SENATE HEARS VARE'S PLEA FOR OFFICE

PENNSYLVANIAN ISSUES CHALLENGE TO THOSE OPPOSING HIM

WASHINGTON, Dec. 4.—William S. Vare, for three years denied a seat in the senate, today personally appeared on the floor of that chamber to plead his own cause and issued a challenge to those opposing his admission to point to a "single bit of evidence of any fraud or conspiracy practiced by myself or any of my friends in my behalf" in the 1926 Pennsylvania senatorial campaign.

The Pennsylvanian, who received the republican nomination and later was certified as the senator-elect, is just recovering from a long attack of illness. He read from a prepared statement as he placed his case before the senate, defending the expenditure of \$785,000 by his ticket in the primary campaign as necessary.

Morris Attacks Case
Previously, a scathing attack upon the 1926 Pennsylvania senatorial primary and election was made by Senator Norris, republican, Nebraska. Standing just three rows of seats behind Vare's seat, Norris declared conditions in Philadelphia "would make you blush."

"She came back Saturday and wanted to make up," said Bradford. "I told her I would never have the same feeling for her again. I didn't get home last night until about 11 o'clock and was told she had taken poison."

Smith, division superintendent of the National Air Transport company, in the hunt for Nelson, who was associated with Lindbergh in carrying mail from St. Louis when Lindbergh was an air-mail pilot.

National Budget Calls For Four Billion Dollars

(By Associated Press)
WASHINGTON, Dec. 4.—President Hoover informed congress today that it would require more than four billion dollars to run the federal government for the next fiscal year, but in doing so he presented encouraging figures on treasury finances and reiterated his recommendation for a quick reduction in taxes.

He submitted the first annual budget for the Hoover administration, which contained 1,504 pages with an accompanying summary. It called for appropriations of \$3,830,445,231 and estimated the outlay for the year beginning next July 1 at \$4,102,988,700. At the end of that time a surplus of \$122,000,000 would be available.

The appropriations were \$145,096,000 less than for this year. A \$200,000,000 appropriation for the farm board, to be submitted later, and a \$72,000,000 carryover from last year, however, made up the difference between the amount requested and the estimated expenditures which covered all of the major projects of the government.

Although he had recommended the 1 per cent reduction in corporate and individual income taxes in his annual message, which was submitted yesterday, the president devoted considerable space to this subject in the budget message.

He called the attention of congress to past experience which had shown that business prosperity had been stimulated by lowering of taxes.

TWENTY-EIGHT MEN QUESTIONED; DEATH IS LIKELY DEMAND

Journal Staff Writer
Six jurors, from 23 veniremen questioned, were selected early this afternoon in the 99th District court, for trial of Clay Lester, charged with murder in connection with the fatal shooting of his wife, Mrs. Virgie Lester here, October 24.

Selection of the jury is expected to be concluded late this afternoon and testimony in the case will probably open tomorrow morning. The case opened Monday before Judge Clark M. Mullican.

Fourteen Questioned

Fourteen veniremen, from whom the four were selected, were questioned this morning, making a total of 28 prospective jurors interrogated from 1:30 yesterday afternoon until noon today.

Substance of questions propounded and information given ventrally by Schenck and Triplett, defense attorneys follows: "This case the defendant will interpose as a defense a plea of insanity in various forms, such as hereditary, special or temporary insanity, such as might be caused by excessive use of narcotic drugs. Virgie Lester, who was killed, was the defendant's wife. The defendant will not introduce evidence to show she was making an attack, but will introduce evidence to show that when the various shots were fired he was insane, to the extent that he didn't know right from wrong. Now, as applied to this particular case have you any prejudice against such a plea of insanity?"

It was alleged Gonzales killed Felipe Torres.

Donohoe was the last person seen with Walden.

Goodspeed Case Changed

The court reversed and remanded the case of Carl Goodspeed, sentenced to twenty years for murder in the killing of A. R. Gooch, Montague county peace officer. Goodspeed was tried in Clay county on a charge of venue.

The killing occurred January 15. The Appeals body reversed the judgment on grounds that the judge did not charge on self-defense. Goodspeed testified Gooch had slapped his face and he had been warned of threats the officer had made against his life.

The appellant stated he did not know Gooch had a search warrant when Gooch and a companion, not an officer, appeared in either doorway of his home, both with guns in hand.

Orgatone Restores Health
After Flentge Was All-Run Down

"All my troubles have been completely overcome since I commenced taking Orgatone, and I never enjoyed better health in my life," said Ben Flentge, a well-known farmer residing on rural route 1, Plainview, Texas.

"About seven years ago," continued Mr. Flentge, "my stomach sent back on me, and I began to have nervous indigestion. I lost my appetite and just had to force myself to eat enough to keep me going. Everything I ate would sour in my stomach, and I would often get so badly bloated with gas that I could hardly get a good breath. I was so nervous from headaches, too, and would often have such bad dizzy spells I could barely walk. I also suffered from a pain in my back around my kidney nearly all the time. I didn't want to get a particle of good from any of the many different kinds of medicine I took, and I finally got so weak and run-down that I was hardly able to go at all."

"One of my friends had been taking Orgatone, and he has done him so much good that he insisted on my giving it a trial. Well, I bought a bottle of Orgatone, and it wasn't very long after I commenced taking it until I could see that it was the very medicine I needed. My appetite came back, and now I can eat three square meals every day, and I never suffer the least bit from indigestion or stomach trouble of any kind. Why, I even eat big meals of heavy foods like meats and pastry, and it doesn't hurt me at all. The nervousness has left, and I sleep just fine and dandy every night. I never have that pain in my back any more, and haven't had a headache since I took my first bottle of Orgatone. In fact, I never had better health in my life, and I will tell the world that Orgatone did the work fine."

Genuine Orgatone may be obtained in Lubbock at Bowen's Drug Store.

"STRAIGHT-LINE DISTRIBUTION" IS PLAN OF BUSH TERMINAL PRESIDENT

NEW YORK, Dec. 4.—Irving T. Bush, president of the Bush Terminal company, today announced formation of a huge new "straightline distribution" system designated to facilitate the development of international commerce.

