Russian Rocket Bombs Facing Italy, Trieste, Slav Declares

By BOGDAN RADITSA
Ex-Yugoslav Press Information Chief
Written for NEA Service
Copyright, 1948, NEA Service, Inc.

Russian rocket bombs have been moved to launching sites along Yugoslav borders as Italy prepares for her crucial election April 18 and pressure increases on the tiny Allied token force at Trieste.

That information comes to me from reliable eye-witness sources, Yugoslav friends who as I did to escape the fate that befell liberals in other Russian satellite countries.

The rockets are captured German V-1 buzzbombs and V-2s, which presumably came from the great Nazi rocket experimental station at Peenemunde in the Soviet zone of Germany. To these the Russians have added their own "improved" version, supposedly capable of soaring 400 miles in 17 minutes.

Such bombs, fired from newly built bases on the Adriatic coast, could reach Rome, Naples or Salerno. More launching platforms menace Italy from northwestern Yugoslavia and ring the Free State of Trieste, where 10,000 American and British troops are held on a combat footing. Other rocket sites in the southern mountain overlook Greece where government troops are battling guerrilla forces.

These facts come to me in letters which bear a Swiss postmark and the handwriting of a trusted exile, safe in Swiss neutrality, whose name cannot be mentioned. In the envelopes is the handwriting of sincere and observing Yugoslav lawyers and business men who have managed to get to Italy and there, in comparative safety, smuggle their facts to Switzerland.

They have seen more than the rockets which Russia has been delivering and the bases built by slave labor. They report:

Torpedo boats, in dismantled form, are being delivered to the former naval base at Divuljana near Split, on the Adriatic (Trucks sent to Yugoslavia by the U. S. were assembled here in 1944.) At least 14 of the torpedo boats have been assembled.

Pocket submarines, also in dismantled form, have been shipped by rail by the Russians to Fiume, just south of Trieste. After being put together, the submarines move by sea in T-shaped waters, proceeding to underground bases which have been observed under construction on the Albanian coast.

Combat aircraft — the World War II "Stormovik," the "Petljakov" and "Ilyushin" fighters, are being kept hidden in hangars — have been brought in from Russia to Yugoslav airfields especially prepared for them. The Soviet

Canadian Lets Paving Contract

CANADIAN (Special) — The Wichita Const. Co. of Wichita Falls is the successful bidder for paving 30 blocks of streets and one block of alley here. It was announced at the City Hall.

The bid of \$57,985 was for a salicase base type of pavement. The bidder also submitted an alternate bid of \$80,224 for concrete base paving.

City officials said the majority of the property owners affected would determine the type of paving used. It was intimated that the more expensive, permanent type would be chosen.

Two other concerns submitted bids.

Rites Held for Mother of Pampa

Funeral services were being held at 2 p. m. today from the Lamas and Smith Funeral Chapel in Dallas for Mrs. Sarah Jane Zachry, mother of Dr. L. J. Zachry of Pampa, who died there early yesterday morning.

EASTER BREADER
LAME SUCCESS — United Nations delegates and officials took an Easter breather today. The important meetings are scheduled next Monday.

Eleven Killed as Tornado Bounces Across Oklahoma

HST Tackles Problem of Holy Land

WASHINGTON (AP) — President Truman tackled the problem of peace in Palestine on a wide diplomatic front today.

Officials predicted that if American efforts to arrange an Arab-Jewish truce are not successful, the Holy Land will become an embattled "no-man's land" when the British give up their mandate there May 15.

Wholesale bloodshed — what Mr. Truman himself called open warfare — is foreseen at that time unless decisive action is taken beforehand along two lines.

These were laid down by the President in a statement yesterday. He called for (1) the creation of a United Nations trusteeship to assume authority temporarily when the British leave and (2) for a truce meanwhile to put an end to the killing.

Officials said that all the resources of diplomacy must be employed with the Jewish and Arab leaders directly, as well as with their representatives at the United Nations, to make the President's double-harness program effective.

Admittedly, these authorities said, prospects for success are not too bright. Initial reaction of both Jews and Arabs has been unfavorable in many respects to the negotiation of a truce.

In New York, Dr. Abba Hillel Silver, chairman of the American section of the Jewish Agency for Palestine, said partition is the very least his people will accept in the way of a political settlement.

In Washington the Arab office issued a statement in which Mr. Truman's proposal "fantastic" and denouncing the President's news conference comment that he has not abandoned support for the partition idea.

Some of the President's advisers privately make plain that what the American government is now interested in, aside from getting peace in the Holy Land, is any kind of long-range political settlement both Jews and Arabs may be prevailed upon to accept.

Petition for New School Is Submitted

A petition signed by 365 Finley-Banks subdivision residents of Pampa was presented to the Pampa Independent School Board last night asking for an elementary school in that part of town.

This addition, which includes property south of the Santa Fe Railroad and west of the Fort Worth & Denver lines, is the only section in Pampa that does not have an elementary school, pointed out the petition.

School board officials stated this morning that for the past two years they have been contemplating additions to the school units already in use.

However, the board announced a survey and scholastic study would be taken and that they would then announce their findings.

The petition has no legal bearing on the actions of the board. All additions or new schools will be up to the discretion of the board, it was said.

Girl Acquitted In Murder Trial

ALBUQUERQUE (AP) — Nickie Mae Pierce, 19-year-old Texas girl, mood acquitted today of murder in the strangulation death of her newborn daughter.

An all-male jury returned the verdict last night after deliberating two hours and 40 minutes. The verdict was "not guilty by reason of insanity at the time of commission of the crime."

The girl, who lives at Menard, Texas, was accused of strangling the baby with her hands after giving birth to it unattended last Nov. 8.

After the verdict was returned, the Texas girl exclaimed: "I can hardly believe it. I don't know how I'll ever be able to show my gratitude" to her attorney and the jury.

She said she planned to return to newspaper work. "It's too soon to think about that now though. All I want to do is to breathe and smile. This is the first time I think I have been able to smile for almost a year."

N. H. Pierce, who publishes a weekly newspaper in Menard, said he had no plans for her. "It's whatever she wants to do," he said.

Former Officers Face Prison Terms

AMARILLO (Special) — Two former Amarillo policemen, William Martin Ingalls and Max Lennig, yesterday afternoon were sentenced to concurrent terms of four years and three years in prison on charges of burglary and theft.

The men, both of whom pleaded guilty to charges which grew out of their arrest while in uniform a few weeks ago, went on trial yesterday afternoon.

The men had been charged with stealing automobile accessories and installing them on friends' and acquaintances' cars at a garage which one maintained at his home. Other police had become suspicious when the men offered to do the work at cost, and when the car of one of the convicted men was found near the scene of a burglary.

Town Can't Seem To Find a Rat!

WENATCHEE, Wash. (AP) — Interior Secretary J. A. Krug has wired Mayor Arthur Phomman twice this week asking the town to join in an anti-rat campaign.

The mayor would like to but he can't.

A search of the city failed to turn up a single rat.

One citizen's comment: "Wenatchee's rat died over a year ago."

