

DA AND BLACK BOY—Five-year-old Brenda Palmer of Buckner Orphan Home in Dallas gives a pat on the head to "Black Boy," 4-H Club steer raised by Patricia Mitchell of Dallas and exhibited by her at the State Fair of Texas this year. The steer was purchased by Southwestern Life Insurance Company of Dallas at the Junior Livestock Auctions held at the State Fair grounds, Oct. 17, and given to the children of the Buckner orphanage.

Orphan Girl's Angus Steer Wins Cheer To Orphans

Four-year-old Patricia Mitchell of Dallas and the children of the Buckner Orphan Home in Dallas, Oct. 17, was an exhibit at the State Fair of Texas in Dallas.

Wayland Official To Speak At First Baptist Sunday

Tom Z. Parrish, director of development and legal counselor for Wayland Baptist College, will be the speaker at both services Sunday at First Baptist Church.

Parrish went to Wayland in 1955 from the pastorate of First Baptist Church, Marietta, Okla., before that he had served as pastor at Pittsboro, Okla., practiced law in Plainview, served four years in the United States Navy and taught in the public schools of Texas.

Parrish holds the B.A. degree from Stephen F. Austin State College, the LL.B. degree from the University of Texas Law School and the D.D. degree from Southwestern Baptist Theological Seminary.

Since going to Wayland, Parrish has been a popular speaker for civic and church groups throughout the Panhandle Plains area.

As director of development at Wayland, he is assisting in a campus development program that is this year resulting in the opening of two new buildings, Brotherhood Hall for 50 young men and Van Howeling Memorial Library. Other buildings are in the planning stage. While no definite announcement about them has not been made, one or more is expected to be started as part

TOM PARRISH

of the Forward Program in connection with Wayland's 50th anniversary celebration in 1958-59.

Currently, Parrish is spearheading a campus beautification program that is bringing many compliments to Wayland College. This is a program that will make a beauty spot of the 75-acre campus in the heart of one of Plainview's choice residential sections.

SP Cotton Quality Report Goes To 200 Cotton Buyers

LUBBOCK—The first Texas High Plains Cotton Quality Report with correlations between grade, staple, micronaire and Pressley was mailed this past week by the Plains Cotton Growers, Inc. to a textile mill and cotton buyers list of more than 200.

George W. Pfeifferberger, Executive Vice President, explained the Cotton Quality Report will be sent out to all interested persons approximately every two weeks and will contain cumulative figures on the 1953 cotton crop of the Texas High Plains.

The report consists of an explanation and six tables, one on averages of fiber properties per grade, averages fiber properties per staple, averages Pressley per micronaire, Cross Class of grades with staple, micronaire and fiber strength, cross class staple with micronaire and fiber strength and cross class micronaire with fiber strength.

The Quality Report is being gathered and printed to give buyers and textile mill officials more up to date information on the kinds and types of cotton being produced in this area. Pfeifferberger said.

"We believe this is a good way to interest more mills and buyers in High Plains cotton, by giving them correct data on it," he said.

In the first report which covers ginnings prior to October 1, 1953, white cotton accounted for 83 percent of the High Plains crop with 76 Middling white and above. Light spots totaled only 12 percent with 11.3 percent being Middling light spot and above. Full spotted cotton was only 0.1 percent. The average staple length was 32.132nd of an inch

with 69.7 percent being one inch and longer. Only 3.6 percent fell below 15-16 inch. Micronaire average was 4.3 with 96.5 percent above the tenderable micronaire limit of 3.5. The majority of the crop, or 71.7 percent fell between 4.0 and 5.0. Pressley fiber strength averaged 79,000 pounds per square inch with 64 percent between 75,000 and 90,000 pounds.

SPADE NEWS

Rev. and Mrs. Armstrong of Abilene visited her sister, Mrs. H. Harvey during the weekend.

Miss Betty Byars, a sophomore at McMurry College, spent the weekend with her parents, Mr. and Mrs. C. C. Byars.

Wilma Jo Blankenship spent Saturday night and Sunday with Melva Lynn Ross of Littlefield. They attended the Phillips Littlefield football game Saturday night.

Mr. and Mrs. Kenneth Reast of Littlefield visited Mr. and Mrs. Bayne McCurry Saturday night.

Roy Charles Dodson, son of Mr. and Mrs. Roy Dodson of Bovina attended services at the Baptist Church Sunday morning.

Mr. and Mrs. David Stafford and girls have moved to the house just east of the barbershop recently.

J. O. Mayfield of El Reno, Okla. was here during the weekend. Mr. and Mrs. Mayfield operated a grocery store here but are now operating a tourist court at El Reno.

Youths of the community are scheduling a trick-or-treat collection for overseas relief Thursday night under the sponsorship of the churches in the community.

They will seek donations for the CROP campaign to send surplus foods overseas through church World Service to feed hungry people. Surplus foods are supplied to approved voluntary relief agencies free of charge. Donations are used to make possible distribution of this food.

Our young people will knock on the doors of residents of the community Thursday night, not for trick-or-treat but for dimes and dollars to aid CROP.

Mrs. Don Tindal's sister from Littlefield visited in her home during the weekend.

The Mary-Martha Sunday school class of the Baptist Church had planned to send a box to the Milam's Buckner's Girls Home in Lubbock, but since learning that new curtains and spreads are needed for the new cottage, they have decided to send cash.

Mrs. Arthur Howerton spent a few days in Plainview visiting Lamoine last week.

FIRE BUG

HONOLULU (AP) — Loretta Mori started a fire with a jug of water.

Sun rays passing through the jug were concentrated enough to set fire to the side of her house. Damage was slight.

Wildcats Try --

(Continued from Page 1)

gerald. The leading ground gainer is Danny Martin, who has a 5.2 yards-per-carry average. The backfield is rounded out by Quarterback Billy Dirks. It is an all-around backfield that Hereford is sporting this year.

Hereford has won two games while losing four in non-conference battle. This is the first district battle for the Whitefaces since they were idle last week. (Another reason why Don Williams is wary of the Whitefaces.)

Thus far Hereford has defeated Olton and El Paso, but in other battles the Whitefaces lost to Canyon, 17-8, to Dimmitt, 60 to Plainview, 27-6, and to Roswell, 44-0.

Don Williams reported no line-up change as of Tuesday. He said Ray Minyard would probably start at the halfback position.

Two early indications of Friday night's game will be sent out tonight at Hereford where the B-team and freshmen from the two schools will fight it out.

Coach Kenneth Ringo's B-team is still suffering from injuries that have plagued them all year. This week in workout Ronald Jamieson, starting end on the team, was sidelined for the rest of the year when he suffered a concussion. The B-team is in quest of its first victory of the season.

The frosh, still joyous about a 12-6 decision over the Levelland Lobos last week, are looking for their third win of the season tonight.

Fieldton Facts

Mr. and Mrs. C. E. Bley returned home Saturday after spending the past week at their ranch in New Mexico.

Mrs. L. A. George who was injured last Monday in a car wreck is reported to be doing fine. She is in the Methodist Hospital in Lubbock.

Bill Boverie was elected vice-president of the Men's Intern Dormitory Council at Texas Tech. Boverie is a junior engineer major and is the son of Mr. and Mrs. J. A. Boverie.

Mr. and Mrs. Jethro Pinkerton and Mr. and Mrs. Fred George were in Lubbock Saturday night. They saw the stage play, "Auntie Mame."

Those at home for the weekend from Texas Tech were Dewey Hukill, Halen Carson, John Paul Jones and Houston Hamby.

In a public opinion poll in Sweden, about thirty per cent of those questioned said that the United States is the country they would most like to visit.

Donald Wayne Cowen of the White Sands Army Base in White Sands, N.M. was home for the weekend. His wife and baby daughter went back with him.

Jack Thomas has returned to his home in Pierre, S.D. after a stay here of several weeks. He brought his truck and combine and has been cutting grain.

Mr. and Mrs. Ray Muller and sons visited Sunday at Denver City with her sister and family.

Mrs. R. W. Stanfield returned home Saturday night from Rule. She had spent the week there with a sister who was ill.

Mrs. May Chaney and Mrs. T. G. Cowen went to Clovis, N.M. Friday. They carried a pickup load of canned goods to the children's home there. The members of the Fieldton Church of Christ canned the goods for the home.

Mrs. Beulah Robinson and her daughter, Mrs. Donna Smith and children of Littlefield visited Sunday near Hereford with another daughter and family. Mr. and Mrs. Ted Royal, Gary and Mr. and Mrs. Don Shaw. The son-in-law and daughter, Mr. and Mrs. Shaw, were to leave for California this week. He had spent his furlough from the Navy with Mr. and Mrs. Royal and his wife, who had been with her parents several months while he was overseas. He is to have shore duty for several months and his wife will be with him in California.

Gerald Ray Qualls and Kenneth Harlan were home for the weekend from Abilene where they both attend H.S.U.

Jean Pearson was home from Canyon where she is a student at WTSC.

Mrs. James Durham's daughter of Mr. and Mrs. Sherman Rushing, was able to leave the Littlefield Hospital last Thursday. She had been a patient there for a week following an appendectomy.

Mr. and Mrs. Floyd McCain of Sudan were visitors Sunday at the Baptist Church. They were one time members of the church and former residents of Fieldton.

Mrs. James Cook left the Littlefield Hospital Sunday after a 10-day stay there, following surgery. She is convalescing at the home of her aunt, Mrs. Paul Green and husband.

School Program -

(Continued from Page 1)

said, "we were two years ahead of Sputnik in accelerating our science program. We have one now that's considered among the best in the state."

The principals, in their separate talks, discussed the type of subjects taught in each of their schools.

Secondary Coordinator Brune outlined the schools' testing program for grades seven through 12. He said that tests on intelligence, personality and preference give the schools a good idea of each student's strong points and weaknesses.

Dr. Schilling served as moderator of the panel discussion. Mrs. Ruth Farmer, president of the Elementary P.T.A., presided over a business session held before the panel discussion.

The treasurer's report brought out that the Elementary P.T.A. now has 890 members, making this unit one of the largest in the area. The local organization reached 500 last year for the first time.

Leonard, Brenda, Shirley and Danny.

Training Union time at the Hart Camp Baptist Church has been changed from 7 o'clock to 6:30 on Sunday nights. Ivy Thompson is TU director.

The budget committee of the Hart Camp Baptist Church met Monday night at the church. Members of the committee are Dewey Pailey, Ivy Thompson, Martin Wheeler, D. R. Leonard, Elma Burleson, Luther Pressley, Mrs. Blanton Martin, Mrs. Junior Muller, Mrs. L. W. Sullivan and Mrs. H. V. Lynch and chairman J. Faye Moore.

The WMU met Monday afternoon at the church. Mrs. Harvey Jones had charge of the stewardship program. Attending were Misses H. V. Lynch, Dewey Pailey, Blanton Martin, Homer Worley, C. E. Timmins, Edwin Oliver, Leonard Sullivan, Roy Oschus and Mrs. Junior Muller.

Mr. and Mrs. J. W. Wells and Jerry and Mrs. Clarence Monroe returned home Friday night from Ft. Chaffee, Ark. Jerry Wells received his Army discharge papers Thursday. Mrs. Monroe visited with her husband Thursday when he arrived there from France.

There will be a Halloween party for the primary and junior departments at the Baptist Church Friday. The affair is being sponsored by the Junior Girls Auxiliary.

Guests in the home of Mr. and Mrs. Junior Muller, Mark and Patti for dinner Sunday were Mr. and Mrs. Clarence Monroe, M. and Mrs. H. R. Monroe and Wayne, Mr. and Mrs. H. L. Bethel and Dorothy, all of Littlefield.

Clarence Monroe, along with 2700 others, landed at Brooklyn, N.Y. Wednesday after eight days at sea. Monroe was flown to Ft. Chaffee, Ark., where he received his Army discharge papers Saturday and flew to Lubbock. Monroe served 33 months in the service, 27 months of which he spent overseas in Germany and France.

Mr. and Mrs. J. C. Muller, Mr. and Mrs. Don Muller and Donna, Mr. and Mrs. Junior Muller, Patti and Kathy Langford have made several trips to Lubbock last week visiting Mrs. Gerry Langford at the Methodist Hospital.

