson of Lubbock, 6-3, 6-3 and 6-4. Frances Koons and Fay Long alternated for Burns and Patterson.

M. K. Foster and Willie Rogers of Lubbock downed Arthur McCoy and Lee Beason of Shallowater, 6-4, 7-5, and 6-3, in the boys doubles contests.

HOCKEY TEAMS TO COMPETE FOR CUP

NEW YORK, April 5 (AP)—Two of major league hockey's most powerful arrays, the New York Rangers, National league champions, and the Toronto Maple Leafs, open their series for the Stanley cup here tonight.

The cup, emblematic of world professional hockey supremacy, will go to the team first winning three games in the five-game series. After the opening game, the Rangers will take their second "home" game to Boston Thursday night since Madison Square Garden will not be available. The third game will be played in Toronto Saturday night and the fourth and fifth, if needed will be at Toronto Tuesday and Thursday of next week.

During the regular national hockey league season the Leafs outscored the Rangers, 155 goals to 134, but the Rangers permitted the opposition only 112 goals compared with 127 scored on the Leafs.

The teams clashed six times during the regular season and Toronto won four games and the Rangers two.

LOTTI LORDER, HUNGARIAN BEAUTY AND SCREEN ACTRESS, IS TO BE IN "SMILING FACES" HERE, APRIL 15

Lotti Lorder, who supports Fred and Paula Stone in their new musical comedy, "Smiling Faces", coming to the High school auditorium on Friday night, April 15 for one performance only is a pert young beauty who hails from Vienna. The death of her father in the war necessitated her making her own way in the world. Blessed with gay Hungarian sense of humor, Lotti turned to the night clubs of her native city; her saucy imitations and bantering songs won attention.

Her dancing, too, had a terse sense of abandonment. She traveled to other European centers, Berlin, Dresden, Marienbad, Budapest. In the latter place, a scout for Warner Brothers perceived her to be a distinct picture personality. She was signed up, assigned to a tutor of English and transported to Hollywood.

Film fans know the rest.—Miss Lorder's featured triumphs in such screen opuses as "Oh, Soldier Behave", "A Soldier's Plaything" and "Nancy from Naples."

Then the energetic Lotti longed for the footlights again, made some personal appearances in cinema temples and now is effectively gavorting with Fred Stone in "Smiling Faces".

Tickets for the show are now on sale and reservations are going at a brisk pace. Prices are: $1, $1.50, $2, $2.50 and $3. Reservations can be made in person at the office of the Avalanche-Journal or by mail, enclosing application with remittance to Parker Prouty, care of Avalanche-Journal.

Shades Not Treads Feature New Tires

In the future you will not have to worry about treads, but rather shades, for the tire of 1932 will not be the common black and white, or maybe red, but the elite will demand various pastel shades to match the car, the driver's hair or what have. Take the word of B. E. Needles, local Goodrich dealer, who says the modernistic trend knows no end.

Mr. Needles has just returned from Dallas where he attended a state convention of Goodrich dealers. Tire problems were discussed from various points of view, though the "million dollar plan for increasing dealers' profits" was given special attention.

"Lower pressure tires are attracting more and more attention," he said, "and the day is not far off when the old high pressure tire will be no more than a relic."

Caliche Base Will Be Completed Here

By April 15, or in 10 days, a caliche base on state highway No. 7 northwest of Lubbock will be completed, Guy R. Johnston, district resident engineer, said. Spreading of asphalt topping, starting at the north end, is expected to begin then, he explained.

The caliche will be spread late this week on the College avenue second course after the first course has been completed and rolled. It is not expected that traffic will be sent over the new base on College avenue north of Texas Technological college to the turn westward, until late next week.

"We have found an excellent type of limestone for surfacing and we are hauling it out to the job at the rate of about 150 cubic yards a day," Mr. Johnston said. "That is about a mile and a half a week. When we have a couple or three miles of rock we will start spreading asphalt as soon as the weather permits."

This work is to begin at the Hockley county line west of Shallowater and the probable date is between April 15 and May 1. The limestone is from George Boles ranch in Yellowhouse canyon southeast of Lubbock and crushers have been at work there for several days.

Commerical telephone service has been established between France and Buenos Aires.

Are you ever "TALKED INTO BUYING" things you DON'T want?

OVER the counter, you know, extravagant claims are so easily made. But remember this—it takes a lot more than a clerk's promise to put quality into any product! » » Then why should you or any other woman ever listen to a clerk who offers you something "just as good" as the thing you ask for? Surely your knowledge of the dependability of widely-used products is worth more to you than all the claims any clerk can make for products of which you know absolutely nothing! » » Whenever you find any store that continually urges you to buy unfamiliar products instead of the reliable brands you ask for, look out! All too often, that merchant reaps an extra profit, or his clerks a commission, by switching you to the unknown, often inferior merchandise. » » Many of the best stores everywhere forbid this practise. When you buy from them you are always sure of getting exactly what you ask for, with full value in the merchandise you want for every penny you spend. » » But if you are urged to buy something "just as good" as what you ask for, be firm! Insist on products you know by experience, by their brand-names, or by the reputations of their makers. You will often read about such products in the advertising columns of this newspaper. » » Think of this whenever you shop. Then you will always get your money's worth in both merchandise and satisfaction.

Thought For Today

The sleep of a laboring man is sweet.—Ecclesiastes 5:12.

Alike to the slave and his oppressor cometh night with sweet refreshment and half of the life of the most wretched is gladdened by the soothings of sleep.—Tupper.

Bright Prospects

A Philadelphia department store executive the other day announced that the America of the future will be a nation of players instead of workers.

Men will work three hours a day, he said, and play the rest of the time. There will be no hurry, no nervous strain, no rush, no poverty, no business depressions—everything, in fact, will be pretty nearly ideal.

The present is, perhaps, a rather unfortunate moment to be getting predictions of that kind. There are a good many millions of Americans today who ask nothing more of the future than that it give them a job—any kind of a job, with long hours and poor pay, if necessary, so long as it supports them.

But the interesting thing about it all is that there is a large measure of truth in this Philadelphian's forecast.

That fact makes the existing depression more exasperating than any previous one; but it also makes it easier for people to tighten their belts and look to the future.