Lodge Leads Drive for Air Preparedness

WASHINGTON (AP) — Senate air power advocates insisted today the high command's own expansion program falls short of actual needs.

They declared that drafting men until a universal training program can be put into full operation is not enough to give this country the armed strength required to back up President Truman's half-Russia policy.

Led by Senator Lodge (R-Mass.), himself a World War II veteran, the determined "backers" of a mightier Air Force showed little alarm over testimony that Russian submarines have been built "off our shores."

Nor did they take specific issue with plans to draft at least 200,000 men between the ages of 18 and 26 for two-year terms with overland registration of all men up to 45 years of age.

But the half-dozen of senators gave every sign of an all-out fight to provide the Air Force with 70 combat groups.

The \$3,448,000,000 preparation program outlined by the nation's military leaders yesterday contemplated 70 groups of 10,000 men each.

But Lodge, who sat in on a guest of the Senate Armed Services Committee, noted in sharp questioning of the military chiefs that the original blueprint for this country's postwar Air Force contemplated 70 groups of 10,000 men each.

He demanded to know why the figure had been cut and particularly why it had not been restored in the light of testimony with Russia.

Lodge drew admissions from Secretary of Air Syngman Rhee and Gen. Carl Spaatz, Air Force chief of staff, that they still regarded the larger figure as necessary.

This brought Secretary of Defense Forrestal back to the Senate stand with the rejoinder that to add the 16 groups would cost \$11,000,000,000, which alone, and both the Navy and ground forces then would have to be increased in proportion, he insisted.

Aside from the clash over air power, the testimony of the top military officials yesterday afternoon was highlighted by the dramatic announcement that foreign submarines recently "have been sighted off our shores." He said these did not belong to any one country.

Truman Insists He Won't Be Pushed Aside by Demos

WASHINGTON (AP) — President Truman's refusal to be pushed aside by a Democratic effort to abrogate his agreement with the presidential nomination.

Senator George (D-Ga.) told a reporter he thinks Mr. Truman may have made it possible for rebelling Dixie Democrats and Northern anti-Truman forces to back a single, strong opponent.

The difficulty, the Georgia senator said, is that most party members in public life would not be acceptable to both wings of Mr. Truman something. And few with national stature want to butt heads with a President in a nomination fight, he added.

Unless the President later decides to quit a possibility George did not rule out, the senator said he doesn't see where such a man will be found. Mr. Truman told his news conference yesterday he is in the fight to the finish.

"It will be very difficult to nominate anybody else, unless the President himself decides that it is best for him to step down."

As an example, George said he thinks most of the Southern civil rights rebels would be glad to have Chief Justice Fred Vinson head the ticket.

And he guessed that Vinson, a Kenton, Ky., lawyer and an okay from Northern Democrats who are kicking about the President's stand on Palestine.

But even if Vinson were willing to quit the court, George said he doesn't think the chief justice would do so unless the President approved. The same situation applies in greater or lesser degree to others who have been mentioned, the senator said.

Meanwhile, the President's explanation of his Palestine stand seemed to have made some headway with those who have criticized his policies on that score.

In California, where there had been rumblings of dissonance over the retreat from partitioning, a Kenton, Ky., lawyer and an okay from Northern Democrats who are kicking about the President's stand on Palestine.

But even if Vinson were willing to quit the court, George said he doesn't think the chief justice would do so unless the President approved. The same situation applies in greater or lesser degree to others who have been mentioned, the senator said.

Harvester Thinclads Win Six-Team Meet

The Pampa Harvester Track team made a very successful opening of their 1948 track season yesterday afternoon when they amassed a total of 75 points to win a six team meet held in Pampa.

Cooper Leads Charlotte Play In 2nd Round

Charlotte, N. C. — (AP) — Smiling Pete Cooper of Ponte Vedra, Fla., who makes only a few tournaments a year, won the 1948 Charlotte Open golf tournament yesterday.

The curly-haired father of three children was the No. 1 man of a day-long first round battle, but despite his seven-under-par 33-32 for the 6,410-yard Myers Park course he had 14 rivals within three strokes of him.

The birdie barrage yesterday was the heaviest of the winter campaign. Twenty players broke 70 and 11 more came in under par 72. A dozen others equaled regulation figures.

Most of the damage was done on the last nine, which runs only 3,044 yards. The boys get a 3,364 yard workout on the front nine. Of the 43 par-or-better finishers, 32 clipped strokes off standard figures coming home, seven others made it in par, and only three went over.

The scorer's bench was knee-deep in birdies and eagles when the last of the 148 starters checked in.

Jimmy Thomson, 39-year-old New Yorker who hasn't won a major tournament since the 1938 Los Angeles Open, and Chick Harbert, the long hitting Detroit pitcher, shared second place. They were only a stroke off the pace with identical 35-31 66 scores.

They were being pressed by five 67 performers: Cary Middlecoff of Memphis, Tenn.; last year's winner, amateur Frank Stranahan of Toledo, Ohio; Tony Penna of Cincinnati; Glenn Telford of Jacksonville, Fla.; and Clayton Heafner of Charlotte.

A blimp is a non-rigid dirigible balloon.

The main bone of the lower leg is called the tibia.

Texas Loops Show Wholesale Turnover of Club Managers

The life expectancy of baseball managers in Texas is one year—or less.

Twenty-six of the 34 clubs which operated in five leagues last year are going to open the 1948 season under new management.

This wholesale turnover indicates baseball in Texas is going to follow a pattern cut in 1947. Then it was funny, bigger and more profitable than ever before.

The Big State League paces the new deal. Seven of the eight teams will sport new pilots.

The Texas League has only one "new" manager. Three of the clubs just traded bosses.

The Class C West Texas-New Mexico League has five new managers, the Class C Lone Star has six, and the Class D Longhorn loop, this does not count the two new teams added to the latter loop.

The Texas League switch sent Gus Mancuso from Tulsa to San Antonio; Jimmy Adair from San Antonio to Dallas by way of Savannah, Ga., and Al Vincent from Dallas to Tulsa. Chick Autry replaced Golden Holt at Beaumont.

And the use of a pop bottle cap, Sherman-Denison's manager last year, is going to pilot Henderson in the Lone Star League. Another ex-big state pilot in this loop is Harry Davis at Marshall.

Greenville, under Davis, lost the pennant in a one-game playoff with Texarkana and bowed out of the Shaugnessy playoff to Wichita Falls.

Wichita Falls is to be managed by Mark Carroll, who finished last season as manager at San Antonio.

Bill Atwood, who served briefly at Ballgeorge this season, replacing Buddy Hanken. Hanken came from the Longhorn League to Greenville.

Jess Landrum, Longview's starting manager in '47, is slated to manage Bryan in the Lone Star League this season.

But Olan did not leave the ring until he had shown his disapproval to Jones' decision, by first, tossing the little referee into the ropes, and then by showing further signs of disapproval by planting his fist at least twice on Jones' chin.

Dr. Gil Knutson downed Ace Abbott in the companion feature. Abbott won the first fall, but the registered chiropractor came back to win the next two.