The beginner Sunbeams will have a Halloween party Friday night at the Baptist Church.

Patsy Reeves Member Of WTSC Honor Society

CANYON—Patsy Reeves, Littlefield junior is among 31 juniors and seniors initiated for membership in Alpha Chi, national honor society, at West Texas State College.

Members for the scholarship group are chosen from the upper ten per cent of the junior and senior classes, and those initiated as juniors may continue membership as seniors through maintenance of high records.

Miss Reeves, daughter of Mrs. Bernice Reeves of Littlefield, is majoring in accounting. She is a member of the Baptist Student Union, Phi Gamma Nu, women's business organization, Mary E. Rudolph, honor society, and was on the dean's honor roll last year.

Miss Massengale In Buffalo Gals

CANYON—Barbara Massengale sophomore from Littlefield, was recently listed among pledges for Buffalo Gals, service organization for women, at West Texas State College.

Miss Massengale, daughter of Mr. and Mrs. L. M. Massengale of Littlefield, is a sophomore home economics major. She is a member of the Baptist Student Union and Home Economics Club.

RECEIVE GOC AWARDS—Mrs. L. M. Massengale is shown with Mrs. Jean Bowen and Don Yohner, from left front row, after they received pins for 100 hours of observation. Littlefield Ground Observer Corps post. Others pictured are Mrs. Edith Chandler, row, and, from left back row, D'Nard Arthur, Robert Massengale, Ken Wilmon and the line all of whom are members of the GOC here. Others who received 100-hour pins, but were not pictured, were Dugan Crawford and Olen N. Walker. Mrs. Massengale is the post supervisor. Bowen the chief observer and Yohner the secretary. (STAFF)

Views From Pleasant Valley

Mrs. Bonnie Haberer was in a wreck last Wednesday. She was not hurt except for bruises on the left side of her body. A vegetable van ran into her car about 11 miles northwest of Dimmitt. She had been to Amarillo on business and shopping. Her car was completely demolished.

Mr. and Mrs. E. K. Angeley attended homecoming activities at Springlake recently. E. K. was in a skit, and was reportedly the star of the show.

Visiting this weekend in the Gerald Allison home were their children from Lubbock, Mr. and Mrs. Jimmy Allison and Winston Allison, Jimmy and Winton are attending Texas Tech.

Mr. John West returned home Wednesday from a hunting trip to Colorado. He fired one shot and got a deer.

Mrs. Kenneth Precure and Mrs. John West were visiting in Amarillo Friday.

Guests in the John West home over the weekend were A. F. West of Borger, Mrs. C. T. West, Charles and Jerry Don of Fredericks, Okla., and Mr. and Mrs. Dennis McIntyre, Denise and Valerie of Spearman.

Mrs. Sam McKinstry of Muleshoe, Mr. and Mrs. Harold Allison, Veta, Caroline and Jamie went to Lovington, N.M. Sunday to see Mrs. McKinstry's new granddaughter, born to Dr. and

District Games On Tap For All Area Elevens

By ALEX DUGGAN

Every area football team will hit the gridiron for district action this weekend.

In two cases teams in the area will play each other, but every game is important to every team since the blue chips, the district games, are falling now.

In one of the games featuring area teams, Springlake moves in to Anton to contest the Bulldogs. Anton tried the season impressively, but last week hit rock bottom in losing to Farwell, 50-0. Neither team has won a District 3A game; both are at the bottom of the standings. Still Anton will be a two-touchdown favorite over the fighting Wolverines who have improved but need one more year of recovery.

Bula journeys to Spade for the other intra sectional battle. In the first battle between these two teams, Bula won by a large margin, and it is probable that history will repeat itself Friday night.

The Olton Mustangs could join

the District 2AA scramble with Abernathy and Muleshoe with a victory over Lockney on their home field this Friday. Although Lockney upset tough Abernathy, 22-12 last week, the pick here is that the Mustangs will ignore a poor early season record and tumble the Longhorns.

Whitharral lost a heartbreaker last week to a hustling Whiteface team. In order to remain in the District 3B race, the Panthers must defeat strong Meadow in Whitharral this week. Meadow is definitely the favorite, but Whitharral has been known for upsetting favored teams.

The Sudan Hornets, who spent last week resting, return to action in second place in District 3A. In order to keep this rank the Hornets must beat Kress at Kress Friday. Although the district champion will be figured when Sudan meets Farwell two weeks from now, this victory is essential to Sudan. The Hornets will be a six-point favorite.

The Amherst Bulldogs are nursing a three-game losing streak, but this week the never-outfought Bulldogs take on Ropesville (there. Though the game could go either way, the guess here is that Neal Chastain's crew will rope Ropesville.

Season standings for all teams:

Bula	4	2
Anton	4	3
Sudan	3	4
Whitharral	3	4
Olton	3	5
Springlake	2	6
Amherst	1	6
Spade	0	6

District Records:		
Sudan (3A)	1	0
Olton (2AA)	1	1
Whitharral (3B)	0	1
Amherst (3B)	0	1
Anton (3A)	0	1
Springlake (3A)	0	2

Mr. David McVey Guest Speaker To Study Club

ANTON—Mrs. Joe Garner was hostess to thirteen members and ten guests of the Anton Garden Club, Thursday afternoon from 2:30 to 4:30.

From a refreshment table covered with a lace cloth and centered with an arrangement of marigolds flanked by yellow candles, date nut cake, candy and coffee were served.

The president, Mrs. Paul Tullis, presented the guest speaker, Mr. David McVey, agriculture teacher of the Anton High School and eight of his F.F.A. students. Mr. McVey and the boys presented a program on parliamentary procedure. Each boy present showed how to correctly carry out a parliamentary rule, with the help of the other boys.

Thanksgiving table arrangements made by Mrs. Paul Tullis and Mrs. Joe Garner were judged by Mrs. Jack Grace and Mrs. Roy Carden before the other club members.

The next meeting will be Nov. 3 in the home of Mrs. Jack Grace with a program on conservation.

Pleasant Valley Social Club Plans Parties

PLEASANT VALLEY — The Pleasant Valley Social Club met Thursday night at the community house with Mrs. Victoria Hendricks and Mrs. Lenora Wells as hostesses. The club voted to have their annual birthday supper at the Clovis Hotel Nov. 10. Everyone is to meet at Jean Allison's home at 6:15 o'clock.

The club voted on the most outstanding member for the year. The votes were counted by Margaret McMahon and will be presented at the birthday party and this member will receive a gift.

The social club is combining with the Home Demonstration Club to have a Halloween party at the community building on Saturday night Nov. 1. Everyone is to bring Halloween desserts and something for the fish pond. There will be bingo, forty-two, fish ponds and lots of other entertainment. Everyone in the community is urged to attend.

The club elected officers for the next year. They are president, Mrs. Dub Hardin; secretary, Mrs. Weldon James; treasurer, Mrs. Oscar Allison; and reporter, Mrs. Norman Hodges.

Refreshments were served to the following: Mmes. Gaynell Pitts, Ruth Lackey, Vera Iman, Hattie Bickie, June Fries, E. Hol Allison, Alice Angeley, Margaret McMahon, Jean Allison, Judy Green, Eula Calhoun, Jean Hardin, Pete Hodges, Leah Mae Jones, Sammie Allison, Fern Holt, Hazel West, Mrs. Johnny Blair and the hostess.

Louver Shutters Ideal As Interior Blinds

Louver shutters of ponderosa pine installed on the inside of windows serve double duty both as a decorating material and functioning blinds.

The louvers block out light and give complete privacy to a room, yet permit air to enter. The rich texture of the louvers adds charm to practically any decorating scheme.

ROOFING DEFIES WINDS

Surveys of hurricane and tornado-damaged areas have shown that wind-resistant applications of asphalt shingles have remained firmly in place even when houses were lifted off their foundations by the wind, or entire roof assemblies blown town.

Second In A Series

Four More Amendments In Nov. 4 General Election Are Discussed

Here is the second in a series of three articles discussing the amendments which will be voted upon in the general election Nov. 4 by Lamb County voters. Discussed in this article are amendments 2, 3, 4 and 5. Nos. 6, 7, 8, and 9 will be discussed in an article in Sunday's County Wide News.

RETIREMENT PENSIONS FOR LAMBER TEXAS RANGERS

House Joint Resolution No. 17 would authorize the Legislature to provide a system of retirement and disability pensions for retiring Texas Rangers who have served at least two years and who have not been eligible at any time for membership in the Employees Retirement System since Texas. The system could include their widows. The amount of a pension could not exceed \$80 per month.

Texas Rangers have been eligible for membership in the Employees Retirement System since it went into effect September 1, 1947. Therefore, the proposed new pensions would apply only to those who were in service and retired before that date.

No figures or estimates are available as to the number of people who might be eligible if the amendment should be adopted. Old records are stored in several different places. A complete search of them would provide only a list of persons who had served as Rangers for two or more years. Additional information needed would be the number still living, whether they were married, whether their widows survived them and whether the widows were married to them prior to January 1, 1957.

The proposed amendment specifies that such pensions may be paid only from the special fund created by our Constitution for Confederate pensions. This fund is also the source from which money is drawn to pay for the State's buildings now being erected at the Capitol and for other buildings to be built in the future. The amounts expended for pensions to Rangers and their widows would lessen by that much the amount available for the State's building program.

If adopted, the provisions of House Joint Resolution No. 17 would constitute a new Section 65 of Article XVI of our Constitution.

VACANCIES IN OFFICES OF COUNTY JUDGE AND JUSTICE OF THE PEACE

H.J.R. 30

House Joint Resolution No. 30 is a simple amendment of Section 28 of Article V of the Constitution as it relates to vacancies in the offices of County Judge and Justice of the Peace. Our Constitution now provides that the Commissioners Court shall fill such vacancies by appointment for the remainder of the unfinished term. The full term of these offices is four years. General elections are held each two years. The proposed amendment would make such appointments last only until the next succeeding general election.

CERTAIN OFFICIALS TO RESIGN BEFORE BECOMING CANDIDATE FOR OTHER ELECTIVE OFFICES

H.J.R. 31

The purpose of House Joint Resolution No. 31 is to require certain District, County and Precinct officials who serve four-year terms to resign before becoming candidates for other elective offices. Announcement for another office, or becoming a coming candidate for other election, would constitute an automatic resignation if the unexpired term of the office held exceeded one year. This would apply to announcement of candidacy for any other office of profit or trust under the laws of this State or the United States.

The change would be accomplished by amending Section 65 of Article XVI of the State's Constitution.

The wording which will appear on the ballot refers rather broadly to "any District, County, or Precinct official," but the language of the amendment itself clearly restricts its application to the following officers: district clerks, county clerks, county judges, judges of county courts at law, county criminal courts, county probate courts and county domestic relations courts, county treasurers, criminal district attorneys, county surveyors, inspectors of hides and animals, county commissioners, justices of the peace, sheriffs, assessors and collectors of taxes, district attorneys, county attorneys, public defenders, and constables.

When a constitutional amendment providing four year terms for these officers was adopted in 1954, proponents said that longer terms would reduce the time spent in running for election, and would allow officials to concen-

trate on their jobs. It is proposed now to require them to do so or resign before announcing for some other office. Opponents feel that voters can judge better in individual cases whether it is proper for a man to hold onto one public office while running for another.

MEDICAL CARE ADDED TO OLD AGE ASSISTANCE, AID TO BLIND, AID TO DEPENDENT CHILDREN, AND AID TO PERMANENTLY AND TOTALLY DISABLED

H.J.R. 36

House Joint Resolution No. 36 would authorize the Legislature to initiate a new program of aid by making direct or vendor payments for medical care of people already receiving aid under other State programs. Medical care would be added to the assistance, aid to the blind, aid to dependent children and aid to the perman-

ently and totally disabled. The payments now made under these four programs are not designed to take care of hospital, doctor and similar expenses. That is the purpose of the proposed amendment.

Payment would be made usually to the vendor, or seller of medical services or products. In some instances, perhaps for items such as drugs, it might be more practical to give the money directly to the person receiving aid.

The Legislature would be prohibited from expending more for this purpose than the amount contributed from Federal funds. Federal law in regard to all these programs was substantially changed in August of this year. New and more liberal formulas for Federal-State matching go into effect on October 1, 1958; but medical care is included in the

regular aid formulas being figured separately for future changes might liberalize further some parts, could increase State costs for care.

