

## Heaviest Rain This Year Falls Sunday

Two-thirds of County Gets Quarter Inch to Three and a Half Inch Drouth Breaker.

The third drouth breaking shower for Snyder County turned out to be the best shower of them all.

It came Sunday night. In some communities, to the west and northwest of Snyder, it reached a total of three and three and a half inches. Falling in fitful spasms, it drenched most of the county from southwest to north to east.

It played out not far from the east highway, and the strip of country stretching from that point down through Hermleigh and on past Dunn received either light showers or mere sprinkles. The fall continued fairly good a few miles south of Snyder, toward Dunn.

Deep Creek, Creek and Dry Creek came roaring down their beds with some of the fury they have displayed at former floodtimes. Water gates, fences and fields were damaged in some instances.

Deep Creek almost ran over its latest bridge, on 26th Street. The south dip was under water for several hours.

The Snyder rainfall was 1.18 inches.

This third drouth breaker within a month gave many fall gardens a lease on life until frost comes. It gave late-planted grains and quick green stuff a chance to spring to quick maturity. It gave weeds a chance to come forth and worry farmers or give livestock men the smiles.

Where it was heaviest, the rain gave a touch of fall and winter season which, the old-timers say, is essential to good crops in 1935.

## SHEEP SORTER WORKING HERE

Almost 1,000 head of sheep were purchased in Snyder County (Thursday) morning under the government's drouth relief program. C. A. Winniss is sorter for this county.

This first lap of the sheep buying program for Snyder County indicates that practically all animals will be killed, since they are not fit for shipment.

The county's entire list of more than 6,000 sheep is expected to be purchased next week, according to information from the county agent.

## Farmers Offered Chance for Vote On Bankhead Act

"Texas farmers should bear in mind that they will have the chance to express themselves on whether or not they want the Bankhead Act part of the cotton program continued next year in a fair referendum before next cotton season," it is pointed out by R. M. Hubbard, member of the Texas Cotton Allotment Board from Northeast Texas.

"The Bankhead Act will be continued in 1935 if two-thirds of those who have the legal and equitable right to produce cotton favor an extension of the act," he says. "Farmers should study conditions carefully this fall and vote their own minds as to how to vote rather than hastily consider themselves without due consideration."

"Voluntary contract signers are already obligated to the cotton program for the 1935 season," Hubbard points out. "This is a reason plenty why the signer should think ahead to what may happen to their cotton prices if restrictions are removed from non-signers."

"Whatever drawbacks are charged against it, the AAA cotton program has brought most of the increase from five-cent cotton to 13-cent cotton," Hubbard declares. "The cotton program started business recovery and most persons agree that it has been largely responsible for maintaining it the past year. The enormous surplus is almost down to normal."

## Low Guesses Lose On Cotton Baleage

Those timid souls who guessed a few weeks ago that Snyder County would get less than 5,000 bales of cotton this season are buying the drinks. Even the 6,000 guessers are quaking in their boots, and the few who guessed 10,000 have gained new courage.

Reports gathered through Tuesday by the Fuller Cotton Oil Company indicate that 4,439 bales had been ginned.

Most observers are agreed that the baleage is just a little below or just a little above the middle mark of the season.

## Plans for Annual Roll Call Mapped By Field Worker

Miss Hannah Moore Frazer was in Snyder Thursday and Friday of last week to assist Scurry County Red Cross workers in making plans for the annual fall membership drive, which begins November 1, and to check other Red Cross activities.

The field worker expressed her appreciation to J. S. Bradbury, Scurry County chairman, of the outstanding work done by this county in the past three years, in Red Cross relief in administration of Red Cross relief. "I have no fear, whatsoever but that you will go across the top again in the 1934 Roll Call," she said. The county enrolled 496 Red Cross members last year.

The group of workers who gathered Friday morning to make Roll Call plans was composed of Mr. Bradbury; Maurice Brownfield, Roll Call chairman; Marcel Josephson, vice chairman; Mrs. May Brownfield, Snyder residential district chairman; Frank Farmer, rural chairman; R. H. Odum, Snyder business district chairman; J. W. Scott, assistant Roll Call chairman, and J. C. Smyth, publicity director.

Tentative plans were mapped for covering the entire county in an intensive drive to secure at least the minimum of 500 memberships as the Scurry County goal. The workers for each community in the county will be named soon, according to Roll Call Chairman Brownfield.

Outlining Red Cross activities during the past few stressful years, Miss Frazer pointed out that the organization has an even more useful place in American life than it had during the war or during the early part of the depression, when relief was in its hands.

## SPECIAL WEEK TO FIGHT FIRE

The week of October 7 to 13 has been designated throughout Texas as "Fire Prevention Week."

Mayor H. G. Tipton of Snyder said yesterday that special plans are being made to conduct an educational campaign against the fire demon.

The schools are conducting poster contests, and will also have special fire prevention programs. Special programs are also being planned by the Lions Club and by women's study clubs.

## Boy Dies Following Appendix Operation

Charles A. McCoy Jr., 12, died Friday in the local hospital following an operation for rupture of appendix. Funeral rites for the local boy were held Saturday morning at the First Baptist Church, with Rev. Lawrence Hays, pastor, officiating, and from Funeral Home in charge. Burial was in the cemetery.

The parents, Mr. and Mrs. Charles A. McCoy, one brother and two sisters survive.

Virgil Jones, Otho Gilmore, Raymond Lunford and Manell Devenport were pallbearers. Misses Lillian Woolever, Elura Jones, Bertha Fowler and Billie Hays were in charge of flowers.

**Baptists at Midland.**  
A number of Snyder County Baptists were in Midland yesterday for an all-day rally in which the approaching Friday morning campaign was stressed by associational, district and state speakers. Rev. Lawrence Hays, organizer for the Midland-Snyder Association, says he is looking forward to full cooperation from the 30 churches of his area.

**Election Week Soon.**  
National Education Week will be observed in the local schools on November 5 to 12. Special programs are being planned in conjunction with the National Education Association is sponsor of the nation-wide observance.

Miss Hannah Moore Frazer of Dallas was the week-end guest of Miss Wynona Keller. Miss Frazer was the local girl's swimming instructor at Camp Waldemar this summer.

## FINAL FATE OF CORN-HOG PLAN UP TO SIGNERS

County Committee Working on Compliance Papers; Contracts Sent to Washington.

Corn-hog contract signers in this county will be asked to vote on the 1935 plan of the corn-hog section of the AAA, according to word received at the county agent's office from E. M. Regenbrecht, Extension Service swine husbandman. The referendum is set for the first week in October.

The county corn-hog committee is working this week on compliance papers of local signers. Word has been received that the contracts from Scurry County that were held up when the first batch was sent to College Station have been forwarded to the Washington office. A total of 149 contracts were signed in this county.

**In Kansas City Meet.**

Regenbrecht represented the Texas Extension Service in the AAA meeting held recently in Kansas City where farmers and representatives from state agricultural colleges from Kansas, Missouri, Iowa, Nebraska, Oklahoma, Arkansas and Texas met to make recommendations for the next steps in the corn-hog program. The first question discussed at Kansas City and to be voted on by corn-hog contract signers is whether or not there shall be any sort of adjustment program in this field, Regenbrecht stated.

The second point to be decided is whether the contract shall deal with corn only or hogs only or be a joint contract as in 1934.

The third question will ask for preference on the type of contract which they wish to follow the 1935 program. This refers to a possible unified contract for the six basic grains: wheat, corn, rye, barley, grain sorghums and flax. It would represent a shift from several single crop contracts to a broad program of developing better systems of farming through less intensive use of land, conservation of soil resources, and use of land for those crops for which it has been best adapted.

**Fourth Question.**

The fourth question will be voted on only by those contract signers who are grain sorghum growers for grain. It will ask if they prefer that grain sorghums be included in the 1935 contract. The exact wording of the questions will be available at the time of the referendum. At Kansas City, the vote was taken that benefit payments be made on both corn and hogs, that the established 1932-33 base in the 1934 program for both corn and hogs be used, with benefit payments of 63 per cent on 75 per cent of the 1932-33 hogs, and of 40 cents per bushel on the appraised yield of contracted corn acres; and that the growing of hogs be permitted up to 80 per cent or 85 per cent of the base, and corn acreage increased up to 75 per cent to 90 per cent of the base, the exact percentage to be optional.

**Roy Likes Opening.**

Roy Campbell is well pleased with the reception given opening of his coffee shop on the north side of the square. He says a good business has come his way since the "door was taken off its hinges" early Saturday morning. The eating place is finished in an attractive black and white color scheme.

## Work Goes Forward On North Highway

Highway No. 7 northwest of Snyder is rapidly taking on the appearance of the modern roadway it is destined to become.

Chains have been put down from the point where the old highway contacted, in North Snyder, and most of the foundation material has been finished on both sides of the proposed Santa Fe underpass, four feet and half feet from town. The concrete bridge at the corner of the Snyder County Club grounds is expected to be ready for traffic within a short time, although there will be no connecting link with the highway until the underpass is completed.

## Election Officially Set on November 6 By Texas Governor

We can go ahead now and plan for the general election, Miriam A. Ferguson, governor of Texas, has issued the customary proclamation ordering the election, and a copy has come to the hands of County Judge Robert H. Curran.

