U. S. Drive Throws Reds Back Four Miles

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

Stanolind To Try To Complete NE Gaines Outpost

Stanolind Oil & Gas Company will attempt to complete its No. 1-C Jones as a one-mile northwest extension to the Cedar Lake-San Andres field in Northeast Gaines County.

The prospective extension is plugged back to 4,734 feet from total depth of 4,839 feet. Cores above plug-back total depth yielded possibilities of production, and electric log recently taken has warranted the attempted completion.

Operators are now waiting on cement to cure on the plug.

Water was developed on a drillstem test at 4,774-839 feet. Operators have plugged this section off.

The No. 1 Jones is 660 feet from south and 1,984 feet from east lines of section 14, block H, D&W survey, and 17 miles east of Seagraves. It is approximately one mile northwest of the nearest production in the Cedar Lake field.

More Pay Assured In Borden Opener

Castleman & O'Neill and Walter Duncan have been assured of nine more feet of pay in their No. 1 Rogers, new reef discovery in Central-South Borden County.

After deepening, operators took a two-hour and five minute drillstem test over the entire pay section at 7,948-75 feet. Gas surfaced in six minutes, but the well did not flow oil.

Recovery when the tool was pulled was 1,500 feet of fluid, of which 950 feet was clean oil and 550 feet was heavily oil and gas cut mud. No water was developed in the recovery.

Acidized

Operators then acidized with 500 gallons of mud acid, and 1,000 gallons of regular acid and are now preparing to complete.

This discovery, located four miles east of the Vealmoor Canyon field, reportedly topped the reef pay zone 162 feet below the water level of that producing area. It topped the reef at 7,950 feet, on an elevation of 2,474 feet.

The No. 1 Rogers is 660 feet from northwest and 560 feet from southwest lines of section 29, block 31, T-3-N, T&P survey.

Howard Discovery Ready To Complete

Shell Oil Company No. 1 E. T. O'Daniel, Pennsylvanian lime discovery in Northeast Howard County, is shutin to prepare to take potential test and complete.

This well has shown for some sort of a producer and a new field opener from pay at 7,995-8,005 feet.

On the last test reported before the well was shutin it flowed 126 barrels of oil with a small shakeout of drilling water and sediment. There were no indications of formation water.

Location is 1,997 feet from west and 656 feet from south lines of section 2, block 30, T&P survey, T-1-N.

It drilled to a total depth of 8,780 feet in the Ellenburger. That horizon made sulphur water and it had no shows of oil or gas.

Operator plugged back and cemented 5 1/2-inch casing at 8,160 feet to test the thin pay in the Pennsylvanian.

That zone is being produced through perforations.

Hockley Extension Deepening To Water

Honolulu Oil Corporation and Signal Oil & Gas Company plan to determine with water level of the recently discovered Ropes field in Central-East Hockley County with their No. 1 J. C. Hopper, north offset to the discovery.

Casing has been set and plug drilled on the No. 1 Hopper, which is bottomed at 9,320 feet in the lime reef pay of the field.

Operators plan to core or drill ahead until the water level of the pool is determined.

Slightly Low

The No. 1 Hopper topped the pay at 9,289 feet, reportedly seven feet low to the discovery well, Honolulu No. 1 Underwood.

A drillstem of the reef section yielded oil in commercial quantities, but the well did not flow.

The oil string has been set at the top of the pay. Exact location of this extension is 510 feet from south and east lines of labor 8, league 5, Wilbarger County School land survey, and six miles south of Smyer.

Pennsylvanian Yields Shows In NW Nolan

Cities Service Oil Company and Skelly Oil Company No. 1 Cooper, wildcat in Northwest Nolan County, has developed oil and gas shows from a lime and sand zone of the Pennsylvanian.

Three separate tests were taken over a 94-foot section, with no water being developed. On the first test at

U. S. Likely To Use Sea, Air Invasion

By ELTON C. FAY

WASHINGTON — (AP) — Lack of manpower and, to some degree, transportation apparently precludes any early, large-scale effort to upset the Korean Red Army by amphibious or airborne invasion behind the lines.

Nevertheless, military men here are not disposed to rule out the possibility that the time will come for use in Korea of the sea-air invasion technique that helped win World War II campaigns in both Europe and the Pacific islands.

Nor does it mean there won't be more forays by small groups landing from ships for demolition and scouting purposes along the enemy-held coastlines of Korea.

Lands Quietly

The departure from American West Coast ports of units of the First Marine Division led to a widespread expectation on the home front that a spectacular landing was imminent. The Marines' reputation as amphibious landing specialists presumably gave rise to the expectation. Instead, the brigade landed quietly at a South Korean port, then moved to the front to take up positions with troops already in battle.

Whatever the military or psychological value of putting a big force behind the enemy now—to divert some of his attack force to beachhead defenses — the odds are weighted heavily against it.

Every man with a gun in the Far East zone seems to be needed badly to hold the defense line.

Louisiana's House Rejects Constitution Bill By 56-33 Vote

BATON ROUGE —(AP)— The Louisiana House Monday voted 56 to 33 to reject legislation that would require the proposed constitutional convention to submit any new constitution to the people.

Gov. Earl Long walked in as debate raged.

The special session was called primarily for consideration of revisions in the constitutional convention setup.

The red hot issue of whether the voters should have the final decision on any proposed new constitution was injected immediately after Rep. John McKeithen, one of the governor's floor leaders, brought up the bill for final passage in the House.

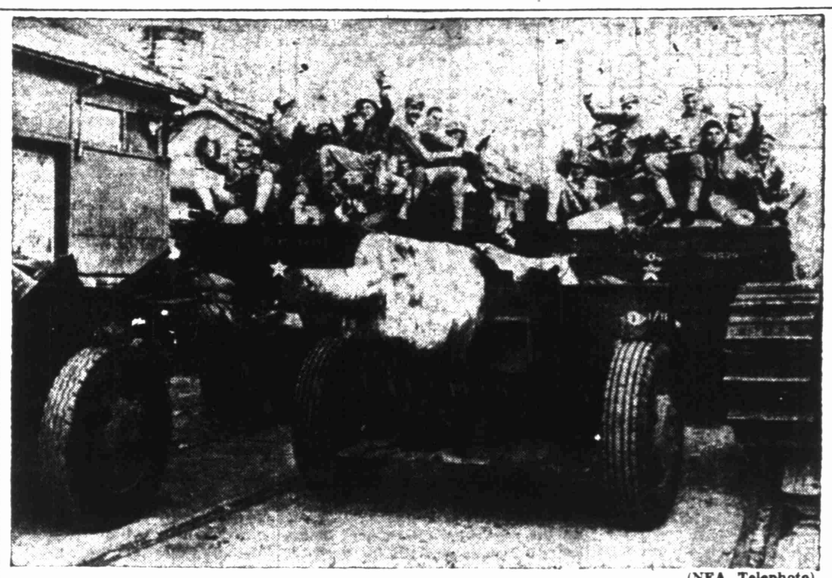

The Administration bill provides for 149 delegates, with 100 of them elected by the people. It gives the convention the power to make any changes it desires without submitting them to the people, except any move to extend terms of state officials.

Any proposals by delegates to extend terms of officials, under the Administration bill, would have to be submitted to approval of the people.

Governor Long told the House Judiciary "C" Committee Sunday, just before it approved the administration bill:

"With all respects to our people—and they are as good as any in the world—unfortunately there is much ignorance. We are doing everything we can to improve this. But the lawyers themselves don't know what a constitution means."

"I don't think the people of Louisiana are ignorant if they are given the right to elect our officials, and to pass on constitutional amendments, they ought to be given the right to pass on any new constitution." Rep. Wellborn Sack said.

Army Says Casualties Total 2,616

WASHINGTON—(AP)— The Army announced Monday that its Korean war casualties reported to families and released for publication through August 6 totaled 2,616.

There are additional casualty lists, awaiting release after notification of familiees.

Monday's total covered only Army personnel. Losses with other services have been relatively light.

The breakdown of those casualties released for use shows 153 killed, 1,590 wounded and 873 missing, spokesmen said.

"The Army feels very strongly about casualty reports," the spokesman said, "because it is so close to the hearts of the American people."

Waits Until Positive

It was added that the Army always waits to inform families until "we are positive." A briefing officer added that the total for missing in action changes from day to day.

The total Monday for instance, is 65 less than the number of missing reported from the Far East Sunday.

The Army said it was not "trying to hide anything. We are trying to handle casualty notifications in a dignified and considerate way."

An officer said that the time lag in reporting casualties will decrease now that the front in Korea is "more or less stabilized."

Heard At Briefing

The subject of the casualty count came up at the briefing because of a report by Columnist Drew Pearson that the casualty total up to August 1 was 660 killed, 2,975 wounded and 3,000 "actually missing in action."

Pearson wrote that he had seen "the secret casualty list kept by the Army surgeon general's office."

The Army spokesman said in answer to questions, that the totals given by Pearson "do not agree with casualty lists I have seen."

Replying to a specific question about a "secret list," the spokesman added that it is the Army's adjutant general that handles casualty reports.

Yeggs Find Right Store, Wrong Safe

NEWARK, N. J. —(AP)— There are two one-ton safes in the F. W. Woolworth Company store at 78 Broadway. One contained $3,000 cash. One was empty.

Safecrackers worked hours and finally opened one Sunday night. It was the wrong one.

Harriman Visits War Front, Reports Top Officers Optimistic

TOKYO —(AP)— President Truman's special assistant on foreign affairs, W. Averell Harriman, flew to the Korean war front Monday as American troops kicked off on their first offensive.

On his return to Japan Harriman said he found American military leaders and South Korean officials "very cheerful and optimistic."

Harriman visited a battalion command post close to the front lines while American artillery roared an intense barrage.

"Nobody shot at me," he said.

Harriman also visited U. S. Eighth Army field headquarters and conferred with the commander, Lt. Gen. Walton H. Walker.

The Harriman party returned to Tokyo's Haneda Airport at 8:35 p.m. (4:35 a.m., EST) in General MacArthur's plane, the Bataan.

News of the flight to the war front was withheld for security reasons until after the presidential envoy had returned to Tokyo.

Goes To Embassy

Harriman went to the American Embassy. He said he would leave Tokyo Tuesday but did not disclose his next destination.

The Korean trip occupied the second day of Harriman's visit here for a broad review of American policy in the Far East. He conferred at length Sunday with MacArthur after attending a military briefing on the war.

Details of his conversations have not been disclosed.

Eight Dangerous Inmates Escape; Three Recaptured

CHATTAHOOCHEE, FLA.—(AP)— Two of eight fugitives from the criminal insane ward of the state hospital here were recaptured without resistance Monday.

Five of the escaped inmates, all considered dangerous, remained at large. One had been caught shortly after the break Sunday.

Albany, Ga., police picked up one of the men on a downtown street when a resident spotted him, clad in pajamas and reading a newspaper. The man gave his name as J. T. West.

The other man caught Monday was identified by hospital authorities as Charles Paul James. He was found asleep on the ground about two miles northwest of the hospital.

The eight prisoners, all wearing pajamas, escaped from the hospital at 2:30 a.m. Sunday. Five fled in a station wagon, two on foot. The other man was captured within two hours.

Body Of Tulsa Man Found In Hotel Room Here Monday

The body of Sidney B. Iverson, 42, of Tulsa, Okla., was found early Monday in a hotel room here. He had checked into the hotel last Friday.

Co-owner of the Iverson Supply Company, he was a resident of Midland from 1936 to 1940 and had lived in Tulsa the last 10 years.

Funeral arrangements were incomplete Monday. The body will be sent to Tulsa. The Newnie W. Ellis Funeral Home is in charge of arrangements here.

Iverson is survived by the widow and two children, Jimmy and Judy Iverson of Tulsa; his mother, Mrs. P. M. Iverson of Tulsa, and three brothers, S. J. Iverson of Fort Worth, and A. M. and Paul Iverson, of Tulsa.

Three Brothers To Fight War Together

FORT WORTH —(AP)— The three Oxford brothers plan to fight the war side by side.

They are Pvt. H. C. Oxford, Pfc. John L. Oxford and Tech. Sgt. Thomas R. Oxford, all Marine air reservists, called to active duty Sunday.

At the time of their enlistment in the reserves, the trio requested and got permission from the Navy to serve together.

The mother of the three Fort Worth Marines, Mrs. H. V. Oxford, said she wanted her boys together, "no matter what."

Philippines Offers Regiment For Korea

MANILA —(AP)— The Philippines government offered Monday to send immediately to Korea a fully-trained, fully-equipped regiment of 5,000 combat infantry.

This marked a sharp change in policy.

President Quirino announced the offer to General MacArthur shortly after the Philippines Congress had approved dispatching the troops at its own expense.

If additional troops are needed, Quirino said, the government will begin training volunteers. However, he said, outside money would be needed to support such a program.

Quirino said the 5,000 troops could serve wherever they might be needed. This was in answer to a question on whether the troops might aid in the defense of Formosa.

Quirino ordered all privately owned military equipment impounded.

Construction Worker Falls At Work Site

Willie Russell, a construction worker employed on a job at the intersection of South Terrell and East Missouri Streets, fell 15 feet and landed on a concrete floor Monday morning. He was rushed by ambulance to Midland Memorial Hospital.

First examination showed no serious injuries, but doctors were to X-ray him and keep him under observation until the extent of injuries could be determined.

He was knocked unconscious by the fall, but was conscious when he reached the hospital, authorities said.

He gave his address as North Lamesa Road.

★ LATE NEWS FLASHES ★

MANILA—(AP)—The U. S. 13th Air Force announced Monday night that two of its F-80 jet fighters were missing. They took off from Clark Field at noon and were believed down somewhere in Northern Uzo.

TAIPEI, FORMOSA—(AP)—An official Chinese Nationalist dispatch Monday night said 22 soldiers and crewmen of a Communist motorized junk surrendered Monday near Quemoy after their captain was killed in a fight with a Nationalist gunboat.

GALVESTON — (AP) — The Republican State Executive Committee met Monday and plunged immediately into a contest over seating a Galveston delegation. Next door the Young Republicans called in two Galveston policemen "to stand by" when several hundred gathered for their organization meet.

Shivers Says Party Needs 'Fighters'

AUSTIN —(AP)— Gov. Allen Shivers Monday told party leaders there is room enough in the Texas Democratic Party for "a lot of fights" and for all fighters to stay within the party.

The governor, whose nomination as the party's nominee for a term of his own was certified earlier in the morning by the State Democratic Executive Committee, told the committee he had heard reports of some brewing fights.

"There is no reason why we can't have the fights within the party and still have a better and more energetic party in Texas," he said. "I don't want to control the Democratic Party in Texas for the purpose of doing anything with it but I don't want anyone else to control it to do anything to me.

Think We Can'

"I would like for us all to work together and I think we can."

The committee immediately adopted a resolution by unanimous standing vote pledging the governor full support and cooperation.

No fight developed at Monday's brief meeting which lasted less than an hour. The committee's primary purpose was to certify candidates for the August 26 runoff primary.

The committee also paid tribute, by resolution, to its late member, Mrs. Marion Storm of Austin, and named Mrs. A. Caswell Ellis, close friend of Mrs. Storm, to fill the vacancy.

Thirty-five members were pres-

Summer Clearance $$Dollar Day$$ Makes Busy City

Summer weather of Monday was a good reminder for Midland and Permian Basin shoppers to take advantage of $$Dollar Day$$. There's plenty of hot weather left.

And they did. Shoppers loaded with packages were observed coming out of Midland stores. Downtown traffic was heavy.

The merchants, businessmen and services were featuring Summer clearance. Prices were slashed and there were bargains galore.

Midland must have been the busiest city in West Texas Monday. Any other city with a busier claim would have to show proof, a merchant said.

Fall merchandise and products also were well displayed and many Summer clearance bargain shoppers took time to look them over.

School Board Plans 1950 Budget Hearing

A hearing on the 1950 budget for Midland schools is to be held Tuesday night at the regular monthly meeting of school trustees, according to Frank Monroe, superintendent of schools.

The meeting will be held at 7:30 p.m. in the board room of the superintendent's office in the high school building.

Americans' First Offensive Staged On 20-Mile Front

TOKYO —(AP)— American Marines and doughboys blasted forward an estimated four miles on the southernmost front in Korea Monday in their first offensive of the six-weeks-old war.

