WASHINGTON (AP)—Against a sea of proposed and forthcoming tax-cutting legislation, the House today passed a bill to appear to the taxpayer to be getting smaller and smaller.

As a sign of the times, the bill, which would cut the top rate of the income tax from 70 to 60 percent, is being swallowed up by a more sweeping bill that would cut the top rate from 70 to 50 percent. The House bill would cut the top rate from 70 to 60 percent, but the Senate bill would cut it to 50 percent.

Another automatic Social Security tax increase comes Jan. 1, 1966, and another one two years later. If the economy continues to grow, each of these will cost something more than \$2 billion since they will be levied on a bigger base.

# Superrocket By 1975 Is Predicted

DENVER, Colo. (AP)—A new generation of superrockets, capable of lifting a "convoy" of four multiple warheads into orbit, could be ready for a manned expedition to Mars in 1975 if the nation decided to make a try then, an industrial space technologist said Thursday.

The rockets, far surpassing anything the United States and presumably even the Soviet Union, now has or is developing, would each range up to 300 feet in height and weigh up to nearly 40 million pounds, and be capable of lifting more than a million pounds payload at a time into orbit for a subsequent getaway on the highway to Mars.

Andrew Kalinsky, of the General Dynamics Corp., San Diego, Calif., told about it in making the first report on a government commissioned study to explore possibilities for developing so-called NOVA launch vehicles.

NOVA has long been a concept in the minds of space engineers. Conceived as a possible good bet for manned planetary missions, it would call for a rocket that would make even the Saturn 5 man-to-moon rocket look puny. The Saturn 5 will pack a 7½-million pound thrust.

Kalinsky reported to a symposium on "the exploration of Mars" that his firm and the Martin-Marietta Corp. of Baltimore have lately come up with some design configurations that look very promising towards achieving practical "hardware" in a relatively short time, if need be.

Saying these particular configurations would be based on rocket technology already at hand or under development, he declared the development of such gigantic vehicles "could be started immediately" with a high degree of confidence in achieving the predicted operational characteristics, if a decision to try for an early Mars mission, say in 1975, was made in the near future.

Without offering any specific figures, he indicated the cost of building these rockets would be extremely high, but he said he had an early demand for them, costs could be brought down by slower development including time to develop techniques for recovering a booster, refueling it and using it again.

# Pupils Like Experiment

SYRACUSE, N.Y. (AP) — A classroom experiment has pupils rolling on the floor.

It began when wall-to-wall carpeting was installed recently in the kindergarten classroom of the Seymour Elementary School.

The school system is trying to determine whether carpeting is more durable and easier to maintain than other types of floor covering.

The five-year-olds apparently like the idea, according to Tamara Cohen, the kindergarten teacher.

Although the pupils said nothing when the carpet was put down, "They took it in" with their bodies," she said. "They were swimming in it."

Mrs. Cohen said that her classes spend at least half of their classroom time seated or sprawled on the floor.

And she sits with them, she said. "It's so soft and relaxing."

Mr. Baze will serve as pallbearers. They are John C. Fortis, Victor Baze, Dale Johnson, Tommy Johnston, Jack Beane, Gene Henderson, Herb Partis and Tom Suits.

Mr. Baze is survived by three sisters, Mr. J. L. Suits of Petersburg, Mrs. John Johnston and Mrs. Inez Brown, both of Snyder, three brothers, Jim I. and A. Boss, both of Snyder, and John R. of Rydewood, Wash.

Funeral services will be held at 10 a.m. Friday for Mr. William Edward Baze, 84, of 1712 Avenue S. Mr. Baze died at 8:45 a.m. Wednesday at Cogdell Hospital after a "short illness."

A retired railroad employee, Mr. Baze was born Oct. 12, 1879 in San Angelo. He lived for a time in Snyder several years ago, left for a while and returned in 1953.

The services will be held at the First Christian Church of which Mr. Baze was a member. The Rev. Alan Lynch, pastor of the church, will officiate. Burial will be in Snyder Cemetery under the direction of Belf Funeral Home.

# Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I am a girl who has had enough experience in life to know better, but I mother myself. I find the "face of the moon" is a girl who is young in her mind and old in her body. You know, Abby, when the lights are low a girl who is young in her mind and old in her body will be married in the future. Well, what does this dirty dame do but go out and buy herself an engagement ring? She looks it to the office where we both work and announced our engagement. She is telling everybody we'll be married around Thanksgiving. We did talk about it, but I wasn't that definite. I really don't want to marry her or anybody else at the moment. What do I do now?

IN A JAM  
DEAR FN: A man who makes "campaign promises" is definitely a candidate. So prepare yourself to "run" — in "one direction" or another.

DEAR ABBY: For crying out loud, if you use this letter, don't end of it. I am a man almost 40 I sell for a living and do very well because I believe it or not, I can't spell. I have tried to look up words in the dictionary to see how they are spelled, but how can you find a word in the dictionary if you can't spell it?

NO SIGNATURE  
DEAR NO SIGNATURE: Look up the word the way you THINK it should be spelled. If you can't find it, look up a synonym (a word which means the same) and you'll probably run into it. If you don't have any idea — just call up somebody and ask him! P.S. Start with "dictionary."

# Rockefeller, Duke Shun Dice Tables

NEW YORK (AP)—Gov. Nelson A. Rockefeller and the Duke of Windsor joined forces Wednesday night to shun the gambling tables.

The duke, who is 70 years old, was in the form of a script for each party to pay a certain sum in American currency.

Rockefeller and the duke each "lost" because every couple on the cruise had to buy \$250 worth of the phony money.

"I don't gamble anytime, charity or otherwise," Rockefeller told newsmen who asked why he and his wife had not appeared at the gambling tables.

The duke had nothing to say about his staying away from the tables. But the duchess managed to find her way to one of the dice tables and chipped with delight at the turn of events.

"Why not put a few dollars on the table?" one newsmen asked. "My heavens," the duchess answered, "I wouldn't know how to do it. Come on seven... come on seven."

The 66-year-old duchess of the 36-year-old Mrs. Rockefeller. "She's an extraordinary person," said Mrs. Rockefeller of the duchess. "She's very charming."

Mrs. Rockefeller, riding in a sheer orange dress, many times lost immediate contact with her husband.

"All I seem to be doing is asking where he is," she quipped. The governor was busy shaking hands and greeting visitors.

The S. S. Rotterdam cruised out about 20 miles, well beyond the three-mile limit for legal gambling. All the winnings were in the form of prizes donated by New York City merchants.

The affair netted about \$100,000 for the New York City Cancer Committee.

"You may have noticed that seldom, if ever, do all of the cabinet members show up for joint sessions. At least one of them usually stays downtown. Perhaps they have thought about this possibility," said a House official who declined comment.

DeWitt's fears were prompted, he said, by the fact that on March 3, 1964, a band of Puerto Rican fanatics seated in the House gallery fired a volley of bullets into the House Chamber and wounded five members.

# Driver, 92, Problem For Miami

MIAMI, Fla. (AP)—Lilian Tenney, who is 92 and a motorist, plans to talk with traffic officials about her lack of a driver's license.

She has been driving horses and cars for 70 years and says all this fuss over her driving status is a bit of a bother. She has a collection of nine unpaid citations and court officials aren't sure what to do.

"You simply can't go out and arrest a 92-year-old woman and say she's breaking the law either, said Richard Brinker, court clerk.

"Why, I am an expert, unusual, fine driver," said Mrs. Tenney, who uses a crutch. "People simply keep running into me."

Her 1954 model auto has dents in the fenders but is clean as a pin.

The former teacher said when she saves a tidy bundle of tickets she mails them to West Miami police with a polite note and a \$5 bill. Baffled police forward them to court.

"Once I sent them \$34," she said. "They seem to be such nice gentlemen."

The young policemen who frequently give her traffic tickets are very nice, said Mrs. Tenney, who lives alone. "Sometimes we chat and they ask me how old I am. And they always thank me and give me a ticket."

# Oklahoma Depletion Allowance Is Hiked

OKLAHOMA CITY (AP)—Republican Gov. Henry Bellmon has signed into law a bill raising the state's oil depletion allowance from 20 per cent to 27½ per cent — the same as the federal level.