John A. (Abe) Houston is director of the event, sponsored by the Brownwood Junior Chamber of Commerce.

Preliminaries will be held at 1 p. m., semi-finals at 3 p. m., and finals at 7 p. m.

The Austin Maroons are defending champions and favorites to repeat. Strong contenders include Paschal and North Side of Fort Worth, Highland Park and Woodrow Wilson of Dallas and Harlandale of San Antonio.

A modest electric sign at Broadway and 23rd St. advertising an ocean resort was New York's first experience with this phenomenon.

Take Your Pick

Here they are—the big wheels of the American League. The Red Sox' Ted Williams, left, looks mighty confident that he'll repeat as the league's leading hitter, but Joe DiMaggio of the Yankees, voted league's most valuable player, says he never felt as good in spring training as he does now. Maybe it will be a tie.

Sandow Wins After Boynton Disqualified

Olan Boynton of Amarillo carried his name with those of several rough characters as Pat O'Dowdy and Sailor Parser last night at the Sportatorium.

Boynton wrestled Young Billy Sandow of Toledo, Ohio, in the first bout of last night's double main event at the Sportatorium.

After each gladiator had won one fall the Amarillo fireman resorted to hair pulling, choking, and the use of a pop bottle cap in an effort to overcome his opponent. After continued warnings by Referee Dutch Jones Boynton refused to stop his ungentlemanly tactics and was disqualified by the referee.

But Olan did not leave the ring until he had shown his disapproval to Jones' decision, by first, tossing the little referee into the ropes, and then by showing further signs of disapproval by planting his fist at least twice on Jones' chin.

Dr. Gil Knutson downed Ace Abbott in the companion feature. Abbott won the first fall, but the registered chiropractor came back to win the next two.

46 High Schools Entered in Bluebonnet Relays

BROWNWOOD, Tex. — (AP) — The Bluebonnet Relays are scheduled to be held here Saturday with a field of 46 high schools representing 46 Texas high schools.

Dallas will be represented by five schools and Fort Worth by three.

John A. (Abe) Houston is director of the event, sponsored by the Brownwood Junior Chamber of Commerce.

Preliminaries will be held at 1 p. m., semi-finals at 3 p. m., and finals at 7 p. m.

The Austin Maroons are defending champions and favorites to repeat. Strong contenders include Paschal and North Side of Fort Worth, Highland Park and Woodrow Wilson of Dallas and Harlandale of San Antonio.

A modest electric sign at Broadway and 23rd St. advertising an ocean resort was New York's first experience with this phenomenon.

Training Camp Roundup

By the Associated Press
CLEARWATER, Fla. President Bob Carpenter says his Philadelphia Phillies have room for four more pitchers.

"We need pitching help and if there's a chance of dealing for it, we'll get it," Carpenter said. "We've got to carry Charlie Ricknell and Curt Simmons as bonus players. Say we also carry Schoolboy Rowe, Dutch Leonard, Walt Subiel, Blix Donnelly and Oscar Judd. That makes seven. We have room for four more."

FULLERTON, Calif. — Cliff Chambers, Bob Chipman and Paul Erickson were assigned to today's pitching chores by Manager Charley Grimm as his Chicago Cubs engaged Los Angeles here.

SARASOTA, Fla. — Boston Red Sox Manager Joe McCarthy will send Ellis Kinder against the New York Yankees today in the fourth pre-season meeting between the two clubs. McCarthy's former charges, the Yankees, have a 2-1 edge in the series.

TAMPA, Fla. — The one bad inning per game continues to plague the Detroit Tigers. Yesterday the Bengals had the bad inning blues in the opening frame against the New York Yankees.

Pitcher Rufus Gentry walked five batters, hit another and allowed one hit to enable the Yankees to score all their runs in a 6-5 victory.

SAN FRANCISCO — Whether Pitcher Bob Cheshnes goes east with the Pittsburgh Pirates may depend on some pictures taken yesterday. They were x-ray shots of Cheshnes' elbow, which ailed last year and forced an operation at the end of the season.

SAN BERNARDINO — Lyman Linde, rookie righthander for the Cleveland Indians, will be on the sidelines for several days. He was struck on the chin yesterday by a ball batted by Manager Lou Boudreau. Ed Kleiman, Ernie Groth and Bob Kuzava were slated to pitch today against the Browns.

SAN BERNARDINO — Southpaw Al Gerstner and Clem Dreisewerd were nominated to divide pitching duties today for the St. Louis Browns against Cleveland.

The volume of trading on the New York Stock Exchange dropped from 365,700,000 in 1947 to 260,000,000 in 1948.

Market Briefs

WALL STREET
NEW YORK, March 25—(AP)—Stocks generally enjoyed their eighth successive advance in today's market although considerable opposition was in evidence.
Selected rails, steels, oils and industrials gave a good account of themselves from the start. Prices and activity were at the best around midday.
Gains of fractions to a point or so predominated at the close but small minus signs were plentiful. A few "thin" issues were up several points. It was the sixth straight session in which volume exceeded the million share level, a record since last July.
On the outside were American Tobacco Co., Low's, Chesapeake & Ohio, Peapack, Montgomery Ward, Goodrich, Schenley and Anaconda.
Touching highs for the year were St. Louis Southwestern Railway preferred, Santa Fe, Union Pacific, Kennecott, Devery and Rio Grande Western and Chicago Corp.
Ahead most of the time were Southern Pacific, Southern Railway, Northern Pacific, U. S. Steel, Youngtown Sheet, Sears Roebuck, American

Mrs. Weathered Is Hostess to WSCS

The WSCS of the McCullough Methodist Church met in the home of Mrs. A. L. Weathered Wednesday afternoon for a program presented by Mesdames John McFall, Ben Ward, Kit Aulry and Margaret Taylor.

Final plans were made for a chili supper to be held in the church basement this evening (Friday) from 6 to 8 o'clock at which time chili, pie and coffee will be served. Announcement has been made that the supper is open to the public.

Refreshments were served at the close of the program and business sessions.

It was announced that the next meeting will be held in the home of Mrs. Aulry at 2:30 on Wednesday, March 31.

Nine members were present.

The Woman's Page

PAGE 4 Pampa News, Friday, March 26, 1948

The Stage Is Set in Pampa for 27th Annual Conference of TFWC Dist. 7

Members of the seven Federated clubs of Pampa are completing arrangements for the 27th annual conference of Seventh District, Texas Federation of Women's Clubs, which will convene in Pampa April 6 and 7.

The district comprising 41 counties, will be represented by delegates and visitors from approximately 150 clubs and by some 80 members of the district board.

Distinguished visitors, expected to attend the conference, include Mrs. John J. Perry, Sweetwater, president of the Texas Federation of Women's Clubs; Mrs. Joseph M. Perkins, Eastland, TFWC program chairman and a member of the board of directors of the General Federation of Women's Clubs for a number of years; Mrs. T. M. West, San Antonio, second vice president, TFWC; Mrs. H. B. Gillette, Houston, secretary, TFWC; Mrs. M. Howard Gibson, Waxahatchie, first vice president, TFWC; Dr. James P. Cornette of West Texas State College, Canyon.