We are, right now, so far from the ideal state described above that we have around 6,000,000 unemployed. Yet it has been growing more clear every year that there is no solid, material reason why every item on thatthat glittering program cannot be turned into a reality.

It is technically possible today for the nation's workmen to produce enough of everything, necessities and luxuries together, to go around, without working at anything like full capacity.

At the moment, that means misery, unemployment, want. But it can be translated into a tremendous opportunity. Sooner or later we shall find out how to turn our unparalleled productiveness—the cause of most of our trouble today—into a genuine asset instead of a liability.

When that day comes, a program like the one outlined here will go into effect easily and naturally. It is physically possible right now. All that is needed is the proper kind of planning, the right kind of directing genius.

To be sure, the job won't be done overnight. But we need to cling to a relization of the fact that it can be done. A hope like that can make the business of waiting for prosperity a whole lot easier.

Worthless Wealth

The miser is a phenomenon as old as civilization; and from the very beginning he has been a great puzzle.

There died in the middle west the other day an aged recluse who lived in a tiny apartment on a mean side street. To all appearances, he was just one notch above actual destitution. But when his effects were examined, after his death, it was found that he owned cash and securities worth upwards of $800,000.

Cases of this kind are continually coming to light, of course, and there is nothing especially unusal in this one. But it does make one wonder, anew,—"why?" The money did the man no earthly good. It is now being divided among 39 cousins, and it is doubtful if he saved it on their account. It did him no good whatever. What can be the motive that makes a man treat his money that way?

Only hoarded money should be used to buy baby bonds, the government tells us. Trying to change us from socks to bonds?

Congress has proposed that the army and navy be consolidated. They must want to beat Notre Dame every year.

Contract bridge has become a national menace. There's always somebody to double and redouble every tax item.

That Girl on Broadway says telling a modern girl that her petticoat is showing is not only impolite—it's an error in fact.

* * *

They say that Gene Tunney's stuff, recently appearing in Collier's, was written by the ex-champ himself, without any help. Those who read the articles are convinced that the statement is true.

* * *

TONIGHT at 8:15, at the high school auditorium, Lubbock gets its first opportunity to view a well known movie actress in the flesh. Doris Kenyon, whose face and figure have many times flashed across the local silver screens, is here—in person. And, according to advance information she has with her a couple of million dollars worth of costumes.

* * *

Regardless of Miss Kenyon's costumes—whether they're worth, according to press-agenting, $30,000, or 30 cents—the actress' being here is something out of the way and, as a part of the Tech artists course, offers local entertainment fans a chance at something different. Further than that her program is supposed to be good, no less personage than O. O. McIntyre taking up half a column of one of his daily stints in praising it.

* * *

THE Plainsman doesn't know Miss Kenyon. That makes it even, because Miss Kenyon, doesn't know The Plainsman either. But despite the fact that we're total strangers, the writer would like to see a great big crowd on hand for her performance tonight just because he always admired the acting ability of her late husband.

Milton Sills, in The Plainsman's opinion, was a great actor—the best actor of the movies' history—better than even the great Valentino and worth at least a half dozen of the current idol, Mr. Gable.

A former professor of mathematics, Mr. Sills literally forced his way to the top of the highly competitive cinema field through sheer merit, and gave to male movie fans a red-blooded type of performance coupled with the art of acting.

Because he appreciated Mr. Sills' acting and his contribution to the movies, The Plainsman hopes Miss Kenyon is well received in Lubbock.

That's this column's chief interest in cheering her appearance.

* * *

That Man on Avenue Q says his sister-in-law is so homely that her husband is trying to work out a plan to kiss her by proxy.

* * *

Judging from Monday's accident report, if every day were Sunday we'd soon all be killed or injured.

* * *

THE Plainsman got a big kick this morning watching the voters as they 'done their dooty' at the City hall and you could just about tell who they were voting for by the way they handled their pencil.

Some of them marched in like a soldier going to battle.

Others were timid and slipped through the door.

But there was a light of some kind in every eye. There was no monkey business about it.

* * *

The way some people feel about voting is fairly comical.

Some of them act as if the whole problem rested on their own ballot while others can't realize that their ballot is any good at all—and you can hardly get them to vote.

But taking the voters by and large at the City hall today and you had the type of 'do-or-die' voter who was going to "pour it on all the laws and bylaws" if it killed him.

DICK Smith and Mark Halsey, who go to Old Mexico to fish, were telling a bunch of fellows the other day about how easy it is to hook the big ones down in the land of the tamale and cerveza.

"Why", said Dick, "all you have to do is throw in your line and pull it out, throw in your line and pull it out, throw in your line and pull it out—and each time there's a great big fish on it!"

"That's right", Mark said. "Dick's telling the truth. The first time I threw my line in I brought her out with a fightin' bass, a foot long and weighing eight and three-quarters pounds. Doggone it, though, it got away!"

"Yeah", said Sherlock Allen who'd been listening in. "If it got away, how'd you know it weighed exactly eight pounds and three-quarters?"

"Well, Sherlock", Mark replied. "That fish had scales on its back!"

When they find that Lindbergh baby they ought to be sure and tell the New Jersey State Police.

Speaking of city politics, candidates in Lubbock are just a bunch of pikers when it comes to making campaign promises.

Up at Plainview one candidate for mayor is promising every unemployed man at least two weeks work while another offers a moratorium on the city's debts.

Yea, bo! Ain't dat sumpin?

Party Platforms Take In Score Of Subjects But The Only One Causing Discussion Is The One Covering Prohibition

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, April 5—Party platforms take in scores of subjects, but doesn't it strike you as peculiar that the only plank which is causing discussion in either party is the one covering prohibition?

Dr. Clendening

Excited speculation about that one plank has been in progress for many months, with never a word to indicate that certain other issues demand consideration.

And that same wet-dry question, more important in politics than ever before despite the pressure of many other problems, has produced a situation in the Democratic party that no one could possibly have anticipated four years ago.

Most of the drys among politicians in the south and west are supporting the wet Governor Roosevelt of New York, whose bitterest opposition comes from dripping wet leaders in the east. Two of the party's most rabid drys, Senator Sheppard of Texas and William G. McAdoo, are endorsing Speaker Garner.

Almost everyone here is convinced that Garner, if nominated, will declare for re-submission which, according to official dry warnings, would make him a wet. McAdoo has committed himself to the extent of heading the Garner slate of delegates entered in the California primaries.

