VOLUME 83, NUMBER 3

TAHOKA, LYNN COUNTY, TEXAS, THURSDAY, JANUARY 16, 1986

10 PAGES IN ONE SECTION

## Two Honored, Tax Appraisal Officers Named

Larry Hagood, former chairman of the Lynn County Tax Appraisal District board, was honored by that board Tuesday morning with a plaque for "outstanding service" during the last six years. Hagood, who resigned recently, received the plaque from Curtis Wilke, new chairman of the board named as the group reorganized Tuesday.

A plaque of appreciation in memory of the late Cates Zant, board member for six years, also was presented. Zant, of New Home, was killed in a traffic accident recently. New members of the board are Paul Kiser, who was chosen as secretary-treasurer, and A.C. Fillingim Jr. Tommy Woolam was named vice chairman and the other holdover member of the board is Roy Stephens.

APPRAISAL DISTRICT SERVICE—Curtis Wilke, left, holds a plaque presented Tuesday by the Lynn County Tax Appraisal District board in memory of Cates Zant, New Home resident who was on the board for all of its six years until Zant was killed in a traffic accident last year. Larry Hagood, right, also was presented a plaque by the board for his services as chairman of the group prior to his resignation. Wilke is the new chairman of the board. (LYNN COUNTY NEWS PHOTO)

## Religious Census To Be Conducted In Community

The churches of Tahoka will be conducting a religious census during the final week of January. The purpose of the survey is to determine how well the churches are serving the needs of our community. Five churches will be participating: Sweet Street Baptist Church, The Assembly of God, The Church of Christ, First Baptist Church, and First United Methodist Church.

Volunteers from these churches will be contacting families by telephone beginning Jan. 27 and concluding Jan. 31. Callers will ask families to verify name and address and to answer "Yes or No" to three questions related to church preference. The survey is designed to take less than 30 seconds of each family's time.

## Shooting Incident Is Investigated Here

Police were called to a residence on Main Monday in regard to a shooting incident that involved an 18-year-old Tahoka man who awoke during the night to find his girlfriend standing over him with a shotgun. She reportedly fired shots into a blanket after threats had been made. The woman suspect had eluded police and has not been located as a warrant for her arrest is pending.

A Tahoka high school student was treated for bruises at Lynn

County Hospital on Sunday after she was reported to have been assaulted by two females. Statements were made to the county attorney and a warrant for arrest was issued for the suspects. The girl was not hospitalized.

Lyntegar, located at 1807 Main, reported to police that their building was burglarized on Dec. 29. Entry was gained by prying open the back door with an unknown tool. One door was damaged and one blank check was reported missing.

Tom Cloe reported to police on Tuesday that someone had stolen an unknown amount of gasoline from the Texaco warehouse located at 1817 Lockwood. The lock on the door had apparently been cut.

Tickets issued during the past week included one for running stop sign and one ticket for impeding traffic and no proof of liability insurance.

Larry Hagood reported that 8 John Deere planter boxes had been stolen from a location 11 miles southeast of Tahoka Jan. 9 or Jan. 10. The boxes were valued at a total of \$1792, and Lynn County Crime Line, 998-5145, has offered a \$300 reward in the case.

Four Lubbock men last week pleaded guilty to offenses committed in Lynn County. All were sentenced to prison terms, no probation, by District Judge George Hansard, who heard the pleas in Lamesa.

Jewel David Townsend, 45, and Carlton Ray Edmerson, 33, pleaded guilty to burglaries of the homes of Curtis Bruedigam and Alvin Buxkemper near Wilson on Oct. 27, 1985. Each was sentenced to 20 years in prison.

James Ray Evans, 30, pleaded guilty to aggravated robbery near New Home last Oct. 8, when he took money and a car from an 18-year-old woman. He also was sentenced to 20 years in prison.

Clarence Earl Willard, 23, pleaded guilty to burglary of the home of Tommy Maeker northwest of Wilson last Nov. 8. He was sentenced to 15 years in prison.

In jail during the week were one person each for driving while intoxicated (first offense), public intoxication and DWI second offense.

to serve you in this capacity. I feel that the District Clerk's office is here to provide service to the people, and I will do my best to fulfill that ideal. I will appreciate your support in the coming election."

## Contract Extended For Superintendent

Contract for Supt. Clifton Gardner was extended for a year, through the 1986-87 school year, as the Tahoka Independent School District board met in regular session last Thursday night.

Gardner's years of experience in school teaching and administration plus his educational qualifications boost his salary past the base figure by state-mandated increments which bring him a total annual salary of \$47,500 starting in July. The school board always acts on contracts for the superintendent in January.

Elementary Principal Jerry Lancaster and Counselor Molly

Helmlinger presented a discipline management plan prepared according to guidelines recommended by the Texas Education Assn. and Texas Assn. of School Boards. The plan was unanimously adopted as presented.

A financial report presented by Business Manager Loretta Tekell showed a balance in all funds on Dec. 31 of \$1,673,242. She also reported that on Dec. 31 the 1985 tax roll collection was just under 62 per cent complete, with \$475,235 collected.

School Board President Joe Hays told the group about Internal Revenue Service rules on use of company vehicles and said the board needs to adopt a policy concerning use of school vehicles at the February meeting.

All school board members were present, plus all administrators and representatives of the classroom teachers organization and the Student Council.

## Tahoka Stock Show Slated

The Tahoka Stock Show will begin at 9:30 a.m. Saturday, Jan. 18, at the Lynn County Show Barn in Tahoka. Entry fees are \$3 per head and all students attending Tahoka public schools are eligible to participate. Terry Phillips, vocational agriculture teacher from Seagraves, will judge the show.

In an effort to increase local interest in the pork industry, a gilt division has been added to the show. Other classes include prospect barrows, market barrows, lambs and a steer class. An estimate of 100 animals is expected to be shown. Everyone is invited to attend.

## Edwards Seeks County Justice Of Peace Post

H.W. (Sam) Edwards, longtime farmer in Lynn County, this week announced his candidacy for the position of Justice of the Peace, Precinct 1, in the Democratic Primary scheduled May 3. Edwards has retired from farming after 40 years in that occupation and said he will devote fulltime to the justice of the peace job if elected.

"I believe I can handle the duties of justice of the peace well," Edwards said. "I certainly will give the job my best effort, and I will appreciate the help and votes of everyone in the coming election."

Born in Lynn County, Edwards graduated from Tahoka High School in 1938 and attended Howard Payne College one year. He graduated from Metropolitan Business College in Dallas in 1941.

Edwards served four years in the U.S. Navy in the Caribbean and South Pacific areas. He has served on the Tahoka school board, Tahoka City Council, has been a member of the Chamber of Commerce and has been a member of the Methodist Church since 1930.

He is married to the former Maxine Lindley and they have three children, Jack of Dimmitt, Jill Baker of Slaton and Jody of Grassland.

## Appraisers Now Working County

Representatives of Western Appraisal Co., Inc. of Hereford, are now in the process of appraising property in Lynn County, according to Dovie Miller of the Lynn County Appraisal District office.

"We want people to know what is going on if they see these appraisers looking at property in the county," she said.

## Sesquicentennial Committee Plans Celebration Activities

Twenty-one citizens met Monday, Jan. 13, to discuss fund raising events to support the local Sesquicentennial Wagon Train committee activities. Nadine Dunlap is chairman and Carl Reynolds, city manager, was elected treasurer of the group.

Bobby Stone and Mike Lankford were appointed to head a committee to organize a turkey shoot. Pam Womack and Leah Taylor were appointed to set up a boot raffle.

Mrs. Dunlap said immediate funds are needed to cover postage and a sign to be erected at the campsite. Future funds will be needed to buy plaques, trophies and ribbons for contests to be held in conjunction with the celebration.

