'Firefly' Satellite Into Orbit

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP)—A flashing light "Firefly" satellite soared into orbit today to measure the size and shape of the earth in an experiment which could produce more accurate world maps and establish guide lines for tracking men to the moon.

The 355-pound satellite, named Anna, rocketed away from Cape Canaveral at 3:08 a.m. atop a Thor-Able-Star booster. An hour later the Defense Department announced it was in a successful orbit about 700 miles above the earth.

The first stage pushed the package to the edge of space. The second fired for two minutes, then shut down and coasted for 25 minutes before restarting its engine to eject its satellite into orbit high above Ethiopia at a speed of nearly 18,000 miles an hour.

Officials reported that clear signals wre being received from the payload.

Because the rocket was fired on a northeast heading in the direction of the Soviet Union, the Defense Department announced time and direction of launching in advance. Sources said this was done to alert the Soviet Union so that the Russians would not mistake the rocket for a hostile missile.

Official name of the satellite is Anna 1B, with the letters standing for Army, Navy, Air Force and NASA, the participating agencies. The "Firefly" nickname derives from four high-intensity xenon gas lights designed to be photographed against a background of stars as they flashed on and off at designated times.

The first launch in the program, Anna 1A, failed last May because of rocket trouble.

The blinking beacons — plus other precise radio, navigation and tracking instruments — were to help ground stations calculate distances on the globe and the general shape of the earth's surface and strength of its gravitational field with accuracy not possible before.

'MONSTER WEEK' HITS FOOTBALL FORECASTERS

The "monster week" finally made its appearance, as a six-way tie for first in the Daily News Football Contest cropped up following the weekly tabulations.

With six bad choices each, the winners are: Mrs. Ted Smithee, 3207 Fortieth Street; Wesley Bishop, Route 2; Richard Lee Johnson, Box 454; Bill Johnson, Box 454; LeRoy Brown, 3810 Highland Drive; and Roland Davis, 116 Twenty-fourth Street.

Each will be awarded a one-sixth share of the combined $12.50 first and second place prize money.

Three games stumped each member of the winning sextet. They were Hobbs' 19-15 conquest of Divide, the 14-14 tie between Texas and Rice, and the 21-21 standoff matching Washington and Oregon. Each of the contestants had picked favored Texas to down Rice, while Bill and Richard Lee Johnson both went along with Oregon and the other four entrants liked Washington.

A total of 13 contestants were bunched just behind the winners and out of the money with seven incorrect choices. They are Don McCowen, Route 2; Stuart Long, 2304 Forty-second; Ada Staton, Route 2; W. M. Suttle, 1807 Thirty-ninth; Tony Suttle, 1807 Thirty-ninth; Mrs. S. E. McCowen, Route 2; Mrs. Roland Davis, 116 Twenty-fourth; Betty Johnson, Box 454; Bill McLaughlin, 2213 Forty-fourth; Marsha Lynn Morrow, Route 2; Craig Stokes, 2202 Fortieth; Dean Howard, 2012 Twenty-seventh; and Dolwin Smallwood, Box 41, Ira.

A new contest, with a new jackpot of prize money, is listed in today's edition.

No Headway On Tuesday

HAVANA (AP) — Acting Secretary-General U Thant went into a second meeting with Prime Minister Fidel Castro today to try to win agreement for U.N. verification of Moscow's promises to remove its missiles from Cuba.

An initial two-hour, 10-minute session between Thant and the bearded Cuban leader made no headway Tuesday, informants said. Castro reportedly stuck to such demands as abandonment by the United States of its Guantanamo naval base in southestern Cuba.

The United States already has rejected Castro's demands, made last weekend. He also demanded lifting of all economic measures against his regime and guarantees against hit-run raids and invasion preparations.

Despite the reported lack of progress, a spokesman for Thant called the meeting "very useful." A communique issued afterward said "Cuba fixed her position and viewpoints with clarity," which informants said meant Castro was unyielding in his demands.

President Osvaldo Dorticos took part in the meeting.

The U. S. naval blockade remained in suspension as Thant and Castro prepared for their second session. Thant asked that the blockade of offensive arms shipments to Cuba be lifted before he began his Havana discussions.

In Washington, informants said that although the blockade was suspended, the quarantine fleet of carriers, cruisers, destroyers and submarines was still on station but pulled into a more compact patrol area.

The United State also suspended its aerial surveillance of Cuba to ease the atmosphere for the Thant-Castro meeting.

Thant flew to Havana Tuesday to arrange for confirmation of the removal of the Soviet-installed missile bases under an agreement between Premier Khrushchev and President Kennedy. He also is seeking to set up negotiations to resolve all aspects of the U.S.-Cuban dispute. He told Castro in a letter Sunday he hoped the discussions would result in respect for Cuban sovereignty and in reassurance for other countries which have felt threatened by recent developments in Cuba.

Havana radio said Castro will address the nation on radio and television Thursday "to analyze all the problems of the transcendental moment in which the country is living."

Thant is scheduled to return late today to New York, and negotiations for removal of the missiles are expected to open as soon as he gets back.

Menon Is Shelved As Nehru Takes Control

NEW DELHI (AP) — Prime Minister Nehru today took over the Defense Ministry from V. K. Krishna Menon. Menon was named minister of defense production.

