Sharp Rise Of $1 To $4 Seen In Large List

Signs Of Belated Quickening In Industry And Commerce Reported; Sixth Successive Advance Marked

Recovery Is Noted

New York Cotton Participates With 50 Cent Advance; Drop Follows, However; Market For Bonds Stronger

(By The Associated Press)

NEW YORK, April 10.—Financial markets basked in the warmth of a brisk spring rally today.

Signs of a belated seasonal quickening in industry and commerce, together with growing enthusiasm over the Washington efforts to revivify both domestic and international trade, induced the sharpest rise in the stock market in more than three weeks. Many issues rose $1 to more than $4 a share, and it was the sixth successive advance.

Wheat Loses Spotlight

The sharp rally took the spotlight away from wheat, which had starred in the performance of the speculative market last week, but that staple, nevertheless, was in active demand, and rose 1 to 1 3-8 cents a bushel at Chicago.

The bond market, which had been a rather tangled affair last week, recovered strongly, and a wide assortment of miscellaneous commodities scored advances of varying degress. Bar silver was a strong feature, rising 5-8 of a cent to 27 5-8 cents an ounce.

The New York cotton exchange participated in the advance but moderately. Prices did get up as much as 50 cents a bale, but then slid back, closing with net gains of 15 to 25 cents.

Copper was a firm spot in the metals. Futures in New York was still generally quoted at 5 1-4 cents a pound, but there was little metal available at that level, and there were unconfirmed reports of sales at 5 1-2 cents.

Commission houses with European connections reported some fresh interest in American securities abroad. Any wide or active public participation in the markets was lacking, however.

Many speculative quarters had frankly been bitten by the bug of inflation. Nevertheless, important Wall street circles were convinced that such inflationary steps as may be taken in Washington would be designed toward credit expansion. High grade bonds were in demand, indicating clearly that there was no expectation of currency debasement.

But aside from the larger aspects

Local Man Has A Rare Record

H. F. Yant, a city employe, goes to church, and as proof he has a string of medals which would make a veteran soldier envious.

Sunday was the 1,001th consecutive Sabbath which has found Yant at church. For this faithful attendance, the Presbyterian church has given 18 medals to Yant. He received a bar inscribed "Nineteenth Year" Sunday.

A resident of Lubbock only five years, the city employe began his regular church attendance in Fannin county. He is a member of the First Presbyterian church here. Yant already has 13 Sundays at church recorded for his 20th year and 19th medal.

Local Caravan To Dairy Show Leaving Today

More Cars And Delegates Are Needed; Group Leaves This Morning; Two Local Bands Will Make Trip

More automobiles and more people for the dairy show caravan, leaving the City hall at 9 o'clock this morning, was the plea of the committee in charge last night as a check up on those signed up revealed that only 33 cars and approximately 165 persons were signed up to make the trip.

Extra cars are necessary to provide transportation for the eighty members of the Texas Tech and the Lubbock high school bands that will be taken to Plainview.

Need Extra Delegates

Lubbock needs at least a hundred extra people for the trip today if the local caravan is to outnumber the Amarillo delegation, it was announced last night.

A special train coming out of Amarillo early today will carry 250 people from the Panhandle metropolis, while Lubbock only has 165.

If you can go to the dairy show, drive down to the City hall at 9 o'clock this morning and join the caravan.

Cop Leads Delegation

City Motorcycle Policeman Bill Mabray will lead the delegation to Plainview. Mayor J. J. Clements, City Commission J. C. Royalty, Texas Tech President Dr. Bradford Knapp, Sheriff Tom Abel, Chamber of Commerce President Dr. I. E. Barr, Police Chief Wiley Metcalfe, County Attorney Vaughn E. Wilson and other city and county officials will be in the lead cars.

Both the Texas Tech band under the direction of Harry LeMaire and the Lubbock high school band under the direction of H. A. Anderson will make the trip.

At Plainview a police escort will

Lubbock Physicians Are To Attend Amarillo Sessions

At least 11 Lubbock physicians will attend sessions of a semi-annual Panhandle District Medical society meeting opening today in Amarillo.

Lubbock doctors will invite the society to conduct its October meeting here, it was said last night. The convention will close Wednesday.

The local physicians who will appear on the program are Drs. O. W. English, Sam G. Dunn, J. H. Stiles, Jerome H. Smith, and Fred W. Standefer. Dr. D. D. Cross will be chairman of the sectional meeting on obstetrics and gynecology and Dr. Allen T. Stewart will be secretary. Other Lubbock doctors planning to attend are Drs. W. L. Baugh, F. B. Malone, J. P. Lattimore, and J. W. Rollo.

Swisher County Youths Win As Judging Team; Delegations From Neighboring Cities To Visit Show Today

BY J. SAM LEWIS

PLAINVIEW, April 10.—With 264 animals entered in the sixth annual Panhandle-Plains Dairy show, a gain of 52 over the fifth show in 1932, the first day closed tonight with one of the most successful opening days in the history of the affair.

"We had only 212 last year," Grady Shipp, general manager of the show, said in announcing a check showed 264 animals. "I believe we have a better show this year than last. There is a larger crowd this year for the first day and I believe we have a chance to beat all attendance records."

Crowds Are Large

Throughout the day large crowds milled through the buildings or up and down the mid-way where a carnival was in full swing. Exhibits were being set up and the crowd watched the work with interest.

A change was made in the location of the dairy products this year the north wing being given over to that department. Texas Tech has an exhibit under the direction of K. M. Renner, head of the department of dairy manufacturing, assisted by Curtis Williams and Robert Huser, seniors.

Concessions were occupying the former location of the department. There were some of these in the north wing also.

Mrs. Julia Kelley, home demonstration agent, and superintendent of the dairy products department, announced seven counties would have county exhibits in addition to many individuals from at least 10 or 12 counties.

Representatives Are Going To Have Beer In Easy Reach

WASHINGTON, April 10 (AP)—Representatives are going to have their 3.2 beer within easy reach or know the reason why, but matters of economy may keep it out of the house cloakrooms.

By a vote of 5 to 4, the house accounts committee today decided to permit the brew to be sold in the house restaurant, although only in bottles—and thus beer returns to the capitol after a 30-year absence. For a time it appeared representatives would be able to obtain it in the house Democratic and Republican cloak rooms, but Speaker Rainey later ruled against it because of the necessity of obtaining two additional licenses at $100 each.

Washington Men Are Given The Loubat Prize Of $1,000

NEW YORK, April 10 (AP)—Award of the Loubat prize of $1,000 to Dr. Charles O. Paullin, of Washington, D. C., and Dr. John Kirtland Wright, of New York, author and editor respectively of the "Atlas of the Historical Geography of the United States," was announced today by President Nicholas Murray Butler of Columbia university.

Second prize of $400 went to Prof. Walter Prescott Webb of the University of Texas, Austin, for "The Great Plains."

Murray Takes A Fling At Banks

(By The Associated Press)

OKLAHOMA CITY, April 10.—Striking at Oklahoma City bankers for their refusal to cash non-payable state warrants, Governor William H. Murray declared emphatically late today that the treasury notes to fund the warrants will not bear more than 4 per cent interest.

"I understand the banks here are balking because they want the notes to bear 4 1-2 per cent interest," the governor said. "Well, they can go to——. The notes are going to bear 4 per cent interest. And we are going to sell them too."

Michigan Vote Defeats Drys

Convention Of 100 Delegates Votes For Elimination Of Pro Act; Is First State To Ratify Repeal

(By The Associated Press)

LANSING, Mich., April 10.—Michigan, still legally dry, today became the first state to ratify repeal of the national prohibition law.

In crowded representative hall at the state capitol and to the accompaniment of cheers, handclapping and stamping of feet, a constitutional convention of 100 delegates elected in a plebescide a week ago voted 99 to one for elimination of the prohibition act from the nation's basic law.

The vote was in accord with the pre-election pledges of the delegates. The lone negative voice raised against ratification of the proposed 21st amendment to the constitution was that of Eugene Davenport, of Barry county, former dean of agriculture of the University of Illinois. To him the convention accorded the tribute of a resolution of commendation for his "courteous deportment."

Carlsbad Man Is Killed By Companion; Shot Accidental

CARLSBAD, N. M., April 10 (AP)—B. A. Nymeyer, 25, son of Mr. and Mrs. Nymeyer of Carlsbad, was accidentally shot and killed by Douglas Jones today while hunting in Dark canyon west of here.

Jones told officers he saw a movement in the brush a short distance up the canyon which at the time he thought was made by a mountain lion. He shot at the object and wounded Nymeyer. Medical aid was summoned but the young man died before assistance could be obtained.

Further Plans For Relief Of Nation Being Discussed By President; Other Matters Up Before Solons

(By The Associated Press)

WASHINGTON, April 10. — The latest vital segment of the Roosevelt program — envisioning mighty development of the Tennessee valley—was dispatched by the president today to a congress embroiled over the farm aid, arms embargo and bills involving billions for bank deposit guarantees and home-owner help.

That off his chest, the chief executive turned to the next two mammoth schemes, slated soon to reach the legislative gauntlet—refinancing of urban home mortgages and railroad rehabilitation.

Prepare For Parleys

And in and between the seeming unending course of big immediate doings ran preparation for the parleys to come with the world statesmen and gradual loosening of patronage distribution.

Secretary Hull gave newspapermen a view into presidential plans for the coming talks with leaders of Great Britain, France and other powers, evidencing that control of wheat production and means of helping silver would figure.

To Relieve Bills

Both senate and house tomorrow are to receive bills for creation of a Tennessee valley authority, recommended in today's message by Mr. Roosevelt to plan "proper use, conservation and development of the natural resources of the Tennessee river drainage basin and its adjoining territory for the general social and economic welfare of the nation."

As explained by Senator Norris (R., Neb.), the legislation will largely embrace his oft-rejected plan for government operation of Muscle Shoals.

San Saba Farmer Is Being Held For Murder Of Wife

SAN SABA, April 10 (AP)—B. T. King, 30-year-old farmer, was held in jail here tonight on a murder charge for the fatal shooting of his wife. An inquest revealed she was shot in the chest with a target pistol.

Examining trial for King had been set for today but head injuries he incurred at his home made it necessary for the hearing to be postponed. Officers claimed he plunged against a rock wall, lacerating his scalp and injuring his neck and spine.

State Teachers Head States Terms In Many Districts To Be Shortened Unless Funds Are Forthcoming

(By The Associated Press)

AUSTIN, April 10.—Sharply curtailed activities in the public schools will follow unless the legislature takes steps to provide additional revenue to aid local school districts, H. W. Stillwell, president of the Texas State Teachers association, said here today.

The executive board of the association passed resolutions requesting the legislature to pass the sales tax bill as an emergency proposition

BILL IS APPROVED

AUSTIN, April 10. (AP)—The house committee on revenue and taxation tonight approved a bill to apportion all of the receipts from the state cigaret tax to the available school fund. The bill was reported unanimously. Receipts from the cigaret tax are now divided equally between the school fund and the general revenue fund.

to prevent so serious a loss as would be sustained by closing the public schools of Texas."

Conference Is Held

A conference with James E. Ferguson, husband and advisor of Governor Miriam A. Ferguson, was held by the committee at which the financial situation was discussed. Stillwell quoted Ferguson as saying that unless the sales tax was passed, school terms would be shortened approximately one-half the annual term.

The administration's sales tax bill has been killed in the Texas house of representatives. Another sales tax bill was pending before the committee on revenue and taxation but it was given only a slight chance to pass.

Must Come To Rescue

Stillwell said the schools had effected numerous economies but that they would be forced to shorten their terms unless the state came to the rescue. Returns from a questionnaire addressed to 1,000 school districts show that terms in one-third of the districts that have reported have been shortened this year.

