ITALIAN DELEGATES RETURNING TO PARIS

LEGISLATURE MEETS TODAY TO ENACT A LAW PERMITTING FORMER SOLDIERS TO VOTE

By Associated Press.
AUSTIN, Texas, May 5.—The Texas legislature convened in special session today with a bare quorum in each house, and all indications are that the session will be a short one.

The governor's first message submitted only the subject of allowing discharged soldiers and sailors to vote without the payment of poll tax.

A senate caucus, with only two opposing vote, adopted a resolution asking the governor to submit only the soldier vote question. Representative John Davis secured sixty-seven signatures of house members to a resolution asking that only the soldier vote and the Blue Ridge prison farm questions be submitted. However, some of the signers made reservations that they do not favor submission of the prison farm subject at this time.

Speaker of the House, R. E. Thompson, said that he had no information as to how long the session would last, and he appointed a minimum number of employes upon the assumption that the session will be short.

Submits Prison Farm Question.

A second message from the governor asked the appointment of a committee to investigate the advisability of the state eexercising its option to purchase the Blue Ridge prison farm. This message explained that while the governor favored purchasing the property, the act passed at the last session which requires that the legislature approve purchases of land for the prison system would be in effect before negotiations could be completed. The message also asked legislation based upon the report of this committee. However, some of the members of the house favor the appointment of the committee with instructions to report back to the session in June.

The governor's message concerning the soldier's vote opens the whole election law up for amendments, and specifically requests that the law be so framed that none but men discharged from the military service and those now exempted be allowed to vote without the payment of a poll tax.

The senate adjourned until 10 o'clock tomorrow and the house recessed until 3 o'clock today.

STATE DEPARTMENT TO RESORE SOLDIER EMPLOYES

By Associated Press.
AUSTIN, May 5.—Heads of state departments are instructed in a resolution adopted by the house to restore former employes who are being discharged from the United States military service to positions they occupied when they entered the service. The resolution requests that the governor insure its being put into effect.

FORT SHERIDAN TO BE ABANDONED AS POST

By Associated Press.
CHICAGO, May 5.—The official order for the abandonment of Fort Sheridan as a military post was expected today. Nothing will remain except base hospital 25, which is said to be one of the most complete in the country.

Felix Jones Case Called In Dallas Criminal Court

By Associated Press.
DALLAS, Texas, May 5.—The case of Felix Jones, under indictment for the murder of Miss Florence Brown, a stenographer, in a downtown office on July 28, 1913, was called in criminal court here today. The defense announced ready for trial, but the state asked the court to recess until two o'clock, when it would announce whether it was ready to go to trial or ask further postponement. This is the third time the case has been set for trial, the state having asked a continuance on two previous occasions.

BELGIANS HAVE DECIDED TO SIGN PEACE TREATY

Conclusion Is Reached Following Discussion at a Crown Council

HYMAN IS ENDORSED

Minister Outlines Situation and Gives a Review of the Peace Terms

By Associated Press.
BRUSSELS, May 5.—The Belgian government has decided to sign the treaty of peace which was discussed at a crown council held here last night, it is announced.

The council met at the palace at eight o'clock and continued in session until midnight. Paul Hymans, minister of foreign affairs and head of the Belgian delegation at the peace conference, speaking for himself and for his colleagues, Emile Vandervelde and M. Vandenheuvel, who remain in Paris, completely outlined the situation and gave a review of the peace terms. He expressed the opinion that the treaty as it now stands gave honorable and satisfactory terms to Belgium and recommended that it should be signed.

The council unanimously endorsed M. Hyman's view but was equally unanimous in expressing the opinion that the attention of the powers should be drawn to the financial and economic situation in Belgium and to the necessity that the Allies assure Belgium of complete support looking to her economic restoration.

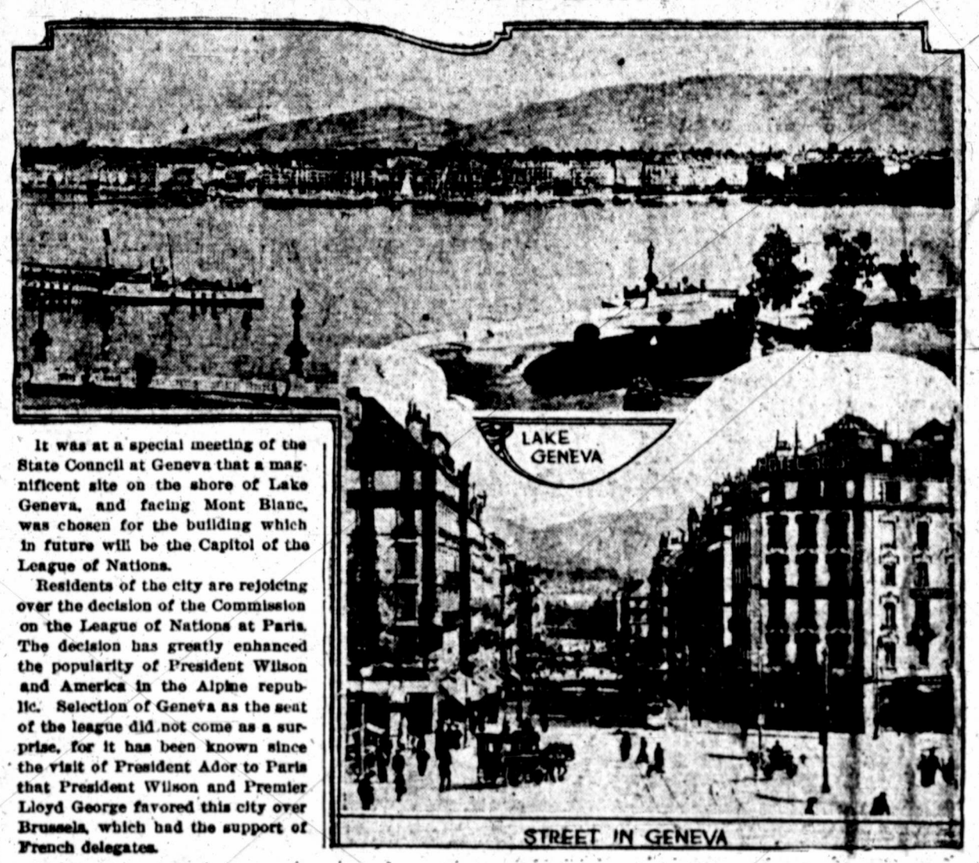

The council was further of the opinion that the Allies should be asked to support the initiation of negotiations with Holland regarding the settlement of the question of the freedom of the Scheldt and the waters of east Belgium.

BURGOMASTER CRITICIZES ACTION OF CONFERENCE

By Associated Press.
BRUSSELS, Sunday, May 4.—Replying to an address presented by delegates of patriotic societies today, Burgomaster Max said that Belgium had been painfully surprised by the fact that she had not been granted the "mora. reparation" she had expected in the choice of Brussels as the headquarters of the League of Nations. As to Belgium's other claims, the burgomaster said that she did not hold out her hand for alms but asked payment for the damages she had suffered. He learned, however, that the work of the peace conference would prove that in the settlement of the international relations, justice had not absolutely conquered the idea of empire. Nevertheless he depricated giving away to an impulsive gesture of irritation, for if all of Belgium's aspirations could not be satisfied, important concessions were assured.

At Ghent there also was a demonstration and the burgomaster was handed an address signed by representatives of all political groups to be transmitted to the Belgian delegation at the peace conference.

SITE FOR FUTURE CAPITOL OF LEAGUE OF NATIONS

STREET IN GENEVA

It was at a special meeting of the State Council at Geneva that a magnificent site on the shore of Lake Geneva, and facing Mont Blanc, was chosen for the building which in future will be the Capitol of the League of Nations.

Residents of the city are rejoicing over the decision of the Commission on the League of Nations at Paris. The decision has greatly enhanced the popularity of President Wilson and America in the Alpine republic. Selection of Geneva as the seat of the league did not come as a surprise, for it has been known since the visit of President Ador to Paris that President Wilson and Premier Lloyd George favored this city over Brussels, which had the support of French delegates.

PROMNIENT MEN OF MISSISSIPPI RECEIVE PACKAGE

By Associated Press
JACKSON, MISS., May 5.—Two innocent looking packages carefully wrapped in brown paper, and with the labels "glass" upon them were received today by Governor Theo. G. Bilbo and Frederick Sullens, editor of the Jackson Daily News.

Both contained infernal machines, in the opinion of United States officials, who examined them. Inside the paper was stamped "Gimbel Brothers, New York. Novelty."

Both packages will be held for further inspection.

FIRST CONTINGENT SAILS TO RELIEVE TROOPS OVERSEAS

By Associated Press.
NEW YORK, May 5.—A first contingent, 1,000 men of the 50,000 troops volunteering to relieve an equal number of doughboys now with the American army of occupation in Germany, will sail for Europe tomorrow on the transport Agamemnon, it was announced today by the army embarkation authorities at Hoboken.

CONSOLIDATION OF THE CENTRAL AND LAKE SHORE IS UPHELD BY COURT

By Associated Press.
WASHINGTON, May 5.—Consolidation in 1914 of the New York Central and Hudson River railroad with the Lake Shore and Michigan Southern and nine other subsidiary railroad corporations was in effect upheld today by the supreme court, which refused to review proceedings instituted in the New York state courts by Clarence H. Venner, a stockholder, to prevent confirmation of the union.

SPECIAL TRAIN WITH TANK ARRIVES TONIGHT AND BAND WILL PLAY AT HEARN HOTEL

The big special train carrying the tanks, soldiers, prominent speakers and the crack band of the King Candy Co. left Fort Worth this morning at 7 a. m. on its swing around the oil section of Texas in the interest of the Victory Loan. This train overflowing with pep and vim is coming to Wichita Falls tonight at 10:15 and will give a band concert tonight in front of the Hearn Hotel during which a big display of fireworks will be pulled off, followed with an exhibition of the trench guns, bombs and torches.

After meeting the local committee of the Victory Loan Tuesday morning the members of this special train will hold a big meeting at 10 a. m. at some point to be designated by the local committee. At this meeting Sgt. Alex T. Coubrough of the Australian imperial forces, and the Hon. J. L. Parnell of Vernon, who is the man who saved the oil industry of Wichita Falls from adverse legislation, will address the citizens of Wichita Falls. Mr. Parnell is now giving his services to the National Government in trying to help put over the Victory Loan.

The Hon. Curtis Hancock of Dallas is in charge of this train and will also address the meeting as a special representative of the Fifth Federal Reserve bank of Dallas, who is sending this train through the oil belt.

The tank which is on this special train is "The Big Four" and will be unloaded at Wichita Falls for the citizens to see, and some of the oil men will understand why Uncle Sam needed so much oil during the war.

All the citizens of Wichita Falls are invited to this big meeting in the morning to hear the band and inspect the tank.

The schedule of the Victory Loan train for Tuesday is as follows: Iowa Park, 1:25 p. m.; Electra, 2:25 p. m.; Vernon, 3 p. m.; Quanah, 8:25 p. m. for the night.

Summary of International Situation and Progress of Peace Conference

By Associated Press
Belgium will sign the treaty of peace in spite of the feeling at Brussels that the financial, economic and territorial aspects of the pact are not satisfactory.

A meeting of the crown council was held at Brussels Sunday night and after the terms of peace had been outlined by Paul Hymans, the head of the Belgian delegation at the peace conference, it was decided that the treaty would be signed. In the meantime, efforts will be made to impress upon the Allies the seriousness of the situation in Belgium and to gain support in the conduct of negotiations with Holland relative to navigation on the Scheldt river and the waterways of eastern Belgium.

The printed draft of the treaty will be completed today and it is believed that it will be presented Thursday. Minor details will in the meantime be cleared up and Italy will be given a chance to resume her place in the conference.

Italian Question.

There seems to be indications some arrangement for Italy to participate in the ceremony at Versailles will be reached. Paris reports that a long telegram has been received in Paris from Premier Orlando, but its contents will not be made public until the chiefs of the allied governments have had an opportunity to discuss it.

Austria's delegation to the conference is reported to have met at Vienna and it probably will reach Paris soon after the Germans have received the treaty prepared for their country.