Other suggested activities prior to the arrival of the wagon train were a barn dance with family game night, and an old-fashioned box supper.

Activities under consideration for the arrival of the wagon train May 8 and at the campsite are a school western week, with judging for best costume for different age groups, a beard growing contest, a musical pageant, dance, evening meal, sing-a-long and a calf dressing.

A committee chaired by Pam

Womack will meet Monday, Jan. 16, at 7:30 p.m. in the home of Maurice Huffaker to discuss the activities to be presented to the wagon train committee at their next meeting. Other committee members are Grace and Maurice Huffaker, Horace Rogers, Leah Taylor, Nadine Dunlap, Boyd Barnes, Judge J.F. Brandon, Beth Huffaker. Other interested students or individuals are invited to attend.

Other citizens who attended the meeting and are working on different aspects of the wagon train are Booger Redwine, George Mc Cracken, Stanley Young, Ann Roberts, Lynn Lankford, John Edwards, Mel Leslie, Winston Wharton, Dub Harvick, and Bob and Betty Cranford.

## County Grievance Committee Named

A grievance committee for county employees was appointed by Lynn County commissioners in the group's regular meeting Monday. The group is set up to hear any complaints from county

employees regarding salaries. A committee is appointed each year, and usually does not have to meet; however, the committee did function last year when some employees were dissatisfied with the amounts of scheduled pay increases. Names of this year's committee were not released since some of the members had not been notified by Tuesday.

Commissioners also paid several annual dues and other bills. Included were a microfilm bill of \$9,880, monthly payment to the district attorney's office of \$1,719, quarterly payment to workman's compensation of \$125 for dues, payment to the Soil Conservation Service of \$1,500.

Billy Tomlinson appeared to discuss the county Emergency Medical Services, and a holiday schedule for county workers was adopted.

All commissioners were present for the meeting, plus Judge J.F. Brandon.

## WOODWORK

BY DALTON

NOT LONG AGO I read a column in the Lubbock newspaper in which the writer said that we need to do away with January and February because they are useless.

I don't remember which writer it was, but I do agree with him/her, for the most part. The writer pointed out that January and February are best known as times when you can't go outside and be comfortable, when everybody has colds and medical expenses skyrocket, and people get even grouzier than usual.

Of course there are some special observances and activities in January, like stock shows, Ground Hog Day, Valentine's Day, President's Day (which is what they now use for George W. and Abe's birthdays), the Super Bowl and the birthdays of Martin Luther King, my brother John, our granddaughter and a couple of other members of our family.

Some of those days we could do without; I'll let you decide which ones.

Bears have the right idea. Mostly they sleep through the winter, or so we've heard. Except the Chicago Bears, who seem to be pretty active.

THE BIGGEST enemy of all human endeavor is apathy. No matter what someone pro-

poses to do, unless somebody has strong feelings for or against it, it won't have a chance of getting done. If you make a suggestion to the people as to whether we should remodel city hall or blow it up, you probably would get some strong reaction favoring each alternative. This would at least give the people in authority something on which to base a decision. But if everybody just shrugs and says "I don't care either way," or "I don't want to get involved," then nothing is ever done.

I can, however, sympathize with the "don't care what happens" group. There are many things which people get all uptight about that don't bother me much. In fact, I've been considering starting an organization called Bored, Lazy, Apathetic Humans Society (BLAHS). But it takes so much energy to start up any kind of organization that I believe I'll just forget the whole idea.

## Joy Laws Asks Re-Election As District Clerk

Joy Laws, District Clerk, Lynn County, this week announced that she will be a candidate for re-election to that position in the Democratic Primary in May. "I appreciate the opportunity

MR. AND MRS. C.E. BIRDWELL

### C.E. Birdwells To Celebrate 50th Wedding Anniversary Sunday Jan. 19

Mr. and Mrs. C.E. Birdwell will celebrate their 50th wedding anniversary with a reception Sunday, Jan. 19, from 2 to 4 p.m. in the fellowship hall of Sweet Street Baptist Church in Tahoka. The reception will be hosted by their children, Mrs. Carolyn Phernetton and Mr. and Mrs. Billy Birdwell. Birdwell and the former Estelle Swindall were married Jan. 21, 1936 in Roysse City, Tex.

### Crawford-Darnell Wedding Held

Sheila Crawford and Terry Darnell were united in marriage Saturday, Jan. 11, in the home of Mr. and Mrs. Kenneth Don Vestal of O'Donnell with Rev. Gene Wisdom, pastor of Tahoka First United Methodist Church, officiating.

Parents of the bride are Mr. and Mrs. Dickie Randolph of Mission and Herman Crawford of Draw. Parents of the groom are Mr. and Mrs. Glen Darnell of Eunice, N.M.

A dinner was served to the wedding party after the ceremony by the hosts.

Other out-of-town guests were Mrs. Shane Crawford and Seth of Springlake, N.C. and Carol Kerr and Angela of Lubbock.

The couple will live in Snyder where the bride will be enrolled at Texas Western Junior College. The groom is employed by Sun Oil Co.

### Mothers March Against Birth Defects Slated

Volunteers in Tahoka are preparing for the March of Dimes Mother's March Against Birth Defects. Chairman Debbie Vickers said that all volunteers in Tahoka will join volunteers across the country the weekend of Jan. 24-27 in marching in their neighborhoods.

Every year, more than 250,000 babies are born with birth defects in the United States. Only through the generosity of the American public can March of Dimes research continue.

Funds are needed to continue programs of education and research into the causes and preventions of birth defects, the nation's number one infant and child health problem.

Mrs. Vickers asks all Tahoka residents to help when the Mother's March volunteer calls on you.

### Tahoka School Menu

Jan. 20-24, 1986  
**BREAKFAST**  
**Monday-** Buttered rice, toast, orange juice, milk  
**Tuesday-** Donuts, sliced pears, milk  
**Wednesday-** Corn Pops, orange halves, milk  
**Thursday-** Pork sausage, biscuits, butter, jelly, grape juice, milk  
**Friday-** Comp. Day  
**LUNCH**  
**Monday-** Beef tacos, cheese cups, tomato-lettuce salad, pinto beans, cornbread, pineapple cake, milk  
**Tuesday-** Hamburger, French fries, lettuce, onions, pickles, purple plum cobbler, milk  
**Wednesday-** Steak & gravy, creamed potatoes, tossed salad, hot rolls, sliced peaches, milk  
**Thursday-** Hot dogs, chili, baked potatoes, tossed green salad, applesauce cake, milk  
**Friday-** Comp. Day

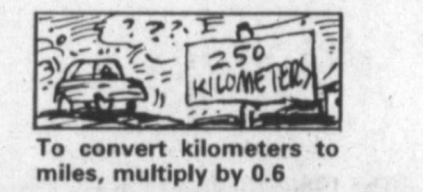

**PECAN SHORTCOURSE--** Commercial pecan growers as well as individuals with a few backyard trees will find the 1986 Texas Pecan Growers Shortcourse at Texas A&M University a rewarding experience. The shortcourse will be at Rudder Center Jan. 27-31 and will feature all phases of pecan production, points out a horticulturist with the Texas Agricultural Extension Service. Among topics will be grafting, varieties, site selection, marketing, handling and storage, disease and insect control, irrigation and water management, fertilization, harvesting, timber marketing and weed control.

**SEMINAR FOR LAND-OWNERS, INVESTORS--**A seminar to explore income-generating and tax-saving opportunities for landowners and investors will be held Jan. 23-24 at the Holiday Inn in Brownwood. The seminar is aimed at farmers, ranchers and others with land holdings, notes an economist with the Texas Agricultural Extension Service. Discussions will deal with enterprise budgets, lease agreements, getting loans, tax-saving moves, property ownership, different types of investments, estate planning and estate tax management.

