All Texas Air Tour Stops Here Gets Weathered In Monday Morning

More than 40 planes carrying over 100 persons landed at Sonora Municipal Airport, Joe Berger Field, Sunday afternoon to Remain Over Night on the second lap of the All Texas Air Tour. The members of the tour came from Texas, 16 other states and Mexico.

The group was met at the airport by a good crowd and were transported to their overnight accommodations by members of the Sonora Chamber of Commerce. The Chamber of Commerce was also host to the tour at a barbecue and dance at the Lea Allison ranch.

The tour originates each year in Temple and this year spent the first night in Harlingen.

Monday's rain and heavy clouds delayed the Monday morning scheduled take-off to mid-afternoon and the tour by-passed

several of its scheduled stops to fill their reservations in Carlsbad, New Mexico Monday night. Other RON's slated included Plainview, Denton, Lufkin, Galveston and Austin.

Vestel Askew, chairman of the Sonora Airport Committee and a director of the Chamber of Commerce said Tuesday that those in charge of planning the Sonora RON were most grateful to everyone who helped in any way in entertaining the visitors. He cited especially members of the Sonora Volunteer Fire Department who assisted in moving planes off the runway and in washing mud off landing gears.

Asa Burroughs, tour director, expressed appreciation for the hospitality and courtesy shown. "We'd like to make Sonora an overnight stop every year," Burroughs said.

L. O. Biggs, 59, Former Sonoran, Buried Friday

Funeral services for L. O. Biggs, 59, of Marble Falls were held from a Burnet funeral home Friday, October 6, with Mr. J. C. Cooke, retired Church of Christ minister, officiating. Biggs, a former resident of Sonora, died at his home in Marble Falls Thursday, October 5, of a heart attack.

He and his wife made their home in Sonora for 14 years. Biggs was a butcher and had owned a grocery and market here prior to his retirement for reasons of health. Since that time they had lived in Marble Falls.

Survivors include his wife; one son, C. E. (Jack) Biggs of Aspermont; one daughter, Mrs. Sam Odom of Sonora; one sister, Mrs. Tom Fry of Marble Falls, and four grandchildren. Burial was in Burnet Cemetery.

4-H Program To Include Quarter Horses

The Sutton County 4-H Club has added a Quarter Horse Program for club members this year. Accordingly, the Sutton County 4-H Show January 20, 1962, will have the added attraction of two classes of Quarter Horses: yearling fillies and yearling stallions (foaled in 1961). This program is being encouraged by the American Quarter Horse Association and, in order to get the program started, it will not be necessary this year in our county show for entries to be eligible for registry with the AQHA. However, it is uncertain at present, whether horses not eligible for registration can be entered in other shows.

To be eligible for the program a boy or girl must be enrolled in the local 4-H Club and at least eight years old to exhibit in the County Show, and nine years old for the major shows. They must, also, be capable of exhibiting and controlling their own entry.

Further rules and requirements on showmanship and facilities will be set at a later date by the committee.

Deadline for members entering this program is November 8. Entrants must notify Jerry N. Shurley by this date. The committee working with D. C. Langford, county agent, on this program is composed of Jerry N. Shurley, chairman, and Gene Shurley, Hoot Nix, Billy Galbreath and L. P. Bloodworth, Jr. A meeting of all entrants will be held later at which time rules will be explained and entrants will be instructed regarding showmanship of horses.

Mrs. Mary Luckie has returned home after spending two months with her daughters, Mrs. Lee Morris and Mrs. Jim Chadwick and family in New Mexico.

Torrential rains fell in the Sonora area Monday with small cloudbursts up to 7 inches reported. Heaviest rainfall apparently centered around Brushy Top, but four to five inch rains were reported from several areas. Additional showers fell Monday night.

Very heavy rains of about 7 inches around the W. L. Davis and John Mittel ranches, and below flood prevention structures, started Dry Devil's River flowing through Sonora at 1:30 p.m. Monday. All of the eight structures on Dry Devil's River River caught enough water to cause the automatic draw-down tubes to function. The water running through Sonora Tuesday was being released by the structures.

An air inspection made Tuesday afternoon by Stanley Mayfield and E. B. Keng showed all structures to be practically drain-

ed down to sediment pool level. All worked perfectly in storing the floodwater and in slowly draining the water in a safe and orderly manner.

"Though Sonora would not have had a severe flood, the dams unquestionably kept a few people from having to leave their homes," said Keng, local Soil Conservation Service technician. Without the dams a lot of fence would have been lost, and Berger Field with some 45 airplanes aboard would have been pretty damp, Keng added.