The new system, the announcement said, "will directly link the American manufacturer with every important distributing center in the vast geographical area extending from the British Isles to Persia" and "will supply every facility from shipment at the American factory, through transportation, to

point of distribution abroad." Bush said the service will be of particular advantage to manufacturers whose shipments have not been large enough to justify maintenance of their own European organizations.

To put the new international service into effect, Bush Service corporation, U. S. A., has been formed and subsidiary corporations have been set up throughout Europe. These subsidiaries have been merged with long established local service companies in the countries in which they will operate.

UNITIZATION OF OIL POOLS RECOMMENDED

AMERICAN PETROLEUM INSTITUTE GIVES ENDORSEMENT

(By Associated Press)
CHICAGO, Dec. 4.—Directors of the American Petroleum Institute today endorsed a policy of unitization of oil pools to control production and divided the organization into three major divisions covering production, refining and marketing.

Sir Henri W. A. Detering, oil London, managing director of the Royal Dutch Shell companies, in addressing the first full session of the convention urged creation of what he termed "an association of cooperation."

Unitization Recommended
The unitization policy was recommended to the oil industry throughout the United States wherever practicable. Where unitization was found impossible, it was urged that "every effort should be made to effect a cooperative agreement between the parties interested in the potential pool, to insure orderly and economical development and production and the prevention of waste arising from over-production."

The plan, if carried out, would result in the pooling of acreage by the various companies interested in certain oil domes with unit operation.

Gives Interview
Before delivering his address, Sir Henri disappeared in an interview with a reporter. Col. Robert W. Stewart, former chairman of the board for Standard Oil of Indiana, was to become connected with the Royal Dutch Shell companies.

The distinguished Briton intimated it was his belief that oil producers of the United States were exporting at a low price what they were likely to be importing later on at a higher price.

"Are we, the public outside the United States, going to rely on supplies from the states when these may be less at some approaching time, seeing that no thought is given to conservation?" he asked.

Praising the message as "very thorough and comprehensive," Senator Watson of Indiana, the republican leader, said it showed the president's "entire willingness to cooperate with the legislative branch of government in all matters pertaining to the public weal."

Failed on Tariff
Senator Robinson of Arkansas, the democratic leader, contended the president's tariff statements failed to supply additional suggestions of value and expressed the opinion that the contest between limited and general revision probably would continue.

In the House, Representative Tilson of Connecticut, the republican leader, said he was pleased with Mr. Hoover's stand on the tariff, because "it is broad enough to cover the whole country, and he evidently frowns upon any sectional tariff."

Asks Commission
Describing the message as indefinite, Representative Garner of Texas, the democratic floor leader, said it would "go down in history as the original commission message." The Texan said Hoover asked for a commission for everything and "gave nothing definite as to how he stands on the tariff."

Speaker Longworth said the president's recommendations were "safe and sane," and the message was a "statesmanlike document."

Jouett Shouse, chairman of the democratic national committee, said the message was meaningless so far as the tariff was concerned, and that the "Old Guard in the Senate will continue to insist that its robber tariff program has the president's approval."

Approved By Bora's
The president's suggestion for quick disposal of the tariff bill met the approval of Senator Bora of Idaho, a leader of the republican independent-democratic coalition on the tariff in the Senate.

"In the main," Senator Walsh, democratic, Massachusetts, said, "the message presents no new controversial issues, is general in character and lacks virility and inspiration."

Senators Wheeler, Montana and Pittman, Nevada, democrats, agreed that the president had failed to clarify his views on the tariff.

McFadden in Accord
Chairman McFadden of the House banking and currency committee, expressed accord with the president's suggestion that an investigation be made into the present state of the banking system with a view to revising the national banking laws.

The message was described by Senator Simmons, democratic, North Carolina, as weak in "its lack of new and constructive suggestions with reference to many vital questions of apparent interest and public concern."

The North Carolinian said he thought there would be general satisfaction with the suggestion that the last obstacle "to our becoming a member of the world court has been definitely removed."

Muscle Shoals Approved
Senator Black, democratic, Alabama, expressed approval of the section recommending disposal of Muscle Shoals, while Senator Simmons said the method of accomplishing the purpose "is left obscure and indefinite."

Chairman White of the House merchant marine committee, which handles radio legislation, approved the message in general and the recommendation for a permanent federal radio commission in particular.

When Vicks VapoRub was introduced, mothers especially were quick to appreciate it, because it is just rubbed on and cannot upset children's delicate stomachs, as "dosing" is so apt to do. Of course it is equally good for adults.

Today, the whole trend of medical practice is away from needless "dosing," and the demand for Vicks has grown until it is necessary to again raise the figures in the famous slogan. There are now "Over 26 Million Jars Used Yearly."

Mrs. W. W. Royalty Addresses Council

Mrs. W. W. Royalty addressed 23 members at a civic P-T. A. council meeting Tuesday afternoon in the high school building. Mrs. Royalty was a delegate to the state congress of Parent-Teachers associations convention held recently in the city of Waco.

Among the outstanding speakers according to Mrs. Royalty were ex-Governor Pat M. Neff, Mrs. F. Caruthers Porter, pioneer organizer of P-T. A. work in Texas, and Ewald Pettit, of New York, who spoke on the "Value of Education." An address by Wiley H. Swift, acting general secretary of the National Labor committee of New York City, on labor work was also especially interesting, Mrs. Royalty said.

The council made further plans for an art exhibit which they will sponsor from December 13 to 15. Each school in the city was represented at the meeting.

A dainty salad course was served at the close of the evening to Misses Hazel Armstrong, Alice Armstrong, Bernice Phillips, Grace Moore, Leonie Allen, Gertrude Daniels, Mabry Edens, Johnnie Gilkerson, Lulu Mae Cravens, Dorothy Lomax, Frances Wilson, Frances Small, Blanche Bacon, and one visitor, Miss Louise Jennings.

LUBBOCK, TEXAS

SOUTHWEST AND BIG TEN STARS TO MEET IN DALLAS NEW YEAR'S

IN THE REALM OF SPORTS

WITH ALLAN CARNEY
Journal Sports Editor

Coach Francis Schmidt's championship football eleven of Texas Christian university has definitely announced its plans for the season. Schmidt, manager of athletics, that no post-season game will be played. Not even an invitation to play at Pasadena on New Year's day will be accepted.