### Look Who's New

Jay and Cathy Ross are the parents of a daughter, Haleigh Blane, born Monday, Jan. 6, at 4:32 p.m. in Community Hospital in Lubbock. She weighed 7 lbs. 10 ozs.

Grandparents are Mr. and Mrs. Bill Chancy of Tahoka, Jerry Don Ross and Nancy Ross of Lubbock. Great-grandmother is Johne May Cook of Lubbock.

To convert kilometers to miles, multiply by 0.6

### AREA STUDENTS NAMED TO PRESIDENT AND DEAN LISTS

Two students from Tahoka have been named to the President's and Dean's Honor Lists at South Plains College for the 1985 fall semester.

Danette Phillips was named to the President's Honor List and Leslie Valentine was named to the Dean's Honor List.

To qualify for the President's list, SPC students must maintain a 4.0 grade point average for the semester. Students on the Dean's Honor List must maintain a minimum grade point average of 3.25. All honor students must enroll for a minimum of 12 semester hours.

### Arbor Day Ceremony Slated

Friday, Jan. 17, Arbor Day, will be celebrated by a dedication ceremony and planting of two trees donated by the Texas Forest Service on the Tahoka courthouse lawn at 10 a.m. by the Sesquicentennial Committee according to Beth Huffaker, chairman.

The public is invited to attend.

### Paul Milosevich To Lead Workshop

Post Art Guild will begin their first major workshop of the season with Paul Milosevich as instructor with classes March 6, 7, 8, consisting of oil, pastel, or watercolor. Tuition will be \$100 and a refundable deposit of \$25 is required by Feb. 15.

More information is available by contacting Geraldine Butler, P.O. Box 247, Post, TX or call (806) 495-3308.

The Tahoka Garden Club will honor Arbor Day and a short history will be presented by Mildred Abbe Jan. 21 at the Lynn County Pioneer Club. A tree will be planted in observance. Members of the Garden Club will eat lunch at the Pioneer Club.

## President Reagan Recognizes January as Birth Defects Prevention Month

Recognizing that birth defects strike more than 250,000 Americans annually — one infant born every other minute — President Reagan has signed a statement urging all Americans to join him in observing January as March of Dimes Birth Defects Prevention Month.

In making the announcement, the President welcomed 1986 March of Dimes National Ambassador Scott Cunningham to the White House. The 6-year-old resident of Eight Mile, Alabama, serves as a living reminder of this nation's most serious child health problem.

More than 3,000 mental and physical disorders are known collectively as birth defects. But, as the president's statement emphasizes, many are now preventable.

"The struggle (to prevent birth defects) is moving ahead on many fronts. More than 500 medical researchers receive support each year from the March of Dimes. Scientists in the laboratory, doctors and nurses in intensive care nurseries, prenatal care educators, as well as countless volunteers, are brightening the outlook for America's babies."

Support for March of Dimes programs of research, medical service, and education comes entirely from the American public. Thanks to volunteer efforts including January's Mothers

President Reagan signs a statement recognizing January as "Birth Defects Prevention Month," flanked by 1986 March of Dimes National Ambassador Scott Cunningham. The 6-year-old resident of Eight Mile, Alabama, represents the quarter-million Americans born annually with birth defects.

March on Birth Defects, the outlook for babies yet to be born brightened considerably in 1985.

For example, approximately 37,000 babies are born annually with some type of heart defect. But a new technique using ultrasound is allowing doctors to detect and treat some heart defects at, or even before, birth.

The procedure uses high frequency,

inaudible sound waves to examine structures and movements deep inside the body, including those of the fetus and its internal organs. Developed under a March of Dimes grant at Yale University School of Medicine, this method holds promise for many babies who suffer from potentially fatal heart problems annually.

Ultrasound also plays a part in a new program designed to reduce the effects of spina bifida or "open spine." One of the most common severe birth defects, spina bifida often results in lower-body paralysis.

But doctors at the University of Washington — March of Dimes Birth Defects Clinic in Seattle have developed a treatment program that includes delivery by cesarean section. This experimental approach eventually may help many of the 2,000 infants born with spina bifida every year.

Yet another March of Dimes program is helping babies from respiratory distress syndrome (RDS), a dangerous and often fatal complication of premature birth. Babies born with RDS lack a substance called surfactant, which keeps the lungs from collapsing after exhaling.

March of Dimes-supported research at the University of California, San Diego (UCSD), has perfected a way to separate surfactant from amniotic fluid donated by full-term mothers. Some 55 premature infants treated with donated surfactant at UCSD now are leading healthy lives.

What significance do all of these innovations have? President Reagan's statement puts it best: "Medical breakthroughs (such as these) are bringing us closer to the goal of a healthy start in life for all babies."

### Ronald Lusk Is Graduate Of STSU

Ronald Lusk, formerly of Tahoka, was among the 1,243 Southwest Texas State University students who filed for degrees awarded in winter commencement ceremonies Dec. 20-21 in Strahan Coliseum, San Marcos.

### Tuesday Bridge

The winners at Tuesday Duplicate Bridge Jan. 7 were: first; Betty Taylor and Fern Leslie; second, Ruby Miller and Margie Maddox; third, Betty Hurd and Maxine Edwards.

### PUBLIC NOTICE

General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice that a Private Pay Telephone Service Tariff has been filed with the Public Utility Commission of Texas.

Under the proposed tariff, Private Pay Telephone Service would be offered for use with a privately-owned coin or credit-card operated telephone, at the request of the customer. The new service is scheduled to become effective on March 16, 1986, or upon approval by the Public Utility Commission of Texas.

The matter has been assigned to Docket No. 6309.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757.

Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

## 4-H News

### 4-H Leadership--Strength For The Future

4-H is designed to foster leadership, to help give direction to the lives of young boys and girls. The 4-H leadership program takes that charge a step further.

4-H'ers in the leadership program learn to develop their personal skills and talents so as to lay the groundwork for the future.

In the 4-H leadership program, youth learn to:

\*Identify and understand roles, attitudes, tasks and functions necessary for effective leadership.

\*Seek guidance in leadership development, which will provide opportunities to develop self-confidence.

\*Strengthen local 4-H units by becoming involved in leadership responsibilities and encouraging other youth to do so.

\*Actively participate in program planning, development implementation, and help recruit new members and leaders.

The 4-H leadership program is supported by Reader's Digest, which provides numerous awards to top individuals. These include medals of honor, an expense paid trip to the National 4-H Congress in Chicago each fall to one member per state, and two \$1,000 scholarships and two silver trays at the national level.

For additional details about the 4-H leadership program as well as other phases of 4-H, contact the county Extension office.

### Girl Scout Cookie Sale Set

The 1986 Girl Scout Cookie Sale began last week and will continue through Jan. 26. Types of cookies being sold are Thin Mints, Coconut Creams, Chocolate, Hoedowns, Golden Yangles, Scot-Teas, and Savannahs. Price per box is \$2.

If you have not been contacted and would like to order cookies, please contact one of the following: Dorothy Draper, 998-4454, Jo Ella Rash, 998-4659 for Troop 182; Jody Longoria, 998-5148 or Helen Saldana, 998-4601, leaders for Troop 272; or Pam Martin, 998-5126, leader for Troop 24.

## Hays Wins First In Forensic Tournament

Katie Hays won the first place trophy in the novice division of the Persuasive Speaking contest at the Friona High School Forensics tournament Saturday, Jan. 11. Katie is a senior and this was her first speaking competition.