Hoover and Grant!

Mr. Hoover has often of late been compared with Lincoln and Washington by fellow Republicans, but it remained for Senator Simeon D. Fess of Ohio, chairman of the G. O. P. national committee, to liken his administration to that of Grant. Fess entered his teens during the Grant period, but he is a great scholar and it is generally conceded that the scandals of the Grant administration involving a host of high officeholders are unmatched in American history. But good old Papa Fess, addressing a Young Republicans' group said:

"The opposition to General Grant in his first term was just exactly as the opposition we have in our own party today toward President Hoover, but you always have it from certain groups toward any man who happens to be president of the United States."

One rises in protest to protect the Hoover administration's prestige!

Kind-Hearted Hiram

Senator Hiram Johnson of California, ferocious as he is when slashing at international bankers and internationalists, has a soft, kindly heart.

Few pairs of senators are such bitter political enemies as he and the other California senator, Sam Shortridge. Both are Republicans, but Shortridge is pro-Hoover and conservative. Johnson opposed him in his 1926 campaign for renomination and probably will oppose him again this year.

But recently "Sad Sam" became quite ill and was confined to bed. And while Johnson set out to do all kinds of legislative favors for him, Mrs. Johnson began sending flowers and fruit.

They did everything for Sam that they could think of. After getting well and back on the job, Shortridge told the Senate:

"I have no words adequate to express my deep appreciation. . . . I shall never forget his kindness."

Not for Huey

There will be no kind words exchanged between those two Louisiana Democratic senators, Huey Long and the older Edwin S. Broussard. They hate each other and the "Kingfish" has promised not to let him have another term.

When Long is absent in Louisiana, as he often is, it's Sheppard of Texas and not Broussard—to whom the duty falls by custom—who announces that he is "necessarily out of the city."

In contrast is the faithful performance of Carter Glass of Virginia, whose colleague, Claude Swanson, has been away these many weeks as a delegate to the Geneva Arms conference and will be gone many weeks more. Day after day, Glass regularly announces to the Senate that "my colleague, the senior senator from Virginia, is absent in attendance upon the disarmament conference at Geneva."

HEALTH OF TEETH AIDED

CHILDREN coming to America from southern Europe were observed several years ago by Cross to have fine teeth, although most of them did not know what a toothbrush looked like until they entered American schools.

Dutcher

The finest natural teeth in the world belong to Eskimos, negroes, American Indians, and southern Europeans. This in their native habitats. After living in America or under conditions of civilization anywhere for a time a change is found. J. A. Murphy found in a study of school children in Washington from 1916 to 1923 that there was a somewhat greater incidence of dental decay among the colored children than among the white.

Why? Dental and medical science began to ask that question some years ago. The Indians said that they had observed the bad teeth in white men and concluded "they were destroyed by the number of lies passing over them." However science did not stop at that.

We considered yesterday the local effect of food remnants on the teeth in the mouth, the production of acid in the mouth from their presence and its action in tooth decay. It was evident from the fact that perfect teeth were found in people who had never used toothbrushes that this was not the only factor. We must still believe it is an important one, at least 50 per cent, and are not yet prepared to cast the toothbrush aside.

But the quality of the blood is equally important in preventing tooth decay. The chemical substances in the blood, which tend to form strong healthy teeth, of course, enter the blood from the food we eat.

The researches of Mellanby in England and McCollum and Kruse in Baltimore have given us very definite ideas as to what the elements in the food which preserve the teeth are.

"The quality of the saliva is the important thing in determining whether teeth will decay and this is determined by the chemical composition of the blood." Dr. McCollum was quoted as saying last December. The saliva acts as a buffer solution so that acid cannot accumulate and break down the enamel of the teeth.

To keep the buffer quality of the saliva high, phosphorus is needed. We get phosphorus in the diet from milk eggs lean beef, beans and peas.

Calcium and Vitamin D are also needed. The fact that Vitamin D is formed in the body when it is exposed to sunlight probably accounts for the good teeth of the southern European and other races much exposed to sunlight and living an outdoor existence. The Eskimo gets Vitamin D from eating fish, especially fish liver (cod liver, for instance) which is rich in Vitamin D.

QUESTIONS FROM READERS

Mrs. M. N.: "What is unnatural dryness of the skin due to? My little boy's hands are so dry that he spits on them in order to keep comfortable."

Answer: A rare and unusual cause of excessive dryness of the skin is due to a congenial absence of the layer of the skin in which the sweat glands are located. People with this condition do not endure hot weather well and they feel instinctively that they should moisten their skin. It is impossible for them to play games or take violent exercise as they become so heated that they have to stop. In some cases during the summer time these patients have to have water thrown over them in order to keep them at all comfortable.

WITH A HIGH HAT

NEW YORK, April 5.—For years I have been hearing about "the New York manner."

Ads in the smart magazines and newspapers referred to "dressing in the New York manner"; dining in "the New York manner" or to hats, ties, shoes, apartments and what-not "in the New York manner."

All this has been very vague to a fellow who bought the first hat anyone handed him and cowered under the convincing sales line of any smart clerk. According to accepted style standards, Jimmy Walker is supposed to have all the better clothes prescriptions. Yet, it has seemed to me that his duds were a little too theatrical for my tastes.

• • •

WHAT IT TAKES

At any rate, we have at hand at least something approximating a definition of "the New York manner." I begin to get an inkling of just what this expression conveys, thanks to an estate matter that bobbed up in the Manhattan courts just the other day. It seems that the father of one Marcus Daly, an 11-year-old lad, had wished the boy to be "brought up in the New York manner." Daly, Sr., died and trustees came around for permission to draw against the estate for the lad's upbringing "in the New York manner."

And here, for your information, were a few of the items: Rent of a Park avenue apartment, $1000 a month; traveling with governess $3500; dentist bills, $1000; Christmas tips, $750; school supplies and Christmas presents, $1500; dancing school, riding lessons, etc., $500; pocket money, $250 (umm what I could have done with a couple hundred back in Port Huron!); toys, $500; entertainment, $1000; tutor, $500 . . .

So it goes. Obviously, to have the "New York manner," one must first have lots of "what it takes." But I wonder if Marcus, reared in the "New York manner," has had any more fun than we kids who prowled about the river front, hunted arrow-heads and played one-o-cat on the sand lots.