The returns show that 135 districts reported next year's term would not exceed six and one-half months; seventy districts reported anticipated terms of five and one-half months or less and twenty dis-

"A Dime A Democrat" Is The Slogan Adopted; Lubbock To Help Pay $750,000 Deficit Of National Group

With "A dime a Democrat" as the slogan of the campaign, a drive is being made to raise $533 as Lubbock's quota of the $750,000 deficit of the Democratic national committee. J. K. Wester, county chairman who will direct the local drive, is urging Democrats to pay sums from ten cents to $1.

"There were 5,330 votes cast in Lubbock county, and the quota therefore is $533," Mr. Wester said. "I am asking members of the county Democratic committee to collect ten cents from every man and woman possible who voted for Roosevelt and Garner."

Precinct chairmen are: 1, W. O. Stevens; 2, A. Judd; 3, E. B. Speck; 4, L. C. Ellis; 5, J. H. Brewer; 6, G. E. Adams; 7, J. F. Goodnight; 8, Douglas Pounds; 9, J. B. Naval Court Starts Inquiry; Warning On Weather Told

(By The Associated Press)

LAKEHURST, N. J., April 10.—A naval court of inquiry learned today the U. S. S. Akron had reports that the weather was unfavorable for her purpose when she took off last Monday on the fatal flight that plummeted her into the sea from lightning-swept skies.

Lieutenant Commander H. V. Wiley, sole surviving officer of the great dirigible, testified that he and the commander had been informed the weather would be adverse for taking radio compass dimensions off New England, that visibility would be poor and that bad weather conditions over Michigan were moving northeastward.

No Feeling Of Danger

He added, however, that in his opinion "there was no feeling of danger or apprehension in starting the flight at that time."

A trim figure in his blue dress uniform and iron grey hair, Wiley, speaking slowly and evenly, also informed the court that his thought when lightning first glared to the south after the ship had left Philadelphia was to change the course to the westward from the southerly direction the ship was taking down the Delaware river. Captain McCord, skipper of the ship, however, ordered the course changed to the eastward and the ship moved across New Jersey to its rendezvous with destruction off Barnegat inlet.

Praises Commander

His face slightly flushed, Wiley, second in command on the Akron on the last flight, emphasized he did not wish his remarks to be construed as criticism of Captain McCord, whom he praised for his "competent" handling of the ship, for setting the course he did.

Rear Admiral H. V. Butler, president of the court, and his associates, Captain H. E. Shoemaker, and Commander Sidney Kraus listened with rapt attention, making frequent notes, as Wiley went on.

The witness paid high tribute to McCord's ability and skill as the

Railway Service Is Delayed As Boys Set Fire To Bridge

PETERSBURG, April 10. (AP)—Railway service was interrupted here yesterday when a 70-foot trestle on the Fort Worth & Denver railway burned after boys playing along the right of way set fire to a bird's nest in the bridge.

Freight and passengers from Fort Worth to Lubbock were routed through Plainview and were transferred to the Santa Fe lines. Automobiles operated between Lubbock and Petersburg to connect with the northbound train. Workmen expected to complete repairs by nightfall.

Heroism Of Young Worker Prevents Costly Oil Fire

GLADEWATER, April 10 (AP) — A lightning bolt struck a safety vent on top of a 50,000 gallon oil tank here tonight, igniting escaping gas, but the heroism of a young refinery worker prevented what might have been a costly blaze.

Dave Harrison climbed to the top of the huge tank and swinging a blanket furiously, managed to kill the flames.

Jap Offensive Opens Monday

Drive Started South Of Great Wall To Halt Attacks Made By Chinese; Deny Cities In Treaty Zone Threatened

(By The Associated Press)

TOKYO, April 10.—A Japanese offensive was started today south of the great wall of China for the purpose of putting an end to Chinese counter-attacks on the passes through the wall, the Rengo (Japanese) news agency reported from Changchun.

Military headquarters at Changchun said the "persistently hostile attitude of the Chinese forces" made the operation necessary. In Tokyo the war office announced the offensive was a purely local affair.

It was absurd, a war office spokesman said, to believe that the Japanese army would push on to Peiping and Tientsin, the great cities of the international treaty zone to the south of the wall.

"How far the situation will develop depends entirely on the Chinese," the Rengo correspondent at Changchun said. "It is impossible to predict."

Fay Gives Rudy A Big "Ha, Ha" And Says They Are Through "For Keeps"

(By The Associated Press)

LOS ANGELES, April 10.—Fay Webb Vallee returned to Southern California today with emphatic assertions that she and her crooner husband, Rudy Vallee are separated "for keeps" and statements just as positive that the trouble was not caused by a $100,000 alienation of affections suit filed against her in New York.

"You may say," Mrs. Vallee began, "that Rudy and his Fay are through for good. And you may say for me that that silly law suit has nothing to do with it."

"I understood that there is a rumor that Rudy and I separated because he wanted a baby and I didn't. I'm laughing. Ha, ha! I've lived with him two years and if he wanted a child, why didn't he tell me about it?"

She added that she had "tried for two years to get along with him."

"I've put up with the weird hours his crooning demanded, and the wholesale feminine admiration that was showered on him. But it's no go.

"He got his last chance when he begged me to come back to him from Reno after we separated several months ago. I tried and we couldn't agree, so that's that."

"Yes, that's that," chimed her father.

Post Child Is Buried Monday

Bettie Louise Childress Dies In Lubbock Early Monday As Result Of Automobile Crash Last Saturday

(Special T. The Avalanche)

POST, April 10.—Funeral services for Bettie Louise Childress, 14-year-old daughter of Mr. and Mrs. W. W. Childress of Post, were conducted at the Davis-Mason Funeral home here under Elder Guy N. Woods of the church of Christ at 4:30 o'clock this afternoon.

The girl, injured in an automobile accident Saturday died in a Lubbock sanitarium at 2 o'clock this morning. She suffered a crushed chest, internal injuries, and a punctured lung when an automobile in which she was riding overturned near here.

Tribute From Pupils

A floral tribute from fifth grade pupils in Post schools was at the funeral home this morning. The Childress girl, whose father is an automobile mechanic, would have been 15 years old May 18. The girl was carried to Lubbock late Sunday.

The accident occurred about 3 p. m. Saturday on a road several miles northwest of Post. The two companions of the Childress girl were injured. Bertha Gordon of Post was reported to have suffered fractures of an arm and a collar bone. A Post young woman named Smith, said to have been driver of the automobile, was less seriously hurt.

After skidding, possibly as a result of two heavy application of brakes on the dirt roadway, the car upset.

THE Graduate Nurses association spring meeting was overlooked the other day when space in this column was devoted to remarks concerning conventions. One of the nurses called to say that the twenty-sixth annual convention of this association will be conducted in Austin on April 24 to 26 and that this district is to have a representative there.

Mentioning conventions and attempting to make it any sort of a list was dangerous. There is always a fair possibility that some will be overlooked or that I have never heard of a lot of them.

THERE has been a good response to the Girl Scout request for donations for their parks, according to Alma Girand, the city director who has asked me to extend thanks.

I feel grateful too. When shrubs, trees or other plants are donated to these Scouts or to others there is the probability that the whole town will benefit in the additional beauty that will be created. The Scouts have a good idea. I am thankful and I am no part of the Scouts for their co-operation they have received.

THAT SPINACH LOAF

THE other day, mention was made in this column of a spinach loaf recipe. Here it is:

• • •

One and one-half pounds spinach, three-fourths teaspoon salt, one-fourth teaspoon pepper, two and one-half teaspoons lemon juice, 18 soda crackers rolled fine, one egg, one-fourth pound mushrooms, cut small, one tablespoon butter, one-fourth cup grated cheese, one-fourth cup buttered cracker crumbs.

• • •

Wash spinach thoroughly. Cook slowly without water 15 minutes. Use all liquid and season with salt, pepper and lemon juice. Add cracker crumbs, beaten egg and mushrooms which have been sauted in butter for five minutes. Mix together and fill into greased loaf pan. Sprinkle with grated cheese and top with crumbled crackers that have been buttered. Bake in moderate oven for 30 minutes. This serves six.

Mary Helm Auxiliary Members Meet At Church; Reports Made

Baptist, Christian, Methodist Societies Have Meetings In Various Units; Missions And Bible Studied

Church women of the city met for regular miss'on and Bible study programs Monday afternoon. Instead of meeting in circles, members of the First Methodist Mary Helm auxiliary and Jennie K. Circle had a luncheon meeting at the church. Several other societies met in groups. First Presbyterian, First Christian and First Baptist societies gathered in separate meetings.

There was an attendance of eighty at the covered dish lunch served to the Methodist society in the church basement. Special guests were Mrs. George R. Bean, president of the First Methodist Women's Missionary society; Mrs. J. D. Peters, vice-president of the society; the Rev. J. O. Haymes, pastor; Mesdames R. T. Campbell, A. B. Ellis, C. B. Powell, T. V. McKinney, David Childers, R. I. Tubbs and J. W. Watson.

Three Make Reports

Reports of the conference of the Northwest Texas Methodist Women's Missionary society that met last week in Vernon were made by Mesdames Bean, Pascal Peek and W. J. Spain. These delegates represented the W. M. S., the Mary Helm auxiliary and the Jennie K. circle at the meeting.

Mrs. Rufus Rush led a devotional. Other program features were a duet, "Rock of Ages", sung by Mesdames O. B. Trinkle and J. C. Reynolds and a solo, "My Task", sung by Mrs. Carl Scoggin.

Women in three circles of the First Methodist W. M. S. met in homes for a continuation of the study on the deaconess movement. Hostesses were Mrs. C. E. Maedgen assisted by Mrs. T. V. McKinney, Mrs. A. G. Odom and Mrs. Fred Adkins.

Talks at these meetings were made by Mesdames W. W. Royalty, J. W. Branch, Frederick Button, David Childers, J. A. Hood and C. B. Powell.

Miss Sallye Bean, accompanied by Mrs. Raymond George, sang at the meeting of Circle 1.

Easter Is Theme

Meeting in six circles, women of the First Presbyterian congregation studied Easter lessons. This was the first time for the auxiliary to meet in circles during the present church year.

Hostesses were Mesdames J. S. Johnson, W. E. Lyle, L. C. Ellis, J. E. Garrison and Don Jones. Members of Circle 4 met at the church.

Mesdames Ed Ainsworth, T. R. Prideaux, F. L. Robertson were included in those who made talks at these meetings.

Mrs. P. C. Stanley led a lesson from Royal Service at a meeting of the West End Baptist society at the church. She was assisted by Mrs. Boyd P. Milburn, who led a devotional, and by Mrs. S. M. Wilson, who sang.

The society meets next Monday with Mrs. H. E. Goeth.

Seventeen women attended a meeting of the Calvary Baptist society at the church. A program was presented from Royal Service.

Several circle meetings in the First Baptist W. M. S. were put off because of the funeral services for Neill Allen, small son of Mr. and Mrs. Ray Allen, that were conducted in the afternoon at the church.

One of these, Circle 7, is meeting at 3 o'clock this afternoon in the home of Mrs. Cecil Horne, 2224 Broadway.

Members of Circle 3 met with Mrs. W. E. Twitty, 1909 Seventeenth street. Four members attended.

A lesson on foreign missions was presented at a meeting of Circle 6 with Mrs. A. W. Jackson, 2223 Seventeenth street. Those taking part were Mesdames Amos Howard, J. D. Carnett, C. W. Byers, W. D. Carnett and H. C. Burrus.

Five members and one visitor attended a meeting of Circle 8 with Mrs. Leonard O'Neal. After a business session, a program on missions was heard. The next meeting will be with Mrs. C. W. Ratcliff.

