BY LOOKING AT THESE warm blooded animals, you could never tell that West Texas was hit by a somewhat "cool" cold front Tuesday morning. But the brown grass in the foreground depicts that old man winter has blown in. Luckily for us "cold natured persons," we have had an extremely mild winter, but what lies in store in the few winter months to come?

Randy Griffith Is Contest \$ Winner

This week's Football Contest entrants were very accurate. The top prize winner, Randy Griffith of Colorado City, picked both winners in the NFL Wild Card play-off games. Randy will receive \$15 for his efforts.

Second place goes to Jackie Hebert of Loraine. Jackie also was perfect in her picks but came in second on the tie-breaker score. Ms. Hebert will get \$12 for her predicting.

Georgie Griffith of Colorado City missed only one game and came within one point of the actual score of the Philadelphia-New York Giants game to win the \$3 third prize.

If you would like to enter the RECORD'S Football Contest, check inside for details and entry information.

Liability Insurance Required By Law

Beginning January 1, 1982, Texas drivers contacted by Department of Public Safety officers during traffic stops and vehicle accident investigations will be required to furnish proof of compliance with the new compulsory liability insurance law.

Under House Bill 197, an amendment to the Texas Motor Vehicle Safety Responsibility Act (6701h) approved this year by the 67th Legislature, all drivers must carry minimum liability coverage for medical expenses of \$10,000 per person (\$20,000 for two or more) and property damages of \$5,000.

Department of Public Safety Director, Colonel Jim Adams, reports troopers will accept as evidence of insurance coverage the policy for the vehicle being

operated or a document issued by the insurance company.

"Such a document must contain a statement that the liability coverage for the motor vehicle is the minimum prescribed by the law," Adams said. "The document must also include the name of the insurance company, the name of the insured person, the policy period and the policy number. This document may take the form of a letter or a card, depending upon the preference of the insuring company."

Insurance companies throughout the state recommend drivers do not carry their original policy or a photostatic copy of the policy declaration page or the insuring agent's binding agreement. They would rather motorists carry with them an official card or letter.

Adams has pointed out that DPS troopers will be enforcing the provisions of this law along highways and rural roads. Local police officers and sheriff's deputies have also been given the authority to request this information.

Drivers who do not maintain the specified coverage, refuse to give information or give false information to law enforcement officers risk a minimum fine of \$75 for the first offense or \$200 for subsequent violations.

In addition, a conviction under this new law will result in the suspension of the violator's drivers license and motor vehicle registration unless the violator establishes and maintains proof of financial responsibility for five years from the conviction date.

For convicted violators to establish proof of financial responsibility, a filing of an "SR-22" form must be made to the Safety Responsibility Bureau in Austin by the violator's insurer as proof of coverage.

The SR-22 form, used as evidence of insurance, is kept on the DPS computer file for five years, but if the violator cancels or allows the coverage to lapse, the violator is notified that his or her license and registration are suspended and that another SR-22 filing will be required.

Since most insurance companies will not insure those requiring an SR-22 filing, coverage may be obtained through either a county mutual insurance company or through the Texas Automobile Insurance Plan (TAIP), an assigned-risk insurance pool, at a higher premium rate than the norm.

Those persons convicted under this new law will pay 20 percent more than the standard rate for

insurance, if in the TAIP. Drivers convicted a second time will pay up to 95 percent higher rates.

Out-of-state, government-owned and self-insured vehicles are exempt from these insurance requirements. However, drivers of self-insured vehicles will be asked by DPS officers to produce evidence of self-insurance at accident scenes and traffic stops.

Other facts worth mentioning: The insurance industry predicts liability premiums to increase because poor drivers who once were uninsured will now be put into the insurance system; the new law

covers motorcycles as well as every form of motor vehicle operated on a public road or highway; Rep. Gene Green, D-Houston, the author of HB 197, describes the bill as "experimental—if it doesn't work, we'll do something about it" and the highway patrol does not plan any extraordinary efforts to detect violators, but will ask for insurance proof during routine traffic stops and while investigating accidents. It has been past policy of the DPS to issue warnings rather than citations during the first 90 days after a new law has taken effect.

Lonnie Williams Is First Place Winner

Lonnie Williams of Loraine received the first place and \$25 for having the best Christmas light decorated home in Mitchell County, according to judges of the Colorado City Chamber of Commerce in the annual Christmas lighting contest.

Aeron Oden who lives south of Colorado City received \$15 and the second place honor.