PRESCRIPTIONS AND PLAYS

You can't tell where playwrights will turn up these days, when Wall Street rocks listlessly in the business doldrums and Congressman Sirovich turns out to be a manuscript heaver. The most recent revelation concerns Julian Thompson, whose comedy, "The Warriors Husband" is one of Broadway's newer opuses.

Thompson has been a big business man for many years. He is treasurer of a big drug store chain and an executive of a Wall Street firm.

THOSE MOVIE FOLK

It's at the Saturday night Mayfair dances that you can check on all the wandering movie folk hereabouts. And it's there, or at the Pierrette, that you can hear whatever type of buzzing suits the ears.

At the moment Lupe Velez, Dorothy Hall, Rosalka Dolly and Peggy Feara are four centers of attraction. Some will tell you that Lupe took a job with the Ziegfeld show so that she would be certain of being in New York when the roving Gary Cooper returns. More likely she wants to make a large Broadway "rep" so that the Hollywood boys will know her when they see her again. Anyhow, Gary will be back any day now.

Rosalka, having just married Irving Netcher, might be expected to be in the show window. And "such jools!" So is Carmen Pantages, here from the Hollywoods on her honeymoon. Claudette Colbert is packing up for the West, now that the Eastern Paramount studio has finally folded up.

From the Coast comes word that Zeppo Marx, the "unimportant" member of the Marx brothers, has written a song that may at last put him into the picture . . . And up from Florida comes the report that Howard Hughes, Hollywood's "millionaire kid" may say farewell to cinema production if things fail to pick up soon.

FEDERAL LOAN TOTAL GROWS

MORE THAN $50,000 IS ASKED BY SIX OF PLAINS COUNTIES

More than $50,000 had been asked in federal farm production loans by April 1 in applications of Lubbock, Lynn, Terry, Hockley, Cochran, and Yoakum counties, according to P. F. Murray, supervisor of loans in the six counties.

Lynn county leads both in total number of applications and in the amount of money sought, but has the lowest average for individual loans. In that county, 168 persons have applied for loans amounting to $22,845, or an average of $137.

Lubbock Is Second

Lubbock county is second, with 83 applications for $13,080. The average in this county is $157. Reports from other counties are: Terry, 14 applications, totaling $2,040, and averaging $145; Hockley, 46 applications, totaling $7,187, and averaging $156; Cochran, 30 applications, totaling $5,400, and averaging $180; Yoakum, 37 applications totaling $6,385, and averaging $172.

Mr. Murray expects the total 1932 loans in these counties to equal the 1931 figure, or about $230,000.

"There will be one-third more borrowers, however," he pointed out. "This money will change hands probably ten times, and will be put in use as soon as the farmer receives his first check."

"A renewal mortgage is required in all cases where the applicant does not have a cancelled receipt on his 1931 loan," Owen W. Sherrill, manager of the regional farmers seed loan office at Dallas, has notified county committees and field inspectors.

"In many cases applicants have deposited collateral with the cotton cooperative or with the government sufficient to cover the unpaid balance of the loan," Sherrill's letter continues, "but this does not prevent the applicant from having to execute the renewal mortgage to obtain a 1932 loan."

Will Refund Excess

"When the deposited collateral is sold, the proceeds will be applied to the balance appearing on the renewal mortgage, and should the returns from the collateral more than pay the applicant's indebtedness of 1931, the government will refund to the borrower the amount in excess."

Sherrill said a telegram Saturday from Washington instructed: "Where tenant has moved to new farm this year do not insist on waivers on old loan but get waivers for new loan."

About 5,000 applications were held up for two weeks at the regional office, Sherrill reported, because they were from applicants in counties where 1931 loans showed unpaid balances. Records of 1931 loans were obtained from the St. Louis office and the applications have been handled, he said.

"Where the records show the 1931 loan paid in full, the application has been passed on finally," he reported.

"Where the records show an unpaid balance, this office has prepared a second mortgage, using as a basis the balance due as of November 30, 1931, and has sent the mortgage direct to the applicant to be executed and the necessary waivers obtained from the landlord and mortgagee. The applicant was instructed to return the renewal mortgage to this office so that the 1932 loan can be completed.

"In some cases, in addition to the renewal mortgage, it was necessary for other corrections to be made in the application. In such cases, the renewal mortgage and other documents were sent to the county committees for completion, and the applicant was notified to report to the county committee."

PROMINENT NAMES IN DIVORCE MILL

RENO, Nevada, April 5 (AP)—Raw material for Reno's divorce factory included several well-known names today.

After a private hearing Williams was given a decree on the ground of cruelty. An agreement settling property rights was approved, but details were not disclosed. The Williams were married in New York, July 24, 1918.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, April 5 (AP)—The cotton market had a quiet opening today. Liverpool cables were somewhat worse than due and first trades here showed losses of 2 to 3 points. As the New York market was even lower than the market here and as stocks opened weaker, prices continued to ease off after the start on long liquidation, helped by unfavorable cotton goods reports. May traded down to 6.26, July to 6.35 and October to 6.57, or 9 to 10 points below yesterday's close.

Near the end of the first hour the market was somewhat steadier and showed a disposition to rally.

The market ruled quiet most of the morning and prices gradually eased off with stocks. July dropped to 6.35 and October to 6.55, or 8 points down from the highs and 10 to 11 points below yesterday's close.

There was moderate liquidation but near noon prices showed a disposition to rally and recovered 2 to 3 points from the lows.

NEW YORK REPORT

NEW YORK, April 5. (AP)—Cotton opened steady today at a decline of 6 to 8 points on southern and local selling. May sold at 6.20.

Covering was less active after the advance of yesterday but there was some trade buying to fix prices which caused bulges of a few points, after which the market eased again under selling encouraged by the lower opening of stock and grain markets.

At the end of the first half hour, prices showed net losses of about 8 to 12 points on the active positions, with May selling at 6.17. Liverpool cables reported covering and local buying supplied by realizing and selling on the steadier sterling and said there was a fair cloth inquiry from India.

Fluctuations were comparatively narrow later in the morning. There was covering and trade buying on the dips while the bulges met some realizing or local selling, but there was very little southern selling in evidence and the market held fairly steady around midday when price showed rallies of 2 or 3 points from the lowest on most positions. May selling at 6.19 was 10 points net lower with active months generally showing net declines of about 10 to 12 points.

