Roosevelt County Dairy and Livestock Exhibit, September 18-19-20.

Volume No. XXVIII | PORTALES, NEW MEXICO, THURSDAY, JULY 17, 1930 | NUMBER 38

Many Roosevelt County People Attend Speaking at Amarillo Fri.

On last Friday five or six cars of Roosevelt county farmers and Portales business men went to Amarillo to hear U. S. Secretary of Agriculture Hyde and Secretary of the Federal Farm Board Legge speak in the wheat situation of the United States.

These gentlemen were greeted by the good audience of farmers from all over the Panhandle plains terested in their message.
section, who were very much in-

While brighter prospects were claimed for the wheat industry in the future, no solution of the present was offered.

Both gentlemen were forceful and entertaining speakers, and the Roosevelt county citizens deemed it a privilege to hear men of such national importance.

The trend of the messages were for better cooperation among the farmers, and cooperative marketing was stressed.

Farmers were advised to cut the acreage to the home supply and thereby reecive better prices.

Tobacco Tax To Be Voted On At Coming Election

Santa Fe,—Along with the other election detail, Mrs. E. A. Parrault, secretary of the state is preparing to submit New Mexico's first referendum at the November election.

The people will vote on whether or not they want the Tobacco Tax, which was voted by the last legislature but which was successfully stalled by the circulation of referendum petitions by the tobacco dealers.

Whether the title will be sufficient for publication on the ballot or whether the entire law will have to be printed is a matter of immediate concern at the Secretary of State's office. If it develops that the entire law will have to be printed on the ballot, the voters will receive a good sized book on which to scratch his little mark for or against the referred measure

The Tobacco Tax measure also included the Free Text Book law, which was to have been financed by proceeds from the tobacco tax.

PRIDDYS LEAVE FOR THEIR SUMMER CAMP

Wednesday morning, Mr. and Mrs. J. B. Priddy and Mr. and Mrs. Carl Yoachum left for the Priddy cabin in the mountains near Taos, where they will spend several weeks trout fishing.

BAND BENEFIT PICTURES

On Monday and Tuesday of next week, July 21st and 22nd, the Portola Theatre will give a benefit for the Portales Band.

The organization is yet in debt for the large horn which was purchased at the cost of several hundred dollars, and the proceeds from the two nights of the show will be used toward eradicating this debt.

The boys and girls of the band have purchased their own instruments with the exception of the big bass horn and this will remain the property of the Portales school where it wall always be available for band use.

The picture to be shown is "Aviator," starring Edward Everett Horton and is one of the best of late pictures.

To patronize the Portola on either or both of those nights will not only furnish to the individual a very pleasant evening program but will also assist the school band, that organization of which the city has just cause and many occasions to be proud within the past few months.

Everyone is urged to make an effort to buy a ticket and attend the benefit picture on Monday and Tuesday evening of next week.

MAX GOOD RANEY

Max Good, infant son of Mrs. Della Raney, passed away Thursday, July 10th after a few days illness and was buried Friday afternoon in the Portales cemetery.

The funeral services were conducted by Rev. R. C. Marshall at the home of Mr. and Mrs. Carl Case, for this little fellow who was born March 26, 1930, and permitted to brighten the home for a few short months.

Tom Good and his son Jeff passed through Portales on their way to Kenna to join Mrs. Good and Miss Modesta who have been visiting in the Frank Good home. All four returned to Portales Sunday and visited their brother and sister, Mr. and Mrs. Cass Lyons, then continued on their way to their home in O'Donnell, Texas.

Mr. and Mrs. W. F. Maxey and son Bill, Mr. and Mrs. C. F. Maxey with their daughter Constance and Mrs. C. B. Lovelady left Wednesday for Carlsband where they will enjoy a trip through the Caverns and also do some sight seeing in the Valley.

Good Shower Fell Last Tues. Morn

A good shower fell over the county on last Monday night lasting up into the forenoon Tuesday morning.

The rain reached from Portales to Elida and the highway south to Dora was reported very muddy.

Heavy rains were reported in the mountains.

Republican Chair-Woman to Visit Portales Soon

Miss Margaret Chadwick, Republican state chairwoman, will be in Portales Saturday, July 19th.

A meeting will be held at the home of Mrs. R. E. White at 2:30 p. m., where Miss Chadwick will address the republican women of Portales.

All interested are invited to attend.

GREAT INTEREST MANIFEST IN VOCAL MUSIC IN ALL S. E. RFOOSEVELT CO.

Prof. Morgan of Amarillo will teach a song-class at Longs church beginning Monday, July 28th.

This class is a merger of Rogers, Dora, Richland, Garison and Causey with Longs as the most convenient center for a sucessful school in this part of the county. Prof. Morgan is the instructor who gave the Stamps brothers their start and inspired them to be come the wonderful success in vocal music they are.

Mr. Morgan with his able body of helpers will instrut you along all lines of vocal music that you may desire. Any and all who are interested are invited to come and help make this the greatest ever in these parts.

Mr. Morgan comes recommended not only of high reputation but of outstanding character as a man.

Water Supply Is Discussed

UNDERGROUND DEVELOPMENT URGED AT MEETING

SANTA FE, July 14th—One of the important results of the western region farm conferences held in Salt Lake City was the attention given underground water development. Herbert W. Yeo, state engineer said today upon his return from the meet. He was one of New Mexico's delegates.

Yeo led in the discussion of a paper given by Prof. William Peterson of the federal agriulture department on the use of well water during which the conference recognized the deficiency and inadequacy of present underground water laws.

Peterson told the delegates, Yeo said, that New Mexico and Oregon are the only states, with the exception of California, which depends on this source for thirty five per cent of their irrigation water, that have laws of any practicability.

Yeo, explained that even at present, New Mexico courts usually hold there is no control. Under the present cicumstances a neighboring farmer, by advantage of location may drain all the underground supply and the first farmer has no resourse, he said.

In order to secure a working law to put this water source under the same legal supervision as surface water, Yeo said a similar but improved bill to that passed by the legislature in 1927 will probably be submitted at the next session.

This act was sponsored by Roswell interests and was declared unconstitutional by the supreme court over a technicality rather than on the principal involved, Yeo recalled He aid that at prensent the state's greatest develpoment of under ground water is in the Roswell vicinity.

The state engineer said Prof, Peterson, who is Utah's representative on President Hoover's commission on public lands, intends to inspcet this state's underground water revelopment in the near future. New Mexico is conceded to lead western states in the investigation of this water supply source.

COMMITTEE MEETING

The President of the Womans Club, Mrs. Lacy Armstrong called a meeting of the executive board at her home last Tuesday evening and plans were adopted for a very active year's work in the club.

A special program will be submitted to the public entertainment committee with the idea of futhering the activities toward raising funds for the erection of a new club building.

The organization has accepted the obligation of conducting concessions at the fair ground this year and this will be in the hands of the finance committee with the full support and cooperation of all the other club members.

Compton Makes Liquor Complaint

District Attorney Compton made complaint that several places in Tucumcari were selling intoxicants with the result Ray Sutton, enforcement officer, assisted by Deputy Sheriff Loren Anderson, raided the "hole in the ground" north of the S. P. tracks and some other places on the 4th of July, finding some beer in cases and some in making.

Parties arrested were Jim Otero, Miguel Salazar, Frank Pena and Fred Austin. At the Otero place known as the "hole in the ground" a large amount of cased beer was confiscated. Not so much was found with Salazar and Pena, and the Fred Austin place yielded only beer in the making.

Enough beer to wet a lot of dry throats was poured out. The officers did not seemingly notice it was a hot day and a lot of tongues were hanging out. Arrested parties were brought before Justcie of the Peace B. L. Francis and bound over to district court.

This is the first time the district attorney has personally taken a hand in Tucumcari brew and distilling affairs, but it is intimated not the last. The raid was successfully staged and entirely unexpected. —Tucumcari American.

Coe Howard Works For Fair Exhibit

On last Friday at Amarillo, Coe Howard made arrangements for a New Mexico exhibit at the Tri-State Fair, and secured sufficient space to stage this exhibit.

While eastern New Mexico will have a large agricultural exhibit, the state at large will be represented.

These exhibits in the past have attracted wide attention to this section as a farming section, and have been the means of bringing many farmers into Roosevelt county.

5,500 Pounds of Butter Made Last Saturday

W. K. Judevine informs the News that on last Saturday the creamery made a record run, turning out 5,500 pounds of butter which is the heaviest run made by the creamery in Portales.

The price of ceram has made a substantial advance which is encouraging the dairymen considerably.

Portales, Tatum and Lovington Unite for Better Highway South to the Oil Fields

On Monday of this week, the Portales Chamber of Commerce 22 strong, including the Board of Directors motored to Lovington, where they held a noon day lunch as guests of the Lovington Chamber of Commerce.

