Announce Roll Call Workers Next Week

The Annual Roll Call of the American Red Cross will be November 11-November 30. Every person in this community will be given an opportunity to enroll in the Red Cross for 1940, and thus have a part in the activities of this great organization. Your Red Cross membership is a unit of mercy. When combined with the membership of others it enables a vast network of chapters to continue their battle against misery in virtually every community in this country.

Roll Call workers, who will conduct the membership drive, will be given in next week's Herald. These workers are being selected and notified by Mrs. H. E. Shotwell, Roll Call Chairman, and her assistants, Mrs. P. E. Gidley, president of the P. T. A., Mrs. L. T. Tucker, president of Sorosis Club, and Mrs. B. Carter, president of the American Legion Auxiliary.

Well Hallowe'en was Tuesday night and with it was the usual amount of window soaping, forcing some to give their windows the annual washings. There was much innocent fun by the young and some not so young.

But it seems to us that there was more than the usual amount of vandalism and deliberate destruction of property. As with the fun, some of this criminal destruction was done by youngsters while much was done by young hoodlums old enough to know better.

Willful destruction of property is just as much a crime on Halloween night as on any other night of the year. Something is lacking in parental training and supervision, influence of school and church, when youths embark on an orgy of lawless wrecking under the protecting cloak of holiday revelry.

Rules and regulations of the Ochiltree Cemetery Association prohibit the installation of stones and curbing of any other substance but granite or marble. No concrete is allowed. If you concrete is allowed. If you

Mayor Forbes Proclaims Nov. 23 as Official Thanksgiving

Thursday, November 23, will be the official Thanksgiving Day in Perryton. This date was set by the following proclamation issued by Mayor C. E. Forbes. This is the same date that has been set by President Roosevelt. Many states have followed the lead of the President, others have designated the last Thursday in the month, Nov. 30. The Texas Governor Straddled the fence and designated both days, resulting in a muddle that can only be straightened out by proclamations by mayors and other officials. President Roosevelt has announced that he will proclaim the 1940 Thanksgiving to be on the third Thursday in November.

Major Forbes' proclamation: "I, C. E. Forbes, Mayor of the City of Perryton, Texas, recognize the great wisdom and foresightedness of the President of the United States of America in his Thanksgiving Day proclamation and do hereby designate Thursday, the 23rd of November, as a day of general Thanksgiving in Perryton, Texas.

"For more than three centuries, our people have observed this day, giving thanks to God for the many blessings, for the happiness, and for the right to live in a free country. In this present time of war and turmoil, we should be thankful that we are living in a community such as Perryton, free of the foreign 'isms' that are leading the nations of Europe on to destruction and are gaining sizable footholds in many sections of our country.

"Let us give thanks for the high type of citizenship of this little city and pray that the day will soon come when peace shall reign throughout every nation in the world.

"In witness whereof, I have set my hand and caused the seal of the City of Perryton to be affixed.

"Done at the City of Perryton, this 21 day of October, in the year of our Lord nineteen hundred and thirty-nine and of the Independence of the United States of America, the one hundred and sixty-fourth."

"Heart Specialist"

John Howard, as the handsome young doctor in "Disputed Passage," is particularly adept in treating matters pertaining to the heart, at least in the opinion of his favorite patient, Dorothy Lamour! The two play the romantic leads in Paramount's screen version of the Lloyd Douglas hit novel, showing at the Ellis Theatre Sunday and Monday, November 5-6. Frank Borzage directed.

"Disputed Passage" Great Human Emotional Document

Paramount's new "Disputed Passage," film version of one of the most thoroughgoing studies of a doctor's life ever written, will be presented to audiences at the Ellis Theatre, Sunday and Monday, November 5-6.

Based on the recent best-seller by Lloyd C. Douglas, it is brought to glorious screen fulfillment by virtue of the inspired interpretations of Dorothy Lamour, Akim Tamiroff, and John Howard and the guiding genius of a top-flight director, Frank Borzage.