Signed by Governor Ferguson and Secretary W. W. Heath, the proclamation reads like this: "Know ye, that I, Miriam A. Ferguson, governor of the state of Texas, do hereby order a general election to be held throughout the state of Texas on Tuesday, the sixth of November, A. D. 1934, for the election of members of Congress, members of the Legislature, state, district, county and precinct officers, and for the adoption or rejection of the several proposed amendments to the Constitution of the state of Texas."

Aside from the proposed amendments, the election will be largely a matter of formally, since Texas does not give state candidates outside the Republican party much of a boost at the ballot box.

## Here's List of Winners in Monday's Home Demonstration Club Exhibits

Winners in Monday's exhibit of home demonstration club products from nine Scurry County clubs are announced by Miss Nellie Ward, agent, as follows:

**General Entries.**  
Jellies—First, Mrs. W. C. Hooks, Dunn; second, Mrs. W. A. Cross, Hermleigh; third, Mrs. Warren Sturgeon, Bell.  
Vegetables—Second, Mrs. J. H. Lynde, Hermleigh; third, Mrs. Sam Williams, Dunn.  
Fruits—First, Mrs. J. W. Brown, Dunn; second, Mrs. Charley Bley, Fluvanna.

**Sweet Pickle—Second, Mrs. W. A. Cross, Hermleigh.**

**Honey—Second, Mrs. Virgil Neil, Dunn.**

**Lye Soap—First, Mrs. Daugherty, Fluvanna; second, Mrs. George Anderson, Ennis Creek.**

## HEREFORDS TO BE PURCHASED

Purchase of registered Herefords by the government has been started. The plan is to purchase a number of Herefords, which will be radically altered and the number of animals to be purchased has been greatly reduced.

Information received by Harrie Winston, president of the Texas Association of Hereford breeders, indicates that the registered cattle are being purchased by the Department of Indian Affairs rather than under the emergency cattle purchase plan.

Only \$800,000 has been set aside for Hereford purchases. This will pay for only about 12,000 head of livestock. Since more than 62,000 head have been offered for sale, and purchases will be made from heaviest drouth areas and from overstocked breeders, it is possible that no purchases will be made in this county. More than 17,000 purebred Herefords have been offered in Texas alone.

The Department of Indian Affairs will deal direct with owners. Amarillo is Texas headquarters.

## Commissioners and Judges of Section To Plainview Meet

Topics of vital interest to the county judges and county commissioners will be discussed at the two-day annual convention of the West Texas County Judges and Commissioners Association to be held at Plainview September 28 and 29.

At least two members of the local Plainview meeting. Leonard Westfall, county judge of Stonevalley County, state representative-elect from the 113th district, will discuss the constitutional amendments to be voted on in November. Another speaker who is well known to Snyder County, Miss Myrtle Murray, district home demonstration agent, will talk on "The Changing Agricultural Picture." A. R. Johnson, director of the Texas Relief Commission, will also be a speaker.

Judge E. L. Pitts of Lubbock County, who was a recent visitor in Snyder, is president of the association. He is also president of the Smith, vice president, county judge of Lynn County, and John P. Marrs, secretary-treasurer, county judge of Wichita County.

A son-of-a-gun luncheon, a banquet, a dance, and other entertainment features have been planned by Judge H. N. LaFont and the Hale County commissioners.

## Softball Team Wins Marathon at Rotan

A softball team coached by B. A. Hill, won the first of three in a marathon event at Rotan Sunday afternoon. The locals made the trip in order to answer a one-game challenge from the Fisher Countians. They remained until almost sundown. The contest was a five-inning diamond event. Bob Curry proved to be the iron man of the day when he pitched 10-0 and 3-0 wins, and a 2-1 loss.

## INDIA DOES NOT OFFER THREAT TO SOUTHERN COTTON FARMER

(Note to Readers: The effect of the AAA cotton programs on the foreign cotton situation is one of the liveliest questions in Texas today. Before returning to Intemperate cotton production, Texans should examine the hopes of foreign cotton production for a long time to come. Moderate foreign increases are to be expected but serious replacement of American cotton by foreign grown cotton is unlikely unless American prices go to unusually high levels and remain there for a long period of years, it is believed. ## DUNN EXHIBITS RANK FIRST IN MONDAY SHOW

Nine Home Demonstration Clubs Display 283 Containers of Canned Foods Here.

Dunn Home Demonstration Club scored highest in the special exhibit division of the Scurry County club display held all day Monday.

Camp Springs was second, and Fluvanna was third. Nine communities exhibited 283 containers of canned fruits and vegetables, pickles, preserves, jellies and relishes. Miss Nellie Ward, county home demonstration agent, was well pleased with the large display, especially in view of the fact that heavy Sunday night rains in some sections prevented some of the club members from coming to town.

**Miss Heald Judges.**

Judging was done by Miss Veima Heald, Fisher County home demonstration agent, who declared that the displays were of excellent quality. She discussed in the presence of exhibitors the points to be considered in judging, using the products being judged as examples of quality to work for.

The products were arranged in special and general exhibits. Special exhibits, scored as to quality, entry of appearance, were entered by Bell, Dunn, Canyon, Union, Camp Springs, Hermleigh and Fluvanna.

**Demonstration Given.**  
A demonstration on making tomato juice and preparing a meal from canned products was given in the afternoon by Miss Emma Herring, Kerr County representative. It was attended by more than 75 women.

Special prizes were given by Snyder merchants, as follows: Best quart of vegetables, Ware's Bakery; best fruit, Snyder Bakery; best can of jelly, Economy Store; best sweet pickles, Farmers Exchange; best tomato or grape juice, Red & White Stores; best vegetable pickle, Perry Brothers; best processed cheese, Huh Taylor & Company. Merchandise prizes were also given by Bryant-Link Company, Pick & Pay Store, Wilkinson Lumber Company and John Keller Furniture Store.

## East Side Loses Three Games to All Star Lineup

The official softball season came to an end Monday afternoon, when the All Stars won from the East Side, 5 to 2, in the fourth of a series of games between the two squads.

The East Siders, who had previously lost the other three sides of the square in an 18-game series, lost to the All Stars last Wednesday, 5 to 3, and Thursday, 7 to 6, after winning the first tilt of the series, 4 to 3, on Tuesday of last week.

Scores of spectators saw the four-game series, which was, as a whole, well played and interesting. Except for the Thursday game, in which the winners romped on Curry for six runs and six hits in the sixth inning, the mixups were close from the first through the seventh innings. Farmer proved the hero of the series, with a home run through center that drove three men in ahead of him in the fatal sixth of Thursday's game.

Box scores of the last four games will be found on page eight. George Brown, official scorer, says: "The Times plan to present player averages for the two series of games, in next week's paper."

**Well Drilling Deep.**

At latest report the Dodson test well in the Canyon community was drilling below 325 feet. Officially known as the H. H. Coffield and W. S. Guthrie A. D. Dodson No. 1, in Section 17, Block 97, H. & T. C. R. R. Survey, the well is said to have topped salt at 746 feet and topped lime at 1626 feet.

## Circus, Ball Games Draw Scurry Folks

Two showings of the Ringling Brothers and Barnum & Bailey circus, plus three football games, attracted a number of Scurry County folks last week-end.

The circus played Friday night at Big Spring and on Saturday afternoon and night. Tiger fans saw the Friday night game at Lamesa in considerable number, a few were in Big Spring for the Lubbock game Friday afternoon, and an even larger number trekked to Lubbock for the Tech-Texas affair Saturday night.

**Scales Cleaned Up.**

The heavy wagon scales at the J. C. Dawson coal yard were given a thorough overhauling late last week. New beams were installed after the underground machinery had been cleaned up and oiled. New planks were also added to the weighing platform.

**Hobbs Opens October 8.**

Superintendent R. K. Williams of the Hobbs school announces that the Fisher County institution will open again Monday, October 8, after having been closed down five weeks for cotton picking. Fairly good cotton is reported in some parts of the Hobbs community.

## Adult Classes to Be Conducted at Once

### Prospect for Fine Band, Says Rattan

Snyder schools will have a fine band of at least 35 members this season, said Fred P. Rattan, new director, after the first workout Monday.

The former Matador director and Cowboy Band member states that the musicians are being put through regular practices at 7:30 o'clock each school-day morning. He is also offering private lessons on all instruments for the benefit of beginners.

Planned activities this fall include concerts, one or two football trips and playing for all local football games.

Application will be made for a half unit of affiliation in band work, according to Mr. Rattan.

## Several Schools To Open Monday For New Terms

Monday will be opening day for several Scurry County schools.

Plainview and Camp Springs will start work with their buildings and teachers boasting repairs, additions and new pairs. Their facilities are given elsewhere in this issue.

T. J. Bryant will again be principal at Bison, with Misses Sue McKeown and Tennyne Mae Jeffress as teachers. The district has 83 scholars.

J. M. Glass is the new Turner principal. The 78-scholarship school will also have Misses Clara Shoemaker and Ethel Lynn Hayes as teachers.

