South Koreans Within Fifty Miles Of Border

Russia Turns Down Truman Peace Demand

MOSCOW, Oct. 23. (AP) — Russia has turned down President Truman's four peace demands on the Soviet Union, voiced in San Francisco last week, as "rude, ridiculous pretensions (that) could originate only in the mind of a warmonger."

The Russian reply was voiced yesterday in Pravda, organ of the Communist Party, which said not Russia but the United Sates must change its policy to avert a new world war.

Truman in his San Francisco speech said the Soviet Union could prove its desire for peace by living up to the principles of the United Nations Charter, by asking the North Koreans to stop fighting, by permitting free exchange of information and ideas between eastern Europe and the West, and by joining UN efforts to establish a workable system of collective security.

The President, Pravda said, "slandered the Soviet Union in attempting to create a basis for his demands for a further unchecked arms race."

"The whole world knows," the article continued, "that it is the U.S.S.R. which has been demanding arms reduction, prohibition of atomic weapons and a five-power peace pact to secure the peace."

Truman had said the United States is increasing its armed strength "because Soviet policies leave us no other choice." The Americans, he added, "are going ahead in dead earnest to build up our defenses."

Paratroopers Jump in Combat

Parachutes fill the air over North Korea as American paratroopers drop from flying boxcars (at top of picture). The troopers landed and linked up with South Korean soldiers to block retreating North Korean Reds and rescue American prisoners of war.

Missing Atom Expert Without His Passport

By ANNE MARIE SNELLMAN
(Associated Press Staff)

HELSINSKI, Finland, Oct. 23. — If Britain's missing atom expert, Dr. Bruno Pontecorvo, has left Finland for Russia, he went without any passport.

Official sources disclosed today that the passport of the Italian-born scientist, whose disappearance was reported Saturday, still is in the custody of the Finnish ministry of interior.

The Stockholm correspondent of the Rome newspaper, Il Tempo, reported yesterday that Pontecorvo sailed Sept. 2 aboard a Russian ship from Finland to Leningrad. Italian newspapers earlier had reported that he and his family had slipped off to Russia while on vacation from England, where Pontecorvo had worked for two years at the British atomic research plant at Harwell.

The scientist was described by European colleagues as a leading researcher in tritium, basic element of the hydrogen bomb.

Pontecorvo arrived here on Sept. 2 by air from Stockholm without the required Finnish visa. He was given a provisional entrance permit by passport officers and had to hand over his own passport to the police authorities.

He was told that he could pick up the passport later after a visa had been entefed into it.

Prof. Pontecorvo never showed up.

Johnson Says Mobilization Will Continue

HOUSTON, Oct. 23. (AP) — Sen. Lyndon Johnson, (D-Tex), today said the nation's economy will be in a state of continuous semi-mobilization for 10 years or longer.

Johnson also warned new and heavier taxes will be needed to sustain a $30 billion annual outlay for military needs.

The senator spoke before the opening session of the annual convention of the Independent Natural Gas Assn. of America.

"Production is our greatest weapon," Johnson said. "It is now our one great hope for victory. . .We in America must go on the offensive; we must mount and sustain the greatest production offensive in the history of the world."

Today's struggle, he said, is not between two great armies but is between two economies, two production machines.

"It is a case of endurance versus endurance," he said. "The economy with the greatest staying power wins. The economy which makes the best use of its resources, the economy which produces more, is the economy which will triumph."

Rhee Says Korean Army Will Handle Guerrilla Problem

WASHINGTON, Oct. 23. (AP) — President Syngman Rhee of the Republic of Korea says his government's army can handle any guerrilla problem remaining after defeat of the North Korean Communist forces.

And when peace is restored, there will be no question but that North and South Korea will be a unified whole, Rhee said in a telephone interview with the magazine U.S. News and World Report made public today. Rhee spoke from Seoul.

He was highly optimistic about prospects for peace and unity once United Nations forces have crushed the invading army, but acknowledged that the task of reconstructing his war-torn country will be long and costly.

HUGE DAMAGE

Estimates of the damage in South Korea, he said, range from 35 to 65 per cent and whatever it proves to be, the amount needed for reconstruction will be "staggering." He said that "without our friends in the United Nations we cannot hope to repair and restore it in less than many generations."

Rhee said that "certainly" the Korean army can cope with any guerrillas problem remaining after the war.

Rhee, who has protested against proposals in the UN to hold new elections throughout Korea when the war is over, said the country will then "automatically be united (and) the United Nations has no reason to insist on controlling North Korea until the elections."

TO ACCEPT DECISION

"We will accept any resolution or plan by the United Nations," he said. "But the point I want to make clear is that the UN merely should assist. Communists are saying the Republic of Korea is a puppet Now the UN commission says it will come out to set up a government in North Korea and hold elections. The Communists will say this is not a Korean government."

He declared that a majority of North Koreans are loyal to his government "and only a few pro-Communists are trying to discredit" it.

North Koreans Flee Quickly To The North

No Resistance On An Organized Scale For More Than 24 Hours

By LEIF ERICKSON
(Associated Press Staff)

SEOUL, Korea, Oct. 23. — South Korean forces swept within 50 miles or less of the Manchurian border today.

Shattered remanents of the Red Korean army were fleeing practically toward the mountain triangle north of Kanggye. It was there that the Red chieftain, Kim Il Sung, carried out his guerrilla war against the Japanese before Russian occupation forces installed him as premier of North Korea after World War II.

Kanggye is about 20 miles from the border in the center of the peninsula.

THREE DIVISIONS

Three South Korean (ROK) divisions were driving for the Manchurian border to finish the four-month war.

Observers said the ROKs, who can make 30 miles a day in forced marches, were capable of reaching the Yalu River on the border sometime Tuesday.

Gen. MacArthur's headquarters in Tokyo was non-commital. A spokesman said only that the army "had several estimates of when allied troops were expected to reach the Manchurian border.")

On the north bank of the river, Red China troops guard Manchuria.

The desperate Red Koreans were fleeing northward so fast that they no longer could herd all their allied prisoners along with them.

Many POWs were escaping to the safety of allied lines.

Other prisoners were massacred by the Reds in a brutal last show of defiance.

NO RESISTANCE

An Army intelligence officer in Tokyo said the Red Koreans had put up "no real organized resistance in the last 24 hours."

Fleeing Reds were reported turning inland in their retreat before the advancing United Nations forces. Officers said they were entering an area dotted with ancient walled cities.

These will not offer much defense, a spokesman said. "With what we have learned already we can take care of those without any trouble."

The spokesman said American forces had learned much in assaulting the walled city north of Taegu in southeastern Korea.

Air attacks "will take care of them," he explained. But ground assaults may be necessary to flush out all enemy resistance.

As the allied tide rolled northward, the bag of Red Korean prisoners swelled past the 120,000 mark, the equivalent of 12 divisions.

Allied forces captured 26,000 North Korean troops in the past 24 hours.

Maragon Rap Is Affirmed

WASHINGTON, Oct. 23. (AP)—The U. S. Court of Appeals today affirmed the perjury conviction of John F. Maragon, who once had White House connections.

The one-time friend of presidential aide Maj. Gen. Harry Vaughan was convicted here last May of having lied to Senate investigators who were looking into alleged peddling of influence in Washington.

The government failed to convict him of lying about business negotiations with government agencies but did get a conviction on two charges:

That he lied in saying he had only a Washington bank account when he had another in San Antonio, Tex.

That he committed perjury in saying he no longer was on the payroll of a Chicago importing firm when he took a temporary job overseas with the State Department.

On those counts he got a prison sentence of eight months to two years.

Registration Deadline For Communists Today; No Signs Of Obeying

WASHINGTON, Oct. 23. (AP)—This is R-Day for American Communists—the last day for them to register under the new anti-Communist law.

They showed no signs of obeying and it may take years to make them.

Yesterday, a spokesman at Communist Party headquarters in New York indicated there had been no last-minute switch in the refusal-to-register "party line," first announced Sept. 23 when the law was passed.

The law orders Communists and Communist-front organizations to register with the Justice Department or face penalties up to $10,000 fine or five years in jail.

Before these penalties can be applied, however, the government must formally establish that a group is required to register, and make it stick, if necessary, all the way to the supreme court.

Find New Pay On East Side Of Vealmoor

A new and shallow pay section has been found in the east side of the Vealmoor field in Howard County. That discovery has been made at L. H. Armer and G. H. Chisum and Ray Oil Co. No. 1 S. L. Lockhart.

It is located about 15 miles north of Big Spring, four miles east of the town of Vealmoor, and it is an east outpost to the field which produces from the Pennsylvania lime around 8,000 feet.

The No. 1 Lockhart ran a 12 hour and 15-minute drillstem test in the San Andres lime at 4,529-4,664 feet.

Oil started flowing out at the surface in one hour. It was flowed to pits for 15 minutes before operators started gauging it.

In the next three hours, it flowed through a one-half inch bottom hole choke and produced an average of 13 barrels of oil per hour.

The choke was then reduece to a 3-64th inch opening, and in the next eight hours, it flowed oil at the rate of seven barrels an hour.

Gravity of the petroleum was 32.5 degrees. There was no water. After the tester was closed at the end of 12 hours, and 15 minutes, the pipe was still full of oil, and that oil headed out all the time the string was being pulled.

It is expected that the owners of the new discovery will elect to complete the project as it is and then drill a twin well to explore to 8,000 feet to test the Vealmoor lime pay in the Pennsylvanian.

Location of the new discovery is 560 feet from the north and west lines of the northeast quarter of section 34, block 32, T&P survey, T-3-N.

The nearest San Andres production is approximately 20 miles to the northwest in the Spraberry field of Southeast Dawson County.

TO RUN TEST

Stanolind Oil & Gas Co. is preparing to run a drillstem test in the top of the Pennsylvanian lime at 8,874-8,904 feet on a section which has shown a few scattered pin points of porosity and slight shows of oil at its No. 1 Burton, Northwest Howard County wildcat.

This prospector is 10 miles northwest of Big Spring and 660 feet from the north and west lines of the southeast quarter of section 27, block 33, T&P survey, T-2-N.

It picked the top of the lime at 8,866 feet, which is on a datum of minus 6,236 feet.

It cored at 8,874-8,888 feet. Recovery was four and one-half feet of lime with a few scattered pinpoints of porosity and a slight show of oil.

Operator then drilled to 8,888 feet to 8,904 feet. The samples from that interval logged about the same sort of petroleum indications as were found in the core.

ABANDONED

Seaboard Oil Co. of Delaware No. 1 Charles C. Canon, Southwest Borden County wildcat, between the Good field and the Spraberry field, has been plugged and abandoned as a failure in the Pennsylvanian lime reef.

It topped that formation at 8,345 feet, with an elevation of 2,654 fet.

A drillstem test was run at 8,352-8,404. The tool was open two hours. Recovery was 5,235 feet of sulphur water. There was no show of oil or gas in the reef or in any other horizon penetrated.

Location is at the center of the

Price Boss Would Try Indirect Controls Before Wage Freeze

WASHINGTON, Oct. 23. (AP) — W. Stuart Symington, boss of the mobilization effort, said today that it would be "dangerous" to clamp sweeping price and wage curbs on the economy without first giving indirect controls a good trial.

The National Security Resources Board chairman told a news conference that criticism of the government's anti-inflation program is "premature."

"If everybody will get in there and co-operate," he said, "I think we have a good chance of making the indirect controls work."

CERTAIN MEASURES

He was referring to such measures as higher taxes, credit controls on consumer purchases and real estate, and orders channeling scarce materials into essential defense production.

"We haven't given indirect controls a chance to work yet," Symington said, and added:

"It would seem dangerous to me to just put sweeping controls on the American economy — on prices, wages — without first trying to handle this inflation problem with other controls.

COULD CHANGE

"That can change. That's the way I feel. But it's not my decision. It's really Dr. Valentine's, subject to the President's approval."

Dr. Alan Valentine is the new economic stabilization administrator.

Symington said he wants to study the industry plan and other reports but he did say this:

"The steel shortage appears to be a national shortage. It is not merely temporary."

Anderson Sees Nomination Of Truman In '52

(Associated Press Staff)

Sen. Clinton Anderson (D-NM) believes president Truman will win the 1952 Democratic presidential nomination without a contest.

He said so yesterday on a television program. Anderson is head of the Democratic Senatorial Campaign Committee and executive vice-chairman of the Democratic National Committee.

Asked if he thought the Democrats would consider nominating Gen. Dwight D. Eisenhower, Anderson said he doubted it—that "I think President Truman will be the only man considered by the Democrats in '52."

TAKE HIM OUT

He said he thinks New York Gov Thomas E. Dewey's endorsement of Eisenhower was designed to take the general out of consideration by the GOP. If Dewey had wanted to support Eisenhower, Anderson said, "he'd let him lay back awhile while some of the brighter young men ran and then would have sent Eisenhower to the front."

A Senate subcommittee promised an early discussion, meanwhile, on whether to go ahead with a formal inquiry into circumstances surrounding Dewey's decision to seek a third term as New York governor following the withdrawal of Lt. Gov. Joe R. Hanley.

