

OFFICIALS INSTALLED

In a short ceremony Saturday, Jan. 1, county officials beginning new terms were installed: Standing are Joe Knoll, commissioner of Precinct 2; County Attorney Charles Darter; Dudley Coleman, commissioner of Precinct 4; seated: County-District Clerk Helen Gollighugh; County Judge Zook Thomas; County Treasurer Yvonne Brewer and Jim Ingram, Justice of the Peace, Precinct 1. Coleman succeeds Raymond Neeley. All other officers were serving in their present capacities, with Thomas, Darter and Ingram filling out unexpired terms. Mrs. Gollighugh conducted the swearing in ceremony of Judge Thomas, and he installed the remainder of the officials.

Chamber Membership Meeting Called

A membership meeting of the Chamber of Commerce has been called for Monday, January 10, at 7:30 p.m. to consider several proposed changes in the by-laws.

The meeting will be in the Heritage Room.

The proposed changes were approved by the board of directors at its December meeting, and after they are explained, the chamber members present Monday night will be asked to vote on them.

"There will be enough time for some input from the members," said Tommy Hudson, president. "We would like for them to voice some suggestions for the

chamber." The entire membership is urged to attend.

After the membership meeting is finished, the regular January directors meeting will be held, and Hudson said any members who want to stay will be welcome.

Among the by-laws changes proposed, one would set business membership dues at not less than \$100 each, and individual membership dues at not less than \$25 per year. These may be paid quarterly.

Another change would set the nominating committee at not less than three members.

One change proposes the removal of the limitation of the number of terms an

officer may serve. The by-laws presently limit this

Two Injured in Car-Truck Crash

Two young men, who were injured when their pickup struck a truck that was backing across Highway FM 1547 with the new year just 45 minutes old, are in St. Anthony's Hospital Amarillo. One remains in the intensive care unit.

Stan Tate, son of Mr. and Mrs. Rudie Tate of Abilene, is reported as improving. He received a dislocated right hip, collapsed lung and cuts and bruises. He is in traction and his family expects him to be hospitalized about two more weeks.

Oscar Dean Seymour, 17, son of Mr. and Mrs. Bill Seymour of Shamrock, is in the hospital's intensive care unit. He has multiple broken bones that include a crushed kneecap, broken leg, arm, elbow, collar bone and his nose.

He was expected to be able to take liquids Tuesday, friends said. Tate celebrated his 18th birthday Sunday, with a number of his friends coming to visit, along

with many others from the Samnorwood area.

Two Steers in Odessa Show

Two Collingsworth 4-H Club steers are competing in the annual Sand Hills Hereford Show at Odessa this week, the first time in several years the county has been represented there.

The two Hereford steers belong to Patricia Fourmentin and Stan Tate.

Extension Agent Don Reeves, Patricia and her brother, Mark Fourmentin, left Tuesday morning with the calves.

Tate is hospitalized in Amarillo with injuries received in a traffic accident Friday, Jan. 31, and Patricia will show his calf, as well as her own.

Fourmentin, who is assisting Reeves, has shown winners in major southwestern shows, including the Houston Livestock Show.

as the year passed.

On an icy day, Democratic leaders and friends from over the Panhandle and as far as Stamford came to honor Mrs. John Coleman, affectionally called "Momma", on her resignation as county democratic chairman.

The tax appraisal office fired its chief appraiser and later contracted with the county to collect the taxes.

Friends pulled 50 bales of Gary Wischkaemper's cotton after the young man became ill...Temperature dropped to 4 degrees, coldest of the winter, and fire damaged

the home of Supt. and Mrs. Kenneth McKay.

Youth in the news: Wellington girls and Lakeview boys won the Skyrocket basketball tournament...Mike Myrick had the champion lamb and his sister Leigh the reserve champion; Barry Long the champion steer and Stan Tate the reserve champion at the livestock show...Rocket Wade Williams and Rand Johnson were on the second all-state team...11-year-old Stacey Fires had the first place steer in the Amarillo Stock Show.

Congressman Jack Hightower was concerned over the number of

FmHA delinquencies...A treadmill for stress tests was installed at Collingsworth General...and Collingsworth Volunteer Ambulance service celebrated its 10th anniversary.

FEBRUARY
Bingo!...a petition was filed by the VFW requesting a local option bingo election. Later it was found only 102 of the 135 signatures could be counted as valid. A new petition with the required number of names was filed. The election carried 429-248 in April. The County Fair was the only group to hold bingo games, in September, and

after all expenses were paid, cleared \$6.

Nancy Bigby was the new county extension agent for home economics.

General Telephone filed a request for a \$110 million rate increase. This was later rejected...Wellington School was notified to make up days lost to bad weather.

Palo Duro Pipeline announced plans for a new line through the county...Wayne Cudd was re-elected chairman of the Livestock Carriers Division of the Common Carriers Conference, Irregular route, an affiliate of the American

Trucking Assn. ...The school board extended the contracts of principals and athletic directors.

A market futures meeting was held at Samnorwood... La Paisana Chapter, DAR, honored students from 6 schools for their interest in history and good citizenship...the attorney general approved the commissioner and justice of the peace precinct realignment.

Heather Hendrix was the county champion speller—senior division, and Melody Fulfer of the junior division.

Keller Injured In Accident At Graham

Richard Keller, an employee of Owens Salvage Co., was injured in an accident at Graham Wednesday night, Dec. 29.

Robert Owens, company owner, said Keller was loading a car onto a car hauler when the vehicle fell on him.

Men with him pulled the car off Keller as soon as it fell, and he was taken to Graham Hospital where Owens said he was treated for broken ribs. Keller was due to be released Wednesday, Jan. 5, and will be brought to Childress General Hospital for additional treatment.

His wife and mother, Mrs. Jamesy Keller have been with him at Graham.

Linda Clayton, who works with this program out of Northwest Texas Hospital, Amarillo, will be the speaker.

The compact Life Line equipment, ties into a telephone line. A person with physical problems, who would not be able to dial a telephone number in case of

an emergency, can touch

one button and this will alert a dispatcher in Amarillo, who will notify the relative or friend assigned to see about the individual. If that person cannot be reached, the sheriff's department will be notified and the dispatcher in turn will call an ambulance to the person who activated the Life Line. Peters explained. This ties in with the Emergency Medical Service as well as the ambulance service, he

added. Several Life Line units are in operation here, he added.