Based on the new formulas and using the figures available, it appears the maximum additional cost of medical care would be about \$14 million. The Legislature constitutional authority up to \$49,500,000 per year to the same purpose. This program of further aid is being considered by citizens must consider they are willing to pay additional taxes necessary.

Crescent Park: Dusty Runways To Modern Homes

By AMY TURNER
Special Writer

A few months ago a dream was born in Littlefield. Up of far-seeing men looked at the dusty runways, airport and saw paved streets, beautiful homes, flowers, and a park where children were playing. Today that dream is rapidly becoming a reality. The dusty runways have been replaced with ribbons of pavement. Homes are going up. The trees and flowers will follow the park is there, waiting to be finished. Crescent Park will have its first official open house from 1 to 6 p.m. Four houses will be open for inspection, two built by Homer Hall Construction Co. of Littlefield, one at 117 and 118 East 18th, one at 315 East 18th by C. C. McGlasson Construction Co., also of Littlefield, and the Ernest Owens home at 315 East 19th built by Gibson Construction Co. of Littlefield. Guides will show the public through these homes and the various lots in the addition. The other houses in Crescent Park, located at 312 and 314 East 19th were built by H. G. Ferguson Construction Co. of Littlefield. Owned by T. A. Henson and

Otis Smith, these houses will not be open to the public. All paving is now complete in Crescent Park, as well as all water, gas, electric and sewer connections. "You get all this at no extra cost," says J. C. Hilbun, president of the Littlefield Development Corporation. "You can figure you're getting \$250 to \$1,000 per lot in work already done for you." W. E. Russell, supervisor for Homer Hall Construction Co., made this statement:

"If you're going to buy, now is the time to do it. You can get the terms to suit you now including 30 year loans. This is one of the best years in a long time to build."

Local representative for C. C. McGlasson Construction Co. is James Siems. Of his home, he said:

"This house is built for comfort—for real family living. The arrangement is the important thing here."

Crescent Park, with full Federal Housing Administration approval, has 200 residential and business lots and takes in 79 acres on Littlefield's south side. It joins Dugan Annex on the north at 17th Street.

The residential area is grouped around a 12-acre

horseshoe-shaped park with the tips of the horseshoe facing 17th Street. This is surrounded with a horseshoe drive with both entrances also at 17th Street. The addition is laid out so that all streets lead into the horseshoe drive.

The park was deeded to the city as a recreational area. The Littlefield Development Corporation gave approximately nine acres. Mrs. Sallie Duggan gave approximately three acres at the north end of the park. Interest has already been shown by several civic clubs in the development of the park.

The Crescent Park area was purchased from the city late last year for \$85,000. Lot sales officially opened April 29 and the City Commission approved annexation of Crescent Park in a special meeting May 5.

Of the 21 business lots, all on Highway 51, 14 have been sold. Lamb Bowling Lanes built on three lots at the north end of the development and Crescent Park Motel, scheduled to open soon, purchased six lots at the South end. John Richey of Shamrock Oil Co. has purchased two lots and D. W. Bawcom of Magnolia Oil Co. has purchased three.

Prices on the residential lots run from \$15 to \$30 per front foot, including the paving.

Business lots are priced at \$40 per front foot, including the paving.

Minimum frontage is 60 feet on the residential lots and 50 feet on business lots.

All residential lots in the addition carry restrictions saying how homes on them will be constructed.

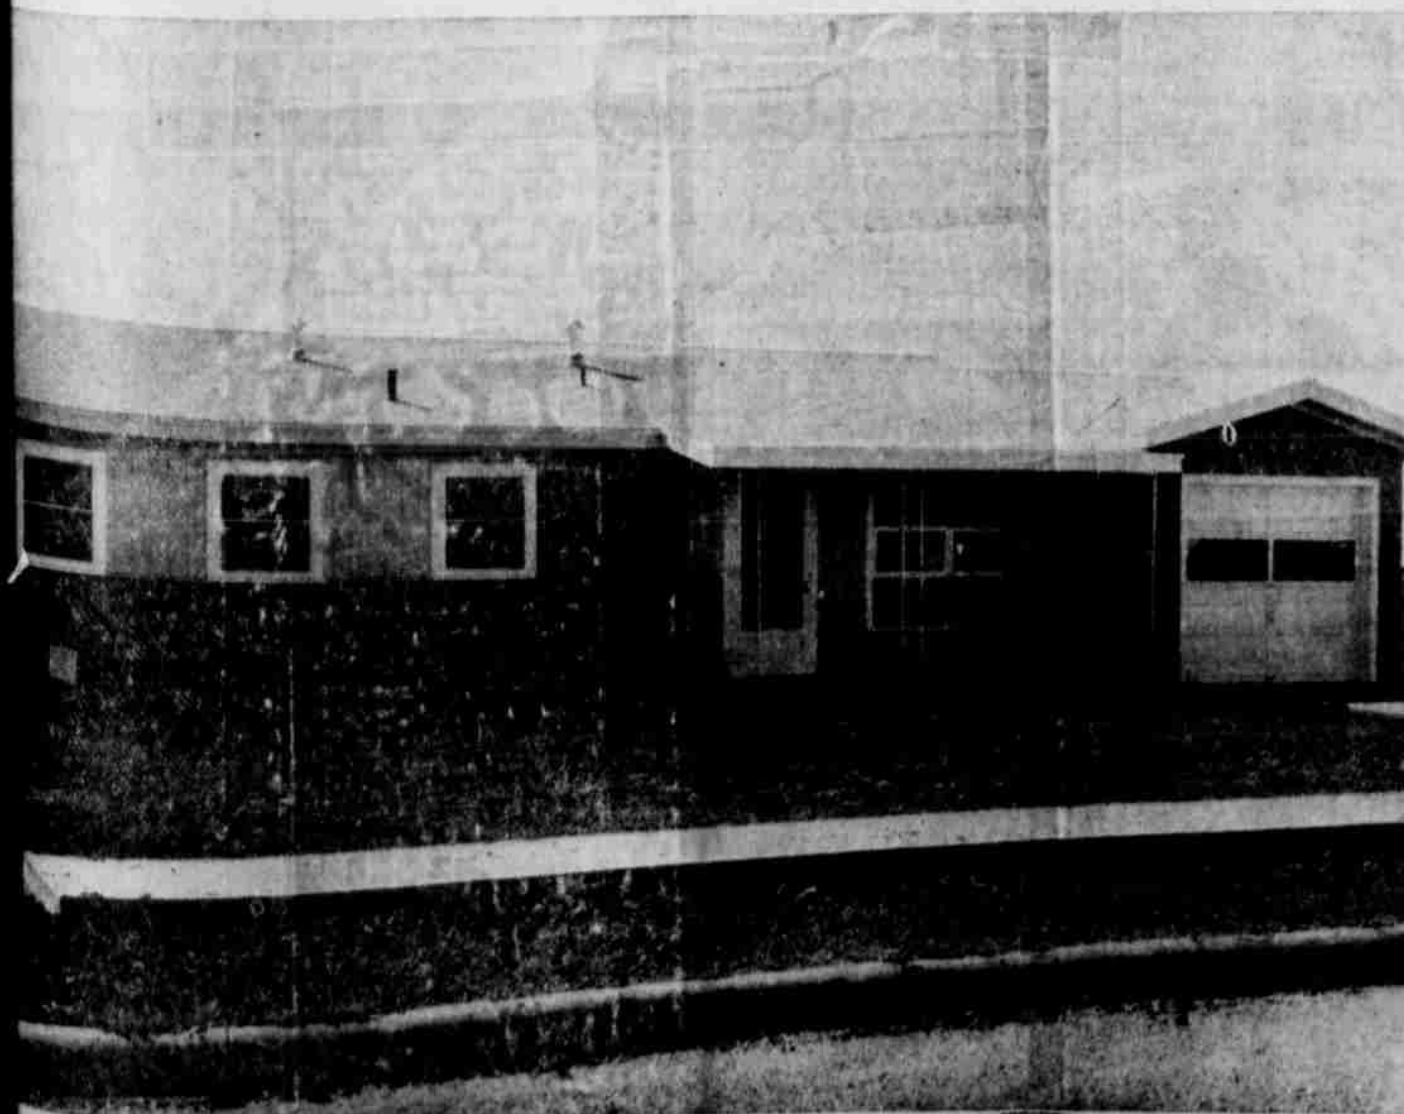

Terms on lots are 29% down and the balance in one and two equal payments.

F.H.A. approval for the project was announced by directors of the Littlefield Development Corporation May 23.

This approval smoothed the way for builders to move in and start their plans.

F.H.A. insures loans made by companies to home buyers, giving borrowers the advantage of lower interest rates and lower down payments.

A frame construction home at 118 East 18th by Hall Builders

The Ernest Owens home (with brick to come) will be shown Sunday

T. A. HENSON HOME—Located at 312 East 19th Street, this three-bedroom, two-bath home has 17,000 foot of floor space. It has central heating and air conditioning, is completely carpeted and features an all-electric kitchen. Builder was H. G. Ferguson. (STAFF PHOTO)

FAMILY BATH IN HENSON HOME—Nancy and Tommy Henson, daughter and son of Mr. and Mrs. T. A. Henson, are shown in one of the bathrooms in their new home. This bath is finished in green with yellow fixtures. Special attraction is the dressing table and mirror with fluorescent lighting. (STAFF PHOTOS)

Kitchen - Den Highlights New T. A. Henson Home

A combination kitchen and den for family living is the highlight of the new T. A. Henson home at 312 East 19th Street.

The long, narrow all-electric kitchen is arranged with maximum cabinet space both above and below the work area. Copper-tone electric built-ins blend nicely with the antique maple finish and copper hardware on the cabinets.

Cabinet tops are in vinyl with a woody beige design. The floor in the kitchen is also in vinyl. A neutral sand color on the texture walls is carried out throughout the house.

Convenience is the keynote of this kitchen with a handy broom-closet, spacious pantry and such details as a revolving Lazy Susan door.

The den part of the room carries out the warm brown and copper hues of the kitchen with a copper lighting fixture of unusual design hanging from the center of the ceiling.

This three-bedroom, two-bath brick home has 17,000 feet of floor space. Builder was H. G. Ferguson.

The entrance hall, leading into the living room on the right and another hall on the left, features a good-sized storage and coat closet.

Another convenient entrance into the house is through the double garage into a utility room. There you may enter either the kitchen or the back yard.

Wool and nylon carpet in a pale beige is used in the living room where a large picture window affords a full front view. This carpet is used throughout the house.

Three bedrooms open off the hall on the left with the master bedroom on the south side of the house. A small bathroom here is decorated in brown and desert sand tile and fixtures.

A larger bath just off the den is finished in green with yellow fixtures. The special feature here is the long dressing table with a huge mirror and fluorescent lighting.

Complete central heating and air conditioning are additional features.

This home will not be open to the public Sunday during the Crescent Park open house.

New Cotton Film Made Available

A new 16mm industry film, honored in 1958 by showings at international fairs and film festivals in Europe, South America and the Far East, is being released for women's, farm, and youth clubs and fraternal organizations, the National Cotton Council announced this week.

The movie, "Cotton - Nature's Wonder Fiber," is a 28-minute sound and color film which tells for the first time the complete story of modern cotton—from development of new types of seed to final consumption of the fiber in hundreds of uses, from high fashion dresses to sturdy blue jeans.

The theme of this internationally acclaimed film is the partnership of science and nature to produce today's version of the fiber which has served man for 5,000 years.

Free loan prints can be obtained by writing: Audio-Visual Section, National Cotton Council, P.O. Box 9905, Memphis 12, Tenn.

Texas Tech Tries Tulane Friday

LUBBOCK, Oct. 25 — Although Texas Tech and Tulane will be meeting in football for the first time Friday night, the game will mark neither Tech's first athletic appearance in New Orleans nor the inauguration of athletic relations between the two schools.

In the past, Tech had a lively grid rivalry going with Loyola University of the South, and Pete Cawthon's Red Raiders made three trips to the Bayou City. The Raiders lost 14-0 in 1936 but won by 25-6 in 1937 and by 13-0 in 1939.

In addition, Texas Tech has had entries in the Sugar Bowl track meet, the most recent being last year.