In three rounds of preliminary speaking, Hays had three first place rankings. She received 1 rankings from three judges in the semi-final round as well as 1 rankings from three judges in the final round.

Poetry reader Dawn Teaff advanced to the semi-final round of competition.

Other students competing were David Raindl, Informative Speaking; Dene' Valentine, poetry; and Kathy Davis and Boone Barrow, prose.

Speech coach, Mrs. Leah Taylor accompanied the students to Friona.

## Postal Exams Slated Soon

Harry Hall, Sectional Center Manager/Postmaster, Lubbock, has announced that the Clerk-Carrier Examination will be open from Jan. 27, 1986 to Feb.

7, 1986 for the Childress, TX area (Childress, Chillicothe, Clarendon, Crowell, Guthrie, Matador, Memphis Paducah, Quanah, Quitaque, Roaring Springs, Silverton, and Turkey), and Lubbock, TX and the Distribution Machine Clerk Examination and the Clerk-Stenographer Examination will be open during those dates for Lubbock only.

Persons who are interested may fill out application blanks at the post offices listed during the "open" period and further details can be obtained at these offices. Starting salary for all positions is \$9.64 per hour.

## Scout Cake Auction Planned Monday

The third annual Cub/Boy Scout cake auction will be held Monday, Jan. 20, at 7 p.m. in the Tahoka school cafeteria.

Bidding will be on cakes baked by father-son. This is the only money making project for the local scouts. Your support will be appreciated.

## SHEILA FILLINGIM RECEIVES DEGREE

Sheila Tankersley Fillingim of Lubbock, daughter of Clifford Tankersley of Tahoka, received a master of science degree in home economics education Dec. 20 from Texas Tech University. She is a teacher in Meadow High School.

**THE LINGERING COLD IS BAD NEWS**

How does your cold usually start out—cough, sore throat, snuffle? For each of us it is most often the same symptom for each cold. And usually your cold will run its course in about the same way every time. If it's not really a severe one you might even get rid of it without seeing your physician.

The cold you want to be extra careful with is the one that does not follow your usual pattern. Either it starts off differently or it does not respond to your efforts to treat it. Don't let this kind hang on, see your physician before something serious develops.

# New Laws On Creating Water District In Effect

New laws governing the creation of underground water conservation districts in the State of Texas became effective on Jan. 5. This new legislation, passed as House Bill 2, represents a simplification of the procedures for creating underground water conservation districts and is designed to promote control of ground water.

Under the legislation, the ownership and the rights of the landowner in his underground water resources are still recognized, and nothing in the law is to be taken as a change in the ownership of underground water.

Primarily, House Bill 2 changes the manner in which the state will monitor ground water and oversee the creation of underground water conservation districts.

The new law provides that the Texas Water Commission, upon receiving a petition and after notice and public hearings, may designate a petition and after notice and public hearings, may designate an underground water management area. Management

areas are to be designated to provide the most suitable area for management of the underground water resources of the part of the state in which each management area is to be located. The law also provides that these management areas will coincide with the boundaries of an underground water reservoir or subdivision thereof to the extent feasible.

## Senior Citizens MENU

Jan. 20-24, 1986

- Monday**- Chicken dumplings, buttered broccoli, tossed salad, roll, canned peaches, milk
- Tuesday**- Roast beef with gravy, new potatoes, vegetables, roll, butter, fruit cup, milk
- Wednesday**- Meat Loaf, candied yams, green beans, corn, ambrosia, milk
- Thursday**- Turkey & dressing, giblet gravy, cranberry sauce, vegetables, roll, butter, cookies, milk
- Friday**- Fried fish, corn & lima beans, glazed carrots, cornbread, butter, pudding, milk

Upon the designation of an underground water management area, the commission will then determine whether the area would benefit from the creation of an underground water conservation district. If the commission fails to find that a district would be a benefit, the commission shall issue its order stating that a district should not be created; and the proceedings will end there.

However, if the commission finds that land and other property would benefit from the creation of a district, the commission will issue an order proposing the creation of a district, delineating the boundaries of the district, directing that an election be held within the boundaries of the proposed district, and appoint five persons to serve as a temporary board of directors for the proposed district.

He is a 1983 graduate of Tahoka High School.

## Men In Service

Pvt. Jesse Vega, son of Sam and Sally Vega of Rt. 5, Tahoka, was presented the Air Assault Badge upon graduation from the Army's air assault school at Fort Campbell, KY.

Trainees learned to rapidly and safely exit a helicopter from a variety of difficult situations, whether descending into tree tops or lowering themselves or injured soldiers down sheer drops.

He is a 1983 graduate of Tahoka High School.

**WINS STOCKING--Kathy Greer, daughter of Mr. and Mrs. Steve Greer of Tahoka, won a 7 foot Christmas stocking from Hollon's Furniture in Lubbock on Dec. 23. The stocking was filled with games and toys.**

## Gerald Nunley Promoted By Energas

Energas Company (OTC) announces the promotion of Gerald Nunley to Assistant District Manager in Lubbock. The former Lubbock office manager has been with the company since 1971.

Nunley, a Canyon, Texas native, who calls Hereford his home, attended Amarillo College and West Texas State University. He is a past director of the United Way of Deaf Smith County and the Kiwanis Club of Hereford.

Nunley and his wife, Mary Ann, are the parents of two daughters, Kasey, 10 and Allison, 6.

## Sales Tax Rebate Told

State Comptroller Bob Bullock sent checks totaling \$53.2 million in local tax payments to the 1,017 cities that levy the one-percent local sales tax.

January checks represent taxes collected on sales made in November and reported to Bullock by Dec. 20.

O'Donnell net payment this period- \$946.28; comparable payment prior year- \$559.32; 1986 payments to date- \$946.28.

Tahoka net payments this period- \$2,855.89; comparable payment prior year- \$1,952.08; 1986 payments to date- \$2,855.89.

Wilson net payment this period- 0; comparable payment prior year- 0; 1986 payments to date- 0.

To grate soft cheeses more easily, pop into the freezer for 15 minutes before grating.

### WAGON TRAIN ROUTE

2,800 miles of Texas fun and friendship

The purpose of the Texas Sesquicentennial Wagon Train is to link together from community to community a statewide celebration of Texas' 150th anniversary in the tradition of our western heritage.

**Important Dates in Texas History**

- 1822 - 300 Americans led by Stephen F. Austin immigrated to Texas and founded a colony in what is now Austin County.
- 1836 - Under the leadership of Samuel Houston, Texas won its independence.
- 1845 - Texas became the 28th state in the Union.

**Tentative Schedule of Route:**

Sulphur Springs, TX	Johnson City	Lubbock	Pilot Point
Winnburg	L.B.J. Ranch	Anton	Denton
Pittsburg	Luckenbach	Littlefield	Argyle
Gilmer	Kerrville	Spring Lake	Lewisville

## Notice To Public Of No Significant Impact On the Environment And Notice Of Intent To Request Release Of Funds

City of Wilson  
P.O. Box 22 • Wilson, Texas 79381 • (806) 628-2621

### TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about February 1, 1986, the City of Wilson will request the Texas Community Development Program (TCDP) to release Federal funds under Title I of the Housing and Community Development Act of 1974, as amended, for the following project:

### Water and Sewer Improvements (contact #S705909)

The above referenced project will be carried out as part of a 1985 Texas Community Development Program (TCDP). This project will involve the installation of approximately 220 linear feet of 4 inch water line, 5,000 linear feet of 6 inch water line, three fire hydrants, all related residential connections, and associated appurtenances necessary to complete loops in the water distribution system in north Wilson.

In addition, Wilson will install one sewerage lift station, 2,835 linear feet of 6" sewer line, two cleanouts, 5 manholes, 8 required service connections and associated appurtenances in southeast Wilson.

