## SHOOTING AT O'BRIEN TUESDAY MORNING

C. Matura of O'Brien was shot and seriously wounded Tuesday morning about 11 o'clock on the streets of O'Brien. Immediately after the shooting J. H. Yarbrough, deputy sheriff, came to Haskell and appeared before the Grand Jury which is now in session, in connection with the affair.

It is stated that ill feeling has existed between the two men for some time, and that Matura had made threats against Yarbrough. Matura is defendant in a case docketed in District Court in which he is charged with the killing of George Page at O'Brien several months ago. He has been at liberty for some time under \$10,000 bond.

Reports as to the shooting affair are that Matura and Yarbrough met in front of the postoffice at O'Brien, and it is alleged that Matura made a move toward his coat pocket which Yarbrough interpreted as a move for his gun, and immediately drew his gun and began firing, the first bullet striking Matura just above the ear and ranging along the side of the head, tearing away a piece of the skull above the right eye. Matura turned and ran towards his home several blocks away. He was given medical aid at once, and is expected to recover, the wound not being exceedingly serious.

With the exception of Yarbrough's appearance before the Grand Jury and an investigation made by Sheriff Al Cousins Tuesday, no action has yet been taken in connection with the shooting. Mr. Yarbrough has been deputy sheriff at O'Brien for nearly two years, and has an excellent reputation as a peace officer. He was a candidate for Sheriff in the recent primary. His home is in O'Brien.

The case in which Matura is charged with the killing of Geo. Page, is set for December 4th of the present term of District Court. The killing of Page, a farmer living near O'Brien, aroused considerable sentiment in O'Brien against bootlegging, which was said to have been carried on promiscuously in that section. Several mass meetings were held at the time, and determined efforts made to stop the practice of illicit liquor-making in that neighborhood.

## SCHOOL CARNIVAL AT SAGERTON IS SUCCESS

The School Carnival held at the Schoolhouse Friday November 10th was an entire success. Several old time side shows were in evidence, the donkey with his tail where his head ought to be, the fairy in the well, the trained bats, the face that never smiles, the latest milking machine and the fortune teller, all had a liberal patronage. Doctor Davis and Mr. W. P. Caudle could not resist the temptation to take in the "for men only" show and paid their

## PROGRAM FOR THIRD SCHOOL LYCEUM

Friday, November 24th, 8 p. m., at the High School Auditorium.  
Music—High School Orchestra.  
Reading—Mary Francis Sutherland.  
Opera—"The Quest of the Pink Parasol", Sixth Grade, directed by Miss Eugenia Gramam.

Cast of Characters:  
Fairy Queen—Gladys Roberts.  
Ruth—Kathryn Rike.  
Gardner—Iola Taylor.  
Poppy Maid—Mary Couch.  
Poppies—Jaunita Brewer, Gladys Connor, Florine Maples, Mary Conen, Clara Bell Rogers, Aniline Means, Mildred Darnell, Mary Harvey.

Fairies—Opal Weaver, Beaurene Wilson, Mary Pearsey, Lucille Foote, Viola Austin.  
Accompanists—Marjorie Rogers.  
Dance of the Kutie Kids—By children from Miss Kirkpatrick's room.

Song and Dance, Bubbles—Ethel Graham of Abilene.  
Reading—Velma Case.  
Piano Solo—Linda Robertson.  
Reading—Margaret Waldrop.  
Music—High School Glee Club.  
Vocal Solo—Miss Mary Clifton.  
Music—High School Orchestra.  
One-Act Play, "Ashes of Roses."  
Characters:  
Kittie Clive, the Actress—Fern Case.  
Horace Walpole—Charles Brasher.  
Phyllis—Ruth Whitman.  
Roxana—Thelma Williams.

This play is under the direction of Miss Castles.  
This is going to be the best program by far that the School Lyceum has presented this season. The readings and the music will be most excellent. The High School Orchestra and the High School Glee Club will both give parts on the programs.

The Opera will be beautiful and entertaining in every sense of the word. This one part will be worth the price of the entertainment.

The play, "Ashes of Roses," will be entertaining and full of fun from start to finish. Both Miss Castles and Miss Graham are fine trainers of children. Miss Castles is a master in her line. Miss Kirkpatrick's children will be fine, too. In fact, the whole program will be first-class.

This is a fifty-cent program, but we will charge only 15c and 25c for children and adults. Come out and crowd the house; have a fine evening of entertainment. Encourage your children and teachers and your schools and also help to raise money to pay our current expenses. This program will be better by far than any that was given by the Tent Show the other week. It will be by our children and it will be clean and uplifting and will build up our schools and our community. Let the friends from the country and towns nearby attend and enjoy themselves, too.

## COTTONWOOD TO HAVE SCHOOL CARNIVAL

Cottonwood, under the direction of the teachers, Miss Mary Melton and Mrs. Viola Jordan, will have a carnival at the school house, beginning at 7:30 Saturday evening, November 18th.

A number of very attractive booths have been planned and there will be the usual fortune teller and fish pond. Hot chocolate, cake, and pop corn will be sold throughout the evening. Music will be furnished by local talent.

