WITH SUPPORT OF POLICE

Junior Chamber May Sponsor Newly Organized Hot Rod Club

Junior Chamber of Commerce may sponsor the newly-organized Hot Rod Club here.

Tommy Jamison, high school senior and Hot Rod Club president, appeared before Jaycees Wednesday and requested that the Jaycees sponsor their organization.

Jaycee president Max Caddell, Highway Patrolman H. B. Slaughter and Eldon Ruffin were scheduled to meet with the Hot Rod members Thursday night and report to the Club at the weekly luncheon next week.

Jaycees will vote on the sponsorship of the club next week.

Jamison and Patrolman Slaughter gave the Jaycees an idea of the new organization and the requirements that club members must abide by.

The Hot Rod Club was formed two weeks ago in Colorado High with 10 charter members. The club quickly caught the students' attention and now the group has grown to 36 members.

School Group Immunized for Liver Disease

Fifty children at Primary School were immunized Wednesday and Thursday as a precaution against infectious hepatitis.

The immunization program was taken on advice of medical doctors after the infection neared epidemic stage, according to Mrs. Mike Hammans, school nurse.

Infectious hepatitis is an infection of the liver and is contagious.

Five cases of this particular type of hepatitis have been diagnosed among two rooms at Primary Schools during the last three months. Those two rooms—one in the second grade and another in the third grade—were those receiving the immunization.

Mrs. Hammans said none of the hepatitis cases involving the school children had been severe. Written consent of parents of all 50 children were obtained before the immunization with gamma globin.

OFFERS SUPPORT FOR PROJECT

Student Council Urges Prompt Action for Recreation Center

Colorado High students this week lined up in support of a proposed community recreation center and program.

And the school's student council pledged its assistance toward success of the project.

The recreation program, proposed by Chamber of Commerce civic committee, previously had caught the interest of City Council and Colorado Independent School District trustees.

Interest reflected by those groups and various other clubs and organizations had resulted in the scheduling of a community dinner program here March 23 to discuss the project.

Principal speaker for the program in Civic House will be Harold Van Arsdale of Dallas, southwestern representative of National Recreation Association and advisor to city recreation department throughout the southwest.

The high school students proclaimed their support for the project in a resolution adopted by the student council. The resolution emphasized the need for a recreation center that can be utilized by the youth of the community and urged prompt action for the project.

Complete text of the resolution follows:

"Whereas, there is no place of recreation for the youth of Colorado City, Texas; and

"Whereas, it is the feeling of the student council, acting on behalf of the student body of Colorado High School, that there is a definite need for a student center; and . . .

"Resolved, that the townspeople of Colorado City, Texas, call upon said student body to render whatever assistance as may be possible to the furtherance of said project; therefore be it finally . . .

"Resolved, that prompt actions taken on the part of both said townspeople and said student body to make the student center a reality."

"Whereas, the city seems to desire to purchase a recreation center; and . . .

"Whereas, the recreation center would be a source of pride to both the student body and townspeople of Colorado City; therefore be it . . .

"Resolved, that the townspeople of Colorado City, Texas, call upon said student body to render whatever assistance as may be possible to the furtherance of said project; therefore be it finally . . .

To be eligible for the club, a member must be 14 years of age and hold a drivers license.

Fee of \$3 is charge for joining the club and \$2.00 for a plaque with the club's name and insignia which goes on the member's car.

Monthly dues are \$1. "We would like very much for the Jaycees to sponsor us," Jamison said, "because we think you are the most broad-minded group of men in town."

Other officers of the club, in addition to Jamison, are Bud Hart, vice-president; Tommy Webb, secretary and Jimmy Hook, treasurer.

NOMINEES PRESENTED

Kirschbaum Named For Jaycee Post

Robert Kirschbaum, a past worshipful master of Mitchell County Masonic Lodge No. 563, is the prospective new president for Colorado City Jaycees.

He heads the slate of office nominees presented to Junior Chamber of Commerce members Wednesday at their luncheon in Civic House.

Election of Jaycee officers for 1956-57 term is scheduled April 4. Installation ceremonies will be conducted at the annual Distinguished Service Award dinner which will honor the city's outstanding young man here April 13.