Meet In Four Units

Women of the First Christian General Aid society met in four homes. Hostesses were Mesdames J. F. Mathews, A. O. Thomas, H. D. Phillips and C. C. Crenshaw.

The book of Revelation was studied. Those taking part on the programs were the Rev. Mathews, Mrs. R. D. Allen and Mrs. F. C. Robinson.

Included in those attending these meetings were Mesdames M. C. Kinser, R. L. Howell, James Robinson, C. R. Miner, W. T. Milam, G. P. Kuykendall, H. T. Eastham, E. O. Bagenstos, A. T. Stevens, Jack Stahl, Charles Files, S. S. McKay, G. O. Walker, Fred Childress, R. S. Mays, Floyd Williams, G. W. Sears, P. H. Bowen, C. M. Carroll, J. R. Green, J. H. Eubank.

Mrs. E. S. Fisher, president of the Asbury Methodist Womens Missionary society, presided for a business session at the church. Fourteen women attended.

Sidney Poynter Is Guest Of Honor Saturday Evening

C. J. Henson entertained with a picnic at Shannon park Saturday evening as a courtesy to Sidney Poynter, former resident. Mr. Poynter has been teaching school in Arkansas this year. Those attending were Misses Louise Lawson, Margaret Lindsey, Ruth Carmichael, Mary Leidigh, Margaret Green, Nancy Williams, Elizabeth Conner, Elizabeth Montfort, Freddis Adkins, Gwendolyn Thompson, Floyce Snodgrass, Mary Louie Shropshire, Pearl Beard, Lucille McCrummen, Marguerite Henson, Messrs. Arch King, John Hopper, Noble James, Houston Henson, Carroll Thompson, Garland Smith, Byron Terrell and Poynter.

Stephens Memorial Class Is To Meet At Church On Friday

The Stephens Memorial class of First Presbyterian church is meeting Friday afternoon at the church at 3 p. m. for a business session. Miss Margaret Huff and Mrs. S. E. Melton will be the hostesses.

Marian Martin Pattern

A FROCK YOU'LL ENJOY MAKING
PATTERN 9532

If you've had difficulty in finding a frock that really slenderizes your figure, you'll be delighted with the model sketched today. The pointed seamings create the illusion of a taller and slimmer silhouette for they are correctly proportioned, and the winning collar and three quarter puffed sleeves are especially attractive on the matron. Choose twin prints or print and monotone . . . the lighter color forming the bodice above the fullest part of the bust, thus accenting the slender hipline.

Pattern 9532 may be ordered only in sizes 36, 38, 40, 42, 44 and 46. Size 36 requires 2 5-8 yards 39 inch fabric and 1 3-4 yards contrasting. Illustrated step-by-step sewing instructions included with pattern.

To get a pattern of this model, send Fifteen Cents (15c) in coins or stamps (coins preferred.) Please write very plainly your Name, Address, Style Number and Size of each pattern ordered.

Order your copy of the Marian Martin Pattern Book. This big book is full of fascinating fashion ideas. New fabrics and accessories are illustrated along with a complete collection of stunning styles designed to help you achieve a well-planned wardrobe. Borderline Between Life And Death Not Sharp; Mortality Is Series Of Steps As Functions Gradually Stop

(EDITOR'S NOTE — Science has learned death is not always the abrupt, almost instantaneous transition which men ordinarily suppose, but a series of steps, one vital function after another stopping. It is now possible to classify these steps in the march of death. One of the most recent studies of this classification is here presented.)

BY DR. OTTO RAHN
Professor of Bacteriology, Cornell University

(Copyright, 1933, by The Associated Press)

ITHACA, N. Y., April 10—When is an organism dead? By no means is the borderline sharp between life and death. A few centuries ago, a drowned person was declared dead when respiration and heart beat ceased. Today, artificial respiration enables us to bring back to life many such persons. Yet, the old definition was correct for its time.

We may say that centuries ago a person without heart beat was doomed to die, but was not really dead. However, logically we would have to admit that a person declared dead today may not be truly so, only we do not know the means to bring back life.

Body Is Complicated

The human body is a complicated machine, and some functions are more easily interrupted than others. A man can afford to lose a pound of flesh if it is not just from the heart. Very independent is the growth of hair which may continue long after the body has become cold.

Some of the bodily functions are not essential. One's life is not necessarily shortened by the loss of his hair, his appendix, or his eyes. Even vital organs may temporarily cease to function, but must be brought back to normal activity again within a few hours (respiration) or days (peristaltic movement of the alimentary canal) to prevent secondary reactions.

Failure of blood circulation causes excessive formation of lactic acid which affects the nerves and finally coagulates the muscular protein.

With man and higher animals, medical science has been able to shift the borderline between life and death. By the use of antidotes, antitoxins, blood transfusions, artificial respiration, surgical removal of infected tissue, malignant growths, it is possible to prevent primary and secondary processes which would lead to certain death if allowed to proceed in their "natural" way.

For the thorough understanding of the fundamental reactions causing death of living beings, we must resort to the simplest forms of life, such as bacteria or protozoa, which consist of only one cell. Even these have a number of different functions. With yeast cells the vital functions always failed in the same order. The faculty to reproduce has lost most rapidly; next came the loss of fermentation (respiration); then followed a change of the cell membrane permitting antiline dyes to center the cell, and, lastly the protoplasm was coagulated.

Death Chemical Reaction

Death is a chemical reaction of definite speed. It appears to be reversible at first, if the cause of death ceases. Injured cells can recover. If the cause continues, the cell can no more recover by its own resources, but an outside agent may still restore normal conditions, that is, by use of antidotes. Ultimately, even outside assistance cannot reverse the fatal reaction.

The fundamental process of death is still unknown. Different reactions take place with different causes of death.

Tax Relief In City Planned

City Commission Is Expected To Vote Plan To Allow Taxpayers An Easier Way Out On Delinquencies

City commission in regular session Thursday afternoon is expected to vote a plan by which Lubbock property owners can pay their delinquent taxes more easily.

An arrangement, now being shaped, would permit a graduated penalty which would reach its maximum after January 31, 1934. It is identical with relief passed last year for persons who owed delinquent taxes.

"B. C." Relieves Your Headache In 3 Minutes

Realizing that no one drug can relieve all headaches, as they come from so many causes, a North Carolina pharmacist has developed a combination of several ingredients, so blended and proportioned as to relieve almost any headache in a few minutes. You can get this formula wherever drugs are sold under the name "B. C.," 10c and 25c packages, and when you have one of those violent, nerve-racking headaches, from inorganic causes, "B. C." will give you soothing relief in three minutes. "B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia, reducing fever, and for quieting a distressed nervous system without opiates, narcotics or such habit forming drugs.

This discovery saved me 20% on tires

LAST year I made a great discovery! I learned that Riverside Tires are made by the same company that makes one of America's 4 leading brands. They're *exactly* the same—same materials, same workmen, same specifications. They differ in trademark and price—Ward's price is 20% lower. What's more, Riversides are guaranteed to give absolute satisfaction.

When I heard that, I put them on my Packard and I've been using them ever since. That saving of 20% will buy a lot of things I need. No tire salesman will ever get me to pay extra for other tires again. I'm married to Riversides.

Texas League Set For Opening Today; Majors Fire First Gun Tomorrow

Favored Cats Meet Tulsa In Opening Scrap

President Gardner Issues Last Orders To Umps And Gives To Oklahoma City Where Dallas Opens 1933 Season

By BILL PARKER
Associated Press Sports Writer

At a meeting that lasted throughout the morning and closed with a luncheon, J. Alvin Gardner, president of the Texas League, gave his nine umpires final instructions Monday. He later saw them leave his office to report for active duty. When Jake Atz, umpire-in-chief closed the door leading to the president's office, Gardner leaned back in his chair and said:

"That is the last of preparations. Every little detail has been attended to. The ship's sails are up and everything is ready for the 45th annual opening Tuesday of the Texas League."

Monday night Gardner embarked for Oklahoma City where he will witness the Dallas and Oklahoma City opener. And while he watches the Steers and Indians battle huge opening day crowds will see Beaumont battle at San Antonio, Fort Worth at Tulsa and Houston at Galveston. All will be daytime games except at Galveston where the flood lights will add sparkle to the inaugural.

Will Compete For Prize

Each of the eight Texas League cities will compete for the Texas League trophy that Gardner will award to the city boasting the largest opening day crowd. It will be something new for Tulsa and Oklahoma City, two cities that played in the Western League last year but transferred to the Texas League at the last national baseball meeting. These two cities replace Wichita Falls and Shreveport franchises.

Street parades, city officials throwing and catching the first balls, pretty girls awarding flowers to the managers, peanuts and soda-pop are some of the things that will be associated with this year's Texas League opening—A league that has returned to baseball for the game's sake and is willing to forget the day of high-hat openings and thousand dollar per month ball players.

When Garner and his staff of umpires announced ready Monday the echo went for the players and managers.

At Oklahoma City, Manager Fred Haderus planned to open with Harry Matuzak who won 17 and lost 4 in the Western league last season.

Manager Happ Morse of the Dallas Steers has Sal Gliatto and John Whitehead ready with Gliatto favored for the initial mound call. He pitched for New Orleans in the Southern Association last year winning 8 and losing 19.

Whitworth For Cats

Making his bow as a Texas League manager, Walter Holke of the Fort Worth Cats, selected by Texas League sports writers to win this year's pennant, planned to open with the veteran Dick Whitworth who won 17 and lost 16 for the Cats last year. Opposing Whitworth will be Andy Bednar, Tulsa ace and last year's leading Western League pitcher with 22 victories and 4 defeats.

Because of the fine showing he has made this spring, Joe Sullivan gets the pitching nod from Manager Bob Coleman of the Beaumont Exporters. Joe only won 3 and lost 4 last year. Mahager Henry Severeid of the San Antonio Missions wasn't sure Monday night whether he would send Thomas Conlan or Robert House against the Exporters. With the critics the favorite was Conlan who won 14 and lost 14 last season.

Tubbs vs. Greer

Tubbs, who won 1 and lost 7 games last season for Galveston, has been announced by Manager Billy Webb as the Buccaneers opening day pitcher. Manager Carey Selph will fire Greer against Tubbs. Greer, who pitched several years for Denver before being purchased this season by Galveston, won 21 and lost 12 last season.

Rasslers To Appear Here On Tuesday

Farley To Bring Four Pros For Local Match

Professional wrestling, as staged by "class" man, will be offered to Lubbock and South Plains sports fans here on the evening of April 18.

Cal Farley, Amarillo promoter and former contender for the welterweight wrestling championship of the world, is staging the matches here. He is bringing four seasoned wrestlers from his Amarillo stable to put on the local exhibition.

Ted Travis, formerly of Los Angeles, will meet Eddie Brock of Amarillo in the main event. Their popular Dutch Mantell, Amarillo ape-man, will tangle with Pat Garrison, late of Little Rock, Ark., in the semifinal.

A preliminary match between two local wrestlers, probably from Texas Tech, will start the program.

The Uptown Dance palace will be groomed for the affair. Texas Tech's portable ring will be installed, and bleachers to accomodate a large crowd will be carried to the dance pavilion.

The main bout will be a three fall finish affair. Mantell and Garrison will fight to the finish, with no time limit.

Lubbock Motorcycle Poloists Meet Wichita Falls Sunday; Amarillo Team Coming Here

Lubbock's motorcycle polo team is working out often and intensively these days in preparation for the first game of the season next Sunday at Wichita Falls.

The local cyclists will be defending a supremacy over Wichita Falls won last year at Lubbock. Captain Wade Anthony of the Lubbock team advises that his club appears ready to go against the best of opposition.

A match will be played here with Wichita Falls later in the season. A game with the Amarillo team also is planned.