A Cabinet communique announced the change. It came in a rising tide of criticism of Menon for failing to prepare India's defenses adequately against Chinese Communist attack.

The announcement said President Sarvapalli Radhakrishnan asked Nehru to take over the defense post.

In fact, Nehru has been handling the job for the past week, relegating Menon to the background.

The decision to replace Menon was taken at a Cabinet meeting which outsiders thought must have been heated.

At one point, an information officer was called to handle an important announcement. But then he was sent away with the word that no announcement was coming.

A short time later the Cabinet decided to announce Menon's ouster from the key defense job.

Before the announcement, India reported close quarter fighting between Indian and Red Chinese troops on the potentially most vulnerable invasion route to the plains of Assam.

A Defense Ministry spokesman said an exchange of fire at fairly close quarters occurred Tuesday near Walong, at the eastern end of the frontier near Burma. It lies in the Luhit River valley, the easiest route through the Himalayas for Red Chinese armies.

The spokesman indicated the Communists might be trying to outflank the Indians at Walong.

In the only other fighting reported in the last 24 hours, the spokesman said Indian troops continued to shell the Chinese around Jang, five miles east of the captured monastery town of Towang on another route to the Assam plains.

The spokesman denied the Indians were attempting a limited offensive in the area, however.

Some 1,000 miles to the northwest in the other battle sector in Ladakh, there was no change in the situation, the spokesman said.

Asked whether the Soviet Union, an ally of Red China, is sending arms to India, the spokesman replied: "Certain equipment was ordered from that country and it is coming according to schedule."

He declined to discuss individual items such as the dozen jet fighters that India has ordered from the Soviet Union.

Since the Red Chinese launched their all-out offensive Oct. 20, the spokesman said, "We have been approaching all friendly countries from which we might get equipment and supplies."

Sources in Moscow have indicated the Soviets will not provide weapons for the Indians to fight the Red Chinese.

Shipments of British infantry weapons have been received here. Britain, the United States and Canada have promised to provide more weapons.

The beginning of what is expected to be large-scale American military shipments to India is expected to arrive here by the end of this week. No details are available here, however.

The Red Chinese, who apparently have paused in their offensive, were reported to have put a large labor corps at work in the Himalayas building roads to bring up reinforcements and supplies.

Youngsters Cautioned

Police Chief Chester Simons said today that every police officer on the force will be on duty tonight to see that a sensible Halloween is observed in Snyder.

"We want the kids to have fun, and we'll help them have fun" he said, "but we intend to see to it that there is no destruction of property."

Chief Simons also said that any activities which are dangerous will also be watched for closely. The chief also said that teen - agers "who shouldn't be acting like little kids anyway" will be filed on if they are apprehended in unlawful acts, not merely reprimanded.

Estes' Lawyers Protest Exhibits

By FINIS MOTHERSHEAD

TYLER (AP)—The defense continued its dogged, step-by-step objection today to testimony and exhibits in the Billie Sol Estes trial amid claims of forgery in a tank mortgage deal.

Estes' lawyers objected to documentary evidence, not otherwise identified, as court resumed and the jury was sent from the courtroom during arguments.

Court convened a half hour late. Lawyers said the delay was because of attempts to locate certain witnesses whom they did not identify.

The claim of forgery—from Pecos Farmer T. J. Wilson—appeared to catch both sides by surprise Tuesday.

They did not ask immediately whom he accused of signing his name to a $94,500 chattel mortgage.

His statements lent sudden impetus to a case which dragged into the seventh day of legal wrangling before a jury of 11 men and a woman finally was sworn Tuesday.

Thereafter the defense staff, headed by Austin lawyer John D. Cofer, objected at every turn, raising frequent arguments over exhibits from the state and its line of questioning. This procedure obviously supported Cofer's repeated and unsuccessful argument that Estes cannot receive a fair trial because people are so well informed about he case.

Dist. Atty R. B. McGowen of Monahans, in Estes' home West Texas district, asked if Wilson signed a chattel mortgage on anhydrous ammonia (liquid fertilizer) tanks offered for his inspection.

"That doesn't look like my signature—I would say I didn't sign it," Wilson replied.

He likewise testified that two statements about his financial worth, figuring in the same transaction, were altered after he last saw them.

At Cofer's demand, prosecutors agreed to let Estes' lawyers ex-

Clear, Cool Weather Prevails In State

By The Associated Press

Continued clear, cool weather is forecast for Texas through Thursday at least.

Forecasts called for generally fair skies in every section of the state, light winds out of the north, and little change in temperatures from Tuesday's.

High temperatures Tuesday ranged from 83 at Laredo to 66 at Lufkin. The only rain reported was .17 of an inch at Houston.

Candidates Continuing Big Push

By The Associated Press

The Nov. 6 election less than a week away, Texas gubernatorial candidates are pushing full force to garner votes.

Republican Jack Cox in Fort Worth hammered Tuesday at Democra ic "inconsistencies."

He raked Democrat John Connally over the political coals and called the former Navy secretary at one point a "cheap lobbyist."

Meanwhile Connally said in Houston he knows nothing about the facts concerning Cox's so-called television expose of election irregularities in Starr County.

"Assuming them to be true, it is reprehensible," Connally declared, putting himself in agreement with Jack Cox on that point.

The Democratic standard bearer said he was going to be extremely interested in every election reform in the next session of the legislature.