As far as Tulane is concerned, the schools met in basketball in the All-College Tournament at Oklahoma City in 1956, the Raiders winning 88-60.

Neither head Coach DeWitt Weaver nor assistant J. T. King, will need guide service. Weaver was stationed for a while at New Orleans with the Navy in World War II, and King was an assistant under Henry Frka at Tulane from 1946 through 1948.

Also, assistant Joe Moss played in the 1952 Sugar Bowl for Maryland in the Terrapins' 28-13 victory over Tennessee.

THIS WEEK

In Washington

With CLINTON DAVIDSON

Republican party officials with whom we talked are speculating this week whether the story of what happened in Maine on Sept. 6 will be repeated all across the country on Nov. 4.

If it is, they concede, there will be a Democratic landslide of proportions not seen since 1936. They are cautioning, however, on Republican candidates having learned a lesson from the Maine election in which Democrats retained the governorship and picked up one senate and one house seat.

Most Republican candidates for Congress were given a confidential report from the Republican National Committee shortly after the Maine election. The last section of the report was prepared for the GOP Committee.

The report is notable for its frankness in analyzing the Maine vote and describing how elections are won, and how like a man who has been hit by a speeding truck, the first question is: What happened?

Labor and Politics

"The difference," explains the report, "was the outstanding political work of organized labor in the textile, shipyard and paper pulp town of Maine. The picture painted up in the relatively handful of labor stronghold precincts borders on the fantastic."

How were such tremendous majorities piled up? The report asks

ed the question and proceeds to answer it.

"Organized labor's control of its operations in Maine was a spring. Headquarters were set up by a top COPE organizer in Washington and by the Democratic Mayor of Hoboken, N. J. As labor's plan began to take shape, the strategy called for two organizers in every labor precinct. Some 230 organizers said to have been assigned to state.

"Well-organized teams did a campaign of TV shows, talks, wide-spread distribution of literature, chain letters, postcards and telephone calls.

The point which the COPE sought to drive home was that you want to win elections, you have to reach people and convince them with convincing arguments. Democrats on the main.

A Democratic-organized district, should to show it was much better in Maine than in the question of the GOP's defeat in the state as effective.

For 1960 and afterward the drive of organized labor across questions of the members are Democrats, organized labor support is a primary for the Democratic candidates. With the Republican Party become the labor party.

The farm vote, though a slender, may soon be the vote in these elections. Through districts to secure political complexion of the state there is no organized support by farm organizations parallel to that of labor.

That is why there is an effort to persuade farm organizations to target some of their resources and become a political force as organized.

Telephones have been set atop Fujiyama in Japan. Mountain is 12,425 feet high.

KITCHEN—This kitchen in the O. B. Graham Jr. home at 117 East 18th Street is paneled and features a copper stove, antique maple finish cabinets and copper hardware. Builder was Hall Construction Co. of Lubbock. (STAFF PHOTO)

Fir Paneling Shown In O. B. Graham Jr. Home

Fire paneling is the background for a combination kitchen-den in the O. B. Graham Jr. home at 117 East 18th Street.

The all-electric kitchen is in a U-shape and features a copper-tone stove, antique maple finish cabinets and copper hardware.

The den is large enough to afford adequate space for dining and family living. Floors in the den and kitchen are vinyl tile.

This three-bedroom, two-bath home, built by Hall Construction Co. of Lubbock, has off white textured walls and is carpeted throughout.

The living room, facing the south, has two double windows and an entrance closet for extra storage.

All bedroom closets are large and have sliding doors. One bedroom shows double closets.

All doors in the house are mahogany and cabinet tops are sheet rubber. The house is centrally heated and has a 40-gallon water heater.

A full bath in light beige ceramic tile has a large dressing table with built-in lavatory and mirror.

A smaller bath, also in ceramic

tile, has a shower with glass door.

Much consideration has been given to storage space. The hall offers large storage closets and the garage has open storage space as well as a closed storage room.

This home is of frame construction with asbestos siding and brick trim. It has 1,250 feet of floor space.

It will be open to the public Sunday from 1 to 6 p.m.

48 Arrested By City, County Over Weekend

City and county officers arrested 48 persons Saturday and Sunday in their busiest weekend in recent months.

City officers jailed 27 persons, 25 of those of drunk charges. Three more drunks were jailed Monday.

County officers arrested 21 persons over the weekend, including eight for drunkenness and one for disturbance.

Four Lubbock Negroes, two men and two women, were jailed early Sunday morning. The women were charged with prostitution and the men with procuring. Each was fined \$69.50.

Other arrests by the county included two for driving while intoxicated, one for violation of the liquor law and one for child desertion.

Two Men Jailed On DWI Charges

Two men were jailed here Sunday and Monday by county officers on charges of driving while intoxicated.

Arrested Sunday was Leonard J. Nash of Muleshoe, who was fined \$150 and costs after entering a plea of guilty in county court-at-law.

Jailed Monday was Fred R. Collins of Plainview. He also was fined \$150 and costs and given three days in jail after pleading guilty to the DWI charge in county court-at-law.

Spade Scoops

The first girls basketball game of the season was played at Spade Oct. 21 at 7:30 p.m. The local girls defeated Petersburg 27 to 24. The game ended 20 to 20 but they played an extra quarter to break the tie. Alice Jones, who is the only senior, led the scoring with seventeen points.

Both the senior and junior girls teams will play Petersburg at Petersburg Oct. 27 at 7:30 p.m.

Pula and Spade will play football at Spade Oct. 31.

The '59 "Longhorn" annual staff has been selling ads recently. They have \$614.50 so far. The annuals sell for \$3.75 with \$1.00 deposit on each order.

Merlyn Neel, son of M. and

Mrs. Harvey Neel and Donnie Hardson, son of Mr. and Mrs. E. C. Hardman are freshmen at Tech.

Mrs. Bayne McCurry, local 4-H adult leader, met with three of the 4-H girls Oct. 23 at 3:30 in the school secretary's office to plan programs for the night club meetings. The following girls assisted her in planning the programs: Diane Cook, club president; Gayle Peel, club secretary; and Billie Cook, recreation leader for the club.

The Jonnell Dress Shop which has been operated by Mrs. D. C. Halls has been closed.

Israel has practically no rain from April to November.

Crescent Park Business Development Is Developing

Business section of Crescent Park is showing steady development along with the rest of the city. Business lots on Highway 1 have been sold. The new bowling lanes, built on the north end of the development, held its formal opening April 24.

Crescent Park Motel, purchasing six lots at the south end, is scheduled to open soon.

For possible future location of service stations, John Richey of Shamrock Oil Co. has purchased

two lots and D. W. Bawcom of Magnolia Oil Co. has purchased three.

Lamb Bowling Lanes, an eight-lane \$80,000 bowling alley, is a 50 by 140-foot concrete block structure. Parking area is a 118 by 200-foot block.

The building is constructed so that a wall can be knocked out and new alleys can be added in the future.

Besides automatic pin-setters, the lanes have a snack bar, modern restrooms, lockers and other conveniences.

Crescent Park Motel units will have refrigerated air conditioning, wall-to-wall carpeting and a swimming pool.

The motel is U-shaped with two-bedroom living quarters. Double units will be 14 by 17 feet and singles will be 12 by 14 feet. Two units will have kitchenettes.

Outside construction is brick veneer.

Ken Moss Home Scene Of Party

OLTON — The Kenneth Moss home was the scene of a Halloween party Saturday night, Oct. 25.

Those attending the party were Cheryl Poteet, Dana Speer, Charlotte Wood, Darlene Langford, Sue Mitchell, Elaine Averett, Gary De Berry, Robert Duncan, Johnny Shenok, Danny McAlley, Billy Bryant, Tommy Lawson, and Janelta Moss, the hostess. The chaperones were Mrs. Clovis Poteet, Mrs. Arthur Wood, Mrs. W. E. Mitchell, Mrs. Jim Speer and Mrs. Kenneth Moss.

Whitharral News

Mr. and Mrs. R. W. White are home from an extended stay at Dallas with their son, Mr. and Mrs. Henry White there.

Don Doshier who is employed at Lubbock will be inducted into the Army Nov. 18.

Edgar Edwards was at Amarillo for the weekend.

Born Saturday, a daughter, Rhonda Beth, weight 9 lbs., 7 1/2 oz. to Mr. and Mrs. Driscoll L. Bryant of Sedan at the Methodist Hospital, Lubbock. Mr. and Mrs. Jack Bryant, here, are the paternal grandparents.

Guests of Mr. and Mrs. Floyd Brown and sons Sunday were Mr. and Mrs. Dewey McNeil of Sandown.

Mr. and Mrs. Will Raines, Misses Geneva and Melba Raines were at Plainview Sunday to visit relatives and to take Mrs. Louie Carmichael, who has been a guest here for several weeks.

Guests of Mr. and Mrs. Paul Mayes and family for the weekend were Mrs. Mayes' parents, Mr. and Mrs. L. A. Smith of Clarksville and Oscar Mayes of Bogata. The latter remained for an extended stay with his brother.

Ed Johnson and Jack Hisev were hunting near Milling Sands, N.M., Monday.

E. G. Wade Sr. remains in a serious condition at the Littlefield Hospital.

Mr. and Mrs. Don Edgar of Ft. Worth spent the weekend here with Mr. and Mrs. H. G. Walden and Mrs. G. F. Edgar.

Mr. and Mrs. Leonard Morgan and children of Kermit were weekend guests of the former's brother, Mr. and Mrs. M. D. Morgan and Jerry. Other guests on Sunday were Mr. and Mrs. Everett Lightner and children of Amherst. Mrs. Lightner is a sister of the Messrs. Morgan.

In one end of the kitchen facing the front.

The house is central heated and built to FHA specifications.

The attached garage opens into the house through the living room or the dining area. A utility room just off the garage opens into the back yard.

With 1,344 feet of floor space plus the garage, this house will sell for \$14,100. It carries a low down payment and terms to suit the individual.

It will be open to the public Sunday from 1 to 6 p.m.

Ernest Owens Home Shows Many Original Features

You can build a house any way you want it in Crescent Park.

The Ernest Owens home, at 315 East 18th Street, built by Jim Gibson of Littlefield, is a good example.

Opening into a hallway and the kitchen, the master bedroom has no doors and no closets.

"There are only the two of us here. So, why do we need doors?"

As for closets, we never dress in the bedroom—always in the bathroom," explains Mrs. Owens.

The bathroom has two closets, with Mrs. Owens' the larger of the two. She plans to put a small dressing table in one end. The bath also will be carpeted.

"I have a perfectly nice wool rug which I don't want to dis-

card. So, I'm having it cut to fit the bathroom," says Mrs. Owens.

In an unusual cream-grey tone with natural woodwork, the kitchen also offers some interesting features. Among them are a folding mixer shelf, a revolving Lazy Susan shelf, a fold-down typewriter shelf and a long snack bar that pulls out from under the cabinet.

The kitchen is all electric with built-in oven and burners in copper-tone. Hardware is also copper.

The brick home has two bedrooms and one bath with a hallway connecting the bedrooms.

One end of the hall is enclosed shelf space from ceiling to floor with an open shelf for decorations.

The combination dining room carries the theme into the living room. Different fixtures are each end of the room, guish between the two.

With 1,320 feet of floor space, a double garage, has central heating and conditioning. It is carpeted out and has a concrete back.

An additional feature is a storage room off the back.

This home will be open to the public Sunday from 1 to 6 p.m.

There are no sales taxes in South Africa.

About Your HEALTH

A weekly public service feature from Dr. HENRY A. HOLLE, D. O., Commissioner of Health.

While there is no indication at this time of widespread attacks of influenza this fall and winter, there undoubtedly will be some cases of the illness as colder weather approaches. Vaccination against it is a prudent measure for certain groups and individuals.

Principal targets for vaccination should be groups wishing to guard against absenteeism in their professions and occupations, and those to whom the disease might be an added health risk.

There are now ample supplies of influenza vaccine of the type containing immunizing materials against the important strains of influenza, including the Asian strain.

Last year at this time Texas was braced for an expected epidemic of Asian 'flu, so called because it had first been diagnosed in Hong Kong. The first cases were reported in April in that Oriental city, and a brief five months later Texas had been thoroughly "seeded" with the virus.