The increase was part of Bellmon's campaign platform.

Bellmon said the law, which goes into effect Jan. 1, 1967, "should strengthen the hand of our congressmen as they resist the present administration's depletion allowance."

Verba mate, used to make a tea-like drink in South America, is an export of Paraguay.

**Dorothy Kirsten To Teach Stage Department Course**

By VIVIAN BROWN

AP-Newsfeatures Writer

Many talented young people fail to realize because they do not have proper preparation for it, says Metropolitan opera singer Dorothy Kirsten.

She hopes to help them do some of the things that she did by teaching a course in stage department at the University of Southern California.

"It fits in with plans to retire from singing. Then my whole interest will be to teach singers how to project their personalities. My own first love is acting, and I'll be able to spend more time with my husband in California instead of performing in Europe and elsewhere."

On the West coast, she is producing Ma-tan Hatter, a cast of 100, singing and dancing.

Because of prior commitments, she can give only a full week or so this season to the UCLA project. But if the experiment is a success, it may become a real project for her.

**Blessed and Grateful**

"I want to dedicate myself to giving something to others. I was blessed with a good voice, and I had a wonderful career, and help from many people. I should give something from these successes to others."

**Private Lessons**

"If they have a wonderful voice to dramatize and sing an opera, or if they want to show how they would perform in front of a television camera or whatever, they will come to my classes prepared in the things they want to do. I will give them private classes in the morning, and in the afternoon there will be a large audience of students who will view my teaching these pupils. The viewers may want to design for the stage or become technicians, but if they profit from the instruction."

Though these early classes are devoted to stage department, Miss Kirsten hopes that "one day these classes will provide studies of opera."

**Your family's silent partner**

Lying there on the doorstep, it can't speak Or Move Or Hear. But open it in your hands and it becomes a living, powerful partner in daily living. In the decisions you make, the opinions it takes you to the highest chambers of government. It takes you to the bloodiest streets of warring countries. It takes you to the heart of history in the making. In short, it tells you what in the world is happening and why.

But people depend on it for needs beyond the need to know. It's where families turn when something's to be bought or sold. It's where hints on health, cooking, religion, amusements, dressmaking, etiquette, marriage are found.

It's where charities first turn for help, and a place where a letter to the editor is published. It's where campaigns are fought and lost dogs are found. It's where criminals are exposed and newly-weds applauded. Where birth and death meet on the same page.

**HIS FOOT BONE CONNECTED TO YANKS' HEART BONE**

**Injury Sidetracks Mantle**

By MIKE RATHET  
Associated Press Sports Writer  
Mickey Mantle's east stretches from his toes to his knee. And quite possibly to the heart of the New York Yankees.

The blond better, four-time home run champion and three-time Most Valuable Player, suffered a broken bone in his left foot Wednesday night as the Yankees whipped Baltimore 4-3 and regained the American League lead by 10 1/2 games over the Chicago White Sox.

Doctors estimate the injury—a fracture of the third metatarsal bone, a small bone running across the top of the foot—may keep the Yankee slugger out of the world champions' lineup for as long as six weeks.

And while no player on the Yankees is indispensable, there is little doubt that the Yankees' lineup is a radically changed club with Mantle on crutches. That's been shown in the past when the \$100,000-a-year center fielder has been sidelined.

Last year Mantle missed 30 games during May and June and the Yankees struggled along at a .50 pace. When he returned to the lineup, they sputtered ahead and rolled on to their 12th pennant in the last 14 years. The story has been much the same this year.

Bothered by a rib cage injury

early in the season, Mantle missed nine games. The Yankees lost five. The Yankees have played 600 ball overall, 539 with Mantle in the field. Mantle had a .310 batting average with 11 homers and 28 runs batted in.

The injury came as Mantle ran the center-field fence—there is no warning track at Memorial Stadium—trying to catch a homer hit by the Orioles' Brooks Robinson.

His injuries became entangled in the wire fence as he backed up for the ball and his left foot twisted as he fell.