At this meeting a better highway south from Portales to the Lea county oil fields was discussed, and it was decided to work in unison to have this highway hard surfaced.

From talks at this meeting it was brought out that the travel on this highway is increasing daily and that it now has become one of the most important highways in the state.

The great oil fields of Lea county are attracting thousands of visitors, and by traveling over this highway, which is now in fair shape, this traffic will soon cut this road out and the heavy expense which has been gone to build it will be wasted.

Joint committees from the Lovington, Tatum and Portales Chambers of Commerce will go to Santa Fe on the 23rd to meet with the State Highway Commission in regard to this road.

At this meeting the matter of a daily mail from Portales to Lovington was discussed, and this project will be worked on.

Chairman A. D. Ribble responded to the address of welcome by Seth Austin of Lovington.

Among the Portales speakers on this occasion were Arthur F. Jones, and Ezra Watts.

A splendid dinner was served by the Lovington Chamber of Commerce.

In the afternoon the delegation returned by way of Tatum, where they held a joint meeting with the Tatum Chamber of Commerce, which also pledged cooperation on all matters of mutual interest to Roosevelt and Lea counties.

A. C. Woodburn came home Wednesday evening from Las Vegas where he has been attending the Normal University. Mr. Woodburn will return on Sunday to Las Vegas to enroll for the second six weeks term.

L. L. Brown plans to leave today for Las Vegas and will bring home Miss La Von Brown and Miss Kate McManaway who have been attending the summer school at the Normal.

Mrs. Fred Henderson from O'Donnell, Texas, was a week end guest in the home of her brother-in-law and sister, Mr. and Mrs. Cass Lyons.

Getty Oil Co. Gets Big Well In Hobbs Pool

The George F. Getty Oil company's McKinley No. 2, SE¼SE¼ section 30-18-38, blew in yesterday at the rate of 12,000 barrels daily, making the latest producer in the Hobbs area.

This well is located directly east of the Getty Oil company's No. 1, SW¼SW¼ section 30-18-38, which came in on July 4th for 12,000 barrels.

NEW HOME ON OHIO STREET

The contract has been let to H. E. Taylor by Mr. and Mrs. Keith Payne for the erection of a new home for them on Ohio street.

The residence will be a five room structure and Mr. and Mrs. Payne plan to occupy the same as soon as it is completed.

This new home will be in the same block with the Lee English pretty and well kept home.

NEW MAYTAG SHOP

H. F. Deering, county representative of the Maytag washing machine has opened a Portales shop in the building with Dr. S. B. Owen and will have a local demonstrator as well as a field representative.

These individuals have not yet been selected when the item was given to the News by Mr. Deering.

Mr. and Mrs. Charles A. Coffey were in Portales Wednesday as dinner guests of Miss Bess Dohoney. They are visiting in Roosevelt county from their home in Colorado.

Mr. and Mrs. H. H. Buchanan, J. P. Deen, Miss Rosamond Deen and Miss Lillian Harris left Thursdya morning for the Toas New Mexico country where they will spend the next ten days on a fishing vacation trip.

Mrs. Dora Henry of Big Springs, Texas is in New Mexico at the home of her sister Mrs. J. S. Smith and she has felt the change has been beneficial to her health.

Fred Maxwell returned the last of the week from Arkansas where he has been visiting relatives. He took his children for a short stay with their grandparents.

Miss Thelma Tremble of Lubbock, Texas, has been in Portales visiting Miss Irma Bell Smith.

Protest Against Public Nuisances

A citizen called on the News this week protesting against public nuisances which are being allowed to exist in Portales.

One is the keeping of hogs in the city limits.

Another is against chickens running at large in the city limits.

Unless the News is in error, there is a city ordinance against both of the above, and should be enforced.

Hogs are nice when served frosh from the frying pan, but are rather disagreeable in a pen under neighbors windows.

Chickens running at large and scratching up lawns and flower beds are enough to drive property owners insane.

Another condition protested against is that of staking cows where they may encroach on a neighbors premises and allowing them to graze across the streets.

This latter is dangerous to traffic and should be corrected.

Mrs. Ball Very Ill

Mrs. C. E. Ball is in a very critical condition in the Sanitarium in Lubbock, Texas.

Wednesday of last week Mrs. Ball was taken to the Sanitarium for an operation. She withstood this very satisfactorily and appeared to be improving.

Rev. Ball, who had been constantly at her bedside drove to Portales Saturday afternoon to fill his pulpit at the First Baptist church on the following Sunday. Late that evening a call from the nurse told him his wife was not resting so well and he immediately started for Lubbock.

He found his wife in a weakened condition and a blood transfusion necessary. This was made on Tuesday when Rev. Ball gave several ounces of blood hoping to greatly strengthen his wife. The response from this has not been as decided as was hoped and the latest report gives Mrs. Ball in a very serious condition.

The children in Portales were notified Tuesday night of the very grave condition of their mother and they left during the night for Lubbock to be near her.

S. B. Fletcher, Watt Stewart, Mrs. N. F. Wollard and Mrs. J. C. Compton started early Wednesday morning for Lubbock hoping to be of some solace to their pastor and also to lend any aid which might be possible.

Friends in Portales are keeping in close touch with Rev. Ball to learn the latest news of Mrs. Ball's condition.

BROWN AND BAILEY WIN GOLF PRIZE

Mrs. Chester F. Brown and P. M. Bailey were awarded the five dollars cash prizes at the Poinsettia minature golf course last week for the best average of three games made upon the new course just completed and opened to the public by Bert Boykin.

On a course with a par of 41 Mrs. Brown made an average of 49 2-3 and Mrs. Bailey 38 1-3.

Mrs. Ted Forbes and J. R. Shock were awarded the second place honors which consisted of $3 each. Mrs. Forbes made an average of 52 while Mr. Shock had 40 2-3.

With two courses in Portales a great many of the residents may be seen playing golf each evening. It is a fascinating as well as a recreative sport.

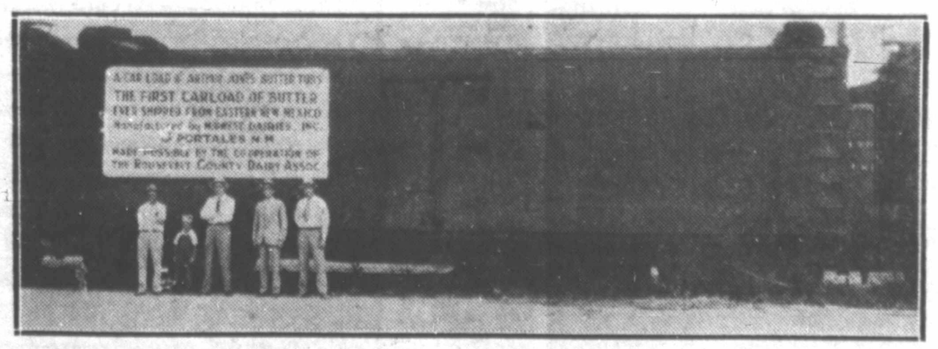

LEAGUE INSTITUTE

Six members of the local Methodist church attended the League Institute which was held at Clovis last week and received their Christian Culture diplomas.

These credits may be applied toward any advanced work which the young people may wish to carry on.

Those from Portales taking the course were Menlo Autry, Misses Leila Mae Freeman, Hazel and Murrell Galloway, Caroline Bradley and Estelle Johnson.

Judge T. E. Mears left Sunday night for Santa Fe to be absent for a few days on legal business.

New Mexico Butter Tubs Going to California

The above is the car load of New Mexico butter tubs which were shipped to California on Saturday a week ago.

This car is loaded with butter made in Portales from cream produced in Roosevelt county.

This is the first solid car shipment from the Mid-West Dairy Plant at Portales.

Board of Regents Accept Plans For E. N. M. Normal Building

At a meeting of the Board of Regents on Tuesday of this week, the plans for the Eastern New Mexicol Normal School Building was accepted, and all specifications will be ready to submit to contractors in about two weeks.

Contracts for the buildings will be let about the first of September.

For a number of years this Normal school has been the dream of Portales, and before the year is out, this dream will be realized, the the beginning of the building program.

The normal school site is one of the most attractive locations in Portales, and with the building erected will become a monument to the progressiveness of the city.

It is predicted that this school will soon become one of the leading educational institutions in the state, and will be means of attracing many desirable settlers to this section.

It will do for Portales and eastern New Mexico, what schools of Canyon and Lubbock have done for those cities.

New Mexico Day at Fair to be Sept. 26

Coe Howard, Portales, in City to Discuss Plans for Exhibits

New Mexico day at the Tri-State Fair will be Friday, September 26, it was decided yesterday when Coe Howard, of Portales, recently appointed fair commissioner of that state, conferred with Wilbur C. Hawk, fair presdient.