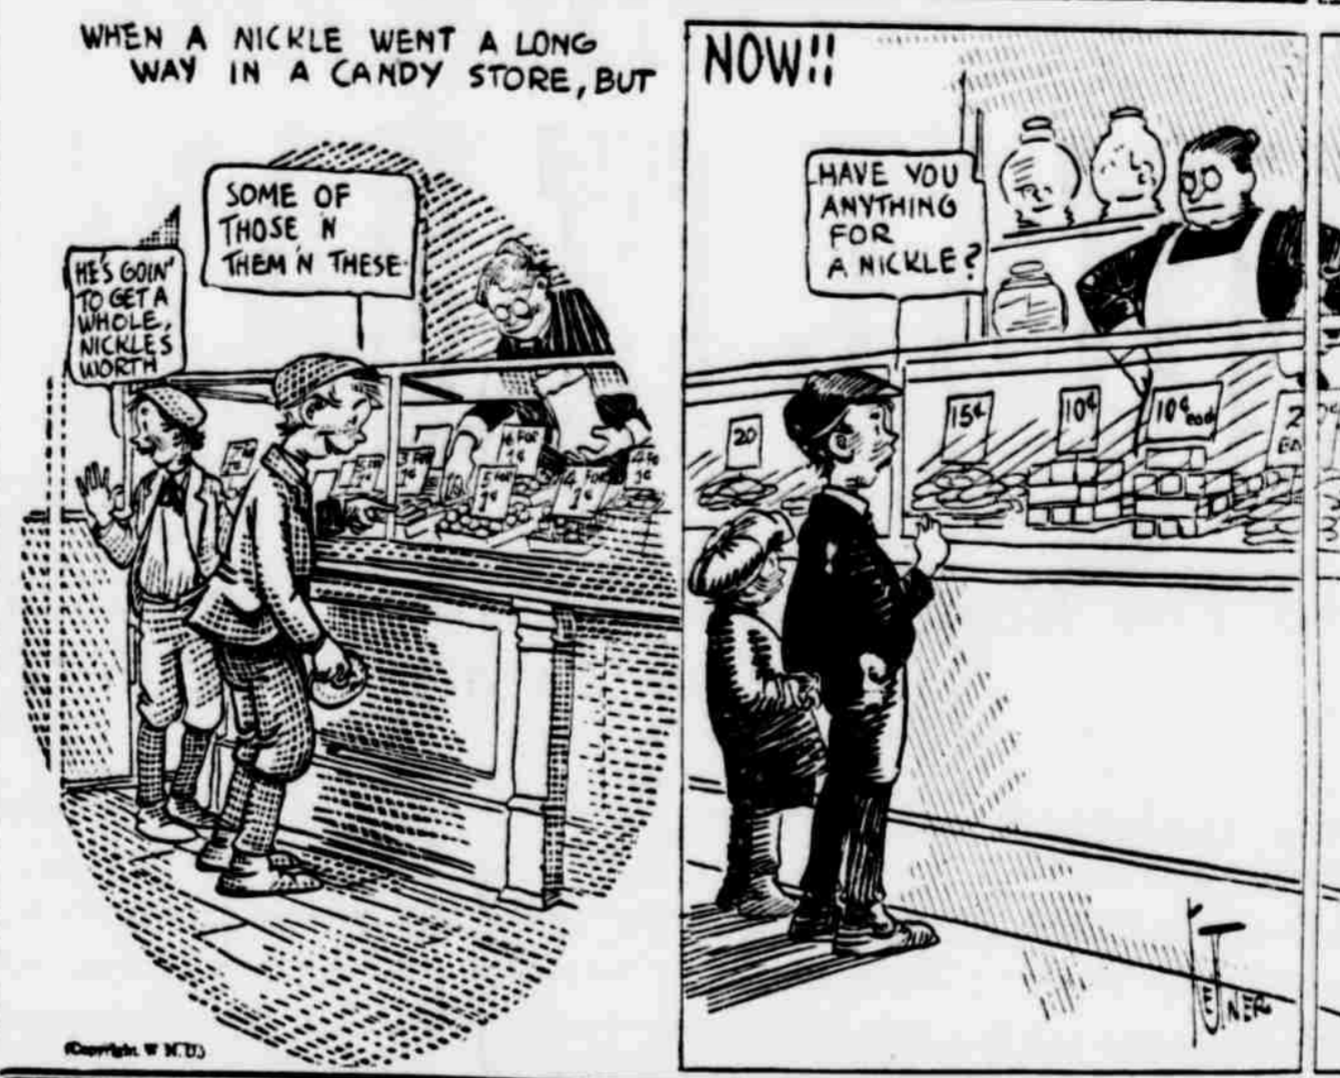

The booths may be visited and the other attractions enjoyed at a small cost, ranging from three to ten cents each. The proceeds are to be used for the benefit of the school.

Everyone has a cordial invitation to come and bring his pennies and nickels and exchange them for an evening of wholesome fun.

## FIRST FROST OF SEASON LAST MONDAY NIGHT

The first frost of the season made its appearance here Monday night, after a severe drop in temperature Sunday night and Monday. A thin coat of ice was in evidence Tuesday morning in many places where water was exposed to the weather. Very little damage was done, except to tender vegetation. Shade trees and other stronger plants show but little effect from the frost.

## NEGRO KILLED IN GUN BATTLE WITH OFFICERS

J. E. Stanley, a negro about 30 years of age, was killed last Friday evening by officers, when he resisted arrest and opened fire upon the officers. The shooting occurred on the middle Rule road, about five miles west of Haskell, near the T. A. Pinkerton farm. Stanley it is said, had threatened to "shoot up" the town, and when this word was received in Rule, City Marshal Henry Townsend and Constable W. W. Kittley of Rule immediately set out to arrest the negro. The officers met him on the road headed for Rule, and when accosted by the marshal and ordered to put down his gun, he opened fire upon them with a Winchester rifle which he was carrying, one bullet striking Townsend in the calf of the leg. Both officers returned the fire, and for a while a regular gun battle raged. The negro was shot several times, one bullet entering his left breast just above the heart. He was placed in a car and started for Haskell, but died within a few minutes. Justice of the Peace R. P. Simmons of this city held an inquest, and returned the following verdict:

"I, R. P. Simmons, Justice of the Peace of Precinct No. 1, Haskell County, sitting as a coroner, find as to the death of J. E. Stanley, which occurred five miles west of Haskell, that the said J. E. Stanley came to his death in a gun battle with officers who went to arrest J. E. Stanley, who resisted arrest and opened the battle by shooting at said officers."