"One of the greatest rights we have is free elections," he said, "I want to see it maintained and strengthened."

Wednesday, Connally was to take his campaign to Galveston for a coffee with the Galveston Medical School faculty, then to Houston. Cox was to continue his round of electioneering in Fort Worth, leaving later in the day for Dallas to address a noon meeting of Jaycees, then to Lubbock and Amarillo.

Final Reports In UF Campaign Due

A final report coffee for the Scurry County United Fund campaign has been scheduled for 10 a.m. Friday at the Town House.

Announcement of the Friday session was made following another report session Tuesday which accounted for 71.2 per cent of the campaign goal.

Contributions had pledges totalling $27,039.60 have now been tabulated in the campaign.

Campaign officials urged workers in all divisions to make an intensive effort to complete their contact work before the Friday session. At present, some 485 assignments are still outstanding.

E. H. Williamson, general campaign chairman, expressed belief that the goal of $38,000 could be reached by Friday if all of the assignments are completed.

The Branch House Division, headed by Hicks Allen, is the leader, percentage-wise, in the campaign, having reported a total of $2,880, or 90 per cent of its goal.

Other divisions reported the following totals and percentages: Advance Gifts, $12,793.50, or 60.9 per cent; Special Division, $1,317.50, or 64.3 per cent; Employe Division, $2,400.40, or 49.5 per cent; General Division, $987.50, or 79 per cent; Women's Division, $319.85, or 53.3 per cent; County Division, $1,599.35, or 61.5 per cent; Public Employe Division, $1,364.50, or 82.7 per cent; Professional Division, $1,181, or 84.4 per cent; School Division, $2,196.00 or 84.5 per cent.

Midland Man Faces Charge

A charge alleging murder has been filed here against Johnny Harold Garner, 25, of Midland, as the result of a fatal automobile crash east of Snyder last Sunday evening.

Mrs. Neen Harris Warren, 77, of Big Spring was injured fatally in the crash, and her husband, Roy Lee Warren, was seriously injured.

Garner, also injured in the crash was indentified as the driver of a 1955 Pontiac which was in collison with the Warren car 5.3 miles east of Snyder on U. S. 180.

Texas Highway Patrolmen filed the complaint against Garner.

Mitchell Service Held Here Today

Funeral services were to be held at 3 p.m. today for Richard Herbert Mitchell, 84, who died here Monday night.

Rites were to be conducted at the First Baptist Church, with the Rev. Marvin Rogers. He was to be assisted by Richard Williams, minister at the East Side Church of Christ, and the Rev. Allen Adams, pastor of Trinity Methodist Church. Burial was to be in Snyder Cemetery, under direction of Bell Funeral Home.

USO Activities Big Help To GI's During 'Lonely Battle'

(EDITOR'S NOTE—This is another in a series of articles on Scurry Count, United Fund agencies prepared by journalism students at Snyder High School).

BY JANE FOREE AND TREVA MOORE

"Winning the peace is a lonely battle," declares President John F. Kennedy, honorary chairman of the United Service Organizations.

This year has been one of change and of challenge for USO. The change came when operational activities shifted to meet the revised needs of our Armed Forces. The challange became one of maintaining the core of USO service while adjusting plans to the new military picture.

The change met the challenge, being limited only by the extent of the financial support given by the American people.

Scurry County's goal for this year is approximately $300. These funds, along with state and national funds, will benefit the service men and women from the Snyder area and all American service men.

During 1961 more than 44 million acts of service were rendered by USO to members of the Armed Forces in this country and overseas. Services range all the way from a cup of coffee at a stateside USO snack bar to a USO show for a thousand combat-ready troops almost in the shadow of Berlin Wall.

Reported to have a larger number of troops stationed in it than any other state in the union, Texas has over 300,000 servicemen stationed at 71 military installations. The USO is serving these 300,000 men and women at 20 centers throughout the state.

Now in its twenty-first year, USO was organized as a federation of six civilian agencies through which the American people serve the spiritual, religious, social, welfare and ducational needs of the men and women in the Armed Forces, within the continental limits of the United States, in both war and peace.

The six member agencies are Young Men's Christian Association, National Catholic Community Service, National Jewish Welfare Board, Young Women's Christian Association, The Salvation Army, and National Trave-

'WITCHES POT' AT MUSEUM TONIGHT

Halloweeners have been invited to come by and see a real "witches pot" tonight at the American heritage museum at 309 E. Twenty-fifth.

Little ones going by for their "trick or treat" will get a real treat when they see the new addition to the museum—a miniature house, all lighted up.

Mr. and Mrs. Edgar Schulze are welcoming the little ones, 10 years old or under, here in Snyder as was their custom in the Hill Country before they came to Snyder.

The pot will be boiling, and there will be a real "witch" presiding over it. Youngsters will be welcomed from 7 until 9 o'clock.

Snyderites At VFW Meet

Several from Snyder attended the annual fall convention of District 8, Veterans of Foreign Wars, in Abilene over the weekend.

Main speaker for the VFW was Department Commander Carter Counts, while Mrs. Lawrence A. Marchell, Department President, was principal speaker for the Ladies Auxiliary.

Two Snyder members were installed as top officers in the ladies auxiliary. Mrs. Billie Lock was installed as district president, and Mrs Pearl Sellars as district vice president. Mrs. LaVerne Crews of Abilene was installed as conductress.