Mr. Howard came here yesterday to hear the addresses of Alexander Legge and Arthur M. Hyde and while in the city discussed plans for New Mexico's part in the big exposition this fall with Mr. Hawk.

Led by Governor Dillon, at least 11 of the Eastern New Mexico counties will send delegations to the fair on New Mexico day, it was said. Schools in the eastern part of the state will close for the day, and bands will be sent by some of the cities, including Portales, Mr. Howard said. A special train is expected from Roswell, Mr. Hawk said.

Mr. Howard will have two exhibits at the fair in booths with 140 feet of frontage. One of them will be a composite agricultural and industrial exhibit, representing 11 counties, and the other will be a highway exhibit.

The eastern part of New Mexico is as much interested in the Tri-State Fair as the Texas Panhandle, Mr. Howard said.—Amarillo News-Globe.

CHILD BREAKS ARM

Haskell, the nine year old son of Mr. and Mrs. Jim Doyle fell from a ladder at the family home last Thursday and broke one bone of his left arm.

The little fellow suffered a great deal of pain for the first several days but at the present time he is reported to be improving satisfactorily.

Mr. Doyle has a dairy and the patrons on the line have missed having the lad accompany his father upon the daily deliveries.

LIVESTOCK MARKETING ASSN TO ELECT OFFICERS

The Inter-Mountain Live Stock Marketing Association, recently organized by live stock growers in New Mexico and other States, will elect permanent officers and directors at a meeting in Denver, Colorado, on August 5th.

An invitation has been extended to New Mexico Stockmen to attend this meeting by Pager Miller, the Field Representative of the Federal Farm Board.

This Association has been incorporated for the marketing of live stock through the National Live Stock Marketing Association operating under the Federal Farm Board.

A credit corporation has also been organized with $500,000.00 capital stock to serve producers and feeders who are members of the Marketaing Association. Through this medium the feeder who has equipment and feed may be able to borrow full cost price, plus freight, for feeder lambs or feeder calves. The grower may also secure a marketing loan on his lambs or calves to assist him in carrying himself over the time the calves and lambs are marked and branded until delivery time in the fall.

The grower will thus place himself in a position to avail himself of all the privileges of orderly marketing through the National Live Stock Marketing Association, with the benefits of obtaining credit for his prodution operations.

Mrs. Mary Heckman left Saturday night for Fresno, California, where she will make an indefinite visit with her daughter, Mrs. Guy Cherry.

Corporal W. S. Hilhite has arrived from his station in Honolula to enjoy a vacation with his brother H. H. Wilhite and family. He will go from Potrales to Oklahoma to be with his parents for a stay.

Mr. and Mrs. John Newberry are planning to leave on Saturday of this week for their ranch near Mertzon, Texas. They have been visiting in the home of Mrs. Newberry's parents, Mr. and Mrs. J. R. Heckman.

Friends have received announcements from Miss Helen Zerzan telling of her delightful summer pleasures in California. One of the last messages was from Santa Monica.

Mrs. J. T. Young is in Portales visiting in the homes of her sister, Mrs. W. D. Kenyon and friend J. A. Hanna. Mrs. Young came from her home in San Antonio, Texas, to spend the vacation with relatives and friends here and her parents, Mr. and Mrs. J. B. Maxwell in Hobbs, New Mexico.

Dog Poisoner Again Working in Portales

On Wednesday night of last week several dogs were poisoned in the section of Portales in which W. K. Judevine resides.

On Thursday afternoon Billy's dog went out of the house and in less than an hour after was found dead in the yard, the victim of poison.

SHERIFF'S OFFICE BUSY

The Sheriff, Tom Jernigan, and his deputies have been busy for the past week in different sections of the county investigating the peace and tranquility of the county as well as keeping an eagle eye for liquor violators.

W. A. Wilcox was arrested in the northeast part of the county for having mash in his possession. He gave bond and the case will come before the next term of court. This is the second charge against Wilcox.

Elmer and Charles Ferguson were arrested on a charge of stealing distilate from Tan Anderson. They both made bond and were released until court term.

Alfred Glasgow is in the Roosevelt county jail at the time this article is written charged with having stolen some yearling cattle near Kenna.

Puchie Wallace was able to make bond when arrested for disturbing the peace of a family in the Milnesand vicinity.

Roosevelt Co. Dairy and Livestock Show

Portales, New Mexico
July 14th, 1930

Dear Sir:

A meeting of the Roosevelt County Dairy and Livestock Show Association is hereby called for Saturday, July 19th, 3 p. m. at the Portales Court House.

Reports will be had from all outstanding committees that are ready to report.

Progress of the plans for the show will be discussed and checked up on at this meeting. We houe it will be possible for you to attend and help out with plans for the show.

Urge your neighbors to come and take an interest also.

The premium committee has almost completed most of its work and will be ready to report at this meeting.

Trusting we will see everybody on the 28th, I am,

Very Truly yours,
Ralph R. Will
President.

Sensational Sale Of The Year

One of the most sensational sales of the year is the sale now at the Famous.

Dave says that this sale is to raise money at this time and that the price is no consideration. That he is putting out the merchandise at a great sacrifice, which will mean many dollars saved to the people of Roosevelt county, there is no doubt.

Pay him a visit before this sale is over.

Mr. Bellosky of the Stool Department store was in Tatum Friday looking after matters of business. He visited several of the west Texas towns during the day.

Paul Varney is spending his two weeks vacation in Dallas and other Texas cities visiting with friends. Mr. Varney is assistant manager of the J. C. Penney store in Portales.

DOG POISONER COSTS VILLAGE THOUSANDS OF DOLLARS

In visiting the village of Macanac, the writer was told of an incident which happened the week before that has cost that village many htousands of dollars.

The widow of one of the large eastern railway corporation heads has her summer home on the island, and each Christmas plays Santa Claus for the entire island, giving each resident a real Christmas.

Every child was assured of a full stocking on Christmas morning.

This lady had a thoroughbred dog which kept her company, but some one fed it poison, and her attitude to the entire island has changed.

She has announced that there would be no more Christmas parties at her expense.

The two thousand inhabitants will find next Christmas morning less cheerful than it has been in the past.

GOD REIGNS ABOVE AND THE COUNTRY IS SAFE

From a review of the bank statements in the press during the past week, one can readily see that the country is not going to the everlasting bow-wows.

The banks all have a good surplus in their vaults, and conditions over this section of the west are bright.

Public improvements are annuonced in nlmost every community and the labor situation will soon be solved by these improvements absorbing the idle labor and the regular farm labor will be at its peak.

While this is not to be consedered a bid for outside labor, the local situation is being taken care of.

A greater program of prosperity can be brought about by the erection of public building, building of better roads, the laying of more paving.

While the farm crops may not be as large as usual, the crops over Roosevelt county are holding up reasonably well, and a good harvest will be the results this fall.

There is room for more farmers in this section, and farmers who are able to finance themselves will find that they can secure good returns from their investments.

SAVING ADVERTISING BUDGETS

"To Mr. Merchant: If some smooth talking out-of-town chap walks into your office with hand outstretched, a cigar ready for you and a beaming smile, beware; especially if he's offering you some new special in the form of a promotion scheme.

"Records in our state press association's office show that the small-town merchant is being made the goat for all manner of promotion ideas, from special advertising stunts, to radio broadcasts. The warning is issued that you investigate their propositions thoroughly before signing up.

"We suggest that you visit this office and we will gladly check on the financial rating and proposal of any out-of-town promoter.

"For some reason or other the smalltown merchant often falls for a visitor's 'stunt' spending his hard earned money for something that fails to bring him returns."

THE LABOR SITUATION

The unemployed in the United States is growing more serious and this condition is affecting Portales.

Many are coming here attracted by the report that Roosevelt ounty is in good shape.

There is no doubt but that Roosevelt county is in a much better shape than will be found in the majority of states but there is sufficient local labor to handle the situation, and those coming here to seek employment are doomed to disappointment.

There is much room in Roosevelt county for honest to goodness farmers who have sufficient capital to finance themselves but for the man without means, there is very little opportunity here at this time.

The influx of auto tourist who are broke, and without means of support is becoming a burden upon the community.

ACRE REDUCTION REMEDY

At Amarillo on last Friday, Secretary of Agriculture Hyde and Secretary of Federal Farm Board both gave out the theory that the future of the wheat industry in the Unietd States rested upon the reduction of the wheat acreage.

A summary of the world markets show that there is an overproduction, and that the farmers of the United States must compete with the farmers of Europe, Canada, South America and Australia.

Europe has placed a high tariff on wheat from this country, making the world market impossible.