It was erroneously reported Tuesday that all the dams on both draws were full, and that "they won't hold much more water." Keng emphasized that none of the dams were filled to over 15 percent of their capacity, and that a much larger rain could be safely stored.

Only small amounts of water was caught in structures on Lowrey Draw, which did not run

through Sonora. Research gages on the watershed recorded at Joe Logan's 3.62 and 4.32 inches; Vestel Askew 3.21; 2.89; and 3.16; Stella Keene 2.44 and 2.16; and W. L. Miers 2.55. The Neill and Hunt gage near the Hospital recorded 2.69. An additional .30 to .70 was recorded on most gages from Monday night showers.

Rainfall reports collected by the Soil Conservation Service, some of them for Monday only, included Hillman Brown 3.5; El Paso Gas Plant 5.5; Bill Tittle 5.3; Frank Bond 3.5 to 4.5; Mrs. Paul Turney 2.3; Fred Earwood 2.5.

G. H. Davis 3.5; Sol Kelley 3.8; Travis Glasscock 1.65; Joe B. Ross 4.2 and 4.9; Thomas Morris 3.75 and 4.2; Ed Shurley (Home) 2.5 and Byrd 7.0 to 9.0; J. B. Wright 3.5; Sears Sennell 5.0; Stanley Mayfield 2.5 and 3.6; George Brockman 4.0.

Broncos Travel To Ozona Friday As Conference 8-A Play Opens

Sonora High School's Broncos will enter conference 8-A play this Friday night when they meet the Ozona Lions in Ozona. Both teams have played six games so far this season but their records vary, with the Broncos still undefeated and untied. The Lions have lost four of their six games, scoring 76 points to their opponents' 103. Their only wins have been a 26 to 0 victory over Coahoma and a 22 to 6 win over Bronte. However, in District 8-A competition as in the Southwest Conference, a season's record means little if anything when conference play starts.

The Lions have some outstanding players including Quarterback Phillip Carnes who does the Lions' passing along with 180-pound Fullback Carl Montgomery. Favorite receivers are Gary Studdard and Brent Moore and End Hal Long. Especially wicked on defense are Tackles Darrel Raspberry and Penn Baggett.

Probable starters for the Lions will be Phillip Carnes, quarter-

back; Richard Vargas and Brent Moore, halfbacks; Carl Montgomery, fullback; Robert Cox, center; Frank Childress and Charlie Bingham, guards; Darrel Raspberry and Penn Baggett, tackles; and Gary Studdard and Hal Long, ends.

Starting for the Broncos will be Primo Gonzales, quarterback; Julio Samaniego and Johnny Morris or Danny Rutherford, halfbacks; Lester Schmidt, full back; George Roberson, center; Luis Perez and Douglas Wood, tackles; Bob Nevill and Preston Neely, guards; and Augustin Chavez and Arthur Bermea ends.

Sonora fans are asked to join in forming a motorcade to follow the band bus to Ozona. The bus will leave from the Band Hall at 6 o'clock.

Mr. and Mrs. W. F. Berger were in Dallas this week attending the State Fair of Texas and the Pan-American Livestock Exposition.

LL Uniforms Still Not In,

Little League Director Oliver Wuest has repeated a request for Little League boys to turn in their uniforms. Each team was assigned 15 old and 15 new uniforms at the beginning of last year's season and a large number of these have still not been turned in.

"Unless these uniforms are returned, and soon," Wuest said, "there simply won't be enough for next year."

Still out, by teams, are the following articles:

Yankees: socks, 4 new, 18 old; pants, 5 new, 11 old; shirts, 5 new, 10 old.

Giants: socks, 6 old; pants, 8 new, 6 old; shirts, 3 new, 5 old.

Colts: socks, 7 new, 15 old; pants, 7 new, 15 old; shirts, 7 new, 15 old.

Tigers: socks, 7 new, 4 old; pants, 6 new, 4 old; shirts, 7 new, 3 old.

Boys are asked to turn these in to their manager or to Wuest or at the Thorp's Laun-Dry.

Broncos Barely Edge Rankin 21-20 In Grid Thriller Friday Night

Colts Tie Big Lake "B" Downs Junction Last Thursday

The "B" team of Sonora High School maintained its undefeated record Thursday night by downing the Junction "B" team 36 to 12 in Junction. It was the 12th consecutive game for the group to fail to lose and their 11th outright victory in 12 games.

This week the team plays Ozona there at six o'clock. It will be their first skirmish with Ozona this year.

The Junior High Colts tied the Big Lake juniors 14 to 14 here last week. The juniors have a record of one win, one loss and two ties for the season.