Dorothy Lamour is seen as an American girl who has been reared in China by native foster parents. Her work in behalf of the invaded Chinese has brought her to America where she meets and falls in love with Howard, brilliant young doctor. Akim Tamiroff, portraying a world famous surgeon who worships science as a god, has been largely responsible for the young doctor's success and firmly believes that a wife will destroy his protegee's career.

The older man intercedes to tell Miss Lamour that Howard has the makings of a great physician and if she loves him she must not see him again. The true scientist must remain wedded to his work, he says. He cannot follow two paths, but must give himself to one or the other.

But Tamiroff is proven to have guessed wrongly. Miss Lamour's departure leaves Howard an unquitting worker. One day the young doctor learns the true cause of his loved one's departure, and leaves immediately to find her. His travels across turbulent war-torn China, his brush with death, and unforgettable romantic sequences that follow are as powerful as they are timely.

Major credit is due Miss Lamour for her human characterization of the American girl of Oriental background. It is her first straightforward dramatic role and should widen her already large field of admirers. Tamiroff manifests a keen understanding for the subtle undertones required in his portrayal of an illustrious but narrow scientist. He feels the character he is playing with every fiber of his being. In such good company, John Howard does not lag behind. He comes out of this picture not only an important actor, but a potential heart-throb as well.

Return Engagement

Clark Gable and Jeanette MacDonald Co-Star in "San Francisco" Here

Clark Gable now knows how it feels to be buried alive. It was not in the script, but six cameras were aimed at Gable during one of the most thrilling moments of his life, as the unexpected scene remained in one picture.

The scene was an earthquake sequence in Metro-Goldwyn-Mayer's "San Francisco," which is coming to the Ellis Theatre for a return engagement, Thursday and Friday, November 3-5. Gable was seated in a corner of a cafe with Margaret Irving, Jack Holt and Jeanette MacDonald were dancing on a crowded dance floor.

First came the ominous rumble. Men and women started, "Earthquake!" The dance floor began to tremble. A balcony swayed over Gable's head. The wall beside Gable, twenty feet high, eighteen inches thick and built of wooden bricks began to totter.

Everybody but Gable escaped from beneath the falling wall. Gable was expected to escape it also, but, instead, he showed Miss Irving out of the path of tumbling masses.

The star was caught by the full force of the wall, and was buried beneath a pile of bricks eight feet high. Men leaping out of the collapsed balcony fell on top of the heap.

SEVENTH VICTORY FOR THE RANGERS FRI.

Bucks Drop Conference Game to Rangers By 21-0 Score

No Game On Friday

The powerful Rangers overran the wiry White Deer Bucks Friday night in empty territory to win their third conference game 21-0. Perryton fans turned out full-force to make the trek to White Deer and support the Rangers, one of the best teams in years.

Although the game was nothing spectacular, Perryton consistently displayed its superiority over the battling Bucks with an almost perfect offense. Few trick plays were used and only three passes were attempted between the two teams. Perryton had two incomplete and White Deer completed one for a three yard gain just before the final whistle blew. The pass was made good from Bill Hawkins to Charles Noel.

A summary of the game's highlights gives the Rangers the edge on many of the plays, but the White Deer lads were in there bucking all the way, contrary to all indications of the 21-0 score.

The first part of the opening quarter was uneventful with the ball see-sawing back and forth between the two teams. Perryton threatened when Flowers brought the ball past the ten yard stripe. Repeated attempts failed to bring the ball over and on the fourth down the ball sniped over the bucks after being only six inches from the goal line.

The Bucks punted to their own 40 yard line but were held by the Rangers. With the Rangers in possession of the ball, McClung attempted a pass which was intercepted by James Russell who brought the ball back 15 yards. On the next play Bill Hawkins was downed by Lilly after getting away for a 11 yard run around right end. Both teams showed up well in the first quarter.