Marshal Townsend was given medical attention immediately after the shooting, but it is reported that his wound is not serious.

## JAIL PRISONER CELEBRATES BY ATTEMPT TO ESCAPE

Considerable excitement was created last Saturday, Armistice Day, when Tom Tomlin, a prisoner in the county jail, decided to celebrate by making a break for liberty. Deputy Sheriff Gregory had Tomlin and a negro prisoner carrying coal from the basement of the jails to the cells, and after making the trip to the basement with the men, Gregory had turned his back on them to unlock the cell door. And there Tomlin decided that the outside held more attractions for him than did the interior of Haskell county's bastille—he dropped his part of the burden and made a dash for freedom. Deputy Gregory was necessarily handicapped in the first part of the "race" by having to lock the negro in a cell before giving chase, but when he did get started eye-witnesses state that he broke all speed records. Tomlin was caught near the ball park, several blocks from the jail, and now has plenty of time to plan another mode of escape other than trying to out-run as fleet a man as Deputy Gregory.

## LOCAL YARD RECEIVES 7783 BALES COTTON

According to the books of the Local Public Weigher, Jess Edwards, the local cotton yard has weighed up 7783 bales of cotton this season, which exceeds last year's total of 6643 bales for the entire season by 1140, and Mr. Edwards states that he is confident that there will be around 8,500 bales received here this season.

The following is the number of bales ginned by the different gins up until Monday of this week:

Farmers Gin Co. (before the fire)	1815
F. T. Sanders	2045
Haskell Electric Gin	1003
Duncan Gin Company	1640
<b>Total ginned</b>	<b>7403</b>

All the gins reports receipts of about 15 or 20 bales per day each during the past two weeks. With anything like pretty weather, however, it is expected that the season will be over in two or three weeks.

## O'BRIEN BANK MOVED TO KNOX CITY

On Thursday, November 9th, the assets of the First State Bank of O'Brien were transferred to the Guaranty State Bank at Knox City, to which institution it had been previously sold by the directors of the O'Brien bank. The transfer was made by Mr. H. M. Waldeen, State Bank Examiner, who expressed himself as being highly pleased with the prospects of the combined assets of the Guaranty State Bank.

T. E. Robbins, for the past four years cashier of the First State Bank at O'Brien, was elected Active Vice-President of the Guaranty State Bank at Knox City and entered upon his new duties on the date the transfer was made. The directors and shareholders of the O'Brien bank regret that it was necessary to discontinue business and deprive the community of banking facilities, but on account of the continued falling off of business at O'Brien for the past few years, it had ceased to be a profitable banking point. Mr. Robbins will be permanently connected with the Knox City bank, where his friends and customers will find him better prepared to serve them.

## HILBERT FARNELL CASE REVERSED AND REMANDED

The case of Hilbert Farnell, charged with seduction, was reversed and remanded for trial by the Court of Criminal Appeals at Austin Tuesday. Farnell was convicted during the April term of court this year and given seven years in the penitentiary.

## DISTRICT COURT IN SESSION THIS WEEK

- J. O. Chitwood vs. Farmers Thresher Co. et al. Dismissed at cost of defendants.
- Jones Motor Co. et al vs. I. B. Lamson et al. Foreclosure. Judgment for plaintiff.
- Mrs. I. P. Collier et al vs. Len B. Hammer. Foreclosure. Judgment for plaintiff.

## BIG SALE IN PROGRESS AT R. V. ROBERTSON CO.

R. V. Robertson Co., one of the oldest business firms in the city, are holding their annual clean-up sale this week. The sale began last Thursday morning, and large crowds have been in attendance daily, drawn by the many bargains offered by this store. On the opening day, last Thursday, a number of hens with prizes of money and merchandise orders tied to them were let loose from the front of the store, creating considerable excitement among those gathered at the store. Other prizes have been announced to be awarded during the sale.

E. D. McKee of Anson is attending court here this week.

## WEST TEXAS EXHIBITS WIN AT COTTON PALACE

West Texas won easily hands-down in the Inter-sectional agricultural exhibit contest at the Texas Cotton Palace at Waco, according to a telegram received from B. M. Whitaker, exhibit manager of the West Texas Chamber of Commerce, who arranged the All-West Texas Exhibit. Out of a possible score of 1000 the West Texas exhibit received recognition on 990 points, making it shy only 10 points of being perfect. Mr. Whitaker advised the general officers that his exhibit carried the full score card requirements.

In addition to the sweepstakes the West Texas Exhibit also received 33 blue and 33 red ribbons on individual products. A total of \$1100 in cash was the award on this magnificent display, said by agricultural connoisseurs to have been the most complete and elaborate ever assembled in the Southwest. Profuse praise for the design and perfect arrangement of the articles of the exhibit to bring out beauty, symmetry and attractiveness of the general exhibit came from every corner. B. M. Whitaker, exhibit manager, for the second time within a year proved nicely his competency to arrange agricultural exhibits to the very best advantage in drawing prizes. At the Fort Worth exposition in the spring his exhibit drew first prize. The exhibit was said to have been the best ever arranged in Texas. But judging from reports received there regarding the Waco exhibit the Fort Worth exposition lacked much in being its equal.