TOKYO —(AP)— U. S. Marines and Army infantrymen cracked out on a 20-mile-wide front Monday and rolled stubborn Red troops back nearly two miles in Southeastern Korea.

It was the first American offensive after five bitter weeks of defensive retreat.

About 9,000 Americans and some South Korean commando units were thrown into the attack.

They clashed head-on with the crack North Korean Sixth Division. It is backed by the Red First Division. The two total around 15,000 men.

The offensive had been under way only a short time when B-29's some of them less than six days out of the United States, plastered Pyongyang, North Korean capital, and the industrial city of Wonsan with 540 tons of bombs. This was the biggest single blow dealt thus far by the B-29's.

In the latest official field report Monday on the new Allied offensive a U. S. Eighth Army communique released at 8:35 p.m. (4:35 a.m. CST) said:

"The attack launched this morning by the 25th Division and the Marine brigade advanced about 3,000 yards on a broad front. Strong resistance was met with U. S. forces inflicting heavy casualties on the enemy."

No Communique

General MacArthur's headquarters said he would not issue his usual early morning Korean summary Tuesday because there was no information beyond the Monday night Eighth Army Communique.

Field reports to Eighth Army headquarters in Korea said the Reds suffered probably their heaviest casualties of the war.

The reports said the U. S. attack forced Red infantrymen to expose themselves to Fifth Air Force fighters and bombers.

One staff officer said:

"The air boys had more and better targets today than they have had in a long time."

Communist artillery fire, in turn, stopped an advance of supporting

(Continued on Page Eight)

17 Air Force Men Die, Two Missing, 60 Hurt In Crash Of Bomber

FAIRFIELD-SUISAN, CALIF. —(AP)— Less than 60 seconds spelled death for 17 Air Force men as a crippled B-29 crashed and exploded.

Both inboard engines failed as the bomb-laden Superfort took off for a long training flight Saturday midnight. The pilot tried desperately to return to the runway. But a wing scraped.

The bomber belly-landed. Minutes later its gasoline and demolition bombs exploded.

A witness said the pilot could have landed safely in less than one minute more.

The 17 known dead included 10 of the 20 men aboard.

Two others were missing and 60 or more persons were injured, some seriously. Many of the injured were Air Force personnel and their families, living in a trailer camp only 150 feet from the scene.

Among the dead was Brig. Gen. Robert F. Travis, 45, much-decorated commander of the base, leader of the Ninth Heavy Bomber Wing here and hero of World War II. He was riding behind the pilot.

Both the plane commander and the pilot were among eight of the men aboard who escaped alive. They had made an emergency belly landing. The fire and explosion came several minutes later.

Base headquarters said Capt. E. Q. Steffes, 28, of East Chicago, Ind., the plane commander, was at the controls. His injuries were listed as not serious.

Survey Reveals Many Midlanders Are Billed Minimum Water Rate

A survey of water bills issued by the City of Midland during the first half of 1950 reveals many water consumers using under 4,000 gallons of water monthly.

Of a total of 24,52 bills issued during the first six months this year, 6,791 were for the minimum rate, for 4,000 gallons or less. A total of 6,136 of the bills were for between 4,000 and 10,000 gallons.

Bills for 500,000 gallons or more were issued to 32 consumers during the period.

PARLOR CAR—Four wounded American soldiers are shown in an improvised hospital train taking them southward toward a field hospital in Korea. Pvt. Ernest Moaney of Easton, Md., standing at left, is in charge of the former day coach which has been converted by placing stretchers across the backs of the wooden seats.

French Rearmament Program Pledged; To Run Three Years

PARIS —(AP)— France pledged herself to a three-year rearmament program Monday to help guard against Communist aggression and called on Britain and the United States to station "a sufficient number of divisions" in continental Europe.

Thus she joined the vanguard of European countries, who have announced their determination to step up spending for defense, with the aid of American arms and money.

The government announcement said France will spend the equivalent of $5,710,000,000 on rearmament. It promised an immediate increase in military spending from 420,000,000,000 francs ($1,200,000,000) to 500,000,000,000 francs (1,428,500,000) next year. This would divert an estimated 8.2 per cent of the national income to defense costs, and the three-year program is expected to take at least 10 per cent of the total income. Britain's stepped up program will cost that much, too.

15 New Divisions

The statement said the program will give the French army 15 new divisions. It also proposed a unified command of all armies of the western world now deploying against possible Communist attack, and suggested a pool of finances and resources to make it run efficiently.

France was the fourth to reply to President Truman's recent request to Atlantic Pact nations as to what they would do about rearming in view of the present world situation.

Girls Turn Wolves, Cops Blame War

DENTON—(AP)— Police investigating a disturbance call Sunday night found a car loaded with yelling girls circling repeatedly around Chilton Hall, men's dormitory at North Texas State College.

The boys said the girls were keeping them awake. Police "dispersed" the disturbers and blamed it on the war.

Jane Powell Surprises In New Astaire Story

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — Producers who have been hounding Fred Astaire for the rights to his life story can relax. MGM is practically doing his biography in "A Royal Wedding." Inside on the story line is that it concerns a brother-and-sister dance team who go to London and become an overwhelming success. The sister weds a titled Englishman. Jane Powell plays the Adele Astairish sister role.

Jane will surprise a lot of people in the part. I got an official peek at the new hip-swinging Jane, strutting right along with Fred in a dance number, and it looks like Metro's hatched out another threat to Betty Grable.

No coloratura arias for Janie's new allure-gal character. She's singing in a low-pitched voice that is enough like Judy Garland's to set Hollywood on its ear.

"My vocal coaches are upset, though," she whispered. "They don't like sexy singing."

• • •

Helen Deutsch, MGM's golden girl in the screen writing league, is denying that she's about to rush to the altar with Manhattan attorney Austin M. Fisher. She says:

"They're pushing me into it with rumors. Everybody is nuts about him. If I don't marry him, they'll say I'm a heel."

Dilemma

George Montgomery may have to ride this-a-way and that-a-way at the same time. He's in a heck of a pickle over two western films slated to be filmed at the same time . . . Confession from Don Hartman, who says the first "Road" movie at Paramount was written for Jack Oakie and Fred MacMurray! Oakie gained too much weight," says Don. MacMurray got busy in another show and the script was tossed to Hope and Crosby.

• • •

The Ann Sheridan - Jacques Mapes romance has jumped into high gear . . . Evelyn Keyes says she'll tour the revivalist circuit for background material for "Woman On the Rock," story that no one will admit is based on the life of Aimee Semple McPherson.

• • •

When Fox closed the deal to make Ben Hogan's gallant golf comeback into the movie, "Follow the Sun," Hogan and his wife Valerie were asked if they had a choice for star to play Hogan.

Mrs. Hogan piped up: "Glenn Ford."

The studio execs protested, "But he's too tall to play The Mighty Mite."

"Oh, that doesn't matter, laughed Mrs. Hogan. "I've always wanted Ben to be tall, and this is his chance."

Extra Important Extra

Look closely at the first bullfight sequence in Republic's "Torero" and you'll see John Wayne playing an extra in the crowd sequence. Wayne gets producer credit on the film . . . Spike Jones will do another howler, "The Beguineing of the End," courtesy of Tony Martin's recording of "Begin the Beguine."

• • •

A group of lackadaisical extras were working through a Chicago street scene for "The Jackpot" when Director Walter Lang stopped everything to announce:

"No, no. We don't want a Los Angeles stride. You're in Chicago. Walk faster. You might even appear as if you had some place in mind for which you were headed."

• • •

Even her screen sisters are buzzing about Joan Crawford's decision to have Vincent Sherman direct her for the third successive time in "Goodbye, My Fancy." . . . Sidelight on the death of movie serial queen Helen Holmes: In her last years, she trained cats for movies and froze up when anybody asked her about her "Continued Next Week" career . . . Errol Flynn's financial troubles with two exwives has me wondering how he missed the starring role in "The Cost of Loving."

Answer to Previous Puzzle

Pecos Is Plenty Well-Protected What With 16 Law Enforcement Agencies There

PECOS—The arrival of an agent of the Federal Bureau of Investigation has enabled Pecos to lay claim to another one of its "firsts."

For its population, Pecos claims to be one of the best-guarded and most completely-policed cities in the nation. Pecos serves as the area headquarters for 16 different law enforcement agencies, employing enough men to provide one officer for every 200 residents within the city limits.

Regardless of the number of agencies in Pecos and the 39 men they employ, Pecosites won't notice any surplus of policing. The majority of the officers merely use Pecos as a headquarters from which they range in all directions.

Each agency has a separate function. For example, the Texas Highway Patrol is responsible for patrolling the highways and enforcing traffic laws. Ranger Earl Stewart works for the Texas Department of Safety, too, but he concentrates on the criminal end. Other units of the department have their individual functions.

Full Cooperation

All 16 of Pecos' law enforcement agencies are responsible primarily for maintaining order in their own jurisdictions and secondarily as aides for other departments. Where assistance is requested, the agencies give each other full cooperation.

Law enforcement units with offices in Pecos and their personnel include:

The Reeves County Sheriff's office: Sheriff Charlie Fitzgerald, Jr., and Deputies Heard Reynolds, Pink Harbert, Lawrence H. O'Neil, Curtiss McElroy and Patricia Patino.

Pecos Police Department: Chief Sam Walding and Patrolmen John Landis, Ernest Kelsey, W. J. Bolin, Cecil O'Neil and Blakeley Wingo.

Justice of the Peace: Dan. E. Root.

Constable, Precinct 1: Jess Grammer.

Game Warden: Lester Foster.

Federal Bureau of Investigation: John Murphy.

Deputy United States Marshal: Lewis Roberson.

United States Border Patrol: Chief Inspector Riley M. Barlow and Inspectors Elmo M. Rainbolt, Herbert C. Carman, Carter M. Newsome, Robert H. Graham, John T. St. Clair and A. Wilton Stubblefield.

Border Patrol Investigation Section: Investigators Emil H. Fullen and James W. Reed.

Highway Patrol

Texas Highway Patrol: Capt. C. L. Norahan, Sgt. R. M. Hammett and Patrolmen George Hoppe, Mark Fairman and Carl Matlock.

Communications Section, Texas Department of Public Safety: Chief Operator D. K. Barker and W. W. Ulmer and L. W. Elliott, Jr.

Driver's License Division, Department of Public Safety: Gene Cummings.

License and Weight Division, Department of Public Safety: Inspector E. G. Law.

State Comptroller: Bill Nabors.

Texas Ranger: Earl Stewart.

Texas Liquor Control Board: Ray Fessler.

Fighting Breaks Out In Macassar

JAKARTA, U. S. I. —(AP)— Top Dutch and Indonesian commanders hastened to strife-torn Macassar Monday in an effort to check bloody fighting which has broken out there between federal troops and Indonesian soldiers awaiting discharge from the Dutch Army.

The Dutch military commander in Indonesia, Maj. Gen. Scheffelaar, and the commander of federal forces fighting rebels in Amboina, Colonel Kawilarang, flew to the troubled East Indonesian capital Monday morning to try to restore peace.

The cause of the outbreak was not announced, but Macassar was the scene last April of an abortive rebellion by Indonesians in the Dutch Army. They seized the city when the central government sent troops to garrison the city. That revolt collapsed after its leaders surrendered to the federal government.

IF BOMBS FALL, BUSES TO BECOME AMBULANCES

NEW YORK—Buses designed for quick conversion to ambulance use are an important Civil Defense need in every city in America, Col. Sidney H. Bingham, chairman of the New York City Board of Transportation, said.

"If and when bombs fall, one of the first needs of any city will be literally hundreds of additional ambulances to carry civilian wounded to hospital centers," he pointed out.

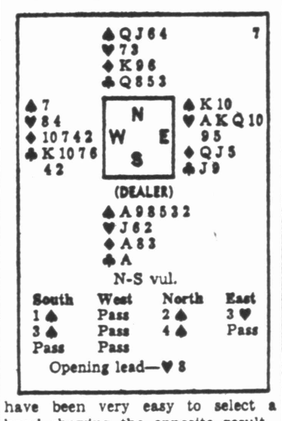

• JACOBY ON BRIDGE

By OSWALD JACOBY
Written For NEA Service

"Has Generous George ever played against Larency Lou?" asks a Miami correspondent. "We have been arguing about who would win in a contest of this sort."

Yes, Generous George and Larceny Lou have often played in the same game. Nobody has ever kept an exact score, but each of these amiable gentlemen has scored his successes and each has been a winning player for many years.

When they play against each other, the hand very often is full traps and counter-traps. In selecting an example, it has been necessary to show one of them outmaneuvering the other. It would have been very easy to select a hand showing the opposite result.

Opening lead—♥8

In the hand shown today, Generous George held the South cards and was declarer at four spades. Larceny Lou held the East cards.

West opened the eight of hearts, the highest card in his partner's bid suit. Larceny Lou won with the queen of hearts, cashed the ace of hearts and then very carefully led the five of hearts!

Lou knew, of course, that declarer had the missing heart. He wanted to oblige his partner to ruff in the hope that his partner could force out the queen or the jack of trumps from the dummy.

As it happened, the situation was ideal for Larceny Lou. West had a trump that was big enough to force out an honor from the dummy. However, when West played the seven of spades, Generous George took time out for a little thought.

George is a benevolent soul, but far from foolish. He has a healthy respect for Larceny Lou's ability as as bridge player. Why had Lou been so anxious for his partner to trump the heart?

George saw the reason; and with the liberality for which he is famous, decided to let the defenders have this trick! Instead of overruffing in the dummy, George discarded a low diamond from the dummy!

West, a little startled by this unexpected trick, shifted to a diamond. Dummy won with the king and returned the queen of spades for a finesse. When the finesse succeeded, Generous George spread the hand.

If George had fallen for Larceny Lou's little trap, he would have lost the contract. If dummy over-ruffs West at the third trick, East is bound to make a trump trick with his king-ten. The defenders will also make a diamond trick, defeating the contract.

Two of the three outfielders chosen on the 1950 college All-America baseball team hit more than .400 during the season.

HEADS BAPTISTS—Dr. F. Townley Lord, of London, Eng., above, is the new president of the Baptist World Alliance. Dr. Lord, 57, was elected to head the 16,000,000-member organization at the Baptist World Congress in Cleveland, O.

Girl Who Killed Her Twin Going Back To Hospital After Fling

SAN FRANCISCO—(AP)—A pretty 14-year-old girl who killed her twin is going back to the state hospital after a brief city fling.

Alice Richard of Fresno walked into a police station Sunday and related calmly:

She climbed over a wall of the State Hospital at Napa Saturday, hitchhiked the 50 miles here, saw a movie, and had a coke and a doughnut.

Asked why, Alice countered: "Have you ever been locked up?"

She was declared mentally ill in a Fresno court and sent to Napa for observation after she admitted she shot her sleeping twin, Sally, March 19 "because I hated Sally—she was stupid and always acting like a nut."

PIONEER SHOWS GAIN IN FIRST HALF OF 1950

A profit of $46,902 for the first half of 1950 has been reported for Pioneer Air Lines by the company's secretary-treasurer, E. W. Bailey.

Bailey pointed out that the $46,902 represents $.52 per share on the 90,000 shares of outstanding stock as compared with a profit of $56,614 or $.63 per share for the first six months of 1949. A profit of $151,654 was reported for the year 1949.

Passenger revenues for the first six months of 1950 amounted to $831,144, an increase of 19 per cent over the $700,073 for the same period in 1949.

Korean War Gives ECA New Role—Emphasis Put On Military

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—An entirely new role for the Marshall Plan Economic Cooperation Administration is emerging as a result of the Korean war. For its first two and a half years, ECA's main job has been to build up the civilian economy of Western Europe. It has concentrated on building up European productive capacity and foreign trade position.

But now that international communism has shown its real hand and its intent to settle things by shooting, instead of by propaganda Europe will have to step up its arms production.

ECA's goal up to now has been to bring Europe's exports and imports into balance by June, 1952. This would make Europe more or less self-sustaining and reduce its need for dollars. That done, the Marshall Plan could be liquidated.

If Europe is forced to go in for greater arms production, however, that picture will be changed. It will have to cut down its production of consumer goods for export. That will cut down its dollar-earning capacity. And the dollar gap, instead of closing, will open wide again.