Stewart Champlin, Robert Howard, Marion Karnes, Wade Anthony and J. T. Ross compose the probable starting team with Al Cobb, Otto Flinn, Pat Davis and Bill White ready to substitute.

The games played by the Lubbock motorcycle team are governed by rules of the American Motorcycle association, and are supervised by officials who are members of the A. M. A.

County Baseball Tournament For School Teams Scheduled

A baseball tournament for school teams of Lubbock county will be staged here Friday and Saturday, April 21 and 22, if plans of Coach McWhorter of the Woodrow school mature.

There will be three divisions according to Texas Interscholastic league classifications observed in this county. The Class A schools, limited to Slaton and Idalou, will play for the championship of that division. The "Upper B" class schools will fight it out for a representative in that section, winner to meet the champion of the "Lower B" division. Ultimate winners will meet the winner of the Class A division for the county championship.

A rural school tournament also is planned.

All Class A and Class B schools are urged to have delegates present at the drawing which will be held at 1 o'clock Friday afternoon at the Tech gymnasium. Play will begin immediately, with four games scheduled for Friday afternoon. Two games will be played simultaneously Friday games will be played on the Texas Tech field.

GRIGGS SHUCKS FOUR

TULSA, April 10. (AP)—Skipper Art Griggs of the Texas League Tulsa Oilers shucked four hopefuls from his squad today. They were: "Buckshot" May and Francis Bair, pitchers; Fred Nemmiller, catcher, and Roy Hudson, first baseman.

A guard, Raymond Patterson of Iowa Wesleyan, was the highest scorer in the Iowa college basketball conference this season.

Football teams of the University of Georgia and Duke will meet for the first time this fall in a game at Atlanta, December 2.

Heydler Gives Big Leaguers More "Advice"

National League Prexy Urges Players Not To Mingle With Opponents On Field; Offers Five Point "Law"

NEW YORK, April 10. (AP)—The schedule of major league opening games; Wednesday, April 12:

AMERICAN LEAGUE
Boston at New York.
Philadelphia at Washington.
Cleveland at Detroit.
Chicago at St. Louis.

NATIONAL LEAGUE
New York at Boston
Brooklyn at Philadelphia.
Pittsburgh at Cincinnati.
St. Louis at Chicago.

Associated Press Sports Editor

NEW YORK, April 10.—For the purpose of developing a greater spirit of aggressiveness on the ball fields and giving the game more customer-appeal this year, John Arnold Heydler, president of the National League, today addressed a striking appeal to his players to avoid fraternizing with rivals or loafing at any stage of the forthcoming pennant race.

With the market of the 1933 season only two days off for the big leagues, and baseball as a whole facing what he described as an "acid test of popularity" in competition with other outdoor amusements, President Heydler laid down a "five point" program for National league players.

Must Fight Competition

"Never before have we faced more stringent money conditions or keener competition from other sports, motoring and amusements," wrote Heydler. "People are going to go to ball games and they are going to patronize other sports and amusements. But they will budget their expenses and will choose only what promises the most enjoyment.

"No outdoor game can compare with a major league ball game. But that game must be played aggressively by both sides. It is in your power to build up and maintain the interest in our game by a display of heads up, winning spirit which does not surrender until the last man is out. To sustain the spirit of contest and the ethics of sport, you are asked to accept and live up to the following:

"Do not mingle on the field with players of the opposing club. Keep away from their bench and dugout. Remain off the field when the other club is entitled to its exclusive use for batting or fielding practice.

"Do not enter the club house or dressing rooms of the other team. Many players have shifted clubs during the off-season. The urge to hold friendly reunions will prevail; but the proper place for such contacts is not on or around the ball field.

"Don't Give Up"

"Do not take it for granted that with a lopsided score against you the game is lost and that you can take it easy. The man who plays is still entitled to your best effort and exhibition of skilled performance to the end of the game. Run out your hits. People do not like to see runners loafing to first.

"Action and hustle, and still more action and hustle, are needed in our games. Be enthusiastic and cheerful. Don't moan and quit if in a batting slump. Luck changes for the fellow who keeps on trying.

"Whether as active player or as sub on the bench, be alert and interested in every moment of the game. Encourage your brother players.

"President Roosevelt said: 'Major baseball has done as much as anything else in this country to keep up the spirit of the people.'

"We must maintain this high appraisement. And you, as one of America's most skilled, fastest and best trained group of athletes, must accept your individual share of responsibility."

Billy Webb Cuts Galveston Squad To Twenty Players

GALVESTON, April 10. (AP)—Manager Billy Webb of the Galveston Bucs cut his squad to 20 men today, keeping Mealy, Crizevsky and Hamm, as the catchers; Thormahlen, Darrow, Tubbs, Jorgens, Moore, Chamberlain, Taylor and Cromer as the pitchers; Goldberg on first, English on second, Molesworth on short, Fausett on third and Governor, Bell, Gaffke and Moses in the outfield. Webb is listed as an infielder.

"Keep Hustling"

John Heydler, above, whose job it is to run the National League from the president's chair, yesterday gave out some sound advice to his players, two days before the season starts.

Mrs. Stiles And McLarty Winners Local Tournament

Carding a one-ball score of 52, which, when the handicap was applied, shrunk to a fine 36, Mrs. Marguerite Stiles and Henry McLarty won the 9-hole "Scotch foursome" tournament at the Lubbock Country club Sunday afternoon.

Twelve women golfers, a number far below the expectations of club officials and tournament promoters, reported at the course yesterday and drew for partners. The tournament consisted of 9 holes of medal play, with partners alternating at the shots. Two teams played together, using two balls.

Mrs. J. A. Dowdle and K. L. Riggs took second honors with a handicap score of 37. Their medal score was 57.

Tied For Third

Lowest actual score of the afternoon was fired by John Edmisson and Opal McAfee, a 46, but their handicaps lessened the score to 38, which tied for third with three other teams.

Mrs. F. L. McRee and W. F. Helwig with a 59, Mrs. K. L. Riggs and J. A. Dowdle with a 53, and Alma Dell Mitchell and Jo Dick Slaughter with a 47 were in the 38 bracket.

Two teams tied for fourth place. Alberta Thrash and Hooper Stiles shot a 49 for an ultimate 40 and Mrs. W. F. Helwig and Bays Bryant fired a 52 for a 40. Irma Patton and Sid Thrash turned a 49 into a 41 for fifth place. Miss Alma Girand and F. L. McRee converted a 62 into a 45, to tie with Ruth Quillen and Frank Wright, who shot a 54. High score went to Georgia May Key and Guy McAfee, who's 65 could be reduced no lower than 50.

Ladder Matches Played

Several matches were played in the Country club ladder tournament yesterday, with Red Doherty retaining his No. 1 position after beating John Edmisson last Friday.

Prizes which will be awarded to winners in the first and second flights of the ladder tournament are on display at the J. & J. Sporting Goods store. Four prizes will be offered in each flight. Winners, runners up, holders of tenth place and holders of 18th or last place in each flight will receive valuable prizes.

American League Prexy Endorses John's Words

CHICAGO, April 10. (AP)—The American League heartily endorses the move of the National League in warning players against fraternizing on the baseball field, President Will Harridge said tonight.

President Harridge also revealed that he had dispatched a stern warning against too little friendship, too. All managers were informed that any player assaulting another would be suspended without pay for 30 days.

Fiedler Seeks To Form Second Loop

ALBUQUERQUE, N. M., Apr. 10 (AP)—Marty Fiedler, manager of the Albuquerque Dons, said today he would attempt to seek the immediate organization of a tri-state baseball league which would include Albuquerque, Amarillo, Pueblo and Denver.

Failure of the West Texas-New Mexico league to materialize, he said, led to his belief that a Colorado-West Texas-New Mexico organization might be possible.

He said he had sent telegrams to Denver and Pueblo urging an organization meeting. Pueblo and Denver are former members of the Western league and have parks and all lighting equipment, he said.

The Dons last year were hooked up with teams in Arizona and at El Paso.

"I'll Beat My 1932 Record"—Ruth

The Bambino Shows Up In Fine Fettle On Eve Of 20th Season In The Majors; "They're Crazy—I'm Improved"

By EDWARD J. NEIL
Associated Press Sports Writer

NEW YORK, April 10.—A deep, war-like bellow, all the more basso profundo because of a sore throat, rumbled from the caverns of Babe Ruth's massive chest today as he contemplated his 20th major league campaign and promised confusion once more for belittlers who say he's through.

"There," he snorted derisively as he scrubbed his great chest with a big towel and shook part of his shower bath out of his hair like an airdale, "those guys are crazy again. I may be 39 and I've slowed up some. I'm not trying to kid anybody, least of all myself. But through? Not by plenty, kid!"

Today he faces the 1933 campaign with the chorus of the doubters ringing steadily louder in his ears as they point to the fortieth year, old age for an athlete, that loomed ahead of him. The Babe points right back at them—and to the World Series last fall, when he was almost as old, and still able to call his home run shots and tear the Cubs apart with his big bat. He has lost no confidence in himself.

And Outside Of That

"I feel better right now, except for this sore throat that's stuck for five weeks, than I have at any time in the past five years," he says. "My legs are stronger than they have been any spring for ten years. I've done more real running down south than I ever tried before. And there hasn't been a single ache or pain in the old dogs, something brand new for me."

Stripped down to bare flesh, there is no question that the Babe looks anything but his years. There is plenty of weight around his middle—enough so that in a baseball uniform he still looks as if he'd stuffed a watermelon under his shirt—but that's been his natural appearance for years.

"They say I won't play a hundred games," he says, more in sorrow than in anger. "Why, listen, I'll play every single game this season, if I don't get hurt. I'd have been in there all the time last year but for injuries and sickness. That's part of the game. Everyone gets in tough luck streaks like that some time or another.

"I figure I'll hit more home runs than I did last year, too. I need 48 more to make it an even 700. I'm not setting that for the limit, either."

Baseball Meeting May Be Held Here Early Next Week

A meeting of managers or delegates or both of baseball teams interested in becoming members of a South Plains Baseball league probably will be called here next Sunday, Ed Hambright, in charge of organiation plans, said last night.

Several teams have indicated desire to join the proposed league, and it is thought that within a short time a definite organiation will be affected. If enough delegates are present at the first meeting, formalities of organization will be observed then.

At least four towns have definitely shown interest in the organization of the league. Letters have been received from Frank Larkin, manager of the Tahoka team; Buck Elliott, Amherst ball club manager, and Fred Rich, Wolfforth skipper. The Enochs ball club also has indicated it would join the league. Lubbock would have an entry, management of which is not known at present. Littlefield, Plainview and Brownfield have been invited to join the circuit.

The league would be on an independent club basis and a schedule calling for games on week-ends and holidays probably would be adopted.

Managers desiring additional information regarding the league are requested to communicate with Ed Hambright at Lubbock.

BARGAIN FOR GRIFFITH

Cecil Travis, sensational Chattanooga third baseman of last season, was bought by President Clark Griffith, of the Washington Senators, for $200.

Schedule For District Meet Is Announced

Director Morgan Issues Dope On Distrvict 2 Meet Slated For Friday And Saturday At Texas Tech Field

A schedule and outline for the annual District 2 track and field meet of the Texas Interscholastic league has been announced by J. O. Morgan, Texas Tech coach and director of District 2 athletics.

Preliminary in ten events will be held Friday afternoon, April 14, with finals starting at 1:30 o'clock Saturday afternoon.

Preliminaries in tennis will start at 2 o'clock Friday afternoon and continue at 9 o'clock Saturday morning, play to be held on the Texas Tech courts.