While the Yankees were losing Mantle and beating Baltimore, the Chicago White Sox lost an opportunity to take over first place. Needing a doubleheader sweep over the Los Angeles Angels the last night of the season, they lost the nightcap 2-1.

Elsewhere, Minnesota continued to move up by downing Kansas City 4-0 and Detroit edged Cleveland 5-4. The Boston-Washington game was rained out.

In the National League, the Chicago Cubs beat first-place San Francisco twice 9-3 and 5-4. Philadelphia blanked St. Louis 6-0, the Los Angeles Dodgers defeated Houston 5-1, Milwaukee outlasted the New York Mets 11-9 in 10 innings and Pittsburgh edged Cincinnati twice, 3-4 and 4-3.

The Yankees' victory came when Roger Maris scored in the eighth inning after Tom Tresh banged into Orioles catcher Dick Brown, jarring the ball loose as Brown crouched his arm to throw to first on a doubleplay attempt.

The umpires disallowed the Orioles' contention that Tresh had deliberately bumped Brown. The win went to Whitey Ford, 7-3.

The White Sox won the opening home game against the Yankees with a seven-run sixth inning, upriser against Ray Herbert, 5-3. Albie Pearson, who stroked four hits, broke a 2-2 tie in the rally with a bases-loaded single. Ken McEride, 5-6, was the winner with a five-hitter.

Rich Rollins and Bob Allison homered for the Twins in support of rookie Jim Roland, who shut out the Angels on two hits until he was forced out with elbow trouble after seven innings.

Norm Cash's ninth inning homer provided the margin of victory for the Tigers when Al Lannow homered for the Indians in the bottom of the inning. The winner was Jim Bunning, 4-3; the loser Jim Grant, 3-4.

**OFF THE BEATEN TRACK**—Downing Gray of Pensacola, Fla., plays out with a wedge from deep grass at the 16th hole which he lost and cost him his match against Morrison Zull of Scotland in the British Amateur Golf Championship at St. Andrews, Scotland, Gray, who held a 2-up lead going into the 14th, took a double bogey six on the 16th, with his second shot landing only a few feet from a wire fence running beside a railroad track. He lost on the 20th hole. (AP Wirephoto via cable from London)

**AP SPORTLIGHT**

By JOE REICHLER  
Associated Press Sports Writer  
NEW YORK (AP)—The major league baseball player today simply doesn't know how well off he is.

He has a minimum \$7,000 annual contract, 5% cannot be cut more than 25 per cent in any year, and all his traveling expenses are paid by the club.

In addition, he has one of the most generous pension plans to be found anywhere. This includes a \$20,000 life insurance policy and health care benefits not only for himself but all members of his immediate family.

Now compare the present player's status with that of the major leaguers of the early years.

Some of the provisions of the present contract of a major league player are:

- The player has to provide results of uniform-minutely described in the contract—his own expense and to keep them in thorough repair.
- While on the road with the nine a stipulated sum—usually 75 cents—is deducted daily from the player's wages on account of his board. When at home he has to pay the whole of his own board and all other personal expenses.
- The club reserves the right to terminate the contract at any time by giving 30 days notice.
- In sharp contrast, the 1963 player contracts provide:
- That disability or illness sustained in the course and within the scope of the player's employment under the contract shall not qualify with pay 72-70-141. His closing 70 pushed him into first place.
- That all hospital and medical expenses incurred by reason of this injury be paid by the club.
- That the club will pay all proper and necessary traveling expenses of the player while

abroad or traveling with the club. In other words, including board, lodging and Pullman reservations.

That the club may terminate the player's contract upon written notice to the player but only after requesting and obtaining waivers on the player's contract from all other major league clubs.

That any claim or complaint by either party against the other shall be presented to the committee of one year from the date it arose.

There was another major difference between the contracts.

In 1907 the two major leagues—National and American Association—had a maximum salary. No player could receive more than \$2,500 a season. This is half of what Bill Mazouz, Mickey Mantle earns in one week.

**Seven Texans Eligible For National PGA**

DALLAS (AP)—There will be 16 Texas golfers in the National PGA, to be played at DAC Country Club here July 18-21.

Seven had made it automatically and nine more qualified Wednesday.