As a matter of fact, ECA has been shifting some of its effort from civilian to military production, during the last few months. In the original European military assistance program requested by President Truman a year ago, there was an item of $155,000,000 to help increase European arms production. This was cut out in the Senate, for reasons that were never quite clear.

Production Increased

Anyway, defense planners hit on another means of achieving the same end, through ECA. A fund of $100,000,000 was set up for what became known as AMP—Additional Military Production. It was under the general administration of Edward J. Dickinson, who recently was made executive officer for the joint secretaries of Army-Navy-Air Force organization.

The way this fund was handled was that if—say, a Swedish anti-aircraft gun manufacturer needed additional machine tools to carry out a contract, the ECA-AMP group would see that the necessary priorities were given to insure delivery.

One other development which is giving ECA a bigger role in the European rearmament picture is the possible use of what are known as "counterpart funds" to increase arms production.

When U. S. Marshall Plan supplies are furnished European countries, they are sold by their government through private trade channels. Each country takes payment in its local currency, and this money goes into the counterpart fund.

ECA has a control over how these funds are spent. In the main, they have been channeled into increasing the productive capacity for needed civilian supplies. From here on out, a greater proportion of these counterpart funds will be employed to increase European arms production.

Still another shift in ECA policy has been to increase its missions in Southeast Asia, so as to help prepare that area against Communist aggression. Money for this effort has come from $150,000,000 originally allocated for the China mainland, but unspent there because of the Red conquest of Nationalist China. Congress has authorized spending of these funds in the general area of China.

Thus while there has been some inclination to write off the Marshall Plan and bury it as a dead duck, since the Korean war broke out, the real story seems to be that it merely will change the character of the job that ECA has been doing.

ECA has built up confidence in Europe and it has a good reputation in Washington, among other government agencies. There have been congressional proposals that ECA be given the job of administering the Military Assistance Program, or that it be converted into a kind of economic warfare agency.

Administrator Hoffman has stuck to his original idea that ECA should be liquidated on time, at the end of its four-year span of life. Any premature killing off of the agency, however, or slashing of its funds because of the Korean war, might have a disastrous effect.

Now the Hard of Hearing Can Help Themselves to Hearing

Here is sensational news for the Hard of Hearing of Midland and surrounding community. Science has overcome a major type of deafness. Now sufferers from middle ear deafness need no longer wear a Hearing Aid in either ear. No EAR BUTTON—NO HEADBANDS, NO PRESSURE IN EITHER EAR. A FREE Hearing Clinic will be held on Tuesday and Wednesday at the Scharbauer Hotel from 10 A.M. to 5 P.M. by Mr. J. C. Hammer ("Specialist in the problem of the Hard of Hearing") at which time he will check the hard of hearing for their individual hearing problem, and discuss with each the new scientific correction that may be theirs. He will also demonstrate to each sufferer of the middle ear deafness that they no longer need to wear a hearing aid in either ear, thanks to a discovery made by Acousticon, the world's first and oldest manufacturer of electrical hearing aids. If you know you have "middle-ear" deafness, or if you don't know what type of deafness you have, you are invited to visit, examine and try this sensational new discovery without cost or obligation—ABSOLUTELY FREE—

Think of it, if you now wear a hearing aid and have this type deafness, you can take your hearing aid out of your ear forever, say goodbye for life to ear buttons and head bands. If you have been too embarrassed to wear a hearing aid in your ear, you may now HEAR AGAIN with thrilling clarity and comfort with absolutely nothing in your ear. Only a limited number of this Acousticon invention are available, so come in to this Clinic for one of the great thrills of your life.

This may be the answer you have waited for a thrilling, exciting, new way to hear, science's astounding victory over middle ear deafness. Prove now that you can HEAR AGAIN with nothing in your ear. Attend this free clinic.

DO YOU KNOW WHO—
. . . A. E. and Pat Houck is at HOUCK'S JEWELRY?
GET ACQUAINTED . . . in those two words is the key to happiness . . . the real happiness to be enjoyed by all! Perhaps, you'd be surprised . . . to know the ADDED pleasure of your living in Midland by knowing one hundred more individuals—yes, just 100 more!
And, once you DO KNOW "that one hundred more"—then—the two words, "GET ACQUAINTED", will have even a greater meaning to you . . . because of YOUR enjoyment.
GET ACQUAINTED WEEK . . . is to be a week of introducing "more people to more people"—and, a week in which EVERY ONE TAKES HIS AND HER PART! ! ! !
GET ACQUAINTED WEEK
a treat for you!!

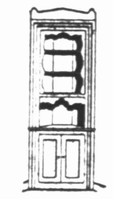

Ideal BUILT-IN CABINETS CONSERVE SPACE . . .
Add Charm!

In your new or remodeled home . . . IDEAL Brand Built-in Cabinets bring charm and economy of floor space to every room. Here are two popular styles of corner China Cabinets. Both are masterpieces of fine millwork. The silken smooth surfaces can be easily painted to enhance the color styling of the room.

To the right is illustrated a cabinet 44¾ inches wide and 7 feet 6½ inches high, which can be installed in a corner or in a straight wall. The upper door is glazed with clear glass to keep shelves dust free for tasteful displays of china and glassware. There is a drawer for silverware and generous sized storage space behind the two lower doors. Available with Colonial trim as illustrated or with plain square trim.

To the left is illustrated a smaller corner China Cabinet 35 inches wide and 7 feet high. Available with two glass doors in top section or with open top section bordered by attractive Colonial scroll work, as illustrated.

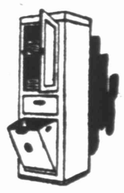

Bathroom and Linen Cabinets for Any Size Room

To the left is illustrated a Linen Cabinet designed to fill the need for a medium-sized bathroom cabinet. Dimensions: 24 inches wide; 18 inches deep; 6 feet, 10 inches high. It has three shelves, one drawer and ventilated, removable soiled clothes hamper. It's a real bathroom convenience!

To the right is a Cabinet designed especially for the small bathroom. It is 4 feet, 6 inches high; 16 inches wide and 18 inches deep. It has two spacious shelves, one drawer, and a ventilated, removable soiled clothes hamper.

Back-To-School Fashion Show Draws Crowd Of About 800

The "Back-to-School" Fashion Show was presented to a crowd of approximately 800 in the high school auditorium Saturday.

Bonnie Watkins, Midwestern Fashion Editor of Glamour Magazine, directed and narrated the show.

Models were selected by Colbert's and all were Midland girls. They were Dorothy Faye Holt, Evangeline Theis, Norma Jean Hubbard, Jacqueline Everett, Emma Sue Cowden, Joyce McCarty, Pat Cross, Anita O'Neil, Mrs. J. M. Grimland, Mrs. Tolbert Bell, Mrs. Lynn McKnight, Mrs. Bill Lathrop and Mrs. Enid Loftis.

Miss Watkins opened the show with a Glamour report of 1950 Fall fashions. She described the slim silhouette look and said "musts" for Fall were slim and natural shoulders, elegant casual shoes, pale stockings, short hair, and lots of veils. Skirts will be from 14 to 16 inches from the floor.

The first Fall fashion shown was Glamour's adaptation of the original English Navy coat. This coat was recently seen in the movie, "The Third Man." It comes in gray for girls and tan for boys.

Velvet and Corduroy were the fabrics most shown with gray the most popular color. A variety of unusual colors were shown either by themselves or dressing up gray. They included tangerine, ice pink, mint green, tomato red and cinnamon.

Women will be wearing adaptations from men's clothing this year. They will include such things as boys striped blazers, little boy's sweaters and jackets and suits made like men's, it was indicated.

Skirts were very straight and many of the dresses were straight and slim with the accessories dressing up the outfit.

B&PW Officers Select Chairmen

CRANE — The Executive Officers of the Business and Professional Women met Tuesday night at the Pettis Grill to name chairmen of the committees for the next term.

Chairmen selected were Mary Lou Brown, membership committee; Hazel Erwin, coordination; Helen Tobin, education and vocation; Ethel Owens, public affairs committee; Bernice Hagler, legislative committee; Birdie Bosworth, finance committee; Grace Canter, radio and television committee; Julia Cunningham, health and safety committee; Lela Wilson, news and service committee, and Ruth Hall, music committee.

Each chairman will select her committee.

ATTENDS WEDDING

Mr. and Mrs. J. C. Crowe and Gloria of Midland attended the wedding of Erma Mae Holt and Billy Joe Mathis Friday in the Chapel of Memories, Abilene. The bride is the daughter of Mr. and Mrs. C. R. Holt and the bridegroom is the son of Mrs. C. K. Hill.

Mrs. J. P. Macaure, 408 Radiance St., New Orleans, La., can't imagine a person who is sick and run-down not taking HADACOL. She says she continually sings the praises of HADACOL to all her friends. Mrs. Macaure was suffering from deficiencies of Vitamins B1, B2, Niacin, and Iron, which HADACOL contains.

Here is Mrs. Macaure's own statement: "I have taken at least 5 bottles of HADACOL. Before I took HADACOL I was very nervous. My family was affected, too, because I was so irritable. I tried many things to relieve my system of this nervous condition but they gave me hardly any relief at all. Then my sister suggested I take HADACOL and I started taking it immediately. After the second bottle I felt like I had taken all the troubles of the world off my shoulders. My nerves are now as steady as ever. My family thinks HADACOL is wonderful because my disposition is 100% better and I am not the least bit irritable. That's because I always have a bottle of HADACOL on the kitchen shelf. HADACOL is the most wonderful product on the market."

Give HADACOL a Chance

to help you. If your system lacks these essential elements, you, too, will be amazed at the wonderful results HADACOL can bring you, as it has to thousands and thousands of other fine folks who suffered a deficiency of Vitamin B1, B2, Niacin, and Iron, which HADACOL contains. HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails.

HADACOL is that wonderful new preparation—promising blessed relief for your indigestion, stomach disturbances (gas, heartburn, sour "risings" after meals), for normal growth in children, as well as that general run-down condition, and aches and pains of neuritis, if your system lacks Vitamins B1, B2, Iron, and Niacin.

HADACOL is being recommended by many doctors. HADACOL is so amazingly successful because if your system lacks Vitamins B1, B2, Iron, and Niacin it acts directly to relieve this deficency—the real cause of your trouble. That's the kind of product you want — the kind you should buy—the kind you should start taking immediately.

Only One Genuine HADACOL

Don't go through life suffering such fiendish torture from your stomach or aches and pains of neuritis when relief is as close at hand as the nearest drugstore for sufferers from these deficiencies. Buy HADACOL today. Trial size bottle only $1.25. Large family or hospital size, $3.50. Refuse substitutes. There's only one true and genuine HADACOL.—(adv).

Any And All Of These Things Are 'Just Like A Woman'

By RUTH MILLETT
NEA Staff Writer

It's just like a woman—

To judge a man's succes by the labels in the clothes his wife wears.

To decide that another woman has "poor taste" if it differs from her own, and "excellent taste" if they both like the same things.

To "discover" that she has moved into a neighborhood full of problem children when her own start getting into fights.

To feel that she has to wear what everyone else is wearing, and yet be completely disgusted if she sees another dress just like her own at a party. (And the more she paid for her own the madder she will be.)

To feel perfectly honest when she promises not to "tell a soul," and then goes straight home to let her husband in on the news.

One-Way Question

To be secretly pleased when her husband wants to know how long she'll be gone every time she leaves the house, even though if she asked him the same question he would be irritated.

To feel that to be a lady she has to be gracious and charming to an enemy's face, no matter what kind of cracks she takes at her behind her back.

To assume that homely women are always nicer than outstandingly good looking women.

To get more fun out of re-hashing a party than out of the party itself.

To feel that anything marked "half price" is a bargain.

To be more concerned about the size of the tip than the price of the luncheon when she is "out with the girls."

DO YOU HATE CHANGE of LIFE?

Do you suffer from hot flushes, nervous tension, upset emotions—due to functional 'change of life' (38 to 52 years)—that period when fertility ebbs away, when symptoms of this nature may often betray your age?

Start taking Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. No other medicine of this type for women has such a long record of success. Taken regularly, Pinkham's Compound helps build up resistance against such middle-age distress. A great medicine made especially for women. *The woman's friend!* NOTE: Or you may prefer Lydia E. Pinkham's TABLETS with added iron.

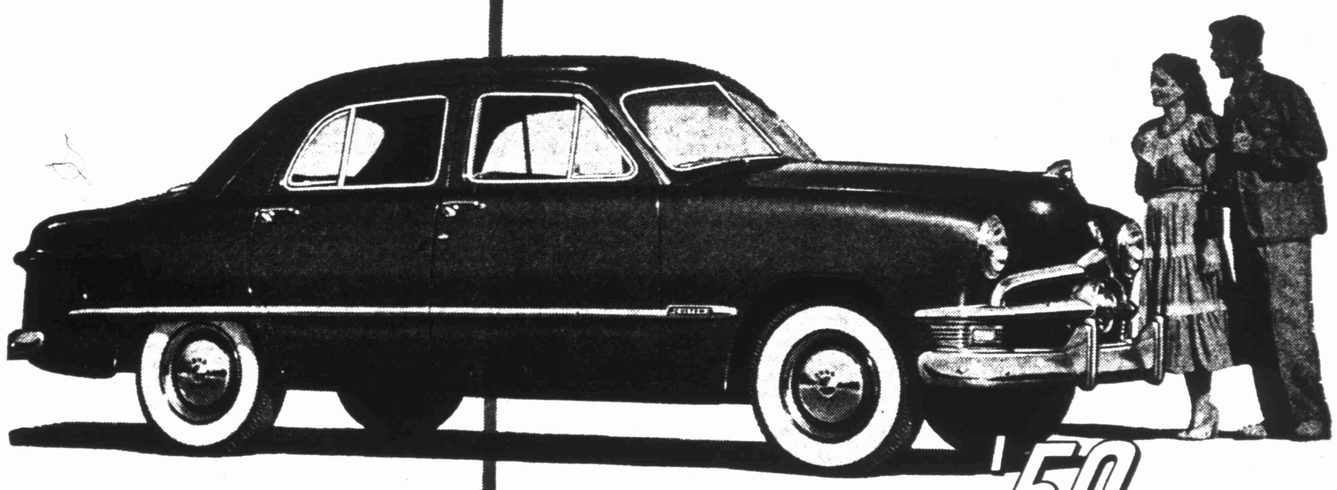

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Army Should Educate GI's

Our defense officials are being jumped on because U. S. troops in Korea had to begin fighting without tanks, tank-killing bazookas and other useful weapons. But that's not all they failed to provide the GI's.

They didn't tell them why they have to fight in Korea. American soldiers were sent packing off to a strange country of which they know little, with no guidance but a few hasty mutterings about "communism."

Now reports come filtering back that many of our fighting men resent being thrown into a fight they don't understand. Furthermore, not having been briefed on what makes a Korean tick, they're showing a lot of impatience and mistrust toward their allies.

* * *

Since nationalism burns bright among Koreans as among all Asiatics, the natives don't like being shrugged off as a bunch of inferiors. They're beginning to cool off toward their would-be saviours, and in time may become actively hostile.

One can guess what the top military men would say about this: "Nobody told us we'd ever have to fight in Korea." They've already said it to explain why they weren't set for the sort of war we're fighting there.

But that answer isn't good enough. A good many expert judges declare we did a bad job of telling GI's in World War II why they had to fight in Europe.

Do our present-day soldiers have a real idea what they're supposed to be doing in occupied Germany, in Austria, Trieste and Japan? They know their military duties, of course. But they don't get much helpful talk on why they're thousands of miles from home.

* * *

On the basis of past performance, there's little reason to believe the GI's would have been briefed any better if the military knew they were heading for Korea.

It looks like the military either doesn't know how to teach the political facts of life, or can't see their importance. Our soldiers in Korea might as well be men from Mars for all they know of that country. And they could be forgiven for thinking Karl Marx, the father of communism, plays third base for the Cincinnati Reds.

It's too late to prevent the harm done by their lack of good guidance up to now. But since the top brass has at last turned attention to giving the GI some hardware to fight with, maybe they can devote a little thought to telling him sensibly why he has to use the stuff.

This Civilized Age

Ever so often we find ourselves thinking about how old we're getting. We look back—and it seems ages ago—to the days when the top of every flagpole was tenanted, marathon dancers grew bunions and men went over Niagara Falls in barrels.

Never again, said we, will we see such silly days. We're growing up.