There is no expectation of a similar outbreak this fall. However, since vaccination is the only way cases of the illness might be avoided, both the State Health Department and the U. S. Public Health Service recommend the procedure for select groups for whom 'flu might be especially risky.

It is wise to keep in mind that even mild influenza can be disabling for four or five days, and followed by a period of lassitude and weakness. Influenza is always unpredictable. Cases are frequently complicated by bacterial infections. Even when uncomplicated, the illness may have a particularly dangerous impact on persons suffering from heart ailments and other chronic diseases.

Vulnerable groups for whom vaccinations should be considered include:

1. Hospital staffs whose services are necessary to the care of the sick.

2. Persons living in close proximity where influenza could spread rapidly, such as institutions.

3. Industrial or service groups, where the sudden absence of a large or small in occupation-sizeable part of the force would create disruption of the work.

4. Individual patients or groups who have a special risk, such as the aged, the chronically ill, and pregnant women. Practicing physicians should be the judges of whether or not to vaccinate vulnerable persons in this group.

Any plan to vaccinate people in one of these select categories should be started now, in advance of cold weather. (A weekly public service feature from the Division of Health Education, State Department of Health.)

SAFE BY THE HAIR
PHOENIX, Ariz. (AP)—City Manager Ray W. Wilson denies claims that managers have too much say in city affairs. "City Council members can fire a city manager if they don't like the way he combs his hair," he said at a Phoenix Advertising Club luncheon. Wilson is bald.

CAREFUL DRIVERS TAKE NOTICE

WILLSON-CRUMP LUMBER

ON LUBBOCK HIGHWAY

Hall Moderate Price Home Shows Expensive Features

In the moderate price range, a home at 118 East 18th Street built by Hall Construction Co. of Lubbock shows many of the features of the more expensive home.

Of frame construction, the home is FHA built and inspected. It has three bedrooms with one large bath, extra storage space and central heating.

Entrance is the living room where the textured walls are covered with a neutral Sahara beige. This color is used throughout the house.

The kitchen features a corner cabinet with sheet rubber cabinet tops and copper hardware. The floor is tile and the textured walls are neutral Sahara beige.

Ceramic tile is used in the bath with sheet rubber on the dressing table. A large mirror over the dressing table and linen storage cabinets complete the bathroom.

All three bedrooms have large double closets with sliding doors. More storage space is found in

deep storage closets in the hallway.

Patrons Urged To Return Books To Library Here

Patrons of the Littlefield Library are reminded to return library books when time expires or pay their fines.

According to Miss Lula Hubbard, librarian, there are a total of 125 books out to patrons, which are overdue, some as long as a year, on which there is due \$91 in fines.

Miss Hubbard says she has sent out many notices, but without response. She urges these patrons to cooperate with the library and return the books.

Miss Hubbard says that in many instances, the newer books are missing, and therefore other patrons desiring to read these prevented from doing so.

With 1,110 feet of floor space, this home will sell for \$11,400. Down payment is \$500.

W. E. Russell, supervisor of building, made this statement: "You can get an FHA loan on this house to suit anyone—25 or 30 years if you want it. This is one of the best periods in a long time to build or buy."

This home will be open to the public Sunday from 1 to 6 p.m.

2 Sudan Soldiers Complete Course

Two soldiers from Sudan, Privates Gene R. Bartley and Leonard G. Testerman, recently completed the ten-week equipment repair course at the Army Engineer School, Fort Belvoir, Va.

The men were trained to repair and perform field maintenance on heavy construction equip-

Services Held For J. E. White Tuesday At Earth

EARTH — Graveside services were held for J. E. White, 62, of Albuquerque, N.M., Tuesday at 2:30 p.m. in the Earth Cemetery.

White died at 6:45 a.m. Saturday in Albuquerque. He moved to Albuquerque about six years ago from Dallas. He had formerly lived in Plainview, Amarillo and Earth.

Funeral services were held at 10:30 Tuesday morning in Albuquerque. The body was at the Earth Baptist Church until transferred to the cemetery. Burial

was under the direction of Rix Funeral Home of Lubbock.

Survivors include his widow; one son, John L. White, San Angelo; three daughters, Mrs. Travis Jaquess, Earth, Mrs. Ed Findley, Monument, N.M., and Mrs. Arthur Cospur, West Covina, Calif.; two brothers, Jessie White, Goswell, N.M., and C. Alvin White, Lubbock; two sisters, Mrs. Emma Hall, Dallas, and Mrs. Earl Forsman, Pampa; and 10 grandchildren.

Rev. Toile Attends International Meeting

The Rev. C. Wendell Toile, pastor of the First Christian Church at Littlefield, returned from St. Louis, Mo., last week after attending a five-day International convention of Christian Churches (Disciples of Christ).

He said that the registration reached more than 8,000 disciples from all parts of the U.S., Canada and Mexico.

Highlight of the convention was a great Communion Service on Sunday afternoon with 10,000 persons attending, the Rev. Toile said.

Home Buyers In Small Towns To Get Faster FHA Service

Home buyers in small towns will find it easier to get government mortgage insurance in the future, thanks to a "certified agency program" now in operation in 19 states.

The experimental program (CAP), part of the Federal Housing Administration, will be continued and expanded, according to a United Press International news story.

A formal announcement of the program is expected next month after an Oct. 30 meeting of FHA

officials and mortgage and housing industry leaders.

The FHA a year ago launched CAP on an experimental basis in seven states to make obtaining government mortgage insurance more feasible for home buyers in small communities, especially those far from FHA field offices.

Core of the program was to have qualified townspeople — the banker, the homebuilder, the real estate broker — do the property appraisal, credit investigation and inspection of new buildings, which

is traditionally done by FHA employees.

Under the program, busy FHA regional offices get some part-time help and home buyers get quicker processing of their mortgage insurance applications.

CAP applications were processed in four or five days, compared to an average of two or three weeks for standard processing.

The program, because of its success, has been expanded gradually to 19 states and will be expanded

more, according to FHA officials.

The program eventually may apply to at least part of every state. Still to be worked out is a final definition of which communities may participate. The definition is expected to combine a distance from an FHA office and the town's own population.

Here is FHA's own description of how CAP works: "FHA certifies local lending institutions as agents authorized to undertake certain steps in the processing of applications for insured loans. In the past, these steps — appraisal, inspection and credit analysis — have always been performed by members of the staff of FHA's district insuring office.

"Qualified local people who have been made familiar with FHA objectives and schooled in its techniques, are employed to make property appraisals and the required number of inspections of new home construction — in this program, FHA relies on the lender's judgment in weighing the borrower's credit situation.

"Thus people working together in their home areas do the work formerly done in FHA offices or by personnel dispatched from the office to the property site."

Besides reducing processing time, CAP has helped home buyers by making FHA financing more attractive to lenders. The latter, assured that cumbersome paperwork is being cut down to a minimum, are more amenable to FHA financing, officials said.

Sudan Man Charged With Child Desertion

A Sudan Latin American was jailed here Saturday on a charge of child desertion.

Placed in county jail on the charge was Nick Lopez.

Bernard is a Teutonic name meaning "bold as a bear."

Proper gift on the third wedding anniversary is something designed in candy. Or, sugar, sweets and spices.

Sudan Sidelights

Mr. and Mrs. Olan Hardy of Clovis visited last Friday with Mr. and Mrs. Hubert Dykes and Mr. and Mrs. Ted Walker.

Denver Ray Barbee visited over the weekend in the Joe Burdick home and with Mr. and Mrs. R. D. Nix. Denver Ray is a student at Texas Tech and is the son of Mr. and Mrs. E. E. Barbee of Socorro, N.M.

Miss Mary Anderson of Lubbock was present for a meeting last week for a Leadership Training course in Girl Scout work held in the community center. One of a series of workshops for the leaders, Mrs. Leonard M. Moore of Littlefield, was also present to assist with the course. Two meetings are scheduled this week to complete the series.

Mrs. Wayne Rogers and daughter, Gaylene, visited last week with relatives in Wheeler.

H. E. Rogers, who was confined last week in a Lubbock hospital, is now at home. Mrs. Rogers, who underwent eye surgery, is still confined to a hospital there.

Tommy Rosson, student at WTSC in Canyon, was home to the weekend to visit his parents Mr. and Mrs. C. W. Rosson. Tommy is playing in both the college band and the ROTC band.

Mrs. Clarence Damron reports her mother, Mrs. Lottie Moore, is still confined to the Muleshoe hospital and her condition is not showing improvement.

Mr. and Mrs. Bobby Davison have a new daughter, born Friday in the Muleshoe hospital. The baby has been named Pamela Ruth and weighed 8 lbs., and 2 oz. Paternal grandparents are Mr. and Mrs. Earl Davison. Maternal grandparents are Mr. and Mrs. G. S. Martin of Friona.

Mr. and Mrs. Thurman Shirley of San Antonio are visiting this week in the home of Mr. and Mrs. Bobby King. Mrs. Shirley is the sister of Mrs. King.

Mrs. Joe Foster and Mrs. Milton Wiseman were in Taos last week where they studied art and attended art exhibits.

Wood Participates in Assault Drills

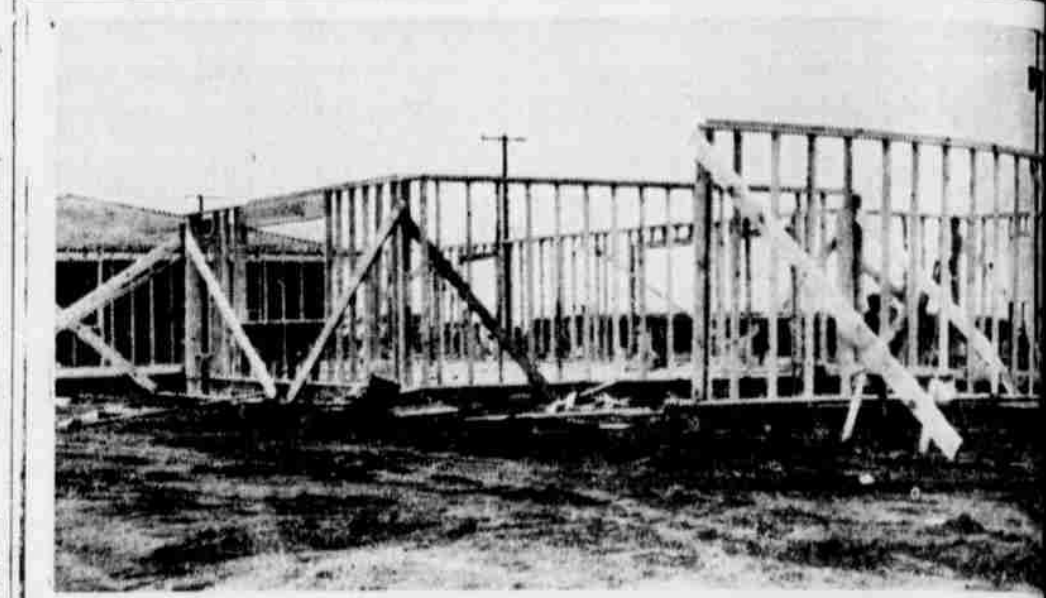

Army PFC Richard L. Wood, son of Mr. and Mrs. Teddy L. Wood, Dimmitt, is participating with the 101st Airborne Division's 506th Infantry in a parachute assault on Fort Campbell, Ky., as a part of "Exercise Cloud."

The exercise, which is being concluded at Fort Campbell, Nov. 6, is designed to test the effectiveness of Strategic Corps (STRAC) troops in swift and decisive assaults.

Wood, a gunner in the 101st Infantry at Fort Campbell, entered the Army in 1957 and received training at Fort Polk, La.

The 21-year-old soldier graduate of Dimmitt High School, attended Southwest College, Weatherford, Okla. His wife, Karen, lives in Dimmitt.

Colorado has a law for the aged which provides for the state's pensioners to be hospitalized and home costs.

After completion of the Henson and Smith brick homes, I am beginning another modern new brick home, and will continue to build more of the better type homes in Crescent Park.

I join others in your invitation to visit Crescent Park Sunday.