The purpose of the water improvements is to alleviate the problem of inadequate fire protection and unsanitary water in north Wilson. The purpose of the sewer improvements is to replace the city's existing lift station, which is of inadequate capacity, and to provide first time sewer hookups to several households in southeast Wilson. Maps showing the location of the project areas are available for inspection in the Wilson City Hall.

### Finding Of No Significant Impact

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the City of Wilson has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969.

The reasons for such a decision not to prepare such statement are as follows:

Once the project is completed, the citizens of Wilson will have an improved water and sewer system. There will be no negative impacts on the environment as a result of the project. None of the activities to be undertaken will affect or be affected by the 100 year flood plain, and no effect is expected on protected or endangered wildlife or vegetation.

During the construction phase of the project, some minimal increases in air and noise pollution may occur, but air quality and noise levels will return to normal after construction is completed. The construction may also bring a slight increase in the traffic flow to the community. However, the traffic flow will return to normal once construction has ended. The project will not affect any properties of known historic or archaeological significance.

An Environmental Assessment respecting the within project has been made by the above-named City which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Assessment is on file at the above address and is available for public examination and copying upon request in the office of the City Secretary between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday.

### Public Comments On Finding

All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments for consideration by the City to the Office of the City Mayor. Such written comments should be received at the above address on or before February 1, 1986. All such comments so received will be considered and the City will not request the release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

### Release Of Funds

The City of Wilson will undertake the project described above with Community Development Program funds from the Department of Community Affairs under Title I of the Housing and Community Development Act of 1974, as amended. The City of Wilson is certifying to TDCA that the City and Jackie Bishop in his official capacity as City Mayor consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental assessments, decision making and action; and that these responsibilities under the National Environmental Policy Act of 1969 and 24 CFR Part 58.

### Objections To State Release Of Funds

Texas Department of Community Affairs will accept an objection to its approval only if it is on one of the following basis: (a) that the certification was not in fact executed by the certifying officer or other officer of Contractor approved by Texas Department of Community Affairs; or (b) that Contractor's environmental review record for the project indicates omission of a required decision finding or step applicable to the project in the environmental assessment. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58.75) and may be addressed to Texas Department of Community Affairs, 8317 Cross Park Drive, Austin, Texas 78754-5124.

Objection to the release of funds on the basis of other than those stated above will not be considered by the Texas Department of Community Affairs. No objection received after February 21, 1986 will be considered by Texas Department of Community Affairs.

JACKIE BISHOP, MAYOR  
City of Wilson  
P.O. Box 22, Wilson, Texas 79381

## New Home News

By Florence Davies — Call 924-7479

The New Home community stock show will be held Saturday, Jan. 18, in the New Home show barn beginning at 10 a.m. The junior show clinic will begin at 9 a.m. Everyone is invited to attend.

Congratulations to Rhonda and Todd McNeely of Levelland on the birth of a daughter, Ashley Fae, born at 7:43 p.m. Monday, Jan. 6, 1986, in Lubbock Methodist Hospital. She weighed 6 lbs. 5 ozs.

Grandparents are Mr. and Mrs. Loyd Huddleston of Lakeview, Mr. and Mrs. Morris Bingham of Tahoka and Mrs. Dena Bingham of Tahoka.

Great-grandparents are Mr. and Mrs. C.B. Nowlin of Lakeview, Jim Bingham of Tahoka and Bill McNeely of New Home.

Ashley has two brothers, Dustin, 5 and Colton, 2.

Mrs. Mary Arnett was taken to St. Mary's Hospital Monday by the Lynn County ambulance. She was dismissed and returned home Friday.

Charla and Kara Hemmeline of Denver City visited in Petty Sunday with their grandparents, Mr. and Mrs. Charlie Hemmeline.

Vicki Zant brought her mother, Mrs. Juanita Zant, home for the week-end. She returned to St. Mary's Hospital Sunday afternoon for further treatment.

C.G. Kieth and sons, Freddie and Jimmie, were in Pampa Saturday to attend funeral ser-

VICES for Cecil's aunt, Mrs. Minnie Kieth, 95.

Ronnie Aughtman of Opp, Alabama visited here with the Walkers Thursday night and Friday. Ronnie is Debbie and Ron's brother-in-law.

John Edwards was an outpatient at Scott and White Hospital in Waco last week, Monday until Thursday. On their way there Saturday they visited in Tye with Mr. and Mrs. Ernest Stephens. Sunday they visited with another uncle and aunt, Mr. and Mrs. Eules Brown in Hillsboro, Mr. and Mrs. Don Brown of San Antonio and Mr. and Mrs. Jerry Roberts of Plano were also visiting there. Monday afternoon Mr. and Mrs. Horace Walker visited and had dinner with them in Temple. Horace and Mary Bess graduated from New Home High School together in 1963. He and his wife are teachers in the Waco school. On their way home Monday they visited in Abilene with Mr. and Mrs. Shorty Henson.

Clifton and Bernice Clem enjoyed a few days in Colorado last week. The snow in the mountains was just beautiful. They returned home Wednesday.

Sincere sympathy is extended to Esther Elliott and families. The Elliotts and Williams lived in our area in the 1950s.

Aluminum is the most abundant metal in the earth's crust.

## New Home School Menu

Jan. 20-23, 1986

### BREAKFAST

**Monday**- Cold cereal, apple juice, milk  
**Tuesday**- Biscuits, bacon, jelly, orange juice, milk  
**Wednesday**- Granola bar, applesauce, milk  
**Thursday**- Jelly donuts, juice or fruit, milk

### LUNCH

**Monday**- Macaroni & beef, corn on cob, fresh fruit, cheese roll, milk  
**Tuesday**- Chalupas, grated cheese, lettuce, tomato, sliced peaches, milk  
**Wednesday**- Chicken pot pie, creamed potatoes, applesauce jello, hot rolls, milk  
**Thursday**- Hamburger or cheeseburger, hamburger salad, French fries, chocolate pudding, whipped topping, milk  
**FRIDAY**- No School

**USE HEAT TAPE SAFELY**—Heat tape can keep exposed pipes from freezing this winter, but can also be a fire hazard if used improperly, says a Texas A&M University Agricultural Extension Service housing specialist. Heat tape contains electrical wires and insulation and produces heat when plugged into an electrical outlet, says Dr. Susan Quiring. "While heat tape itself is a safe product, it's often used improperly, and is a frequent cause of home fires," she adds. One study shows that 40 percent of home fires involving heat tape were caused by the tape being incorrectly installed so that it lap-

ped over itself. The specialist advises consumers to know the diameter and the length of the pipe to be protected before buying heat tape. Manufacturers usually suggest specific lengths for various pipe sizes to avoid either the hazards of overlapping or excess tape. It's better to have heat tape that's too short for the pipe rather than too-long, she says.

**COMMUNICATION IMPORTANT IN CARE FOR ELDERLY**—"About 80 percent of home care required by older people is provided by an informal network of family and friends," says gerontologist Dr. Judith Warren. "But the burden and stress of maintaining an elderly person at home leads many families to hire a part or full time caregiver." The relationship relatives develop with the paid caregiver will either help or hinder the care of the elder, observes the Texas A&M University Extension Service specialist. "Open givers," advises the gerontologist. "It's important for the relative to sit down with the care giver and develop a written plan and instructions for the care to be provided." Clear communication will help the relative insure that appropriate care is being provided, without making it difficult for the paid care giver to do his or her job, she points out.

**HELP IN LEARNING TO CARE FOR ELDERLY**—The Texas Agricultural Extension Service, and some other community groups, offer workshops on planning for the care of an aging family member, and training in care giving skills both for family members and people who wish to become paid care givers. For information on available programs in your area, contact your county Extension office.