Independence will open with R. M. Gilliland as principal, and Miss Ethel Vernon and Mrs. W. S. Gillum as the other teachers. The census showed 69 scholars.

At the Hermleigh opening last Monday, Superintendent E. K. Kerr presented two new teachers, Miss Ruth Truss and Miss Wilson of Canyon. Many patrons were on hand for the opening program. The three buses are operated by Rea, Victor Longbottom and Happy Hodnett.

Big Sulphur opened last Monday also, with Mrs. Clara Ryan and Miss Lois Allen in charge. Crowsider was another Monday starter, with Elma Cummings as principal and Mrs. Edgar Shuler as the other teacher. At Lloyd Mountain, Mrs. Lida Rhoades and Mrs. Loretta Holmes are the teachers.

It is possible, also, that Canyon will open Monday, with 103 scholars on its list. O. H. Hill is the principal. Other teachers are Mrs. Hill, Mrs. Grady Hamrick and Miss Alta Bowers.

## MORE COUNTY STOCK BUYING

After a week's shutdown, government cattle buying was begun again Tuesday morning.

One inspecting and appraising group began work Tuesday, and another was on the job Wednesday afternoon. Orders for cattle purchase have been uncertain, but it seems certain that more than 1,000 head will be bought in the county this week.

Cattle sales to the government had netted Scurry County producers \$106,433 through last week, according to totals compiled in the county auditor's office. The cattle bought in the county at that time averaged approximately \$10 per head.

## Tom Mix and Tony Pass Through City

If you had been up town about 8:00 o'clock Tuesday morning, you might have been rewarded with a glimpse of Tom Mix, ace of western pictures, and his famous pony, Tony.

For Tom and Tony passed through town after their Wild West Circus had showed to a full house in Lubbock Tuesday night. A few Scurry County folks were in Sweetwater to see the show Wednesday night.

Most of the trucks and cars, more than 100 strong, stopped in Snyder during the night and early Wednesday.

## Camp Springs Will Open School Monday

When the Camp Springs school begins its 1934-35 term Monday morning, October 1, it will present a building and teachers that have received a new coat of paint and many needed repairs.

Erlon Tate is the new principal, and Mrs. Tim Cook is the other teacher.

The district has about 50 scholars this year.

**Mrs. Clark Operated.**

Mrs. G. B. Clark Jr. was carried Tuesday to the West Texas Baptist Sanitarium, where she underwent an operation yesterday. Mrs. J. M. Bryum underwent an operation there early this week. Both patients are reported to be recuperating very nicely.

## Ten to 15 Teachers Will Be Used in Government-Sponsored Education Program

Ten to 15 teachers can be used in Scurry County at once to teach adult classes in a variety of subjects.

This announcement was made yesterday afternoon by C. Wedgeworth, superintendent of Snyder schools, after he had conferred with W. C. Darnell, regional supervisor for a new federal relief education project.

Plans are also being worked out for immediate beginning of a nursery school, for children two to five years of age whose parents are on relief rolls or are "not wealthy."

The adult classes, designed for persons 16 years of age and over who are not now in school, may be conducted anywhere in the county. The nursery school is a project designed only for larger city schools, and it is not yet absolutely assured for Snyder.

**Seven Class Groups.**

Seven groups of classes are being fostered under the federal plan, according to Mr. Wedgeworth, who has been placed in charge of the work in Scurry County. They are as follows:

1. At least two study club schools.
  2. One Mexican class with a white teacher.
  3. One colored class with a colored teacher.
  4. One class for women in the art of cooking and sewing.
  5. One class in secretarial work.
  6. One class in library science.
  7. One class in art work.
- Those who wish to do teaching under any of the plans are urged to call Mr. Wedgeworth immediately, since the program is to be started as quickly as possible. For the nursery school, a teacher, a nurse and a cook will be required. All applicants must show in advance that they are qualified for the place they seek.

**Preference to Needy.**

Preference will be given those who are on relief rolls, but if qualified persons to do the teaching are not found on the rolls, outside teachers who do not have above-normal incomes will be used. All teachers, the nurse and the cook will be paid by the federal government.

Adult classes require a minimum daily attendance of only eight students. Each teacher must do 15 hours of teaching and five hours of home work.

Courses of study in the first type of classes, the study club schools, are practically unlimited. Courses and time of class meetings will largely be determined by teachers and students.

Mr. Wedgeworth is of the opinion that textbooks will be provided in most courses without cost to the adult student.

**Citizenship Taught.**

The Mexican and colored classes, for which teachers are being sought, will stress social integration, citizenship, and how to get along with one's fellow men, as well as the fundamentals of school work—reading, writing, arithmetic and spelling.

Facilities for the nursery school must be provided at the local school building. At least 20 children must be enrolled in order to insure the school. The nurse will inspect each child daily, and give him a bath or other hygienic treatment when necessary. Twelve cents will be provided daily for each child's food, probably a mid-morning glass of milk and a hot lunch at noon. The nursery school will be from 8:00 to 12:00 o'clock.

Only 40 nursery schools of this new type are to be conducted in the state. Six of them will be in this region, which is composed of 11 counties.

Any adult—white, Mexican or colored—who is interested in teaching one of these courses or in earning for the nursery school, is requested to contact Mr. Wedgeworth immediately.

Adults over 16 years of age who wish to enroll in any of the classes are also urged to call the county supervisor at once.

To clean up bovine tuberculosis in the United States would eliminate approximately 700,000 cows.

## State and District Federation Leaders Are Luncheon Honorees

Mrs. Volney Taylor and Mrs. W. P. Avriett Also Feted With Breakfast

CLUB WOMEN URGED TO GIVE THEIR TIME TO USEFUL SERVICE.

Mrs. Volney Taylor, president of the Texas Federation of Women's Clubs, was honored for a luncheon given Monday by Snyder club women. Mrs. W. P. Avriett, president of the seventh district, was also an honor guest for the luncheon, held at the Manhattan Hotel at 1:00 o'clock, with 90 guests in attendance.

Mrs. Taylor, in an address concerning the objectives and accomplishments of the Texas Federation, urged club women to give their time to practical service. She discussed the proposed amendment to the state constitution limiting biennial taxation to \$22 per capita, and appealed to women to use their influence and their vote against it. This amendment, she declared, would limit the appropriation to public schools. Club women also were asked to work to secure a suitable legislation appropriation for the Texas Centennial.

Particular praise was given the effective work done by home demonstration agents in keeping up the morale of the rural women during drought and depression. The legislature, declared Mrs. Taylor, continued appropriations for these agents simply because club women of the state demanded such action.

Discusses Convention Plans.

Mrs. Taylor also discussed highlights from the program of the annual convention, scheduled for November 12 to 16 in Austin. Summarizing the financial condition of the Federation, she stated that all notes, with interest, on permanent headquarters, were being paid on time and that every fund of the Federation has some balance to its credit.

Telling the legend of a cathedral restored by united effort, Mrs. Taylor applied this conclusion to club work. "It is harmony and cooperation that make life worth while," Mrs. H. G. Towle, presiding for the luncheon, introduced Mrs. Wayne Boren, who welcomed the guests. Response was made by Mrs. J. T. Whitmore of Colorado, state chairman of the department of international relations.

Mrs. W. P. Avriett spoke briefly, stating that her district was leading the state in the number of new clubs organized. Then presided by Snyder's seven federated clubs were presented, along with the seven Snyder women serving as district chairmen.

The presidents include Mrs. J. C. Stinson, Altrurian Club; Mrs. P. C. Chenault, Twentieth Century Club; Mrs. J. A. Woodfin, Woman's Culture Club; Mrs. Wade Winston, Alpha Study Club; Mrs. M. M. Brownfield, Altrurian Daughters; Mrs. Elmer Spears, Art Guild; and Mrs. R. S. Sullivan, Ingleside Study Club.

Special Guests Present.

Mrs. Homer Snyder was also introduced, as president of the Musical Coterie, members of which were special guests. Members of the Business and Professional Women's Club were also guests, but their president, Mrs. W. R. Merrill, was unable to attend. The Post Study Club was prevented from attending because of heavy rains.

District chairmen introduced at the meeting were: Mrs. O. P. Thane, federation pin; Mrs. J. D. Scott, mothercraft; Mrs. Joe Caton, junior membership; Mrs. P. C. Chenault, Bible literature; Mrs. H. J. Brice, Centennial seal; Mrs. Wayne Boren, literature; and Mrs. H. G. Towle, program.

Musical numbers comprised the entertainment. The program opened with the group singing "Texas, Our Texas," directed by Mrs. Elmer Spears and accompanied by Mrs. A. C. Preuit. Mrs. Hugh Boren, W. W. Smith and Homer Snyder, accompanied by Mrs. Preuit, sang "Little Gray Home in the West." Piano-accompaniment numbers given by Mrs. Earl Louder included "Glow Worm," "The Old Spinning Wheel," and "My Hat's On the Side of My Head."

Luncheon Served.

The two-course luncheon was served at tables made attractive with bouquets of cut flowers. Mrs. Taylor and Mrs. Avriett were co-sages presented by local club women. Programs were written on the backs of hand-painted dolls with bouffant dresses of cellophane.