Letters of welcome have been sent out from the Pampa Chamber of Commerce to all presidents of federated clubs in seventh district. Pampa club women are most appreciative of this courtesy.

All meetings of the conference will be held in the First Methodist Church where the session will be formally opened at 9:30 a. m., Tuesday, April 6. Registration for delegates and visitors will begin at 8 a. m. Mrs. Gene Fatheree is registration chairman.

Board members will begin registration at 4 p. m., Monday, April 5, at the First Methodist Church. This will be followed by an Executive Board meeting at 6:30 p. m. and a formal dinner at 7 p. m. in the City Club Rooms.

The board dinner is a courtesy of the Citizens Bank and Trust Company, according to Mrs. Knox Kinard, dinner chairman. Hostesses are to be the presidents of the seven local federated clubs and district board members who live in Pampa.

Tuesday afternoon, following the afternoon session of the conference, there will be a tea at 4:30 in the City Club Rooms, a courtesy of the Pampa Chamber of Commerce. Mrs. Arthur Teed is chairman of the tea. Mrs. J. B. Massa, vice chairman.

Tuesday evening is Fine Arts evening, the program to be presented in the auditorium of the new High School at 8 o'clock. Mrs. Glenn Truax, Canyon, district Fine Arts chairman, and local club women have arranged an excellent program, according to Mrs. J. W. Garman, local chairman, and her assistant, Mrs. J. B. McCrery.

An art exhibit will be a feature of the convention. This will be on display in the basement of the First Methodist Church. Mrs. Fred Thompson is chairman. Luncheons on Tuesday and Wednesday in the basement of the First Methodist Church have been arranged. The final session will close with the luncheon on Wednesday, April 7.

Pampa Woman Attends Parents' Fiftieth Wedding Anniversary

Mrs. Allen Vandover has returned home from St. Joseph, Mo. where, on March 7, she attended the Golden Wedding Anniversary celebration of Mr. Vandover's parents, Mr. and Mrs. J. D. Vandover. Open house was held for the relatives and friends of the honorees.

Six of the Vandover's seven children and nine of their 19 grandchildren were present for the celebration. There are also four great grandchildren.

One guest, Horace Cure, of Fowler, Kans., brother of Mrs. J. D. Vandover, was also present at the marriage fifty years ago. Harold Jonathan Vandover, 2-year old son of the Allen Vandovers of Pampa was the youngest guest present at the Golden Wedding. W. B. Vandover of Pampa, a brother of J. D. Vandover. On her return to Pampa Mrs. Vandover visited her mother in Kansas City, Mo.

EASTER EGG HUNT
The Primary Department of the First Methodist Church will have an Easter egg hunt on Saturday afternoon. Each child is being asked to bring four colored eggs. The first grade children will go to the home of Mrs. Joe Wells, 524 N. Hazel for their hunt from 2 to 3 o'clock.

The second grade children will go to the church for their hunt from 2 to 3 o'clock and the third grade will have its hunt at the church from 3:30 to 4:30.

After his death in 1783, the name of Joe Miller, an English comedian, was attached to a jest book, and is today still associated with stale jokes.

whipped cream were served. It was announced that the next meeting will be in the home of Mrs. Siler Hopkins April 13 at 2 p.m.

★ WE, THE WOMEN
by RUTH MILLETT
NEA Staff Writer

A New York educator claims that for women to marry, settle down and have a family constitutes withdrawal from the creative arena.

Just where would an intelligent woman have a better chance to use her creative influences than in the home?

As a wife, mother and homemaker she exerts plenty of influence. The home in which her husband lives and her children grow up is of her making. She has the power to make it a place where a family can live happily together, where the children learn right from wrong and absorb kindly, tolerant attitudes.

As a homemaker a woman can draw around her and her family a circle of friends. Whether or not that circle is intelligent and stimulating is largely up to the wife.

LOOK BEYOND THE DISHES
Once her children are all in school she has more free hours than most working women to put her mind to community problems.

Of course, there are plenty of homemakers who, once they have a home and a husband, do settle down into dull, routine lives. But such women wouldn't have made any creative contribution anyhow.

Marriage doesn't stifle a woman. It gives her the best chance a woman can have to leave her mark on the world. If she doesn't see the many possibilities for self-expression that are open to her as a wife, mother and homemaker she just isn't looking beyond the dishes in the sink.

In the 3rd century, B.C., Hannibal of Carthage marched elephants over the Alps in his war against Rome.

The Social Calendar

FRIDAY
7:00 Police and Firemen's Auxiliary bingo party for families of members in Recreation Room of Fire Station.

HST Not Disturbed By 'Rising Revolt'
WASHINGTON—(AP)—President Truman said he is not disturbed by what was described as the "rising revolt" against his nomination this year.
Mr. Truman told a news conference he was correctly reported by Senator Hatch (D-NM), who said a few days ago the President was in the fight to a finish.
Moreover, Mr. Truman predicted that the Democrats will win in November; he said that was a prophecy.

Canned Fruit Made Subject to Control

WASHINGTON—(AP)—The Senate Agriculture Committee approved a bill making canned citrus fruit subject to marketing agreements.

Sen. Pepper (D-Fla.), committee member, said the committee felt necessary to extend the Agricultural Adjustment Act of 1938 to include citrus as well as fresh fruit now covered to orderly marketing and distribution of citrus products to the advantage of the grower and industry as a whole.

He said that the canned product competes with fresh fruit, he declared, "It is relatively easy to control fresh fruit into national markets if there is no control of the canned product."

Arkansas Rice Mill Sues Saudi Arabia

WASHINGTON—(AP)—A \$130,000 suit, alleging breach of a price contract, was filed in District Court by a Stuttgart, Ark., rice mill against the Kingdom of Saudi Arabia.

Also named as defendants by the mill are the Saudi Rice Mill, Inc., and the Bechtel International Corp., Washington.

The complaint said the mill agreed to deliver 67,200 bags of rice to the kingdom in return for a letter of credit for \$888,144.

The suit alleged further that the rice mill then sought 3,000 tons to fill the contract but was advised the kingdom had sought its rice through other channels.

Resin on the floor of boxing rings is to minimize the danger of slipping.

AS LONG AS I LIVE
By Ione Sandberg Shriber

THE STORY: Terror-stricken Ann Baseroff is convinced someone in her own household is trying to murder her and make it appear an accident. The household includes her husband Rinda, a bartender; Gay, Rinda's attractive young lab assistant; Laurie, Ann's headstrong 19-year-old sister; Tommy, Laurie's fiancee and Rinda's old friend and house-servant. Ann first begins to suspect foul play when she discovered that someone had waxed the soles of her new shoes, evidently hoping she would slip and fall down the steep stairs at Taylor's. The wax was hidden in her own closet. Now that Rinda is going into Cleveland, Ann asks if she'll deliver a package and a note. She writes a letter to Enos Barton, her attorney, asking him to treat the case of wax for fingerprints. But when she goes to look for the wax, it is gone. Disappointed, she gets on the phone again. There is no longer any wax on the soles. Laurie walks in on her, says Rinda is waiting for the package. Uncertain how much Laurie has seen, Ann gives her the wax for Rinda to return later.