This decision by Horned Frog authorities appears to be a blow to the Texas team. The Horned Frogs have come through with flying colors to win their first Southwest conference title and further grid competition this year could not very likely increase the prestige already gained by the team. The Horned Frogs are undoubtedly the members of the Pro squad have their full of football after their hard scrap for the championship and now Schmidt has turned his attention to basketball in the hope that he can bring two conference titles to T. C. U. during his first year's stay at the school.

The former Arkansas university member is regarded as one of the outstanding basketball coaches in the country, and if he is given case material of average caliber, the Frogs are certain to make a strong bid for the basketball crown. By bringing the first football championship in history to Fort Worth, Francis Schmidt has undoubtedly won for himself a firm base on the hearts of the sportsmen of the state. Now it would probably take more than any other school could make up to any Schmidt loss from the Frogs institution.

Cy Leland's rise to football fame has been even more meteoric than was his sensational jump into national prominence on the cinder path. Last spring, Cy matched his speed with George Simpson of Ohio State, Charles Borch of California, Jack Elder of Notre Dame and Eddie Tolan of Michigan—the outstanding athletes of the Southwest. Cy Leland was able to hold his own with the best of these and won the name of "The West Texas Jackrabbit."

On the 1928 T. C. U. eleven, Leland became known for his speed, but there was nothing sensational about his performance. With the coming of Coach Francis Schmidt to the Purple institution, a dazzling scoring machine was moulded with Leland as the chief threat. In all but the S. M. U. game, Cy electrified the stands with his brilliant dashes for touchdowns and spears. Cy Leland was not approached by any other football player of the Southwest conference and thus he was a constant threat to the enemy eleven. Add to his speed the ability to stiff-arm side-arm and slash his way through tackles—and you have an idea of what Leland was to the T. C. U. team during its drive to the championship.

Those who watched him last year and saw him scintillate conference on fire this year declare that never before has a player in the Southwest shown such remarkable momentum. Critics who earlier in the season averred that Cy could do nothing but run were forced to retract much of their comment after the Texas and Baylor games. He learned to do everything so well that he held the spotlight in practically every game the Frogs played. Coach Schmidt respected his defensive ability so well that Cy was shifted to the safety post while the Frogs were defending their own goal. Leland was one of the main reasons that S. M. U.'s mounted attack failed to function up to standard in the deciding game of the race last Saturday. He was all over the field intercepting passes and covering fumbles, and the fact that the Mustangs' defense was set to stop Leland's sweeping and runs gave Grubbs and his mates an opportunity to gain almost at will through the S. M. U. line.

Here is a star of brilliant caliber that Lubbock High points to with pride as its own.

Players Named For Billiard Tourney

CHICAGO, Dec. 4 (AP)—Eight players were named by the National Billiard association today to compete for the world's three-cushion championship which will be decided in New York, January 2 to 10. They are Johnny Layton, present champion; Willie Hoppe, New York; Gus Copulos, Detroit; Otto Reisch, Philadelphia; and four sectional tournament winners—Aurice Knoch, Chicago; Walter Riley, Philadelphia; Charles E. Jordan, Los Angeles; and Tiff Denton, Kansas City.

Two Players Bought By Fort Worth Club

FORT WORTH, Dec. 4 (AP)—Purchase of two ball players was announced by the Fort Worth club of the Texas League today. Infielder Charles Fowler from the Montreal club of the International League and Outfielder Dick Sullivan from the Wichita Falls club of the Texas League were the purchases.

GEIS TO COACH

PAYETTEVILLE, Ark., Dec. 4 (AP)—Clarence Geis, captain of the 1929 University of Arkansas football squad, will coach the university high basketball team, officials announced today. Geis was a member of the Arkansas freshmen five, but deserted basketball for football.

HEREFORD AND LAMESA MEET FOR BI-DISTRICT TITLE

MORRISON TO COACH TEXAS SENIOR GROUP

JIMMY PHELAN'S SQUAD TO BE STRONG AGGREGATION IN COMBAT

DALLAS, Dec. 4.—Directors of the Scottish Rite hospital for crippled children last night voted their approval of the proposed "Dixie Classic" football game New Year's day, between teams selected from graduating members of Southwest conference and Big Ten clubs. The game is scheduled for Owenby Stadium New Year's day.

All proceeds of the game over expenses will go to the hospital fund. Morrison-Phelan To Coach Present plans are that Ray Morrison, coach of the Southern Methodist University eleven, runner-up for the Southwest crown, will coach the southwest "all stars" while Jimmy Phelan, coach of the undefeated Purdue machine, will be mentor for the Big Ten aggregation.

The Big Ten athletes are expected to assemble in St. Louis or Chicago December 23, and come direct to Dallas for training. The Southwest team will gather here Christmas or the day after. Coach Phelan is expected to lead two former Sherman, Texas, high school stars, Post Welch and Ed Caraway, from his own eleven. Welch is rated one of the best backs in the country. Special dispensation has been granted Phelan to call on Notre Dame for material, and he expects to invite Jack Elder, who last week ran 100 yards for the touchdown that defeated Army. With forty-six graduates to draw from, Morrison is assured plenty of material for the Southwest representation. Last year an all star team from the Big Six defeated the Southwest's best.

WOOD WINS OVER SMITH

GOLF SENSATION IS BEATEN IN PRO PLAY AT LOS ANGELES

LOS ANGELES, Dec. 4.—Horton Smith, 21-year-old prodigy of the Missouri Ozarks, today was listed among the missing as sixteen survivors in the Professional Golfers association championship went into their second round of match play.

The superb drives and puts of Craig Wood, youthful Long Island, N. Y., professional, eliminated one of the favorites in the first round of match play yesterday.

Diegel Turns In 64 Leo Diegel, defending champion, turned in a 64 for his morning eighteen, a new competitive record and a good start on an advantage which enabled him to oust P. O. Hart, Wheeling, W. Va., 19 to 9.