Mrs. O. P. Thane, chairman of the decoration committee, was assisted in decoration of the dining room by Mrs. Joe Strayhorn and Mrs. R. H. Odom. Mrs. Alfred McGlaun, who designed the souvenir programs, was assisted by Mrs. R. S. Sullivan, Ixon Joyce, J. C. Smyth, E. C. Neely and H. L. Vann, and Miss Grace Avary.

Mrs. John Whatley Honored by Friends.

Mrs. John Whatley was honor guest at a party given Tuesday afternoon at her home, 812 Twenty-Sixth Street, by Mrs. Collins Lary, O. L. Banks and Frank Arnett. The affair was planned as a surprise for the honoree's birthday. Various games were enjoyed by the guests, who presented Mrs. Whatley with a variety of gifts.

The hostesses served an ice course to the following guests: Mrs. O. D. Dial, Ruby Turner, J. R. Hucksbee, W. R. Bell, T. J. McDonnell, H. S. Moreland, W. E. Alsop, Fred Joyner, Jim Ikard, J. B. Cole, Carl Keller, Alfred McGlaun, N. W. Autry, L. H. Spikes Jr. and I. H. Spikes Sr.

PRESIDENTS OF SNYDER CLUBS ENTERTAIN IN STINSON HOME.

Snyder Federated club presidents were hostesses for a two-course breakfast on Monday morning at 8:00 o'clock in the home of Mrs. J. C. Stinson, 2907 Avenue U. Honorees were Mrs. Volney Taylor, state president of the Federation of Women's Clubs, Mrs. W. P. Avriett, Seventh District president, and Snyder members of the district board, including Mrs. J. D. Scott, O. P. Thane, Joe Caton, P. C. Chenault, H. J. Brice, Wayne Boren and H. G. Towle. The club presidents entertaining were Mrs. J. A. Woodfin, Chenault, Wade Winston, Max Brownfield, Elmer Spears, R. S. Sullivan and J. C. Stinson.

Goldenrod, queen's wreath, rosebuds and other autumn flowers made attractive decorations. The breakfast table was laid with a Madeira cover, centered with a crystal bowl of Marshall Neil roses. Place cards, painted with chrysanthemums, further carried out the autumn tones. Yellow tapers burning in four crystal holders gleamed on the lovely crystal service.

Mrs. Max Brownfield made a most gracious mistress of ceremonies, according to those present. She introduced the honorees, who were welcomed by Mrs. R. S. Sullivan. Mrs. Elmer Spears was presented in a piano solo, "The Rosary" (Nevin). Mrs. Brownfield gave a toast to the honor guests. Mrs. Sullivan and Spears played a duet, "Hungarian Dance No. 5" (Brahms).

Mrs. Taylor talked informally with the guests concerning Federation activities, expressing her appreciation of Seventh District work. Mrs. Avriett spoke briefly about her district's part in financing the permanent headquarters at Austin.

Mrs. E. M. Deakins Has Tuesday Bridge.

Mrs. E. M. Deakins was hostess to members of the Tuesday Afternoon Bridge Club Wednesday last week in the dining room of the Manhattan Hotel.

At the close of contract games a sandwich plate with iced tea was passed to the following: Mrs. W. D. Beggs, Amos Joyce, Ivan Dodson, Nathan Rosenberg, R. C. L. Robertson and Jack Deakins; Poylada, guests; and Mrs. R. L. Gray, Joe Strayhorn, J. C. Dorward, T. L. Lollar, W. R. Johnson and G. A. Hagan, club members.

Birthday Party For Jo Dave Scott.

Jo Dave Scott, son of Mr. and Mrs. J. D. Scott, celebrated his third birthday on Wednesday afternoon at the home of Mrs. J. C. Stinson.

The little guests arrived bearing gifts for the honoree. They were supervised in their play by Mrs. Scott and Stinson. Pictures were made on the lawn to record the happy event.

Mrs. Scott invited the group into the breakfast room where they feasted on jello and birthday cake. Plate favors were miniature travelling bags filled with candy and a toy.

The guests included Marjane Randalls, Eugenia Farmer, Sandra Jean Josephson, Margaret Smyth, Franklin Brownfield, Sam Bernard Rosenberg, Gerald Heinzelman, Robert Preuit and Billy Herb Bannister.

Relieves Headache Due To Constipation

"Theodore's Black-Draught has been used in my family for years," writes Mrs. J. A. Hightower, of Carleton, Texas. "I take it for sick headache that comes from constipation. When I feel a headache coming on, I take a dose of Black-Draught. It acts and my head gets easy. Before I knew of Black-Draught, I would suffer two or three days—but not any more since I have used Black-Draught."

Re-Assembly Tea For Altrurian Club.

The home of Mrs. R. H. Curmittle was the attractive setting for a re-assembly tea given on Friday afternoon by members of the Altrurian Club. Honor guests included the two clubs organized by the hostess club: The Art Guild and the Altrurian Daughters.

Lovely roses and dahlias were used in decorations. Silver holders with pink roses were placed upon the lace-covered dining table and the center-piece was a bowl of beautiful pink roses.

Mrs. J. C. Stinson, club president, gave greetings from her club members and presented the guest speaker, Mrs. J. P. Nelson. Joe Caton, teacher of government, "Women and World Affairs" was the subject of Mrs. Nelson's highly interesting talk, in which she urged club women to study governmental affairs and to take an active interest in politics.

This discussion was an appropriate introduction to the Altrurian Club's study for the year, which is to be American Government.

Guests chatted informally for a few minutes and were then invited into the dining room by Mrs. H. G. Towle and J. C. Preuit. Coffee was poured from silver servers by Mrs. J. C. Stinson and G. A. Hagan, while Mrs. Curmittle, Caton and Gray assisted in serving. The refreshment plate featured autumn hues of brown and yellow.

SOCIETY EDITOR IS VACATIONING

The Times society editor and "angel" is vacationing this week and next. She intends, as a grand finale of her trip into Central and Northern Texas, to attend "press day" festivities at the Dallas Fair on October 6.

Those who have news of parties, club meetings, weddings, visits and other social activities are requested to call The Times as early in the week as possible.

Norred-Lewis Wedding Saturday.

The marriage of Miss Margaret Elizabeth Norred, Snyder, and Mr. Munger J. Lewis of Childress was solemnized Saturday morning at the parsonage of the First Methodist Church, Sweetwater, by Rev. T. S. Barcus, pastor. The officiating minister is an old friend of the bridegroom's family.

Immediately after the ceremony, the couple left for Abilene, where they were week-end guests of Mrs. L. Higginbotham, sister of the bride. The bride wore a dark blue ensemble of triple crepe with blue accessories.

Mrs. Lewis is the daughter of Mrs. Sarah M. Norred, long-time resident of Snyder. She has been associated with the Southwestern Bell Telephone Company here for several years.

Mr. Lewis formerly resided in Snyder, where he was manager of the Retail Credit Association. Since he left here five years ago he has been in charge of the Childress Retail Credit Association.

The couple will be temporarily at home at 1800 28th Street.

Peggy Lloyd, Patsy Moore Are Honored.

Mrs. Horace Lloyd honored her daughter, Peggy, and her niece, Patsy, with a birthday party given at 2:30 o'clock Tuesday afternoon. After various games were played, ice cream and cake were passed to the guests.

The following enjoyed the party with the honorees: Gene Taylor, Genelia Smallwood, Helen Lloyd, Francis, Mildred and Fay Chapman, Bonnie Jo Bridges, Jack and Bobby Webb, Betty Lou and Billy Childress, Eula Fay and Anna Bell Brice, Rosa Nell and Juanita Holladay, Bill Moore, Francis Kruse, Eugenia Fay Carlie, Gene, Corwin, Anita and Robert Kruse.

Musical Coterie In Initial Meeting.

Mrs. J. E. Sentell was hostess to members of the Musical Coterie in its initial meeting last Thursday afternoon. The study for the year 1934-35 will be placed on "Travelogue," and Mrs. J. E. Hardy led a program on German travel at the meeting.

German composers and composers who studied in Germany were discussed by Mrs. Hardy. After the leader's discussion, selections—vocal and instrumental—were given by Mrs. F. W. Wolcott, W. W. Hamilton, A. C. Preuit, Homer Snyder, W. W. Smith, R. S. Sullivan and Elmer Spears and Miss Ora Norred.

The hostess passed a lovely salad course with iced tea to Mrs. Maurice Brownfield and C. P. Sentell and Miss Paye Joyce, guests, and to the following members: Mrs. Melvin Blackard, W. C. Hooks, A. C. Preuit, W. W. Smith, W. W. Hamilton, Homer Snyder, J. E. Hardy, Hugh Boren, J. R. Sheehan, Elmer Spears, P. W. Wolcott, R. S. Sullivan, Roy Stokes, Buel Fox and Lawrence Hays and Miss Ora Norred.

Guests Entertained.

The house guests of Mr. and Mrs. J. C. Wilsford were entertained with a wieners roast at Wolfe Park Wednesday evening of last week. The group included Mr. and Mrs. H. E. Williams of Port Arthur, Mr. and Mrs. Eric Critchfield of Chicago, Mr. and Mrs. J. Alvin Speyer of Port Arthur, and Mr. and Mrs. Fred Williams and Mr. and Mrs. Ray Prince of Snyder.