NEW ORLEANS OPEN

NEW ORLEANS, April 5 (AP)—Cotton futures opened steady. May 6.29-offered; July 6.43; Oct. 6.63; Dec. 6.75-bid; Jan. 6.83; March 7.03-bid.

NEW YORK OPEN

NEW YORK, April 5 (AP)—Cotton futures opened steady. May 6.24; July 6.40; Oct. 6.62; Dec. 6.76; Jan. 6.85; March 6.98.

Grain Market

CHICAGO REPORT

CHICAGO, April 5 (AP)—Influenced by New York stock market downturns and by relative weakness of wheat quotations at Liverpool, grain prices suffered a material setback early today. Forecasts of showers in Nebraska counted also as a bearish factor.

Opening 3-8-1 1-4 off, Chicago wheat futures held near the initial range. Corn started at 1-4-5-8 decline and continued to sag.

house were said to have precipitated the attack.

Sooner Political Skirmish To Court

OKLAHOMA CITY, April 5 (AP)—Oklahoma's latest political drama moved into a courtroom setting today for a fight to the finish over the question of Lew Wentz's right to the Republican seat on the highway commission in the face of the ouster order by Governor William H. Murray.

The long feud between the militant chief executive and Wentz, wealthy oil man, which was climaxed Friday by Murray's order summarily removing Wentz from office, was speeded toward a court test by Miss Maude O. Thomas of Beaver, Murray's appointee to replace Wentz.

Senator Harrison Opposed To Bonus

WASHINGTON, April 5 (AP)—The pinch of national economy brought a declaration today from Senator Harrison of Mississippi, ranking Democrat on the finance committee, against full payments of the veterans' bonus certificates.

Citing the two billion dollar deficit in prospect for the government this year and the pending bill to raise new taxes, Harrison in a letter to veterans of his state said: "I regret that existing conditions impel me, in the interest of the country, to oppose the legislation at this time."

Stock Market

WALL STREET REPORT

NEW YORK, April 5. (AP)—For the fifth successive session the stock market stubbornly persisted in its penetration of new low territory for recent years today.

Rather than providing any sustained forward impetus, yesterday's late covering movement appeared merely to have weakened the market's technical position and prices dropped rather precipitantly under comparatively light selling pressure. The market steadied a little after announcement of the Santa Fe dividend, but failed to develop much recuperative power.

shouldn't pull through. It's been done before. Most babies of that weight die in two or three hours. This baby has been living much longer than usual in such cases."

The boy had his first drink of water from an eye-dropper.

Wisconsin Voters Naming Delegates

MILWAUKEE, Wis., April 5 (AP)—Wisconsin voters today had the alternative of indicating preference for two outstanding presidential candidates or electing delegates whose final vote at the Republican and Democratic national conventions is problematic.

Rival factions in both parties conducted intensive campaigns which were expected to bring out one of the largest votes in recent years.

Democrats had the opportunity to endorse the candidacy of Gov. Franklin D. Roosevelt of New York by voting for a slate of delegate candidates pledged to support him. Republicans were offered a conservative delegation who, although uninstructed, endorsed the administration of President Hoover at their state conference.

Mexican Officers Trace Automobile

EL PASO, April 15 (AP)—Mexican authorities today endeavored to trace an automobile believed to have carried the three bandits who killed seven members of the Espinosa family near Bering, N. M., Friday night.

American officers were told yesterday that three men answering the descriptions of the slayers left Juarez, Mexico, Sunday after inquiring the best route to Mexico City. Mexican officers said they were trying to locate the three men between Chihuahua City and Torreon.

JOHNSON CHILD DIES

Travis Earl Johnson, two-month-old son of Mr. and Mrs. Maurice Johnson, died at about 5 o'clock this morning in a hospital here. Burial was to be conducted by Rix Funeral home this afternoon at Levelland, where the Johnsons live.

PREACHES HERE

* * *

Rev. John Caylor, (below), of Waco, is preaching in a young people's revival which is being held at the First Baptist church. Tonight at 7:30 he is to preach a special sermon to young business and professional men and women. Large crowds are hearing his sermons.

DORIS KENYON

(Continued from Page One)

her accompanist, Erno Balogh, on the trip. Mrs. Haanel is business manager.

Tonight the singer will present "Lyric Silhouettes," a varied group of folks songs of many nations, using the languages and costumes of each. She has toured Europe with the same program she is bringing here and last summer studied on the continent.

Last Of Course

Her appearance will be the last of the artist course sponsored by Texas Technological college. The concert will start promptly at 8:15 o'clock.

Interest this morning seemed divided between the beautiful warm weather—she has traveled in the East for the last few weeks—and anxiety as to whether she would attract a large audience.

She gasped in amazement at Lubbock's size and said someone had told her it was a town of about 12,000. This city is one of the smallest in her tour, which has carried her to some of the largest cities in the country during the last four weeks.

Miss Kenyon has written several poems and humorous sketches and contributes often to magazines. She was a star in silent pictures and lately has been receiving favorable comments on her work in the talkies.

Miss Kenyon's program for tonight is as follows:

Erno Balokh at the piano.

Deux Chansons A. Dancer—La Pavane, Bruneau; La Sarabande, Bruneau.

Two German Songs—Beim Tanz, H. Herman; Och, Moder Ich Well in Ding han, Arr. by Brahms.

Three Japanese Folksongs—Gonbe Ga Tane Maku, tr. and arr. by Y Itow; Piano solo—A Japanese Interlude, Yamada; Nekodja-Kekodja, tr. and arr. by Y. Itow; Cho-Cho, Ross.

Piano solo—Dirge of the North, Balogh; Prelude in G minor, Rachmaninoff.

Three Irish Country songs—Mary Darling, Czerwonky; Kitty of Colerlaine, Old Melody; The Cork Leg, Old Tyrone Version.

The Soldier's Wife (In Russian) Rachmaninoff.

'Ello, Martha, by Vera Smith.

Intermission

Two Old English Songs—Your Lyppes and Cheeks (Music and words from the Sixteenth Century); The Tragedy of a Certain Ladye Faire (From the Sixteenth Century).

Columbetta, by A. Buzzi-Peccia.

Piano Solo—Spinning Song, Mendelssohn; Malaguena, Lecuona.