Well, here we are 20 years later. In just the past few weeks a man tried to go over the falls in a barrel; a soldier made 123 parachute jumps in one day. There are a few scattered flagpole sitters and one young fellow is living in a glass-topped steel tank under water—if you can call that living.

And the newest thing in this sane age comes from a 38-year-old deep sea diver. He wants to take a 14-mile walk under water—a 20-hour jaunt.

We should all be glad we're not living in those foolish days almost a quarter of a century ago. People surely did some silly things then, didn't they?

Wallace And Facts

Have you noticed the great silence on Korea from Henry Wallace's quarter?

The United Nations Security Council was sufficiently convinced of North Korea's aggression to vote military sanctions against her with striking dispatch.

The UN's Korean Commission surveying the border between North and South Korea just before war broke out, found the North Koreans had pushed several salients into South Korean territory. It also learned that the northerners had removed civilians from the potential battle zone in the last days prior to the attack.

All the evidence available to the UN, which has some very cautious members, also is at Wallace's disposal. But he has heard, too, the Russians' claim that the weak, poorly equipped South Koreans were the real aggressors.

So Wallace, who seldom waits this long to conclude that his own government is guilty of shortcomings, says he patiently is "studying the facts" to decide for himself who really began this war.

Actually, he's probably studying how to reconcile the brutal facts with his own fantastic notions of world affairs.

Students at a Texas high school party were reprimanded for dancing without lights. Called on account of darkness.

It's These Shotgun Weddings Mr. Baruch Objects To

• The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1950, By The Bell Syndicate, Inc.)

Drew Pearson says: Korean casualties far exceed Army reports; Loan to Franco may have serious repercussions; Truman unhappy about aid to Spain.

WASHINGTON — The American people always have known how to take the bad news along with the good, but despite this the army is holding back the true casualty list in Korea.

Actually the public has shown itself more alert to the menace of communism than most officials; but the army nervously has been shielding us from the grim truth—namely, that battle casualties are 75 per cent higher than announced.

This column now has seen the secret casualty list kept by the army Surgeon-General's office. An army spokesman insisted that all casualties have been announced to the press, but admitted that the complete list had never been tabulated. Believing that the folks at home are entitled to know how many of their men are being lost or wounded in Korea, this column now has made a careful tabulation. This shows that whereas the army had announced 96 killed in action and 15 died of wounds up to August 1, the secret list of army dead for the same period is 660. Whereas the army reported only 587 wounded, the secret list shows 2,975. The army also claimed 815 missing in action, of whom 11 got back. However, the secret list shows 3,000 actually missing in action.

The above figures are army casualties only and do not include 14 air force men killed, 33 missing and six wounded. The navy also had lost two men in action and the Marines none, as of August 1. It's about time the army came clean with the American people and told the true story of American losses in Korea.

Franco Defeat

Allied diplomats who watched the legislative blitzkrieg that rushed the $100,000,000 loan to Dictator Franco through the Senate have expressed the private opinion that this may be a worse setback then we have suffered in Korea.

For Russia's main battle is still in the minds of men.

The diplomats who express this fear are those who have had to worry about unloading U. S. arms in Antwerp, Marseilles and Amsterdam, and loading arms in Australia.

They also are the diplomats who have to worry about the very real problem of whether American arms, once shipped to Europe, ever will be used in actual battle by European armies which have no love for fascist dictators and to whom Franco has become a hated symbol.

Much as the French government has wanted American planes, and heartily as the French government supports the United States, the Senators who voted $100,000,000 to Franco probably forgot the U. S. planes to France had to be unloaded in North Africa, because French longshoremen would not handle them.

Thus all the war material we can manufacture and all the bases we might obtain in Spain through bribing Franco will mean nothing, warn friendly diplomats, if we can't get allied troops to fire our guns.

Backstage Wire-Pulling

Meanwhile here is the backstage story of what happened in the Senate which, on April 27, rejected Spanish aid by a vote of 42-35 and last week voted for Spanish aid, 65 to 15.

The men who pulled wires behind the scenes were Vice President Barkley's son-in-law Max Truitt, who is the paid lobbyist of the Spanish embassy; Charles Patrick Clark, another paid lobbyist who works through Senator Owen Brewstetr of Maine and Congressman Eugene Keogh of Brooklyn; and Senator Pat McCarran of Nevada who has spent a great deal of time visiting Spain as the guest of Dictator Franco.

Extremely important also was the backstage wirepulling of Secretary Johnson and military leaders. They decided to buck what they knew was State Department policy against Franco, and they won.

It had been agreed by Democratic leaders before the Spanish debate that Senator Clinton Anderson of New Mexico would raise a point of order against McCarran's loan to Franco, since it was taked onto an appropriation bill and since the Senate had already voted down authorization for Spanish aid.

But Democratic Leader Scott Lucas of Illinois hurriedly instructed Anderson not to raise this point of order.

After the loan was voted, Anderson backed Lucas into the hall and demanded to know why Democratic leaders had taken it upon themselves to change American policy toward Spain without consulting others. Lucas shrugged and explained that it had all happened so fast, he didn't have time to spread the word.

Lucas admitted he hadn't consulted the White House, but insisted he was helpless to stop Spanish aid. Later, Lucas called the White House, and the President, though not critical of Lucas, was most unhappy about the Franco loan. However, he won't be able to veto it without vetoing the entire appropriations bill, which would throw the governmental machinery into turmoil.

Eloquent Opponent

Most eloquent opponent of aid to Franco was Morse of Oregon:

"I want to say that I hate, with all my soul and being, everything that is communistic," argued Morse. "But likewise, I hate with an equal hatred everything that is fascist . . . so far as I have been able to find, the exercise of a freedom of choice at a truly free ballot box is as nonexistent in Spain as it is in Communist Russia.

"I have not been able to bring myself in this wrestle with my conscience to vote in favor of what I think looks like a bribe to Franco for military bases and thereby give support to what I think is anything but freedom of choice in Spain," Morse shouted. "I cannot bring myself to think we strengthen freedom by bribing either fascism or communism.

"I think," he added, "the first test to our making a loan to Spain is whether or not Franco Spain can meet the tests of the United Nations for membership.

"If I thought that by this loan we would save the life of a single American boy, I would pay a bribe to Franco to save that life," continued the Senator from Oregon. "However, I fear that this loan will be an aid to lying Russian propaganda about us. I fear that this loan will raise doubts as to our devotion to the principles of freedom. I fear that this loan will not stand the judgment of history."

Afterward, Morse came off the floor, shaking his head sadly.

"I feel like resigning from the Senate," he brooded. "Most of the liberals have surrendered to their fears."

Migratory Problems

The House Agriculture Committee, egged on by big Southwestern farmers, is trying to sidetrack a Presidential investigation of the migratory labor problem in California, Texas and the Southwest.

The probe is of conditions among the 5,000,000 Mexican, West Indians, Puerto Ricans, Filipinos, as well as Oakies and Arkies. Children six years of age are reported by investigators to be working from dawn to dusk in the big fruit and vegetable farms, and living in deplorable conditions.

The investigation almost was spiked months ago by George Luckey, close friend of the President and a California-Texas cattle rancher. Luckey, who always has had an enlightened labor policy himself, nevertheless tried to persuade Truman not to name a Commission on Migratory Labor, as requested by Secretary of Labor Maurice Tobin and supported by Secretary of State Dean Acheson.

Despite his friend Luckey, Truman recently named the body, and instructed such top-flight figures as Dr. William Leiserson, former chairman of the National Mediation Board, to investigate and make recommendations on migratory labor. The commission's first hearings were July 13 and 14.

Four days later, the House Agriculture Committee held a hearing on the same subject and listened to a string of big farmers who import labor. Edwin Mitchell, representing the national Farm Labor Union and the small farmers, was given a rough going-over by Representative E. C. "Took" Gathings of Arkansas, who comes from a cotton plantation district. The committee also announced it would duplicate the commission's efforts by holding hearings in the field too.

Preliminary studies by the commission reveal that exploitation of migrant labor can be stopped chiefly by personnel planning on all farms between 1,000 to 10,000 acres; and social security. One corporation farm outfit, Beechnut, is setting an example for the industry by its enlightened labor policy.

Note — The State Department came into the labor picture because the Mexican government has protested alleged robbing of Mexican labor in the United States.

So They Say

Boards of education, administrative officers and teachers are neither dumb nor disloyal. They can best deal with the rare school employe who joins the Communist cause.

—Dr. John K. Norton, chairman, Teachers College, Columbia University.

* * *

We hope we have acted in the cause of peace . . . there is no other reason for the action we have taken.

—President Truman, on Korean Conflict.

* * *

We've got a rattlesnake by the tail and the sooner we pound its damn head in, the better.

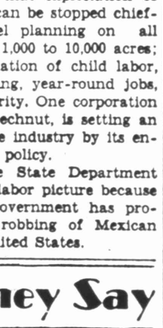

—Charles Eaton, Republican on House Foreign Affairs Committee, on Korean Communists.

* * *

Despite any military steps of obstruction taken by the U. S. government, the Chinese people are irrevocably determined to liberate Taiwan (Formosa).

—Chou En-Lai, foreign minister of the Peiping regime.

Have A Laugh

By BOYCE HOUSE

The eminent woman lecturer declared, "Woman—without her, man would be a savage." But the typesetter became confused on the punctuation; and in the paper, the declaration was given as "Woman, without her man, would be a savage."

★ THE DOCTOR SAYS ★

Hearing Tests Should Be Given To School Children Every Year

By EDWIN P. JORDAN, M. D.
Written for NEA Service

About 3,000,000 children in the United States alone are believed to have defective hearing. Perhaps 2,000,000 of them are so they they will have serious difficulty in becoming properly educated. The sad thing about this situation is that much of this deafness could have been prevented and the difficulty which results from it would have been greatly lessened if diagnosis had been made early and proper treatment started promptly.

Most of the trouble is the fault of the parents. Usually a youngster who has impaired hearing does not even know of the difficulty and certainly is in no position to do anything about it. It is true that school examinations frequently reveal the trouble and it is called to the attention of the parents. That is all that the school can do, and it then is up to the parents to take steps, which all too often they fail to do.

Defective hearing in children has many unfortunate effects. A slightly deaf child never can make as good progress in school as the one with good hearing—he or she loses too much of what the teacher says.

Almost everyone knows too that one learns to speak by hearing and imitating, therefore, the deaf child will not speak as well as the one with good hearing. Most important of all perhaps is the effect on the personality of the youngster. Children are almost always quite sensitive and if they cannot hear what their playmates say and are made fun of because they do not react quickly or do not speak well, they become more and more shy. This can distort the entire course of the youngster's life.

Because of the large number of youngsters with hearing defects, many of them unknown and untreated, it would be well if each child in school could have a hearing test every year. It is estimated, for example, that if medical treatment is given in time, half of those with hearing defects could be saved from later deafness.

For those children whose hearing cannot be successfully restored or preserved, other help is available. The use of hearing aids properly fitted is of great value. Most children can be taught lip reading, and by proper training the deficiencies of speech which so often accompany deafness can be cured early.

Parents need not fear that their children will be labeled as unusual if they need and use a hearing aid. Certainly this is a lot better than not hearing what goes on around one. As I have said many times before, poor hearing is not the fault of the victim and it should not be considered any different to wear a hearing aid than to wear glasses.

Petitions Against Religion Circulated

VIENNA —(AP)— Petitions denouncing "church reaction" are being circulated throughout Hungary according to Catholic sources in Vienna.

The petitions ask that all religious instruction be abolished in Hungarian schools because "it poisons the soul of youth." They also ask that all monasteries and convents be closed "because they are centers of reaction and espionage."

Questions and Answers

Q—Have any facsimiles been made of the Declaration of Independence?

A—In the 1820s the only actual facsimile of the Declaration was made. It was taken by a copperplate engraving from the original.

* * *

Q—Does any form of vegetable life exist on Mars?

A—That some form of vegetable life exists on Mars is quite probable, an astronomer recently stated; it would be somewhat like the mosses and lichens on frigid mountain peaks of the earth.

* * *

Q—Why is India ink so called?

A—Because it reached Europe by way of India. It was invented in China.

* * *

Q—Why did the Egyptians use beetles as settings for jewelry?

A—The scarab, a beetle, was regarded in Egypt as a symbol of immortality and was placed on mummies as a sign of the resurrection. It was also a symbol of the sun god and was widely used as a talisman by the Egyptians.

Bette Davis To Star In Rossellini Film

ROME —(AP)— Film Director Roberto Rossellini announced Thursday that Hollywood actress Bette Davis has agreed to star in his next movie.

The story has not yet been decided on, however, and under their agreement, Miss Davis has the right to see and read the script before making a final commitment.

Rossellini already has forwarded one script to Hollywood for the American star to read. The movie, when final agreements are concluded, will be made in Italy.

CARBON KILL

Copyright 1950 by NEA Service, Inc. by Julius Long

I

FRANK PHAJOL was fat, but he had a solid look. I figured him for about 220 pounds on a five-eight frame. His face was broad and heavy-jowled. There was a crass, blunt look in his dark eyes and the coarse hair on his head was still coal black, though he was at least 45.

"Sit down, Mr. Dorsam," he said, pointing to a deep lounge chair as I entered his hotel suite.

He had spoken in the grand manner as if his business were big and very important.

"I know a lot about you, Mr. Dorsam," said Phajol. "I even know all about your health."

"It's fine, thanks."

"You came to Arizona for your asthma, direct from the Cincinnati police force, where you were a captain of detectives. You had to give up a fine job because of your health, didn't you?"

"I gave up a good job, but my health is fine now. In Arizona I'm as good a man as anybody."

"I'm sure of that." Phajol ran chubby fingers through his hair. "That's why I sent for you. I need the best man available, Mr. Dorsam."

"Let's cut out the formalities. Call me Del—that's the nickname everybody who knows me uses."

"All right, Del. You can call me Frank."

I knew that I should never be able to call him Frank, and I regretted bringing up the nickname stuff. He went on:

"I will need you for not more than two days, beginning at noon today. It might possibly take three days, but I don't think so. I will pay you $100 a day."

Since I'd opened a private agency in Tucson I'd been lucky to rate twenty-five and expenses.

"What kind of a job is it?"

"A bodyguard job. I'm taking some valuable carbon down to Copper City."

"This is rather short notice, Mr. Phajol. It's 11 now."

He shrugged. "I can't afford to take any chances, Del. I didn't think it wise to go into details too long in advance. I hope you understand."

"I think so. How much stuff are you taking to Copper City?"

"Twenty-five thousand carats."

I whistled. "All carbon?"

"No; it's half and half. Actually a few more balts than carbons. Now you know why I need a good man.

* * *

I LIGHTED a cigaret and said: "Of course the stuff's insured."

Phajol leaned forward in his chair.

"Mr. Dorsam—Del, I am sure that you are not altogether uninformed about me and the way I have conducted my business."

I peered right back into his eyes and said: "That's right. You checked on me, so I checked on you."

Perhaps it was my imagination, but I thought that his swarthy skin reddened slightly. I went on:

"You've been selling commercial diamonds in the Southwest for 10 years. You deal with small miners and contractors. You probably never carried more than 1000 carats on you in your life. That's why I can't understand the 25,000 carat deal."

Phajol shrugged slightly. "I will explain that. As you have rightly stated, I have been a small-time peddler of commercial diamonds. Until now I have never had a chance to make a really significant sale to a really important driller. That's why this thing is all-important to me."

I kept wondering what quirk of fate had given him this opportunity to sell to a reputable drilling contractor. No big driller would deal with him. Smaller drillers and miners would, for their investment didn't warrant their making an investigation of Phajol's carbons and balts.

"I know what you've heard about me," said Phajol. "You've heard my diamonds are hot. Think, man—if I'd been selling hot stones for 10 years, wouldn't I have been caught?"

* * *

IT did seem reasonable that he would have been picked up. Several times he had been investigated by insurance companies after disappearances of diamonds in New York houses. But none of his stuff had ever been identified as stolen. The experts can tell whether stones come from one lot or another.

Yet Phajol had found a market for his product for 10 years, and nobody had ever been able to identify a single stone as stolen property. And he had always been able to produce a bill from some commercial diamond house either in New York or Holland.

"There is one thing that you definitely need not worry about. The stuff I'm taking to Copper City is legit. I can show you the bill," he was telling me now.