You Can Live Better Electrically ---

Phillips Mounts Lead, Holds Off Wildcats, 24-12

ALEX DUGGAN

Phillips Blackhawks, led on by speedy, powerful Dickey, mounted a 24-0 lead over the Wildcats at the first three quarters of the game. Phillips held on as the never-sleeping Wildcats fought back with a 24-12 Dis- win over the Wildcats at Phil- Stadium at Phil- night.

Phillips Receivers

On first down Phillips received one of the big breaks of the game. Halfback Ray Minyard, who stood out at the halfback position for Littlefield, juggled the pitchback from quarterback De Pierce. At that second he was hit hard by a raft of Phillips tack- lers, and the ball rolled loose. Phillips recovered on the 19-yard line.

Halfback John Adkisson of the Blackhawks picked up 12 yards through the middle of the Cat line to move the ball to the seven.

It took only one play from there as Dickey found a hole on the left side of the Cat line and crossed the goal line all by him- self.

The extra point failed, leaving the score at 6-0.

Bobby Moore, the Phillips kick- off specialist booted to the 15- yard line, and Pierce could ad- vance only two yards before be- ing tackled.

The hard-charging line of the Blackhawks, led all night by David Quisenberry and Vance Orr, both tacklers, and Center Ken White, smothered the Wildcat at- tack again, and Pressley punted for the third time in the quarter.

Hawks Start Drive

Taking over on their own 40, the Hawks started on a sustained drive, a drive that ended when quarterback D. L. Mallicoat had rammed into the end zone from the eight-yard line. The drive took 12 plays, and the touchdown came in the early seconds of the second quarter.

Littlefield got its first down of the night following the kick-off by Moore. It came on an offside penalty against the Hawk line.

The rest of the second quarter saw both teams trade the ball off by throwing an intercepted pass or by losing a fumble, but neither team could punch across the goal.

Two Cat passes, one by Pierce, who played every second of the game, the other by Pressley, were intercepted by the alert Blackhawks.

On the other hand, Pressley in- tercepted a Blackhawk pass. So did End Hilton Hemphill.

Phillips lost the ball one time

Pressley quick-kicked 48 yards. Phillips took over on its own 20. Again the Cat line held and again Carter punted. This one was good for 47 yards to the Lit- tiefield 25.

HALL MOTOR COMPANY
LITTLEFIELD, TEXAS

on a fumble. It was after this fumble that Littlefield started a drive into Phillips territory.

Fake Punt Gains

Once facing fourth down with 15 yards needed for a first down, Pierce set up punt formation. In-

stead the ball went to him, and Pierce rolled to a first down on the Phillips 39.

From there Koller added eight yards to the 31, then a first down on the 28.

The drive advanced as far as the 19-yard line, but there with only 39 seconds left in the quarter, Littlefield lost the ball on downs.

The first half score was Phil-

lips 12, Littlefield 0.

Phillips went right to work just after the homecoming halftime.

After the kick-off, the Hawks owned the ball on their own 43.

It was third down and the ball was on the 46 when Dickey skirt-

ed his own right end all by him- self and trotted 54 yards untouched. Again the extra point failed.

A clipping penalty against Phil-

lips after Dickey's run moved the kick-off site from the regular 40 back to the Phillips 25.

Moore's twisting line drive kick

caromed off the pads of Little-

field's Robet Massengale and

bounced back to the charging

Phillips linemen who eagerly

pounced on the ball.

Hawks Score Again

It took just one more play for the Blackhawks to round out

their scoring for the night. Adkisson took the handoff from Mallicoat and again romped right up the middle. He broke into the clear at the Littlefield 40 and dashed the rest of the way without any trouble.

For the fourth time the extra point was missed by the Black-

hawks.

Again Moore teed the ball for the kick-off. Again he sent a line

drive kick into the Cat line.

This time the twisting ball

glanced off guard James Black-

well, and for the second time in-

side two minutes Phillips had re-

covered its own kick-off.

Cats Take Over

The Cat line headed by Hilton

Hemphill and Kenny Wilmon

rose to stop this Blackhawk

thrust. Littlefield took over on its

own 33.

One first down came for Little-

field, then another fumble fell in-

to the hands of Phillips and the

Hawks took over on the Little-

field 47.

A 15-yard penalty against Phil-

lips put the Hawks in trouble. Three thrusts into the line left

fourth down, five to go.

In punt formation, Fullback

Gipson took the snap and romped

to the Wildcat 10-yard line before

being halted.

Here another penalty against

Phillips thwarted the threat of the

big team. Three passes fell in-

complete, and the ball went over.

Two plays later a Pierce pass

was intercepted by Gipson.

Pierce Intercepts

Phillips took over on the Cat 41.

Gipson galloped to the 36. On

third down from the 34, Mallicoat

tried to spot end Moore on a pass.

Pierce stepped in to intercept. This was the third interception of the night for Littlefield.

During the game Phillips tossed

ten passes, none of which were

completed.

Pierce juggled the ball back 6

yards to the Phillips 20-yard line

before being overhauled. This set

up the first Cat touchdown.

Pressley carried two times to

move the ball to the Hawk five.

On that play the third quarter

ended.

Pressley dived to the three,

then Koller battered the remain-

ing distance to paydirt. Extra

point was no good.

Koller kicked deep to the Black-

hawks. Williams of Phillips

brought the ball out to the 15-yard

line.

Wade Hits Hard

On second down rugged Bill

Wade jarred the ball loose from

Adkisson, and fell on it, setting

the Cats in business on the Phil-

lips' 22.

Pierce and Koller carried one

time apiece to bring the first

down on the nine. Pressley moved

the ball to the eight, and

Pierce added four more to the

four.

The ball was moved to the on-

when a shift in the backfield by

Littlefield pulled the Phillips line

offside. From the one Koller

blasted over for his second touch-

down of the night.

Pass attempt by Pressley fell

incomplete, and the sixth extra point of the night was missed.

After receiving the kick-off,

Phillips started a drive that covered

50 yards and took seven min-

utes off the scoreboard clock.

Phillips took over at its own 40

following Koller's kick-off. Carries

by Dickey, Adkisson and Gibson

grinded the yardage out the hard

way. Twice the Hawks pushed

over first downs on fourth down

attempts.

When Littlefield finally halted the drive, the ball rested on the 12-yard line with less than two minutes to play in the game.

On first down Pierce made the

first pass completion of the game

for either team. In fact, in the

last seconds Pierce completed

four of five passes.

Pressley took the first Pierce

pass and thundered 33 yards

down the sideline to Cat 43. Three

more complete passes failed to

move the ball any further than

the Phillips 40, and the game en-

ded.

It was the first district contest

for both teams.

By virtue of this win, Phillips

joined Levelland at the head of

the district. However, as Coach

Williams pointed out, the district

can still go to any team. Little-

field is far from out of the run-

ning, he said.

Parents, Kids Need To Keep Safety In Mind On Halloween

Carolyn was about out of breath—it isn't easy for her to keep up with older children on their Halloween treat rounds.

She had piped "Trick or treat!" to dozens of people in the neighborhood, and had filled a bag almost as big as its possessor.

Whether the other children grew tired of waiting for her, or whether she stopped to thrust a tiny hand into a pile of treats—no one knows why she got behind so far to run to catch up.

She was hit and killed in the middle of an intersection.

Wonder parents are especially concerned with the safety of their children on Halloween night. It's a night when the child is moved back an hour—or two, if the protests are loud enough—and little ones are allowed the unbridled privilege of roaming a dark street.

Wonder, then, that organizations such as the National Safety Council are urging parents—and children, too—to all out to make this Oct. 31 safe from Halloween.

One, the Council points out, "wants to spoil the youngsters on Halloween. We all were kids once,

and Halloween need not be—should not be—a time of

can parents make Halloween free from tragedy? Our attention to these items, the Council advises:

Your children light-colored costumes—they're easier to see at night. And make sure the outfits aren't tripping and that they're flameproof.

Kids are dangerous because they distract vision. Also hot and some are scratchy, so kids will welcome a false face. A little rouge, eyebrow pencil and mouse-ear can make children miniature ghosts, goblins, or clowns—but with the added safety factor of all that to see danger in time to avoid it.

Warn children that on Halloween, as during the rest of the year, such safety precautions as these should be observed.

Dashing from between parked cars, no playing in the street, no crossing the street without first looking both

make doubly sure motorists can see costumed children. ReflectORIZED tape or bands on their outfits.

Motorists can help by slowing down a bit on Halloween, keeping in mind that there'll be lots of children out at night—excited children who may dash into the street without advance warning.

ssroots Opinion

LENE, KANS., DAILY REFLECTOR-CHRONICLE
Idea of the change that has taken place in the war department since the last war: Each of the six aircraft now patrolling the waters around Formosa carries a ton of nuclear bombs to 28 million tons of TNT. More than ten times the tonnage of all the bombs used in all of Europe during World War II by the United States and Britain combined."

KINGTON, S. C., DISPATCH-NEWS: "You look at the wife greeted her husband. 'Did you have a good day at the office?'"

"I'll say I did," he answered. "I took one of those aptitude tests and boy, oh boy, it's a good thing I own the company."

WAY, MICHIGAN, NEWS: "It appears at the moment the LAW will get a substantial increase in the new year with the Big Three auto companies. This will naturally increase the cost of living. . . . The only thing possible to do to increase our income, so that we can keep up with the increased cost of labor. It'll be hard on small business."

country really has a sweet tooth. Candy and other food chains alone are expected to reach a 1958 sales of \$393 million.

SPEAKING OF CARDS

"HENRY! - I'M NOT THAT LATE AND YOU KNOW IT."

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—As Texas' "Battle of the Budget" roars on toward its 1959 climax, almost every week brings a new statement on the probable size of the state deficit. Usually worse than the last one.

State Comptroller Robert S. Calvert and Legislative Budget Director Vernon A. McGee combined to present a frankly pessimistic picture for the Texas Research League meeting in Austin.

McGee said the general revenue will need \$279,000,000 during the next two years to keep things going as they are. Calvert estimated that the present tax structure would put \$125,000,000 into general revenue during this period.

This leaves a gap of \$154,000,000 between estimated income and outgo. In addition, Calvert estimated the general revenue fund will be \$55,000,000 in arrears by the end of the present fiscal year in August, 1959.

Research League is composed of several hundred leaders in Texas business and professions whose private contributions support research in the interest of governmental efficiency. Much of the League staff's time during the past year has been devoted to assisting the State Tax Study Commission in a mammoth survey of Texas' revenue and tax problems.

CAN DO—Gov. Price Daniel took a "we can lick this thing" attitude in a press conference on taxes.

Daniel said he felt the deficit could be erased and new revenue needs met without a general sales tax or income tax. Taxes we have presently could be raised to the maximum level used in other states, said the governor. And other taxes—not sales or income—could be added.

Daniel also indicated that he was not fully convinced that the gap between income and needs would be as large as the \$154,000,000 mentioned by the comptroller.

He would not definitely say now, said the governor, that he would or would not veto sales or income tax bills if passed by the Legislature. But he made it clear that he did not favor them, and that he thought there were better possibilities.

Daniel praised state agencies who reduced their budget requests

a total of \$1,490,631. Overall, the budget had run \$272,000,000 higher than for the present biennium.

HOSPITAL SPENDING AXED—Possibility of more drastic cutting loomed when the Legislative Budget Board voted to reject some of the appropriations spending \$5,500,000 for a new mental hospital in the Gulf Coast area.

Budget Board recommended a slight increase in money for the Texas Youth Council. But it voiced a "thumbs down" attitude toward setting up a state-supported paid parole system for juvenile delinquents.

Legislative Budget Board is made up of 5 members from the House and 5 from the Senate who, with staff assistance, screen appropriation requests in advance and make recommendations to the Legislature.

PULLING UP—Two state agencies who've gotten black marks in past years got basically good report cards in the summaries given by analysts for the Texas Research League meeting.

State Insurance Department has made many improvements in the year since its reorganization, said one researcher. He predicted that an era of better regulation would result in saving to policyholders and fewer company failures.

State Welfare Department was described as "basically well-administered" in comparison to some years ago when it was the source of dissatisfaction.

In the welfare field, the League was told, Texas can expect increased spending in the future. Texas now spends 18 per cent of its tax money or \$173,000,000 a year on welfare. But other states are "more generous," observed the researcher.

SALARY FORMULA—Budget Board also is giving attention to drawing up a bill setting up a salary schedule for state employees.