In the remainder of the business session, 1982 activities will be reviewed and finances discussed, and a portion of the by-laws will be read.

Four new directors will be elected and officers will be named. Those whose terms expire are Dennis Cudd, vice-president; Mrs. H.H. Bowen, and Mrs. Margaret

Blessing Fund Reports

Wellington's Christmas Blessing Fund collected a total of \$1,575 in donations through the Christmas season.

The funds were used to help 86 people in 17 families in Wellington.

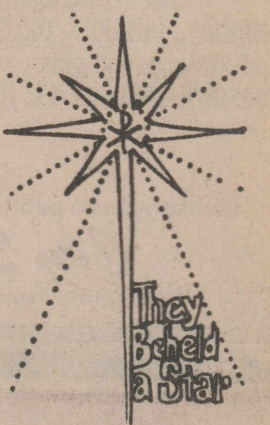

Total disbursements were \$1,374.84, leaving a balance of \$200.16.

The money remaining in the fund will be used to buy food for the needy in the community, a fund spokesman said.

The screening committee

approved the purchase of some toys for children, but most of the requests were for food or clothing.

"We want to thank all the people in the community for their support of the Christmas Blessing Fund," a screening committee spokesman said. "We got started late this year and we were surprised at the number and amount of the donations in this tough economic year. We hope to make this an annual event in Wellington."

Chastain New Director of Family Service Center

Ernest C. Chastain began his work recently as director of the Family Service Centers in Wellington, Clarendon and Memphis. He comes here from Nacogdoches, where he received his Master of Arts degree in clinical psychology at Stephen F. Austin State University.

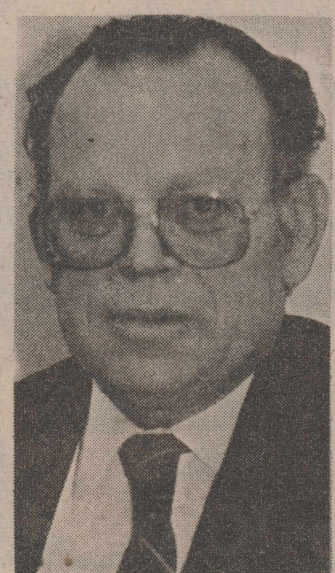

Chastain will be in the Wellington Center each Monday. Mrs. Leona Elliott, secretary, is at the office Mondays, Tuesdays and Thursdays. Chastain and his family live at Clarendon.

In explaining the work of the Family Service Center, Chastain said:

"We offer all types of counseling—family, marital, individual, counseling for alcoholics, drug abusers and for people who 'just have a problem.'"

Nor is this all the services in which the new director will be involved.

"We do parenting skills

work and one of the most important things we do is aftercare. This includes people who have been in the Vernon State Center or in private hospitals like the Pavillion.

"We will do preventive work with the school and work closely with the

(county) judge and our primary aim is to be of service to the community.

Addressing himself to the community, he continued:

"There are two things I would like for people who are thinking about using our services to know: 1, that we offer absolute confidentiality. 2, that we charge for our services on a sliding scale, based on the amount of income and on the number supported in the family. Money should never be a reason not to see the service here."

Before studying for his master's degree at Stephen F. Austin, Chastain had received his B.S. Degree in psychology at Kansas State University, Manhattan.

Nor is this his first career in the field of health, for Chastain has a 22-year Army career, with the rank of Chief Warrant officer 2

The Year That Was 1982

1982 JANUARY

The year 1981 closed and 1982 opened with optimism for further oil and gas drilling in the county.

In late December, Patrick Petroleum Co. announced it had leased around 35,000 acres in the county...A.W. Hembree Oil Co. staked its Harrell and Loving No. 1 four miles east of Wellington and was drilling at 3200 feet as 1982 opened. It was later plugged, as was a second well drilled nearby...Wheeler Oil Co. announced it had bought 12 producing gas wells in the north part of the county...This optimism faded

when he retired.

At Nacogdoches he was already involved in community mental health, having to his credit approximately 540 hours of volunteer service to the MHMR unit in Lufkin. He will take his test in April for certification as a psychological associate.

For much of this time, he was a physician's assistant, a specialty just coming into its own.

His training was through Baylor University while he was stationed at Ft. Sam Houston, followed by a year's internship. This earned him 68 hours of college credit with Baylor, and he successfully passed the test for national certification and is certified also to practice in Kansas.

Much of his career was in Germany, but he traveled over much of Europe. He had a two and one-half year assignment in Vietnam and a year in Korea. He was active in military sports, and coached sports teams, including those of the American Youth Association.

being asked to report on their agricultural operations during 1982 and to return the form by Feb. 15, 1983. The 1982 census is the nation's 22nd agriculture census in a series that started in 1840.

For the first time in a mail agriculture census report forms will reflect regional cropping patterns to make reporting easier.

Farm and ranch operators will be asked to report the acreage in their operations, form of ownership, type of organization, location of the place, use made of the land, and when their operations began. Other questions will cover livestock and poultry inventories and sales, amount of government crop loans, crop acreage, amount harvested, and value of crops and livestock sold.

About 20 percent of farmers and ranchers will receive a form with an additional page which has inquiries on: selected production expenses, market value of land and buildings, machinery and equipment inventory and value, interest expenses and expenditures for petroleum and other energy sources.

Assistance in completing census forms is available locally from offices of the Cooperative Extension Service, Soil Conservation Service, Agricultural Stabilization and Conservation Service, Vocational Agriculture Teachers, Production

CRASH—

continued from page 1

Highway Patrolman Kevin King of Shamrock, who headed the investigation, said the accident occurred at 12:45 a.m. January 1 a mile and a half south of the Wheeler County line. King reported that a United Mud Co. truck, driven by Monty Donelson, about 30, of Skellytown, was "trying to find a location to dump his mud and had pulled off on a side road to find the location. He figured out he had made a wrong turn and backed onto the highway in front of the boys. They ran into the side of his truck."

Seymour, who was driving, was pinned in the vehicle and it took about an hour and a half to free him, with the Shamrock Fire Department using its jaws of life extraction device and with paramedics assisting.

Both boys were taken to Shamrock General Hospital then transferred to Amarillo.

Donelson was not injured and his truck suffered only minor damage.

King said a second truck, also belonging to United Mud Co., was parked on the shoulder of the road with lights flashing but was not involved in the accident.

Donelson was filed on

Credit Associations, and Farmers Home Administration.