Texas Today

By WILLIAM C. BARNARD
Associated Press Staff

Now that Spring is here, let's sit on the front porch and talk about what a tough Winter we had.

It wasn't Texas' coldest Winter. No rainfall or snowfall records were broken. It was tough because of the prolonged periods of bad weather in both January and February.

There was continual freezing weather in North Texas from Jan. 13 through Feb. 2. During the first 14 days of February, daily minimum temperatures for eight days were in the twenties. Ice covered highways and streets for eleven days of the two months.

Precipitation was below normal in January but it was heavy in February. In the two month period there were seven days of sleet. There were 13 days of snow.

In two months, there were only 14 clear days.

All this added up to a hard winter because there were so many days, day after day, when men were unable to do outside work.

work.

Carpenters, bricklayers, construction men, stayed home. Farmers didn't get into their fields.

In the cities, folks put off doing their shopping and business lagged.

Maybe you think weathermen don't care what the weather is. Perhaps you picture them as pattering about with their records, and instruments, perfectly impassive as they see, sun or snow.

A. M. Hamrick, tall, thin, chief of the Dallas Weather Bureau, is like that. Hamrick, in the 40's, has been a weatherman 40 years.

Hamrick didn't enjoy last winter. He considered it tough and unpleasant.

His wife, you see, runs a variety store at Euless, Tex., a small community near Dallas.

"Most of the people in places like Euless," Hamrick told "do outside work for a living. They didn't get much work done in January and February."

VALVE-IN-HEAD is far ahead!

Here's why "Valve-in-Head is Far Ahead" in all-round efficiency

- 1 In the world's champion Chevrolet engine, the valves are located in the head of the cylinder, directly over the pistons... hence the name, Valve-in-Head.
- 2 Valve-in-Head design provides faster intake of fuel mixture... and quicker and more complete exhaust of burned gases... all of which contributes to better performance and economy.
- 3 Valve-in-Head design also permits a more compact combustion chamber; and this, together with Chevrolet's "Blue Flame" combustion, means more driving power for the pistons—less heat loss—and maximum economy.
- 4 Valve-in-Head engines are inherently easier to cool; and Chevrolet's individual cooling of cylinders prevents waste of power—promotes efficient operation—prolongs engine life.

Moreover, with all of the valve mechanism on top of the engine—and therefore readily accessible—service, though seldom needed, is extraordinarily easy and economical.

CHEVROLET Automotive experts and millions of motorists agree: Valve-in-Head is far ahead because it gives an outstanding combination of performance, endurance, dependability and economy... Chevrolet—master builder of this master motor—has proved this by producing more than 20 million Valve-in-Head engines during the past thirty-seven years—engines which hold the distinction of having delivered more billions of miles of satisfaction, to more owners, over a longer period, than any other power-plant built today! Chevrolet's World's Champion Valve-in-Head engine is another powerful reason why CHEVROLET and ONLY CHEVROLET IS FIRST... another convincing proof that only Chevrolet gives BIG-CAR QUALITY AT LOWEST COST!

In addition to its World's Champion Valve-in-Head Engine, Chevrolet offers you these other major advantages of Big-Car Quality at Lowest Cost:

- BIG-CAR STYLING AND SEATING COMFORT OF THE UNLIMITED BODY BY FISHER
- BIG-CAR COMFORT OF THE UNLIMITED KNEE-ACTION RIDE
- BIG-CAR SAFETY OF FISHER UNSTEEL CONSTRUCTION AND POSITIVE-ACTION HYDRAULIC BRAKES

EASTER

... the season of beautiful lilies... of men, women and children's faces wrapt in exalted prayer, honoring the Resurrection of Jesus. Whether you attend Church regularly or not, you'll experience at Easter-tide service... a soul-endearing communion with Him... an intense faith in His deeds and Being.

★

And you'll raise your head with dignity, when uncertain times distress you... you'll "turn the other cheek" when you bear vengeance against your neighbor... you'll smile when disappointments, illness and irrevocable losses befall you. You'll become a more worthwhile, fruitful, beloved member of the family, community, country and world.

Easter Service

At the Easter morning worship, at the Church of the Brethren, which opens at 10:50, the pastor, Rev. Russell G. West, will preach on the subject, "Why a Resurrection?" The choir, under the direction of Miss Ann Holcomb of the Pampa Junior High School music department, will sing "Palm Branches" and "I Know that My Redeemer Liveth." The morning prayer will be offered by Dr. J. J. Yoder of McPherson, Kansas.

On Sunday evening at 7:30 o'clock the Young People of the Church are sponsoring an Easter evening program in which the choir will present a group of numbers. The message of the evening will be in the form of a sound moving picture, entitled "Journey into Faith." This is a new Easter picture which has just been put out by Church-Craft Pictures.

On Sunday morning at 8 o'clock the Young People of the church will meet in the church dining room for an Easter breakfast. If the weather is suitable they will go out for a sunrise worship service.

The Last Supper

By MRS. ANNE CABOT

This beautiful and inspirational masterpiece of Da Vinci's has been copied by an outstanding embroidery artist. The figure of Christ is beautifully outlined in royal purple—the garments of the twelve disciples are wonderfully colorful. The finished panel measures 20 by 11 inches and is worked in simple outline stitch.

To obtain hot iron transfer, stitch illustrations, color chart for embroidering and material requirements for The Last Supper (pattern No. 5320) send 15 cents in COIN plus 1 cent postage. YOUR NAME, ADDRESS and the PATERN NUMBER to ANNE CABOT (Pampa News) 1150 Avenue of the Americas, New York 19, N. Y.

SUNDAY SCHOOL LESSON

Scripture: Colossians 2:1-4, 12-17; I John 5:11-12

By WILLIAM E. GILROY, D. D.

When we think and speak of the immortality of the soul, we tend to have in mind the thought of time and survival, the here and the hereafter. But when Jesus spoke of eternal life His emphasis was all on the quality of the life.

"This is life eternal," He said in His prayer for the disciples (John 17:3), "that they know thee the only true God, and Jesus Christ whom thou hast sent." He said also, "Because I live ye shall live also."

The passages chosen for our lesson bring this out. They speak of the new life in Christ, which is the foretoken and ground of the life immortal. The nature and quality of that life are beautifully expressed in the passages in our lesson from Colossians, as they are in all New Testament expositions of the Christian's experience in Christ.

We must think of future life in terms of the life that now is. It is what we are in Christ that gives us the hope of immortality. I think that the most effective Easter sermon that I ever heard centered around the preacher's challenge to the congregation, "What is there in your life that is worthy of immortality?" That is a solemn and disturbing thought.

What we are here has to do with what we shall be. John says, "Beloved, now are we the sons of God, and it doth not yet appear what we shall be." But it is because we are now the sons of God, that there is the promise of that longer life.