The solution of the farm relief is still in the offing, and it now looks as if the farmers are to be releived of their profits.

THE COURT HOUSE SITUATION

That Roosevelt county needs a new court house and a safe jail is beyond a doubt.

To float a bond issue for this purpose, it would have to come up at the general election in November, or be deffered for two years.

The present court house is over crowded, and the jail is a joke.

There is no better time than the present to make the change for better accomodations for the business of the county.

The building of a court house at this time would have a wholesome influence on the business of the county.

It would give employment at a time when it is needed the most.

It is a matter which should have the consideration of every property owner in the county, as it is their records which would suffer should a fire break out in the present court house building.

All agree that a new jail is needed.

But to build a jail without taking care of the court house situation would be foolish.

The present jail site is valuable warehouse property, would bring a good sum of money for that purpose.

A jail and courthouse combined would be an economic measure and would save the county a considerable sum.

SOCIAL ANNEX
BY THE BOSS

Well, folks, we're sure humiliated. We hoped to keep it a secret, but Editor McCowan of Elida has spilled the beans. He has told the world just how little the people of Portales think of us.

* * *

Of course we knew that all the time, but hoped that no one else did.

* * *

But it is not what the public thinks of us—it is the Portales Valley News that we want them to think of.

* * *

In fact it put us in a very embarassing position on last Friday, as we left with the Portales delegation for Amarillo riding in the car with Mr. and Mrs. Coe Howard, Mr. and Mrs. Geo. Chumbley and also with Lewis A Little and T. E. Allen.

* * *

It must have been very embarassing indeed to have such a sm l potato in their company.

* * *

Then again we pulled another bonehead by attending the banquet given in honor of the Secretary of agriculture and the Secretary of the Federal Farm Board.

* * *

We sure hope that they will not learn that they were in such low company.

* * *

The News has served Roosevelt county for 29 years and will serve many years after its present contemptable editor is resting under six feet of sod—provided enough help can be secured to bury him.

* * *

Portales is growing, Roosevelt county is growing and the Portales Valley News is also growing. The editor is growing also—gray.

* * *

Great improvements may be expected in the county and in the newspapers of the county. They are due for a change. The Elida editor has 'reformed" the churches of the nation—especially Elida, and now is reforming the newspapers.

* * *

The gait is too swift for us, we are beginning to have touches of rheumatism, and have failed to take the advice of the Elida editor as to the McCoy treatment.

* * *

It sure is hard folks, that a paper like the News furnishes support for such a worthless individual as its editor.

* * *

We again pulled a bonehead and embarrased the Portales Chamber of Commerce by going with them to Lovington Monday. Made them feel like burying us in the sandhills in the south part of the county before they became contaminated.

* *

We are asking that a back seat be placed in the church, where the darkeys would sit, were they in this town, for the use of the editor, so that others would not be contaminated by his presence.

* * *

In fact we are contemplating doing all of our office work after night so that the public will not be burdened with the sight of so vile a wrech, when they come to the News office to place a want ad.

* *

We really are not responsible for the large circulation of the News. The public just will continue coming in with their subscriptions, and the only reason that we do not refuse them is that we are so depraved that the filthy lucre has no terrors for us.

* * *

SUNDAY AMUSEMENTS PROHIBITED DURING HOURS OF WORSHIP

CLOVIS, July 12.—Constituting a compromise measure to appease he different factions in the recent unday closing controversy, th city council has passed an ordinance prohibiting amusements during Sunday church hours.

The ban is put on movies, vaudeville, theatrical entertainments, skating rinks, swimming pools, minature golf links, and "other like amusements."

The precise hours during the months of April, May June, July, August and September are from 9:30 a. m., to 1 p. m., and 6 p. m. to 8 p. m. During the other portion of the year, the night hours change from 5:30 to 7:30 o'clock.

This action rescinds the ordinance of a few weeks ago, a dispute over which is pending in district court. It is expected the case will be given speedy action in order to effect an early appeal to the supreme court to test the validity of the law.

The above picture repreesnts a scene in the judging ring at the Roosevelt County Dairy and Livestock Show held in Portales in September of last year. This was the first show of its kind attempted in Roosevelt County and it was a decided success.

Plans are being made at the present time for the 1930 show which will be held September 18, 19, and 20. There is every reason to believe that the show will be better than ever and that more people will be vitally interested in attending the show. To have a successful show in the community bespeaks well for the condition of the dairy and livestock industries and indicates that the farmers have a keen interest in livestock.

A Dairy and Livestock Show is one of the best means to promote a permanent and lasting livestock and dairy business. It stimulates interest in better stock and in better methods, both of which mean more profitable dairy and livestock production.

Below is a picture of the Champion Farm Jersey herd at the 1929 Show.

FLOYD

The Floyd Ladies Club met Friday afternoon in the school building a very enjoyable evening was spent, 14 members were present. Our next meeting day will be July 25th at the school house, Mrs. Wadkins hostess and canning chickens will be our work. All who are interested in canning chickens be sure and be present.

Prof. Don Foster has had the pleasure of a visit from his sister, her husband and baby and his father Mr. Foster, all of Okla.

Mr. and Mrs. Spears and daughter Ethel Mr. and Mrs. Evans and family were dinner guests in the Welch home Sunday.

Mrs. Boetler's daughter and husband, Mr. and Mrs. Perkins were visitors in our Sunday school Sunday.

Mrs. McCleskey entertained her Sunday school class with an ice cream party Saturday night. Various games were played and about 75 were served with all the cream and cake they could eat.

There was a misunderstanding about the date when Bro. Philip of Arch should preach. Some few gathered Sunday morning but he will preach on the 3rd Sunday which will be next Sunday at 11 o'clock.

Mrs. Woodburn and children had dinner with Mrs. Heckathorne Sunday.

The club ladies met at the cemetery on Tuesday afternoon to paint the post around the cemetery.

Mr. Grant Gordon met Mrs. Gordon and Sara Beth in Las Cruces and they spent a few days visiting his brother Donnell Gordon and wife. Mrs. Gordon and Sara Beth returned home with Mr. Gordon.

Luther Jones worked a few days at the store while Mr. Gordon was away.

Quite a few in our community have enjoyed a swim in Mr. Haragan's big tank the past week.

Mrs. Heckathorne's little granddaughter, little Miss Novelida Jones of Portales is spending a few weeks with her.

Miss Myrtle Walker spent several days of last week with her aunt in Portales.

Mr. John Rusell and Foy Jones had a wreck in Mr. Russell's truck on their way to El Paso with a truck load of produce for Mr. Cissell. Mr. Russell had several very painful cuts, Foy Jones was not hurt. The truck was badly damaged.

Mrs. D. A. Gordon is visiting her daughter in Snyder, Texas.

Bill York's horse fell with him Saturday afternoon and hurt him pretty bad, but is much better today.

Mr. and Mrs. Gordon, Mr. and Mrs. Chumbley of Portales went to Canyon Sunday to see the Palo Duro.

Murlene and Rogers Victor are visiting relatives in Clovis this week.

Mr. D. A. Gordon and Prof. Foster went to Amarillo on Thursday on business.

MIDWAY

There was a large crowd attended Sunday school and preaching Sunday. Bro. Walker preached Sunday at eleven o'clock.

Most everyone is taking great interest in the meeting which is now being held at Midway.

The pie supper at Midway last Thursday night was a great success. The proceeds were about twenty-two dollars.

Mrs. Jimmie Grey of Littlefield, Texas is now visiting her parents Mr. and Mrs. J. W. Silvers.

Mr. and Mrs. G. L. Bilberry and family spent Sunday in the W. F. Clifton home.

Mr. and Mrs. J. H. Kidd were called to Jayton, Texas, last Thursday on account of illness and the death of Mrs. J. A. Kidd.

LAURA MAE BURRIS

Funeral services were held Sunday at the Wheeler Funeral Parlors over the body of Mrs. Laura Mae Burris who passed away in Santa Fe Friday afternoon.

Mrs. Burris was the oldest daughter of Mr. and Mrs. P. S. (Slim) Snell and was born here in Portales, November 17, 1912. She spent the greater portion of her life in this city, having moved with the family to Phoenix, three or four years ago.

There she met and married Murril W. Burris in October of last year. Later Mr. and Mrs. Burris decided to leave Arizona and were in New Mexico when Mrs. Burris was taken ill. She was rushed to the hospital in Santa Fe and was given the best of care and attention, but was unbale to recover from the birth of her baby and passed away Friday afternoon.

Besides her husband and infant child she leaves her parents, Mr. and Mrs. Snell, three brothers and three sisters and her uncle and aunt Mr. and Mrs. C. V. Harris.

Rev. R. C. Marshall conducted the funeral services and gave a bereaved family many comforting thoughts.

