THE BROTHERHOOD MEN'S BIBLE CLASS

Attend Bible class Sunday morning. Our record attendance was effected last Sunday with 26 men present, the largest attendance yet.

Come and bring some one with you to the basement of the Methodist Church at 9:30.

W. E. Caldwell will teach the lesson. Let's make it 30 Sunday morning, men!

All visitors are cordially invited. Come!

Preston C. Lightfoot, President.

Lions Club World's Largest

Plan to Build Wooden Cage

This week was announced as "Governor's Week" at the Lions Club meeting and luncheon Tuesday noon at the Methodist Church. F. T. Jones, president of the club, appointed a committee to write Roy Davenport, district governor, a letter of confidence expressing the club's satisfaction with his administration.

Committees were appointed for the coming year, and among them was a Navy Committee designed to help put over Navy Day, October 27. Savell Lee Sharp, William Maloch, G. H. Davis, and J. H. Trainer were appointed to this committee.

Sonora was reported by the Lions International as having the second largest in District 2-A ranking next to San Antonio, and the largest club in the world for a town of its size.

The club was variously entertained; first by Miss Marie Watkins, who sang "By Candlelight" accompanied by Miss Gertrude Babcock, and her pupils, Katherine Ross who played "Flight of the Bumblebee" and Billy Shurley, who played an excellent Beethoven selection.

The serious side of the meeting was well taken care of by Lions Smith, Barrow, and Awalt. While Smith and Barrow delivered paper wads to each other, Tailtwister Awalt collected fines for the British Children's Fund.

Guests for the meeting were E. R. Sullivan, San Angelo, Sol Meyer, San Angelo, and Lieutenant Aubrey Meador, Jr., Fort Bliss.

The only new business brought before the meeting was the building of a wooden cage to be used to prevent the paying of too many fines.

Flying Club Formed Here

Group May Use Ozona Airport

Billy Penick was elected president of the Sonora Flying Club Monday night at a meeting of local flying enthusiasts held at the News office. C. H. Carson was elected secretary.

Meeting with Frank Jones, flying instructor from San Angelo, and E. R. Kinser from Ozona, the club made tentative plans to take flying instruction from Mr. Jones at the Ozona field.

"If we can get as many as ten students to take thirty minutes instruction a week," Mr. Jones said, "the project will be well worth undertaking." Mr. Kinser announced that several Ozona boys were ready to fly and that six or seven from Sonora would make a class complete.

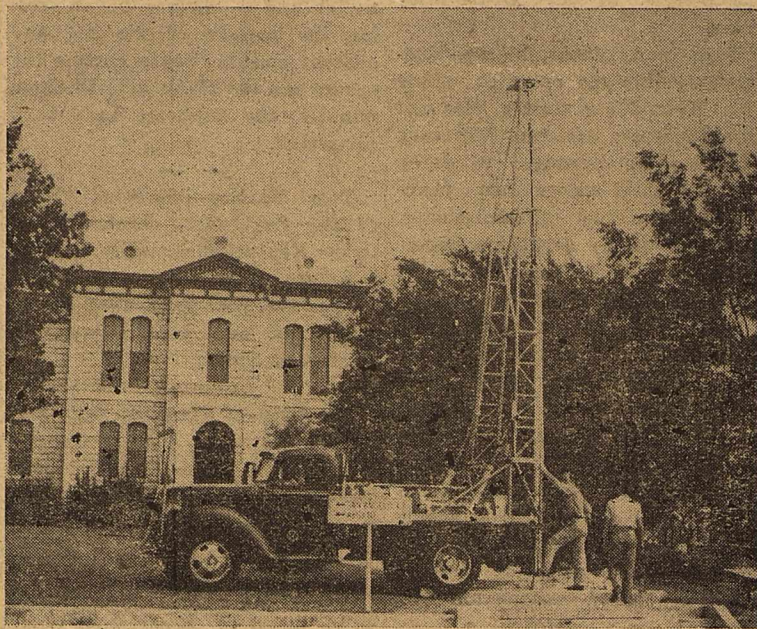

Under the present regulations of the Civil Aeronautics Administration, a student must take the following steps in order to qualify as a private pilot:

He must pass a physical examination which requires him to be in good, but not perfect health; he may wear correcting lenses if his eyes are not perfect. He must complete at least eight hours of dual instruction before he is allowed to solo. After he has soloed, he is limited to a radius of fifty miles from his home airport, but he may train alone. Completing some forty hours of flying, he is eligible to take tests leading to a private pilot's license.

It was pointed out in the meeting that if a group of Sonora students was formed, they could make the trip to Ozona each week together. Mr. Jones would fly down from San Angelo to instruct. In the event that a field was built

FLAGPOLE ERECTED AT COURTHOUSE

Pictured above is the new flagpole in front of the county courthouse. It was built by the City Motor Company at a cost of \$35. and was put up by John Eaton. The truck shown in the foreground was loaned to the county by the Independent Exploration Company, which is temporarily located in Sonora. This is the first flagpole ever to be erected on the courthouse grounds.

