Runoff Looms For Governor; Patterson, Cotton, Whisnand, Pinkerton, Parmer, Toombs Nominated

Wade, Knight In Runoff For Commissioner

Only one major runoff will be held in Scurry County elections in the Aug. 28 primary. The remainder of the offices were decided yesterday when about 4,000 persons went to the polls.

The unofficial returns were complete shortly after midnight last night. Several races were very close.

The runoff resulted in the race for commissioner of precinct 1. Clarence Wade, now commissioner, received 375 votes to lead the ticket, but T. B. Knight ran second with 252. Those two will be on the ballot in August looking for the 238 votes cast in this primary for John E. Bryant. Wade led in the northeast Snyder box, where Knight was second; the same was true of Ennis Creek; Bryant led at Cottonwood Flat, where Wade was low man, the same being true at Camp Springs. Bryant led Lloyd Mountain, edging Wade by one vote.

Two more races in the county were as close, but there were only two candidates in each. Doyle Parmer, incumbent commissioner of precinct 3, had the slight edge over Don Robinson of 696 to 677, a difference of 19 votes. Parmer defeated Robinson by ranges of three and four to one in all boxes of that precinct except southeast Snyder, where Robinson polled 498 to Parmer's 302. In absentees, Robinson was ahead 64 to 22.

Dan Cotton beat Pat Johnston, incumbent county clerk, with a vote of 2,181 to 1,585. Johnston led in the absentee box and one precinct, Bison-Knapp, and tied Cotton in Dermott.

Mrs. Mollie Pinkerton had a slight majority with 2,031 to 1,865 over Mrs. Leona Weathers in the race for county treasurer. Mrs. Weathers led at Cottonwood Flat, Ennis Creek, Union, Ira, Lone Wolf Camp Springs, Lloyd Mountain, and southwest Snyder.

Homer Whisnand, incumbent sheriff defeated Lloyd Merritt two to one, 2,608 to 1,329. Merritt was top man in two boxes, China Grove, the area where he once resided, and Dunn. In the northeast Snyder box, Merritt's voting precinct, Whisnand led two to one. The largest difference was in the southwest Snyder, Whisnand's precinct, with the score 566 to 189.

Cullen Toombs, present commissioner of precinct 2, won out over Lloyd Devenport by 74 votes, 296 to 222. Devenport won at Dermott and northwest Snyder.

Frank Wilson defeated Harold Bennett, present county Democratic chairman, 1,231 to 952. Bennett led in seven boxes and tied in one.

Unopposed incumbents who will be back in office will be district attorney Renal B. Rosson, district clerk Eunice Weathersbee, county judge Edgar Taylor, Forrest Beavers, county superintendent of schools; Jim Ikard, county tax assessor-collector; Wayland G. Holt, county attorney; Pat Moore, commissioner of precinct 3; W. C. Davidson, justice of peace in precinct 1; and H. E. Carmichael, justice of precinct 2.

There was also a considerable amount of write-in candidates for various offices, most of them for which there were no announced candidates. Will Clay, numerously convicted bootlegger, got one vote for county judge; Jack Craft, local photographer, and Tom DeShazo, constable of precinct 1 who was not on the ballot this time, tied for that office with two votes each; Anderson Davis, now serving a term in the county jail, got one vote for county attorney.

Cotton was seeking office for the first time. He is a native of Scurry County. Johnston is serving his first elective term. He had been appointed to the office upon resignation of Jimmy Billingsley, now county auditor.

Whisnand will begin his second term as sheriff after defeating for the second time the man he once served under as deputy. He beat Merritt, who had been sheriff here once for three successive terms, by a ratio of about two to one.

Toombs will start his third term. He succeeded Jones Chapman,

Sheriff's Son Killed

ASPERMONT, Tex., July 24 (AP)—Darwin Olen Frazier, 28, son of Stonewall county Sheriff Warren W. Frazier, was killed today when his car crashed into a culvert six miles east of here.

Sentell Fails In Bid For A Second Term

Robert R. Patterson, Snyder attorney, apparently was elected state representative for the 90th legislative district of Texas by almost a two-to-one margin over C. F. (Frank) Sentell, incumbent.

Patterson received 4,611 votes, and Sentell 2,345 in incomplete returns from the five counties in this legislative district.

The incumbent was seeking a second term, and had campaigned on a platform of opposition to present administrative policies.

Patterson has served here as special county judge, and as corporation court judge for the city of Snyder.

In Kent County the vote count was not announced by electoin officials. Only five boxes, all incomplete, were reported, with two of the largest boxes still out.

Patterson led all Scurry County voting precincts, except two, where the vote was tied. The tie votes were recorded at Ennis Creek and Union, in each of which there were 64 votes cast.

Patterson's margin was more than two-to-one in Scurry, Borden, and Kent Counties, and almost that in Garza. He had a margin of 235 votes in Crosby County.

Patterson, who has been practicing law in Snyder since 1939, except for the time he served in the Army and Navy during World War II was an unsuccessful candidate for district judge last election, losing to Sterling Williams, who was coming out of the office Patterson will take next January. Sentell won the office last time over N. C. Outlaw of Post, who entered the race but withdrew this time. Sentell had served two terms in the legislature from Parker County several years ago.

