The SDN Column

The baseball game is not over till the last man in the 9th inning is retired.

One of the television networks discovered Sunday that there must be a similar adage that applies to football. The NBC network cut away from a professional football game at Oakland, Calif., late Sunday afternoon in order to start another program on schedule. The New York Jets, leaders in the Eastern Division of the American Football League, were playing the Oakland Raiders, one of the contenders in the Western Division. The Jets had just kicked a field goal to break a 29-29 tie and go ahead, 32-29 with less than two minutes of playing time remaining in the game. Just as the Oakland team started to put the ball in play deep in its own territory, the game suddenly disappeared from television screens.

As it developed, NBC could not have picked a more inopportune time to cut away from the action. Oakland scored two touchdowns in those few remaining seconds. Thus, television viewers missed what easily was the most important and undoubtedly the most exciting part of the ball game. Instead of a New York victory, 32-29, it turned out to be an Oakland triumph, 43-32.

Reports Monday morning indicated that many Snyder fans were just as incensed as those in New York and elsewhere about missing the heart of the ball game. Wire services reported that NBC got so many complaints by telephone that the fuses in the network's switchboard were burned out.

"I would have called if I had known the number," said one Snyder fan Monday.

It was generally agreed, however, that it may be to the long - time advantage of football fans that the unexpected rapid action did occur after the network left the game. If nothing eventful had happened in that last minute and a half they might be tempted to do the same thing again. As it turned out, it appears highly unlikely that they will call it quits "before the last man is retired in the 9th" again.

How affluent can you get?

According to a mail missive, the latest "in" thing in an affluent society is a second Christmas tree in the home. According to people who keep track of such things, there has been a growing trend toward the "two - tree home" in the past decade. If you go with the "in" crowd, you will have a "show" tree in front of your picture window and a second, smaller tree, in the family room for the family. —WACIL McNAIR.

Today In History

Today is Tuesday, Nov. 19, the 324th day of 1968. There are 42 days left in the year.

Today's highlight in history:

On this date in 1863, President Abraham Lincoln delivered his Gettysburg address.

On this date:

In 1497, Vasco de Gama discovered the passage to India around the Cape of Good Hope.

In 1794, the United States and Britain signed the Jay Treaty, adjusting issues left unsettled by the Revolutionary War.

In 1831, the 28th American president, James Garfield, was born on a farm near Mentor, Ohio.

In 1919 the U. S. Senate rejected the Treaty of Versailles after World War I.

In 1954, it was announced that the United States would build a radar warning system across arctic Canada.

In 1962, a jazz concert was held at the White House for the first time as Mrs. John F. Kennedy entertained the teen-age children of diplomats assigned to Washington.

Ten years ago — The United States said it would withdraw the Marines who had been sent to Lebanon six months earlier to investigate charges of intervention by the United Arah Republic.

Five years ago — Cambodia severed economic and military ties with the United States.

One year ago — The U. S. Federal Reserve interest rate was raised from 4 per cent to 4½ per cent to bolster the dollar after devaluation of the British pound.

THE WEATHER

SNYDER TEMPERATURES: High Monday, 51 degrees; low, 28 degrees; reading at 7 a.m. today, 28 degrees.

Northwest Texas: Partly cloudy to clear through Wednesday. Possible light rain or snow flurries in north tonight. A little warmer tonight. Cooler in north Wednesday. Low 26 to 38. High Wednesday 54 to 62.

North Central Texas: Increasing cloudiness and a little warmer tonight. Wednesday partly cloudy. Low 32 to 40. High Wednesday 55 to 65.

Northeast Texas: Fair through Wednesday. Low 30 to 34. High Wednesday 58 to 64.

South Central Texas: Fair tonight and Wednesday. Cool tonight with scattered frost in north. Warmer Wednesday? Low 32 in north to 46 in south. High Wednesday 66 to 76.

Southeast Texas: Fair tonight and Wednesday. Cool tonight with a light freeze and frost in interior. Warmer Wednesday. Low 28 in northeast to 44 in south. High Wednesday 66 to 72.

Southwest Texas: Increasing cloudiness tonight and Wednesday. A little warmer tonight and in east Wednesday. Low 30 in north to 45 in south. High Wednesday 58 in north to 72 in south.

SCHOOL STRIKE END NEARS — Three of the principals in negotiations between the United Federation of Teachers and New York City Board of Education talk to newsmen outside Gracie Mansion in New York. They announced tentative agreement to end strike which has kept children out of school for all but 11 days this term. From left: Albert Shanker, UFT president; Mayor John V. Lindsay, and New York State Commissioner of Education, James E. Allen, Jr. (AP Wirephoto)

France Battles To Save Franc

By STEPHENS BROENING
Associated Press Writer

PARIS (AP) — President Charles de Gaulle conferred with Premier Maurice Couve de Murville and Finance Minister Francois-Xavier Ortoli on the European financial crisis today amid signs that the speculative frenzy was subsiding.

European money markets opened with heavy pressure on the British pound but on an otherwise quieter note following Couve de Murville's confident but vaguely phrased announcement that the Western industrial nations would not permit the French franc to collapse.

In a nationwide television interview Monday night, Couve de Murville partly blamed France's unbalanced budget for France's economic problems and announced austerity measures including a credit squeeze and cuts in subsidies to railroads and other public utilities.

Couve de Murville said nothing specific about how he intended to stop speculative pressure on the franc. Some financial experts said they were not convinced by his confidence in the absence of concrete measures to maintain monetary stability.

There was still complete secrecy over decisions which may have been taken at the weekend meeting in Basel, Switzerland, of the governors of the leading central banks.

Continuing uncertainty over the central banks' counterattack may have done more than the premier's speech to dampen last week's speculative fever.

On French money markets, the franc was again quoted at its official floor level of 4.9740 to the dollar this morning, while the German mark remained slightly above the official ceiling of 125.290. The pound dropped one point overnight to 11.8460, the lowest level for six months.

Swiss money markets opened quieter and the French franc even showed a fractional improvement by noon. However, Swiss banks were still limiting purchases of French currency bills.

Frankfurt money dealers said the situation was unchanged from Monday, with continuing pressure on dollars, pounds and French francs caused by speculation that the German mark would be revalued.

However, in Brussels dealers predicted that the mark speculation was bound to slow down because dealers found it increasingly costly to hold large amounts of German currency in expectation of a revaluation that might never come.

Nonetheless, Couve de Murville's television statement did little to convince financial experts in France that the government was in a position to put its economic house in order with austerity measures. Some expressed open skepticism that Couve de Murville's assurance of unlimited international backing for the franc would do anything to stop the speculation on a mark revaluation which they see as the principal immediate cause of the monetary crisis.

Prague Sit-In Scene Tense

By GENE KRAMER
Associated Press Writer

PRAGUE (AP) — Conflict mounted today between Czechoslovakia's Communist rulers on one side and students, journalists and some workers determined to uphold freedom of the press and self-expression.

An estimated 100,000 university students in Bohemia and Moravia occupied classrooms, laboratories and corridors for the second-day of a scheduled three-day sit-in strike. It supports a 10-point demand emphasizing freedom of assembly and foreign travel and a six-month limit on press censorship.

Czechoslovak journalists, targets of Soviet attacks before and after the August invasion of their country, adopted resolutions in Prague warning that liquidation of free expression and information would mean the end of the highly popular reform course launched last January.

At a meeting Monday 1,060 Prague newsmen said they objected to being made scapegoats in occupied Czechoslovakia, and demanded an early meeting with government representatives to discuss "how to face together the efforts to liquidate socialist freedom of the press."

The journalists were reported ready to strike as a last resort.

A policy resolution published today from the Nov. 14-17 session of the Communist party Central Committee announced the issuance of leaflets and sending of mass resolutions will be banned, and said Czechoslovakia will carry out an October agreement with the Soviet Union to put press and radio "at the service of socialism."

The party resolution said Czechoslovak mass media had not been used effectively against "anti-Socialist forces." Press, radio and TV "are primarily an instrument for implementation of party and state policy" and henceforth will be used as such, it said.

Dock Mishap Sinks Ferry

MANILA (AP) A docking collision sank an interisland passenger boat at Cebu in the central Philippines Monday. Early reports said 200 passengers were missing, but later it appeared that less than 10 were unaccounted for.

The passenger ferry Iruna broke apart and sank minutes after a collision with the Eastern Moon, a 5,338-ton British freighter out of Hong Kong.

A national police officer at Cebu, about 300 miles from Manila, said only 30 passengers were aboard, and at least 26 of them had been rescued along with the entire crew. Earlier reports said 200 persons were aboard and at least six bodies had been recovered.