## Morton Teams Win Over Tahoka

The Tahoka varsity girls lost to a tough Morton team 43-57. High scorers were Shannon Lawson, 23 and Tesha Hood, 11. Morton high scorers were Lynch 25 and Jackson, 16. S. Lawson had 12 rebounds.

Scores by quarters:  
 Tahoka: 9 14 7 13.  
 Morton: 8 20 15 14.  
 The varsity boys also lost their game with Morton, 18-85. Doug Lawson had 5 points; Chuck Cate, 5, 8 rebounds; John Morin, 8 rebounds.

A human being sheds skin continually, replacing it with an entire new outer layer about once every 28 days.

## Weekly Health Tip

DAYTON PARKER

**HEALTH CHECKUPS**  
 Mayo Clinic's Preventive Medicine consultants suggest periodic health checkups for healthy people:  
 One examination at age 18 - another near 25.  
 Three examinations between ages 31 and 40.  
 Four examinations between ages 41 and 50.  
 Five examinations between ages 51 and 60.  
 Annual examinations after age 60.

## Devotional

By Rev. Hazel House

**THE SACRAMENT OF THE LORD'S SUPPER**  
 Scripture: St. Luke 22:7-20; Exodus 12:3-7, 12-14.

One of the marks of Sacrament is that it is instituted by the Lord Jesus Christ, and the word "Sacrament" means "a sacred or symbolic act, traceable to Jesus, which sets forth in an object lesson great truths of the Christian faith."

I read from Exodus the account of what happened to begin the first Passover Supper and celebration. God had said to Moses and the people of Israel that He would pass through Egypt and smite the Egyptians, and the first born of every family and of every beast would die in Egypt, except those of the people of Israel who put the blood of the lamb on the two side posts, and up over the door where they lived. And this happened. And God said, Israel was to observe this happening. And they were to teach their children, saying, "It is the sacrifice of the Lord's Passover, who passed over the houses of the children of Israel in Egypt, when He smote the Egyptians" and delivered their houses, saving their children because they had taken, at God's command, a bunch of hyssop and put the blood of the lamb on and over their doors. Even so, Jesus and his disciples were eating the Passover Supper together when Christ instituted the Lord's Supper. And here Jesus was taking an old Jewish ordinance and bringing forth out of it new meaning, transforming it into the Lord's Supper. The Passover Lamb in the old Passover celebration pointed to Christ, our passover, being sacrificed for our sins to save us, and so we keep this ordinance, this sacrament of the Lord's Supper because Jesus said for us to do this. He also said, "He that eats my flesh and drinks my blood abides in me, and I in him, and hath eternal life; and I will raise him up at the last day."

In this Lord's Supper, Christ is set forth in the merit of His sacrifice on earth for us and for our salvation, as once crucified, dead, and now risen and ascended into heaven to make intercession for us. His death and His life

are shown in the broken bread and in the fruit of the wine. This sacrament is a witness — that is what it is; not just a memory, but a memorial of Him as He is, a union with Him as He acts now, pointing to newness of life through Him. In the loving fellowship of the church, as we act out the Good News of Christ, His person and His works, He is not here in physical body, not corporally present, but in taking these elements we feed upon Christ in a spiritual manner, by faith. It is only our faith as Christians which enables us to perceive Christ's presence in the Sacrament: He is the Host, we respond to His invitation to come to His table, because He said so. We do it in love. Christ is present in the sacrament, that is, present in the words of the institution (which we must always say or it is not the Sacrament), present in the words, present in the act of receiving by faith what is blessed in His Name, and in the action of the Holy Spirit in our hearts.

The Lord's Supper is a memorial, and a thanksgiving, and in this fellowship with Him and with each other, we find strength and renewal. It is sometimes called the "Eucharist," which means thanksgiving, appearing in connection with the words of the institution, "He took the cup, and when He had given thanks..."

So the prayer of Thanksgiving is always a part of the Sacrament for this service is meant to speak to us of the Victory through the sacrifice of Jesus who in this Sacrament offers Himself to us.

Will you take Him? He died to save you. When we speak of the blood of Jesus Christ in the words of the institution, the emphasis is upon atonement for our sins by means of life — "the life is in the blood." So when we say that we are saved by the blood of Christ, then we are saying that we are saved by His life, by the Living Christ who once was crucified.

# WHAT YOU SEED IS WHAT YOU GET!

*We*  
**WE GET BETTER COTTON,  
 YOU GET A BETTER PRICE.**

**YOU PLANT** You want a good cotton variety that sticks well in the boll, isn't easily wiped out by disease and fruits high off the ground. And when it comes time for stripping, you want a cotton that grades well, has good staple length and uniformity, and provides good turnout at the gin. Certified and Generation One Deltapine SR-383, both from Terra Seed Company, are just what you're looking for in stripper cotton. Generation One, from Terra Seed, is one year away from certified, yet has all the same properties of the SR-383 parent plant. For the past 3 years, farmers who planted our Deltapine SR-383, and sold it through an astute marketing program, have realized premiums of up to \$25 per bale, based on premium micronaire and strength. And for those of you who want a more economical seed, new Generation One helps take the hassle out of catching your own seed for replanting next season. No longer do you have to go through all the headaches of catching and delinting your seed when Terra Seed's Generation One is already done for you, and will be available at select seed prices in 1986.

**YOU GET.** When you plant Certified or Generation One Deltapine SR-383 from Terra Seed, you get the combination of superior fiber properties and high yield potential! You get an erect, compact plant with short fruiting branches and large to very large boll size, excellent tolerance to verticillium wilt and good tolerance to the fusarium wilt-rootknot nematode complex. Five year records show an average strength of 28 grams/tex, average staple of 33, average uniformity of 81.8, and premium micronaire. Plus you get a cotton with built in marketing advantages that has consistently sold well above the loan.

**WE WANT.** Texas Cotton Marketing Corporation (TCMC) wants to buy your Deltapine SR-383 lint cotton produced from Certified and Generation One cottonseed. TCMC has provided textile mills the Texas Tech Research Center spinning results for several years in order to generate a premium-market for SR-383. By sending HVI information and supplying sample loads for mill trials, mill buyers have discovered SR-383's benefits of high strength, high uniformity, and good mic. We need your SR-383 lint to supply the market TCMC has helped to develop. TCMC encourages you to block gin your SR-383 production thus assuring pure SR-383 lint cotton. You should contact your ginners concerning harvest and ginning arrangements needed for the 1985 crop. If you planted SR-383 this year, call your ginners or Texas Cotton Marketing Corporation for more information on premium markets for your 1985 production.

**WE GET.** When we buy your blocked Certified or Generation One SR-383 cotton, we get one of the finest stripper cotton fibers on the market today. We also get pure SR-383 which is of more value in our market, so in turn we are able to offer you the best price possible.

**WE ALL WIN!** You'll win with the high yield and storm resistant qualities of SR-383, plus you get the added benefit of having established markets through Texas Cotton Marketing Corporation. Pure and simple, premium markets demand premium quality.

## Bess Reid

Services for Bess Reid, 95, will be at 10:30 a.m. today (Thursday) at the Tahoka First United Methodist Church with the Rev. Gene Wisdom, pastor, officiating.

Burial will be in the Tahoka Cemetery under direction of White Funeral Home. Mrs. Reid died at 7:30 p.m. Monday, Jan. 13, at Tahoka Care Center after a lengthy illness.

She was born Oct. 13, 1890. She was a member of the First United Methodist Church, where she was the pianist and organist for more than 50 years before retiring several years ago. Her husband, Sam, died in 1958.