Director Morgan announced yesterday that all entries must be in by Friday morning, and that none would be accepted which arrived later than 10 o'clock. Entries and fee charges must be mailed immediately to A. W. Evans at Texas Tech college, Morgan said.

Tennis balls must be provided by participants.

Preliminaries in the following events will start at 2 o'clock Friday afternoon: 120-yard high hurdles; 100-yard dash; 220-yard low hurdles; 440-yard dash; 220-yard dash; pole vault; broad jump; discus throw, tennis and rural pentathlon.

Only participants and officials will be permitted on the track and field during the exhibitions, Morgan said. Each event will be called five minutes before time to start, and athletes are requested to be ready to go on time or forfeit right to enter. Participants will remain in the stands until events are called. Coaches will not be permitted on the field.

Aged Veteran Dies In Waco

Luke Mizzell, Who Lived 37 Years On Plains And Eastern New Mexico, Is To Be Buried In City

Luke Mizzell, 89, who lived 37 years on the Plains and in Eastern New Mexico, and who died Sunday in Waco, will be buried in Lubbock cemetery.

Mr. Mizzell, a Confederate veteran, is grandfather of Mrs. A. L. Rampy of Lubbock. Mrs. Rampy was reared by Mr. Mizzell.

The body will arrive early today, and funeral services will be conducted at the First Methodist church by the Rev. J. O. Haymes at 2:30 o'clock this afternoon, Bynum-Stahler Funeral home said.

Besides Mrs. Rampy, a daughter, Mrs. Nellie Worden of Boulder City, Nev., also survives Mr. Mizzell. He had made his home in Floydada and in Lovington, N. M. He had been in Waco about five years with a sister, Mrs. Emma Fannin, in whose home he died. Lubbock and Floydada Masons will direct burial rites at the cemetery.

Lubbock Is Represented At Dairy Show; Tech Entered

PLAINVIEW, April 10.—Lubbock county is represented by three Jersey breeders, or rather two breeders and Texas Tech. This is the first time that there have been two herds here aside from the one of the school of agriculture at Tech.

Tom L. Shepard, Lubbock business man and Jersey breeder, has 15 fine animals from his farm. He expects to place ten in the sale this year.

E. E. Wilson, from down Slaton way, brought up his fine Jersey bull. Mr. Wilson, an old timer who has lived just outside the city limits at Slaton for 17 years, bought the animal at the show here three years ago, when it was a calf. He is using him as his prize herd bull.

Mr. Wilson is accompanied by his sons Harold and Ray and by Don Shelby.

Mrs. Roosevelt Tells Of Humorous Incidents In Life At White House

By BESS FURMAN

WASHINGTON, April 10 (AP)—A bit breathless, Mrs. Franklin D. Roosevelt received the press in riding habit today, explaining she had been delayed in returning from her ride through Rock Creek park by getting her car brakes wet in a ford across the stream.

After she got through the ford, her brakes wouldn't work at all and she thought it would be better to go home slowly without accident than to meet appointments on time.

It was necessary for her to rush through the questions in order to change her clothes and catch an afternoon plane for New York, where she will attend a consumers league conference on how to cope with the "sweatshop dress problem."

She took time, however, to tell several humorous stories of the rushed and informal life now going on at the White House.

One came in response to a question as to whether she plans to entertain Prime Minister Ramsey MacDonald, and his daughter Isabel at Camp Rapidan, as the Hoovers did.

She answered that all she knew about it was that her husband had suggested if she had houseguests a week from Sunday, maybe she'd better write and tell them that perhaps they couldn't come.

She said that when she asked why, his reply was that they might be entertaining "a few prime ministers a week from Sunday." Mrs. Roosevelt had answered that nobody had told her about that.

Another story concerned a lunch hour when she hurriedly sent an invitation over to the executive offices for anybody who hadn't lunched to come quickly because a last minute visitor of her son, Franklin jr., had just made thirteen at the table.

"Steve" Early, the president's press secretary, became the fourteenth.

Mrs. Roosevelt explained she was not superstitious, but she thought perhaps some of her guests might be and she wanted to be sure nobody felt uncomfortable.

Local Caravan

(Continued from Page One)

meet the Lubbock delegation near the city limits where they will be escorted around town in a parade in which the Texas Tech band will lead and the Lubbock high school band will bring up the rear with the automobiles in the center.

Delegations from Slaton, Shallowater, Idalou and other parts of the county are expected to fall in with the caravan here or on up the line.

The Texas Cotton Cooperative association and the Texas Cotton Growers Gin association will have a strong delegation with the following making the trip: N. H. Payne, Lubbock, general manager. H. L. Gantz, E. D. Cook, Lubbock; C. C. Wicker, Slaton; C. E. Merrill and Jas. L. Bentley, Hardy; Mr. Tufteller, Acuff; E. L. Sowder, Idalou; and a delegation from Shallowater being worked up by Bob Crump.

Attendance Committee

Members of the attendance committee, all of which will take the trip follow: Ellis Carter, W. O. Daniels, C. W. Ratliff, Roy McKinney, G. E. Damewood, Hurley Carpenter, J. C. Anderson, C. A. Sheffield, B. O. Williamson, and Ed Allen.

Others who have signed up to make the trip follow: L. C. Ellis, A. C. Jackson, Dr. G. C. Turner, Spencer A. Wells, Paul Reed, Fred Elliott, Truman C. Meinecke, E. J. Parsons, Ira Doak, M. E. Allen, W. L. Daniels, Carl Patton, J. D. Janes, C. L. Adams, Roy Riddle, Dude Buster, B. Sherrod, H. W. Wylie, L. M. Drown, C. D. Shaw, Luther A. Godwin, R. F. Hinchey, J. L. Ryan, Clarence Minor, Addis Charless, Riley F. Hule, Mark Halsey, Joe Bowman, Everett Hendrix, Mrs. G. T. Cartwright.

Dr. Knapp To Speak

After the parade at Plainview, the delegation will go to the dairy show where at 11 a. m. they will hear Dr. Knapp speak at an educational program.

A number of the cars are expected to return shortly after noon, however the Lubbock high school band and the remainder of the delegation will remain over for the dairy show pageant which is to be held at the City auditorium at 8 p. m. tonight.

The high school band will play during the pageant and Miss Edith Merrill of Hardy will represent Lubbock county as princess. Miss Guyrene Horton of Hurlwood will be maid of honor.

The county having the largest delegation registered at the dairy show will have their princess crowned queen of the show and an effort is being made to have Miss Merrill receive this honor.

Marlene Saying Goodbye But She Is Coming Back

Marlene Dietrich's leaving Hollywood soon, but she says it is not good-bye forever. Center, above, is the German film star as she appears in her newest production; left, in an earlier picture; right, in trousers. If women would try these comfortable things awhile, she insists, they'd never again wear skirts.

BY HUBBARD KEAVY

HOLLYWOOD—Marlene Dietrich says she is not through with pictures.

When she leaves Hollywood soon, she will not bid it a permanent goodbye.

She and her mentor, Josef von Sternberg, have not severed their relations.

Has No Plans

The German music hall girl who, in a single picture, became one of the screen's most widely discussed personalities, has no plans for the near future. "Who knows what will happen?" she asked — but she inferred that she and Von Sternberg will again work together in Hollywood.

"I have been here for two years this time, so I am anxious to see my mother and my friends in Germany," Miss Dietrich explained. "People don't seem to understand that there is something more than making money.

Best Place For Pictures

"Whether I will return to Hollywood I cannot say at this time, but this is the logical place to make pictures," she said, significantly. "Technically, we are better equipped than anywhere else. I think the mechanics of pictures, lighting and camera angles chiefly, are more interesting than acting. I have learned a great deal from Mr. von Sternberg about the technical side.

"I owe much to Mr. von Sternberg, and I should like to work with him again."

Reports say Von Sternberg is returning soon, not to Paramount, where he first attained success, but to a competitive organization. Marlene, it is said, will sign a contract with the same firm.

Manishly Dressed

Hollywood not long ago was buzzing with stories that Marlene and Josef had parted company, one rumor having it that he objected to her choice of dress. On formal, informal and just ordinary occasions, she wears men's suits.

During this discussion she was so attired—in a grey flannel suit, mannish in every detail. She also had on a blue turtle-neck sweater, white cotton socks, brown and tan sports shoes. The only strictly feminine note was a tiny wrist watch. About her penchant for pants, she had little to say.

"I do not hope to attract attention. I wear these clothes because they are comfortable and less expensive than gowns. Anyway, I never did like skirts—they are annoying.

Would Discard Skirts

"If women would try these comfortable things for awhile, they'd never again wear skirts."

Miss Dietrich's Hollywood career has been beset with troubles of various sorts. "But I like Hollywood very much, and so does my daughter," she said. "It is a fine place to make one's home and certainly the only place to make pictures."

Our Prison Reform Flops

REFORMATION of the convicted person has come to be one of the important aims of the American prison system. Many prisons are managed with this purpose particularly in view. The idea is to send convicts back into the world new men and women, as far as their criminal habits are concerned.

The purpose is an excellent one in theory. Whether these reformation attempts though, especially those which result in the convicted person's being liberated before expiration of sentence on the supposition that he or she has reformed, afford as adequate protection of society as would continued confinement, is a subject that needs to be studied.

A little light on this question is shed by the report made to the New York legislature by the state commission to investigate prison administration and construction. The commission found that old offenders numbered 80 per cent of the total of persons committed to prisons in the state during the year.

This high percentage of repeaters is not an impressive testimonial of the success of reformation attempts. Nearly 25 per cent of those receiving sentences had been arrested within six months before they committed the crimes for whicch they were imprisoned.

Another interesting point in the report was that of 22 men indicted for first-degree murder none suffered the death penalty. Six received life imprisonment, 14 received unrevealed terms for first-degree manslaughter and two for second-degree manslaughter. It is difficult to believe that among the 22 were not some deserving the death penalty.

The figures appear to indicate both that reform is effected only in a small number of cases and that juries are too lenient in dealing with major crimes. This condition is not one conducive to causing a greater respect for law.

WORTHY CAUSES SUFFER

One of the distressing features of the depression that has received but slight attention was brought out at the biennial conference of the committee on financial and fiduciary matters of the Federal Council of Churches.

Because of the great shrinkage in estates, many institutions, including churches, are liable to feel the effects of the depression long after the latter is ended. One speaker, Leroy A. Mershon, a former official of the American Bankers' association, estimated that 75 per cent of public bequests written into wills in the last 25 years either have been taken out of the wills or never will be paid because of the decline in security values and other effects of the depression.

"Literally, hundreds of thousands of persons", he said, "who, in the days before 1929, were glad to incorporate bequests for institutions, have refused to do so in the last three years. Hundreds of thousands of others have made changes in their wills, taking out all bequests to institutions, because losses sustained security and property values left just enough to take care of their families. This represents at least 75 per cent of the people of this country."

The institutions that will suffer include hospitals, colleges and social and welfare organizations of various kinds.

The possibility that some of these losses may be made up by annual donations from persons able to make them when prosperity returns offers some hope. Full compensation, however, is unlikely, and the activities of the institutions affected necessarily will be restricted. In some cases, at least, serious injury to most worthy causes will result.

As a rule the people who howl for free speech are the kind that get mad if you won't stand and listen.

"What a futile business it is to urge people to be good," sighs Dr. Harry Emerson Fosdick. Yet quite a few professional reformers have made the business pay.

German scientist claims he has invented a device which will show from a person's photograph whether that person is still living or dead. If it gets in general use, politicians will have to be more careful about taking down their campaign photos after election.

The cheapest-looking thing at a bargain sale is usually a man carrying a stack of bundles for his wife.

A man fishing in Florida caught a kingfish and died from the excitement. That's a dangerous sport down Louisiana way, too.

In Persia weddings are pulled off in the bridegroom's absence, which seems like taking an unfair advantage.