Earl Stewart of Dallas, former star of the PGA tour, led the qualifying with par 72-70-141. His closing 70 pushed him into first place.

Others making the PGA are Jack Sellman of Houston, 71-72-143; Doug Higgins of Fort Worth, 71-72-143; Shelly Mayfield of Dallas, 72-73-145; Horace Moore of Plainview, 74-73-147; Ted Menefee of San Antonio, 78-70-141; Dick Turner of San Antonio, 75-74-143; Sam Speer of McAllen, 75-74-149; and Gene Shields of Dallas, 75-75-150.

Automatic qualifiers were Gay Brewer of Dallas, Jack Burke of Houston, Tom Burke of Corpus Christi, Don January of Dallas, Billy Maxwell of Dallas, Bobby Nichols of Midland and Graham Ross, the home pro.

**Amateur Golf Into Second Round Play**

DALLAS (AP)—The Texas Amateur Golf Tournament entered its second round of match play today with defending champion, Richard Yates of Corpus Christi and medalist Fred Marti of Houston riding high, but the son of a former champion was very much in the spotlight.

Yates swept past Jay Haney of Midland 5 and 4 Wednesday, and Marti beat Read Omohundro of Sherman 4 and 2.

Marti also won medal honors in a playoff with Bill Garrett of Wichita Falls. The two tied in the qualifying round Tuesday with 1-under-par 71.

Each played one of the 18 holes Wednesday and Marti's 76 beat out Garrett's 79, although both won their matches. Garrett, 4 and 2.

Harry Todd Jr., whose dad won the title in 1935, took out Eugene Byrd of Stephenville, the Texas A&M player who won the South-west Conference championship, 1-up in the closest thing to an upset. Todd chipped in from 60 feet for a birdie to win on the final hole.

Spec Goldman of Dallas, another former champion, advanced with a 3 and 1 victory over Larry Dark of Fort Worth. His son Kenny beat Charles Bishop of Terrell, a Texas Tech golfer, and 3.

Kenny played Todd today in a battle of champions' sons.

Yates met James Carson in the second round. Carson beat Fred Chauncey of Lubbock 5 and 4.

Marti, University of Houston star, clashed with Joe Pat Rickett of Baylor. Rickett eliminated Marti, 3 and 2.

Garrett went against Steve Threlkeld of Fort Worth. Threlkeld beat Randy Petri of Houston 1 and 1.

**Pesky Sun Kings Tough To Shake Off**

By The Associated Press  
Illustrating the tightness of the Texas League race, San Antonio has won six of its last seven games and can't increase its lead.

The Bullets are just one game to the good over El Paso, which couldn't handle San Antonio but sure is taking care of cellar-dwelling Amarillo.

El Paso won its third straight over Amarillo Wednesday night that enabled the Sun Kings to move into second place ahead of Austin, which took a 2-0 trimming from Albuquerque.

San Antonio moved along with a 4-1 triumph over Tulsa, scoring three runs in the first inning as Jim Wynn hit a two-run homer.

Paul Doyle southpawed El Paso to a 5-2 victory over Amarillo, giving up only four hits.

Albuquerque edged Austin as Don Tatum pitched two runs with a sacrifice fly in the eighth inning.

San Antonio is at El Paso Amarillo at Albuquerque and Tulsa at Austin Thursday night.

Chuck Medlar is head trainer and baseball coach at Penn State. He took over baseball from Joe Bedenik who retired on Jan. 1 after 32 years at the helm.

Howard Grant led the jockeys at Gulfstream Park's recent meet with 83 winners.

**Dumas Wins In Spite Of No-Hit Chore**

AUSTIN (AP)—Lufkin, which had met frustration in four trips to the state schoolboy tournament, finally made it Wednesday night, and in so doing ruined Houston Bellaire's record of never having lost a game in the big meet.

When third baseman Robert Wood singled in two runs in the eighth inning—an extra inning—shortly after midnight, it gave Lufkin a 6-4 victory and the Class AAAA championship.

Bellaire was champion in 1960 and 1962.

South San Antonio won the Class AAA title with an 8-1 victory over Fort Worth Castleberry. This was the fourth championship for the winners.