Survivors include a son, Kenneth of San Antonio; four grandchildren and a number of great-grandchildren.

Pallbearers will be Meldon Leslie, Milt Draper, Winston Wharton, Milton Uzzle, Eldon Gattis and Clint Walker.

## Stan Elliott

Services for Stan P. Elliott, 44, of Wolfthorpe were held at 2 p.m. Wednesday, Jan. 15, at the South Plains Church of Christ with Buck Griffith of Windsor Park Church of Christ in Corpus Christi officiating.

Burial was in Resthaven Memorial Park. Elliott died at 6:44 p.m. Saturday at St. Mary's Hospital after a brief illness.

He was born in Coahoma and was a cotton gin machinery salesman. He had lived in Wolfthorpe for the past 13 years.

moving there from Lubbock. He had managed the Petty and New Home Gins. He married Esther Box July 23, 1960, in Levelland. He was a member of the South Plains Church of Christ.

Survivors include his wife; a daughter, Nanette Green of Lubbock; his mother, Mrs. Evelyn Elliott of Snyder; four brothers, David Elliott of Levelland, Tommy Williams of Snyder, Jimmy Williams of Abilene and Garland Bethel of Amarillo; and two sisters, Patsy Dillauou and Janie Kennedy, both of Amarillo.

## Johnnie B. Hyter

Grave-side services for Johnnie B. Hyter, 73, of O'Donnell were held Sunday, Jan. 12, at the O'Donnell Cemetery under direction of White Funeral Home of Tahoka, with the Rev. Dockess officiating.

Hyter was killed early Saturday morning after a blaze, possibly caused by an open gas heater, gutted his house.

Police speculated that Hyter, who was found near the remains of the heater, had gotten out of bed to sit by the heater, possibly knocking it over.

Survivors include a son, L.D. of Houston; a daughter of Fort Worth and a sister, Ora Pruitt of Houston.

## Gertrude Lindsey

Services for Gertrude Burks Lindsey, 86, of San Angelo were held at 1 p.m. Sunday, Jan. 12, at Ralls First Baptist Church with the Rev. Lee Fuller officiating.

Burial was in the Ralls Cemetery.

She died Friday in Baptist Memorial Geriatrics Center in

San Angelo after a lengthy illness.

She was born in Jones County July 8, 1899.

She married Tom Burks in 1917 in Anson. He died in 1951. She married Joe Lindsey in May 1954 in Ralls. He died in 1984. She was a member of Immanuel Baptist Church in San Angelo. She moved to San Angelo nine years ago from Ralls.

Survivors include a son, Melvin Burks of Tahoka; a stepson, James W. Lindsey of Midland; two granddaughters; and a step-grandson.

She was preceded in death by a son, Jasper Burks, who died in 1930.

Pallbearers were Raymond Binder, James Boydston, Lionel Littelfield, Billy Bob Wright and Morris Haney Wideman.

## Museum Board Has Meeting

The Tahoka Pioneer Museum Board of Directors enjoyed Mel Leslie's chili as an entree at a meeting held Monday, Jan. 13, at a noon meeting. Board members furnished the rest of the luncheon.

Clifford Tankersley, president of the Tahoka Garden Club, a guest at the meeting, presented tentative plans for beautification of the Pioneer Ranch Park, which is the area adjacent to the museum building, to the west. The rock garden and the open area north to the alley, containing the windmill and an old ranch wagon were designated a Garden Club project in 1977, and it has been an on-going project since that time. Plans for further landscaping include a windbreak of pine trees on the north property line, a yaupon holly in the rock area and a meadow of wildflowers from the windmill to the north property line. Also, the Garden Club proposed the lighting of the windmill with Christmas tree lights for Christmas, 1986.

The board, being appreciative of the efforts of the Garden Club, approved of the plans and assumed the responsibility of getting the ground broken and tilled so the wildflowers could be planted and also lighting the windmill would be done by the museum board with the Garden Club furnishing the supplies.

The museum will have bonnets to sell for the Sesquicentennial Celebration, and especially for the Wagon Train arrival in Tahoka. Annie Bell Stice, museum hostess, will make bonnets and anyone wishing to help may do so.

Winston Wharton, Mel Leslie and Bill Craig were responsible for the Christmas decorations on the museum. Bill Craig suggested that the museum board purchase a six-foot step ladder and a dolly.

An extensive collection of old farm equipment was examined by Truett Smith, Melvin Burks, Winston Wharton and Dr. K.R. Durham and this equipment was deemed to be worthy of acquisition.

Board members present were Harold Green, Lottie Jo Walker, Dr. K.R. Durham, Mel Leslie, Bill Craig, Winston Wharton, Mabel Gurley, Auda Norman, Weesie Carroll, Jim Solomon, Sonny Roberts, Mary Louder, Maurice Huffaker, and Mildred Abbe. Madeline Hegi was not present.

Partially filled boxes of dried fruits (raisins, prunes, apricots) keep their freshness longer if stored in the freezer.

## Social Security ... Out West

By Bill West  
Social Security Field Representative

### The Medicare Prospective Payment System

One of the provisions of the 1983 Social Security Amendments established a prospective payment system for hospitals. Webster defines prospective as potential, likely or expected. The purpose is to reduce health-care expenditures by making the Government a "prudent buyer" of health care without interfering with the ability of any person to obtain quality care.

Since the Medicare program was established in 1965, the Federal Government's health care costs have increased significantly. In 1966, Federal expenditures for Medicare amounted to \$1.1 billion; by 1982 inpatient hospital care under Medicare amounted to almost \$33 billion.

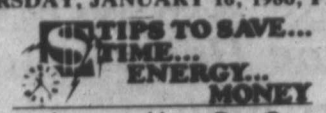

Originally, payment under the Medicare program was based on what was considered to be reasonable costs for in-hospital care on reasonable charges for physicians and other services. The form of reimbursement has now been replaced by a method that pays Medicare-covered hospitals a predetermined specific rate for each patient discharged considering his or her diagnosis.

The provision of quality care is assured through the efforts of peer review organizations

(PRO's). A PRO is defined as an entity "composed of a substantial number of licensed doctors of medicine or osteopathy engaged in the practice of medicine or surgery in the area." Alternatively, the entity must have available to it the services of a sufficient number of physicians engaged in the practice of medicine or surgery.

The PROs review the validity of the diagnostic information provided by the hospital; the completeness, adequacy and quality of care; and the appropriateness of the hospital admissions and discharges.

A hospital that does not have a PRO contract will not be eligible for Medicare payments.

Increase Your Dry-Q

According to home economists from Whirlpool Corporation, homemakers can get maximum energy efficiency from their automatic dryers by following a few simple steps:

- Dry clothes in consecutive loads. This cuts down on the energy consumption required to heat up the unit, plus, an already warm dryer shortens drying time.

- Dry full loads—but don't overload. Clothes that can tumble freely will dry faster and with fewer wrinkles.

- Sort clothing into loads of light or heavy fabrics for the most efficient and fastest drying.

- Make use of your automatic drying cycle if your dryer has one. This cycle shuts the machine off when it senses that the clothing is dry, avoiding overdrying and energy waste.

- Be sure to clean the lint filter after each use.

## Cotton Harvest Nears End

Most of the High Plains 1985 cotton crop was off the stalk by the week ending Jan. 9, according to Mack Bennett, Area Director for USDA's Marketing Services Office at Lubbock. Some modules of field stored cotton remain to be ginned. Much of the remaining ginning is in eastern and southern counties, Bennett said.

Most gins in other counties have finished the season or will finish soon.

Excessive supplies of most qualities during the 1985 crop year, coupled with abundant equities for sale from 1984's crop, has created a buyer's market. Declining export sales gave buyers little incentive to make purchases for other than nearby commitments, Bennett continued.

