Hearing Set Oct. 5 On Annexation Plan

Public hearing and first reading of ordinances to annex nine areas totaling about 1,100 acres of land around all sides of Snyder will be held on Oct. 5.

In a special meeting last night the city council set the date for public hearing and the ordinance readings.

Last night's meeting was not a hearing, but three individuals appeared before the council and discussed the annexations. Mr. and Mrs. Prentis Bass, developers of Bassridge Addition south of Towle Memorial Park, and Bill Wilson, owner of Wilson Motors, were the parties appearing before the council.

Mr. and Mrs. Bass had earlier stated opposition to the annexation of their development, but last night said they did not now specifically oppose coming into the city, but still want repayment of their costs in water and sewer line extensions throughout the addition.

Wilson requested that the area along the East Highway where he is building a new plant for his motor company be annexed.

Roy Dunlap, city manager, told the council that the city would not be out much expense in serving utilities to the areas involved, because much of the area is already served with either water or sewer lines, or both.

"Extensions of large trunk lines to serve the areas were anticipated when five-year-plan bonds were voted last year, so the city can serve all the areas within a reasonable time without unduly large costs," he said.

Dunlap said that it is not known how much the annexations would increase Snyder's population.

The city planning and zoning commission has recommended all proposed annexations.

First area considered would take in the East Elementary School, along north property line of Thirty-seventh Street to the East Highway, and along the East Highway, and to the overpass and the Beacon Lodge.

The second area lies west of the Waymar Apartments and east of Avenue E, and would include a proposed traffic interchange on a bypass around east Snyder. The interchange would be just south of Snyder Cemetery on Avenue E.

The third area includes an area 150 feet wide from Avenue I to Avenue E to provide traffic control on Eighth Street and the Chambers and Curtis Heights additions in north Snyder.

The fourth area extends from present north and west city limits in northwest Snyder to the Snyder Country Club and would include the area around North Elementary School, an area 300 feet wide west of the Lubbock Highway to the country club, and Boothland addition and Santa Fe railroad tracks east of the highway.

The fifth area would square up the city limits along the north side of Thirty-seventh Street and east of the Big Spring highway in undeveloped land along the west side of Deep Creek.

The sixth area would also square up the city limits along Thirty-seventh Street between Avenue D and the Roscoe, Snyder & Pacific railroad tracks.

The seventh area is the largest one considered. It includes Towle Memorial Park, Bassridge Addition, a strip of land 330 feet wide east and 300 feet wide west of the Big Spring Highway to and including the area surrounding Cogdell Memorial Hospital.

The eighth area is west of town and includes the area north of the Lamesa highway surrounding and including radio station KSNY, and 300 feet north of Twenty-ninth Street back to the city limits.

The ninth area is in north Snyder from Huffman Street to Snyder Street on the east side of the Clairemont Road and includes two blocks of land.

In other actions the council approved giving a quit claim deed to the record owners of lots 3, 4, 6, 7, 11 and 20 of the Cody Heights Land Sub-Division. Taxes have been paid on the lots for a number years by parties who did not have clear title because of a sheriff's sale held in 1911 in which the city was involved to collect taxes then delinquent.

Approval was given to the Army Recruiting Service to park a missiles display truck in front of the Manhattan Hotel occupying three parking spaces from 9 to 11 o'clock the morning of Sept. 3, and to the American Business Club to park a bus on the north side of the square near the safety sign for a period of one day on September 1.

First reading of a plumbing code amendment was approved which will permit use of certain types of plastic pipe in lawn sprinkler systems.

The council also authorized Dunlap to purchase a 1958 model Ford dump truck with five-yard body from Scurry County commissioner precinct No. 3. Commissioner of the precinct is L. L. (Pat) Moore, who has agreed to sale of the truck for $1,950 to the city.

More Pupils Enroll

Enrollment in the Snyder school jumped to 3,855 yesterday afternoon after the schools completed most of their registration.

Some students have not registered yet and will do so tomorrow, when the system has a half-day session, or next week.

All school students are to go to their schools at 8:30 a.m. tomorrow, with high school and junior high students reporting to their auditoriums.

The elementary enrollments are accurate, since all those students registered for pre-school or during this week.

In the high school and junior high, however, most of the students pre-registered last spring, so accuracy of those enrollment figures will not be known until school begins.

By schools, enrollments so far are 924 at the high school, 695 at the junior high, 477, at West Elementary, 452 at East, 304 at Stanfield, 197 at Northeast, 485 at Central, 214 at North and 107 at the Lincoln School.

By grades, there are 461 first graders, 393 in the second, 362 in the third, 343 in the fourth, 299 in the fifth and 329 in the sixth.

The junior high has 380 in the seventh and 315 in the eighth. The Lincoln junior high has a total of 17.

In the high school there are 270 freshmen, 242 sophomores, 216 juniors and 196 seniors.

The Lincoln high school has a total of 25.

Boy, 5, Has Close Shave

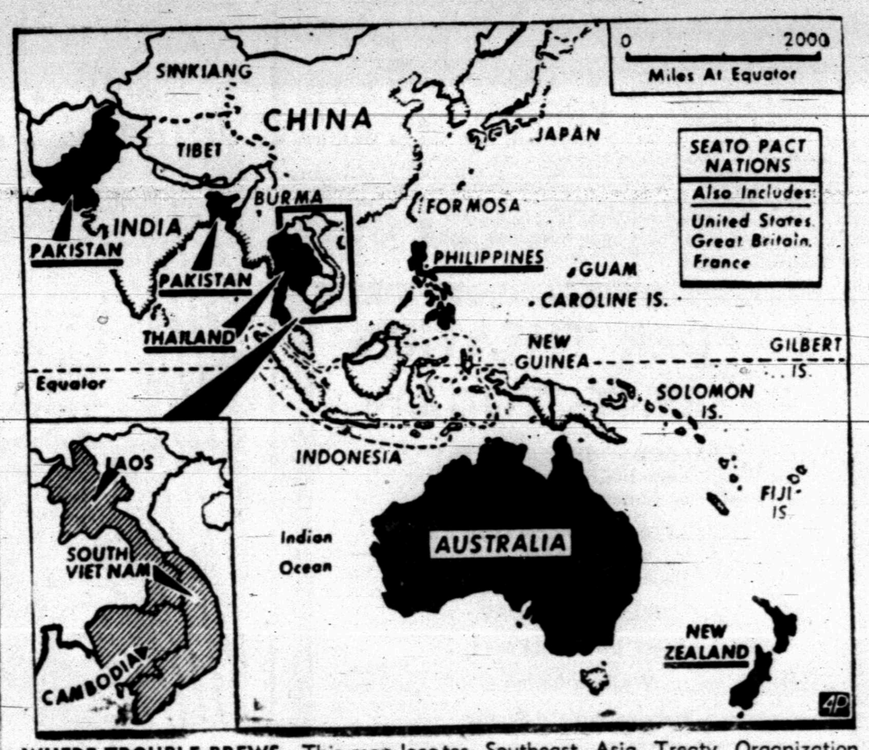

BOSTON (AP)—Bobby Eaton is alive today because Helen Slattery has a habit of looking out the kitchen window to see how the kids in the back yard are getting along.

When Mrs. Slattery looked out the window Wednesday she let out a frightening scream. She saw Bobby hanging by his neck from a clothesline.

Bobby, who is 5, had climbed on a shed, peered over the edge and toppled onto the clothesline. Two lines noosed his neck and his flailing arms and legs only increased the pressure on his throat.

George Slattery heard his wife scream, picked up a knife, ran into the yard and cut the clothesline. Other neighbors applied artificial respiration and Bobby was rushed to a hospital.

Doctors said he was rescued before serious damage was done.

WHERE TROUBLE BREWS—This map locates Southeast Asia Treaty Organization nations in Asia and the south Pacific. The government of Laos claims armed threats by Communist rebels is growing steadily more serious. However, Laos has not asked aid from the United Nations or from SEATO. (AP Wirephoto Map)

More U.S. Aid Is Headed For Laos

By LEWIS GULICK

WASHINGTON (AP) — American aid in increased amount was earmarked for Laos today amid hopes that the tiny Kingdom's own troops can cope with Communist attacks.

The State Department announced Wednesday the U.S. step-up in aid—following an urgent appeal from the Laotian capital of Vientiane—in order to boost the size of Laos' 25,000-man army and supply it with light equipment ranging from small arms to tents.

The United States already has been pouring in aid at the rate of about 30 million dollars this year, two-thirds of it to take are of the Laotian army payroll.

How much more money will be added, and how big a Laotian army and local police force will be subsidized, was not disclosed. The Southeast Asian country had about 30,000 men in its army when the 1954 Geneva armistice ended the Indochina war. Its local village militia total 16,000.

Rep. Samuel S. Stratton (D-NY), a member of the House Armed Services Committee, urged that America send Marines to Laos and station an aircraft carrier in the area.

State Department press officer Lincoln White, however, said he knows of no plan for intervention by American troops or by the Southeast Asia Treaty Organization.

The SEATO defense organization which includes the United States and seven other nations with Southeast Asia interests was scheduled to meet here in unusual session late in September. But officials hoped the heavier U.S. aid, plus some U.N. support sought by Laos, would take care of the Red menace.

White pointed an accusing finger at neighboring North Viet Nam, Communist China and Moscow in denouncing the attacks by Communist rebels which have centered on northern provinces along the border between Laos and North Viet Nam.

Reports on just what is happening in Laos' mountains and jungles are still sketchy here. Estimates on the number of Reds who are inside the kingdom's borders now range from 800 to 3,000. Communist infiltrators are said to have spread widely in the past few days, but only minor skirmishes have been reported.

Washington has no official word of Red Chinese troops entering the fray. The Vientiane government says the rebel bands are being trained and supplied by North Viet Nam, and in some cases led by North Vietnamese officers.

Reds Infilter Quarter Of Laos Province

By DAVID LANCASHIRE

VIENTIANE, Laos (AP)—Communist rebels have infiltrated at least 25 per cent of the northern province of Sam Neua, Brig. Gen. Amkha Soukhavong said today.

The general is commander of the northern zone and is second in command of the Laotian armed forces.

He told a correspondent in his Sam Neua headquarters that about 40 per cent of the population in the province supports the rebel movement, at least passively.

The general said two Communist north Viet Nam officers — a major and a captain — had surrendered to Laotian paratroopers in the northern province.

Their presence did not necessarily back up Laotian claims that north Vietnamese troops are active in Sam Neua. The Red officers told the correspondent they had deserted in north Viet Nam and crossed the border into Laos because they were disgusted with conditions in the northern army.

The officers said south Vietnamese in the Red army had tried to revolt recently.

A government spokesman said there had been no reports of military action in the past 24 hours in the eight provinces where rebels are operating and trying to re-establish the Red Pathet Lao organization. The Pathet Lao once controlled the two northern provinces of Sam Neua and Phong Saly.

Observers returning from the town of Sam Neua, which Gen. Amkha claims his troops can hold in case of attack, say there is little air of urgency in the mountainous center.

Ike Ends Bonn Visit; Pledges Firm Stand

BONN, Germany (AP) — President Eisenhower wound up his talks in Germany today with a pledge to protect the people of West Berlin and to stand fast with America's Western Allies against the menace of Soviet Communism.

Eisenhower conferred for 5½ hours with Chancellor Konrad Adenauer and the two issued a communique pronouncing the Western alliance "of utmost importance to world peace."