Attendng from Snyder were Mr. and Mrs. Carroll Lock, Mr. and Mrs. L. D. Sellars, Mr. and Mrs. Bill Lock, Mr. and Mrs. John Webster, Mr. and Mrs. C. C. Allen, Mrs. Ethel Sowell, Mrs. Mary Franks, Mrs. Lee Ola Schulze, Ray Ashley and Harold Spivey.

amine these and other state documents overnight.

Dist. Judge Otis T. Dunagan overruled more than a dozen other defense moves.

Estes, whose farm-based financial empire caved in last March, is being tried on state charges of theft and swindling in the 1961 deal for installment purchase of fertilizer tanks.

Lawyers for the West Texas promoter maintain he simply paid $7,500 to borrow Wilson's credit because Estes' was overextended, and there was no criminal offense.

Wilson testified that Estes persuaded him to buy the tanks by promising to lease them at rentals matching the monthly payments, guaranteeing Wilson would suffer no loss and proffering a $7,500 bonus.

Instead of calling Wilson first, as originally expected, the state put B. W. Stokey of Dallas on the stand for brief testimony. Stokey, a Dallas division official of CIT Corp., identified two state exhibits—a chattel mortgage signed by Wilson, which Stokey said CIT bought from Superior Manufacturing Co. of Amarillo, and a CIT check to Superior in the transaction.

USO Activities

Continued From Page 1

lers Aid Association.

USO operates under the motto, "Memorandum of Understanding." It works in conjunction with the Department of Defense and reports directly to the President of the United States and the Secretary of Defense.

Its theme is timely, perhaps emotional, invoking response by attention to the youth of America who have been taken from their homes in every state and town of Main Street, America, in response to the military threat to our nation. This threat has necessitated the deployment of American armed forces throughout the world and the extension of USO services.

The USO's only purpose is to provide for off-post welfare and morale needs of our young people in uniform who are standing guard to keep the peace and keep war away from home.

Free entertainment for American men and women overseas in the Armed Forces of the United States is provided as a regular service of the USO through a special department of the private non-profit organization which produces the now famed USO shows.

During 1961 USO sent out 59 companies featuring both paid and unpaid performers. These shows toured all corners of the world to reach GI's at remote and isolated installations. Altogether, companies traveled over one million miles covering Arctic areas as well as equatorial regions in the Atlantic and Pacific. Most of this mileage was made in military aircraft with performers often riding bucket seats of cargo ships.

This fall, USO shows will get a boost into entertainment buildup from the National Music Council which will provide 20 chorals and instrument groups a year from leading colleges and conservatories. This will augment productions of serious and light drama, as well as musicals staged by outstanding university dramatic groups cooperating with American Educational Theatre Association.

Professional entertainers presented more than 2,500 USO shows on seven circuits overseas to a total audience of a almost four million during 1961.

The United States Department of Defense strongly urges the USO to provide more adequate overseas facilities. The more-than-ever present threat of communism and aggression demand the highest degree of preparedness and morale in our Armed Forces.

USO is financed in its entirety by the voluntary contributions of the American public which designates its contributions through campaign drives largely conducted by the United Fund in our community.

Young people from our community leave their homes each year to serve in America's armed forces and find themselves stationed in remote and isolated corners of the world. They often ask, "Does anybody know I'm here?"

USO helps to answer their question positively. Through helping USO provide its services to our young people in uniform, the citizens of our community assure them they are not forgotten and that their sacrifice is appreciated by us at home.

Young men and women are leaving our community where they never saw a USO club; they are being transferred to areas where the USO is the first warm sight of welcome they will see off post in communities near the military installations.

The luxurious Chrysler New Yorker

Presenting: the Crisp, New, Custom Look of

CHRYSLER '63

Raise your eyes and take another long look at this beautiful '63 Chrysler.

How would you describe it? America's most prominent fashion leaders, style-setters, and designers said this about the '63 Chryslers: "A stunning concept in restrained elegance!" "Has the custom look of a town car!" "Beautiful simplicity in line and form!"

Inside you'll find a style revolution in the making: gorgeous patterns; loop-pile carpeting that would grace any living room; wide, comfortable deep-cushioned seats.

Again in '63 you'll find no small-size Chryslers, no jr. editions, to undercut your big-car investment, penalize your pride or reduce your resale value.

All '63 Chryslers are big, beautiful and V-8 powered. All are pleasant price surprises, too. Take a good look at the custom-looking '63 Chrysler . . . then take a big, beautiful step ahead in style.

Now! 5-year/50,000-mile warranty!

Another First for Chrysler! The very highest standards of engineering leadership have resulted in an extended warranty* on the power-train of 1963 Chryslers.

*Your authorized Chrysler Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case, and internal parts, excluding manual clutch; torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Chrysler Certified Car Care schedules. Factory-approved remanufactured parts may be used for replacement.

Crisis Conditioning Keeps Americans On An Even Keel

By INEZ ROBB

The newspapers and wire services report that there is no evidence of "panic buying" in this country as a result of the Cuban crisis. Women aren't causing a run on the nylon hose stockpile and men aren't standing in line to buy cartons of cigarettes. Canned goods aren't being snatched from counter shelves.

Hoarding! Shades of World War II! What adult doesn't remember the story, surely apocryphal, of the husband and wife who hoarded enough canned goods in their basement to see them through a decade of can - opener living.