Brotherhoods Are Disturbed

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, April 10.—It is only as an alternative to the creation of a private monopoly that the country's transportation workers demand actual governmental acquisition of the railroads.

A. F. Whitney

Chairman A. F. Whitney of the Railway Labor Executives' association made this point clear in a chat I had with him shortly after his recent conference with President Roosevelt relative to the president's plan for a complete reorganization of the lines under a "czar" or "co-ordinator" of autocratic authority.

"The scheme is acceptable," explained Chairman Whitney, "if the autocrat is to act for the public, and the men who have spent their lives in the roads' service; not if it is to be his mission simply to put them on a paying basis, solely with a view to the protection of the capital invested in them."

Federal Ownership

From expressions by Chairman Whitney an dthe Washington representatives of others among the standard rail brotherhoods (his own particular group is that of the railway trainmen), I believe it is generally agreed that the trend seems strongly in the direction, not only of federal operation, but ultimate ownership of the entire national trasportation system.

However, the impression appears to be that the likeliest first step will consist in the establishment of government control somewhat on the World war basis.

By this method, for one item, the workers' interests could be best safeguarded. Railroad employment nas been cut about in half since the beginning of the depression. Competent authorities estimate that a reduction of approximately 25 per cent in the remaining personnel will be required to place it on a strict efficiency status. President Daniel Willard of the B. O. reckons that this shrinkage will accomplish itself automatically, by deaths and retirements, in a five-year period.

Maintaining Wages

Maintenance of wages, accompanied by a gradual, natural weeding out process, of the sort suggested, is the most important part of the labor leaders' program, speaking from the standpoint of their own organizations.

Under the terms granted by the government to the owners during the world conflict, liberal dividends were paid to the companies' shareholders.

No responsible person now proposes such generosity.

In fact, it is largely because a mutually satisfactory settlement with these folk is deemed an impossibility that Uncle Sam's acquisition of the properties, by means resembling an outright seizure, is seen as so nearly a certainty, probably after an interval of public operation, and wrangling over a hopeless financial adjustment.

The bondholders, of course, will have to receive their money in full.

Disinterested judges are practically a unit in the verdict that the equity then remaining for the shareholders will be negligble, except in the case of a very few lines. Nevertheless, no one imagines that they will be contented with less than par for their shares—which would be between 19 and 20 billions; at the market, the figure is from seven to eight billions.

• • •

HOW GENUINE the reported feud may be, between the houses of Morgan and Rockefeller, is the subject of a deal of speculation in Washington.

The supposition that the two great interests are at odds is based mainly on the fact that Chairman Aldrich of the Chase National bank, recognized as a "Rockefeller man", recently attacked security-selling by bankers, a practice which the Morgans certainly do engage in. However, so do many other bankers.

The Morgan firm, to be sure, is conspicuously under scrutiny by the senate's stock market investigators. Some lawmakers think Chairman Aldrich would not have expressed himself as he did at such a juncture except with a view to "sic-ing" the inquisitors on their prey. Others always are skeptical of the sincerity of what looks like an attack by any one of the country's money kings upon any other representative of financial royalty.

County Prohibition Forces Chairman Writes On Beer Ad; Plains Man Gives Viewpoint On Lubbock School Problem

The Editor, care Avalanche, Lubbock, Texas.

Dear sir:

Since you are kind enough to open the columns of your paper to discussion of such subjects and issues as may be before the people from time to time, I am taking this opportunity of referring to a half-page advertisement that appeared in your Journal of Friday and Avalanche of Saturday headed "What About Beer in Texas," and stating that it is paid for by patriotic citizens who believe in President Roosevelt and are pledged to aid him in carrying out the Democratic platform that will lead our country out of chaos and despair. The advertisement is not signed by anyone, and therefore we do not know who is sponsoring it.

Said advertisement urges the people to communicate with their Senators and Representatives and request that they vote yes on the Anderson-Mathis Bill, which said bill, it is alleged, will authorize the legalized sale of beer at once.

As chairman of the prohibition forces in Lubbock county, selected at a convention held here some weeks ago, I am writing this to say that we do not think that the people of Lubbock county, and especially in the City of Lubbock, are now ready for grog shops and beer gardens to be opened here. We of the prohibition forces are ready to fight any such movement, and are willing to submit our case to the voters of the county, and are unwilling, if we can prevent, to permit the railroading of the beer bill through our legislature without showing our opposition thereto. However, we would like to know just whom we are fighting among our home people here. We invite the opposition to sign their names to their advertisements so that we may meet them in the open and let the public know who is on the side of prohibition and who is against it.

The people of the town of Lubbock began prior to the World war to try to get a state institution of learning located in our midst, and, except during the time we were engaged in the war, worked constantly to that end, and finally the college was located here about 1925. One of our strong talking points that was urged at every opportunity was that Lubbock had always been a clean town without saloons except for a few months just after the county was organized, and that we expected to keep it that way to the end that people who wished to take advantage of our educational institutions would not hesitate to move into our midst or send their boys and girls here to attend the schools. We prohibitionists think that we should still hold up that high standard, and fight any movement that would have a tendency to legalize the sale of beer or other intoxicants in our community so long as we undertake to say that this is a proper place for educational institutions to be operated. We do not think that the parents of Texas boys and girls would like to send them to Lubbock to attend college if we havee saloons, grog shops and beer gardens on every corner, as would probably be the case if our Senators and Representatives do as advocated by the political advertisement referred to above.

If you see your way clear to publish this, I shall be grateful; but on the other hand if it is improper or you do not care to publish it, I shall take no offense.

Yours very truly,
GEO. R. BEAN,
Chairman Prohibition Forces in Lubbock County.

Plains, Texas,
April 8th, 1933.

The Lubbock Morning Avalanche.

Dear Editor:

Can you conceive of a legislator in the capitol at Austin speaking as follows: "Why make this appropriation? Why maintain this institution? Why not cut it to the rank of a junior college? It is not appreciated by the people it was created to serve, not even by the town of Lubbock itself whose real estate depends to at least 50 per cent of their values on the maintainance of said institution. Think, gentlemen, of a town the size of Lubbock carrying over two hundred pupils through 11 years of schooling, lacking only a few weeks and then saying to these children 'No you can't graduate'. Now, gentlemen of this legislature, will you be guilty of voting for this appropriation? For me, I will not. Therefor I cast my vote to transfer the most important schools from the Technological college to the State university and the A. & M. college thereby reducing said Tech to the rank of a junior college."

Said legislator would never think of the fact that the legislature for the past few years has encouraged people in not paying their taxes has also offered a bonus to those who do not pay by remitting the penalty and interest.

Respectfully yours,
GEORGE CLEVELAND.

Railroad Pass Which Was Made In 1881 Is Delivered

SAN ANGELO, April 10 (AP)—A railroad pass which should have been received in 1881 by Dr. W. D. Powell, field secretary of the Baptist church, reached him recently through Judge R. C. Crane of Sweetwater, president of the West Texas Historical society.

The only man who has ever received passes on all railroads in Mexico and Texas, Dr. Powell was sent the card through Dr. W. C. Crane, who was president of the Baptist general convention and of Baylor university in the eighties. Dr. Crane misplaced it, and decades later found it, turning it over to his son.

The pass was from the Texas & St. Louis Railway company.

That its planes have flow 10,000,000 miles with only five accidents involving injury to passengers, has just been announced by an English aviation company.

Home Of John Lemond Razed By Fire; Loss Not Known

A two-story brick veneer residence of John Lemond, former Lubbock police chief, at 2412 Sixteenth street, was destroyed by fire of undetermined origin early Sunday morning. No estimate of the loss was made.

The blaze, which firemen said evidently originated at the basement, whipped through the house rapidly, gutting the structure and destroying virtually all contents. Fire-fighting apparatus answered an alarm at 4:03 a. m. When it arrived, flames were through the roof, Fire Chief W. E. Twitty said.

Several young women stayed in the Lemond home.

Firemen late Sunday afternoon were called to Thirty-fourth street and Western avenue, where a feed stack was afire. Collier Smith was the owner. Damage was slight, the fire department reported.

Texas Man Badly Injured As Truck Overturns On Railway

NACOGDOCHES, April 10 (AP)—George D. Taylor of Como, Tex., was injured critically today when a truck on which he was riding turned over at a railroad crossing at the adge of town.

The driver, who said he did not know Taylor was on the truck, said the accident occurred when he tried to avoid hitting a freight train.

BURNS ARE FATAL

KILGORE, April 10 (AP) — A. O. Johnson, 32, died at a hospital here today of burns suffered yesterday when a gasoline tank near which he was standing exploded and set his clothes on fire. He was survived by his widow, four daughters and his parents, of Wichita, Kans.

In 1932 airlines covered a distance of 51,206,000 miles.

al contests. The official production contest was begun, following a preliminary test Sunday. Ralph Thomas is superintendent. Tech has entries in the Holstein and Jersey groups. There are six of the former and 23 of the latter. For the first time a Guernsey group is included and there are three entries. Winners will be announced Wednesday.

Childress Is First

In the 4-H club judging contest there were four teams, with Childress county taking first. Thirteen vocational agriculture teams were entered in that contest with Tulia boys winning first. In the poultry judging contest Claude placed first.

Tonight between 50 and 60 former Texas A. and M. students were holding a reunion in the Hilton hotel.

Judging of the Guernsey department with Joe W. Ridgeway, Fort Worth, presiding, begins at 8:30 a. m. Dairy calf judging starts at 10 with an educational program from 11 to 12 with Dr. Bradford Knapp, of Texas Tech as the main speaker.

Pageant Scheduled

In the afternoon Jersey judging starts, and the night program includes a dairy pageant in the city auditorium and a Queen's ball to follow.

Tuesday morning in the dairy products department K. M. Renner of Texas Tech will conduct a cheese demonstration.

Preparations have been made to elect the queen of the show from the county with the largest delegation here Tuesday.

Show officials were interested in the report from Lubbock that both the Tech band and the high school band were coming. Amarillo is sending a special train down Tuesday morning.

Ralls, Floydada, Tulia, Shamrock and other towns have sent word they will be here in large numbers.

Claude Poultry Team Wins Honors Monday

(By Staff Correspondent)

PLAINVIEW, April 10. — The poultry judging team from Claude, coached by J. M. Hill, won first in the annual poultry judging contest at the sixth annual Panhandle-Plains Dairy show, scoring 1,102 points to Plainview's 1,077. Crosbyton was third with 1,072.

A. R. Bateman, local vocational agriculture teacher, made the announcement as superintendent of the department.

Cotton

NEW ORLEANS REPORT

NEW ORLEANS, April 10. (AP) — Cotton was rather quiet today but prices tended upward in sympathy with stocks and wheat, closing 3 to 6 points net higher.

The market opened steady as Liverpool cables came in about 2 penny points better than due. First trades here were 2 to 4 points up in sympathy with cables and the market continued to improve after the start on moderate trade buying and price fixing. By the end of the first hour May traded at 6.55, July at 6.71 and October at 6.93, or 7 to 8 points above the previous close.

During the balance of the morning trading was very light and prices fluctuated narrowly within the earlier range but near the highs. In the afternoon, prices gradually eased off owing to ring scalpers selling and on some hedge selling. May declined to 6.48 and July to 6.63, new lows for the day, 6 to 7 points down from the early nights. In the late trading, however, prices rallied again almost to the highs on a sharp upturn in stocks and wheat May closed at 6.51 up 3 points net for the day, July at 6.68 and October at 6.91 up 4 to 6 points net respectively.

Liverpool is due on New Orleans tomorrow unchanged to 1 penny point higher.