The two governments, the communique said, hold mutual cooperation "one of the pillars of the foreign policies of the two countries."

Eisenhower told a news conference he saw no evidence here of disunity among the Western Allies.

At the same time the President said he believes closer unity of the nations of Western Europe "is really the hope for salvation of the world."

The statements added up to a firm assurance by the President that in his forthcoming talks with Soviet Premier Nikita S. Khrushchev he will do nothing to undercut the NATO alliance.

Eisenhower emphasized he will hold "conversations and not negotiations" with Khrushchev.

The communique said Eisenhower "referred once again to the pledge given by the United States and its allies to protect the freedom and welfare of the people of Berlin."

Eisenhower and Adenauer, the communique said, engaged in "a private detailed discussion on worldwide political questions."

It listed some of them: Disarmament, Berlin and German reunification, European integration and Allied unity.

Eisenhower left Bonn with the ringing cheers of the West German public. When he walked from Adenauer's Palais Schaumburg, thousands were lined up to say goodby.

Cries of "I like Ike" were heard. Some spectators threw bouquets of flowers.

Eisenhower waved back, beaming with delight.

He then took off in a helicopter for Wahn Airport en route to London and talks with Prime Minister Harold Macmillan. Adenauer accompanied him in the helicopter. Crowds broke through the police lines at the helipo... to pat him on the back.

Before returning to the United States Sept. 4, he will visit Paris for discussions with President Charles de Gaulle.

Eisenhower told his news conference he believes Adenauer shares his view that the Khrushchev-Eisenhower talks may "melt a little of the ice" in the cold war.

"I think so," the President said in response to a reporter's question. "At least that was the impression I got."

As to whether the 83-year-old German leader indicated any misgivings about the Soviet-American talks, Eisenhower replied: "I will certainly say I saw no indication of that."

Eisenhower talked with Adenauer 2¼ hours. Only an interpreter was present during more than half the meeting.

The President leaves for London late today for five days of talks with British leaders. He will wind up with two days in Paris.

In response to a question, Eisenhower said he and Adenauer discussed no new proposal for settling the dispute over Berlin.

He was asked whether he and Adenauer discussed problems dealing with France.

"We have to talk about France because we are talking about NATO. And France is a very important part of NATO. So I can assure you that we talked about France very considerably," he replied.

Again Eisenhower provided no detail. France is expected to demand a larger role in NATO when Eisenhower opens his talks in Paris.

Eisenhower came to Europe against a background of reports of disunity among the Western Allies on how to deal with the Soviet Union.

Asked whether he had seen any evidence of a weakening of unity, Eisenhower replied forcefully that he has not.

He added that on the contrary he has not "heard one single dissident word" that would indicate any deterioration of Allied firmness.

The President said in answer to a question that he was unable to say whether his visit to Europe might result in new East-West talks on disarmament. He added that his advisers are constantly reviewing that situation — going over, as he put it, "any sins of omission or commission."

After the session the President returned to Adenauer's headquarters for lunch and a resumption of their talks in advance of Eisenhower's departure for London.

Quake Kills 10 In Southern Mexico

By JACK RUTLEDGE

MEXICO CITY (AP) — Southern Mexico today counted at least 10 dead following the nation's worst earthquake of the year. Communications were still out to many points, and some estimates of the toll went as high as 40 dead.

The quake hit about 2:20 a.m., Wednesday, spreading destruction and panic across the six tropical states of Veracruz, Oaxaca, Campeche, Yucatan, Puebla and Tabasco. The heaviest shocks apparently were felt on the Isthmus of Tehuantepec, narrowest Mexican point between the Gulf of Mexico and the Pacific.

Subterranean rumbles accompanying the earth shocks added to the panic.

Officials said the number of injured may reach 130, or more.

Jaltipan, a small town 25 miles from the Gulf Coast in southern Veracruz state, apparently was hardest hit. An official report said seven were killed there. But Pemex, the government oil monopoly said its Jaltipan office reported 20 dead, 130 injured and between 60 and 80 per cent of the town's buildings damaged.

Acayucan reported two deaths and 40 injuries. An official report said there was another death at Chinameca and an undetermined number of Sayula.

Seismographs recorded the quake at force 7 on a scale whose maximum is 10.

Highways were cracked. Four wharves at Coatazacoalcos were shaken into the Gulf of Mexico. Radio towers buckled. Railroad tracks were twisted over a wide area, halting traffic. Power, telegraph and telephone lines were down.

Panic was reported in Loma Bonita, the heart of Mexico's richest pineapple area, in the state of Oaxaca. There was panic, too, some 350 miles away in Progreso, on the Yucatan Peninsula, and in Jalapa, Fortina des las Flores, Oluta, Arriaga and in scores of other towns.

Heavy rain was falling in Loma Bonita, and scantily clad citizens were soaked as they fled into the streets and fell to their knees to pray.

The government acted promptly, sending aid by road, air and sea. The Defense Ministry threw in troops to aid victims and guard against looting.

Crews began repair of highways, railroad and bridges, and put up emergency radio towers to transmit messages.

Helicopter Crashes

WESTOVER AIR FORCE BASE, Mass. (AP) The 8th Air Force announced today that five passengers and two crew members were killed Wednesday when a helicopter crashed about 11 miles north of the Thule base in Greenland.

Names of the victims were withheld pending notification of next of kin.

Noted Hit Booked Here This Season

The Snyder Civic Music board of directors this week restated its policy to bring a wider variety of top entertainment to this area after voting to become an independent organization.

"We felt that the civic concert service in New York was not doing the job for us that it should and that it did not offer enough variety," Tim Dennis, president of the organization said in announcing the vote for an independent group.

The group also decided to change the name of the organization to Scurry Concert Association.

The association will be operated in a manner very similar to last year's with the exception that it will have an even greater variety of presentations available for the organization's selection, Dennis said.

Already booked for the coming season is the Broadway hit, "The Dark at the Top of the Stairs," starring stage and screen actress Joan Blondell.

This will be Miss Blondell's first national tour and possible her last for awhile, Dennis said, adding that later in the season she is to begin filming a new television series.

At least two other attractions will be booked at the conclusion of the membership drive, which will begin Sept. 12, Dennis said.

Johnson Has No Fear Of Khrushchev Visit

MINNEAPOLIS (AP) — Americans must and will—stand behind President Eisenhower in making the visit of Soviet Premier Nikita Khrushchev serve the nation's best interest, Sen. Lyndon B. Johnson (D-Tex) told the American Legion National convention today.

"I have no fears that Mr. Khrushchev can contaminate the American people," the Senate majority leader said. "We can take in stride the best brainwashing he can offer. Our problem is to see to it that Khrushchev will have a true picture of our country, a true picture of our people and our purpose."

Johnson spoke as Legion delegates prepared to vote on foreign relations resolutions, some reportedly aimed at condemning the Khrushchev visit and calling for a tougher stand against the Soviets in the cold war.

Legionnaires have remained critical of the Khrushchev tour even after a talk in support of it before the convention Tuesday by Vice President Richard M. Nixon.

In his prepared text, Johnson said this country could gain by opening Khrushchev's eyes to its progress because "we have no fear of the truth."

But he warned that the Soviet leader might "like to make a deal with a marked deck."

"He probably would like to divide the world into two spheres of influence with a nice, big slice marked out for the Soviet Union," Johnson said. "But the American people are not going to make such a deal. We do not believe in a world divided into spheres. We believe in a world where people have a freedom of choice.

"And so long as there is a Soviet sphere of influence which includes Hungary, Poland, East Germany and other satellites no one can say that this is a world of free choice."

AFL-CIO President George Meany, another speaker, echoed Johnson that Soviet-American problems cannot be dissolved with Khrushchev's visit.

"Americans must judge the Soviet leaders by their policies, their objectives and deeds and not by the sweet words and jovial manners which have been especially planned, I am sure, for Khrushchev's visit," Meany declared in his prepared speech.

Citing the Soviet premier's often-voiced determination to defeat the United States in peaceful competition, the AFL-CIO leader asked:

"Why then is the Soviet Union so feverishly at work building a colossal military machine and why is Khrushchev in adamant opposition to world disarmament through effective international inspecti...?"

Meany said that only the military strength of the Western free nations had deterred the Kremlin thus far from war aimed at a "made in Moscow" peace.

"We must never allow the Soviets to talk us into surrendering any position vital to the security of our nation and the free world," Meany said.

Temper of the 41st national convention was foreshadowed Wednesday when approval was given a resolution opposing any cultural exchanges between the United States and the Soviet Union.

Many Areas Get Rains

By The Associated Press

Cloudy skies continued to dump heavy rains over much of Texas Thursday in the wake of downpours that caused flash flooding Wednesday.

Rains of up to 3 inches extended from the Gulf Coast into Central Texas. Rains also fell Thursday in North and Central West Texas.

Cransfil Gap in Central Texas reported 3 inches. Sections of Bee County had 2.90 inches. Three Rivers had 1.36 inches and George West 1.10.

Houston had 1.96 inches for the 24-hour period ending at 6 a.m. Other reports included Gatesville 2.47, Lexington 1.38, Georgetown 1.38, College Station 1.23, Austin 1.37, and Beaumont .93. Numerous points reported lesser amounts.

Special Session Hinted If New Housing Bill Is Vetoed

By B. L. LIVINGSTONE

WASHINGTON (AP) — House Republicans speculated today about a special session of Congress if President Eisenhower vetoes the compromise housing bill coming up for debate in the House.

The President has dropped a few hints along these lines, but said nothing definite before he left for Europe Wednesday.

Eisenhower vetoed a much larger $1,375,000,000 housing bill passed by congress last month. An attempt to override the veto failed. Then the Senate passed a pared-down $1,050,000,000 compromise and sent it to the House.

In his special message to Congress two days ago, the President pleaded for an increase in the Federal Housing Administration's loan insurance authority. He said it should not be "contingent upon the possibility of approval by the President, after the Congress has adjourned, of legislation which contains features that the administration finds seriously objectionable."

The FHA loan authority the President wants is included in the housing bill. Eisenhower was saying pretty plainly that he doesn't like some features of the compromise housing bill and doesn't want the FHA matter tied to it in case he vetoes the housing bill.

But as the new compromise bill came to the floor, Democratic leaders were warning it was this or nothing.

Rep. Albert Rains (D-Ala), chairman of the Housing subcommittee, declared "If we don't pass this bill, there won't be any—in spite of what the President says."

Republican Leader Charles A. Halleck of Indiana said Eisenhower's special message to Congress was "a clear warning the Democrats may be inviting trouble."

Rep. Leo E. Allen (R-Ill), ranking Republican member of the House Rules Committee, said a veto "would be important enough to recall Congress in special session."

"And I personally don't see how the President can sign this bill," Allen added. "It's just as expensive as the one he vetoed."

Another matter is the President's request for repeal of the 4¼ per cent interest rate ceiling on government bonds maturing in five years or longer. Speaker Sam Rayburn (D-Texas) pronounced this proposal dead for this session.

Rep. Gordon L. McDonough (R-Calif), GOP housing leader, said he considered "housing and interest rates good reasons for a special sessi..."

WEATHER

SNYDER TEMPERATURES: High Wednesday, 93 degrees; low, 65 degrees; reading at 7:30 a.m. today, 68 degrees.

East, South Central and North Central Texas: Considerable cloudiness with scattered thundershowers this afternoon becoming partly cloudy with widely scattered thundershowers tonight and Friday.

