Oil Editor

**SLICK-URSHEL IS TO DRILL
DEEP WILDCAT IN E-C UPTON**

Slick-Urschel Oil Company is moving in rotary equipment to start operations at once on its No. 1 W. H. Dixon, as a 12-500-foot wildcat, in East-Central Upton County, to explore into the Ellenburger.

The venture will be 600 feet from north and west lines of section 3, C. Bendle survey. That puts it approximately one mile south of Slick-Urschel and Plymouth No. 1 Standeford, southwest flanker to the discovery well of the Bendum field. The No. 1 Standeford had reached 12,425 feet in Ellenburger dolomite, and was making more hole.

The wildcat in West-Central Reagan County, two miles southeast of the initial producer in the Bendum field, and which was originally reported as No. 1 Dixon, is that concerns No. 1 W. H. Dixon. That project is to be located 600 feet from north and 2,500 feet from west lines of section 2, Peter Beach survey. It is also scheduled to drill to about 12,500 feet to test into the Ellenburger. Name of the fee owner of the land was incorrectly spelled in the original report.

**HUMBLE GETS O. & G. SHOWS
IN DST OF NO. 1-A BARNETT**

Humble Oil & Refining Company No. 1-A Barnett, wildcat three miles north and slightly west of the initial Ellenburger producer in the Bendum field, and 1,980 feet from north and 600 feet from east lines of section 4, block Y, GC&SF survey, was making new hole under 12,187 feet in Ellenburger dolomite. It took a one hour drillstem test at 12,022-162 feet. Recovery was the 2,230-foot water blanket and 420 feet of oil and gas cut mud.

No signs of water were reported in the recovered fluid.

**NW FLANKER TO BENEDUM
SWABBING ELLENBURGER**

Slick-Urschel and Shell Oil Company No. 1 Gordon, three-quarters of a mile northwest of the first oil well in the Bendum field, and 600 feet from south and east lines of the southwest quarter of section 47, block Y, TCR survey, had drilled out the plug on 7-inch casing, which had been set at 11,450 feet, over the total depth of 11,490 feet, and was swabbing to clean out and test.

This project topped the Ellenburger at 11,170 feet. Elevation is 2,988 feet. The section now showed showed heavy gas and flowed oil on a drillstem test before the casing was run and cemented. The project is expected to kick off and start flowing in a short time.

**HUMBLE SPOTS ANOTHER DEEP
VENTURE IN N-C STERLING**

Humble Oil & Refining Company No. 2-B Ellwood, is to be a new semi-wildcat in North-Central Sterling County, to test into the Ellenburger at between 8,000 feet and 8,500 feet.

It is to be 1,980 feet from north and east lines of section 53, block 18, SPR survey. That makes it about three-quarters of a mile north of the same company's No. 1-B Ellwood, recently completed small discovery from the Ellenburger.

That well was making a small amount of oil and some water at last report.

**GETTY TO DIG SE STEP-OUT
TO CRANE GRAYBURG DISCOVERY**

George F. Getty No. 2 Mollie Day is a new prospect in the Grayburg in Southeast Crane County. It is located 980 feet from north and 330 feet from east lines of section 3, block X, C&S&RGNG survey.

Drilling to 2,800 feet, using cable tools, is to start at once. This project is 933 feet southeast of Getty's No. 1 Mollie Day, a small discovery from the Grayburg line which was finished as a pumping producer several weeks ago.

**SEABOARD SWABS 126 BARRELS
OIL IN SIX HOURS IN TERRY**

Seaboard Oil Company, North-east Terry County discovery from the Cisco line in the Panhandle, swabbed 126 barrels of oil in six hours, and was still swabbing to clean out and test.

The pay section between 5,465 feet and the total depth at 5,405 feet, had been washed with 500 gallons of mud acid, and then treated with 2,000 gallons of regular acid.

No formation water has been developed. However, operator has not been able to wash out all of the drilling fluid which has been absorbed into the pay horizon.

It is expected that with further swabbing, the well will soon kick off and start flowing clean pipe line oil at a heavier yield than it is now recovering on the swab.

This new field opener is ten miles northeast of Brownfield, eight miles southeast of Meadow, and 600 feet from north and west lines of section 91, block 4-X, pal survey.

**GULF HAS REACHED 12,425
FEET AT NO. 1-E BRYANT**

Gulf Oil Corporation No. 1-E Wilson Bryant, Central Midland County wildcat, 14 miles south of the city of Midland, and 600 feet from north and 1,980 feet from west lines of section 36, block 39, TP survey, T-3-S, had reached 12,425 feet in Devonian lime and chert, and was continuing to drill ahead.

**TEXACO DRILLS AHEAD AT
WEST MIDLAND VENTURE**

The Texas Company No. 1 Scharbauer, one mile south of Midland Air Terminal, in West Midland County, and 600 feet from south and west lines of section 20, block 40, TP survey, T-2-S, had reached 9,365 feet in an unidentified lime, and was boring ahead.

**STANOLIND TO EXTEND LINE
INTO ECTOR AND WINKLER**

Construction is slated to be started. (Continued On Page Seven)

Russian Teacher To Testify In Spy Ring Probe

Dixiecrats Aim At Texas' 23 Electors

HOUSTON—(AP)—States' Rights Democrats, their presidential campaign officially underway, Thursday concentrated their strategy on Texas' 23 electoral votes.

Gov. J. Strom Thurmond of South Carolina, who Wednesday night formally accepted his nomination as the Southerners' presidential candidate, was to speak Thursday before a statewide mass meeting to map Texas campaign strategy.

Texas holds the south's largest number of electoral votes, an important block in the 127-vote, 11-state total on which Thurmond and his vice presidential running mate, Gov. Fielding Wright of Mississippi, plan to concentrate.

It was a noisy, Rebel yelling crowd of between 8,000 and 9,000 that attended the rally Wednesday night in Houston's big Sam Houston Coliseum.

Condition Of Babe Ruth Is Still Critical
NEW YORK—(AP)—Babe Ruth, baseball's mightiest slugger of all time, rallied slightly Thursday but doctors described his condition as still critical.

The 53-year-old former New York Yankee star, ailing for two years, entered a hospital here last June. He suffered a relapse Wednesday after developing a cold.

A bulletin, issued from the hospital early Thursday by Dr. Hayes Martin, said: "Babe Ruth rallied this morning. His pulse is stronger. Condition improved, although still critical." Visitors to the home run king's bedside Thursday included his wife, Mrs. Claire Ruth; his daughter, Mrs. Richard Flinders of New Canaan, N. H.; his sister, Mrs. Wilbur Mowery of Baltimore, and James P. Chapman, personal friend and Ford Motor Company public relations director.

"The Babe recognized me, smilingly," said Chapman as he left the hospital.

Hot, Dry Weather Pushes Temperatures To Seasonal Records

By The Associated Press
Hot, dry weather was pushing temperatures back to 100 and above over most of the state again Thursday.

No relief was in sight, the Weather Bureau said. No Highs for the hot weather season this year were registered in numerous cities Wednesday. Only the coastal region with its sea breezes and the Panhandle with a different air formation over it escaped the extreme heat. El Paso was cooled by a 50 inch rain.

The season's high at Corsicana Wednesday was 108. Austin tied the previous 1948 high with 101.4 with its fifth consecutive day of temperatures above 100. San Antonio's temperature was predicted to climb from Wednesday's 103 to 105.

Other temperatures: Presidio 106, Laredo 105, and Brownsville 96 in the Valley; Abilene 104, Big Spring 101, Lubbock 98 and El Paso 99 in West Texas; Amarillo 94 in the Panhandle; Wichita Falls 104, Mineral Wells 106 and Dallas and Fort Worth 105 in North Texas; Lufkin 106 and Tyler 104 in East Texas; Beaumont 97, Corpus Christi 96 and Galveston 92 along the coast.

QUANAH TEEN-AGER DIES OF PISTOL WOUND

QUANAH—(AP)—John Ray Golden, 18, died Thursday from a wound suffered Wednesday when a pistol with which he was tinkering accidentally discharged.

He was the son of Mr. and Mrs. O. E. Golden.

HOBBS ARMY AIR FIELD MAY BE REACTIVATED

DENVER—(AP)—The Army Air Field at Hobbs, N. M., may be withdrawn from surplus and reactivated, Regional Director John A. Skeen of the War Assets Administration said Thursday.

Happy Reunion

Suzanne Marie Holmes, 2 1/2 years old, gives all her attention to an ice cream cone after being reunited with her parents in New Orleans, La. The child was found unharmed in a muddy ditch 80 miles from New Orleans. Mr. and Mrs. Walter C. Holmes, parents of the little girl, believe the child was kidnapped and then abandoned.

Dixiecrats Confer In Houston

Gov. J. Strom Thurmond of South Carolina, left, Dixiecrat nominee for the presidency, discusses the details of the convention being held in Houston with W. H. Talbot, center, national committeeman from Louisiana, and Leander Perez, well-known Louisiana politician.

Jackson Supports Pat Corbett For Representative

Emory T. (Pat) Corbett of Midland, candidate for the state representative of the 88th Legislative District, said Thursday Sheriff Buck Jackson of Pecos, who was eliminated from the representative race in the first primary, is supporting him against J. T. Rutherford of Odessa in the August 28 runoff election.

Corbett made public a letter from Sheriff Jackson, addressed to "My Friends and Neighbors of the 88th District."

The letter follows: "I wish to express my appreciation of the generous support given me by my friends and neighbors of the 88th District in the July Primary.

"Since I am no longer in the race, I would like to present to my friends and supporters, Emory T. (Pat) Corbett, as my choice of candidates for state representative. The office of state representative is important. West Texas needs a man who is qualified for the job, and I believe Pat Corbett is the man for West Texas. I would consider it a personal favor to me for my friends and neighbors who gave me their support, to give their support to Pat Corbett in the runoff election August 28."

Odessa Has Serious Water Shortage, Too

ODESSA—Mayor A. P. Brown Wednesday declared a water emergency here, restricting the use of water for irrigation of lawns, gardens and trees, and for the washing of automobiles.

City Manager J. R. Wilson said the usage of water here has increased to an all-time high of 4,500,000 gallons a day.

City officials said new wells are expected to be tied into the distribution within 10 days, at which time the emergency restrictions will be lifted.

The mayor "appointed each citizen of Odessa as a committee of one" to report violations.

Absentee Ballots Available Friday

James T. Smith, Midland County Democratic chairman, said Thursday noon ballots for the August 28 runoff Democratic primary election are in the hands of the printers and that they will be available Friday morning in the county clerk's office in the courthouse for absentee voting.

Printing of the ballots was delayed awaiting certification from the State Democratic Executive Committee of candidates for races in the primary. The committee met Monday in Austin.

Henry Coffield, Senate Candidate, Visits Here

Henry Coffield of Marfa, candidate for state senator from this district, arrived in Midland Wednesday night to visit friends and supporters and to contact voters in the interest of his campaign. He said he has visited each county in the huge district since the first primary, in 1946.

The rancher and former mayor of Marfa said he will continue his campaign at a fast pace until the August 28 runoff election.

Humble Brings In New Producer In Gulf

NEW ORLEANS—(AP)—Indications of a new major oil field in the Gulf of Mexico off Jefferson Parish have been revealed by the Humble Oil and Refining Company.

The firm said it had brought in a well flowing at the rate of 1,000 barrels a day at its drilling platform eight miles off Grand Isle.

Robbers Loot Bank Of \$562,000 Cash

HAVANA, CUBA—(AP)—Cuban police Thursday sought a polite band of robbers who strolled into a mid-town Havana bank Wednesday and sauntered out again with \$562,000 in cash.

All airports, ships and trains were watched for the smooth-working bandits who herded 18 persons into a rear room of a branch of the Royal Bank of Canada just after the 3 p. m. closing time, then looted the bank's vault and cashier's cage without being molested.

The robbery was executed by eight or 10 men led by one dressed in a policeman's uniform. Although they were armed with pistols and machine guns, not a shot was fired.

As the group entered the bank, the uniformed leader politely told the door guard in Spanish: "These gentlemen are coming in with me—and so are you. Kindly take a place right behind me, and don't take a place right behind me, and don't try to draw your gun or the gentleman behind me will shoot you full of holes."

Then they ordered Branch Manager Esteban Juncadella, 13 other employees, a bank guard and three customers into the rear room.

The manager said a preliminary check indicated the thieves took a total of \$562,000 in U. S. dollars and Cuban pesos. The peso has the same value as the dollar. He said \$365,000 was taken from the vault and the balance from the cashier's window. All of it was in denominations of \$100, \$500 and \$1,000 bills, both Cuban and American.

About a half hour after they entered the bank, the thieves sauntered out, their loot wrapped in typewriter and adding machine covers.

McMath Holds Lead In Arkansas Returns

LITTLE ROCK—(AP)—With the vote total above 500,000 for the first time in the state's history, Arkansas apparently has chosen Sidney McMath as its next governor.

The 36-year-old Hot Springs prosecutor's victory in the Democratic primary Tuesday wasn't conceded, however, by his runoff opponent, former Attorney General Jack Holt.

Holt trailed by a slim 10,748 votes on the basis of latest returns in 2,172 of the state's 2,339 precincts, giving McMath 155,413 and Holt 144,665.

Henry Coffield, Senate Candidate, Visits Here

Henry Coffield of Marfa, candidate for state senator from this district, arrived in Midland Wednesday night to visit friends and supporters and to contact voters in the interest of his campaign. He said he has visited each county in the huge district since the first primary, in 1946.

The rancher and former mayor of Marfa said he will continue his campaign at a fast pace until the August 28 runoff election.

Red Consul Defies Order To Produce Witness In Court

WASHINGTON—(AP)—Under close guard, a Russian school teacher was brought to Washington Thursday to talk with congressional spy investigators while the Soviet consul in New York defied a court order to produce another teacher.

Representative Thomas (R-NJ) announced that Michael Ivanovitch Samarin is here from the New York area and will be questioned by members of the House Un-American Activities Committee Thursday afternoon behind closed doors.

In New York City, Soviet Consul General Yakov M. Lomakin ignored a State Supreme Court writ directing that he produce Mrs. Oksana Stepanovna Kosenkina in court.

It was not immediately clear what the court would, or could, do about this defiance.

Mrs. Kosenkina has been secluded in the Soviet Consulate since last week when Lomakin says he "rescued" her from a White Russian and Communist retreat at Valley Cottage, N. Y.