Wheeler and Johnson funeral attendants were in charge of the interment which was made in the Portales cemetery.

Mr. Burris has returned to Santa Fe where he will get the little baby and take it to his mother in Phoenix who will have the future care of it.

HENRY ACKERMAN

One of the highly esteemed residents of Dereno community was lost last Saturday when Henry Ackerman passed away at the Clovis hospital following an illness of three weeks.

Mr. Ackerman was born in San Antonio, Texas, sixty-eight years ago but for the past twenty-one years he has been a highly respected citizen of the Dereno vicinity where he homesteaded and has since lived.

Fourteen years ago Mrs. Ackerman died and since that time Mr. Ackerman has lived on the farm in company with their adopted son, Edward Gibson, who has proven a real son in every respect. Mr. Gibson is now married and his wife has united with him in making the life of their foster parents as happy as possible.

Two weeks ago Mr. Ackerman was taken to the hospital for treatment for gall stones but his system failed to respond to any efforts of relief and the end came last Saturday.

The funeral services were held at Blanco on Sunday with Parson Hoover in charge of the very impressive service.

Friends and neighbors gathered to pay respects to this man who had been always kind and considerate as well as helpful and accomodating. No greater compliment can be given a man than to be held high in the esteem and respect of his neighbors as has been the condition with Mr. Ackerman for the past twenty-one years.

COUNTY HEALTH NURSE

Miss Anneke Kollewyn arrived in Portales Friday and will be located in Roosevelt county permanently as the County and school nurse.

Miss KoKllewyn is a graduate of the Pasadena Hospital training school and has had special public health instruction in the University of California. For the past three years she has been city and school nurse in the state of California.

In all probabilities Miss Kollewyn will have her office in one of the high school buildings at Portales, and will be a full time county nurse.

She will work in conjunction with the doctros of the county and will be glad to answer any call to consult with mothers concerning children, infants, or children of pre school ages.

Roosevelt county has long felt the need of a county nurse and the residents are glad arrangements could be made for securing this trained service.

Two thirds of Miss Kollewyn's salary is paid from a fund secured by the health department from New York and the other third is taken from the school budget of the county.

From some experiments made last year, Mr. Golden and Supt. Shock were fully convinced proper health care was very imperative to the success of the child's school work.

Miss Kollewyn has her own car and will be on call to any section of the county where needed.

GIRLS VIOLATING LAW BY WEARING BOY'S FRAT PIN

Any Roswell girl wearing her boy friend's fraternity pin is guilty of violating New Mexico's criminal code, and liable to a fine of from $5 to $25, imprisonment of five to fifteen days, or both.

The state statute forbids the "wearing of any badge or insignia of any order or organization within the state of New Mexico unless a member of the organization and authorized by the constitution of said order to display the insignia."

Little-known and almost forgotten statutes in the criminal code of the state include:

"If any physician prescribe drug, poison or medicine for any person while intoxicated, he shall be liable to imprisonment of one year or a fine of $500."

Engaging in cock-fighting or horse-racing, or attending any public meeting except for the purpose of religious worship is punishable by fine up to $15 or imprisonment under five days.

Adulterating of any wine or other alcoholic spirit is punishable by a fine of $5 to $50.

Sale of liquor on Sunday is forbidden.

Attaching of any stamped, printed or painted reproduction of the American flag except in connection with the patriotic history to the United States is forbidden.

To "scandalously discover the faults of married life which may result in the disagreement of parties, causing terrible evil and injury to their families," is termed scandal-mongering and is punishable by fine of from $25 to $80.

Any minister or other speaker in a temple of worship slandering any person present is liable to fine of $25 to $50.

State law defines a vagrant as one who "is idle and dissolute, goes about begging, uses juggling or other unlawful games or plays, runs away, is a pilferer or a common drunkard, wanton or lascivious in speech or behavior, is a common railer or brawler, is a habitual neglecter of his calling or employment, does not lawfully provide for himself and family, habitually misspends his time by frequenting games or tippling houses, or is found at night sleeping in any untenanted building."

Common gamblers are defined as "all able-bodied persons not occupied in a lawful means of livelihood, without visible means of support who deal monte, faro or other banking games with cards or exhibit any device or artifice for the purpose of gambling, who go about from place to place and from plaza to plaza gaming, or who are found loitering in towns, groceries, dramshops, taverns or public places, notoriously seeking to obtain their living by any kind or spesies of gambling whatsoever."

Any person found drunk or in sound mind, "in a loud voice using scandalous and obscene words, or remaining prostrate in the streets or any public place, if not taken by friends to a house may be lodged in jail by any officer, judicial or ministerial, and fined the next day upon payment of the usual fees."—Roswell Dispatch.

A GREAT DAY FOR THE BAPTIST ORPHANAGE

The Oklahoma Lane Baptist Sunday school brought their entire school to spend the day with the Home last Sunday, July 13.

They arrived at the Sunday school hour and had Sunday school with the children. The different ages were divided in classes and each cltas had its lesson in a different room. The Sunday school was in charge of its Supt. Mr. Miller. There were 108 present, including our children. The lesson was of the greatest interest and was enjoyed by all.

After Sunday school was dismissed the ladies brought the dinner to the dining room and spread it on the tables. I am sure everyone did justice to the meal, for it was certainly a good one.

After the dinner hour, everyone assembled in the dining room for the preaching service. The children gave a little program before the service, which consisted of quoting the scriptures alphebetically, and a duet was sung by two of the girls.

Rev. B. D. Johnson then brought a very interesting message from the text "He Must Needs Go Through Samaria." The congregation was then dismissed and the people enjoyed themselves by visiting and looking through the Home. A collection was taken at the Sunday school hour and given to the Home, which was a little over $5.00. We appreciate the cooperation the people are giving us.

Mr. and Mrs. Grant enjoyed themselves immensely, that being the first visit of the kind since they became Superintendent and Matron of the Home. We are very proud of Mr. and Mrs. Grant and try to cooperat, with them in every way possible.

We were very glad to have the Oklahoma Lane people with us and we will be very glad to have them visit us again, and any others who care to.

PICNIC SUPPER

Miss Irma Bell Smith invited a number of her friends to a picnic supper at her home on Main St., on Tuesday evening.

Visiting and radio programs filled the evening hours after supper. The party consisted of Mr. and Mrs. Lester Bayless, Mr. and Mrs. Roy Smith, all of Clovis, Miss Thelma Tremble of Lubbock, Mrs. J. D. Turner and Miss Pearl Stone of Portales.

LEGION AND AUXILLIARY PICNIC

The members of the American Legion and the Ladies Auxiliary held a picnic Monday night on the vacant property of the Lee English home.

The supper was the first item of interest and to this all the families of the members were invited There was an abundance to eat and every one attended the picnic with an appetite to fully enjoy the splendid food which was prepared for the occasion.

It was indeed a merry family party that enjoyed that out door supper following this meal the two organizations held business session at which time some matters of importance were discussed and considered. The Legion appointed a committee consisting of R. E. White, F. E. Sleeper and Luther Thomas to make investigations and delegate a committee to attend the state meeting to be held in Gallup, three days during the last of the month of August. These delegates will be selected from members who will find it possible to give three days time to the Convetion.

GRANDPA KELLER GROWS WEAKER

Grandpa Keller who has been ill for the past several weeks at the home of his daughter Mrs. J. W. King is gradually growing weaker and the family has almost dispared of his recovery.

Mr. Keller is more than eighty [illegible] and has been ill for [illegible] weeks.

[illegible] the past several [illegible] Geo. J. A. Keller, his son [illegible] Keller both of Lineo are at the bedside of their loved one. Another son, John Keler from Lubbock has arrived in Portales to be near his father. Two granddaughters, Mrs. Eula O'Neil and Mrs. Jack Johnson have also arrived. Mr. Johnson accompanied by his wife.

INEZ

We had an unusually good attendance at Sunday school last Sunday. There were 9 present. The largest attendance this year. Come to Sunday School, folks, and help make at 100 next Sunday.

The young people's Sunday School class entertained the adult class with a picnic dinner Sunday. There were 60 present at the dinner. We were especially glad to see a number of the home members present at Sunday School and also at the dinner to enjoy the good eats and the visiting hours afterwards.

Rev. Vance announced the Revival meeting to begin at Inez Sunday morning, July 20th.

We appreciate very much the interesting talk given our Sunday School by Prof. Mills last Sunday. Also the solo by Mrs. Mills and assure them they will always find a warm welcome in the Inez Sunday School.

Mr. and Mrs. J. B. Graham and daughter Ouidene, spent a few days last week visiting Mrs. Orville Tilson of Plainview, Texas.

Mr. and Mrs. Floyd Vincent made a business trip to Littlefield Saturday.