"Write-In Library Service Now Offered

Austin, Texas, Oct. 16.—"Pinch-hitting" for non-existent or limited local public libraries, the University of Texas' package Loan Library Bureau in the last two years supplied 69,995 "packaged libraries" to citizens in 1,362 Texas towns and rural communities in 253 of Texas' 254 counties.

The Bureau's latest catalogue lists 430 new subjects that have sprung up to justify the assembling of permanent package libraries—including Eduard Daladier, the occupation of Czechoslovakia, pump-priming, the New York World's Fair, John Gunther, McDonald Observatory.

For 26 years the Bureau has been on the job, making available sound reading and study material for "under-privileged" readers. Even today, she pointed out, 58 per cent of the state's six million people do not have immediate access to any public library.

For those people—as well as others whose local library resources are limited—the "sky's the limit" as far as reading material goes, if they will only inform

SONORA IN THE RAIN

Here's how Sonora looks in the rain. The picture was taken from Eaton's Hill Monday afternoon during the steady rain. Unfortunately, most of the rain fell in town.

35 Years Ago

Curt Allison was in from the ranch Wednesday for the ball.

G. P. Hill, Jr., was in from the ranch Monday for supplies.

G. E. Earwood was up from his ranch Wednesday for supplies.

Ben Binyon came in from the Dary Canyon on the Whitehead ranch Tuesday to visit his family.

W. H. Lightfoot came up from the Whitehead ranch Tuesday shopping.

Mr. and Mrs. M. Seitz were up from the Wheat ranch Tuesday shopping.

Woodwork Club Chooses Officers For Next Year

At a meeting of the Sonora Homeworkshop Club held in the High School Workshop Monday night, the following officers were elected for the next year: President, Preston C. Lightfoot; vice-president, Ben H. Cusenbary; and secretary-treasurer, H. C. Atchison, Jr.

The following members will constitute the Board of Governors for the same period; Preston C. Lightfoot, Ben H. Cusenbary, H. C. Atchison, Jr., W. E. Wallace, A. H. Adkins, H. C. Kirby, M. C. McDermitt, and Bill McGilvary.

Most of the period was devoted to work on woodwork projects now being built by the members. A short business session was held for the election of officers and other business.

Draft Board Sends In Cards; Lottery to Begin October 21

Four hundred forty five men between the ages of 21 and 35 registered in Sutton County at voting polls Wednesday, bringing the number of available men for military service to approximately one seventh of the county population as compared with approximately one eighth of the national population which registered.

Thursday afternoon, as soon as all cards had been brought in the draft board held its second meeting since its appointment at the City Hall. At this meeting, the names of those who do not live in the county were removed, the remaining cards shuffled, numbered, and the total sent to state headquarters. The cards will later go to Washington, D. C. and as soon as they have been com-

Llano Restocked By State Hatchery

Devil's River to Get Crappie and Bream

Ben Stone, assistant superintendent of the San Angelo hatchery, was in Sonora Monday afternoon on his way to Cam Allison with a load of 150 crappie and 4,200 bream. Half of the fish will be dumped in the North Llano river near Camp Allison, and the other half will be taken to the Devil's River.

This is the second load to be brought up this year, according to J. T. Shannon, game warden. Last month, a load of bass and catfish came up from San Angelo.

Mr. Shannon also stated that no more fish will be released this year, that the next load in prospect for Sonora fishermen will be dumped next August.

The local game warden's office also reports that wholesale fish and oyster dealer was arrested, found guilty, and fined \$21 and costs for selling fish without a license. He was brought before George Barrow, justice of the peace.

ATTENDS PLAY

Mrs. G. H. Davis and daughter, Flora Dell, and Mrs. J. F. Howell and Sonny attended the Women's Club play, "Seven Wishes," by Maurice Maeterlinck, in San Angelo this week. It was one of the Clare Tree Major plays.

Well Spudded On Allison Ranch

S. B. Roberts of Abilene spudded in a well on the George S. Allison ranch last Monday. The well is in the center of the northeast Forty in the North East quarter of section 44, block K, Yates and S. A. Railway Company survey. It is about 20 miles Northeast of Sonora.

The well is only 1540 feet Northwest of the location of the Southern crude well which was drilled and plugged in 1929. Several good gas showings were found in this well.

The Roberts well is eleven miles Southeast of production in the Paige-Cooper Field of Schleicher county.

Five ranchmen gave a block of 6400 acres and contracted to drill to a depth of 4,700 feet unless production is encountered at a lesser depth.

La Vista Damaged by Fire Wednesday

La Vista Theatre was damaged to the extent of \$150 by a fire which broke out in the projection room Wednesday night at the close of the show. Wayland Stubblefield and Marion Elliott fought the fire until the arrival of the volunteer department which quickly put the blaze under control.