The decision on the part of the conference to summon the Austrians is expected to have some influence upon the return of the Italians as well as the fact that Italy would be without voice in the disposition of German's colonies by the econference should she fail to renew her connection with that body.

So far as known, Hungary has not been asked to send her peace delegation to Versailles, the conference holding action in abeyance, pending the outcome of disorders in that country.

The organization of the league of nations is to be perfected today. Standing committees will be appointed and arrangements for the first meeting of the league in Washington next October will be made.

It developes that the Finnish troops which have occupied Petrograd are Red guards. It is announced they will march against the Finnish government forces or the White guards.

Indignant at the seizure of the Hungarian legation at Vienna by counter-revolutionary forces, the soviet government of Hungary has demanded that German-Austria take immediate action to arrest those involved in the reported seizure. Budapest meanwhile is reported to be in serious panic over the menace to the city through the near approach of Czech, Serbian and Rumanian troops, there being no longer even a semblance of order.

STATE OF SIEGE PROCLAIMED IN PETROGRAD SAYS WIRELESS

By Associated Press.
LONDON, May 5.—A state of siege was proclaimed in Petrograd Sunday, according to a wireless message from Tsarskoe-Celo. The soviet government has appointed a committee of three and given it unlimited power over the city and district of Petrograd.

By Associated Press.
ARCHANGEL, Sat., May 3.—The bolsheviki flotilla on the Dvina again attacked the allied positions near the junction with the Vaga on Friday, but were driven off by the guns of the allied land batteries which outranged the weapons of the enemy.

After their repulse Thursday, the bolsheviki yesterday made two futile attempts to approach the position held by the American, British and Russian troops. A report to headquarters here this morning said that the situation along the Dvina was quiet.

The feeling in Archangel is that the crisis on the Divna rived has passed. The bolsheviki, it is believed, delayed too long in grasping the advantage offered when the Dvina became open for navigation.

By Associated Press.
ARCHANGEL, Friday, May 2.—Allied forces succeeded yesterday in repulsing the first attack by bolshevik gunboats on the Dvina. The enemy fleet attempted to approach the positions held by American, British and Russian forces on th eright bank of the river but failed, the Allied having guns mounted which covered all parts of the channel. Artillery fire continues from both the river flotilla and the bolsheviki batteries at Tulgas but up to this morning no allied casualties were reported.

The ice has broken up in the river near Archangel and although the channel is still a mass of swiftly floating ice cakes, it is only a matter of a few days until the allied gunboats can force their way upstream and go to the aid of the allied land defenses.

On the Vaga sector the bolsheviki suffered heavy losses yesterday when after a long bombardment they attacked the village of Berezniki, which was defended by Russian and British infantry and American engineers.

Another enemy force which attempted to cut the Allied line of communications east of the Vaga also was repulsed.

HUNGARIANS DEFEAT RUMANIAN FORCES.

By Associated Press.
LONDON, May 5.—Hungarian soviet forces have recaptured the town of Szolnok on the Theiss river from the Rumanians, according to to a Rumanian wireless message dated Sunday in Budapest. The town now is completely in the hands of the Hungarians, it is declared.

SUBSCRIPTIONS LESS THAN TWO BILLION.

By Associated Press.
WASHINGTON, May 5.—Additional reports of subscriptions today raised the total of the Victory Liberty Loan to about $1,700,000,000 with only one week remaining to push the total to the $4,500,000,000 desired.

Will Resume Negotiations at Peace Conference and Join Allies in the Presentation of Peace Terms to the Germans Thursday.

(By Associated Press.)
Italy's delegation to the peace conference will return to Paris in time for the ceremony of handing the peace treaty to the German plenipotentiaries. This sudden change in the Italian situation was announced in Paris today. Premier Orlando and Foreign Minister Sonnino will leave Rome today and will arrive in Paris Wednesday morning. The Germans will be given the treaty at Versailles on Thursday.

As an indication that former relations with the conference will be resumed in full, the Italian ambassador to Great Britain, who is in Paris, has been delegated to represent Italy at the meeting today which will formally launch the league of nations.

Announcement that the Italian delegates will return, came quickly after it became known that the council of three had dispatched a message to Rome. The nature of this message has not been disclosed officially.

The terms of the peace treaty will be made known to the smaller powers represented at the peace conference at a plenary session of that body which was called today to meet tomorrow afternoon at 3 o'clock in the French foreign office.

ORDER TODAY ABANDONMENT OF CALL FIELD

Action Is to Be Taken as Soon As Equipment Can Be Stored

By Associated Press
WASHINGTON, May 5.—Names of ten flying fields, which will be abandoned as soon as the equipment can be stored elsewhere, were announced today by the war department. They include Barron, Call, Carruthers, Love, Rice and Taliaferro fields, Texas; Eberts field, Arkansas, and Gerstner field, Louisiana.

Major Russell, Call Field's commanding officer, has no such orders as these, he stated this afternoon. His last orders were to segregate the equipment at Call Field at present and make room for storage of other equipment which may be sent here. Major Russell stated that he believed the local field would be used as a storage field for some time yet, as all his information at present points to this.

MARLAND REFINING COMPANY INVESTS MILLION DOLLARS

By Associated Press.
OKLAHOMA CITY, OKLA., May 5.—Purchase of one million dollars worth of Victory Liberty Loan bonds by the Marland Refining Company of Ponca City, Okla., was announced Sunday at state loan headquarters. The purchase was made by telegraph by E. W. Marland, president of the company.

This is believed to be the largest single purchase of Victory Liberty bonds west of the Mississippi.

I've Done My Best It's a Good Peace Says Clemenceau

By Associated Press
PARIS, May 5.—"I have done my best. I think it is a good peace."

This declaration was made tonight by Premier Clemenceau. The editor adds that from the details he has been able to learn, he is convinced that all France is weighing well the immense advantages she will gain from collaboration with Great Britain and the United States.

If it is a good peace, the editor continued, it is also a better one because it is an alliance with the two most powerful nations of the world.

By Associated Press.
PARIS, May 5.—Victorio Orlando, the Italian premier, and Baron Sonnino, the foreign minister, are to return to Paris, it is officially announced this afternoon. They will take a train from Rome for this capital tonight.

In the meantime it had been announced that Marquis Imperiali, the Italian ambassador at London, had been designated to participate for Italy in the meeting this afternoon of the executive committee of the League of Nations.

The information regarding Premier Orlando and Foreign Minister Sonnino came from the Italian ambassador in Paris. He transmitted it to the French foreign ministry, which immediately informed the heads of the allied and associated governments. The Italian representatives will reach Paris Wednesday morning, it was said.

TO DELIVER PEACE TERMS TO GERMANY ON THURSDAY

By Associated Press.
PARIS, May 5.—It is now certain according to the French press that the treaty of peace will be solemnly handed to Count von Brockdorff-Rantzau, the German foreign minister by Premier Clemenceau at Versailles on Thursday afternoon.

Contents of the first five chapters of the treaty have already been outlined, dealing with the preamble, German frontiers, territory changes, German colonies and the military, naval and aerial features of the pact. The sixth chapter will define the status of prisoners of war and the seventh will concern the responsibilities of the former emperor and other Germans for the war. The eighth and ninth chapters will be devoted to phases of the reparations problem and financial clauses. The tenth will deal with economic clauses, the eleventh with ports, railroads and water legislation; the thirteenth will embrace guarantees and the fourteenth will contain general clauses dealing with ratification.

Marcel Hutin, of the Echo de Paris, fearns that France will get absolute control of the mines in the Serre valley and a guarantee for their exploitation. He says thet the president of the administrative committee will be a Frenchman and will have executive powers.

LONG TELEGRAM IS RECEIVED FROM ORLANDO

By Associated Press.
PARIS, Sunday, May 4. (Havas.)—A long telegram from Premier Orlando of Italy was received last night by the French foreign office. No information will be given as to the nature of this communication until the heads of the allied governments have been made cognizant of its contents.

The Austrian delegates who will come to negotiate the treaty between their country and the Allies met at Vienna Saturday.

PLENARY SESSION OF CONFERENCE TOMORROW

PARIS, May 5.—A secret plenary session of the peace conference has been called to meet at 3 o'clock tomorrow afternoon at the French foreign office. The session will be held for the presentation of the peace treaty to the smaller powers.

SAN ANGELO REPORTS OVER AN INCH RAIN

SAN ANGELO, Texas, May 5.—Beneficial rains fell over this section last night, the precipitation averaging an inch at Sonora, Eldorado, Fort Chadbourne, Robert Lee and Ozona.

WILL IMPORT CANADA WHEAT; CORN DROPS 10C ON MARKET

By Associated Press.
CHICAGO, May 5.—A ten cent drop in corn prices on the board of trade today followed a statement by Julius H. Barnes, at Minneapolis that the grain corporation, of which he is president, has arranged for a moderate importation of wheat from Canada.

HOLDS CONFERENCE WITH MINNEAPOLIS MILLERS

By Associated Press.
MINNEAPOLIS, May 5.—Julius H. Barnes, head of the United States grain corporation, who is holding conference with millers here today announced that the corporation has arranged "for a moderate importation of wheat from Canada."

Mr. Barnes stated that the details would be announced shortly and added "that the corporation does not wish to bring in an amount of wheat that would endanger the balance in the United States."

Barnes stated that a moderate downward revision in prices of foodstuffs is anticipated and said that sufficient wheat would be imported to keep the price of flour from soaring over $12 a barrel. He adds, however, that no radical price revision can be expected until the American export demands are greatly reduced.

PROHIBITION HAS BECOME A FACTOR IN FREIGHT RATES

By Associated Press.

WASHINGTON, May 5.—Prohibition became a factor in freight rates today, southwestern railroads petitioning the interestate commerce commission for cancellation of existing commodity rates on whiskey and other intoxicating liquors between Houston and Galveston and all points in Texas. The petition was promptly granted, "it appearing that there is no movement of traffic under said rates."

The petition is expected to be the forerunner of many others after July 1.

CHICAGO PUBLISHER IS KILLED BY A WOMAN

By Associated Press.

CHICAGO, May 5.—Paul Frederick Volland, wealthy head of the art publishing company, which bears his name, was shot and instantly killed in his office here this afternoon by a woman said to be demented. The woman gave her name as Mrs. Vera Trepagnier and her age as sixty years old. Said she was the widow of a wealthy New Orleans sugar planter.

According to clerks in Volland's office, the woman had a hallucination that the publishing company owed her $5,000 in royalties. They said that her claims were visionary.

According to employes the woman recently bought a small picture of George Washington for enlargement, publication and sale. Mr. Volland, it was said, planned to put the picture on the market, but had not yet done so. In the interview which proceded the shooting, it was said that Mrs. Trepagnier insisted that Mr. Volland was withholding profits from the sale of the picture.

ITALIAN POET IS ILL FOLLOWING ADDRESS

By Associated Press.

ROME, May 5.—Gabriele D'Annunzio, the Italian poet, who was a speaker at the Augusteum today, was taken ill with fever following his address and was forced to go to bed. He hopes, however, to be sufficiently recovered by Monday to lead a demonstration parade of Romans to the capitol to proclaim the annexation of Fiume and Dalmatia to Italy.

Reports from all Italian towns describe manifestations similar to that held today in Rome. The municipality of Brescia, which has decided to present President Wilson with a copy of its statue of victory, cast in bronze taken from the captured Austrian cannon, have revoked the decision and will ask signor D'Annunzio to present the statue to Fiume.

SEVEN U. S. DESTROYERS SAIL FOR THE AZORES

TREPASSEY, N. F., May 5.—Refueled and supplied, the seven destroyers which arrived here yesterday, sailed today for stations near the Azores on the navy's trans-Atlantic flight course. More guard ships are expected here this afternoon. Buoys have been sent out to mark the reefs at the Narrow mouth of the harbor.

ONE MAN KILLED, FIVE ARE INJURED AT STRAWN, TEXAS

By Associated Press.

FORT WORTH, Texas, May 5.—The five workmen of the Pierce Oil Corporation, injured when their truck was struck by a Texas and Pacific passenger train early Sunday morning, will recover, it was said at a local hospital today. The accident occured near Strawn. One workman, Thomas Webb Jordan, was killed.