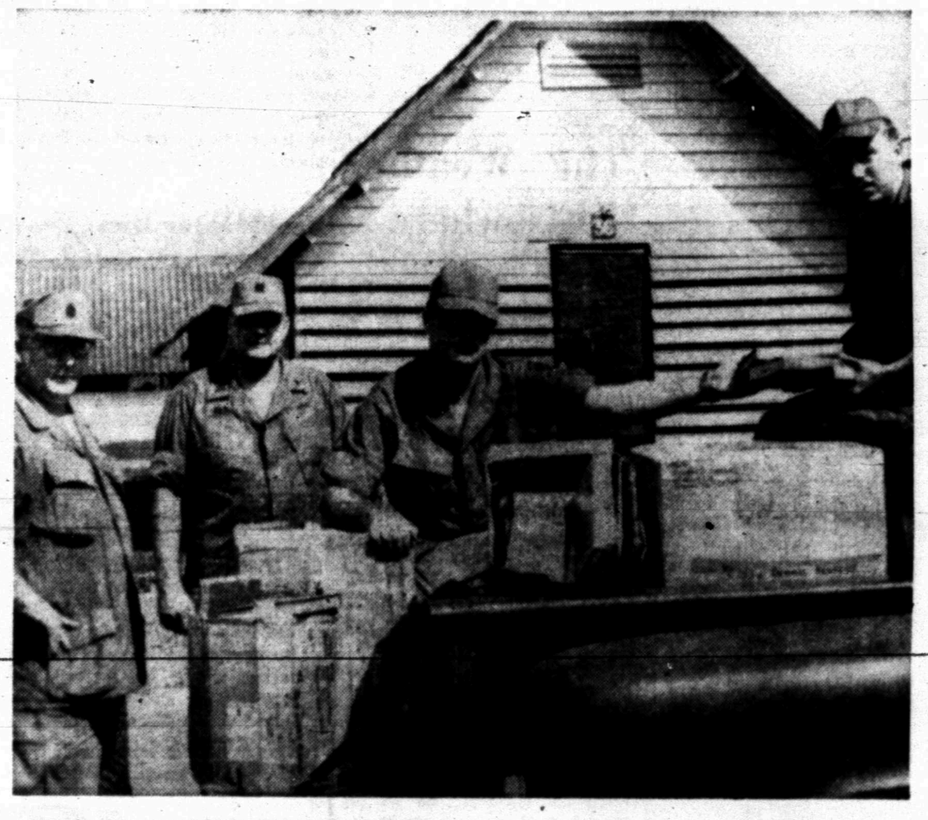

The Manila Daily Mirror said 46 persons had been saved and that no dead had been found. Rescue divers were being hampered by stiff winds, rough water and oil slicks, the Mirror said.

The Iruna reportedly was pulling away from the dock in a heavy rain when the collision with the incoming freighter occurred.

No Trouble As NY Schools Reopen

NEW YORK (AP) — The city's 1.1 million public school children returned to their studies today after a prolonged and bitter teachers' strike that cost most youngsters seven weeks of classes.

Police headquarters said there were no reports of trouble as the school doors reopened.

UNLOADING BOOKS FROM SNYDER — These soldiers in Vietnam unload books contributed by Snyder residents. From left are 1st Sgt. Russel L. Allen of Woodbridge, Va., Capt. James P. Clemett of Ayer, Mass., commander, Sp. 4 Dennis Kennedy of Snyder and Sp. 4 William P. Newton of St. Louis, Mo. mail clerk. The books were sent following a request by Sp. 4 Kennedy who asked his home town folks to help his unit start its own library.

Residents Thanked For Sending Books

Snyder area residents have been thanked officially for contributions of books sent to servicemen in Vietnam.

Capt. James P. Clemett has written a letter expressing appreciation for the books. Various organizations and individuals here contributed books following a request from Sp. 4 Dennis Kennedy, a Snyder High School graduate who is serving under Capt. Clemett in the Army's Radio Research Communications Unit in Vietnam.

"On behalf of all the men in Radio Research Communications Unit, Vietnam, I wish to thank you for the books you have so graciously provided to our company," wrote Capt. Clemett. "They shall be a source of continuing entertainment for men stationed in Vietnam. Indeed, the pleasures here are few, the hours long and the work arduous. Your contributions will allow hours of relaxation for persons stationed here so far from home.

"The gesture on the part of the citizens of Scurry County, the library, the Veterans of Foreign Wars and the good people of Snyder, Texas, is truly commendable. And yet, in a way, it is typical of our American heitage that individuals will join together to assist others in times of need. Our history provides no greater example of this community spirit and charity than in the settlement of the great state of Texas. In these trying times, you Texans have again united, and in so doing have formed a bond with all the men here in Radio Research Communications Unit, Vietnam.

"Today, Vietnam is a frontier, the people here desire peace, freedom and the right to self-government as did our ancestors. So we are pioneers of a sort, working alongside other great nations in order to help humanity in its quest for the same independence that we enjoy in our country.

"We shall never forget Snyder, Texas, and the wonderful people who are so generous, understanding and kind. May God bless everyone of you and may He hear our prayer for the end of the war and freedom for the citizens of Vietnam."

Perennial Wheat Developed By Soviets

MOSCOW AP) — Russian scientists have developed a perennial wheat that yields several harvests from a single planting, a Soviet newspaper said today.

An article said the problem of creating perennial wheat has been solved in principle and "Constant forms of perennial wheat representing a new species have already been created."

The development was mentioned in a lengthy article on plant hybridization and research. It said the perennial wheat was developed by crossing wheat and couch grass.

The story said that work in wheat and rye hybrids gives hope that valuable varieties of winter wheat will soon be developed for Siberia.

US Dollar Constant

FRANKFURT Germany (AP) — The U.S. dollar remained at its lower mandatory intervention point of 3.97 Deutsche marks today as speculation on a revaluation of the mark continued, dealers reported.

The Deutsche Bundesbank, West Germany's central bank, said it would continue buying dollars at the lowest intervention point.

The pound sterling dropped to 9.459 Deutschemarks from Monday's closing at 9.462. This drop was also laid to revaluation speculation.

A leading money dealer said the situation was unchanged from Monday's when The Bundesbank absorbed an estimated $200 million and other currencies converted into Deutsche Marks in a late spurt of activity.

Italian Government Steps Down Today

ROME (AP) — Premier Giovanni Leone's minority government resigned today to clear the way for a new center-left majority coalition. Premier Giuseppe Saragat accepted the resignation but asked the 60-year-old premier to stay in office until a new cabinet is formed.

Leone had headed an all-Christian Democrat government since the Socialists withdrew from the previous center-left coalition after reverses in the general election last May. Now the Socialists have indicated they are ready to return to the partnership with the Christian Democrats and the small Republican party.

The government will still be led by the Christian Democrats, Italy's largest party ever since World War II, but they cannot form a majority without the Socialists. Christian Democratic party secretary Mariano Rumor and Treasury Minister Emilio Colombo are considered the leading contenders for the premiership.

Meanwhile, the second nationwide strike in six days slowed Italy down today.

The nation was in the grip of a 24-hour strike of government employes from the Alps to Sicily which paralyzed trains and communications and closed government offices and schools. The strikers demand better fringe benefits and reform of the government's career advancement system.

Last Thursday more than 10 million employes in private business and industry struck for 24 hours, seeking higher state pensions.

KY MAY LEAD DELEGATES

Saigon's Boycott Softening?

By DAVID MASON
Associated Press Writer

SAIGON (AP) — The South Vietnamese government appeared today to be moving slowly toward a decision to send a delegation to the Paris peace talks.

Some South Vietnamese sources close to the government indicated that the principle of sending a delegation had been decided. There was a "50-50 chance" it would be led by Vice President Nguyen Cao Ky, the sources said.

Lending support to suggestions there has been a softening in Saigon's boycott of the Paris talks was a statement by Premier Tran Van Huong in the resort city of Vung Tau Monday.

Huong said "presently the Republic of Vietnam does not yet plan to send any delegation to attend peace talks in Paris," the official Vietnam Press said. This was clearly milder than the previous flat refusal to join the talks unless the Viet Cong's National Liberation Front attended only as part of North Vietnam's delegation and not as a separate entity.

South Vietnamese and American officials continued in contact Tuesday in an effort to find an acceptable compromise formula.

Some officials said they expect a Saigon delegation to go to Paris after a firm-sounding government statement reiterating nonrecognition of the NLF and declaring that any remarks it makes at the Paris talks would be addressed only to Hanoi's bargaining team.

Huong said the Communists hoped the United States will become discouraged "in the realization of their commitment to safeguard South Vietnam" and that foreign public opinion will exert pressure on the South Vietnamese and U.S. governments to force them into coexistence with the Communists.

He said the Communists have prepared a "winter-spring plan" for new offensives which has three parts: 1. To force youths 16 to 31 to join the regular forces and men 32 to 50 to enlist in guerrilla forces: 2. to compel women to join combat and production units replacing men and to force each village to offer 10 children 10 to 13 years old for training in North Vietnam; and 3. to force the population to give half of their property in the form of loans to the Communists to continue the war.

EDCOUCH-ELSA BOYCOTT

Pupils Refused Readmission

By GARY GARRISON
Associated Press Writer

ELSA, Tex. (AP) — Boycotting Mexican-American pupils were ready today for an attempt to return to classes at Edcouch-Elsa High School.

The pupils presented a list of demands to the school board Monday night. They were told they could not reenter classes until they have met individually with the school board to tell why they should not be expelled for the remainder of the semester for violating school regulations.

School board members listened to the demands, presented explanations in reply to the allegations and then voted to suspend the pupils temporarily until they meet with the board.

These individual meetings were to start today, officials said.

Supt. A. W. Bell recommended temporary suspensions for the 149 pupils who have boycotted classes for three days.

One board member, Israel Montoya, abstained from voting. He is one of two Mexican-Americans on the six-member board. Bell denied an allegation by the pupils that faculty members have been guilty of "blatant discrimination" against Mexican-American pupils. He said, however, "there may be some isolated cases."

"If we do have them, I want to know about it," Bell added.

The board took no action on a proposal that the school set up a special committee to look into the demands. McAllen lawyer Bob Sanchez, who represented the pupils, said the proposed committee would be composed of six teachers, six pupils and six parents.