"Our Southland" Is Ingleside Topic.

"Our Southland" was the subject discussed by members of the Ingleside Study Club when they met Wednesday afternoon at the home of Mrs. Walla Fish. Mrs. R. H. Odom was program director.

Interesting places was the roll call topic. "Physical Features of the Southern States" was Mrs. H. L. Vann's subject. Mrs. Albert Smith discussed "Highways and Landmarks of the Old South." A reading was given by Mrs. J. W. Roberts.

Mrs. W. W. Hull was received as a new member of the club.

A salad course was enjoyed by three guests, Mrs. Nathan Rosenberg, Mrs. Henry Rosenberg and Mrs. Charles Reed of Denison, and by the following members: Mrs. Tom Boren, W. F. Cox, C. W. Harless, W. W. McCarty, R. H. Odom, Charles B. Reed, J. W. Roberts, W. W. Smith, Noa B. Sisk, Albert Smith, R. S. Snow and R. S. Sullivan.

Altrurian Daughters Study Short Story.

The Altrurian Daughters Club, meeting Monday evening at the home of Mrs. Cleve Blackard, had its introductory program on the year's study—the short story. Miss Grace Avary was program director.

Members answered to roll call with a famous writer of short stories. "The History of the Short Story" was discussed by Mrs. W. H. Bannister. Miss Avary's topic was "The Types of the Short Story," and Mrs. Max Brownfield presented a discussion of "The Structure of the Short Story."

The hostess passed a refreshment plate to Mrs. Lewis Blackard, a guest, and to the following members: Misses Kenneth Alexander, Grace Avary, Mattie Ross Cunningham, Maurine Cunningham, Gwendolyn Gray and Dorothy Strayhorn; Mrs. W. H. Bannister, Joe Caton, Max Brownfield, P. W. Cloud, Herman Darby, Novis Rodgers, J. D. Scott, E. E. Spears, J. P. Strayhorn, Forrest Wade and E. O. Wedgeworth.

Mrs. Hicks Hostess To San Souci Club.

Entertaining in her home at 1811 Avenue O, Mrs. James Ralph Hicks was hostess on Tuesday evening to members of the San Souci Club, and to several guests.

Fall flowers made attractive decorations. In the bridge games, the high score prize, a linen luncheon set, was won by Mrs. Billie Boren, who, in turn, presented the gift to Mrs. Munger Lewis, the former Miss Maggie Norred, a recent bride.

A delicious salad plate was passed to Mrs. Ivan Dodson, E. H. Curmittle and O. P. Thane, guests; and to Mrs. Munger Lewis, Wayne Boren, Albert Norred, Forest Sears, Marcel Josephson, J. P. Nelson, Billie Boren, Herman Darby, Melvin Blackard and E. J. Anderson, and Misses Gertrude Herm, Hattie Herm, Jesye Stinson, Edith Grantham, Maurine Cunningham, Mattie Ross Cunningham and Neoma Strayhorn, members.

## Mrs. Williamson Is 20th Century Hostess.

Mrs. O. S. Williamson was hostess to the Twentieth Century Club on Tuesday afternoon, and Mrs. Allen Warren was leader for the program.

The club is continuing again this year its study of "Seeing the United States Through Travel and Novels." On the Tuesday program, Mrs. Williamson, topic was "Pulitzer Prize Awards," and Mrs. P. C. Chenault reviewed the Pulitzer prize winning novel, "Lamb in His Bosom," by Caroline Miller. "The Life of the Author and the Setting of the Story" was the talk given by Mrs. Warren. Billy Hamilton, a special guest, presented a piano selection.

A delicious salad course was served to Mmes. Jodie Monroe, W. A. Morton, Hugh Taylor and J. S. Bradbury, guests; and to Mmes. J. Taylor, W. C. Allen, I. W. Boren, P. C. Chenault, Nelson Dunn, W. J. Ely, J. E. LeMond, C. J. Lewis, Joe Strayhorn, Allen Warren and B. M. West, members.

## Missionary Society In Monday Meeting.

Mmes. F. T. Jarrait and H. V. Williamson were hostesses Monday afternoon at the home of the latter for a meeting of the Adult Missionary Society of the First Methodist Church.

On the program, Mrs. A. M. Curry gave the devotional, based on the verse, "Bear ye one another's burdens." A prayer was directed by Mrs. R. M. Siocker. The leader, Mrs. Lee Sinslow, presented "An Interview With Our Dearest in Rural Districts," asking various members to give the reports of these dearest ones.

The hostesses passed a refreshment plate to Mmes. Ed Curry, T. J. Casey, Teague and Crowder, guests; and to Mmes. R. M. Stokes, W. W. Smith, W. W. Hamilton, Pat Brown, C. J. Lewis, Lee Sinslow, Joe Cato and Joe Strayhorn.

## Sine Cura Meets With Mrs. Johnson.

Mrs. W. R. Johnson entertained members of the Sine Cura Club and a few guests Tuesday afternoon at the home in West Snyder. A profusion of flowers, with roses predominating, were used in decorations.

High score prize went to Mrs. Forest Sears, and second high was awarded Mrs. A. D. Erwin.

A salad course, artistically prepared, was served to Mmes. R. C. L. Robertson, Henry Rosenberg and Marcel Josephson, guests; and to Mmes. A. D. Erwin, R. H. Curnutte, Hugh Boren, W. B. Lee, T. L. Lollar, Verne McMullen, Forest Sears, J. C. Stinson, Ernest Taylor, O. P. Thrane, H. G. Towle, G. A. Hagan and Pearl Shannon.

The club will meet next with Mrs. W. B. Lee.

## Crusaders Class Makes Quilt Blocks.

Mmes. Mitchell McMath, Howell McClinton and Harry Lee were hostesses last Wednesday evening to the Crusaders Class of the First Methodist Church at the home of Mrs. McMath.

After the business session each member made a block for a quilt to be presented to the child adopted by the class from the Methodist Orphanage at Waco.

A lovely refreshment plate was passed to Mmes. Holt Price, Frank Farmer, Hattie Wade, A. E. Harvey, R. L. Williams, Arlie Biggs, C. A. Gay and Hattie Pease; and to Mmes. Ora Norred, Bonnie Gary, Velma Sharp, Neoma Strayhorn, Jo Halley, Hattie Herm and Gertrude Herm, and to Mrs. Ralph Odom, teacher.

## World's Fair Comes To Close October 31

At midnight, October 31, the greatest exposition in history will close its gates and become a part of the pageant of the past. This splendid exhibition of man's genius through the ages, this great gathering of brilliant entertainment and instruction—the Chicago World's Fair—will soon be only a memory.

Thus reads a little leaflet issued recently by the Century of Progress Exposition, and received here by P. W. Wolcott, local Santa Fe passenger agent. Mr. Wolcott reminds prospective World's Fair attendees that his line will offer a special round trip rate of only \$25, effective Sunday, September 30.

## Little Business for Commission Monday

Monday was a mighty light day for the Commissioners' Court, although the county dads were in regular bi-monthly session.

Aside from passing on a few bills, attending to other routine affairs, and listening to several salesmen and other callers, the court was not busy.

Somebody asks what has become of miniature golf. What was it, anyhow?

## SPECIAL SCOUT MEET MONDAY

Boy Scouts of Snyder, their leaders, other local officials, and parents and friends of the boys will gather in the district court room Monday evening at 7:30 o'clock.

A. C. Williamson, Sweetwater, area Boy Scout executive, will be here to assist local leaders in conducting a Court of Honor and Board of Review for the benefit of the boys who wish to advance to higher ranks.

Scoutmasters Charlie Ben Shell and Willard Jones expect to have their boys in good training for the special program. Several boys will be advanced to first and second class, and a few will seek merit badges.

Boy Scout leaders invite the general public.

## Lions Club Plan For Education of Youth Discussed

The moral code for youth and other phases of the Lions International program of better citizenship education were discussed at the local Lions Club luncheon Tuesday by Dr. R. C. L. Robertson.

R. L. Williams, chairman of the education at youth committee, outlined briefly the program being sponsored by the service club. Both speakers recommended that the Snyder club seriously consider the Lions International program of youth education.

Mrs. Earl Louder, guest artist, pleased the group with a variety of piano accordion numbers.

The Lions wrote secret answers to the question, "What do I think my Lions Club ought to do?" The questions will be answered at the next meeting.

"In our attempt to more or less standardize education or to provide each child with at least the minimum amount of information, we have overlooked to give training in the moral field because it has been assumed that this is the function of the home," Dr. Robertson declared.

A perfect knowledge of the textbooks taught in our schools," he continued, "with no conception of what constitutes good citizenship or morals, would leave the child in a precarious position from which to leap into the pursuit of independent existence."

The program committee has announced that next Tuesday's luncheon will be featured by a joint program honoring Coach W. W. Hill of the Snyder Tigers and stressing Fire Prevention Week.

The pecan is the adopted tree of Texas.

Mrs. Charles Reed of Denison is the guest of her son, Dr. Charles B. Reed, and Mrs. Reed.

