Jones Singley Dies Suddenly Friday, Aug. 8

Jones Singley, a business and community leader who worked many years for improved crop varieties in Collingsworth County, died at 6:30 p.m. Friday, August 8, a short time after he was admitted to Collingsworth General Hospital.

He had spent a full day working at Singley Mill and Elevator, which he owned, but was ill when he reached the family home at 400 15th Street. Customers, employees and friends who saw him through the day were unaware that he was not well.

Singley was 69.

He was born in Collingsworth County and went to work for his father, the late E.A. Singley, at Singley Mill and Elevator in 1933. He has remarked that he could not say when he became manager of the business, "I just worked into it," was the way he described his gradual assumption of responsibility.

Few men in the county were in closer touch with the agricultural economy of the county, and few had more personal friends among the farmers and ranchers.

His work in introducing new and improved crop varieties through seed selection was widely known. One of these was guar, for which the county gained recognition. He was the first dealer in Wellington to handle hybrid seed varieties.

Singley worked closely with the Northwest Texas Research - Demonstration Program, a joint venture of the Texas A&M Extension Service and Texas A&M Experiment Station.

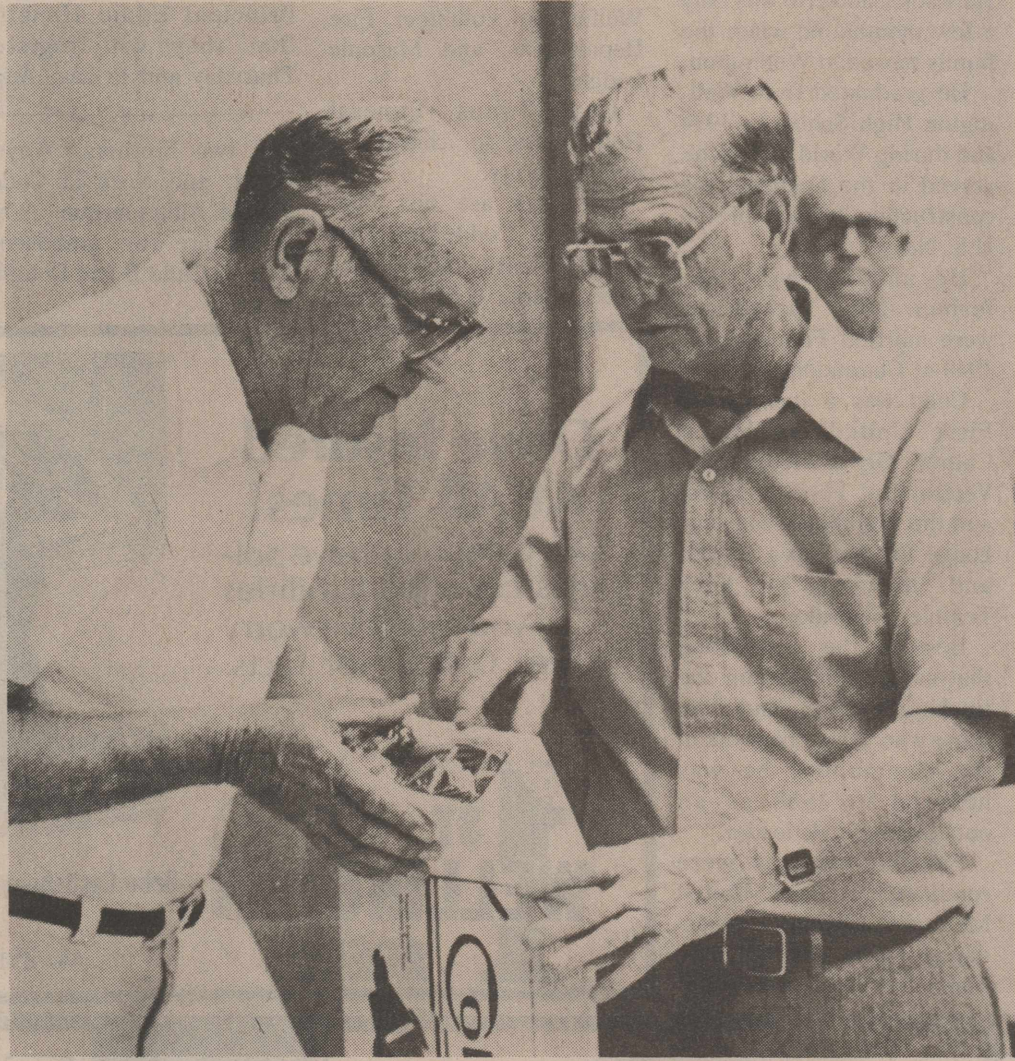

He was influential in business, education and civic life.

In May 1978, he was elected to the board of Directors of City State Bank. He was a member of Wellington School Board 12 years, serving as president for 8. He also served one term on the City Council and was a member and former director of the Chamber of Commerce. An enthusiastic golfer, he promoted the sport over a long period of years and was a member of Wellington Country Club.

In appreciation of his work with youth, Wellington Future Farmers made him an honorary member.

Singley was a member of First United Methodist Church.

School Board Approves Budget for \$1 Million

Wellington School Board members on Monday night accepted a budget of \$1,015,781.46 for the operation of the school system during the fiscal year 1980-81.

There was no change in

the budget as the board had reviewed it at an earlier meeting, and the approval was given without discussion on a motion by Harold Wayne Moore and second by Willie O'Rear.