IRISH DELEGATES HAVE CONFERENCE IN DUBLIN

By Associated Press.

DUBLIN, Sunday, May 4.—Frank P. Walsh, who, with former Governor Edward F. Dunne of Illinois and Michael J. Ryan, of Philadelphia, representatives of the Irish societies in the United States, who arrived here yesterday to confer with Irish leaders on the question of securing safe conducts for Sinn Fein leaders to go to Paris, left for England tonight. Prof. Edward de Valera, Sinn Fein member of parliament for East Mayo, accompanied him to the boat and later said that Mr. Walsh would return on Wednesday. Mr. Ryan and Mr. Dunne will visit Belfast on Monday and will be entertained at dinner at Maynooth college on Tuesday.

CARE OF BELGIAN CHILDREN A PROBLEM

By Associated Press.

NEW YORK, May 5.—The Belgian children who served the invasion of the Germans in Belgium virtually have been at a standstill mentally since the invasion and the care of them is the greatest problem of the American committee for relief in Belgium, Mrs. Charlotte Kellogg of Palo Alto, Calif., only woman member of in a statement reviewing some of the committee's work after the armistice was signed

PEMORE RESTRICTIONS ON COTTON SEED OIL

By Associated Press.

NEW YORK, May 5.—The food administration announced today that restrictions on trading in cotton seed oil on the New York produce exchange have been removed, effective May 6, 1919, insofar as they relate to trading in the new cotton seed oil crop, beginning with October selivery.

NAVAL SEAPLNAES DESTROYED BY FIRE AT ROCKAWAY BEACH

By Associated Press.

NEW YORK, May 5.—Fire at the naval air station at Rockaway beach today damaged the naval seaplanes NC-1 and NC-4, which were to start tomorrow morning on the first leg of the trans-Atlantic flight.

The right wings of the NC-1 were completely destroyed and this plane may be unable to attempt the ocean cruise. It was believed that the NC-4 could be repaired in time for the "jump off."

The blaze, which Commander John H. Towers, in charge of the expedition, declared was accidental, started from an electric spark which ignited gasoline on the NC-1. The flames enveloped the wings and spread to those of the NC-4, which occupied the same hangar. Air station employes extinguished the fire after slight damage had been done to the NC-4.

Commander Towers announced that the start for Newfoundland when the trans-Atlantic flight is scheduled to begin, weather permitting with the NC-3, very likely with the NC-4 and possibly with the NC-1.

The blaze started when workmen were filling the gasoline tanks of the NC-1. Both the utter and lower right wings, which only recently were transferred to the machine from the NC-2, were burned from their frame work, necessitating complete refitting of this part of the big craft.

ANOTHER BRITISH TEAM WANTS FLIGHT HONORS

By Associated Press.

ST. JOHNS, N. F., May 5.—Another British team of aspirants for trans-Atlantic flight honors has entered the London's Daily Mails $50,000 prize competition. Word was received today that Captain Alcock, pilot, and Lieut. Brown, navigator, are on the Mauretania, having left Liverpool May 3, and that their machine, a Victers Vimy, bomber plane, will follow soon on another vessel.

Advices said also that the Handley-Page machine, another contestant, and its crew have left Liverpool on the steamship Digby for St. Johns, the final destination being Harbor Grace, where the start is to be made. The Digby is due here May 11.

Meanwhile, Frederick P. Raynham and Harry G. Hawker, British rivals here awaiting favorable weather in order to "hop off," were uncertain this morning whether they would start overseas today.

PROPRIETOR OF HALL AGREES TO QUIT AND CASE IS DISMISSED

The injuction hearing against P. J. (Bob) Snell by which it was sought to restrain him from operating a dance hall at Burkburnett, came to an abrupt and unexpected end in the 78th district court this afternoon when the defendant asked permission to make a statement and told Judge Scurry that the testimony had revealed a situation of which he had no knowledge and that he would close his dance hall, never to reopen it again and would pledge the court never to operate a dance hall again as long as he lived.

Judge Scurry accepted Snell's statement and entered no order.

Another Case Wednesday.

A hearing on a similar action against Nettie Flores, proprietress of another dance hall at Burkburnett, was set for nine o'clock Wednesday morning, after which it is expected to take up the hearing of the case of Mr. Lawrence, proprietor of the Cozy Cafe.

Snell made his statement after testimony showed that young men had taken girls from his dance hall to Lawton, Oklahoma, and spent the night there; that girls had gone from the dance hall to automobile and had driven out into the country with men and that the reputation of some of he girls employed at the dance hall was bad.

Expresses Surprise.

After hearing several witnesses Snell arose and declared the revelations came as a surprise and a shock to him. "I've always made my living honestly," he said, 'and I never had any idea such things were going on. I want to say that whether the court wishes to go on with this case or not, that my dance hall at Burkburnet is closed and that I will never run another hance hall as long as I live."

United States Deputy Marshal Goodfellow and an agent of the department of justice who attended the hearing took two young men and two dancing girls into custody this afternoon for investigation relative to the trip to Lawton.

"There was lots o' lovin'," in the Burkburnett dance hall of P. J. (Bud) Snell, according to the grave testimony of Constable J. W. Peters this morning in the 78th district court, where the State of Texas is seeking an injunction to close the dance hall mentioned. There were a few snickers of amusement in the in the court room as Constable Peters made his accusation, but the constable did not stop with the charge that there was 'lots o' loving'."

He added that there was "kissin' in the hall" and that the "dancin' was peculiar." In fact, it might be gathered from Constable Peters' testimony, that the "turkey-trot," great granddaddy of all modern dancing, had again been revived in Burkburnett and that it is in great favor among the oil field workers.

The testimony of the state's witnesses at this morning's session of the trial was to the general effect that the reputation of the dance hall and of many of the young women dancing there was bad. Two witnesses other than Peters testified, Policemen Curtis Armour and James H. Hartfield. Armour testified that he had arrested one girl who danced in Snell's and that her reputation in Burkburnett was not perfect.

The state rested its case late in the afternoon, after taking testimony from three more witnesses, John Phillips, Robert Beaman and Deputy Sheriff Lee Carter.

Beaman's testimony brought to light two young women not hitherto identified with the case, two young women known as "Big Bill" and "Little Bill."

"Did you ask the girls to dance with you, or did they ask you to dance?" queried County Attorney Davenport.

"Well," parried Beaman, "sometimes I hollered at them and sometimes they hollered at me."

Deputy Sheriff Carter testified that he had some time ago warned Mrs. Snell that he would expel from the hall any girls who danced in a "rough manner." Since then, he added, the hall had been "run properly."

The Civic League will meet Tuesday afternoon at 3 o'clock at the Kemp library.

MINISTER, WIFE AND DAUGHTER AT BYERS INJURED IN STORM

A wind and hail storm which swept over the Byers and Petrolia communities Sunday evening at about nightfall blew down many derricks in that district and caused other minor damage.

The wind was very high but the rainfall and the hail were not heavy and the damage from hail to wheat and other crops, is not serious, scattered reports today indicate.

At Petrolia only three derricks out of twenty near the railroad tracks are reported left standing and the damage in other parts of the field is reported nearly as great. A wall at the plant of the South Texas Gas Co., at Petrolia is reported to have been blown in.

At Byers, Rev. Wright, pastor of the Methodist church and wife and daughter, were injured by an explosion of gas in a dugout to which they went for safety. They carried a lamp with them, which they placed on the floor of the dugout. The flame began to flicker and Rev. Wright blew it out. Later when he unfastened the door he lighted a match. When he did so there was a burst of flames which burned all three painfully, but not seriously. It is believed natural gas had collected in the dugout.

FUNERAL MISS MERKLE HELD THIS AFTERNOON

The funeral of Miss Josie Merkle, who was killed in an automobile accident Saturday night on the lake road, was held this afternoon at 3 o'clock, Rev. S. A. Barnes conducting the services and the body was laid to rest in Riverside cemetery.

Other occupants of the car at the time of the accident who were slightly injured have been discharged from the hospital. The deceased was a daughter of S. D. Merkle of this city who prior to coming here resided in Tulsa.

SHOWER ON THURSDAY "HONORING" THE Y. W.C. A.

The new cafeteria and rest room of the Young Women's Christian soon to be opened at 614 Ohio, is to be "honoree" at a shower, to be given Thursday by Mrs. C. R. Hartsook's class of the First Methodist South Sunday school at the church. The class, of which Miss Florence Jackson is president, will give the towels for the new establishment. The rest room's hangings and cushions have been given by the Girls Friendly of the Episcopal Church, and other friends of the association have declared their intention of making similar gifts to make the recreation and rest room as attractive as possible.

DAIRIES MUST OBSERVE SANITARY REGULATIONS

Mrs. T. B. Smock, food and dairy inspector is out after the dairymen who persist in violating the sanitary ordinances. If there is any doubt about it ask a certain one of the number who is on probation until Saturday, with the understanding that his place will be cleaned and his products handled in a sanitary manner. He was very obstinate, not to say rude, Mrs. Smock reports, until arrested and put on bond, but now to all outward appearances is as meek as the proverbial lamb.

Notice to Property Owners of Wichita County.

May 1, was last day for taking assessments for 1919, but we will continue taking renditions until Saturday, May 10, and all property owners that have not rendered their taxes will please cal at Tax Assessor's office at court house on or before that date and give us a rendition on your property if not same will be placed on unrendered roll by oBard of Equalization and you will have nothing to say as to its value. T. E. Ragsdale, Tax Assessor. 304-2t

THOUSANDS VISIT SCOTLAND ADDITION; HOUSES GOING UP

Thousands of Wichitans visited the Scotland addition Sunday and until after nightfall there was almost a steady stream of travel over the new Burnett street bridge.

A number of houses are already going up in the addition and others are being planned.

"The only thing that has been delaying the building of many homes in this addition has been the delay in the completion of the Burnett street bridge," said A. L. Huey, manager for the Scotland Realty Co. "The completion of the bridge has made it possible to show people how close the addition is to the business section of the city and how close it is to the rapidly growing industrial district north of the city."

TO ATTEND CONFERENCE OF Y. W. C. A. WORKERS

For the purpose of getting ideas as to the summer recreation work of the Y. W. C. A. several Wichita Falls members of the executive committee will leave tonight for Dallas to attend a Girls' Work Conference of workers and recreation secretaries. Miss Kirk the local secretary, and Mesdames R. E. Shepherd, W. P. Danforth and C. J. Coyne will represent the Wichita Falls Y. W. C. A. at this meeting.

MRS. WALTER ROBERTSON ATTENDS CLUB MEETING

Mrs. Walter S. Robertson has returned from the annual meeting of the First District Federation of Clubs, held at Stamford. Mrs. Robertson in addition to being one of the soloists on the program for the federation, represented the Delphian Society and gave the reports from the Civic League and the Musicians Club. She was the only Wichita Falls club woman who attended the district meeting this year.

BOARD MEETING OF Y. W. C. A. POSTPONED

Owing to the absence from the city of the secretary and several members of the board, the regular monthly meeting of the Executive Board of the Wichita Falls Y. W. C. A. which was to have been held on Thursday, May 8, has been postponed. The meeting will be held on May 13, in the new recreation and rest room of the Y. W. C. A.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

CHARGE WILSON WITH VIOLATION OF NINTH PROVISION

By Associated Press.

BASEL, Switzerland, May 5.—The German-Austrian cabinet at Vienna has issued a manifesto in which it claims President Wilson, through his making known that he approved the treaty of London as far as it concerned the demarcation of the frontier between Italy and German-Austria, which meant the annexation of the southern Tyrol, had acquiesced in a violation of the ninth of his fourteen points.

The document adds that the Italian claims to the southern Tyrol, are founded purely on strategic grounds. These, it holds, do not justify annexation, because, in the first place, the ethnographic frontier between the German and Italian Tyrol is in line with Italy's strategical requirements, and in the second place, because such annexation is contrary to the principle of self determination. The manifesto concludes by declaring that if Italy takes the Southern Tyrol, the remainder of the Tyrol would inevitably be obsorbed by Germany with the result that German-Austria would be cutt off from the rest of the world except through Germany and therefore would be obliged to unite herself with Germany.