Recall how fate intervened? One day the basement flooded, every last label soaked off the cans. And from that day forward the couple never knew whether the can in hand would yield split-pea soup or preserved peaches.

Remember the aluminum collections, with every housewife asked to donate to the government all her kitchen pots and pans in excess of absolute necessity? And then the rumors throughout the war that mountains of such aluminum were being permitted to disintegrate in useless stockpiles around the nation? How I mourned for my turkey roaster!)

Perhaps there is no hoarding or panic, either, at the present moment for two basic reasons: first, because at least two generations of Americans have, for the past 33 or 34 years, lived in a time of constant crisis. And, second, we are all aware that we can't take it with us, especially in case of nuclear war.

Ever since the great depression, we have lived from one crisis to another, until crisis living has become a way of life. We went from the depression into World War II, into the cold war, into the Korean "police action," followed by a constantly intensifying cold war.

In a way, we have become callused or at least conditioned to constant crisis. We have not become callused to the point of insensibility, but our nerve ends have been mercifully blunted. It enables us to go on living and to keep to a routine — to rock with it — when the crisis rises to an unbearable pitch.

Since the President's television speech to the nation, revealing the starkness of the crisis, I haven't met a man or woman who isn't going steadfastly about his or her regular routine. No one underestimates the gravity of the moment. But no one is taking to the hills. More than 30 years of crisis conditioning keeps us going to the office, the supermarket, the beauty parlor and the movies.

This reaction should, in large part, answer the question that used to plague countless Americans during World War II. We used to wonder, in our hearts and aloud, if we would be as calm and courageous under bombardment as British civilians. In those days it was popular to speculate whether we could stand up to such punishment with equal grace and fortitude.

Perhaps, after all these years and experience of crisis, we know the answer. There is no sign of panic in the nation, nor any terrified exodus from large cities, such as New York, which are supposedly prime nuclear targets. No one is crying havoc or running scared through the streets. It is possible that we are going about our routine business because we don't know what else to do. But at least we haven't panicked.

A case in point is my friend, whose husband found her glued to the television for latest news of the Cuban crisis while she lacquered her toenails a brilliant pink. "Why not?" she asked her surprised spouse. "If I'm going to go, I want to go in style."

As for hoarding, where is the comfort of an extra carton of cigarettes or a dozen nylons if the ICBMs are unleashed.

If the nation is outwardly cool, calm and collected, isn't it because after more than 30 years of crisis we have all learned to grin and bear it?

Junior Editors Quiz on STARS

QUESTION: How can I find Polaris, the North Star?

* * *

ANSWER: We all need to know something these days about stars and constellations. The way to start is to locate Polaris. This star is almost exactly on a line with the axis of the earth, which is an imaginary line running through the poles, around which the earth spins. Think of the North Pole as right under the North Star. Polaris is the one star which remains where it is as the hours pass; all the others seem to be turning around it (of course the stars don't really turn, it is the earth's rotation which gives this effect.) To find Polaris, face in the general direction of north. Look for a large group of stars shaped like a dipper (see picture.) The two stars in the front of the Dipper's pot make a line. Follow this line out and the next bright star will be Polaris. Since the stars seem to move around Polaris, the Dipper will be in different positons, at different hours and at different seasons, but the "Pointers" will still be aimed at the North Star.

* * *

FOR YOU TO DO: If you ever get lost at night, find the Dipper, then Polaris. Think carefully what direction you should take to get home, whether east, south or so on. You can find this direction taking Polaris as north. As you go, check with Polaris every little while.

Halloween Is Monster One Can Love

By HAL BOYLE

NEW YORK (AP)—I like Halloween. In a fearful time it is one scare you can count on.

To an untidy middle-aged person, life becomes a kind of constant halloween, encumbered by ghostly restraints that point spectral fingers of warning against any vision of plenty.

One is educated also to a growing fear of the knock on the door.

You aren't really frightened. You are usually bored. When you answer the door, you don't feel that any hard-muscled men will be waiting there to pull you toward the incinerator—or at least warn you to pay an overdue bill.

No, alas, the man who raps upon your panel is likely either to try to sell you life insurance or a children's encyclopedia, or remind you it is time to vote for the politician of his choice.

I have learned never to admit a political partisan into my apartment near election time.

As to life insurance and encyclopedia salesmen, they hold for me neither terror nor adventure. I am absolutely overbought in those fields.

But along about now I really enjoy answering the door. We also enjoy building up stock of candy to reward the query: "Trick or treat."

Once when I was younger, I replied, "There's no treat here. What's your trick?"

The child squirmed unhappily. He knew no trick. Then I squirmed too. Sticky widget.

Children today would rather be feted than play pranks. Probably it's better that way. Maybe.

When the thunder of childish fists beats a tattoo on our door tonight, I know it will open to admit a motley crew of costumed ghouls and beasties.

Our cat, Lady Dottie, is bound to go up and rub herself against a pair of small legs.

"How can she tell me?" our outraged and disguised daughter, Tracy Ann, who is 9, will say. "Doesn't she know I'm a monster?"

Yes, indeed.

What children don't realize is that the way they dress themselves to be on Halloween is the way their parents and other friends think of them all the year long.

But to know a monster is to love one. And particularly if you buy it shoes.