A file copy of the report form is provided which operators can complete and keep for their own records.

A time extension can be granted farmers who request it. Census results will be published for each state, and the nation. The first preliminary data will be released beginning in the fall of 1983.

The law which requires farmers and ranchers to report in the census also protects the privacy of their reports. Census report forms are confidential, by law and they may be seen only by sworn Census employees and may be used only for statistical purposes. Even other government agencies cannot obtain or use the individual reports, and copies retained by the farmers are immune from the legal process.

Each report form will have a census file number (CFN) printed on the address label. If a report is not received for each file number, the Census Bureau will send out follow-up letters to all who have not responded.

Farmers and ranchers who have not received a form should request one from the Bureau of Census, 1201 East 10th Street, Jeffersonville, Indiana 47133.

for backing without safety, a class C misdemeanor. The case will be tried before Justice of the Peace Jim Ingram.

CHAMBER— continued from page 1 to two terms.

Another change proposes that any member of the nominating committee not disqualified by the by-laws, may be nominated or written in for any eligible office by any member.

Still another proposal calls for the installation of officers at the annual meeting (banquet) held in January or February.

Moving the election of officers to December meeting from November is proposed.

The other change would set as 7 the number of members required to constitute a quorum. The present number is four.

Mrs. Charles West is working at the First State Bank in Hollis.

Harold Rhoades, minister, preached at the Church of Christ Sunday. Bob Garton, minister, directed the congregational singing. Visitors were Mr. and Mrs. Garton and family, Mr. and Mrs. Pat Struck and Mr. and Mrs. Rhoades and family.

Rev. Dennis Hayes preached at the Church of the Nazarene Sunday. He also sang for the worship service, accompanied by Mrs. Jerry Cummins. Glen Henry Lewis directed the congregational singing at the pre-Sunday School hour. Kloette Camp played the piano and sang for the evening service. A dinner was served at the fellowship hall following the service.

Guests in the Ben Ellifritz home recently were Mr. and Mrs. Walter Brown and family, Mr. and Mrs. Ronnie Brown, and Mrs.

Beverly Turrentine and family.

Rev. Carlos Huff of Kanakee, Illinois, preached at the Church of the Nazarene Church Wednesday, Dec. 29. His wife and children were also in the service. Refreshments were served afterward.

Mr. and Mrs. Charles West and family were guests of Mr. and Mrs. Herschel Vaughn in Hollis during the holidays. They were joined by Mr. and Mrs. Dave R. Buckle of Dallas.

Mr. and Mrs. Jimmy Howell and Jennifer visited the J.C. Howells during the holidays.

Mr. and Mrs. Steve Jensen of California are new residents of Dodson. They are living with Mrs. Jensen's father, Leroy Wiles.

Mr. and Mrs. Humphries of Lubbock were guests of Mr. and Mrs. Thurman Crowmover last week.

Mr. and Mrs. Ross Swift and Mr. and Mrs. Howard Hunt were in Amarillo Saturday to attend the Branum reunion.

Mrs. Clara Boyd spent the holidays in Amarillo with the Ruel Alexanders.

Mrs. Walter Camp hosted a Ladies Ministries fellowship in her home Saturday, January 1 at 10 a.m. Mrs. Norman Goad of Lubbock was the guest speaker. Mr. and Mrs. Goad presented music on the piano and violin. Kloette Camp gave a devotional and also played the piano and sang.

Mrs. Goad majored in violin at Texas Tech University in Lubbock. She has been to Brazil 5 times and has preached in many of their churches. She and her husband spent last summer in Brazil and they plan to spend a year there in the near future. The First Baptist Church in Amarillo will sponsor the Goads.

Mrs. Goad studied the Portuguese language, since this is the language of the people in Brazil.

She told of many rewarding experiences she has had in that country and remarked that the people are very receptive to the gospel. She said that the churches in Brazil are not heated, and in some places it gets as cold as 30 degrees.

She also stated that very few people own cars. She revealed that in many parts of Brazil cardboard houses and beautiful homes are in the same neighborhood. The people in Brazil use alcohol to fuel their cars. Everyone enjoyed Mrs. Goad's outstanding talk.

Mr. and Mrs. Jimmy Cole of Wheeler were also at the meeting. Mrs. Cole is Mrs. Lewis granddaughter. Last year the Coles went with a work and witness team with the Church of the Nazarene to Paris, France, and to Switzerland. They helped restore an old theatre building which is being used as a church in Paris. In Switzerland, they visited the Nazarene Bible College.

Attending the meeting were Mrs. Bill Holder, Mrs. Tom Birchfield, Mr. and Mrs. Cole and family, Mr. and Mrs. Goad, Mrs. Melvin Cardwell, Mrs. David Pruitt, Mrs. Jerry Cummins and Kerri, Mrs. Mayme Lewis, Mrs. Sam Thompson, Paul Davis, Mrs. Sherrell Beanland, Mrs. Sandy Covey, Mrs. Walter Camp and Kloette Camp.

Visiting Mr. and Mrs. Clifford Lowry Christmas were Lt. and Mrs. Robert Locke and family of Ft. Worth, Mr. and Mrs. Steve Mann of Bethany, Okla., and a granddaughter, LaDonna, and her son, Kevin of Corpus Christi, and Iva Lewis.

Mrs. Emma Lee Pittman spent Christmas with her daughter and son-in-law, Mr. and Mrs. Bill Morrison of Oklahoma City. She was joined by her two sons, Chuck and Tony Pittman and several grandchildren.

Mr. and Mrs. Tom Brown and family visited Mr. and Mrs. Ed Skates in Hollis New Year's eve. They were joined by Mr. and Mrs.

Butch Skates and family, Mr. and Mrs. Kenneth Stallings and family, Mr. and Mrs. Jerry Mercer and family from Wichita Falls and other relatives.

LP-Gas Regulators Freeze, Responsible for Fires

THE WELLINGTON (TEXAS) LEADER
Thursday, January 6, 1983

4

AUSTIN, Tex., Dec. 23--A combination of freezing weather and improperly positioned regulators on home propane and butane tanks has caused five building fires in the last month and prompted the Railroad Commission's Liquified Petroleum Gas Division to issue a warning to both LP-gas users and dealers.

Regulators control the flow of the propane or butane from the storage tank to the appliances in a home, stepping down pressures of 200 pounds per square inch to a few ounces. Each regulator has a small vent opening which must be protected from dust, dirt, insects, rain or snow.