ANARCHISTS FAIL TO STAGE DEMONSTRATION

BUENOS AIRES, Sunday, May 4.—Today's anarchistic demonstration was a flat failure as a result of the activities of the vigilance committees, which, in spite of the announced suspension of the anarchist plans for a manifestation, took up positions shortly after noon in all the plazas or stand on the sidewalks.

BETTER PAY FOR TEACHERS.

In adopting a schedule providing for a substantial increase in the pay of school teachers here, the Wichita Falls school board took a step which it had long felt was necessary and which it only now found itself able to provide. The movement for more adequate pay for teachers is nation-wide and it will be a source of satisfaction to the people of Wichita Falls to know that its school board has acted while many others are only discussing action.

Discussing the movement for better compensation for teachers the Houston Post says:

"Though it is true that some people do not regard with favor the country-wide movement to increase the pay of teachers, it is evident enough that not only the great majority desire justice to the teachers, but that they are beginning to comprehend what a far-reaching public benefit adequate compensation will realize.

"Since the war with its high cost of living has forced so many privations upon teachers, people have been giving much thought to the subject and they now see that the teachers never were sufficiently compensated, even before the war. They likewise see that the public school system will deteriorate rapidly unless salaries are sufficiently lucrative to enable the teachers to live comfortably and to save something for the rainy day.

"In some parts of the country, the strengthening sentiment for better pay for teachers is also stirring an interest in other reforms, such as comfortable school houses in the rural districts of the South, higher teaching standards and more adaptable courses of study. In time the greatest obstacle to education in the most backward states will be removed, since with better schools and better results which come with heavier investments in school system, the people easily see that money invested in the education of their children is most profitably expended.

"Informed people realize now how the schools are suffering because of the insufficiently compensated teachers. They have seen that there must be reckoned the large number of teachers who have left the schools for other employment. These as a rule have been more experienced teachers, and in many schools their places have not been filled at all. Then an equally embarrassing situation grows out of the circumstance that undercompensation chills the interest and enthusiasm of teachers as in the cases of other classes of workers.

"Better pay is necessary, therefore, not only to hold the experienced teachers still remaining in the schools, and perhaps to win back those who have entered other employments, but to infuse a more enthusiastic spirit in the whole teachers body by removing the sense of injustice which breeds discontent and discouragement.

"Another advantage which comes of the campaign for better pay is the deeper interest in the schools the parents are beginning to manifest. People brought face to face with the problem of better pay, which means higher taxes, ultimately, begin to devote more attention to the schools, and the more attention they give to this greatest branch of the public service the greater personal interest they feel in the general cause, and the more generous attitude they assume toward it.

"So the deeper we look into the national movement for better paid teachers, the more satisfaction it gives since despite the tremendous tax burdens upon the people they are evincing a disposition to do what is necessary for public education, and to do so cheerfully. More than that a widespread spirit of justice is being fostered that of itself never fails to exalt a nation.

"Though in no case has the response to the demand for better salaries for teachers been commensurate with the strict standard of fairness, the increases are substantial and helpful. In some cases, teachers are enjoying a second raise and therefore making steady progress toward the ultimate readjustment that will meet every demand of justice.

"The rapidly increasing number of women voters is of much assistance to the teachers' salary movement. Enfranchised women are generally exhibiting a sisterly interest in these faithful workers, and we may be sure realized, the great battle won by the teachers, 80 per cent of whom are women, will rank with the greatest achievements of the new era.

DANGER IN OVER-CONFIDENCE.

With the election only three weeks ahead there has been little discussion of the proposed constitutional amendments that will be voted on May 24. One of these amendments is for woman suffrage, another is for constitutional prohibition. Ordinarily these issues would excite great public interest. Apparently their advocates are confident of success. But these amendments cannot be adopted without votes. "Agin 'em all" is the slogan that is quietly being whispered over the state by the liquor crowd. Unless those who favor the amendments do something to arouse public interest and to get out the vote there is serious danger that all the amendments will be defeated.

The fact cannot be hid; Wichita county is producing more oil every day than any other county in the United States. Some newspapers and oil magazines report the production of Comanche county as so much, the production of Eastland county as so much but when they get to Wichita county they report only "Burkburnett —— barrels." Iowa Park and Electra are in Wichita county, a fact that the "experts" who write the dope for some of the outside papers and magazines apparently do not know.

LITTLE STORIES FOR BEDTIME

By HOWARD R. GARIS

Uncle Giggily and Bunty's Doll.

"Where is Bunty?" asked Uncle Wiggily Longears, the rabbit gentleman one morning, as he came down to breakfast in his hollow stump bungalow.

"Oh, Bunty has gone out to play long ago!" said Nurse Janes Fuzzy Wuzzy.

"Well, I'm glad of that," spoke Uncle Wiggily, with a sigh, sort of restful like and ample, "it's a good thing to have Bunty go out and play."

"Do you mean it's good for her?" asked Nurse Jane, as she slicked some carrots for the bunny breakfast and poured maple sugar sauce over them.

"It's restful for Bunty and restful for me," said Uncle Wiggily. "Do you know, Nurse Jane," he went on, "since I found Baby Bunty that cute little rabbit girl, in a hollow stump and brought her home to live with us, she certainly has kept me going. Yes sir!" exclaimed Mr. Longears, explosive like and inflammatory, at the same time documentary, "she certainly has kept me busy!"

"But it's good for you," said Miss Fuzzy Wuzzy, the muskrat lady housekeeper. "You haven't looked well in months. Baby Bunty, by being lively, and making you chase her every once in a while, keeps you from getting stiff."

"Well, yes, perhaps," admitted the bunny rabbit. "But at the same time I am glad she has gone out to play this morning. Now after breakfast, I can sit and read my paper in peace and restfulness."

And, when he had finished eating his turnip turnovers, with lettuce frosting on, Uncle Wiggily sat down in his easy chair in the sunshine, and began to look over the Cabbage Leaf Gazette, which is the newspaper of the animal people of Woodland, near the Orange Ice Mountains.

But just as Uncle Wiggily was reading how Grandfather Goosey Gander had a cold in his bill and couldn't quack very well, Nurse Jane suddenly cried:

"Oh, Uncle Wiggily! come here as quickly as you can. Hurry!"

"What's the matter now?" asked the rabbit gentleman, as he dropped his paper and gave three hops, a jump and a skip to the window, out of which Nurse Jane was looking. "What's the matter?"

"See! There goes Baby Bunty's doll!" said the muskrat lady. "It's skidding along over the ground as fast as the skillery-scalery alligator can crawl. Baby Bunt's doll is running away, and she'll feel so badly."

"Baby Bunty's doll running away? Impossible!" cried Uncle Wiggily. The doll isn't alive—it can't run away!"

"But it is!" said Nurse Jane. "See it skidding along!"

And, as true as I'm telling you, there was Baby Bunty's doll, moving along the woodland path, over the green moss, over the green grass, over the brown leaves, and out among the green ferns. The doll was sliding along the ground, but no one was dragging her or pulling her or pushing her—that is as far as Uncle Wiggily and Nurse Jane could see.

"Did you ever? Can you imagine it!" cried the muskrat lady.

"I can see it!" said the bunny, rubbing his eyes, and his pink, twinkling nose, to make sure he was awake.

"I can see it!" said Uncle Wiggily "I don't have to imagine it. But what makes that doll go I don't know. Some dolls can walk and talk, but I never saw one slide along all by herself before."

"Run after it, quickly!" cried Nurse Jane. "Baby Bunty will feel very badly if her doll is lost! Run after it for her!"

"I will," said the rabbit gentleman. "Not stopping to put on his tall, silk hat, and forgetting all about his red, white and blue-stripped rheumatism crutch, out of his hollow stump bungalow, rushed Uncle Wiggily. After the doll he hopped.

But as fast as he hopped the doll skidded along just as fast, always keeping ahead of Mr. Longears.

"Oh, ho! I'll get you yet!" cried the bunny. And he hopped faster and faster. But the doll skidded along ever more quickly. Uncle Wiggily was hopping as he had never hopped before.

"What makes that doll skiddle along?" panted the bunny, all out of breath. "I canot scee anyone pulling or pushing her. It can't be a trick of Pipsisewah or the Skuddlemagoon, for I can see neither of those bad along? I must find out but first I chaps. Whta makes the doll move must get hold of it!"

So the bunny hopped along faster and faster, and the doll skiddled along until, all of a suden. Baby Bunty's play-toy caught on a swisted tree root, was held fast, and Uncle Wiggily, making a big jump, grabbed it. Then he saw that a thin, black, but very strong thread was tied around the doll.

"Ha! Some one was pulling that doll along by this black string, and I couldn't see it" said the rabbit gentleman. "I wonder who did it?"

"I did!" cried the jolly voice, and out from behind a bush jumped Baby Bunty. "I tied the long thread to my doll, and then I hopped ahead and pulled the doll after me!" said Baby Bunty. "I wanted you to hop along fast, and not get stiff, Uncle Wiggily, and you did! Ho, Ho, Ha, Ha!"

Uncle Wiggily rubbed his pink nose. He shook his paw at Baby Bunty, but he couldn't help laughing.

"I'm not stiff now," he said, "but I may be tomorrow."

"Oh, no you won't!" laughed Baby Bunty! And if the bath tub doesn't spinkle paregoric perfume on the wash rag, thinging it's a handerchief, I'll tell you next about Uncle Wiggily and Bunty's medicine.

Doctors Jones and Lee announce their return from France, and the reopening of their offices after eighteen months service as Majors in the medical corps, U. S. Army. They will hereafter be associated with office in suite 508 Kemp & Kell Bldg. 302-6tc.

HAMBONE'S MEDITATIONS

MILLION AND HALF DEPOSITED ON THE BURK-WAGGONER DEAL

With the deposit of a half million dollars in the First National bank, wired from the Seaboard National bank at New York City, about noon today, the contract for the sale of the Burk-Waggoner's properties to A. D. Morton et al was put in escrow at the First National bank, awaiting examination of the title and abstract and the completion of the details of the transaction. Two millions of dollars is the purchase price, and it is understood all but three quarters of a million of this to be paid in cash though the terms have not yet been worked out, officials of the bank, who were concerned with closing the deal, state.

The deal will finally be closed in 15 days, it is stated and lawyers are now at work on the title and abstract, and the details of the sale will be perfected by the company officers, R. M. Waggoner and Clois Green, with the purchaser. It is understood that Mr. Morton, whose home is in Bartlesville, Okla., and who was in Wichita Falls a short time ago, will return to this city immediately, to enter into the detailed contract.

It is not known whether Mr. Morton is buying the property for his individual investment, or is representing eastern interests. Officials of the First National bank state that he is a big enough figure in the oil world to handle a two million dollar deal himself, but by his presence in New York, and the speed with which he sought to close the deal after reaching New York, it is believed that eastern capitalists are interested with him in this deal.

When negotiations, which were begun during Mr. Morton's visit to the local oil fields, a short time ago, there was another representative of eastern capitalists here making overtures to Mr. Waggoner and Mr. Green, for the sale of the property, and he stated he had a million dollars to put up as first money. It was this second offer that caused the Morton deal to be rushed as it was by Morton, and was consummated by wire, as far as was possible until the title is examined and approved.

Howell and Howell of this city and A. A. Ryan and Co. of New York were the brokerage firms representing the two parties to the traction.

Early this afternoon C. E. McCutchan, vice president of the First National, talked over the long distance telephone to C. E. Gill, of the Seaboard National bank, New York City, relative to the deposit of the money, Mr. Gill calling the local bankers.

STRONG GAS FLOW IN JOHNSON WELL IN YOUNG COUNTY

Special to The Times.

EASTLAND, TEX., May 5.—One of the most interesting reports from the North Central Texas oil fields Monday was that from the Johnson No. 1 of the Manhattan Petroleum Company in Young county which is making from three to five million feet of gas at 475 feet.

The Dandy well of the Prairie Oil and Gas Co., northwest of Ranger pool, which has opened new territory, is holding up a production of about 1800 barrels daily, reports say.

Announcement.

We desire to announce that we have secured the services of John M. Schaupp Jr., formerly of Fort Dodge, Iowa. Mr. Schaupp is a lawyer, and comes highly recommended.

While we have not done any brokerage business in the past, we are now in position to handle choice leases and royalties on a brokerage basis, but desire to handle same from the owner direct.