Its purpose would be to guarantee "like pay for like work" throughout state departments. It would be based on a job classification study recently made by the Texas Employment Commission.

Public school and college teachers and persons in executive positions would not be included.

DOWN MEMORY LANE

(Taken from files of the Lamb County Leader, Nov. 6, 1941)

During the past week farmers in Lamb County have received \$28,536.10 in 1941 Cotton Parity Payments. This amount was covered by 268 checks.

Wheat farmers overplanting their 1942 wheat acreage allotments by any amount will be ineligible for full parity and conservation payments and wheat loans, according to Aubrey W. Bingham, Secretary of the Lamb County ACA.

School for Drama, will be presented in Littlefield Public Schools on Monday, Nov. 10 at 7:45 p.m. according to an announcement by F. A. Hemphill, Supt.

Mrs. Tommy Mauk and daughter, Lila Lou of Brownfield are visiting in the home of her parents, Mr. and Mrs. Ed Drager.

Budget Board members commented that in some departments a person doing stenographic work may be called an "administrative assistant" and get much more money than a person doing stenographic work in another department.

ANTI-CRIME LAWS—New laws and institutions to deal more forcefully with Texas' soaring crime rate may be a major topic for the next Legislature.

County and district attorneys meeting in Austin were asked by Governor Daniel to help in the job of strengthening and plugging the loopholes in Texas' law enforcement structure. Daniel said that at the present rate Texas will have a 28 per cent increase in crime in three years.

Too often, said the governor, criminals escape punishment through hairline technicalities in the laws. He also urged (1) state-paid parole supervisors for juveniles, (2) a second boys training school to separate serious offenders from those for whom there is more hope, and (3) stricter narcotics laws.

DON'T CUT OFF NOSE — U. S.

Senator Ralph Yarborough is urging Texas liberal Democrats not to scratch Gov. Price Daniel's name on the general election ballot regardless of how they may feel about him.

Senator Yarborough warned delegates to the State AFL-CIO convention that each precinct gets one delegate for every 25 votes cast for the party's gubernatorial nominee. If a liberal area casts a small vote for governor, it will have a small delegation to the next party convention and less chance of gaining control.

If you scratch the governor's name, said Yarborough, who has been at odds with Daniel for years, "you'll be cutting off your nose to spite your face."

HES NO HELP — Texas Democratic Party leaders said National Chairman Paul Butler is deliberately destroying party unity of Texas by stirring up integration issues.

Butlers statement: "There will be no compromise on the integration problem. The people of the South who are not deeply dedicated to the philosophy of the Democratic party will have to go

Sandhills Philosopher

Foreign Policy-Politics Situation Puzzles Him

Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses foreign policy this week, which is out of his field.

Dear editor:

All during the Congressional campaigns throughout the past few weeks I've been reading in dignant statements by different people saying we ought to keep our foreign policy out of politics and I wish to say that if foreign policy has been injected into politics, I didn't do it, I don't even know what our foreign policy is.

For example, I know we must have some policy toward say Formosa, but how can you expect me to know what it is when nobody in Washington does either?

However, I'm not sure there's anything wrong with injecting foreign policy into politics, lots of candidates inject honesty into politics and some of them don't know what that is either. If you're going to limit politics to what a man knows, I know some candidates whose campaign wouldn't last longer than five or ten minutes. I figure mine, if I was running, would last one or two.

Speaking of foreign policy, I read the other day where a man in Washington said the United States now has fewer friends in the world than ever before. This is the sort of statement that in-

terferes with our own way.

Said Governor Daniel: "We have been doing our best to settle these conflicts within the party and keep it big and strong enough to include people who do not share the same view." "Statements like Butler's," said the governor, "will make the task more difficult."

trigues me.

In the first place, I don't even know how many friends I had broad before, not to mention now. Foreign friends added up by somebody else are somehow different from friends in your own neighborhood. With the latter, you can find out for yourself, but with the former, you have to take somebody else's word for it, and as a result you never know which side they're going to turn on when the chips are down. Some of our best friends in the first world war were our worst enemies in the second, and some of our allies in the second are our worst enemies now. You get the feeling that foreign friends frequently are like your welcome in some stores. You're welcome only as long as you're spending money there.

If you catch any politician injecting our foreign policy into politics, I wish you'd let me know about it. I'd like to corner him and ask him what it is.

Yours faithfully,

J. A.

Lust Attends Church Convention in Germany

Army Specialist Four Harold G. Lust, son of Mr. and Mrs. Clarence V. Lust, Dimmitt, recently attended a four-day religious convention in Berchtesgaden, Germany.

Specialist Lust, a mortar gunner in Company A of the 52d Infantry in Freidberg, entered the Army in November 1956 and arrived in Europe the following May.

The 24-year-old soldier was graduated from Dimmitt High School in 1952 and from Texas Technological College in 1956.

Quail Permits To Be Drawn In Panhandle

AUSTIN—There will be another quail hunt in the Panhandle this year on the Gene Howe Wildlife Management area of the Game & Fish Commission, according to the director of wildlife restoration.

Dates for the hunt are Dec. 6, Dec. 20, Jan. 3 and Jan. 15. Applications now are being received for these hunts and permits will be issued after a public drawing is held between Nov. 14 and 17.

No preference can be given as to dates. All hunters will be required to hunt in pairs, with 10 pair each day, for a total of 80 hunters.

Only persons 17 years of age or older can be considered in the drawings for these hunts.

There is a heavy growth of flowering weeds, which has prevented a bird dog census of the area's quail to date. However, the quail population is high and hunting success will be good, if dogs are used.

Successful permit holders are urged to take their dogs to the hunt, to prevent a loss of birds. The growth of herbaceous vegetation is so rank that the loss of crippled and dead birds will be unusually high unless dogs are used.

Each man whose name is drawn will be permitted to hunt one day and will be entitled to the maximum of one day's limit, 10 quail.

Applications for the permit should be mailed to the Game & Fish Commission, Walton State Bldg., Austin.

'Pigskin Review' Is Homecoming Theme For Tech

LUBBOCK — "Pigskin Review" will be the theme of Texas Tech's 1958 Homecoming parade Saturday morning, Nov. 22.

The procession of colorful floats made by Tech organizations will precede the afternoon football game between the Red Raiders and University of Arkansas Razorbacks.

Other features will be the Homecoming queen coronation, a pep rally, and class reunions Friday, Nov. 21. Comedian Bob Hope also will appear that night in Lubbock Municipal Coliseum.

Festivities will be climaxed with Homecoming balls Saturday night.

Annual Band Day Slated At Tech

LUBBOCK—Hundreds of high school musicians will brighten the Texas Tech campus Nov. 8 when the institution celebrates its annual Band Day.

The high school bandmen will be Tech guests for the Saturday afternoon game in Jones Stadium between the Red Raiders and University of Arizona Wildcats.

The guest musicians will join Tech's Big Red Band in a half-time show, creating some massive formations. All the bands will play in several of the musical numbers.

Another feature will be presentation of Tech's 1958 Band Sweetheart.

D. O. Wiley, Tech band director, said invitations have been sent to 40 high schools in the Panhandle, South Plains and West Texas. All interested bands are welcome to participate, he emphasized.

In Holland Thanksgiving Day services are offered for Americans visiting or working in that tiny country.

Captain Alan Villers, who sailed the Mayflower II across the Atlantic in 1957, usually wears a red baseball cap when at sea.

Mr. and Mrs. T. H. Hukill are home from Mangum for a few days. Her mother's condition is about the same. The mother, Mrs. Splawn has been bed-fast for several weeks.

Mr. and Mrs. Francis Francis of Arch, N.M. spent Thursday here with his cousins, Mr. and Mrs. Nolan Hukill.

Mrs. Leon Casetty has been on the sick list for several days this week.

Congress passed the bill repealing laws to exclude Chinese from the United States in 1944.

Here's Way To Test Your Traffic Safety Education

One of the most important phases of traffic accident prevention is that of public education; education in the sense of creating an awareness of traffic hazards. Unless motorists are aware of the inherent dangers in driving they cannot hope to survive, for long, today's heavy traffic without an accident.

For many years the Texas Safety Association, the National Safety Council and many other safety groups have hammered away at this public education, awareness theme. During this time,

newspapers have been the principal media for the dissemination of accident prevention information, with radio, magazines and television following in close order.

How well have you followed this education in the columns of the Lamb County Leader?

The answer can be found in the results of the following quiz. Your answers may also determine "your own awareness," thus the degree of safety in your traffic future.

QUESTIONS

1. What are the five leading causes of traffic accidents in Texas?
2. What is "jay walking," and why should it be prohibited?
3. What is the automobile speed limit in Texas? (A) Daytime? (B) Nighttime?
4. What is the cause of practically all railroad grade crossing accidents?
5. What five principal qualifications does a careful and safe driver possess?
6. What are drivers' arm signals for turning, slowing or stopping?
7. What is the braking distance of your car, on dry pavement, at 30 mph. and 50 mph?
8. Are there more than four million, or less than four million, motor vehicles registered in Texas?