Hanley last week make public a letter in which he said he had been assured he could clean up personal debts within 90 days if he agreed to run for the Senate. He did, withdrawing as a candidate for the GOP governor nomination, and Dewey then announced he would run again.

Democrats have contended this meant Hanley was "paid off." Dewey and Hanley have denied it.

CONFLICT

Sen. Anderson and Guy George Gabrielson, chairman of the Republican National Committee, put out the customery conflicting forecasts last week about how their parties would fare in the November congressional elections.

In the wake of their disagreement, some experienced political observers in Washington agreed yesterday that control of the Senate may hinge on 11 close contests and that Republicans may need to win all of them to take control.

Mencken Condition Remains Critical

BALTIMORE, Oct. 23. (AP) — Despite a "little improvement," doctors at Johns Hopkins Hospital today said the condition of 70-year-old famed newspaperman, H. L. Mencken, was still considered critical. He suffered a heart attack Oct. 12.

Aluminum Next Under Control

WASHINGTON, Oct. 23. (AP) — Aluminum—important in hte building of aircraft—appeared likely today to be the next strategic material to come undergovernment controls.

Officials said last night that an order now being drafted by the National Production Authority (NPA) for probable issuance within two weeks, either will contain or will be closely followed by restrictions on use of aluminum in non-essential products.

KEY JOB

Robert C. Goodwin was named, meanwhile, to the key job in mobilizing the nation's labor force to meet needs of the expanding defense program. Goodwin, 44-year-old head of the government's employment service, was named executive director of the office of defense manpower.

The office was set up by Secretary of Labor Tobin, to whom President Truman has delegated manpower problems of the mobilization program. Goodwin and other labor department officials given mobilization tasks by Tobin will continue to fill their present posts.

As director of the bureau of employment security, Goodwin already had a major role in the manpower picture. His bureau coordinates the employment services and jobless benefit programs of the states.

ALL VOLUNTARY

Thus far, only voluntary controls have been seriously discussed in connection with manpower.

Discussing the materials picture, officials who asked not to be named said, that NPA Administrator William H. Harrison has been told that defense spending is now running at a rate of $18 billion a year and will hit $22 billion in the first quarter of 1951.

Power Source Is Discovered

(Associated Press Staff)

GRAND FORKS, N. D., Oct. 23 — A new source of power, big enough to operate American industry 400 years was described today at the University of North Dakota.

The power source is a new gas from lignite, perfected by the U. S. Bureau of Mines, in co-operation with the university.

Lignite is a black, low-order coal, which is about 35 per cent water. The United States has 9 billion tons. That's one-quarter of all our coal still unmined.

NEW LAB

The Bureau of Mines is today putting the finishing work on a new $750,000 laboratory, the only exclusively lignite laboratory in the country, to give industry answers to technical questions. The cost already is low enough to compete with coal shipped long distances.

Heading the work are Drs. A. C. Burr, John C. Holt and W. H. Oppelt, for the bureau, and Dr. L. C. Harrington, for the university.

The secret of gas-making is a red-hot steel bottle, about 18 feet high and nearly ten in diameter. The bottle has an inner lining, forming a corridor close to the red-hot outer wall. This corridor is filled with high-pressure steam. Lignite, fed in at the bottle top, slides down the corridor.

ONE EXAMPLE

There, heat and steam convert most of the coal into gas, known to industry as water gas. This single bottle makes enough gas daily to furnish power for electricity to a town of 10,000.

All but 15 per cent of the lignite turns into cases. The remainder is not ashes; it's good fuel, better than raw lignite.

The new gas has many uses besides burning. It can be converted into gasoline. It will run a diesel engine. It can make alcohol, ammonia, waxes, dyes and fats—even that human beings can eat.

New Vietminh Attacks Upon French Posts

(By The Associated Press)

SAIGON, Indochina, Oct. 23. — Communist-led Vietminh troops have begun harassing attacks on French positions defending Tienyen, key supply center athwart the new 100-mile French frontier defense line.

A French military spokesman said one small French post in the Tienyen area was attacked two days ago.

With the abandonment of the big frontier post of Langson last week, he said, the French have set up a line defending the rich delta around Hanoi along a ragged east-west front anchored on Dinh Lap, southeast of Langson; the line extends 160 miles north of Hanoi to Monkay on the Gulf of Tonkin.

The spokesman revealed that French troops already have evacuated the post of Locbinh, 25 miles northwest of Dinhlap. The western end of the frontier defense line has been pulled in 30 miles from Langson, sacrificing Lochinh and a string of blockhouses lining colonial Route No. 4 to Dinhlap.

Jean Letourneau, French minister for Indochina, told reporters at advance army headquarters in North Indochina that "we are confident we can hold the Tonkin delta."

Death March Survivors

Three tattered American survivors of a terrifying death march from Seoul to Pyongyang are shown after their escape from the Reds. They are, left to right: Lt. Alexander Macaroumis, Sgt. Takeshi Kumagi and Capt. William Locke. The trio said the American prisoners were beaten and shot by the Reds, exposed, starved and given no medical aid.

Three Rescued From Cavern

HARLANSBURG, Pa., Oct. 23. (AP) —Three young "explorers" and a small dog were rescued today after their flashlights failed while they wondered through the maze-like passageways of a new found cavern.

Apparently none the worse for their 12-hour stay in the bat-filled tunnels of the cave were:

Herbert Harkless, 12; Eddie McClelland, 16-year-old son of a funeral director; Ernest Mallinak, 26, a construction company employe, and "Andy," year-old cocker spaniel owned by young McClelland.

ABOUT SCHOOL

The only note of concern was expressed by the Harkless boy, whose first comment was:

"Hock, I guess I'll have to go to school today as usual."

His mother, overjoyed at his safe return, was quick to assure him he could take a couple of days off, if he wanted to.

The plight of the three turned this western Pennsylvania town of 500 out in full force to aid in the search. About 1,500 men and women from surrounding communities also gathered at the cavern entrance as the word spread.

Young Harkless, McClelland and Mallinak went into the big cavern about 2 p.m. (EST), yesterday to look for unusual rock and crystal formations.

The cave was first discovered a short time ago during some nearby highway construction work and in recent weeks a number of persons have visited it.

THREE VISITS

The McClelland boy said he had gone into the cavern three times before yesterday and was certain he could find his way about.

They wandered through underground chambers and passageways to a point about 1,800 feet from the entrance. As they started back, all three of their carbide lights failed one after another.

Left in pitch darkness, they decided to sit down and wait for rescuers.

"They told me it was about midnight," Herbie Harkless said, "and I was tired and cold. Then I heard some yelling later and I knew they were coming to get us. I felt better."

One of the five rescue groups, using twine safety lines to permit a safe return to the entrance, came on the little group. They were in a large chamber about 25 feet from floor to ceiling—a weird setting of stalagmites, stalactites and whirring bats.

Spanish Reds Choose Desert Over Refuge Behind Iron Curtain

WASHINGTON, Oct. 23. (AP) — The "Voice of America" reported without comment today that most Spanish Communists recently ordered exiled from France chose to go to the North African desert rather

The State Department radio told overseas listeners that the courts offered 177 paniards sentenced for overseas listeners that the courts underground activity the choice of being set to an eastern European country or being interned in the desert region south of Oran, Algeria.

All but 30 of the 177, the Voice said, responded: "Your honor, I choose the desert."

Two Die in Crash

VAN WERT, O., Oct. 23. (AP) — Two men identified as Ohio National Guardsmen were killed today when their two-seater plane crashed near here. The victims were identified as George Deisler, 30, Antwerp, O., the pilot, and Warren Edward Phillips, 28, Hicksville, O.

Weather

WEST TEXAS: Fair this afternoon, tonight and Tuesday. Warmer in Panhandle and South Plains Tuesday afternoon.

EAST TEXAS: Fair this afternoon, tonight and Tuesday. Cooler in north and central portions tonight. Moderate winds mostly northerly on the coast.

Stalin Comes Down

An American soldier is shown removing a portrait of Russia's Joseph Stalin from a building in the former North Korean capital of Pyongyang. Two other GI's with combat packs on their backs look on from the street.

Electronic Aid Will Detect Watch Trouble

A jewelry shop in Snyder selling nationally advertised watches, jewelry, silver and appliances is Brutons Jewelry on the east side of the square.

The shop was opened here in May of 1949 by Mr. and Mrs. Ollie Bruton. They had moved here from Monahans where they had also been in the jewelry business. Bruton has been a watchmaker for 15 years.

The Bruton family is now living at 704 Nineteenth Street. They have two children, Patricia Ann, 11, and Gene, 9.

Brutons carries several brands of watches, the leading make being Hamilton. They have a complete line of jewelry, Speidel watch bands, and Deltah pearls. They also carry Community Plate and 1847 Rogers Silverware. Sunbeam appliances are found in the shop.

The watch repair shop in Brutons is one of the finest. Both Turner, who has been with them since December of 1949, is in charge of this department. As part of their equipment they have a Watchmaster. This electronic device automatically finds what is wrong with a watch.

Man Gives Himself Up To Save Another With Famliy In Theft Case

COUNCIL BLUFFS, Ia., Oct. 23. (AP) — Because he didn't want a family man "to take a rap for something I knew he did not do," a former Iowa penitentiary inmate was in jail today.

Paul-Lee Albert, 30, of Council Bluffs has admitted the $790 holdup here June 7 of the Williamson Tobacco Co., according to Chief R. W. Nebergall of the Iowa Bureau of Criminal Investigation.

County Atty. Don Jackson said Albert's confession clears Earl Fezette of Council Bluffs of involvement in the holdup. Fezette has been held in bond awaiting district court trial on the charge.

Jackson said Albert contracted Fezette and told him he had some information which would help him in the forthcoming trial.

The county attorney said Albert then wrote out a six-page statement admitting the holdup, gave it to Fezette along with two photographs of himself, and left town.

Snyder Store's Post Branch Grows Rapidly

The new branch in Post of Fenton-Thompson Shoe Store is making rapid growth, according to Myron Fenton, a partner in the firm.

The new branch was opened Aug. 25. Gene Thompson, the second partner in the business, moved to Post to operate the branch. Since that time it has become necessary to move into more spacious quarters. The new location of the store in Post is between Herring's Dry Goods store and Dunlap's Department Store.

The Post store is operated under the same name as the Snyder store, which is located at 1712 Twenty-fifth Street. The local store is managed by Fenton.

Both Fenton and Thompson are from Snyder and have been in the shoe business here for a number of years.

The two stores are exclusive shoe stores and specialize in shoes for the entire family.

Ranch Foreman Held In New Mexico Theft

BYARD, N. M., Oct. 22. (AP) —A 30-year-old ranch foreman has been charged with the biggest cattle thefts in New Mexico since the days of Pancho Villa, the Mexican bandit.

Dist. Atty. Tom Foy of Grant County said Robert Compton had been charged with stealing and unlawfully branding nearly 100 head of cattle. He has been placed in the Deming jail.

Compton is the foreman of the Diamond L. Spread, owned by Mrs. Margaret Todhunter. The ranch is about 30 miles west of Deming.

The ranch foreman specifically is charged with unlawfully marking and branding 41 steer calves. Mrs. Todhunter said she did not own them.

Another count accused Compton of larceny of 54 heifers which bore earmarks, but no brands. Other charges involve four other calves.

Rows of Potted Plants

Rows of potted plants, mostly cyclamen and poinsettias, fill this greenhouse at Bell's Flower Shop. The greenhouse shown above is the biggest of three at the nursery.—(J. Lawrence Devers photograph).

Physician Arrives At Snyder Hospital-Clinic

Dr. Raymond Mundt, formerly of Carrizo Springs, Tex., arrived this week end and has started work at the Snyder Hospital Clinic, where he will specialize in surgery, Bruce L. Greer, administrator, said today.

Dr. Mundt and Mrs. Mundt are living temporarily at the Pal-O-Mar Cortel until they find a house.

The newly-arrived physician has practiced in Chicago, Fort Smith, Ark., Ocopomowoc, Wis., and Carrizo Springs before coming here.

Old Bonds Put Virginia Over Money Barrel

RICHMOND, Va., Oct. 23. (AP) — Mrs. Bonny Walke, 76, of Vinton may have the Commonwealth of Virginia over a financial barrel. She has found in her attic two $1,000 bonds issued by the state some 85 years ago.

The date is not very legible—it could be 1861 or 1864. The important question is which.

If it was 1864, the bonds are worthless. The Fourteenth Amendment to the U. S. Constitution forbids states from making good any obligations to finance the Civil War. If the date is 1861, before Virginia seceded from the union.

State Treasurer Jesse W. Dillon says there are no records of the bonds. Many records were destroyed after the Civil War. But the state is still searching. The commonwealth has a reputation of always paying its debts, and Dillon says:

"If the Commonwealth of Virginia owes her some money, the Commonwealth of Virginia will pay her."

Mrs. Walke thinks the state will pay and 2 % At six per cent compound interest, the bonds are worth $25,...

Isaac Newton's experiments in 1666 determined that all the colors of the rainbow are present in pure white light, such as sunlight.