If you are in the market for well located lease in the North Central Texas field call on us, or write us.

CALOMEN NOW PURIFIED FROM ALL OBJECTIONS

Chemists Rid Doctors' Favorite Medicine of Nauseating and Salivating Qualities — New Variety Called "Calotabs"

A triumph of modern pharmacy that is a blessing to the whole world—that is opinion of physicians and druggists who are familiar with the new, nauseless calomel that is wholly free from the objectionable effects of the old style calomel.

An occasional purifying of the system and through cleansing of the liver are absolutely essential to health, and, as all doctors know calomel was the only drug that accomplished this result. Now that the unpleasantness and danger of salivation are entirely removed, the popularity of the new calomel, Calotabs, will be vastly increased. Its effect is delightful. One tablet at bedtime, with a swallow of water—that's all. No salts, no nausea, no griping, nor the slightest unpleasantness. You wake up next morning feeling fine, your liver cleansed, your system purified and with a hearty appetite for breakfast. Eat what you please—no danger of salivation. No restrictions of habit or diet.

For your protection, Calotabs are sold only in original, sealed packages, price thirty-five cents. Your druggist recommends and guarantees them by refunding your money if you are not delighted with them.—(adv.)

UNITED OIL PUTS 1,000 BARRELS IN TANKS ON SUNDAY

Connecting up all tanks and perfecting arrangements for completing Saturday, the United Oil Company's well in block 74, was drilled in early Sunday and by Sunday afternoon had put 1,000 barrels of oil in the tanks, according to reports from the field. The well is flowing by heads, and is a very good well, it is stated.

PAINTERS UNION TAKES $2,250 OF "VICTORY" BONDS

The members of the Painters' & Paper Hangers' Union, Local No. 393, will hold a meeting tomorrow night at the Labor Temple to make additional subscriptions to the Victory Loan.

Members of the union last week subscribed $2,250 to the loan on short notice, and it is believed double that amount will be raised and that the union will go on record as "100 per cent" in the present bond campaign.

R. M. WAGGONER AND G. C. WOOD ELECTED OFFICERS OF BANK

R. M. Waggoner, president of the Burk-Waggoner Oil Company and one of the most prominent figures in the local oil field since the northwest extension, was today elected a vice-president and director of the Wichita State Bank and Trust Company, at a directors meeting held in the offices of the bank. Mr. Waggoner acquired a large block of stock in the institution.

G. Clint Wood, who has been a director of the bank for some time, was also elected vice-president of the institution. Mr. Wood is one of the most prominent oil men in this section, and has been so far a number of years. The banking institution will occupy the ground flor of the new eight story building, which Mr. Wood now has under construction at the corner of Eighth and Scott.

MRS. COSGROVE IS HERE FROM JOPLIN LOOKING AFTER OIL INTERESTS

Mrs. Henrietta C. Cosgrove of Joplin, Mo., originator and leader in the early struggle to obtain enactment of the mothers' pension laws, is a visitor to Wichita Falls. Mrs. Cosgrove, whose family for years were close personal friends of the late Theodore Roosevelt, has holdings in the Wichita oil fields and is here with a party of Joplin friends to investigate the new pool opened northwest of Burkburnett.

RED CROSS UNIT OF CHURCH RAISES QUOTA

The Red Cross unit of the First Christian church announces they have finished the quota assigned them, with the aid of Mrs. Eagle of the South Methodist and Mrs. Davis of the Catholic Red Cross organizations.

GERMANS COMPLAIN AT THE TREATMENT OF THE DELEGATES

By Associated Press.

BERLIN, Saturday, May 3.—Newspaper men with the German peace delegation at Versailles are sending generally consecutive accounts of their experiences, but Schuermann, the correspondent of the German Gazette, who wielded a trenchant bitter pen during the war, does not disguise his disgust at the treatment given the Germans by the French. He devotes the most of his report today to "the freedom of movement," accorded the German delegation, which he says is restricted to limits.

He tells of a stenographer who sought to purchase tooth powder at a drug store and "nearly caused a diplomatic breach," the incident ending with her expulsion from the store. The writer says that American correspondents, "believing they could move about as freely as they do in Berlin," tried to interview a member of the German delegation on its arrival, but were shaply denied the privilege.

Schuermann complains of high prices, especially since the German mark must be transformed into francs, and says th echarge for making the exchange is exorbitant. He closes by saying: "Frenchmen are neither too pretty nor toop roud to do cheap business with enemy delegates."

EAGLE PASS CELEBRATES MEXICAN INDEPENDENCE

By Associated Press.

EAGLE PASS, TEX., May 5.—Business was virtually suspended on both sides of this portion of the Texas-Mexican border today while the Americans joined in the celebration of "Cinco de Mayo," the anniversary of the declaration of Mexican independence. Colonel G. A. Weiser, commanding the Eagle Pass military district, with his staff and third infantry band crossed to Piedras Negras and spent the day as guests of General Fernando Peraldi, the Mexican military commander, opposite the Eagle Pass district.

IRRIGATION COMMITTEE WILL MEET THIS WEEK

The Irrigation committee meeting, which has ben planned for some time, but held up by the Victory Loan Drive will be held some time this week, according to J. A. Kemp, and at this time definite steps will be taken towards framing the petition for an election to vote an irrigation district and bonds to finance the project. V. L. Sullivan, the engineer of the project and Judge Starley of Pecos City, are due to arirve in Wichita Falls on Wednesday, May 7, and a meeting will be arranged on their arrival. N. Henderson, a member of the executive committee and the one who keeps in communication with Mr. Sullivan, has ben out of town for the past several days so that i has been impossible to set the date of the meeting definitely.

MORTUARY

Miss Futh Florendo Dunn.

Miss Ruth Florendo Dunn, daughter of Mrs. J. A. Patton, died Sunday morning at 1:30 after a lingering illness with tuberculosis. The body will be shipped to Dinnington, Ind., for interment.

VOLUNTEERS WONTED TO HELP UNLOAD TANK

Chairman A. H. Britain has issued a call for volunteers to help unload the battle tank which will arrive here tonight. The volunteers will be needed about eight o'clock tomorrow, at which time they are asked to show up at the station for unloading the tank.

Notice.

In order that no person or organization may hereafter suffer any loss financially or otherwise, by reason of making contracts with what is commonly known as carnival companies, we hereby give notice that any carnival coming here, in the future, will not be permitted to run gaming devices of any character, and in our opinions all games with the carnivals are gambling devices and no forty-nine dances of any kind will be permitted or tolerated.—John Davenport, County Attorney, R. L. McFall, Sheriff. 305-1tc.

Notice.

For the purpose of considering business matters of mutual interest and importance, we the undersigned stock holders of the Purcell Oil Company, beg to hereby invite all stockholders to join us in a meeting to be held in Judge J. P. Jones' office at the county court house 8:00 p. m. Tuesday, May 6th.—J. P. Jones, W. M. Priddy, Ed Howard. 305-2tc.

Notice of Removal.

I wish to inform my friends and clients that I have moved my office to the basement of the First National Bank building, where I shall continue the practice of law in connection with General E. H. Gipson, under the firm name of Napier & Gipson. Telephone No. 2521. 298 30

Market Report

COTTON MARKET

By Associated Press.

NEW YORK, May 5.—The cotton market was comparatively quiet during today's early trading and fluctuations were somewhat irregular. The opening was one to 11 points lower in response to disappointing cables and New Orleans and Wall street selling but prices steadied around 25.65 for July and 24.50 for October on Liverpool buying and covering. Private cables increased continental and hedge selling in Liverpool but said there was a good demand for spot cotton and trade calling on the decline in futures.

Buying by domestic trade houses and Liverpool was a feature on the advance from the opening decline but general business was quiet. July contracts sold up to 26.88 and October to 24.82, or about 14 to 15 points net higher late in the morning. A southern authority estimates the reduction in acreage at 14.6 per cent.

The rumor that the Italian delegates were returning to the peace conference and a private bureau report showing a decrease in acreage of 4.6 per cent increased the demands for contracts. In the trading up to non prices were sent 15 to 22 points above Saturday's finals.

Trading was very quiet during the early afternoon but prices held steady within a point or two of the best or about 20 to 24 points net higher with October selling around 24.90.

Cotton closed steady.

New Orleans Cotton.

NEW ORLEANS, May 5.—First prices in cotton today were lower on rains in Texas, which were construed favorably and the decline continued until it amounted to 12 to 30 points. The forecast of more rains to come in the western belt, however, caused uneasiness because of the fear of too much moisture and a recovery ensued. At the end of the first half hour of trading prices were unchanged to five points down compared with the close of Saturday.

The market became quiet but very steady, standing at 1 o'clock at a net advance of 15 to 23 points.

Cotton closed steady at an advance of four to six points.

Liverpool Cotton.

LIVERPOOL, May 5.—Cotton spot steady; prices easier. Good middling 18.16; fully middling 17.66; middling 17.06; low middling 15.51; good ordinary 13.86; ordinary 13.33.

Sales 7,000 bales, including 6,700 American.

Receipts none.

Futures closed quiet and steady: May 16.99; July 16.45; September 15.66; October 15.26; January 14.99; March 14.77.

NEW YORK STOCKS

By Associated Press.

NEW YORK, May 5.—Firmness marked the opening session of the week's stock exchange, the movement showing few traces, however, of the extraordinary activity of the past fortnight. Tobacco specialties were again active. American Snuff rose two points and Lorillard seven. Gains of one to two points were made by Royal Dutch, Texas Company, International Harvester, linseed, Inspiration Copper, American Zinc and Atlantic, the latter rising to the new record of $1.56¼. St. Louis and San Francisco preferred featured the rails at a three point advance.

United States steel rallied over a point at midday, allied issues, especially Great Northern ore, Colorado fuel, Pennsylvania, seaboard steel and Central foundry gaining one of three points. Investment rails made additional gains under lead of Pacifics and coalers and shippings and equipments were substantially stronger.

Oils, leathers and shippings, at further gains, contributed to the active final hour. The closing was strong.

Final prices on Liberty bonds today were: 3½'s 98.63; first 4's 95.80; second 4's 94.30; first 4¼'s 96.00; second 4¼'s 94.36; third 4¼'s 95.14; fourth 4¼'s 94.38.

Choice Oil Leases for Sale.

I am the owner of some choice oil acreage in 20 acre blocks within half mile of the Johnson well now drilling on the Musgrave place. My prices are right. See F. T. Jenne, owner or Judge C. B. Felder, 310 First National Bank. Phone 1330. 302-6tc.

Card of Thanks.

Mr. and Mrs. J. A. Patton wish to thank their many friends for their kindness during the sickness and death of their daughter. 305-1tp.

Nothing Is More Precious than Your Eyesight

The old masters depicted the oval form as the highest type of the female face beautiful. But today the successful artist shows many types, each as beautiful as the other. There is one point, however, that all judges of the human face agree upon, and that is—the balancing up of its deficiencies.

In glasses, our knowledge, skill and experience enable us to "build up" a flat face or low bridged nose so it is almost worth while for one to wear glasses for appearance sake only.

Don't make the mistake, when being fitted for glasses, in insisting upon some certain style of frame or size of lens, simply because of the comely appearance of some friend to whom such a style is becoming.

Come here and be governed by our advice, for we not alone know all about the optometric needs of an eye, but we study how best to give our patients the maximum of benefit with the minimum of trouble.

OPTICAL PARLOR, KAHN BLDG.

GRAIN AND PRODUCE

By Associated Press.

CHICAGO, May 5.—Fresh upturns in the value of corn resulted today from continuous wet weather which made both hauling and planting difficult if not impossible. On the new advance July delivery touched the highest price yet this season. Profit taking sales, however, led subsequently to something of a reaction. Opening figures, which ranged from 1¼ to 2¼ higher with July $1.69 to $1.71 and September $1.65 to $1.66, were followed by a moderate additional gain and by rallies from the ensuing setback.

Oats were stronger with corn. After opening ⅛ to 1⅜ up, including July at .72⅝ to .72¾, the market remained comparatively firm.

Provisions rose with grain and hogs.