If the regulator is not covered or protected, rain may collect in the vent opening and later freeze when the weather turns cold. Freezing rain, sleet or snow can also block the vent. When the moisture freezes, it can disable the regulator, allowing the full 200 pounds of pressure from the tank to shoot to appliances in the home.

A normal 3/4 inch blue flame can suddenly become a roaring two-to-three foot torch, igniting walls, ceiling or anything nearby.

That's exactly what happened in the five building fires recently reported to the LP-Gas Division. Four occurred on the same day, Nov. 27, as an icy cold weather front moved through the Panhandle.

Two residences and a mobile home office building in the town of Wheeler went up in flames with one injury reported due to smoke inhalation. A residence also burned in Shamrock. On Dec. 8, a frozen regulator vent caused a fire which

destroyed a mobile home in the Reeves County city of Toyah, injuring one person. Investigators in each case found unprotected regulators on LP-gas tanks installed with the vent opening pointing up making it easy for moisture to collect, freeze, and block the vent.

With more winter weather on the way, LP-Gas Division safety personnel urge everyone who uses propane or butane from tanks to have the regulator checked for proper positioning. Any certified LP-gas dealer can make the check. It's especially important to check older tanks and regulators. Many of the older regulator installations have exposed vents which can freeze easily.

Ideally, the regulator will be located under a protective dome cover on the top of the tank. Exposed regulators should be positioned with the vent facing down and should have a vent assembly or vent suppressor to protect against freeze-ups. Protecting regulators need not be expensive. A slotted can or modified plastic container can provide adequate protection.

O'Rear-Wallendorff Vows Spoken at Clarendon Dec. 16

Lori Lynn O'Rear and Michael Ray Wallendorff, both of Clarendon and both students in Clarendon College, were married in the Anna Moores Chapel of First Baptist Church in Clarendon on Thursday, December 16, at three o'clock in the afternoon.

The Reverend Paul Heil, pastor, officiated.

The bride is the daughter of Mr. and Mrs. William

O'Rear of Wellington, while the bridegroom's parents are Mr. and Mrs. Raymond Wallendorff of Alamosa, Colorado.

The bride's maid of honor was Margaret Seale of Clarendon College.

Groomsmen were Tom Perry and Dale Adams, both students in Clarendon

College.

The bride graduated from Wellington High School in 1981, and both she and the bridegroom are sophomores at Clarendon College.

Since returning from their wedding trip to Alamosa, Colorado, the couple is living near McLean, where he is a ranch manager.

Shower Dec. 28 Honors A Christmas Season Bride

A shower given in the Heritage Room Tuesday evening, December 28, in the Heritage Room honored Mrs. Randy Langley, the former Veronica Foster.

COLLINGSWORTH CO. EXTENSION AGENT REPORT

By Nancy Bigby

Take "heed" of your corduroy. It will last longer.

Machine washable corduroy with its variety of wale widths and pile depth becomes softer the more it is washed. Frequent washings keep the pile plush and fluffy.

Before laundering, treat stains and soiled spots according to the type of stain and turn the garment inside out to protect pile from collecting loose lint.

In addition, clean lint traps in the washer and dryer before laundering.

Wash and dry corduroy items in small loads to minimize wrinkling.

For dark-colored corduroy garments that may bleed after several cleanings, wash the same colors together or launder similar colors on the permanent-press cycle of the machine.

Water temperature in the wash and rinse cycle depends primarily on fabric color and amount of soil.

Always follow care instructions indicated on the garment label.

To fluff up corduroy pile after washing, machine dry garments on the cycle recommended on the care label.

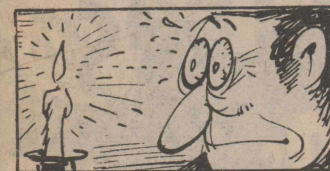

Wrinkling may be prevented if the article is removed from the dryer slightly damp.

For "touch-up" ironing, use one of the following techniques:

1) iron corduroy on the WRONG side with a pressing cloth, or

2) hold a steam iron slightly above the RIGHT side of the fabric.

To make "touch-up" ironing easier, consider using a fabric softener in the washer or dryer. Softeners also help fluff up corduroy pile.

Some people used to believe that staring at candles would strengthen the eyes.

Braided Coffee Cake Economical, Easy To Make

Add some warmth to a brisk morning by serving Almond Glazed Coffee Braid. The attractive coffee cake is economical and quick to prepare because it is made with refrigerated biscuits. Glaze and almond slices give the cake its bakery-made look.

ALMOND GLAZED COFFEE BRAID

- 2 tablespoons margarine or butter
- 1/8 teaspoon almond extract
- 2 tablespoons sugar
- 2 (7.5-oz.) cans Pillsbury Refrigerated Biscuits
- 1/3 cup powdered sugar
- 1 to 2 teaspoons milk
- 1/8 teaspoon almond extract
- Sliced almonds, if desired

Heat oven to 375°F. In ungreased 8-inch round cake pan, melt margarine in oven. Stir in 1/8 teaspoon almond extract; sprinkle sugar evenly over margarine mixture.

Separate dough into 20 biscuits. Roll each biscuit between palm of hands to form a 4-inch strip. Join 2 strips end-to-end, pinching to seal end well, to form one 8-inch strip. Continue with remaining strips of dough. Using 9 strips of dough, braid into three 8-inch braids. Starting at outer edge of pan, coil braids around edge toward center. Twist remaining strip of dough and place in center.

Bake at 375°F. for 22 to 25 minutes or until golden brown. Remove from pan immediately. Combine powdered sugar, almond extract and milk until smooth. Drizzle over warm coffee cake. If desired, sprinkle with sliced almonds. 8 to 10 servings.

Hall County Treasurer is Honored at Retirement Party

Don and Katherine Reeves and Don Wright of Denver, honored their mother, Mrs. Lucille Wright with a reception on her retirement as Hall County treasurer on Sunday, January 2, at Memphis.

The reception was held in the Bronze Room of First National Bank, Memphis.

Mrs. Wright served Hall county as treasurer for 20 years, and prior to that she was a bookkeeper for the Odom Hospital 18 years.

Members of the receiving line were Mrs. Wright, her children, and her sister, Mrs. D.L. Kinard of Memphis.

The reception table was laid with a white Madeira cutwork linen cloth holding an arrangement of blue and white flowers, and set with a silver coffee and tea service. On an adjoining table, silver trays held a variety of dainty cookies.