Two teachers were elect-

ed to complete the faculty for the year beginning Monday, August 18.

Mrs. Barbara Bartlett, a former teacher in the system, was hired to teach in elementary school at a starting base salary.

She is the wife of Earl L. Bartlett and a graduate of the University of Arkansas. She has also taught in the Jefferson County Schools, Denver.

Keith Davis a Wellington graduate, was hired to teach vocational agriculture. He received his bachelor's degree from Texas Tech University this spring and completed his student teaching at Samnorwood School.

Jim Ingram, owner of Ingram's Cleaners, was chosen by the board to fill the vacancy created by the resignation of Jerol Morris.

County Judge Bob Watson met with the board to explain the work of the County Ownership Office in clearing the title on a large number of lots whose owners are unknown and against which taxes are delinquent, and by means of sheriff's sales, returning

Norwood Board Names Cavitt

A Hobbs, N.M. man, Garland Cavitt, is the new superintendent of Samnorwood Schools. He will succeed Rex Peeples, who resigned recently to become superintendent of the Groom Schools.

Cavitt was elected unanimously by the 7-member board in a meeting Monday, August 11.

"He was the first choice of the board, and the board feels very fortunate to have acquired the services of Mr. Cavitt," said Peeples. They were friends when both taught in Dumas a number of years ago.

Cavitt is self-employed in business related to the oil and gas industry at Hobbs. From 1976 to 1979, he was high school principal at

Morton, and from 1954 to 1976, he was with the Dumas School system as classroom teacher, coach, vice principal and principal.

The Samnorwood board interviewed 8 prospective superintendents in two sessions. The list was narrowed to three, and after further checking, Cavitt was the board's choice.

A native of Roaring Springs, he graduated from Flomot High School and received a B.A. degree from Eastern New Mexico State University, Portales. He received a master of education degree from West Texas State University and had additional graduate honors in school administration from WTSU. Peeples said.

He is a member of National Education Association, Texas State Teachers Association, Texas Association of Secondary School Principals.

His wife, Jean, is an elementary teacher with bachelors and masters degrees.

The couple belong to the United Methodist Church, and at Morton he was a member of the official board and a lay leader. He is chairman of the evangelism committee at Hobbs. He was a member of Dumas Rotary Club.

Mr. and Mrs. Cavitt have two children, Kelly, 22, a senior at Texas Tech University, and Jennifer, 20, a junior at Angelo State University, San Angelo.

Nicholson to Hold Reunion

The annual Nicholson community reunion will be held Sunday, August 17, in the cafeteria of Samnorwood School, according to Mrs. Faye Dunaway of Shamrock, secretary.

Registration will begin about 10 a.m. and those attending are asked to bring a basket lunch. The drinks will be furnished.

A committee made up of a number of present and former Nicholson residents is working on plans for the

reunion. After the dinner, a short business meeting will be held and there will be plenty of time for visiting.

The Rev. Roscoe Trostle of Lubbock, a former resident, is tentatively scheduled to speak, Mrs. Dunaway said.

Approximately 60 present and former residents are expected.

Willie Knoll, who still lives in the community, is president and Roy Hyman of Shamrock is vice president.

Panhandle Democrats Plead Farmers Cause in New York

BY HENRY WELLS

NEW YORK CITY-It was a Monday morning meeting designed to pacify a specific group of delegates--rural Americans--and keep them in the Carter line at least until the crucial rules fight on Monday night with Senator Edward Kennedy.

Jack Watson, Carter's White House chief of staff,

led off. Secretary of Agriculture Bob Bergland and Secretary of Labor Ray Marshall were also set to speak.

Carter hands were making the rounds at New York City hotels Sunday night and Monday morning to all the state and special interest caucuses at the Democratic National Convention.

Near the back of the Sheraton Centre meeting room sat a group of Texas Panhandle Democrats. They included Delegate Sandra Davis of Levelland, Carl King of Dimmitt, Delegate Jerome Friemel of Hereford, and Wellington's Doug Seal, who had been working on the agriculture platform plank, along with Texas Farmer's Union president Jay Naman.

As Watson ticked off one hundred "Action Agenda" items for small towns and rural America, the Texans smoldered. "This is a whitewash job," said King. "They've thrown us another bone with no meat on it."

The Texans wanted the administration and party's platform to speak about low commodity prices.

But in their remarks, Administration officials steered clear of mentioning commodity prices or the parity concept.

Bob Bergland took the opportunity to attack Ronald Reagan. "Reagan has spent his farm life on his tax-shelter California ranch and when he went to Iowa earlier this year he didn't even know what parity was."

But Texas Jay Naman said "The platform as it currently reads is going to be difficult to defend." At least the Republican platform mentions something about 'parity in the market place'.

That Monday morning meeting gave a preview of the farmer's problems at the convention. Farmers wanted to talk about low farm commodity prices--the administration wanted to talk about everything it had done for rural America.

On Monday night Carter forces overwhelmed Kennedy and "open convention" forces and assured Carter's renomination.

But farmers unhappiness with the agriculture plank continued Tuesday as platform debate got under way.

"The loan rate increases announced three weeks ago by the administration were up only 7 percent," said Carl King. "Cost of production is up 24 per cent this year alone. They did not even cover the increase on the cost of production."

"The problem is raising farm income," Doug Seal said. "Low farm income hurts all rural Americans. We want the Democratic Party to win this time and we're trying to help them if they'll let us."