Because of his many inventions before 1900, Nikola Tesla was known as "the electrical wizard of the Nineteenth Century."

Post-War Korea Will Be UN Monument to Success or Loss

By WILLIAM L. RYAN

The Destiny of all Asia may swing today on this hinge: What next in Korea?

Emerging blood-spattered from the agony of war, the "Land of Morning Calm" gives the United Nations its greatest test—and possibly its greatest opportunity.

Korea now becomes the pilot project of the world's anti-Communist nations acting in concert. The world—and particularly chaos-ridden Asia—waits to see whether Korea will become a lasting monument and a beacon for the future, or an admission of defeat for U.N. ideals.

PROBLEMS OF VICTORY

The problems, military, political and economic, are enormous, but the reward can be equally great. Here is just a glimpse of the questions arising with victory—most of them still to be answered:

Military: Do allied troops drive all the way to the frontiers of Soviet Siberia and Communist Manchuria and incur the obvious risks? Or do they stop short and leave a dangerous no-man's land? How long must the military occupation last? How much trouble can be raised by Red guerrillas, possibly directed from a Communist government-in-exile across the border?

Political: How shall Korea be ruled until she achieves unification? Should an election be held for all Korea or only the conquered North? Should the United Nations conduct elections or remain on the sidelines as observers?

Economic: How soon can a nation so utterly blasted by war be set back on its economic feet? How much financial help will be needed? What steps arenecessary immediately to clothe and feed the Korean nation and bind up her wounds?

SUCCOR FOR BEATEN

The most immediate and pressing problem is relief for the 31 million residents of the Korean peninsula. Once again the United States, after helping hurl back a conqueror, must turn its attention to succoring the conquered. Relief must go to the 10 million of North Korea as well as to the 21 million below the 38th Parallel.

This alone is a gigantic problem. Nearly every city and town along the path of battle was smashed in the fury of the fighting. Bridges are blown out, highways are chewed up, railways are a twisted mess. So are many of the North's industries.

Even before the war, neither part of divided Korea was self-sufficient. Today, unemployment and severe shortages of food and other commodities plague the tortured land—and the bitter Korean winter is yet to come.

To grapple with the problem of immediate relief and the longer range question of rehabilitation and reconstruction, the United Nations is centering attention on an American resolution before the Economic and Social Council. Under this plan, the U.N. would name an "agent general," possible Gen. MacArthur, to direct the Korean reconstruction agency. Estimates of the cost of this program range from $220 million to $1 billion.

SOME COMPLEXITIES

The problem of reconstruction dovetails with the political complexities. For the first time a section of communism's empire has been ripped away. There is no government in the conquered North recognized by the United Nations majority which prosecuted this war. There probably will be no formal surrender. Who will yield authority in the North?

The U.N. commission on Korea, which eventually will become the new commission operating in that country, already is concerned over reports that the government of the South Korean republic has been sending representatives into North Korea in a move to establish authority there.

The commission has ruled that the authority of President Syngman Rhee's government be confined to the area below the Parallel for the present. Rhee at first protested this but later said he would abide by any U.N. directive. The interlocking problem of unification and authority already is a touchy one.

In the United Nations, Australia, with Britain concurring, has proposed new elections for all Korea. That would put Rhee to the test again. The United States has not announced a stand, but there are indications it feels the Rhee government, set up by U.N.—supervised elections in 1948, should not now be required to face a new election test. A U.N. representative has said the vote could be held in the north before Christmas.

A YEAR'S JOB

The commission, made up of members from Australia, the Philiopines, Chile, The Netherlands, Pakistan, Thailand and Turkey, hopes to complete its job in Korea in a year. It is scheduled to leave Lake Success about Nov. 1 to set up shop in Korea.

The 75-year-old Rhee has said he hopes the U.N. will observe and advise in elections, not direct and conduct them, so that there will be no quesgion of the sovereignty of Korea and no basis for a "puppet" charge.

Rhee adds he wants to install a land reform program in North Korea which will return property confiscated by the Communists as well as permit tenants to buy land under easy government terms. He wants to hold war criminal trials. He wants to re-educate the north in a long-range program.

The president wants all Communist influence stamped out before elections are held. But his commander in chief, Maj. Gen. Chung Il Kwon, says "the evil root of communism" did not take hold in North Korea, and the job now is to give the North Koreans a practical demonstration of democracy in action.

TOWARD UNIFICATION

The U.N. program apparently is to fade out the occupation and fade in the authority of the U.N. commission as soon as possible, and to concentrate efforts toward a unified government. The commission anticipates cordial relations with the U.N. commander, although the fine line dividing authority was not laid down in the resolution creating the commission. It hardly can intervene in commission decisions relating to political matters.

It seems likely that the Communists, splintered as they are, will attempt to take advantage of the unrest which follows war, and attempt to launch at least a heavy propaganda campaign.

How much disruption they could cause in Korea, alone and unsupported, is open to question. Some say the heavy bag of allied prisoners of war, along with the enermous casualties suffered by the North Korean army, reduces chances for any prolonged, organized guerrilla activity on a large scale.

If a no-man's land is left between the borders of China and Siberia and the U.N. lines, it could become the future base of a guerrilla campaign comparable to that which is plaguing Indochina from its northern frontiers.

AVOIDING A CLASH

There are strong hints that the big Western Powers will stop well short of the Russian and Chinese frontiers to avoid the possibility of a clash with Russian or Chinese land forces. China has a stake in the extreme northern part of Korea, where hydro-electric works feed power to some Manchurian industries. A threat to these plants might cause a clash which the West wants to avoid.

Americans in Tokyo are generally in agreement that it is too late for either Communist China or Russia to do anything militarily to help the North Korean Reds now without risking general war. Indeed, the Soviets have indicated they decided to abandon the lost cause in Korea. Informed sources in Tokyo believe the Russians lack enough ground groups in the Far East to throw into a Korean land campaign now. It would take months to move such troops across Siberia. The Chinese could afford perhaps 60,000 troops from Manchuria for immediate action, and these would be subjected to slaughter by the allied air power. But there has been no indication, since the Inchon landings, that either Russia or China would go to the Koreans' aid.

This brings up the question of how long United Nations troops will occupy Korea. Some Washington officials say the U.S. hopes to get all American troops out by the end of 1952. Already American soldiers in Korea are shouting "When do we go home?"

BURDEN ON KOREANS

American officials hope the Koreans will be able to handle their own affairs by 1952. The thought of prolonged military occupation annoys the South Koreans—the prospect that the same American Military Government officials who were there after Japan's capitulation might return.

Whatever happens in Korea, it will be watched closely by the leaders of Asia. Since the Korean campaign set the pattern for United Nations resistance to aggression, American sources say, oriental peoples are looking to the United States to demonstrate its kind of world leadership.

Whatever happens in Korea will have a fateful bearing on events elsewhere in Asia, particularly in Indochina, where the French and Vietnamese are fighting the Communist-led Nationalists of the Vietminh. American arms aid is going to that country.

The difference in Indochina, however, is this: The war in Korea was started by an open, naked act of aggression in which the forces of one government crossed the boundary into territory of a government set up under U.N. auspices. In Indochina, it would probably take an open act from Communist China to bring about direct U.N. intervention on the military leve.

NO CHINESE DARE

Thus far, while there are well-based reports that the Vietminh troops are trained and equipped across the border, there has been no open participation by Chinese troops, on Indochinese soil.

Informed sources say President Truman and Gen. MacArthur agreed at Wake Island that further Communist thrusts must be blocked in Asia by military force. MacArthur is said to have predicted the communists would strike again in trouble spots, including Indochina, and that defeat in Korea would not alter the Communist expansion program.

Thus, while the President and Gen. MacArthur agreed on removal of troops from Korea as quickly as possible, there was no thought of cutting down Far East forces. MacArthur told the President that, having won in Korea, the U. S. could not afford to retire now and let the Communists conquer elsewhere. MacArthur contends, for instance, that Formosa, the Nationalist Chinese Island bastion, if in unfriendly hands, would threaten the American defense line in the Far East.

The President and MacArthur are reported agreed that the U. S. Eighth Army, normally stationed in Japan, and Far East naval and air forces, will be maintained at much greater strength than before the Korean campaign, to keep a watchful eye on Communist moves in the Orient.

Flynn Marries For 3rd Time

By CARTER DAVIDSON

MONTE CARLO, Monaco, Oct. 23. (AP) — Movie Actor Errol Flynn was married "for the third and last time" today in an 18-minute civil ceremony in the Monaco city hall. Actress Patrice Wymore was the bride.

The couple said "oui" before Mayor Charles Palmaro as more than 100 guests watched and a crowd of 3,000 chattered excitedly in the city hall courtyard.

The best man for the Australian-born, 41-year-old Flynn was his fellow countryman, Yachtsman Fred McEvoy. McEvoy's wife, Claude, was matron of honor for the 24-year-old bride from Salina, Kan.

NO MOB SCENE

There was no mob scene, though Monaco's police had been mobilized to handle 10,000 persons. Newsmen and photographers far outnumbered the guests.

This afternoon the couple was to drive to Nice, 20 miles away, for a religious wedding (at 9 a.m. CST) in the Lutheran Church of the Transfiguration.

The tall, redheaded Miss Wymore wore a light, street length wool dress in an off white shade. She carried a bouquet of pink and white flowers.

Flynn wore a dark blue suit and a black knit tie.

Mrs. James Wymore, Patrice's mother, wore a mauve suit with an orchid color felt hat.

In the mayor's crowded little office, the official sat at a table. The bride and bridegroom were in two chairs facing him.

An aide of the mayor whispered instructions to the couple, then Miss Wymore stood up, bent over the table and signed five documents. Flynn did the same.

READ IN FRENCH

The mayor read in French a section of the Monaco marriage laws, then the declaration of the marriage vows.

When he posed the traditional question to Flynn, Errol replied with a firm "oui."

Patrice started to say "yes," got as far as "ye—," then caught herself, grinned and said, "oui."

The couple then embraced.

After the wedding, the party drove to the Hotel de Paris and separated, Flynn to have lunch on his yacht with McEvoy, Patrice to have lunch with her parents.

The religious ceremony will be followed by a wedding reception and a private farewell for members of the wedding party on Flynn's yacht. Then the newlyweds will take a 48-hour honeymoon on the yacht.

Flynn, previously married to Actress Lily Damita and Nora Eddington Haymes, now the wife of Singer Dick Haymes, has said repeatedly he hopes this marriage will work out.

Pravda Wants German Plan

MOSCOW, Oct. 23. (AP) — The Communist Party Newspaper Pravda today demanded adoption of a four-point program for Germany's future, as set forth by the eight-nation Prague conference which wound up Saturday.

In its lead editorial, Pravda declared the Prague declaration is inspiriting peace partisans the world over to intensified struggles against imperialist warmongers.

Pravda also ran comment from observers in East European capitals lauding the Prague program.

Meanwhile top diplomats of Russia and her seven Communist allies were feted in Prague last night as part of a round of social activities following the two-day German parley.

Soviet Deputy Prime Minister V. M. Molotov and other diplomatic leaders dined with Czechoslovak President Klement Gottwald.

The previous evening Molotov went to the opera, whehre he was given an official ovation. He made a brief speech to the audience in praise of Czechoslovakia.

The eight nations — Russia, Czechoslovakia, Romania, Poland, Bulgaria, Hungary, East Germany and Albania—wound up their conference Saturday with a four-point plan for setting up a "democratic, peace-loving, all-German sovereign government."

Guided Missiles Get More Attention In The Defense Department

WASHINGTON, Oct. 23. (AP) — A decision to name a special guided missiles consultant as adviser to Secretary of Defense Marshall raised speculation today that a major step-up in the program may be under way.

K. T. Keller, president of the Chrysler Corp., was disclosed to have been working with the armed forces on a special guided missiles study. The automobile firm said in a statement yesterday he will not sever his connections with Chrysler.

The fact that Keller's extensive experience has been in the field of industrial production brought speculation that the guided missiles program, which has high priority, is about ready to shift emphasis to output of weapons.

It is customary for special consultants to the defense secretary to retain their outside connections and serve on a day-to-day basis when needed.

Hope in Korea For Troop Entertainment

SEOUL, Korea, Oct. 23. (AP) — Comedian Bob Hope arrived today in dashing style—in a jet fighter plane from Japan.

He and Actress Marilyn Maxwell led a troupe of entertainers in two shows for GIs.

Churches Of Christ Ask Revamping Of Divorce Procedure

NEW YORK, Oct. 23. (AP) — The federal Council of Churches of Christ in America urges that stiff and out-moded legal procedures in divorce cases be relaxed so more marriages can be saved.

The council yesterday joined in a move by the American Bar Assn. to apply the less formal juvenile court principles to the divorce courts.

Commenting on the juvenile court type procedure, the council said: "In such procedures, difficulties between married people are approached through the informed insight of a third party, sympathetically helpful of salvaging the marriage."

New Casualty List Shows Thirty-four

WASHINGTON, Oct. 23. (AP)—The Defense Department reported 34 casualties today in a Korean casualty list (No. 132) which was one of the smallest issued since the first few weeks of the Korean conflict.