Mrs. Kosenkina and Samarin both are former teachers in a school the Soviet operated for Russians who are in the United States because of connections with the United Nations.

Ambassadors Confer Again With Molotov

MOSCOW—(AP)—The envoys of the United States, Britain and France conferred with Soviet Foreign Minister Molotov for almost three hours Thursday.

U. S. Ambassador Walter B. Smith, French Ambassador Yves Chateigneau and the special British envoy, Frank Roberts, motored together from the American Embassy to the Kremlin for the appointment with Molotov.

It was the fourth time in two weeks the Western representatives have called upon Molotov for talks aimed at ending the Soviet blockade of Berlin and a solution of other East-West differences in Europe.

Smith told correspondents the three Westerners would confer at the U. S. Embassy after the Kremlin meeting.

"I'll give you my usual no comment statement," he said.

Berliners Appeal For Firmness In Talks At Moscow

BERLIN—(AP)—Blockaded Berliners have appealed to the Western Powers to make no compromise in Moscow that might give the Communists control of the city.

Some 5,000 Germans at a rally in the U. S. sector Wednesday night cheered demands that no settlement be made in the Soviet capital at their expense. The meeting was sponsored by the conservative Christian Democratic Union (CDU).

The chief speaker, CDU Chairman Jacob Kaiser, asserted the Russian blockade had made Berlin "an island in a Red sea—but an island which will not surrender."

"Russia ruined its chances for winning understanding with all upright Germans by its acts here in the conquest of Berlin and afterwards," said Kaiser, a veteran trade union leader.

In London, diplomatic informants said the Western Powers will give their answer to Soviet ideas for a Berlin settlement in the Kremlin, possibly Thursday. They said the meeting may spell the success or failure of the Moscow talks.

The Russian-controlled press charged again Thursday that the Soviet plan to feed all Berlin was being "consciously sabotaged" by German officials and threatened to call them to "sternest account."

This was the second straight day the Russians have disclosed their food project was not running smoothly.

Scarcely more than one per cent of the 2,076,000 Western sector residents have accepted the three-week old Soviet food offer.

REDS JAM VOICE

WASHINGTON—(AP)—Evidence of deliberate Soviet jamming of "Voice of America" broadcasts to Russia was reported Thursday by State Department officials.

★ LATE NEWS FLASHES ★

HOUSTON—(AP)—Texas States' Rights Democrats, hosts for the formal opening of the Southerners' presidential campaign, Thursday threatened Gov. Beauford Jester with opposition in the November general election.

MOSCOW—(AP)—Pravda accused the U. S. Federal Bureau of Investigation Thursday of kidnapping two Soviet school teachers, Mrs. Oksana Stepanovna Kosenkina and Mikhail Ivanovitch Samarin.

WASHINGTON—(AP)—Russia protested to the United States Thursday against a New York court directing the Soviet consul in New York City to produce in court a Russian school teacher.

BELGRADE, YUGOSLAVIA—(AP)—The United States offered Thursday to trade away its seat on a new Danubian Control Commission in return for representation for Austria and Germany.

WEATHER
Partly cloudy Thursday night and early Friday with scattered evening thundershowers. Not much change in temperatures. Maximum temperatures Wednesday was 101 degrees, minimum 77 degrees. Minimum Thursday 75 degrees.

Five Lose Lives In Long Series Of Air Accidents

By The Associated Press
Five men were killed Thursday in the latest of a series of airplane accidents in which two planes were destroyed by fire, one was forced down and three others were reported missing in widely-separated sections of the globe.

In Kansas an Air Force plane crashed in flames shortly after its takeoff from the Topeka Air Base. Five men were killed and two injured seriously. Their names were withheld.

A Trans-Canada Airlines plane burst into flames shortly after landing at Sydney, Nova Scotia. Cool work by the stewardess aided the escape without injury of the 11 passengers and six crew members. The plane was destroyed.

Three Aircraft Missing
A Continental Airline DC-3 was forced down at Great Bend, Kan., Wednesday night after a severe winter storm damaged its mechanism. None of its 12 occupants was injured. The plane was enroute from Denver to Tulsa.

The Navy reported a four-engine Navy Privateer with a crew of nine and two aviators missing on a weather reconnaissance flight 450 miles west of Guam Thursday.

Meanwhile, search continued for two planes reported missing in Canada's northland.

Edmonton, Alberta, reported one plane with a pilot and a passenger missing from Bathurst Inlet on the Arctic Circle, about 800 miles north of Edmonton. In the other missing plane was V. B. Murray, of Washington, D. C., who disappeared Saturday about 250 miles northwest of Edmonton.

+ McCamey News +

McCAMEY—Mr. and Mrs. George West of the Rio Pecos Camp announce the arrival of a son Friday, August 6, weighing seven pounds, 14 ounces. The baby was born in an Odessa hospital.

The Rev. C. J. Mann, pastor of the McCamey Methodist Church, has been attending the Intermediate Assembly at Kerrville. While he was in Kerrville, Mrs. Mann and their three children visited her parents, Dr. and Mrs. C. C. Conley, at Raymondville for two weeks.

Mr. and Mrs. A. F. Andrews plan to leave McCamey this weekend on their vacation.

Mr. and Mrs. G. H. Warfield, Jimmie and George, Jr., have been in Fort Worth visiting their daughter and sister, Mrs. Ralph Kiser.

Mr. and Mrs. Bob Barger had as their house guests recently Mr. and Mrs. Charles F. Kelley and son, Stephen, of Alice, Texas.

Mrs. R. D. Biddling of McCamey and her niece, Delores Johnson of El Paso, spent last week in Ranger with relatives. Delores is a granddaughter of Mr. and Mrs. Tom Trimble of McCamey.

Mr. and Mrs. W. S. Patton and son, Johnnie, have moved to McCamey from Birmingham, Ala.

Visiting Parents
A. J. Nickens is visiting his parents in McCamey.

Bill Rosson, a victim of a hit-and-run accident on the Crane highway a few weeks ago, has been removed from a San Angelo hospital to McCamey.

Mr. and Mrs. C. W. Brown and daughter, Claudine, left Monday for an extended trip through the Pacific Coast area. Brown expects to receive a shipment of pipe in Portland, Ore., sent from the Philippine Islands. The Browns plan to return to McCamey about September 1.

On Fishing Trip
W. D. Noel of McCamey, accompanied by Earl Rodman and R. B. Saks of Odessa, left recently for a fishing trip to Chama, N. M.

John Keffer of Amarillo, who is working in Odessa this summer, visited friends and relatives in McCamey recently.

I. C. "Tiny" Earp, and his mother, Mrs. Laura E. Earp, of Crane made a trip recently to Midland to complete a land transaction with C. A. and Harry McClintic.

Coach John Wesley Ply of the McCamey High School announced he will be in McCamey to begin football practice at 8 a. m. Monday. Ply has just returned from Albuquerque, N. M., where he has been attending school this summer.

Surprising U. S. Power Brightens Olympic Picture

LONDON—(P)—Surprising American power in sports which Europeans regard as their own promised Thursday to make the Olympic games now coming to a close one of the U. S. A.'s brightest.

A sparkling team victory in weight-lifting and a possible one in yachting, an individual championship in canoeing and good showings in sailing and equestrian events are now piled on top of sweeps in men's track and swimming and bright records in crew and women's swimming.

The games of the Fourteenth Olympiad close Saturday.

In basketball, however, the Americans have been surprised, and they like it. They came over here bent on being salesmen of the sport, playing under wraps, but the competition is tougher and rougher than anyone expected.

The Central and South Americans are 100 per cent better than at Berlin in 1936," enthusiastically declared Lou Wilkie of Denver, Olympic basketball committee chairman.

Wednesday night the U. S. basketball team reached the Friday final by beating Mexico 71 to 40. It was a good ball game until the superior height and strength of the American reserves told. France is the other finalist.

Former Army Flyer Charged With Murder In Death Of Wife

HARLINGEN, TEXAS. —(P)—Michael H. Byars, 28, was charged with murder here Wednesday after the discovery of his wife's charred body in their blazing room.

Justice of the Peace F. W. Moran filed the charge against the former Army flyer, cotton dealer and taxi driver after an autopsy performed by Dr. Earl Allen. Doctor Allen reported indications of strangulation were found about the woman's throat, a cut inside her upper lip, and burns of varying degrees.

The body of the woman, Juanita, 35, was found on the blazing bed in her home at the former Harlingen Municipal Airport early Wednesday.

Byars said he burned his hands trying to rescue his wife.

Legion State Finals Start Thursday Night

PARIS, TEXAS. —(P)—Defending champion Adamson of Dallas tackles Lubbock Thursday night in the first round of the state American Legion baseball tournament, and Austin meets South Park of Beaumont.

Adamson won the Area Two championship, Lubbock Area One, South Park Area Three and Austin Area Four.

STUDENT FOUND SHOT TO DEATH IN EL PASO

EL PASO. —(P)—Sheriff Allen Falby said Lauren Means Stone, student at Sul Ross College in Alpine, was found shot to death Wednesday in a tourist court here.

The sheriff said notes were found to Stone's father, mother and wife indicating he was desperate. His wife, Mrs. A. M. Stone, lives at Robstown, Texas.

Player Of Week—

Indians Can Win Watches

Four Midland Indians, chosen by the fans, are going to receive Gruen watches as "Player of the Week" awards presented by Kruger Jewelry Company of this city.

"We consider it an honor to have a part in stimulating good performance among the players of our home team. We are glad to help foster the sport of good baseball for Midland."

Balloons are being printed to enable fans to choose the honor players. Details of voting will be announced as soon as they are worked out.

One player will be named in time to receive the award for the week-end of August 14. Three more players will be honored on weekends of August 21, August 28 and September 4.

It is planned to award the watches to the players in ceremonies before home games.

The contest is not a popularity ballot. Fans should watch the play of all the players closely and vote for merit and achievement.

The Gruen Watch Company is cooperating with Kruger Jewelry in the "Player Of The Week" events.

State Wool Production Lowest Since 1931

AUSTIN. —(P)—Shorn wool production in Texas will total only \$5,947,000 pounds this year, the lowest amount since 1931, the United States Department of Agriculture estimated Thursday.

The reduced tonnage was attributed to a sharp reduction in the number of sheep and lighter fleece weights. The number shorn and to be shorn was estimated at 7,449,000 head, seven per cent less than last year and 25 per cent below the 10-year (1937-46) average.

Last year's clip total was 61,946,000 pounds, and the 10-year average was 71,296,000 pounds.

Shearing crews generally were plentiful, and shearing prices ranged from 20 to 30 cents, with the bulk at 22 to 25 cents in the main sheep country, USDA said.

MIDLAND RADIO CLUB WILL MEET THURSDAY

A meeting of the Midland Radio Club will be held at 7:30 p. m. Thursday in the distribution offices of the Texas Electric Service Company on East Front Street, officials announced. A program of special interest to members will be presented. All members and others interested in radio are invited and urged to attend.

Ice may form in the carburetors of airplane motors when the air through which the plane is flying is as warm as 80 degrees.

Fate's Heavy Thumb Weights Butcher's Scale

By HAL BOYLE

NEW YORK. —(P)—The butcher is at bay.

This is a new spectacle in our civilization, and well may be the first vindication of Oswald Spengler's prediction of the collapse of the Western world.

Harried by high prices and protesting housewives, the man at the meat block no longer can be sure on which side his pork chop is breaded—or buttered.

The lone man with the cleaver doesn't know whom to cleave to—his irate female customers or the stern wholesaler who has forced his costs up above the usual pattern that brings in a profit.

They can talk all they want to about the normal law of supply and demand, but mama—the gal who fixes the family budget—is getting mad. And for the first time in our lifetime the mad in the white apron behind the meat counter is on the defensive.

Supply or no supply, the lady of the house is demanding lower prices. She wants to bring home the bacon, but she wants it on her own terms. And more, and more she is raising that deadliest of threats—a buyers' boycott—to get what she wants for the money she has to spend.

The butcher would like to rebel too—but there is no way he can. Worn out with the beefing over inflation, he would like to take it on the lam, but all he can do is stand there patiently and live and join.

Nobody really loves a butcher. He lives really in an arena of doubt. I learned this years ago in my golden youth, when I served as an apprentice meat cutter. It was a period of depression and we formulated a rare hamburger at three pounds for a quarter. Then the clientele accepted the price but questioned the hamburger. Now they accept the hamburger but question the price.

Much is at stake—perhaps civilization as we have known it. Maybe the solution is for everyone to turn vegetarian. Then who would carrot all?

"Old at 40, 50, 60?" — Man, You're Crazy

Stevenson Charges Misconstruction Of Stand On T-H Law

By The Associated Press
Lyndon Johnson and Coke Stevenson put their campaigns for election to the U. S. Senate in high gear Thursday with the second primary election of August 28 only 17 days off.

Johnson was in San Antonio for a two-day visit with these dartsed words aimed at rancher Stevenson: "My opponent has finally got stuck on the top rail of the fence. I challenge him to say openly, even now, whether he is for or against the Taft-Hartley Bill. I challenge him to lift his right leg or his left leg off the top rail and get off on one side or the other."

In East Texas, where Stevenson is shaking here and there, the former governor considered himself on one side or the other of the fence.

Stevenson Talks Back
In a letter to the publisher of the Kerrville Times he wrote: "My stand on the Taft-Hartley Bill has never been a secret although everything I have said regarding it has been deliberately misconstrued by my opponent in this race."

Stevenson said in the letter to Publisher Sam Braswell, Jr.: "I have said repeatedly in public statements and radio addresses that I think the effect of the Taft-Hartley Law in curbing the labor monopoly has been a good thing for the country."

Stevenson said in the letter that "any talk that I have made a 'deal' in this campaign is so much political clap-trap."

Alpine Nine Carded In Semi-Pro Tourney

WICHITA, KAN. —(P)—The Alpine, Texas, Cowboys will meet Fort Benning, Ga., at 8 p. m. Saturday in the National Semi-Pro Baseball Tournament which opens here Friday night.

Winner of the game will play again at 1 p. m. Sunday against the winner of a game Friday night between Camden, Ark., and New Holstein, Wis.

DENIES RUSSIAN CHARGE
TOKYO. —(P)—Maj. Gen. Joseph Swing, commander of the U. S. First Corps at Kyoto, denied Thursday that the Army had authorized Japanese police to ban mass meetings as charged by the Russian member of the Allied council for Japan.

The River Jordan flows into the Dead Sea.