The vote by counties:

	Patterson	Sentell
Scurry	2,574	1,140
Borden	240	93
Crosby	863	628
Garza	835	449
Kent (inc.)	99	35
Total	4,611	2,345

Russia Asks For European Security Meet

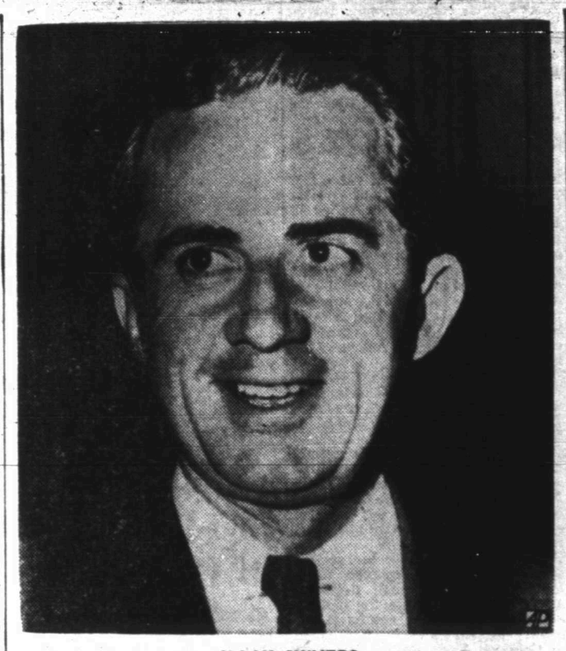

WASHINGTON, July 24 (AP)—Russia has sent notes to the United States, Britain and France proposing a general conference on European security in the next several months with the United States as participant and Red China as an observer. American officials regarded the move as a device to kill off the European Defense Community.

Soviet Foreign Minister Molotov today handed the note to the ranking U. S. Diplomat at Moscow, Walter Newbold Walmsley Jr., Officials here, confirming earlier reports from Paris, said identical notes had been handed to British and French representatives.

Walmsley, acting chief in the absence of Ambassador Charles E. Bohlen on vacation, sent a quick summary of the lengthy note to Washington and followed up with the full text. It was immediately taken under consideration at the State Department.

Officials indicated that the proposal would be firmly rejected after due consultation with Britain and France. The Western powers, it was recalled, never favorably regarded Russia's basic plan for European security which was first exposed to the world during the Berlin conference last winter.

The move was not unexpected. Secretary of State Dulles told a news conference yesterday that he could see no reason for any new meeting with the Russians on a wide variety of questions, ranging from atomic disarmament to Korean unification, unless there is a change in Communist attitudes. He said the United States had gone a long way to test Soviet good faith and had only got negative results.

ALLAN SHIVERS

RALPH YARBOROUGH

Two Resolutions At Precinct Meetings

Minutes of seven of the county's voting precinct conventions were turned into the county clerk last night and showed that two resolutions were passed, both of which were in agreement with proposals of Ralph Yarborough.

Seven persons attended the convention of voting box 14, the Camp Springs community, where it was resolved that the precinct's three newly elected delegates to the forthcoming county convention "vote with the Loyal Democrats" and that they vote as a unit.

This precinct elected M. W. Bavousett as its convention chairman and Clyde South as secretary. Delegates named to the county convention were J. O. Guinn, Jim Beavers, and J. O. Hudnall.

Eight persons attended the convention of precinct 1, northeast Snyder, where the only resolution passing was to recommend that the legislature pass the law proposed to prohibit cross-filing. Wayland Holt was elected chairman of the convention, with his brother, Lowell Holt, secretary. Those attending elected 35 delegates to the county convention.

Precinct 12, Inadale and Pyron, elected O. C. Hess convention chairman, Theodore Soules secretary. Delegates chosen for the county convention were W. F. Glass, Ernest Shattel, and Hess. The minutes stated that no resolutions were passed. Eight attended.

Four persons attended the convention of precinct 16, Lloyd Mountain, where Mozell Roggenstein was elected chairman, his wife secretary. Delegates named to the county convention were I. S. Cross and W. D. Sims.

China Grove, precinct 8, elected Martin Murphy convention chairman, Carl Tarter secretary, and both as delegates to the county convention. Six attended the meeting.

Fluvanna's convention, precinct 5, elected Charlie Bley and Mrs. W. W. Thorne chairman and secretary, respectively, and delegates chosen were Charlie Chorn, Harry Kingston, and Bley.

Seven persons attended the convention for precinct 3, Ennis Creek. Frank A. Wilson was elected chairman, his wife secretary. Wilson and Mrs. Goldie West were named delegates to the county convention, which is to be held here next Saturday.

Shivers Pulls Up In See-Saw Race

Associated Press Staff Writer

Gov. Allan Shivers clung to the narrow lead he regained over Ralph Yarborough early Sunday, but a runoff election was indicated.

A heavy number of votes from Harris county shoved Shivers, bidding for an unprecedented third term, ahead of the former Austin district judge.

Shivers' total at 1:30 a.m. was 524,186 to 515,286—a margin of 8,900 votes.

Robert L. Johnson, head of the Texas Election Bureau, said a "runoff is indicated" in the struggle for the governorship of Texas.

The Texas Election Bureau is an unofficial vote - counting agency sponsored by Texas newspaper and radio stations. It had counted 1,058,088 votes of the 1,350,000 cast from 242 of Texas' 254 counties, 107 complete.

Twelve counties had not reported their voting to the Election Bureau. Starr county, in the turbulent 79th District, was the largest of these. It had a possible 5,563 votes.

The election was a bitter struggle between liberal factions of the Democratic party headed by Yarborough and conservatives led by Shivers.

The minute — by comparison—vote cast for two other candidates in the governor's race appeared likely to throw it into a runoff.

Incumbents led in most statewide and congressional races, but two congressman — Rep. Wingate Lucas of Grapevine and Ken Regan of Midland—were behind. Rep. Grady Gentry of Tyler was in a see-saw race with former Cong. Lindley Beckworth of Gladewater.

As the unexpectedly heavy number of votes was counted it appeared that the controversial reign of George B. Parr as the political boss of Duval county and the 79th District might be over.

Candidates backed by Parr were trailing in unofficial returns. These included C. Woodrow Laughlin, ousted by the Texas Supreme Court as judge of the 79th District. He was trying to regain the bench.

A runoff election is necessary in any race if no candidate receives a majority over all others seeking the office. In this case, the two high men vie in a runoff next month.

Sen. Lyndon B. Johnson swept to a second term with ease. He had 688,800 votes to 264,782 for State Rep. Dudley Dougherty.

Yarborough heard returns at his home in Austin. He said at one point during the night that he was hopeful but unprepared to make a statement.

Shivers issued a statement thanking his friends. He said he would have more to say after more votes were counted.