Sanchez told the board he is not an "outside agitator" and said the pupils "are interested only in an education."

"They want the slate wiped clean—these kids want to come back to school tomorrow," Sanchez said.

One allegation by the militant pupils was that teachers have used profane and abusive language against the pupils. Sanchez said he has numerous affidavits from pupils to back up this charge.

"Some of the teachers here think they are teaching a bunch of animals," Sanchez said. "Mexican-Americans are not animals."

By ABIGAIL VAN BUREN

DEAR ABBY: There is a woman in this neighborhood who is getting on all our nerves. She's a widow in her late fifties, and she is all the time asking our husbands to do things for her. She is well off enough to hire things done, but she seems to prefer calling husbands. It can be anything from starting her car to getting her cat off the roof.

My husband is 62, but he still has a roving eye, so yesterday when this widow called him to get her cat off her roof, he just about split himself getting his ladder and going down there. He must have been gone an hour.

When he came back, I asked him what took him so long and he said, "She invited me in for coffee." Abby, do you think they were drinking coffee all that time?

SUSPICIOUS

DEAR SUSPICIOUS: He's your husband, Lady. Could he get a cat off the roof, drink a cup of coffee, and justify your suspicions in one hour?

• • •

DEAR ABBY: Is there any such thing as a haunted house? My father left this house to me, and its been standing empty for nearly 10 years because people says it's haunted and nobody wants to live in it.

Maybe if you say in your column that it's just a lot of talk it will do some good. It's a good house and it's not falling down or anything.

HAVING TROUBLE

DEAR HAVING: There is no such thing as a haunted house, but my merely making that statement won't help. Fix the place up, and give it a news look, otherwise you won't stand a ghost of a chance of selling it.

• • •

DEAR ABBY: I would be very grateful for any advise you or any of your readers could give me.

I have a wonderful husband and two lovely children. My problem is with my daughter, age 8.

She is now in the second grade and has always liked school, until the last month or so. Since then she has said that her friends didn't "like" her any more.

Every day it's the same story: She gets up complaining that she's "sick" and wants to stay home. Then when I make her ready for school she cries and says she doesn't want to go because nobody "likes" her.

Abby, it breaks my heart to send a child to school crying, but what can I do? I try to reassure her, but it does no good. By the time she's out of sight I'm in tears, too.

Is there something I should do? Or should I let it go?

UPSET MOTHER

DEAR MOTHER: When a child suddenly feels friendless, disliked, and unwanted at school, there is a reason. Make it your business to find out why. Spend as much time with your daughter as possible in order to make her feel comfortable with you, and without prying give her every opportunity to confide in you. If she doesn't reveal her problem, consult with her teacher. Perhaps she will have a clue. If that fails, and your daughter continues to dread school, seek professional help. But don't let it go.

• • •

CONFIDENTIAL TO L. L. OF PHILLY: Yes, sex is "natural." But so is eating. And civilized people control their appetites. They don't walk into a bakery and grab everything that looks good to them.

• • •

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope.

FOR ABBY'S BOOKLET "HOW TO HAVE A LOVELY WEDDING," SEND $1.00 TO ABBY, BOX 69700, LOS ANGELES, CAL., 90069.

Chromosome Tests For R. Speck

CHICAGO (AP) — Attorney Gerald W. Getty confirmed Sunday that convicted slayer Richard Speck has undergone tests to determine whether he possesses a chromosome abnormality which some scientists believe is the cause of criminal action in some persons. Getty declined to reveal the results.

Getty is the public defender appealing the conviction in 1967 of Speck for the murder of eight student nurses two years ago in a South Side townhouse. Speck was sentenced to die in the electric chair.

Getty said he would release the results of the tests after a decision is made by the Illinois Supreme Court on the appeal, which was argued Sept. 25. All death sentences are automatically appealed under Illinois law.

He said that he would not use the results in the present appeal, but left open the possibility of their use in any future appeal. He said he could ask that Speck be committed to a mental institution instead of executed.

Normal chromosome make-up is 23 pairs or 46 chromosomes. One chromosome from each pair comes from the mother and the other from the father. This combination determines a person's physical characteristics.

The genetic defect being looked for in Speck is known as the XYY syndrome, in which there is an extra chromosome, or 47.

The normal make-up in women is two X chromosomes. Men have both an X and Y chromosome, with the Y chromosome dominant.

In the XYY make-up, two Y chromosomes occur where there should be only one.

Some geneticists claim that since males are somewhat more aggressive than females, a double does of the Y chromosome might make a person abnormally aggressive.

Newsmen May Watch Sirhan Trial On TV

LOS ANGELES (AP) — Unless the defense or prosecution objects, closed circuit television will be used to accommodate an overflow crowd of newsmen at the trial of Sirhan Bishara Sirhan on charges of slaying Sen. Robert F. Kennedy.

Judge Herbert V. Walker of Superior Court, who will preside at the trial, made the disclosure Monday. He said he will hold a hearing, probably next week, to see if there are any objections.

The defense, at the same hearing, is expected to ask another postponement. The trial now is scheduled to start Dec. 9.

Sirhan, under heavy guard since Kennedy's assassination just after proclaiming victory in California's June presidential primary, is to be tried in Courtroom 107. This was chosen so Sirhan, a Jordanian, can be taken from his 13th floor jail cell without being escorted through any public section of the building.

Workmen have installed steel plates over the windows. The courtroom seats only 75, and Judge Walker said there have been more than 900 requests from "responsible news media" for the 35 seats available for newsmen.

The closed-circuit TV camera would be concealed in a fake airconditioning box. Its view would take in everything but the jury. The camera would be the automatic type used in commercial surveillance. Sight and sound would be piped to a room with seats for about 80 accredited newsmen. The general public would not see the closed-circuit showing.

Digest Editor Dies

NEW YORK (AP) — Helen Hughes Richards, 84, a roving editor of the Reader's Digest and a former industrial designer, died Monday after a long illness. As Helen Hughes Dulany, she was well known as an industrial designer for some of the country's leading business firms.

Viet Veteran Killed

SANTA MONICA, Calif. (AP) — A young Vietnam war veteran trying to fight off a woman robber with a broom handle was shot to death Monday in a supermarket where he worked, police said. They said the woman, armed with a .22-caliber pistol, fled without any money.

VISIT LIBRARY — Children of Merritt's Happy Day School, 2705 Avenue V, visited the Scurry County Public Library this morning, accompanied by adult sponsors. The occasion for the visit is National Book Week (Nov. 17-23).

Balance Seen In Livstock Feed Supply

WASHINGTON (AP) — Agriculture Department analysts have estimated livestock feed grain supply and demand will almost balance for the 1968-69 marketing year.

The analysts said Monday they expect 1968-69 use of corn, sorghum, oats and barley to be close to this year's production of 171 million tons.

That would be an increase of 4 to 5 per cent over use this year and cast a new light on the department's pending decision whether to withdraw more acreage from production.

The experts said little change is expected in the carryover of the feed grains a year from now. Surplus stocks this fall were estimated at 48 millions tons, up 11 million from 1967, Monday's announcement said.

The department has been considering withdrawing a great deal of land from production in 1969 because of increased feed supplies and rising stockpiles.

But Monday's forecast could have an important effect on what is decided about the 1969 feed grain program for farmers.

There was no indication after Monday's report when the 1969 feed grains program would be announced. Some sources suggested that department officials still might delay it until sometime next month, after further 1968 crop production figures are available.

Soldier Dies In Vietnam

The son of a former resident of Hermleigh has been killed by enemy gunfire in Vietnam, it has been learned here.

Cpl. Johnny Mac Anderson, 19, of Amarillo, was killed in action on Nov. 10.

His father, Powers Anderson, was a 1937 graduate of Hermleigh High School, and his grandparents, Mr. and Mrs. W. W. Anderson, were residents of Scurry County for more than 10 years.

Korea Plant Planned

MIDLAND, Mich. (AP) — Dow Chemical Co. and Chungju Fertilizer, owned by the Republic of Korea, reported Monday they have reached agreement on a joint venture in Korea. The new plants, planned near Ulsan on the southeast coast of Korea as part of a $100 million petrochemical complex, will initially manufacture vinyl chlorida monomer and polyethylene with technology provided by Dow.

Plea Is Entered

Irsula Martin pleaded guilty in county court yesterday to a charge of driving while intoxicated and received a $100 fine and court costs plus a 3-day jail term. She was apprehended Sunday by Highway Patrolmen.

CATFISH — For special occasions or on your own special day, why not celebrate with catfish on your menu? Either fancy or plain, catfish are just plain great!

American Tradition

America's food heritage speaks richly of the firm-fleshed delicately flavored catfish. Folklore abounds with tales of these creatures. Not only do several celebrities in the sports field answer to "Catfish," but numerous small boys proudly bear this tag. There are many local named for these fish that have graced the tables of nobility, figured in the election of statesmen, and provided substance for explorers, pioneers, and American Indians.

CRISPY CATFISH

6 skinned, pan-dressed catfish or other fish, fresh or frozen
½ cup evaporated milk
1 tablespoon salt
Dash pepper
1 cup flour
½ cup yellow cornmeal
2 teaspoons paprika
12 slices bacon

Thaw frozen fish. Clean, wash and dry fish. Combine milk, salt, and pepper. Combine flour, cornmeal, and paprika. Dip fish in milk mixture and roll in flour mixture. Fry bacon in a heavy pan until crisp. Remove bacon, reserving fat for frying. Drain bacon on absorbent paper. Fry fish in hot fat for 4 minutes. Turn carefully flakes easily when tested with a fork. Drain on absorbent paper. Serve with bacon. Serves 6.