He could have forged a bill that would fool me, so I said:

"I'm interested only in why you're carrying a fortune in commercial diamonds to Copper City when you could just as easily sell by sample."

"Mike Dominico insists that I bring the entire stock. I can't afford not to. It's the first time Dominico ever gave me a tumble. I've got to make the sale. If I do, then I can make others to men like Dominico. It means everything to me." He lowered his voice and leaned still closer. "I told you I would pay you a hundred a day. If I make this sale there will be a fat bonus in it for you—I can guarantee that!"

I was wondering why Mike Dominico had ever decided to even consider buying diamonds from Phajol. He had started out as a small-time driller. Then he had raked $1000 together and decided to take a flier on the market. He had phoned an order for $1000 worth of mining stock. He spoke such broken English that his broker had been confused and placed an order for 1000 shares. The stock had suddenly soared. Mike's mistake had made him wealthy. Now he was one of the biggest of the diamond drill contractors.

"What's got you jittery about the deal?" I inquired.

"It's just this, Del—I can't afford to take a chance. This is my big chance. If Mike Dominico trusts me, I'm made. Everybody will buy my diamonds. I will tell you, Del, I have borrowed on everything I own to finance this deal. The diamonds alone cost me nearly $100,000."

* * *

I WAS amazed that Phajol had been able to borrow so much. But Lou Bryer, the insurance man I'd talked to, had told me:

"Phajol has no vices. He works about 16 hours a day peddling the stuff."

Three hundred dollars was three hundred dollars. But a risk was a risk, and I didn't care to jeopardize my career in the only part of the country where I could live in health.

"Well, I hardly know what to say. I—" I stopped suddenly, for a bedroom door had opened. I stared wide-eyed.

A girl crossed to a writing desk, picked up a letter and started back to the bedroom. Phajol said:

"Pat, this is the private detective I told you about. Del Dorsam." He turned to me. "My daughter Pat. She's going with us to Copper City."

Where had she got her looks? That luscious brown, wavy hair certainly had not come from the coarse-grained Frank Phajol. Nor had that peaches and cream complexion. Everything about her was graceful; a divine knack for clothes had completed the effect. But here was the explanation of Phajol's mole-like singleness of purpose through the years.

"She's as good as any of them!" There was a peculiar gleam in Phajol's eyes after the girl left the room. She's had the best education at the best schools! She's associated with swells—the best people! She's as good as any of them—and a damned sight prettier!"

"She is," I agreed, "but don't you think it dangerous to take her with us?"

"You're in, then?"

I smiled at my own unconscious reaction and nodded.

(To Be Continued)

That luscious brown, wavy hair certainly had not come from the coarse-grained Frank Phajol.

WINGS BRING WOUNDED HOME—Some of the first American casualties to arrive at Westover Field, Mass., from Korea wait inside C-74 hospital plane before entering Westover Base Hospital. Seated on lower berth (left to right) are Cpl. Jack Phillips, Honey Island, Texas, and Sgt. Nelson Julios, Shirley, Mass. Above: Pvt. Dan Smith, Monroe, Mich,; Cpl. Ben Stark, Hillsboro, Tenn., and Pfc. Roy Zimmerman, Fairfield, Ill. These soldiers will be sent to hospitals nearest their homes. Two men at extreme left and right of photo are unidentified.

C. Of C. Directors Back War Effort

TULSA —(AP)— All-out aid to the nation's war effort has been recommended by the directors of the United States Chamber of Commerce.

Concluding their annual director's meeting here Sunday, the organization adopted a resolution approving military aid to free nations, legislation for mobilization of military and cvilian map-power, goods and materal.

In additional resolutions the group asked for curtailment of unessential civilian expenditures and support of the United Nations in all respects.

Andrews County Votes Dry By 753-188 Count

ANDREWS — Andrews County voted four-to-one against legalizing the sale of beer and wine in a special election Saturday. Complete results were: against 753, for 188.

All six boxes in the county went dry. The election was the third local option ballot held here in 10 years.

The drys waged an intensive campaign capped with a downtown parade.

TO NEW YORK

Mr. and Mrs. Stanley Erskine were scheduled to leave Midland Monday on a vacation trip to New York City. In New York, they are to join Mr. and Mrs. Leif Olson and son, Allan, of Midland.

Cotton

NEW YORK—(AP)—Monday noon cotton prices were 40 to 65 cents a bale lower than the previous close. October 36.95, December 37.00 and March 37.02.

CARNIVAL

"Senator McTavish has developed a new and more horrible type of filibuster!"

Swiss To Get Plane Instructions In Texas

DALLAS —(AP)— Five Swiss Army glider instructors will take "quickie" plane flight lessons at the Grand Prairie, Texas, Airport this week and will solo before Friday.

They are a part of an international exchange of aviation cadets and are guests of the Dallas Civil Air Patrol and the Army Air Firces. Seventy American lads are overseas.

The youths never have flown planes with engines before.

UT Archaeologists Probing Dam Area

AUSTIN — Four University of Texas archaeologists are busy in Southwest Texas seeking remains of ancient Indian campsites, early Spanish settlements and Texas settlers' buildings to be covered by the Rio Grande's Falcon Dam reservoir.

The National Park Service contracted with the university to survery the 100-mile-square area for archaeological and historical materials, university archaeologist Alex D. Krieger explained.

The dam to be constructed about 72 miles below Laredo is scheduled for completion in about five years.

University scientists are surveying the whole region to be under water and will excavate in the area immediately upriver from the damsite.

DISEASE AND DEATH RATE IN SOUTH SHOW DECLINE

NEW YORK — Conspicuous success in reducing the toll of preventable disease and premature death in the Southern states during the last decade is reported by the statisticians of the Metropolitan Life Insurance Company. The death rate for these states as a group has been reduced by one eighth, from 10.4 per 1,000 in 1938 to 9.1 in 1948.

Outstanding has been the 10-year decline of 42 per cent in infant mortality, and of 74 per cent in maternal mortality among white women and 59 per cent among the colored.

Solons Say Changes May Be Necessary In Intelligence Setup

WASHINGTON —(AP)— Two senators who cited evidence of what they called faulty military intelligence said Monday there may be a need for some broad changes in the intelligence setup.

Senator Bridges (R-NH) told a reporter he thinks all the available information shows that this country was caught napping by the Communist invasion of South Korea. He said he will suggest that a Senate Armed Services Investigating subcommittee of which he is a member look into intelligence operatons with a view to suggesting changes.

Senator Byrd (D-Va), like Bridges a member of the full Armed Services Committee, said events of the last few weeks have indicated to him that some drastic revisions in military espionage operations ought to be undertaken.

"The whole intelligence setup probably ought to be reorganized on a war basis," he said in a separate interview.

More Effectively

Bridges said he hopes intelligence reports from other parts of the world are evaluated more effectively than were those from Korea.

The Senate Appropriations Committee inquired briefly into the nature of intelligence reports from Korea a few days after the Communist invasion. Rear Admiral R. H. Hillenkoetter, director of the Central Intelligence Agency, said then his agency has reports dating back a full year to show that North Korea was massing troops and equipment along the border.

But Hillenkoetter said his agency merely passed these reports on to other government departments without evaluating them.

Byrd said he is particularly disturbed because American military leaders thought the North Koreans had committed most of their troops to the fighting 10 days ago but now find that additional Communist reserves have been poured into the battle.

TO ENTERTAIN CLUB

Barry McGowen, 12, son of Mr. and Mrs. Vic McGowen, will entertain the Optimist Club at its luncheon Tuesday with selections on the accordion. The meeting is to be held in Hotel Scharbauer.

CSC Lists Special Exams For Positions

The United States Civil Service Commission announces the following examinations: (1) Psychologist, for work in various Federal agencies in Washington, D. C., and throughout the United States; (2) dietitian, for work in hospitals and regional offices of the Veterans Administration located throughout the United States and Puerto Rico; and (3) cylinder pressman, for duty in the Bureau of Engraving and Printing and the Government Printing Office in Washington.

Further information may be obtained from Wayne Campbell at the Midland Post Office.

POLIO!

(REPRINTED IN PART FROM REPORTER-TELEGRAM)

The beginning signs of Polio are likely to last for a few hours up to 3 or 4 days. A slight stiffness of the neck is particularly significant. As time goes on, stiffness becomes worse in the neck and in the back. The skin is likely to be sore and tender.

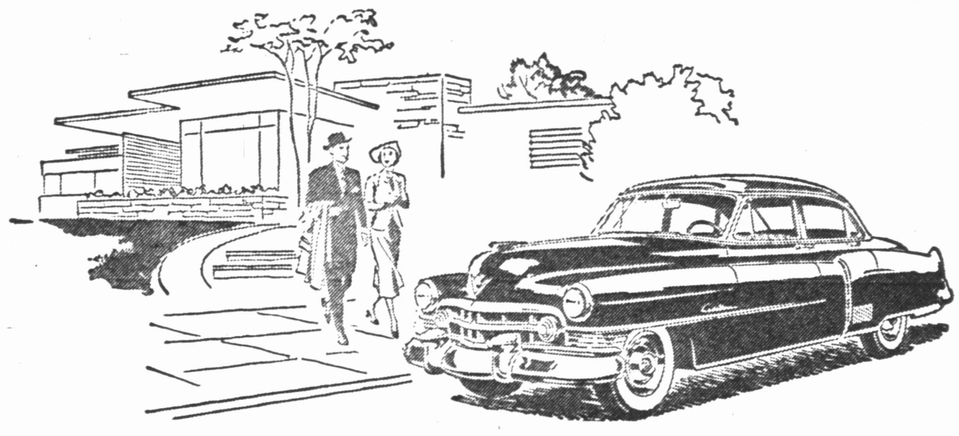

• • • • •

If any of these symptoms appear in any member of your family, consult

DR. MERWIN C. FITCH, CHIROPRACTOR

who is technically skilled in the removal and correction of the CAUSE of the above symptoms of polio.

Perfect Reward for Achievement!

WHEN A MAN PLANS and dares and endeavors until he achieves something out of the ordinary—few would deny him some taste of the fruits of his labor.

"Tis toil's reward that sweetens industry."
"As you have sown, so also shall you reap."
"According to the labour, so is the reward."

And we believe sincerely that—for the average man—there is no sweeter personal reward for achievement than a Cadillac car.

First of all, it is well nigh the perfect symbol of attainment. In almost every community where adequate highways exist, Cadillac is known and recognized as the overwhelming favorite of the world's distinguished people.

And few possessions, indeed, can give so much personal happiness to their owners—during so many days in the year.

A Cadillac car is a *constant* joy to drive. You can sit at the wheel, for hour after hour, completely at ease. Many owners say they drive hundreds of miles each week—just for pleasure and relaxation.

And it adds *so* much to your satisfaction to know that *economy* goes with you—each mile you drive.

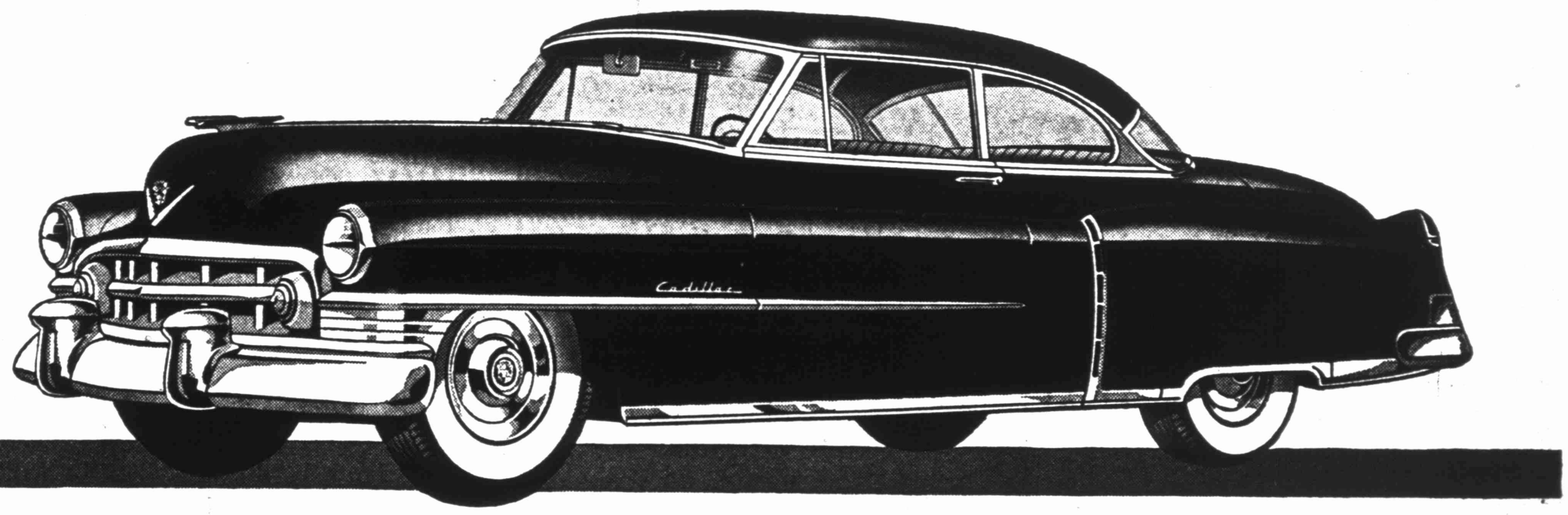

It actually costs *less* to buy the lower-priced Cadillacs than certain models of numerous other makes of cars. A single tankful of gasoline will usually suffice for a full day's drive. *And the full lifespan of a Cadillac has never yet been measured.*

If *you* are one who has planned and labored until you've earned something special for yourself—come in and see us.

We *know* you'd enjoy a Cadillac—and even your severest critic would have to admit that it's a *practical* car to buy.

* * *

P.S.: Perhaps you know some modest man who ought to read this message. If so, we think you'd be doing right if you brought it to his attention.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Poor Weatherman

Poor, poor Weatherman! People were phoning to scold him about the weather, how hot it was. Daddy Ringtail was helping the Weatherman answer the phone. Now it was Talkalot Parrot who was phoning.

"Is she telling me the day is hot?" the Weatherman asked. "I'm supposed to tell her. It's Weatherman business to do it. Why," said the Weatherman, "if it doesn't rain today, today is going to be the hottest day there ever was."

"I'm going to tell Talkalot," Daddy Ringtail said, and that is what

he did. Said he: "Talkalot, today will be the hottest day there ever was, if it doesn't rain."

Said Talkalot: "Today the hottes. day there ever was, if it doesn't rain? Oh, you dear, dear boys!" Talkalot giggled. She was plenty excited. Imagine! Imagine having the hottest day there ever was. It would be something for Talkalot to talk about, if only the rain didn't rain.

"I'm happy she's happy," said the Weatherman. "She was calling to fuss about the heat, and now she's happy to hear about it, if only the heat gets hot enough."

Yes, and the day became hotter and hotter until it was almost the hottest day there ever was, the Weatherman said.

But then, just then a cloud of black came in the sky. Thunder rumbled. The day turned dark like it does with a rain. And then the rain began to fall—faster and faster and more and more rain to cool the earth.

Talkalot phoned again. She talked as fast and as loud as she could, giving the weatherman a talking-to. "Why had he let the rain fall down? Why had he let the heat go away?" Oh, she was very unhappy that the day would never be the hottest day that ever there was. She talked on and on about it.

The Weatherman put the phone in his pocket where he wouldn't hear it. Said he: "Hot or cold, wet or dry—some people are never satisfied with the weather."

And that's what I meant when I said at the start: "Poor, poor Weatherman." Never is everyone happy with him. Poor, poor man, because he doesn't make the weather at all. He only says what it's going to be. Happy day!

Indians Rout Rockets 15-8

The Midland Indians Monday moved out to Sweetwater for a two-game stand. They will go to Roswell for two following the Sweetwater series.

Lefty Hayes is the probable starter for Midland in the opener with the Swatters.

• • •

The Midland Indians Sunday lowered the boom on the Roswell Rockets by a 15 to 8 score to take the rubber game of a three-game series.

LeRoy Jarl started for Midland and lasted a couple of innings. Glen Patton finished and got credit for the win.

There was little doubt about the outcome of the tilt once Patton took the mound. He was handy with his curve ball and did a neat job in his relief stint.

The Indians pounded the ball just about at will as they launched a 19-hit attack which included six doubles, a triple and two homers.