Kirschbaum, who is a partner in Kirschbaum Appliance Store with his father, M. L. Kirschbaum, currently is serving as vice president under Max Caddell, 1955-56 president.

Nominated for first vice president is Charles Oliver, assistant manager here for Safeway. Nominated for second vice president is Don Benson, member of local Texas Electric Service Company staff.

Other officer nominees are Benton Cain, educational director at First Baptist Church, for secretary; Joe Boatright, Record advertising assistant and sports

editor, for general fund treasurer; Johnny Grubbs, State Highway Department employee, for Civic House treasurer.

Proposed for incoming directors are Dr. John Chinn of Rhoads Clinic, Kelly Fregia, head of the meat department at Piggly-Wiggly; J. R. Rhoten, head of the Safeway meat department, and John Russell, Mitchell County administrator for Farmers Home Administration.

Three of the four director nominees will be elected to the Jaycee board.

Holdover directors are Dr. H. Jene Steakley, Francis Winn and R. H. (Bob) Ratliff Jr. Outgoing directors are Bob Rely and Joe Salter.

Caddell, outgoing president, will succeed Joe Bell as state director.

Burial was in the Colorado City Cemetery under the direction of Kiker and Son Funeral Home.

Club Women Say County Decision Stymies Full-Day Plan For Library

Allocations Remain At \$115 Per Month

Commissioners Court has turned down a request to increase the county's library contribution to \$150 per month. Decision to retain the allocation at \$115 came Monday by a vote of 3 to 1.

And representatives of Mitchell County Federation of Women's Club said the commissioner's decision automatically cancels plans for operating the library on a full-day basis.

Retention of the \$115 monthly contribution by the county also sets the city's library appropriation at \$115, too.

The federation in December requested that the county and city each hike its contribution to \$150 monthly.

Commissioners immediately last December, voted to raise to \$115—a \$40 increase from the previous \$75 appropriation.

City Council hinged its allocation on the county's decision, though, by voting to boost the city's library appropriation to any sum equal to the county with a limit of \$150.

So, unless the council changes its decision, the city's contribution will automatically match the \$115 provided by the county.

"And that means we cannot keep the library open full time," said Mrs. Curtis Latimer, chairman of the federation's library trustees.

"We can't set up a purchase program for new books," she continued, "and keep the library open all day, too."

Just what the library's plan of operation will be in face of the \$115 appropriations, however, is to be decided at a meeting of the library trustees.

That meeting was temporarily delayed because two trustees were out of town, according to Mrs. Latimer.

The trustees have requested \$150 contributions from both the city and county to provide a program for new books, reference materials and current publications at the library and to pay for both morning and afternoon operation of the library.

Currently, with its meager budget, the library is open six days a week from 2 to 5 p.m.

Even with the abbreviated schedule of operation, however, the library circulated more than 22,000 books last year among Mitchell County residents. And circulation almost has doubled in the last three years since the library moved to Civic House.

Spotlight is turned now on the library by Mrs. Arvus Odell Crockett, 26, who is competing on the network TV show, "The \$64,000 Question." Mrs. Crockett, whose quiz category is literature, was an avid reader of the Federation Library's books when she resided in Loraine from 1949 to 1951.

Increased use of the library facilities by high school students has also emphasized the need for more reference material, according to trustees.

The county decision to keep its increased contribution at \$115 came when representatives from the Federation of Women's Club presented Commissioners Court with a petition requesting that the court contract for library facilities at the Federation Library.

A total of 1,698 signatures—more than half the number of poll taxes paid this year within the county—were affixed to the petition, which was circulated to meet a legal technicality and enable the county to continue its financial support for the library.

Mrs. Latimer, while presenting the petition, renewed the federation's request for a \$150 appropriation. With her were Mrs. H. Jene Steakley, president of the Federation of Women's Club, and Mrs. Boyd Dozier, librarian.

But Commissioner Sam Thompson of Precinct 1 was the only commissioner backing the \$150 figure. Against it were Commissioners J. C. Northcutt W. N. (George) Bacon, and Moody Richardson.