Seven were reported killed in action, 20 wounded in combat, six injured in accidents and one missing in action.

Texas Looks For Revenge In Game With Rice On Saturday

By WILBUR MARTIN
(Associated Press Staff)

The University of Texas and Rice tangle this week in the wild Southwest Conference's top game.

Two intersectional tilts and a conference affair figured to be a walk away for powerful Texas A&M leave the stage to this "grudge" meeting at Houston.

For Rice, it's a last ditch stand to stay in the race for the title it won last year.

For Texas, it could mean revenge for that 17-15, last minute licking it absorbed from Rice last season.

Rice received a fearful beating from mighty Southern Methodist last week, 42-21, while Texas came from behind to whip Arkansas, 19-14.

Coach Jess Neely of Rice said his club came out of the game in good physical condition. He called the Mustangs, No. 3 ranking football team in the nation, "One of the finest ball clubs we've ever played."

Southern Methodist, which unleased a thunderous ground game and relied lightly on its famous "aerial circus" is idle this week, tuning up for next week's game with Texas.

A&M slaughtered Texas Christian, 42-23, with a four touchdown burst in the final quarter. It was the first conference victory for the Aggies since it beat Baylor, its opponent this week, in 1947.

Baylor used Larry Isbell's passing and Buddy Parker's running to hand hapless Texas Tech its fifth straight licking, 26-12.

Battered Texas Christian journeys to Memphis, Tenn., to meet Mississippi this week and Arkansas entertains Vanderbilt at Little Rock.

Last week's explosive action saw conference teams pile up 199 points in the four games.

Kyle Rote, triple threat halfback, led Southern Methodist to its one-sided win over the previously undefeated, untied Rice Owls. He scored two touchdowns and ripped off 150 yards on the ground.

Texas A&M was a fumbling, frustrated team in the first half, but its wealth of manpower steadily wore down Texas Christian and this chipping away bore fruit with dramatic suddenness in the last quarter.

Byron Townsend, Texas' bruising junior halfback, led the Longhorns from behind with a fourth quarter drive that enabled them to open note.

Bob Smith scored one of A&M's six touchdowns to run his total for the year to ten and 60 points. Rote is second in individual scoring with 42 points.

College Teams Drop Records

NEW YORK, Oct. 23. (AP) — Fifty-five college football teams remained today on the list of unbeaten, untied—as compared to 78 a week ago.

Among the major teams that failed to survive the weekend were Stanford, Wisconsin, Rice and Vanderbilt. But they had plenty of company, 19 other squads having their hopes for a perfect 1950 season squashed.

The national list, with points for and against includes:

TEAM	PTS	OP
WON SIX GAMES		
Kentucky	181	14
West Texas State	139	94
Abilene Christian	138	27
WON FIVE GAMES		
Southern Methodist	184	61
Wyoming	195	33
Florida A&M	132	41
California	109	30
WON FOUR GAMES		
Army	145	13
Oklahoma	134	41
Miami (Fla.)	92	33
Northwestern	86	42
Cornell	78	14
Amherst	86	41
Wichita	121	53
Loyola (Calif.)	147	54
Princton	154	42

Professional Golf Cup Won By Sooners

MUSKOGEE, Okla., Oct. 23. (AP) —The annual Oklahoma-Texas Professional Golf Cup matches were won yesterday by the Oklahoma team, 21-17.

The Texas squad won the best-ball matches Saturday, 7-6, but the Sooners won the individual matches yesterday, 15-10.

Low scorer for the day was Joe Durham of Lawton, who shot a 5-under par 65. Chuck Klein, San Antonio, was next with a 66.

Larsen Wins Singles At Dallas Tournament

DALLAS, Oct. 23. (AP) — National singles champion Art Larsen yesterday trimmed Herbie Flam, 6-4, 1-6, 10-8, 5-7, 1-8, in the finals of the Dallas Country Club Tennis Tournament.

The match lasted four hours before Larsen finally triumphed.

Larsen and Earl Cochell teamed for the doubles title, beating Flam and Charlie Hare of Chicago, 1-6, 10-8, 7-5.

No Saving In New Method Of Appropriation

By JOHN CHADWICK
(Associated Press Staff)

WASHINGTON, Oct. 23. — Sen. McKellar (D-Tenn) said today that taxpayers did not benefit from the experiment of wrapping appropriations for almost all government agencies into one hugh money bill.

The idea, long advocated by proponents as a money-saving device, was put into practice by Congress this year for the first time, at least in modern times.

McKellar, chairman of the Senate Appropriations Committee, told a reporter that he doesn't think the experiment brought about any saving.

OTHER VIEW

On the contrary, he said "I think we might have saved more money" if Congress had adhered to its customary procedure of passing a dozen or so bills providing funds for various government departments.

Was he in favor, then, of junking the experiment in the new Congress next year?

McKellar said he wanted to examine the question further before deciding. He said the new system has some advantages as well as disadvantages.

He already has had some discussions with House Speaker Rayburn about what should be done next year, he said, adding that Rayburn's views "are somewhat similar to mine."

NO HOUSE ACTION

The present Senate in 1949 adopted a resolution favoring a single appropriation bill but the House never acted.

Chairman Cannon (D-Mo) of the House Appropriations Committee, however, went ahead with it at this year's session with formal approval.

"We worked like Trojans to make it work," McKellar said, referring to his Senate committee.

He said the "big trouble" was that the huge bill, making appropriations of about $35 billion, was thrown on the Senate near the end of the session.

The appropriations probably would have been considered more carefully in Senate debate, he said, if they had been broken up into separate bills which could have been passed by the House and taken up in the Senate earlier, as in the past.

OFFSET

But tending to offset that, McKellar said, was that the fact that his Senate committee went to work gathering information on the money needs of each department without waiting for action by the House, where all appropriation measures originate.

In the past, he said, the Senate committee has been a sort of referee or appeals court to which government officials could come if they felt their money requests had been dealt with unfairly by the House.

Championship Hopefuls Turn On Each Other For Cellar Positions

(Associated Press Staff)

The two teams figured to fight it out for the Texas Conference championship — McMurry and Austin — this week vie to which will occupy the cellar.

McMurry, which had hoped for a third straight championship, last week lost its second straight conference tilt when it took a 26-14 licking at the hands of undefeated, untied Abilene Christian.

Austin was blanked, 26-0, by Trinity in a non-conference game.

ACC and Texas A&I now pace league play with two victories each.

Other games this week match ACC and Midwestern at Wichita Falls; Howard Payne and Southwest Texas State at Brownwood; Southwestern vs. East Texas Baptist at Marshall and Texas A&I vs. Sul Ross at Kingsville.

Brad Rowland of McMurry continues to pace individual scoring. He has six touchdowns for 36 points. Kelly Burkhart of Southwestern is second with 31 points, while Eddie Springer of ACC has 25, Billy Ayres, ACC, 24, Curtis Davenport, Howard Payne 24, and Alton Green, ACC, 24.

Class A Finds 101 Teams Set For Saturday

(Associated Press Staff)

Favorites are riding the going tougher in Class A high school football as district races tighten.

Monahans and Hearne, two undefeated, untied teams, were upset last week, Hearne bowing to Mexia, 7-6, and Andrews knocking off Monahans, 25-7.

This week 101 games find several district favorites squaring off. And as a result, the list of undefeated, untied teams is due to be trimmed from its present number of fourteen. There likely will be some drop in the unbeaten but tied number, too. Right now there are nine teams in this class.

New Braunfels lost its point-a-minute status last week, but still beat Lockhart, 31-14. This week the Unicorns, favored to sweep through the southern bracket to the state finals, take on Gonzales, a club with a perfect record, in a game due to all but decide the winner of District 24.

Another game matching favorites pits Lamarque against Alvin, while Kermit can take a long step toward the crown in District Five by getting past Monahans. So can Wharton in District 27 with a victory over West Columbia.

The list of perfect teams now includes defending state champion Littlefield, Kermit, Haskell, Olney, Arlington, Mt. Vernon, Sulphur Springs, Lavega, Georgetown, Brenham, Gonzales, Lamarque, Sinton and Pearsall.

Other top games this week include Phillips and Canyon; Colorado City-Roby; Hamilton-Rangers Haskell-Anson; Crowell - Archer City; Arlington-Irving; Athens-Terrell; Jacksonville-Rusk; Cameron-Georgetown; Donna-Mercedes, and Eagle Pass-Perasall.

Russell Lauds Rote's Playing

DALLAS, Oct. 23. (AP) — Coach H. N. (Rusty) Russell of Southern Methodist, whose team now is cock of the walk in Southwest Conference football, said today he had only one regret over his boys' smashing 42-21 victory against Rice.

"I wish somebody up north could have seen Kyle Rote in that game," said Russell. "I just wish those guys who pick the All-Americans could have watched Kyle in action in this one."

Russell declared that Rote ran harder and played the finest football of his career—and that included last year's Notre Dame game for which Killer Kyle has hailed from coast to coast.

"He ran when there was no place to run and it was almost impossible for Rice to get him down," said Russell. "Kyle Rote is an All-American if ever there was one."

Rote stormed to 150 yards and scored two touchdowns. It shoved him into first place in total offense in the conference. The big Methodist halfback now has 733 yards in five games—267 of it passing.

Jet-Plane Death

BALDWIN PARK, Calif., Oct. 23. (AP) — An exploding jet plane killed a naval air reserve flyer yesterday. The pilot was Lt. (JG) Philip B. Dunlap, 25, of Los Angeles.

Watson Takes Touchdown Pass

Left end Tom Watson (88) goes high in the air in the second quarter to snatch quarterback Vic Janowicz' pass, good for Ohio State's second touchdown against Minnesota in a game played at Minneapolis. Watson evaded Minnesota's right half, Darrell Cochran (7) and raced across the goal! Ohio State won 48-0.

Giant Killers Stalk The Ranks Of Perfect Record Elevens

(By The Associated Press)

NEW YORK, Oct. 23. — The ranks of the nation's unbeaten and untied major college football teams, whittled to a mere dozen by a wave of upsets, headed for further thinning this week-end.

The perfect records of Cornell and Princeton will be matched in the Ivy League headliner at Princeton, and one is bound to be sullied.

Northwestern and surprising Miami of Florida will risk unblemished marks against dangerous rivals.

The Northwestern Wildcats, with four in a row, will take their Big Ten campaign to Wisconsin, where they will play a Badger team that was unbeaten until spilled by Michigan Saturday, 26-13.

MIAMI TOUGH

Miami, the rugged little David that felled giant-killer Purdue, will go against a winless Pittsburgh that has yet to explode its full might.

Other clean records, including those of top-ranking Army and Oklahoma, appear safe enough for the time being. The list includes Kentucky, California, Southern Methodist, Wyoming, Wichita and Loyola of Los Angeles.

Wisconsin, Washington, Stanford, Rice and Vanderbilt were the powers who fell for the first time Saturday as the sport was rocked again by upsets from coast to coast.

Wisconsin bowed to a twice-beaten Michigan team on the rebound from its loss to Army in New York.

ANOTHER DOWN

Illinois put skids under the highly rated Washington Huskies, who came east to absorb a 20-13 lashing. Bowl-minded Stanford was tripped by Red Sanders' high-charged UCLA eleven at Los Angeles, 21-7.

The Rice Owls, defending Southwest Conference champions, ran afoul Southern Methodist's powerized Mustangs and succumbed, 42-21. Vanderbilt got started late and lost to Florida, 31-27.

Just to give the topsy-turvy season a further confusing complexion, the once all-conquering Notre Dame lost its second game of the season, battered Navy rose up to smite South Carolinna, North Carolina State whipped Maryland and little Lehigh stunned Dartmouth.

FIRST SINCE 1906

Bobby Robertson, a fleet Negro halfback, led the attack that gave Indiana its first victory since 1906 over Notre Dame, 20-7, and handed the Irish their second setback in five seasons.

Navy's forces rallied from three straight defeats to whip Southern Cal, 27-14. N. C. State's victory margin over Maryland, ranked eighth nationally, was 16-13. Lehigh remained unbeaten by slapping favored Dartmouth, 16-14.

Texas Hound Shows In National Competition

ABILENE, Kan., Oct. 23. (AP)—A Texas owned young brindle greyhound pup, Coal Chute, meets Rose Room today in the semi-finals of the National Sapling Stake at the National Coursing Meet.

Coal Shute, owned by John W. Albritton of Buckholtz, Tex., upset the favored Kansas Senator, owned by J. A. Anderson of Gaylord, Kan., yesterday in the quarter-finals.

Rose Room is owned by Jeanette Eagar of St. Petersburg, Fla.

Competing in the Derby Plate Stakes finals today will be Skippy's Pride, owned by Richet Givens of Waco, Tex., and Chief Silver, owned by Willie Hiblow, also of Waco.

That man in your life

We're speaking of the considerate one who shares your party line!

He always listens for a moment to see whether the line is busy before placing a call. He never jiggles the receiver or bangs it when you are talking.

He allows plenty of time between calls and gives up the line promptly in an emergency.