Miss Frances Pfeiffer of Albuquerque, New Mexico, has returned home after a visit with her aunts, Mrs. Joe Taylor and Mrs. W. R. Bell.

Mr. and Mrs. J. Alvin Speyer of Port Arthur, Mr. and Mrs. Earle Critchfield of Chicago, Mrs. Fred E. Watkins and children, Fredna and Jackie, of Santa Anna, and Miss Louise Wilsford of Santa Anna, are visiting Mr. and Mrs. J. C. Wilsford.

## Home Demonstration Agent Notes . . .

Mrs. Deshazo Is Hostess.

The Camp Springs Home Demonstration Club met Friday afternoon in the home of Mrs. J. P. Deshazo. A large number was present to see Miss Ward demonstrate the making of processed cheese. Plans for the club exhibits were discussed and a very interesting and worthwhile afternoon was spent. The club will meet on the regular club day next time—Helen Guinn, reporter.

## Hermleigh Meets Twice.

The Hermleigh club met in the home of Mrs. W. A. Cross September 6 to cut foundation patterns, and to hear the reports of the delegates to the pattern school given by Miss Ward and Miss Bonner at Snyder September 4. A foundation pattern was cut for the hostess, after which refreshments were served to three club members and two visitors. The meeting adjourned to meet with Mrs. E. R. Jones September 18.

The club met with Mrs. E. R. Jones September 18 at 3:00 p. m. Miss Ward demonstrated the use of processed cheese, which can be served in several ways. Mrs. E. D. Shaw and Mrs. W. A. Cross collected and arranged the Hermleigh club exhibit for Monday, September 24. Two new members were received and refreshments were served to seven members and Miss Ward. Next meeting will be with Mrs. C. E. Leslie October 2 at 10:00 a. m. for an all-day pattern cutting. Each woman will bring her lunch.—Mrs. Cross reporting in absence of club reporter.

## Foundation Patterns Cut.

Foundation patterns were cut and fitted by the women of the Elson Home Demonstration Club Thursday, September 20, when they met at the school house with Mrs. T. J. Bryant as hostess. Reports from members of the committees, Mmes. Jim Sorrells, C. M. Cary and T. J. Bryant, on Achievement Day exhibits were given, and how the products should be to be taken in. There were ten members, including one new member, Mrs. Henry Richter, present. The club will meet Thursday, October 4, at the home of Mrs. W. J. Barney. Miss Ward will meet with the club and give a demonstration on foundation patterns.—Mrs. P. M. Miller, reporter.

## Bell Club Report.

Cheese making was demonstrated to the members of the Bell Home Demonstration Club by Miss Nellie Ward at the home of Mrs. Abernathy, Wednesday, September 19, at 3:00 p. m. Arrangements were made for placing articles and canned products on exhibit at the club exhibit which took place Monday, September 24, in Snyder. Two new members were added to the club, Mrs. O. B. Tate and another Mrs. Tate. There was one visitor, Miss Greer.—Mrs. Will Caffey, reporter.

## LOCAL HAPPENINGS

Mrs. M. E. Miles and son, Bill, visited relatives in Dallas last week.

Mrs. E. W. Clark of Corsicana, a former resident of Snyder, has been the guest this week of Mrs. H. G. Towle.

Week-end guests in the Noa B. Sisk home were Mrs. Sisk's parents, Mr. and Mrs. E. L. Morris, of Alvarado.

Mrs. Ruby Champion has returned from Fort Worth to the home of her parents, Mr. and Mrs. P. M. Brownfield. She is steadily improving from a recent major operation.

Mrs. P. W. Cloud and Mrs. Max Brownfield returned Wednesday of last week from a several days visit with Mrs. Brownfield's grandmother, Mrs. L. E. Scott, and other relatives in Dallas.

Mrs. J. T. Whitmore of Colorado announced at the Federated Clubs' luncheon Monday that she will return to her home here in a short time, after an absence of many months. The Whitmore home place in East Snyder is undergoing repairs.

## Reading Fun in Store For Boys

Here's important news for the boys of America. The American Boy—Youth's Companion, the nation's quality magazine for boys, has been reduced from \$2 a year to \$1. The three-year rate, formerly \$3.50, has been reduced to \$2. "For a long time we have been seeking a way to reduce the cost of The American Boy to readers," states Griffith Ogden Ellis, editor. "Recently we have effected savings that make the cut possible."

In short, The American Boy, under its new price, will continue to give boys a magazine that measures up to the best standards set by adult magazines. Send your subscription to The American Boy, 7430 Second Blvd., Detroit, Michigan. Enclose your name and address and the proper amount of money, and The American Boy will soon be headed your way, loaded with reading thrills.

## THE WEEKLY DOZEN

### The Theme Song for Fall.

President Pete says the flies that have been pestering him lately have as their theme song, "I 'speck' I'd better stick around awhile longer."

### But It's Only Once in 16 Years.

If all the Scurry County adults who attended the circus last week were one big person, what a whopper of a "I had to go to carry the kids" liar that would be!

### The Mother and the Maid.

Talkative Tillie says the only difference between the old-fashioned girl who stayed at home at night with her mother and the new-fashioned one who doesn't is that mother's usually not at home either.

### American Horse Sense.

President Roosevelt is the country's optimist supreme: "I believe in the intrepid soul of the American people and I believe also in its horse sense." A good horse, it might be added for the benefit of persistent New Deal critics, does not become frightened every time he changes directions.

### Another Believe It or Not!

The Bureau of Agricultural Economics reports that cash income from the sale of farm products during the first six months of 1934 showed a 19 per cent increase over the same period in 1933. A comparatively small percentage of the increase was due to artificial respiration by the government. That should be interesting reading for the ambitious group of anti-New Deal diehards.

### Shifting Temperatures.

It is said that temperatures dropped more than 50 degrees in Scurry County within less than 24 hours one time last week. Yet few of us were aware that the mercury was shifting much more than its usual day-to-night schedule. We are just high enough to breathe freely and just low enough to breathe deeply. If it's climate you want, and health with it, give Scurry County a chance to display her wares.

### Confusion for Our Youth.

If the new league for cleaning up the movies does not keep in action, the average American youth will soon be confusing companionate marriage with a famous cigarette slogan—"It Satisfies." Not many parents relish the idea of having their sons and daughters emulate heroes and heroines who live with unmarried wives and husbands, or with the wives and husbands of other persons—but not many parents are doing much about it.

### No Use to Put Up With It.

The habit of "putting up with what we have" is partially disappearing under the new housing plan. Borrowing money for home repairs is a comparatively new idea for American home owners, and if it is carried to extreme, it might get us back into the early-twenties rut of so-much-down and so-much-a-week. But those with regular incomes, however moderate, could well take advantage of the new plan not only for beauty's sake but for actual economy's sake.

### An Agricultural Census.

Uncle Sam is making plans to take another farm census in 1935. The nation will have all eyes on the figures compiled by Secretary Daniel C. Roper's Department of Commerce Bureau of the Census. By that time the combined effects of the drought and New Deal measures will have been largely diagnosed. Individual farmers, to whose honesty and accuracy the success of the census is largely due, will look forward to the privilege of helping a government that has been more benevolent to them in 1934 than at any other time in the country's history.

### All in the Same Desert.

News flashes from the manifold corners of the world indicate that the drought is not confined to the United States alone. The Danube Basin wheat crop is about 60 per cent below normal. Australia, Argentina, Germany, Poland, Czechoslovakia, Austria, Russia and England received rains too late to be of much benefit to this year's yields. We're all in the same desert—except that Americans, and Texans in particular, continue to have many times the average income of "foreigners." We have plenty of oases over here, and just don't appreciate them.

### An Outstanding Booklet.

An outstanding little booklet, written by C. A. Jay, executive vice president of the Industrial, Commercial and Agricultural Conference, Chamber of Commerce building, Dallas, has just come to hand. It deals with three proposed amendments to the state Constitution, which, Mr. Jay declares, "should receive the support of every voter in Texas who believes in economy in government; because they are clearly and definitely designed to protect the taxpayer's pocketbook." Those who are genuinely interested in economy of government would do well to request one of the booklets from Mr. Jay.

## Pledge

I will think—talk—write . . . Texas Centennial in 1936! This is to be my celebration. In its achievement I may give free play to my patriotic love for Texas' heroic past; my confidence in its glories that are to be . . .

## The Bankhead Remains.

As expected, The Times has received a kickback from its editorial defending the Bankhead Act. Opinions, like faces and love affairs, are as varied as the complexion of an Arkansas hoosier. Otherwise we would have all Democrats and no Republicans; all Catholics and no Protestants . . . or vice versa.

Some of the Bankhead opposition is honest and forward-looking; much of it is self-seeking and near-sighted. That is one reason farmers should investigate all sides of the question before they vote yes or nay.

Within the past week the Legislature has refused to pass the resolution condemning the Bankhead Act; Texas representatives in Congress have stood up for the legislation almost to a man; and Secretary Wallace has put a quietus on the rumpus that was being raised about drouth-stricken states not being able to redeem their 1934 cotton certificates.

Farmers are invited to read the series of articles now being run in The Times concerning the threat of foreign cotton raising competition. That will throw still further limelight on some of the arguments that are being raised against the Bankhead Act.