On Tuesday the group hustled around the Madison Square Garden convention site. Buttonholing delegates and anyone who would listen, and circulating copies of a change they wanted made in the platform. The new language that the

farmers wanted urged increased loan rates to cover cost of production.

The platform plank that the delegates are not happy with urges increasing target prices to cover cost of production. It also provides for extended farm credits.

But the platform in its Tuesday afternoon form

Retired Restaurant Owner Dies

Otis Roberson, 77, retired Wellington restaurant owner, died in Collingsworth General Hospital early Monday, August 11.

He and Mrs. Roberson had lived at Thomas Nursing Center for several years.

The couple established Otis Grill in 1943 on the west side of the square, and for the next 25 years had area-wide recognition for the home-cooked style food they served.

Roberson is remembered also for the number of high school students and young adults to whom he gave their first jobs over that period of time.

William Otis Roberson was born at Whitesboro January 5, 1903 the son of M.L. and Lou Poff Roberson. The family came to Wellington in 1907.

He was married to Vera

Plans were announced by D.C. Thomason, vice-president.

The location is located 10 miles north of Hollis Oklahoma on Highway 30, then one and one-half miles west.

Those going from Wellington by Dodson will travel east, reaching Highway 30 at McKnight. From that point, the lake is three miles north then one and one-half

miles west. Registration will begin at 10:30 Saturday morning, and a program and business meeting is planned.

A catered lunch will be served at noon.

There will be plenty of time for visiting, and entertainment is planned.

In addition to Thomason, officers include Ivan Argo, president and Mrs. Laverne Kizer, secretary.

All early settlers of the O.M. area are urged to attend and enjoy the day of reminiscing and fellowship.

McLain Named to Highway Post

Glenn McLain has been named to direct the activities of the Wellington residency of the Texas Department of Highways and Public Transportation, under the direct supervision of George Wall, assistant district engineer, Childress.

He succeeds O.V. Johnson, resident engineer, who retired August 1, forty-two years after he went to work for the department.

"Glenn has done a terrific job for us and he will use his experience in performing his duties in his present position. We're glad to have him heading the work in Wellington," Wall said.

The Wellington residency includes Collingsworth, Donley and Wheeler counties, with some work in Briscoe County.

His first job will be restoration work on Highway 83 from Elm Creek Bridge north to the Wheeler County line.

McLain said DePauw Construction, Inc., is now crushing material for the job and within a few days work should start taking up the old pavement, recycling, adding to it and laying the new surface.

Another surfacing job will begin on US 287, in the Clarendon area. Kent and Nolan Construction of Albuquerque, N.M. is the contractor.

McLain joined the Texas Highway Department in 1946 upon returning from World War II, under Clyde Drake. Two years later he enrolled in North Texas Agricultural College, Arlington, now the University of Texas at Arlington, and received an associate degree in 1950.

He was in the Canadian office of the Highway Department until 1957,

when he returned to Wellington.

McLain points out that his highway department work is unique in that the engineers do all the work associated with planning a highway, including some field work, then draw the plans, and frequently work with the contractor on construction.

"We get to see if our plans and ideas work out all right. Sometimes they don't," he says, then emphasized that this work is a team effort.

With him in the Wellington residency are Bill Long, Hubert Mauldin, Hubert Brooks, Willie Gragson, Harry Patterson and Auther Jones. Clarendon office personnel includes Jack Eads, Sherman Cosper, Harold Gerner and Charlene Mays.

The maintenance department, headed by Jake Meadows, is separate from the engineering department.

McLain is known Panhandle-wide for his work with Boy Scouts. He holds the Silver Beaver, highest awarded to a Scout leader,

made no mention of loan rates or the parity concept.

"This platform is very weak on agriculture," King said.

The Texans hoped Tuesday night that the convention might suspend the rules to accommodate Carter-Kennedy compromises, and they hoped that they might be able to slip in the agriculture amendment in the shuffle.

It wasn't all work though, Texans had started off the week Sunday with longnecks and country music at the Lone Star Cafe in downtown Manhattan.

And one of the most popular buttons in New York this week dealt with the issue that concerns most Texans this summer: "A Republican Shot J.R."

Three Community Reunion Votes Expansion for 1981 Celebration

REUNION OFFICERS

1981 reunion officers for the expanded Lillie-Salt Fork-Marella-Quail-Cross Roads reunion were chosen Sunday. From left, they are Mrs. Wayne Cummings, Ernest Maxwell, Wayne Cummings, Clude Ming of Pritchett, Colo., Mrs. W.F. Howard of Mobeetie, and John Alf Thomas.

The Three Community Reunion - Marella, Lillie and Salt Fork - will become the Five Community Reunion a year from now with residents and former residents of Quail and Cross Roads attending for the first time.

Members voted to invite these two communities to join them during the business meeting of the two-day reunion, Saturday and Sunday, August 9 and 10.

Also in the business meeting, Wayne Cummings was elected president to succeed Judge Zook Thomas. Ernest Maxwell is the new vice president; Ernestine Gosnell Cummings, secretary-treasurer; and Betty Gollighugh Howard of Mobeetie and John Alf Thomas, program chairman.

This year's smaller crowd was attributed to hot weather and the high cost of gasoline, but the visitors represented an area that extended from Pritchett, Colo., to San Antonio.