The Rangers came out strong in the second quarter with McWilliams and McClung running two first downs in succession. McClung and Lilly accounted for another first

down on two identical plays totaling a 12 yard gain. Coming within scoring distance Flowers plunged through the line for a first down on the fourth down on the Bucks' one yard line. McClung plunged over to pay dirt on the next play. Lilly made the kick good to make the score 7-0 in favor of the Perryton eleven.

The Rangers opened the third quarter with a beautiful kick which sailed over the Bucks goal line. The play was brought back. On the second kick Hawkins caught the ball on his own 20 yard line and returned the ball to the 50 yard stripe before being stopped by Boston. Palmer halted Russell for a 5 yard loss on the next play. McWilliams' coming up for Perryton made one of the longest runs of the game when he went around right end for 31 yards. Perryton fumbled and lost the ball to Russell at the 8 yard marker.

McWilliams got away in the opening of the fourth quarter to make a beautiful run of 40 yards, bringing the ball to the Bucks' three yard line. McClung made a yard plunge and Flowers took the ball over for a score with a power drive through center. Lilly made the kick good.

White Deer had a stroke of bad

luck when Hawkins fumbled the ball and Wright of Perryton recovered making a 13 yard gain. Perryton kept possession of the ball until McClung, following several first downs, rang up the third and final score of the game. The kick was made good for the extra point by Lilly.

INTERNATIONAL Sunday School Lesson

Weapons of a Righteous War

The International Uniform Sunday School Lesson for Nov. 5
Text: Matthew 5:17-20, 28-45; 6:1-4

With the world again in a major war and the threat of conflict spreading, a pre-Armistice day lesson on the righteousness in the Kingdom has great significance.

The conflict being waged in Europe is in itself a war between autocracy and democracy, between the power of might and the power of right. It is also a part of a larger war in which we must all engage, one which cannot be fought with material weapons.

Paul wrote long ago to the Christians at Ephesus, "We wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." This warfare is a warfare of love against hate, of right against wrong, of peace against war and violence. Here in our lesson, those who would engage in that warfare may find the words and the example of their great Commander.

Jesus made it plain that He had not come to destroy the law and the prophets, but to fulfill. His whole purpose was constructive, a purpose of salvation and redemption. We cannot insist too strongly upon this essential nature of the teaching of Jesus and His purpose in bringing the Gospel to man.

The gospel of salvation and fullness of life is distinctly at variance with war and destruction and that perversion of human mind and energy, in which the powers of men and their ingenuity and strategy in

vention have been given over to the destruction of human life. We cannot here discuss the question of pacifism as against the citizen's duty of military service to his country. This question is not simple and the great majority of Christians, though they love and advocate peace, would give military service in defense of their homes and country.

But if we want a commentary upon these words of Jesus about non-resistance, turning the other cheek to the smiter, giving your cloak to the man who would take away your coat, and going two miles with the man who would compel you to go with him a mile, surely we can find it in the last 20 years of world history.

If there had been love for enemies following the World War, if there had been the generous spirit of which Lincoln spoke in our own Civil War of binding up wounds and healing wrongs "with malice toward none," how different this history might have been and what possibilities there might have been for saving the world from this second war in Europe!

We need not press a lesson like this into its most extreme and most controversial aspects to extract the truth out of it. But there is a profound message alike for those who adopt these words literally and for those who believe that there are circumstances and situations where force must be opposed to force to prevent the ruin and destruction of all that one holds dear.

The one insistent fact is that force and violence cannot build. They may defend, but all real upbuilding must come through love, righteousness and truth.