Mid-April Bid Opening Due Construction

New target date for accepting construction bids for Colorado City's \$500,000 building program is April 17.

The tentative date was given by the local club; M. N. (Nap) Caddell and Jeff Taylor, local architect, and R. S. Smith, engineer, Fort Worth planners for the multiple building project.

Bids for the entire construction program—new gymnasium and physical education plant, addition to Hutchinson Elementary, addition and remodeling of High School—will be taken at one time.

The tentative date in mid-April replaces a previous March target date.

Lane and Smith reported plans and specifications complete for the big building project. Final date for opening of construction bids will be set after clearance with West Texas Chapter, Associated General Contractors, to avoid conflict with bid openings on other major construction jobs in West Texas.

Buyer for the \$500,000 bond issue that will finance the local school building program is Underwood and Nehaus of Houston.

The Houston firm submitted a bid of 3.048 per cent for the bonds, best bid among nine competing bond companies.

FRIDAY NIGHT SUPPER

Club Hopeful for Pancake Record

Kiwians are looking for more than 1,100 hungry persons. That's the kind of crowd they want for their annual pancake supper Friday evening in Primary School cafeteria.

And that's the kind of crowd that is necessary, too, if Kiwanians beat their pancake record set last year.

Slightly more than 1,100 persons were served in the 1955 pancake line, an all-time record for the supper.

Alton Myers, general chairman of the 1956 supper, is hopeful for a new record Friday night.

Advance sale of tickets for the pancake supper indicates a strong possibility for more than 1,100 persons for the supper. John T. Merritt, who last year led the entire club with his sale of 109 tickets, already has sold 200 tickets this year.

Hundreds of pounds of bacon and pancake mix are already in the kitchen supply. Those key

supplies, in fact, all ingredients for the supper—are being donated by friends of Kiwanis and the Kiwanians' program for underprivileged families.

Six huge griddles will be kept hot constantly Friday evening to feed the supper crowd.

Serving of pancakes will begin at 5 p.m. and will continue until 9 p.m. There will be entertainment, too, during the supper hours. Charlie Judd, the trainer at Frontier Farms, heads the brigade of pancake cooks. Working with him at the pancake griddles will be 10 assistants.

In charge of the bacon cooks will be Keith Miles. Among his "chefs" will be Mayor Trevor Crawford, Ed Rothwell, Harold Merritt, Trevelyn Kelley, County Attorney Frank Ginzle and Olson Sweet.

City Councilman Ike Hamm heads the pancake mixing detail that also includes Dan Fritchett and O. A. Hickman.

Peace Symposium Features Program

By MRS. C. C. HAMILTON, Record Correspondent.

LORAIN — A symposium introduced the new study program, "To Combine Our Efforts for Lasting Peace," for the Women's Society of Christian Service at Loraine Methodist Church. Study leader was Mrs. J. G. Bruce, who introduced the new study.

Mrs. Harold Morris, who posed the question, "Do We Have the Signs of Peace," related the story of three persons whose route to the same city was made difficult by a mountain.

One person went over the mountain, another went around and the third went through the mountain. They arrived at the same city although traveling different routes.

The story was compared by Mrs. Morris to Christians today of different churches, all seeking the same objective, although by different faiths.

An interesting talk by Mrs. T. C. Wilson emphasized the work of United Nations and how that world organization is aiding Christians bring about peace. Mrs. Harold Martin and Mrs. Lily Bennett opened the afternoon service by reading alternately the Call to Worship. The devotional study, based on portions of Psalm 42, was led by Mrs. Martin.

The group sang "We've a Story to Tell to the Nations." Benediction was by Mrs. Morris.

Sanctuary was decorated with green palms for the meeting. The table, marked by a golden cross and opened Bible, was flanked by flags of the U.S. and the church.

1921 Study Club Reviews History of Indians in Texas

"Indians of Texas" including the Caddo, Apache and Comanche tribes—was topic of program for the 1921 Study Club Friday afternoon in the home of Mrs. C. L. Root Sr.