Other results:

Lt. Governor: Hinson 147,144, Johnson 160,750, Ramsey 615,636.

Senator: Dougherty 264,782, Johnson 688,800.

Attorney General: Crouch 184,367, Shepperd 740,871.

Supreme Court: Brewster 364,344, Keenan 182,292, Scott 246,352.

Criminal Appeals: Davidson 250,015, Davis 179,654, Graves 178,761, Haley 197,202.

Tod Andrews of Crockett was unopposed for the Republican nomination. So were three other GOP candidates running for offices to be voted upon on a statewide basis.

The Republican vote was so small the Election Bureau couldn't get any sort of total on how many voted in the GOP primary—fourth in the party's history in Texas. Only 320 votes were cast by Republicans in Houston, Texas' most populous city.

More than a million votes were estimated to have been cast in searing heat Saturday.

The clear split between conservative and liberal elements of the Democratic party in Texas was as much in evidence in the voting as it was in heated precinct conventions also held Saturday.

Party loyalty was a bitter issue in the campaign waged by Shivers and Yarborough. Possibility of a runoff made it likely to be a major issue again.

These two completely overshadowed two others who tried for the nomination for governor.

Arlon B. (Cyclone) Davis of Dallas, aged son of a storied figure of Texas politics and perennial candidate, trailed with 11,532 votes. J. J. Holmes of Austin had 14,226 at the latest count.

Lt. Gov. Ben Ramsey, Atty. Gen. John Ben Shepperd and Associate Supreme Court Justice Few Brewster ran far in front of their opponents.

A close, dramatic election was unfolding in the turbulent domain of South Texas political boss George B. Parr.

Parr, the controversial long-time leader of the 79th District, had family political prestige dating back to 1911 at stake. His candidates were in trouble.

C. Woodrow Laughlin, ousted as 79th District judge by the Texas Supreme Court for misconduct, trailed in a bid for election to the remaining two years of his term. Markell Heath of Falfurrias, one

Senate Goes Into Recess Until Monday

WASHINGTON, July 24 (AP)—The Senate, locked in dispute over an administration bill to overhaul the atomic energy law, recessed at 11:48 p.m., EDT, tonight until Monday after an almost continuous session lasting just short of 86 hours.

A last effort to obtain a unanimous consent agreement to curb the marathon debate collapsed when Sen. Morse (Ind-Ore) objected to the proposal made by Democratic Senate Leader Lyndon Johnson of Texas.

Half an hour before midnight, Johnson formally called up his promised compromise agreement to limit debate.

After considerable debate, Morse attempted to get the floor, apparently to explain his objection.

There was a parliamentary squabble as to who held the floor and Vice President Nixon, after a demand for strict enforcement of Senate rules, asked Morse if he objected.

"I object," Morse said quickly.

By prearrangement on Knowland's part, the Senate agreed to resume the battle at 10 a.m. Monday morning. Knowland has said there will be no letup in his efforts to push the controversial measure to passage.

He told the Senate, just before the recess, that round-the-clock sessions would go on again next week if a Republican motion to force cloture, or debate limitation, is rejected.

A vote on a cloture petition filed by Knowland shortly after midnight Thursday is scheduled to take place an hour after the senators return to their desks Monday.

After Johnson made his proposal, Sen. Gore (D-Tenn) told a reporter: "I now doubt that we can win."

Gore is a leader of opposition to the bill and a key figure in the controversy.

Asked if this meant that the long debate might weaken without any special agreements, Gore replied: "I don't know. We'll have to wait and see how everyone feels on Monday."

Borden County Sheriff Wins Another Term

GAIL, July 24 — Sid Reeder, sheriff of Borden County, was re-elected by a landslide of 316 votes compared to 90 for O. D. Jackson, his only opponent.

Borden County voted more than two to one for Robert R. Patterson for state representative for the 90th legislative district of Texas by giving Patterson 240 votes compared to 93 for C. F. Sentell, incumbent.

In the hotly contested race for governor, Borden voters cast 198 ballots for Allan Shivers for re-election, and 159 for Ralph W. Yarborough, Shivers chief opponent.

In Borden County races C. C. Nunnally, county judge, received 325 votes as an unopposed candidate for re-election.

From the complete but unofficial returns there appears to be only one run - off election on Borden County officials. It will be in commissioners precinct No. 1 where Hubert Walker, the incumbent led by 10 votes over his nearest opponent. Walker had 77 votes, Bill Stephens 67, and Roland Branson 33 votes.

The only other incumbent county official not returned to office in Borden County was Mrs. F. J. Cantrell who received 94 votes for county clerk, while Mrs. Joe T. Rudd received 310.

In commissioners precinct No. 2, complete but unofficial returns showed that the incumbent, H. N. Zant had 55 votes, and his opponent E. E. Crittenden had 30 votes.

Commissioner of precinct No. 3 was unopposed. He is Borden Gray. He had 48 votes.

In commissioner precinct No. 4, the incumbent, T. M. Hughes, had 41 votes, and his opponent, Merl Jones, had 25 votes.

Mrs. George Cathey, unopposed for re-election as county treasurer, received 349 votes.

In other state races Borden voters cast 242 ballots for Ben Ramsey for Lieutenant governor, 83 for C. T. Johnson, and 24 for George T. Hinson.

For U. S. Senator, Lyndon B. Johnson received 267 votes and Dudley Tarlton Dougherty 85.

For attorney general of Texas John Ben Shepperd received 302 votes and Doug Crouch received 47 in Borden County.

In the other contested races for state offices, Borden voters cast 92 ballots for Allan Haley for judge of the court of criminal appeals, 55 for Lloyd W. Davidson, 53 for Sam Davis, and 99 for W. C. Graves. In the race for place No. 2 Supreme Court, Alfred M. Scott received 74 Borden votes, Few Brewster 153, and Robert B. Keenan 67.

Total Vote Of GOP Unknown

By The Associated Press

Texas Republicans voted Saturday in their fourth primary election in history—but how many turned out was an unanswered question early Sunday.

The Texas Election Bureau, an unofficial vote - counting agency, didn't tabulate votes received by the four GOP candidates for statewide offices because all were unopposed.