Northwest and Southwest Texas: Partly cloudy and warm through Friday with widely scattered afternoon and evening thunderstorms.

West Gulf: East and southeast winds 15 to 20 mph with widely scattered showers through Friday.

FHA WORKSHOP LEADERS—A workshop for county supervisors and assistants of the Farmer's Home Administration is being held here today. Pictured above from left are Milton A. Stinson, area 18 supervisor from Colorado City; John M. Russell, Mitchell County supervisor from Colorado City; Joseph E. Box, Scurry-Kent County supervisor; and Heber T. Stewart, farm management and loan officer for Texas from Dallas. (Lee Watson photograph)

FHA Supervisors In Session Here

Farmers Home Administration supervisors from a 14-county area were meeting in Snyder today for a workshop of FHA Area 18.

Joe Box, local FHA supervisor, was host for the meeting, at which Heber Stewart of Dallas, state FHA farm management specialist, and M. A. Stinson of Colorado City, area supervisor, presided.

During the morning the group met in the Scurry County FHA office for a portion of the workshop.

Later the group was to make a tour in this immediate area to the farms of four FHA borrowers, including those who were filling trench silos with ensilage to be used for later feeding.

During the workshop the group discussed economics of cattle feeding and other sources of cash income.

In this afternoon's tour the group plans to visit three farms in the Snyder area.

Box said that the farms selected would give the supervisors a chance to see a variety of different projects.

Persons attending include Box, Stewart, Stinson, Delton M. Costlow, Stanton, Martin-Midland-Ector - Andrews Counties supervisor; Robert C. Land, Rotan, Fisher County supervisor; William H. Gaston, Rotan, assistant Fisher County supervisor; Fred T. Ross, Big Spring, Howard County supervisor; John M. Russell, Colorado City, Mitchell County supervisor; Francis A. Winn, Colorado City, assitant Mitchell County supervisor; Ermon A. Miller, Lamesa, Dawson County supervisor; Paul C. Shillingburg, Sweetwater, Nolan-Coke Counties supervisor; and Cy Henson, Lamesa, assistant Dawson County supervisor.

Group Will Visit Three Area Ranches

Three Scurry County cattle ranches will be included on the agenda of the annual tour of the Howard-South Plains Hereford Association Saturday.

The group on the tour will also lunch in Snyder, holding a barbecue at 12:45 p.m. in Towle Memorial Park.

Ranches in this area to be visited by the group will be the Winston Bros. Ranch, two miles south of here, at 2 p.m., Holmon Odom Hereford Ranch, 12 miles northeast at Ennis Creek, at 2:50 p.m., and Whitt Thompson Hereford Ranch, 15 miles southwest of here at Knapp, at 3:50 p.m.

During the tour members of a selection committee will pick bulls for the annual sale to be held at Big Spring early in January.

The tour, which will begin from Big Spring at 8 a.m., will include the Cauble Hereford Farm eight miles southwest of Big Spring, Buchanan Herefords 10 miles northeast of there, Leland Wallace Hereford Farm nine miles northeast of Big Spring, C. A. Walker Hereford Farm 13 miles northeast of Big Spring, and Jack Buchanan Hereford Farm 18 miles north of Big Spring, all before lunch here.

After visiting the three Scurry County ranches the group will go to the F. A. Youngblood & on Ranch 14 miles east of Lamesa.

The largest stained glass window in Euope has been placed in the Cathedral of Nantes in the Brittany region of France. Nearly 2,000 square feet in area, it is made up of 30,000 pieces of glass.

Rites In Stamford For Mishap Victim

Funeral services were to be held in Stamford at 4 p.m. today for James Lester Smith, 29, Snyder man who was accidentally electrocuted near here Tuesday.

The body was taken by Bell Funeral Home to Stamford, where Kenney Funeral Home is in charge of arrangements. The Funeral was to be in the Kenney chapel.

Smith, an employe of Dubose Water Well Drilling Co., was on a truck guiding a mast pole while the truck backed up to a water well, when the pole struck a high voltage line early Tuesday afternoon.

The accident occurred 22 miles northwest of here on the Gulf Oil Co. Browning lease.

Ex-Scurry Farmer Tops At Hereford

F. L. Eicke, who formerly farmed about six miles east of Snyder, yesterday was named outstanding farmer of the year of the Hereford area.

Eicke had been at Hereford only two years.

There he farms a section of land. This year he has 410 acres of combine maize, 100 acres of wheat and hog and cattle programs.

The entire section is irrigated, and on the land Eicke is doing his first irrigation farming.

He was highly complimented by agriculturalists of the Hereford area for his efficiency in irrigation. Eicke has no waste in his water program.

Nominees for the award were graded on farming ability, farm management and proper use of land available. Before moving to Hereford Eicke was considered an outstanding farmer here.

The plaque award was made yesterday at the meeting of the Hereford Lions Club in cooperation with agricultural agencies of the Plains.

Main speaker at the meeting was Virgil L. Lee, past president of the Federal Intermediate Credit Bank of Houston.

Attending the program from Snyder were J. E. Perry, Weldon Perry, J. N. Eicke and Aubrey Headstream.

PUBLIC RECORDS

MARRIAGE LICENSES ISSUED:
John David Hamblen, 21, 2608 Thirty-fourth Street, and Madeline Sue Loving 19, 1616 Hughes, Amarillo.

FILED IN CIVIL DISTRICT COURT:
Arthur Townsend vs. Combined American Insurance Co., insurance policy.

WARRANTY DEEDS RECORDED:
Mr. and Mrs. M. A. Gleghorn to Neil Holder, tract in section 483-97-H&TC, except minerals.

NEW VEHICLES REGISTERED:
Mary Jo Harrell from Lamb Chevrolet Co., 1959 Chevrolet two-door.
W. S. Bruner, Justiceburg, from Wilson Motors, 1959 Ford four-door.
C. V. Shirley, Seminole, from Roy V. Lashoway Trailer Sales, 1959 Nashua house trailer.
Pasotex Pipe Line Co. from Modern Chevrolet, Lubbock, 1959 Chevrolet pickup.

HOSPITAL NOTES

COGDELL MEMORIAL

ADMISSIONS — Flora Crowley, Gen. Del.; Barbara Sutton, 803 Twenty-eighth Street; Eva Louise Schwab, Gen. Del.; Dora Preston, 507 Twentieth Street; Mattie Shaw, 3504 Avenue M, Clarendon; Flu Vanna; Annie Shied, Lamesa highway; Ruby Holeman, 2909 Harrow Drive, Billings, Mont.; Vicki Wise, Sunray Camp; Lavell Lloyd, 404 Thirty-first Street; Thelma Spuriell Trailetopia; Oreon Carey, Gail; Janette Brown, 103 Browning; Joyce Burke, 2805 Avenue H; Myrna Young, 1901 Coleman; Peggy Oliver, 3758 Avondale; Kenneth Ivison, 1111 Twenty-fourth Street; Sacora Chaidez, Avenue T.

DISMISSALS — R. A. Hardee, Route 1; Everett Holt, 1208 Twenty-seventh Street; Christine Menger, Route 1; Dorothy Skinner, 707 Twenty-seventh Street; James Kimbrell, Route 1.

A new 11,500-ft. airstrip, the longest in the Pacific, will be completed in June, 1961, in Papeete, Tahiti's capital.

There were 1,411,000,000 pounds of cheese manufactured in the United States in 1957, requiring about 11 per cent of the total milk produced.

12,000 At Church Meet

SAN ANTONIO (AP)—Churchmen flocking here as delegates to the biennial convention of the Assemblies of God overtaxed lodging facilities here today.

Sessions of the 28th General Council opened Wednesday night with a keynote sermon by the Rev. Ralph Riggs of Springfield, Mo., general superintendent of the denomination.

Speakers today were the Rev. Murray McLees of Eug[illegible], Ore., and the Rev. Robert Ashcroft, president of Central Bible Institute in Springfield.

BIRTHS

Mr. and Mrs. Randall Oliver, 3758 Avondale, are parents of a nine-pound, nine-ounce daughter, born at 7:17 p.m. yesterday in Cogdell Memorial Hospital.

A daughter weighing six pounds five ounces was born at 7:55 p.m. yesterday in Cogdell Hospital to Mr. and Mrs. George Wise, Sunray Camp.

Born at 8:16 a.m. yesterday in Cogdell Hospital was a seven-pound daughter to Mr. and Mrs. Billy Bob Sutton, 803 Twenty-eighth Street.

MAPLE MARVELS, they are called. Crispy, chewy meringues filled with a delightfully flavored - with - maple cream. The filling is made with sweetened condensed milk.

Light And Luscious Maple Marvels, A Festive Dessert

Here's a party dessert that's easy enough to make for a family treat. These maple marvels have meringue shells, with a filling of condensed milk combined with maple syrup and whipped cream.

Sweetened condensed milk and maple syrup, cooked together in the top of a double boiler, form a rich, smooth, creamy filling. Just stir it occasionally as it cooks and thickens. Instant coffee and chopped nut meats are added to give the filling added interest.

Meringues require so little heat that baking them does not heat up the kitchen. One method is to put them in a pre-heated 400 degree oven and leave them in for the night. They will be done in a few hours, but they can pass the night in the cooling oven, and there they will be in the morning, lightly browned, sweet and crunchy.

MAPLE MARVELS
(Makes 8 servings)

1 (2.05 ounce) envelope meringue mix
2-3 cup sugar
1-3 cup water
2-3 cup (1 1-2 15 ounce can) sweetened condensed milk
3 tablespoons maple syrup
2 tablespoons instant coffee, as it comes from the jar
1-4 teaspoon vanilla extract
1-2 cup chopped nuts
1 cup heavy cream

Prepare 8 meringue shells from mix, sugar and water according to package directions. Cool. Combine sweetened condensed milk, maple syrup and coffee in top of double boiler. Cook over boiling water, stirring occasionally, 15 minutes; or until well thickened. Remove from heat; stir in vanilla and nuts. Whip cream; fold into maple-coffee mixture. Fill meringue shells. Chill until ready to serve.

WEIGH-IN

Chicken lobsters weigh from three-quarters to one pound; jumbos weigh over two-and-one-half pounds.

Parboil Peppers

It's a good idea to parboil green peppers before stuffing and baking them.

Woman Stares Straight At Death

COACHELLA, Calif. (AP) — "Right now," said the highway patrolman, "we're just listing it as a traffic fatality."

But there was more than that to the strange death of Jean Elizabeth Wood.

She stood on Highway 99 Wednesday miles from civilization and stared death in the eyes. The eyes were the headlights of a huge truck bearing down on her.

She didn't budge. The truck driver didn't see her. He just felt a thud.

Her body was thrown 100 feet from the point of impact.

Authorities today were still trying to figure it out. The 26-year-old woman was wearing a black party dress, in the middle of nowhere. She had no car nearby. The nearest house was miles away. Coachella, the closest town, was 20 miles north.

James Frye, 25, of South Torrance, Calif., saw her killed. He had driven by, ahead of the truck, and almost hit her himself.

"Suddenly there she was in front of me," he said. "I slid off the road. I couldn't believe it—a girl there in the desert.

"What are you doing?" I shouted. She just stood there and stared. I looked over at the. I started to get out and grab her, because I saw this truck coming. But there wasn't time. She was looking at the truck when it hit her. It was terrible."

The truck driver, Fredrich Widemann of Artesia, Calif., found her body. Frye didn't want to look.