This is the third consecutive year that the All-West Texas agricultural exhibit has taken the big money at the Texas Cotton Palace. The exhibit was a culling of the best from county exhibits of West Texas at the Dallas fair. It will be remembered that nine West Texas counties were leaders this year. The other sections of the State had not even a look-in either at Dallas or Waco this year, despite the fact that this summer was one of the driest West Texas has had for many years, with the possible exception of 1918.

## KENNER CASE IS AFFIRMED

The Luther Kenner murder case was affirmed by the Court of Criminal Appeals at Austin Tuesday.

Kenner was charged with the killing of C. F. (Speck) Davis in 1917. He was tried three times in District Court here, which resulted in a hung jury each time. The case was transferred to Jones County last fall and tried, resulting in a verdict of guilty and his punishment assessed at 10 years in the penitentiary. The case has been before the Court of Criminal Appeals for some time.

J. D. Conley of Throckmorton is in Haskell this week on business.

**SIGN ALL COMMUNICATIONS SENT US FOR PUBLICATION**

During the past few weeks we have received a number of interesting news items through the mail, the writers having failed to sign their names—and we were unable to use them. If you wish an article published be sure and sign your real name, not for publication, but that we may know the source from whence it came. An article signed "A Friend," "One Present," etc., cannot be used. This applies to those sending in community letters as well as others, and we trust that our correspondents will please sign all letters. Your name will not be published with the article. If you wish to use another name than your own, sign the article as you may wish it published and put your own name below, so that we may know who is the author of the article, as well as know to whom we are indebted for the favor.

We will appreciate it if all our readers will observe this rule and co-operate with us in this matter.

time to these children. They are a drag and a load for their teachers and classes to carry. This is a big problem, which the schools can not solve successfully without the cooperation of the parents of these children. Children can not attend successfully a nine-months, first-class school system and stay out of school and make and gather a cotton crop.

The parent that does this is sacrificing the education of his children.

The Martin Sisters Tent Show affected very seriously the school work of a good many of our children last week. We have stated repeatedly that it is impossible for children to do satisfactory school work and be out week nights attending shows or other forms of entertainment. These shows, to say the least, are not uplifting. They do not teach our children anything that will help and elevate them. Their fun and entertainment are not wholesome and in most instances they are very injurious.

It is our duty to teach our children that they must work hard and constantly if they expect to succeed in life. No wonder our children do not do better when we grown folks want to be entertained all the time and we do all we want to avoid hard work. If we save this nation of ours we must teach our children the value of hard and thorough work and we must first set them the example. We hope the next tent show that comes to Haskell the parents will at least not permit their children to attend them on school nights. The best thing for our town and children would be to boycott them when they come.

We are trying with our school lyceum and picture shows to furnish a lot of the entertainment for our school children. We understand that the Haskell Theatre is also booking good pictures on Friday and Saturday nights.

All we ask is your hearty cooperation for the sake of your children. We all live and plan for our children. So do not let us fall down on the biggest thing in their lives—the securing of a thorough high school education.

The children of Haskell are fine children. They are courteous and have a fine attitude. They cooperate nicely in school. They have a fine school spirit and they like their schools and their teachers. What we want is better work from quite a number of them.

## Football Season Ends With Friday's Game.

With today's (Friday) game between the Curtains and the Bear Cats the football season of 1922-23 is ended. Although the boys fought hard during the whole season they played in hard luck and lost more games than any previous year.

With the material from this year and the new material that will be out next year Haskell ought to have another winning football team.

Mr. Anthony deserves much credit for the splendid coaching he has given the football team in trying to make it one of the winning teams of West Texas.

After Friday's game, which will determine which of the Literary Societies are the best along the Athletic line, the basketball season will start and with the material that is already in sight and the new material that is turning up every day Haskell will have a basketball team that they can well be proud of. On this year's team will be seen men from Haskell's first team last year and men from the first teams in several of the surrounding towns, mainly, Rochester, Stamford and Leuders. Lots of new material is turning up every day that the coach says looks promising as first team contenders.

Mr. Anthony expects to make a winning team in basket ball this year and the students and faculty all hope that there will be better crowds out for these games than there were for the football games.

Haskell is not out of debt yet from the football season because of such poor crowds that turned out to witness these games. For this reason the game will be played Friday between the two societies.

The basket ball schedule has not yet been arranged by the District officials but as soon as it is it will be published in the Free Press and near will come to see every schedule game that is played on the home field. No one will regret the small sum spent for these basket ball games. Season tickets can be bought from any member of the faculty or any high school pupil. Get the spirit and buy your season ticket the first chance you get. Some one will be around to see you about a ticket. Don't refuse them.

The high school orchestra, under the efficient leadership of Mr. Nurdyke, is fast becoming one of the most talked-about things in the high school today. Although they have practiced only a short time, to listen to them one would think they had been playing for several years. Everyone in high school that has the least bit of musical talent about them are in the orchestra and everyone is at the practice, which is held twice a week.

The selections they rendered last night at the third number of the school lyceum was enjoyed by all and we hope to see them giving some public concerts in the near future.

Frank Kimbrough, who is attending Simmons College at Abilene, spent last week-end with parents and friends in this city.

Miss Bernice Mask, who is attending Simmons College at Abilene, was in this city last week-end visiting her parents and friends.