Richard McKinney of 420 E. 21st Street in Colorado City won third place and \$10.

Linda McCombs, Chamber secretary stated, "it was so difficult to choose which was the best decorated, because they were all very good and everyone went to a lot of trouble and it was really a toss up."

Take Caution For Those Who Care!

By LULU TURNER

Today (Thursday) is New Year's Eve and tomorrow will mark the beginning of another new year. Following tradition, this year will be no different than the past, I'm speaking of partying out the old and toasting in the new.

The Texas Department of Public Safety released a statement that as many as 38 people will be killed beginning at 6 p.m., today and ending at midnight Sunday in Texas. This estimated count is involving only those involved in motor vehicle accidents.

Drinking and driving do not mix and it would be nice on Monday morning if your face was among the rest and not only a memory to those who cared. Take a second thought, because someone cares...I do.

Women Of County To Be Recognized

Women of the world! Now is your time to speak up or forever hold your peace. The Colorado City RECORD Office is putting out a special Women's supplement edition to the paper and we need information, pictures and whatever ideas you have.

Women today, more than any other time in the past, are filling important roles and doing more for the community and others than before and we believe it is time they are recognized.

We would like clubs and organizations to contact us at 728-3413, because we want to know.

The special edition will be featured sometime in January and time is of the essence to meet our deadline.

Obsolete Bridge Will Be Replaced

The bridge located on FM 2836 at Cherry Creek, two miles south of Interstate 20 will be replaced, according to the State Highway Department and Public Transportation Commission. This is being done as a continuous effort to replace obsolete bridges on the state's 72,000 mile system, added the officials.

The program, Bridge Replacement Program, allocated \$35.7 million to be used for the improvement or replacement of 65 structures throughout the state.

Many bridges on the selected list will not be fully replaced. Where the supports are adequate, only the bridge deck will be replaced or widened.

These factors were used in determining which bridges would be included in the program: A federal formula known as the sufficiency index; the recommendations of the district office of the Highway Department based on local consideration and traffic load, concluded William Walker, spokesperson of the commission.

Motorists Receive Only Minor Injuries In Automobile Wreck

Gloria Erwin, dispatcher, with Colorado City Police Department, gave the following police report.

Sunday at 12:45 a.m., a 1970 Ford driven by Ray Vanderslice of 1108 Locust was travelling west on First Street and lost control of the vehicle. The vehicle jumped into the brushy area along the railroad track causing damages to the vehicle and no injuries were sustained. Jesse Dominguez was the investigating officer.

Sunday at 1 p.m., Donald Burrus of Burrus Grocery reported criminal mischief at the store. The front window of the store had been broken out from an object being thrown through it. No determined amount of damage was reported at that time. George Davenport was the investigating officer.

Dec. 21 at 11:17 a.m., in the 100 block West Third, a 1979 Mercury two-door driven by Flauris Denson of 736 E. 20th Street was in collision with a 1977 Ford

pick-up driven by Irma Mendez Urias of Colorado City. No injuries were reported and Police Chief Jimmy Roundtree was the investigating officer.

Dec. 21 at 6:18 p.m., at the intersection of 6th and Hickory Streets, a 1979 Chevrolet pickup driven by Petra Molina of 1008 Hickory was in collision with a 1975 Pontiac four-door driven by Anthony Randle of 1335 Cypress. No injuries were sustained and Officer Elias Franco was the investigating officer.

Dec. 22 at 9:45 p.m., on the south service road off Interstate 20, a 1972 Chevrolet two-door driven by Manuel Falcon Alvarado of Highway 80 Motel in Colorado City, left the roadway and struck an embankment. One subject was treated for minor injuries at Root Memorial Hospital and released. The two subjects were arrested for public intoxication. Officer Franco was the investigating officer.

City Secretary's Job Will Be Discussed Tuesday In Special Council Meeting

Loraine City Council members and other interested persons will meet for a special called Loraine City Council meeting Tuesday beginning at 7:30 p.m., in the Lions Club Building in Loraine.

The special meeting was called to discuss the termination of City Secretary Brenda Lee from her duties.

Reasons listed by Pete McKinney, Loraine's city attorney, on the notification for Mrs. Lee's dismissal

were as follows: 1) not keeping the office open five days a week, 2) not furnishing a financial statement at each meeting and 3) improper steps on an advance on Mrs. Lee's salary.

B. B. Hardee of TESCO (Texas Electric Service Company) will be on hand to present a rate increase to the city also.

The meeting is open to the public.