Later a newsman talked with one of the operators of a Riverside hotel, where the woman had lived since June 24.

"She was very depressed last night," the hotel operator said. "She was almost crying. She worked as a waitress at one of the bars here at one time. She told me last night she hadn't worked for two or three weeks."

She didn't have a car, but Riverside police said she was driving one Tuesday night. She got a ticket for speeding.

Authorities located the woman's mother in Spokane, Wash. "I don't know what to think," said Vera Hardy. "We haven't heard from her since she visited here last May."

Mrs. Harty said her daughter had been married three times and was separated from her third husband. Mrs. Harty is caring for her two children.

Solons Disagree On Daniel Veto Of Old Folks Home Plan

AUSTIN (AP) — Gov. Price Daniel's veto of plans for new homes for old folks promised disagreement among House and Senate appropriations leaders.

"It's the prerogative of the governor to make any vetoes he wants," Sen. William S. Fly of Victoria told the Associated Press.

"The veto surprised me," said Rep. Williams S. Heatly, Paducah.

Daniel knocked out the $1,216,000 appropriation aimed at constructing old folks quarters in Vernon, Austin, Kerrville and other cities. At the same time, the more than 50-year-old Confederate home at Austin would be emptied. It now holds 800 aged Texans.

The governor took the action Tuesday when he signed the $218,000,000 general spending bill to pay for the state's operations the two years beginning Sept. 1.

Fly and Heatly headed the joint conference committee which worked out the spending bill.

Daniel said he eliminated the quarters for seniles because the state doesn't have the responsibility, the money wasn't requested in the budget he received and "the state policy should be to get these unfortunate people in private rest homes near their families rather than making them permanent patients of our hospital system."

Raymond Vowell, executive director of the hospital board, said a supplemental request for the quarters was made. He said about 5,000 seniles are now under the board's care.

"We are not supposed to hold any except those that are insane," Fly said. "As a practical matter we know we hold some that are not insane and that's an unfortunate situation. That comes out through the situation that too many young people don't want them around."

Heatly said the state has taken care of seniles for numerous years, adding: "They have always been considered a responsibility of the state government. I don't know of any legislative act that has relieved us of that responsibility."

Heatly said the Confederate home is a "fire trap." Vowell agreed, but Fly said, "I've seen a fire report on the confederate Home and it's in pretty good shape."

Heatly also disagreed with the governor knocking out a $1,693,000 appropriation for the Legislature's between - session expenditures. Daniel said $333,000 appropriated earlier was enough.

Heatly said the money is needed to put a new carpet in the House chamber and refinish desks. Some money also would go to fix individual offices for representatives and operate between-session committees. The Senate got a new carpet last year. Senators have separate offices.

Ryan School Sets Registration Here

Registration will be held Friday and Monday for students who are to attend the Katherine Ryan School here.

The parochial school will open Sept. 1 with first through seventh grades. A kindergarten operated in conjunction with the school will open Sept. 8.

The Rev. Edward Chrisman, superintendent of the school, said 110 to 125 students are expected this year, including about 25 first graders.

The seventh grade is being added this year, and addition of that grade meant addition of one teacher. Rev. Chrisman said some regular teachers are due here from Spain in November and that substitutes will be used until they arrived. Principal of the school is Sister Maria Rubie.

Registration for first graders will be held from 9 a.m. to noon Friday, while those in second through seventh grades will sign up from 9 a.m. to noon Monday.

Rev. Chrisman said there will be no tuition charge for parish members but that non-members will pay tuition of $20 monthly. All must pay the cost of books, but 75 per cent of that will be returned at the end of the school year.

The kindergarten will have classes from 9 a.m. to noon daily after it opens Sept. 8. Tuition will be $15 a month.

Those desiring to enroll children in the kindergarten have been asked to contact Mrs. Lowell Carson, teacher, at HI3-3679.

The Katherine Ryan School is at 109 Thirty-first Street.

Ike's Order Gives Parley More Time

WASHINGTON (AP) — An order by President Eisenhower to hold off any U.S. nuclear tests for another two months gives the Geneva negotiators more time to work out an agreement for an international ban.

The Geneva talks, started last Oct. 31, were recessed Wednesday for six weeks. Ambassador James J. Wadsworth, the U.S. representative, must return home for the start of the U.N. General Assembly session next month.

America's self-imposed ban on atomic blasts was to expire a year from the opening of the Geneva conference, but Eisenhower has ordered the deadline extended to Dec. 31.

Both Britain and the Soviet Union, the other two atomic powers, also have kept the lid on nuclear testing since last fall.

Eisenhower acted in face of continued pressure from some military, atomic energy and congressional officials to resume atomic shots.

They argue that a halt on improving these weapons through testing boosts the relative strength of the Communists.

But Eisenhower's action was praised by Sen. Hubert Humphrey (D-Minn), chairman of the Senate Disarmament subcommittee. He said the President's action "holds out some hope that a controlled cessation of nuclear weapons tests may be negotiated."

Doubts Cast On Reports Of Mercury

COLD BAY, Alaska (AP) — Is there a fabulously rich vein of mercury in southwestern Alaska as a Norfolk, Va., Air Force enlisted man contends?

Alaska officials said Wednesday they didn't think so and cast doubt on reports by Sgt. Thomas L. Howlett that he has inherited claims to a cinnabar lode worth 40 million dollars and perhaps more.

Wallace G. MacNice, deputy U.S. commissioner, said Howlett, now stationed at Castle Air Force Base near Merced, Calif., had filed six claims in the Chignik area, 200 miles northeast of here.

But, said MacNice, Howlett filled them out incorrectly and the claims were returned with instructions to refile them. They have not yet been received here, he said.

Howlett said he inherited the claim from the late Cora Dinsmore, a crippled widow he had befriended. However, MacNice said records here, which go back to 1869, fail to mention any persons named Dinsmore.

Howlett claims he found 12 to 18 miles of solid, thick cinnabar veins when he went to the Cold Bay area to check out the claims.

"There may be mercury in that area," one Alaska official stated, "but anything that size would be fantastic."

MacNice also expressed doubts of the size of the lode. The six claims "couldn't be that big under current laws," he said.

Howlett isn't worried.

Speakers Are Heckled By Union Men

TEXAS CITY (AP) — An estimated 1,000 striking union employes of the American Oil Co. refinery here heckled speakers at a back-to-work meeting Wednesday night, then walked out at the call of one of their leaders.

The walkout, apparently stymied efforts to launch a back-to-work movement at the refinery where some 1,200 employes have been on strike for eight weeks in a dispute over job classifications.

Jim Brigance, a member of the back-to-work committee, told newsmen, "There are a lot of men who want to go back to work but apparently they are afraid to do so."

There was no immediate comment from plant manager B. F. Babin. The company sent letters to all striking employes offering them a choice of returning to work by Wednesday or being replaced.

Babin said the deadline is being extended until Saturday to determine what workers will be replaced. He said more than 100 men have written letters saying they want to return to work and a greater number had telephoned to say they would like to return but dare not for fear of retaliation. He did not say whom they feared.

Brigance called the back-to-work meeting to order last night in the municipal recreation center and immediately the hall was filled with yells of "Let's go home," whistling and catcalls.

Shouting and whistling continued until Al Grospiron, secretary-treasurer of Local 4-449 of the Oil, Chemical and Atomic Workers, told the crowd under the rules of the local and international union, business could only be discussed at a meeting called by union officers in the local's hall or at the plant.

"As an official of the local I can not in conscience remain here," he said. "I am leaving."

As Grospiron left, the hall the crowd, except for a handful, cleared the auditorium.

Imposter Unmasked On His Third Try

PHILADELPHIA (AP) — Apparently, as police tell it, Walter Brunson had a good credit rating.

So, officers relate, a friend, John Stockman, posed as Brunson twice in securing loans totaling $490 from two different firms.

But the third try with still another firm proved to be Stockman's downfall. Brunson himself earlier had secured a loan from the same company.

As a result Stockman ended up in jail Wednesday.

Ice Cream Vendor Robbed By Youths

BROCKTON, Mass. (AP) — Ice cream vendor Edward Taylor said three youths stepped toward his small truck from a car Wednesday, demanded some 10-cent ice cream items and refused to pay.

Taylor objected, he said, until one of them drew what looked like a pistol and snarled, "How about it now?" Taylor said he stopped protesting and gave them 50 cents.

Air Force Crew Aids In Jupiter Firing

CAPE CANAVERAL, Fla. (AP) —An Air Force crew helped launch the Army's Jupiter missile on a 300-mile test flight Wednesday night.

The 60-foot Jupiter previously recorded 17 successes in 18 launchings over the maximum intermediate missile range of 1,500 miles. Wednesday night's shot was the first attempt to fly the missile at the minimum range.

Girl Friend Of Badman Is Arrested

LUBBOCK (AP) — Federal agents Wednesday night arrested Peggy Ann Frye, girl friend of a badman listed among the nation's 10 most wanted criminals.

She was arrested in a Midland motel on a warrant charging her with harboring Harry Raymond Pope, 39. She was to be transferred to Pecos today for arraignment before a federal commissioner.

Another of Pope's girl friends, Rita Louise Norris, 26, surrendered to Lubbock officials Wednesday.

Mrs. Norris, the widow of a notorious southwest gunman, also faces arraignment on a charge of harboring Pope, who stayed at large two weeks after having achieved a spot on the FBI's most-wanted list.

Vegetables, Fruits Are Plentiful

By The Associated Press

Texans can fill their market baskets with a variety of fresh vegetables and fruits, small turkeys and fryers—all plentiful at economical prices this week.

In the fresh produce department are pole beans, cabbage, sweet corn, small lemons, large limes, Thompson seedless grapes, extra medium yellow onions, bell peppers, sweet potatoes, tomatoes and West Texas round red potatoes.

Small turkeys, fryers, eggs, sandwich meats, frankfurters and most cuts of pork also are in good supply in most markets and at economical prices the Agricultural Marketing Service reports.

Browsing through the fresh produce this week may disclose slightly higher prices on Washington apples from Washington, avocados, bulk carrots, cauliflower, celery, nectarines and peaches.

Also noticeable are slightly lower prices on cucumbers, eggplant, lettuce, yellow squash, rutabagas and plums.

Indicative of the season is the first arrival of red delicious and jonathan apples. Also new in many markets are Colorado peaches, Tokay grapes, Wisconsin cucumbers and celery, Michigan cauliflower and onions from Colorado.

Most other items at Texas markets are unchanged in supply and price since last week. Foods in this category include bananas, grapefruit, oranges, turnips and pears.

Youth Is Held In Revenge Assault

JASPER, Ala. (AP) —A 17-year-old youth faces trial today on charges that he raped and robbed the wife of a school teacher at whom he was irked.

Sheriff Brunner Nix said James Harold Herron admitted attacking the 26-year-old woman at her home to get revenge because her husband blamed him for things [illegible] at Parrish High School.

SIMULATE SATELLITE FLIGHT—Air Force Capt. Leroy G. Cooper, Jr., (right, in helmet) tries controls of a satellite flight simulator before his simulated satellite takeoff, orbit and return to earth in the Navy's human centrifuge at Johnsville, Pa. With Cooper are Navy Lt. Malcolm S. Carpenter, left, and Navy Lt. Cmdr. Alan B. Shepard, Jr. The three members of the seven Mercury Astronauts are taking a week's training riding the whirling arm of the huge centrifuge. Carpenter and Shepard were among spectators watching Cooper's simulated flight. (AP Wirephoto)

Driver Unable To Pay Two-Cent Fine

OLATHE, Kan. (AP) — Ronald Gardner, 30, pleaded guilty Tuesday to driving his truck 52 miles an hour in a 50-mile zone.