Mrs. B.B. Morris was honored as the person who had lived in the Three Community area longest, 78 years. She came in 1902.

The oldest resident was Mrs. Edna Maxwell, who is 97. Three other senior citizens were honored, Mrs. Belle Mitchell, 95, Mrs. C.S. Needham and Mrs. Morris, both 88.

Coming farthest to attend were Mrs. Billye Boyer and her daughter, Janice Boyer of San Antonio. Wanda Winegeart received a special tribute for the effort it took for her to attend.

Others in cast were Mr. and Mrs. John Alf Thomas, Judge and Mrs. Zook Thomas, Alvin Horton, Goldie Barnett, Lindy Thomas, Trudie Peters and Hugh Bledsoe.

The visitors returned Sunday morning for a worship service and visiting.

The covered dish luncheon was served at 1 p.m.

From the time these communities were organized, gospel singing has been important to their way of life. Saturday night and again Sunday, they sang the songs they have known since childhood, with Clyde Ming, Hugh Bledsoe and Alvin Horton and Raymond Horton as leaders.

Those who registered at some time during the reunion included Zook and Leatha Thomas, Hugh and Pearl Bledsoe, Claude Killingsworth of Amarillo, Marie Gollighugh, Thadys Hedger of Pampa, Willie Winegeart of McLean, Foster and Wanda Winegeart of Pampa,

Open Youth Horse Show Slated for September 6

Wellington will host the 1980 Collingsworth County Fair Open Youth Horse Show Saturday, September 6, which will attract riders 18 years of age from throughout this county and the adjacent area.

The show is open to riders 18 years of age and under and will be held in the VFW Arena in Northeast Wellington, beginning at 9 a.m.

Invitations have gone out to riders here as well as in Wheeler, Donley, Hall and Childress Counties, but Bill Wilson, show manager, says

that any other rider who qualifies is welcome. The Chamber of Commerce is the show sponsor.

Entries are now being taken by Frances Holland, secretary, at Livestock Supply and Western Wear. Those who received brochure mailings should clip the entry form and return it to her at Box 523, Wellington.

Anyone who does not have an entry form can contact her and secure one by mail or in person. She reminds that parent or guardian must sign a minor's release, which is to be notarized.

Entry fees may be paid on the day of the show and include \$3.00 per class. Entries may also be made on the morning of the show, with deadline for the halter and showmanship at 8 a.m. and other performance events at 10:30.

Dink Wilson, extension agent from Quanah, will judge the show, while Richard Nall will be the announcer. Gano Wilson will be the ring steward and Mrs. Holland and Peggy Hendrix secretaries.

Trophies will be awarded to first place winners and ribbons through 10th place. Tack will be given to the first three places and include halters donated by Singley Mill and Elevator and Warrick's Inc.

Buckles will go to the All-Around contestant in each age group. A horse

must be shown at halter and two performance events to be eligible for All-Around honors. These points will be calculated on an exhibitor's horse team basis.

Classes will include Showmanship, 14 to 18 years; showmanship, 13 years and under; registered mares, grade mares; registered geldings; grade geldings;

Western pleasure 14 to 18 years; western pleasure 13 years and under; western horsemanship, 14 to 18 years; western horsemanship 13 years and under; reining, 14 years to 18 years; reining 13 years and under;

Pole bending, 14 to 18 years; pole bending, 13 years and under; barrel race 14 to 18 years; barrel race 13 years and under.

Point System C from the State 4-H Horse Show Rules will be used.

Wilson said that the show is open to anyone under 19 years of age. Horses must be owned by the contestant, a brother, sister, parents or legal guardian.

An exhibitor may show only one horse in each class, and likewise, a horse may be shown by only one exhibitor in each class.

The judge's decision will be final.

Wilson warned that when an exhibitor or the exhibitor's parents is guilty of unsportsmanlike conduct, the show management may suspend the exhibitor's right to participate in the remainder of the show and the entry fee will be forfeited.

Anyone wanting more information may contact Kent Holland 806-447-2708 day or 447-2797 night, or Bill Wilson at 447-5448.

Cystic Fibrosis Drive Planned

The Lone Star Chapter of the Cystic Fibrosis Foundation announces the appointment of Mrs. Willie Faye

Henard as Chairman of its 1980 Breath of Life Campaign in Wellington.

Mrs. Henard will be recruiting volunteers within the community to help plan and carry out a CF Breath of Life Campaign this fall.

The purpose of this campaign is to provide the community with information about Cystic Fibrosis and to raise funds to support research, education and care programs for CF patients.

The number one genetic killer of children, Cystic Fibrosis is inherited and incurable. An estimated one in 20 Americans is a symptomless carrier of the recessive CF gene. One in every 1500 babies born in this country is a victim of CF. Currently, half of all children born with CF will die before they leave their teens.

To volunteer for the Breath of Life Campaign, those interested should contact Mrs. Willie Faye Henard.

"We have installed a weather teletype with a direct link to Amarillo and we have ordered an Associated Press machine," Giesecke said.

A Teaspoon-What Is It?

College Station--Some of us don't know what a teaspoon is--when it really counts, as in taking medicine, says a health education specialist.

If you grab a kitchen "teaspoon" in a mad moment of hurry-up medicine taking, you might get three times as much medicine as the doctor prescribed, warns Mary Ann Shirer.

Dr. Shirer is with the Texas Agricultural Extension Service, The Texas A&M University System.