Walks to Mike Bellone and Lou Dawson, singles by Scooter Hughes, Tex Stephenson and George Firnback and a double by Kenny Jones gave the Tribe a 4 to 0 lead in the first inning. Two more in the second on LeRoy Jarl's double and a home run by Mike Bellone over the left field fence made it 6 to 0.

Patton Relieves

Roswell jumped on Jarl for five runs in the third on five hits, including Julian Pressley's two-run homer, but Patton came on to put out the fire and hold the Rockets to three runs in the remainder of the tilt.

Doubles by Jim Prince and Tex Stephenson, singles by Patton and Lou Dawson and a triple by Scooter Hughes added three for the Tribe in the fourth.

Lou Dawson clubbed a three-run homer, driving in Hughes and Bellone, in the sixth and Firnback doubled home Kenny Jones with another run in the same frame.

Roswell got one in the sixth and two in the seventh with spurts of life.

The Indians finished things off with two in the eighth. Prince opened with a double and scored on Stephenson's single. Kenny Jones singled Stephenson to third and Quentin Basco drove him home with a bingle to left field.

Strikes Out Two

Patton turned on the steam in the ninth and struck out two batters and got the third on a pop fly to the short stop.

Lou Dawson and George Firnback did some fine fielding in the outer gardens to aid Patton in his effort. Dawson was exceptionally good in making running catches.

The box score:

Roswell	AB	R	H	O	A

Junior Legion Teams To Start Playoffs

SAN ANTONIO —(AP)— Opening round games of the state American Legion Baseball Tournament begin Thursday at Christy Mathewson Field Day at Fort Sam Houston.

Brackenridge (San Antonio) meets St. Thomas of Houston, and Lubbock plays Waxahachie to start the double elimination contest.

Lubbock was the last team in the playoffs, downing El Paso. Lubbock won 8-2 in the final game Sunday.

Lutherans Break Church Loop Tie

The Presbyterians edged the Baptists 7-6 and the Lutherans broke a first-place deadlock with the Young Adults on a 12-1 victory in make-up softball games played Saturday night in the City Church League.

The Young Adults jumped out front in the first inning with one run and made it hold up until the bottom of the third when the score was tied. The Lutheran sluggers found the range in the next frame and broke up the game with a six-run barrage.

The Baptists pushed across one run in the top of the sixth but a possible tie was prevented when the Presbyterians caught a runner off base. The game was called for time in the sixth inning.

Jockey Eddie Arcaro rates his 1938 Kentucky Derby victory on Lawrin his biggest thrill: "After all, you only win your first Derby once."

Golf Is Costly Game For Him

SAUGUS, MASS. —(AP)— Francis Rimfret was driving along the Newburyport Turnpike Sunday when his windshield broke with a crash and a golf ball settled neatly in his lap.

He turned into the old Newbury Country Club, he told state police, located the responsible golfer and started discussing damages.

Another golf ball smacked into the rear of his car, denting the trunk.

So he added the other golfer to the conference.

Sports

SPORTS SLANTS by SHORTY SHELBURNE

The Roswell Rockets are swapping players right and left in an effort to assemble a ball club that can whip the Odessa Oilers and some others and cinch a good showing in the playoffs.

Hugh King and Fred Parker have been added to the pitching staff and Johnny Jones, formerly of Ballinger, has found a berth in the outfield.

—SS—

Manager Tom Jordan has disposed of the veteran Vic Michalec and Sam McGoldrick, both pitchers.

Michalec, an old timer in the Longhorn League, has been shipped to Stockton, Calif.

McGoldrick has gone to parts unknown.

—SS—

The Midland Indians have cut their pitching staff to five with the release of George Hart and John Dotson.

Dotson was returned to Tuscon of the Arizona-Texas loop and Hart was pink-slipped. Neither worked much while with the Tribe.

Considering that the Indians have won six out of their last nine ball games, maybe we should have cut the pitching staff to five a long time ago.

—SS—

Jim Prince is doing a good job handling the hurlers. He yanks 'em out a little more aptly than we have been accustomed to seeing here.

Prince saved a ball game Saturday night and another Sunday afternoon by pulling the pitcher at the right time and bringing on a reliefer.

—SS—

Lou Dawson's homer of Sunday afternoon was his first in more than two months. Maybe he is coming out of his extended slump.

Lou clubbed the ball around considerably during the first month of the season, ringing up nine homers, but he hasn't been hitting the long ball here of late. His fielding in the Roswell series was tops.

—SS—

Julian Pressley, the ex-Indian who now toils for Roswell, thinks the Indians are just about the toughest club in the league for his team to beat.

"I can't see what's keeping 'em down in sixth. They always give us fits and usually take a series," he says.

Longhorn League— Tribe, Swatters, Broncs, Vernon Take Loop Games

By The Associated Press

Lou Lockhart, making his first appearance for the Sweetwater Swatters in the Longhorn League Sunday, made it impressive as he handcuffed the loop leading Odessa Oilers 4-1 on four hits.

Second place Roswell was swamped by Midland 15-8, Big Spring went wild to batter San Angelo 15-9 in 10 innings, and Vernon coasted by Ballinger 8-2.

Sweetwater pounded out eight hits as it copped the rubber game of a three-game series from the Oilers.

The Midland Indians collected 19 hits in their win over Roswell. Mike Bellone hit a two-run homer and Lou Dawson a three-run homer for the Indians. Julian Pressley hit a two-run homer for the Rockets.

The Big Spring Broncs scored six times in the 10th inning to swamp San Angelo. Steve Follett smacked a three-run homer and Ken Kowalik hit a solo homer for San Angelo.

A five-run outburst in the fifth inning gave Vernon an easy victory. Carl Hayes smacked a three-run triple during the uprising.

Shirley May Admits She's Excited As C-Day Draws Near

By SHIRLEY MAY FRANCE
(Copyright, 1950, by NEA Service, Inc.)

DOVER, ENGLAND —(AP)— The excitement is beginning to get me, as the big moment aproaches.

You know, when you're training for something like a Channel swim, it's not very glamorous. It's a long, hard grind—calisthenics and more calisthenics, a rigid diet, practice swims in all kinds of weather. There's not much excitement for the long months.

But now that my second attempt at swimming the English Channel is probably only a few hours away, it does begin to get exciting. For one thing, more people come down to watch me swim.

Every place I go, people stop me and ask how I feel and do I think I'll make it and then they wish me luck. I can't help overhearing some of the conversations, too. They keep asking each other, "Do you know when that American girl, Shirley May France, is going to try it?"

Compared To Baseball

Channel swimming here at Dover, is like baseball back home. The swimmers are all important people. The folks here know your record like the folks back home in Somerset, Mass., know Ted Williams' batting average.

Of course, I don't know the answer to that "when will she go" question. I just hope and pray that it will be soon. I'm fit and ready to tackle it any time.

In many ways, I'm even more determined to make it this year than last. I didn't really know the Channel last year. Now it's different. I've faced that long stretch of icy water from France to England, and I know I can lick it.

And I've got a new inspiration, too. My manager, Ted Werner, gave me a huge American flag. It was given to him by a retired sea captain from Dover, who said it came off the first American ship sunk in the Channel in World War II. That was a Liberty Ship that the Germans sank off Goodwin Sands.

That flag will fly over the June Rose—my pilot boat—when I make my attempt. I guess I couldn't want any better inspiration than that flag.

Guy Lombardo's Boat Wins Two Big Races

RED BANK, N. J. —(AP)— Orchestra leader Guy Lombardo made sweet music again Sunday as his powerboat Tempo VI hummed to victories over a greatly reduced field in both big boat features of the National Speedboat Regatta.

Lombardo's double win in the Gold Cup and National Sweepstakes races over the 10-mile wind-whipped Navesink River course was made easier by accidents to his two most serious competitors.

Ben Hogan Story To Be Filmed Soon

HOLLYWOOD —(AP)— Now it's the Hogan Story.

Bantam Ben Hogan, champion of the Fairways, arrived in movietown Sunday to confer with producers on filming the story of his life. Slated for the leads in the film, tentatively titled "Follow The Sun," are Glenn Ford and Anne Baxter. Hogan, however, will play himself in golf sequences.

Southeast Gridders To Meet Northeast

PALESTINE —(AP)— The Southeast Texas schoolboy All-Star football team begins training here Monday in preparation for its game Friday night with the Northeast All-Stars in Tyler.

Coaches Cecil Johnson and Bob Cowers of Henderson County Junior College are directing the South.

The North squad, training at Tyler, is being coached by Floyd Wagstaff of Tyler Junior College.

The Calumet Farm stallion, Bull Lea, which once stood at a stud fee of $250, had 11 of his offspring sold at auction in 1949 for an average of $20,182 each.

Texas League— Tulsa Oilers Whip Cats As Beaumont Wins From Sports

By The Associated Press

The Tulsa Oilers sneaked up on the Texas League leading Fort Worth Cats Sunday night in the bottom of the ninth and scored two runs to gain a 3-2 decision.

A little earlier in the day the Beaumont Roughnecks slammed Shreveport 6-2 and crept to within three and one-half games of the Cats. Houston went hit happy and swamped San Antonio 14-4, and Dallas outlasted Oklahoma City 9-6.

The Oilers used a pair of doubles by Roy McMillan and Earl York and an infield error to produce the victory margin. Rudy Minarcin posted his ninth mound win of the season.

Moose Tellinger's pinch grand-slam homer in the eighth put the Roughnecks into a 6-3 victory over the Sports. Lynwood (Schoolboy) Rowe, starting Sports hurler, put Shreveport head with a two-run homer in the seventh. Gale Pringle replaced Rowe on the hill in the eighth and was charged with the loss after Tellinger stroked the homer. Art Delduca picked up the win for the Ruffs, but needed help in the eighth from Zeke Melignano.

The Houston Buffs battered three San Antonio hurlers for 14 hits in their attack. Charley Kress and Jerry Witte hit homers for Houston. Dick Bockelman went the distance for the Buffs. Bryan Stephens, who relieved starter Procopio Herrera in the third, took the loss.

Joe Valenzuela took the hill in the ninth for the Dallas Eagles and headed off a five-run rally by the Oklahoma City Indians. Bob Buhl coasted along behind a 9-1 lead, but lost his control in the ninth and walked three men to set the stage for the Indians' uprising.

Ben Guintini's three-run homer in the seventh sparked the Eagles' 11-hit attack. Tommy Reis started for the Indians and was the loser.

MAJOR LEAGUES—

Giants Moving Up In National Loop

By RALPH RODEN
Associated Press Sports Writer

Look out! The Giants are coming.

While Philadelphia, Boston, Brooklyn and St. Louis have been battling in vain to take a commanding lead in the National League pennant scrap, Manager Leo Durocher's New York Giants have been moving up unobtrusively on the outside.

The Giants have won 15 out of their last 16 games.

Only a 6-3 defeat by the Cards on July 30, which interrupted a nine-game winning streak, mars the surge.

Sunday the Giants reached the peak of their current drive as Larry Jenson and Sal Maglie turned back the Pittsburgh Pirates 5-0 and 3-0.

Jansen gave up only five hits, walked none and fanned seven in posting his 13th victory and fourth shutuot.

The Giants cuffed Bill Werle for 10 blows including home runs by Monte Irvin and Whitey Lockman.

Maglie scattered seven singles, walked four and struck out seven in hanging up his ninth win in the finale. Bob Thompson sealed Murray Dickson's 13th loss by whacking a two-run homer in the seventh.

Meanwhile, the Cardinals checked their downward plunge and tightened up the race by taking a doubleheader from the Phils 7-1 and 2-0. The Cards had lost seven out of nine games and dropped 6 1/2 games behind before righting themselves.

Boyer, Lanier Do It

Rookie Cloyd Boyer pitched a four-hitter to win the opener, his third straight victory.

Veteran Lefthander Max Lanier tamed the Phils on six hits in the finale while the Cards collected only three off Bubba Church. However, the Red Birds bunched two of their hits along with an error to score twice in the fourth inning.

The second place Boston Braves advanced to within three games of the Phils by dividing with the Chicago Cubs. Johnny Sain pitched the Braves to a 5-2 decision in the opener, his 16th victory of the year, top output in the National League. The Cubs took the nightcap 9-1 behind the six-hit pitching of Frank Hiller.

Brooklyn missed an opportunity to pick up a big chunk of ground by losing an 11-7 game to the Cincinnati Reds. The Reds mauled four Dodger pitchers, starting with Ralph Branca, for 16 hits. Ewell Blackwell went all the way to square his record at 11-11.

Old Dizzy Trout pitched the American League's front-running Detroit Tigers to a 4-0 seven-hit victory over the Washington Senators. The conquest boosted the Bengals' margin to three games over the New York Yankees, who regained second place from Cleveland by beating the Indians 9-0 on Tommy Byrne's three-hitter.

The Yanks put the slug on Bob Lemon, who was gunning for his tenth straight victory, in the third inning when they knocked him out with a four-run rally.

Boston took a pair from the Chicago White Sox 9-2 and 4-3. Ellis Kinder stopped the White Sox on five hits in the first game and drove in six runs, four on a grand slam homer.

The Red Sox pulled the nightcap out with two in the ninth to give Joe Dobson his 12th victory.

Three-run homers by Dick Kokos and Owen Friend sparked the St. Louis Browns to a 10-3 victory over the Philadelphia Athletics that enabled the Browns to vacate the basement in favor of the A's.

'Poor Boys' Lead Tam Golf Meet

CHICAGO —(AP)— The $15,000 All-American tourney, supposed to be a proving ground for golf's sharpest gold-diggers, Sunday shaped up as a poor man's outing at it plodded into the third round.

The three top half-way shooters, led by Dave Douglas, the stringbean Scot from Newark, Del., with a 3-under-par 141, own a combined paltry 1950 golf bankroll of roughly $7,000. That includes a year's take of $3,518 by Douglas, $3,313 by runner-up Ed Furgol of Royal Oak, Mich., who has 142; and $377 earned by third-spot Skee Riegel of Tulsa, Okla., riding two strokes off Douglas' pace with 143.

This trio paces such prodigious money-grabbers as Sammy Snead, leading the pro dollar list with $26,223; Jim Ferrier, runner-up with $16,246; Jimmy Demaret, who has banked $14,676; defending All-American Champion Lloyd Mangrum, with $12,855, and visiting British Open champion Bobby Locke.

Snead is in the best position to head off the dark-horse threesome. Sam is notched at even par 144 with three others, Fred Hawkins, Herman Keiser and Skip Alexander.

The 72-hole All-American is paying off a $2,500 winner's swag.

WT-NM League— Lamesa Cuts Pampa Lead With Victory

By The Associated Press

The Lamesa Lobos, on the strength of big John Fetzer's bat, have sliced the West Texas-New Mexico League leading Pampa Oilers' margin to two and one-half games.

Retzer rapped a pinch three-run homer and then drove in two more runs Sunday to give the second-place Lobos an 8-5 win over Abilene while the Oilers dropped a 12-11 decision to Lubbock.

Clovis whipped Albuquerque 10-7, and Borger took a pair from Amarillo 10-9 and 4-3.

A squeeze bunt by Nelson Davis produced the victory for third place Lubbock over the Oilers. Joe Fortin blasted two homers in the game.

Rookie Pat Randall put down a ninth inning Albuquerque rally, which netted five runs, in time to give Clovis the win.

Borger scored six times in the final frame of the opener to edge Amarillo, then glided to a victory in the nightcap behind the steady eight-hit hurling of Ed Carnett. Bob Leonhard and Jim Little homered for the Gassers in the opener.

Black Indians Drop Tilt To Hobbs Nine

The Midland Black Indians Sunday dropped a 15 to 5 tilt to the Hobbs Black Tigers in Hobbs, N. M. It was the sixth defeat of the season for the Midland team.

The Black Tribe meets the Pecos Eagles Sunday in Indian Park.

State To Ask Death For Two Teenagers

PHOENIX, ARIZ. —(AP)— The state will seek the death penalty for two teenagers from Waco, Texas, accused of slaying a traveling salesman.

County Attorney Warren L. McCarthy said the state will ask death for Ebert Gene Riddell, 19, and Charles Ray Oplie, 16, both of Waco, when their trial opens here Tuesday.

The pair is accused of shooting S. A. Beauseau, 36, of Los Angeles and Boise, Idaho. He was killed by hitchhikers who attempted to rob him near Mesa, Ariz., after he gave them a ride from Globe, Ariz.