Men Like To Cook

Men's interest in cooking has stimulated women to become better cooks. All over the country increased enrollment of men and women in schools and classes of cookery is reported.

That men are taking a direct route to the kitchens is verified by the fact that the Championship has grown from a handful of entries in 1961 to over 425,000 last year. One of the top five hobbies listed for men, cooking has been taken up by them for "art and relaxation." They take to cooking with seriousness and gusto. Initially interested in finding a creative outlet for their energy, many men have found expanded horizons for their abilities and many have time and again been able to meet household demands or emergencies with complete assurance and aplomb.

For instance, here's a prize-winning recipe.

Lamb Shanks Supreme
(serves 8-10)

6 Lamb Shanks
2 Cups Potato Chip meal (made by crushing 1-12 oz. bag of Potato Chips with a rolling pin)
½ Teaspoon Rosemary crumbled
Fresh ground black pepper to taste
½ Cup salad oil
Cup Chopped Chives or scallion tops
½ Cup finely chopped celery
½ Cup finely chopped carrots
1 Large clove of garlic chopped (not pressed)
Cup red wine (or tomato juice)
Cup beef or chicken broth (or water)
Milk for dipping

Mix Potato-chip meal with Rosemary and pepper. Wet lamb shanks on all sides with milk and roll in the dry mixture coat thoroughly.

Put oil in Dutch Oven or casserole and heat slowly with garlic, celery, carrots and chives, add lamb shanks turning and browning on all sides. Then add fluids (broth & wine) and bake covered at 350 degrees for 1 hour.

To serve remove shanks from casserole and place on warm platter.

Thicken sauce with an additional half cup of potato chip meal and pour over meat. Serve with fried or broiled Tomatoes dipped in same mixture. Add ¼ orange for each serving if desired (a delightful complementary flavor).

Alpha Study Club guest luncheon and book review. Mrs. Ben Thorpe hostess.

SUNDAY

Duplicate bridge at Snyder Country Club, 1:30 p.m. Open.

Carries Fortune Between His Toes

BOSTON (AP) — Police arrested a man with three $10,000 bills between his toes and charged him with receiving stolen property.

Howard Skar, 21, of Boston, was arrested Monday after police received a tip.

Police said the money was part of $67,000 stolen from a car belonging to Scott Ferguson of Boston and Denver. Ferguson, a stockbroker, told police he acquired the cash by liquidating some stock before driving to Boston from Colorado.

Long Pants California's New Fashion

By LINDA DEUTSCH
Associated Press Writer

LOS ANGELES (AP) — In the year of the minidress and bikini, California sportswear designers have launched a counterattack of long pants, long tunics, and long beach pajamas.

The pants, which opened the spring showings of the California fashion creators are flared and feminine, flopping around the ankles.

But the vests, another borrowed bonanza from men's wear, are as tailored as can be.

In a daylong show of sportswear, nary a skirt was seen. Alex Colman was the only designer to touch the basic shift at all. His were bright bold floral prints native to California.

The fabrics this year are active, washable arnells and polyesters. The colors are the American combo of red white and blue, and splashing prints in brown, black and white. Pastels are still a perennial favorite.

Whitestag has added to its classic line the new fashion concept of wide legs and tunic tops. Tunics often zip closed and have belts. And vests make a plain pair of pants into a suit.

Though pants are total, the fitted skin peeks out in the returning midriff blouse. Whitestag shows it in knit and Charm of Hollywood puts it over sheer voile bell-bottom pants called 'See Legs" which are almost transparent.

Golf dresses, tennis dresses, wrapped front pants, disguised a skirt all point to the fact that California sports wear is more casual than ever.

"Our customers are having more time to play," said Alex Colman, "so we're giving them something to play in."

If you want that oven-fried chicken to be on the crisp side, try baking it in a hot (425 degrees) oven.

FIRST ORDER OF BUSINESS!

Business Taking New Role In Field Of Social Progress

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — Early in the 1960s the most frequent topic in executive speeches was business-government relations. Today just as clearly, the subject is the social responsibilities of business.

Although not an infallible guide, executive speeches by their nature do tend to reveal what businessmen consider most pressing or disturbing or most worthwhile.

The first topic resulted from business anger at what it considered to be interference by the Kennedy administration in the market place, specifically in the pricing of goods, an area which business felt to be its own alone.

The remarks were consistent: government and business should not intrude into each other's areas. Each had its role, and if they were to play these roles effectively they had best keep out of each other's sandbox.

The second topic shows how much business' attitude has changed in these few years, for in concerning itself with social progress, business is taking on a role that customarily has been handled by government.

Among the projects: restoring the core cities, improving education, reducing water-air-sound pollution, training dropouts —all areas of endeavor by corporations with a growing social awareness.

Although some of the problems are indeed business-created, seldom in the past has business on a large scale attempted to seek solutions, for that was considered the job of government.

Broadly speaking, there are two categories in which business is participating:

—First, as a corporate citizen concerned with the environment in which business exists and resolved to do something about it, even if it cuts into profits temporarily.

The insurance industry has pledged $1 billion toward the rehabilitation of core cities, for example, not unaware that if it doesn't improve its own neighborhoods it eventually will fail to obtain the clerks and secretaries it needs.

Just a few years ago many companies risked irritating stockholders by involving themselves. A reliable poll now shows 65 per cent of stockholders feel corporations should participate in the war on poverty.

Surprising to some companies, unexpected profits sometimes do result from activities in the social area. One company after another expresses surprise today at how training programs for dropouts are easing their labor shortage.

—Secondly, in search of profits. Perhaps belatedly, business has learned that there is money to be made in pollution control, in education, in slum rehabilitation.

The discovery, although new to most businessmen, was foreseen years ago by David Lilienthal, former chairman of both the Tennessee Valley Authority and the Atomic Energy Commission.

Lilienthal founded and now heads a private concer, Development and Resources Corp., that has been making healthy profits in areas once thought to be the sole responsibility of government.

Junior Editors Quiz on MOSQUITOES

QUESTION: *Where do mosquitoes spend the winter?*

* * * *

ANSWER: Our upper picture shows the mosquito's life cycle. Although there are different kinds, all lay their eggs in or near water, perhaps the edge of a swamp, or in any water-filled receptacle, like a tin can. Eggs of the culex mosquito we show are laid in floating rafts, the tiny larvae or wrigglers emerging very shortly. These turn to pupae and from these the adults come out, perhaps 8 or 9 days after hatching. Certain kinds may produce a complete generation every two or three weeks. The winter is passed differently by different kinds. Some crawl into cracks and hibernate like many other animals. Others pass the winter in the egg state. One kind gets frozen in the leaves of the pitcher plant and resumes its growth again in the spring. Our illustration points up an odd fact: it is only the females which bite human beings. The mosquito labelled "a bad kind" is anopheles, which can carry yellow fever. These only live in tropical or subtropical regions. They can be told by the queer way in which they stand. They have been exterminated from some areas, like the Panama Canal Zone.

11-19

(Theresa Soltis of New Britain, Conn., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Bulletins From Boyle's Mailbag

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

American women haven't lost all their old-fashioned skills. Some 41 million still enjoy sewing at home, and they use $800 million worth of fabrics a year.

What will Lyndon Johnson do after he leaves office? George Washington and Andrew Jackson became farmers. Three remained in public office—John Quincy Adams as a congressman, Andrew Johnson as U.S. senator, William Howard Taft as U.S. chief justice. Most others simply retired or turned to writing of the practice of law. Most unusual was Rutherford B. Hayes—he became a philanthropist.

Tip to autumn motorists: Beware of speeding on fallen leaves. When frost forms under them, they can be as slippery as glare ice.

Many people are afraid to ride in airplanes, but a few still also are afraid to travel by railroad. They suffer from siderodromophobia, the fear of trains.

The pill may be only the first of new ways to reduce the birth rate. A Boston physiologist, Dr. Melvin M. Ketchel, predicts that within five to 15 years methods will be found to control chemically the fertility of entire populations. For example: the chemical could be put in a public water supply—but how soon would the voters approve of that?

Quotable notables: "Every woman should have three husbands. I want you to know there's not one rich man in this country I could not have married sooner or later."—Zsa Zsa Gabor.

Complicated: The command area of the Apollo spacecraft has about 15 miles of wiring—enough for 50 ordinary homes—but it uses only 2,000 watts of power, less than a housewife employs to bake a cake in a modern electric stove.

Tidbits about names in the news: Johnny Carson, television star, has eight color sets and 16 telephones in his duplex apartment—and fur rugs, no less. For $150 you can have dinner in the British mansion of the Duke and Dutchess of Bedford and sleep overnight. Herbert Kastle, author of the sizling novel, "The Movie Maker," is a dedicated distance runner—likes to jog up to 10 miles daily.

Civilization yet may turn into a dump heap. In 1940 you probably had to throw only about two pounds of rubbish a day from your home; now the figure is up to four or five pounds. The daily output of U.S. garbage today, says the National Geographic, would fill a freight train stretching almost from Boston to New York.

Worth remembering: "Frustration is when a girl puts her bra on backwards—and it fits!"

Pumping problem: Because of its long neck, the giraffe has a blood pressure of about 360mm—three times that of the average man. You'd have high blood pressure, too, if your head was seven feet below your heart when you bent over for a drink and 12 feet above it when you reached up to nip food off a tree.