Officially, a teaspoonfully should equal five "cubic centimeters"--or "cc's."

Less than that may be inadequate to do the

family last week.

Tommy Cochran visited Mr. and Mrs. Bob Cochran and family last weekend.

Joe Sanderson is home after being on wheat harvest for several weeks.

Mr. and Mrs. Ross Swift hosted a family dinner, Sunday. Attending the dinner were Mr. and Mrs. Tim Moore of Dallas, Mr. and Mrs. Bundy Moore and Tane, Mr. and Mrs. Glen Warrick, Marty, Jim and Jay, and the hosts Mr. and Mrs. Ross Swift.

job--and much more may be dangerous, especially to small children, the specialist stresses.

To be sure you get the exact amount, ask your pharmacist for a set of graduated medicine spoons, particularly if you have small children.

These spoons aren't expensive, and they are calibrated to hold what is intended.

Also, don't ever take a swig directly from the bottle--it isn't a measured dose, of course, and more importantly, you may contaminate the bottle with germs.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — The Texas delegation to the National Democratic Convention was expected to play a key role in this week's nominating process.

Most Texas delegates were pledged to President Jimmy Carter and not expected to vote for an open convention, a political maneuver which would open the door for Sen. Edward Kennedy or any other individual.

During the past three years Carter has appointed many Texans to federal posts, and it is not sheer coincidence that his campaign manager, Robert Strauss, is a Texan. Carter's strategy has been to let Texans govern Texas, with a few exceptions such as the windfall profits tax.

A poll released last week by Democratic candidate for Railroad Commissioner Buddy Temple showed Carter trailing Republican nominee Ronald Reagan by only six percentage points in this state. Texas Republicans scoffed at it, pointing to other nationwide polls which had Carter down as low as 22 percent approval two weeks ago.

Presidential elections have a tradition of leveling off in the middle with the winner just over 50 percent. Reagan, who is strongly backed in Texas, has yet to cross that 50 percent mark in any recent poll.

The eventual winner in 1980 may well need to carry Texas, and election watchers can expect a good political fight between Democrats and Republicans this fall.

Anderson on Ballot?

Independent candidate Illinois Congressman John Anderson gathered enough persons signatures to obtain a spot on the Texas ballot, but a controversy between Republican Secretary of State George Strake and Democrat Attorney General Mark White on who was eligible to sign has yet to be solved. Strake says voters in the Democratic primary are eligible; White says they are not.

Strake is presently random sampling one percent of the signatures for validation. If he verifies the petition, the Texas Democratic Party has hinted it will file a lawsuit for a decision on who is legally correct, Strake or White?

Texas Races

Last week the State Democratic Executive Committee certified four legislative candidates as primary winners. Getting the nod were Joe Moron of Beeville for Dis-

trict 47, Bruce Gibson of Godley for District 33, incumbent State Rep. Smith Gilley of Greenville, and former state representative John Wilson of LaGrange, now running for State Senator 18th District.

The SDEC also named State Rep. Melchor Chavez as the nominee for the 107th District Court seat vacated by Filemon Vela, who was appointed to a federal bench by President Carter. Chavez, D-Harlingen, was expected to make a state senate race for the South Texas seat given up by judge-elect Raul Longoria. That post is now expected to be sought by, among others, State Rep. Hector Uribe of Brownsville. Last year in the Legislature, Uribe earned a reputation for clear-thinking and preparedness.

Readable Auto Insurance

The State Board of Insurance officially adopted a new readable auto insurance policy that the board chairman said was "three times easier to read than the old form." The new form is a third shorter and substitutes plain English for legal jargon. Commissioner Lyndon Olsen said the new policy will go into official use June 1 next year.

Paper Chase

An interim committee has found another way to cut state paper work: create an agency to cut paper work. The committee chaired by state Sen. Jack Ogg of Houston made the recommendation.

Nurse Shortage

The state's nurse shortage could become worse if the profession is not made more attractive, according to a report released by the Subcommittee on Nursing.

A report last year by the Texas Hospital Association cited 4,000 unfilled nursing jobs in the state and also found a need for some 5,000 additional nurses.

The subcommittee's report listed 16 recommendations, including a review of wage and benefit programs.

Hughes Eyed Favorably

Texas Assistant Attorney

General John David Hughes has a few more hurdles to clear but received a generally favorable reception from a U.S. Senate committee scrutinizing his appointment to the Federal Energy Regulatory Commission.

Senators questioned his involvement in a suit challenging the constitutionality of the Natural Gas Policy Act and asked whether he had a pro-industry bias.

Hughes replied he favors the federal phased deregulation plan which decontrols prices in 1985 and that he believes the natural gas act to be constitutional.

THOMAS' ROLL CALL REPORT

Your Congressman's Votes Reported Each Week

WASHINGTON—Here's how area members of Congress were recorded on major roll call votes in the days before the House and Senate recessed for the Democratic National Convention.

HOUSE

HELPING THE HANDICAPPED By a vote of 190 for and 217 against, the House refused to waterdown a Department of Transportation regulation requiring that municipal buses bought with federal grants be equipped with wheelchair lifts. The amendment sought to give cities the "local option" to choose means other than lifts to satisfy the federal law insuring the handicapped access to mass transportation. It was offered to an appropriations bill (HR 7831) (later passed and sent to the Senate).

Members voting "yea" favored the local-option approach in providing mass transportation for the handicapped.