U. S. Drive—

(Continued from Page One)

American tanks at a road bottleneck and hit American artillery positions. But the Americans pushed ahead without armor.

North of the main battle area U. S. 24th Division troops fought doggedly but without success to clear out about 150 survivors of an 800-man Red force that crossed the Naktong River Sunday southwest of Changnyong, 20 miles north of Kogan, jumping off place for the Allied offensive.

Replacements Arrive

A steady stream of American replacements, fully equipped, poured into Korea to aid the advancing ground troops. (This dispatch did not say where they came from.)

The Reds, getting ready for a thrust of their own toward Pusan, 35 miles east of the kickoff place for the United Nations drive, hit the American right flank hard.

On the northern front the Communists began a new offensive south of Yechon, the Eighth Army communique said. Allied South Koreans were engaged in severe fighting there.

The big American push plowed into two North Korean divisions in the rugged coastal country of the southern sector. The attack was made from the village of Kogan, 35 air miles west of Pusan, the main U. S. seaport on the southeastern tip of the peninsula.

The blow was punched out by the Army's 35th and Fifth regimental division and some South Korean commando units. The United Nations offensive force had more than 6,000 men in it.

The Americans hit the Reds a triple blow to start the offensive.

First a curtain of steel was laid down by artillery for 20 minutes.

Next fighter planes strafed and rocketed the North Korean Communist lines.

Then the infantrymen leaped out of their foxholes and took out at the enemy.

Support Land Planes

Carrier-based planes supported land planes in the air attack on the Reds, who were caught just before trying to jump off on a counter-attack of their own.

The offensive began at 6:30 a.m. (3:30 p.m. EST Sunday).

The attacking UN troops lunged from the east and southeast toward the main road between Chingam and Red-held Chinju, 55 miles west of Pusan. Chinju, now a rubbled city, has been the springboard for frequent thrusts at Pusan.

General MacArthur's headquarters in Tokyo said the attack was progressing on schedule. It was called an offensive—not a counter-attack. The UN forces late Monday were about 15 miles east of Chinju.

Don Whitehead, Associated Press correspondent with the Americans, reported they met a swift and hard counter-attack from the Reds on the right flank after ramming a big dent in Communist lines.

The counter-thrust prevented the use of new 45-ton General Pershing tanks which were ready to add power to the American punch.

Use of the big tanks by the attacking Americans was delayel further by a road bottleneck. The tank tieup was reported by Lt. Herman C. Mitchell of Roanoke, Va., who flew over the battle area for six hours.

Mitchell said the tanks were stalled on the road west of Chindong, five miles east of Kogan. He said Red artillery had stopped one big tank and the other tanks were backed up behind it.

10 Violent Deaths During Weekend Are Reported In Texas

By The Associated Press

At least 10 violent deaths were reported in Texas during the weekend.

There were three fatalities from traffic accidents and two were killed in a plane crash.

The latest reported deaths include:

Chester Hibbs, 42, and his son, Fred, both of Wichita Falls, died early Sunday afternoon when their light plane crashed just northwest of Wichita Falls.

Twelve-year-old Ray Mullins was killed Sunday morning on a farm about 20 miles west of Brownfield when he fell off a tractor that he and his brother, Paul, 14, were riding.

Mrs. John Allen of Belton was killed Sunday when the car in which she was riding was struck from the rear by another car.

Horacio Ochoa, 23, of Laredo, drowned Sunday when his boat overturned on a small lake near Laredo.

In Car-Truck Crash

Entiquio Gonzales, 19, of Pettus was killed Saturday near Kennedy in an auto-truck crash.

Carl Frank Tapp, 25, of Fort Worth was injured fatally Saturday when his car struck a gravel truck.

Woodrow Knight of Austin fell out of a boat and drowned Saturday in Lake Austin.

Mrs. Vera Lee Moore, 49, a University of Texas Spanish instructor, was found hanged in her home at Austin Friday night. A verdict of suicide was returned.

The body of Curtis O. Bench, 34, was found Sunday in his Dallas apartment. A neighbor told ploice that Bench had knocked on her door and handed her two notes and an empty bottle which had contained poison. Justice of the Peace William Richburg withheld an inquest verdict.

U. S. Likely—

(Continued from Page One)

There are no troops to spare or withdraw from the front.

Series Of Landings

Because the Pacific war was waged almost entirely by a series of amphibious landings, there are presumed to be a fair supply of landing ships and craft in General MacArthur's command. But it is doubtful that numbers and specialized types needed for a substantial effort—a division or more—are immediately at hand and ready for service.

On the other hand, the amount of available naval and air units needed to provide gunfire and air cover for a landing already is comparatively large.

The U. S. Navy, together with ships of the British fleet assigned to the Korean war, daily dump huge tonnages of shellfire on enemy targets, in addition to bombs dropped by carrier aviation. The American naval force alone now evidently numbers several score ships ranging from carriers through cruisers to destroyers and submarines.

Some speculation over the possible use of airborne invasion has arisen out of the fact the United States has two airborne divisions in the country, the 82nd and the 11th. The 82nd was described before the outbreak of the Korean war as far nearer wartime strength and general readiness for action than any of the five Army divisions then in the United States.

Five Midland Shriners Attend State Conclave

Five Midland Shriners attended the Texas convention Friday and Saturday in Fort Worth.

Lester Short and J. M. McDonald were official representatives of Suez Temple of San Angelo. Short is a member of the Divan, and McDonald is assistant Rabban of the Temple.

Other Midlanders attending were A. L. Barr, Ed Edwards and G. B. Hallman.

ON VACATION

Mr. and Mrs. R. M. Barron are on a vacation trip to Tin Cup, Colo.

PICKUP TURNS OVER

Leroy Smith of Jal, N. M., Sunday reported to police he lost control of his pickup and it overturned seven miles west of Garden City. He was not injured.

FBI Agent Urges Compliance With Selective Service

EL PASO—D. K. Brown, special agent in charge of the El Paso office of the Federal Bureau of Investigation, has urged all eligible men to comply fully with the provisions of the Selective Service Act of 1948.

Brown said a violation of the act will result in apprehension by the FBI and serious penalties will be imposed on delinquents.

The act is designed to provide for the common defense by increasing the personnel of the armed forces of the United States and provide for their training. A wilful violator may be subjected to stringent penalties, including imprisonment up to five years, or a fine as high as $10,000, or both.

Brown said that J. Edgar Hoover, director of the FBI, recently suggested, for the benefit of those not familiar with the requirements, observance of the following:

Register promptly.

Fill out and return your questionnaire promptly.

Keep your local board advised of your correct mailing address.

Report for examination and induction when so ordered.

Report changes in your family status or occupation which may have a bearing on your classification.

Always carry your registration certificate and classification notice on your person.

If you have made an honest mistake, talk it over with your local board.

Shivers—

(Continued From Page One)

ent, with proxies held for the other 27.

Protest Filed

Cyclone Davis, Jr., Dallas, defeated candidate for lieutenant governor, filed a protest concerning petitions placing Pierce Brooks' name on the first primary ballot.

Davis contended three of the names on the petition were of dead people, that one was a South African and one lived in Missouri.

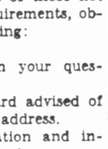

He said his attorney would file suit in district court in Dallas contesting the legality of Brooks being certified as runoff candidate.

The petition questioned by Davis was filed with State Chairman John C. Calhoun prior to the committee's certification of names for the July 22 primary.

Before the brief meeting began, Calhoun had expressed fear a controversy might develop over seating of contested county delegations at the September 12 state convention at Mineral Wells.

No controversy developed.

Congratulations To:

Mr. and Mrs. Fredrick Chambers, 403 West Michigan Street, on the birth Monday morning of a son, Charles Fredrick, III, weighing six pounds, 14 ounces.

Mr. and Mrs. R. T. Koen, 2509 West Elizabeth Street, on the birth Sunday of a daughter, Linda Rae, weighing seven pounds, five ounces.

Mr. and Mrs. W. G. Reynolds, 810 South Big Spring Street, on the birth Sunday of a daughter, Janice Diane, weighing seven pounds.

Mr. and Mrs. R. C. Howard, 1508 North Edwards Street, on the birth Saturday of a son, Robert Lynn, weighing seven pounds, 11 ounces.

Mr. and Mrs. Tom Yates, 701 North Colorado Street, on the birth Saturday of a daughter, Barbara, weighing six pounds, eight ounces.

Mr. and Mrs. V. R. King, 405 East Illinois Street, on the birth of a son, Vernon Ray, II, weighing seven pounds, 13 1/2 ounces.

Baptist Encampment Begins Near Marfa

MARFA —(AP)— The thirtieth annual Paisano Baptist Encampment, between here and Alpine, begins Monday night, under the direction of the Rev. W. M. Turner of Pecos, executive vice-president.

Preachers this year will be Dr. W. R. White, president of Baylor University, and Dr. F. B. Thorn, pastor of the First Baptist Church, Wichita, Kansas.

IN ACCIDENT

Mrs. Raymond Wright of Big Spring and her four-year-old daughter, Gracie Marie, were treated Sunday afternoon at Western Clinic-Hospital for minor injuries received when their car was in a collision with another automobile 18 miles east of Midland on U. S. Highway 80. Both were released after treatment.

STUDENT DRAWS FINE

A Midland college student Monday was fined $1 and costs by Justice of the Peace Joseph A. Seymour on charges of driving a vehicle on the wrong side of the street.

City Manager Says Midland Overcoming Financial Handicaps

The City of Midland, through efficiencies and economies, gradually is overcoming its "financial straightjacket," according to City Manager W. H. Oswalt.

The city's water and general fund has risen from a deficit of $12,371.79 in August, 1949, to a balance of $120,639.28.

Oswalt credits the progress to the inauguration of a central purchasing system, a more efficient use of personnel, the elimination of loss and waste, and the use of trained and competent personnel in key positions.

"The city very definitely will not have to resort to deficit financing this year," Oswalt said. In fact, the city manager hopes to be able to add many additional services to the people without raising taxes or water rates.

The cost of operation of the water department during the last four months has been reduced by $22,000 under the operation for the same period in 1949. "This has been made possible in spite of the fact that we are serving about 20 per cent more customers now," Oswalt said.

Kiwanians See Oil Information Film

Midland Kiwanians saw on oil film, "The Last Ten Feet," at their regular Monday noon luncheon in the Crystal Ballroom of Hotel Scharbauer.

The film, produced by the Oil Industry Information Committee, showed the tremendous amount of work and research behind the last ten feet of hose which the average motorist sees in his service station.

Albert Kelley, president, was in charge of the meeting, which was attended by 40 members and three guests. James (Klondike) Johnson was program chairman, and introduced Bob Goff of Shell Oil Company, who presented the film.

State Republican Parley Expected To Be Harmonious

GALVESTON —(AP)— Republicans expect a harmonious state convention Tuesday.

"We anticipate no trouble," said Henry Zweifel, Fort Worth, chairman of the State Republican Executive Committee.

The committee met Monday to make plans for the convention beginning at 10 a.m. Tuesday. The only apparent disunity is the local squabble over seating of two Galveston delegations. Lobby rumor was that a compromise was being worked out on that.

Approximately 600 Texas members of the Grand Old Party are expected to be here by Tuesday.

Ralph Currie, Dallas lawyer, already has indicated he will accept if nominated as their candidate for governor.

Orville Bullington of Wichita Falls, who will deliver the keynote address Tuesday, is slated to be named temporary chairman of the convention and H. L. McCune of El Paso permanent chairman.

Jack Porter, Houston oil man in charge of the GOP's two-party campain in Texas, said he had prepared a resolution endorsing J. E. McDonold. McDonald is the present commissioner of agriculture seeking re-election in the Democratic runoff.

Livestock

FORT WORTH — (AP) — Cattle 4,00; calves 1,700; slow, steady to weak; medium and good slaughter steers and yearlings 24.00-30.00; one load good mixed yearlings 30.00; common lots 23.00 down; beef cows 19.00-21.00; canners and cutters 12.00-19.00; bulls 17.50-23.00; common and choice fat calves 25.50-29.00; common to medium calves 19.00-24.50; culls 17.00-19.00; stocker steer yearlings 20.00-29.00; stocker cows 17.00-23.00; stocker calves 20.00-31.00.

Hogs 1,000; mostly 25c lower; sows steady to weak; pigs unchanged; good and choice 190-265 lb. butchers 23.25-50; good and choice 160-180 lb. and 275-400 lb. 21.50-23.00; sows 18.00-20.50; few light sows at 21.00 and heavy sows down to 17.00; feeder pigs 18.00-20.00.

Sheep 2,000; Spring lambs 25-50c lower; yearling sheep steady to 50c lower; aged sheep 50c higher; feeder lambs unchanged; medium to choice slaughter Spring lambs 25.00-28.50; medium and good yearlings 20.00-22.00; common to good aged ewes 11.00-14.00; few good aged wethers up to 15.00; feeder lambs 22.00-25.00.

RETURN FROM TRIP

Mr. and Mrs. A. Knickerbocker have returned from a vacation trip to Yellowstone Park.

IS SURGAICAL PATIENT

Mrs. Frank Hoffman, 609 1/2 South Main Street, was admitted Monday to Western Clinic-Hospital, where she is to undergo major surgery.

UNDERGOES SURGERY

Anne Kennedy, five year old daughter of Mr. and Mrs. Maurice W. Kennedy, 1806 West Ohio Street, was admitted Monday morning to Midland Memorial Hospital, where she underwent minor surgery.

MARINE ANNIVERSARY

TOKYO —(AP)— Units of the U.S. First Marine brigade went on the offensive Monday in Korea on the eighth anniversary of the landing of the First Marine Division at Guadalcanal in the second World War.

Oil And Gas Log—

(Continued From Page One)

6,572-6,615 feet, the tool was open two hours. Gas surfaced in one hour and 30 minutes, and was estimated at 5,000 cubic feet per day.

Recovery when the tool was pulled was 200 feet of oil and gas cut mud.

Deeper Tests

On the second test at 6,604-6,636 feet, recovery after one hour was 330 feet of slightly oil and gas cut mud. On the third test at 6,635-66 feet, recovery after one hour was 120 feet of mud with no shows.

Operators were last reported preparing to drill ahead from 6,666 feet. It is slated to test the Ellenburger.

The No. 1 Cooper is 660 feet from north and west lines of section 41, block 23, T&P survey, and two miles northwest of Roscoe.

Flanker Scheduled To SW Andrews Pay

Magnolia Petroleum Company will drill an east outpost to the East Dollarhide field in Southwest Andrews County.

It is the No. 3-B Special Cowden, projected to 10,250 feet with rotary. Drillsite is 32 miles southwest of the town of Andrews.

Location of the venture will be 660 feet from south and east lines of section 9, block A-55, PSL survey.

Operations are to commence by August 10.

Howard Prospect To Swab In Spraberry

Goldston Oil Company of Houston is to make production tests and try to develop a commercial oil and gas yield at its No. 1 Akin Simpson, Northwest Howard County wildcat, 17 miles north of Big Spring.

This prospector had some shows of oil and gas, and found no formation water in a test on the open hole in the Spraberry sand of the lower Permian at 6,200-7,500 feet.

Full details of the test have not been learned. However, operator is moving off the drilling rig and is preparing to swab on the section which developed the petroleum indications.

This exploration is one location east of Seaboard Oil Company of Delaware No. 1 Akin Simpson, recently completed producer which extended the Vealmoor field's Pennsylvanian lime producing area one and one - half miles to the south.

The Goldston prospector is 660 feet from north and west lines of section 46, block 32, T&P survey, T-3-N.

Bottomed In Water

It drilled to total depth of 8,100 feet in the regular Vealmoor pay and found water, with only slight shows of oil in that formation.

Operator then plugged back to 7,500 feet and cemented 5 1/2-inch casing at 6,200 feet to test the Spraberry shows.

Should this wildcat develop commercial production from the Spraberry zone it will be a discovery for a new pay for that region.

Central Reagan Test Has Signs In Core

A sidewall core, bleeding oil, has been recovered at The Pure Oil Company's No. 1 Cynthia Malone of San Angelo, Central Reagan County wildcat, 12 miles north of Big Lake.

The core was taken at 6,597 feet. Total depth of the tester is 7,317 feet.

On a previous sidewall core at 5,724 feet, tight sand with slight oil stain was recovered.