Jean Bete (From the Fifteenth Century), arr. by Ferrari.

Messze A Nagy Erdon, Hungarian Folk Song.

Thefts Reported To Police Here Today

Theft of a box of fishing reel, lines, and hooks from an automobile here Monday afternoon was reported to police by the owner, Charles Bacon, 1632 Broadway.

C. C. McCarty reported to police late Monday theft of a woman's coat from a beauty culture school here several days ago. He said Mrs. Ruby Vest of Amarillo owned the coat, which was valued at $75.

A bright red automobile, a 1930 Chevrolet coupe used by the Plainview fire chief and stolen after had had driven it to a fire, was not reported recovered this morning Lubbock police were notified early this morning that the machine had been taken.

Two Men Agree To Waive Extradition

Two men arrested in Oklahoma City and connected, as a result of evident loot found by Oklahoma City officers, with a robbery at Slaton, have agreed to waive extradition, the Lubbock county sheriff's department has been notified. Sheriff Wade Hardy and Deputy Sheriff Will Earnest left to return the pair here.

A third suspect in theft of merchandise at Slaton was arrested Tuesday night by the sheriff's department. He denied being implicated in the robbery, although he admitted knowledge of the burglary in a statment to the sheriff's department. His home, between Slaton and Lubbock, was searched, but no stolen merchandise was found.

Approximately half the people of Latvia are engaged in agriculture, dairying, livestock and other food producing industries.

NEW YORK NAMES DELEGATES TODAY

ALBANY, N. Y., April 5 (AP)—Selection of New York's district delegates to the Republican and Democratic national conventions today was a perfunctory proceeding in all but three of the 43 congressional districts.

There was one contest in the Democratic primary and two in the Republican. In the 41st district which is in Buffalo, a slate of two delegates favorable to former Governor Smith is opposed to two men who are regarded as votes for Governor Roosevelt for the Democratic presidential nomination.

The Republicans have contests in the seventh district of King's county (Brooklyn) and in the 20th where Secretary of the Treasury Ogden Mills is a candidate. Mr. Mills, although running in the 20th, is a resident of the 17th district. His name was transferred to that district because the slate was complete in his home district.

Man Transferred To Lubbock Jail Today

A year ago today, D. L. ("Poppin'") Payne voluntary began a return trip to the state penitentiary, from which he had escaped more than two and a quarter years before. Payne was in Arizona then.

That is what Bob Miller, Lamb county deputy sheriff, reported Payne told him this morning, en route to Lubbock. Payne, sentenced to an indefinite period in the state penitentiary, for criminal insanity, was transferred to the Lubbock county jail from Lamb county for safe-keeping, Deputy Sheriff Miller said.

Highway Location Already Completed

Location for highway No. 7 in Garza county south of Post, has been completed as far as the Justiceburg bridge. The final location is now being staked by engineers for the district highway engineer's office.

Between Post and the Lynn county line the location has been staked and right-of-way matters are being handled by the county commissioners' court. When these matters have been settled, plans will be about ready for a contract to be let on grading work, it was added.

Plainview Man Is Killed In Mishap

RAYMONDVILLE, April 5 (AP)—H. C. McPeak, 29, of Plainview, was killed last night in a highway accident a mile east of Raymondville. McPeak, riding on the fender of an automobile, was swept off when the car he was riding and a truck sideswiped, witnesses said. McPeak was run over by the automobile and died an hour later. State highway officers started investigating the accident.

McPeak is survived by his widow, Lois, and a 16 months old son of Plainview, and other relatives.

LIONS CONCLAVE PLANS DISCUSSED

Plans for an annual district 2-T convention of Lions clubs here next Monday and Tuesday were discussed last night by nine members of the Lubbock club's general convention committee in offices of W. D. Girand in the Myrick building.

Attending were S. J. McFarland, chairman; E. L. Pitts, club president; Dr. S. S. McKay, John Denman, the Rev. J. O. Haymes, Rufus Scarbrough, W. D. Girand, Joe Bowman and William H. Evans.

HONOR MURDER

(Continued from Page One)

cutor shouted angrily "the defense counsel is putting words in the juror's mouth" when the gray haired leader of the defense continued, dispite objections, in his efforts to show Henry Beckley, Hawaiian, had already formed an opinion.

Circuit Judge Charles S. Davis permitted the veteran "defender" to continue his penetrating questioning. But Darrow's triumph lasted no longer than his examination of Beckley.

Today Beckley was, as Ulrich wished, among the six tentative jurors—two Chinese, two Americans, a Japanese and a Hawaiian.

CONGRESS SCANS HAWAIIAN REPORT

WASHINGTON, April 5 (AP)—Congress scanned closely today the recommendations of Assistant Attorney General Seth W. Richardson for correcting law enforcement conditions in Hawaii which he termed an invitation to the commission of crime.

Richardson's report on crime and enforcement on the islands was submitted to the senate yesterday, just as the Fortescue case which inspired the request for his investigation was coming to trial in Honolulu.

The justice official advocated assumption of closer responsibility for law and order by the federal government through placing appointment of high officials in the hands of the president; increasing the power of the Hawaii governor (a presidential appointee) to remove officials under him; and reorganizing the court system.

LAND ON BLOCK IN MISSISSIPPI

JACKSON, Miss., April 5 (AP)—Hammers of sheriffs in nearly every county of Mississippi fell on auction blocks yesterday, beating out news that approximately 25 per cent of the state's privately-owned property was under sale for delinquent taxes.

State Land Commissioner R. D. Moore said one-fourth of the state's private property was involved. The figure exceeded any year in the state's history.

Reports showed 39,699 farms, or 16.2 per cent of the agricultural acreage of the state, went on the block, while 12 per cent of the city property was forfeited for nonpayment of 1931 taxes.

Secretary Stimson Will Go To Geneva

WASHINGTON, April 5 (AP)—Declaring that economic burdens and the menace to world peace had increased in recent months, President Hoover today said Secretary Stimson was going to Geneva in the hope of facilitating positive achievements by the armaments conference.

Addressing newspapermen at a conference, the president said the secretary of state was traveling abroad only in behalf of "some concrete and definite results" from the arms parley.

Mr. Stimson sails Friday.

"There will be no discussion or negotiation by the secretary on the debt question," Mr. Hoover stated.