Fortunately, The Times has learned that a minority of Scurry County ginners are attempting to prejudice the farmer against the Bankhead Act, and that ginners as a whole are making no organized fight against the decree. We say "fortunately" because The Times does not wish to unjustly condemn anyone, and because it is good for Scurry County to have a majority of ginners who can see beyond the red tape and the worry of collecting a government tax.

## EDITORIAL OF THE WEEK

### OLD BUGABOO COMES BACK.

Our old bugaboo, the High Cost of Living, is again making his appearance in the headlines and will be used diligently in an attempt to upset the agricultural recovery program. Farmers owe it to themselves to think straight on this matter and to educate town and city dwellers to do the same. The trouble is that cities have formed the habit of expecting cheap food without giving much thought to how the production of cheap food affects agriculture.

Agriculture is bankrupt today because it has for generations sold its commodities at prices that did not really cover the cost of their production. Such a system can have only one outcome in the tens of thousands of insolvent farmers scattered all over this country. "But," objects some one, "the poor working man cannot afford to pay more for his food." Granted. That, however, is no argument in favor of continued production at a loss.

The manufacturer does not, and is not expected to, regulate his prices by what the poor working man can afford to pay. He has to have cost of production plus a profit or he shuts down his business. The grocer does not determine the price of groceries by what the poor can pay. If he cannot make a profit, he, like the manufacturer, closes up his business. Everybody expects that, but for some reason—or lack of reason—the farmer is put into a class by himself, to which the ordinary rules of business do not apply.

The world must grow accustomed to pay the farmer, the merchant, the manufacturer, what their commodities are worth. If the working man does not make wages sufficient to do that the remedy does not lie in singling out the farmer's commodities and paying a price so low that he cannot keep his head above the water. It lies in so adjusting our economic system that the worker, for an honest day's work, may receive wages sufficient to pay honest prices for all of the things he buys.—Farm Bureau News.

## The NRA and Public Opinion.

Says General Hugh Johnson: "The only force of value behind NRA is the force of public opinion. There are legal pains and penalties to use in extreme cases, but without public opinion support they will be as sounding brass and tinkling cymbals."

General Johnson ought to know. He has largely been the brains and the brawn behind NRA until recently. He should know its values and its drawbacks, its depths and its shallows. Few who have differed with him even in the heat of battle have denied that he is a square shooter and a remarkable leader.

But, as General Johnson is frank to confess, he is not NRA, as some have accused him of being. Public opinion is NRA.

Those who have been quick to criticize the NRA head have not been so quick to give NRA an opportunity to prove itself. NRA, after all, was not designed to force industry and the public to follow certain rules of buying and selling. It was designed primarily to put buyer and seller on a profitable basis of give and take—to re-establish industrial relations that would put us all back on our financial feet.

If the American public does not want to adjust its economic and social injustices, why blame General Johnson and the NRA? Public opinion is the doctor, the surgeon, the hospital, the medicine. If we want to stay sick unto death with child labor, low wages, uncertain hours, unethical trade practices and cutthroat competition, let's put the blame where it belongs—on the broad and sometimes irresponsible shoulders of public opinion.

### A Frenchman Observes.

A Frenchman who observed conditions in the United States for many a month declares that Kansas City and New Orleans, under present uncontrolled liquor conditions, are, compared to Paris and other age-old "wet" cities, like gutter slop to a lily of the valley. It is only a question of time, dear doubtful citizen, until the whiskey interests will have spread it on so thick that the country will arise in its might, as it did in 1918, and outlaw legal fire water. After that, not all the propaganda in the brewery's check-books can nullify the voice of a disgusted people.

### Study Our Government?

One of the tragedies of Americanism came to light last week, which was set aside by the American Legion as Constitution Week. What have most Americans to do with the Constitution? Absolutely nothing. We prefer to fuss and fume about minor issues of partisan politics and let the weightier matters of the law go begging. How are we to know whether the New Deal is constitutional or unconstitutional unless we at least read the document? And how are we to know whether modern needs demand a bloodless revolution against some of the principles laid down by the Constitution many a year ago?

## A Book or Two

From the Rental Library of Mrs. Mabel Y. German

### The Turbulent Whiteoaks.

"Jalna" is the first of a series of novels concerning the turbulent Whiteoak family who live in ma-

norial fashion on their country estate, Jalna, in Canada. Though the story occurs in modern times, the author, Mrs. de La Roche, acquaints us with the English ancestry of this interesting family.

Miss de La Roche describes in skillful, realistic style the romances, the misfortunes and the continual squabbles at Jalna. The grandmothers, the uncles, and the children all like a good verbal battle, with Renny as head of the clan to

settle the fuss. In these family councils and quarrels are the grandmothers, vile-tempered in her ninety-ninth year; Ernest and Nicholas, her sons, now in their seventies but living in the past; and the six children of a third son, now dead. There are Wakefield and Finch, still schoolboys; Piers, a born farmer, of whose wife the family disapproves; Eden, the poet, a selfish idler, whose American wife finds romance fading away after a few

months of married life; Meg, the sweet motherly sister; and Renny, the owner and manager of Jalna, who is satisfied to farm his land, to care for his horses, and to rule his family.

These Whiteoaks of Jalna are utterly natural, but fascinating. Though not altogether satisfied not happy, each Whiteoak in his own spirit is content to live his life out at Jalna—because this is their stronghold. Somehow this family

admits you to their circle—and you like it.

### Youngest Lion Tamer.

Manuel King, the world's youngest lion tamer, who will appear in "The Show of a Century," in the State Fair auditorium, is also the youngest person ever inducted into an Indian tribe. He was recently initiated into the Pawnee tribe of Indians in a ceremony on the Minnesota State Fair grounds.

There was a time  
—when old-fashioned  
heating systems blistered  
your face while your back  
shivered.

But now ...  
with natural gas,  
winter is just another  
pleasant season in the  
modern home.

# A timely reminder

Days are growing shorter, nights longer, and  
the first cold days of winter are on the way.

**N**OW is the practical time to check up your heating equipment while winter is still "around the corner." Don't let obsolete or inadequate heating rob you of a pleasant indoor climate. Improved gas heating equipment and your dependable gas service will give you care-free, inexpensive comfort at the touch of a match and you'll find just the type heater to fit your particular need on display at your gas company or appliance dealer's.

If this were a gasless community, the next order of business would be laying in a supply of coal or wood. Of course,

your dependable gas service makes this fuss and bother unnecessary. All through the summer months your gas company has been "keeping your fuel service faithful"—improving facilities so that you may have the safety and security of a dependable natural gas supply again this winter.

... If for any reason your gas meter is not connected ready for winter—call your gas company **NOW** and avoid the rush of that first "norther."

An ample gas supply has been provided ... pipe lines and distributing lines have been checked over ... compressor stations have been overhauled. In fact, every detail of your gas service has been carefully perfected to assist you in stopping Jack Frost at the threshold of your home.

## Texas Cotton Grade And Staple Is Down From Early Reports

The report released early this week by the Division of Cotton Marketing at Austin, giving the quality of cotton produced in Texas, indicates there was a smaller percentage of good middling in both extra white standard and white standards last week. The percentage of cotton in Texas that is shorter than 7-8 inch has increased to 16.3 per cent, while 7-8 inch cotton is reported at 59 per cent.

The total amount of tenderable cotton classed last week is 83.5 per cent.

In the Red Lands and Plains area, of which Scurry County is a part, cotton shorter than 7-8 makes up only 6.2 per cent of the total for last week, while the season's total of short staple is 21.9 per cent. Seven-eighths up to 15-16 totals 66.3 to date.

Extra white strict middling totaled 18 per cent of the total last week and to date, while 40.1 per cent of the total last week was called white strict middling.

## ALL BANKHEAD DATA TO A. & M.

## Chevrolet in August.

The largest August production for five years, totaling 74,437 units for all plants, is reported by the Chevrolet Motor Company. This total includes domestic, export, and Canadian production. For the first eight months of 1934 Chevrolet production totals 692,477, and exceeds by 66,200 the 1933 12-months' total, which was passed early last month.

## Millions for Tires.

More than a million and a quarter dollars was spent by the United States Rubber Company for materials in Texas last year, according to figures released by the company today. The major part of this amount was spent for carbon black, the material which gives to rubber the quality of toughness and endurance. The second largest purchase was for cotton.

Bob was unable, through illness, to go to work on pay-day, so asked his work-mate, Mick, to get his wages and bring them along to his house. Late that night Mick arrived at Bob's house, looking rather serious.

"I've lost yer wages, Bob!" he said.

"Lost my wages?" began Bob.

"Aye," he blurted, "and I believe if I had gone on playing I should have lost my own."

## LAMESA HELD TO 7-6 COUNT BY TIGER MEN

Outweighed and Outexperienced, But Not Outfought, Hill's Crew Holds Regional Champs.

That much-discussed fighting spirit that Coach "Red" Hill has instilled into the Tiger football team reached its zenith at Lamesa Friday night, when a heavy, experienced band of Tornadoes, regional champions last year, barely eked out a 7-6 victory from the locals.