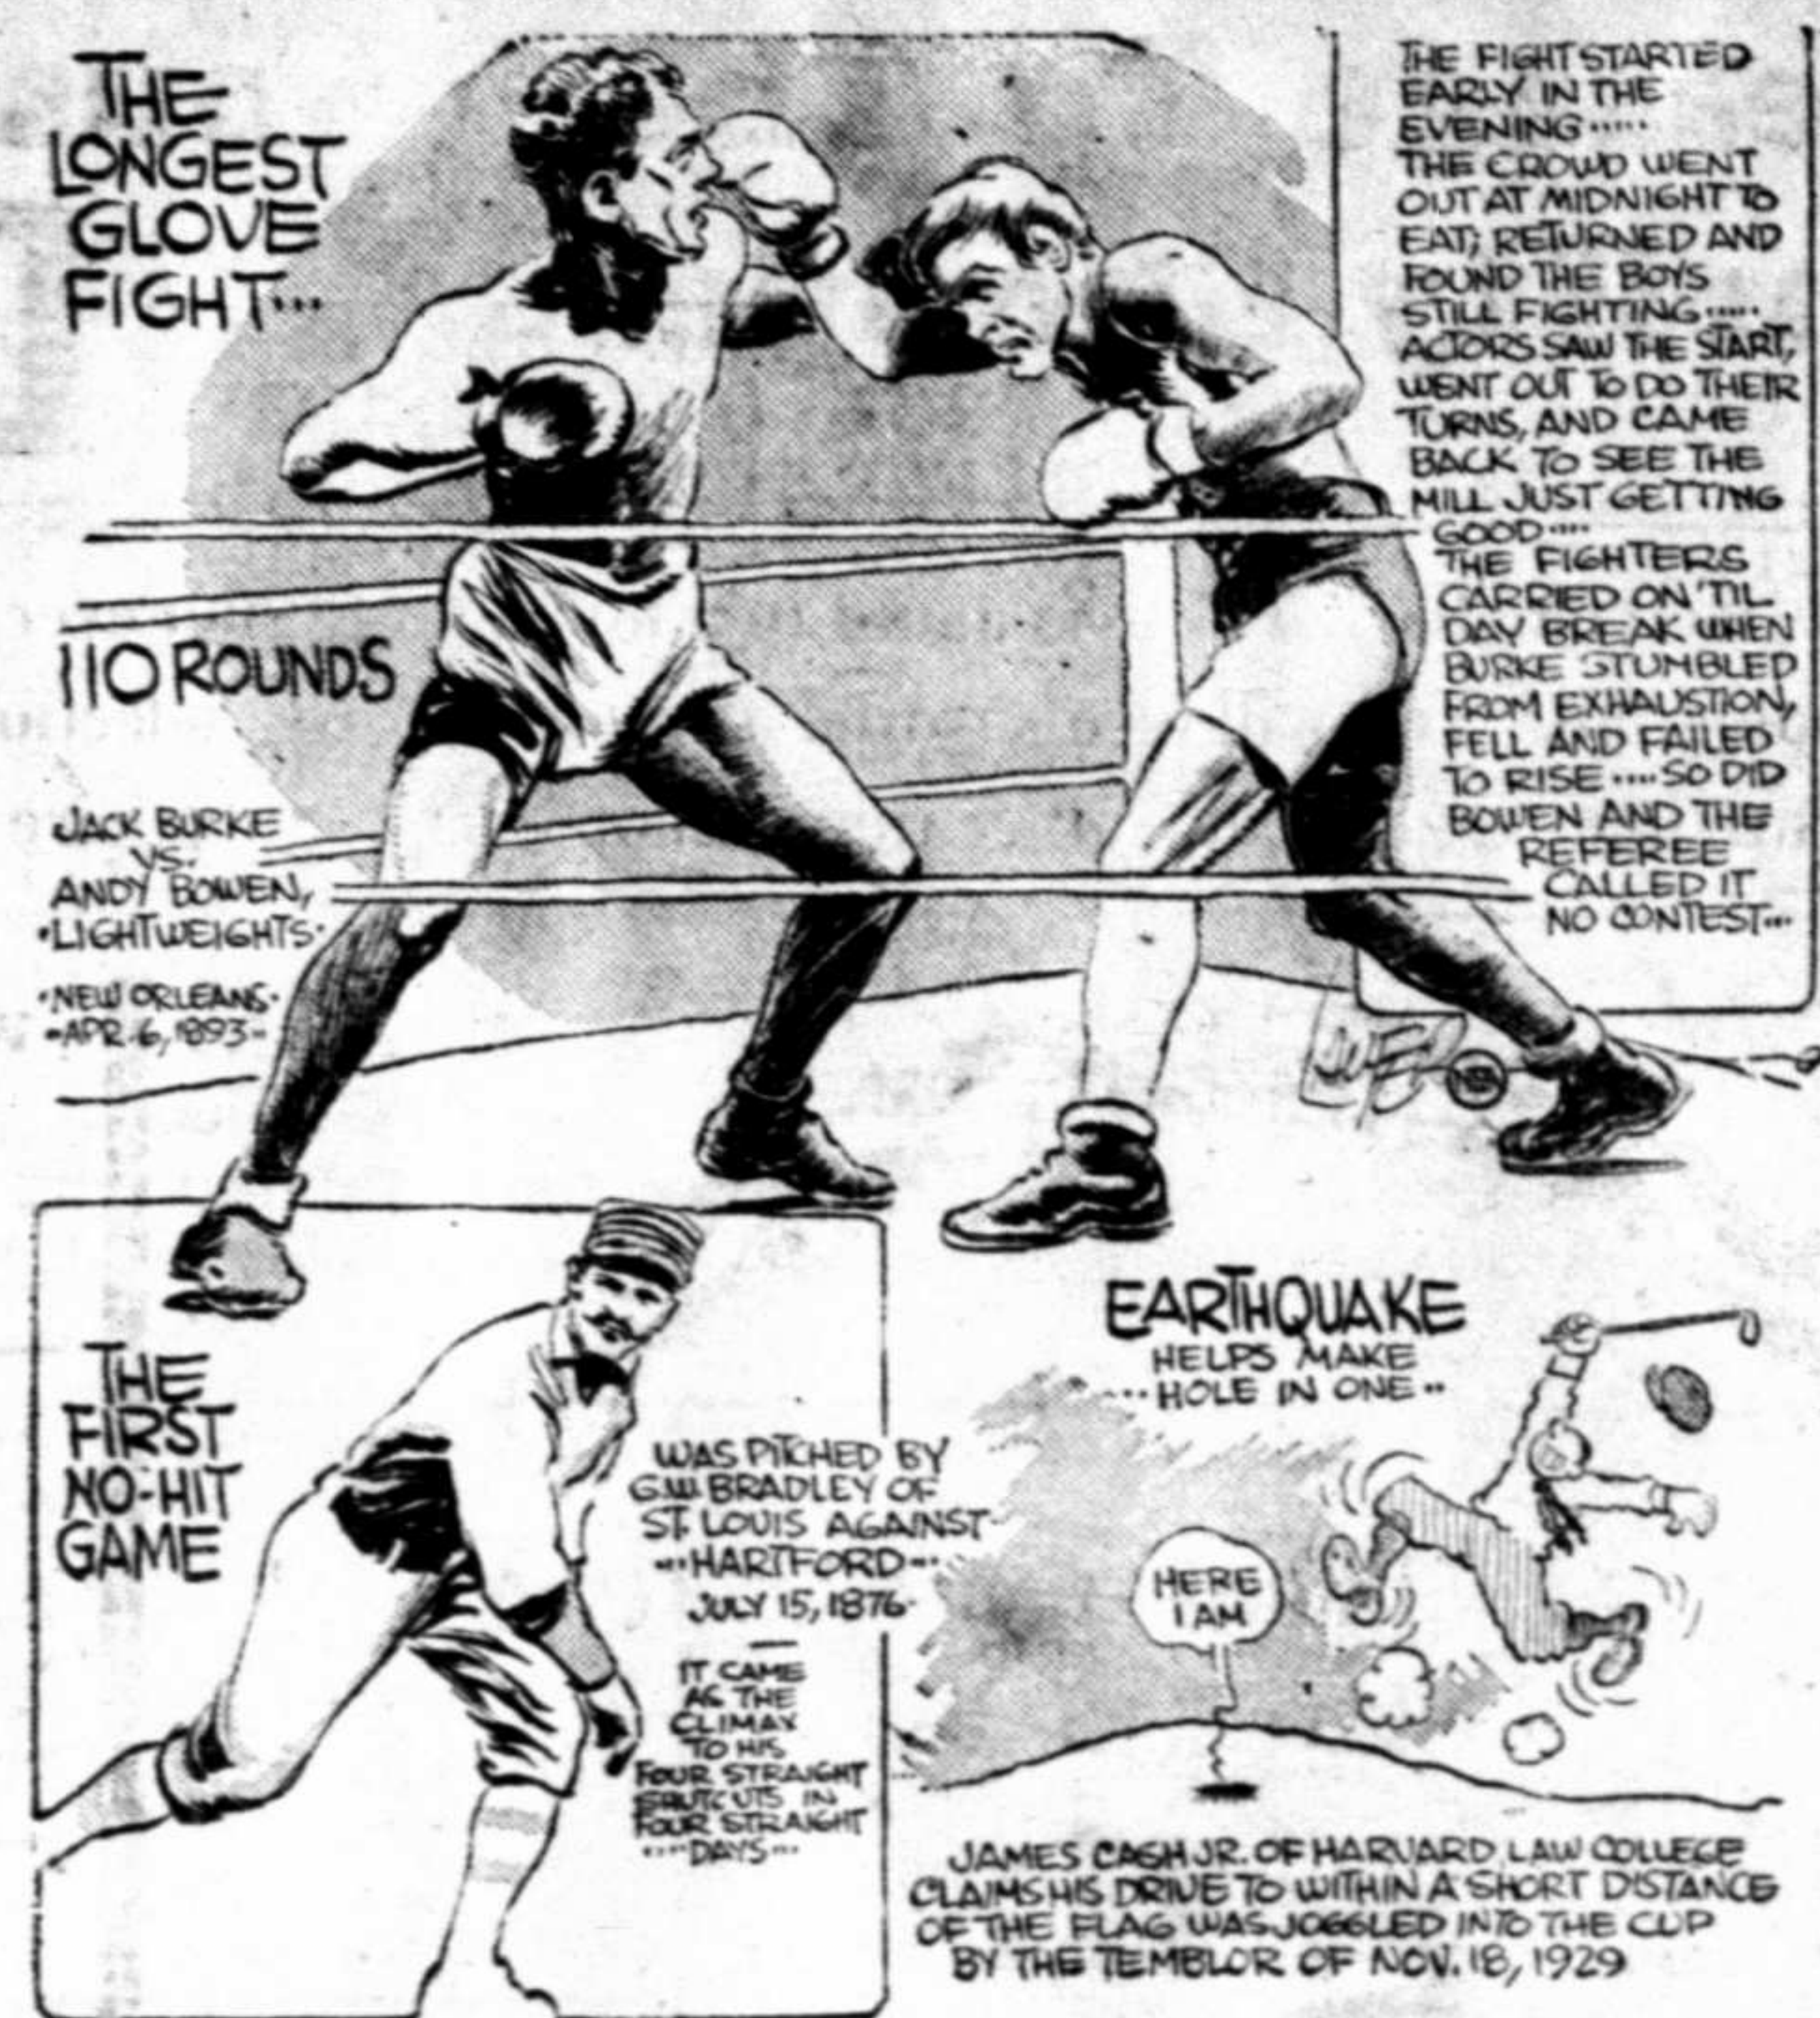

No less outstanding was the rousing comeback of Walter Hagen. Apparently unimpaired by the trouble-some qualifying round Monday, which saw him stumble almost into elimination, the five-time winner of the P. G. A. event ended his match with Bob Shave, of Aurora, Ohio, on the twenty-eighth green 9 and 8. But to prove that the course, which saw him medal a 149 on opening day, held no power over him, the great "Hag" played the first eighteen in five under par, 66.