The only indication of the amount of Republican interest in the primary was at Houston—where only 320 votes had been counted at midnight in the only contested race for state or congressional office. That was between two candidates for the 8th District congressional nomination, Jerry McAfee and William B. Butler.

Buter had 235 votes to 85 for McAfee.

If this was typical, the Republicans voted in piddling numbers.

Previous Republican primaries were held in 1926, 1930 and 1934.

U. S. Aircraft Carrier Ordered To Patrol Hainan Island Area

By JOHN M. HIGHTOWER

WASHINGTON, July 24 (AP)—United States, waving the biggest stick quickly available, has ordered two aircraft carriers into waters south of Red China's Hainan Island to protect search and rescue operations after the shooting down of a British airliner. Secretary of State Dulles hotly charged that two Red Chinese fighters deliberately destroyed the big craft.

The order to the carriers was issued by Secretary of Defense Charles E. Wilson and it was announced in a statement today by Dulles. Dulles branded the destruction of the airliner an act of "barbarity" for which he said Communist China "must be held responsible."

He announced that further action would be taken by the United States but did not say what it would be.

The combination of the Wilson-Dulles moves, however, made it clear that the American government was making a show of power to impress upon the Reds the gravity with which the incident is regarded.

Outraged government leaders, furthermore, took the position that the attack on the passenger aircraft by two fighters about 30 miles south of Hainan Friday gave the lie to Communist talk about peaceful coexistence in the wake of the Red Chinese-French negotiations to end the Indochina war. Dulles has contended that the agreement did not mean any basic change in the nature of the Communists.

Three Americans were reported killed in the crash landing of the big C54 Skymaster plane which Dulles declared was "deliberately shot down by two Chinese Communist-based fighter aircraft about 30 miles south of Hainan Island."

Three Americans were rescued in a combined United States-British-French operation which had ships and planes searching the area. There were eight survivors in all out of a total of 18 to 21 persons aboard the airliner.

Dulles reported the relief operation and U.S. participation in it and then announced:

"The secretary of defense has issued orders directing two United States aircraft carriers to proceed to the scene and to cover and protect further rescue and search operations by United States ships and aircraft in the vicinity of the spot."

The Navy identified the carriers as the Essex-class carriers Hornet and the Philippine Sea. They have been based in the Philippines. The Hornet and Philippine Sea carry crews of about 2,000 each and are equipped with jet fighter planes.

Based on reports from Consul General Julian F. Harrington at Hong Kong — the plane's destination on a flight from Bangkok—Dulles said that there were 17 passengers and four crewmen aboard. News reports from the Far East had given the total previously as 18 or 20 persons.

Associated Press Staff Writer

Loyalists made heavy inroads into Gov. Allan Shivers' strength in Saturday's Democratic precinct conventions.

The neighborhood political meetings were for the most part friendly, but near Houston a head-knocking and shirt - tearing convention was broken up by police.

Minor disturbances were reported at several Houston conventions. Several "rump" conventions were reported there—mostly sidewalk gatherings of the losing factions in a floor fight.

A conservative pro-Shivers Dallas county leader, Allen Wight, estimated there was a 20 per cent

Drouth Spreads To Larger Territory

By ROBERT H. JOHNSON JR.
Associated Press Staff Writer

The unrelenting sun is burning the brand of drouth deeper into the United States.

There is drouth of some kind, mild to terrible, from the Georgia coast to the Wyoming mountains and from Canada to Mexico.

In some states where last spring there was hope of a fruitful summer, farmers now say it will be the worst year since the mid 30s.

Texas, New Mexico and Colorado —states that received federal disaster relief last summer—have been declared in line for it again. Wyoming is a new member of this unhappy company. Oklahoma, a charter member of the 1953 drouth disaster club, is seeking reinstatement. Missouri and Georgia have applied for admission. Kansas is on the ragged edge of disaster.

And long days of dry heat have burned into the grain fields of the Dakotas, the farms of Indiana and Iowa, the tobacco plantations of the Carolinas.

Only six weeks ago there was a lot of talk that the drouth might be on the way out. Heavy spring rains raised good stands of grass and crops in West Texas areas that had been dry four years. In Oklahoma and Missouri, experts declare the drouth broken. There were cheerful reports from Nebraska and Kansas.

But hardly any rain has fallen since then—and most of it has been in the wrong places.

President Eisenhower has ordered an emergency feed program much like the one that was set up last summer so that ranchers could buy hard-to-get livestock feed at cut-rate prices. So far, 78 counties—23 in Texas, 23 in Colorado, 24 in New Mexico and 8 in Wyoming—have been listed for this federal disaster help.

This summer's Texas disaster area up to now is concentrated in the south central part of the state. It's much smaller than last summer, when it took in more than 100 counties and roughly the western half of Texas. But it may be enlarged. Gov. Allan Shivers had advised all dry parts of East Texas —a section that came through last summer in pretty good shape—to apply for needed help. And State Agriculture Commissioner John White said West Texas, which was helped most by the spring rains, is slipping back fast. He said some parts of West Texas are better off than a year ago only because anything is better than zero.

Two Solons In Close Races

Close congressional races in two districts showed up in returns of Saturday's Democratic primary.

Eight of Texas' 22-man delegation had opponents in their bids for re-election. Eleven were unopposed and three are retiring.

In far West Texas, Rep. Ken Regan, Midland, was in trouble. The 11 p.m. tabulation of the Texas Election Bureau, incomplete and unofficial, showed Regan with 7,894 votes and state Sen. J.T. Rutherford, Odessa, with 8,257.

In the 12th District, which includes Fort Worth, Rep. Wingate Lucas had 15,011 and Jim Wright, former Weatherford mayor, had 21,557.

In the seats for retiring congressmen, Wallace Savage, former state Democratic Executive Committee chairman, was leading in the Dallas district; state Sen. John Bell, Cuero, was leading in South Texas; and state Rep. Joe Kilgore, McAllen, was leading in the Lower Rio Grande Valley.