MRS. LONNIE WILLIAMS (right) presented Mayor Elmer Martin, chairman of the board directors of the Woodland Activity Center with a check for \$25 for the Center. Mrs. Williams received the check from Linda McCombs, chamber secretary, for winning first place in the Chamber lighting contest recently.

How Social Security Is To Be Spent

If a representative payee is convicted of "knowingly and willingly" using Social Security payments for something other than the benefit of the intended recipient a year in jail and/or a \$1,000 fine can be imposed.

Bentsen said there are roughly 175,000 representative payees in Texas, some 90,000 of them not members of the family of the Social Security recipient they represent. Nationally, according to preliminary figures from the GAO, there are some 2.4 million representative payees, with some 1.5 million of them not re-

lated to the people they represent.

"The General Accounting Office is conducting a study of the use of representative payees, but that study won't be completed until 1983," Bentsen said.

"The potential for fraud here is so great that I am asking them for an interim report so I can determine whether corrective legislation is needed immediately. I have been in contact with the GAO and am advised that they already have quite a bit of information in hand. I am hopeful that they can respond quickly to my inquiry," Senator Bentsen said.

Mrs. Raymond Hackfeld was hostess for the annual Christmas party for members of the Friendship Class of the First Baptist Church in Loraine. The party was held Friday evening, Dec. 18th.

The home was beautifully decorated with festive decor, and the lighted tree.

Mrs. David McNary brought the devotional entitled "Two from Galilee," a book written by Margory Holmes. She gave excerpts from the book.

Christmas cards were addressed to several elderly and shut-ins of the town and the class exchanged white elephant gifts from the tree.

The hostesses, Mrs. Hackfeld and Mrs. Gene

Britton served a plate of holiday goodies during the social hour.

Enjoying the evening were Mmes. Susie Morris, Nina Meadows, Hubert Thomas, Doris Henderson, Sally Compton, Dorothy Finley, Pat McNary, Elnora Mitchell, Mary Helen Graham, Doris Graham and Shirley Clifton.

Look Who's New

Justin James, son of Mr. and Mrs. Dwayne Staats of Colorado City, was born in Root Memorial Hospital December 19 weighing 7 lbs., 15 ozs.

Loraine Leisure Lodge

By MARSHA MCADAMS

Santa is not just for children as we saw when he visited here for our Christmas party. It was like watching dominoes fall as Santa moved down the rows of people and their faces lit up. Staff, visitors and residents all smiled and laughed as Santa handed out candy canes and fruit. The children present for the party didn't enjoy him any more than the rest of us. We handed out all the gifts, feasted on snacks of all kinds, and now can anticipate next year.

The Loraine Future Homemakers of America came and entertained all with Christmas carols. The Loraine Senior Citizens presented each resident with a goodie basket and the Loraine Church of Christ gave each resident a fruit basket. Lillian Hallmark had a gift for each resident and staff member in addition to a turkey. For these thoughtful gifts we are grateful and give our thanks.

The first electric lamps used for street lighting were arc-lamps installed experimentally in Paris, in 1841.

Others who had the spirit of giving were Evelyn Bullard - room decorations, Ida Baird, clothes, Fern Coon, handmade decorated doll, Bea Lee, magazines, Verla Owens, clothes, Rachael Moreno, gifts, Virginia Whirley, candy and cookies and T. J. Green.

The First Baptist Church of Loraine provided gifts and the couples class provided apples and oranges, all this plus David McNary brought Santa and did an excellent fun filled work.

Three enormous fruit baskets filled with various eatables were given by the Ladies Auxiliary VFW Post 9178 of Colorado City.

To all the above who shared their holiday spirit with us we wish the best of 1982 for them. Thank you.

Our last musical fell on Christmas Day and was cancelled, but will be taking place on January 8, 1982 and we look

Porter Honored For 80th Birthday

Mrs. Frances Porter was honored at a reception from 2-5 p.m., Saturday, Dec. 13, a compliment on her 80th birthday. The party was held in the First Baptist Church fellowship hall in Loraine and hosted by nieces and nephews, Mrs. Walter Newcomb, Austin, Mr. and Mrs. Danny Thompson, Champion, Mr. and Mrs. Tommy Thompson, Midkiff and Mr. and Mrs. Claud Thompson, Pasadena.

As guests arrived, they registered and wrote birthday wishes in the keep-sake registry book. A niece, Mrs. Wendell Bankhead presided at the book.