But it was Wood's victory over Smith which supplied the greatest upset in a duel which went to the thirty-seventh green before a birdie, there forced the Joplin, Mo., professional into defeat. Among the chosen sixteen, eight of whom faced elimination today was Fred Morrison, medalist. The Los Angeles professional fought an up-hill battle before winning 5 and 4 from Joe Kirkwood, trick shot artist from Philadelphia. A former open champion, Gene Sarazen, fresh Meadow, N. Y., stood in Morrison's path today.

By coincidence, Hagen, Bill Melhorn, New York, and Henry Cuiet, New York, Conn.—The trio which was forced into a twilight series to earn the right to enter yesterday's play—survived their matches. Diegel will meet Herman Barron, Philadelphia, a comparative stranger in the big time golf, while Hagen is confronted by Charlie Guest, Los Angeles professional. Both are considered the edge over their opponents.

Dan Daly Is Selected As Opponent For Art Shires

ARKANSAS CARDS 23 CAGE GAMES

CHICAGO, Dec. 4.—Dan Daly of Cleveland, who professes to be yearning for an opportunity to gain revenge for "Lena" Blackburne, former White Sox manager, will get his chance Monday night. Daly has consented to be the first ring opponent of Art Shires, the "bad boy" of the White Sox who decorated Blackburne with two black eyes last summer. "I am a close personal friend of Blackburne's, and I want to get a crack at this self-advertised tough boy from Texas," Daly said in his successful application for the match to Promoter Jim Mullin. "His attack on Blackburne, a man much older than himself who can't fight, was the work of a coward. I'll prove that Shires does most of his fighting orally and give Blackburne some revenge."

ENGINEERS GAIN FIRST CAGE WIN

Engineers of Texas Tech got the jump on the field last night in the first intramural basketball of the season by defeating the Liberal Arts quintet, 39 to 30, in a free scoring contest. Puckett, for the Engineers, was the outstanding scorer of the night's performance, giving the four-leaf-clover boys the edge over their literary rivals. Thursday the second game of the three game series will be played between the Engineers and Aggies and on the following Tuesday night the final and deciding contest will be staged between the Aggies and Liberal Arts crew. The school emerging with the highest percentage from the current cage tournament will cop the first leg of the three-sport contest for the trophy offered by the Tech chamber of commerce. This organization this year is sponsoring all intramural sports.

LAYTON LEADS COCHRAN NEW YORK, Dec. 4 (AP)—Johnny Layton, of St. Louis, had a lead of nearly 50 points over Walter Cochran at the end of the first four blocks of their 600 point 3 cushion billiard match at Dwyers Academy last night. The score then was: Layton, 200; Cochran, 157.

CLEVELAND MAN WANTS REVENGE FOR OLD PAL BLACKBURN

CHICAGO, Dec. 4.—Dan Daly of Cleveland, who professes to be yearning for an opportunity to gain revenge for "Lena" Blackburne, former White Sox manager, will get his chance Monday night. Daly has consented to be the first ring opponent of Art Shires, the "bad boy" of the White Sox who decorated Blackburne with two black eyes last summer. "I am a close personal friend of Blackburne's, and I want to get a crack at this self-advertised tough boy from Texas," Daly said in his successful application for the match to Promoter Jim Mullin. Pedal Pushing Vet Leading Bike Race

NEW YORK, Dec. 4 (AP)—That battle-scarred veteran among pedal pushers, Reggie McNamara, and his Italian partner, Gaetano Belloni, were leading the field by a full lap in New York's 47th international six-day bicycle race at Madison Square Garden last night. Catching the field napping, McNamara and Belloni, by well timed pickups, stole two laps during the night sprints to gain the pace setting position which Freddy Spencer and Franz Duielberg had held for 24 hours. At 10 o'clock, 49th hour of the grind, McNamara and Belloni had covered 791 miles, 9 laps. A lap behind were the Spencer-Duiberg and Tony Beckman-Charles Winter combinations.

TECH ELEVEN TO DEPEND ON RESERVE MEN

FIRST-CHOICE PLAYERS ARE LAID UP WITH INJURIES

An enthusiastic delegation of football fans from the north plains will swoop down on Lubbock Friday when the West Texas Buffaloes invade the city for the post-season engagement with the Tech Matador eleven.

A special train, bearing approximately 500 Buffalo backers, and an army of cars will bring the supporters of the Bison aggregation here for the anti-climax to the 1929 season. Reports late yesterday from the Buffalo stronghold indicate the largest crowd ever to leave Canyon on a football special will be here for the contest between the old rivals of plains football.

2,500 Expected While the Canyon squad will be followed by its own delegation of boosters, local fans are expected to turn out strong Friday to see the Matadors' final gesture of the year. College authorities have predicted a crowd of at least 2,500 for the fray. The Matadors' preparation for the combat with the Buffs continued Tuesday afternoon, despite the long list of casualties that have hit the squad. Head Coach Grady Higgins, botham could find little encouragement in the thinned ranks of the Bull Fighters, but has called upon his reserves and upon these will rest the burden of turning back the strong T. I. A. A. eleven.

Tuesday's workout found the Matadors working hard on a lengthy signal drill. Tadlock and Eaves worked at ends; Slides and Simmons at tackles; Jones and Ayers at guards and Durham at center. In the backfield, Cappie-man filled the quarter post. Brothers and Chenoweth were at halves and Hodges at fullback.

The time of Friday's game has been changed to start at 3 o'clock instead of 2:30. A large delegation of Buffalo backers will ride a special train here to witness the contest.

Namara and Belloni, by well timed pickups, stole two laps during the night sprints to gain the pace setting position which Freddy Spencer and Franz Duielberg had held for 24 hours. At 10 o'clock, 49th hour of the grind, McNamara and Belloni had covered 791 miles, 9 laps. A lap behind were the Spencer-Duiberg and Tony Beckman-Charles Winter combinations.

TUNNEY BACK FROM EUROPE

EX-CHAMPION TO LIVE "QUIET AND SIMPLE" LIFE IN FUTURE

NEW YORK, Dec. 4.—Gene Tunney is home again, not to fight, but to live "quietly and simply." Tunney with his wife, the former Polly Lauder, returned to the United States yesterday from Italy after spending fifteen months abroad.