He may or may not be "tall, dark, and handsome," but we'll bet you're glad to have *him* on your party line.

Southwestern Bell Telephone Co.

S.M.U. Sports Two Leaders

DALLAS, Oct. 23. (AP) — Killer Kyle Rote, the manhandling halfback of Southern Methodist, has battered his way to the leadership in total offense in Southwest Conference football.

Rote roamed against Rice for 150 yards last week to bring his total yards rushing and passing for the season to 733. He replaced Gil Raffish of Texas Christian, who fell 39 yards behind.

In third place is that passin' man, Fred Benners of Southern Methodist. He has a total of 642 yards.

Mighty Robert Smith of Texas A&M continues at the head of the field in ball-carrying. He has taken the pigskin 160 times for a net of 593. Rote is second with 466 yards on 69 carries and Byron Townsend of Texas is third with 437 on 91. Billy Tidwell of A&M has the best average—8.7 per run on 38 carries.

Benners still is well ahead in passing with 59 completions in 84 attempts for 662 yards and six touchdowns. Larry Isbell of Baylor has moved from fifth to second with 34 connections on 75 throws for 465. Vernon Glass of Rice has dropped from second to third with 28 completions in 46 attempts for 453 yards.

Benny White of Southern Methodist has taken over the head in pass receiving with 16 catches for 242 yards and Bill Howton of Rice has moved from fifth to second with 10 receptions for 222. Jonny Champion of Southern Methodist is third with 11 for 200.

Isbell moved into first place in punting last week with an average of 41.3 on 31 boots, replacing Lone Schaufele of Arkansas, who fell from first to second with 39.1 on 23 kicks. Gordon Wyatt of Rice is third with 38.5 in 18 punts.

Glenn Lippman of Texas A&M leads in punt returns with an average of 21.2 yards on five runs. Rex Proctor of Rice is second with 20.7 on eight and Johnny Cole of Arkansas is third with 18.3 on 15.

Southern Methodist tops the league in total offense with 2,236 yards while A&M is second with 1950. SMU leads in passing with 1,171 yards and the Aggies in rushing with 1,416.

City Conference Goes Into High Gear This Week With 13 Games

(Associated Press Staff)

It's all out in the championship race this week in the City Conference of Texas schoolboy football. Of the 13 games on the schedule all are conference affairs except one.

The feature battle of the state is that which matches Thomas Jefferson (San Antonio) with Harlandale (San Antonio). It's the clash of two of four unbeaten teams in the San Antonio District conference race.

Brackenridge and Alamo Heights are the others.

Jefferson is the defending state City Conference champion.

Crozier Tech, which won its first conference test in the Dallas District, plays Adamson this week. Favored Sunset opens the conference race against North Dallas.

In the Fort Worth District North Side and Paschal, two of the unbeaten leaders, play Fort Worth Tech and Amon Carter-Riverside. The other leader — Arlington Heights — rests.

In the Houston District, Lamar, the last undefeated, untied team in the state, takes on Jeff Davis in a conference test.

New Ninth District Legion Head Is Named

WHARTON, Oct. 23. (AP) — O. P. Austin of Victoria is the new Ninth District commander of the American Legion.

He was elected yesterday at the group's annual convention. Named vice commander was Paul Martin of Sweeny.

Ship Collision Off New York

NEW YORK, Oct. 23. (AP) — Two big freighters collided in the fog off New York harbor yesterday—with no injuries, but considerable damage.

The bow of the S. S. Pelican State knifed into the side of the Danish motorship Erria, smashing in her plates and flooding her engine room. Part of the Pelican State's bow was crumpled.

The Erria sent out a radio distress signal that brought the Coast Guard Cutter Tamaroa and tugs to tow her into port. The Erria had been outbound for Baltimore, while the Pelican State, an American war-built victory ship, was entering the harbor.

The crash scene was about three miles south of the Ambrose Lightship in the main steamer route to the south.

Kris Kringle Kollege For Prospective Saint Nicks Begins Today

ALBION, N. Y., Oct. 23. (AP) — Kris Kringle Kollege opens today, and if you think that's early—.

Charles W. Howard, dean of the 13-year-ole school for Santa Clauses, is thinking ahead more than 400 shopping days. He plans to travel by fast plane in December, 1951, to the bishopric of Nyra in Lycia, Asia Minor, by way of the Netherlands, Germany and Scandanvaia, returning here on Christmas Eve.

Howard's school will have three pre-season terms this year, imparting know-how to prospective Santas from as far away as New Orleans.

TALK OF THE TOWN

By FRANCES BIOW

WAYNE BOREN "got his deer" and Mrs. Boren, who accompanied him on the month's trip to Fallon, Nev., and other western points, is the first person to describe Reno by first mentioning the University of Nevada. . . most people start on the gambling places, the divorced women, and the "wide-open" complexion of the town.

Mrs. Boren did own up to some visits through the game halls. She was struck by the orderliness of every place, the fact that unescorted women felt free to enter any place, and were always out in droves, playing bingo or shooting the dice right along with the men.

Virginia City, a ghost mining town, was one of their stops. Once built on a rich lobe, it now snares tourists, is reconstructing its former atmosphere with board walk and saloons, each street on a different level. It was there Mark Twain worked on the little newspaper and sat around with the editor thinking up tall windies that refresh our American literature. . . Carson City contains an old Catholic church Mrs. Boren liked because of the ceremonial robes on display. Her penchant for antiques wasn't satisfied thoughout the trip . . .nothing old was for sale! They found time to visit Mr. and Mrs. Charles S. Owens in Gallup, N. M, where he is the superintendent of the public schools; old residents of Snyder. She is a niece of MRS. ROLAND BELL.

Calling all talent! Mrs. J. B. NOWLIN announces an Amateur Show for all the young people of the town. Apply at the Chamber of Commerce for application blanks. First, second and third prizes for the talent contest will be sizeable. All funds go into the Youth Center kitty. Eligibles must be between 12 and 19 years of age.

* * *

Princess Aloha orchids graced a lot of ladies' lapels Saturday, because the Humble Service Station on East Highway threw its all into opening day. A baby zephlin rocked lazily in the air overhead, attached by a string, balloons brightened the station. . . quite a crowd filled up their tanks at the newly constructed station.

Woman's Calendar

TUESDAY

Tuesday Night Bridge Club, 7:30, with Mrs. Jack Bowden.

Alpha Study Club at 3, home of Mrs. L. W. Dumas, 3214 Avenue U.

Womens' Culture Club at 3 with Mrs. Mabel German, 1904 Thirtieth Street.

WEDNESDAY

W. S. C. S. of First Methodist Church at 7:30 p.m. at church.

THURSDAY

Duce Bridge Club at 7:30 in home of Mrs. Armor McFarland.

Newcomers' Bridge Club at 1:30 with Mrs. Chester Likes and Mrs. Adrian Banks, Humble Oil Camp.

Farewell party for Mrs. Betty Wendell Snyder, 2 to 4 p.m., given by Mrs. Homer Graham, 3110 Avenue U.

FRIDAY

Newcomers' Club at The Village Restaurant, East Highway, 1:30, luncheon.

Altrurian Club at 3 with Mrs. R. H. Curnutte, 2306 Thirty-second Street.

Farewell Party Given For Jean Knighton

Jean Knighton was honoree at a farewell party given her by a group of classmates Friday night game.

The group of freshmen students met at the home of Mr. and Mrs. M. H. Roe, with Rose Marie Roe, Barbara Nichols, Jane Houston, and Susan Houston [illegible] hostesses.

The occasion was Jean's moving with her parents, Mr. and Mrs. B. Knighton, to Winters, Tex., where her father has been transferred with an oil company.

More than 50 were served cokes and cookies.

PERSONALS

Mrs. Ora Fish and Mrs. Ceph Harrell left Saturday afternoon for a few days' visit in Ranger, Tex.

Mr. and Mrs. M. H. Roe and family, 3107 Avenue U, left Saturday night for Walters, Okla., where they are visiting with Mr. and Mrs. M. C. Roe, Mr. Roe's parents.

Mrs. John Keller, 2905 Avenue S, left for Fort Worth Saturday by plane to attend a buyer's market. She will attend to business in connection with the Hollywood Shop. Mrs. Keller recently sold her interest in the women's shop to Le Roy Spires.

Mrs. J. O. Dodson, 2008 Avenue N, left today for El Paso, where she will spend two weeks visiting friends.

Mr. and Mrs. Roland Bell, Jr., are in Brownfield, Tex., on business connected with Bell Flower Shop.

Mrs. Bob Sides, 314 Twenty-eighth Street, has returned from the Hendrick Memorial Hospital, Abilene, where she has been ill for a few days.

Mr. and Mrs. Jake Springer, 3805 Highland Drive, were visited Thursday by Mr. and Mrs. R. C. Harkrider, of Breckenridge. Mr. Harkrider is manager of the C. R. Anthony store in Breckenridge, and Springer is manager of the Anthony store here.

Mr. and Mrs. Norman Carey and Mr. and Mrs. J. W. Henry, all of Breckenridge, were here Friday visiting Mr. and Mrs. Jake Springer, and Mr. and Mrs. Jack Ray, 3108 Avenue V.

Deputy Grand Matron A Visitor at O.E.S. Hermleigh Chapter

Hermliegh's O.E.S. Chapter entertained the deputy grand matron Mrs. Lov Polnac of Stamford at the regular meeting held last Tuesday night at the Masonic hall.

About 40 persons gathered in the Hall, which was decorated with arrangements of cut flowers. One new member was received into the order.

Refreshments of punch and cookies were served in the dining room to out-of-town guests from Stamford, Colorado City, Dallas, Dunn, and Snyder. A centerpiece had been arranged at the buffet table of maroon dahlias planned to compliment the crystal punch service. Presiding at the fellowship ho[illegible] were Mrs. Mary Neal Mayo and Mrs. Maureen Wall.

Week of Activity For Girl Scouts, Leaders

The various Girl Scout groups in town have planned a full week, according to Mrs. Sam Wood on the general council for Girl Scouts.

Tonight, under the guidance of Mrs. Hilton Lambert, the senior Girl Scouts will present a program to a meeting of the Junior Chamber of Commerce at 8 o'clock at the Country Club. The Kiwanis Club at their Tuesday noon meeting, will hear representatives of Troop 7 outline their year's work plans.

Radio time has been given the girl scouts on both Tuesday and Thursday, with various scout groups broadcasting both days from 4:30 to 4:45 o'clock.

The General Scout Council will meet at 7:30 Thursday at the Methodist Church to plan Girl Scout schedules in further detail. Members of this council are Nolan von Roeder, president; Bob Dupree, vice-president; Mrs. George Killam, registrar; Mrs. Mildred Sparks, secretary; Mrs. J. D. Scott, Mrs. Wilson Connell, and Mrs. Garrett Harrell, orgainization directors.

Other plans, not completed, are for a general girl scout play day to be held Saturday.

Union H-D Club Gives UN Flag to Church

Mrs. H. B. Wright of the Union community entertained and Mrs Jim Moss presided when the Union Home Demonstration Club met last week.

Mrs. H. J. Schulze and Mrs. R. A. Smith displayed a United Nations flag they had made. The club voted to present this flag to the Womans' Missionary Union of the Union Baptist Church, for display on United Nation's Day.

Mrs. Bill Pate, marketing chairman, gave a report on the Christmas card sales. The club voted to hold a wiener roast Nov. 2 for cub members and their families.

Next meeting will be with Mrs. H. B. Caldwell in Boothland Addition, Nov. 1.

Pie a la mode and coffee were served to the following Mrs. J. H. Lankford, Mrs. Dink Lyons, Mrs. Jim Moss, Mrs. Bill Pate, Mrs. H. J. Schulze, Mrs. R. A. Smith, Mrs. H. B. Wright, Mrs. Lester Gladson, Mrs. Dub Everett, Mrs. Robert Lankford, Mrs. Don Hearn, and Mrs. M. R. Shinn.

Junior High P.-T.A. Plans Rummage Sale

A rummage sale, to be held on Saturday on the square, was planned by the executive board of the Junior High SSchool Parent-Teachers' Association when they met at the junior high school last Friday.

Mrs. D. K. Ratliff and Mrs. Charles Miller are managing the sale, the proceeds of which will go for buying new equipment for the school rest rooms.

Any person interested in donating clothing to the rummage sale are requested to bring the clothing to the Junior High School.

This Junior High School unit of the P.-T. A. voted to meet the second Tuesday of each month at 3:30.

To O.E.S. Meeting

Five members of the Hedmleigh Eastern Star Chapter left Saturday for Galveston where they will attend the grand chapter session.

Attending the Monday through Thursday session are Mrs. Swanee Westover, Mrs. Georgia Davidson, Mrs. Ota Groves, Mrs. Ittlean Shelburne, and Mrs. Ileta Hall.

Orphans of War

This sobbing Korean baby and his older sister present one of war's most tragic spectacles as they huddle beside the body of their dead mother in a ditch along the road to the former North Korean capital of Pyongyang. The children later were cared for by British and Australian troops who found the broken family.