CAUTION SIGNS BEING STOLEN

Installation of a new type of reflecter button caution signs for railroad crossings and other dangerous locations on highway, has been followed by near destruction of a number of these and the probable withdrawal of all, according to Joe H. Caldwell, maintenance engineer for this district.

"We were given ten pairs of these signs for this district," Mr. Caldwell said. "They were a new type, with a button with a quicksilver background. The department is experimenting with them to see if they cannot get a better and more effective sign than the old type.

"Vandals have been stealing these buttons and putting them on their car tags. We have found several with nearly all of the buttons gone.

"Some of these times somebody will be hurt because they could not see the warnings owing to the buttons being missing. Drivers soon learn to depend upon a sign of this kind and if the buttons are stolen and a driver is depending on the warning and it fails, there is grave danger of some one being injured or killed."

Mr. Caldwell said that employes of the district had frequently reported to him that many of the buttons were missing. The new signs cost $7.50 each.

DALLAS, April 5 (AP)—A $900 diamond was stolen from Tom Claffey's room at a downtown hotel last night while he was out of the room, Claffey told police.

Lifer Framed?

That Anton Best, above, former U. S. marine, now serving a life sentence in prison at Marquette, Mich., was a victim of a police frame-up, is the contention of the Rev. Bates G. Burt, former chaplain in the State penitentiary, who has been making efforts to free the ex-service man. Best was sentenced for the murder 11 years ago, of a Pontiac, Mich., telephone operator. Rev. Burt charges police used third degree methods to place the blame for the crime upon Best. He declares that Best just happened to be on the scene when the body of the girl was found.

Plans Dampened By High Liquor Costs

HELSINGFORS, Finland, April 5 (AP)—Whisky at $6.50 a bottle and cognac at $9.25 dampened somewhat the widespread celebrations planned for today when Finland's twelve-year-old prohibition law goes into the discard, following last December's referendum.

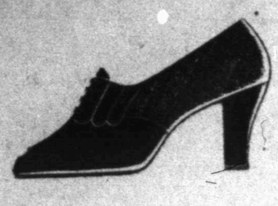

Some restaurants declared they would refuse to handle the newly-legalized "hard" liquor because of the high price fixed by the government, which has sole control over the trade under the new law.

TRIAL SET MONDAY

DALLAS, March 31 (AP)—Trial of Herbert L. Scales on charges of robbery with firearms in connection with the robbery of a bank in Memphis, Tenn., last May is expected to begin in Memphis Monday. He has been at liberty on $6,500 bond on the Memphis charges. He formerly was prominent in Dallas club circles.

(READ THE STORY, THEN COLOR THE PICTURE)

The note the Tinymites had read was strange and Scouty promptly said, "Well, let's start blowing bubbles. There's a chance the note is right.

"Whoever blows the biggest one is bound to have a lot of fun, 'cause that's the bubble that is going to bring a thrilling sight."

Soon bubbles floated all 'round. They'd drop and burst upon the ground. Not one of them was very big and Duncy said, "Aw, gee! Just how long is it going to take to make a big one? They all break! I've blown so many now that I'm as winded as can be."

"Just keep it up," cried Scouty. "You must do the best that you can do and trust to luck! I'm sure that we will win out, after while."

* * *

Just then another Tiny said, "Hey! One went smack, right on my head. It made my hat all wet." This made the other Tinies smile.

For 'bout a half an hour they tried, but nothing happened. Windy cried, "I think I have a happy hunch. We're blowing much to fast.

"These funny bubbles are real thin and when we puff the warm air, in, the bubbles cannot stand it. That's the reason they won't last.

"I'm going to try it rather slow. Now, watch me, lads, 'cause here I go." Then Windy blew a large one. "That's a dandy," Scouty cried.

* * *

"And, look! Do you see what I see, or am I dizzy as can be?" "I see it, too," said Coppy. "There's a funny man inside."

"Keep blowing hard," another said. "The more you make the bubble spread, the larger our new friend will be. Say, isn't he a sight?

"I guess that he's good-natured, too. But we'll find out before we're through. At least, he is a sudden thrill! Our little note was right."

* * *

(The Tinymites' funny man comes to life in the next story.)

BUILD UP HEALTH

and pains go away

WOMEN who find themselves in a painful condition due to a run-down state of health should give Cardui a fair trial, for a reasonable length of time, as did Mrs. E. G. Hodnett, 1101 Hazel St., Texarkana, Texas, who writes: "I was anxious to build myself up so I could enjoy and take interest in my home. I had suffered with soreness and a constant pain in my side. My mother told me she thought I should try Cardui. Soon after I began taking it I noticed an improvement, so I kept on until I had taken three bottles. By this time I was feeling so much better, the pain and soreness were gone."

Sold at drug stores.

LUBBOCK WILL HAVE FIRST CHANCE TO SEE AUTOGIRO ON NEXT FRIDAY

Lubbock's first opportunity to see an autogiro will be Friday afternoon when a "windmill" plane is demonstrated at the municipal airport.

The autogiro will arrive at noon from Big Spring and will remain here until 10 o'clock the next morning when it will take off for Plainview.

Owned by the Piston Ring company of Muskegon, Mich., the giro is being brought here by the Auto Parts Co., local representative of the Michigan concern.

Numerous demonstrations will be made while the autogiro is here, according to Wayne J. Sheldon, test pilot for the company who was here yesterday making arrangements for the visit.

Don Walker of Detroit will pilot the giro, which is a three-place ship. Preparations are being made to handle big crowds at the airport.

"The autogiro still is a big curiosity," Mr. Sheldon said. "The main thing most people want to know about it is whether the motor runs the 'windmill" blades. Power from the engine is used to start the blades when the ship is on the ground, but once in the air the rotors as they are called, revolve by themselves. At 120 revolutions per minute, the average speed, the tips of the blades skim through the air at 200 miles an hour."

the blades skim through the air at 200 miles an hour."

Democrat Chiefs Certain Of Victory

WASHINGTON, April 5. (AP)—In a call for campaign funds, distributed to more than 100,000 Democrats, party leaders are claiming certain victory in 15 states and conceding certainty of defeat in none.

"Victory-grams," leaflets distributed by the Democratic national committee in the $1,500,000 fund-raising drive, ask for contributions up to the giver's limit to insure success in November, and on the reverse display a map indicating presidential prospects.