Three granddaughters served the guests, Kathleen Reeves, Nancy Myers and Susan Wright of Amarillo. Mrs. Wright's two grand-

sons, Bill Reeves and Wesley Reeves, were in the house party.

Hall County officials and employees presented Mrs. Wright with a silver compote, engraved with her years of service.

In addition to Mr. and Mrs. Reeves and family, those attending the retirement reception from Wellington were Mrs. Quinton Brewer, Elizabeth Brewer, Mr. and Mrs. Alvin Horton, Mr. and Mrs. Dick Pendleton, Mr. and Mrs. David Baumgardner, Mrs. Tom Wilson, Mrs. Frank Coleman, Jr., Mrs. Denzil Lacy, Mrs. Wayne Martin and Mrs. Mark Williams.

Randy Langley, Veronica Foster Marry in Holiday Ceremony

The sanctuary of Quail Baptist Church was the setting for the wedding of Vernonica Sue Foster and Randy Kent Langley on Saturday evening, December 18, with the Reverend Elvis Pitts, pastor, officiating.

The bride is the daughter of Mr. and Mrs. Kenneth Wayne Foster. She is also the granddaughter of Mr. and Mrs. J.T. Finley and of Mrs. Arlon Foster of Stamford and the late Mr. Foster.

Parents of the bridegroom are Mr. and Mrs. D.R. Langley of Quail and the grandson of Mr. and Mrs. J.W. Boen of Azle and Mrs. Jim Langley and the late Mr. Langley.

Altar decorations were a white wrought iron arch, entwined with foliage and decorated with three large red satin bows. At one side, a wrought iron pedestal held the unity candle, which the couple lighted during the ceremony from candles their mothers had placed in adjoining holders.

Mrs. Joel Sherwood was the pianist and accompanied Mrs. John Alf Thomas as she sang.

Mr. Foster gave his daughter in marriage.

The bride wore a formal gown of white bridal satin and Alencon lace. The fitted lace bodice had long full sleeves. Re-embroidered lace motifs with pearl accents were used on the satin cummerbund, cuffs and high standing collar. The gathered lace skirt featured a satin panel in front and swept to a chapel train. Her tiered illusion veil was attached to a cluster of silk roses and she carried a cascade of red and white silk roses tied with bridal streamers.

She was the fourth bride to wear this wedding dress. The others were the three daughters of Mr. and Mrs. Loyd Langley, and cousins of the groom, Mrs. Carey

MR. AND MRS. RANDY KENT LANGLEY

Don Neeley, Mrs. Ben Carson and Mrs. Terry Bratt.

Monica Ann Foster was her sister's maid of honor and Lisa Cochran was the bridesmaid.

They wore white lace blouses with short peplums and full elbow length sleeves. Narrow lace ruffles edged the deep v necklines. Their slim red skirts were afternoon length. They carried nosegays of red and white carnations tied with red streamers.

The bridegroom's best man was Ralph Fielding and the groomsmen were Shane Farris of Hedley. The groom's cousins, Curtis Neeley and Anthony Carson ushered. Jennifer Carson was the flower girl and Stephen Carson the ring bearer. They are also the groom's cousins.

After the ceremony, Mr. and Mrs. Foster were hosts at a reception in the fellowship hall of the church.

The bride's table was covered with a white lace cloth with the bouquets of the bride and her attendants arranged as the centerpiece. Red flowers decorated the tiered wedding cake.

Punch was served from a crystal bowl.

Presiding at the reception table were Donna Langley, the bridegroom's sister, and Toni Tramel. Other members of the house party were Mrs. Thomas and Mrs. Pat Gulley.

Miss Langley also registered the guests.

Since returning from their wedding trip to Amarillo, the couple is at home at 1407 El Paso Street.

The bride attends Wellington High School. The bridegroom attended Quail School and was graduated from Hedley High School in 1982. He is employed by Ralph Owens Farm Supply.

When your house is properly insulated you save on energy cost season after season, winter or summer. The difference in heating bills for a poorly insulated house and a well insulated one can be as much as 33% more a year — choose an insulation with recommended "R" value for this area. Proper insulation will help you to save on your energy bill all year round. Savings may vary due to type of construction, family size, or different energy usage habits.

The Gasoline Tax and that Fellow Behind the Tree

We see it everywhere.

Nobody wants their taxes raised—raise the other
guy's. Nobody wants their benefits cut—cut the
other guy's.

And it's not just the poor—people who don't want
welfare payments cut. And it's not just the rich—
people who don't want tax loopholes closed.

The middle class doesn't want Social Security or
Medicare benefits cut either.

The problem has led to an estimated \$200 billion
deficit in the federal budget this year.

It's a problem that's been most eloquently
described by a Congressman: "Don't tax you, and
don't tax me—tax that fellow behind the tree."

Let the other guy pay.

The problem showed up in the recent nickel-a-
gallon gasoline tax increase. A couple of examples
come to mind in that bill alone.

One penny of the nickel-a-gallon raise goes to
fund mass transit. We'll be paying that penny here,
although there's hardly anything mass in
Collingsworth County, much less transit.

The broad view, of course, has it that by sending
our pennies to sponsor mass transit in New York,
Chicago, Boston, Washington or San Francisco
we're encouraging people to abandon their
automobiles, thus reducing demand for gasoline,
thus reducing total demand for oil, thus reducing
the price we pay for oil, thus reducing the price we
pay here for gasoline.

That's the broad view.

The narrow view is that it won't help us get any
more Farm-to-Market roads paved in Collingsworth
County.

The bill that raised gasoline taxes a nickel also
drastically raised the fees and taxes that truckers
pay.

The broad view is that the free flow of commerce
and ideas is best served by a cheap transportation
system that does not charge users the full cost of
providing the service. The highways should be built
and maintained from the general revenue of the
government. In other words, New Yorkers' income
taxes should be used to pave roads in Collingsworth
County.

That's the broad view. The narrow view is that
trucks damage roads more so they should pay more
taxes, and that's the view that prevailed in the bill.

It will mean that truckers expenses will be
higher, so truckers' rates will be higher. And since
almost everything we use in Collingsworth County
is brought in by truck, it will mean that we'll be
paying more for goods.

Collingsworth County came out on the short end
of the stick in both cases in this law. New Yorkers
probably say they come out on the short end of
farm price support bills, though.