In another great Easter sermon, the late Dr. George A. Gordon, famous minister of Boston's Old South Church, once drew a contrasted picture of what is expressed in two well-known hymns—the one, "On Jordan's stormy bank I stand," expressing the wistful look toward the land of immortality "where my possessions lie," the other the hymn of the minister and poet, George Matheson, expressing the present possession: "O Love, that wilt not let me go, I rest my weary soul in thee; I give thee back the life I owe, I give thee back the life I owe. In this thine ocean depths its flow May richer, fuller be; That is not anticipation of eternal life, but its possession.

CHRISTIAN SCIENCE — — —

"Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 28. The Golden Text is: "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty: for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all" (I Chronicles 29:11).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thy throne is established of old; thou art from everlasting." (Psalms 93:2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The realm of the real is Spirit. The unlikeness of Spirit is matter, and the opposite of the real is not divine,—it is a human concept" (page 277).

Easter Communion at St. Matthews Church

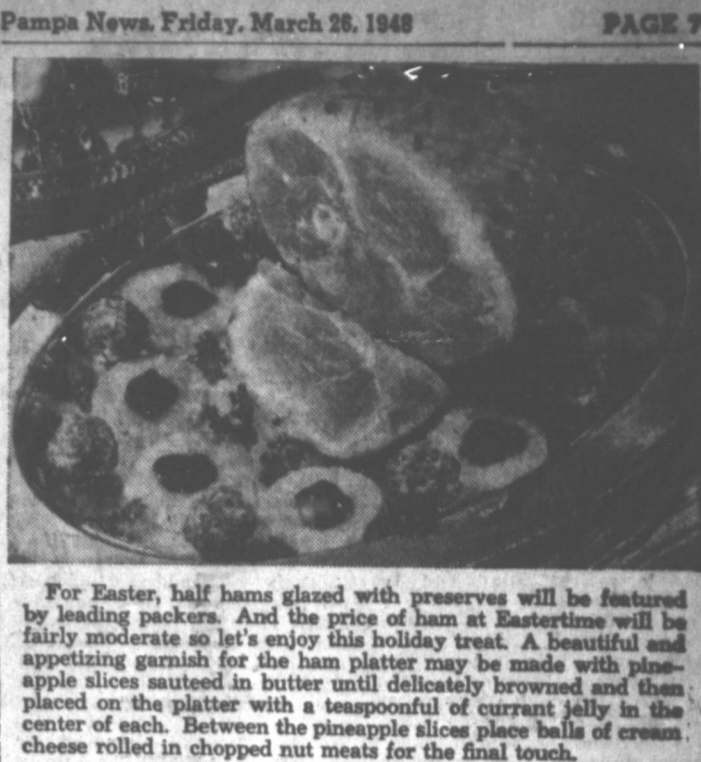

The Easter Communion Service in St. Matthew's Episcopal Church, 707 W. Browning, will be at eleven o'clock next Sunday morning. This will be a choral service. The Rev. Edgar W. Henshaw will celebrate the Communion and will preach on the subject, "Dimmed Eyes."

The Sunday School Easter Service will be at a quarter to ten. At this service the children's mite boxes will be received. A special musical program has been arranged.

St. Matthew's Mission has been much enlarged during the past few months and its seating capacity has been doubled.

The entire Easter Communion Service has been printed on sheets which will obviate the necessity for the use of Prayer Books and will make it quite easy for all persons to read follow the service.

It is expected that every Episcopalian receive Communion on Easter Day. New comers are urged to contact their Church on this day, and visitors are cordially invited to join in the worship.

For Easter, half hams glazed with preserves will be featured by leading packers. And the price of ham at Eastertime will be fairly moderate so let's enjoy this holiday treat. A beautiful and appetizing garnish for the ham platter may be made with pineapple slices sauteed in butter until delicately browned and then placed on the platter with a teaspoonful of currant jelly in the center of each. Between the pineapple slices place balls of cream cheese rolled in chopped nut meats for the finish touch.

Newest Makeup Tip

Milady can always put her mouth on straight in the dark with an assist from this new lipstick-size Handi-light. This tiny Winchester flashlight can be held in the same hand with a compact and aimed at the lips. One of the newest of fashion's "must" accessories, it is chrome-finished with red plastic tip and push button.

Cinema is the British equivalent of our word movie.

YOU ARE INVITED

SPRING CHECKS

Spring's rayon Jersey dresses will be seen not only in plain colors and stripes, but in prints and checks. This cool, easy-to-pack and easy-to-press fabric is pictured today in one of many New York street dresses attractively but inexpensively styled for wear on into the warmest days of Summer.

The dress is fashioned all of a piece, with its flattering pleated bodice in black crepe matching the V-decor of the bodice and sleeve cuffs. Notice that the skirt, though rather slim in effect, is not in the least skimpy—an important feature of fashions throughout the new collections of New York designers. The back of the waistline is finished with a bustle bow.

Other highly satisfactory fabrics seen in popular-priced town dresses are rayon shantung, striped and polka-dotted crepes and dark sheers, with such features in their favor as neat buttons, self-fabric trims, and careful finishing.

King George V of England, Kaiser Wilhelm II of Germany, and Czar Nicholas II of Russia were all first couturiers.

HEAR E. Douglas Carver
Sunday morning at 11 o'clock in The First Baptist Church

This entire service is broadcast for one hour over KPND, Pampa. The morning subject: "The Overcoming Life Through the Conquering Christ."

HEAR

The First Baptist Church Choir Sunday Evening at 7:30, as they sing The Easter cantata: Risen Indeed, directed by Virgil Mott, who is heard over KPND Monday thru Friday at 9 a. m.

THE FIRST BAPTIST CHURCH CHOIR

E. Douglas Carver, pastor, says: You are especially invited to attend every service on Easter Sunday.

Don't miss the lovely appropriate music of The Story Of The Risen Christ. Yes, come to—

THE FIRST BAPTIST CHURCH "Where The Visitor Is Never A Stranger"

"Let us all join hearts and pray and work toward PEACE."

PEACE, comes only from God and Christian Ideals.

Common Ground

By R. C. HOLLES

Fair Enough by Westbrook Pegler

Maurice Milligan, who sent Harry Truman's boss and patron to prison, has published the history of the Kansas City election frauds and related atrocities under the title of "Missouri Waltz."

With those relatively few other Americans who understood the wickedness of the Kansas City political machine, Milligan had tried to rationalize Truman's relationship to Pendergast and excuse his conduct. Now he finds that it can't be done.

Truman's current political troubles with the old solid South are a mere extension of his moral concern about civil liberties and the right to vote.

Milligan refused to be drawn out, but Judge Reeves said the Truman speech was a speech of a man nominated by ghost votes, and elected by ghost votes and probably written by ghost writers.

Truman's own active time protected the criminal underworld of prostitution, narcotics and bootlegging and shared in its revenues. He served as member and then as chairman of the county board which approved most of the public contracts. They wallowed in the trough of WPA.

After old Tom's release from prison he was forbidden by the terms of his parole to take active part in politics. The evasion was simple. He acted through Jim and Truman transferred his allegiance to the dictator's hero.

On primary day, Truman flew to Kansas City to help in the purge and on that day, in the old-fashioned Pendergast way, the gang stole the primary election.