Five South San Antonio runs in the sixth inning, sparked by a bases-loaded triple from Meddie Lomas, sacked up the victory over Castleberry. Bill Mark pitched the first three innings and the last two to gain the decision.

San Antonio Lee won third place in Class AAAA with a 2-0 decision over Lubbock Monterey. The Volunteers scored in the first when Larry Blakely walked with the bases full and got the other run in the seventh on Joe Lewalle's triple.

Dumas took third place in Class AAAA with a 2-0 victory over Jasper although Phil Hennigan of the losers pitched a no-hitter.

Shucks. It's too bad the Snyder Tigers didn't make it down to the state baseball tournament. It would've been interesting to see just how much noise they could have made there, which just might have been a considerable amount.

In review, Dumas took out the Bengals in the regional series, which was extended to its three-game limit. The deciding game, a wild one in the first magnitude, saw Snyder build up a 3-0 lead, only to see it wither away when the Demons cut loose with a 10-run scoring blast in the third. With that pad, they had enough to stave off the local nine the rest of the way for a 16-13 triumph.

Granted, the Demons were treated rudely in their state playoff opener when they were kicked by Fort Worth Castleberry, 12-2. Had they had the services of their ace hurler—Vern Stafford—it could very well have been a different story, though. A sophomore standout, he collapsed after only one inning and saw no more serious action.

He is reportedly doing fine now, but it is impossible to gauge how much the Dumas cause was hurt when he had to leave the game. His successor, to be sure, could cut it mustard.

It was Stafford, that dealt the Tigers so much misery in the regional opener. He won that one by 2-0 while allowing but one hit.

As may be noted elsewhere on

**Meeting Of Pee Wee League Set Tonight**

A meeting of persons interested in the formation of a Pee Wee League has been called for tonight by coordinator Mike Hester.

The session, which is set to be held at Central Elementary, will get underway at 7:30.

The importance of the meeting is stressed, in that the formation of the league hinges on the willingness of interested persons to help set up and maintain it. Parents and all others desiring to lend a hand are invited to attend the formative session.

### Curry Trial Is Moved To Palo Pinto

EASTLAND (AP)—Dist. Judge R. J. Oxford interrupted jury selection Wednesday in the murder trial of 17-year-old Nathan Curry and transferred the case to Palo Pinto County.

Curry is accused of the fatal shooting in 1961 of Mrs. Florence Hussey, 33-year-old grocery and secretary of the First Baptist Church at Cisco.

Oxford set the trial in Palo Pinto's 20th District Court for Oct. 14.

The surprise announcement came after defense lawyer John Watts had argued without apparent success for a change of the trial site, a mistrial and a postponement.

Immediately after Judge Oxford announced the change of venue, Watts challenged the transfer to Palo Pinto. He said the case should be transferred to Breckenridge, the closest county seat to Eastland.

Watts said he had heard Palo Pinto was a hard county in which to get an acquittal.

Judge Oxford took exception to Watts' remark, stating he resented the implication that people in Palo Pinto County were prejudiced. Watts then apologized to the court.

Efforts to select a jury had moved at a snail's pace for three days. Lawyers had quizzed 80 prospective jurors and agreed on only 21 of the required 32 from whom 12 would have been selected.

Curry showed no emotion when the change of venue was announced. The tall, handsome youth had sat with members of his family at the defense table during the three days.

Shortly after the slaying, Curry, then 15, was sent to the State School for Boys on a charge that he had burglarized Mrs. Hussey's home the night she was killed.

The murder charge was filed after his 17th birthday. He is free under \$10,000 bond.

### Space Blasts Widen Belt

WARSAW, Poland (AP)—American space scientist Wilmut N. Hess said Wednesday the Van Allen radiation belt surrounding the earth was increased during 1962 by three Soviet high altitude nuclear explosions in addition to the single U.S. blast.

The Soviet explosions were detected Oct. 22 and 28 and Nov. 1, Hess reported to the Space Science Symposium of "Cospar," the international committee on science research.

The Russians protested the United States high altitude blast in the Pacific last July.

All four explosions added temporarily to the radiation particles in the Van Allen belt, said Hess.