We'll probably see more of the effort to put the
burden of taxation on somebody else in the next
Congress.

We've been trying to put the load on that fellow
behind the tree for the past 30 or 40 years. We may
be about to come to the realization that that fellow
is you and me.

---Henry Wells

STATE CAPITAL

HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN — Gov. Bill
Clements may have lost the
election, but at least he has
won an award.

Unfortunately for Clem-
ents, however, it's one of
Texas Monthly magazine's
annual "Bum Steer Awards."

Texas Monthly announced
the awards in its January
1983 issue, and Clements is
not just cited once but no
less than three times.

The folks at Texas Monthly
handed Clements the in-
famous award for sticking
his foot in his mouth when
he disagreed with Mexico's
top immigration official,
Dr. Jorge Bustamante, about
the number of illegal aliens
in Texas. Clements called
Bustamante "just another
Mexican with an opinion."

Not overlooked by Texas
Monthly was the \$142,000
study Clements commis-
sioned on undocumented
workers that came up with
the conclusion that illegal
aliens do not speak English
well.

The study was done by
pollster Lance Tarrance, who
also was Clements' cam-
paign pollster. Considering
the outcome of the election
Tarrance's findings in both
instances appeared to be just
about as useful.

Last, but not least, Texas
Monthly gave Clements cu-
dos for having to borrow \$3
million for his re-election
campaign even though he
had raised an additional
\$10.4 million.

Despite the \$13 million-
plus war chest, Clements was
defeated by Attorney Gen-
eral Mark White, who only
spent about half as much.

Corporate Murder

The question of whether a
corporation can be tried for
murder was decided last
week when Galveston Coun-
ty authorities allowed a nurs-
ing home charged in the
deaths of eight patients to
plea bargain for a lesser
charge.

Autumn Hills Conva-
lescent Center, a Texas City
nursing home, was allowed
to plead guilty to involun-
tary manslaughter in con-
nection with the deaths and
was fined \$100,000.

The guilty plea was ac-
cepted by a Beaumont dis-
trict judge after a Houston
appeals court refused to stop
the plea bargain.

Galveston County District
Attorney James Hury sought
the plea bargain contending
he could not have won the
case if it had gone to trial.
However, one of Hury's as-
sistants sought to stop the
plea bargain saying Hury
was misinformed about the
investigation in the case.

The assistant got fired for
his actions.
In addition to the fine, the
nursing home agreed to pay
restitution, which could
amount to millions of dol-
lars, to the families of the
eight patients.

Windfall Profits

Texans who receive a large
portion of their income from
oil and gas production got
good news when a U.S. Dis-
trict Judge in Wyoming de-
clared the Windfall Profits
Tax unconstitutional, but the
Justice Department—at the
direction of President Rea-
gan—is seeking to have that
decision overturned.

The Justice Department
has filed an appeal with the
U.S. Supreme Court to re-
instate the tax, which has
been much maligned by Gov.
Clements and many other
oilmen across the state.

The tax was ruled un-
constitutional because it is
not uniform throughout the
country. New oil produced
above the Arctic Circle in
Alaska is exempt.

Reagan ired Clements and
others when he reneged on
a campaign promise to do
away with the tax, which
was conceived under the
Carter Administration.
Despite the lower court

ruling, the tax will continue
to be collected until the Su-
preme Court appeal is settled.

Holiday Death Toll

Department of Public
Safety officials got a pleas-
ant surprise over the Christ-
mas holidays when the final
total of Texans killed in holi-
day traffic accidents came in
less than they had expected.

DPS had estimated that 52
persons would die on Texas
highways during the Christ-
mas weekend, but when the
weekend was over only 44
persons had died.

DPS officials said heavy
rains, snow and ice may have
kept the death toll down by
keeping people at home or
causing some drivers to be
more cautious than they
otherwise might have been.

The DPS figures included
traffic fatalities which oc-
curred between 6 p.m. Dec.
23 and midnight Dec. 26.

Despite the lower than ex-
pected Christmas death toll,
DPS officials still expect
some 43 people to be killed
on Texas roads and high-
ways during the New Year's
weekend.

Crime Victim's Fund

The Crime Victim's Com-
pensation Fund has paid out
more than \$3.5 million to
assist victims of violent
crimes in Texas, but the
fund appears to be going
broke.

Officials say the fund,
which is financed through
court costs paid by felony
and misdemeanor defend-
ants, is running out of
money but has more than
\$1 million in additional
claims that have not been
paid.

The fund was created
several years ago to provide
restitution to persons injured
in violent crimes or the
families of murder victims.

Currently, criminal defend-
ants pay court costs of \$10
or \$15 to support the fund,
but the Legislature next year
may be asked to increase
that amount or find alternate
funding for the program.

Water Level Decline Changes Small Town Growth Picture

Water remains the key to
the development of any
town, but especially those
towns in farming commu-
nities such as Wellington.

Although this article from
Texas Tech University was
written for the High Plains
and South Plains, it applies
here.

LUBBOCK - Effects of a
declining aquifer have
trickled down to alter more
than Texas High Plains
agricultural practices. They
have also changed the
complexion of rural towns,
says a Texas Tech geo-
grapher.

"Over the last few
decades there has been a
gradual change in land use
in the northern and southern
regions of the Texas High
Plains," said Dr. Claud M.
Davidson.

Davidson, whose special-
ty is urban and economic
geography said studies of
regional population changes
and trends are important to
persons in governmental
planning agencies and those
with business interests.

A decrease in water
availability has changed
agricultural practices in
parts of the South Plains
while the southern portion
of the Panhandle Plains is
still predominately irrigated.

These changes have
brought different types of
industry and consequently
new demand for certain
types of business, he said.

"On a national scale,
people are moving to the
small rural areas at a faster
rate than they are moving to
the metropolitan centers,"
Davidson said.

"Much of the new
industry is also moving to
rural areas whether it be
because of room for
expansion, lower taxes or
increased accessibility and
communication. Workers
prefer a non-metropolitan
setting."

He said examples of rural
growth associated with
increased industrial can be
seen in such towns as
Plainview, Canyon, Here-
ford and Dimmitt.

A strong work ethic within
the Texas High Plains has
also served to attract
industry--flour milling
equipment manufacturing,
sugar refining, feed and
fertilizer manufacturing,
electronics to the area, he
said.

"The electronics industry
or any non-water using
industry has a future in the
Texas High Plains. The area
is already becoming more
industrialized," Davidson
said.