A sensational break in prices took place just before the close as a result of heavy selling and of a sudden lack of all support. The extraordinary change in the temper of the market was due to announcements from Minneapolis that the United States government has arranged to import wheat from Canada, and that a downward revision of prices of foodstuffs was anticipated. In the flurry, the extreme fall of values was about 12 cents but the market also reacted with great abruptness. The close was excited, 3c to 5c net lower, with July $1.65¼ to $1.65⅝ and September $1.60@1.60½.

Virtually all of the day's gain in the provision market were wiped out when grain markets crashed downward near the end of the day. Trading in provisions, though, lacked volume.

THE BEST BUILT cottage now under construction in the city. Six large rooms, breakfast alcove, brick foundation, plastered walls, hardwood floors throughout. Glass-in sleeping porch. A beauty. If you want the best bargain ever offered, see this home. It was not built for speculation, as the owner intended moving to Wichita Falls, but circumstances prevented.

IMPROVED CITY PROPERTY.

FOR SALE OR TRADE IN BOWIE, TEXAS.

We have in Bowie, one of the nicest homes that owner will sell or trade for Wichita Falls property. Situated only fifty miles from Wichita, this little city affords all the conveniences of a Metropolitan City and surrounded as it is by an agricultural and fruit growing country you can live there for half what you can elsewhere. If you wish to get away from the noise of the big city and find a home where they have the finest of church connections, good schools and the best water in Texas, here is your opportunity. See us at 709 Ohio-ave.

On SE corner Huff, we have a beautiful home, paved street. Living room, dining room, kitchen, hall and breakfast room on first floor, three bedrooms and bath on second. Servants house, garage, cement walks, driveway, in fact it is one of the nicest homes and must be seen to be appreciated. Can we show this home to you?

Again on Huff with NE corner, we have a one-story bungalow that is a dandy, built-in features of all kinds and descriptions, servants room, garage, walks and drives, everything modern. This nice home can be bought right and on terms.

Another 5-room bungalow on Huff, with front and side porches, hardwood floors, built-in features, servants room, garage, everything modern.

On Collins-ave., we have a modern brick bungalow with all built-in features, ivory finish, cement walks. Price is right and terms.

We have on Lucile, three homes, two completed and one under construction, all in the same block and being built by a contractor that has ideas as to what homes should be, we want you to see these.

In Southland and Floral Heights, we have vacant lots for sale.

On 8th we have a modern 5-room home just completed and it is modern in every way. Garage, cement walks, and the owner has given us a price that will sell it.

We have a home on 15th, built about one year, between two car lines and near the Austin school, that is a bargain for someone. Owner will take in a vacant lot up to $2000. Better look at this.

Schlitz FAMO Is Back Again!

When the President placed the ban on cereal beverages, we thought we had a supply on hand sufficient to last until we should be permitted to resume manufacture. But the superior quality of Schlitz Famo so appealed to the palates of the American people that our supply was soon exhausted.

We Have No Old Stock On Hand

Now that the ban is off we are exerting every effort to expedite manufacture so that we may supply the demand for this superior beverage that is food and drink combined.

We suggest that you place an order with the local distributor for a case now, which will insure your being among the first to be supplied.

MONTHLY REVIEW OF BUSINESS SITUATION BY RESERVE BANK

By Associated Press.
DALLAS, May 5.—In the Eleventh Federal Reserve District as a whole sound and normal business is being transacted. Thus, is the condition throughout the district summarized by the federal reserve agent in his report for April. Agricultural prospects show further gain, the livestock industry is getting on its feet and improvements in trade during the transitory period, while gradual are none the less conspicuous. "Except in the building industry most lines are well satisfied with the business in hand," continues the review.

"The steady development of other wealth producing industries such as oil, copper mining, diversified farming and stock raising has rendered the district less dependent upon the cotton crop returns," the review says, "and while the lethargy in business resulting from the slow marketing of cotton it still apparent, it is neverthe less set off by other activities."

"The slow movement of the cotton crop continues to make its affect felt on the banks although further liquidation by sales of cotton is evident within recent weeks. On April 15 total discounts and open market transactions of the Federal Reserve Bank were $54,364,239 against $57,087,230 for March 15. A large part of the decrease was in paper of member banks secured by government obligations, the report said. Bank clearings for the nine chief cities of the district for March show an increase of 24.2 per cent over March, 1918, the 1919 totals being $361,476,713 as against $290,948 298 in 1918.

"Postal receipts, however, show a decrease of .9 per cent for the same period, the 1919 March total being $79,589 as compared with $575,263 for March, 1918.

"Building permits showed an increase of 119 in number and 48.5 per cent the total being $911,342 and the maximum valuation being in Houston, where 208 permits were issued for a total value of $288,415.

"The lethargy prevailing in the building industry throughout the country is apparent in this district," said the Federal Reserve agent, "and the reluctance to proceed with new building seems general. In fact the direct effect is now most noticeable in the lack of housing facilities which in itself presents unlimited possibilities for the day when construction begins in earnest.

"The partial revival of building has stimulated the demand for lumber and during the last 30 days dealers report unprecedented orders. The ability of the mills to produce stocks seems to be materially affected principally on account of weather conditions and labor. Prices are higher attributable to two cases, first abnormally low production, and second, a strong demand in the face of light business. Authorities predict a continued advance in price rather than a looked for decline

"Skilled and unskilled labor usually busy with the building industry finds good and similar activities attractive at high wages, and the general situation remains good. There is no widespread unemployment in the district and between the heavy calls from the farms and the oil fields, labor generally is well situated."

"Retail merchants report a fair increase in trade, according to the bank. "The urban population continues its unstinted demand for higher priced goods, which necessarily swells the total sales in practically all important centers. Notwithstanding this increase of increased volume in dollars, merchants generally report a fair increase in quantities. The weather conditions have been favorable to the sale of seasonable merchandise."

Oil News

COLLIN COUNTY WELL PUTS OIL IN DERRICK BEFORE CASING IS SET

Casing was set Saturday in the Collin County Oil & Gas Company well on block 52 of the Red River Valley Lands, and the hole is being cleaned out preparatory to drilling in. The well began making oil Friday afternoon at 1658, while the rotary was still at work, the gas pressure being so strong that the oil and mud was forced out of the hole and for several feet into the derrick. Measurements showed the drill eight feet in the sand, and drilling was stopped until the casing could be set. Sunday work was held up for lack of water, which has now been provided, and with the setting up of the tanks the well will be completed at once.

The new well is in what was supposed at one time to have been dry territory. It lies about half way between the Burk-Waggoner and the old Burkburnett field, and is but a half mile north and east of a dry hole drilled with a rotary several years ago. It opens up a territory of more than two miles in extent which will now probably be thoroughly drilled out.

COSDEN WELL IN TILLMAN COUNTY DOWN 1120 FEET

Special to The Times.
FREDERICK, Okla., May 5.—The Cosden Oil Company's test well, about 18 miles northeast of the city, it was reported Saturday, is down 1,120 feet and waiting for a drill stem. It was said that 500 feet of hard limestone had been encountered in this well so far, passing through the lime at 1,100 feet and having penetrated 20 feet into blue shale at the time operations stopped for another drill stem.

It is expected that the Douglas well, located on the northwest quarter of section 36, township 1 north, range 15 west, just across the Tillman county line in Comanche county, will resume operations in a short time. This test has been delayed a long time—because or a defective title to the lease on which it is located, but it is said this defect has been removed.

When drilling was suspended, a depth of 1,160 feet had been reached by the bit after cutting its way through the 500 feet of lime of the same formation as the Cosden test, the operations having ceased while the drill was in blue shale.

A local observer, who has been in several oil fields, said Saturday that there are better outcrop showing in the section where these two test are located than in any other part of Tillmann county, declaring the surface formation are a lmost an exact duplicate, including both soil and rock outcrop, of the Bartlesville oil fields.

GREENE IS PRESIDENT OF COMPANY TO DRILL IN WILBARGER COUNTY

Special to The Times.
VERNON, May 5.—Clois L. Greene has been elected president of the Neal-Hamilton Oil Company, organized for the purpose of drilling in the Doans community, about eighteen miles north of Vernon. Other officers elected are J. M. Cox, vice-president and S. C. Hogsett, secretary-treasurer. The trustees have issued a call for a fifty per cent payment on stock to be made by May 10th. Other calls will be made as the money is needed for drilling purposes.

Have resigned as director of the Prairie Hill Oil Co. H. A. Bell, Route No. 2. 290-26tp

UNITED PRODUCERS HAS FIVE RIGS ON WAGGONER LEASE

The United Producers Company and Roy B. Jones and C. H. Clark have five rigs up on their 22 aare lease purchased from R. M. Waggoner in Block 84, Red River Valley Lands, and three of them are already in operation. This lease which was one of th first leases taken after the Burk-Waggoner well came in, and which was purchased for the sum of $220,000, is to be developed immediately. John O'Donohoe is the manager for the United Producers, which has a third interest in the holdings, while the other two thirds are held by Brown and Jones and C. H. Clark.

ICE!
PAY FOR YOUR ICE WITH COUPONS
AND SAVE MONEY

The slight increase in the price of our ice—it is now 60c per hundred pounds instead of 50c per hundred pounds—will cost you very little, if any more, if you will pay for your ice with Coupons.

We sell Coupon Books, 500 lbs. to the book, for $2.75.

If you pay for the 500 lbs. in cash it will cost you $3.00. By paying with coupons you save 25c on every 100 bs. you use. In the course of the Spring and Summer the saving will be considerable.

A similar saving is made if you buy a 1,000-lb. book which sells for $5.50. Our drivers have these books for sale. The amount you can save is well worth considering and we earnestly advise our customers to take advantage of the lower prices made available by the Coupon Book.

Get one tomorrow. It is the easiest and most economical way to take ice.

We want to make our Pure Ice keep you and the "folks" happy and healthy during the heated season. In addition, we want to serve you efficiently and pleasantly. It is with this thought in mind that we issue the Coupon Books and commend them to your attention.

706 OHIO AVENUE

10 Acres, Block 88, just above the Thrift and Burk-Waggoner Wells

160 Acres 2 1-2 miles southwest of Iowa Park on the J. S. Acres survey

5 ACRES ABOUT 900 FEET FROM THE PARKER WELL IN THE LANIER TRACT

The first two named leases are among the most valuable leases around the Golden Cycle, Thrift or Burk-Kaggoner wells. The 160-acre lease is just a little over two miles west of the Zink wells and about one mile west of the shallow wells on the Penny tract. It is on a big dome and presents an admirable prospects for oil production.

THREE WELLS

We are going to drill a deep well on each lease. We expect to drill right away in order to get the flush production. Our development will be along the lines of the best approved methods.

GREAT POSSIBILITIES

Ask any practical oil man about our property. He will tell you that we are almost certain to get oil. If that is true, our stock will be worth many times the par value.

Many of you know the men who are organizing this company.

OF INTEREST TO SPORT FANS

BETTER FORM IS BEING BISPLAYED BY THE PITCHERS

WARM WEATHER OF PAST WEEK IS RESPONSIBLE FOR BETTER SHOWING.

TEAMS ROUND INTO SHAPE

Cincinnati Credited With Seven Straight Victories, Prior to Defeat Friday.

By Associated Press.

NEW YORK, May 5.—Better form was displayed by pitchers of both major leagues with the warmer weather of last week, than in the opening week of the season, although numerous contests were featured by heavy batting.

In the National, Cincinnati, topping the league, ran its winning streak to seven victories until checked Friday by St. Louis when the Cardinals used three pitchers to hold the Reds to two hits. Chicago went into first place in the American league, getting three victories in four tries while the Boston world champions were winning four and losing three.

Ray Fisher of Cincinnati, with two games to his credit during the week, yielded three hits to Pittsburgh while Reuther downed the Pirates with five hits. Sallee of Cincinnati allowed Chicago three hits Sunday.

Superbas Going Good.

Brooklyn kept up its effective batting and after dividing two games with Philadelphia, trounced Boston twice. Wednesday, Oeschger of Philadelphia and Grimes of Brooklyn battled 20 innings to a 9-9 tie. Boston held on for 13 innings against Brooklyn Saturday before admitting defeat. The Superbas kept up their chase after the league leaders Sunday by causing Boston, which has yet to win a contest, to lose its eighth straight game.