Dr. Robert Sproul, for \$1000, Will Not Try to Defend Tax-Supported Education

As the readers of this column know, I have been trying to get some public educator to try to harmonize tax-supported schools with the Ten Commandments which they profess to believe.

Practically any public educator will give lip service to his belief in the Ten Commandments and the Declaration of Independence. When, however, they are asked to attempt to harmonize tax-supported education with these other principles they publicly profess to believe they will have no part of it.

Dr. Robert Sproul, President of the University of California, is the latest to refuse. He has written a letter to me in which he says that he will not defend tax-supported education.

As of today, there seems scant chance that Mr. Taft will be the nominee, although Mr. Truman's growing weakness may operate to the Cincinnati man's advantage.

Mr. Truman's bold stand on such politically delicate problems as the partition of Palestine, strengthening of national defense civil rights, labor and federal finances have regained him considerable prestige in many quarters.

Mr. Truman's advisers have urged him to keep the campaign on a high plane that will involve major issues rather than minor personalities, such as Henry Wallace and Southern defectors.

NATIONAL WHIRLIGIG news behind the news

WASHINGTON — Two of the strangest phenomena of modern politics command top interest at Washington these days: even in the midst of alarms, of another global war that will surpass the recent conflict in its scope and its severity.

TAFT — The second curious development in the Republican's skepticism toward Senator Robert A. Taft's presidential candidacy in the face of recognition that the Ohioan is their ablest and most experienced prospect, with the possible exception of Senator Arthur H. Vandenberg of Michigan.

As of today, there seems scant chance that Mr. Taft will be the nominee, although Mr. Truman's growing weakness may operate to the Cincinnati man's advantage.

Mr. Truman's bold stand on such politically delicate problems as the partition of Palestine, strengthening of national defense civil rights, labor and federal finances have regained him considerable prestige in many quarters.

Mr. Truman's advisers have urged him to keep the campaign on a high plane that will involve major issues rather than minor personalities, such as Henry Wallace and Southern defectors.

TOP O' TEXAS NEWS

Letors

LEFORS —(Special)— Louise Keeton, Letors High School Sophomore, was elected to the office of 1948-49 Area I Treasurer of the Texas Association of the Future Homemakers of America at the spring area meeting held in Plainview Mar. 20.

Other area officers chosen were: president, Mabel Graham, Canyon; vice-president, Elizabeth McCain, Plainview; recording secretary, Patsy Cobb, Frisco; reporter, Johnnie Ammen, Claude; parliamentarian, Peggy Ramp, Canadian.

Mr. Mott said that if they were to be leaders, they must lead, and that they must accept Christ and prepare themselves to be the best in whatever they plan to do, by study and hard work.

Mr. Mott said that if they were to be leaders, they must lead, and that they must accept Christ and prepare themselves to be the best in whatever they plan to do, by study and hard work.

Mr. Mott said that if they were to be leaders, they must lead, and that they must accept Christ and prepare themselves to be the best in whatever they plan to do, by study and hard work.

McLean

McLean —(Special)— "Senior Day" will be held here April 1, when members of the Senior Class will present an early morning school program, and then devote the afternoon to raising funds for their proposed class trip.

The group will dress in the regalia of Indiana, wild west riders, bandits and so on, the sponsors, Mrs. De Colmar and Paul Kennedy, announced.

Three speech students discussed year-round youth recreation at last week's meeting of the Lions. On the program were Joyce Crigaby, Jim Newton, and Kenneth Hambricht.

The school Future Homemakers of America group gave a St. Patrick's tea last week for girls of the school. Punch and shambrock cookies were served to about 75 students and faculty members.

Clyde Magee, vocational agriculture instructor, has announced the arrival of silver and bronze plaques for the boys who took part last fall in a livestock judging contest at Kansas City.

The boys who made up the McLean judging team were Edward Dwyer, Dick Andrews, Arvin Smith, and Chester Goughly. This team won first place in the Texas judging contest.

What System is Sharing Wealth?

Every radical attack on the American economic system is based on the old gear theory, under capitalism, "the rich get richer and the poor get children."

One of the best answers to that all-important question was recently given by the Reverend Edward A. Keller, C. S. C., who is director of the Bureau of Economic Research of the University of Notre Dame.

Father Keller's study is called "The National Income and Its Distribution," and is written in language any layman can understand. Here are some facts he has correlated:

First of all, the rich are not getting richer. In 1917, Americans with a personal annual income of \$25,000 or more got 7 percent of the nation's entire income after taxes.

By 1928 they were getting richer. In 1928, Americans with a personal annual income of \$25,000 or more got 11 percent of the nation's entire income after taxes.

By 1944 they were getting poorer. In 1944, Americans with a personal annual income of \$25,000 or more got 10 percent of the nation's entire income after taxes.

SO THEY SAY

We cannot afford to rest our national security in the United States. Gen. Joseph T. McNarney, U. S. Army.

Unless you handle the issues of science and human relations, you need not worry about the scorn of future generations. There may not be any future generations.

The iron curtain must not come to the rims of the Atlantic by aggression or default. Sen. Arthur H. Vandenberg (R) of Michigan.

In order to fight the threat of communism democracy must be made to work, and we must free our economy from scarcities and monopoly controls. Walter P. Reuther, president, UAW.

30 Cousins Seek Collyer Fortune

NEW YORK —(AP)— A lawyer for the estate of the Collyer Brothers—Homer and Langley—said yesterday they had assets of about \$50,000 when they died.

Thirty persons, mainly first cousins, are seeking shares in the estate, the lawyer said. The reclusive brothers were found dead in their rubbish-crammed brownstone house a year ago.

FUNNY BUSINESS

"Frankly I don't think he has much confidence!"

Gracie Reports

By GRACIE ALLEN
Goodness, our Army may be a little small but it's also wonderful. Now it's invented a little pill that should be good for women who have to go on diets.

Scandal ensued, but the corruption had now spread notoriously to the Department of Justice in Washington. Federal investigation and prosecution stopped dead. However, a county grand jury found indictments and the evidence, consisting mostly of ballots and records, was taken to Kansas City for safekeeping.

George said there are plenty of ways to destroy his appetite without this pill. He mentioned, as examples: monthly grocery bills, visits from mother and news of the international situation—not to mention that champion of champion's appetite wrecker: the income-tax blank.

MacARTHUR IS THE MAN by Upton Close

America swings toward the Pacific. You could see as long ago as 1942 that China probably would be the decisive ally in the next war.

29 Cousins Seek Collyer Fortune

NEW YORK —(AP)— A lawyer for the estate of the Collyer Brothers—Homer and Langley—said yesterday they had assets of about \$50,000 when they died.

\$29,000 Elm Clears Way Into Airport

CLEVELAND —(AP)— The \$29,000 tree, which for months has blocked installation of an instrument landing system at Cleveland airport was no more today.

Workmen felled the 40-foot elm after negotiations were completed for the tree, six acres of land and a 100-year-old house for \$29,000.