AMAZING RESULTS WITH MERTOX TONIC

Mrs. Ben Grossman of Houston writes as follows: "For a long time I have had occasional bilious spells. My head would hurt and I would vomit my food. My last spell was very severe and I just thought I would die. My appetite was poor and I couldn't sleep at night. I was so troubled with my limbs stiffening just before I would have a spell of gas and bloating. I would be dizzy and I would have a severe headache. My food soured and it just seemed as if everything was wrong with me. To anyone suffering like I was, I recommend Mertox Tonic."

This splendid medicine, containing 25 ingredients, works fast to eliminate poisonous matter from your system. Helps to build rich, red blood. Relieves constipation within a few hours and helps to create a more rhythmic bowel action. Get Mertox Compound today from any Texas drugist at the new REDUCED price.

Inspector Killed In Police Ambush

MT. VERNON, N. Y. —(P)—A police inspector was shot and killed Wednesday night when he walked into a police ambush set for an expected safecracker.

The victim was Frank J. Mascari, 45.

Chief Inspector William F. McDonald said Mascari was felled in a burst from an automatic riot gun fired by Detective Daniel Scannell, one of two detectives guarding the plant of the Consolidated Laundries after police received a tip that three New York City gunmen would try to loot the plant's safe.

FROM FORT WORTH
Talbert D. Jessup of Fort Worth, a representative of the Wells Organizations of Texas, was a Midland visitor Wednesday.

Now She Shops "Cash and Carry"
Without Painful Backache

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatism, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's gives happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

U. S. Customs Agents Make Marihuana Haul

EL PASO. —(P)—U. S. customs agents Wednesday said they had seized 69 pounds of Marihuana, worth \$70,000 if rolled into cigarettes.

Rogers Burton, 42, San Francisco negro, was charged before U. S. Commissioner Henry Clifton with smuggling narcotics.

The agents estimated the loot totaled 483,000 garins, enough for 70,000 cigarettes.

FORMER LUFKIN OFFICER ACQUITTED OF MURDER

LUFKIN, TEXAS. —(P)—Walter C. Turner, Jr., 23, former Lufkin policeman, Wednesday was acquitted of murder in the death March 27 of Shirley Bailey.

Bailey was killed while in custody of Turner and Policeman G. E. Alderman. They were attempting to place him in the city jail of the Angelina County Jail.

FORT WORTH VISITORS
Mr. and Mrs. R. B. Trimble of Fort Worth arrived Thursday for a short visit in the home of their son and daughter-in-law, Mr. and Mrs. Robert L. Trimble, 2305 West Kentucky Street.

Evening Circle of Presbyterian Church Has Regular Meeting

The Evening Circle of the First Presbyterian Church met Tuesday in the home of Mrs. W. B. Standefer, 501 North Mainfield Street, with Mrs. D. P. Caruthers, Sue Caruthers and Mrs. Vye Knight as hostesses.

The meeting was opened with the reading of the Lord's Prayer in unison.

After the business session, Miss Lucille Pearce read a Survey article, with Miss Louanna Roach leading a discussion of the article.

Mrs. Standefer was in charge of the program and gave a lesson on "The Wisdom of the Wise: The Place and Purpose of the Poetical Books of the Old Testament." Mrs. E. W. Anguish read two poems from Proverbs, "Song of Songs" and "Praise of a Good Woman."

After the closing prayer, refreshments were served to the following members: Mrs. Anguish, Miss Rosemary Hamit, Mrs. Knight, Mrs. T. E. Allen, Miss Susan Gould, Miss Lucille Pearce, Miss Madeleine Roberts, Mrs. J. Hollis Roberts, Mrs. Caruthers, Miss Gertrude Witt, Miss Roach and Mrs. Gladys Taylor, a new member, Mrs. Elhel Reid, and three guests, Mrs. J. W. Drummond, Mrs. John N. Lesko and Mrs. Thomas A. Lampe.

NAME NEW SONS

The twin sons born Monday to Mr. and Mrs. L. E. Ramsey have been named Jerry Dwayne and Larry Wayne. The former weighed five pounds at birth and the latter five pounds, seven ounces.

FALSE TEETH

That Loosen
Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little **FASTERTH**, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get **FASTERTH** at any drug store.

NINE DELTA GAMMA ALUMNAE MEMBERS PRESENT AT MEET

The regular business meeting of the Delta Gamma Alumnae Association was held Wednesday morning in the home of Mrs. Tom Ingram, 1408 West Louisiana Street.

Mrs. Ronald Jarrett, president, explained the plans which were formulated at a recent meeting of the Midland Panhellenic organization.

A new member, Mrs. William Allen, and a guest, Rosemary Looney, a Delta Gamma member at the University of Oklahoma, were introduced.

Refreshments were served to Mrs. Allen, Mrs. Jarrett, Miss Looney, Mrs. George Prater, Mrs. Tom Flew-harty, Mrs. Robert LeBlond, Mrs. Ben Thomason, Mrs. C. L. Chase and the hostess.

Congratulations To:

Mr. and Mrs. J. D. Brown of Odessa on the birth Wednesday of a son, Douglas Harold, weighing seven pounds, eight ounces.

Mr. and Mrs. J. I. Mandrell on the birth Wednesday of a daughter, Iris Evalou, weighing six pounds, 12 ounces.

Mr. and Mrs. L. G. Smith on the birth Thursday of a daughter, Laura Jean, weighing six pounds, nine ounces.

TO UNDERGO SURGERY

W. E. Fox of Midland, father of Herbert F. Fox, will undergo surgery in a Lubbock hospital early Friday. He has been in the hospital several days. His wife is in Lubbock with him, and Herbert F. Fox was to go to Lubbock Thursday to be at his father's bedside.

The United States produced a total of 77,155,000 pounds of pecans in 1946, a drop of 44 per cent over the preceding year.

Mrs. W. W. Petty Is Honoree At Shower

ANDREWS — Honored recently with a pink and blue shower at the Humble Recreation Hall was Mrs. W. W. Petty. Mrs. J. H. Galloway, Mrs. Charles Thorpe, Mrs. B. F. Seay, Mrs. J. B. Smith and Mrs. John Ross were hostesses.

Mrs. Smith and Mrs. Ross met the guests at the door, and Mrs. B. F. Seay presided at the guest register.

A large reflector mirror centered the serving table, which was laid with a lace cloth bordered with fern and pink flowers. A blue satin and lace cradle was filled with small gifts, and a tall stork stood opposite.

Refreshments of punch and cookies were served, with small dolls as favors.

Those attending were Mrs. V. L. Reed, Mrs. C. O. Haskins, Mrs. F. B. Stickney, Mrs. E. W. Barnes, Mrs. J. P. Roach, Mrs. James Roberts, Mrs. O. P. Holman, Mrs. R. L. Thomas, Mrs. C. S. Neal, Jr.

Other guests: Mrs. J. L. Elmore, Mrs. M. F. Croft, Mrs. C. A. Farmer, Mrs. N. F. Harma, Mrs. Roy Stilwell, Mrs. Nelson Standefer, Mrs. Jack Flukinger, Mrs. J. T. Lisenber, Mrs. J. E. Hutchinson, Mrs. J. R. Fitzgerald.

Mrs. R. B. Vaughn, Mrs. Ray Pickett, Mrs. H. S. Earle, Mrs. T. J. Frank, Mrs. M. L. Weatherall, Mrs. P. C. Wengill, Mrs. Hugh Ratliff, Mrs. J. R. Rasco, Mrs. E. W. Scott, Mrs. L. E. Rhodes, Mrs. Leonard Huff and Mrs. P. W. Huff.

Sending gifts were Mrs. Homer Hurst, Mrs. R. E. Ramsey, Mrs. J. B. McNeill, Mrs. W. H. Black, Mrs. Chester Oliver, Mrs. A. J. Shaw, Mrs. B. L. Hise, Mrs. E. F. Sharpe, Mrs. O. O. Carruth, Mrs. C. T. Carry, Mrs. Joe Petty, Mrs. B. W. Dearling, Mrs. A. A. Horn, Mrs. Dan Crow, Mrs. Ed Duggan, Mrs. Kenneth Thompson and Mary Nan Ratliff.

Handicrafts, Sports And Games Keep Girls At Day Camp Active

Wednesday was a day crowded with activity for the 138 members of the Girl Scout Day Camp at Cloverdale Park.

The first bus load of girls to arrive were directed in games by Mrs. P. E. Michaelson and Mrs. Rex Galloup. When the other girls arrived, all went to their units, where the Brownies finished the projects begun Monday and made "zombie" pins.

Shell earrings were made by the older girls under the direction of Nettie Messick and Mrs. Lloyd C. Mills. All made caper charts for the breakfast cook-out scheduled Friday morning. Each girl was assigned duties for the cook-out, and the meal was planned.

During the morning, Mrs. Michaelson and Mrs. Galloup visited the different units giving instructions on various games. The girls participated in archery, which was under the direction of Herbert Budner. An archery contest will be held the last two days of camp.

After lunch, Mrs. J. M. White told stories to the younger girls, while the older girls continued the archery lessons.

It was announced that two bus trips will be made to take the girls to the site of the cook-out. One trip will be made at 7:30 a. m. and one at 8 a. m. The bus will follow the usual route, leaving from the North Elementary school and stopping again at the South Elementary school. It will return at 11 a. m.

The girls will make plastic lanterns and participate in archery and directed games Friday morning. They will not bring their lunches, but must furnish the food for the cook-out breakfast.

'GATHERING STORM' IS WAR MEMOIRS OF WINSTON CHURCHILL

The Midland County Library now has Volume One of the war memoirs of Winston Churchill.

Called "The Gathering Storm," this book is the beginning of a several-volume history of the Second World War.

Volume One covers the period from the false peace in 1919 to the time just before Dunkirk when Churchill became prime minister.

Social Situations

SITUATION: You take an extensive vacation trip and a close friend of yours is not able to take any vacation at all.

WRONG WAY: When you return keep talking about your trip to the friend.

RIGHT WAY: Sum up the trip briefly when the friend asks you about it and then quit talking about it.

Black Indians Win Over Gassers 5-0

The Midland Black Indians won game number 27 of the season Wednesday night in Indian Park, dropping the Jal, New Mexico Gassers 5-0.

Harry Dooley, on the mound for the Midlanders, struck out 19 Gassers. The visitors loaded the sacks time after time but could not produce tallies.

Batie got a triple for Midland for the only extra base knock of the game.

The Tribe notched two runs in the second and three in the third for the night's scoring.

The Black Tribe plays the Black Oilers of Odessa at 8:30 p.m. Sunday in Indian Park.

Junior Boys Softball Play Begins Friday

HOUSTON—(AP)—Nine games here Friday morning lift the lid on the state TAAF junior boys softball tournament.

With 18 clubs entered, including two local teams, finals in the tournament will be held Saturday night at Lubbock Field following the consolation finals.

The defending state champion Abilene Yankees are included among the entries.

Injuries Prove Fatal To Speedboat Racer

SYRACUSE, N. Y. —(AP)— Jack (Pops) Cooper, 68, one of the world's most famous speedboat racers, died Wednesday night as the result of a racing accident on Lake Ontario.

At one time or another he had held every world's record in the 225-cubic inch hydroplane class.

"Pops was injured fatally when his boat flipped out of the water and overturned on him during the Picton, Ont., Regatta August 2.

SPORTS

TRIBE SPLITS WITH BRONCS 7-5, 10-0

Oilers Here For Series

The Midland Indians and the Odessa Oilers, arch rivals in the Longhorn League, open a two-game series in Indian Park at 8:15 p.m. Thursday. The second battle is carded Friday night.

The two games will mark the last appearance here this season of Odessa in regular league play.

It's a struggle for the second-place slot in the loop. Odessa currently holds that position, one game and a half in front of Midland in third place. Ballinger is in fourth place two and one-half games behind Midland.

In 15 meetings this season between Midland and Odessa, the Indians have won seven, the Oilers eight.

BIG SPRING—Midland snapped its losing skid here Wednesday night in the first game of a doubleheader with the Big Spring Broncs, winning 7-5 behind good pitching of Richard (Dickieberg) Willenberg. But the Tribe sat right back down with a 10-0 loss in the second game.

Midland enjoyed an early 2-0 lead in the first game only to see it fade and Big Spring take over 3-2 and 4-2. A fat sixth inning however produced five Midland tallies including three on Julian Pressley's homer with two mates aboard. Big Spring could not overcome this 7-4 count except to get one more tally in the sixth.

Willenberg notched his seventh win of the season in the first game. He has beaten the Broncs twice, once with a two-hit performance. They got eight knocks off him Wednesday night. Leland Crissman, area fireballer of the Indians, came in to pitch for Willenberg in the last of the seventh with two away and two Broncs on base. Crissman struck out Ace Mendez and that was a ball game.

Tied Off

Infuriated at Midland's win in the first game, the at-home Broncs teed off fast in the second battle. They packed six runs into the first inning.

Ralph Blair started on the Indian hill but he was ever so wild and was relieved quickly by Sam Van Hoozer.

Big Spring added a run or so along during the remainder of the second game, enough to total 10 as Midland strung out a row of goose eggs.

The box scores:

Longhorn League—

Dusters Scrap Cats For Spot In Shaughnessy

By The Associated Press

It'll be a tough task, but Vernon has a chance to overhaul Ballinger for a spot in the Longhorn League Shaughnessy play-off.

The Dusters beat Ballinger twice Wednesday night, 13-12 and 3-2, to narrow the margin between fourth and fifth places to three and one-half games.

Odessa handed Sweetwater a 10-4 licking in the only single game played as Midland and Big Spring and San Angelo and Del Rio split doubleheaders.

Midland won the first game 7-5, lost the second 10-0. Del Rio won the first 12-5, lost the second 6-0.

DOWN SPORTS LANE

with TANNER LAINE

No one thought it possible—a new football stadium for Midland High School—in time for this season.

But now it is believed we are going to make it. And in time for the first home game, too. That's the evening of September 10. A dedication program is planned. The stadium will be known as Memorial Stadium, in honor of Midlanders who gave their lives in World Wars I and II.

It is amazing how quickly the stadium has taken shape and form. Drive out and see for yourself where you will be seeing those football games this Fall. Location is in Northwest Midland.

The turtle back playing gridiron is ready. It is finely covered with rich, green grass. There's a grass-coated practice field adjoining the stadium proper.