## Makes Stoves Shine

**Black Silk Stove Polish**  
It is different. Lasts four times as long as ordinary polish and gives your stove a brilliant, shiny finish. It is not only a polish, but it is a preservative. It keeps your stove from rusting and keeps it from getting soiled. It is the only polish that does not leave a greasy film. It is the only polish that does not leave a sticky residue. It is the only polish that does not leave a white film. It is the only polish that does not leave a black film. It is the only polish that does not leave a red film. It is the only polish that does not leave a blue film. It is the only polish that does not leave a green film. It is the only polish that does not leave a yellow film. It is the only polish that does not leave a purple film. It is the only polish that does not leave a pink film. It is the only polish that does not leave a brown film. It is the only polish that does not leave a grey film. It is the only polish that does not leave a black film. It is the only polish that does not leave a red film. It is the only polish that does not leave a blue film. It is the only polish that does not leave a green film. It is the only polish that does not leave a yellow film. It is the only polish that does not leave a purple film. It is the only polish that does not leave a pink film. It is the only polish that does not leave a brown film. It is the only polish that does not leave a grey film. It is the only polish that does not leave a black film.

Our recent visit to the Chicago Market enables us to select some wonderful coat-suits, dresses and coats at a tremendous reduction. We in turn, can offer our customers the benefit of this lucky purchase and price them in the big Sale at extremely low prices.

The beauty of designs, the smartness of the lines and the master workmanship will highly commend them to the most exacting purchaser.

Be one of the first to be fitted from this superlative stock of ready-to-wear.

Know ye, All men by these Presents:— that we Labor and Capital have agreed to bury the hatchet and be good so that J.T. may get his new stock of Dry Goods from the Eastern markets in time for his Big Square Deal Sale Nov. 13th. By so doing we all can share and share alike in the greatest money saving event of modern times. My Secretary You will so record it. We will now adjourn to meet at **J.T.'S BIG SALE**

When you buy a Kuppenheimer suit, you have made the very best investment it is possible to make in clothes.

They are faultlessly tailored, superior styles, and super quality is found in each and every Kuppenheimer suit.

They are priced so reasonable in the Sale that all may own one of the best suits it is possible to make.

These fine suits like the rest of the stock will be greatly reduced in price during the big Sale and this is your one chance to buy a real bargain.

# SQUARE DEAL SALE WITH PEP NOV. 17TH

## Sale Opens Friday, Nov. 17th

In announcing this a most unique and in many respects, a marvelous Sale at this time, we do so, cognizant of the fact that a general wave of prosperity is sweeping over the entire country.

From the snow-covered hills of the north to the sun-kissed shores of the southland; from the storm-swept coast of the New England States to the flowery-bedecked shores of California. The entire country is undergoing a material change for the better. Labor everywhere is employed at fair prices. Money is flowing freely into the channel of commerce. This is evidence by the steady rise in the price of almost all commodities. From material

Well do we know that by storing these goods for thirty or sixty days we could more than double our net profits. But instead of waiting for larger profits we propose to throw the entire stock of first quality dry goods on the retail market of Stamford and Rochester at prices that will estound the commercial world. We propose to share and share alike with our people our good luck in buying this wonderful stock of high class goods so cheap.

In order that all may reap the benefit of our luck purchase we will put on what we shall call a square-deal Sale and make the prices so extremely low that it will be a worth-while Sale.

At the same time we will be doing our friends and customers a good turn and we believe they will appreciate our efforts to serve

## Sale Opens Friday, Nov. 17th

For an example, an article that usually sells, say, at \$1.00, will be sold in the Sale at 65 to 75 cents, or an article that sells at \$4.00 will be sold in the sale at \$2.80 to \$3.00. You will save from \$1.00 to \$1.20 on a four dollar item. Should we sell fifty thousand dollars during the Sale, which is not unreasonable, the people will have saved from fifteen to seventeen thousand dollars.

We can justify our action in making such drastic cuts on an advancing market only upon the ground that the extra volume of business that will accrue to us from the big Sale will bring our

Haskell Texas, November 17, 1922.

It's hard to tell which is the greater handicap to the country—the idle rich or the idle poor.

Is it good business to fill your shelves with merchandise and then just sit down and neglect to tell the people about it? There is no better way of reaching the people of Haskell county than through the columns of the Free Press. It covers the county like the sunshine.

PLAY FAIR.

It is not a crime to be poor, and it is not always a disgrace to be unable to pay one's debts at maturity, but it is not playing the game squarely to live extravagantly while putting off the payment of bills.

It is not playing the game squarely to ride around in a fine automobile while standing off the grocer and the butcher and the hired help, all of whom need their money.

Play fairly as you go along if you want others to play fairly with you.

AMERICAN IDEALS

"Ideals are the world's masters." A true ideal is never impossible. Toward the realization of high ideals society must always be tending. If it would make real progress. It is of the utmost importance that in our country we should keep the ideals of American Democracy before us and impress them upon our children. Liberty, equality, happiness and a government that shall always be "of the people, by the people and for the people" are some of the American ideals which we cannot afford to lose sight of.

In proportion as every individual understands and receives the full benefit of those ideals to the extent that he is capable of enjoying them, the nation as a whole will remain free, happy and democratic. To educate each individual citizen in the Republic, to give him high moral standards and to make it possible for him to develop his talents to the highest degree, is the only way to make America the ideal nation which she should become.

"NORMALCY" REPUDIATED AT THE POLLS

At the election last Tuesday the Democrats made sweeping gains throughout the country. Many of President Harding's closest personal and political friends were driven from public life. Republican control of the next House is endangered, their margin in the Senate is seriously reduced, and the political complexion of the country generally is changed. It was an emphatic rebuke to the Harding administration.

In 1920, President Harding was elected by an overwhelming majority, and after two years of "normalcy" the people have given unmistakable evidence of their desire to get back to the kind of prosperity enjoyed under the Wilson administration.

FACT AND FICTION

Soon be time to warn you to do your Christmas shopping early.

Honesty is the best policy, for you can never tell who may be watching you.

Don't ever make the mistake of trying to make a henpecked man "feel at home."

The best known small city in the United States today is New Brunswick, N.J.