Little Hope Is Held For Ship

ST. JOHN'S, Nfld., Oct. 23. (AP) — Planes and ships resumed the search today for the former Canadian freighter, North Voyageur, which disappeared off Newfoundland yesterday after sending a brief S. O. S. Little hope was held for the 25 persons believed to have been aboard.

Two U. S. Navy planes and a Coast Guard PBY plane joined two Coast Guard cutters in the search for the 1,104-ton vessel, believed to have gone down 60 miles off Argentia, Nfld.

Earlier, the Marconi radio said all ships had abandoned the search for the ship.

After sending the S.O.S. giving her position, the North Voyager's radio went dead. Four vessels hurried to the location given by the stricken freighter but never sighted her. A plane from the United States base at Argentia also made a fruitless search of the area. Whether those aboard the 1,104-ton vessel escaped in lifeboats was not found, and it is feared they may have perished.

The freigher was formerly owned by the Clarke Steamship Co., of Montreal. Sold to Bonicas Broths., a Greek outfit, she has been sailing under Honduran registry.

Funeral For Stimson Set

COLD SPRING HARBOR, N. Y., Oct. 23. (AP) — Private funeral services for Henry L. Stimson will be held today at his Long Island home here.

Death came Friday to the 83-year-old statesman — who was secretary of war under GOP President Taft, secretary of state under President Hoover and secretary of war also under two Democratic presidents, Roosevelt and Truman.

President Truman said of Stimson, a life-long Republican:

"As a statesman who placed duty to his country above party lines, he scorned unreasoning abuse heaped upon him when he accepted a war post with a national administration not of the political party to which he had given long allegiance."

Mr. Truman made the comment in a letter to Stimson's widow, released yesterday in New York City by First Army Headquarters.

Fluvanna P.-T.A.

The study club of the Fluvanna Patent-Teachers' Association met Thursday afternoon in the home of Mrs. Clay Reeder. Study and discussion of the pre-school child was given by Mrs. Eleanor Norton; the elementary school child by Mrs. J. I. Miller; the adolescent by Mrs. Buford Browning; and a study of physical development by Mrs. Jim Norton.

Present were Mrs. Welch Scrivner, Mrs. Henry Flournoy, Mrs. E. C. Browning, Mrs. Lacy Turner, Mrs. Buford Browning, Mrs. Norton, Mrs. Miller and Miss Norton.

The November meeting will be at the home of Mrs. Turner.

Freeport And Galena Park Pace Way In AA And District Twelve

(Associated Press Staff)

Freeport meets Galena Park this week in the feature game of Texas Class AA schoolboy football. It not only matches two of the state's nine undefeated, untied teams but counts in the conference standings of District 12.

Other features include the annual traditional clash of mighty Port Arthur with Beaumont in District 11. Beaumont hasn't cut much of a caper in the campaign thus far this season, losing three games, but it's always a jolly time when these arch rivals get together.

Corsicana, which until last week was unscored on, plays probably its strongest rival for District 13 honors — Waco.

There are 33 games on the week's schedule with 22 of them conference affairs.

Along with Freeport, Galena Park, Port Arthur and Corsicana, undefeated, untied teams left in the state are Pampa, Breckenridge, Texarkana, Cleburne and McAllen.

Last week found three teams bowing out of the select circle.

Lamesa was beaten by Pampa 27-6, Palestine fell to Lufkin 21-14 and Midland took the count before Brownwood 20-13.

The list of unbeaten, untied teams is bound to be cut to eight since two of them clash. Texarkana doesn't have a game so its position is safe.

Breckenridge plays Stephenville in a District 6 conference game, Cleburne meets Mineral Wells in a District 6 title-counting struggle and McAllen tackles Harlingen in a District 16 conference affair.

It is the shortest schedule of the season but none ever was more important. There are conference games in 11 of the 16 districts.

Rites For Poetess

AUSTERLITZ, N. Y., Oct. 23 (AP) —A private funeral service for Edna St. Vincent Millay, Pultizer Prize-winning poetess, was held yesterday in her home near this hamlet in the Berkshire Foothills.

Poems in which Miss Millay wrote of death were read by her sister, Mrs. Norma Ems of New York City, and by Alan McDonald, a poet and close friend.

Mrs. Hobby Named To Brotherhood Post

NEW YORK, Oct. 23. (AP) — Oveta Culp Hobby, executive vice president of the Houston Post, has been named national chairman of the newspaper committee for Brotherhood Week, Feb. 18 to 25.

The appointment was announced yesterday by Eric Johnston, president of the Motion Picture Assn. of America and general chairman of Brotherhood Week.

Charge of Exhibiting Gambling Devices Is Filed Against 3 Men

A felony charge was filed jointly in justice court Saturday against three Snyder men, accusing them of possessing and exhibiting five slot machines. Another joint charge accusing them of possessing 1,980 cans of beer for purpose of sale in a legally dry area was filed in county court.

The charges were filed against Robert McKinney, 31, of route No. 2; Robert C. Allen, 42, of Arah Route; and Mayo Davis, 31, of 1806 Twenty-fourth Street, following their arrest after a raid at a night club, formerly the Catalina Club, south of town on the Colorado City highway.

The men are being held in the county jail pending arraignment before the county judge. Bonds were set for each of them at $750 on the felony charges when they pleaded not guilty. The felony charges will be considered by the grand jury when the next session of district court opens Nov. 20.

In the raid, which was made by the sheriff's department, assisted by Bill Zimmerman and E. W. Green, highway patrolmen, and Jack Kennedy, county attorney's assistant, officers said they confiscated five slot machines and 82 cases of beer.

Two Men Charged On Liquor Sale Counts

Two men were arrested Friday night on county court charges of possessing whisky for purpose of illegal sale in the county.

Roy Jenkins, 32, of the Hut Drive-In, and Reed Wilson, about 30, who lives in a house trailer near the Hut Drive-In, were arrested Friday night during a raid made on their premises under the direction of the sheriff's department.

They are being held in the county jail pending arraignment.

Tyler Drill Team Wins First In State Meet

WICHITA FALLS, Oct. 23. (AP) — Tyler's militant drill team won first place in marching at the state convention of the Independent Order of Odd Fellows.

The East Texans yesterday won over units from Dallas, Waco, Amarillo, and Corsicana.

Some 400 delegates and visitors attended the opening of the convention which runs through tomorrow.

Clark Tells Of Drain Korea War Has Made On Our Army

PITTSBURGH, Oct. 23. (AP)—Gen. Mark Clark, Army field forces chief, says the U. S. "scraped the bottom of the barrel" and left only a mobilization base in this country to carry on the Korean campaign.

Speaking before the Variety Club of Pittsburgh last night, Gen. Clark said the U. S. "told the world we had 10 divisions before the outbreak of the war in Korea."

Those divisions, he said, were only two-thirds of full strngeth and underequipped.

Decrying the "over-optimistic reports" of new weapons, the hero of the allied fighting in Italy, said "we fought the Korean war with the weapons of World War II."

"We do have new weapons in the making," he said, "but it will be seven or eight months or two or three years before they will be produced in quantity."

Gen. Clark said every U. S. soldier will be trained as an infantryman because "we learned in Korea that because of the enemy's infiltration tactics every man must do his own fighting."

The four National Guard divisions recently federalized, he said, will be at combat strength in seven months.

In another speech, Dr. Ralph Bunche, winner of the 1950 Nobel Peace Prize for his mediation efforts in Palestine, described talk of a preventive war as "mad — an invitation to immeasurable and certain calamity."

Man Burned In Oil Fire Here

James F. Reed, 30, assistant superintendent at the Lion Oil camp west of Snyder, suffered second degree burns of the arms and hands in an oil well fire early Sunday morning. His condition was reported to be satisfactory today at the Snyder Hospital.

Reed was burned in a fire which occurred about 2 o'clock yesterday morning at the Strom No. 2, which was being worked over for an injection well.

The fire, which was believed caused by the generator used in the lighting system, was extinguished in about two hours by pumping mud into the well, shutting off the natural gas, according to John Howell, a vice-president of the company.

Reed's father, Frank Reed, of El Dorado, Ark., also a vice-president of the Lion Oil Co., said his condition appeared to be much improved today.

The victim has been with the company about three years, Howell said.

No one else was injured in the fire.

Nine-Hole Golf Course Opened At Country Club

Pro-manager Red Gaines of the Country Club opened the new golf course there yesterday to begin year-round golfing for Snyder residents.

Several members of the club were there to play on the nine hole course on its first day, officials said today.

Souvenier score cards with maps of the course were given at the opening by M. R. Estes, civil engineer. Special features drawn on the map by Estes were the three oil wells on the club's property.

The nine holes cover a total of 3,054 yards. Par for men is 35, and women's par is 38.

Gaines has set up a temporary shop in the clubhouse, but plans to have a complete shop by the end of the week. He will carry a complete line of golf equipment and give golf instructions. Clubs and caddy carts are already there for rental to golfers.

The club's board of directors will meet this week to determine rules for the course, including those govering non-members playing on the course.

State Fair Breaks All Attendance Records

DALLAS, Oct. 23. (AP) — The State Fair of Texas this year drew a record 2,176,519 persons.

The last day of the fair yesterday saw 146,144 tour of the 187-acre fair grounds. They broke the attendance record set last year of 2,047,540.

During the fair, a total of 102,181 persons paid $394,420 to see the 24 performances of "South Pacific."

"This has been the most remarkable engagement anybody ever heard of," said Harold Goldberg, road company manager. "There's no precedent for it in the light of a traveling company."

Sunshine Over Most Of State

(Associated Press Staff)

Texas was bright with sunshine today and skies were generally clear. Low clouds were in the Beaumont and Lufkin areas, and El Paso reported high, scattered clouds.

It was a beautiful autumn day. Temperatures at mid-morning ranged from 39 at Amarillo to 73 at Brownsville.

Light scattered showers fell in East Texas during the 24-hour period ending at 6:30 a.m. today. Tyler had .13, Texarkana .06, Palestine .04 and a sprinkle fell at Lufkin. No other rain was reported.

High temperature yesterday was 98 at Corpus Christi, and the low overnight reading was 37 at Dalhart and Amarillo. Low maximum yesterday was 67 at Texarkana and Lufkin where it was showering. High minimum last night was 67 at Galveston and Brownsville.

Fair weather was forecast for the entire state today, tonight and tomorrow. Cooler temperatures were expected in the north and central portions of East Texas, and the U. S. Weather Bureau predicted it would warm up in the Panhandle and South Plains tomorrow afternoon. Moderate winds, mostly northerly, were predicted for the coast.

Three Die As Fire Destroys Farmhouse

HUNTINGDON, Pa., Oct. 23. (AP) —A man, his wife and son died yesterday as flames destroyed their isolated farmhouse.

The wife, Mrs. Mary Fink, 60, made an heroic effort to summon aid. She was found stumbling along a road, her nightgown badly charred. She died in a hospital several hours later.

Firemen later recovered the bodies of her husband, Isaac, 62, and son, Raymond, 17, from the wrecked farmhouse near Alexandria about 10 miles west of Huntingdon.

Screwworm Treatment Developed In Texas

WASHINGTON, Oct. 23. (AP) — A new treatment for screwworm, a livestock pest, has been announced by the Department of Agriculture. It was developed in a Texas laboratory.

The new remedy is known as EQ335, officials said, and it will replace EQ62, regarded as the most effective screwworm control remedy available.

EQ335 was developed at the bureau of entomology and plant quarantine laboratory at Kerrville, Tex.

The screwworm is the maggot stage of a parasite fly that lays eggs on wounds of warm-blooded animals. It caused heavy losses to stockmen for years.

Druggist Rites Held

AUSTIN, Oct. 23. (AP) — Funeral services will be held here tomorrow for Edward Walter Cummings, 76, retired Corpus Christi druggist. He died at his home here yesterday.

Texans Gang Up on Arkansas

Arkansas back Buddy Rogers runs into a flock of University of Texas defenders after taking a pitch-out and an attempt to circle his right end. Hitting him low is Texas end Paul Williams while H. J. Shands, Texas back, comes up from behind. Also in on play is back Bobby Dillon (42). Texas won 19-14.

Air Force Able To Dispatch More Air Strength In Europe

By ELTON C. FAY
(By The Associated Press)

WASHINGTON, Oct. 23. — The United States probably will be able to dispatch quickly a substantial part of any air strength it pledges to North Atlantic allies at forthcoming European defense talks here.

Indeed, there are indications the buildup of United States Air Force strength in Europe already is well under way.

The explanation is that the Air Force, unlike the Army, has not been compelled to put virtually all its existing strength into the Korean war, even though air strength in the Far East has been expanded enormously since last June 25.

SERIES OF MEETS

In the series of meetings of the military committee and defense ministers of the North Atlantic treaty organization here during the next seven days, the United States will agree to its contributions to the mutual defense against the menace of Soviet aggression — on the ground, in the air, at sea, in providing war equipment for the other 11 treaty nations.

The guess has been that eventually the United States may provide from five to ten of the 70 or 80 Army divisions of the combined western European defense force. United States army officials have been working feverishly to find some way to provide the first of the divisions.