The stadium has a large field house. This asbestos-shingled structure is 128 by 26 feet. It contains dressing rooms for the Bulldogs and the visitors, locker rooms, uniform drying rooms, showers, coaches' offices, equipment storage rooms, rest rooms and a laundry room.

The playing grid is surrounded by a circular track and the track and grid will be fenced.

The playing field runs North-South with stands on East-West sides and also there are small stands on the end zones.

Largest stands are on the West side of the gridiron. These extend almost the length of the playing field. They are 84 feet wide and are 32 feet high at the back. Steel and redwood are materials of the West stands.

A two-row, all-steel press box is located on the West stands. It is in the center. It will house local and visiting press and home radio.

It will be glassed in.

The East stands are not as large as the West stands. Materials for the East stands came from the old stadium. However a coat of aluminum paint is being applied. A press box is located in the center of the East stands. It will house visiting radio and scouts.

On six tall steel poles are hung 84 light arcs. The poles are located back of the stands on each side, three on each end zone.

50 per cent or more better than in the old stadium.

There is a 220-yard straight-away track in front of the West stands. Rest rooms for men and women and concession stands will be located under the West stands.

The stadium has a new, electric scoreboard and official timing clock donated by Banner Creamery. Location is in the North end zone.

More than 10,000 persons can sit comfortably in the stadium. Parking areas are nearby.

The stadium is something of which Midland can be justly proud. Have a look.

ROUND UP THE STRAYS.

Ray Knoblaugh and Jess Grimes are new pitchers of the Odessa Oilers.

Tommy Hart, Big Spring scribe, charges Longhorn League scrums with contagious and too obvious bearing down on the Cuban ball players.

"Oh my goodness, Tommy, your boys aren't angels and besides the arbiters have been bearing down on Midland all year, pretty heavily and with malice, we would say. We hope they have 'transferred' their affections to the Broncs, but doubt it. Howard Green would have it no other way but anti-Midland.

This Green visited Big Spring to see the Midland-Big Spring game Monday night.

"We want to 'introduce' Green when (rare possibility) he visits Midland.

Season tickets to home football games of the Midland Bulldogs will be put on sale as soon as the tickets are received from the printers.

American Olympic track and field performers are going to compete in some European contests.

Two triple plays have been performed this season in the Longhorn League by Odessa and Del Rio.

None were performed last year.

Dick Patton, backfield candidate, is going to the camp of the Bulldogs heavily taped.

He injured some ribs while working.

We believe the

THURSDAY'S SCHEDULE

Longhorn League

ODESSA at MIDLAND
Ballinger at Big Spring.
Sweetwater at San Angelo.
Vernon at Del Rio.

plan of the Midland C of C to hold a "Harold Webb Night" is a good thing and we are 100 per cent for it.

1,350 saw the Indians and Broncs play Monday night, at Big Spring that is.

Kenny Peacock of the Sweetwater Sports married a Sweetwater girl last Sunday.

The new Mrs. Home Run Queen is the former Marie Holbert.

Several Longhorn League players have married during the season, including Pat Proulx of Odessa.

Competition is due the Midland VFW post for its sponsorship of the recent Permian Basin Invitational Swimming Meet held at its fine pool at Midland Air Terminal.

You will see the 1948 Bulldogs thrashing from the single-wing formation with modified box formation variations.

Dunne Goodie, MHS all-around athlete who graduated last June, is going to Tulane University.

Dunne was headed for Rice but liked the Tulane offer better.

He is enrolled in a National Guard set up and this will not be pulled by the draft.

30 for strays, play, saddle horn, play.

MAJOR LEAGUES—

Philadelphia Flag Fever Rises As A's Crowd Top

By RALPH BODEN
Associated Press Sports Writer

Pennant fever was mounting in Philadelphia Thursday. Connie Mack's astounding Athletics once again are only a hair's breadth out of first place in the American League.

The A's moved to within .001 of a percentage point of the front-running Cleveland Indians Wednesday night with a thrilling victory over Washington while the Indians divided a twilight-night doubleheader with St. Louis.

Connie Mack's hustling club has won 65 games and lost 43 while the Indians have copped 62 victories and suffered 41 defeats. Since the A's have played more games, they are a

half game ahead of the Tribe, but Cleveland has the better won-lost percentage, .6019 to the A's .6018.

Philadelphia came from behind and beat the Senators 3-3 while the Indians, after downing the Browns 7-5, were crushed 12-4 in the second game.

Rain Delays Contest

Sam Chapman and Carl Scheib were responsible for the Athletics' triumph. The Mackmen were behind 3-2 going into the top of the seventh when rain halted the game for 47 minutes.

When play was resumed, Scheib took over from Phil Marchildon and set the Senators down in order. The Athletics promptly came to life in their half of the seventh and scored six runs, with Scheib doubling home two and Chapman accounting for the remainder with a grand-slam homer.

At St. Louis, Bob Lemon, with help from Satchel Paige in the seventh, gained his fifteenth victory for the Indians in the opener.

Hefty clubbing by rookies Hank Art and Dick Kokos ruined the Indians in the nightcap.

The third-place Boston Red Sox remained two games behind the A's, beating the Yankees 5-2 in a day game at New York. One of the Boston's runs came on Ted Williams' nineteenth homer of the year.

Braves Mainline Lead

In the only other night game in either circuit, the White Sox nipped the Detroit Tigers 2-1 at Chicago. A wild pitch by Virgil Trucks enabled Dave Philley to score from third with the winning run in the eighth inning.

The Boston Braves maintained their three-game lead over the Brooklyn Dodgers and St. Louis Cardinals in the National League race, beating the New York Giants 4-3 while the Dodgers and Cards also won.

The Dodgers noosed out the Philadelphia Phillies 3-2 in Brooklyn as Merv Rackley singled home Billy Cox with the winning run with two down in the ninth inning.

At Cincinnati, the Cardinals, led by Stan Musial, thumped the Reds 9-4.

The Pittsburgh Pirates moved within a half game of the fourth place Giants as Rip Sewell exercised his mastery over the Chicago Cubs by a 4-8 triumph.

WT-NM League—

Albuquerque Dukes Turn On Heat In Loop Payoff Drive

By The Associated Press

Albuquerque is turning on the heat in the final month of the West Texas-New Mexico League. The Dukes Wednesday night stretched their lead to eight full games with an easy 17-3 victory over Lamesa.

Second-place Amarillo lost an 8-4 decision to Abilene, Lubbock squeezed by Clovis 6-5, and Borger beat Pampa 6-4.

Virgil Butler won his thirteenth victory of the season for the Dukes and his mates backed him with 17 hits. Len Phil hit a grand-slam homer in the fourth.

Fred Fazio won his eleventh game for Abilene as the Blue Sox wrapped up the game in the third with six runs, three on a homer by Len Neal.

A single by Jackie Wilcox drove Royce Mills home with what proved to be the winning Lubbock run in the eighth.

Borger scored four runs on five hits in the first inning to get the jump on Pampa.

HIGHWAY CONSTRUCTION

Sealed proposals for constructing 3.707 miles of Grading, Structures, Flex Base & Double Asphalt Surf. Treat. from Midland Avenue north to Martin County line on Highway No. 349, covered by S 1007 (1), in Midland County, will be received at the Highway Department, Austin, until 9:00 A. M., Aug. 24, 1948, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 34 of the 43rd Legislature of the State of Texas, and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Act.

In accordance with provisions of said House Bills, the State Highway Commission has ascertained the wage rates prevailing in the locality in which this work is to be done. The Contractor shall pay not less than the prevailing wage rates shown in the proposal for Group 3 for each craft or type of "Laborer," "Workman," or "Mechanic" employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of E. C. Daugherty, Resident Engineer, Midland, Texas, and Texas Highway Department, Austin. (8-3-12)

"Now don't worry about the archery set I got for J. now—the Reporter-Telegram Classified Ad said the arrows were non-poisonous!"

A highway crew, blasting near Yreka, Calif., discovered these sandstone balls. The residents like to think they were bowling balls, used by prehistoric inhabitants of the California coast. Science probably has a simpler explanation. Joseph Wales, left, and Eugene Dowling examine them.

Ken Regan Home
From New Mexico
'Feeling Grand'

Rep. Ken Regan was in his Midland office Thursday morning, "feeling grand" after regaining his health on a Pecos River ranch of a friend in New Mexico. He returned to his home here Wednesday night. His immediate plans include attendance of the V-J Day celebration in Monahans Saturday. Then, he will go to El Paso Monday for a hearing Tuesday on Pioneer Air Lines' application for a permit to operate from Midland to El Paso via Pecos.

This hearing originally was scheduled to be held in Washington, Regan said, but Civil Aeronautics Board officials agreed to hold it in El Paso as a concession to the Midlander, who feared his health would not permit a trip to Washington so soon after his recovery from a severe attack of yellow jaundice. Regan said he requested the hearing be held in Midland, but C.A.B. officials decided in favor of El Paso.

Approximately 75 persons, including representatives of completing air lines, are expected at the hearing. Principal opponent of Pioneer's application is Trans-Texas Air Lines, Regan said. The Midlander is strongly in favor of granting Pioneer a permit to operate over the proposed new route.

Regan said he plans to remain here through the Fall, visiting in his district and expressing his gratitude for the strong support voters of the Permian Basin gave him in his successful campaign for reelection.

Spy Ring—

(Continued from page 1)
Oksana Stepanovna Kosenkina, the Russian school teacher who is "resting" in the consulate after her "rescue" from an anti-Communist White Russian retreat.

To the surprise of no one, the consul general, Jacob M. Lomakin, announced he would ignore the writ. In the case of Miss Bentley, the Kremlin had good reason to be suspicious of her.

She has been unreeling testimony about working during the war for a ring that wormed secrets out of the government, about souring on Communism, telling what she knew to the FBI and then working secretly with the G-men against her former Red contacts.

It hasn't been brought out in the open yet, Mundt said, but Miss Bentley has told the committee that Soviet agents suggested she might like to take an advanced course in espionage at a Moscow spy school.

They told her, Mundt said, that Russia's Red Star medal ought to be awarded her at "some big, public ceremony."

Sgt. W. E. Price Funeral
Held In San Antonio

Funeral services for Sgt. William Edgar Price, son of Mr. and Mrs. A. L. Price of Midland, were held Tuesday in the Fort Sam Houston National Cemetery at San Antonio. Sergeant Price was killed in action on D-Day in the European Theater. His body recently was returned to the United States.

Relatives who attended the funeral services included the parents; the grandmother, Mrs. W. S. Price of Childress; brothers and sisters-in-law, Mr. and Mrs. Frank A. Price and Mr. and Mrs. Jack R. Price of Abilene and Mr. and Mrs. Tolbert Sparkman and sons, Gene and Roy Lee, Childress; Mr. and Mrs. Bill Price, Electra; Mr. and Mrs. Ted Price and sons, J. W. Glenn and Ted Lee, Electra; Mr. and Mrs. Henry Price, Fort Worth; Miss Mary Price, Electra, and Mr. and Mrs. Clarence McPherson and son, Bobby Ray, Natoma, Kan.

Friends present for the services included Mr. and Mrs. R. L. South, Gladewater; Mr. and Mrs. V. L. Red, Midland; Mr. and Mrs. O. H. Beschell, Midland; Mr. and Mrs. A. L. Butler and son, Robert, Midland, and Mr. and Mrs. R. L. Denton, Midland.

BILL ORSON ILL
Bill Orson, business manager of Western Clinic-Hospital, is ill at the hospital. His condition is reported "satisfactory and improved."

No, Jumbo, You'll Never Make the Ballet

It looks like this elephant, in the Overton Park zoo, Memphis, Tenn., is trying to make like a ballet dancer. Actually, he's reaching across the eight-foot stone-lined moat for some green foliage.

Oil & Gas Log—

(Continued from page 1)

ed in the immediate future on an 80-mile extension of the Stanolind Pipe Line Company's trunk oil carrier from the Wason station in South Yoakum County, into Ector and Winkler Counties.

The extension will terminate at the Wheeler field in East-Central Winkler County. It is understood that Stanolind plans to lay gathering lines in other fields in Ector and Winkler counties in which it has production.

The new carrier will include 34 miles of 10-inch line and 46 miles of 12-inch line.

Smith Contracting Company, of Fort Worth has been awarded the contract to build the new line.

At the Wason station the oil to be handled through the extension will enter the Stanolind 16-inch main line to Drumright, Okla.

SAN ANTONIO OPERATORS
ARE VISITING IN MIDLAND

Tom and Earl Slick, James M. Hewley, Sr., and Charles F. Urschel, Jr., all of San Antonio, are in Midland conferring with business associates.

They are all executives of the affiliated concern of Slick Oil Company, Slick-Urschel Oil Company and Hewley Drilling Company.

Hewley Drilling Company has an office in Midland, and the other two will open a joint district headquarters here in the Wilkinson-Postler Building as soon as that structure is completed.

Personals

Mrs. H. Jones of Dallas is the house guest of her daughter, Mrs. George Thompson.

Fred Dunn, Jimmy Barber, Totem Dickenson and Jimmy Davenport are fishing near San Angelo.

Willette Tinkler and Melodee Burris are vacationing in Houston and Waco.

Virginia Dunagan is visiting in Guatemala City, Guatemala.

Mr. and Mrs. Jack Jones are vacationing in Colorado.

Mrs. John Scroggin has returned from Ruidoso.