W-h-i-z-z—Junior's off for another touchdown! Look at that boy go — he certainly "burns up" territory! Strange, too, when you stop to think that only a season or so back Junior was underweight, dull and listless. He'd tire easily . . . wander about the house . . . and if a boy lacked energy—it was Junior! Then one day his mother, upon recommendation, served Barnett's Bread. She discovered that the boy liked its flavor immensely. He ate more. It seemed to pick up his appetite. And here's the reason why. Music at Chapel

Lawrence Ellzey Entertains With Several Songs at Chapel On October 31

The main feature of the Chapel program Tuesday was the singing of Lawrence Ellzey, which came after a few announcements. Chapel opened with the band playing "E Pluribus Unum." Superintendent Burgess gave a prayer and read a scripture on friendship, followed by Mr. Ellzey singing "I Would Be True," accompanied by Annabelle McCarty.

Chellis Gidley announced that the "Ranger" staff has not sold the one hundred copies which are required to guarantee publishing an annual. Only sixty-nine have been sold. An announcement was made by Mr. Ralph Duke about a football game Thursday at 4 o'clock, to be played between our team of '41 and the Berger football team. The admission is ten cents.

Mr. Ellzey entertained for the rest of chapel with songs and playing accompaniment on his own guitar. The first song was "La Paloma," then "Washin' Dishes," a very humorous piece, and "Twilight on the Trail." Next in order were "Lullaby of the Leaves," "Alia en el rancho grande," "Just Got to Heaven," "Home on the Range," and "There was an old Man."

LAS VIVARACHAS

Las Vivarachas met Thursday and the softball games were continued from last Thursday. Hazel Cook and her team were victors over Carolyn Chase and her team. It was a very windy day for softball. More games will be played next Thursday.

BEGIN WORK ON SCHOOL ANNUAL

STAFF SELECTED AND PLANS MADE FOR ANNUAL AND STUDENTS ASK TO BUY A COPY

The members of the staff for The Ranger, Perryton high school annual, have been named and work has started in earnest. One hundred annuals must be contracted in advance before the staff proceeds with definite plans. The price of the annual will be \$2.50, with \$1.00 down now and the balance later.

The Ranger editor says, "Come and get it! Come and get it! Not a sock in the jaw, not a bottle of medicine that will cure anything, not a lot of war ammunitions, but the most wonderful, colossal, gigantic book of them all, The Ranger. That is what we want the students to come and get."

"In the words of Jimmy Fidler, 'We do mean YOU.' The seniors plan to spend a lot of time and hard labor on this annual and you should be glad to have the opportunity to buy it."

Last year the seniors started work on the annual in February, and they put out a good one. We are starting in October. Why shouldn't we put out twice as good an annual in twice as much time? We can and we will.

A warning is issued to students to watch their facial expressions and motions, as the cameras of the Ranger staff are grinding. The minute you open your mouth too wide, fall down the steps or join in the great sport of baseball, "click" goes a camera and your picture is shot for the annual.

Sixty annuals have been sold, but we must sell one hundred. Students, you need a wee little bit of dinero, one measly dollar to be the proud possessor of a white slip of paper, entitling you to an annual. One dollar and fifty cents will be due later.

HOBBY CLUB

Two new members were added to the club at the last meeting; Clarence Buller and Sude Records. The program consisted of a song, "Old Man Duff," Naomi Cagle, song, "My Cathedral in the Pines," Twila Mae Manning, Bessie Walker, and Anna Lehman sang "Nighttime in Nevada," and "Bury Me Not on the Lone Prairie," by Muriel Bahenka. A poem, "Between Two Loves" was recited by Joan Dillingham. The group sang some songs and then the club adjourned.

Meet Our Teachers

O. A. Bush was the second teacher interviewed for his likes and dislikes. His best-liked book is "Literary Classic," a book of poems. Mr. Bush has three hobbies — photography, magic and aviation. The movie he enjoyed most was "Valley of the Giants." His favorite movie actor is Wallace Berry.

We, the Seniors

Hazel Cook, who was born September 21, 1922, has brown eyes and hair of the same color. She is five feet five and one-half inches tall, and likes ice cream and pretty shoes. Her favorite sport is basketball; this is natural as she is one of the most valuable players on the Rangerette team and was captain last year. "Cookie," as we know her, is undecided as to what to do after finishing high school.