New crop mixed lots of mostly grades 42 and 52, staples 31 and 32, mike 35-49 brought growers about 150 points over loan rates. Spotted grades traded at 50 to 150 grades over loan.

Gins paid growers \$55 to \$80 per ton for cottonseed, mostly \$55 to \$65. The average price paid was \$61.

The USDA facility at Lubbock classed 49,000 samples during the

week ended Thursday, Jan. 9. This brought the season's total to 1,152,000 and compares with 1,222,000 classed by the same date last season. Thursday's season total amounted to about 98 percent of this season's estimate. Last year, about 70 percent had been classed by the same date.

The week's predominant grades were grade 42 at 45 percent and grade 52 was 37 percent. About 35 percent was reduced one grade because of bark.

Predominant staples were staple 31 at 36 percent followed by staple 32 with 27 percent and staple 33 was 15 percent. The average was 31.7 thirty-seconds of an inch.

Mike 35-49 was 64 percent, 33-34 accounted for 16 percent, 30-32 was 13 percent and 27-29 amounted to 5 percent. The average was 35.

HVI breaking strength averaged 23.4 grams per tex at Lubbock during the week ended Jan. 9.

## Now Is Ideal Time For Soil Testing Here

With the crops out of the fields and the harvest rush over, the next three months are traditionally the most popular time for

soil testing. Actually, fertility recommendations can be determined not only by soil testing, but by tissue analysis and visual observation as well. The latter two have the drawback, however, of being "after the fact" tests. In other words, by the time you discover you have a problem or deficiency it is too late to respond.

Soil testing, on the other hand, is a scientific means of predicting your soil's fertility needs in advance.

Accurate soil testing requires that at least 15 samples be taken from a 40-acre field and mixed in equal parts to create one cup sample. Fields that differ in soil type or appearance, or which have different crop histories, should be sampled separately. Also, testing should be performed at approximately the same time each year.

Samples should be taken from the top seven inches of soil, avoiding areas such as row ends or around a barn. Be sure to clearly mark the sample.

If you want your lab to make fertility recommendations, the information sheet must be completed and sent with the sample. One of the most important parts of this questionnaire is the yield goal, since that number is a key to determining the fertility recommendation. Multiplying each field's five-year yield average in bushels by a factor of 1.2 is the rule of thumb for determining pounds of actual nitrogen needed per acre.

Any lab or fertilizer dealer can provide fertility recommendations. Fertilizer dealers, however, are also salesmen, so be sure the firm you deal with is reputable.

## Beef Cattle Meeting Set

Cow-calf management and receiving, processing and care of stocker cattle will be the topics of discussion at a meeting Monday, Jan. 20, beginning at 7:30 p.m. in the meeting room of Lyntegar Electric Co-op in Tahoka.

Dr. John McNeill, beef cattle specialist of the Texas Agricultural Extension Service will be present to give the program.

Beef cattle producers and the public are encouraged to attend the meeting as it will provide information that will be of valuable assistance in their operation.

Treat leftover baked potatoes like this: cut in half, scoop out, mash potato with sour cream, grated cheese, chives, salt and pepper. Return to shells and freeze.

## Farm Meeting Set Jan. 16

Farm budgets, balance sheets, cash flow statement and other tools for financial planning for the upcoming year will be the topics of a meeting to be held Thursday night, Jan. 16, beginning at 7:30 p.m. in the Lyntegar Electric Co-Op meeting room, Tahoka.

Dr. Jackie Smith, area farm management specialist, and other local finance personnel will be present to cover these topics.

This meeting will provide needed guidance in preparing your farm financial records.

## Directors Of HPUWCD To Be Elected

Three positions on the Board of Directors of the High Plains Underground Water Conservation District No. 1, representing District Directors' Precincts 1, 2 and 5, and two members of each county committee within these Directors' Precincts are to be elected Saturday, Jan. 18.

In Lynn County, Danny Nettles from near Tahoka, is running for a second term in office, serving the residents of Lynn County Commissioners' Precinct 4. Lonnie Paul Donald of Wilson has submitted his application as a candidate to fill the position of outgoing committeeman Gary Houchin of County Commissioner's Precinct 1, who has served two consecutive four-year terms in office.

Starting with the 1986 election, members elected to the Board of Directors of the Water District will serve four-year terms in office, a change from the previous two-year term. This change was adopted with passage of House Bill 332 during the 1985

Texas Legislative session. Directors elected in 1986 will serve until 1990. County committeemen will continue serving four-year terms in office.

Any registered voter having a valid voter registration, who resides within the boundaries of the Water District and within the county wherein the balloting is being conducted is eligible to vote.

**LONG-TERM AG OUTLOOK CLOUDY**-- The long-term outlook for this nation's agricultural economy remains cloudy, and the basic problem is that global capacity to produce agricultural goods is outpacing demand due to large gains in productivity. While world demand for food and fiber will continue to expand, the key question is whether demand growth will be met by domestic production or through trade, says an economist with the Texas Agricultural Extension Service, The Texas A&M University System. In Texas farmers will again see a decline in cash receipts in 1986 along with

some decline in production expenses. Strong farm program participation will be the order of the day.

**SEMINAR FOR HORSE SHOW JUDGES**--Horse show judges wanting to sharpen their skills will have an opportunity to do so Jan. 25 at Texas A&M University. A special Horse Show Judges' Seminar will be at the Dick Freeman Arena beginning at 8:30 a.m. Experienced as well as prospective judges, plus breeders and exhibitors are invited. Mechanics of judging, arena routines, pattern scoring systems and more will be emphasized, says a horse specialist with the Texas Agricultural Extension Service.

Add a teaspoon of lemon juice per each quarter pound of butter when sauteing mushrooms. It will keep them firm and white and add a marvelous flavor.

### CITATION BY PUBLICATION

TO: ESTELLA MORALES LUNA, Respondent:  
GREETINGS: YOU ARE HEREBY COMMANDED to appear and answer before the Honorable 106th District Court, Lynn County, Texas, at the Courthouse of said County in Tahoka, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of Juan Luna, Petitioner, filed in said Court on the 13th day of December, 1985, against Estella Morales Luna, Respondent, and said suit being numbered 4490 on the docket of said Court, and entitled "In The Manner of Marriage of Juan Luna and Estella Morales Luna", the nature of which suit is a request to divorce and appoint possessory conservator.

The Court has authority in this suit to enter any judgement or decree dissolving the marriage and providing for the division of property which will be binding on you.

The Court has authority in this suit to enter any judgement or decree in the children interest which will be binding upon you, including the termination of the parent-child relationship, the determination of paternity and the appointment of a conservator with authority to consent to the children adoption.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs. Issued and given under my hand and the seal of said Court at Tahoka, Texas, this the 9th day of January, 1985.

/s/ Joy Laws, Clerk

**Nominations Sought For Man, Woman Of Year**

Who do you think should be honored as Tahoka's Man of the Year and Woman of the Year for 1985? If you have an opinion, please call the Tahoka Chamber of Commerce, 998-4761 in the mornings, or fill out the form below and mail it to Box 777, Tahoka, TX 79373 or drop it by the chamber office in the Wharton building on Main St.

Chamber officials said any individual or organization may make nominations. If desired, the nominations may be accompanied by a statement of why the nominee is qualified to receive the honor. Service to the community in 1985 should be the main consideration, with some emphasis also given on service in past years, a Chamber spokesman said.

*Clip and Mail to Box 777, Tahoka*

I nominate \_\_\_\_\_ for Man of the Year in Tahoka because \_\_\_\_\_

I nominate \_\_\_\_\_ for Woman of the Year in Tahoka because \_\_\_\_\_