Mrs. V. R. Trulock, club president, and Mrs. H. B. Broadus, historian, presented the weekly program.

Culture of the Caddo Indians was discussed by Mrs. Trulock. She revealed that the tribe lived in Texas as early as 1530. They occupied lands north of the Sabine and south of the Red River.

"They made cabins of logs and earth mixed with straw," the speaker said.

"When a Caddo Indian died, nearly everything he owned was buried with him," Mrs. Trulock continued, "including pots, arrows and beads."

Brides were bought with gifts and children were punished by throwing cold water on them."

Few tribes have exhibited a higher development in ceramic arts than the Caddo Indians.

The women were the pottery makers, the speaker explained.

They used fine clay and crushed shells. The tools which they used were very crude.

Mrs. Broadus briefly reviewed histories of the Apache and Comanche tribes.

"During the early Mission period in Texas," Mrs. Broadus began, "the Apache Indians held sway from the present site of San Antonio as far north as the Panhandle."

"They were cousins of the New Mexico Apaches and were usually designated as Saxon Apaches."

The Comanche Indians, who settled in the north, advanced rapidly southward during the Mission period, she explained.

"These fierce and nomadic Indians, who drove the Apaches across the Rio Grande and Pecos River, played the leading role in the long conflict between the red and white men in the territory lying between the Red River and the Rio Grande," Mrs. Broadus said.

"Like the Apaches," she continued, "they were a people of fine physique, but sustained a relatively low culture, never yielding to civilizing influences."

The afternoon meeting was opened with prayer by Mrs. Trulock. Mrs. R. P. Price read a letter from Mrs. Theodore Chapman concerning the Crusade for

Freedom campaign.

Mrs. W. W. Rhode reported on the February meeting for Mitchell County Federation. A "thank you" letter from the German Youth Conservation was read.

Attending were Mrs. Broadus, Mrs. J. S. Craddock Sr., Mrs. A. O. Hickman, Mrs. W. C. Hooks, Mrs. P. K. Mackey, Mrs. Price, Mrs. J. T. Pritchett, Mrs. Rhode, Mrs. Trulock and the hostess.

It's a matter of record! You get more for your money in Olds for '56! Oldsmobile owners have known this for years, and many of them have enjoyed the pleasure of Rocket performance for less than the cost of owning one of the small "lowest-price" cars.

Let us show you the facts and figures. You'll see that it's easy to get out of the ordinary and into an Olds... that it's good sense to make the move now!

For example, look at what you get. Start with power. Oldsmobile pioneered the high-compression era with the Rocket Engine. The 1956 Rocket is mightier, peppier than ever, with a 9.25 to 1 compression ratio! Take your choice of 210 horsepower in Super 88 and Ninety-Eight or 250 horsepower for the lower-priced '88.

Want trend-setting style? Olds shows the way again with the double-duty beauty of the new "Intagrilite" front bumper! It's two sturdy bumpers in one—and a smart grille besides!

And you'll never know what a pleasure riding and driving can be until you've tried an Olds. This car snuggles down to the road, holds a straight-as-a-string course, rounds a curve dead-level.

You'll find many of the reasons behind this marvelous roadability in the new Safety-Ride Chassis. Oldsmobile's six-point suspension features such advances as dual stabilizers, center-control steering, and a heavy, solid-unit frame. **It all adds up—**come try a Rocket ride yourself! We feel sure we can show you the greatest values ever in the car that holds its value high!

Culbertson's Reside in Midland After Wedding in Local Church

Mr. and Mrs. Leroy Culbertson are residing in Midland following their marriage here Friday evening in the South Side Baptist Church.

The bride is the former Nelda Fern Moore, daughter of Mr. and Mrs. H. A. Moore. The groom is the son of Mr. and Mrs. V. E. Culbertson of Midland.

Rev. J. E. Whisenand of Crane, former pastor of the local church, read the double ring ceremony before an altar marked by a white wrought-iron arch and gate covered with lemon leaves and greenery. Candelabra and baskets of white gladioli flanked the arch on each side.

Pews were marked with white satin bows.