Magistrate William S. Allen told the prosecutor he didn't want to see another similar case in his court. He fined Gardner 2 cents and said: "That's just what I think of this case."

Gardner said he didn't have the money. He had to leave a paycheck with the county clerk as security until he got the 2 cents.

Sweden's constitution, the eldest written constitution in force in Europe, is 150 years old.

Fat Overweight

Now available to you for first time without a doctor's prescription, our new drug called ODRINEX. You must lose ugly fat by 7 days or your money back. No more starvation diets, strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers or cookies, or chewing gum. ODRINEX is a tiny tablet and easily swallowed. Absolutely harmless. While you take ODRINEX, you still enjoy your meals; still eat the foods you like, but you simply don't have the urge for extra portions, because ODRINEX depresses your appetite and decreases your desire for food. Automatically your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX is sold on this GUARANTEE: You must lose weight within 7 days or your money back. Just return the package to your druggist and get your full money back. ODRINEX costs $3.00 and is sold with this strict money back guarantee by Snyder Drug Store — Mail Orders Filled.

California Judges Must Wear Robes

LOS ANGELES (AP) — Starting next month, it will be against the law for a California judge to hear a suit in a suit.

Whether he likes it or not, he must try black rogues in black robes.

In fact, this costume will be required for all trials. Because a new state law says: "Every judge of a court of record shall in open court during presentation of causes before him wear a judicial robe which he shall furnish at his own expense."

Some judges have been wearing robes on their own, but others think very little of such fancy get-up.

Superior Court Judge LeRoy Dawson, for example, calls the law "the most stupid piece of legislation I have ever heard of."

"I am waiting with bated breath," he said, "to see what kind of uniform the legislators order for themselves."

"Another effort to augment the principles of conformity that have been evident during the past 25 years in this country," grumbled Superior Court Judge Joseph L. Call.

Judge Call said he will conform. But he pointed to the state constitution, which says judges must swear to support and defend the state and federal constitutions — "and no other oath, declaration or test shall be required."

Robe wearing, call believes, is an unconstitutional test under this provision.

Superior Court Judge Arthur Crum, who has never owned a robe during his 28 years on the bench, commented: "I don't think you can make a judge out of a man simply by making him a clothes rack."

Superior Court Judge Frank G. Swain, put his complaint in poetry:

"Some judges do not wish to wear a robe in earthly courts.

"Of such apostasy, take care — it blackens their reports.

"The Judgment Day will weigh their worth by canon 67:

"Those who refuse a robe on earth will get no robe in heaven."

Texas REA Groups In Annual Meeting

HOUSTON (AP) — The 19th annual meeting of the Texas Electric Co-operatives, Inc., opened today with about 800 delegates from 78 rural REA systems here.

Reports were to be heard from O. W. Davis, Gonzales, president; Troy L. Mitchell, Kirbyville, secretary-treasurer, and J. R. Cobb, Austin, general manager.

David A. Hamil, REA administrator from Washington, and Walter Harrison Millen of Georgia, president of the National Rural Electric Cooperative Assn., will speak during the two-day meeting.

Mishap Injury Fatal To New Boston Judge

LITTLE ROCK (AP)—Injuries suffered in an auto crash Aug. 20 caused the death Wednesday night of Maxwell Welch, 44, judge of the 5th District Court at New Boston, Tex. He died in a Little Rock hospital.

Welch had served on the Fifth District bench since Jan. 1, 1952. He previously was a prosecuting attorney on the county and district levels.

Welch's car collided headon with a pickup truck driven by John J. Timms, 55, of Arkadelphia, Ark. Timms died last Thursday in a Hot Springs hospital.

Lincoln School To Open Grid Drills, 11 Lettermen Back

Fall football practice will begin this afternoon at the Abraham Lincoln School here.

Eleven of the 15 boys lettered at the school last year are returning, giving Coach Calvin Edwards a good beginning on improving the team's record of one tie and four losses during the 1958 season.

Last year was Lincoln's first full season at football, and the team had little experience at the game.

Edwards still has a young team. Only three of the youths on the squad are seniors.

Four of last year's lettermen are lost, including Quarterback Lloyd Hood, Halfback Joe Phillips, who was injured in an accident during the summer, Center Jack Newsome and Tackle J. B. Archie.

Edwards' squad of 18 boys will be working out two hours daily each afternoon as the team prepares for its season opener against Carver at Midland on the night of Sept. 19.

Other games scheduled by Edwards so far, all away from home, are against Carver of Amarillo Sept. 26, Lubbock Dunbar Oct. 2 and Odessa Blackshear Oct. 25.

Edwards said he expects to schedule three more games, including some at home, to be played on the high school stadium, possibly with teams from Big Spring, Plainview and Memphis.

Lettermen returning this year are Ends Randolph Williams and Gene Taylor, both sophomores; Tackle Johnnie Garcia, a junior; Guards John Choyce, sophomore, and Mack Taylor, freshman; Centers Charlie Archie, senior; and Buford Thompson, eighth grade; Quarterback Columbus Crayton, junior; Halfbacks James Choyce, senior, and Will Clay, junior; and Fullback A. C. Thompson, senior.

Williams will alternate at quarterback, and Clay will alternate at fullback. Hood was moved to quarterback after lettering at half and Thompson was moved to center after lettering at end.

Others on the squad include Gerald Davis, sophomore end; Willie Davis and Eunice Braziel, freshman, tackles; Kenneth McClain, and John Austin, freshmen ends; Ronnie Green, freshman and Roger Huntsman, eighth grade, halfbacks.

SCRIMMAGE IS SET BY GAIL, IRA GRIDDERS

Ira and Gail have scheduled an unusual grid scrimmage for tonight.

The scrimmage will be at 7:30 p.m. at Ira.

Ira has a six-man team, Gail an eight-man team, so they will play both brands of ball in the scrimmage.

While Gail is on offense it will use its eight-man lineup, and Ira will use an eight-man defense.

When Ira has the offense it will be a six-man game.

The two teams will scrimmage for about an hour and a half.

Both Gail Coach Eddie James and Ira Coach R. C. Taylor are preparing their teams for season openers Sept. 4.

15 Countries Will Be In Boxing Meet

MEXICO CITY (AP) — Fifteen countries have accepted invitations to compete in the third World Diamond Belt amateur boxing championships here next month, the local organizer said.

Ramon G. Valazquez said countries who have signified they will enter are Argentina, Australia, Canada, Venezuela, Colombia, Ecuador, Peru, Chile, Dominican Republic, El Salvador, Israel, Japan, Costa Rica, United States and Honduras. The championships will be held Sept. 16-19.

Hondo Gridder Hurt Fatally In Practice

HONDO (AP)—Pilar Cantu III, 16, Hondo High School sophomore, was injured fatally Wednesday in a practice football scrimmage.

The boy was in a head-on collision with an opposing player from MacArthur High School of San Antonio.

Coaches said he appeared to be shaken up and retired to the sidelines to watch the final 15 minutes of scrimmage.

Later he complained of a headache and said he felt dizzy and sick. A doctor sent him to a hospital where he died. The physician said a brain concussion caused the lad's death.

Insurance Covers Only Grid Injury

Insurance coverage the school system has taken out on high school football players includes only football participation, according to Doug Flynn, school business manager.

Flynn made the announcement to make sure there is no misunderstanding among parents of football players.

If they desire coverage for their sons for regular school accidents, it will be necessary for them to pay the regular premium of $5 through the high school.

Flynn said if athletes covered by insurance go to see a doctor or dentist concerning any accident in connection with the football program, parents should call the school business office within two days after the visit so a claim can be filed within the proper time limit of the policy. If filed later than three days the injury will not be covered by insurance.

AAAA Drills Slated To Begin On Friday

By The Associated Press

The top class—AAAA—begins practice Friday and that will bring into action all of the Texas schoolboy football teams.

Classes AAA, AA, A, B, 6-man and 8-man opened training last week, getting almost a 2-weeks start on their big brothers because Class AAAA still holds spring training.

First games are scheduled next week with the lower classes all swinging into action. Class AAAA can't start playing until Sept. 11.

Defending champion Wichita Falls, with Coach Joe Golding talking pessimistic, gets going with 19 seniors on the squad.

Golding points to a rebuilding program he must bring about before his team should be considered for the championship. But there are three offensive and six defensive starters and among them are such standouts as fullback Dickie Turner, wingback Travis Reagan and tackle Bennie Shields. Tailback Jimmy Walker, who wasn't a starter last year but scored 15 touchdowns, will be a regular this time.

In the South, Thomas Jefferson of San Antonio opens training with the tag of favorite for the finals pinned on it. Jefferson has the great Hix Green, an all-state back, to spark its drive again.

There are 916 schools playing football in Texas this season—103 in AAAA, 87 in AAA, 175 in AA and 188 in A—the divisions that play to state championships.

Breckenridge, defending AAA champion, and White Deer, king of Class A, are favored to repeat. Stamford, the 1958 AA champion, doesn't appear as strong.

SIGN FOR RETURN MATCH—Ingemar Johansson, third from left, world heavyweight champion, inks a contract for a return bout with ex-champion Floyd Patterson at the signing in Goteborg, Sweden. From left are, Vincent Velella, head of Rosensohm Enterprises which promoted the first match; Jack Dempsey, recently named promotional director for Rosensohn Enterprises; Johansson; Edwin Schweig, attorney for Patterson's manager, Cus D'Amato and who signed for Patterson, Edwin Ahlquist, standing, advisor to Johansson. The contract is estimated to be worth $1,000,000 to each fighter. (AP Wirephoto via radio from London)

Pittsburgh Crowds Into National's Pennant Race

By ED WILKS
Associated Press Sports Writer

Pittsburgh's persistent Pirates, still fourth, seven games behind with 26 to play, suddenly have cut themselves in on that National League pennant scrap as the hottest club in the race.

They've won 12 of their last 15. They ran up an 8-3 record against the clubs they have to beat San Francisco, Los Angeles and Milwaukee by jolting the first-place Giants 5-4 in 10 innings Wednesday night.

Manager Danny Murtaugh, called it "a helluva game to win."

Shut out on two hits for eight innings by right-hander Jack Sanford, the Pirates pounded across four runs for a tie in the ninth, then beat reliever Stu Miller in the 10th on singles by Bob Skinner and Bill Mazeroski.

That trimmed the Giants' lead over idle, second-place Los Angeles to three games. St. Louis held Milwaukee in third place, four games back, by beating the Braves 5-2.

Chicago wrested fifth place from Cincinnati, beating the Reds 9-5 in the only other NL game.

The Pirates got rid of Sanford, who had a perfect game until the sixth, with singles by Skinner and Dick Groat and a double by Bob Clemente in the ninth. Rocky Nelson then was safe on an error after Miller (7-7) relieved and the Bucs got their tie on a sacrifice fly by Smoky Burgess, a single by Don Haok and Dick Stuart's double.

Ron Kline (9-13), put it away with a one-hit, shutout relief job in the 10th.

The Pirates, winning 17 of their 19 extra-inning games, also have taken three of four games from both Los Angeles and Milwaukee in the spurt. The Giants (7-7) and Dodgers (8-8) have played .500 ball during the Bucs' 12-3 span. Milwaukee is 8-9.