Most of the damage was done to oilfilm and projection equipment which was not covered by insurance and repairs have already begun. Mr. Hall wishes to thank the department for its efficient service, and Marion Elliott for his work.

The local draft board, G. E. Smith, Roy Hudspeth, and Dr. J. Franklin Howell, met Wednesday morning at the courthouse and appointed Leo Brown clerk of the board.

Roy Hudspeth was elected chairman of the board, and members decided to open the board's office in the northwest room on the second floor of the courthouse. The telephone number is 290.

piled, the national lottery will be held. About 500,000 men are expected to enter training camps by November 1. The lotteries were scheduled to begin October 1, and close October 26.

It was pointed out by members of the local draft board that it is possible to volunteer for military training for one year. This can be done by appearing before the board and announcing a desire to volunteer. This was arranged for those who wished to dispose of their training as soon as possible.

Registrants were meanwhile asked to watch for the board's bulletins regarding serial numbers, order numbers, and questionnaires which will soon be ready.

Other notices of physical examinations, inductions into service, and of classification will be mailed registrants from time to time, and it is pointed out that failure to receive them does not relieve the person to whom they are sent of responsibility.

Registrants must report changes of address, trips out of the county to the board, and must get the board's permission to leave the United States. Any change in physical condition, occupation, dependents, or citizenship must be reported. If at any time a registrant desires information, he may call 290, the board's office number.

Fall Clip Sold To Emery and Conant

Allen Emory, Jr. of Emory and Conant of Boston bought the remaining 325,000 pounds of fall clip wool from the Sonora Wool and Mohair Co. Tuesday at 30 cents a pound.

With this sale, all that is left in the wool house is 800,000 pounds of mohair.

MRS. TRAINER ACCEPTS RED CROSS APPOINTMENT

Mrs. J. W. Trainer has accepted the chairmanship of the Sewing Committee of the Red Cross.

Sonora has received their sewing quotas and all ladies interested, please meet with Mrs. Trainer next Tuesday afternoon at 3:00 o'clock at her home.

Material has been ordered and plans are being made to start sewing by the middle of next week. Any ladies having sewing machines that they are not using, and would like to lend to the Red Cross, please notify Mrs. Trainer.

Mr. and Mrs. Tom Bond and son, Tommy, of Rankin, were in Sonora over the week-end visiting with friends and relatives.

Mrs. Wilfred Gregg of Dallas and sister, Mrs. Matthews of Austin spent the first part of the week with Miss Nettie Word.

BEGINNING TO PAY

American businesses and individuals are now getting a taste of the higher taxation that has finally become inevitable. Earlier this session Congress raised income tax rates in all brackets, and lowered exemptions, in order to bring into the fold thousands of low-bracket citizens who had never paid direct Federal taxes before. Congress has agreed on still another tax bill, levying substantially heavier taxes against industry, particularly in the matter of excess profits.

Our taxes are now the highest in our history. Even so, the revenue resulting will be far from adequate to pay for what we are spending. The answer to that is more deficit-financing—which simply amounts to charging today's bills against tomorrow's income. No economist believes that the tax boosts so far approved by Congress are anything but a modest beginning. In coming sessions further increases, more severe than anything we have ever known, will in all probability be passed. Only a miracle, which would raise the national income far beyond any reasonable expectation, could change the outlook.

No one doubts the need of spending for defense. The American people will not be chary of dollars when their liberties are threatened.

Higher taxes mean sacrifices for all the people. We will be able to afford fewer luxuries—and we shall have to make the most out of the necessities. It is the duty of government to see that the people's sacrifice is not in vain—that, in short, it gets 100 per cent value in return.

SAN ANGELO, TEXAS

I Give You—TEXAS

By BOYCE HOUSE

Some time maybe I can write a tribute to Hick Halcomb, my friend who passed on the other day. But not now—the suddenness of his going and the depth of affection which I held for him are such that adequate words just won't come. He was unique—humorous, philosophical, brilliant—and lived a full life, enjoying every minute of his all-too-brief years.

Born in Arkansas, he was successively linotype operator, editor of a West Texas weekly, eloquent stump-speaker, assistant Secretary of State and dmanager of Jerry Sadler's upset victory two years ago for Railroad Commissioner. Hick was deeply devoted to Sadler and named his recently completed home in Austin "Hick'ry Grove," a play of his own name and the name of Jerry's birthplace.

A great throng of friends were in that home, on the lawn and out on the sidewalk the other morning while soft music was sung and tender words were spoken about Hick, and, while the sunshine beamed gently down and birds twittered and chirped in subdued tones as though nature too sorrowed, there were tears on every cheek.

Last Christmas Hick sent out a card with his "platform" consisting of three "planks."

- 1—I love my friends.
- 2—I love my friends.
- 3—I love my friends.