Peter Anderson, famous throughout Scotland as a "diver" died recently in Dunbar, Scotland. On two successive years he dived 100 feet into the sea from the summit of Dunbar Castle with the exactitude and poise of one making a ten-foot leap. He is the only one known to undertake the hazardous dive, and thousands traveled far to see his feats.

LUBBOCK EIGHTH IN FIRE CONTEST

Lubbock, competing for the first time, ranked eighth in its class in a national fire prevention contest, the local chamber of commerce was notified Monday by the United States Chamber of Commerce. Guy L. McAfee is chairman of the local chamber's fire prevention committee.

In a brief, entered in the contest, it was pointed out that the 1931 fire loss approximated $31,000, as compared to $220,000 in 1930. It also was shown that the total number of fires in buildings had decreased from an average of 140 for the period from 1926 to 1930 to 11 last year. Fire prevention week was observed last October 4-11.

This city has won two cups — both for first places—in the first two clean-up campaigns it entered. The third annual clean-up drive will be held soon, it was said yesterday at the chamber of commerce.

Trapped, Five Are Burned To Death

CHICAGO, April 5. (AP) — Five members of one family were trapped in a flaming house in suburban Brookfield and burned to death yesterday and the sixth was alive because he accidentally fell through an open window while groping about in blinding smoke.

Passersby noticed the fire and banged a warning on the door. Walter W. Sneathen, 70-year-old owner of the house, heard the warning but took time to dress. The flames enveloped the frame building rapidly and soon all exits were blocked.

Say "Hello" to Kansas City

East entrance of Union Station, Kansas City

for $1.30

after 8:30 p. m.

(Station-to-station rate for 3 minutes)

A HUNDRED YEARS AGO, steamboats unloaded pioneers and prairie schooners at Westport Landing . . . eastern end of the Santa Fe Trail. Prairie schooners have given way to a network of railroad, trolley, bus and air lines . . . the "Petticoat Lane" of the 90's is overshadowed by skyscrapers. Today, Westport Landing has become Kansas City, a great commercial and manufacturing center. Travelers admire towering Liberty Memorial, facing Union Station Plaza . . . miles of connected boulevards . . . beautiful Swope and Penn Valley Parks.

* * *

Just tell Long Distance . . . "I'm calling Kansas City, Harrison 9900." Or, if you don't know the number, say "Give me Kansas City . . . I'll talk to anyone at Mr. Henry Wilson's residence, 1500 South Broadway." That's the way to place a station-to-station call.

Even in the daytime station-to-station calls (on which you will speak to anyone who answers at the number called) are cheapest. And they're reduced about 25 per cent between 7 and 8:30 p. m. . . . about 50 per cent after 8:30 p. m. *Some examples:*

From	To	For
Lubbock	Dallas	$ .80
Lubbock	Austin	.90
Lubbock	Amarillo	.40
Lubbock	Wichita Falls	.60

(Station-to-station rate after 8:30 p. m.)

Moving? . . .

don't forget your telephone

If you plan to move, let us know *when* and *where* as soon as you can . . . preferably ten days in advance. A telephone in your new home will make the moving job easier.

There will be supplies to order . . . errands to run . . . little repairs to be made. Here are some of the people you'll probably want to call:

the grocer . . .

. . . the druggist

the plumber . . .

If you'll give us sufficient notice, we'll try to have your telephone connected on or before the day you move.

And here's a suggestion . . . before the rush of moving begins, take time to plan for telephone service that will fit changed conditions. Perhaps you will need an extension telephone in bedroom or kitchen . . . an individual line . . . an extra directory listing . . . or other improvements in the kind of telephone service you are now using.

It's a good idea to plan such changes in advance. We'll be glad to help you. Just call the business office.

How many steps to your telephone?

One or more extension telephones, properly located, save a surprising amount of time and steps, help you manage your home more effectively, afford conversational privacy, often avoid embarrassing situations.

For want of a listing an order was lost

"Telephone Osborne Johnson, Exchange Building," the Boss directs. "Or try Kennedy & Johnson."

"Neither one seems to be listed in the directory," the Secretary reports.

"Never mind," says the Boss. "Tell the other firm to duplicate the last order."

Johnson had a business telephone, but it was listed as

Adams Kennedy & Johnson Elect Sg Main-5330

Now he has an additional listing

Johnson Osborne A Elctr Sg Main-5330

"We tried to call you," said Jack Knetzger's friends. But they had looked for N-e-t-z-g-e-r. Now Jack has two listings:

Regular listing

Knetzger J H 105 7th st Grand-2104

Additional listing

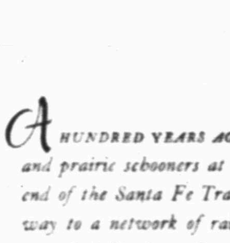

Nelzger J H 105 7th st Grand-2104

Additional listings in the telephone directory prevent calls from friends . . . clients . . . customers . . . from going astray.

The extra cost of an additional listing is small:

Business 25c
Residence 25c

Mrs. Chatter on your line?

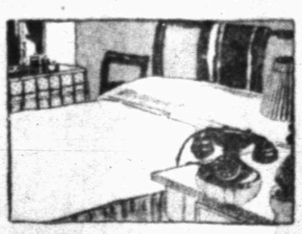

Consider the advantages of an individual line:

1. Your telephone is never busy unless you are using it.
2. You have complete privacy . . . no "listening in."
3. Always ready in emergencies.

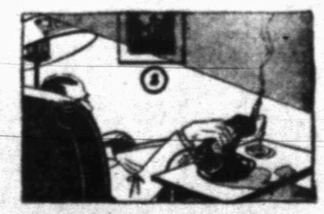

The additional monthly cost is small . . . There is no charge for making the change. Just call the business office.

In the kitchen
Answer calls, order groceries, make appointments from an extension telephone . . . without leaving your work.

In the bedroom
An extension telephone is handy for calls at night . . . when you're ill, or sleeping late. Gives protection in emergencies.

In the living room
Telephone from an extension by your easy chair. Convenient for family and guests. Few realize the comfort it provides.

In guest . . or sun room
Carry a portable telephone to either room. It plugs in wall sockets, which will be installed at reasonable cost. Monthly charge same as ordinary extension telephone.

An extension telephone costs per month 75c