WILLIAM T. CAMPBELL HOME

Two brothers, Walter T. Campbell and John Campbell, reached this area in 1888 to establish the Campbell ranch, southwest of what was to become the Loco community. The next year they persuaded their parents to join them in the ranching enterprise, and Mr. and Mrs. William T. Campbell arrived with their 10 daughters. This fine home was built about this time. A number of years later, the C.W. Hazard family made this their home and were living there when it burned April 14, 1917. A daughter, Mrs. James Gibson of Amarillo, recalls all the neighbors helped fight the fire then returned to build a small house. Meanwhile the Hazards stayed for a week with Mr. and Mrs. W.D. Durfey, who saw the fire on their way home from Wellington. Mrs. Durfey was a daughter of the William T. Campbells. Relatives still here are the families of Frank Campbell, Cliff Campbell and Mrs. Velman Warrick.

Members voting "yea" favored the two percent reduction but did not specify which programs they would cut.

THE ZIMMERMAN NOMINATION The Senate confirmed, 68 for and 27 against, the nomination of Republican Don A. Zimmerman to be a member of the five-person National Labor

Relations Board, which adjudicates disputes between labor and management in accordance with laws such as the Taft-Hartley Act. Counting Zimmerman, the board has three Democrats and two Republicans. Conservative Republicans felt Zimmerman would be anti-business.

It Was Hot Then, Too

This summer has been hot with plenty of 100 degree days and old timers are comparing this heat wave with some other hot years, notably 1936 and 1953. We don't have temperature records for the Perryton area that far back, but of course will concede that 1936 and 1953 were hot summers, indeed. We remember 1953 in particular for one trip that we made in June to the Texas Press Association convention in Mineral Wells. It was so hot that the pavement was melting and our automobile, non-air conditioned of course, nearly boiled all the way. On the trip home we came through Childress and stopped at a service station to buy gasoline only to be informed that the pumps were out of commission because the heat had vapor locked the mechanism. It was 112 that day.

Save The Children

It's about time that law-enforcement officials started cracking down on people — physicians, neighbors, teachers, relatives — who deliberately fail to report child abuse. More than 1,025 abuse cases have been handled already this year by child welfare workers, but an estimated 10,000 have gone unreported, with children's lives hanging in the balance.

A penalty of up to six months in jail and a \$1,000 fine is provided in a 1975 law making it a misdemeanor not to report suspected cases of child abuse. Until this month the law has not been strictly enforced in the Dallas-Fort Worth area. It's a step forward that U.S. Dist. Atty. Tim Curry in Fort Worth now has begun efforts to enforce the law as part of his campaign to stop the violent deaths of children.

Curry's office currently is seeking indictments against two Fort Worth residents who told investigators they knew a neighbor had beaten her child several times, but they did not report the attacks until after the child's death. His staff also is seeking charges against four people suspected of withholding information about repeated beatings of a 4-year-old girl. The girl died from internal injuries after she was raped by her father.

The idea is not to encourage witnesses to tattle on neighbors without sufficient grounds for a complaint, but to speak up when they have good reason to believe a child is being physically abused, sexually molested. The result could save some of the victims so young and small they cannot protect themselves.

FROM HIS WORD...

We today often hear in our news reports of the "Rights" of others being violated. Many persons, including myself, often feel we have the freedom and right to do what any other law-abiding citizen does.

The case for and against our rights is stated clearly by Paul in I Corinthians 8:6-13. "Yet for us there is but one God, the Father, from whom are all things, and we exist for Him; and one Lord, Jesus Christ, through whom are all things, and we exist through Him. However, not all men have this knowledge ... But take care lest this liberty of yours somehow becomes a stumbling block to the weak ... For if someone sees you ... For through your knowledge he who is weak is ruined, the brother for whose sake Christ died. And thus, by sinning against the brethren and wounding their conscience when it is weak, you sin against Christ. Therefore, if food causes my brother to stumble, I will never eat meat again, that I might not cause my brother to stumble."

Is it right to do whatever is lawful just to prove we are right? Or is the responsibility of freedom that of doing what is correct, as opposed to what is within our "Rights"?

Dear Senator _____:

This is to urge you to introduce the enclosed proposed legislation, "Balanced Treatment for Scientific Creationism and Evolution Act," for insuring that public schools give balanced treatment to the scientific aspects of both evolution and creation. Most public schools in our state currently teach only evolution. I believe this violates the rights of students and parents — constitutional rights to freedom of religious exercise, freedom of belief, and freedom from establishment of religion. Their right to academic freedom is also being deprived.

Enclosed bill was drafted by an attorney with a strong background in constitutional law. A number of other people with expertise in various areas have made suggestions which have been incorporated. This draft bill could easily be introduced in its present form.

I believe that a majority of citizens in this state favor giving balanced treatment to these two scientific theories on the origin of life and of man. Over 6000 impartial surveys have been conducted in diverse sections of the country; their results have indicated that over 70% of all persons surveyed favor including creation-science in the public classroom.

Please note that this bill requires balanced treatment of the scientific evidences for creation and evolution, not any religious instruction or use of the Bible.

I look forward to hearing from you about introducing this legislation. As I hear from other legislators, I will then pass their names on to you as co-sponsors.

Thank you for your kind consideration to this request for your legislative assistance.

Plans Started for 1981 Reunion

Less than a week after this year's Wellington Ex-students meeting, the new president, Jerry Manuel called, a planning meeting for the 1981 reunion.