It was Benjamin Franklin who observed, "The way to be safe is never to be secure."

Texas Aggies Favor Engineering Courses

COLLEGE STATION, Tex. (AP) — More Aggies are studying engineering than any other subject, contrary to their nickname.

Statistics released by Registrar H. L. Heaton indicate 32.2 per cent of Texas A&M University's record 13,801 students—approximately one of every three—in majoring in some form of engineering.

Agriculture moved into second place this fall when business administration was separated from liberal arts. Heaton said agriculture accounts for 18.7 per cent of total enrollment; liberal arts, 15.3 per cent, and business administration, 11.9 per cent.

Grapeland 21 vs. Rosebud 22 at 8 p.m. Friday in alestine.

Groesbeck 22 vs. Lexington 24 at Cameron 7:30 p.m. Friday.

Barbers Hill 25 vs. Magnolia at Humble 26 8 p.m. Friday.

Weimar 27 vs. Tidehaven 28 at Wharton Friday 7:30 p.m.

Dilley 29 vs. Johnson City 30 at Medina Valley 8 p.m. Friday.

Poth 31 vs. Agua Dulce 32 at Karnes City Friday 8 p.m.

Mustangs Best Distance Runners

WACO, Tex. (AP) — The SMU Mustangs unseated the University of Texas as the Southwest Conference cross country champion in the annual meet Monday.

SMU raced to its first SWC cross country title, scoring 34 points to 60 for second place Texas for the team crown.

Defending individual champion Brian Woolsey of Texas won again with a 14:12.3 clocking for the three mile race. SMU's LeRoy Storbeck led the Mustangs with a 14:30.0 time for second place.

Other team point totals included Rice 94; Arkansas 119; TCU 124; Baylor 127; Texas A&M 152; and Texas Tech 167.

Meredith Optimistic

DALLAS, Tex. (AP) — The Dallas Cowboys gave an optimistic report on the condition of injured quarterback Don Meredith Monday and listed the veteran pro as a probable starter in Sunday's National Football League game against Chicgo.

A Cowboy spokesman said Meredith, who reinjured his left knee in a 44-24 victory over Washington last Sunday, is expected to start throwing again Wednesday.

Tight end Pettis Norman received a bruised heel against the Redskins but he's also expected to be ready by Sunday.

Famed Botanist Dies

SANTA MONICA, Calif. (AP) — Dr. Carl Epling, 74, professor emeritus of botany at the University of California at Los Angeles and a world authority on mint plants, died Sunday, apparently of a heart attack. He retired in 1965 but had continued in research work.

SPORTS

Estacado Holds No. 4 Position

BY THE ASSOCIATED PRESS

Texas' four top-ranked schoolboy football powers went unscathed as minor shakeups marked the final Dallas Morning News poll of the season.

Dallas South Oak Cliff, Henderson, Iowa Park and Poth retained No. 1 rankings in the four classifications. All of the leaders but Henderson have clinched district titles and enter bidistrict play this weekend.

Henderson has won its zone championship but still must defeat Mount Pleasant this week for the district crown.

South Oak Cliff, unbeaten in 10 games, held the top Class AAAA spot. Henderson is No. 1 in Class AAA, Iowa Park in Class AA and Poth in Class A.

Odessa Permian, which has bobbed in and out of the rankings, brought about the only change in Class AAAA. The Panthers moved into the No. 10 spot, replacing Corpus Christi Miller.

Lancaster whipped Ennis, ranked No. 5 in Class AAA, last week and moved into the No. 10 position. Ennis fell from the top 10 along with Mission and Sweetwater as Wichita Falls and Kermit took up the slack.

Crockett dropped out of the top 10 in Class AA and was replaced by Kaufman as the No. 10 team.

Groesbeck and Three Rivers were Class A casualties. Their places were filled by Clifton and Ranger.

Pony Guard Comes Up Lame

DALLAS, Tex. (AP) — The SMU Mustangs may face the Baylor Bears Saturday without the services of starting offensive guard Keith Cupples.

Cupples received a concussion in the Ponies' 35-29 loss to Arkansas Saturday and is listed as a doubtful starter by SMU officials.

Defensive safety Jimmy Livingston and halfback Mike Richardson received hand injuries in the game but both are expected to be ready by Saturday.

Tiger Boosters Meet Tonight

The Tiger Booster Club will meet at 7:30 p.m. today in the high school cafeteria to hear scouting reports on Lamesa, Friday night's opponent of the varsity football team.

Members also will hear reports from the various coaches concerning their teams and see films of last week's game at Brownfield.

Vonnie Black, club president, urged everyone to attend.

Golf Accord Shaping Up

DAYTON, Ohio (AP) — The two warring factions representing professional golfers guaranteed Monday that they will not let their differences threaten the success of next summer's Professional Golfers Asociation championhip tournament.

A spokesman for the American Profesional Golfers in New York dismissed the possibility of a boycott of the tourney by APG member. "We never had that intention in mind," he said.

"The PGA championship will be played in 1969," said PGA President Leo Fraser following a meeting here with officials of the Dayton Area Chamber of Commerce, which is sponsor of the tournament, and the tournament committee.

Fraser said the players have indicated publicly that they would be in the tournament because the contract for the event was effected before formation of the APG.

Virtually all the well-known touring pros are included in the APG membership.

The Dayton Chamber of Commerce had threatened to cancel the championship tourney—one of the big three on the U.S. tour—unless the APG and PGA would guarantee a top field of players here for the Aug. 14-17 event at the National Cash Register Country Club.

Thundering Longhorns Rap Records

BY THE ASSOCIATED PRESS

Two more Southwest Conference football records were trampled under a thundering stampede by the Texas Longhorns in last Saturday's 47-24 humiliation of Texas Christian.

With one game still remaining, the Longhorns have established season conference and school records for total offense, 4,085 yards, and rushing, 3,091 yards.

Texas has scored 231 points, also a record. Its per game average is 38.5 points, ahead of the 1943 Longhorn team which had a 37.0 average.

Texas' Chris Gilbert was limited to 60 yards against TCU but still passed another milestone in his three seasons of gaining yards. Gilbert's total put him over the 1,000 yards mark for the third straight year.

He also improved on his career rushing mark. Gilbert now has 3,146 rushing, sixth among all-time collegiate runners.

Texas A&M's Edd Hargett meanwhile improved on a whole flock of records already in his possession.

Hargett's records include most pass completions, 381; most yards passing, 3,146; total offense yardage, 5,258; most pass attempts 776; and most total plays, 1,037.

Hargett's completion total iis fourth best nationally among alltime passers. The yardage figure is third best and the total offense is sixth nationally.

Leads in scoring and punting were the only individual categories to change hands from a week ago.

Arkansas' Bill Burnett scored three touchdowns against Southern Methodist to overtake Gilbert by two points 78 to 76. Punter Mike Hall, of TCU, out for the season with an injury, nonetheless moved into the lead when Baylor soph Ed Marshal slipped to 40.9.

Texas retained its total offense lead with a 453.9 yards per game average. Texas Tech, despite a 42-28 loss to Baylor, kept its total defense lead of 315.0 yards per game.

Jr. College Co-Champions

BY THE ASSOCIATED PRESS

Henderson County and Kilgore scored impressive victories last weekend to emerge as co-champions of the Texas Junior College Football Federation, each with 6-1 league records.

Breakaway sprints by John White helped Henderson County roll to a 20-7 victory over Navarro. Kilgore defeated Tyler 10-7 on a 79-yard punt return by Dralves Edwards.

In other games last week, Blinn smacked Wharton 48-7 and Ranger nipped Cisco 23-21 for its first victory of the season.

Only one game is slated this week. Cisco travels to Denton for a non-conference duel with the North Texas frosh.

Walter Wanger Dies

NEW YORK (AP) — Walter Wanger, 74, film producer whose career spanned the golden age of Hollywood, died in his sleep Monday. He had suffered from heart trouble. One of his last assignments was in the production of "Cleopatra."

TV Grid Fare Looks Tasty

By MIKE BRYSON
Associated Press Sports Writer

A warning to all wives: If you're contemplating any activity that will force your football-loving husband to leave the boob tube on New Year's Day, you might as well forget it now.

The sponsors of that annual first-of-the-year madness—the college bowl games—have lined up some highly palitable fare for a day-long football feast.

Under an NCAA rule, Monday was the first official day bowl sponsors could issue invitations—and berths for the Orange, Sugar, Cotton, Gator, Bluebonnet and Sun Bowls were filled in rapid-fire order. — Unbeaten Penn State and once-beaten Kansas, both boasting crunching ground attacks, were paired in Miami's nighttime Orange Bowl, while the Cotton and Sugar bowls lined up matches between the top two powers in the Southeastern and Southwest conferences.

The Cotton Bowl at Dallas picked eighth-ranked Tennessee to meet the undetermined champion of the Southwest Conference, either Texas or Arkansas.

The Sugar Bowl at New Orleans pulled a coup and lured Southeastern Conference champ Georgia from the Orange Bowl.

Officials said they wouldn't name a foe until after Thanksgiving Day, indicating they were awaiting the outcome of Texas' last game against Texas A&M, which will determine the final Southwest standings.

If Arkansas should beat Texas Tech this week and Texas stops the Aggie, then Texas would get the bid since the Longhorns whipped Arkansas during the regular season.

Arkansas will get the nod if it wins and Texas loses, and if both leaders loses it will throw the race into confusion, producing a broad range of alternatives.