W. R. Tollett and C. L. Russell made a trip to Roswell last week.

J. E. Tollett has been at Midway the past few days assisting in a revival meeting.

We aer all glad indeed, to see Mrs. Dee Fletcher again able to be out to Sunday School.

Our Sunday School Workers Council met at Mrs. A. L. Westbrook's last Tuesday night after the business session, refreshments of ice cream and cake were served. Rev. and Mrs. R. O. Tomlinson of Tatum were present as visitors at the meeting, also Mrs. J. B. Graham of Inez.

P. S. Secretaries, please remember you are to make reports of work accomplished in your club. Don't leave out anything.

NEW HOPE PICNIC

Mr. and Mrs. T. S. Jones chaperoned the New Hope Sunday school class on a picnic to the brakes west of Elida Sunday.

Those enjoying the occasion were Mr. and Mrs. T. J. Jones, Alene Rogers, Mardell Page, Virgie Shaffer, Elvira Perkins, Flucie Pettigrew, Emma Lee Dunsworth, Lola Taylor, Flora Lovorn, Alfred Samples, Anderson Dunsworth, Herbert Underwood, Clyde Jones, Tom Lovorn and Leslie Harris.

All report a delightful time.

THIS IS COFFEY DAY IN ELIDA

ELIDA, N. M., July 17.—Friends of Mr. and Mrs. C. H. Coffey and Ralph have promoted the idea of an out-door spread in or near Elida in honor of Elida's once active and beloved citizens who are now back on a visit to the old home town and community.

Today, Thursday, is the day set to have it and this evening at about six oclock the time planned. Everybody interested should bring the eats and a keen anticipation of meeting not only the Coffeys but other friends.

SMALL TOWN BIG STORES

The size of a store is not necessarily limited by the size of the town, in which it is located. A reecnt survey disclosed some surprising big stores in very small towns, including the following:

Garver Brothers, store in Strasburg, O., 1,000 population does an annual business of a million dollars. The Outlaw concern at Winner, S. D., 3,000 population, sells $850,000 worth of goods a year. A department store at Lyden, Wash., with 1250 people does $750,000 yearly. The B & O Store at Temple, Okla., with barely 1000 people does $735,000 annually. Fred Mann's store at Devils Lake, N. D., 1300 population sells $500,000 worth of merchandise a year.

How do they do it?

They do it through the same business policies and methods that have won success for retailers in the largest cities of America. They keep good stocks, give their customers real service, and they advertise consistently, persistently and adequately in their local paper.—Exchange.

CLUB PICNIC

East Valley View was hostess to the members of the Clubs of the county yesterday at an all day picnic under the big shade trees at the Kiker home.

Mrs. J. R. Heckman is president of the East Valley View club and her members had united whole heartedly with her in the preparation for this very successful day.

A long table was arranged and upon this was placed quantities of the very choicest foods. There was a great variety of every thing in the line of eats and the ladies had a wonderfully happy time eating and visiting.

There were about sixty present and every one seemed to be in a happy frame of mind, endeavoring to make all have a grand time.

No set program was made as each person tried to see that her neighbor had a pleasant day.

There were representativcs from the East Valley View, Portales, Arch. Floyd, and Portales Springs schools.

Miss Cakley, County Home Demonstration agent and Miss Anneke Kollewyn, County Nurse, were present for the dinner hour but were forced to leave for the afternoon to make a trip to Milnesand.

BAPTIST MISSIONARY SOCIETY

The ladies of the Baptist church met on Monday for their regular program and devotional meeting.

The ladies were invited to the home of Mrs. B. M. Schumpert with Mrs. Claude Smith and Mrs. Hugh Knox as assisting hostesses, and this proved one of the most delightful meetings the society has ever enjoyed.

Twenty four members were present and two visitors.

Mrs. Sidney Stone lcd the devotional meeting which was followed by the lesson directed by Mrs. T. E. Mears.

The society has begun the study of a new book the title of which is 'Stewardship Applied in church Finances." Mrs. Mears is a very capable leader and developed an extremely interesting afternoon's lesson.

There will be three or four more of these afternoon studies from the same book.

After the completion of the lesson the ladies spent a very happy social hour together and during this time refreshments were served.

"The Sap"

With
Edward Everett Horton, Alan Hale Patsy Ruth Miller, Edna Murphy
Scenarico by Robert Lord
Directed by
Archie L. Mayo

You'll marvel at the Magic Skill of a Pastmaster in High Finance and laugh yourself out of breath at the funniest man on the screen.

Saturday, July 19

It's the old west . . . venturesome . . . reckless . . . thrilling. . . . The clatter of horses' hoofs . . . the bark of six guns. . . Men who ride like centaurs . . . who face death smiling . . . thinking of the woman they love.

Many Readers of the Portales Vallley News Make Inquiries as to Oil Development

On nearly every mail the News is receiving inqui ries as to the oil development in Eastern New Mexico, and from some comes the request to publish a map of Roosevelt and Lea counties, showing the oil fields.

While the above map is not an oil map, but one which shows the trade territory served by the News, it perhaps will answer.

The Hobbs oil field lies 22 miles south of Lovington, on about where the lower edge of the map shows. This is 122 miles south of Portales.

A well is being drilled northeast of Tatum about the county line, where A appears on the Texas boundary.

Midway school is located where Emzy appears on the map.

While many oil men have expressed their confidene that an oil pool will be opened in Roosevelt county, no development is under way at this time.

Practically all of the territory east of the highway leading south from Portales, is under lease to the southern boundary of the county, very little leasing is being done west of this highway.

A well is being drilled in Curry county, south of Melrose near Roosevelt county line.

The well known as the McAdoo in DeBaca county lies near where Canon appears on the map. No activities in this well have been reported in the past year.

Cook With Real NATURAL GAS!

Rockgas—The Purified City Gas for Country Homes, is available anywhere

PERHAPS you have often wished you could have real gas for cooking and heating but thought it too expensive. As a matter of fact Rockgas costs very little more than city gas—sometimes even less and the beauty of it is that you can use it anywhere.

In the first place, the word "Rockgas" is merely a trade name for this clean, natural gas. It is not acetylene, made with water and carbide; nor is it a form of gasoline, kerosene or any other kind of liquid fuel. Rockgas is a true gas taken from California's natural gas fields compressed into steel cylinders ready to be used anywhere.

Come in and see Rockgas Demonstrated at our store.

NATIONAL CANNING CONTEST STIRS INTEREST OF PORTALES WOMEN

Six hundred dollars for a quart jar of canned food! Can a jar of food be worth that?

This is a question that is agitating Portales homemakers since word got around that six hundred dollars in cash would be paid for the best jar of fruit, vegetables or meat entered in the second National Canning Contest which is being held at Shenandoah, Iowa, under the auspices of the Household Science Institute.

The contest seeks to further the work of the U. S. Department of Agriculture and the home demonstration agents throughout the country by focusing the attention of American housewives on the economy and healthfulness of home canned foods.

First prize winner in the National Canning Contest last year was Mrs. Mary Hyass, Kennan, Wisconsin, farm woman whose entry of a quart jar of green peas was chosen as the best entered by the girls and women from all esctions of the United States.

The holding of the contest in Iowa this year is due to the influence of Henry Field, Shenandoah farmer, merchant and K. F. N. F. announcer whose career is one of the romances of American life. Imbued with the spirit of thrift, he readily agreed to serve as president and to oversee the innumerable details connected with a project of such size and scope.

Four hundred and seventy prizes totalling $4,250 in cash, loving cups and ribbons, will be distributed to the winners in the contest, which comprises three major divisions; fruits, vegetables and meats. The best entry in each division will be awarded $100. One of these will also receive the five-hundred dollar sweepstakes prize. Second prize in each division will be $50, the third prize $25 and the fourth prize $10. The winners will also reecive a loving cup and ribbon. There will also be 30 prizes of five dollars each, 75 prizes of $2.50 each and 300 prizes of one dollar each. In addition, five hundred dollars in cash will be awarded to the home demonstration agent whose county sends in the largest number of entries, $250 to the agent whose county sends in the next largest number, and $100 to the agent of the county sending in the third largest number.

The contest is open to every woman and girl in the United States. There are no restrictions as to the nature of the food sent. Contestants may enter one, two or all three divisions. Entries should be sent in as soon as possible after canning. These will be placed and kept on exhibition at Shenandoah until after the closing of the contest, which will be on October 1.

Fruit and vegetable entries in the contest will be judged for clearness, color, pack, neatness, flavor and texture. The meat entries will be judged on neatness, texture, and flavor. Judges, each one a recognized food authority will be Dr. Louise Stanley, director bureap of home economics, U. S. Department of Agriculture, Dr. Margaret Justin, president American Home Economics Association, Geo. Farrell, director of extension for the north central states for the Department of Agriculture, Mrs. Josephine Arnquist Bake, director of home economics for Iowa State Agricultural College, and Miss Elaine Massey, leader of girls club work for Mississippi.