Port receipts 6,477, for week 13,748, for season 7,603,635, last season 9,341,036. Exports 998, for week 17,040, for season 6,202,890, last season 6,982,586. Port stock 4,263,616, last year 4,398,014. Combined shipboard stock at New Orleans, Galveston and Houston 87,718, last year 146,581. Spot sales at southern markets 9,866, last year 7,494.

NEW YORK REPORT

NEW YORK, April 10. (AP) — Cotton climbed another 50 cents a bale in the early trading today, but most part of the gain under last hour realizing.

July contracts sold up to 6.75 or 9 points net higher later easing off to 6.68 and closing at 6.69. The general market closing steady at net advances of 3 to 5 points.

Initial prices were 4 to 6 points higher in response to relatively steady Liverpool cables. There was some selling here through brokers with Japanese and Liverpool connections, but the offerings were readily absorbed and prices worked higher during the forenoon in response to a more favorable view of general business prospects, encouraged by the strength of the stock market.

May closed at 6.53 and October at 6.91 or about 5 to 8 points off from the best.

While houses with Liverpool connections were credited with selling on balance there was some buying from that quarter presumably to undo sold straddles.

Spot merchants here reported a slow demand for spot cotton, but said that mills were fixing prices on old purchases to cover recent sales of cotton goods.

Liverpool cables attributed the steadiness there to scattered buying from the trade and local sources and said the spot market was dormant with the demand from spinners restricted by the Easter holiday closings.

Livestock

KANSAS CITY REPORT

KANSAS CITY, April 10. (AP)—Under the influence of a slightly improved trade at eastern dressed beef market and with total receipts of cattle at 11 markets reduced around 7,000 from last Monday, values on fed steers and yearlings were considered generally steady to 25 higher. A consignment consisting of 110 steers averaging 1080 lbs. in Chicago scored up to 7.00 while of good to choice grade at other markets included several loads of weighty steers brought 5.15-25. The general bulk of fed steers of all weights were eligible to sell around 4.60-5.25. Several markets reported a sizeable supply of stockers and feeders in the day's run at mostly steady prices. Bulk of replacement steers cleared from 3.75-5.25 with several loads at 5.50-65. Kansas City reported a consignment of choice Oklahoma stockers averaging 536 lbs. at 5.75.

As compared with Friday's average business, hogs turned at 5-15 lower levels, Chicago securing an early top of 3.80.

Receipts of lambs were reduced around 15,000 from last Monday and selling prices took a slightly better trend being quoted as mostly steady to strong with some sales 15-25 higher. Old crop wooled and shorn lambs bulked at 4.60-5.60 with a few loads at 5.65-75. Demand for Easter trade stimulated activity in spring lambs, various deals being completed at 6.25-8.00.

FORT WORTH REPORT

FORT WORTH, April 10. (AP)—Hogs 4,200; 10 lower than Friday; top 3.40; packing sows 2.50-3.75 or steady.

Stocks

WALL STREET REPORT
By JOHN L. COOLEY
Associated Press Financial Writer

NEW YORK, April 10. (AP)—Accumulating signs of acceleration in industry and a fairly general advance in commodity prices stimulated stocks to their best rally since March 15 today.

The market finished at the top of a lively advance, with gains ranging from 1 to 4 points for active issues. Industrials made a particularly strong showing throughout the session, leading an early rise and displaying bullish tendencies in the period of quiet that preceded the final spurt.

Steel, silver, motor and copper shares were prominent, though all divisions brightened emphatically during the last half hour. Sales totaling 1,780,654 shares were the largest since March 16.

With wheat, silver, copper, sugar, zinc, cocoa and cotton quoted at better levels and bonds firm, stocks obviously felt impelled to reflect the improved spirits so widely noticeable. An encouraging report on current steel operations, together with a favorably interpreted unfilled tonnage statement for the leading actor in that industry and the recently available statistics on automobile production further fortified speculative sentiment which seemed eager to anticipate a spring business upturn.

Grains

FORT WORTH REPORT

FORT WORTH, April 10. (AP)—Good demand was reported for all offerings on the Fort Worth cash grain market as the week started. Estimated receipts today included:

Wheat 20 cars; corn 7; oats 1; sorghums 14 and cane seed 3 cars.

Prices ranged as follows, basis car loads on track at Fort Worth, freight paid to destination, delivered Texas gulf ports, export rate, or Texas common points:

Wheat No. 1 hard 66-67. Barley No. 2 nominally 39-40; No. 3 nominally 36-39. Sorghums No. 2 milo per 100 pounds 76-80; No. 3 milo 70-75.

No. 2 kaffir per 100 pounds 66-68; No. 3 kaffir 64-66.

Delivered Texas common points group three: Corn No. 2 mixed 51-52; No. 3 white 52 1-2 to 53 1-2; No. 2 yellow 51 1-2 to 52 1-2.

Delivered Texas common points: Oats No. 2 red 30-31; No. 3 red 29-30.

CHICAGO REPORT

CHICAGO, April 10. (AP)—Well-grounded belief that the government April report would show worse crop damage than private advices implied gave wheat values a lively upturn late today.

A A decrease of 2,584,000 bushels in the United States wheat visible supply had a further stimulating effect, and so too did reports of dust-storms southwest, with predictions of freezing temperatures tonight. Little attention was paid to inflation talk, crop news being the dominant factor.

Wheat closed firm, 1 to 1 3-8 above Saturday's finish, corn 3-8 to 5-8 up, oats 3/8 to 1-2 advanced, and provisions unchanged to a rise of 2 cents.

Akron Probe

commander of the silver dirigible. Since McCord was appointed the ship's skipper last January 3, he said, "the ship had operated more extensively and successfully than at any other time in her history."

Is Visibly Affected

Wiley was visibly affected as he spoke of his former chief. His voice grew husky as he praised him and lauded the calm courage and discipline of both officers and crew as the ship made the final plunge to her doom.

In his testimony today Wiley recounted bit by bit all the details of the fatal trip from the takeoff in fog and poor visibility from here at 7:28 last Monday night to his last calm order, "stand by for a crash."

Among the highlights of Wiley's testimony, to be continued tomorrow, were:

Highlights Of Testimony

That the ship's 1600 feet altitude during the storm was considered safe flying under the weather conditions;

That the fact the ship was 5,000 pounds heavy in the storm was not unusual, since it had weathered bad weather when 40,000 pounds heavy;

That McCord changed his course to 120 degrees true just before the crash broke because "he did not know where we were," and wanted to seek territory to the southeast where there was no danger of flying over a city with tall buildings.

And that the ill-fated Akron was, in his opinion, a trustworthy ship.

Banker At Prison Chores

It is quite a change from the swivel chair and mahogany desk of a bank president to a wheelbarrow full of rocks, but John A. Deery, former president of the closed Salem Trust Company, an affiliate of the Federal National Bank, seems to be bearing up all right at that. He is shown at work on the Essex County, Mass., Prison Farm, where he is serving a year's sentence after pleading guilty to accepting fictitious obligations and making loans to insolvent individuals.

Abernathy Youth Named Head Of Future Farmers Gathering

First Meeting Is Held Monday At Plainview; Other Officers Selected; V. S. Payne To Be Advisor

(By Staff Correspondent)

PANHANDLE PLAINS DAIRY SHOW, PLAINVIEW, April 10. —Huet Johnson, Abernathy school boy, was named president of the South Plains Future Farmers of America district organization at its first meeting here Monday afternoon. He was chosen over three others when some 20 boys from six towns met in the House of Friendship.

Officers named besides Johnson were: Harold Jackson, Ralls, vice-president; Sterling Waddell, Plainview, secretary; Elbie Stockton, Crosbyton, treasurer; Basil Sherman, Olton, reporter; Lloyd Nelson, Floydada, "watch dog" and Doss Buntin, Plainview, parliamentarian.

Basil Sherman acted as temporary president in getting the meeting started. Sterling Waddell was temporary secretary.

V. S. Payne, Abernathy vocational teacher, named by the teachers at a recent meeting as counsellor, was named advisor of the district chapter.

It was decided to hold another meeting of the district chapter at Texas Tech on Saturday, May 6, when the district oratorical meets are held. At that time plans for the proposed summer encampment will be held. A date also is to be selected for the encampment and a place.

The boys also decided to ask for the selection of a supervisor of vocational agriculture for this district to be named by the state director. It was understood the state department plans to name a supervisor.

Schools represented were: Floydada, Crosbyton, Ralls, Abernathy, Olton and Plainview. The boys also voted to give each school three votes at each meeting, as a maximum, although no limit was placed on the number of boys who might attend from any school chapter.

Teachers present, who spoke briefly when called on by the president, were: J. H. Taylor, Crosbyton; W. C. Taylor, Ralls; C. J. Van Zandt, Post; O. T. Williams, Floydada; J. W. Hulsey, Olton and V. S. Payne.

Improvement Reported

of the government's plans to stimulate economic recovery, came definite reports of improvement. Steel ingot output, as estimated by "steel" was placed at 17 1-2 per cent of capacity, up 2 points from a week previously, although still somewhat under the best levels of February. Week-end reports from the automobile trade noted quickened production and better sales.

The United States Steel Corp. issued its monthly report of unfilled orders, showing a reduction for March of only 13,198 tons, which was much smaller than expected in Wall street. In view of the paralyzing effects of the banking crisis, Wall street would not have been surprised at a drop of 100,000 tons.

The bar silver market bulged up in response to the announcement of Secretary of State Hull that the problem of this depressed metal would be considered in the Washington conversations with leading European statesmen, preliminary to the world economic conference. Copper has strengthened by expectations that Washington discussions would pave the way to a general amelioration of the burdensome restrictions placed on world trade. The sharp but abortive advance in raw staple prices which was prompted by the war debt moratorium in the summer of 1931 was recalled.

Tax Collections In City Reported Higher Monday

Collections of delinquent school taxes exceeded $2,000 Monday, for the best day since the board exempted interest and penalties and announced the schools would close April 15 unless taxes were paid.

The board will conduct a meeting later this week for the purpose of determining its future course. President J. T. Hutchinson said.

Several Lubbock property owners are said to be arranging to pay delinquent taxes. Board members repeatedly have emphasized the seriousness of the situation. They have pointed out that if the schools are forced to an early closing the scholastic standing may be endangered.

Slaton Schools Are To Refuse Transfer Studes

SLATON, April 10. (Special) — Slaton public school board members in session tonight discussed advisability of accepting transfer students this spring and decided it was impossible to include additional scholastics because of the overcrowded condition here.

Supt. A. R. Ellis said today that as many as 50 students are in one room in the schools here. Board members named teachers for the 1933-34 academic year, but the selections were not announced.

David Rush, aged 83, won the All-England lace knitting contest held at Leighton Buzzard.

Government Wins And Bishop Cannon Loses In Court Suit

WASHINGTON, April 10 (AP)—The government won and Bishop James Cannon, jr., of the Methodist Episcopal church, south, lost in the supreme court today on a decision revolving around an indictment against the churchman for violation of the corrupt practices act in his 1928 campaign against Alfred E. Smith.

The indictment was brought by the government, charging Cannon and his secretary, Miss Ada L. Burroughs, had failed to report all contributions alleged to have been received by them during that campaign.

Illegal Voting In Borger City Election Is Charged

BORGER, April 10 (AP) — Four city officials today filed suit in eighty-fourth district court seeking an injunction restraining the newly-elected commission from taking office until ballots in last Tuesday's municipal election were recounted.

They were John R. Miller, mayor, Henry Knight, H. G. Gilliam and C. C. McClelland. Their petition alleged that 106 illegal votes were cast and set forth names of persons who allegedly had so voted and why they took their action.

FLIER ARRIVES

ATHENS, Greece, April 10, (AP) — Miss Jean Batten, 23-year-old New Zealand girl, arrived here from Naples today on a solo flight from Australia. Flying a light biplane once owned by the Prince of Wales, she left Lympne, England, yesterday morning.