St. Louis junked its loss string at seven while barring the Braves from second place. Larry Jackson (11-12) did it, winning his third in a row from Milwaukee with a seven-hitter and seven strikeouts.

The Cardinals scored twice in the first against Carl Willey (5-7) on Stan Musial's two-out single and an error. Curt Flood hit his fourth homer for the Cards.

With Dave Hillman (6-9) shutting out the Reds on two hits in a six-inning relief job, the Cubs overhauled a 5-2 Cincinnati lead with three runs in the fifth, two on Irv Noren's double. They beat reliever Brooks Lawrence (7-11) with three in the seventh on doubles by Ernie Banks and Noren and a single by Al Dark. Frank Robinson hit his 32nd homer for the Reds.

Miami Is Possible Member Of Grid Loop

DALLAS, Tex. (AP)—The possibility of Miami, Fla., entering the new American Football League has been discussed here.

Two Miami businessmen, Harvey Hester and Joe Kane, met with Lamar Hunt, Dallas franchise owner and sparkplug of the professional circuit, yesterday.

Hester and Kane came away from the meeting enthusiastic about the AFL and their franchise chances.

"I'm very much elated," Hester said. He said the Miami men came here "to find out what would be required of us." He said he hoped he and his associates could make an announcement in two weeks.

Poza Rica Champion

MEXICO CITY (AP) — Poza Rica's Oilers became the 1959 Mexican League champions Wednesday in spite of a rain-out.

The 9-1 victory of the Mexico place Nuevo Laredo gave Poza Rica the edge it needed to clinch the pennant.

Poza Rica has 81 wins, 56 losses for a .591 percentage.

Pinkston Sets Mark

MEXICO CITY (AP)—A new record for the number of hits in one season has been established in the Mexican League by Al Pinkston of the Mexico City Red Devils.

Pinkston, leading the league in batting, got two hits Wednesday night for a 183 total—one more than the old record set by Pablo Bernard of Nuevo Laredo last year.

New Army football coach Dale Hall also starred in basketball and tennis at West Point.

Bowling League To Be Formed Tonight

A meeting has been set for tonight for all men here interested in league bowling this fall.

The meeting will be at 8 p.m. in the community room of the Snyder National Bank. At the meeting, the City Men's League will be organized.

Already completing organization are the Sun Oil League and the Women's League. The Sun League will begin bowling Monday, the women's league the following Monday.

Those who cannot attend the meeting but are interested have been asked to call the Town & Country Bowl.

USC Top-Rated In New Far West Loop

By ALAN CLINE
Associated Press Sports Writer

SAN FRANCISCO (AP) — The Far West Five — football's newest major college conference — contains three contenders and two potential trouble makers.

Southern California, California, UCLA and Washington joined after the demise of the Pacific Coast conference and Stanford later came into the Athletic Assn. of Western Universities, legal name of the group.

Coach Don Clark, of course, would argue negatively, but his USC Trojans rate a slight edge over California and UCLA, thanks to a powerhouse line.

Pete Elliott at California, last of the PCC winners, is two deep in lettermen at every line spot. His only real loss, and it is a big one, was Joe Kapp at quarterback.

UCLA's Billy Barnes has one of the finest tailback-fullback combinations in 11 years of single wing football at Westwood. Left half Bill Kilmer, a 193-pound triple threat junior, makes up the combo with Ray Smith, a 195-pound senior.

Stanford relies mainly on the pitching of quarterback Dick Norman and the catching of Chris Burford, an all conference end last year.

Washington fields practically an all-junior starting lineup. Bob Hivner, outranked in PCC total offense statistics last year only by Kapp, is back at quarterback.

USC's all-lettermen line smacks of speed and beef, with twins Mike and Marlin McKeever, 215 each, tackle Dan Ficca, 235, and George Van Vliet, 195-pound end, providing the muscle.

Willie Wood, hampered by a shoulder injury last year in the Trojan's 4-5-1 season, will be back at quarterback.

Elliott has depth, if nothing else going for him, four lettermen centers returning along with four fullbacks to name two positions.

U. S. Is Picked For Easy Pan AM Title

By JERRY LISKA
Associated Press Sports Writer

CHICAGO (AP) — The largest international spectacle in United States' history starts today as the third Pan-American Games are touched off with breath-taking pageantry in mammoth Soldier Field.

The opening day ceremonies, beginning at 1:30 p.m. EST, officially start the games which, as a sort of junior Olympic Games, follow up similar shows at Buenos Aires in 1951 and at Mexico City in 1955.

This is a widespread athletic carnival in which the United States is expected to make a runaway of most major events in the 20-sport competition.

A continuing heat wave, with 90 degree temperatures, was predicted for the opening ceremonies in which 2,152 athletes from 24 nations will parade before 70,000 in Soldier Field on Chicago's Lake Michigan front.

The actual competition begins Friday in track and field, baseball, basketball, fencing, soccer football, tennis, volleyball, weightlifting, and yachting.

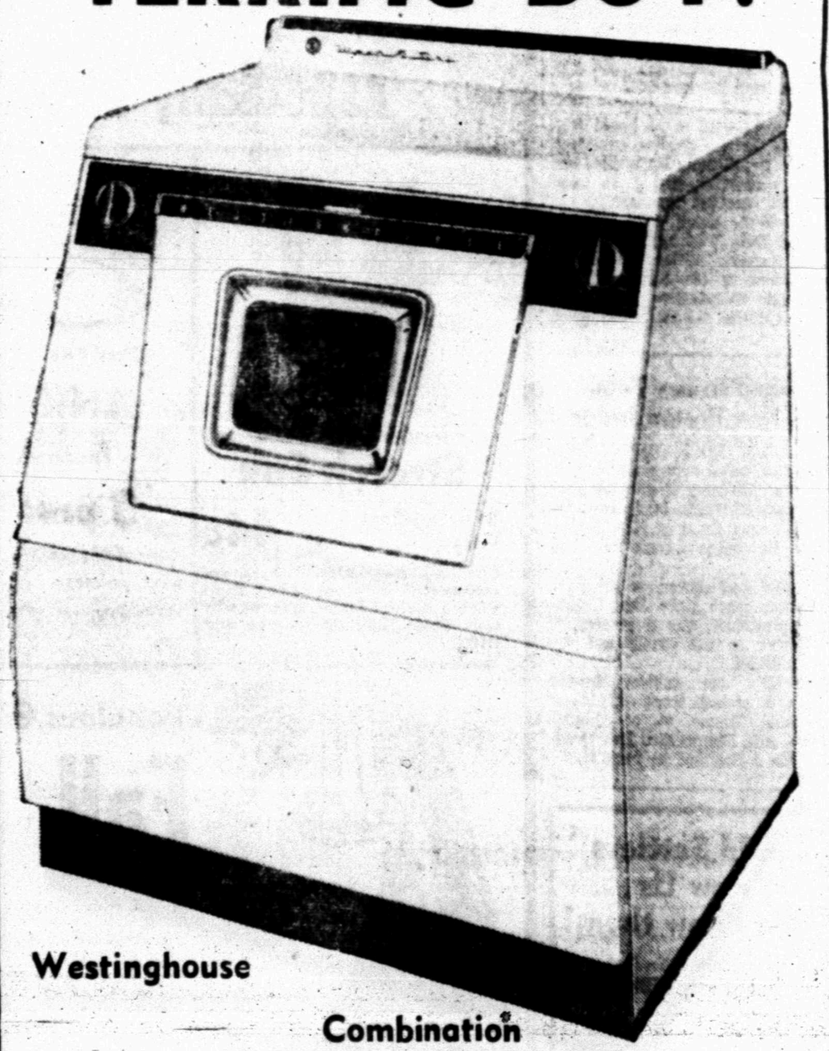

The opening highlights include a 24-gun salute to the visiting athletes; a welcoming speech by Dr. Milton Eisenhower; Mayor Daley's proclamation opening the games; and the arrival of the Pan-American torch and release of 5,000 doves, symbolizing peace and friendship among Pan-American nations.

Mexico, the 1955 host, was to lead the parade of athletes with 19 men and 34 women.

Following in alphabetical order were to be: Argentina (111-3); Bahamas (9); Bermuda (10); Brazil (184-40); British Guiana (19); Canada (135-40); Chile (79-16); Costa Rica (43); Cuba (125-15); Dominican Republic (46); Ecuador (28-1); El Salvador (25-5); Guatemala (29); Haiti (37); Mexico (191-34); Netherlands Antilles (14-2); Nicaragua (21); Panama (17-6); Peru (51-25); Puerto Rico (138-16); Uruguay (67-2); Veneuzuela (118-9); West Indies Federation (47-1); and USA (323-83).

Water District Board Presses For New Lake

Directors of the Colorado River Municipal Water District reviewed progress reports here Wednesday and took steps toward pressing the CRMWD application for a water permit for another lake on the upper Colorado River.

E. V. Spence, general manager, told directors that the 33-inch pipeline from Odessa to the Martin County pump station was about 40 per cent complete. Agreement has been reached on all but one tract for pipeline right-of-way, he said. Directors gave the green light for advertising for a 400,000 gallon tank to be created in connection with the pipeline and pumping facilities.

Alex Pope, Fort Worth attorney specializing in water matters, was retained as counsel for the district in connection with an application for a permit to impound a large lake on the Colorado River in southern Mitchell County. No date has been fixed by the State Board of Water Engineers for a hearing and indications are that it may be two or three months away.

Spence indicated that special studies would be proposed, possibly at the next board meeting, for controlling isolated areas of saltation on the watershed of the proposed lake. By controlling these during period of normal flow, the quality of water would be kept at a high level because flood waters would contain only modest amounts of chlorides.

Core testing at the proposed dam site about a mile north of the Coke County line has been generally satisfactory, he said.

Directors approved a contract with Tom Conrad and others for use of George White Island on the south shore of Lake J. B. Thomas. Conrad interests would share to the extent of one-third of land leases on the island.

Right-of-way easements to the Westex Telephone Cooperative for lines on the south side of Lake J. B. Thomas were authorized. The cooperative is to extend telephone service to that area through an exchange at Vincent.

Revision of recreational boating permit fees under a flat rate for annual permits was approved. The new schedule, which will avoid daily permits for those who are guest of the annual permit holders.

The board authorized the construction of two additional boat launching ramps for public use. Tentative location of these is on the south side. An inter-fund transfer was also authorized, and the board named Spence to be its representative on the Colorado River panel of the U. S. Water Study Commission. Four abandoned well in section 16-32-2s, T&P southeast of Big Spring, were released. The City of Big Spring has waived an old lease on the wells to the Big Spring Country Club, which is considering locating nearby, but the district had to join in the release.

President's Brother Leaves For Chicago

SAN ANTONIO (AP)—Dr. Milton Eisenhower and his daughter, Ruth, leave today for Chicago. They arrived Wednesday night from Mexico after a 12-day visit.

The President's brother declined to talk to newsmen, explaining that he had "nothing to say." He will open the Pan American Games in Chicago.

Thor Missile Fired Today

CAPE CANAVERAL, Fla. (AP) — An intermediate-range Thor missile, the Air Force double-barreled war rocket and satellite booster, shot skyward today on a 1,500-mile reliability test.

The 65-foot Thor, the most-fired ballistic missile in the U.S. arsenal, blasted off on what appeared to be a perfect launching. The shot was another in a series to improve the rocket's accuracy as a war weapon.