And he garnered friendships in every walk of life—rich or poor, high or low, scholarly or unlettered, none of those things mattered; Hick looked at the individual and tawdry tinsel meant nothing to him.

No nobler eulogy could have been paid to one of such broad and democratic character than was uttered, as the heavy-hearted hundreds turned reluctantly from the flower-heaped mound, when colored Gus—Hick's faithful servant—sobbed, "I followed him as

far as I could."

That was the kind of loyalty that Hick gave his friends and that was the loyalty that he inspired in others.

Will the wonders of this mechanical age never cease? Making a key used to be—or so I thought—quite a slow and painstaking process. The other day, having broken the switch key to my car, I took the spare downtown to get a duplicate. Noticing a sign "Keys Made," in the 5-and-10 cent store, I handed the key over to a young lady who clamped it in place and at the same time put a blank key in another grip. She turned a switch and a machine began feeling the pattern of the key and another machine began cutting the design into the blank key. In three minutes, the duplicate had been completed.

Tom Martin, humorous "Sage of the Sagebrush," backed Irvin Cobb, Kentucky humorist, out on a debate on politics.

It had been held, that debate might not have been a laughing matter, at that.

Speaking of speaking, this columnist has been a little in demand here lately. Clubs and student groups in Temple, Breckenridge, Ranger, Weatherford and Fort Worth seem to have been interested in an informal talk on Hollywood, based on observations while

serving as technical adviser on the Texas oil picture, "Boom Town."

Easterners are looking for "local color" when they come to Texas so Henry Love of a Fort Worth, "Out Where the West Begins," hotel, has fixed up a Pioneer suite, suggesting ranch life. Beds and chairs are made of highly polished wood that apparently was carved with crude tools; the mirror frame is a huge, wooden horseshoe; the stand of the reading lamp is an ancient shotgun; a little table is supported by a big wagon-wheel hub, and cattle brands have been burned into the frames of pictures showing life on the range. A long dining table is flanked with benches. Eastern executives are delighted and marvel that the ranch theme of furnishings is combined with the most modern luxuries.

WOULD YOU CUT DOWN THE APPLE TREE?

You'll probably find a few bad apples in a bushel of good ones. That's the way it is with beer retailing in America.

There are hundreds of thousands of wholesome, law-abiding beer retail establishments that sell good beer—the refreshing, appetizing beverage of moderation. At the same time, there is a handful of undesirable, anti-social taverns. Unfortunately, these few outlaw establishments bring discredit to the entire beer industry.

To protect your right to drink good beer, the Brewing Industry wants such anti-social retailers eliminated entirely. It has instituted a "clean-up or close-up" program—now in effect in some states and being extended.

We'd like you to know about this socially important program. May we tell you about it in an interesting free booklet? Write: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.

"EDITORIAL"

Broncos, the press wishes to compliment you on the nice game you played Saturday. It was really a jam up game of ball. A few more games like the last and you will have the people of Sonora right behind you with more vigor than ever before. Everyone of you from the line to the fullback played with more enthusiasm and had more signs of "oomph" than we have yet witnessed at any other game this year. If this much spirit is shown against Rock-springs, Saturday, then we are sure the final score will show Sonora as the victor.

Also we want to praise the pep squad and band who lent a greater hand in boosting those Broncos in the game Saturday than we have ever before seen in these last few years of football. And to top it all off, not a one of you was out of line during the performance at the half. Well, not very far, anyway.

IN THE HUDDLE

The boys are plainly showing improvement this week. Due to the use of new plays we ought to beat Rock-springs Saturday. We have another Bronco back in there this week, J. R. Hudson. We are sorry to hear of the loss of two good players, Delmar Lee Sloan and Jack Burleson. However, there is another one out this week, Boyd Wilson. May you be another true Bronco. Hard luck came to Jack Sawyer this last game when he broke his collar bone. Here's wishes for a quick recovery.

Hard luck seems to have to repeat itself, for Richard Boughton wrenched his knee Tuesday in the same manner that J. R. did recently.

"At the Half"

The Junction band filed on the field in three units. The band made a large S in the center of the field and the pep squad then marched on the field in two units, one making a U and the other an A. The band played the "Star-Spangled Banner" while in the U. S. A. formation. "The Victory March" was played while the band sweetheart did acrobatics. They marched off the field.

The Bronco band and pep squad came on the field as one unit. They turned a square corner and made a large E in front of the Junction stand. A yell was given for the Eagles. The band then did four to the right and made a B in front of the Sonora stand. A yell was given for the Broncos. The band did a counter-march and then turned a square corner to the left. On the way off the field they did the split. The band marched off the field single file.

Eldorado Jrs. Edge Out Sonora Colts

The Sonora Colts met Eldorado Eagles again last week on the Eldorado field. After a fierce struggle, the Eagles won out with a fourteen to two final score. This is the second game the Colts have played this year, but several more have been planned. One of them is with Rock-springs, whom they plan to play this Friday afternoon here.