New York gave much promise, winning all its games. New York received a setback Sunday when Williams home run in the ninth decided the game in the Quakers' favor.

Tyler and Douglas of Chicago each scored a four-hit victory over St. Louis, Douglas blanking his opponents. May of the Cardinals held the Cubs to four hits and no runs. Chicago made five double plays in this contest. Pittsburgh lost two games to Chicago, Tyler winning Friday and Vaughn outpitching Hamilton in an 11-inning game Saturday.

The Pirates beat St. Louis Sunday. The Chicago Americans took three games from Detroit, and lost one to St. Louis when the Browns pounded three pitchers hard. In the Detroit series the White Sox won each game by a two-run margin. Cicotte of Chicago held St. Louis to three hits Sunday.

Boston placed three games to its credit out of four with Washington.

New York offered more formidable resistance to the champions, winning Thursday by scoring four runs after two men were out in the ninth inning. The Yankees won again Friday, but the combination of Ruth's batting and pitching was too much for them Saturday.

Vick's two triples aided New York in a 12-inning victory over Philadelphia Monday. The teams divided the next two games. Morton of Cleveland twirled two shut-out games, his victims being St. Louis and Detroit. Uhle of Cleveland made his major league debut Wednesday defeating the Browns. Cleveland lost to Detroit Friday when the Tigers touched five pitchers for 16 hits. Cleveland beat Detroit Sunday.

Washington defeated Philadelphia twice, Shaw making sure of his game Friday by making two home runs. The Athletics refused to take advantage of the generosity of the Washington pitchers when they gave 19 passes Saturday. Philadelphia outbatted Washington Sunday but the Senators scored the most runs.

BUENOS AIRES VESSELS AVOIDING THAT PORT

By Associated Press.

BUENOS AIRES, Sunday, May 4.—Local shipping agents admit that vessels belonging to their lines are avoiding Buenos Aires because of the continuance of the labor boycott under the government's control of the port and shipping. A few vessels are entering the port and a few are en route to this city but most of the latter are in ballast. Many of them are stopping at Montvideo.

ELECTRA TIES THE CLEBURNE ATHLETES FOR FIRST PLACE

HIGH SCHOOL BOYS MAKE SPLENDID RECORD AT AUSTIN MEET.

THE TOWN IS MUCH SMALLER

Leads the Eentire Field Up to Final Event, the Mile Relay Race.

Possession of all the oil in Wichita county couldn't make the parents of Electra high school pupils any happier today. The little town is all puffed up with pride, and rightfully so—for the high school boys, facing athletic competition from many larger schools, tied Cleburne high school for first place in the Class A ninth interscholastic track meet conducted at Clark Field by the University of Texas Saturday. And little Electra is only one-third the size of Cleburne.

Not only did the Electra boys tie for first place in the big meet, but they led the entire field up to the final event the mile relay race. Cleburns athletes battled their way into a tie by taking the relay after one of the most gruelling, exciting races ever seen in a Texas interscholastic meet.

Electra and Cleburne each scored 19 points, and it is probable that a duel meet will be staged later to settle the championship. Rabb, of Smithville, was the high individual point winner, scoring 15 points and winning the Class B meet for his school.

The Electra athletes scored in four events, Johnson taking the 120-yard hurdles in 15 2-5 seconds; Crass running second in the 440-yard run, time 55 seconds; Johnson taking second honors in the 220-yard dash in 24 1-5 seconds; Purnet winning the mile in 4:54, and the Electra team scoring fourth in the mile relay.

ATLANA AND NASHVILLE TIE FOR FIRST PLACE

By Associated Press.

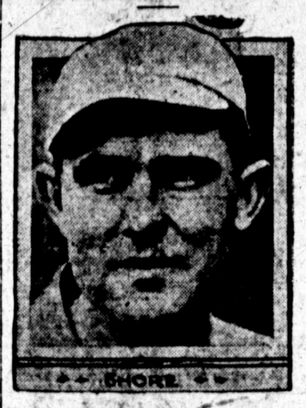

NEW ORLENS, LA., May 5.—The second week of the Southern Association schedule closed with Atlanta and Nashville tied for first place and with second place honors evenly divided between New Orleans and Little Rock. The four teams named, however, lost an equal number of games.

Nashville disputed Atlanta's leadership yesterday by defeating Memphis while New Orleans went into a tie for second place by scoring a victory over Atlanta. Little Rock defeated Chattanooga.

One of the features of the week's play was the improvement shown by Birmingham. After losing three straight games the first week, Birmingham played seven games and won four. This is the only team which has played the full schedule of ten games without a postponement.

Little Rock and New Orleans obtained slight advantages during the week by taking four out of six games.

TOWERING PITCHER FOR THE NEW YORK YANKEES

Crows pitched a no-hit game for Birmingham against Mobile Friday. In the same game Third Baseman Webb hit two home runs in succession. Center Fielder Duncan fattened his hitting percentage also when he got two triples and a single in four times at bat.

TRIAL OF DAIRYMAN POSTPONED TO TUESDAY

Monday morning in police court those that faced Judge Ogle were charged with various offenses with gaming, as usual, the largest single item. Seven of the gamers were found guilty and assessed $10 each. Others cases were: four speeders, $5 apiece, two affrays $10 and $5, one vag $10, one imbiber intoxicating liquor having $10 added to the cost of the drunk, also a truck driver who cut the corner on a downtown street was fined $5. The case of a local dairyman charged with violating the milk ordinance was passed until Tuesday morning.

HUNGARY PROTESTS TO AUSTRIAN GOVERNMENT

By Associated Press.

LONDON, May 5.—The Hungarian government has sent an indignant remonstrance to the Austrian government, protesting against the latter permitting the seizure of the Hungarian legation in Vienna, according to a wireless message from Budapest received here. It is demanded that proceedings be commenced against those who were involved in the proceedings, it being threatened that Hungary will act in a similar manner against the German-Austrian legation at Budapest if satisfaction is not given.

Duluth talks trade and trades talk with Rochester

"Ho, Rochester! Welcome to our city. Always did want to meet you face to face. Wanted to thank you for those wonderful cameras you send us. And thermometers! B-r-r-r, it gets cold here in winter. Your thermometers make us remember our ear muffs and fur coats."

And Rochester made reply, "Have an Owl Cigar and we'll make this a mutual admiration society. Now tell me how could my factories get along without the iron and steel made from your ore. And wheat from your great elevators feeds my people."

* * * *

Wherever business goes on those two dependable cigars, OWL and WHITE OWL go also. The East trades with the West over Owl Cigars. Northern farmers talk crops over Owl Cigars. Cotton-raisers sell their output over Owl Cigars. You'll understand why when you try them and learn of their new delight of fragrance—the unchanging dependability of that fragrance.

UNIVERSITY HOLDS OVER TWO MILLION ACRES UNSOLD LAND

MOST OF THE ACREAGE HAS BEEN LEASED FOR A SHORT PERIOD.

OIL MEN ARE INTERESTED

Many applications Ahe Being Received From Parties Desiring to Prospect.

Special to The Times.

AUSTIN, Texas, May 5.—Unsold lands owned by the University of Texas today amount to 2,092,942.8 acres. Most of this land has been leased for a short period of years. The University came into possession of all its land through grants from the government. In 1839, while Texas was still a republic, fifty leagues of territory or 221,400 acres were granted for the establishment of two schools. The survey gave only 213,726 acres, located in the counties of Hunt, Fannin, Collin, Grayson, Cooke, Shackleford, Callahan, and McLennan. This land has all been sold to actual settlers who have built homes on it and cultivated it.

All First Grant Sold.

The next 1,000,000 acres was provided for by the constitution of 1876. After a survey, 16,000 acres were lost through conflict with the earlier survey, leaving 984,000 acres. Finally under the act of 1883 ahe last 1,108,682.8 acres were obtained, making a total of 2,406,409.5 acres. All of the first grant has been sold, but only one section of the two later additions has been disposed of. The land the University now owns lies in the counties of Andrews, Crane, Reagan, Crockett, Ester, Hudspeth, El Paso, Dawson, Gains, Irion, Loving, Martin, Ward, Winkler, Pecos, Schleicher, Tom Green, Upton, Terrell and Culberson.

Proceeds in Bonds.

The proceeds of the sale of the first lands is in the form of bonds. Permanent land, bonds and actual cash represent today what the University has received from the State. From Semtember 1, 1916 to August 31, 1917, the money from the leases and the interest on land sold amounted to $188,499.06, and from the same dates of the following year, it amounted to $196,536.24.

Since 1895 the Board of Regents of the University has had control of all University lands. R. E. L. Saner of Dallas has been employed as agent.

Many Applications Received.

Recently many applications for permits to prospects for oil and gas have been coming in the Land Office at Austin. These applications are first filed with the county clerk and within thirty days sent to the Land Office. The application must be accompanied by ten cents per acre, $1 filing fee, and the personal affidavit of the applicant showing what interest he has in other permits, mineral patents, or mineral leases issued by the State. On eighth of the value of all the oil found and one-tenth of the value of all gas found must go to the University. Applications of this nature have been coming in fast for the last two months.

PLAN ADMINISTRATION OF CHILD HYGIENE BUREAU

By Associated Press.

AUSTIN, Texas, May 5.—Plans for the administration of the Bureau of Child Hygiene, which has just been organized by the State Health Department, call for the caring of children of the state from their prenatal period until maturity.

First, a mailing list is being compiled from the birth records. An average of 6,000 girls a month is reported to the department, and this list has now grown to 120,000. Infant information will be mailed ao these mothers.

The work of the bureau will begin with the mailing of information to expectant mothers. Then will come the letter to the mother. The bureau will keep in touch with the parents until the child reaches seven years of the school age.

The Department of Eudcation will then be asked to co-operate in the child hygiene work. At fourteen, or the industrial age, the Department of Labor will co-operate with the health department in getting information spread.

Thus the Bureau of Child Hygiene hopes to guard the health of the coming generations.

Our patrons will kindly post in the telephone book as we returned from France too late for classification in the directory. Drs. Jones & Lee, 508 Kemp & Kell Bldg. Office hours: Dr. Jones 11:00-12:30 and 2:00-4:00. Dr. Lee 11:00-12:00 and 2:30-5:00. Telephones: office 281. Dr. Jones 2038, Dr. Lee 1428. 303-12tc.

COMMANDER OF 11TH ENGINEERS

WILLIAM D. PARSONS

The regiment of Eleventh engineers is commanded by Colonel William Barclay Parsons, long a distinguished engineer in New York and an authority on transit problems. When he landed he was asked if he had heard the report that Governor Smith intended to appoint him head of the reorganized Public Service Commission. He said he had heard that, but declined to make any comment. The Eleventh engineers did great work for the allied nations in the struggle against the Huns.

UNIVERSITY CAFETERIA SOLVES H. C. L. PROBLEM

Special to The Times.

AUSTIN, Texas, May 5.—The cafeteria, which is run by I. P. Lochridge, business manager of the Universiay of Texas, in the interest of those students who wish to economize in the cost of living, has now returned ao a pre-war basis.

During the duration of the war, the cafeteria fed many khaki-men. There were the radio men, the cadets, the Students Army Training Corps boys, all of whom were helped along in their training by the excellent food the cafeteria gave them.

At the time of the beginning of the war, the cafeteria solved the high cost of living for many students. Now, it has necessarily been forced to increase its prices; but nevertheless, after comparing these prices of other eating houses, the cost is small. For instance, the cost of an egg is now seven cents and the big steaks are twelve cents.

"This is possible," said Mr. Lochridge, "because we do not attempt to make any money. The average receipts of the day are $100 to $110, and the expenses average $100 per day. The month may show a profit of $175, but this sum is used to buy new equipments.

TELEPHONE RATES AT VERNON ARE INCREASED

Special to The Times.

VERNON, May 5.—The telephone patrons of Vernon have been notified by the Southwestern Telegraph & Telephone Company of an increase in rates, effective at once. The rates on business telephones has been increased from $3 to $3.50. The increase will not affect the lines to the residences.

Salad Jell

Rev. Dr. Burwell, pastor of the Westminster church at Dallas, will also speak in the interest of schools and colleges.

WEDNESDAY "NAVY DAY" IN VICTORY LOAN DRIVE

By Associated Press.