The Air Force now considers the Thor between 65 and 70 per cent reliable. The goal is 80 to 90 per cent by the end of the year.

The Thor was the second intermediate-range missile to fly from the Cape in 11 hours. Wednesday night, an Air Force crew helped launch the Army's Jupiter missile on a 300-mile test flight.

Faubus Won't Dodge Crisis

LITTLE ROCK, Ark. (AP)—Although admittedly weary of school desegregation difficulties, Gov. Orval E. Faubus says he will not shrink from his responsibilities in any new school crisis.

Faubus said Wednesday he did not want to use his police powers again in dealing with integration strife.

"I have no desire to test my powers," he said. "But don't misunderstand me, I won't shrink responsibility that is mine to put down any disturbance.

Tension has risen over impending integration at the Dollarway School District, 42 miles southeast of here near Pine Bluff. Residents there have asked the governor to use all his powers to keep three Negroes from entering the 1,150-pupil all-white Dollarway School.

LEGAL NOTICE

NOTICE TO PURCHASERS OF SCURRY COUNTY'S INTENTION TO RECEIVE BID PROPOSALS AT OR BEFORE 10:00 A. M. MONDAY, SEPTEMBER 14, 1959, FOR IT TO SELL FOR CASH ONE 12' X 24' FRAME HOUSE LOCATED AT DERMOTT

Notice is hereby given that the Commissioners Court of Scurry County, Texas, will convene at 10:00 A. M. on Monday, September 14, 1959, in the Commissioners Court Room in the Courthouse in the City of Snyder then and there publicly to open and consider all sealed bids marked on the outside "House at Dermott" theretofore received by the undersigned County Judge in his office in the said Courthouse for Scurry County to sell for cash to the highest bidder that one certain 12' X 24' frame house located at Dermott, Texas, together with all attachments and appurtenances thereto, which is now owned by Scurry County and presently situated on real estate recently purchased by said County in the vicinity of J. T. Sullenger Jr.'s service station, where said house is now and will be until the time of sale open to bidders and prospective purchasers for inspection upon inquiry at said service station, or to W. P. Herring, Commissioner for Precinct 2, in the Commissioners Court Room in the Courthouse in Snyder.

Each bid shall embrace not only a firm and acceptable offer to the County for the bidder to pay the sum bid in cash to the County upon its acceptance thereof but also shall include the obligation of the successful bidder to remove such house at his own expense and risk from its present location without damage to County property.

Scurry County reserves the right to reject any or all of the bid proposals tendered and to waive any or all technicalities.

Halsey Set An Example

THE HOUSTON CHRONICLE:

Fleet Adm. William F. (Bull) Halsey endeared himself to the American public in World War II not only for the daringly successful leadership he gave in the Pacific, but also for the flair with which he did it. His epigrammatic comments stimulated pride and confidence throughout the armed services, as well as in the American public. His blunt, "Kill Japs, kill Japs, kill Japs" and "Hell, all's well that ends well" were typical of his viewpoint in commanding the famed Third Fleet.

Halsey symbolized the traditional patriotic self-assurance that was the trademark of America for more than 150 years, until some of the national leaders placed doubt in the minds of the public. Halsey radiated indomitability.

Halsey didn't wait until the State Department decided whether or not a maneuver would please or displease our allies. He didn't run down any checkoff list to see how the odds stacked up. He took the forces he had at hand and struck with all his might. And he was victorious.

Adm. Halsey's death, at 76, deprives the nation of as President Eisenhower put it, "great natural leader."

As Americans look into the future, with its uncertainties, they should not forget the example of "Bull" Halsey. As long as this nation has men like him, and will place them in positions of leadership where they can carry out their convictions, we have no cause to fear the future.

Ike May Remember Trip By Wilson

By JAMES MARLOW

WASHINGTON (AP) — As President Eisenhower began slogging through the dismal swamp of international relations today, mankind followed in his steps, hoping that somehow he could lead the way to a sunlit beach.

No one knows better than he the task before him: somehow working out with West Europe's leaders and later with Premier Nikita Khrushchev some solution to what has divided the world into two armed camps, hissing at each other.

It may be an impossible task for him—or anyone else—at this moment in history. No wonder he has tried hard not to raise false hopes about his efforts.

His reception Wednesday in Germany, where once he entered as a conqueror but now as an aly, was perhaps the greatest in his career. It was testimony to the high and warm regard in which Europe and perhaps even the Soviet Union still holds him.

But there was more than regard in the cheers which Eisenhower himself called "overwhelming and magnificent." There was hope that he might produce the key to the icebox in which the cold war has kept the world for 14 years.

To himself Eisenhower was probably saying: "I hope they are right."

He can remember another journey made by another president, Woodrow Wilson, years ago, and the thunderous, almost frenzied, greeting given him when he landed in Europe after World War I.

The Europeans looked to Wilson as the man of good will who would fashion a peace which would let all other men sleep quietly at night for generations.

But it became a dismal peace, hardly more than a breathing spell for regroupings before the next war. He lived long enough to die disillusioned. By then the Europeans were disillusioned, too.

The forces Wilson had to contend with—at home and abroad—were too much for him. He was idealistic. They weren't. If today Europe looks more idealistic, it may be an optical illusion.

The same force at work there today — nationalism — frustrated Wilson. If Europe sounds more willing for peace it is because of the realism forced upon it by the new weapons might might mean annihilation in a third war.

The United States is nationalistic, too. So is the Soviet Union. So is Red China. So are the satellies. The world hasn't passed out of its era of nationalism—yet. Eisenhower knows that, too.

So in talking with West Europe's leaders, America's allies, Eisenhower is talking with men who may have a sincere dedication to peace but each of whom is thinking in terms of his own country first.

Eisenhower has to think that way, too. So does Khrushchev.

Europe, and maybe even the U.S.S.R., looks upon Eisenhower as a man of good will.

But there are differences among the Allies, which he will try to bridge over. He must pledge them he will make no secret deals with Khrushchev.

If he and Khrushchev ever do agree on answers that might melt the cold war, they won't have much meaning unless the allies with whom Eisenhower is talking now can submerge their own nationalism long enough to approve, too.

Former Deputy Clerk Gets Two-Year Term

HOUSTON (AP) —Arthur Sims, a former deputy Harris County Clerk, was sentenced to two years in prison Wednesday for making a false entry in county records.

Sims was free on $5,000 bond pending an appeal. Six other indictments for false entry are pending against him.

He was indicted after an investigation showed a shortage of nearly $80,000 in fees in the clerk's office over a nine-year period.

Public Gets New Gadgets Rapidly

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Industry concocts new marvels to fit certain production needs. And sooner than you'd think, someone is making consumer goods out of them.

Once factories or military establishments enjoyed inventions for years before they showed up at the corner store. The time lag is shrinking fast now.

Look at what they're cooking up for the new man-made satellites — a really tiny automatic camera, a book-size tape recorder, a powerful electric battery the size of a pack of cards, a pint-sized radio transmitter more dependable than the roomful of apparatus Marconi used for the first wireless message.

Scientists are designing them and manufacturers are making them for nonconsumer uses. At the moment you can't buy them. But it's unlikely to be very long before you can get at the store, smaller tape recorders, cameras, radios, batteries and so on.

Turning industry's own gadgets into consumer items was a time in coming.

Examples: Circuit breakers were used by industry for 40 years before they found their way into ordinary homes. Electrical refrigeration was used in packing houses long before it became a staple of American kitchens. Power tools, used for many years in industry, hit the home with the do-it-yourself movement after World War II.

Less time was taken for Willis Carrier to move from controlling humidity and temperature in plants into the consumer field with air conditioners.

Du Pont brought out nylon tire cord in World War II to produce tough tires for heavy bombers. Today it competes with cotton for use in civilian tires. Du Pont's neoprene was compounded solely for corrosion-resistant coatings for tanks, pipes and steel girders. Now it's a roofing material for consumers.

Sun Chemical now produces a heavy-duty caulking compound called Vulcatex for the home handyman but originated it for industrial buildings. Out of a plastic resin used for the transparent nose sections of bombing planes, Philip Carey Manufacturing Co. now makes a binder for a new kind of sidewall shingle for homes.

Republic Steel says the industrial quality galvanized woven wire it originally made for factories caught on with farmers.

Curtiss-Wright is experimenting with a wheel-less vehicle that lifts itself off the ground by creating a cushion of air, using the same means to go forward or backward. It's aimed at such fields as offshore oil prospecting, forest patrolling, mining and farming. But who knows when it might be tried out for consumers?

Sylvia Fine Has Success Formula

By HAL BOYLE

NEW YORK (AP)—"Everybody has a desire to know the future," said Sylvia Fine.

"Most people read their astrological charts in the morning. I wait and read mine in the evening —to find out what kind of day I had."

Sylvia, wife of Danny Kaye, is a woman of brilliant wit and talent and unconventional ways. She is a gifted composer who has written a hundred songs, and the music for eleven films.

She isn't the kind of artist who finds her inspiration in an atmosphere of moonlight and roses.

"I write to order mostly," she said. "And I can write anywhere, anytime."

Sylvia, daughter of a dentist, and Danny, son of an immigrant tailor, were both born in Brooklyn and grew up there only a few blocks apart. But they never met until 1939. They were married the next year, and climbed the heights of show business together.

"A lot of people are under the impression that I handle the business, and do most of Danny's thinking for him," she says.

"That's not true. He has one of the quickest, brightest, most instinctively intelligent minds I've ever met."

"I believe in inspiration, of course," she said. "But inspiration is merely the difference between a creative and a noncreative mind."

One thing Sylvia doesn't share with her husband—his hobby.

"Danny has many doctor friends and on his days off likes to watch them perform operations," she said.

"I'm interested in medicine—there were five doctors in our family—but I'm not an operation-watcher."

"It is enormously important to do everything the best you can," she says. "Never consciously to give less than your best in anything, in human relations as well as your work.

"It is important, too, to remember that every day is a new day, and to make the best of it and enjoy it. The happiest people I know do that.

"I can't always do it. I worry too much."

Doctor's Will Wipes Out All Unpaid Fees

CHICAGO (AP) — The will of a Marengo doctor who died at 79 wiped out all unpaid medical fees owed by his patients.

"Having practiced medicine and surgery for 45 years in Marengo," wrote Dr. William V. Gooder, "I hereby cancel and forgive all unpaid medical fees owed me by any and all former patients."

The attorney who filed the will Wednesday estimated the unpaid bills at about $25,000.

Dr. Gooder died Aug. 10. His wife died 10 years ago. His estate, estimated at $100,000 was left in trust for his housekeeper of 10 years.

One Jailbreaker Is Nabbed By Officers

SAN ANTONIO (AP) — Detectives arrested one of two jailbreakers at Centerville, in East Texas, here Wednesday night.

The prisoner was identified as James Green, 25, Waco. Green's companion in the escape, Sam Bass, 25, Centerville, was still sought.

Junior Editors Quiz on BIRDS

QUESTION: Why do nighthawks fly by night and never seem to alight?

* * *

ANSWER: It may surprise you to know that the nighthawk isn't really a hawk at all. Instead it is a close relative of the whippoorwill and, like it, lives only on insects.

You often see these long-winged birds flying high above a city's streets in the evening, emitting their distinctive calls. Back and forth they go, catching night flying insects in their great, gaping mouths. Doubtless they are attracted to towns and cities because insects are attracted too by the lights.