The bride, given in marriage by her father, wore a ballerina length gown fashioned with a white nylon lace bodice and a skirt of nylon net over satin.

Her veil was caught by a bandeau of sequins and rhinestones. She carried a bouquet of white ranunculus with a white Bible. Satin streamers extending from the arrangements were tied in love knots.

Mrs. K. R. Thompson, pianist, played traditional wedding music and accompanied Mrs. John Bozarth who sang, "I Love You Truly." Wedding music included "Band of Gold" and "He."

Miss Sue Buckner served as her cousin's maid of honor. She wore a ballerina length dress of ice blue satin and nylon net. Her attire was complimented by pink accessories and a cascading bouquet of pink carnations and pink satin streamers.

Best man was Alvin Moore of Sterling City, cousin of the bride. Candles were lighted by Sharon Koon, who wore a blue nylon organza dress embroidered in yellow, and Cleve Moore.

Ushers were Marion Oden and Aeron Oden.

For her daughter's wedding, Mrs. Moore wore a navy blue faille dress with pink accessories and a pink carnation corsage.

Mrs. Culbertson, the groom's mother, wore a powder blue linen dress with white accessories and a corsage of white carnations.

Following the ceremony the couple was honored at a reception in the home of the bride's

School Heads, Coach Given New Contracts

Supervisor and principals for
 all five Colorado City public
 schools were re-elected Monday
 night for one-year contracts.

Also re-elected was the school
 board were Colorado High's head
 coach, Bob Reilly, and R. E. (Bob)
 Post, Colorado High vocational
 agriculture instructor.

Reappointment of the key
 supervisors on the staff of Supt.
 Ed. Williams is for the school
 term of 1956-57. Salary require-
 ments will be discussed later in
 the year and were omitted from
 the action at the board meeting
 Monday night.

Principals re-elected are J. F.
 Jones at High School, Winston
 Gann at Junior High, Weldon
 Moore at Hutchinson Elementary
 School, and John E. Watson at Primary
 School and W. D. Harris at Wal-
 lace School.

C. B. Underwood is the super-
 visor. He began duties at the
 new post last fall after serving
 as Hutchinson principal.

The school trustees formerly
 acknowledged the resignation of
 Don Powers, assistant football
 coach at Colorado High, and ap-
 proved the appointment of his
 successor, Joe Burk, who during
 the last year was assistant at
 McMurry College in Abilene.

Powers resigned to accept a place
 on the coaching staff at Brown-
 field High.

Report of the school system's
 textbook committee also was ap-
 proved by the trustees.

March Wool Eligible for '55 Payments

Wool growers who shear early
 may sell their 1956 wool by
 March 31 and be eligible for pay-
 ments under the 1955 wool pro-
 gram.

Payments for the 1955 market-
 ing year, which ends March 31,
 will be made sometime this sum-
 mer, according to Mike Custer,
 manager of the Agricultural
 Stabilization & Conservation of-
 fice here.

If the sale is made in the 1956
 marketing year, which begins
 April 1, the payment will be made
 in the summer of 1957.

Custer explained that growers
 who have not sold their 1955
 wool can carry it over and sell
 it in the 1956 marketing year
 and still be eligible for payment.

Time for shearing is not a
 factor in the eligibility for pay-
 ments under the new wool pro-
 gram, the ASC manager said,
 except that the wool must not
 have been shorn prior to Jan. 1,
 1955. Payment will be made at
 the rate established for market-
 ing year in which the sale is
 made.

The wool program incentive
 level for both 1955 and 1956
 marketing years is the same—62
 cents. Payments are made at a
 percentage rate required to bring
 the national average price re-
 ceived by producers for the par-
 ticular marketing year up to the
 incentive level.

 here last Thursday night with
 his sister and brother-in-law, Mr.

AMARILLO AND MIDLAND FAVORED

Wolves Compete in Strong Canyon Relays at Snyder

Colorado High's fast improving track team will receive a stiff test Saturday at Snyder's Canyon Reef Relays.

Favored in the fourth annual running of the relays will be Amarillo, Odessa and Midland, perennial track powers.

Thirty-six schools from all over West Texas and the Panhandle will compete on the Snyder High track.