Karl Olson, owner, planted the elm in a school Arbor Day program 47 years ago and couldn't see having it chopped down.

QUICKIES

SWISS WOLVES —(AP)— Wolves have been reported roaming through the forests of the canton of Valais, close to main road along the Rhone Valley.

BARBARA PICKED UP A white telephone on Stage 7 at Paramount for a solid two weeks of gabbing for the movie, "Sorry, Wrong Number. Luckily, she does all the talking and listening, but if she is outside of camera range, she hears her murder being plotted via the telephone.

THE BED IS extra soft and with the red calling for almost continuous hysteria. Barbara just says there, between scenes, "It's probably the longest time a camera has ever been focused steadily on one star. The sound track picks up the voices of the various people. Barbara talks to and listens to, but if she is outside of camera range, she hears her murder being plotted via the telephone.

Jeep Supports "New Look"

The "new look" is affecting more than the length of women's skirts and coats. Even the rugged little jeep has bowed to fashion's decree by adding a step on either side for milady's benefit. Willys-Overland engineers designed the world's shortest running board for the all-purpose car in deference to longer skirts.

College Group Picks Registrar as Head

DALLAS —(P)— The Association of Texas Colleges elected Dean Jerome Moore, Texas Christian University, and Dean Walter Adams, Abilene Christian College, as registrars at the annual convention.

New! Livable Colors

FLATLUX

THE WALL PAINT MADE WITH OIL

Let us show you the new luxurious colors... You'll be thrilled with gay, deeper tones that will blend so well with your furnishings.

FLATLUX is the modern non-gloss flat wall paint that has all the advantages... because FLATLUX is a real Oil paint... not thinned with water.

FLATLUX... applies so easily without brushmarks... dries fast... no offensive odor... one coat covers most any surface... washable with soap and water... One Gallon will do the average room.

FLATLUX colors are identically matched with SATIN-LUX Semi-Gloss and GLOS-LUX High Gloss.

Knights Templar To Be Guests at Special Service

The Community Church of Skellytown will be host to the Knights Templar of Pampa and Borger at a special service in the church at 3 p.m. Easter Sunday, the Rev. Homer E. Long, pastor of the church, said today.

The Rev. Fisher, Methodist minister from Panhandle, will deliver the sermon, and there will be a special song service by the Rainbow Girls of White Deer and Skellytown.

Rev. Long also said that plans for the new Community Church building were received Monday, and that some of the materials were ordered this week.

Army Plans to Recruit 2,000 Reserve Nurses

The Army has begun on its plan to recruit 2,000 reserve nurses for active duty and 25,000 for inactive status this year, Capt. Eugene Saffold, local recruiting officer, said today.

Top officers from the Army Nurse Corps from all theaters conferring in Washington, assured nurses that foreign service was still rewarding and not so rigorous as sometimes painted.

Many officers declared themselves in favor of an eight-hour work day, more uniform standard of living quarters, and a return to the white uniform. The uniform change-over was set for July 1, 1949.

Filling the reserve is a must assignment for the Nurses Corps under the Army-Navy Nurses Act of 1947, which made the corps a part of the regular service, it was said.

Planned recruitment would bring the reserve corps to 29,000, and, in the future, Army assignments will be made from the reserve.

Lt. Col. Rosalie D. Colboun, in charge of nurses in the Far East, announced that a 12-month rotation policy is now in force in her command instead of the former 24. She said about 400 nurses were eligible for rotation, so that more nurses would again be going to Japan.

Heads of two Army hospitals, Percy Jones at Battle Creek, Mich., and Fort Myer, Va., reported that they had already put the eight-hour day into effect.

The triumph of the white uniform over longstanding disapproval was attained despite the fact that 200,000 brown and white seersucker uniforms are still on hand. Nurse officers from all areas said white hosiery was their choice to go with the white uniform. To the question of longer skirts, the answer was, "Of course."

There are now 4,966 nurses on duty with the Army.

EASTER

(Continued from page 1)

The regular morning services will begin with Bible study at 9:45 and the worship hour at 10:45.

Sunday services at the First Christian Church will begin at 8:30 a.m. with an early worship that will duplicate the regular 10:30 service. This will be followed by Church School at 9:45 a.m. and Morning Worship at 10:50. The evening's services will begin with the youth groups meeting at 8:30 p.m.

The First Methodist Church announces that it also will have two morning services Sunday. The first will be from 8:45 to 9:45 a.m. Sunday School will be at the usual time, 9:45, followed by the second services from 10:50 until 12:00 noon.

The regular Methodist evening services begin at 8:30 p.m. The Church of the Brethren, 600 N. Frost, will hear the Rev. Russell G. West at 10:50 a.m. preach on "Why A Resurrection?" At 7:30 p.m. a sound motion picture, "Journey Into Faith," a film based on the Easter season, will be shown.

The regular Sunday masses will be held at Holy Souls Catholic Church, at 6, 8, 10, and 11:30 a.m. High Mass will be celebrated at 10 a.m.

Shoplifters Are Getting Very Bold

DENTON —(P)— Three bold shoplifters and an accomplice were caught today in the daylight theft of some clothing from a department store here.

Mrs. Elmer Hulse, a saleslady, said a man and two women walked into the store yesterday, gathered some clothing in their arm, shoved her aside and hurried outside to a waiting car.

Behind the wheel of the car, she said, was a third woman. All were shabbily dressed, she said. They escaped in a Ford coupe.

Second lieutenants are called shaveltails.

Dogwood Trails Open Tomorrow

PALESTINE —(P)— At least 20,000 flower lovers from throughout Texas and the Southwest are expected to converge on Palestine Easter Sunday to see Texas Dogwood Trails.

The free flower show opens officially Saturday, but local backers of the trails expect a comparatively small crowd of 500 or more visitors that day. The real throngs flock here each year on Sundays.

An extension of the dogwood-bowered trails route marks this year's greatest improvement in the ten-year-old trails event. New hilltop picnic sites from which visitors can see for miles are being prepared.

Hundreds of inquiries on the trails have been received, Aubrey Meador, president of the trails association, said. He predicted that dogwood will be at its best here about April 1 and said the trails will be open until April 11.

The trails, routed through miles of wooded hills immediately north of Palestine, offer what Palestine people claim is the greatest concentration of native dogwood in the Southwest.

MILITARY

(Continued from page 1)

tion west of Russia's "Iron Curtain."

Sullivan flatly refused to say publicly just where the underwater boats were spotted. But at the Navy Department a high official said there were three instances in which foreign submarines were reported sighted in the California-Aleutian Islands Hawaii triangle. One was seen at night by a merchant vessel 200 miles off San Francisco, the official said. He added that identification of the object as a submarine was not positive.

Another merchant ship reported sighting a sub in an island group 800 miles west of Hawaii and a plane spotted the third off the Aleutians, the official said.

Sullivan told the committee he was "not prepared to evaluate the significance" of the submarine sightings. But he recalled that "an early step of the Germans in 1917 and 1941 was to deploy submarines off our coasts."

Lowest point below sea level in the U. S. is death Valley, Calif.

A sachem is a North American Indian chief.