The Colts will be sporting their new helmets and pants which were purchased last week for them. So everyone come to see them at the new field at four o'clock.

Hot Arguments In English Classes

Some good debating was heard Tuesday from members of the English class. The students made debates on many collected subjects that they found in their English books. Besides being rather entertaining this was found to be very teaching.

Last Saturday October 12, a record crowd watched the Sonora Broncos pounce the Junction Eagles in a fast and exciting game which ended in a 13-13 tie. The weather was perfect for football and the fans, as well as the team, appeared to be in the finest of spirits.

Starting Lineup

Sonora Player	Position	Junction Player
Odum	Center	Allen
Merriman	Left End	House
Berger	Left Tackle	Smith
Sawyer	Left Guard	Wright
Stephenson	Right End	Ball
Shroyer	Right Tackle	Halekamp
Cook	Right Guard	Cox
Richardson	Right Half	Herron
G. Richardson	Left Half	Ferris
Ory	Quarterback	Camp
Johnson	Fullback	Herring

Officials — Elue, Linesman; Taylor, Referee; Colter, Linesman, all of San Angelo.

First Quarter

Junction kicked to Sonora. Ory received the ball on the fly and brought it back for about six yds. 1 and ten for Sonora. O. L. Richardson on the next play was stopped on the line of scrimmage. Wright made the tackle. O. L. Richardson rounds his own right end for no gain.

Junction penalized 10 yards Richardson through center for 1 yard. Richardson punts out of bounds. Substitution for Junction. Andrews for Camp. Junction's ball first and ten. Andrews attempted to pass but was knocked down by Odum and Merriman. Andrews stopped behind the line of scrimmage for a loss of 6 yards. 3rd down and 18 yards to go. Junction attempted to pass again but Ory got in the play and batted it down. Ferris kicked out of bounds on the 25 yard line. Richardson came through the line for five yards. Again it was Richardson around his own left end for a first down. Sonora was taken for a yard loss on the next play. O. L. Richardson in a pass to Merriman was incomplete. Richardson was stopped on the line of scrimmage.

O. L. Richardson kicked for Sonora. Ferris brought the ball back 5 yards before being stopped by Berger. Ferris plowed through center for 5 yards. Shroyer made the tackle. Junction made no gain on the next play. Herring around left end for a first down. Andrews fumbled on the next play and Odum recovered for Sonora. A pass, O. L. R. to Ory was attempted but was a little high for the receiver. Richardson around right end for 1 yard. O. L. R. around right end for a first down. Johnson picked up 4 yards on the next play. Richardson stopped on the line of scrimmage. O. L. fumbled but recovered. The gun for the end of the quarter sounded.

Second Quarter

Substitution for Junction, Camp for Andrews. Sonora had the ball 4th down. O. L. kicked. Junction fumbled but picked it up and started to run. Stephenson made the tackle. Herring through center to be stopped by Stevenson again. Sonora substituted Neuburg for Stevenson. Herring was stopped on the line of scrimmage. Ferris punted Johnson got the ball for Sonora. Sonora surprised Junction with O. L. making a quick kick which put Junction back on their own 7 yard line. Junction substitution, Andrews for Camp. Andrews attempted to kick but it was blocked by Sawyer and Odum then fell on the ball over the goal line for a touchdown. The kick for extra point was no good. The score, Sonora 6, Junction 0.

Sonora kicked, Rex Merriman doing the kicking. Herring received the ball and brought it back 10 yards. The next two plays Junction made no gain. Junction fumbled and when the pile was un-

Dear Editor:

The information I get from reading the Bronco is very useful to me. I think the staff members should feel proud of themselves as well as the paper.

In regard to your gossip column (the center of attraction) I think it is fine.

It's hard to please everyone but I would like to read another feature story, since the last one was so interesting.

Waiting for the next issue of the Bronco, I remain,
A Bronco fan.

stacked a red shirted Bronco had possession of the ball. O. L. Richardson went around right end for

yards. Nice blocking was done by Johnson. Sonora fumbled on the next play and a Junction man recovered. Andrews plunged center a yard. Herring went around left end on the next play for a first down. Junction picked up two yards on the next play. Andrews fumbled and Sonora recovered. First and ten for Sonora.

An attempted pass from Richardson to Merriman was incomplete. O. L. around left end for 7 yards. He was slightly injured on the play but stayed in the game. First down for Sonora. Richardson thru right end for no gain. Ory passed to Neuburg but was incomplete. Ory was taken for a yard loss. Fourth down and 5 yards to go for a first down. O. L. kicked. Andrews received the ball and Ory and Merriman stopped him before he could go anywhere.

Junction was penalized 15 yards for clipping. It put them back on the one yard line. Andrews kicked out of the hole. Sonora attempted a pass but was no good. Glen Richardson picked up two yards. O. L. Richardson lost three yards on the next play. O. L. Richardson kicked out of bounds on the 18-yard line. Junction first and ten.