Preliminaries begin at 9 a.m. Saturday and the final event is scheduled for 4 p.m.

Odessa has the largest entry in the meet with 30 boys. Amarillo follows with 28 while Midland will bring 22.

Other schools entered are Big Spring, Lamesa, Palo Duro of Amarillo, Lubbock, Plainview, Monterey of Lubbock, Levelland, Anson, O'Donnell, Stamford, San Angelo, Tahoka, Dumas, Aspermont, Hobbs, Hermleigh, Pampa, Plains, Union, Post, Anson, Winters, Abernathy, Phillips, Floyd, Sweetwater, Matador, Roscoe, Hale Center, Stanton and Roby.

The meet will include 15 events. Preliminaries will be held in all but three, the mile run, sprint medley relay and mile relay.

Finals will begin at 1:30 p.m.

Winner of the three previous Canyon Reef Relays were Abilene, 1953; Lubbock, 1954 and Midland, 1955.

Wolves' coach Bob Rely will have strong entries in both relays, shot and high jump.

His 440-yard relay team of Don Fite, Frank Mackey, Doyle Herring and Bancker Cade has turned in a time of 44.4 this season. The same foursome is expected to form the Wolves' mile relay team. Cade will probably replace Delbert Lewis, who ran a leg on the relay team in the Wolves' only meet this year at Fort Stockton.

Their time at Stockton was 3:32.9, one of the best times recorded this year in the state. If Cade is in good condition following spring grid drills, he should enable the Wolves to improve on their prior time.

Lewis will probably enter mile run.

Fite and Cade will compete in the 100-yard dash. Fite turned in his best time this season last week with a 9.9 in a dual track meet with Sweetwater.

Mackey will toe the blocks in the 220-yard dash.

Top choice in the two dash events will probably be Stamford's Mike McClelland. He ran a 9.7 century and a 22.3 in the

SHOT PUT PAIR—Dru Vowell, left, and Jim Windham, give the Colorado High track team a 1-2 punch in the shot put event. Both boys, juniors, are ranked among the state's best in heaving the 12-pound iron ball. Windham is currently ranked sixth in the state with a throw of 52 feet 3 1/2 inches while Vowell throws consistently around 45 feet. They'll be aiming at the Canyon Reef Relay record of 51 feet 1 inch at Snyder Saturday. (Record Staff Photo)

220 last weekend at Graham.

If Herring's injured ankle has

healed, he should be among the top 440-yard dash men in the meet. He ran a 51.1 at Fort Stockton two weeks ago. But Walker of Amarillo will be there with his time of 50.0.

Wolf entries in the half-time race will probably be Clarke Jones and Don Powell.

Wolf Jim Windham will probably be the top shot-putter at Snyder with his heave of 52 feet 3 1/2 inches, thrown at Fort Stockton. Dru Vowell will also have the shot for the Wolves.

Both boys will enter the discus also. Wahoo McDaniel of Midland will probably be favored in that event with his heave of 144 feet 6 1/4 inches.

Billy Simmons and Mackey, two up-and-coming high jumpers, will be counted on heavily by the Wolves. They will match leaps with Apperson of Abernathy who has leaped 5-10 3/4 this year.

This will be first year that the Wolves have entered the Reef Relays since 1953, its first year.

In 1954, bad weather prevented the Wolves from entering and last year the team chose to enter the Big Dam Relays at Cisco, which they won.

Following are the Canyon Reef records this year's entries will be shooting at:

120-yard high hurdles—15.3 by Maynard of Colorado City, 1953.

100-yard dash—10 flat by Har-

ber of Lubbock, 1955.

800-yrd relay—1:32.4 by Ama-

rillo, 1955.

440-yard dash—50.9 by Harber

of Lubbock, 1955.

Sprint medley relay—3:46.3 by

Hobbs, 1955.

Sprint relay—44.5 by Amarillo,

1955.

220-yard dash—(no record,

first year to run)

Mile relay—3:31.5 by Ama-

rillo, 1955.

Discus—155.8 by Newman of

Abilene, 1953.