Top-ranked Southern California, 8-0, already has clinched a trip to the granddaddy of the New Year's classics—the Rose Bowl at Pasadena, Calif.—by winning the Pacific 8 title.

The Trojans will face the Big Ten champions to be decided in a big showdown this weekend between second-ranked and unbeaten Ohio State and No. 4 and once-beaten Michigan.

Oklahoma, 5-3, which still has an outside chance of sharing the Big Eight title, and Southern Methodist, 6-3, were matched in the Bluebonnet Bowl to be played New Year's Eve in the Houston Astrodome.

Missouri, 7-2, accepted an invitation to the Gator Bowl at Jacksonville, Fla., Dec. 28 against a foe to be named in a few days. Alabama, 7-2, is considered the likely choice for the other berth, although Wyoming, Florida State and Arizona State also are under consideration.

Auburn, 6-3, was picked to play in the Sun Bowl at El Paso, Tex., Dec. 28. An opponent from a field including Nebraska, Air Force, Wyoming, Arizona and Arizona State will be named soon.

Sponsors of the Liberty Bowl have temporarily put off selecting teams for the Dec. 14 game at Memphis, Tenn. The top candidates are Louisiana State, 6-3, Mississippi, 6-3, and Florida State, 6-2.

Colonels Cut Into Lead

BY THE ASSOCIATED PRESS

Thanks to a 53-point outburst by Darel Carrier and a late rally that didn't quite come off, surging Kentucky has whittled Minnesota's lead to 1½ games in the American Basketball Association's Eastern Division.

Carrier turned in the league's highest production this season in powering the Colonels to a 120-119 conquest of Miami Monday night.

Houston turned back New Orleans 99-88 in the night's only other game. All of the National Basketball Association teams were idle.

Carrier, who hit 14 of 14 from the free throw line, drilled in nine of 29 from the field on two-point shots and canned seven of 12 three-point attempts.

Les Hunter scored 26 points for the Floridians.

Willie Somerset's 38 points guided Houston to its first victory over New Orleans in 12 meetings in a game at Monroe, La. It was the Buccaneers' third straight loss.

New Orleans held a 71-66 lead with less than 10 minutes to play, but Somerset fired a rally in which the Mavericks outscored the Bucs 35-22 to take control.

James Jones scored 35 for the Bucs, and in the process set a league record for consecutive free throws, connecting on his first eight for 35 in a row over the last seven games, before missing.

Attack Fatal To Actor

HOLLYWOOD, Calif. (AP) — An apparent heart seizure caused the death Monday of actor Roger Barrett, 47, who married actress Jane Russell less than three months ago.

Miss Russell, 47, and Barrett returned jut last week from a four-week honeymoon and, for her, a performance tour of English night clubs.

Miss Russell was divorced last July from Bob Waterfield, the former pro football star, after 25 years of marriage.

Barrett complained of intense pain about 7:30 a.m. and Miss Russell ran to a sister-in-law's nearby home for help. When she returned, Barrett apparently was dead. The crew of a fire department rescue ambulance listed the possible cause of death as a heart attack.

Trojans Seek National Crown

By DICK COUCH
Associated Press Sports Writer

Southern California's come-from-behind victory over Oregon State in last Saturday's Pacific Coast showdown has bolstered the top-ranked Trojans' bid for the national college football championship.

The unbeaten Trojans, who nailed the host spot in the Rose Bowl by trimming Oregon State 17-13 with a second half comeback, received 27 of 37 votes cast today in the weekly Associated Pres poll of sports writers and broadcasters.

Ohio State, which downed Iowa 33-27 to match Southern Cal's 8-0 record, held the runner-up spot, picking up seven first place ballots, but slipped farther behind the Trojans in points, 704-636. The leaders had a 44-point margin over the Buckeyes last week.

Penn State, 8-0, Michigan, 8-1 and Georgia, 7-0-2, remained third fourth and fifth, with the Nittany Lions receiving two firsts and the Bulldogs one following impressive triumphs. Penn State trampled Maryland 57-13 and Georgia stopped Auburn 17-3.

Michigan, which meets Ohio State Saturday for the Big Ten Conference championship, whipped Wisconsin 34-9.

Texas, 7-1-1 following a 47-21 romp over Texas Christian, jumped from eighth to sixth place while Missouri, No. 6 before bowing to Oklahoma 28-14, fell to 13th.

Kansas held the No. 7 spot, with Tennessee moving up from 11th to eighth, Arkansas climbing one notch to ninth and Notre Dame, No. 9 a week ago, slipping to No. 10. The Jayhawks topped Kansas State 38-29, Tennessee mauled Mississippi 31-0, Arkansas outscored Southern Methodist 35-29 and the Irish flattened Georgia Tech 34-6.

Houston claimed the 11th spot following a 77-3 rout of Idaho. Purdue, Missouri, Oklahoma, Alabama, Oregon State, Ohio University, California Auburn and Wyoming completed the Top Twenty.

The Top 20, with first-place votes, records and total points. Points awarded for first 15 picks on basis of 20-18-16-14-12-10-9-8 etc.:

1. South Calif. (27)	8-0	704
2. Ohio State (7)	8-0	636
3. Penn State (2)	8-0	571
4. Michigan	8-1	545
5. Georgia (1)	7-0-2	530
6. Texas	7-1-1	359
7. Kansas	8-1	330
8. Tennessee	6-1-1	256
9. Arkansas	8-1	236
10. Notre Dame	7-2	205
11. Houston	5-12	120
12. Pudue	7-1	118
13. Missouri	7-2	110
14. Oklahoma	5-3	92
15. Alabama	7-2	65
16. Oregon State	6-3	56
17. Ohio University	9-0	41
18. California	6-2-1	26
19. Auburn	6-3	23
20. Wyoming	7-2	16

Why Let Tension Make You Ill And Rob You Of Precious Sleep!

Do everyday tensions often build up to the point where you find it hard to do your work? Where you have difficulty getting along with your friends . . . frequently "take it out" on your family . . . even feel ready to explode? It's true! Tension can actually make you ill.

Don't let this happen. First see what B.T. Tablets can do for you. B.T. is so safe that you don't need a doctor's prescription. Yet each tablet contains tested ingredients that help you relax during he day—help you to get the restful sleep you need at night. Try this trusted way to more peaceful living. Ask your druggist for B.T. Tablets—and relax!

INTRODUCTORY OFFER WORTH $1.50

Cut out this ad—take to store listed. Purchase one pack of B.T. Tabs and receive one pack free.

GIBSON'S DISCOUNT PHARMACY
Big Spring Hwy. 573-7402

Your first thought is that Chevy is a good looking pickup . . .

½-ton Fleetside pickup

Here are some second thoughts:

work truck

We could add hobby hauler to the list. Chevy trucks are great for rock hounding. Collecting antiques. Etcetera.

The point is: They're as versatile as anything on the road. Or off. Especially, four-wheel drive versions. They go anywhere.

playmate

Wherever you go, you go in style. Sleek front end features a new aluminum grille. In back, there's a new 8½-ft. box on some models. Great for big campers.

Great under the hood, too. Six or V8. Standard on V8 models is a big 307 cubic-incher.

second car

Under the rugged chassis, coil springs take care of bumps. Inside, thick foam seats take care of you.

There's a lot more. And more you can order. Like: power steering and air conditioning. See your Chevrolet dealer for all the facts and the good word on low price.

camper

Oil-Auto Woes Outlined By Ford

By MAX B. SKELTON

CHICAGO (AP)—Henry Ford II said today the public is becoming impatient with the slow progress the automobile industries are making toward solving common problems.

"It is increasingly apparent our efforts are lagging behind public expectations," Ford said.

The Ford Motor Co. board chairman said the rapid growth in the use of motor vehicles fueled and lubricated by petroleum products has had a wide series of unfortunate side effects. He said they include traffic congestion, traffic accidents, air pollution, parking problems, overtaxed facilities for vehicle service and repair, and the disruption of cities by highway construction projects.

Ford was unable to attend a general session of the 48th meeting of the American Petroleum Institute but his prepared remarks were read by Theodore H. Mecke Jr., a Ford vice president.

"Both as citizens and as customers, the public is becoming more and more impatient with the frustrations associated with growing reliance on your products and ours to meet most transportation needs," Ford said.

Ford said the petroleum and automotive industries now are cooperating on multimillion dollar projects to combat air pollution from motor vehicle emissions, but he said such joint efforts should have been started much earlier.

"If we had, we might have voided some of the current public skepticism over our willingness and ability to make petroleum - burning vehicles compatible with the public interest in clean air," he said.

Directors of the institute that represents all segments of the domestic petroleum industry appropriated $3 million Monday for 1969 air and water conservation research projects. Two - thirds of the amount was earmarked for automotive emission projects of the Coordinating Research Council which early this year began a $10 - million, three - year program sponsored by the institute, the Automobile Manufacturers Association, and the new National Air Pollution Control Administration.

Ford, six oil companies and four foreign motor vehicle manufacturers also are sponsoring a three-year emission control project known as the Inter-Industry Emission Control Program. The first car incorporating some of the concepts developed by this group was to be displayed here today.

Ford said the public's impatience with the automotive industry's vehicle service and repair problems results in part from a severe shortage of automotive mechanics.

He said a joint industry attack should be made on the problem but that vehicle manufacturers meanwhile must meet the immediate need for additional mechanics by stepping up their own training programs.