As the agricultural situ-
ation has begun to change
from irrigated to dry-land
farming and industry, there
has been a new demand for
retail business in towns,
he noted.

Towns where portions of
the population are employed
in manufacturing or pro-
cessing of agricultural
products have experienced
an increase in the number of
stores pertaining to art,
recreation and leisure time
activities, Davidson said.

"There is some question
as to why this has occurred.
It could be that people have
more spendable income or
they have more leisure time
or people moving in from
other areas have created the
demand for these services.

Rural towns within the
Texas High Plains which
still rely primarily on
farming have experienced a
decline in the number of
retail businesses. Davidson
said towns which have
experienced population de-
clines in association with
decreased demand for farm
labor include Littlefield,
Umbarger, Morton and
Farwell.

"People today are more
mobile and are willing to
travel to urban areas to
shop," he said. "Business
in rural areas often serve
much the same functions as
the 7-11 stores in the
cities."

Excursions from small
rural communities to the
larger county seat or city are
generally "multipurpose"
trips, he said.

"Many of the small towns
on the Texas High Plains
were established before
there was a great deal of
mobility, so now they have
outlived the need for which
they were established,"
Davidson said.

Some rural businesses,
Davidson noted, continue to
operate even though profits
associated with operation
have long since declined.

Income Tax Packets Due

"Almost 6 million Texas taxpayers will receive their federal income tax packages within the next two weeks," Glenn Cagle, Director for the Dallas District of the Internal Revenue Service, said.

Based on which form they filed last year, taxpayers will receive either the Form 1040 or Form 1040EZ and 1040A package. This year, the 1040EZ, containing only 11 lines to complete, has been added to the Form 1040A package. "The 1040EZ is designed for single taxpayers who have no dependents, whose taxable income is less than \$50,000, earned from wages, salaries and tips and no more than \$400 in interest," Cagle said.

Generally, as in previous years, the Form 1040 is for those taxpayers who itemize deductions or claim such tax credits as child care, energy, political contributions and investment credit. Since filing their tax forms last year, some taxpayers may have had a change in their tax status and need a different form than that received in the mail. Federal tax forms and schedules are available at most post offices, many banks and some libraries. The most convenient way to

obtain additional forms is by using the handy order blank in the tax forms package.

The tax forms package received in the mail has a pre-addressed, peel-off label and large, pre-addressed envelope which is useful to the taxpayer and to the IRS. By using the label and envelope, the taxpayer can help to speed up the processing of the tax return, decrease the chance of errors and often receive a refund faster.

If the mailing label has incorrect information, such as a wrong address or Social Security Number, the correction should be made directly on the label.

Each tax forms package contains instructions on the preparation of the form in the package. If additional information is needed on credits, deductions, exemptions or income, the IRS offers more than 90 free publications on these and many more subjects. These publications are available by using the order form in the tax forms package.

The IRS offers a number of taxpayer assistance programs for those who need tax help. The Volunteer Income Tax Assistance (VITA) program has trained volunteers in basic return preparation who will com-

plete returns for low-income, handicapped, bilingual, elderly and disadvantaged taxpayers.

Throughout the filing season, IRS will send employees to community centers for group tax assistance. In addition, the toll-free telephone system offers tax information Monday through Friday from 8:00 a.m. to 4:30 p.m. The new toll-free number is 1-800-424-1040; in Dallas dial 742-2440; in Ft. Worth, 335-1370.

Torrez Named San Antonio DA Investigator

Julian Torrez, who spent the Christmas holidays here with his parents, Mr. and Mrs. Julian Torrez, Sr., began work Monday, Jan. 3 on the investigative staff of the district attorney's office in San Antonio.

A former Collingsworth County deputy sheriff, Torrez was an investigator with the Ochiltree county attorney's office for the last year. His duties were related to narcotics investigation and he worked with all law enforcement groups in that county. Earlier, he was a member of the Perryton Police Department.

Torrez, 30, was born at Uvalde and raised here. He graduated from Quail high school in 1971 and from Clarendon College law enforcement program. He has had a number of additional courses in advanced law enforcement.

He began his law enforcement work in 1977 with the Collingsworth County Sheriff's department under John Rainey. Torrez two sons, Jeremy and Joshua, of Raton, N.M. spent Christmas with him here.

Rep. Whaley Installs WATS Line at Pampa

PAMPA--State Representative Foster Whaley, Pampa, announced that a toll-free incoming WATS Line telephone has been installed in his Pampa office. The WATS line will permit any citizen in the 84th Legislative District to call him at no expense to the caller.

The toll-free number is 1-800-692-1389.

Permission was granted to Whaley to make this installation because of the large eleven and one-half county district which includes part of the Panhandle, Rolling Plains and South Plains. The District covers North rural Lubbock County and includes Reece A.F.B., Shallowater, New Deal, Idalou, and the southern part of Abertathy. Other counties include Crosby, Dickens, Floyd, Motley, Briscoe, Hall, Armstrong, Donley, Childress, Collingsworth and Gray.

Whaley said the new incoming WATS line will mean he can be as accessible to a resident at Reece Air Force base, 200 miles away, as to anyone in Pampa, his home town.

From January 11, 1983, until early June, Representative Whaley will be in Austin for the 68th Legislative session.

Therefore, it is essential that callers let his Pampa secretary know who is calling, their area code, phone number, and the town from which they are calling. Also, they must advise Whaley's secretary about the nature of the call.

Jean Hogsett, the Pampa secretary, will relay this information to the Austin office if she is unable to get an answer for the caller.

Representative Whaley will answer the calls as soon as possible.

Cabbell Finishes Degree Work

Jimmy Cabbell completed the work for his degree from Panhandle State University in Goodwell, Oklahoma at the end of the first semester. He will be living in Wellington and farming in the Quail community.

Cabbell, the son of Mr. and Mrs. Jim Cabbell of Los Alamos, N.M., and is the grandson of Mr. and Mrs. Obie White.

He was a business major and attended PSU on a baseball scholarship. Cabbell graduated from Los Alamos High School.

He will return in May to receive his degree.

Baptist Trio On Crusade

The Rev. S.L. Yielding, the Rev. Nat Villanueva and James Fields are participating in a Church to Church Crusade in Chiapas, Mexico and the surrounding area.

They are among 170 people and pastors who left Thursday, Dec. 30, and will return January 11.