Since there is no need for them to alight to catch their prey, they seldom do so. But of course they do come down to earth every day, and they often nest on flat roof tops. The whippoorwill is better known in the country than in the city because it frequents the woods. Its song, heard after dark, is a sharp whip-poor-will.

* * *

FOR YOU TO DO: Listen in the country for the whippoorwill, or watch in town for a nighthawk. See if you can find a bird book in the library that will tell you more about them.

* * *

(Mickey Wiegand of Birmingham wins $10 for this question. Mail yours on a postcard to Mrs. Violet Moore Higgins in care of this newspaper.) 8-27

LEGAL NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: VERNON LEWELLEN, Defendant. Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court 132nd Judicial District of Scurry County at the Courthouse thereof, in Snyder, Texas by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of September A. D. 1959 to Plaintiff's Petition filed in said court, on the 4th day of August A. D. 1959, in this cause numbered 7733 on the docket of said court and styled J. L. Lewellen Plaintiff, vs. Vernon Lewellen Defendant.

A brief statement of the nature of this suit is as follows, to-wit: a suit for divorce, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Snyder, Texas, this the 4th day of August A. D. 1959.

Attest: (s) Eunice Weathersbee Clerk
District Court
Scurry County, Texas.
By Deputy.

MOON BOUNCE RECEIVER—This is the 28-foot parabolic receiving antenna at the University of Texas, in Austin, which received signals sent from Malvern, England and bounced off the moon. C. W. Tolbert, systems development specialist at the university, is seated at the controls atop the truck. British and American scientists are taking part in the experiments which resulted in the first successful bounce. (AP Wirephoto)

Problems Halt Veterans Land Program

AUSTIN (AP)—A shortage of money and a high bond market have all but halted Texas' Veterans Land Program.

Only 3½ million dollars of 137 million dollars sold in bonds remains for ex-GIs eligible to purchase ranches and farms on long term, low-interest rates from the state.

To keep the program breathing, land office officials said Wednesday, the number of applications sent out each week to veterans has been reduced from 275 to 50.

A. T. (Moon) Mullins, chief clerk, said this probably will keep the state's only bonus program for veterans in operation until October 1960. The following month voters will have an opportunity to raise the limit on interest rates the state may pay to make more money available.

A total of 62½ million dollars in bonds may be issued when the market either drops below the 3 per cent constitutional limitation or the ceiling is raised to 3½ per cent on by the amendment. Latest bond market figures put the going rate at 3.59 per cent.

Land commissioner William Allcorn, a former Brownwood district attorney, said when the remaining bonds are sold enough money will be in hand to keep the program going another 2½ to 3 years.

The state supreme court held in May 1958 that a veteran buying forfeited property must pay all delinquent taxes. When money is short, forfeited property becomes the best way for veterans to get land in a hurry.

"We now advise veterans to check with the local tax agencies to see how much back taxes are due on the property. The veteran has to pay these taxes and it cannot be covered in the loan," Mullins said.

Some 854 tracts have been forfeited because of non-payment but most have been either reinstated or resold. Only 211 tracks now are listed as forfeited.

Some 59,312 veterans have filed for applications under the program. The board has mailed 31,550 applications and officials said about 20 per cent are consummated in contracts.

Mullins said 1,997,404 acres have been bought by the state at an average price of $69.39.

Veterans will have to pay higher interest rates if the constitutional amendment is approved—probably about one-half of one per cent above the interest rate the board must agree to in order to sell its bonds.

The maximum state outlay is $7,125 per veteran. The GI pays a $375 down payment and can pay back the remainder in 3½ per cent interest up to 40 years. The state will sign a contract for any eligible property up to $15,000 with the veteran paying the difference above $7,125.

Actor Leo Carrillo Is Stricken On Plane

PITTSBURGH Pa. (AP)—Actor Leo Carrillo was listed in good condition at Sewickley Valley Hospital today after being removed from a plane here.

Carrillo was enroute from Moosic, Pa., to Los Angeles when he stopped off here to change flights. Becoming ill, he was taken to the hospital and given a transfusion.

State Water Board Fights Over Permit

By FRANK N. MANITZAS

AUSTIN (AP)—The State Board of Water Engineers is quietly fighting with itself and its staff over a water permit for the proposed Twin Buttes Reservoir at San Angelo.

"I'm optimistic the board will approve the water permit," said a member, who asked he not be named.

"It probably will be approved, even though our staff has said all along the U.S. Bureau of Reclamation's figures do not jibe with ours," another member said. "The bureau wasn't even at the hearing."

The $32,400,000 project involves directly or indirectly the bureau, the City of San Angelo, the San Angelo Water Supply Corp., the Tom Green County Water Control and Improvement District No. 1, the Lower Colorado River Authority and numerous protestants who appeared at a recent hearing.

The Water Supply Corp. is asking for the 61,500 acre foot water permit. It would use 29,000 acre feet a year through the city for municipal purposes and 32,500 through the district to irrigate 10,000 acres of land in Lipan Flats near Veribest, Tex.

Congress has appropriated four million dollars to start construction of the 170,000 acre foot reservoir. No work can begin until the water permit is granted by the state.

The board's staff says present contract agreements between the city, corporation, government and others leave no legal remedy for persons whose existing water rights may be damaged.

Legal examiner F. R. Booth in an interoffice memorandum May 6, 1959, recommended "The Upper Colorado River Authority, created by the Legislature in 1935, to accomplish the purposes for which the corporation exists. Perhaps the wisdom of the Legislature dictates that development of the nature proposed by the applicant (the corporation) be relegated to a political subdivision subject to further regulation and control of the Legislature."

The engineer's memo, signed by chief engineer M. D. Weinert, said: "Municipal demands can be met but the supply for irrigation will be deficient in an extended drought."

Over a 21-year period, the board's engineers calculated irrigation water supply would be short 104,700 acre feet. The bureau said 68,200.

On losses by evaporation, the board estimated 146,200 acre feet more than the bureau or a total of 983,100 acre feet for 21 years. That's nine times the amount of usable water now held by San Angelo's present reservoirs, lakes Nasworthy and Concho.

"The main point is that the reservoir system will not furnish nearly enough irrigation water to supply the demand for 10,000 acres by either (the board's or bureau's) method," the engineer's report said.

Irrigation water must be cut to meet municipal demands. And no irrigation can be done unless the reservoir holds 50,000 acre feet, the memo adds.

"There's a question as to whether the full request of 61,500 acre feet will be granted," another board member said.

Chairman Durwood Manford said no action will be taken on the permit by the corporation until after Sept. 15. That's the deadline set for additional information and briefs to be filed with the board by the corporation and numerous protestants.

Flaming Object Not Nose Cone

HAMILTON AIR FORCE BASE, Calif. (AP) — The Air Force says a flaming object reported crashed to earth in northern California a week ago couldn't have been the missing nose cone of Discoverer VI.

The Air Force sent out search parties Wednesday while it checked with ballistic missiles experts at Stanford. Then it called off its search, explaining: Wendell Norby and Ronald Fiori said they saw and heard the object at 1 p.m. last Thursday. Missiles experts said the space satellite didn't release its cone until 2 p.m.

The object may have been a meteorite. It fell about 13 miles west of Santa Rosa.

Clancy Must Cut Down TV Viewing

CASPER, Wyo. (AP)—The doctor says Clancy MacGillicuddy has to cut down his television viewing time.

Clancy is convalescing from an operation for eye cataracts, resulting, the veterinarian said, from too much TV viewing.

But Clancy will be allowed to watch his favorite program — "Lassie." You see, Clancy is a 3-year-old Dalmatian.

Justice of the Peace Alice K. Burridge, who owns Clancy, says the dog whimpers his way through the plot of the "Lassie" show. "He actually gets bug-eyed watching it."

Miss Wool Of 1959 Resigns To Marry

SAN ANGELO (AP)—Miss Miriam Lacour of Raywood, Tex., resigned Wednesday night as Miss Wool of America for 1959, explaining she plans to be married this fall.

Jimmy Powell of San Angelo, chairman of the Miss Wool pageant committee, said the runner-up in this year's contest will be named as her successor and also will be offered a two-months tour of Japan as the representative of the American wool growing industry. Miss Lacour was scheduled to fly to Japan Sept. 11.

The Miss Wool of America for 1960 is to be crowned Friday night.

No License Required For Nude Models

LOS ANGELES (AP) — Models who pose in the nude will not be required to have police permits in Los Angeles. The City Council unanimously Tuesday rejected a proposed ordinance giving the Police Department control of figure studios and nude models.

The police argued that stiffer controls are needed on prostitutes, sex deviates and persons engaged in the sale and distribution of pornographic material.

West Virginia had 1,530 forest fires in the spring of 1959, burning 58,810 acres.

Race Tension Interpreted

LAFAYETTE, Ind. (AP) — Man's social condition, especially the problem of race relations, was presented through interpretive dancing and music Wednesday night at the National Convocation of Methodist Youth.

The program, entitled "The Dialogue," featured the Dave Brubeck jazz quartet; Odetta, a Negro folk singer; the Mary Anthony dancers and the Southern Methodist University Choir.

Some 6,000 youngsters saw two young males, one white and one Negro, dance cautiously toward each other with hands outstretched. But before contact they pivoted away as if to symbolize the conflict and tensions between the races.

The meeting at Purdue University also has featured a jazz accompaniment for prayer services, led by Edgar Summerlin, North Texas music teacher. He wrote the jazz music for the prayer service arranged by John Wesley, founder of Methodism.

Tonight, Eleanor Roosevelt and Harold Stassen will participate in a panel discussion on international affairs.

... want to travel comfortably with your family? ...

Then be sure to stay at the Adolphus. You can drive right in, register at the motor lobby and be whisked to your rooms in a private elevator ... no chasing youngsters around a big lobby. Spacious rooms, specially planned meals for youngsters, and a playground with wading pool, playground equipment and toys ... make The Adolphus ideal for family trips. Shops, museums, parks and other sightseeing specials are easily accessible. Plan to stay ... at The Adolphus ... on your next family outing.

EL PASO PRECISION-BLENDING
OFFERS YOU

EXACT FUEL FOR YOUR CAR

It's the *thriftiest* way to buy gasoline ever invented! Here's why: Two-pump or three-pump systems, offering only regular and premium grades, force the motorist to choose a low price, and perhaps sacrifice performance, or to choose performance and pay too much. But El Paso-Dixie stations offer 7 great new gasolines of gradually increasing octane quality. You buy *only* the octane *your car* can use ... pay *only* for the quality *you* need.

VARYING OCTANE REQUIREMENTS

Everyone knows that different cars need gasolines of different quality. Even cars of identical make and model will vary in octane requirements. Other systems offering only two, or even three, grades of fuel cannot possibly meet the wide spread of octane requirements. Only Precision-Blending, exclusive at El Paso-Dixie service stations, can offer you the *exact* fuel for *your* car, at very attractive savings.

EL PASO 400

EL PASO RED FLAME SUPER PREMIUM

HOW IT WORKS

The unique Precision-Blending pump draws fuels from two underground tanks. One tank contains El Paso Red Flame Super Premium, a gasoline of ultra-high octane. The other contains El Paso 400, a premium-quality fuel. The pump blends these two gasolines in any of six different proportions. These six premium blends, plus Dixie 390, which is dispensed from its own separate pump, give you a choice of SEVEN grades of gasoline—meeting *exactly* the octane requirements of ANY and ALL cars on the road today!