TEACHER OF THE WEEK

Miss Madge Mosley, this week's teacher of the week was born in Farmersville, Texas. She attended the schools in San Saba where she was valedictorian of the senior class. While in high school she was one of the debaters, also treasurer of the Senior class.

Miss Mosley attended Baylor University, after graduating from high school in 1933. While in college she was a member of the Sigma Delta Pi, a Spanish Sorority. Miss Mosley majored in Spanish and minored in English.

She first taught for two years in Lexington, then in Axtell a year. This is Miss Mosley's first year in Sonora Schools where she teaches both Spanish and speech arts.

Besides being sponsor of the Freshman class she is also sponsor of the Pan-American Club and Pep Squad.

THE SEASONS

By Local Talent

In the spring the creeks have running noses
The little rabbits are running too
The hills and vales are covered with posies,
And everyone is here but you!!

In the fall the sheeps have running noses,
And walnut leaves are turning red,
The morning breaks my frozen toes
I wish that I could stay in bed.

When my nose is frozen solid,
And I hear that ringing bell,
I think of the delightful summer
'Cause I'm cold as the devil!

"Yippee" The Report Cards Are Out

Wednesday afternoon was a great day for some students but less appealing to others.

The first report cards of the school year of 1940-41 were issued. Report cards are given every six weeks and are always welcomed since they show just how the student is progressing and how one is not making the grade as is expected from him.

ed, Johnson brought the ball back for a few yards. Sonora penalized five yards. O. L. Richardson passed to Willie B. Ory for another touchdown. Richardson passed to Richardson for the extra point. The score 13-0 in Sonora's favor.

Sonora kicked, Glen Richardson holding, Merriman doing the kicking. Herring brought the ball back for 8 yards. A pass on the next play was incomplete. Junction attempted to pass again. Ory came in there to break it up. Andrews through left tackle for four yards. Fourth down, five yards needed for

And Still In One Piece

It's the common superstition that Friday 13th is the unlucky day but evidently Sunday 13th is unlucky for Mr. Sharp.

Last Sunday while driving to a ranch, one of his tires blew out. After he got to the ranch the tire that had been changed went flat.

As he didn't have any more tires, he had to borrow a car to drive to town after another. On the way in, a bumper-gate caught in the rear bumper of the car and straightened the bumper. Then as the car moved through the gate he caught his arm and almost broke it.

After the tire was finally fixed, the "perfect" day was climaxed by losing a hub-cap off the same troublesome wheel.

a first. Andrews tried to find a receiver for a pass but was downed by a Bronco. The ball goes to Sonora on the 55-yard line. First and ten.

Richardson punted. It was a long and very nice kick. Herring received the ball but Odum was in there for a quick tackle. Junction completed a long pass and made another first down for the Eagles.

Try telling folks the rates have been cut in half!

1 I work for the utilities and the other night I had supper over at Jim and Edith's house. It was a swell supper and I told Edith so. "Cooking," she said, "is easy. We have nearly everything electric." "There is a point," I says, excited-like. "And you're using about twice as much electricity today as you did 10 years ago for the same money." "Maybe you mean the bill is twice as high nowadays," Jim chimed in. "It may be just as high, Jim," I said. "Mine is, too. But there's a good reason for it. Look here..."

2 Then I took them around the house, pointing out their refrigerator, electric washer, the percolator, radio, toaster, iron, and all the other electric appliances, not to mention the better-light—better-sight lamps. I said: "Now, honestly, aren't you using a whale of a lot more electricity than you did just a few years ago?" They said that was right.

3 Then I tossed a couple nickels on the table, real dramatic-like, and said: "The average person pays only about a dime a day for electric service! Some pay less, some a little more. And the more you use, the lower the rate!"

4 "Is this a bargain or isn't it?" I asked Edith. "Never thought of it like that," she said. "I certainly do get my money's worth!"

BRONCOS—

Continued from Page Three
Junction tried another pass but this time it was incomplete. Sonora substitution, McMillan for Merriman. Another Junction pass was broken up by Odom and Glen Richardson. Junction penalized 5 yards. Sonora got the ball on downs. O. L. around left end for 3 yards. The gun for the half

halted the game temporarily.

Third Quarter

There were several changes in the Sonora line that yours truly did not get. One Bronco that entered the game was Jack Sawyer, who broke his collar bone after just a few seconds in the game. Tough luck, Jack.

Junction kicked to Sonora. Ladie Richardson stopped on the line

of scrimmage. A Sonora pass was intercepted. Junction's ball, first and ten. Jack Sawyer, who was injured in one of the last plays, was replaced by Merriman. Andrews ploughed through left tackle for a first down. Glen Richardson made the tackle. Andrews plunged center for a few yards. Andrews stopped on the line of scrimmage. Junction attempted a pass, incomplete. Junction made no gain. Andrews thrown for a three yard loss. Andrews through center for several yards.