Many a local Solomon has lost his reputation for wisdom by consenting to speak in public.

Opportunity, they say, knocks but once. How much better it would be if people followed that example.

Henry Ford has made a go of so many flivvers that we would like to see him try his hand at the Greek.

The Angora government having declared the sultanate vacated it is now quite evident that the Sultan has lost his Angora.

The French are said to be trying out a new fuel composed of a mixture of gasoline and alcohol. Experience has taught us over here that such a mixture is too often fatal.

ACKNOWLEDGMENT.

The following is taken from the State Press column of the Dallas News:

Six of the biggest pecans State Press has seen since he became nutty, so to speak, were received a day or two ago from Mr. John W. Pace, Haskell, Texas. Mr. Pace set this pecan tree in his yard in 1915, and last year it yielded a quart of nuts, this year a gallon. Besides that, it has afforded shade and lent adornment to the Pace homestead. When putting out trees for shade, why not put out the kind that will not only bear unbragousness, but a profitable by-product? "I do not think you could devote your valuable space to a better purpose than to insist on the citizens of this State planting pecans instead of hackberry and other trees," says Mr. Pace. And S. P. agrees with him, and insists that tree planters plant more pecan trees. A tree that produces as little as half a bushel of such nuts as these sent by Mr. Pace would help to

pay the taxes on the home. A dozen such trees would yield material value to any homestead. We liked to have forgotten to say, however, that Mr. Pace challenges our Central Texas and South Texas friends to send State Press any larger pecans than the Pace specimens. The recipient will be justified in eating them without keeping same for comparison with the West Texas product. It is a valuable suggestion. From Mr. Metcalfe at San Angelo and Mr. Pace at Haskell S. P. has received this year very fine pecan samples. Both these localities are western. It is up to the other portions of the State to match the West or admit defeat. Six pecans, though, are hardly enough to base a critical judgment upon. Better make it six quarts.

Methodist Church

The Pastor has received many encouraging words since returning from Conference. The response last Sunday was encouraging. Let every one begin now to work for the greatest year in the history of Haskell Methodism.

Come to Sunday School and church next Sunday. We want to extend a very special invitation to visitors, strangers, and all who are without a church home to join with us in all our services. We will try to be a blessing to you.

Baptist Laymen's Council

Twenty-one men were present Sunday November 5th, all of whom declared themselves working members.

The constitution and by-laws were presented and adopted.

A membership campaign and contest was launched and much enthusiasm expressed on both sides.

The chairman appointed various committees for more effective work.

The organization promises to be a great aid in our church affairs.

Baptist Woman's Missionary Society

The Baptist women had an unusually good meeting Monday November 13th. Mrs. B. M. Whiteker was leader for the afternoon and conducted a very interesting lesson on "Our Missionaries in Brazil." After the lesson a box was packed to send to Buckner's Orphan Home, also a cash offering was made. The box was valued at \$57.00 and the cash amounted to \$30.00.

The President, Mrs. R. C. Couch, assisted by Mrs. B. M. Whiteker and Mrs. Chas. Conner served sandwiches and hot chocolate to more than twenty members and several visitors.

Methodist Woman's Missionary Society

In November of each year every auxiliary in the Methodist Church observes one week as our Annual Week of Prayer.

All our schools and homes turn away applicants every year for want of room and helpers, so the Council has adopted this Week of Prayer plan to improve or enlarge one school or Mission in the home field and one in the foreign field annually.

This year our special objects of prayer and contribution are the Mission Home and School at Houma, La., and Collegio Beuna Vista at Havana, Cuba—both are in need of larger buildings.

Our local auxiliary met last Monday at eleven o'clock, served lunch to about twenty ladies and followed with our Week of Prayer program. Our president, Mrs. Fred Sanders, had planned well and all who took part showed they had given much thought and preparation for the day. Each member who failed to be present missed a blessing for His spirit was there. The free will offering amounted to twenty dollars for which we are truly grateful.

"I suffered with chronic constipation that would bring on very severe headaches," says Mrs. Stephen H. Kincer, of R. F. D. 1, Cripple Creek, Va. "I tried different medicines and did not get relief. The headaches became very frequent. I heard of