The Colts will host Junction at six o'clock Thursday night. It will be the first time for these two teams to meet.

West Side Lions Have Fund Dance Saturday Night

The West Side Lions Club held a fund raising dance at the 4-H Club Center Saturday night, October 14.

Pat Brown, an officer of the club, reported Wednesday that the dance was highly successful and expressed the organization's appreciation to the 4-H Club for the use of the building and to Jess Lambert who did much to the event successful.

Sonora football fans witnessed one of the most exciting games in West Texas schoolboy ball Friday night as the Broncos squeaked by the Rankin Red Devils 21 to 20.

The first quarter of the game was scoreless but in the second period of play the Broncos began a drive on their own 35 yardline which ended with Fullback Danny Rutherford scoring from the nine on a delayed buck. The try for conversion failed. Shortly thereafter the Red Devils began their own march on their 25 with Halfback Jimmy Linthicum plunging through from the one yardline. The Rankin try for extra point also failed and the half found the two teams tied 6 and 6.

Early in the third quarter Linthicum culminated a 45-yard drive by the Red Devils by going off tackle from the Broncos' nine yardline. Quarterback

Bucky Scarborough ran for the extra point on a keeper play. The Broncos retaliated by starting from the Red Devils' 45 and Gonzales plunged from the one yardline into the all-important end zone. Halfback Julio Samaniego ran the extra points and the end of the third found the two teams deadlocked again, this time 14 to 14.

In the final period Linthicum ended another 45-yard drive by Rankin by driving over from the one foot line. The try for extra point failed. Then in the final minutes of play the Broncos started a drive from their own 45. Quarterback Primo Gonzales faked a handoff to Rutherford, ran and passed to End Arthur Bermea in the clear behind the Red Devils goal line. Gonzales then, without time to tie his kicking shoe, kicked the ball between the uprights for the telling point.

Statistics: First Downs, Sonora 18, Rankin 15; Yards gained rushing, Sonora 184, Rankin 133. The Broncos completed four of seven pass attempts for a gain of 65 yards in the air. The Red Devils completed two of five for 19 yards. Sonora intercepted one Rankin pass. Each team lost the ball once on fumbles. Sonora punted twice for an average of 36 yards. Rankin punted once for 30.

Other 8-A teams fared this way: Ozona lost to Sanderson 26 to 6, Junction lost to Mason 26 to 0; Eldorado beat Robert Lee 12 to 0, and Big Lake beat Iran 40 to 8.

This week's conference play finds Sonora at Ozona, Junction meeting Eldorado and Big Lake idle.

TEXAS LAWYERS

Major George Wythe Baylor
Ranger

"...the Apaches ran like a herd of deer..."

George W. Baylor is said to be the first ardent secessionist to raise the Confederate flag in Austin, and he soldiered with distinction throughout the Civil War. However, Texans remember best his Ranger service on the western rim of the state. There, in 1879, a particularly vicious band of Apaches from Mexico, led by the notorious Victorio, was raiding and killing. Ranger Lt. Baylor was ordered to Ysleta to clean up the frontier. Accompanied by his wife and small daughter, he made the lonely six-hundred mile trek from San Antonio to Ysleta by mule and wagon. With Baylor's Rangers in action Victorio's days were numbered. His defeat and death ended the Apache terror for all time. Later, as a major, Baylor commanded a number of Ranger companies during the disturbance over fence cutting. After retiring from the Rangers in 1885, he represented El Paso County in the State Legislature, one of the many men of the Baylor family to leave their mark in Texas history.

Today in Texas so many of the good things in life are ours by right, and the industries that produce them are respected, just as we respect law and order. The brewing industry is one... the producer of payrolls and community revenue as well as the refreshment of moderate beverages. In Texas, "Beer Belongs." Brewers, wholesalers and retailers, and the United States Brewers Association are working constantly in cooperation with today's lawmen, to assure the sale of beer and ale under pleasant, orderly conditions.

YOUR MINISTER SAYS

By Rev. Allan Guthrie, Pastor
Church Of The Good Shepherd
Presbyterian, U.S.

There is a saying going around in Europe: "Better Red than dead." But I find here in Sonora that most people think: "Better dead than Red." Both of these alternatives are ugly, and none of us would choose either. And they are probably false alternatives. Surely there must be a third way. And we should be working feverishly and wisely to find some other way than these two alternatives.

This cute, little saying is most serious. And it deserves our full thinking, before making any hasty decisions and acting unwisely.

Are we sure that, supposing it really came to such a drastic choice, it would be better to

enter upon a nuclear war (and end up dead) or be subjects of the communists?