Hudson enters for McMillan. Ferris through for 3 yards. Third down and 5 yards to a touchdown. The Broncos held the Eagles. The ball went to Sonora on downs. Herring received, Odom tackled. Andrews got the wind knocked out of him but stayed in the game. Junction attempted a pass, but it was intercepted by Johnson of

Sonora. O. L. was piled up for no gain. Sonora substitution, Stevenson for Hudson.

Glen Richardson picked up a few yards. Ory got off a nice kick. Andrews around left end to be stopped on the line of scrimmage. Andrews passed to Ferris for a first down. Junction again threatened to score. Andrews ploughed through center for a few yards. A pass was incomplete. Another went incomplete, and still another. Ball to Sonora on downs; another Junction threat stopped. Sonora piled up on the line of scrimmage. A pass from O. L. to Glen Richardson made a first down for the Broncos. Sonora again passed but it was incomplete. O. L. picked up a few yards then on the next play he punted, but it was short. Andrews brought the ball up for ten yards. Junction was penalized 5 yards. Andrews through right tackle to be stopped by Ory. Junction substitution, Spiller for Halekamp and Camp for Andrews. Camp through the line for a few yards. Herring ploughed through for a first down. Ferris picked up 5 yards. Herring through center for a first down. Junction had the ball on Sonora's 25. Herring piled on the line of scrimmage. Ory stopped Herring on the line of scrimmage. Junction attempted a pass but it was out of reach of the receiver. Junction substitution, Andrews coming back into the game for Camp. A Junction pass was knocked down by Odom. Sonora's ball. A Richardson to Richardson pass complete for a first down. Richardson's punt blocked by a gold-shirted Eagle. Junction takes the ball. Andrews was stopped on the line of scrimmage. Junction picked up a few yards on the next play. Andrews through center for a first down. The ball was on Sonora's 1-foot line. Herring crossed the pay stripe for Junction. The extra point was no good. Sonora 13, Junction 6.

Junction kicked. Odom touched the ball but could not keep his hands on it and a Junction man fell on the ball. Andrews was stopped on the line of scrimmage. Junction tried a pass but it was a little long for the receiver. Andrews through the Bronco line for three yards. Herring made a first down for Junction. Andrews thru left tackle for another first down. Junction was stopped behind the line of scrimmage. A Junction pass was intercepted by Ory. O. L. Richardson kicked out of danger for Sonora. Andrews received and brought the ball back a few yards before being stopped by Merriman. Andrews bucked the line for first down. Glen Richardson made the tackle. Andrews through center for another first down. Herring picked up a yard through center. Andrews goes over left tackle for Junction's second touchdown. Herring plunged through for the extra point. The score 13-13. Junction kicked, G. Richardson brought the ball back for five yards. Another Richardson to Richardson pass was incomplete. The next play a Sonora pass was intercepted. Herring picked up 5 yards. Andrews through left tackle for a first down. Herring through center for three yards. The gun and the game is over.

Petroleum Industry Prepared for War

Kilgore, Texas, Oct. 15.—The American petroleum industry is in far better shape now to meet the very heavy demands of modern mechanized warfare than it was in 1917 for the much smaller demands of the First World War, George A. Hill, Jr., of Houston declared here Wednesday night. Mr. Hill, vice-president of the American Petroleum Institute in charge of its division of oil production, spoke at the celebration of the tenth anniversary of the discovery of the East Texas oil field.

"Today the condition of the petroleum industry is wholly at variance with the conditions that existed in 1917," Mr. Hill said. "The number of producing wells in the United States is nearly twice that of two decades ago. New wells can be drilled five times as fast. Proven reserves of crude oil are nearly three times as great as those in 1917. The number of petroleum refineries has been doubled, and their capacity multiplied by four. Stocks of essential products are two to ten times as large as in 1917, and storage capacities are correspondingly greater. Land transportation facilities for oil are more than twice as extensive, and marine, eight times as large. All of this was done voluntarily by the American petroleum industry, without Government subsidy as favor."

"In view of these facts, it may be maintained that the oil industry is fully capable and entirely willing by voluntary, patriotic co-operation, and without the unnecessary and corroding influence of authoritarian control and compulsion to achieve the objectives of our national defense program."

"The maximum of service to the National defense and to preparedness can be rendered without resort, at this time, to experimentation and to the development of new controls. There is no phase of service, that cannot be supplied through the voluntary service and voluntary cooperation of the oil industry under the leadership of the President of the United States and his National Defense Advisory Commission."

Mr. Hill closed with a tribute to "Dad" C. M. Joiner, "who in the true pioneering spirit discovered this greatest single reservoir of national wealth."