Clarence Morris was born March 19, 1922. He is captain of the '39 football squad, plays right end and has played for four years. "Sadie" plans to go to T. C. U. when he finishes high school. His weakness is good-looking clothes.

Helen Lewis was born July 16, 1922. Her favorite food is fried chicken. Helen has brown eyes and hair, is five feet seven inches tall, and likes to read and enjoy working. Her main weakness is shoes.

Elect Officers

Dramatics Club Names Officers And Will Select a New Name for Club

The officers of the club are as follows: Annabelle McCarty, President; Eunice Schroeder, Vice President; Charles Linville, Secretary and Treasurer; and Earlene Ballard, Reporter.

At the present time the students are studying street make-up. During the last club period they chose partners and made each other up. They plan to study stage make-up next.

Knocker or Booster

In almost every school, one will find two distinct classes—the KNOCKERS and the BOOSTERS. The knockers never give their full support to any organization or school activity. They are never present at any sort of game, concert, or play. Oh, yes, if you would give a banquet with plenty of free cats, the knockers would probably be there full-force; but other than on such an occasion, you never see them present. They are never satisfied and can always be heard growling about some minor detail. When called upon to perform a task, a knocker is usually indifferent or has the "Let Jim do it" attitude.

A booster is just the opposite of a knocker. Boosters are proud of their school and give their full cooperation to all of the activities. They are always ready and willing to carry out any duty asked of them. A booster voluntarily stands up and sings the school song. He praises the good things of the school, and tries to improve the things that are not quite up to par. He's a Ranger, even if he doesn't shine on the football field. He has fire, pep, loyalty, and enthusiasm for anything concerning the school or community. In other words, the boosters are an essential part of every good school.

Check up on yourselves, students, and let's reduce the number of knockers in Perryton High School to a minimum, or how about doing away with them entirely?

Start New Club

Ensemble Club Formed with Evans As President and Lindsey As The Leader

A new club has been formed, under the leadership of our band director, Herbert Lindsey. Last Thursday was a memorial day for this club. The officers for the coming term were elected. H. O. Evans, was elected President by acclamation. Other officers are: Leroy Halsey, vice president; Bob Holt, secretary, and Charles Ellzey, treasurer, and Charles Ellzey, reporter.

The purpose of this club is to give the members additional coaching in solo work and group playing. The whole Perryton band is fairly well represented in this group, there being several cornet, clarinet, trombone, baritone, saxophone, and bass players.

Here is the list of members: H. O. Evans, Leroy Halsey, Gene Lawrence, Bob Holt, Mac Yarbrough, J. W. Penn, Melvin Price, Ed Reeder, R. A. Flowers and Cecil Leicht.

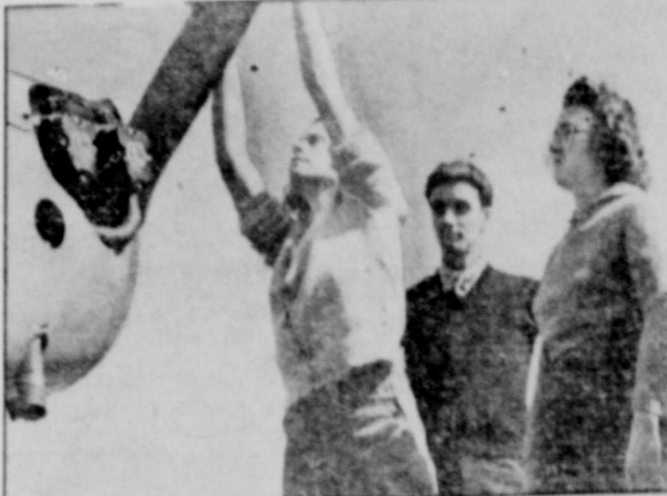

CAMERA CLUB

The Camera Club met October 26, and as usual, played table tennis. Gene Budock and Irvin Williams came out winners as they did last Thursday, which seems to be a habit. Several of the players voted that they would win over them next Thursday which is next club meeting.