Contestants are free to use any method of canning they prefer, according to Grace Viall Gray, nationally-known canning expert and secretary of the contest. However the use of a steam pressure cooker is recommended by the U. S. Department of Agriculture, especially in the canning of meat, since this method not only saves time and fuel and assures absolute sterility, but also preserves the natural flavor and texture, which, of course, are important considerations in contest judging.

That the judging may be thoroughly impartial and the display of jars absolutely uniform, contestants are required to submit their entries in standard glass jars of the quart size. A sample Ball mason jar and carton together with prize entry labels for use in sending entries may be had without cost by writing the National Canning Contest, Shenandoah, Iowa.

The First Carload Of Butter Ever Shipped From Eastern New Mexico

Some of the most prominent Men in New Mexico, who were interested enough to see the first car loaded.

Left to right—U. S. Fraze, Bill Judevine, Jr., Dick Ribble, Arthur Jones, Ralph Will

LAST week we shipped the first car of butter ever shipped from eastern New Mexico. This was made possible by the cooperation of two of the strongest concerns in Roosevelt county: The Roosevelt County Dairy Association, and the Midwest Dairies, Inc., who are working together for a common purpose; the betterment of conditions in the dairy industry in this community.

We hope and believe this first car of butter will be the pathfinder for more cars, and possibly train loads, looking for the best markets in the country. As we produce more cream and better cream it will be worth more to the producers.

Market conditions in the butter industry look better than in the past nine months, and we believe they will materially improve.

Constipation Troubles

"I HAVE used Black-Draught as a family medicine for a good many years," says Mrs. Sallie Laughrun, of Huntdale, N. C. "I have found it an excellent remedy for constipation and the troubles follow it. I have suffered from pains, and when I am bothered that way I begin at once to take Black-Draught. Relief follows quickly.

"I give Black-Draught to the children when they are constipated, and it is not long until they are running around again."

Thousands of others have reported good results from the use of this purely vegetable medicine. Insist on the genuine Thedford's

SOCIETY and Club

COMPLIMENTARY PARTY

Mr. and Mrs. Henson of El Paso were the guests of honor when Mr. and Mrs. Jay Slone entertained in their home with four tables of bridge.

The house was pretty with a profusion of sweet peas attractively arranged in pretty bowls. A color plan of white and pink was used in the refreshments which were served at the conclusion of the bridge contest.

Miss Sybil Lyons and Phillip Johnson held the high scores of the evening.

The players enjoying the evening with Mr. and Mrs. Henson and their host hostess were Misses Sybil Lyons, Mae Watts, Iris Ribble, Eulah Elliott, Lucile Wurster Messrs Phillip Johnston, Paul Wurster, Ray Bonner, Harold Sweetland, Ben Elliott and Mr. and Mrs. Gordon Lyons.

BIRTHDAY PARTY

Ramah Jean Menas invited a number of her little friends to her home last week to assist in the celebration of her eighth birthday.

Each little friend took to their hostess a pretty gift in recognition of the event.

Games and various entertainments were enjoyed during the afternoon hours between three and five. Plenty of cooling refreshing drinks and ices were served during the play hours and later the serving of dainty refreshments closed the happy afternoon.

The guests included Dolly Gene Luna, Wynema Whitcomb, Blanch Lyons, Lenore Shaw, Jane Mauk, Mary Sue Colligan and Mary Edith Wallace.

ANOTHER NEW HOME

Contractor Jones began work last Thursday on the erection of a new residence for Mr. and Mrs. J. W. Maupin on the lot adjoining the home of Mr. and Mrs. J. R. Shock. This is on Arizona street across from the home of Mr. and Mrs. H. G. Rowley.

The structure is to be of brick and will consist of five rooms.

Mr. and Mrs. Maupin at present are living in one of the Fred Ohr residences on Colorado street and they will be given a hearty welcome into the new neighborhood as their lawn and garden is always among the prettiest and best kept of the surrounding homes.

The new home will be rushed to completion as rapidly as possible and will be ready for occupancy within two months or thereabouts.

DINNER PARTY

Mrs. J. L. May was hostess at a lovely dinner in her spacious and pleasant country home last Friday evening.

The shade trees and lawn at Mrs. May's home is very inviting as well as the cool rooms of her home.

The dinner was served at seven o'clock and consists of a menu popular with friends when dining in the country.

The after dinner hours were spent in pleasant conversation.

The guests were Mr. and Mrs. Earnest Pogue, Miss Irma Bell Smith, Miss Pearl Stone and Clifford Deen.

HONORS MISS KOLLEWYN

Mrs. James Christoe entertained very informally with a one o'lock dinner at her home Sunday as a compliment to Miss Enneke Kollewyn, who was spending her first Sunday in the city.

After dinner the guests and their hostess were very pleasantly entertained by accounts of Miss Kolle-wyn's life in her native country of Holland. Especially interesting were her accounts of the experiences of a neutral country during the World War. She, herself, was a prisoner of war and was in jail for one half day.

The dinner guests were Miss Kollewyn, J. G. Greaves, Judge and Mrs. T. E. Mears and their son Eldrigde.

MRS. FRANSHAM'S PICTURE WINS PRIZE

The contest conducted by the Photographers' Association of America has just closed and the judges have awarded the photograph of Mrs. W. J. Fransham of Bozemont, Mont., second honors in her district which included the states of Washington, Oregon, California, Idaho, Wyoming, Nevada, Utah, Colorado, Arizona, Texas, Oklahoma, New Mexico and Montana.

$20,000 was distributed to prize winners in the United States and Canada in this prize contest. Over 19,300 photographs were entered of mothers and children.

Mrs. Fransham is the mother of Mrs. W. K. Judevine of Portales and is a truly beautiful lady as well as a sweet and loving mother. She visited her daughter in Portales for several months last year and made a large circle of admiring friends, all of whom can easily acquiesce with the decision of the judges in the selection of this photograph for one of the honor places.

Mrs. Judevine has a photograph of her mother like the one submitted by her brother, in the Mother's Photograph Contest and any one visiting the Judevine home is sure to comment upon the beautiful and perfect photography in this likeness of a sweet and serene white haired mother.

The photograhp of Mrs. Martha Curran Gray of Minneapolis, Minn. was awarded the grand prize for mothers, and J. Raymond LeHuquet of Canada won the grand prize for children's photographs in the contest.

Mrs. Francis C. Wilson of Santa Fe was accorded the honors for New Mexico.

In Memory Of Mrs. Sarah J. Smith

A gloom was cast over our community early Thursday morning, June 26, 1930, when the Death Angel bore away the spirit of Mrs. Sarah J. Smith from the home of her daughter, Mrs. H. T. Ward, near Aspermont. She had been sick for several weeks. Everything medical aid and loving hands could do for her had been done, but God in His wisdom saw fit to take her home, leaving her broken hearted children and grandchildren and a host of friends to mourn their loss. She had been a faithful wife, loving mother and her friends were numbered by those who knew her. In all the 86 years of her pilgrimage here she scattered flowers of cheer and happiness on her way. She said she was ready and willing to go and begged her children and friends to meet her in that city, whose builder and maker is God.

How sad the parting no tongue can tell, but God in His infinite wisdom called and the spirit obeyed a summons which must come to all of us sooner or later. Hers was a devoted Christian life, a life of sunshine surrounded by a heart of gold.

was a soul of honor fidelity in the truest sense. Nobility and usefulness of purpose were depicted in her countenance and her every walk of life. Always ready to cheer with a loving smile and words of sunshine and sympathy. She made friends of everyone. It has been my pleasure to know her from childhood and I can truthfully say that never in my life have I met a more generous hearted, sympathetic and lovable human being.

To the desolate and heartbroken children and grandchildren in the loss of their dear mother.—How many of us really understand the meaning of the word "mother."

The children left are: Charlie Smith, Halbrock, Arizona., Mollie Bushony, Yuma, Ariz., Uel Smith, Yuma, Ariz., Willie Smith, Moran, Texas, Brock Smith, Tahoka, Texas, Fred Smith, Corona, New Mexico, Rome Smith, Okla., Mrs. Ira Carlisle Wilson, Okla., Mrs. H. T. Ward, Aspermont, Texas.

We trust that He who tempers the storms may comfort and protect them through their further journey down life's rugged pathway and at last find for them a landing on the bright and shining shore where sorrow, death and sad partings come no more, but where the blessed light of the Savior will ever shine around them in a world that shall never end.

Funeral servies were conducted at the Ward home, Rev. C. A. Baskin officiating. The body was laid to rest in the Aspermont Cemetery.