The date was set for Saturday, August 1, 1981.

Manuel was elected at the reunion business meeting, along with the board of directors.

Officers selected at the meeting Thursday, July 31, to complete the slate were Ralph Owens, first vice president; Mrs. George Porter (Vickie Motesbocker) secretary and Mrs. Dallas Holland (Denise Mitchell) treasurer.

The reunion will be in the Bura Handley Community Center.

Committees named included: recreation: Ralph Owens, golf chairman; Travis Tenison Templeton, tennis chairman assisted by Lee Templeton, Richard Sims and Randall Sims.

Food (barbecue) Dr. Bill Estes, chairman, assisted by Alcie Holliman Estes and Jerry Duncan; registration: Granvel Harrison chairman, assisted by Neva Clay Kromer, Bethine Adkins Wolf and Brenda Barton.

Youth entertainment: Mrs. Holland; Dance, Dorothy Baird McGill.

Chairmen were named in several cities where there are large groups of Wellington ex-students, and during the year they will contact exes and urge them to attend the 1981 reunion.

Those who have been asked to serve are Molly Denley Cameron, who is a director, Amarillo; Dr. Dick Ellis of Ft. Worth, the Dallas-Ft. Worth Arlington Metroplex; Lonnie Hollingsworth, Lubbock; Jan Glenn, Houston; and Mary Ann Hunter, Shamrock.

Chairmen will be named in other cities as they are needed.

The reunion scrapbook will be compiled by Mrs. Porter and Mrs. Barton. Andy Henard will act in a

liaison capacity with the merchants.

In addition to the general reunion class reunions will be held. The Class of 1951 is the first to announce plans.

Much of the meeting was taken up with discussion of possible plans with emphasis on more entertainment at the 1981 event.

Another major objective will be work through the year to get more Wellington area ex-students to attend

next year's reunion.

"If you want to work with the Ex-Students Reunion, we welcome you. Just get in touch with us," said Manuel.

"We want to involve as many people as possible in next year's plans. Let us emphasize that to be an ex-student, you do not have to be a WHS graduate. If you attended school here at any time, you are an ex-student.

"We also welcome workers who are not ex-students, but who are interested in our reunion. Many of you have lots of good ideas, and some of you have ties with the school by having children who are or have been students here."

of Free & Reduced-Price Lunch Policy

Samnorwood Independent School District and Wellington Independent School District today announced their policy for free and reduced-price meals, free milk, for children unable to pay the full price of meals and milk served under the National School Lunch, School Breakfast, and Special Milk Programs.

Local school officials have adopted the following family size income criteria for determining eligibility:

Each school district may determine the price charged for reduced-price meals, but in no case may the charge for a reduced-price lunch exceed 10¢ or a reduced-price breakfast exceed 10¢.

Children from families whose income is at or below the levels shown are eligible for free or reduced-price meals or free milk. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the superintendent's office and the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, it should contact the school.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color or national origin.

Under the provisions of the policy the superintendent of each respective school will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may make a request either orally or in writing to:

for a hearing to appeal the decision. The policy contains an outline of the hearing procedure.

Each school and the office of the superintendent has a copy of the complete policy which may be reviewed by an interested party.

The policy also provides that there will be no identification of or discrimination against any student unable to pay the full cost of a lunch.

English Visitor's Tour Will Include Wellington

WTSU--Foreign visitors to Texas often are disappointed when their expectations of tough-talking, tobacco-spitting characters wearing multi-galoned hats and tall boots are shattered, but one English visitor finds Texas exactly as he thought he would.

Rory Cellan-Jones stopped at West Texas State University on Thursday, August 7, to visit the campus his sister-in-law, the former Patricia Starr, attended.

Cellan-Jones, a 22-year-old student at Cambridge University in London, arrived in Amarillo on Monday, August 4, and plans to stay until Monday, August 11. He is staying with his sister-in-law's mother, Mildred Starr of 3702 Linda.

While he is in Amarillo, Cellan-Jones will visit in Wellington.

Since the nighttime soap opera, "Dallas," has become popular in London, Britishers' ideas of Texans are becoming more filled with hats and boots, cattle and oil and everything big.

"Everybody's wearing 'I shot J.R. shirts,'" said Cellan-Jones with his British accent. "I haven't watched it that much, but my mom doesn't miss a one."

His initiation to the United States was in Boston where he said he was insulted by the taxicab driver. As the cab arrived

at the residence at which he was staying, a police car also arrived. He later learned that a neighbor had been murdered.

For a special \$299 airline ticket for foreign visitors, Cellan-Jones will visit Arizona; San Francisco; Denver; Washington, D.C.; New York City; Toronto, Ontario, Canada; and Boston again before returning to London in mid-September.

Although Amarillo will be his only Texas stop, Cellan-Jones will visit in Wellington and the XIT celebration in Dalhart where he will view his first rodeo.

He said he was impressed by "Texas," the summer musical drama performed annually in Palo Duro Canyon, and although the Panhandle landscape is "more barren, it's dramatic." He also was impressed by the endless twinkling stars in the Panhandle night sky.

"In London it's too lit up at night and you can't see any stars at all," he said.

The site of the fulfillment of his Texas expectations was the livestock auction in Amarillo where he could understand neither the auctioneer or the buyers.

"There were all these Western hats and hard-biten Texans chewing tobacco. There were even cowgirls in hats herding the cattle around."