They also greatly increased man's knowledge of the lifetime of the particles and other information needed in preparation for travel to outer space, said Hess, of the Goddard Space Flight Center, Greenbelt, Md.

### Receivership Of Firm Closed Out

AUSTIN (AP)—Dist. Judge Charles Betts closed out Wednesday the receivership of U.S. Trust and Guaranty Co. of Waco, one of the companies which toppled during Texas' insurance scandals in the mid 1960s.

The state liquidator said claimants collected \$3,096,000, or 40.33 cents on the dollar.

There were about 9,000 creditors and depositors. The firm was taken over by the state in December, 1955.

A. B. Shoemaker, company president, shot himself in the head in January, 1956, but survived. He was indicted in Waco on charges of negligence and by a federal grand jury in Houston on charges of mail fraud and violations of the securities and exchange laws. He is a hospital patient.

# Pageant Plans In Full Swing Here

SCENERY—Model Pat Wedemeyer prepares for vacation by looking over the revised and enlarged Cheiron Trip Guide titled "Scenieland USA."

## Tourists Beckoned To 'Scenieland'

Again in 1963 Denver-based trip guide through California Oil Company, doing business as Standard Oil Company of Texas in this area, has launched a major campaign to promote tourism by residents and nonresidents in the highly scenic wonderland that last year they christened "Scenieland, U. S. A." F. W. Wing, regional sales manager, announced today from the El Paso regional office.

Full-page colored ads running in six midwestern cities, telling some 2,250,000 families they will see America's best in Scenieland, U. S. A., have occasioned thousands of requests for the free enlarged and revised Cheiron Trip Guide that shows them why they should select Scenieland for their vacation, Wing stated.

Preparations for the annual Miss Snyder Pageant, scheduled June 14 at 8 p.m. at the high school auditorium, are getting along at a feverish pace, according to pageant chairman Bobby Whom. Preparations are essential because of the short time available for dress rehearsals and making sure that the contestants are ready themselves for the competition.

## Bill Vetoes At Request Of Sponsors

AUSTIN, AP—Gov. John Connally vetoed a bill revising Texas criminal laws Wednesday as requested by sponsors of the legislation.

The sponsors, Sen. Dusey Hardeman of San Angelo and Rep. Bob Hughes of Dallas, told him the measure on the governor's desk was not the one passed by the legislature.

McDowell Meets First Class

Meredith Due Back

OXFORD, Miss. (AP) — Cleve McDowell, unaccompanied, went to his first class at the University of Mississippi today.

All went smoothly after Gov. Ross R. Barnett told a television audience that McDowell was to be accepted only because Mississippi couldn't whip the U.S. Army.

McDowell paid fees totaling \$179 with a \$500 check from the United Club, Inc., of New York City.

Santa Fe To Join Study On Merger

CHICAGO (AP) — One of the nation's longest and richest railroads, the Santa Fe and the Missouri Pacific have agreed to a joint study on the feasibility of merger.

The study, described as a probe to determine if there is a basis for further merger talks, was disclosed Wednesday by Ernest Marsh, Santa Fe president, and Downing Jenkins, president of MoPac.

Marsh and Jenkins said cooperation also will be given to other Western railroad interested in joining the merger.

The Union Pacific and Rock Island disclosed merger plans last month which ultimately would involve some Southern Pacific lines.

The Northern Pacific Great Northern and Burlington also have a merger program in progress in the Northwest.

The Santa Fe operates 12,000 miles of track in the Southwest and from Chicago to San Francisco.

The Missouri Pacific has total assets of \$800 million, including 40 percent of the Texas and Pacific Railroad Co.

Its net income in 1962 was \$70,000,000 on a gross income of \$413 million. The firm has \$1.3 billion in assets and employs 45,000 persons.

The Missouri Pacific operates more than 11,000 miles of track from the Mississippi River to the Gulf of Mexico.

Plan Okayed For Hot Line

GENEVA (AP) — U.S. and Soviet negotiators have agreed on all technical details of a hot line telephone circuit between Washington and Moscow, disarmament conference sources said today.