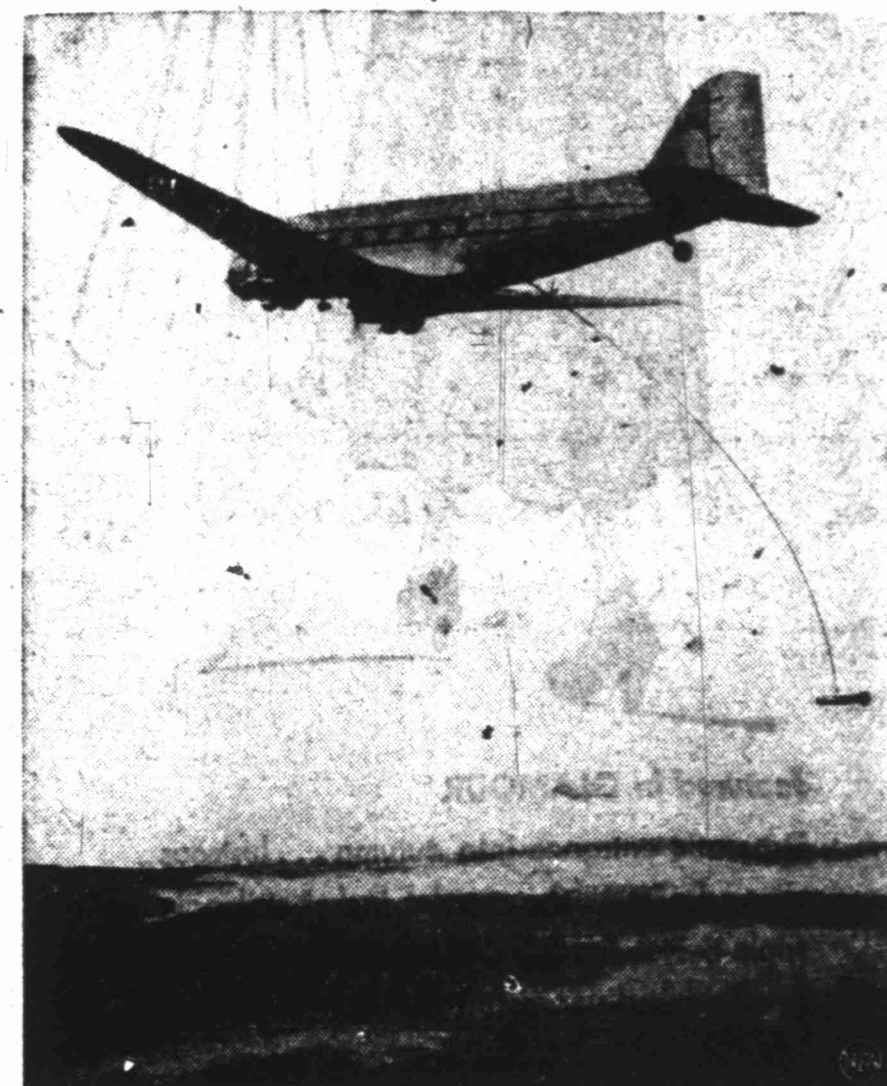

Larry Messersmith is returning from Nebraska this week.

Mrs. Gordon Holcomb has returned from Denver, Colo.

Dr. and Mrs. E. H. Sellards will visit with Mr. and Mrs. H. A. Hemphill this week.

Bill Hitt is returning to Little Rock, Ark., this week.

Plane Prospects for Oil

This airplane is prospecting for oil, using a newly developed airborne magnetometer. The instrument, which the plane trails as it demonstrates over Westchester Airport, N. Y., measures varying intensities of the earth's magnetic field. These are recorded in the plane, and data, which would take decades to gather on the ground, is quickly mapped.

Bernadotte Calls Halt
In Jerusalem Shooting

RHODES—(AP)—Count Folke Bernadotte cracked down on Palestine belligerents Thursday, ordering Arabs and Jews to halt the shooting in Jerusalem after midnight (GST) Thursday night.

The United Nations mediator acted after a midnight-to-dawn battle raged Wednesday through the city's outskirts. It was the biggest fight since the UN-ordered truce went into effect.

Bernadotte said the Arabs have accepted the order "but so far I have received no reply from the Jews."

First international telegraph cable was laid between Dover, England, and Calais, France, in 1850.

WILL ATTEND WEST
TEXAS PRESS MEETING

Bill Collins, editor of The Reporter-Telegram, and Jim Kelly, publisher of the Stanton Reporter, left Thursday for Del Rio where they will attend the annual convention of the West Texas Press Association. Mrs. Collins and daughter, Lorraine, accompanied them to San Angelo where they will visit relatives.

TWO ARRESTED

Police reported Thursday the arrests of a 39-year-old Merkel man for reckless driving and a 34-year-old Comanche man for drunkenness.

Ed George Quirk, Washington Redskins rookie fullback from Missouri, formerly held the Big Six shutputting championship.

Writes Note To Mother

Sue Johnson, Midland High School student, whose power of speech was affected as a result of injuries received in an automobile-truck crash on U. S. Highway 80 near Midland last week, is pictured in a Dallas hospital, handing a note to her mother, Mrs. Don Johnson, who has been with her daughter constantly since the accident. Miss Johnson was taken to Dallas by plane last Friday. Physicians say a blood clot on the left side of the brain halted her power of speech. She uttered several words Tuesday, her first since the highway mishap.

Midland Men's Chorus To Present Program

The Midland Men's Chorus will present a musical program over KCRS Thursday beginning at 8 p. m.

The main studio, from which the program will emanate, will be open to the public. Those who attend are asked to be in the studio by 7:45 p. m.

The selections to be heard on the program are "The Lost Chord," by Sir Arthur Sullivan, "Finlandia" by Jan Sibelius, "Going Home" by Anton Dvorak, "Oklahoma" by Rogers and Hammerstein, and a negro folk song, "Dry Bones."

The program is mostly to create interest in the group in the hope of enlisting new members who need not be trained musicians. Director Duke Jimerson said. The chorus is available to aid the community in musical presentations and for the assistance of civic organizations, he added.

Wallace Wimberly is accompanist for the chorus.

Livestock

FORT WORTH —(AP)— Cattle 2,400; calves 800; most classes steady; choice slaughter calves strong; common to medium steers, yearlings and heifers 17.00-23.00; butcher and beef cows 16.00-22.00; canners and cutters 10.00-16.00; bulls 15.00-22.00; good and choice fat calves 24.00-28.50; common and medium calves 16.50-23.50; yearlings 16.00-27.50; stocker calves 20.00-28.00; stocker cows 18.50 down. Sheep 3,800; steady; slaughter Spring lambs scarce; medium and good yearlings 19.00-21.00; cull to good aged sheep 9.00-50; stocker Spring lambs 18.00-22.00; feeder yearlings 18.50 down.

Greeks Ready Final Drive On Guerrillas

ATHENS —(AP)—The Greek Army readied a final assault Thursday on the last major guerrilla supply route from Albania.

Government troops paved the way for their final drive of the bitter campaign by capturing the mountain-top fortress of Alevisia Wednesday.

This victory slashed communications of the Communist-led guerrillas in the Grammos Mountains and Eastern Macedonia. It also opened a year-around supply base for the Greek Army.

STOLEN FROM CAR —(AP)—The Greek Army reported to Midland police Thursday the theft of the following articles from his automobile: raincoat, jacket, four pairs of trousers, camera and sun glasses.

Among state statutes in the United States, a total of 28 different grounds for divorce are recognized.

Newsphoto Saves His Life

If it hadn't been for this picture, Pal would have been "put to sleep." As it is, he now has a nice new home in Larchmont, N. Y. Pal's former master, Seaman Tom Holmes, had to go to sea on a ship that bars dogs and had nowhere to leave him. The dog had always gone with Tom before, and had even survived two sinkings with his master. Holmes took Pal to a New York animal shelter. Acme Newspictures transmitted this picture over its nation-wide Telephoto network, and many newspapers printed it. The result was an avalanche of offers to adopt Pal, from sympathetic readers. From the hundreds of letters, telephone calls and telegrams that poured into Acme's New York office the one was accepted.

Marines Put On Show For Jap Peace Envoy Before World War II

WASHINGTON —(AP)—A high Japanese official got a good look at some of the defenses at Midway just before the war broke out—with the enthusiastic help of the Marines guarding the island.

Saburo Kurosu, the "peace" envoy enroute to Washington, saw rows of armed troops, and a squadron of planes. And he heard the steady pounding of anti-aircraft guns all secretly designed to impress him with the military muscle of the U. S.

The little-known story of Kurosu's stop-over at Midway, re-fueling point for commercial trans-Pacific airlines, is told in "Marines at Midway," the third in a series of World War II booklets issued by the Marine Corps.

Midway was strong on paper only when Kurosu came through but the Marines did their best to fool a likely enemy.

The commanding officer put every available man, including cooks and messmen, marching down the road with fixed bayonets, lined up "all" the planes—one squadron of flying boats—and just about wore out the muscles of the three-inch anti-aircraft guns, firing within earshot of Kurosu's hotel.

The envoy left no remarks for the Marines to judge their smoke-screen. "It came with the sneak attack on Pearl Harbor."

Twelve U. S. states have laws forbidding a man from marrying his mother-in-law.

Handicapped Vet Car Fine But For License

SAN FRANCISCO —(AP)—An automobile designed by Edward T. Adkins, former Navy chief petty officer, for handicapped war veterans made a successful shakedown trip except for one thing. The airplane-type stick for steering worked. The push button controls were OK. It ran by gasoline motor or electric power.

Among the added features: an electric torch and drill, movie camera, radio, magazine rack, automatic fire-fighting equipment, and an ice cream making machine.

When he tried to cross the San Francisco-Oakland Bay bridge, Police said he had to have license plates.

"The one thing I forgot," said Adkins.

Muscovites Gather To See Church Officials

MOSCOW —(AP)—Orthodox church dignitaries from all over the world, guests in Moscow at the celebration of the 500th anniversary of the administrative independence of the Russian Orthodox Church, are subjects of great interest on the part of the Soviet public.

When the Patriarch of Moscow and All Russia Alexei entertained the visiting delegations at a banquet for 300 persons at the Metropole Hotel, a large crowd assembled outside the hotel to watch the delegates arrive and depart.

The chickadee is as much at home hanging upside down as it is in an upright position.

NOW We Are Prepared to Give You Beriou Guaranteed MOTH PROTECTION

Why worry about those "peaky" little destructive moths? For only twenty cents you can protect a man's suit for a year. For one dollar a year you can mothproof your davenport... and this protection is guaranteed in writing by the famous Beriou guarantee.

Beriou professional mothproofing protects you for five years against any damage or we pay the bill... and this protection and written guarantee remains in force after repeated dry cleanings. Beriou mothproofing will protect your clothing, blankets, rugs and furniture... it's colorless... and odorless. Remember any material mothproofed with Beriou retains its original softness and is guaranteed.

Maharajah Of Baroda Ducks Questions On Requested Abdication

LONDON —(AP)—The rich maharajah of Baroda took his ease in England Thursday, seemingly in no rush to get back to India to answer critics who want him to abdicate.

The potentate arrived on the Queen Elizabeth Wednesday night from New York and ducked reporters who wanted to ask him about accusations made by the Baroda State Legislature that he dipped into the state treasury for \$10,000,000 in a six-week spending spree.

He told The Associated Press in a ship-to-shore conversation he would fly back to Baroda "very shortly."

The Baroda Legislature adopted a resolution Monday asking him to abdicate in favor of his eldest son, Fatehsingh, 18. It also charged the misuse and misappropriation by the maharajah of 32,500,000 rupees from April 19 to May 29.

Explosions Destroy Latrun Pump Station

TEL AVIV, ISRAEL —(AP)—Two explosions blasted and burned the Latrun Pumping Station halfway between Jerusalem and Tel Aviv early Thursday, wrecking United Nations plans to deliver water to Jewish Jerusalem by Friday.

The pumping station was taken over by United Nations observers Wednesday. Technicians were scheduled to make minor repairs and start some operations Thursday.

UN headquarters here said seven men were seen fleeing in a truck after the blast.

No piped water has been available to Jewish residents of modern Jerusalem since a week before British forces withdrew from Palestine on May 15.

RETIRED TELEGRAPH SUPERINTENDENT DIES

FORT WORTH —(AP)—John W. Gilling, Sr., Amarillo, died here Wednesday at the home of a daughter.

He was a retired Western Union superintendent, a position he held in Amarillo for many years.

LIGHTNING KILLS YOUTH QUANAH, TEXAS —(AP)—James Wheeler, 16, son of Mr. and Mrs. C. L. Wheeler, died in a hospital here Wednesday afternoon from shock after he was struck at his home by a bolt of lightning Tuesday night.

Also Ed McCullough, Robert Spivey, Pete Pederson, Betty Wilkes, Lafara Harblson, Joyce Hendricks, Norma Middlebrooks and Mattie Lee Shires.

Government To Study Air Transport Finance

WASHINGTON —(AP)—President Truman Thursday ordered a government financial study of the entire air transport industry.

The White House said Truman is "extremely interested" in finding means by which the industry can best finance its immediate requirements and long-term developments.

He asked the RPO to make a study with a view of making recommendations to him "at an early date." The CAB and the Budget Bureau were directed to assist the RPO.

CAR DAMAGES FRONT OF SERVICE STATION

Police early Thursday arrested a 23-year-old Odessa woman and a 20-year-old Odessa man after their automobile had crashed into and damaged the fronts of Tote Gulf Service station in Midland.

The woman was arrested for reckless driving and the man for drunkenness, officers said.

Arlliss Ann Klebold Home From Hospital

Arlliss Ann Klebold was moved from Western Clinic-Hospital to her home, 942 North Baird Street, Wednesday afternoon.

Her mother, Mrs. R. E. Klebold, said Thursday the 16-year-old girl still is not rational but seems to be improving from the injuries she received August 4 in an auto-truck crash between Midland and Odessa.

Sue Johnson, who was injured in the same wreck, remains in a Dallas hospital for observation and treatment.

Glasses Might Correct Another Trouble
HUNTINGTON PARK, CAL. — (AP)—It's getting to be almost a habit with this 15-year-old girl, overweight and trying to reduce, drank bleach solution a month ago instead of what she thought was water. Recently she was back. This time, the report said, she consumed a half glass of salt syrup, believing it to be apple juice. A stomach pump corrected the error each time.

Before the war, about 30 millions pounds of walnuts were shipped annually from North China.

Ten New Wildcats Slated For Areas Around Midland

Applications to drill ten new wildcats were filed with the district office of the oil and gas division of the Railroad Commission of Texas, in Midland, during the past week. Two of the ventures were slated for Gaines County, while the remainder were distributed one each to Garza, Glasscock, Hockley, Mitchell, Presidio, Scurry, Sterling, and Terry Counties.

Besides the exploratory prospectors, Hockley County reported the biggest gain in drillsites with 14 proposed projects. Next was Pecos with a total of 11. Eight locations went to Andrews County, and five to Ector. Crane added four, one of which was an amended application. Howard County was listed for two new tests, and Dawson reported only an amended application.

Winkler County was tabbed to have three drillsites; two were amended. Excluding the wildcats and the amended applications, the rest of the locations were filed singularly for Cochran, Gaines, Mitchell, Reeves, Scurry, and Ward Counties.

The total number of drillsites for the district last week, was sixty-four, three less than were reported the previous seven-day period.