It was a new Tunney who came back to the land that gave him fame and fortune. More gracious than, fistic reporters had ever seen him, the retired heavyweight champion of the world submitted cheerfully to photographers' demands while answering as best he could hundreds of questions fired at him.

Concerning the suit Mrs. Katherine King Fogarty has brought against him, Tunney had nothing to say, but he was ready and willing to talk about boxing.

Anticipating questions as to whether he would return to the ring Tunney had a prepared statement for the perusal of reporters. "The echo of a rumor at home that I am contemplating returning to the boxing game to defend the heavyweight championship reached me in Italy. This is in no sense true for I have permanently ended my public career. My great work now is to live quietly and simply, for this manner of living brings me most happiness."

ELEVEN PLAY SATURDAY ON LAMESA GRID

CLOSE CONTEST LIKELY FOR ENCOUNTER BETWEEN TWO

HEREFORD, Dec. 4.—Hereford Whitefaces were superior in all departments in the championship game of District One here Tuesday afternoon and the Perryton Rangers went down under a 26 to 7 defeat. The triumph over Perryton gives the Hereford eleven its second successive District One, Class B title and the right to meet the Lamesa Tornados Saturday afternoon in the combat for bi-district honors. A toss of the coin favored the District Two team and as a result the game will be played on the Lamesa grid-iron. The game starts at 2 o'clock.

Hereford Tow Hitch A smooth-working Hereford eleven was in complete command in the deciding tilt here yesterday, displaying a dazzling running attack that was too much for the Rangers. Glenn, Howell and Russell led the Whitefaces in their decisive triumph. The local piled up 22 first downs as compared to 6 for the visitors.

Perryton scored its lone touchdown in the first period when M. Tucker intercepted a Hereford pass on his own 8-yard line and galloped through the entire Whiteface team for the score.

Had Heistic Season The Whitefaces have emerged champions of the district after one of the most hectic seasons in the history of Panhandle football. Protests, followed by courtroom battles, have been just about as numerous as the games played. The successful season was the outstanding development of the long reign of protest.

Lamesa won the title of one of the state's strongest Class B districts and is rated as a slight favorite over Hereford, Bails, Station and Tahoka, fell before the Tornado assault in its drive for the championship.

You Are Invited To Be Our Guest

Thursday Evening, December 5th., 7 to 10 p. m.

AT OUR FORMAL OPENING

The above picture is of executive offices to the right as you enter, wherein you will always find officers and directors ready to assist you.

The Labor is done. Years of planning and months of toil that our bank might combine utility with outstanding beauty are at last completed. It's the culmination of a dream, having its setting several years ago. Tomorrow, December 5, we open the doors to you, to you who have made it possible—here we will greet old friends and new acquaintances in a banking room typical of the influence you have helped build for this institution in the Great South Plains.

Accessable friendly offices—modern system of handling accounts—executive officers in constant contact with customers—enlarged vault and safe-deposit department—and a general arrangement of services that will make your call here a pleasure. Entrance from Broadway—all these important features carefully planned with a beautiful and impressive setting.

We are proud of our new banking room—and we feel that our friends too—when they see it—will be proud of the facilities for their financial needs.

A view of the new Teller's cages, center, and desks for your convenience. This arrangement eliminates confusion, and facilitates service.

Our Policy Of Service Now Fulfilled

It has always been our policy to give polite and efficient service to our customers. We do this as a matter of business operation, and will now be enabled to do so better. We always strive to serve a great number of people at the lowest possible cost to them—not only cost in money, but cost in time. Time is money, it has been said, and we are now equipped to give you that "prompt and efficient" service which is the foundation upon which this bank was established. Come and get acquainted with us.

A view of the Citizens National Bank Building, showing the new entrance on Broadway. "The Bank With the Chimes," is an old landmark, but has an entirely different appearance. Wide doors make entrance and exit easy.

New Conveniences That Represent Our Step Of Progress

Private conference rooms; lounges where you may rest; newly arranged tellers cages; more room in the lobby of the bank for you to get about to your particular department, whether savings, paying and receiving, bank president cashier, or whoever you wish to see; a new vault with patented ventilator, making it impossible for a man to suffocate therein; private booths for figuring out your problems, with no one looking over your shoulder; good lights for bad eyes; someone at all times to assist you to your department. Come and get acquainted with us.

Intimately Associated With The Develop- ment of the Great South Plains

Intimately associated with the progress and development of this South Plains Empire for twenty-three years, this Bank takes pride in having "grown up" with its community. The officials and directors are men who know business conditions and trends in the South Plains. It is through this knowledge—plus the conveniences we now offer—that we are better able to serve you. We extend you a hearty welcome, and earnest desire that you share with us the things you have made possible for us... our new home.

Our Ideal To Serve Has Materialized! You Have Made It So

Our ideal of service has always been founded upon courtesy and efficiency. Installation of our new banking facilities enables us to fulfill that ideal. Being intensely interested in the prosperity of our section, and in our patrons; and always ambitious to be of growing service, has brought to you our ideal. We shall continue to better our services to the extent that this Bank shall be recognized as a progressive Bank, with services up to, and ahead of, the times.

Portales Boy Being Sought By Officers

Eiland Tinnin, 16-year-old Portales, New Mexico boy, is being sought in Lubbock by local officers, following his disappearance from home two days ago.

The father of the boy was in Lubbock and Station Tuesday in search for the lad. At the time of his leaving home he was wearing a dark suit, gray checked cap, brown overcoat and red sweater.

Motorcycle Clubs To Meet Jointly

The Lubbock Motorcycle club will be host to fifteen members of the Plainview organization on Saturday night when they arrive in this city for a combined meeting. The Plainview members will all join the Lubbock club for one large organization, composed of 45 members.

Plans are being made for several attractions to be presented by the club, the first of which will be a hill climbing contest to be staged at the Johnston ranch. This contest will be sponsored by the American Motorcycle association.

Officers of the club are: Wade Anthony, president; Clarence Rogers Plainview, vice president; Glenn Chase, secretary, and Art Chase, treasurer.

Murder Charge Is Filed On Young Man

HOUSTON, Dec. 4. (P)—A murder charge, in addition to a liquor complaint, was filed today against T. G. Murray, 22, whose automobile allegedly fatally injured Miss Ella Magee, 20, on November 24.