TRAIN ON DUTY

They have considered, among other proposals, plans for sending over a newly organized combat unit, like the 4th Division, recently converted from a training into a tactical outfit. Such a division would be brought up to full strength with volunteers and draftees who would be trained while on duty in Europe. An alternate (and generally less favored plan) has been to send over one or more National Guard divisions.

Of one thing, the Army leaders are certain. There is no chance of sending 10 divisions now. That happens to be all the Army has anywhere—in the reserve at home, in Korea, in Europe.

The Navy is in somewhat the position of the Air Force. Even though it has built up the 7th Fleet in the Far East from an original handful of craft to a force that comprises much of the total 400 United Nations warships, it was an ample stockpile of vessels and is getting the men to man them.

BEFORE KOREA

The last public report on the status of the Air Force, just before the beginning of the Korean war, showed the Air Force setup included three heavy bomber groups (normally 30 planes each) of B-36s; 12 medium bomb groups (45 planes to the group) of B-29s and B-50s and approximately 20 fighter groups, part of them modern jets, part of the older World War II piston engine fighters.

Under the pressure of the Korean war and the general rearmament program called for by President Truman, the total for each category probably has increased and will grow steadily larger.

Report More Soviet Output

MOSCOW, Oct. 23. (AP) — The Soviet Government today reported that Russian industrial production was 22 per cent greater in the first nine months of this year than in the same 1949 period.

The grain harvest this year, the administration also announced, is at the level of last year, when the largest harvest in the Soviet Union's history was reported.

Steel output was up 17 per cent over last year's third quarter.

Coal out put increased 11 per cent, oil out put 12 per cent.

Electric power production was reported increased by 15 per cent.

The report said four ministries—those of electric power stations, machine and tool industry, timber and paper industry and of the fish industry—did not fulfill their quotas for the third quarter.

Goldfish Create Bath Problem For Tenants

CHICAGO, Oct. 23. (AP) — A mother of seven children says her landlady has created a bathing crisis by keeping her goldfish—all 40 of them—in the family's bathtub.

Mrs. Emily McDermed, 40, whose family rents three of the five rooms in the home of Mrs. Anna Starkus, 55, obtained a disorderly conduct warrant from Judge John Zuris last Wednesday.

She told him she couldn't pull the plug because it was sealed in. She couldn't make it hot for the fish, she added, because there was no hot water and no faucets.

Patrolman William Crawford said he has tried twice to serve the warrant. When he went in the front door, he said, Mrs. Starkus went out the back. He tried the back and she went out the front.

He says he's going back today with a policewomen and cover both doors.

Mental Exam For Boy Who Shot Parents

KALAMAZOO, Mich., Oct. 23. (AP) —A mental examination probably is next for a 14-year-old schoolboy who admitted to police he shot and killed his parents because he felt they were mean to him.

The youth, Raymond Peers, was held by state police while Van Burean County Prosecutor John FerDonk and Probate Judge William Wright pondered his case.

They said he probably would be sent to the state children's clinic in Ypsilanti for a mental examination.

The boy told State Police Capt. Clarence Miller he shot his father, George Peers, 44, in the back of the head Saturday as he propped a ladder against their home to do some painting.

Then, he told police, he called his mother, who was in the bedroom. He said he shot her in the head as she ran toward him.

An only child, he had a perfect Sunday school attendance for 11 years. He showed little emotion as he described the slayings, police said, and before making his confession asked how a boy would be punished for killing his parents.

The boy said he resented it because he had to go to the same school where his father taught manual training.

VerDonk said if the boy is declared insane he would be committed to an institution.

If he is declared sane, he would have to be tried in juvenile court because he is under 15.

Eidson To Laredo

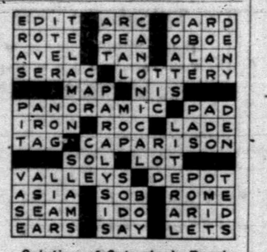

AUSTIN, Oct. 21. (AP) — Dr. Melvin C. Eidson of Austin, member of the board of regents for state teachers colleges, has announced his acceptance of the pastorate of the First Baptist Church at Laredo.

(Continued from Page 1)

northeast quarter of the northeast quarter of section 47, block 33, T&P survey, T-5-N.

EXTENSION TRY

Sinclair Oil & Gas Co. will attempt to extend the north limits of the Sweetie Peck-Ellenburger field in Southwest Midland County one and three-eighths miles at its No. 7-C June Sanders.

Roads have been built and operator is moving in rotary equipment to start drilling to contract destination of 13,400 feet.

Location of the wildcat is 660 feet from south and east lines of the northeast quarter of section 9, block 41, T-4-S, T&P survey. That makes it 18 miles south of the town of Warfield.

Operator expects to spud the prospector Tuesday.

The nearest well producing from the Ellenburger in the Sweetie Peck pool is Sinclair's No. 1-E June Sanders, recently completed for 909 barrels of 52.2-grayity oil and no water daily.

Production is coming from perforations at 13,233-288 feet.

The Ellenburger was topped at 13,188 feet, dirt floor leevation 2,899 feet.

MIDLAND WILDCAT

Weiner and associates have spotted their No. 1-4 M. H. O'Daniel as a wildcat one and three-quarters miles northeast of the nearest project which has shown for production in the Tex-Harvey field of Central-East Midland County.

Location is 664.6 feet from south and 664.7 feet from west lines of section 4, block 37, Si Wright survey and 15 miles southeast of Midland.

Rotary tools will be used to drill to 8,000 feet, projected depth. Operations will begin immediately.

IN TEX-HARVEY

Hubbard S. Russell of Maricopa, Calif., No. 1-20 Wrage-Hendrickson, two and eight-tenths miles south east of production in the Tex-Harvey field of Midland County and located in Central-West Glasscock County, is drilling below 7,017 feet in shale.

A core was taken above 7,017 feet bleeding oil. When the next sand section is reached, operator will take another core.

Location is 2,030 feet from west and 663 feet from north lines of section 20, block 36, T-3-S, T&P survey.

Carlton Beal No. 1 Corbin-Ross, 658.8 feet from west and 667.7 feet from north lines of the southeast quarter of section 13, block 37, T-3-S, T&P survey and in Central-East Midland County, took a drillstem testat 6,940-7,190 feet.

Tool was open 10 hours. Recovery was 5,800 feet of free oil.

Operator was to drill about 20 more feet.

Frank & George Frankel No. 1-C Floyd, project on the northeast side of the Tex-Harvey field, is at total depth of 7,300 feet preparing to test.

Two and one-half inch tubing is at 7,210 feet and packer is set at 6,960 feet.

Location is 660 feet from south and west lines of the northeast quarter of section 11, block 37, T-3-S, T&P survey.

UNLOADS OIL

When drill pipe was being pulled after a drillstem test at Frank & George Frankel No. 1 Williams, Northwest Schleicher County wildcat, oil unloaded all the way out. The recovery was not measured.

The test was taken at 5,501-45 feet. With tool open 30 minutes, gas surfaced in four minutes, fluid in 20 minutes and oil in 22 minutes.

It flowed an estimated 20 barrels of oil per hour in eight minutes through a one-inch top opening. Flowing pressure ranged from 750-1,000 pounds. Shutin pressure after one-hour was 1,800 pounds.

Operator will drill 50 more feet and test again. After that operation, hole will be made on to the Strawn.

Location is 660 feet from south and 810 feet from west lines of section 26, HE&WT survey, abstract 1136.

MORE TERRY PAY

Anderson-Prichard Oil Corp. No. 3 H. C. Bevers, the south offset to the same company's No. 1 Bevers, the opener of the Wellman reef lime oil field in Southwest Terry County has found more pay section for the area.

This project, located 660 feet from south and east lines of the northeast quarter of section 39, block DD, John H. Gibson survey, four miles southeast of the town of Wellman and 10 miles southwest of Brownfield, drilled through the pay section from which the discovery well completed without testing that zone.

The samples showed that it would produce. It topped the pay 22 feet low to the top of that zone in the No. 1 Bevers.

It drilled on down to a total depth of 9,870 feet, and ran a two hour and 44 minute drillstem test at 9,826-70 feet.

A five-eighth inch bottom hole choke, and a one inch top opening was used. Gas surfaced in six minutes and drilling fluid flowed out at the top in 42 minutes.

Oil started flowing in 44 minutes. During the first hour it produced [illegible] of oil and in the second hour the flow was 70.76 barrels of oil. There was no water.

Gas-oil ratio was 500-1. Gravity was 42.8 degrees. Operator is to drill ahead until the water table in the reef pay is established.

Anderson-Prichard No. 1 Bevers the Wellman field opener was completed from perforated sections at 9,712-26 feet; at 9,734-92 feet, and at 9,795-9,805 feet. Total depth is 9,811 feet and the casing is cemented at that point. The well reported a 24-hour natural flowing potential of 2,280 barrels of 42.5 gravity oil. It did not show any water.

A one-location west offset has been staked to Humble Oil & Refining Co. No. 1 Hobgood and others, Clear Fork discovery in Central-North Hockley County.

It is Humble No. 1 Bryan Hulse and is located 660 feet from south and east lines of labor 9, league 693, State Capitol Lands survey.

Projected depth is 6,700 feet. Rotary tools will be moved in and drilling will begin immediately.

Humble No. 1 Hobgood has been potentialed for 77.34 barrels of oil and 63.38 barrels of water in 24 hours of pumping. Production is coming from perforations at 6,655-75 feet in the Clear Fork. The section was acidized with 2,000 gallons.

No. 1 Hobgood is 660 feet out of the southwest corner of labor 10, league 693, State Capitol Lands survey and six miles due west of Anton.

ECTOR COMPLETION

Amerada Petroleum Corp. has dually completed its No. 1 Carlinville National Bank from the Waddell sand of the Simpson and the Ellenburger in Southwest Ector County.

It was completed as a discovery from the Waddell through perforations from 10,110 feet to 10,130 feet. The new well flowed 24 hours through a 16-64th-inch choke to make an initial production of 227 barrels of 39.1-gravity oil.

Perforations had been treated with 500 gallons of acid. Gas-oil ratio was 356-1.

No. 1 Carlinville National Bank was completed as a 4,000-foot extension to Ellenburger production in the Yarboroung & Allen area of Southwest Ector County.

The well flowed 11 hours and made a calculated potential of 1,227 barrels of 39.5-gravity oil. Flow was through a 32-64th-inch choke for three hours then operator changed fo a 16-64th-inch choke and flowed for eight hours.

Gas-oil ratio was 701-1. Tubing pressure was 1,100 pounds and casing pressure was zero.

Production is through perforations at 10,760-10,658 feet in five and one-half inch casing which is cemented at 10,745 feet. These perforations had been treated with 500 gallons of acid.

Top of the pay is 10,428 feet and drilled out depth is 10,710 feet.

Location of the No. 1 Carlinveille National Bank is 2,635 feet from east and 3,270 feet from south lines of section 18, block 46, Gunter and Munson survey, seven miles southwest of Judkins.

TO COMPLETE

Operator is testing to complete at The Texas Co. No. 1 Biles, Clear Fork discovery in Northwest Andrews County.

The opener flowed 131 barrels of oil plus one and three-tenths per cent basic sediment in 14 hours on [illegible] gauge.

Previous to the above flow, the well made 85 barrels of oil in seven and one-half hours.

Gas-oil ratio was reported to be 900-1 and casing pressure 400 pounds.

Location of the No. 1 Biles is 1,980 feet from south and west lines of section 15, block A-31, psl survey.

Total depth of the venture is at 7,573 feet in Clear Fork. The No. 1 Biles is producing from the same section of the Clear Fork as the Union pool, three miles east and approximately the same level as Garrett M. Smith No. 1 McWhorter-Hall, completed recently as a Clear Fork discovery eight miles west of the Union pool.

DRY GAS

R. R. Herrell No. 1 Marshall Cook, wildcat in Central Glasscock County, recovered 2,970 feet of dry gas and 123 feet of slightly oil and gas cut mud after a drillstem test taken at 7,770-7,820 feet. Operator is now drilling below 7,820 fet.

With tool open six hours and 10 minutes, a weak to strong blow was to the surface for two hours and a weak blow surfaced for the duration of the test.

The No. 1 Cook is 660 feet from north and east lines of section 5, block 34, T-4-S, T&P survey.

THAD THOMPSON

Delta Gulf Drilling Co. No. 1 H. F. Thomson estate, Pennsylvanian lime discovery in North-Central Schleicher County, flowed 41 barrels of 40.5-gravity pipeline oil the first hour and 46 barrels of 41-gravity oil the second hour of a two-hour gauge.

The discovery kicked off after being swabbed several hours. It cleaned to pits for about eight hours and was then turned to tanks.

The two-hour gauge was through a three-quarter inch tubing choke and from open hole between 5,751 and 5,803 feet.

Flowing tubing pressure was 155 pounds. No. 1 Thomson estate was shutin preparatory to taking a potential gauge.