GET BRIEFING — Curtis Perryman, a firearms expert with the FBI, lectures area and local police officers on the relative merits of various hand guns used by law enforcement agencies. Chief of Police Stephen Clark and Mayor Pro Tem R. C. Patton appear on the first row. Patton welcomed officers from Rotan and Aspermont to the training session. The school is the 14th conducted here in various phases of police work since Clark became Chief of Police.

School For Area Police Held Here

A two - week training course for area police officers is being held at the Snyder Police Department.

The school is being conducted for new officers from Rotan and Aspermont. Instructors are Chief of Police Stephen Clark, Sergeant D'Wayne Jernigan, Detective Jerry Morris and Patrolman Brad Gambrell.

In addition, Curtis Perryman of the Federal Bureau of Investigation is assisting with firearms instruction during the week. The course includes defensive tactics, handcuffing techniques and firearms training at the pistol range near Lake Thomas. The academic work is designed to give new officers knowledge of criminal law and investigations, collision investigation and public relations.

Twenty - two officers are enrolled. All local officers will receive firearms training. This is the 14th school conducted at the Police Department since Chief Clark came here about a year ago.

Perryman discussed the comparative values of various hand guns at the training session Monday.

Attends Workshop

Mrs. Thelma Ross has returned from Lubbock where she attended a three day credit and collection industry workshop under the direction of the University of Texas, Division of Extension, the Associated Credit Bureaus of Texas, and the Associated Credit Bureaus of America.

Tornadoes strike in the United States more than elsewhere. Every state has been hit by tornadoes at one time or another.

Sought In Slaying

HOUSTON (AP) — The FBI said Monday it is searching nationwide for a man charged in the slaying of Alan Berg, 31, a Houston carpet firm executive.

The U. S. attorney's office has issued a warrant charging Charles V. Harrelson, 30, of Houston with unlawful flight to avoid prosecution for murder, said Wesley T. Whaley, head of the Houston FBI office.

The fugitive warrant was requested by Brazoria County Dis. Atty. Ogden Bass after a grand jury indicted Harrelson and his girl friend for murder last Wednesday.

The woman, Sandra Sue Attaway, 24, is free on $5,000 bond.

Berg was shot in the head May 28 and his body concealed at Surfside Beach near Freeport, authorities said.

Nathan Berg, the slain man's father, said he paid $10,000 to an informer who gave directions to the body Nov. 8.

Hijacked Airliner Back In Mexico

By OSCAR KUFMANN PARRA
Associated Press Writer

MEXICO CITY (AP) — Seventeen passengers and five crew members returned to Mexico City aboard their Mexican airliner Monday after a man holding a package he said was dynamite hijacked the plane to Havana.

Among the passengers were four Americans and three Canadians. The Americans were listed a J. Taylor and A. Gomez of Tampa, Fla., and Mr. and Mrs. J. Culhane of Baltimore, Md. The three Canadians, all from Toronto, were identified as Walter Olson and Ivone and Robert Merler.

The plane was flying from the Yucanatan peninsula to Villahermosa, Minatitlan, Veracruz and Mexico City.

Jose Ruiz Hernandez, the pilot of the plane, said a few minutes after it took off from Merida, stewardess Ana Maria Gallesgos handed him a note containing a threat "to blow up the plane with a bomb if I refused to change my course and head for Havana."

The pilot sent his copilot back to the passengers' cabin with Miss Gallesgos to see what the note was all about. They returned with a man "who looked disheveled, nervous and sweating, as he pressed a long package with his right arm," Ruiz said.

"He said he had sticks of dynamite with a detonator in the package, which he unwrapped to show its contents, and that he was a man determined to do anything unless his instructions were obeyed."

Ruiz said the crew and passengers were treated with great courtesy by Cuban officials and given steak for lunch at the airport. After less than five hours at the Havana airport they took off for Mexico City, without the hijacker.

Mexican Foreign Minister Antonio Carrillo Flores said the name of the hijacker was known but would not be released until all facts of the case could be verified. He said an embassy official who talked to the man in Havana did not believe he was Mexican.

G. I. Brasuell Rites Set At Colorado City

Funeral service has been set for 10:30 a.m. Wednesday at the Northside Church of Christ in Colorado City for G. I. Brasuell, 87. Mr. Brasuell, former long-time resident of Colorado City, died Monday at Graham, where he has lived with a daughter in recent years. He was the grandfather of Bob Watlington of Snyder and father of Mrs. O. W. Watlington of Colorado City.

Clarence King, minister from Graham, will officiate. He will be assisted by Duaine Johnson of Colorado City.

Hermleigh Airman On Duty At Da Nang

WITH U.S. COMBAT AIR FORCES, Vietnam — Sergeant Tommy D. Winter, son of Mr. and Mrs. Milton Winter of Rt. 1, Hermleigh, is on duty at Da Nang AB, Vietnam.

Sergeant Winter, a radar operator, is a member of the Pacific Air Forces.

Before his arrival in Vietnam, he was assigned to Ellington AFB.

The sergeant, a 1363 graduate of Hermleigh High School, has studied at Texas Technological College.

His wife, Jenel, is the daughter of Mr. and Mrs. Victor Richter of Rt. 1, Hermleigh.

PAIN SUFFERERS

Take our Pain Relief Tablet. You cannot buy a stronger pain reliever without a prescription. Take PRUVO TABLETS. Each tablet contains 5 grains of Aspirin plus Salicylamide. Jacqueline Returns To United States

By RAY KOHN
Associated Press Writer

NEW YORK (AP) — Jacqueline Kennedy Onassis has returned to the United States for the first time since her wedding a month ago.

Smiling but uncommunicative, the modishly dressed former first lady arrived Monday by plane from London, where her husband, Aristotle Onassis, stayed behind for the time being tending to business affairs.

Friday is the fifth anniversary of the assassination of President John F. Kennedy, and next Monday the late President's son and namesake will be 8 years old. Caroline Kennedy's 11th birthday is two days later.

The children attended the wedding Oct. 20 of their 39-year-old mother and the 62-year-old Onassis on the Greek shipping magnate's privately-owned island of Skorpios. The children then returned to their private schools in New York.

During the flight aboard a Trans World Airlines jet Mrs. Onassis sat with Colin Simpson, a senior executive of Olympic Airways, owned by her husband.

She brought along a white pekingese named Daisy, who spent most of the flight in a cardboard carrying case. Daisy was allowed out briefly for some cuddling and lap-sitting and a sip of water.

Mrs. Onassis wore a dark gray coat over a short-sleeved, lighter gray dress, gold earrings, a brown shoulder bag, and low-heeled brown shoes. Her dress was midilength.

She was met by Onassis' 18-year-old daughter, Christina. John and Caroline Kennedy were not there because of the weather, which was wet and foggy. The plane was 2½ hours late in arriving due to a refueling stop at Boston and a stack-up over Kennedy.

Elected Officer Of Schreiner Class

KERRVILLE — Don W. McCarver, son of G. E. McCarver, 3729 Avenue U, Snyder, has been elected secretary-treasurer of the high school senior class at Schreiner.

Don's election came in balloting arranged by the Student Council and supervised by preparatory department government classes. His class was one of two in the high school which had a 100 per cent turnout by eligible voters.

we're doing something about that calendar

Recently we modernized the enclosure we've been sending out with monthly electric service bills.

We redesigned it so it would be less bulky, simpler and easier to cut out and file the recipe.

The trouble was, we thought the two-month calendar wasn't serving any particular purpose and we eliminated it.

It was a mistake. We got calls and letters.

So, starting in late November you'll find that we have revised the enclosure so the two-month calendar will again be a part of it. The only difference is that it will be a two-sided calendar that can easily be cut out and carried or used any way you want.

We sure hope this fixes things up. We also hope you'll find the new enclosure useful, and that you will even read the advertising sometimes.

Gibson Pharmacy Growing Rapidly

Since coming to Snyder in March, Gibson Discount Pharmacy has grown by leaps and bounds. Hundreds of people have taken advantage of the low, everyday prices in health needs and prescriptions.

There are many reasons for this. "First, Gibson Discount Pharmacy has the lowest prices in town on prescriptions," said Don Muenzler, pharmacist.

Secondly, Gibson's carries an extensive line of health needs — such as vitamins, cough and cold products, skin care products, Allercreme, cosmetics, laxatives, antacids, diabetic supplies and many other items normally found in the drug store. Third, the service is always fast and courteous. Gibson's really appreciates your business.

Moreover, Gibson's maintains a complete family record system of your prescriptions for income tax or insurance purposes. It is typical of the professional, high service approach Gibson's Pharmacy has to its business.

"Bring your prescription or copies of your prescriptions to Gibson Discount Pharmacy," suggested the pharmacist. "You'll find out just how much you can save, and you will become a regular customer of Gibson Discount Pharmacy as so many of your friends and neighbors have done."

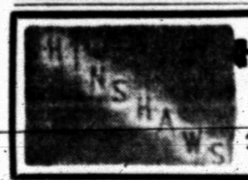

Gibson's uses high quality drugs. When you have your prescriptions filled at Gibson's Pharmacy, you can be sure of getting quality drugs and prompt courtegus service at reasonable prices.

Plea For Tolerance At Palladium

LONDON (AP) — American pop star Diana Ross injected a plea for tolerance into the annual royal performance at the Palladium Monday night and got a big hand from the royal family. Several critics were less enthusiastic.

Diana, the Detroit girl who leads the Supremes, paused in an emotional performance of "There's a Place for Us" from "West Side Story" and spoke to the audience:

"A place for all of us—black and white, Jew and gentile, Catholic and Protestant.

"Such was the world of Martin Luther King and his ideal.