Look at what this means to us. Are we sure that we had rather have twenty to eighty million (estimates vary) Americans killed outright, and no telling how many more subject to radioactive fallout which eventually kills them just as dead, rather than be communistic? Not to mention the destruction of our material way of life with its luxuries, are we sure we would prefer "the bomb" which will cause future generations to bring babies into the world so distorted that we would consider them monsters, rather than communistic rule?

When we say better dead than Red, we are not just talking about our own lives, not a few thousand others—but millions of lives, and the lives of unborn children after us.

Communist tyranny, like any other form of tyranny, will eventually fall. We have God's promise of that, and history bears it out. Even if communism lasts a long time, might it not be better than the alternative as shown only partly above?

Jesus Christ says: "Love your enemies." Now, that is not easy. But let's think for a minute what nuclear war means to our enemy. Are we sure that anything justifies our dropping a hydrogen bomb on them? For the results for them will be the same as to us: millions killed directly, many millions suffering and dying from fallout and generations of unborn babies with inhuman bodies and minds.

Make no mistake about it: we would not just be killing the communists, the soldiers, the party workers, the tyrants, "bad" people. We would be killing men, women and children who have nothing to do with what Russia has become. Men like your husband, women like your mothers or wives, children, like your own.

Is this right? Are we morally

justified in the use of our power in this way? Is this the thing a Christian nation would do? Can nuclear war be justified under any conceivable circumstances?

But let's put the problem on a deeper plane. Are we sure that the victory of our nation in this conflict under any circumstances is what God's wills for us and the world? Is it proper to identify America with Christianity, or God's people? Can we serve Christ as the Lord of all life, who loves the Russians just as much as us, and use our nuclear power to win a victory over them? Should we not at least ask this question: "Should we put loyalty to the Gospel of Christ over loyalty to country?" There have been times when some Christians at least have known that God was God not just to serve nationalistic purposes, but that all nations stand under the Sovereign God. In short, "what will God have us to do under these circumstances?" Until we have answered that question, we are in no position to choose or act.

These are not easy questions. I do not have any clear answer in my own mind. But to adopt the communist policy that the end justifies the means is to make ourselves as evil as they. And the old slogan, "My country right or wrong," is also misleading, at least to the Christians.

"So to say, "Better dead than Red", is too easy a decision. It is complicated and deserves our very best, God-led, thinking. For we are not just talking about our selves, but millions, perhaps even billions, of people. Surely there

NOTICE

A full working committee of Sutton County ranchmen and other interested persons has been named by Ralph P. (Buddy) Mayer, chairman of the Agriculture Committee of the Sonora Chamber of Commerce, to assist in organizing a screw worm fly eradication program for Sutton County.

Servicing on the committee will be Mayer, ill Morriss, W. B. McMillan, Stanton Bundy, H. V. (Buzzie) Stokes, Edwin Sawyer, Joe David Ross, Fred T. Earwood and County Agent D. C. Langford.

The Committee will contact ranchmen and conduct a drive to raise approximately \$35,000, based on a donation of a minimum of 50 cents per animal unit of livestock run.

The Sutton County program will work with the Southwest Animal Health Research Foundation in Fort Worth. Purpose of the foundation is to raise \$3 million to start a plant to raise sterile flies which breed the parasite which costs ranchers and farmers untold thousands of dollars annually in stock loss. A similar program has proven very successful in Florida and the southeastern states, especially in Florida where the program has been in effect for several years.

Oscar Bermea Leaves For England

Oscar Bermea, son of Nick Bermea of Sonora and the late Mrs. Bermea, left Monday, October 9, for Alumbury England where he will be stationed with the U. S. Air Force for three years. Bermea received basic training at Lackland Air Force Base, San Antonio, before being transferred to Amarillo Air Force Base where he received training in bookkeeping, accounting and business machine operation.

He is a 1961 honor graduate of Sonora High School where he lettered in track and football.

Bermea recently spent a leave here with his father and family.

The only outbreak there has been a minor one last summer, originating in cattle imported into Florida from Texas.

Mayer says a special meeting of ranchmen will be called as soon as literature now being prepared by A. & M. College has been distributed to county agents. At the meeting a full explanation of the proposed program will be made and a question and answer period conducted.

Thirty-seven four and five year olds posed happily last Wednesday on their first day of classes at the newly opened L. W. Elliott kindergarten and pre-first grade English class. Standing behind the happy youngsters are Principal Toy Selzer and teacher Mrs. Wesley Sykes. The special class is the first in operation here.