Two long tables were laid in white satin over burgandy floor length skirts. From one, the large decorated three tiered birthday cake, topped with a silver heart holding the number "80." The cake was served with punch, mints and nuts. From the other table, an assortment of cheeses, dips, etc., and coffee were served. Serving were Mrs. Danny Thompson and Mrs. Walter Newcomb of Austin. A lovely floral arrangement of various color

silk flowers centered the tables and the registry table and Mrs. Porter wore a matching shoulder corsage, all made of silk by the niece, Mrs. Bankhead.

Many pictures were made of the honoree, her brothers and sisters, of her with members of the Sunday School class she teaches, etc.

Mrs. Porter was born in Indian Territory, Okla. in 1901 to Birgal and Doshia Gillean. At the age of five, she moved with her family to East Texas. She married James D. Porter Aug. 20, 1918 in Mt. Joy, Texas. They celebrated their Golden Wedding Anniversary in 1968. Mr. Porter died in 1975.

As a young bride, Mrs. Porter came to West Texas in 1919 by train. They made their first home in Westbrook, and she joined the Baptist Church there in 1920. They later lived in the Palava Community in Big Spring and Sand Springs before moving to Loraine.

Mrs. Porter is an active member of the Baptist Church of Loraine where she is a member of the W.M.U. and teaches the Ruth Sunday School Class.

PUBLIC NOTICE

Pursuant to TEX. REV. CIV. STAT. ANN. art. 1446c §43(1975), Lone Star Gas Company hereby gives NOTICE of the Company's intent to implement a new schedule of rates effective on the latter of January 21, 1982

or such other date as new rates become effective in the City of Colorado City to be charged for natural gas service to residential and commercial customers in the environs areas (outside incorporated limits of Colorado City, Texas)

The rate schedule is expected to furnish a .44 % increase in the Company's gross revenues in the environs of Colorado City, Texas

A Statement of Intent has been filed with the Railroad Commission of Texas and is available for inspection at the Company's business office located at 257 E. Second Ave., Colorado City, Texas.

Any affected person desiring to contest such changes in rates can file a complaint with the Director of the Gas Utilities Division, Railroad Commission of Texas, P. O. Drawer 12967, Capitol Station, Austin, Texas, 78711.

Hearing For Gas Deregulation Slated

Five Congressmen joined Texas Congressman James M. Collins in asking for immediate Congressional hearings on natural gas price deregulation. By letter, Collins, Phil Gramm (TX), Bill Dannemeyer (CA), Billy Tauzin (LA), Ralph Hall (TX) and Mike Synar (OK), called on Phil Sharp (IN), Chairman of the Fossil and Synthetic Fuels Subcommittee, to hold deregulation hearings at the earliest possible date. The letter represents the first formal request for Congressional action on gas decontrol from representatives of the key gas producing and consuming states.

"It is virtually undisputed that the assumptions of the Natural Gas Policy Act are obsolete," according to Collins, sponsor of H.R. 4885 to decontrol gas prices. Collins noted four major reasons why Congress should take action on gas deregulation:

"First, if my bill were passed, the Department of Energy estimates that our national economic efficiency would be increased by \$5 billion and our oil import levels would be reduced by 260 million barrels per day through 1985.

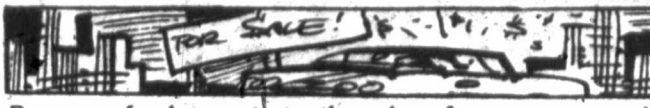

"Second, the NGPA creates a cushion of low-priced gas that is never

decontrolled. This cushion, mainly in interstate pipelines, allows those pipelines to bid for higher-priced deregulated gas and average it with cheap gas.

"Third, the NGPA deregulated gas is produced from wells below 15,000 feet, leaving little incentive for producers to look for less costly gas above 15,000 feet. Drilling below 15,000 feet will be up 21 percent this year, while more shallow drilling will fall five percent, even though it costs five to six times more to drill the deeper wells. This is passed on to consumers in unreasonably high prices.

"Fourth, in 1977, the NGPA's authors tied the price of gas to decontrol of crude oil, assuming \$15 per barrel in 1985. Yet, crude oil sells for about \$34 per barrel today."

Strawberries are an excellent source of Vitamin C and calcium and also include riboflavin and iron.

Because of sales contests, the price of a new car may be better at the end of each month.

Even if you're in a retirement program, now you can also have an Individual Retirement Account!