Rev. Yielding was at Chiapas 10 years ago for the first crusade. That group had been invited to the area to work with 21 Baptist Churches. What the present group is finding indicates the growth of the denomination in that part of Mexico.

On that visit, the Mexico association included all of the states of Chiapas, Oaxaca and Vera Cruz, with 21 churches. Now the area has been divided and includes only Chiapas with 32 churches.

The crusade members are preaching in churches and visiting with people. They work as teams and will be scattered throughout the state.

Rev. and Mrs. Yielding began participating in crusades in 1971 and among the countries in which they have worked are Mexico, Spain, Germany, El Salvador, Guatemala, Sir Lanka and Korea.

These crusades are headed by International Crusades, a Southern Baptist organization with offices in Dallas.

THE FOUR RUNNERS

Four Runners to Hold Meetings

The emphasis will be on gospel music and testimony when The Four Runners come to the Nazarene Church in Wellington, Thursday through Sunday, January 6-9. They will present a varied program of "Sermons in Song" each evening at 7:00 p.m. and Sunday at 10:50 a.m. and 6:00 p.m. Unusual aspects of the concert are the use of film slides along with music and chalk artistry.

The group began presenting sacred music concerts in 1966 and since that time have performed throughout the United States. Headquarters, and the place they call home when they can be

there, is Dimmitt, Texas. "Jesus is our guide," they say. "The law we follow is strict obedience to His will. We strive to keep our hearts tuned to the gentle leading of the Holy Spirit."

Each member of "The Four Runners" is very talented in singing and playing a variety of musical instruments. Their latest record album is available at the concert.

The three, Jeannine, Alice and Nelda, have a fourth member of the group. Attending the concert will be necessary to find out about this other one. There will be no admission charge, and the public is cordially invited to come and share in this exciting event.

Books for VA Hospital Still Needed

Several hundred paper back books were delivered to the Veteran's Administration Hospital in Amarillo in December by the Auxiliary of Glynn Moore Post, Veterans of Foreign Wars.

Mrs. John R. Henard, president, has announced that the book collection will continue into the new year, and county readers are bringing in more books, she added.

Robert Lewis is keeping the book box in Lewis Grocery, and all paperback contributions will be accepted.

"This provides the hospital patients something different to read," Mrs. Henard pointed out.

Approximately 150 patients are currently in the VA hospital.

Chas. Michael Completes Degree Work

Charles D. Michael, Jr., completed his work for a Bachelor of Science degree in accounting at Panhandle State University, Goodwell, Oklahoma, at the end of the first semester in mid-December.

Michael will return to Goodwell for the second semester.

He is employed by an accounting firm in Guyton and he will also take the examination required to become a certified public accountant.

Michael, his wife, the former Starla Mann of Clarendon, and their 6-months old son, Charles D. Michael III, spent the holidays here with his parents, Mr. and Mrs. Charles Michael.

In Panhandle State, Michael was nominated for Who's Who in American Colleges and Universities and he belonged to Alpha Chi honor society and Phi Beta Lambda, business fraternity.

COLLINGSWORTH COUNTY AGENT REPORT by DON REEVES

The Farmers Tax Guide for 1982 returns has arrived at the County Extension Office.

This publication printed by the Internal Revenue Service explains how the federal tax laws apply to farming. It gives examples of typical farming situations and discusses the kinds of farm income you must report and the different deductions you can take.

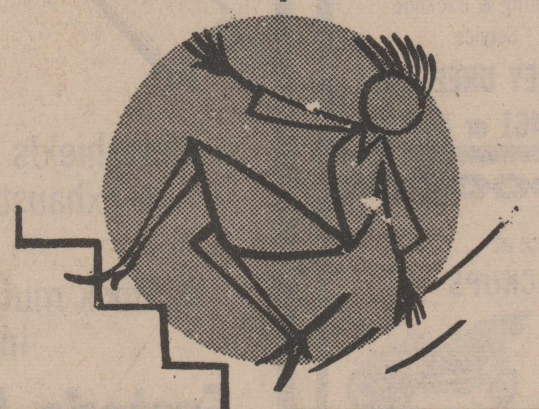

This book is to be used as a guide for figuring taxes on farm income and filling out your farm tax return.

There have been some changes made in the tax laws since last year and other items that may affect your taxes this year are: Investment credit, Business Property and Federal Unemployment tax.

This publication is free and can be obtained at the County Extension Office.

Girl Scouts Open Annual Cookie Sale January 14

Wellington Girl Scouts will launch their annual cookie sale from in front of the court house Friday, Jan. 14 at 4 p.m.

Balloons will be turned loose and townspeople are invited to share their festivities.

Inside the court house, Girl Scout cookie posters will be on display. The girls have colored these themselves, and they will be judged by county officials and courthouse employees.

First, second and third place prizes will be awarded.

During the following days, the girls will take orders for their 7 varieties of cookies, which will be delivered to the purchasers a short time later.

It is the first time this format has been used, for in the past, the girls carried their cookies with them.

The Girl Scout cookie sale is an American tradition that dates back to 1933 and it's still the main fund-raiser for

the troops. Seven Girl Scout troops will participate:

1st grade, Troop 3, Carol Thomson and Debbie Mack leaders; 2nd grade, Troop 63, Evelyn Campbell leader; 3rd grade, Troop 26, Sauna Blacksher leader; 4th grade, Troop 70, Paula Wilkins leader.

5th grade, Troop 12, Peggy Hendrix leader; 6th grade, Troop 80, Betsy Lemons and Barbara Settle leaders; 7th grade Cadettes, Troop 133, Debbie Shaver, Lameta Black and Nell Bawcom, leaders.

The very first Girl Scout Cookie was a vanilla shortbread, baked in the shape of the Girl Scout insignia, the trefoil. It's still a favorite, but over the years, a lot more cookies have been added to the selection. Like peanut butter Dosidos, chocolate Thin Mints, Tagalongs which are peanut butter patties and the famous Samoa Cookies. Also, the newest pure Chocolate Chunk cookie.

And, they're all great cookies for a great cause.

Auxiliary Given \$100 Donation

A Christmas donation of \$100 to Collingsworth General Hospital Auxiliary was announced this week by Mrs. Lynn Wright, president.

The gift came from Mrs. Lee O'Neil of Lubbock. She and Mr. O'Neil formerly lived here.

The Hospital Auxiliary silver tea brought more than \$100 in donations, Mrs. Wright said.

An additional \$27 came from the 1954 Study Club.