RUNOFF

Continued from Page 1

whom he defeated. In the last election. He was unopposed.

Wilson, who is actually Frank A. Wilson, farms in the Ennis Creek community. There are five Frank Wilsons in Scurry County. He had been county chairman once before, several years ago. Bennett is serving his second term as county chairman. Wilson has been a precinct chairman and was an alternate delegate to the state Democratic convention in 1950. Bennett had succeeded Haskell Beard as chairman.

Parmer will begin his third elective term. He had served a part of a term on appointment before that time after the death of Henry Ellerd, then commissioner. Robinson, was once a city councilman here. Last election, Parmer defeated C. N. von Roeder and Ilar Lewis.

Mrs. Pinkerton has been county treasurer since 1939. Last time she defeated Mrs. Dell Smith.

Wade, who led the ticket for election to comissioner of precinct No. 1, is seeking his first elective term. He was appointed early last year after the death of Walter Grant. Wade ran for the office in 1950 but was defeated by the one he later replaced. Knight is a former commissioner, having served eight years until Grant took the office. He was an unsuccessful candidate for the office that year.

Taylor will start his fourth term next year. He has also served as county tax assessor - collector. He is a former operator of a service station and grocery store at Ira. He succeeded F. C. Hairston, who was a candidate two years ago. Taylor defeated Hairston and C. E. McGaw last time.

Rosson is beginning his second elective term. He was appointed acting district attorney late in 1952 to replace Bob Davie, whom he had defeated in the election and who resigned shortly after and moved to Dallas.

Holt is also starting his second elective term. He replaced Keith Merrick, who also had been an unsuccessful candidate for district attorney and who resigned the county attorney's post and moved to Lubbock. Both Rosson and Holt actually began elective terms in January, 1953. Holt defeated George Killam in the last election.

Mrs. Weathersbee, unopposed for the last several years, has held the office since January, 1941.

Ikard will begin his third term. He was deputy assessor - collector before being elected. He has been unopposed each time and succeeded Holly Shuler, who had resigned and moved out of the county.

Davidson, unopposed this term, was opposed two years ago by Walter Holmes. Davidson will begin his fifth term, the first of which was appointive in February, 1947. He succeeded the late Pat Johnston, father of the incumbent county clerk of the same name. The elder Johnston had been elected justice but died soon after his term began.

Moore will begin his second term. He defeated four other candidates for the commissioner post last election. He was the only commissioner unopposed this time. He succeeded Ted Haney, who did not seek re-election.

Beavers is beginning his third four-year term. He succeeded Mrs. Mabel Brock in the office.

Estes will begin his third term as county surveyor. He was unopposed during the last two elections.

Carmichael will begin his second term. In the last election he defeated J. R. Jennings.

TWO

Continued From Page 1

shift in the loyalists' favor in Dallas county conventions.

The overall situation in big Harris county was difficult to appraise.

Presley Werlein Jr., a conservative, held a strong lead over Bob Tumber, incumbent and liberal, for the county chairmanship. But an unofficial and incomplete tabulation indicated the new county executive committee would have about 111 loyalists to 83 conservatives.

At Wichita Falls in North Texas, 18 precincts went to the loyalists, 17 to Shivers' forces. Loyalists held three rump conventions.

Conservative Democrats in Shivers' camp controlled a majority of precincts in Travis county but a battle for control of next Saturday's county convention appeared certain. Pro - Shivers delegates numbered 544, loyalists delegates 421. But a pro-Shivers county chairman, Trueman O'Quinn, was named.

At Corpus Christi, six precincts went to the loyalists and only two favored Gov. Shivers. But there were many other precinct conventions unreported in the county. Adjacent Aransas county's five precincts all went to the Shivers' camp.

Loyalists claimed a majority of precinct meetings at San Antonio but results were inconclusive. Latest indication was the Loyalists had won 57 of the 139 precincts, Shivers forces had won 39, and 43 were either unreported or inconclusive.

Schottland Approved For Post By Senate

WASHINGTON (AP)—The Senate today confirmed Charles Irwin Schottland of California as commissioner of social security in the Department of Health, Education and Welfare.

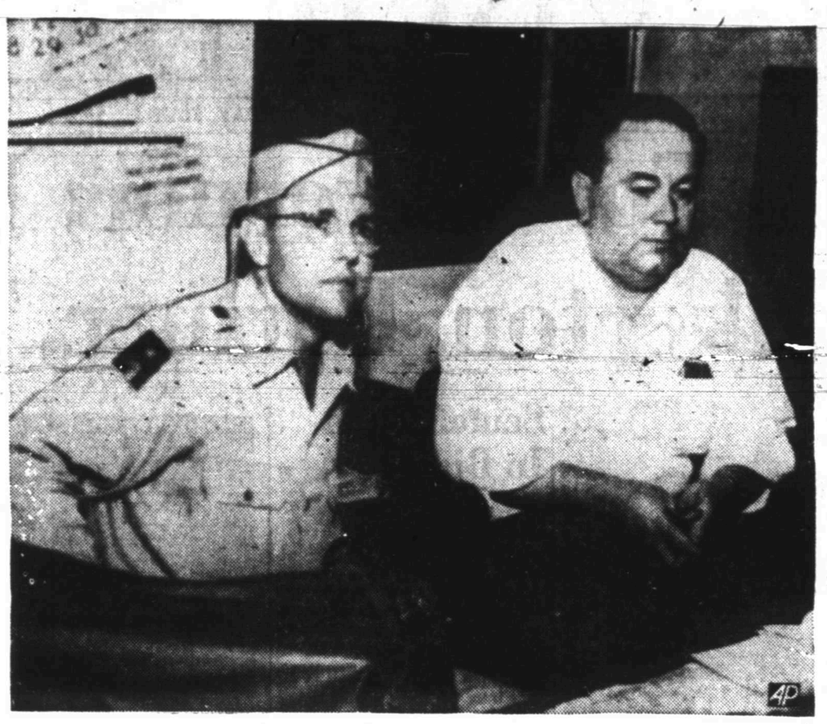

Also approved was the nomination of Andrew N. Overby for a new two-year term as executive director of the World Bank.