Operators are now attempting another sidewall core at 6,314 feet.

Exact location of the wildcat is 660 feet from north and 710 feet from east lines of section 4, GC&SF survey.

NW Upton Wildcat Cores In Deep Zone

Sinclair Oil & Gas Company and Magnolia Petroleum Company No. 1 G. R. Davis has been cored from 13,269 feet to 13,288 feet and are now coming out with the core.

On a previous core from 13,244-269 feet, recovery was 25 feet of fractured dolomite with no show.

The No. 1 Davis is in Northwest Upton County, 660 feet from north and east lines of section 20, block 41, T&P survey, T-5-S. The wildcat was originally scheduled to be drilled 13,000 feet to the Ellenburger which was topped at 13,105 by samples.

Drillsite is six and one-half miles southwest of the south side of the Pegasus field.

Project Is Staked In SE Reagan Field

Amerada Petroleum Corporation has spotted a test in the Barnhard-Ellenburger field of Southeast Reagan County.

The firm's No. 6 Ella Owens, projected to 9,300 feet with rotary, will be 660 feet from south and 3,300 feet from west lines of section 6, block 0, HE&WT survey, 2,640 feet east of its No. 3 Owens, which is a producer.

Pegasus Flanker Is Scheduled By Gulf

Gulf Oil Corporation has staked location for a 13,200-foot rotary test in the Pegasus-Ellenburger field in Central-North Upton County.

It will be Gulf's No. 1-E-SS TXL, 660 feet from north and east lines of the southwest quarter of section 37, block 41, T-4, T&P survey.

Drillsite is on the west edge of the Pegasus field three-quarters of a mile southwest of production.

Glasses Fourth In Parent-Child Event

DALLAS —(AP)— George Glass, Jr. and Sr., took fourth place Sunday in the parent and child event at the National Skeet Shoot with 486 x 500. They were nosed out by Dr. Titus H. Harris and Titus Harris, Jr., of Galveston, also 486x500. George Jr., had 245x250 and George, Sr., 241x250.

Wright E. Cowden won fifth in Class B with a 245x250, and C. K. (Ted) Lowe was eighth in Class D with a 241x250.

Jimmy Green fired 218x250.

Big Spring Rodeo Champions Listed

BIG SPRING — Champions of the 17th annual Big Spring Rodeo, which closed down Saturday night, have been named.

Bill Barton of Clyde won the wild bronc riding.

Two local contestants battled for calf roping honors with Sonny Edwards posting best time of 22.3 seconds on two calves. Toots Mansfield roped two in 25.4 seconds.

Paul Laning of Killeen won steer wrestling. Booger Red Nixon of Breckenridge won bareback bronc riding. Sonny Lavender won saddle bronc riding. Roland Davis of Snyder copped bull riding honors.

Mary Black of Lovington, N. M., won the girl's barrel race.

Attendance totaled 20,000.

LEGAL NOTICES

Each portion of said streets designated by Unit Number constitutes an independent unit of improvements and shall be improved as separate and independent from each and every other unit of improvement, and assessments levied for said improvements in each unit shall be altogether separate, distinct and independent of and from assessments levied in every other unit, and in levying said assessments against the property abutting upon one of said units, no matter relating to any other unit shall be considered or shall have any effect upon any other unit, all as fully and to the same extent as if separate proceedings and contracts had been executed for the improvements to be made in each of said units.

A Hearing will be given and held by and before the City Council of the City of Midland, Texas, on the 15th day of August, 1950, at 7:30 P. M. o'clock in the Chamber of the City Council in the City Hall of the City of Midland, Texas, to the real and true owners, whether named or correctly named herein or not, of all property abutting upon said streets, within the limits above defined, and to all persons owning or claiming any such abutting property or interest therein and to all others owning, claiming or interested in said abutting property, or any of the proceedings, contracts or matters and things herein mentioned or incident to said improvements or said contract herein described.

At said time and place all such persons, firms, corporations and estates, and their agents and attorneys, shall have the right to appear and to be heard and to offer testimony as to the said assessments, and to the amount thereof, proposed to be assessed against said abutting property and the real and true owner or owners thereof, the lien and charge of personal liability to secure payment of said assessments, the special benefits to accrue to each abutting property and to the owners thereof by virtue of said improvements, or concerning any error, invalidity, irregularity or deficiency in any proceedings or contract in reference to said improvements and to said proposed assessments, and concerning any other matter or thing as to which a hearing is a constitutional prerequisite to the validity of assessments, proceedings and improvements, and on which they are entitled to a hearing under the laws of the State of Texas, and the Charter of said City and the proceedings of said City Council.

Following such hearing, assessments will be levied against each and every parcel of property abutting upon said streets, within the limits herein defined, and the real and true owners thereof, for that portion of the costs determined by said City Council to be payable by such abutting properties and the real and true owners thereof, and said assessments shall constitute a first and prior lien upon said abutting property from May 23, 1950, the date said improvements were ordered by said City Council, and a personal liability and charge against the real and true owners thereof as of said date, whether or not such property be described or correctly described, or such true owners be named or correctly named in said proceedings, and no error or mistake or discrepancy in the names of such owner or owners or in describing said property in this Notice or in any of said proceedings with reference to said improvements, shall invalidate any assessment or certificate issued in evidence thereof, but nevertheless each parcel of abutting property and the real and true owner or owners thereof shall be charged with, and be liable for, said assessment, which shall be valid whether or not such owner or owners be named or correctly named, or such property be described or correctly described, all as provided for by Article 1105-b, Revised Civil Statutes of Texas, as amended and as adopted by Article 3, Section 12, of the Charter of the City of Midland, Texas, as the Act under which said improvements, proceedings and assessments are being constructed, performed and levied.

Of all said matters and things, all owning or claiming any such abutting property or any interest therein, as well as all others in anywise interested or affected by the things and matters herein mentioned, will take notice.

DONE by order of the City Council of the City of Midland, Texas, this the 25th day of July, 1950.

(SEAL) J. C. HUDMAN
City Secretary, City of Midland, Texas.

Abundant Living

By E. STANLEY JONES

Col. 1:17, Eph. 2:21; Rev. 1:17-18

LET'S BE NORMAL!

We have said that Jesus is the standard Note which God has struck for us and which He bids all men tune their lives and institutions by, or be a part of chaos. One man said of himself, "The trouble with me is that I am in harmony with chaos." Everything not in harmony with Christ is in harmony with chaos. The choice is littrally: Christ or chaos.

Dr. Frits Kunkel, a noted psychologist, has a book entitled Let's Be Normal! His psychiatry and his Christianity bring him out at the same place; Christ is the norm—to depart from Him is to be abnormal, hence frustrated. Let's be normal—let's be Christian. The scientific conclusion of this great psychologist and the intuitive conclusion of a huge laborer are the same. At the close of an address the laborer blurted out, "Well, we can't have too much of Christianity." Is there anything—literally anything else—of which it can be said that we cannot have too much of it? Nothing!

David Seabury says: "Disease is a loss of balance and in part or in all of the organism. It may begin in the spirit and end in bodily disintegration. It may start from physical causes and react upon the psyche. But always it is a loss of balance in one's basic being. Too little or too much emotion at once records itself on the endocrine system. Neither inhibition nor wild release of feeling tends to health. . . . Too much or too little food, exercise, sleep, indeed too much or too little of anything . . . destroys health. Only by achieving a psychical and physical equilibrium on and between each plane of life is a man's vigor maintained." (How Jesus Heals Our Minds Today, p. 310.)

We can have too much of everything except one thing—Christ, for He is equilibrium; He is the norm; He is life itself.

Was it mere chance that the early Christian writers spoke of Christ as "Life," or was it a deduction from the facts? They found He was Life with a capital "L."

O Christ, now at long last I have something I cannot have too much of. I cannot be too like Thee, have too much of Thy spirit. Help me to drink deep draughts of Thy mind and way. Amen.

(From the book "Abundant Living," published by Abington-Cokesbury Press of New York and Nashville. Cpyright. Released by NEA Service.)

Taylor To Find Out Senate Fate Tuesday; Other Primaries Set

By The Associated Press

Senator Glen Taylor, the guitar-picking former actor who ran for the vice presidency on Henry A. Wallace's Progressive ticket in 1948, will find out Tuesday whether Idaho Democrats want to keep him in the Senate.

Nebraska and Arkansas voters also will hold primaries Tuesday. But national interest focuses chief on Idaho where Republicans and Democrats name candidates for two Senate seats.

The state is one of three which will elect two senators this year. The others are Connecticut and North Carolina. Republican strategists hope to pick up a Senate seat—Taylor's—in Idaho this November.

The Republican candidates and one of Taylor's Democratic opponents, former Senator D. Worth Clark, have accused the senator of associating with Communist-front organizations.

Since his return to the Democratic fold after the progressive slate failed to win a single electoral vote in 1948, Taylor has been a strong supporter of the Truman Administration on nearly all domestic issues.

He also has dropped his appeals for U. S. efforts to patch up relations with Russia, and has supported this country's direct military aid to South Korea in fighting the invasion from the Communist North.

The other Idaho Senate seat at stake in November now is held by Republican Henry C. Dworshak.

Dworshak was defeated in 1948 by a Democrat, the late Bert H. Miller. After Miller's death, he was appointed by Republican Gov. C. A. Robins.

FHA CONSTRUCTION VOLUME OF '50 MAY SURPASS '49

NEW YORK — During the year 1949 FHA field offices received an unprecedented number of applications for mortgage insurance on housing available to minority groups, according to the sixteenth annual report just made to Congress by Commissioner Franklin D. Richards. The report continues:

These applications are expected to result in a volume of new construction in 1950 that may equal the entire amount so far produced for minority groups under the FHA program.

Combat Converts South Korea Roads Into Congested Lanes Of Human Misery, Death

By HAL BOYLE

WITH U. S. TROOPS IN KOREA —(AP)—War has no box seat for the innocent bystander.

And the tides of combat have turned the roads of South Korea into dust choked lanes of human misery and death.

As you travel up to the front you see such things as these:

A slender middle-aged woman plods along bent almost double by the weight of her mother, a toothless crone who clings to her like a small child playing piggy back . . . a young lad leads by the hand a blind old man with a white beard thinned by time . . . a naked wailing little boy trots through the line of refugees looking for his parents.

Many have no homes to go back to. Their villages have been burned by artillery fire, strafing plane attacks, or razed by withdrawing American troops to keep them from becoming hiding places for enemy vehicles. The Reds have a habit of driving their tanks through the clay walls of village huts and using the thatched roof as camouflage.

Refugees Don't Complain

The refugees neither weep nor complain. Nor does one family ask or expect help from another. Their expression is as stolid and blank as that often worn by infantrymen too long in the line—a dumb acceptance of suffering and an indifference to it because their world has no horizon beyond pain.

Only as you near the front yourself do you see fear. Here is panic in the eyes of women and children who flee peaceful homes under the thunder of strange guns. Some wander aimlessly toward the battlelines. To keep these lines clear, South Korean police order the refugees to follow the stream beds back or take paths through the hills.

After days and days of driving back and forth through its shifting, restless, endless sea of human suffering your mind becomes numb to the flight of thousands of individual atoms that compose it. So much distress dulls the eye. You feel sorry for them all but there are so many that only a few cases leave a sore spot in your heart.

Turn Eyes Away

I remember two. Crossing a bridge I saw a man in tattered soiled white rags crawling on hands and knees across the dry stone-studded creek bed below. He held up a pleading arm to a group of refugees but they turned their eyes away and walked on.

And I guess that is what I did too. Coming home at twilight, our jeep passed a solitary bearded old native guiding his way down a mountain path by tapping the ditch edge with his cane. He turned his sightless eyes toward us for a moment and then his cane began tap tapping again. We turned a bend and he was gone.

But all the rest of the way I had a feeling the blind old man was all humanity himself—a lone refugee fumbling downhill in darkness, stone by stone through a world whose real brightness was shut forever from his eyes.

Murray Gains 128 Votes In Recount

OKLAHOMA CITY —(AP)— Johnston Murray gained a net 128 votes in unofficial returns from 25 counties in the Democratic governor's race recount ordered by the State Supreme Court.

In demanding the recount—the first in Oklahoma's history—William O. Coe asserted it would show the nomination had been stolen from him in the July 25 runoff primary. He trailed then by 1,090 votes.

The slow count went into its third day Monday and likely will continue at least three more days since each county must be supervised by a district judge. Only 39 judges are available for the 77 counties.

With the small counties coming in first, only slight changes were registered from official returns. Coe actually lost 39 votes to 70,098, while Murray picked up 89 to 68,493.

The greatest discrepancy was reported in Bryan County, where Murray made a net gain of 66 votes.

Paraplegic Veteran Is Killed; Another Patient Charged

RICHMOND, VA. —(AP)— A paraplegic war veteran was shot and killed at McQuire Veterans Administration Hospital here late Sunday night and another paraplegic patient was charged Monday with murder.

Vance Clary, 28, of Randleman, N.C., was shot six times with a .25 automatic pistol while several other paraplegic veterans looked on helplessly, according to Dr. L. H. Wright, hospital manager. The shooting occurred in the paraplegic ward.

Arrested and charged with murder was Charles Kennedy, 29, of Burgettstown, Pa. He was placed in Henrico County jail under $10,000 bond after U. S. Attorney George R. Humrickhouse swore out the murder warrant.

Dr. Wright said the shooting apparently was the result of a quarrel between the two men. He said they had returned to the ward after being out together on a pass and were arguing about an automobile accident in which their car was involved several hours earlier.

11 Texans Included In Casualty List

WASHINGTON—(AP)—Eleven Texans were included in the Defense Department casualty list No. 56 for the Korean fighting. Five were wounded, three injured, and three missing in action.

Wounded:

Pfc. Leonard Barber, Jr., Stockdale; Sgt. 1st Class Freddie V. Bardo, Robstown; Pfc. J. L. Brown, Lubbock; Pfc. Donald F. Eagan, Ft. Worth, and First Lt. Clifton F. quinto, Houston.

Injured:

Pfc. Filomeno D. Farias, North San Angelo; Pfc. Johnny M. Martin, Beeville, and Pfc. William To-Quinto, Houston.

Missing in action:

Pfc. Arthur Z. Clifton, Silsbee; Pfc. Lino Farias, New Braunfels, and Pvt. Tommy E. Shivers, Emory.

Clements, Dawson Get Wide Margins

LOUISVILLE, KY. —(AP)— Wide margins were chalked up in Kentucky's primary Saturday by Democratic Gov. Earle Clements and former Federal Judge Charles I. Dawson, Louisville Republican, in their bid for the U. S. Senate seat to be vacated by Garrett L. Withers.

Clements and Dawson each won two races, receiving nominations for the short Senate term running from November to January, and for the full six-year term starting in 1951.

The winner in November will join Democrat Virgil Chapman of Kentucky in the Senate. The short term is to fill the remainder of the term originally held by Alben Barkley who resigned from the Senate to become vice president. Clements appointed Withers to serve until the November election.

Inside story of today's best buy!

THE NEW YORKER 4-DOOR SEDAN

See it—drive it . . . there's built-in value all the way through!

The Beautiful CHRYSLER with Fluid Drive

Advantages of Chrysler's Fluid Drive

Automatic Gear Shifting—with full control of your car! *Better traction*—safer on slippery roads. *Convenience of clutch* for easier parking. *Slower Engine Speeds*—reduced noise, wear. Saves gasoline! Drive in high while others drive in low in traffic.

Advantages of Chrysler's High Compression Spitfire Engine!

Waterproof Ignition—prevents stalling in rain or high water! *Chemically Treated Cylinder Walls*—for greater wear. *Floating Power*—helps eliminate vibration. *Superfinished Parts*—reduce friction, last longer. *Exhaust Valve Seat Inserts*—reduce need for valve grinding! *Full Flow Oil Filter*—keeps oil clean longer!

Chrysler's Advantages in Comfort and Safety

Functional Design—full room for your head, legs, shoulders. Easy to enter and leave! *Safe Guard Hydraulic Brakes*—smoother stops, less pedal pressure. CYCLEBOND linings for double the wear. *Electrically Operated Windshield Wipers*—constant speed all the time! *Chair Height Seats*—no crouching, you sit naturally! *Safety Rim Wheels*—won't throw tires after blowouts at normal speeds. *Double-width Arm Rest*—for arm chair comfort.