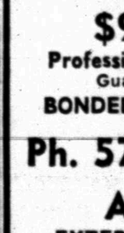

"If we keep this in mind, then we can carry on his work."

Then she finished the song, and applause rang through the theater; led by Princess Margaret and her husband, Lord Snowdon. In the royal box with them were Queen Mother Elizabeth, Prince Charles and 18-year-old Princess Anne.

Don Short of the Daily Mirror commented: "The colored Supremes had obviously planned it as a moment of high drama. But the impact was lost. They got the coolest reception of the night."

The Guardian's Derek Malcolm said it was "a rather mawkish tribute which seemed inappropriate for the occasion." He added that the Supremes "never gave of their very considerable best."

Iceland's office buildings and homes are heated by natural hot water piped from the island's many volcanic springs.

TO REPLACE TWO-PARTY SYSTEM

Black Panthers Seek Negro Control

By HAROLD V. STREETER AND JERRY BUCK
Associated Press Writers

The story of the Black Panthers is one that is told largely through the clashes of its big three—Huey P. Newton, Bobby Seale and Eldridge Cleaver—with the police.

In fact, the police are to a degree a reason for existence of this quasiguerrilla, California-based black nationalist political organization, oriented to the philosophy of the late Che Guevara.

Called "racist pigs," the police are pictured by the Panthers as the occupation forces of the Establishment—"brutalizing" Negroes, keeping them "contained," protecting white interests and blocking Negro control of their communities.

The Panther triumvirate is young, but experienced with the police. Cleaver, at 33 the oldest, has spent most of his adult life behind bars. Seale, 31, is on probation. Newton, 26, is serving a 2-to-15-year sentence imposed in September for voluntary manslaughter in the death of Oakland policeman John F. Frey, Jr.

Uppermost in the minds of the Black Panthers is to accomplish Negro control of their own destiny.

There is fear of the extremism of Black Panthers in some black communities, but some Negro psychiatrists and civil rights leaders see in the organization a positive force in establishing a sense of identity for Negroes.

Reliable sources place the total nationwide strength of the Panthers at no more than 500, with at least 300 of these in Oakland, Calif., where they were formed, and about 100 in New York.

They see themselves in the sense of the American patriots of 1776 fighting oppression and tyranny and seeking home rule. But in this case, says Shermont Banks, deputy party chairman and head of the Los Angeles chapter, "The United States government is the mother country, not England." He denies the organization is antiwhite.

In an interview printed in the Cuban newspaper El Mundo, Newton said from his jail cell that the Panthers consider themselves "as an integral part of the army of resistance" urged by Guevara to combat American "imperialism."

Newton said, "We are increasing our resistance and we are taking up our position, and we are placing ourselves beside all other nations to resist the No. 1 criminal of the world, U.S. imperialism."

The goals of the Black Panthers, as outlined in their party platform and program, are: freedom for blacks to run their own communities; an end to what they call the robbery of the black community by white merchants and landlords; housing that's fit to live in, the removal of white police from black communities; an educational system that teaches blacks their true history and their role in present society; the release of all blacks from all jails and prisons; exemption from military service and a United Nations-supervised plebescite of black people in America to see how they want themselves governed.

In testimony tape-recorded for hearings being held by President Johnson's commission on violence, Newton predicted that the Black Panther movement would spread until "we simply replace the two-party system."

He testified that "we must control all the institutions in our community throughout the black ghetto" and said there would be "bloodshed" and "struggle" in achieving this goal.

One of the first missions of the group, organized by Newton and Seale in October 1966 in Oakland as the Black Panther Party for Self Defense, was to send out armed patrols to keep the police under surveillance. The Panthers, wearing a uniform of black berets and black leather jackets, said they wanted to see that Negroes were treated fairly.

Panther rhetoric often has been inflammatory. Cleaver, who joined the party when he was released from prison two months after its formation, said, "From now on, we niggers have got to stop killing other niggers and start killing police."

In his best-selling book on his nearly nine years in prison, "Soul on Ice," Cleaver wrote: "We shall have our manhood. We shall have it or the earth will be leveled by our attempts to gain it."

Over the vigorous protests of Gov. Ronald Reagan and others, Cleaver has begun a series of lectures at the Berkeley campus of the University of California on the "dehumanization and regeneration of the American social order."

In his first lecture he showed up in a black business suit instead of the Panther uniform, spoke courteously and without the usual obscenities that fill his talks. He said "black is a connotation of evil in this country" and it "stigmatizes the black man as having evil connotations."

For sometime after their formation, the Panthers continued their police-watching patrols and on May 2, 1967, members marched fully armed into the California state capitol at Sacramento to protest a bill to restrict the carrying of loaded guns within city limits. They were disarmed and ejected from the capitol and their arms later were returned.

Reagan termed the Panther action "a ridiculous way to solve problems among people of good will."

After passage of the bill, Newton ordered the Panthers to keep their guns at home. Nevertheless, about a year later the Panthers were involved in a shootout with Oakland police that left one Panther dead, two wounded—including Cleaver—and two policemen wounded.

Cleaver, relieved of an Army rifle, was charged with violation of his 1958 conviction for assault to commit rape and murder and was sent to the state medical facility at Vacaville. A judge later ordered Cleaver's release, saying the action against him had been "political." The case is still pending.

Soon after his release, Cleaver was nominated for president by the predominantly white Peace and Freedom party at Ann Arbor, Mich. He was kept off the ballot in some states, including California, because he had not reached the 35-year age limit required of a president by the Constitution.

The cause celebre of the Panthers, however, centers on Newton and the killing of Frey.

On Oct. 27, 1967, Newton set out to celebrate the end of his three-year probation. Subsequent court testimony showed that as dawn the next day neared, he and Gene McKinney got into a car belonging to Newton's fiance, Laverne Williams, and set out in a search of West Oakland for "soul food."

Frey, according to testimony, spotted the little car tooling along, checked the license plate and radioed, "It's a known Panther vehicle." He stopped the car and from there the rest is in dispute.

Newton testified that Frey used abusive language, roughed him up and shot him without provocation. Officer Herbert Heanes, who arrived on the scene in time to assist Frey, testified Newton opened fire first.

McKinney refused to testify and was sentenced to six months in jail. But a Negro bus driver Henry Grier, said he saw Newton shoot Frey.

The jury deliberated for four days and finally on Sunday, Sept. 8, rejected the prosecution's demands for conviction of first-or second-degree murder and found Newton guilty of voluntary manslaughter. Jenevie E. Gibbons, a bologna slicer who served on the jury, said the jury felt Newton had fired in the heat of passion. She said they were influenced by his testimony that Frey had called him a "nigger" and roughed him up.

Two days after Newton's conviction two Oakland police officers fired carbines from a patrol car into the Panther headquarters. They were charged with firing into an inhabited dwelling and discharged from the police force.

In a roster of the party hierarchy published in the Panther newspaper, the Black Panther, Newton was listed as a "political prisoner."

The list also expresses the feeling of "nationhood" prevalent in Panther thinking: Seale is chairman, Newton is minister of defense, Cleaver is minister of information. Stokeley Carmichael carries the rank of prime minister of colonized Afro-America and H. Rap Brown is minister of justice.

The Student Nonviolent Coordinating Committee was affiliated with the Panthers for a few months this year, but broke off the association last summer. Carmichael and Brown, both former SNCC leaders remained.

The Panthers and police have clashed in other cities.

Last August two policemen were wounded and three men identified as Panthers were killed in a shootout in the Watts district of Los Angeles.

In New York, the Brooklyn district attorney said he believes the Panthers were involved in the ambush of two policemen last August.

Outside a Brooklyn courtroom recently some 200 men including some said to be off-duty policemen, assaulted about a dozen Panthers and their supporters. Inside the courtroom a hearing was being held for three Black Panthers accused of assulting three policemen.

In Indianapolis, charges of conspiracy to murder the police chief and a narcotics officer were filed in June against three men identified as Panthers.

Banks says the image of the party has been distorted. He lays the blame on the white press.

"We've been pictured as white-hating racists who want to kill anything and everything that isn't black," he said. "This just isn't so. We simply want to change a system that is carrying out a policy of genocide against nonwhites and we're trying to change it in a nonviolent way—if we can."

The Panthers are ordered to read the works of Guevara, Mao Tse-tung, Carmichael, Malcolm X, W.E.B. DuBois, Marcus Garvey, the father of black separatism, and the late Dr. Frant Fanon, a French West Indian psychiatrist who wrote and preached a global revolt of blacks against whites.

The Panther leaders deny they are a secret organization, but they steadfastly refuse to get down to the nitty gritty of membership and financing.

Besides Oakland and New York, there are Black Panther chapters in Sacramento, Los Angeles, San Diego, Seattle, Omaha, Newark, Pittsburgh and Baltimore. An organizing effort in Boston didn't get off the ground.

The appeal is essentially to Negro youths between 17 and 21.

"They consider themselves young warriors—a positive identification which is directly opposed to the traditional image of the Negro male as passive and lazy," said Dr. J. Alfred Cannon, a Negro psychiatrist at UCLA and founder of the Central City Community Mental Health Center at Los Angeles.

"The Black Panthers have contributed significantly to the dialogue about police-community relations," he said. "The group does have a positive force in the community, and its mission is to help the Negro community achieve better mental health through establishing an identity."

Don Henry, an officer of the National Association for the Advancement of Colored People in Los Angeles, said the Panthers "are doing much for the black people and are right in pushing for polarization. Full integration will never come until after polarization."