Beaten in 20-yard penetrations four to one, and in first downs 13 to 2, the passel of scrapping Bengals could easily have been whipped 20 to 0 or 26 to 0—if they had not fought every step of the way.

Take the first quarter, for instance. The Tornadoes pushed to the 5-yard line with seeming ease, and a touchdown was apparently in sight. But that lineful of rookies from Snyder held in the pinch, and it was in the second quarter that a series of line plays finally scored for the hosts.

Gaining many yards in midfield but held for downs when they pushed into dangerous territory, the Lamesans again scored points when they pounded their way inside the 10-yard line in the final quarter. But Fred Wolcott, fleet back, could not see it that way. He intercepted a pass and showed his heels to the Tornado pack for 95 full yards. Huestis missed the kick by inches that would have tied the score.

Coach Hill used only 13 men in the game. The starting line-up was the same as that in the Slaton game, with Beavers, Chapman and Crenshaw filling end shoes, and Pat Johnston and Wolcott dividing duties in the backfield.

The Lamesa score was all the more remarkable when it is considered that the Tornadoes presented a line-up composed of all guards, all tackles and three backs from last year's regional championship squad.

### Grayum Back on Job

Fred Grayum was back on the job Monday morning, in the Boren & Grayum office, after a sick leave of seven weeks. ## District 13 Grid Race Will Begin On September 28

The district 13, class B gridiron race will begin Friday afternoon, with Anson calling on Merkel, and Snyder invading the Stamford field. Snyder will be idle. Her Tigers go to Hamilton for the first conference game on Friday afternoon of next week.

A complete round robin schedule for the nine-team district has been drawn. It consists of 36 games, and provides for four district championships each week-end, with two exceptions from October 5 through the Thanksgiving games. On October 28 and November 2 only three games are listed.

Haskell has installed lights, and will play most or all of its home games at night. Other entries will stick to daylight pastimes. Haskell's home games are with Merkel, Snyder, Hamilton and Stamford.

The district schedule:

September 28—Anson at Merkel, Rotan at Stamford.  
October 5—Snyder at Hamilton, Anson at Rotan, Stamford at Merkel, Haskell at Roby.

October 12—Roby at Hamilton, Rotan at Snyder, Roscoe at Stamford, Merkel at Haskell.

October 19—Snyder at Haskell, Roby at Anson, Merkel at Roscoe, Hamilton at Stamford.

October 26—Snyder at Roby, Anson at Roscoe, Haskell at Rotan.  
November 2—Rotan at Roscoe, Merkel at Roby, Hamilton at Haskell.

November 9—Roby at Rotan, Merkel at Hamilton, Stamford at Anson, Roscoe at Snyder.

November 16—Snyder at Anson, Rotan at Merkel, Stamford at Haskell, Roscoe at Hamilton.

November 23—Anson at Hamilton, Haskell at Roscoe, Roby at Stamford, Merkel at Snyder.

November 30—Stamford at Snyder, Roscoe at Roby, Hamilton at Rotan, Haskell at Anson.

Elmer Wiman of Roscoe, president of the Mitchell-Scurry B. T. S. Association, announces that the group will convene in quarterly session at Wastella Sunday afternoon, 2:30 o'clock. "Christ Must Reign in Our Church Life" is to be the program's general theme.

The inspirational sermon of the afternoon will be delivered by Rev. Lawrence Hays, pastor of the First Baptist Church here, who will be attending his first B. T. S. meeting in this association. At least 25 members of the local B. T. S. are expected to hear the program, which has been outlined as follows: 2:30 p. m.—Song service, S. A. Smith, Wastella; 2:40 p. m.—Devotional, Romans 12, Rev. C. W. Parks, Roscoe; 3:00 p. m.—Reports, awarding of banners, etc.; 3:20 p. m.—Special music, Colorado B. T. S.; 3:30 p. m.—"Christ Must Reign in Our Church Life," sermon, Rev. Hays.

The local group will attempt to bring back both the efficiency and attendance banner, according to the director.

Q—"On which sides of a church should the parents of the bride and bridegroom be seated?"

A—"On opposite sides and as far apart as possible. A church is no place to start anything."

## HERE IS MORE CONCERNING India Does

CONCLUDED FROM PAGE 1

of facts about each of these countries will enable one to judge for himself whether the South is seriously threatened.

If India had more land or fewer people she might expand her cotton production. She has 319,000,000 people and less than 1½ acres in cultivation per person. Famine is an ever-present threat to India. To produce enough food for her teeming millions is a problem. If more cotton is produced it means less food and feed. Even if high cotton prices encouraged larger cotton production, transportation systems in India are so poor that it is hard to move food into the farming country to feed the population. Indian farmers are forced to live at home. They cannot drive down to a feed store and buy imported food and feed.

India has been planting about 25 million acres per year in cotton. The largest acreage was in 1926, when nearly 28½ million acres were planted. In 1933 the crop was only 23½ million acres. Plantings up to August 1 of this year are the smallest of any year since 1924. The average yield of both feed and cotton in India is only about half of what similar crops yield in the United States. Cotton averages only 80 pounds per acre or about one-sixth of a bale.

India Not Tempted.

There is nothing in the way of price at present to tempt India to produce more cotton. In terms of Indian money, cotton prices were the lowest in March, 1933, of any time in the last 10 years. Prices went down even after the American plow-up. During the picking season cotton prices in India were from one cent to 17 cent below those of the previous year, and they are still down. This shows that high prices to the American farmer in American money do not always mean high prices to the foreign farmer in his money. It takes high prices to induce a foreigner to produce more cotton.

Food supply and difficulties in transportation limit cotton production in India. Her big population constantly presses against her limited land for food supply. She might increase five million acres or 800,000 bales on short notice if prices were favorable. They are not. Beyond such an increase India is not likely to expand much in the future.

The long-time plan of the Agricultural Adjustment Administration for cotton does not propose to give American cotton markets away to India or any other foreign nation. It does propose to avoid the violent drops in price that have cursed the Southern farmer and business man for 60 years. By adjusting supply of American cotton to effective demand a decent price to the Southern farmer can be maintained without a loss of markets.

The next article in this series will describe the Egyptian situation.

## Plainview Ready to Begin School Days

Plainview school is prepared for the opening of another successful school year Monday morning, according to Roy Irvin, who will be principal for the fourth consecutive year. Miss Edrice Gilmore will begin her fifth year in the school, and Miss Clarice Irvin will be starting her fourth year.

The school building has been refurnished with several new seats have been installed. The teacherage has been repainted. Above all, the school is in good financial condition.

## Promotion Program And Installation of Officers at Church

The annual Sunday school promotion exercises of the First Baptist Church will be observed Sunday morning, September 30, in the auditorium of the church. All the elementary departments will have part in the hour's program.

At the close of the promotion program, officers and teachers will be installed for the new year. The installation service will be an impressive one, and will thus set the officers and teachers apart to their new duties as leading in the church school, according to Mrs. Ethel Cherry Eiland, who has been elected general superintendent. At the 11:00 o'clock hour the pastor will bring a message on the opportunity and responsibility of the teacher.

The following were elected last Sunday morning as departmental superintendents: Harvey Shuler, associate superintendent; J. S. Bradbury, general secretary; H. H. Eiland, superintendent of junior department; Mrs. Roland Bell, superintendent of young people's department; Mrs. R. S. Sullivan, superintendent of intermediate department; Mrs. A. C. Alexander, superintendent of junior department; Mrs. C. E. Fish, superintendent of primary department; Mrs. E. E. Weatherbee, superintendent of beginners department; Mrs. Melvin Neal, superintendent of cradle roll; and Mrs. J. M. Deak, superintendent of home department.

This week the departmental superintendents are busy finding new teachers and filling vacancies in their departments, and they will have the best interest of all the church family, and is calculated to give impetus to Sunday school work and rightly magnify Bible study through the channels of the church, says the pastor.

## First Baptist Church

The Sunday school hour will be given to the promotion exercises in the main auditorium. Following the promotion program the new teachers and officers will be installed for the ensuing year.

At the worship hour the teaching staff will sit in a reserved section and the pastor will bring a message on "The Holy Art of Teaching." All of our people are urged to be in the services Sunday. The training service meets at 6:45 o'clock. This is an hour of training for all of our people. There is an organization for every age and group. New workers have been added and capable leadership will be in charge of every group. We especially urge upon the parents the importance of bringing the children to the training service.

At 8:00 o'clock the pastor will preach on "The Open Door."—Pastor Lawrence Hays.

## BLACK - DRAUGHT For CONSTIPATION

"I am 71 years old and have used Thedford's Black-Draught about forty years," writes Mr. W. J. Vandover of Rome, Ky. "We are never without it. I take it as a purgative when I am bilious, dizzy and have swimming in my head. Black-Draught relieves this, and helps me in many ways." . . . Keep a package of this old, reliable, purely vegetable laxative in your home, and take it for prompt relief at the first sign of constipation.

Farmer 1—"How are you getting along with your cotton crop?"  
Farmer 2—"Aw, pretty well, I guess. I have one bale out, and 65 acres on another."

At cooking school we find a group of gay and active quakers. And they are told in making soup. To use their noodles and their beans.