Theford's BLACK-DRAUGHT

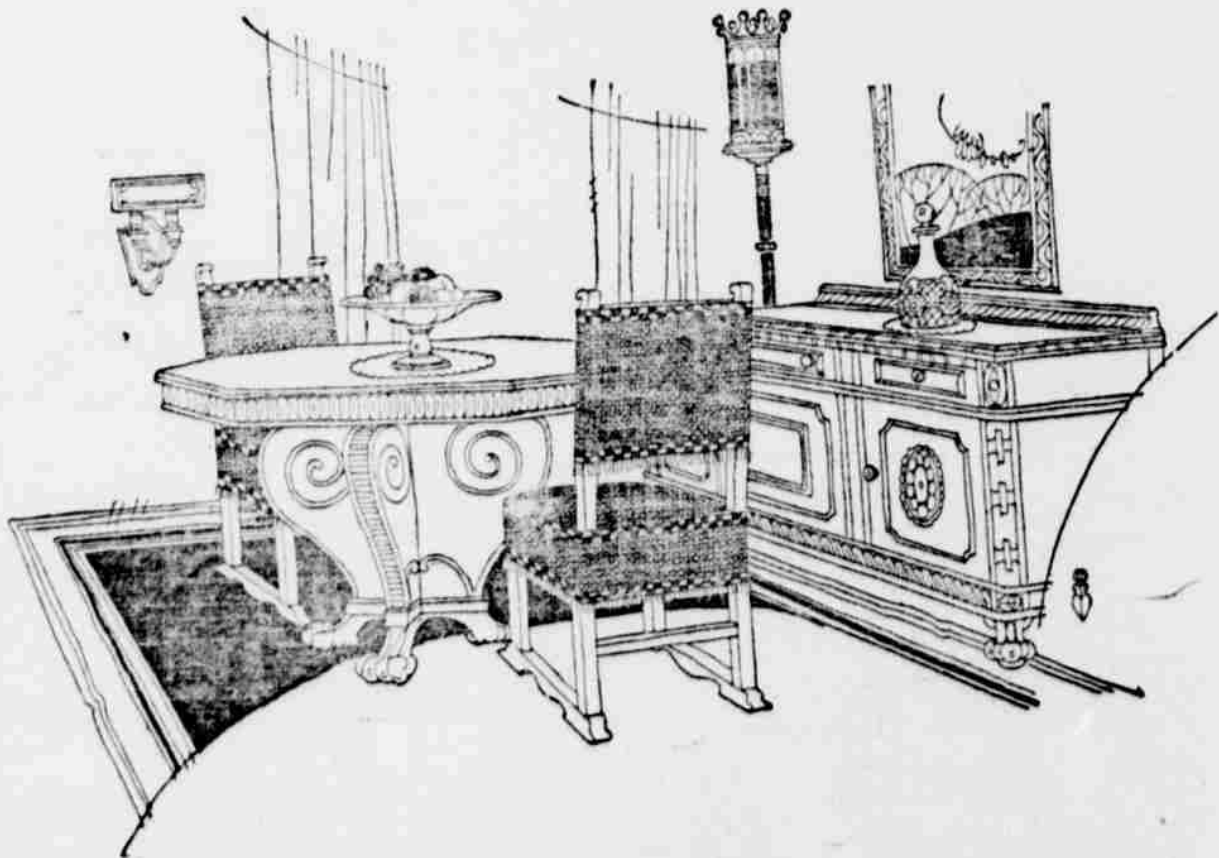

and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition."

Theford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, when it is torpid, helps to drive many poisons out of your system. Biliousness, indigestion, headache, and similar troubles are often relieved in this way. It is the natural way. Be natural! Try Black-Draught. Sold everywhere.

### SCHOOL NOTES

#### Bear Cats Render Splendid Program

The Bear Cat rendered one of the best programs in the history of the Bear Cat society last week. This being an Armistice Day program they took particular pains in getting up this splendid Armistice Day program.

The sixth and seventh grade and the high school, along with the mothers and patrons of the school filled the auditorium and the program was enjoyed by all.

The songs, talks and readings were enjoyed by everyone, which was shown by the splendid applause received after each number.

The War Talk by Mr. Morris was splendid and all the children as well as the grown-ups enjoyed this particular number. The Allied Nations, a portrayal of the allied nations in their ma-

tronic costumes and dances, and representing America, Spain, Holland, Italy, France and Japan was well prepared, and the feature number of the whole program.

#### Girls Lose to Knox City

Saturday the local girls basketball team journeyed to Knox City for the first game of the year. Although the girls were defeated to the score of 28-11 they fought hard the whole game and deserve much credit for the showing they made with such a small amount of practice.

Everyone that witnessed the game says that the Haskell girls did more than was expected with the coaching that they have had. The Knox City girls have been practicing since the first day of school while the Haskell girls have only practiced for the past week.

Much pride should be taken in girls that are willing to get out like these girls do and work to try and make a name for the Haskell High School in

athletics as well as other things.

They will try and arrange to have a game here every week and those who are interested in basket ball should not miss them.

The girls were royally entertained while they were there. The Domestic Economy girls of Knox City had a fine lunch prepared for them on their arrival, which was greatly enjoyed by all those present.

Mr. Brasher and Mr. and Mrs. Lebo were invited by the business men of Knox City to a banquet given in honor of the Legion boys. At this banquet Mr. Brasher was called on to make a speech.

#### Bear Cats and Curtains to Play off Tie

Friday at four o'clock is the appointed day and hour that the Bear Cats and Curtains have been waiting for since the tie game was played several weeks ago. It was decided in assembly Monday by the faculty and student body that the game should be played on that date in order to help get the football team out of debt.

Both sides are practicing this week with the intention of winning and knowing that they have the honor of having the best football team.

The reporter also understands that the girls of the Bear Cats Literary Society have challenged the Curtain Club girls to a game of basket ball to determine which club has the best girl athletes.

Be at the ball park Friday at four p. m., and see one of the best and fastest football games played on the home grounds this year. Several were sorry that they did not get to see the last game, so be there this time with lots of pep and back your favorite Literary Society.

Reporter.

The Glee Club is also making rapid strides toward perfection under the leadership of Misses Chambers and Langford. They appeared on the program Thursday night and their numbers were appreciated by the large audience that filled the house.

The debating club was organized Wednesday evening after school with a goodly number out for debating, girls as well as boys. With what material we have from last year and the new material that was at the meeting Wednesday evening Haskell ought to take all County honors and go to Abilene and make an even better showing than was made last year by those who went.

#### Haskell Loses to Seymour

The local football squad returned Saturday from Seymour, declaring that one of the most freakish games of football on record had been played that day at Seymour. The score ended 41-22 in favor of the Seymour aggregation. Four of Seymour's touchdowns were made by intercepted forward passes. Two of Haskell's touchdowns were also made from freak plays.

The game last Saturday will be the last football game of the season with the exception of the Curtain-Bear Cat game that will determine the high school championship. This game will be played Friday at the ball park and anyone enjoying a good football game should not miss it.