New York state had 469,608 men in the World war.

AN OBLIGATION Of Yourself By Yourself To Yourself

The attention and activities of this Association are usually confined to the status of your obligations to others, but at this particular time we want to deal just a moment with a very real obligation of Lubbock citizens to themselves, their families, their children. We refer, of course, to the situation confronting our schools.

Of all taxes levied and collected there is none which more directly benefits the average tax-payer than the school-tax; no other tax fund is so equitably divided among the very people who contribute to it. Almost one-fourth the population of Lubbock consists of children of scholastic age—And the average parent of the average child could not obtain for his son or daughter any sort of private instruction for TEN TIMES HIS SCHOOL-TAX ASSESSMENT. It is a fee we must pay—and should be glad to pay—in order to provide for the children of this city the opportunity to secure education sufficient, at least, to place them upon an equal footing with those of other communities.

Let's not permit Lubbock's schools to close! Let's pay that obligation to our children! And let's do it NOW, in order that the year's work of these children may be not wasted—in order that it may be completed in the way they expected to complete it, and in the way they have every right to complete it!

SOMETHING NEW
REBUS

Everyone is talking about the new puzzle "Rebus." Test your skill with this new word-picture riddle. It's fascinating . . . it's intriguing.

"Rebus" is a combination of pictures and words which may be deciphered into a complete sentence.

Can YOU make a sentence from today's "Rebus." If you can, bring your solution to the Avalanche-Journal Classified Ad Department before 6 p. m. Tuesday, April 11th. The two persons submitting the best correct sentence will receive two guest tickets to see "A Lady's Profession" at the Lindsey Theater Wednesday and Thursday.

Toppers For Society "Big Top"

Leave it to a lady to make a fuss over choosing a hat. These society girls, participants in the horse show and circus, held at Fort Myer, Va., recently, can't seem to make up their minds as to which of the high hats they'll wear. The girls are: Mary Fisher, Marguerite Bunyeatt and Helen Manley. The circus is one of the outstanding society events of the capital and vicinity.

Millions Of Gallons Of Water Are Drawn For Consumption In Lubbock

More than 482,150,000 gallons of water were drawn from the city's wells in the past 12 months for consumption here, an annual report of M. R. Smith, jr., city engineer, showed.

The daily average was 1,321,000 gallons, and the peak pumpage in 24 hours was July 14 when 2,811,000 gallons set a record.

July was high month in amount of water pumped, with 56,354,000 gallons. February was low with 30,947,900 gallons. Least water drawn in one day was last Christmas, with 612,600 gallons.

One of two wells north of Texas Technological college held the record for amount of water produced. The average was 621.9 gallons per minute. Average production for all wells was 477 gallons.

While waiting for a repair man to mend a burglar alarm a St. Louis wholesale grocer was robbed of $1,456.

NOTICE OF BANKRUPT'S PETITION FOR DISCHARGE

In the district court of the United States for the northern district of Texas.
In the matter of Nicolas John Lanotte, Bankrupt. No. 197 in Bankruptcy.
Office of Referee, Lubbock, Texas, April 8, 1933.

Notice is hereby given that Nicolas John Lanotte of the County of Garza, and district aforesaid, did, on the 7th day of April, 1933, file in the Clerk's office of said Court, at Lubbock, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 9th day of May, 1933, file with the Referee for the Lubbock Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

W. D. GIRAND,
Referee in Bankruptcy.

THE STATE OF TEXAS
To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon Litta M. Jones by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the 72nd District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the Fourth Monday in May A. D. 1933, the same being the 22nd day of May A. D. 1933, then and there to answer a petition filed in said Court on the 1st day of April A. D. 1933, in a suit, numbered on the docket of said Court as No. 5511, wherein R. R. Jones, is plaintiff, and Litta M. Jones, is defendant, and said petition alleging that plaintiff and defendant were lawfully married in Dupage County, Illinois on the 4th day of July, 1910, and lived together as husband and wife until March 20, 1930, when without provocation or cause whatever, the defendant voluntarily left and abandoned said plaintiff.

Wherefore plaintiff prays for judgment dissolving said marriage relations, and for such other relief that he may be entitled to and etc.

Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Lubbock, Texas, this the 3rd day of April A. D. 1933.

CHAS. B. METCALFE, Clerk,
72nd Dist. Court, Lubbock County.

Local Tax On Lands Sought

West Texans Seek Authority To Tax University Lands In Area; Bill To That Effect Before The House

MIDLAND, April 10 (AP)—Taxation for local purposes of university lands in the 17 West Texas counties in which the land is located is being sought by an organization of school superintendents and school boards under the leadership of H. G. Secrest, head of the Rankin schools.

A bill with that object offered by B. Frank Haag, of this city, and T. P. Metcalf of San Angelo, state representatives, is now before the house. It proposes a constitutional amendment to permit school districts containing university lands to levy for tax purposes.

Counties affected are: Schleicher, Pecos, Upton, Reagan, Andrews, Ector, Hudspeth, Crane, Reeves, Loving, El Paso, Martin, Culberson, Irion, Crockett, Terrell, and Ward. These counties in the past six years have paid nearly $14,000,000 into the University of Texas fund, Secrest, a graduate of the university, claimed.

Secrest explained that under the present tax rates, all the school districts affected would collect only about $12,000.

"That appears to be a small sum," he said, "but it must be kept in mind that all these school districts are relatively poor, and $12,000 divided among them would mean longer school terms and better facilities."

He cited the Rankin district where nearly one-fifth of the total taxable acreage is university land and from which no tax revenue is received for local purposes.

Contenders for taxation have no fight to make on the university fund, Secrest said, explaining that "we merely seek what we believe is a just return from the land."

Existing Theories About The Cause Of Cancer Upset By New Discovery

BY E. F. COLTON
Associated Press Science Writer

WASHINGTON, April 10 (AP)—A startling discovery covering cancer, giving evidence at least one type of this dread disease is caused by infection with some sort of germ or micro-organism, has been announced by the United States Public Health service.

The discovery, which apparently upsets existing theories about the cause of cancer, and may open up entirely new avenues in the search for a cure, was made by Drs. T. J. Glover and J. L. Engle, working as independent investigators in the laboratories and under supervision of the public health services' National Institute of Health.

Second In Fatalities

It may mean, service officials said, that cancer can be contracted like some infectious diseases. They reported cancer now is the second leading cause of death in the United States.

Officials of the public health service said they believe Glover and Engle have found one cause of cancer, but, they added, they have not found a cure. Scientists in the past have tried vainly to find the cause of cancers, which seemed to appear spontaneously. It was known some cancers resulted from irritations but the cause of most of them has remained a mystery.

Glover and Engle believe they definitely have proved cancer can be caused by a germ infection. From a human breast cancer they obtained a "culture" of micro-organisms or germs which were grown on a special culture media or cell food, and they inoculated a female guinea pig with it. At the end of three months they found the guinea pig, on which they were experimenting, had developed a cancer at the point of inoculation. All tests showed the growth was undoubtedly a cancer known as maglignant adenoma.

They believed this indicated the cancer must have been caused by some type of germ transmitted from the human cancer to the guinea pig. Guinea pigs almost never develop spontaneous cancers, which, they felt, added to the likelihood the cancer in the guinea pig did come from the human cancer.

Theory Minimized

The theory cancers might be caused by germ infections has been minimized in recent years. Most scientists have believed cancers resulted from some chemical change within normal body cells that caused them to grow abnormally fast. Glover and Engle now feel sure, however, the cancer in their experiments is caused by some kind of living germ, but have not yet positively identified it. There may be several causes of cancer, with this germ producing one particular type.

The discovery is the result of nearly four years of research at the National Institute of Health by the two doctors.

Viking "Parlor" Game Discovered In Ireland By Group Of Archeologists; Believed To Be A Form Of Cribbage

BY HOWARD W. BLAKESLEE
(Associated Press Science Editor)

CAMBRIDGE, Mass.(AP)—Harvard archaeologists have discovered in Ireland an ancient Viking game that no one knows how to play, a "parlor" game antedating parlors by about 1,000 years.

The game is a board, about 9 inches square, smooth, set inside a square, ornately carved wooden frame around a painting. The smooth inner surface is perforated by 49 round holes, evenly spaced, seven on each side, the magic number seven multiplied by itself no matter which two sides are used as the factors for multiplication.

A Ringed Hole

The center hole is surrounded by a ring, cut in the wood. This ring is double, like a child's drawing of a circular road. Each of the four corner holes has a quarter circle in front of it, made of only one groove.

The archaeologists suggest that the ancient board might have been used for some form of cribbage. The mystery is not clarified by two handles of wood attached to the frame around the board. Each handle is rounded, much like a door knob, one nearly twice the size of the other.

The big handle is carved rudely in the likeness of a human head; the little one an animal's head.

Border Is Viking Pattern

This gaming board was found by the Harvard expedition under direction of Professor E. A. Hooton, now engaged in a five-year survey of ancient Ireland. It was in a 10th century lake dwelling in Ballinderry, county Westmeathe.

The design of the border is a pattern peculiar to the Vikings of the 10th century, and the archaeologists have concluded that Vikings dwelt in this middle-of-the-lake dwelling which was both a home and a fortification, capable of housing about 40 persons.

The board contains also Christian crosses of a style common to the Isle of Man.

The ancient dwelling was found by Dr. Hugh O'Neill Hencken, curator of European archaeology and Hallam L. Movius, both of the Peabody Museum, Harvard.

The board shown above, approximately 9 inches square, was discovered in Ireland by archeologists. It was used by the Vikings as a "parlor" game centuries ago.

A DOG'S PLACE

HYANNIS, Mass.—Mrs. Joseph A. Dixon has decided that a dog's place is outside, no matter how cold the night. Mrs. Dixon felt pity for her police dog, which had been sleeping out for several months on a recent cold night, so she brought him in the house. The same night 41 of her chickens were stolen. State police recovered the chickens from a farm in Brewster, but from now on the dog sleeps out.

CAME OUT WITH HIVES

BOSTON—JohnQuigley has found a good way to get out of jail. It worked once, anyway. Quigley was arrested on suspicion, but he had hardly been in jail for a day when he broke out with hives. Police were undecided whether it was caused by nervousness or prison fare, but after talking it over they decided to let him out.

Three-fifths or more of a mutilated United States paper currency bill, note or certificate is redeemable at face value by the treasury department.

A POOR REWARD

COLUMBUS, O.—Little Betty Chapin, 9, received a bad bite when she tried to help a dog which had been run over by an automobile. The dog was fatally hurt and probably in great pain. When Betty tried to pick the dog up it turned and bit her. In the hospital where Betty was treated she said, "I guess the doggie didn't like me."

ALL A BLANK

SAN FRANCISCO—Mrs. Robert P. Callahan was not kidding when she objected to Callahan's going to an ice skating party. When Callahan headed toward the door Mrs. Callahan picked up the family gun and fired a charge in his general direction. She was more shocked than he was when he didn't fall. The gun was loaded with blanks.

Luckies Please!

Amalfi, Italy, gem of the Bay of Naples

In every corner of the world, both here and overseas, wherever you find joy in life, 'tis always "Luckies Please"

Two things that everybody wants!

When smart folk gather along the mild and lovely Neapolitan Riviera—how natural it is to see Luckies there...for people the world over want a cigarette that has *Character* . . . and *Mildness*.

Lucky Strike's unique *Character* comes from the choicest of fine, flavorful tobaccos . . . But more than that—there's the mildness that's imparted when those tobaccos are "Toasted". For these two reasons—*Character* and *Mildness*—"Luckies Please!"

because "It's toasted"