Shot put—51.1 by Lundergren

of Canyon, 1955.

High jump—6.1 by McDonald

of Phillips, 1953.

Broad jump—20.5 1/4 by Hol-

brook of Winters, 1955.

Pole vault—12-6 1/2 by Palmer

of Midland, 1955.

Wolf Track Marks Among State's Top

Although Colorado High's 1956 track team was expected to be considerably weaker than last season, they have shown times and distances that rank with the best in the state.

Loss of Hollis Gainey weakened the team, but new faces have stepped in to pick up where the Hoss left off.

Main addition to the team this year is Bancker Cade, the muscular junior who was ineligible last season when he transferred in from another school.

His father works for Texas Natural Gasoline Corporation and the family lives at the camp in Coke County, over 30 miles

south of Colorado City.

The sprinter anchored the sprint relay team to a winning effort of 44.4 seconds in his first race of the year at Fort Stockton.

And Coach Rely is expected to use him on a leg of the mile relay.

Wolves' sprint relay time of 44.4 is the fourth best recorded in 44 track meets this season in Texas. Ranking above the wolves are Houston Lamar with 43.0, Arlington Heights with 43.9 and Paschal of Fort Worth with 44.1.

Wolves' mile relay time of 3:32.9 is also fourth best in the state. Houston Lamar leads with

3:24, Corpus Miller with 3:29.1 and North Side of Dallas with 3:30.1.

Doyle Herring's time of 51.1 is the fourth best recorded in the state this year. It's exceeded only by Kesler of Abilene with 50.5, Walker of Amarillo with 50.5 and Pearcy of Sundown with 51.0.

Jim Windham ranks sixth in the state with his best shot put heave of 52 feet 3 1/2 inches.

Top high jump recorded in the state is 6 feet 3 1/4 inch by Howard of Corpus Miller.

But the Wolves' Billy Simmons has leaped 6 feet 1 1/2 inches in practice here and may make his bid for rating at Snyder Saturday.

The production of aircraft in America ranks second in dollar volume to all other industries in the country.

Special Movies Set For Texas Drive-In

Two daring films "Wild Women" and the "Cannibal Girl" are on tap for the Texas Drive-In Theatre March 20-21.

Elliott Dixon, movie manager, said the film shows lands as stranger than fiction.

Secrets are now revealed through the naked eye of the camera never shown before, according to Dixon.

Weird love rites of a native monarch and the primitive customs taboo to civilization are highlights of the two movies.

Oscar Race Ballots At Palace Theatre

"The Oscar Race, copyrighted by Texas Council of Motion Picture Organizations, based on the world famous annual awards of the Motion Picture Academy of Arts and Sciences, will be held in the Palace Theatre now through 8 p.m., March 21, and those who ballot correctly will win free passes to this theatre," stated Elliott Dixon, manager.

In this fascinating Oscar race, all you have to do to have fun is ask for a ballot when you attend the Palace Theatre and place an X against one of the five names in each of six classifications which you believe will be selected by the National Academy for Oscar Awards the night of March 21.

Those correctly naming the best picture, actor, actress, supporting actor and actress, and best song will win free passes to the Palace Theatre.

The motion picture academy awards began with the 1927-28 season when Emil Jennings was awarded the Oscar for best actor in "The Way of All Flesh" and "The Last Command."

Janet Gaynor received the Oscar for the best actress award in that same season for her roles in "Seventh Heaven," "Street Angel," and "Sunrise."

Last year Marion Brando and Grace Kelly were selected best actor and actress for their parts in "On the Waterfront" and "Country Girl."

The academy award selections are made through secret balloting among the motion picture executives, directors, producers, actors and actresses, and technicians.

These votes are carefully tabulated by Price-Waterhouse, certified public accountants and the winners are not known until the sealed envelope is opened on the stage on the evening of the presentations.

TAKES OFF LIKE YOU'RE WEARING SPURS

Come try it— and you're in **BUICK'S THRILL-A-MINUTE CLUB**

THE THRILLS begin in the first sixty seconds—and from then on they come in clusters.