The new locations, by counties: **ANDREWS COUNTY** Atlantic No. 5-D University of Texas University 11, 615 feet from north and 828.4 feet from east lines of northwest quarter of section 1, block 11, University survey, rotary.

8,500 feet depth. Martin-McKee field, at once. Atlantic No. 4-A University of Texas University 11, 465 feet from north and 878.4 feet from west lines of northeast quarter of section 1, block 11, University survey, rotary, 8,900 feet depth. Martin-McKee field, at once.

Amended: Humble No. 5 E. P. Cowden, 660 feet from north and west lines of section 7, block A-55, psi survey, rotary, 8,800 feet depth. Dollar-hide field, immediately, to deepen from 7,905.

Humble No. 112 J. S. Means, 666.7 feet from west and 660.5 feet from south lines of section 19, block A-35, psi survey, rotary, 4,550 feet depth. Means field, immediately. Atlantic No. 3-A University of Texas University 11, 1,040 feet from east and 500 feet from north lines of section 1, block 11, University survey, rotary, 9,000 feet depth. Martin-Elzenburger field, at once.

Champlin No. 2-C University of Texas University 11, 1,040 feet from east and 500 feet from north lines of section 1, block 11, University survey, rotary, 9,000 feet depth. Shafter Lake Gas field, at once.

Atlantic No. 2-C University of Texas University 11, 615 feet from north and 878.5 feet from west lines of south half of section 1, block 11, University survey, rotary, 9,000 feet depth. Martin-Elzenburger field, at once.

Garden Produce Is Budget Ally

New cabbage and red tomatoes baked in cheese sauce.

By GAYNOR MADDOX
NEA Staff Writer

Use your garden or your local vegetable stalls to cut food costs now. Well-balanced meals can be based on vegetable main dishes.

Cabbage and Tomato Casserole

(Serves 3)

Four cups raw shredded cabbage, 5 medium-size tomatoes, sliced, 2 tablespoons minced onion, margarine, 4 tablespoons flour, 1/2 teaspoon salt, 1/4 teaspoon pepper, 1 1/2 cups milk, 1 cup grated Old English-type cheese (4 ounces). Arrange shredded cabbage and tomato slices in layers in a two-quart heat-resistant glass casserole, beginning with cabbage and ending with tomato slices. Sprinkle each layer of tomato slices with onion. Melt butter or margarine over hot water in top of double boiler. Stir in flour, salt and pepper. Add milk and continue cooking until mixture is thickened and no starchy taste remains, or for about 20 minutes.

Remove from heat and stir cheese

into white sauce until melted. Pour cheese sauce over vegetables in casserole. Cover and bake in moderately hot oven (375 degrees F.) and continue baking for 15 minutes longer.

Baked Summer Squash With Tomatoes

(Serves 4-6)

One medium-sized summer squash, 1/2 teaspoon salt, 1/4 teaspoon pepper, 2 medium-sized tomatoes, 1/2 cup onion slices, 1 tablespoon butter or fortified margarine, melted, parsley. Wash squash; cut in half lengthwise. Remove seeds and place in a well-greased layer cake dish. Season with salt and pepper. Peel tomatoes and slice. Place tomato slices first, then onion slices, on top of squash. Season with rest of salt and pepper. Pour melted butter or margarine over vegetables. Bake, covered, in moderate oven (350 degrees F.) for about 50 minutes or until tender. Garnish with parsley and serve directly from the dish.

Heroes Of Science Often Risk Lives For No Reward

NEW YORK —(AP)— The most underpaid job in the world, in terms of cash is that of a guinea pig in medicine.

It always has been so. The first recorded human guinea pig was a man who did it for the privilege of looking upon a king. He appeared before Charles I, of England, about the year 1628.

This man's heart had been bared by an accident, and Doctor Harvey, as part of his discovery of the circulation of blood, showed the King there was no pain when this bare heart was touched. Harvey used animals too in his discovery.

Lack of such tests had delayed this discovery for about 1300 years during the Dark and most of the Middle Ages. One of the barriers was a ban even on dissecting a human cadaver.

Human guinea pigs began to be numerous about 1850, but they worked without pay, for in most cases they were scientists who were willing to risk their own lives. Many of these swallowed newly found poisons, looking for medical uses.

Pierre Curie, co-discoverer of radium, tested himself when he heard that radium would cause skin burns, by wrapping some radium in salts around his arms for several days. Curie's arm bandage is probably the last thing any atomic scientist of today would risk.

Apparently the first use of prisoners as guinea pigs was in 1904, in the Philippines, among convicts condemned to death. Their reward was tobacco.

But since then the guinea pig business has boomed. Rewards \$100.

In World War II many prisoners submitted to tests for malaria and other diseases. Their rewards were sometimes as much as \$100, and also in nearly all cases, certificates of merit. These certificates were supposed to be useful in advancing paroles but the holder had to argue.

Now, in the last of the malaria experiments, at Seagoville, Texas, on prisoners of the Federal Correctional Institution, the Under Secretary of War has ruled that certificates of merit will be accompanied by some reduction in time of sentence. The Seagoville prisoners also receive \$100.

The historical facts are from a study by Dr. A. C. Ivy, University of Illinois college of medicine, who explains that Hippocrates, father

of medicine, four centuries before Christ, set the moral principal for doctors in his oath for physicians to which every young doctor swears to this day. The oath, to give others freely of medical discoveries, recognized the fact that every patient is to some extent a guinea pig.

From that day to now, medical authorities have insisted that human guinea pigs should be volunteers. Student Volunteers.

American universities do extensive human guinea pig work, with student volunteers, but the experiments are safe. Most frequent are studies in eating, in which the student's reward is usually free board. At Tulane, student volunteers had radioactive phosphorus injected into their blood to count the number of red corpuscles in the human body. This was an exciting adventure, because radioactivity inside you is something new and dangerous. At Tulane the risks were avoided.

There is systematic recruiting of guinea pigs at the University of Pennsylvania medical school. When student volunteers are wanted, a note is posted on the Dean's bulletin board. There were two notes this spring.

One asked for three for metabolism tests. They were to spend all their time in a hospital, but would be free to read, study and play shut-in games, all for \$100 and keep. The other wanted an unnamed number for respiration studies for a stipend not specified.

The high point of all human guinea pig work, and rewards too, was the conquest of yellow fever, by Dr. Walter Reed's group, in Havana, in 1900. There were four doctors, seven American soldier volunteers, and 12 other volunteers, both Spanish and American.

The pay to volunteers was \$200 each—to doctors nothing. But many years afterward, John Kinsinger, who got a bad case of yellow fever from a mosquito bite, but refused the money, and whose health remained precarious, was given a pension by Congress and the Congressional Medal of Honor.

Dr. Jesse Lazear died of yellow fever, all for no pay. In fact historical documents say Lazear declared his bite was accidental, so as to keep his life insurance from being canceled.

The President Has a Food Taster

Shades of the Borgias! President Truman has a food taster—a little monkey called Daisy Mae. The monkey samples all gift foodstuffs sent to the White House. Like this scrap Geoffrey Woodard, Food and Drug Administration pharmacologist, is feeding him.

Coach Takes Winning Record To College Job

By FRED STAFFORD

WHITE PLAINS, N. Y. — (AP)— He isn't landing in a bigtime post, such as Paul Brown did when he made his now-famous vault from Massillon, Ohio, scholastic ranks to Ohio State. But Len Watters, who becomes Williams College's head grid coach this fall, carries about as glossy a scholastic coaching record into collegiate ranks as any mentor who ever made the jump.

Watters has signed a three-year pact as varsity grid coach, freshman baseball mentor and scholastic professor in the physical education department at the Williamstown Mass. member of the tradition-steeped "Little Three," after 16 seasons at White Plains High School where his Tiger eleven won just 25 games, while winning 104, and tying seven.

That is a fancy .806 won-lost percentage, but the former Springfield (Mass.) College three-sport star's lifetime coaching percentage

is even glossier. His grid products won 167, tied nine and lost only 36 games in 24 seasons. Besides 16 White Plains campaigns, Watters served six years at Onondaga, N. Y., high, where he launched his coaching career in 1922; one at Baldwin High on Long Island and one (1944) at Bunker Hill (Ind.) Naval Air Station where his eleven won eight and lost one.

Watters and his coaching aide, Glenn Loucks, who remains at White Plains, turned out six unbeaten White Plains teams, three of 'em also untied, and captured Westchester circuit titles galore—until other conference foes dropped the Bengals from their slates because of White Plains' strength.

This has necessitated injection of an intersectional flavor into Tiger schedules. Teams from Ohio, Pennsylvania, Indiana, Massachusetts, New Jersey, western New York and Washington, D. C., have made up for absences of nearby opponents.

Last Fall, White Plains posted intersectional victories over Alliance, Ohio; Hazle Township of Hazleton, Pa., and Union-Endicott of Endicott, N. Y.

The remarkable feature is that, prior to Watters' arrival at White Plains in the Fall of 1929, football was in the doldrums here. From 1921-28, Tiger eleven won 29, lost 31 and tied six—below the .500 mark. Watters' first team won six, lost two and his second one took nine straight in the regular season, rolling up 218 points to 18 for the nine rivals. It invaded Miami for a New Year's Day game, forerunner of the current Orange Bowl college scraps, and bowed to a crack eleven of hand-picked Florida scholastic All-Stars.

The next season found the Tigers also unbeaten and untied in the regular season play. Their unbeaten string was run through 27 games till snapped in late 1932. The records and outstanding

teams are notable, of course, but reflect only part of Watters' abilities. The other side is mirrored in the high esteem in which he, and Loucks, are held not only by their players—former Tigers still retain the habit of dropping into their homes, which have become virtual "clubhouses" for the boys—but the whole community. Just a year ago Watters and Loucks were honored at a city-wide banquet which, as much as anything, symbolized the lofty regard in which they are held by the citizenry.

Watters is ideally suited on every count for his new post at the small heavily-traditioned college in the Berkshires.

Grass stains on white summer shoes may be removed, say clothing specialists of the U. S. Department of Agriculture, by first brushing or sponging off the old polish, then brushing the stain with a solution of sodium perborate or peroxide. Rinse, apply fresh polish. Work rapidly, caution the specialists, to avoid wetting shoes unnecessarily.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 12, 1948—3

Chill a vegetable gelatin salad in an 8-inch square cake pan, then cut in squares for attractive service. Garnish with salad greens and salad dressing sprinkled with paprika.

Chopped fresh or canned mushrooms are an excellent addition to condensed tomato soup. The combination may be used as a soup or a sauce.

The Sergeant Has Some Friends in Need

Police Sgt. Charles F. Petersen of Western Springs, Ill., relaxes in his lawn chair while some of his Masonic lodge brothers paint his house. Petersen is recovering from gunshot wounds he received when he tried to halt a robbery in June. He is a member of a Masonic lodge, and the volunteer painters are fellow Masons.

Tires Scream As Cops Rush To Get Mouse

OKLAHOMA CITY — (AP) — Screams after screams from a 16-year-old girl's apartment sent neighbors running to their telephones to call police here recently. Prowl car officers Fred Mers and C. O. Williams pulled up outside with squealing tires, hurried themselves into the building and dashed down the hall. Flushed and panting, Mary Lou Miller threw open her door as the policemen charged up. "It's all over . . ." she gasped. "I screamed . . . then I killed it with a broom." It was a mouse.

Japanese Shrines Seek New Income

TOKYO — (AP) — Once-venerated Shinto shrines have sunk to seeking marriages and other sidelines to stay in business.

It's either that—or the priests just don't eat. The shrines began to slip when the Allies banned Shinto as a government-subsidized state religion. The old public budgets were crossed off. The shrines had no assured income.

Before the surrender, the big Meiji shrine here got 300,000 yen annually from the government. Donations poured in. The yen was worth 25 cents in those days.

Now Meiji manages to drum up only about 1,000 yen daily in donations. The yen isn't what it used to be, either—it's worth about one-third of a cent. Many thousands used to visit Meiji shrine daily to pause at the worship gate, to clap their hands and bow in memory of the great emperor Meiji.

Now perhaps a thousand stroll through the spacious gardens daily. Many of them are there, frankly, for necking—something which never happened in daylight in the old days.

Meiji's drive for marriages and use of its matrimonial center brings in about twelve weddings a day. Contributions are voluntary. They usually run about 1,000 yen.

In an effort to get more yen for their rice, tea and other foods, the priests have started selling memberships. These cost 1,000 yen up. About 10,000 have been sold. The chief lure seems to be what the Japanese call special privileges. These permit members to go beyond the worship gate and walk in sacred places.

The other big shrines are trying to think up new ways of attracting revenue.

Patrolmen Speed To Scene To Dig Garbage

HAGERSTOWN, MD. — (AP) — An excited woman called the police station and said she had seen a man stop his car near the city limits, dig a hole beside the road, bury a package, and drive off. Patrolmen Raymond Hoover and J. P. Wigfield grabbed shovels and sped to the spot. They dug and found the package—garbage.

Refugees Fear Romania To Be Part Of USSR

By DEWITT MACKENZIE
AP Foreign Affairs Analyst
Romanian refugees report that a plebiscite is to be held in their country late this month to determine whether it shall become a member of the Soviet Union.

Should this prove true it will mean Russia is starting the long-expected annexation of her Eastern European satellites. Such an expansion would further consolidate her grip on that half of the continent and pave the way for fresh efforts at further moves toward the English Channel.

Should Romania vote to "join" the Soviet Union, the refugees say, the Romanian Parliament will be dissolved and delegates to Moscow will be named instead. Then, of course, Moscow could send Russian troops into Romania without question. Four Russian divisions already have surrounded Bucharest and have strengthened the garrisons in other cities. What price a free plebiscite?

This column previously has forecast that Moscow would annex the satellite states. There is no doubt that Russia would have done so already, as in the case of the three little Baltic states, but for the fact that she now is dealing with larger and sturdier nations, and furthermore wishes to maintain a pose of legality so as not to create fear and hostility among prospective victims. Getting Anxious

The indications are that Moscow is getting anxious because of the discontent and resistance which are running through the satellites.

If you will take a look at your map of Eastern Europe you will see the strategic importance of annexing Romania with her population of close to 16,000,000. She is bounded on the North by the USSR, on the East by the Soviet Ukraine and the Black Sea, and on the West by Yugoslavia and Hungary and on the South by Bulgaria. With Romania in the fold, Russia will to all intents and purposes have moved her frontiers up against the three important neighboring satellites. They come next for annexation.