Konjola Put Kansas Man Back to Work

"Proved to be a Wonderful Medicine in My Case," Says Former Sufferer

MR. H. C. SHERMAN

Any medicine that can win more than a million friends in seven years must have merit, and that is exactly what Konjola has done. You wonder why Konjola has become a household word? Well, read what Mr. H. C. Sherman, painting contractor, of Goddard, Kansas, says:

"Konjola proved to be a wonderful medicine in my case. Last July I was hurt in an automobile accident, and was in the hospital many weeks. When I got out, I was in a badly run down condition; had rheumatism in the shoulder, arm hand, and my stomach was out of order. I suffered terrible pains, and medicines did me no good. The many endorsements of Konjola led me to try it and six bottles of this wonderful medicine made me able to resume my work. I am feeling better in every way than for a long time."

Konjola's 32 ingredients work together, battling at their very source, the cause of stomach, liver, kidney and bowel trouble, and of rheumatism, neuritis and nervousness.

Konjola is sold in Portales, New Mexico at New Mexico Drug Co. and by all the best druggists in all towns throughout this entire section.

ANOTHER VICTORY

FOR THIS REGULAR STOCK MOTOR OIL!

CLOSE ON THE HEELS OF ITS ACCOMPLISHMENT AT INDIANAPOLIS MAY 30, CONOCO WINS 3RD, 4TH, AND 5TH PLACES AT ALTOONA AT BETTER THAN ONE HUNDRED MILES PER HOUR

Frank Farmer, in a Miller Special, "placed" third with an average speed of 102.2 miles per hour. "Shorty" Cantlon, in a Miller-Schofield Special, was fourth with 101.5 miles per hour. "Speed" Gardner was fifth in a Miller Front Drive Special. All three used CONOCO *Germ-Processed Motor Oil in this convincing demonstration of the qualities of this regular "stock" motor oil. At Altoona, as at Indianapolis, this was the first time that a stock oil had placed so high in the finish of the race.*

The story of the Altoona race cannot be told without reference to the accomplishment of CONOCO Germ-Processed Motor Oil at Indianapolis. For it was in that 500-mile classic that the stamina of this new oil was impressed on the racing fraternity. After observers had seen the oil at the close of the Indianapolis race; after they had observed its full body and good color as it came from Dave Evans' motor, the word went out that CONOCO Germ-Processed Motor Oil had displayed the qualities necessary to solve the lubrication problems of racing motors. CONOCO had earned the respect of this most skeptical group—and earned it fairly.

CONTEST BOARD AAA CERTIFIED TEST

The Contest Board of the AAA took all the necessary precautions to make sure that the oil used was the regular CONOCO Germ-Processed Motor Oil. CERTIFIED TEST No. 2355

In view of the Indianapolis results, it was only natural for a *majority* of the drivers at Altoona to choose CONOCO Germ-Processed Motor Oil for America's fastest competitive race.

And as these cars whizzed around the boards at Altoona on June 14, CONOCO again proved its worth in a field previously dominated by castor blends—a field which other stock oils have repeatedly tried to enter without succes!

So chalk up another victory for CONOCO Germ-Processed Motor Oil, close on the heels of Indianapolis . . . a victory won with the same stock Germ-Processed oil that you can buy at any Red Triangle station.

These CONOCO victories have a definite meaning to every one who drives a car. They substantiate every claim that was made for it when the oil was introduced last November.

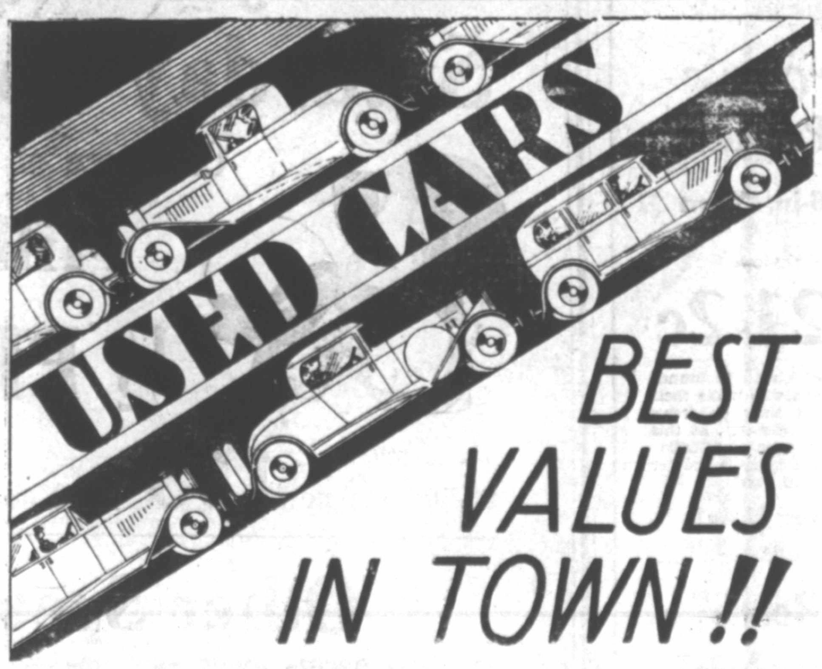

You can experience the safety and economy of this oil by stopping at the next Red Triangle Station and asking for:

It Costs So Little---

Why Not Enjoy it to The Fullest Extent

THE difference in cost between going through the summer in uncomfortable, vitality-sapping, sweltering heat—and enjoying refreshing, cooling breezes, is trifling. An average 10 inch electric fan will run for six steady hours for the cost of a two cent postage stamp.

And the difference between proper, abundant illumination in your home and meagre lighting is just as small.

Since these comforts and conveniences are yours to enjoy, why not visit your nearest electrical appliance dealer today and "get fixed up!"

Postage Rate Hike Will Meet Deficit

To Ask Half Cent More on First Class Mail

WASHINGTON, July 11.—Convinced that an increase in postage rates is the only feasible way of lifting the world's biggest public utility 'out of the red," postal officials are preparing to press their advocacy of a higher charge for carrying first class mail.

Postmaster General Brown submits his annual report to congress in December and the enactment of legislation authorizing the increase is to be his most urgent recommendation. The Postmaster believes a rate of 2 1-2 cents an ounce on first class mail would balance the departments budget for the present.

Is Only Solution

Assistant Postmaster General Tilton, generally regarded as the financial expert of the department, said today an increase in the rate on letter mail is the only solution of the deficit problem.

Last year's postal deficit amounted to $50,000,000. Tilton estimates it will run over $60,000,000 this year. The present loss in handling the mails is now a charge against the general funds of the treasury. Brown and Tilton are of the opinion the post office department as a public utility should be self-supporting, the cost of operation to be borne by those it serves rather than the tax paying public.

ICE CREAM WELL

DENVER, Colo., July 166. (Special)—Commercial development of one of the most astounding freaks of nature that the oil industry has ever uncovered—the famous "ice cream wells" of the Continental Oil Company—is planned for the immediate future, according to announcement by officials of the oil company.

The "ice cream wells" Sherman No. 1 and Sherman No. 2 are located in North Park County, Colo., near Walden, and each produces a tremendous volume of 98 per cent pure carbon dioxide gas, which in solidified form is the product known commercially as Dry Ice. The temperature of the gas as it comes from the wells is around 135 degrees below zero, and the crude oil comes out frozen, and resembling lemon sherbet in appearance. When the wells were drilled in, fingers of the drilling crew were frozen, and pipelines and flow tanks were coated with ice, even during the hottest summer weather.

Under the development plan announced, a new croporation will be formed to be controlled jointly by Continental Oil Company and the Dry Ice Corporation of New York, and if preliminary experiments now under way are satisfactory a plant capable of producing 60 tons of dry ice daily will be built at Walden.

Dry ice is a comparatively recent invention, used for refrigeration perishable products in transit, for preventing the melting of ice cream in small packages, and in preserving other food products. Under proper conditions a pound of it will do the work of about 16 pounds of ordinary ice, and when it "melts" the solid material passes off as a gas, leaving absolutely no water or other residue.

It has been manufactured for commercial purposes chiefly by burning coke in blast furnaces, and this marks the first time that carbon dioxide gas—the same gas that causes the bread to rise or the bottled soda to bubble—has been taken from nature and utilized in its natural state for refrigerating purposes.

Bag 'Phantom' Wolf in Long Hunt

Fears of farmers of the Little Belt, Montana, whose cattle had for years been raided and destroyed by a white "phantom" wolf which always managed to elude pursuers, came to an end when the beast was cornered, held at bay by two inexperienced dogs and then shot by their master, W. E. Close, at Stanford, Mont., recently. The "phantom," which measured six feet from nose to tail tip, is shown above with Close.