Photos Of Cuban Bases Distributed

WASHINGTON (AP)—The U.S. Information Agency reported Tuesday that it sent abroad more than 50,000 copies of U.S. intelligence photos showing the Soviet missile buildup in Cuba.

The pictures, which have been shown widely in the United States, have been used to back up the U.S. contention that the Russians were speedily setting up nuclear weapons bases on the Caribbean island.

Iraq Completes Deal For Planes

BAGHDAD, Iraq (AP) — Iraq has completed a deal to buy two American Boeing 720B jet airliners, Nasir al Janabi, head of the state-owned Iraqi Airways, said Tuesday.

He said a Boeing-financed pilot's school will be opened in Baghdad early next year and Iraqi pilots will also be trained in the United States.

FREEDOM OR SLAVERY

The election for Governor on November 6th is more than a Republican or Democrat issue. We are fighting for survival against the Corporations and Big Money Interests as well as the Washington Politicians. This is the most powerful all-out political war that Texas has ever faced—to preserve her Freedom from these out-of-state interests to grab Texas for themselves.

Ice Plant Sold Here

Purchase of Southland Ice Co. here has been announced by Odis Russell of Snyder.

Henceforth, the name of the firm will be Snyder Ice Co., and it will continue to operate all of its facilites at the same location, 1512, Twenty-sixth Street.

Russell had been serving as manager of the Southland plant here, and the deal by which he purchased the plant was completed this week.

The owner said Snyder Ice Co. will continue to serve Scurry County and the surrounding area with the same courteous attendants at the plant. The firm markets both block and crushed ice to commercial users, as well as individuals.

Holt Is New Chrysler Dealer Here

Marcene Holt, former general manager of Pollard Motor Co. in Snyder, has been appointed as the new Chrysler-Plymouth- Valiant dealer for Snyder.

The Pollard Moror Co. was founded on a limited scale by T. W. Pollard in 1935 when Pollard was a service station operator. Plymouths only were handled at that time.

The present building at 2103 Twenty-fifth Street was constructed in 1952, and has been recently redecorated. A modern service department is a part of the building.

The 1963 models of Chryslers, Plymouths, and Valiants will be shown tomorrow and free coffee and donuts will be served all day by the new dealer. He invites everyone to come by for a visit.

Halloween Inspired Poet Back In '32

(EDITOR'S NOTE — What does Halloween mean? Well, it stimulated poetic effort among youngsters 30 years ago, based on the following bit of verse which came from the pen of our own Dick Roberts in 1932. He was either a fourth grader, or fifth grader at the time — Mrs. Roberts, who provided the 30 - year - old manuscript, is not certain. Anyway, the following is Halloween through the eyes of an elementary school pupil of the early thirties.)

* * *

Halloween will be here soon,
With witches riding 'cross the moon,
With black cats prowling round all night,
And spooks all dressed in ghostly white.
When the cats in the graveyards fly around
And the wind in the trees makes a wailing sound,
When jack - o - lanterns blink and grin,
'Tis safest then to come right in!

Mother Honored By Georgia Tech

ATLANTA, Ga. (AP)—A mother has been named an honorary graduate at Georgia Tech without attending a single class at the engineering school.

Elizabeth B. Ziegler earned the distinction as the mother of seven Tech graduates, all good students and now successful in their chosen fields.

In addition, her first grandson received his degree last year. With 22 more grandchildren already around, she could be eligible in time for some kind of special grandmother prize.

Mrs. Ziegler, a native of Stuttgart, Germany, was honored during a special ceremony in the presence of her seven sons, Tech officials announced Tuesday. It was the first time the Zieglers had all been together in eight years.

Exiles Suggest More Inspections

MEXICO CITY (AP) — Cuban exiles suggested Tuesday that acting U.N. Secretary General U Thant look not only into the dismantling of Soviet Missile bases in Cuba but also into the abolishment of concentration camps and firing squads.

The suggestion was made in a telegram to the U. N. official from two Cuban exile groups, the Student Revolutionary Directorate and the Syndicate of Free Journalists.

The exiles called on Thant to look into "the unhuman treatment of more than 90,000 political prisoners and the total absence of liberty."

Four Persons Dead In Mexico Clash

MEXICO CITY (AP) — Four persons were killed and eight wounded in an armed clash last week between residents of two villages in the remote mountains of southern Mexico, the Defense Ministry said.

Newspaper accounts said earlier that the death toll was 40.

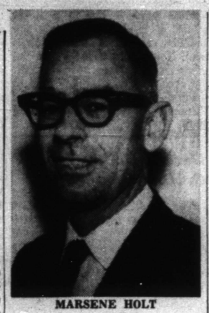

The Defense Ministry said Tuesday soldiers had arrived in the area in Guerrero after a prolonged journey by horseback.

Order was restored and no new outbreaks were feared.

Napoleon once ordered that 79,000 acres be planted to sugar beets and he established six experimental stations for beet research and teaching.

Transient Feline Family A Problem

WICHITA, Kan. (AP)—A transient mother cat had kittens at the Garold Carpenter home last weekend—on the porch roof.

Carpenter deemed the spot too risky a place to bring up a family—even a family of vagrant cats—so he set out to evacuate them.