Beginning with 1982, you can have an Individual Retirement Account (IRA) even though you are enrolled in another qualified retirement program, and that's in addition to Social Security. Individually, you can put as much as \$2,000 annually into IRA. A working couple can set aside up to \$4,000 annually. A married couple, with one spouse working, can put \$2,250 into IRA annually. Income tax on the money put into IRA, and the interest it earns, is tax deferred until withdrawn at retirement.

Homestate Savings has many safe, high yield savings plans, including a new 18 month retirement certificate, which will help you reach your retirement goal. Come see one of our savings counselors for your best deal - your future depends on it and we're here to help.

How To Return Gifts

Once the Christmas season has passed consumers often are faced with the returning or exchanging of gifts.

Although most consumers expect to be able to return or exchange their gifts with little or no problems, this may not always be the case.

Most merchants will accept an exchange of merchandise, as a form of customer service, but stores are not legally required to exchange merchandise, refund money or give the customer a store credit on their purchase, unless the item is not as represented or the item is found to be defective.

It is recommended that before a consumer makes a purchase, especially one that entails a large sum of money, they inquire about the store's "refund and exchange" policies on gifts purchased. All merchants have their own return or exchange policies, and consumers may find some merchants are more restrictive in their policies than other merchants which they have dealt with in the past.

When purchasing items such as swimsuits, undergarments or intimate apparel, the consumer should be especially certain that the correct size is purchased. For the protection of the purchaser, these items are all sold on an "All Sales Final" basis and are not returnable or exchangeable.

Return goods in their original packages.

Take all your sales or charge receipts, price labels and tags with you.

Return items to the department where it was purchased or to the service desk designated for refunds.

Should problems be encountered regarding your refund, ask to speak with either the Department or Store Manager.

In the event that the problem can not be satisfactorily resolved and you feel an adjustment is due, contact your local Better Business Bureau and Attorney General's Office.

Your electricity will cost more in 1982 mainly because the fuel to make it will cost more.

In 1982, we'll have to pay more for the fuels used to produce your electricity. Partly, this is because another contract for low-cost natural gas fuel is expiring. But mainly it's because the price of all fuel continues to rise.

We spent about \$200 million in 1980 for fuel to make your electricity. In 1981, the fuel bill will be about \$400 million. And in 1982, we estimate we'll have to spend \$640 million for fuel.

Approximate Cost of Fuel

Year	Fuel cost paid by Texas Electric	Your average annual fuel cost per kilowatt hour
1980	\$200 million	1 cent
1981	\$400 million	2 cents
1982*	\$640 million	3 cents

*Estimated

We buy all our fuels at the lowest price available. We

charge our customers exactly what we have to pay for fuel. And each month, we show on the bill the "fuel" part of the total cost of electricity.

At Texas Electric, we're trying to hold down fuel costs by making as much electricity as possible in plants built to use lignite coal - a cheaper fuel. And we're building a plant to use uranium, the lowest priced fuel available to us.

You can help hold down your electric bill by conserving at home. To learn how, please call us.

Poetry Contest Slated

A \$1,000 grand prize will be awarded in the upcoming poetry competition sponsored by World of Poetry, a quarterly newsletter for poets. Poems of all styles and on any subject are eligible to compete for the grand prize or for 99 other cash or merchandise awards, totaling over \$10,000. Rules and official entry forms are available from the World of Poetry, 2431 Stockton Blvd., Dept. A, Sacramento, California, 95817.

Department to Be Dissolved Soon

President Reagan wants the Department of Energy dissolved, but it won't be easy. The plan calls for eliminating nearly all the money for nuclear waste, civilian research and energy conservation programs and transferring the remaining programs to the Department of Interior. The entire Energy Department would be closed down in 1984.

Two powerful members of the President's party, Senators James McClure and Pete Domenici, want to save many of the existing programs. And, Secretary of Energy James Edwards has been accused of lobbying to keep the D.O.E. alive as long as possible.

The Department of Energy has requested a budget of 14.4 billion dollars for 1983.

President Reagan has asked all Americans to leave Libya because of the tense international situation.

There are about 1,500 Americans employed by 30 U.S. oil related companies. Exxon had already begun pulling out. We import about 200,000 barrels of oil per day from Libya.

And, the city of Houston has announced it will begin taxing about 10,000 vessels and oil rigs by the end of the year. The boats and rigs call the Port of Houston their home.

In the Permian Basin our rig count for last week was 491. One year ago it was 371.