A charge of failing to stop and render aid first was filed against Murray but later was dismissed on recommendation of the district attorney. Murray then was charged with driving while intoxicated and released under bond.

Excessive smoking by women is liable to lead to baldness, according to some doctors and hair-dressers of Melbourne, Australia. Gasoline ranges in price throughout the world from 6.3 cents a gallon in parts of the United States to 65 cents a gallon in Bolivia.

HEADACHE AND BAD BREATH

These Symptoms Often Go Away Following the Use of Thedford's Black-Draught

Winston-Salem, N. C.—"I have been using Thedford's Black-Draught for twenty-five years," says Mrs. Lydia E. Kerley, of 119 West Seventh Street, this city. "I try never to be without it in my home, because I find that a pinch will ease the headache."

"I take Black-Draught when I am bilious or have indigestion. I have found that much of the trouble of this kind comes from constipation. Black-Draught is the best medicine I have ever found to prevent it."

"It is the only medicine I can take and keep on with my work. One of my children was troubled with bad breath, and I gave her Black-Draught. She got over it right away."

"I favor Black-Draught, because it seems to drive the poison out of the system in a natural way."

When you take Thedford's Black-Draught, the digestive organs are helped in a healthful, easy way, and normal elimination is restored, without the sickening effects that characterize the use of powerful mineral drugs.

Congrat- ulations

We congratulate the Citizens National Bank and express our recognition of their achievement.

WHAT THE SOUTHWEST BUILDS—BUILDS THE SOUTHWEST

WITHINGTON DEFENDS PLAN

DIRECTOR OF AFFAIRS
OF PARTY IN TEXAS
HAS STATEMENT

(By Associated Press)
FORT WORTH, Dec. 4.—The Brookhart patronage investigation committee "persists in misunderstanding the methods of the republican party in Texas in raising funds for political purposes," Leonard Withington, director of organization for the republican party in Texas, said today in commenting on the report given the senate by the committee yesterday.

Withington, who has been seriously ill after an operation recently, is confined to bed in his home at Fort Worth.

Claims Improper

"The report of the committee continues to claim that the use of note forms for contributions is in some way improper," he said. The

report states that this system throws the contributor into the hands of the banks.

"As a matter of fact, no note has ever been collected through a bank, and if a contributor fails to pay, nothing is ever done about it."

Just Voluntary

"The Brookhart report also claims that the note system impairs the financial credit of the family of the contributor. This is ridiculous, as in the event of death of a contributor, his note is cancelled and sent to the family and no attempt is ever made to force collection on any of these notes."

"The note system, used by the Texas republican party permits contributions on the installment plan, which is the method of modern business and the notes are no more nor less than pledges exactly like those used by the community chest, the universities, in hospital drives, and in other fund raising campaigns."

"The notes are entirely voluntary and matters of good faith, and nothing is ever done if they are unpaid."

There are 41,000 acres less of agricultural land in England and Wales than there were twelve months ago.

TERRELL CITES COTTON PRICES

AUSTIN, Dec. 4 (AP)—Geo. B. Terrell, state commissioner of agriculture, said today that the amount received for cotton grown on the state prison farms and classed and sold by his department before October 28 was about three cents a pound higher than the average price paid the farmers throughout the state.

"The total premium above Houston spot quotations was \$18,711.84 and the average premium per bale \$9.61," the commissioner said.

"If the farmers all raised a better grade of cotton," Terrell continued, "and get correct weights and grades they would have received \$50,000,000 more for the Texas crop than they have received."

"The price of the cotton crop this season should be at least 20 cents under present conditions but the price has been kept down by cotton gamblers. The farm board has not given any material aid to cotton farmers."

LESTER CASE

(Continued from page 1)

would you be willing to listen to the evidence of the defendant, and if you believe from the evidence that at the time he killed his wife he was unaccountable because of use of drugs would you acquit him?

"Would you have any hesitancy in acquitting him if he should be found insane? The burden upon the State in this case is to show guilt beyond a reasonable doubt. As long as you have any doubt in your mind would you be willing, according to the law, to give the defendant the benefit of that doubt?"

Death Penalty Query Made
District Attorney Durwood Bradley and special prosecutors George Dupree and C. C. Crenshaw, continue to ask each ventrallyman if he has any conscientious scruples against inflicting the death penalty as punishment for the offense of murder in a proper case.

"The law in Texas," said the district attorney, "sets forth that a

man has a right to defend himself against real or apparent danger. Have you any prejudice against that law, if the defendant should interpose insanity as a defense would you be willing to weigh all the evidence in the case?"

J. W. Kenney, Wolfarth farmer; F. G. Copp, Lubbock; R. R. Karr, local barber; H. M. Cade, Slaton, and Marvin Stovall, Lubbock, were dismissed because of conscientious scruples against infliction of the death penalty.

M. R. Boyd, Lubbock, and L. D.

Wood, Idalou, were excused by the state, while J. W. Storey, Lubbock, was excused by the defense.

O. B. Marcy, who lives ten miles south of Lubbock; and L. O. Griggs, Lubbock, were excused because of "opinions which might influence their verdict if chosen for the jury."

Because many merchants in Costa Rica have not the money to take shipments from the custom house at San Jose, that place has a congestion of goods.

Tech Report Out

Colonel Glenn Heas, in charge of the Tech division, has not reported and many portions of the other divisions are not yet complete, the announcement read.

Today's Rotary program was turned over to Neil H. Wright, campaign general, by President J. J. Clements, in the chair. After a brief report, General Wright turned the program to John L. Irwin, Chicago, representative of the American City Bureau and in charge of the drive.

Mr. Irwin headed the reports.

At the conclusion of total announcements, J. J. Clements, assistant to General Wright, urged

continued labor in behalf of the drive. A similar report will be made for tomorrow's drive at the regular meeting of the Kiwanis club at noon tomorrow, when the program will again be turned over to the campaign.

Approximately 200 Rotarians, drive workers and guests were present.

A champion of the back-seat driver, Gov. Frank G. Allen of Massachusetts has urged passengers in motor cars to insist that the person in control drive carefully.