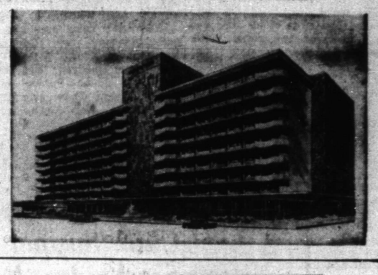

The mother anticipated his concern and moved her children into the attic. One of the kittens dropped between two wall studs. Carpenter sawed a hole in the wall Tuesday to rescue it.

Saboteurs Cause Special Measures

CURACAO, Dutch West Indies (AP)—Officials of the Shell Oil Co. refinery in Curacao took special measures Tuesday to guard against sabotage following the dynamiting of oil installations in Venesuela by saboteurs believed to be supporters of Cuban Prime Minister Fidel Castro. Shell refines Venezuelan oil.

A spokesman said guards were placed around the refinery's power station and warning circulars were distributed to the 6,000 employes.

Ole Miss Chosen To Topple LSU

By HAROLD CLAASSEN
Associated Press Sports Writer

NEW YORK (AP)—Most football addicts have had rugged Saturday nights—of various types too—but none of those nights will compare with the ruggedness of this weekend's Mississippi invasion of Louisiana State University.

In recent years Mississippi's Rebels generally have found the LSU Tigers more than they could handle. But this time the situation will be reversed with Glynn Griffing's passes dominating over Jerry Stovall's over-all play.

That's the big pick in this week's college football selections. Last week the figures were 42 correct, 10 wrong for an .808 average.

Other picks:

Northwestern over Indiana: Tom Myers, Northwestern's brilliant sophomore passer, has completed two-thirds of his flips and has averaged two aerial touchdowns a game.

Alabama over Mississippi State: The Crimson Tide's defense is stingy.

Southern California over Washington: The home field gives the Trojans a slight edge.

Texas over Southern Methodist: The Texas Longhorns work out their frustration of last week's tie with Rice at the expense of the Mustangs.

Michigan State over Minnesota: Only one team has been able to score on Minnesota this season but the Spartans love that kind of a challenge.

Arkansas over Texas A&M: Billy Moore is the reason.

Auburn over Florida: The remodelled Auburn machine in perfect working order.

Missouri over Nebraska: Both are unbeaten but the Cornhusker defense not on a par with the Tigers'.

Ohio State over Iowa: The Hawkeye attack consists primarily of passes and the Ohioans have many anti-aerial guns.

Penn State over Maryland: Few teams have two such good halfbacks as Penn State's Roger Kochman and Al Gursky.

Georgia Tech over Duke: Tech followers can't decide which of their two tackles, Dave Watson or Rufus Guthrie, should be the No. 1 All-American candidate.

Navy over Notre Dame: The Sailor's new quarterback, Roger Staubach, has transformed the club.

Skipping over the chalk lines in a hurry:

Friday Night

George Washington over Richmond, Miami over Kentucky.

Saturday

EAST: Army over Boston University, Colgate over Lehigh, Columbia over Cornell, Holy Cross over Dayton, Harvard over Pennsylvania, Syracuse over Pittsburgh, Princeton over Brown, Rutgers over Lafayette, Villanova over Detroit, Dartmouth over Yale.

SOUTH: Virginia Military over the Citadel, Clemson over North Carolina, Furman over Davidson, Florida State over Houston, Georgia over North Carolina State, South Carolina over Virginia, Tennessee over Wake Forest, Tulane over Virginia Tech, West Virginia over William & Mary.

MIDWEST: Tulsa over Cincinnati, Oklahoma over Colorado, Kansas over Kansas State, Wisconsin over Michigan, Iowa State Oklahoma State, Purdue over Illinois, Miami (Ohio) over Toledo, Wichita over North Texas State.

SOUTHWEST: Rice over Texas Tech, TCU over Baylor, Texas Western over Hardin Simmons, West Texas State over Bowling Green.

Seventh Grade Duel Matches Unbeaten 11s

An irresistable force will collide with an immovable object in Tiger Stadium Thursday night, and just what will happen is anybody's guess.

The situation in question involves both of Snyder's seventh grade grid giants, who meet at 7:30 that night in their season finale. Both will enter the game with undefeated and untied records, while Lamar 7th has yet to be scored on after four outings.

Texan triumphs have been by scores of 26-0 over Lamesa, 22-0 over Colorado City, and 22-0 and 28-0 over Sweetwater. The Blue Devils, who also sport four victories for the year, have been extended on only one occasion when they slipped past the Colorado City eleven by 16-14. In addition to that one, they have proceeded to o wallop Sweetwater twice (32-0 and 40-16) and Lamesa once (38-0).

Travis 8th (3-1-1) and Big Spring Runnels are also scheduled to meet on the Tiger Stadium turf the same evening. They will kick off festivities at 6 o'clock.

One other Thursday game featuring a local junior high eleven is in the mill, as Travis 9th (4-2) hits the road for Big Spring and a battle with Runnels. Kickoff time for that contest is 7:30 p.m.

Lamar 9th (1-5), though idle Thursday, is not taking a week off from the grid wars. They tackle Midland Lee at 6 p.m. Saturday in Tiger Stadium prior to the Snyder B-Stamford B duel of 7:30.

Chili Supper Set Friday By Grid Mothers

The local Football Mothers Association is sponsoring a chili supper here Friday in the high school cafeteria to precede the Snyder - Brownfield district clash in Tiger Stadium.