"No chart of government pointed the way to this field," Mr. Hill said. "No managed economy underwrote his risk. No authoritarian regulation measured his prospect. No bureaucracy supplied his incentive by either mandate or bounty. The true spirit of the pioneer, the independent enter-

RED CROSS PLANS AID FOR DRAFTEES

To relatives and friends of those who registered Wednesday for military training, the Sonora Red Cross Chapter, extended assurance the Red Cross is making full preparation for expansion to deal with welfare problems of all men who enter service as well as their families at home.

Pointing out that the Red Cross is the government's official agency chartered to deal with personal or family problems of men of the army and navy, Mrs. Johnson said the public will be asked for increased membership support during the organization's annual military, public health, first aid, Roll Call, November 11 to 30, that and other National Defense responsibilities of the Red Cross may be met adequately.

"Increased staffs of chapter home service workers, and field representatives at training points," Mrs. Johnson said, "will assist the men or their dependents in matters of illness, emergencies, material relief, obtaining military authorities for furloughs or dependency discharges, advising in business difficulties, obtaining of employment for a mem-

ber of the family, and other problems.

"Army hospitals have already asked for more than 4,000 Red Cross nurses to be on duty by next July. The first groups have been called, for convalescents, Red Cross "Gray Ladies" will write letters, read books, provide games and other amusements. Red Cross volunteers will make comfort items for hospitalized men.

"Among other preparedness measures being taken by the Red Cross, our chapters will be expected particularly to train more women and girls in home hygiene and prevention of disease as a civilian safety measure, train additional thousands of first aiders in industries affected by war materials production, increase enrollment in the Red Cross nursing reserve corps and in nurse's aide special courses for training of assistants in civilian hospitals in time of national emergency. In addition, they must continue to produce garments and surgical dressings for use overseas and here at home. This expansion will take into account, also, the continuing need of domestic Red Cross peace-time services."

Baptist Convention Planned In Houston

Houston will be host to 15,000 delegates to the Baptist General Convention of Texas, November 12-15. This year will not only celebrate the Centennial Anniversary of Baptist work in Houston but will also mark the close of the best year in the state for the denomination during the past two decades. During the intervening weeks, 3,088 Baptist churches will stress mission gifts in a campaign designated as "The October Round-up," endeavoring to exceed this year's million dollar budget.

Two large auxiliary meetings will precede the convention proper. The Woman's Missionary Union, will meet in two day session, and will feature the work among the young people with a giant pageant the closing night when several hundred boys and girls will be honored.

The Pastor's and Laymen's conference will convene simultaneously. Three thousand outstanding Baptist ministers and laymen are expected to attend.

Automobile and truck users paid out \$1,722,000,000 in local, state and federal taxes during the last 12 months, or one out of every 9 dollars collected for taxes in the country.

NOT AT THE COFFEE TABLE... BUT BACK AT THE SINK!

Earn ... and Hold—Their Admiration. AVOID Coffee Gossip—Serve Admiration Coffee!

"At the sink—that's where Helen ended. For days she had looked forward to her club dinner—had pictured herself skillfully preparing coffee for the gay party. But instead, she was washing cups at the sink! And that, the committee decided, was right where she belonged! Everyone knew her as a *poor coffee maker*." And if Helen had only known before, what she now knows ... she would have spared herself this cruel humiliation—if only she had served Admiration Coffee. *Coffee Gossip*—or *Coffee Compliments* ... depends on you!

So don't you risk it—not once. Don't be known as a *poor coffee maker* ... don't expect just any coffee to satisfy any more than you would expect just any size shoe to fit. Avoid embarrassment—avoid coffee gossip—serve Admiration Coffee! It's fool-proof. Remember ... more Southwestern house-

wives use Admiration than any other coffee. Admiration is so dependable!

THRIFTY—The use of the world's most costly and full-bodied coffees in Admiration makes it economical to use. Many housewives report that they get *more cups per pound* with Admiration than with just ordinary coffees. Remember that ... be a wise shopper.

DEPENDABLE—Exact blending and scientific therm-roasting insures *uniform flavor at every serving*. No fear of embarrassment because of poor coffee. Remember that ... be a smart hostess.

SATISFYING—Admiration's tempting, robust *flavor is a bit with men*. And women, too, enjoy its full richness and coaxing goodness. Remember that ... be a good housewife.

THERE'S HAPPINESS AHEAD ... WITH ADMIRATION

Bureau librarians of their needs. A card mentioning the subject desired is all that is necessary. If a package library is already assembled, the material is mailed out promptly. If not, the Bureau's staff—ten full-timed employees and 14 student assistants—gather up pamphlets, bulletins, books, newspaper and periodical clippings which fill the bill. Each package includes a return mailing envelope. No fee is asked, but users must pay transportation charges both ways.

The 69,995 package libraries mailed out during the last biennium contained 662,231 pamphlets and periodical clippings, 44,350 plays, 7,060 club outlines, and 3,583 books. Users of this material included 29,078 women's clubs, 27,948 schools, 7,984 libraries, 2,850 individuals, 1,161 parent-teacher associations, 599 civic organizations and 373 county home demonstration agents.