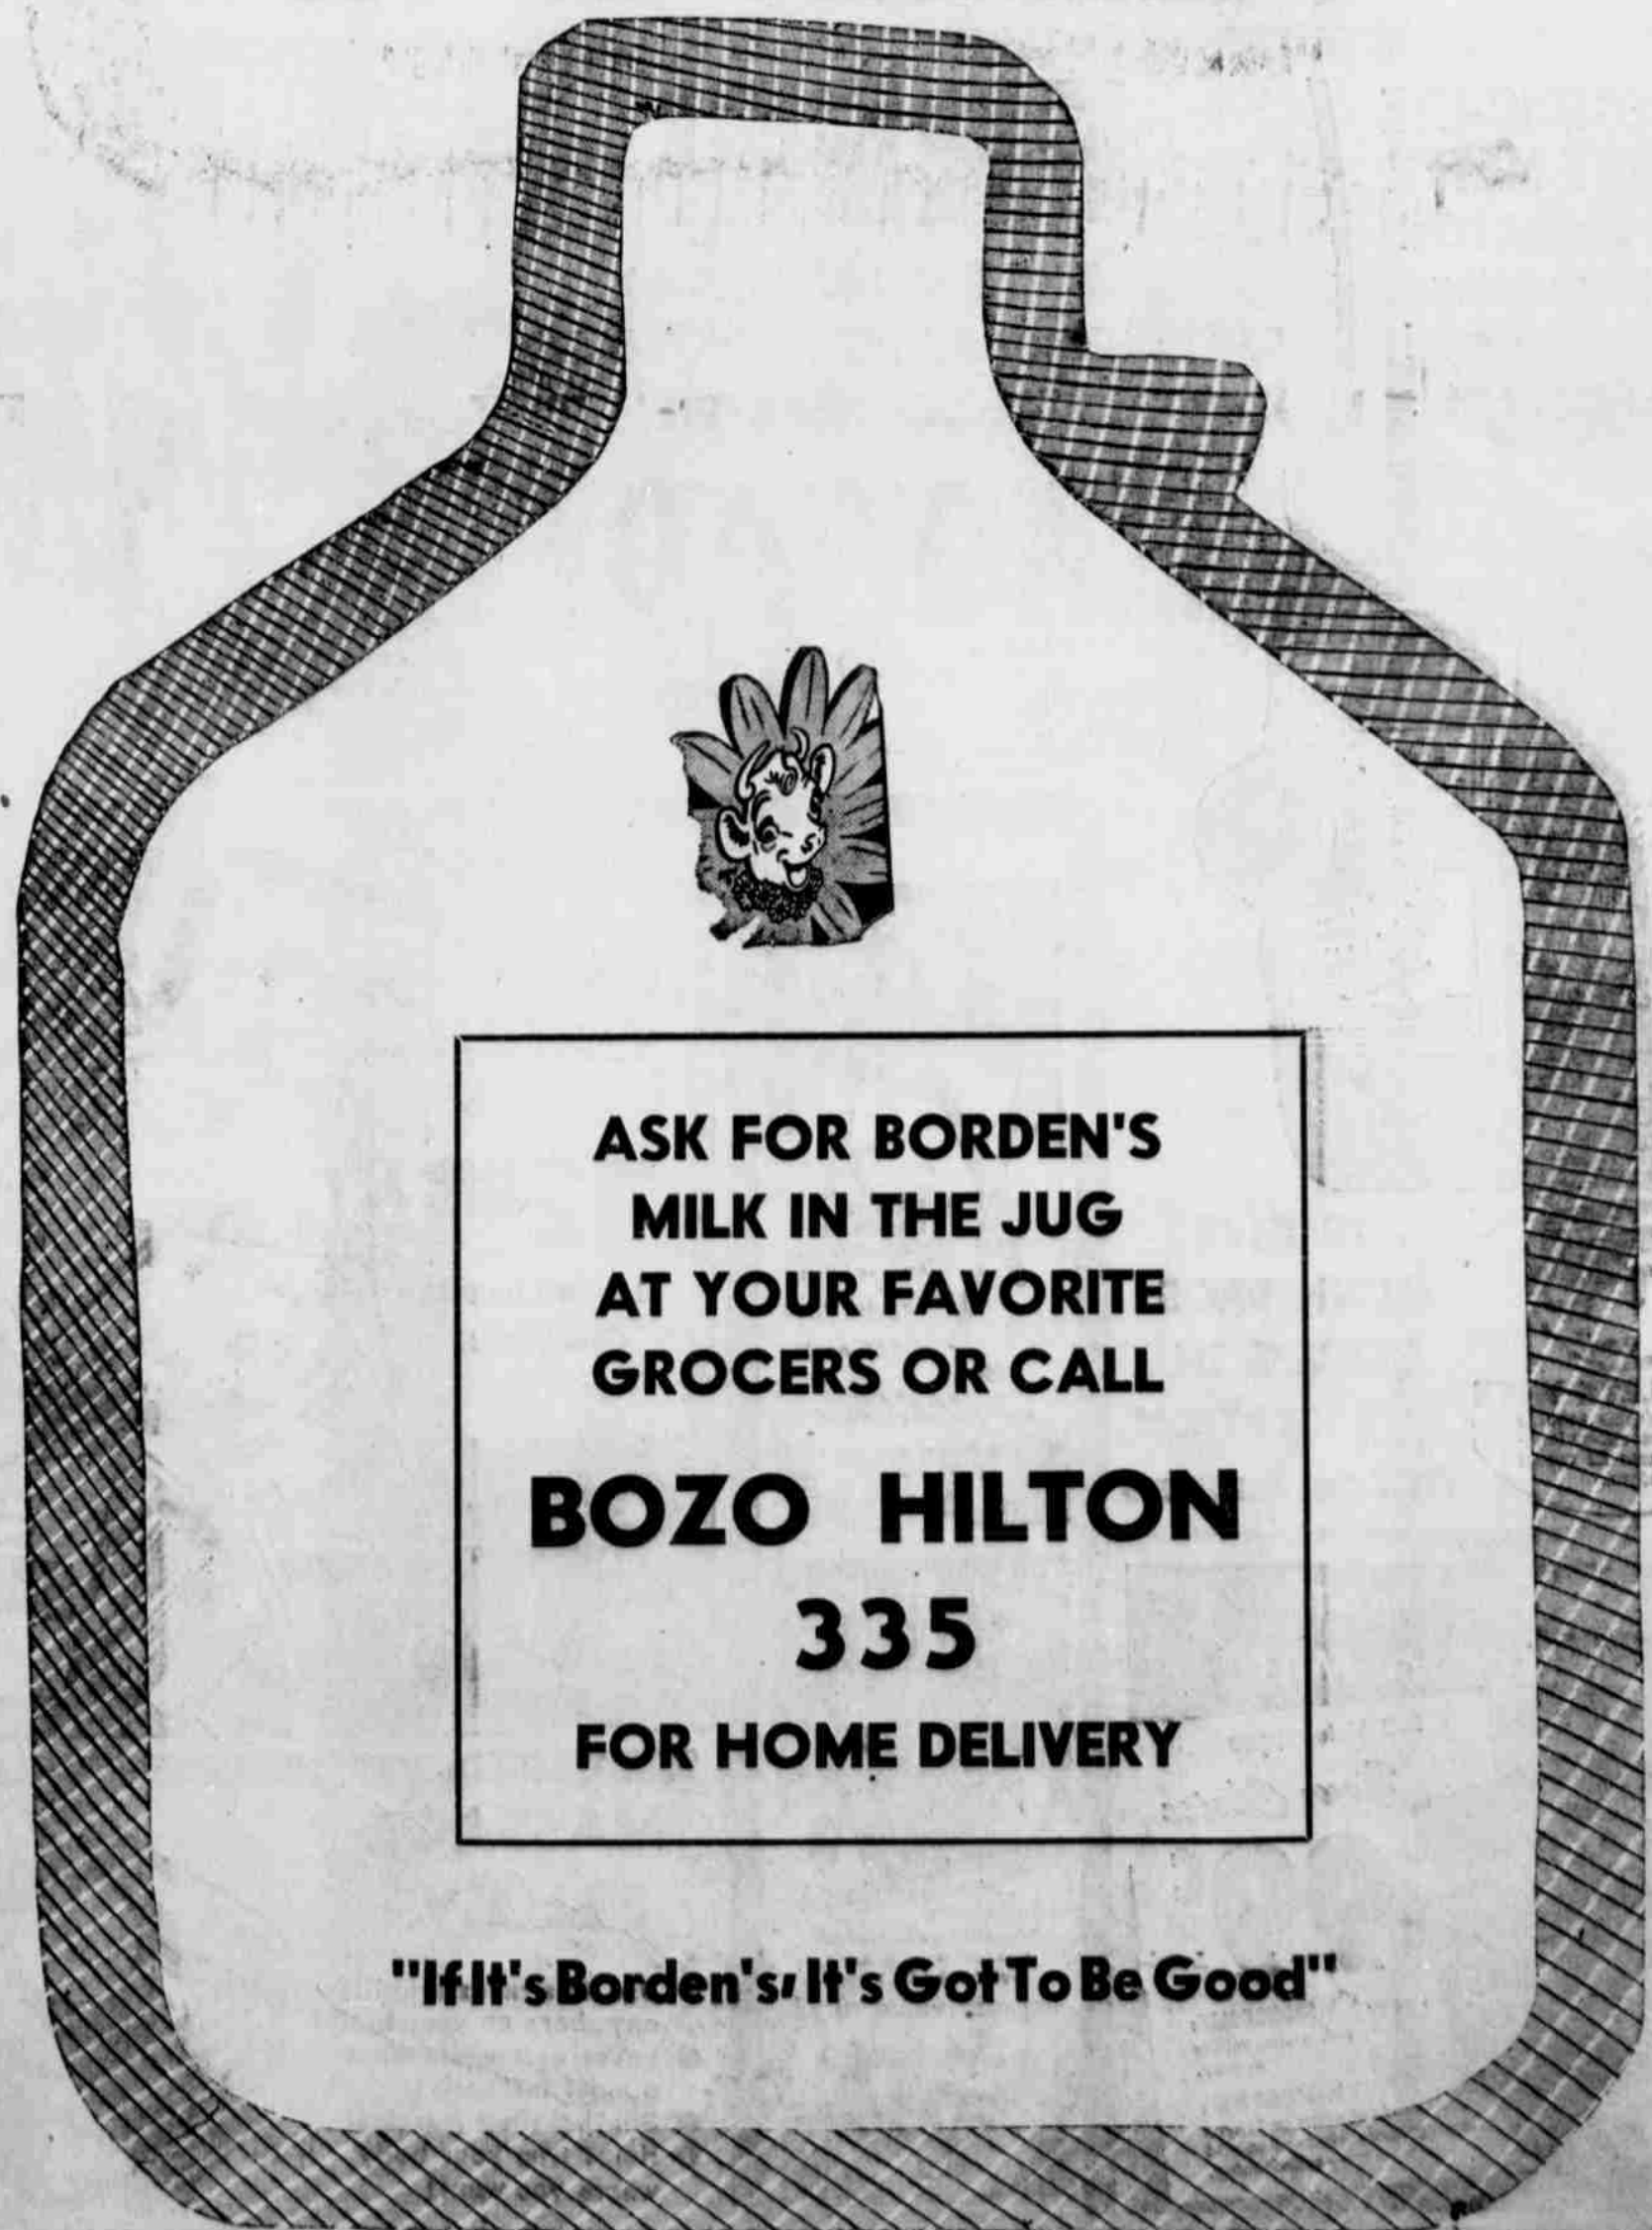

9. How many persons were killed in Texas' traffic accidents in 1957? How many injured?
10. Was the cost of all Texas traffic accidents, during 1957, more than or less than three-hundred-million dollars?

ANSWERS:

1. Driving too fast for conditions; driving while drinking; disregard of warning or stop signs; driving on the wrong side of the road; did not have right-of-way.
2. Crossing the street at a point other than designated crosswalks.
3. (A) 60 mph. (B) 55 mph.
4. Failure to heed the warning to stop, look and listen.
5. Courtesy; realization of the sacredness of human life, knowledge of the safety limitations of a motor vehicle; attention to

- maintaining car under control at all times; familiarity with traffic laws and safe rules of the road.
6. A safe driver gives distinct signals by extending his arm well out of the car and bending the arm and hand: down for slowing or stopping; straight out for left turns or when pulling away from curbs; upwards for right turns.
7. 100 feet for 30 mph, and 243 feet for 50 mph.
8. According to the Texas Highway Department, there were 4,174,990 motor vehicle registrations in Texas during 1957.
9. Texas Department of Public Safety figures show that 2,539 persons were killed, and approximately 122,195 injured in Texas' traffic accidents last year.

News From Amherst

Mr. and Mrs. Bob Crawford entertained relatives and friends at their home, 603 East 13th Street in Littlefield Sunday night, Oct. 19.

Mr. and Mrs. Ed Jarvis and W. L. Murphy of Topeka, Kans., Mr. and Mrs. C. E. Braswell, Mrs. Mattie Duebler, Mr. and Mrs. Bob Clayton and children, Mr. and Mrs. George Tollett and Judy, Mr. and Mrs. Randall Crawford and Charlotte, Horace Woodward, all of Amherst, and Mr. and Mrs. Lee Crawford enjoyed Mr. and Mrs. Crawford's hospitality as sandwiches, cake and coffee were served.

Colored movies were shown and others were made of those attending.

The Lubbock Christian College chorus is to present a program at the Amherst Church of Christ next Sunday night, Nov. 2, at seven o'clock. The public is invited to attend.

Mr. and Mrs. Henry Browning

of Tucuman, N.M., and their daughter, Peggy, who is a student at Lubbock Christian College were guests of the Doyle Chapin family Saturday and Sunday.

Guests of Mr. and Mrs. J. M. Clayton Sunday were their sons and families, Mr. and Mrs. Jack Clayton, Bovina, Mr. and Mrs. John Clayton and granddaughters, Delora Jean Cutshall, Mr. and Mrs. Rex Clayton, Mr. and Mrs. Wilma Clayton, Littlefield, Mr. and Mrs. Wendell Clayton and Lisa, Earth, and Mr. and Mrs. Bob Clayton, Linda and Bobby Wayne.

Plans were begun for their annual Christmas party.

Mrs. Oby Blanchard visited her brother, who is ill in Wichita Falls, the last of the week. She is in Fort Worth this week as her daughter, Mrs. Raymond Gilder was scheduled for surgery Tuesday. Her granddaughter, Mrs. Jim Tomlinson and son Terry accompanied her.

Mr. and Mrs. Donnie Gene Bowman were here from Canyon during the weekend with their parents.

PICTURED AT CENTER is George O. Ross, son of Mrs. Jessie M. Ross of Littlefield, as he was pinned with silver oak leaves after his recent promotion to lieutenant colonel in the U. S. Marine Corps Air Station at Cherry Point, N. C. Performing the ceremony are his wife, Maxine, and Lt. Col. H. A. Elsele. In background are other pilots of the squadron and the aircraft with which the squadron is equipped—the A-4D, Douglas-built jet attack bomber. Ross attended Littlefield schools and was graduated from Texas Tech in 1942. The Rosses and their three children are presently on leave visiting friends and relatives in Lubbock and Littlefield. He is enroute for 15 months' duty in Japan and his family will reside in Lubbock. (USMC PHOTO)

visit his relatives.