It would alter the military picture in Europe. Into every nation which "joins" the Soviet Union Moscow will immediately fling her troops, so that in due course the Red armies will be up against that Stettin-Adriatic line, facing the countries of Western Europe. There is no doubt that Russia figures on achieving all this as part of the "cold war," meantime pushing her world revolution for the spread of Communism.

District Scouters Hold Meeting Here

Participation in the nation-wide Boy Scout Roundup this Fall was discussed by District 10 Scouters at a meeting here Tuesday night. Ralph J. Smith, chairman, presided.

Smith outlined plans for program activities on a troop and district basis. Grady Kidd reported on a recent Commissioners' conference held in Monahan, attended by Kidd and Sam Balk.

Final plans for the Buffalo Trail Council Swim Meet to be held Saturday in the VFW Pool were arranged. Wade Whitely is in charge of the swimming events, and Bob Pine, James L. Daugherty and G. W. Brennenman are in charge of the barbecue.

J. M. McDonald reported for the Camping Committee. E. H. Black was named chairman of an attendance committee for the Cubber Pow Wow to be held September 18 at Big Spring.

Present at the meeting were Smith, McDonald, Kidd, P. V. Thorson, E. N. Thompson, Barnes Milam, Black, M. D. Mauck, Berte R. Haigh, Daugherty, Brennenman, Amon Bradshaw, Jr., the Rev. Clyde Lindsey, Pine and S. G. Painter.

Under common law there is no such offense as espionage during a time of peace.

ARTHRITIS

This could come from infected kidneys or bladder. If so, try delicious, pure Ozarka Water. It is diuretic, pure, safe, inexpensive. Ask your physician. Shipped everywhere.

WE the WOMEN

By RUTH MILLETT
NEA Staff Writer
A few tips, tried and found successful, on how to get your husband to be a help about the house. One. Don't expect him to work unaided and unsung. Stick around where you can hand him tools, admire his dexterity, and keep him from quitting a job before he is through.

Two. Enlist some aid in bragging about what he does. Show his latest "improvement" to everyone who comes to call.

Three. If he is "helpless" when it comes to building the simplest thing—add many hands are good. Go to the public library and take out a stack of "how to" books. You can find a book on how to do almost any job around a house.

Help Locate Tools
Four. Help him keep his tools all together and in a convenient place. Nothing is more annoying to a husband than to have to hunt for a hammer or a pair of pliers.

Five. If you know a husband who especially excels in the handy man department, be extravagant in your admiration for his handiwork.

Six. If all else fails and you can't get him out of his easy chair any other way, be hard at work on the job you want done when he gets home some afternoon. Then call him out for a little advice. When he takes over you turn into an awed and admiring sidewalk superintendant.

AIRLINE PERISCOPES
Periscopes on airliners, similar to those used on submarines, make it possible for navigators to determine their positions by sextant readings on celestial bodies without the customary viewing bubble projecting above the surface of the plane.

War-time destruction of trees has sharply reduced potential export of walnuts from North China.

Fish Holds Protein Costs Down, Provides Hot Weather Treat

Tomato aspic ring filled with fish salad—a hot weather treat.

By GAYNOR MADDOX
NEA Staff Writer
Keep protein costs within at least shooting range of your food budget by using fish in family meals frequently. On dog days, serve fish salads. For other times, use canned fish or sea food in cream sauce. Do this frequently and you'll find that everyone in the family will learn to enjoy fish.

Tomato Aspic
(Serves 6)
One and one-half tablespoons gelatin, 3/4 cup water, 2 cups canned tomatoes, 1 stalk celery, chopped, 2 carrots, sliced, 1 small onion, chopped, 1 small pepper, chopped, 2 whole cloves, 1/2 teaspoon pepper, 1/4 teaspoon salt, dash pepper, 1 tablespoon lemon juice. Soften gelatin in 1/4 cup cold water. Combine tomatoes, remaining 1/2 cup water, prepared vege-

tables and seasonings in a saucepan. Bring to boiling point, simmer 15 minutes, then strain. Add softened gelatin to hot tomato juice, stirring until gelatin is dissolved. Add lemon juice. Pour into ring mold and chill in refrigerator. Unmold on bed of crisp salad greens. Serve with fish salad heaped in the center.

Fish Salad
One cup cold cooked flaked fish (leftover fish, canned tuna or salmon, etc.), 1 cup celery, chopped, 1/2 cup mayonnaise.

NEW VACUUM TUBE CHANGES
AC CURRENT TO DC
A new vacuum tube for changing alternating into direct current, applicable to 110-volt supply such as used in ordinary commercial service, has been announced. The rectifier uses cesium metal both as coating for the hot cathode and as current-carrying vapor.

Flake cold fish and combine with celery. Mix gently with mayonnaise and pile in center of tomato aspic ring. Serve with wedges of lemon.
Escalloped Shrimp and Eggs
(Serves 4)
One cup canned or cooked shrimp, 4 hard-cooked eggs, sliced, 1 cup canned or cooked peas, 2 cups medium white sauce, 1/2 cup buttered bread or cracker crumbs. Make white sauce (recipe below). Place shrimp, sliced eggs and peas in a greased baking dish. Add white sauce. Sprinkle buttered crumbs over the top and bake in hot oven (425 degrees F.) until sauce is bubbly and the crumbs nicely browned, about 35 to 40 minutes.
White Sauce
Four tablespoons butter or fortified margarine, 4 tablespoons flour, 2 cups milk, 1/2 teaspoon salt, pepper, 1/8 teaspoon salt, pepper, 1/8 teaspoon dry mustard, 1/4 teaspoon paprika, 2 tablespoons chopped onion. Melt butter or margarine. Add flour mixed with seasonings. Stir until well-blended. Pour on milk gradually. Then add chopped onion. Boil 2 minutes. Note: Canned tuna, always popular, may be substituted for shrimp. A few drops of lemon juice and Worcestershire sauce added just before serving makes a more piquant sauce.

It's Procter & Gamble's postwar WASHDAY WONDER

it's TIDE

... you've never used anything like it!

TIDE is a true washday miracle, made possible through wartime research. Tide's here to do your whole family wash! And listen, lady—Tide gets clothes cleaner than any soap in the world! Tide also leaves colors brighter than any soap. And as for your white things—no soap in the world will get them whiter than Tide! You'll know you're using a completely NEW product the minute you see amazing Tide's suds. They look different, feel different . . . and they billow up thick and fast even in hardest water.

NO SOAP WILL GIVE YOU ALL THIS:

The CLEANEST, BRIGHTEST, WHITEST wash you ever hung on the line!

CLEANER than any soap!

Yes, with Tide the whole family wash comes cleaner—even children's grimy play clothes and men's heavily soiled work clothes. That's because Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well!

BRIGHTER than any soap!

Of course Tide gets your gay colored things brighter! Tide washes away the very soap film that may have dulled them . . . lets the true color shine clean and bright! Does it safely, too! Tide is safe for all your washable colors.

The world's WHITEST wash!

You'll know a miracle's working for you . . . when you see your first Tide-washed sheets and pillowcases! No soap made will get them more gleaming white! And Tide keeps them that way, week after week . . . never turns them yellow.

GIVES MORE SUDS—

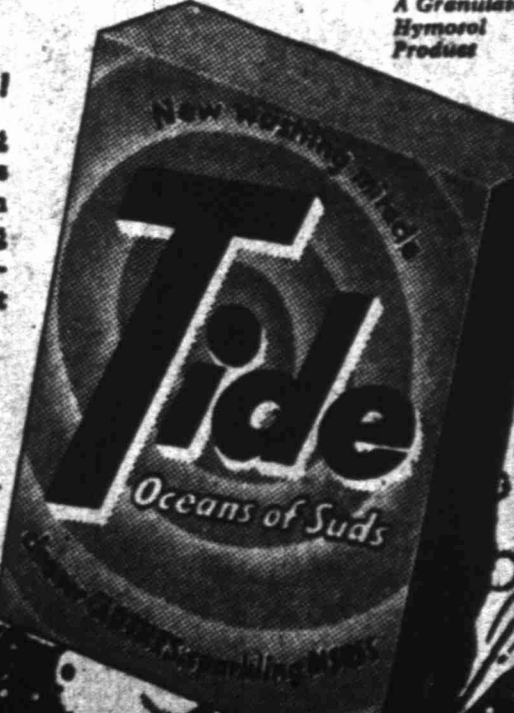

prove it in your dishpan!

Kind-to-hands suds! Faster suds! Longer-lasting suds than any soap in hardest water. Tide cuts grease like magic . . . washes dishes cleaner than any soap! No scum in the water! No greasy ring round the pan! No cloudy film! Dishes and glassware rinse and dry sparkling clear—even without wiping!

GUARANTEE—Procter & Gamble guarantees that Tide will do everything claimed for it in this advertisement. If you are not completely satisfied, return the unused portion of your package to dealer, and the purchase price will be refunded.

TIDE'S IN—DIRT'S OUT!

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!

TEC Office Reports Increase In Number Of Positions Filled

The number of employment openings filled in Midland during the last month increased 25 per cent over the preceding month, John Bechtel, manager of the Texas Employment Commission office here, reported.

During the month, 3,400 persons visited the office, which is at 319 East Texas Street, seeking employment here. Of this total, 399 were women, 768 were veterans. A total of 286 persons, including 56 women, were placed in jobs through the TEC office.

His office currently is receiving many orders for stenographers with oil company experience, and for office clerks, civil engineers, draftsmen, petroleum engineers, salesclerks, young men and women with chemistry degrees, laundry workers.

MIDLAND VOLUNTEER IS TRAINING AT CAMP HOOD

CAMP HOOD, TEXAS—Pvt. William L. McMurtree, 411 North Colorado Street, Midland, is beginning the first phase of training under the new Army expansion program with the famed Second Armored Division at Camp Hood.

He is a volunteer for the one year enlistment available to 18-year-olds in the new Selective Service program.

SALTY STATE

New Mexico claims to have enough salt to supply the entire Western Hemisphere for thousands of years.

Among job-seekers who have registered at the office as being available for employment here are men with business administration degrees, a licensed airplane mechanic, receptionists, typists, and bookkeepers. One man, 34 years old, has had 27 years' experience as a petroleum and metallurgical chemist.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 12, 1948—8

If you are storing two flavors of ice cream in the refrigerator put them into the freezing tray in a "marked" effect; coffee and chocolate ice cream are delicious put together in this way and strawberry and vanilla make another good combination.

A GOOD PLACE NOT TO BE TOO SMART

By MICHAEL O'MALLEY and RALPH LANE

After 20 years' heartbreak and red tape, Kurt Schweim, 42, of San Bernardino, Calif., was reunited with his mother at New York's LaGuardia Airport, after President Truman and State Department officials helped. Schweim came here from Berlin in 1928, and was sent for his mother when he had enough money. But the depression, Hitler and the war—in which Mrs. Martha Schweim lost her credentials—stopped him. Two months ago, he appealed directly to President Truman, and now the two are together.

Hard starting of an automobile may be the result of a leaking intake manifold gasket, or a leak in the cylinder-head gasket.

Astronomers have an average of less than one minute a year in which to study total eclipses of the sun.

Gondoliers Have Competition

The gondoliers of Venice, Italy, are up in arms. They see a threat to their ancient business in the popularity of new-fangled water skis. These two Venetians exhibit the latest fad, as they glide down the Venice Canal, using long sticks to push their specially-designed hollow wooden skis along.

Ohio Tries Tram Car Radio Idea

CINCINNATI — (AP) — Radio and its ever-present commercials may become a regular passenger on the nation's buses and streetcars if a project here catches on with the riding public.

Transit Radio, Inc., sponsor of the project, has installed frequency modulation radio receiving set in 127 motor buses and thirty-one trolley buses of the Cincinnati, Newport and Covington Railway company.

The sets are tuned to FM radio stations WOTB, which broadcast day-long programs of news and music-and commercials — for the bus riders.

The Cincinnati Street Railway company also has signed a contract with Transit Radio for installation of receivers on its 400 motor buses, trolley coaches and streetcars. The operation will be under way some time in August.

Radios have been installed on streetcars and buses in demonstrations in other cities including Washington, D. C., but the project here is believed to be the first on a regular, large-scale basis.

The project, described by some observers as the "most progressive scheme to hit the transit industry in recent years," involves no expense to the transit companies and is designed to "increase operating revenue, build up good will and increase riding."

Intellectual Advancement Of Members Is Goal Of Twentieth Century Study Club

By CARROLL SANDERS

A club devoted to increasing the mental horizons of its members is the Twentieth Century Study Club.

As its name implies, the club's members are especially interested in keeping abreast of the problems and challenges of today's world. With this end in mind, the club's study theme this year will be "Looking at America."

Sub-topics of this theme are "Electing Our President," (the club places particular stress on the duties and responsibilities of the citizen), "The Question of the Forty-Ninth State," "American Music and Literature," "Outstanding Celebrations in America," and "The Indian Problem."

Since February 8, 1948, when the club was organized under the sponsorship of Mrs. J. Howard Hodge, (known today as the mother of the club), the Twentieth Century Study Club has strived to live up to the purpose set forth in its constitution.

"To strengthen the intellectual, physical and moral advancement of members as a means of furthering their common interests and to enable the members to work better as a group in cooperating with the citizens in building up the community in which we live."

Previous Study Topics

A glance at some of the study topics of previous years will reveal the varied interests of the women who make up the organization. Some of the topics studied were "International Relations," "Around the World With Recent Writers," "The Home — First Line of Defense," "Tomorrow's Peace Plans Today," "The American Home," and, last year, "A World of Women."

But intellectual stimulation is only one phase of the club's activities. It has done its full share in "building up the community" with its sponsorship of and participation in numerous worthwhile drives, benefits and institutions.

In 1943-44, the group received national publicity for being the first group in the nation to volunteer to serve the community as price panel assistants for the local OPA activities listed.

The project for the year was raising funds for the Midland Youth Center, and for this purpose a benefit box supper and square dance were held under the supervision of Mrs. Raymond Leggett, president.

Meeting the second and fourth Tuesdays of each month, the club has designated the first meeting of each month as guest day. Three annual events have become traditional with the organization: the Christmas party, the Texas Day program and a luncheon at which the officers for the coming year are installed.

So popular has the club become that in the Spring of 1940 the members met with another group of women for the purpose of organizing a Junior Twentieth Century Club, which now is known as the Progressive Study Club. The enrollment of the Twentieth Century Club now stands at twenty-three members.