He said he is searching for a pair of cowboy boots to take home.

Cellan-Jones said he did not expect the large number of fast-food establishments or the larger cars in America.

"I went for a long walk (in Amarillo) the other day and everywhere I looked was fried chicken. We have no drive-ins or drive-in movies in London."

Cellan-Jones, who is studying French and German, said he and many other Cambridge students walk, ride bicycles or take buses instead of driving cars. He does not have a driving permit or license.

He said gasoline in America is "incredibly cheap." Gasoline in London, he said, is "one pound,

33" or about \$3 per gallon. Gasoline in Paris, where he taught last year, is \$3.50 per gallon.

"You couldn't get the big cars here around the London streets.

He said his sister-in-law, who has been in England for 13 years, is an actress and her husband, Rory's brother, is a barrister or lawyer.

James Holley Dies Thursday In Abilene

James B. Holley, 55, died at 11:30 a.m. Thursday, August 6, in Central Nursing Center, Abilene, after a lengthy illness.

Holley had lived in Wellington all of his life until about three years ago, when he moved to Abilene.

He operated James Fireworks and Novelties shop here for many years despite the fact that he had been crippled since birth. With the help of employees, he carried on all operations relating to the business. He supported many community activities although there were some in which he could not actively participate.

Born in Wellington July 7, 1925, he was the son of the late J.F. and Addie Berryman Holley.

Several months after the death of his mother he moved to Abilene. His father died a number of years ago.

Funeral services were conducted at 2 p.m. Friday in the Church of Christ, with Garell Forehand, minister, officiating.

Burial was in the family plot in Memorial Gardens under the direction of Kelso Funeral Home.

Pall bearers were Tim Cummings, Troy Gene Thomason, Shelton Nunnally, David Peters, Marshall Peters and Billy Colson.

Survivors include a sister, Mrs. Kathleen Gray of Abilene; two nephews, Mike Gray of Abilene; Pat Gray of Dallas; and a niece, Mrs. Kay Janes of Irving.

Mrs. Bumpas Visits Amarillo, Roswell

Mrs. Irene Bumpas was in Amarillo several days recently to be with her brother, Leonard Tension, who is seriously ill. Mr. and Mrs. Ralph Tension took her.

They also visited two of Mrs. Bumpas sisters, Mrs. Arvazene Winters and Mrs. Bertha Turner, and a nephew, Mr. and Mrs. Keith Winters.

Joining them were two other sisters, Mr. and Mrs. Lee McEachern of Pasadena, Ca., and Mr. and Mrs. C.E. Roach of Artesia, N.M.

Mrs. Bumpas then visited her daughter and grandchildren, Mrs. Jo Ann McKenzie, Guylene and Tony, in Roswell, N.M. She went on to visit the Roaches at Artesia.

Her grandson, Tony McKenzie brought her home.

Women Complete LVN Training

Two Wellington women will participate in the graduation exercise for the 1979-80 Vocational Nursing Class of Clarendon College to be held Friday, August 22, at 8 p.m.

They are Mrs. Edna Benton and Mrs. Pearl Sherwood.

Mrs. Benton's goal is to become a registered nurse. She received her associate's degree from Clarendon College in 1976 and began work at Northwest Texas School of Nursing, Amarillo, when she had to drop out due to the illness of her husband, the late Clyde Benton.

Upon receiving her LVN license, she plans to work a year, then challenge for her first year of nurse's training at Northwest Texas Hospital School of Nursing, Amarillo. Her clinical training this year was in Childress General Hospital, Mrs. Benton grew up in Collingsworth County.

Mrs. Sherwood worked for St. Joseph's Hospital

and Collingsworth General Hospital for 18 years, from 1956 to 1974, then became the office nurse for Dr. Chas. B. Jones.

She completed the work for her GED diploma to enroll in the Clarendon College Vocational Nursing Class. Her clinical work was in Childress General Hospital.

Mrs. Sherwood came to Wellington from Shamrock. Both women have families.

The CJC vocational nursing curriculum is a one-year program consisting of 600 hours of classroom instruction (pre-clinical hours of hospital training.)

Successful completion of the college course qualifies the student to take the Texas State Board of Vocational Nursing Examination to obtain a state license.

The classroom instruction is held in the LVN Department at Clarendon College and clinical work is in one of several area

hospitals.

Following the graduation exercises, which will be in Harned Sisters Fine Arts Center on the college campus, a reception for families and friends of the graduates will be held.

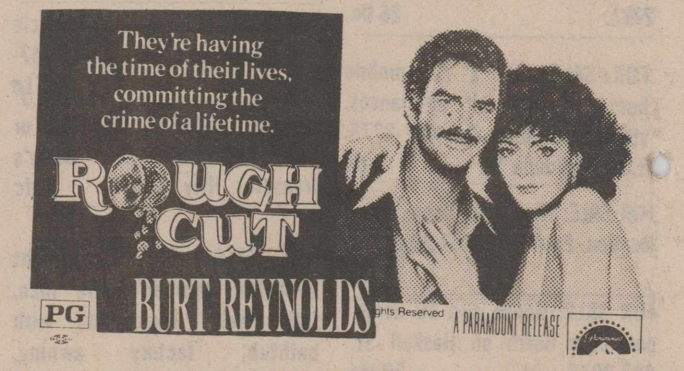

The fastest racehorse runs at 43 mph.