CHICAGO, May 5.—Designation of Wednesday, May 7, as "Navy Day" in the Victory Loan Drive, is made in a proclamation by Secretary of the Treasury Glass. The entire country is ao observe this day, according to the Bulletin, official newspaper of the Great Lakes Naval Training Station.

The line of the proclamation which reads: "The Navy has fought and bought for Victory" will fill every Great Lakes man with pride, Secretary Glass also mentions that the Navy subscribed $48,000,000 in the 4th Liberty Loan, saying that the Navy will again do its duty.

The proclamation reads in part as follows:

"To honor and give formal recognition to the victorious American Navy which did so much to win the war, I hereby desiignate Wednesday, May 7, as 'Navy Day' in the Victory Liberty Loan campaign and instruct every Victory Loan committee to observe that day in a manner which will fittingly honor the American Navy.

"With the struggle to keep the sea lanes open now a thing of the past it is right that we pause in he midst of our Victory campaign to think of the men hw ofor eighteen months patrolled the submarine zone, encountering all kinds of hazards and emerging triumphant. Nothing testifies more to the triumph of American and allied powers than the surrender of the entire German fleet—the most spectacular surrender in the history of the world. The American Navy rightfully was a witness to that surrender, because it had done so much to bring it about.

"May 7th, will give us all the opportunity to recall the accomplishments of our Navy and to think what might have happened had the American Navy not made it possible to transport our millions of American soldiers to the battlefields of France.

The Navy has pledged itself to fight for the Victory Loan that way it fought for victory on the seas. Let the country follow the Navy's courageous example."

Rear-Admiral Cowie, Naval Liberty Loan Officer, says that "the navy must show its appreciation of this proclamation by making 'Navy Day' a time for everybody to subscribe again. Navy Victory agents should arrange for special rallies and other features on 'Navy Day' and cooperate with local Victory Loan committees to make 'Navy Day' something to go down into history and 'Match the Navy.' It is planned ao make "Navy Day" the banner day of the Station drive.

TANKS TO ARRIVE FOR EXHIBITION IN CITY ON TUESDAY

A tank sent out by the Federal Reserve district publicity committee for the Victory Loan, will be in Wichita Falls Tuesday morning and will be exhibited, according to a message received Sunday by A. H. Britain, chairman of the loan. Mr. Britain advised the district publicity committee that he did not believe the tank could have any effect on the drive, coming so late, but was advised Sunday that arrangements had already been completed for the visit of the tank here, and so it will arrive Tuesday.

GOVERNMENT NEEDS MORE STENOGRAPHERS

Special to The Times

WASHINGTON, D. C., May 5.—Large numbers of stenographers and typists are needed in the government service in Washington, D. C., notwithstanding the fact that thousands were appointed during the nineteen months of America's participation in the war, according to an announcement of the United State Civil Service Commission.

Examinations for both men and women are held throughout the country exery Tuesday. Usual entrance salaries are $1,000 to $1,200 a year. Full information may be secured from the secretary of the local board of civil-service examiners at the post office or custom house in any city or from the U. S. Civil Service Commission, Washington, D. C.

Men who have been honorably discharged from the military or naval service and who left positions in the civil service t otake part in the war may be reinstated without examination.

A GREAT ECONOMY BECAUSE OF EXTRA WEAR

"After a trip to Kilauea, the active volcano of Hawaii, my Neolin-soled shoes were the only ones not absolutely ruined." Many in our party wore hob-nailed boots," said Miss Jean P. Lane of Seattle, Washington.

The sharp jagged lava of Kilauea cuts an ordinary sole to pieces quickly. That Neolin Soles stood the test but emphasizes their toughness and durability. These qualities are built into them by a scientific process. Women and children, too—who are hard on shoes should buy them with Neolin Soles. They come in many styles, and because of the extra wear they give, are a great economy.

And any repairman will re-sole your worn shoes with Neolin Soles, which are flexible and waterproof as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

Neolin Soles
Trade Mark Reg. U. S. Pat. Off.

SENATOR HITCHCOCK PREDICTS COVENANT WILL BE RATIFIED

By Associated Press.

WASHINGTON, May 5.—Senator Hitchcock, of Nebraska, retiring chairman of the Senate foreign relations committee, in a statement made on his return from a speaking trip in support of the League of Nations, reiterated his belief that the amended covenant would be ratified, and said he expected the document and the peace treaty to be considered in open session of the Senate.

"If the Republicans should succeed in defeating the covenant," said the statement, "that will make the issue in the next campaign and in my opinion the rock upon which the republican party will split. The amendments adopted in Paris have removed every objection which friends of the league could hold to. Those who now oppose it are fieconcilable who are against any league.

"No attempt to amend the covenant in the Senate will succeed in my opinion. Efforts may be made to ratify with reservations, such reservations to be stated in the resolution of ratification but even that I believe, will not succeed. I do not believe it will be possible for those who desire amendments to mustep a majority of the Senate in favor of them. Some think the United States ought to have dictated the league and ought to control it. In that case there would have been no league of nations. Compromise with inevitable."

CHINESE PRESS IS MUCH DISSATISFIED WITH SETTLEMENT

SAYS THAT COUNTRY LOSES BOTH WAYS BY TERMS IMPOSED.

CLAIM TO HAVE BEST TITLE

Allege That Japan Is Given Even More Than Germany Had in Shantung.

By Associated Press.

PARIS, May 5.—The text of the statement issued here yesterday by the Chinese Press Bureau in which it was declared that the clauses to be inserted in the peace treaty concerning Shantung go farther than was believed, follows:

"New light on the settlement of the Kiao-Chaur-Shantung settlement has made the Chinese delegation indignant. A member of the delegation stated that though three days have elapsed since the settlement by the council was announced, no details of the settlement have reached the delegation. While still waiting in suspense the delegation has learned with surprise that clauses to be inserted in the peace treaty relating to Shantung go farther than was even supposed.

German Possessions.

"Japan is given everything Germany obtained from China by aggression and more. She is given all the rights, titles or privileges concerning especially the territory of Kiao-Chau and the railways, mines and submarine cables Germany acquired by virtue of the treaty of 1898, and of all other acts concerning the province of Shantung. Japan is given all the rights in the Tsing-Tao-China railway, its branches and the mines attached thereto, the submarine cables from Tsing-Tao to Shanghai and from Tsingao to Chefoo and all German public property rights, moveable and immoveable in the territory of Kiao-Chau.

Chinese Rights.

"Although China has the best title to these rights which are all on Chinese territory, not a word is said in the draft clauses as to what rights China may expect to record for herself. It is entirely with Japan to say what she will be pleased to return to China and what she will retain for her own enjoyment.

"The important fact seems to be altogether ignored that Shantung is a Chinese province, the territory of a partner in the war on the side of the Allies and the associated powers. The Tsing-Tao railway was built with Chinese and German private capital while the line of 280 miles is entirely Chinese territory. To substitute Japanese for Germany's rights in this territory is to greatly endanger the welfare and security of the Chinese republic, because Japan is much nearer to China than Germany and because she already claims a sphere of influence in Manchuria close to the north of Shantung.

Lose Both Ways.

"Reading the draft clauses together with the outlines the council has proposed in settlement it is clear that the council makes China lose both ways. It has given Japan not only more than Germany had in Shantung but also more than Japan claims in the treaty of 1915 and the notes of 1918. The council's proposed settlement seems to sanction for example the policing of the Shantung railway, a privilege which Germany did not exercise nor claim and it is apprehended it substitutes a permanent Japanese settlement under Japanese control and administration for a German leasehold limited to a fixed period of years.

"Again, by transferring to Japan all German rights in Shantung as stated in the draft clauses it also appears to give Japan preferential rights which she did not claim from China, such as the supply of capital materials and technical exports in Shantung.

"The more the Chinese delegates study the proposed settlement the less they understand its meaning and purpose and the more they feel aggrieved. It will be difficult to explain to the Chinese people what the peace conference really means by justice."

CAMPAIGN WAGED FOR SEWANEE UNIVERSITY

Special to The Times.

CHATTANOOGA, TENN., May 5.—The campaign headed by General Leonard Wood to raise an endowment of a million dollars for the University of the South at Sewanee which was launched at a great mass meeting in this city several weeks ago, has been systematically developed since then and first reports are now coming in. A summary of these preliminary returns shows that in Tennessee, Georgia, Oklahoma and Louisiana where active soliciting has been in progress over $100,000 has been secured and the interest continues lively and strong.

The next group of states where preparations are going forward for drives just after the Victory Loan, according to the Chancellor, Bishop A. W. Knight, consists of South Carolina, Alabama, Mississippi, Florida and Arkansas, and these will be followed in turn by the rest of the states of the South, the whole movement being planned to be brought to a close by the end of June and the organization disbanded. Information from all directions now at hand indicates clearly that with such a leader as General Wood in charge and such a cause as the safeguarding of the future of Sewanee with all its splendid record of the past 56 years in Christian education for a slogan to rally all right-minded people success is certain.

The University of the South, founded at the close of the civil war for the purpose of providing higher education for and moulding the opinions of the young men who presently be the leaders among men in church and state and has steadily pursued that purpose without lowering its ideals, has never had a general endowment. Being the property of the Episcopal church it has worried along from hand to mouth from year to year depending upon the church to help it out of debt from time to time. Even under these conditions it has without ever yielding its standards accumulated property valued at nearly two million dollars and is today practically free from debt. With this million dollar endowment behind it the future of the university will be secure.

Besides General Wood some of the most prominent men in the country are taking a keen interest in this campaign. General William C. Gorgas, head of the medical department of the United States Army, is chairman of the advisory committee co-operating with General Wood. Some others who are giving their enthusiastic assistance are U. S. Senator John Sharp Williams of Mississppi, Gov. Richard I. Manning of South Carolina, Thomas C. Barret of Louisiana, D. H. Cantrell of Arkansas and John G. Lonsdale of Missouri. In every community the alumni of the university, who now number in the thousands, and laymen of the Episcopal church are forming themselves into teams and pressing the call of Sewanee, and many people who are in no way connected with the church or the institution are working alongside those who are and contributing to this fund because they realize that Sewanee stands for Christian manhood in its broadest sense without denominational bias and seeks and teaches only that which has been tried and found to be best for the individual and the nation.

FAVORABLE CONDITIONS FOR RICE GROWERS

By Associated Press.

BEAUMONT, Texas, May 5.—Conditions confronting the rice growers of Jefferson County are entirely satisfactory, and favorable, according ao J. R. Leguenec, secretary of the Rice Millers' association, who has been several tours of the country within the past few weeks.

"There may be some individuals whose methods of planting would be benefited by rain at this time," Mr. Lequenec explained, "but as a general thing the prevailing conditions are not a hindrance to the crop."

When questioned regarding a labor shorage, he stated that he did not notice any shortage of labor. "Labor is paid high wages, but labor employed for other tasks are also well paid," he said. The product is bringing from $4 to $5 more today than before, which easily offsets the increase in the price of labor, it was said.

HIGHWAYMAN GETS THREE OVERLOOKS SEVEN HUNDRED

By Associated Press.

DALLAS, Texas, May 5.—When a highwayman held up Robert Bowers and his chauffeur, Charles Cashin last night and escaped with $3, he overlooked in his hurry, $700, in currency which Mr. Bowers had in a bill case in his hip pocket.

The highwayman, according to the story told the police, asked for a ride in Bowers' car and his request was granted.

When the car had reached a secluded spot in East Dallas the man drew a pistol and demanded that Bowers and his chauffeur give up their money. After hurriedly rifling their pockets, he escaped.

A Few Facts

You can read the Character of a Drug Store in the Record of its Prescription Department

All that a drug store aims to be—all that it can hope to be—finds expression in its prescription department.

The accurate filling of prescriptions with drugs of known purity and at reasonable prices, is the first and highest mission of any good pharmacy. A large prescription business is the best testimonial a drug store can have.

Ours is a store with such a business, for our prescription work is marked by thought, care and thoroughness.

We feel our responsibility to you and your physician.

Prescriptions are compounded by scientific methods and accuracy is insured by a double check system.

We use the finest drugs obtainable and our stock is in every way adequate.

For These Reasons We Ask to Be Favored With Your Prescription Trade