Sets Long-Distance Record For Voting

LUBBOCK, July 24 (AP) — T. J. Valles Sr., Lubbock used car dealer, may have set some sort of long-distance absentee voting record.

Valles mailed his ballot from Athens, Greece, July 15. He is making his first visit to his native land in 29 years.

His vote was counted today.

SHERIFF REMOVED

Russell County Sheriff H. Ralph Mathews (right) sits with Lt. Col. Jack Warren of Birmingham, an Alabama National Guardsman, at Phenix City, Ala. Mathews was ousted from office and Warren took over his duties as martial law was clamped on Phenix City, scene of violence involving police and alleged gambling interests.

Hanoi Natives Just Learning Of Cease-Fire

HANOI, Indochina, July 24 (AP)—Three days after the signing of a cease-fire pact at Geneva, the news that the 8-year-old Indochina war is ending finally filtered down today to Hanoi's cramped native quarters, its bazaars and black markets.

There were no celebrations, no smiles, and frowns, not even the mutters of discontent feared by the French. Peasants in the rice fields outside Hanoi seemed equally uninterested in the peace settlement turning over North Viet Nam to the Communist-led Vietminh.

North Viet Nam's three - man governing committee appealed to the people to keep calm, but it appeared unnecessary.

Guns on the fighting fronts subsided as the Tuesday cease-fire neared.

"The Vietnamese can't have much less under the Vietminh than they have had and have now under us," a veteran French resident here said. "Unless they are Catholics, with a fear of religious persecution under communism, why should they care who has North Viet Nam?"

Ho Chi Minh's Vietminh agents were working to persuade as many Vietnamese as possible to stay when the French pull out. The Vietminh need the rice grown by the peasant farmer, the merchandise in shops, and the labor of the half million residents and refugees now crowded into this city.

The Vietminh radio repeatedly assures residents of North Viet Nam they will not be harmed and their property will not be confiscated if they stay. These appeals are directed partly to Hanoi's 10,000 Chinese, many of whom are merchants, shopkeepers and moneylenders.

So far some 3,000 Chinese have turned deaf ears to the Communist appeals and have registered for evacuation to Haiphon and Saigon aboard transport planes chartered by the Nationalist Chinese regime at Formosa. More are registering every day, but as many as 5,000 may elect to stay.

One Chinese restaurant owner voiced the prevailing feeling:

"Maybe I leave and go to Saigon," he said. "What good is that? In two, three, or four years, the Vietminh will have South Viet Nam also. Maybe I better just stay and go about my business here as best I can do."

The Chinese Nationalist - sponsored evacuation is as yet the only such mass program under way. French civilian authorities plan to move to Saigon Saturday or Monday a group of Roman Catholic nuns and sisters now working in Hanoi, but the main movement of Hanoi's French citizens will not begin until the last of next week at the earliest.

GOVERNOR

Continued From Page 1

of the attorneys who petitioned to have Laughlin removed, was ahead by a hundred votes as midnight neared—4,302 to 4,202.

Shivers and Shepperd pushed state investigations into the financial affairs of Duval county; scores of former officials have been indicted.

Parr bitterly said it was all "politics."

The see-saw struggle between Yarborough and Shivers as the votes were counted Saturday night was as hectic as their campaigns—when each loosed verbal thunderbolts at the other.

Johnson, Senate minority leader, said he probably wouldn't have any comment until later. He stayed in Washington during most of the campaign and was embroiled in a Senate battle over atomic energy election night.

The bulk of the votes cast Saturday were in the Democratic primary.

Forces backing Shivers—the conservatives—seized control at precinct conventions that got over early. But most of the "grassroots" gatherings of politics unfolded Saturday night. Many were heated as the two factions met.

There was almost no campaigning by Republicans. The unopposed candidate for U.S. senator was Carlos Watson of Brownsville, a long-time GOP leader.

Thomas R. Nolan, San Antonio, won the congressman - at - large nomination to oppose Democrat Martin Dies of Dufkin, also unopposed.

Harry W. Linderman, Houston, was the GOP candidate for state agriculture commissioner.

In the past, the Democratic nomintaion has been tantamount to election.

Taxicab Drivers Are Arrested In Houston

HOUSTON, July 24 (AP)—Nine Negro taxicab drivers were arrested last night by federal agents and city police in raids which P. A. Williams said broke up a $250,000-a-year marihuana ring.

Williams, district supervisor of the Federal Bureau of Narcotics, said the raids were the result of six weeks of undercover work by three federal agents.

Four cabs were confiscated.

Williams said all nine cab drivers have been charged with violation of federal narcotic laws.

North Half Of Nation Has Pleasant Weather

By The Associated Press

It was pleasant and cool over most of the northern half of the New England and Missouri, and it was cloudy in the Southwest.

Considerable cloudiness prevailed over the Southwest, extending from Southern California and Arizona northeastward to Utah and Colorado.

In the South it was still hot. Temperatures in the high 90s and in the 100s were reported over the southeastern Great Plains.

Wheat Vote Brings Clash

WASHINGTON, July 24 (AP)—Clash opinions were heard tonight on the meaning of a referendum in which wheat farmers voted for marketing quota controls on their 1955 crop, though the percentage in favor was a record low.

Agriculture Secretary Benson and Sen. Aiken of Vermont, chairman of the Senate Agriculture Committee, said the vote shows farmers recognize the serious problems posed by great wheat surpluses.

Benson and Aiken said rigid price supports have helped pile up the surplus by encouraging needed production, and that farmers are in a mood to make adjustments. Aiken said the vote helps set the stage for the flexible system of price supports favored by Eisenhower. Under this system supports would go up in times of scarcity to encourage production, and decline in times of surpluses to spur consumption.

But Sens. Clements (D-NY) and Humphrey (D-Minn) contended the referendum was a demonstration of approval for the present 90 per cent of parity price supports. Humphrey called it "a resounding rejection of the oft-repeated administration claim that farmers would prefer a 'free market' to 'controls.'"