Geologists are undecided as to the age of the producing formatin. It is believed, though, that it is either Palo Pinto or Strawn. Top is estimated at 5,784 feet. Derrick floor elevation is 2,368 feet.

Location is 663 feet from north and 467 feet east lines of the south half of the northeast quarter of section 71, block TT, TC survey. That makes it one and one-half miles southeast of Hulldale, five and one-half miles south of the Tom Green County line and nine and one-half miles north and slightly east of Eldorado.

MIDLAND OFFSET

A one-quarter mile offset has been staked to Humble Oil & Refining Co. No. 1 Midkiff, Spraberry discovery in 10 miles south of the Tex-Harvey-Spraberry pool and in Southeast Midland County.

The explorer will be Humble's No. 1 Charles L. Klapproth and others, to be drilled to 7,500 feet with rotary.

Location is 660 feet from west and south lines of section 39, block and south lines of section 39, block 38, T-4-S, T&P survey.

That makes it 34 miles southeast of the City of Midland.

The No. 1 Midkiff is installing pump to complete.

TERRY WILLDCAT

Brinkerhoff Drilling Co. of Midland will drill its No. 1 J. P. Bowman and wife as a wildcat to 10,500 feet in South-Central Terry County.

Location of the Pennsylvanian tester will be 660 feet from north and west lines of section 15, block M, C&M survey.

Rotary tools will be used in drilling the wildcat eight and one-half miles south of Brownfield. Operations are to start as soon as roads are built and location is cleared.

FAILURE IN RUNNELS

Ten miles east of Ballinger, in Northeast Runnels County, Baumgart Co. No. 1 Mrs. Lena Clayton, has been plugged and abandoned at 4,000 feet.

Location of the failure is 1,320 feet from west and 1,980 feet from south lines of A. A. Millican survey 260.

H. H. EILAND

Delta Gulf Drilling Co. and others No. 1 H. H. Eiland, wildcat in West-Central Scurry County, flowed 39 barrels of oil to tankes on the last 24-hour gauge.

The venture is at plugged back total depth of 8,205 feet.

Location of the No. 1 Eiland is 660 feet from east and 616.7 feet from south lines of section 283, block 97, H&TC survey.

Operator is to continue to flow the prospect.

CRANE TEST

Atlantic Refining Co. No. 1-LL University, wildcat in North Crane County between the University-Waddell multipay pool and the Sandhills-McKnight area, was taking a drillstem test at 11,625-75 feet.

Recovery on a test at 11,600-625 feet, with tool open 45 minutes, was 2,000-foot water cushion and 13 feet of drilling mud with no shows. There was a slight blow to the surface for 11 minutes.

The formation being tested is the Ellenburger. Operator now estimates the top of the Ellenburger to be between 11,560 and 11,580 feet.

Location is 1,980 feet from south and east lines of section 6, block 31, University survey.

PECOS FAILURE

Cabot Carbon Co. No. 1 C. E. Marshall, North Pecos wildcat, five miles northeast of the Apco-Warner-Ellenburger field, has been plugged and abandoned at total depth of 4,033 feet in barren lime.

The project made sulphur water and did not find any shows of oil or gas in commercial quantities.

It was located 660 feet from north east and northwest lines of section 137, block 10, H&GN survey.

LEAVING TAILS BEHIND THEM — Tails of early B-36B's are too big for Consolidated-Vultee plant, San Diego, Cal., so doors were cut and modernization proceeds inside.

Display, Show Cards Will Begin Tonight

Approximately 50 registrants will attend the first classes on merchandise display tonight in the high school, Harold Bennett, Chamber of Commerce manager, said today.

Instructing a course in window display and show card lettering, W. G. Bohannan, specialist of the University of Texas, will hold a 10-day school.

Beginning at 7 o'clock tonight, the course is sponsored by J. C. Evans and his high school distributive education department in co-operation with the Chamber of Commerce.

Registrants will be accepted tonight at the first meeting.

"It was my 28th fight," says Swenson. "I got tagged often enough to know there were better things in life than boxing. I settled down right there to my first love, rifle making."

STOCK MARKET

NEW YORK, Oct. 23. (AP) — Stocks headed upward today in a quiet market, but the margin of rain was only a few cents.

There were a number of small minus signs throughout the list, and a few of the leaders traded unchanged for a considerable time.

COTTON

NEW YORK, Oct. 23. (AP) — Noon cotton prices were $2.25 to $2 a bale higher than the previous close. Dec 39.58, Mch 39.64 and May 39.53.

Livestock Market

FORT WORTH, Oct. 23. (AP) — Cattle steady; common to medium slaughter steers and yearlings 20.00-27.50; few good fat yearlings to 29.00; beef cows 19.00-23.00; good and choice slaughter calves 25.50-28.50; common to medium 20.00-25.00; stocker calves 23.00-27.00; few choice eight calves to 35.00; stocker cows and heifers 20.00-25.00; stocker yearlings 25.00 down; stocker cows mostly 20.00-23.00.

Hog butchers mostly 75 cents lowers sows 50 cents lower; pigs steady; good and choice 190-270 pounds butchers 20.25-20.75.

Slaughter ewes strong to 50 cents higher; others steady; good wooled lambs and shorn lambs with No. 1 pelts 27.50; slaughter yearlings scarce; common to good slaughter ewes strong to 50 cents high-24.00-26.50; feeder yearlings 22.00 down.

Massacre Survivors Saved By General Following Up Rumors

By DON WHITEHEAD
(Associated Press Staff)

SUNCHON, North Korea, Oct. 23. —Survivors of the Sunchon tunnel massacre were saved because a brigadier general dared to push into Communist territory to check a report that American prisoners of war had been killed by North Korean Reds.

At least 68 American prisoners were slain by their Red guards Friday night near the Sunchon railway tunnel, 10 miles north of here.

They had been led from a train into nearby fields under the pretext that they were being taken to supper.

21 ESCAPE

The guards machinegunned them. Sixty-six prisoners died on the spot. Two others died during the night of their wounds. At least 21, many of them wounded, lived through the hour-long massacre.

Had Brig. Gen. Frank A. Allen of Cleveland, Ohio, not been so persistent many of the wounded undoubtedly would not have survived the bitterly cold night.

This is the way the atrocity was discovered:

As assistant divisional commander of the U. S. First Cavalry Division, Allen decided Saturday to drive by jeep from Pyongyang to Sunchon to check on the progress of the task force driving north. This task force from the First Cavalry Division had gone north to link up with American paratroopers who had dropped near Sunchon I went with them.

HEAR REPORT

At Sunchon we heard the report of a massacre at a railroad tunnel. No one had any specific information and this appeared to be just another rumor. But Allen was determined to run it down.

"I'd never feel right about it," he said, "if we don't do all we can to find out about this."

The general stopped at the headquarters of the South Korean Sixth Division and requested a guide to the tunnel.

At that time we had no troops in this area.

The South Koreans provided a guide and we headed for the tunnel. A South Korean colonel found the first seve nbo dies. Men who the first seven bodies. Men who had starved to death had been laid beside the railroad track.

And then we began finding the survivors and the bodies of the men murdered by the Koreans. Allen directed the job of getting litter bearers to carry the wounded across a ridge.

PAT ON BACK

He walked among the men, patting them on the back, encouraging them, and assuring them their nightmare was over.

Maj. Harry Fleming of Racine, Wis., and Capt. Alfred Olson of Columbia, S. C., were with the South Koreans as military advisers and they quickly had troops swarming in to help the Americans and to search the hills for other possible survivors.

One gaunt wounded boy — Pfc. Valdor John of Milwaukee—stood trembling while waiting for someone to help him over a ridge. "I'm cold," he said apologetically. Allen quickly took off his jacket and draped it about the boy's shoulders.

"I'm promoting you to a one-star general," Allen smiled.

John said: "But I'm awfully dirty, sir. And I'm pretty lousy."

Allen replied: "Don't you worry about that."

Slowly the men moved over the ridge—pitifully emaciated figures whose clothing hung in folds from their starved bodies. The wounded were carried in litters improvised from mats and poles. Survivors were put on trucks brought up by the South Koreans and taken back down the road to Sunchon.

ATTEND WOUNDED

Most of them were taken to a crude little house which had been a Red Army hospital. Barnstein converted the rooms into wards and began working over the most seriously wounded. But although he worked all through the night, two of the 23 survivors died.

Those who were able to walk sat in a little courtvard around a campfire, huddled in blankets and silks of parachutes which Bernstein used as emergency bedding.

An American chaplain with the paratroops—Capt. James A. Skelton of Hannibal, Mo.—came to the hospital to see the men.

"You are the first chaplain we've seen," one of the boys said. They asked Skelton if he would lead them in prayer.

The men knelt, in the campfire light and repeated the Lord's Prayer.

They told Skelton that each day on the long march from Seoul and on the train ride northward they had knelt once each day to repeat in unison the prayer.

TWO TRYS

In mid-afternoon Allen made two efforts to get back to Pyongyang to report the massacres and the rescue of the survivors. By this time the general's jeep was known to us as "Task Force Allen." The occupants were the general, his driver, Lt. John Hodes, San Antonio, Correspondent Richard Tucker of the Baltimore Sun and myself.

But at each try we ran into enemy troops and were forced back.

Sunday morning the South Koreans organized a task force with troop protection to bring the survivors of the massacree to Pyongyang. As the trucks passed American troops the survivors were showered with cigarets, chewing gum, and candy.

At Pyongyang the men were loaded into a C-54 plane which took them to Japan—and the first safety they had known for two months.

Corp. Victor Stevens of Hattiesburg, Miss., was one of the Americans who jumped from the death train and escaped before it reached the Sunchon tunnel.

He was thin and emaciated—but in good spirits and in surprisingly good physcial condition. He had been captured Aug. 14 at Waegwan on the southern front. Stevens was with the First Cavalry Regiment.

"They brought us to Seoul," he said, "and then they walked 278 of us from Seoul to Pyongyang. If a man was wounded or sick or couldn't keep up, they shot him or beat him to death.

Britain Has Big Army In Malayo Fighting

SINGAPORE, Oct. 23. (AP) —Britain is using about 140,000 men — 40,000 regular troops and a force of 100,000 British-led constabulary— in the drive to smash Communist terrorist bands in Malaya, a high military source said today.

Against them are 3,00 to 5,000 Communists organized into bands which carr out sudden hit-and-run attacks.

The informant said Malaya might get even more troops in the possible diversion of some forces which had been earmarked for Korea.

Thirty Reported As Dead In Peru Slide

LIMA, Peru, Oct. 23 (AP) — Thirty persons are reported dead in the Santa River landslide high in the Andes and at least 100 persons still are unaccounted for, a special correspondent for the Lima newspaper, El Comercio, has reported.

The correspondent, after a motor trip to the scene of Friday's disaster, 200 miles from Lima, said 28 others were injured.

Ira School Reconvenes

The Ira schools reconvened this morning after a recess of 10 days for cotton picking, according to Houston E. Stevens.

The Ira district instituted an afternoon class for children under 16 engaged in agriculture, which will meet at the school daily from 4:30 o'clock until 8:30.

The special class makes it legal for children to work in agriculture during the hours of regular school, but illegal for them to pick cotton during the hours of the special late-afternoon class.

Without the special class, it would remain unlawful to hire children under 16 for farm work during any part of the regular public school hours.

The Ira schools recessed Oct. 11.

At Hermleigh schools still are recessed, and if the plan adopted earlier is not changed, they will not reconvene until two weeks from today. However, the football schedule is being met, and football practice is being held daily. Hermleigh will play Robert Lee Thursday night in Robert Lee.

Fluvanna schools dismissed Oct. 13 and were not to reconvene until next Monday, according to a plan adopted by the school board there two weeks ago.

The Snyder school board, in its action of Oct. 11, was the first Scurry County school to establish the special afternoon class.

Supreme Court Meets

WASHINGTON, Oct. 23. (AP)—The Supreme Court meets today in an opinion day session.

HERE'S WHAT THEY'RE WAITING FOR-

These progressive homemakers are waiting for a wonderful home appliance that assures better living. They've invested in better eating at greater savings . . . savings in work, time and food costs. Soon they'll be proud owners of a Deepfreeze Home Freezer —the world's *first* and *finest* home freezer!

DeLuxe Model C-12. Holds over 430 lbs. of Food!

HERE'S WHY YOU'RE WAITING . . .
Demand for the Deepfreeze Home Freezer has been so great that there is a short delay in deliveries. We are saving a model for demonstration purposes . . . to explain to all our customers the wonderful Deepfreeze Home Freezer benefits. But more models of this fine product are on the way!

HERE'S WHAT YOU CAN DO NOW!
Come in and let us prove to you with your present food budget that a Deepfreeze Home Freezer pays for itself with the money it saves! We'll fill your order as promptly as possible. You'll be glad you waited a short while for the extra advantages only a Deepfreeze Home Freezer can offer!

FREE . . . Useful Booklet! Come in for your free copy of "Invitation to Better Living!" It tells you all you want to know about home freezing . . . keeping and serving your favorite foods, and how to get the most out of a wonderful new Deepfreeze Home Freezer.

Go Buy The Name . . . Deepfreeze