(Continued from First Page)

times and went in—to behold—a pair of soap bubbles hanging on a nail. The refreshment here provided over by Mrs. Luck and Hess served hot chocolate and cake to all corners at ten cents each and was readily the favorite. Several of Sagerton's confirmed bachelors were observed taking these home baked cakes and home brewed chocolate with a look in their eyes that expressed supreme delight.

Mrs. M. R. Smith promised long life and riches to those possessed of ten cents and a disposition to know the future.

In the contest for the prettiest girl Miss Eula Mae Gibson received the prize, a handsome and delicious cake. J. W. Martin, better known as Uncle Billy, won the box of home-made candy given away in a raffle.

Miss Powell of Old Glory favored the crowd with several piano selections, and as a result succeeding in organizing a class in both piano and expression, and will spend a part of her time in Sagerton from now on.

The intermediate grades under the direction of Mrs. E. S. Lee and Miss Clota Martin gave a splendid program considering the time, about one week, in which they had to train the performers.

The gate receipts amounted to forty-three dollars with some thirty dollars profit, thanks to the generosity of the people in donating both their time and property to be used in the carnival. The money will go to the purchase of school ground equipment.

### ITEMS OF INTEREST FROM THE SAGERTON SECTION

Rev. Van Zandt, the new Methodist Pastor, and wife, spent Sunday here. Bro. Van Zandt preached morning and evening services. Bro. Van Zandt comes from Lockney here and will make his home in Rochester but will serve both churches, Rochester and Sagerton. While a young man, he is an able preacher and if given the proper support, will do much for the church here. A fair-sized crowd heard him both morning and evening Sunday and were well pleased. The crowd would have been larger but for the wet, cold weather. He will preach again the second Sunday in December and everyone is invited out.

Miss Eran Heathington of the Rule School spent last week end with her brother, W. W. and A. A. Heathington. Armistice Day passed quietly, the only attempt at celebration being the closing of most of the business houses and the blowing of the double whistles on the gin at eleven o'clock.

Sagerton was real busy for a while Saturday morning when we had two passenger trains at the depot at one time. The Wichita Valley was late and arrived simultaneously with the Orient. If this happens again we will be putting on city airs.

Deputy Sheriff D. M. Guinn, assisted by Sheriff Bingham and the deputy from Rule made a very interesting capture last week in a still found in the Swenson pasture. The still was a large forty-gallon size with the condenser made from a coil of pipe placed in a barrel of water. Several barrels of mash were found and destroyed and several packages of yeast cakes. A fruit jar carton was found bearing the name of a Stamford dealer.

Rev. McHenry Seal, pastor of the Baptist Church, will preach Sunday morning and evening. All are invited.

Elder W. A. Bentley of the Church of Christ preached at the Methodist Church Sunday afternoon to a fair-sized crowd. He preached with all of the vigor and spirit of a much younger man and all of his hearers enjoyed it very much.

A. A. Heathington and T. J. Ratliff were in Asperment Saturday.

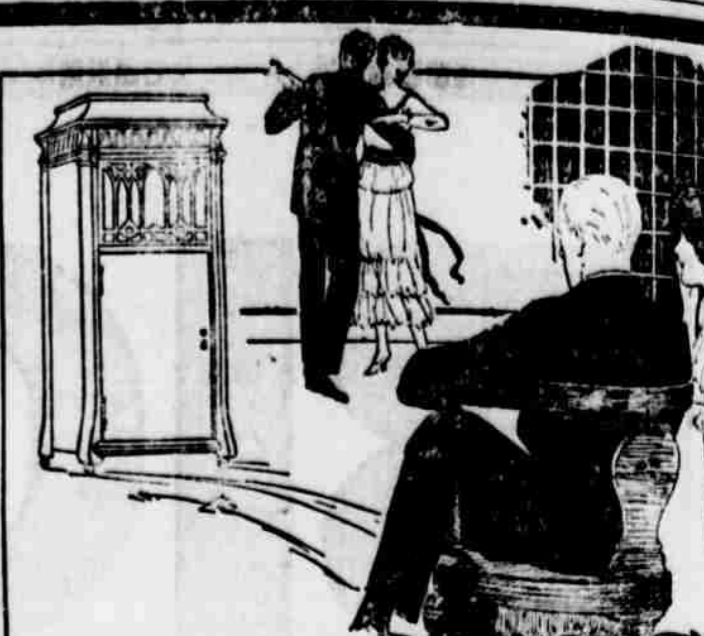

FRESH FISH AND OYSTERS, CASH MEAT MARKET. 2c

Tom Moore of Stamford was in Haskell Sunday evening visiting friends.

Marion Haughey of Seymour visited friends in Haskell Sunday.

The following people motored to Seymour Saturday to witness the Haskell-Seymour football game: Bailey Post, Hill Oates, Lee Perrin, Gilbert Smith, Edison McReynolds, Roy Killingsworth, Cecil Watson, Fred Mauldin, Ora Pippins, Ewing McReynolds, Mr. and Mrs. T. J. Watson, Mrs. A. Holt and Mrs. Hill Oates.

Both remedies are packed in one carton and the cost of the combined treatment is 50c. Just ask your druggist for **HAYES HEALING HONEY**.

## Dancing Days Are Here!

WHEN the crisp Fall air sets your blood a-tingle, when golden afternoons beckon you to a dance on the porch, and the first mild chill of Fall evenings suggests amusement indoors—then you'll enjoy the music of the New Edison RE-CREATIONS.

The latest Broadway hits, played by famous orchestras, are ready in New Edison RE-CREATIONS. These RE-CREATIONS play nearly twice as long as the average record—150 lines of music to the inch instead of the usual 90 lines. Among the November numbers are snappy foxtrots and one-steps, delightful songs from the new musical shows, and instrumental novelties that have a dancing rhythm all their own. Let us play them for you.