State Draft Quota

AUSTIN, July 24 (AP)—A state draft quota of 1,060 for September was announced today by State Selective Service. It is Texas' share of a national call for 23,000.

Local Youth's Prison Term Is Suspended

Almost half of his two-year suspended sentence has already been served in the Fisher County jail by Floyd Gilbeth, 17, Snyder youth found guilty on a charge of burglary in 104th district court at Roby Friday.

Gilbeth had been in the Roby jail for eight months without anyone having requested that a trial date be set for him.

He was found guilty of burglary last November of the C & C Drug Store in Rotan.

Selection of the jury for Gilbeth's trial began at 9:40 o'clock Friday morning in the court of Owen Thomas, district Judge. The case went to the jury at 4:20 o'clock Friday afternoon, and the jury reached its verdict at 4:45 o'clock that afternoon.

Gilbeth entered a plea of not guilty. He took the witness stand at 2 o'clock Friday afternoon and stated that on the night of the alleged burglary he was on a road traveling between a town in California and Flagstaff, Ariz., and that he had not been in Rotan since 1948. He said the three boys charged with him were his traveling companions.

The other three boys, John Tarleton , Jr., of Snyder, Huey J. Pitts, and Benny Bolton, Dallas, escaped from the Roby jail after beating up Fisher County Sheriff R. L. Wilkins.

Bolton is serving a term in the state penitentiary for the jail break and Pitts and Tarleton are in jail in Lubbock.

Gilbeth's testimony Friday refuted a written statement which he signed Dec. 8, which the state entered as exhibit one. That statement was made before the other three youths escaped from the jail.

In the statement read by the state, Gilbeth gave detailed description of the burglary with which he was charged and which he said was committed by himself and John Tarleton. The other had nothing to do with the burglary, according to the statement.

In a later statement which was made after the other three youths escaped from the jail, Gilbeth refuted all the contents of the first statement.

Defense attorneys for Gilbeth were F. C. Auforth, Snyder, and Caly Coggins, Roby. Prosecuting attorneys were Tom Todd, Abilene, 104th district attorney, and H. F. Grindstaff, Fisher County attorney, of Rotan.

Judge Thomas said that he though that the eight months Gilbeth has served in the jail was sufficient purlishment for the offense considering the extreme youth of the defendant, and that the judge hoped it would be a lesson to him. He put the defendant under a $500 personal bond and instructed that he report to the court every six months until the two-year-period has ended.

Juveniles Picked Up After Film Is Stolen

Two juveniles were apprehended yesterday morning by Bill Love, sheriff's deputy, in connection with the theft of a roll of film valued at $220 from the Trail Drive-In Theater.

Love turned the two boys, one 10 and one five years old, over to Bill Ballard, county probation officer.

The film was reported missing Friday by the theater management. The film had been left in the rest room at the concession stand in the theater by a film service, and it was reported missing from there. Love found the film hidden in Deep Creek at Avenue Z. By house - to - house canvass around that area, he found the two boys, who live in the south part of Snyder.

Short Circuit Cause Of Run For Fireman

Firemen were called to a residence at 511 Twenty-seventh Street about 8:30 o'clock yesterday morning, but only smoke was found when the firemen arrived.

A short circuit in an air conditioner motor caused the motor to smoke, and the air conditioner fan filled the house with the smoke, Ivan Gatlin, fire marshal said.

Gatlin said the only damage was to the motor, which quit smoking when the current was turned off.

Five Persons Killed When Plane Explodes

IRONTON, Mo., July 24 (AP)—A twin-engine plane exploded while in flight over this hilly and wooded section of southeast Missouri today, killing all five persons aboard.

State Police Sgt. Hardin Smith said only two bodies had been recovered.

Sgt. Smith identified these two as Lt. Robert I. Callahan and Pvt. Kenneth M. Vandenberg, both attached to the 5th Armored Division at Camp Chaffee, Ark., near Ft. Smith.

SENATOR RELAXES

Sen. Homer Ferguson (R-Mich.) poses with a newspaper in the sunshine outside the Capitol in Washington Friday morning. He said this bit of relaxation marked the first time he had been outside the building since the Senate's marathon debate on the atomic energy bill started Wednesday morning, some 48 hours earlier.

Russians May Have Problem In China

By WILLIAM L. RYAN
AP Foreign News Analyst

World communism is claiming victory from the Geneva conference, but Soviet leaders may well have unspoken misgivings. They must be worried about this problem:

How strong can they let Red China become?

Three months ago, Red China's polished, smiling Premier and foreign minister, Chou En-lai, was just a big man in China. Today he is a big man on the world stage. And, on top of that, his performance at Geneva eclipsed that of Soviet Foreign Minister V. M. Molotov.

At the moment, Chou seems to have assumed the role of master of continental Asia and spokesman of an Asia-for-Asians policy.

The Soviet Union, with its 210 million people, can stand in awe of the tremendous latent power in China's 600 millions. But the Russians at the same time must, willy-nilly, push Red China toward the realization of her ambitions as a world power.

The Russians historically have no love for power on their borders. Balkan Communists once dreamed of a South Slav federation. The prospect of a strong federation next door, with its possible attraction for non-Russian areas of the Soviet Union, frightened Moscow. The inspirer of the idea, Yugoslavia's Marshal Tito, was read out of the Communist family as a heretic. In the other countries, men who espoused the idea were killed.

The Russians, while hailing the results of Geneva, won far less there than the Chinese did. Russian gains were in the possibility of weakening collective Western defenses and driving wedges between the United States and its allies.

But Chou En-lai pushed Red China onto the international stage as a power in her own right.

There was a hint in Chou's various post-Geneva statements that the Russians were politely invited to stand aside in Asia. He said:

"In the interest of safeguarding the collective peace of Asia, it is our opinion that the nations of Asia should consult among themselves and cooperate with each other on the basis of principles of mutual respect for territorial integrity and sovereignty, nonaggression and noninterference in each others' affairs, equality and mutual benefit and peaceful coexistence. In addition we are ready to strive jointly with other nations outside Asia who cherish the same object."