Officers of the organization are

Shakespeare Statue Found Full Of Lead

LONDON — (AP) — A "plaster" statue of William Shakespeare which stood on the portico of the Theater Royal, Drury Lane, London, for more than a hundred years has been found to be made of lead.

During repair work, workmen had to remove the statue and its unexpected weight led to the discovery. Repeated paintings had formed an outer crust about half an inch thick. When this was removed, a spokesman for the theater said, "a beautiful leaden statue of Shakespeare was laid bare."

Mrs. Arundell Eddle, a leading writer on the history of sculpture, identified it as the work of John Cheere, a British sculptor who worked much in lead and who died in 1787. The statue is to stand in the vestibule of the theater.

Russians Desire To Be Called Soviets

BERLIN — (AP) — For reasons they never have explained officially, the Russians apparently don't like to be called Russians in Germany. They want to be called "Soviets."

The Russian army has served official notice that it is not to be called the Russian army, or even the Red army — as it was designated in World War II — but the Soviet army.

Most of all the Russians won't tolerate being called "Russkies." A Russian soldier shot an American in Vienna several months ago because the "Amerikanaki" referred to him as a "Russki."

In Germany the Russian-controlled press, the official Soviet news bureau and the Russian-controlled German news agency (ADN) never speak about the Russian military government or the Russian occupation army. It is always the Soviet occupation zone, the Soviet military administration, the Soviet army and the Soviets, instead of Russians. That appears to be an unwritten law.

Sensing this, some western Berlin papers, like the American-licensed Tagesspiegel and the British-licensed Socialist Telegraph which delight in needing the Communists, rarely miss a chance to call a Russian a Russian.

Fish Try To Bribe Choosey Fisherman

LANCASTER, PA. — (AP) — A 14-year-old angler was pretty choosy about the fish he caught.

The first one young Cyrus Dietrich hauled in was a sucker. He threw it back. Too small.

The next was a white fish — also too small.

He tossed his line back in and after a while—believing his bait gone—hauled in his line.

Dangling on the hook was a \$5 bill.

Motorcycle Cop's Trouble Is In Mind

TACOMA — (AP) — After two hours duty one morning, Carl Meyer, motorcycle patrolman making his routine check at a call box, was alarmed to hear the dispatcher order:

"Proceed immediately to 100 East 36th Street."

"100 East 36th Street," shouted Meyer. "That's where I live."

"Sure, that's where you live," the dispatcher replied acidly, "your vacation began this morning—remember?"

GLOWS IN WATER

The mixture of chemicals known as 3-amino-phthalhydrazide and sodium perborate is quite stable when dry but when dropped in water it gives a visible glow; wartime seaplane pilots used the mixture to estimate their height above the water.

EVERYBODY'S FAVORITE Fish 'n Chips

TASTE BETTER WITH Morton Foods

Crisp and delicious Morton Potato Chips bring out the flavor of broiled or fried fish. For tasty tartar sauce, use Morton Sandwich Spread with a little minced onion added. Serve fish with tomato slices generously spread with Morton Mayonnaise.

A WASHDAY MIRACLE YOU COULD NEVER GET BEFORE!

FAB gives **FABULOUS SUDS**, even in hardest water. FAB with **Super-Wetting Action** makes more suds, faster suds than soap. One cup of FAB was put into washer on left. One cup of soap into the one on right. Both washers ran 7 minutes. Result: A washer full of suds from FAB. Almost no suds from soap.

FAB with **SUPER-WETTING ACTION** washes everything **FASTER, CLEANER, WHITER, BRIGHTER** than any soap... in hardest water!

FABulous work saver! Newest miracle by Colgate-Palmolive-Peet brings faster, cleaner washing for grimeiest overalls, work and play clothes, towels... everything that's extra dirty!

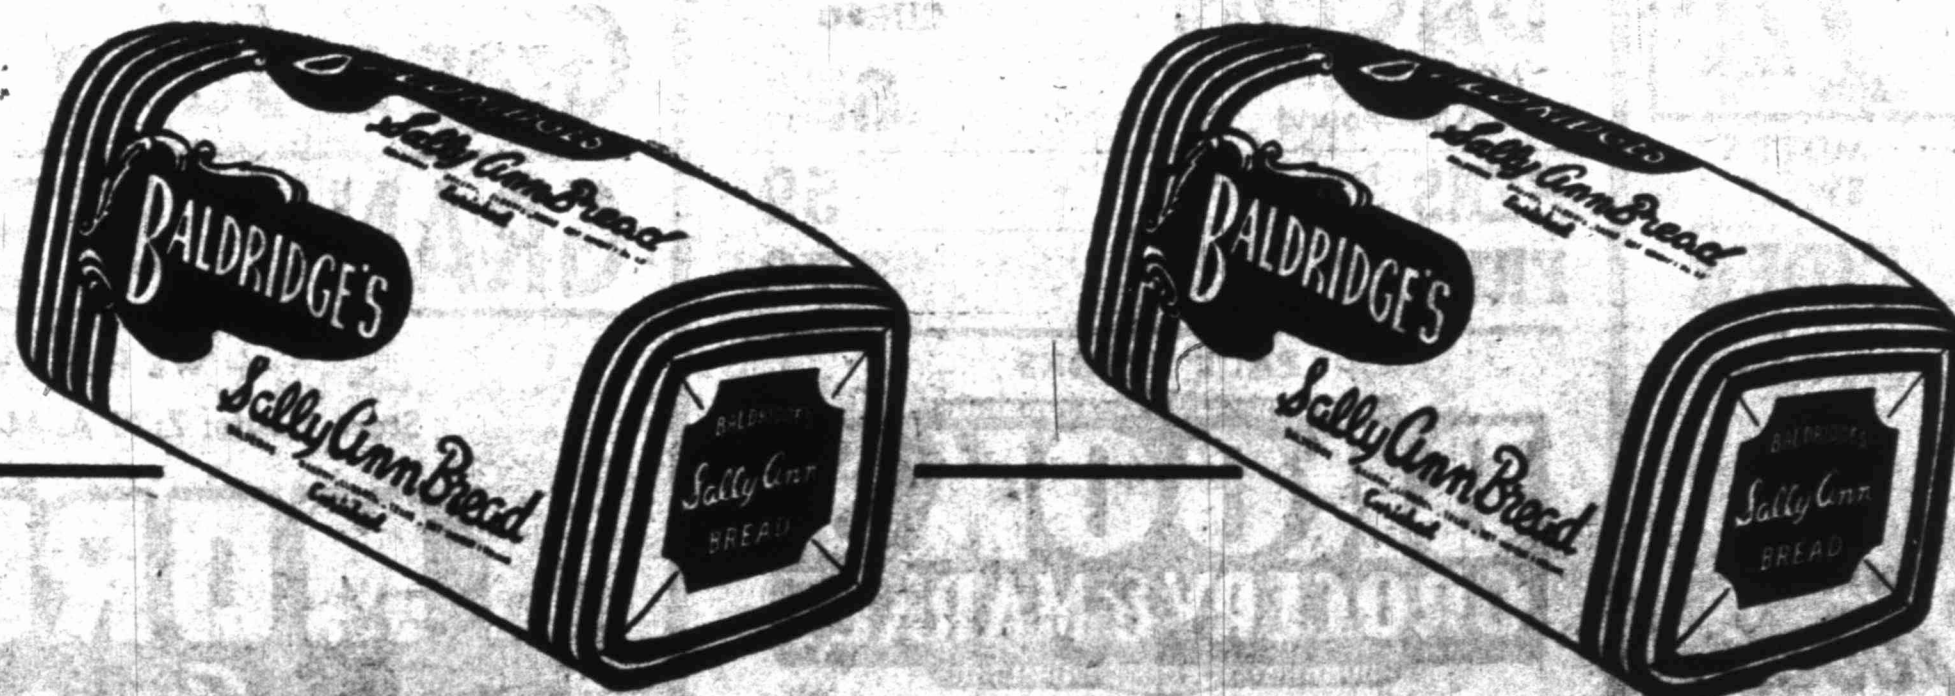

It's completely new... FAB with **SUPER-WETTING ACTION!** It contains a new ingredient that washes white wash whiter, colors brighter! There's no "graying" soap scum—wash is whiter, cleaner. Reds Study Vitamin Producing Plants

MOSCOW (AP)—Near Moscow there is a Plantation for Vitamin Producing Plants.

This scientific institution studies various plants which develop high vitamin content and can possibly be used by the Soviet vitamin industry.

For instance, many fields there are devoted to gladioli which are a potential raw material for the industry. 14 hectares of blackberry bushes, and 60 different varieties of wild rose which is being studied especially carefully.

Man Pours \$45 Into Floor With Cement

HALE CENTER, TEXAS. (AP)—The cement floor of a new building here is worth at least \$45.

Jake Johnson, Hale Center cement worker, reached for a wallet he had been carrying in his shirt pocket and found nothing. A quick checkup disclosed the wallet had fallen into a cement mixer and that \$45 in currency had been poured into the floor. The floor already had hardened.

There are some 140 species of octopuses.

Movie Writers May Be Forced Back On Genius

BY HAL BOYLE

NEW YORK (AP)—The financial troubles of the movies may force the writing man back upon his own genius.

It could be a good thing for the art of letters and the men who make their living by putting one word after another for dollars.

Of course, it's a terrible blow to the intellectuals who for the last hundred years have been harvesting the richest pay crop in literary history. They might have to give up their country estates in the San Fernando Valley, Calif., and Bucks County, Penn., and go back to the hamburger life in the garret. That's where many have nostalgically proclaimed the true muse dwells.

That, dear subscribers, is pure balderdash and shop talk.

Today there are more men with small talent making money out of writing than at any time since the earth cooled.

But scribbling was a down-at-the-heels business in modern history until a gent called Sam Johnson came along.

Doctor Johnson, "the great champ" of 18th century literature, put the English language in chains with the first popular-selling dictionary. Before him writers lived on the favor and pocketbook of an aristocratic patron.

But good writers get something of what they feel across under any system. The two finest books in our tongue—Shakespeare's works and The King James version of the Bible—were produced under the capacious eyes of a bawdy queen and a Scottish King who liked to scribble himself.

Died In His Own Bed

Shakespeare had to cavi to the censorship of a capricious court and an illiterate mob. But he died in his own bed at 52, a good businessman with his head still intact.

Most of the real writers cashed in on their popularity—Shakespeare, Bobby Burns, Byron, Dickens, Thackeray, Tolstoy. Their genius wasn't above the public understanding.

Prices are down in Hollywood. The brass is showing through the gold. But as they turn off the light in their gilded shacks to cut down on the electricity bills, the film colony literary can expect little sympathy.

No writer can forever blame his second-hand work on the people he works for and those who pay to see it. Did Shakespeare, who did not work for Sam Goldwyn, complain that "Hamlet" wouldn't be better if he didn't have to write it for Queen Elizabeth and the London mob?

Doctor Johnson said "He who pleases many must have some species of merit" and "no man but a blockhead ever wrote except for money."

He didn't mention the odd people who write for money and pretend they don't.

Picnic Burgers Aid Budget, Provide Balanced Meal

Combine ground beef and processed cheese into picnic burgers.

By GAYNOR MADDOX
NEA Staff Writer

To make a pound and a half of ground beef serve eight hungry persons adequately, combine it with 8 slices of processed cheese. Call the result picnic burgers. Serve with potato salad, garnished with radishes. There's a balanced meal for your family that won't ruin the budget.

Picnic Burgers
(Serves 8)

One and one-half pounds of ground beef, 1 1/2 teaspoons salt, 1/4 teaspoon pepper, 1/8 teaspoon sage, 2 tablespoons minced onion, 4 tablespoons catsup, 8 slices processed cheese, 1/8 cup pickle relish.

Mix together ground beef, salt, pepper, sage, minced onion and catsup. Shape into 16 small hamburger patties. Place slices of cheese on eight of these hamburger patties and spread with pickle relish; top with remaining patties. Arrange "double hamburgers" on heat-resistant glass well-and-free platter. Place in pre-heated broiling oven about three inches from source of heat. Broil for about eight minutes on each side, turning once. Serve on platter.

Here's another way to extend ground meat—to make 3/4 pound feed four.

Potato-Hamburger Pie
(Serves 4)

Twelve small onions, 8 small carrots, 3/4 pound ground beef, seasonings, 3 tablespoons fat, 3 tablespoons flour, 2 cups seasoned mashed potatoes.

Cook onions and carrots in boiling salted water. Season beef and form

Female Beauty-Is It Up To Congress?

By HAL BOYLE

NEW YORK (AP)—Does Congress want the American woman to stay beautiful?

Well, if it does, it had better start forking out some cash.

This is the advice of Mrs. Veronice Dengel, a beauty engineer, who says the high cost of keeping beautiful is pricing many women right out of the market.

"Beauty is so important," she said, "that there should be national beauty clinics subsidized by federal funds which would bring beauty within the reach of every woman."

Mrs. Dengel thinks women have every bit as much right to a chunk of the national budget as farmers.

"There are government subsidies for almost every type of education except for the all-important one of enabling American women to learn how to be and remain a race of beautiful, healthy creatures. And this is a vital necessity to preserve marriages in the face of today's

alarming divorce rate."

Mrs. Dengel has been campaigning for some time for equal rights at the drugstore counter.

"Congress should repeal the 20 per cent tax on cosmetics," she said. "Because lipstick, powder and cream are as essential to a woman as shaving cream is to a man, but the man doesn't pay a luxury tax on his whisker soap."

Convinced that American women are the most beautiful in the world, Mrs. Dengel regards this as "one of the dividends of democracy."

"As long as we have beautiful women," she said, "our men would slaughter any foreign man."

So she puts it up to Congress to save America by saving its womanly beauty.

Mrs. Dengel's views were given in

a long telegram in which she agreed with this department's recent muted protests against "the great American female face."

"There are five basic types of faces," she said.

"These are Alexis Smith, executive; Joan Crawford, dramatic; Ingrid Bergman, wholesome; Shirley Temple, feminine; and Irene Dunne, conservative."

So there are five kinds of faces. I wouldn't quarrel with a lady beauty expert even if she said there were 25 kinds. My only contention is that in public they tend too often to merge into an iceberg profile that cloaks their real personalities.

Fresh corn for fritters, puddings or pancakes may be easily removed from the cob if you cut the corn down the center of each row of grains with a sharp knife, then scrape the kernels from the cob with a table knife.