The agreement was reached after 18 private meetings of American and Soviet telecommunication experts between May 4 and June 4.

Conference sources said the U.S. government has approved the agreement, but formal approval from the Soviet government still is awaited.

The agreement provides for a permanent telephone wire cable linking the American and Soviet governments. It will be used for emergency contacts to prevent a possible outbreak of war by accident or miscalculation.

The cable connection will run from Moscow through Helsinki, Finland, Stockholm, Sweden, and London into Washington.

Sending and reception would be by automatic typewriters. There will also be a radio circuit available for use if the cable connection breaks down.

Bond Election Is Set At Hermleigh

HERMLEIGH (AP) — Voters in the Hermleigh Independent School District will go to the polls Saturday to vote on a \$500,000 bond proposal.

Trustees of the district called the election to finance several proposed improvements to the school's facilities.

If approved, the bond funds will be used to build a new homecoming department and science laboratory onto the present high school building, give the agriculture department all of the present agriculture and homemaking building and remodel it, making the shop larger, put in a new heating system in the grade school, and make other improvements to facilities with whatever is left of the funds.

Promotions Probe Asked

WASHINGTON (AP) — Postmaster General Edward Day has asked the Justice Dept. to investigate the promotion of three Negroes in the Dallas post office to supervisory positions.

Day said the promotions were made even though other employees were listed ahead of the three on a merit list.

Saying he did not intend to interfere with administration of the Post Office Department, Post referred in a letter to the promotions and asked the Justice Dept. to investigate.

The promotions, but a full investigation by the Post Office Department.

Oil Depletion Allowances Left Intact

WASHINGTON (AP) — House tax writers rejected today all administration proposals for tax changes that would reduce the depletion allowances for oil and other minerals.

The changes proposed by President Kennedy, but turned down by the House Ways and Means Committee, had been calculated to bring in more than \$13 million a year in additional revenues.

Homage Paid Pope John

VATICAN CITY (AP) — A tide of humanity, perhaps two million strong, today paid homage to Pope John XXIII, who dedicated his final days to a fight for peace and social justice.

The Vatican press office said there had been a million mourners by dawn today, and that a million more were expected by sunset.

As the mourners moved through the great basilica, Pope John XXIII, who dedicated his final days to a fight for peace and social justice.

Mother Misses One Graduation

BURRILLVILLE, R.I. (AP) — A Rhode Island mother saw one son graduated from the Coast Guard Academy at New London, Conn., Wednesday, but was too late to see a second son graduated from the U.S. Military Academy at West Point, N.Y.

Lt. Gen. Garrison H. Davidson, commanding the First Army, made one of his planes available to Mrs. Margaret Shepard of Burrillville.

Mrs. Shepard and her newly commissioned son, Coast Guard Ensign Arthur B. Shepard, arrived at West Point in time to congratulate new Army 2d Lt. John T. Shepard.

Weather In State Calm

By The Associated Press

Unsettled weather finally lifted its Texas wings and calm prevailed everywhere in the state Thursday. Temperatures headed south.

It was the first night in two weeks that damaging winds had failed to strike some section of Texas.

Special forecasts for possibly severe thunderstorms during the week-end were issued for Panhandle counties despite without a word of weather warning.

Skies were generally clear except for a few clouds in the south.

Forecasts called for a few more disturbances in southern areas of the state and the return of widely scattered thunderstorms by Friday in the west and north parts of Northwest Texas.

JFK Links Educational Lag To Problem In Civil Rights

By FRANK CORMIER

San Diego, Calif. (AP) — President Kennedy, plugging hard today for his aid to education program, linked educational backwardness with the mounting civil rights problem.

Speaking directly to the San Diego graduates, Kennedy said, "I hope that those of you have received the blessings of education will be in the forefront of the fight."

Kennedy flew to San Diego from El Paso, Tex., and visited the state college before flying to a Navy airfield carrier offshore to spend the night and address Navy managers in the Pacific. The day after the second day of his five-day, five-state tour, which will take him to the west as Hawaii before he returns to Washington early Monday morning.

In his talk, the chief executive said the nation's education goal must be "a system in which every child, whether black or white, is given the opportunity to learn."