Right off, you feel the stepped-up getaway in Buick's new Variable Pitch Dynaflow—a blazing new take-off even before you switch the pitch.

Because now, right in the topmost inch of pedal travel—right where you do most of your driving—right in the fuel-saving economy range—you're moving with a solid new "take-hold" getaway that's brisk and blessedly smooth.

Then you double the thrill.

For when you want to pass—or climb—or get out of a tight spot fast—you push the pedal and switch the pitch. That brings you an absolutely smooth burst of full-power go-ahead on the split second—and it's the nearest thing to soaring flight yet.

It's a double-barreled package of excitement—and it's teamed with the most powerful V8 engine in Buick history—a 322-cubic-inch engine with no less than 9.5 to 1 compression in every CENTURY, SUPER and ROADMASTER.

All that would seem like thrill enough—but you'll find you've hardly scratched the surface.

You'll find yourself glowing all over from the sweet and level buoyancy of Buick's great new ride.

You'll feel a serene satisfaction from the way this trim beauty handles and corners and tracks to the road with the truest sense of direction yet.

And certainly you'll have the good feeling that's yours just from bossing this big and brawny and beautifully sculptured automobile that's like a thing alive, and impeccably obedient.

We'd like you to know and feel all this firsthand—just by trying out a new Buick. That's all you do to join Buick's Thrill-A-Minute Club.

Why not become a member in good sitting today? And when you do, we have some big-thrill news on prices, too.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

FOR SENIOR STUDENT

Good-Hearted Ex Finds Class Ring

Cordell Custer is again wearing his class ring at Texas Tech. But that brings up a story that began last October when Custer, son of Mr. and Mrs. Mike Custer, put his aside during an intramural football game on the Tech campus in Lubbock.

Custer, a senior engineering student, tabbed his ring as lost when he couldn't find it after the game.

Then, last week he received the ring and this letter from Harry H. English, Oklahoma City, Okla.:

"I ran into this ring in a pawn shop in Fort Worth where it had been hocked several months ago, apparently."

"Since I am a grad of Tech myself, I thought you might like to have it back. Surely you did not really want to get rid of your class ring."

"The ticket on it was \$10, but if you are hard up for cash, don't worry about it. I'm sure that sooner or later you'll get around to it."

"As a traveling salesman, I have just gotten home from a trip to Texas, and this is the first chance I have had to find packing, etc. but hope you're well in Tech."

"Regards to all the Kappa Sigs," the letter concluded. The reference to Kappa Sigs came because the ring has that fraternity's crest.

Custer, grateful for the Tech ex-student's kindness and interest, forwarded the \$10 immediately to English in Oklahoma City.

But he still was perplexed how the ring traveled to the Fort Worth pawnshop in the first place.

AT HIGH SCHOOL WORKSHOP

150 Persons View Projects at Open House of Industrial Arts

Approximately 150 persons attended the third annual open house of Colorado High's industrial arts department last Thursday night at the high school workshop.

An array of household articles, plus mechanical drawing exhibits, were displayed by the students of Forrest Fox.

The crafts display ranged from gun racks and lamps to foot stools and knife holders.

Both woodwork and wrought iron were featured in the array of articles.

The industrial arts classes are a major part of the high school curriculum on the basis that the work and study with the crafts creates an appreciation of good craftsmanship.

The classes also tend to make a person more responsible in addition to assisting the individual to express himself and leading him to use his initiative, according to Fox.

Other assets of the industrial arts program is that it calls for cooperation between fellow students and recognizes the rights of others while, at the same time, requiring the planning of work.

Craft projects on display by students at the open house were:

Wrought iron table lamps—by Joe Pharris, Don Baugh, Billy Wood, Wayne Joiner, Ray Womack and Joe Valdez; pen and pencils sets—by Jerrel Smith, Royce Feaster and Jimmy Moore.

Magazine racks—by Billy Lee, Charles Northcutt, William Adams, Keith Neff, William Stinson and Tommy Wilkes; corner shelves—by Raul Holguin, Larry McGee, Joe Valdez, Ray Womack and Jerrel Smith; modern wall shelves—by Bunk Henderson and Bobby Henderson.