Serving is to be continuous from 5:30-7:30, with the kick-off slated for 7:30.

All fans from both Snyder and Brownfield are invited to take advantage of the convenient "feed," with cost of tickets being 75 cents. Proceeds will be used to help finance the annual football banquet to be held in December.

Local, Area Grid Slate

Thursday

Travis 7th (4-0) vs. Lamar 7th (4-0), 7:30 p.m.; Big Spring Runnels at Travis 8th (3-1-1), 6 p.m. (both games at Tiger Stadium); Travis 9th (4-2) at Runnels, 7:30 p.m.

Friday

Brownfield (4-2) at Snyder (2-4), 7:30 p.m.; Colorado City (1-5) at Sweetwater (2-3-1); Lake View (5-1) at Lamesa (5-1); Hermleigh (2-6) at Loraine; Gail (7-0-1) open; Hobbs (4-3) at Blackwell; McCaulley at Ira (0-7).

Saturday

Midland Lee at Lamar 9th (1-5), 6 p.m.; Stamford B at Snyder B (3-4), 7:30 p.m.

Cubs Seen As Tough Foe

"They handled us better than we've been handled yet," Tiger coach Horrace Bostick lamented here last night in recalling Friday's 36-23 Lamesa triumph over Snyder, and warned that this week's foe—the Brownfield Cubs—stack up comparatively with the Lamesa eleven strength-wise.

"Lamesa has a real good football team," he continued. "We didn't play a good game, but we did move the ball better than we have been. Something happened to our defense, and that option play of theirs killed us. And," he concluded, "our lapses at the start of both halves put us in a hole from which we couldn't climb out."

Bostick commented on the game while addressing the Quarterback Club in its regular weekly session in the high school cafeteria.

Club president Jack Hoffman reminded members that another "tunnel" will be formed this Friday prior to the start of the game when the Tigers come onto the playing field. He was pleased with the response of the members in the first such venture before the recent game against Stamford, and urged continued support from the membership.

Hoffman also announced plans of the Football Mothers to stage a chili supper in the high school cafeteria before the start of the Brownfield game Friday. Geral Greene, a club member, had tickets available for those desiring them. They may be purchased anytime during the week or at the door, also.

Tiger injuries are "up" at present, and the team will be hobbled in its effort Friday as a result. End Malcolm Bolger suffered a dislocated elbow in the Lamesa game and will be lost for the season, while halfbacks Jimmy Taylor and Darrell Aldridge should be back in the playing fold after being shaken up during the same contest.

Sophomore Leslie Brown, leading the team statistically in a number of areas, sustained a chipped bone in his finger but will be able to play Friday, as should Taylor and Aldridge.

Tyrone Reports

Coach Wayne Tyrone gave a rundown on what to expect when the Cubs make their invasion of Tiger Stadium, describing Teddy Howell as the "best quarterback I've seen all year." He itemized that the 150-pound signal caller is a good passer and runner, and is adept at throwing accurately either on the run, the roll-out, or straight back.

Rounding out the Cub starting backfield are fullback David Auburg (157, "their strongest runner";) wingback Cecil Chandler (136, a speed merchant), and tailback Bobby Davis (148, most dangerous on sweeps exceptionally fast and slippery). Davis ranks as the District 3-AAA rushing leader.

Offensively, Brownfield can be expected to run a lot of sweeps, draw plays, short counters, dive plays, etc. They like to hit the fullback and tailback off the tackles, also, and for the most part shy away from reverse maneuvers.

Six seniors and five juniors make up the offensive unit.

Reverting to the play of quarterback Howell, Tyrone made mention of the fact that the youngster didn't play the entire first half against Seminole due to a recent attack of influenza, and that the Indians ran up a 16-0 halftime lead. Howell was inserted into the game during the second half, however, and was the key man in leading the Cubs back to the threshold of victory before losing 13-16.

The Cubs can be expected to pass "about 20-25 per cent of the time," according to Tyrone. "They like to get your defense loose, and then run," he warned.

Defensively, they employ a standard "Oklahoma 5-4" except in short yardage situations, when a "6-5" is utilized.

They opened district play last week by bombing Colorado City 27-0.

Devers, Raines Win Golfing Competition

The Ladies' Golf Association met Tuesday morning and participated in a tour of the Snyder Country Club course.

Eloise Devers and Jody Raines were named events-of-the-day winners at the conclusion of play.

New Faces Help Texans

By HAROLD V. RATLIFF

DALLAS (AP)—The Dallas Texans lead the American Football League—chiefly because of newcomers Len Dawson, Bobby Hunt and Curtis McClinton.

There are other reasons, such as more experience and key men having their best seasons, but hand-me-downs Dawson and rookies Hunt and McClinton represent the factors most responsible for improvement.

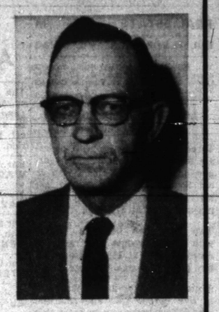

Dawson, who was cut by Cleveland of the National Football League, has given the Texans the quarterbacking they needed. He is the league leader in passing and has passed for 17 touchdowns in seven games.

Bench strength also has been an important factor and that's where McClinton, the big man from Kansas, comes in. When Jack Spikes, the regular fullback, went out with an injury, McClinton stepped in and filled the vacancy.