College Co-Eds Learn to Fly

Twenty girls of Lake Erie College, Painesville, O., one of two women's schools approved for participation in government's civil aeronautic training program, have been selected as future pilots. Starting off, June Alexander learns starting technique from Instructor Ben McKillen while Carol Thomas and Jeanette Bricker, girl, Jack, or did you know?

DID YOU KNOW? or HAVE YOU HEARD?

Did you know we have a school song? This great discovery was made the 4th period last Monday. Upon questioning Mr. O. A. Bush, it was found that there were several copies of a school song which was originated by Mr. Wilman about ten years ago.

The song has been buried in the safe, and we are going to revive it. Every other school has a school song, why shouldn't we have one too?

The Ranger Song will be the fight song, and P. H. S. School Song will be used.

This is quite a movement, and the full cooperation of all students is needed. First of all we must find the music. It is written to the tune of Independence Song. If anyone has a copy at home, bring it to the El Sombrero office soon. We hope to get the music and have the band learn it.

Here are the words, so come on, everybody, and memorize them:
P. H. S. School Song
(Tune to Independence Song)
Hail to thee! Hail to thee,
Perryton so fair!
Our loyal students sing to thee,
Thy name beyond compare.
Oh, hail to thee! Hail to thee,
Thy name in emblem bright!
We rally to thee, to the Red and White!

The spirit of our P. H. S. IS ONE OF LOYALTY.
And true fidelity.
We raise our voice to thee
With all our hearts, and
Sis-boom-ia! Sis-boom-ia! Rah!
Rah! Rah!
Here's to our squad who's never blue.
Here's to our friends so staunch and true
And to the faculty, and superintendent wise
Our hearts' allegiance never dies!
Here's to our ivory-colored walls,
Chapel and academic halls,
And to the glorious days we've spent with you,
Our dear old P. H. S.

El Toro

The title of this column this week should be "Thoughts Fall Me" but you would probably say they should all be headed that way—hence the regular title.

Anyone entering the El Sombrero office, just cast your eyes upon the placard placed on the door. We're really getting business-like.

Some of these students are really getting educated. When they talk to you, they use such big words that you don't know whether to knock them down or shake their hand.

After the White Deer football game, Jack "Fuzzy" Williams was suddenly embraced by a young lady who exclaimed, "Oh, You great big football hero!" Who was the lucky

ONE MINUTE INTERVIEWS

"What sort of program do you enjoy most in chapel?" was the question asked various students this week. They replied as follows:
Orion Black: Band concerts make the best chapel programs.
Dorothy Woods: The first grade programs are my favorites.
Sidney Carpenter: Speakers.
Gail Allen: Band programs and plays by the grade school pupils.
Butch Hergert: I like band programs and pep rallies.
Lillian Tavis: The singing programs are the ones I enjoy most.
Ed Reeder: I enjoy the programs by the pupils best of all.
Charles Ellzey: Skits and plays by different classes.

CAMPUS CLOTHES

The clothes that the students are wearing certainly are easy on the eyes. Anabelle Hill wore a blue velvet-

een blouse with a plaid jacket, looked well.
Sally McClung has a plaid jacket, belted in the back up the front, that is all right.
Wilma Holland looked nice with a gray wool jacket and a navy long-sleeved sweater made like the one Rooney wore in "Duke's" and beige.
J. W. Penn has a navy brown leather with green and a plaid lining.
Mickey Taylor wore a red dress, with white collar and made with full gathered skirt is just right for school.
Have you noticed her new clothes? Lela Flowers has the Mary Frances Crown sweater barrel sweater over a blouse.
Mrs. O. E. Burk has the black brushed wool sweater seen. A heavy gold necklace as an ornament to break the color of the sweater.