While the Soviet Union occupies a large slice of Asia, the Russians are not Asians. Are they among those "others" whom the Chinese wave to the sidelines?

Fighter Planes Guard In Rescue Operation

TOKYO, Sunday, July 25 (AP) — U.S. fighter planes, presumably from carriers, flew protective cover while a Navy rescue plane taxied within 100 yards of Red China's Hainan island Friday and picked up survivors from a raft after a British airliner was shot down there.

Today's U. S. Air Force announcement of the rescue move said nine survivors were plucked off a life raft but one died on the way to the hospital.

"The pilot of the airliner said that all other persons had been killed by gunfire or by the impact of the landing," said the air force statement.

Pipe Line System In Oklahoma Is Sold

NEW YORK, July 24 (AP)—Sale of Interstate Oil Pipe Line Co.'s crude oil gathering and trunk line facilities in Oklahoma was announced today by George A. Wilson, president of Interstate.

Purchaser of the new system is the Cherokee Pipe Line Co., organized for this purpose and jointly owned by Cities Service Oil Co. and Continental Oil Co. Effective date of the sale is Sept. 1.

At the same time William A. McAfee, president of Ajax Pipe Line Corp., announced that the Cherokee Company would purchase the Ajax crude oil lines from Glenn Pool, Okla., to Wood River, Ill., near St. Louis.

The volume of traffic in Connecticut was 2.4 per cent higher in February 1954 than in the same month of 1953.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD HOSPITAL

Admissions: Mrs. J. W. Rogers, Snyder; Joe Bevel, 607 Twenty-ninth Street; Marshall Dobson, Snyder.

Dismissals: Mrs. R. P. Ware, 508 Thirty-third Street; B. M. DeLoach, Snyder, route 3; Jess Stephens, Snyder; John W. Miers, 1406 Twenty-first.

COGDELL HOSPITAL

Admissions: Mrs. Sherman Armstrong, Hermleigh, route 3, surgery; L. V. Roscoe, Ira, medical; Johnny Ray Gaurcia, 3302 Avenue K, medical; Mrs. George Landreth, 1702 Avenue R, medical.

Dismissals: Mrs. R. L. Owings and baby, 3009½ Avenue N; Mrs. J. H. Rollins and baby, Snyder, route 1; Sally Glover, 317 Thirty-fifth Street.

BIRTHS

Mr. and Mrs. T. G. White of Snyder are parents of a daughter born at 7:31 o'clock on the morning of July 16, in Garza Memorial Hospital at Post. The baby, who was named Karmen, weighed six pounds, 15 ounces at birth.

Fire after the 1923 Tokyo earthquake killed an estimated 65,000 people.

Judge Says Duval Must Have Auditor

SAN DIEGO, Tex., July 24 (AP)—Judge Maxwell Welch has ruled that the Duval County commissioners court cannot abolish the office of county auditor.

Yesterday the judge told the court it could not eliminate the office because the county was in the $15,000,000 evaluation bracket. The court was ordered to approve Donato Serna's bond when it was presented. Serna was named auditor May 25 by Judge A. S. Broadfoot.

On April 5 the commissioner's court had voted to abolish the office. Broadfoot ignored the action at that time.

Dry Spell Begins To Affect Cotton

Farmers have found they can get by without lots of things, but one thing they can't give up and still raise a crop, at least those who do not have irrigation, is rain.

They have been doing without rain for three years, but they haven't been raising a crop. Hopes have been high this year, because rains fell just right for awhile, and farmers are hoping that will continue.

The rain, however, is overdue now in much of the county, and cotton and feed is beginning to get thirsty. There is only one area in the county of any size which can now be called the "garden spot," according to county agent Oscar Fowler, and that is the Fluvanna region. Fowler did not say the Fluvanna area could not use rain, but he did say that the cotton there is not hurting and that the feed is still in fair shape.

Generally, Fowler said, the April and early May feeds in the county are severely damaged and are past the time when rain can help. Some of them are going to make a crop and some are not. That which will make is now ripening.

Most of the cotton, possibly all of it, would respond to rain, Fowler said. Much of it is now wilting in the heat, and some of it is already blooming in the top and is doomed. Except for a few areas in the county, such as around Fluvanna, the cotton has had no effective moisture since planting time.

The east part of the county is the hardest hit by the dry weather, Fowler said. Whether the cotton can survive much longer without the rain depends on whether the days stay hot and windy. The hot, dry wind saps the moisture out of the ground.

About 85 per cent of the cotton in the county should be in the squaring stage now, the agent said, adding that this is the time when the cotton needs the moisture most.

Practically all the farmer can do is wait. Most of the plowing has been rounded up, Fowler said, adding that some hoeing is still going on. There is a limited amount of poisoning of insects. The fleahopper is the worst insect now bothering cotton, while a few farms have had bollworms.

FARM AND RANCH

Speed is important in farming operations, especially when it means covering large acreages rapidly before weeds and grass have taken over a crop.

For several years, cotton farmers have been using a rotary hoe at speeds up to six miles an hour, but this spring H. E. Rea, of Texas Agriculture Experiment Station, has made a race track out of the cotton patch.

He has perfected a two-row trailer-type rotary hoe which has been successfully operated over one-week-old cotton at 18 miles per hour. He said 95 per cent of the cotton hoed with the machine suffered no damage from the operation. Later, after rains brought weeds and grass, the new machine successfully hoed cotton five weeks old at six to eight acres per hour.

EARLIEST CROP

Arthur Lee Pieper and Walter Stirl of Hermleigh have the conservation habit, according to Jake Hodges, soil conservationist here. Pieper built three miles of terraces on the place he farms and did some stubble mulching tillage of wheat land. He turned out the earliest wheat crop in the Upper Colorado SC district this spring and averaged 23 bushels per acre.

Stirl works on terraces annually after watching the action of water during the year. Also a wheat grower, he harvested an average of 20 bushels per acre this year. He said he prefers wheat over maize because wheat is harvested in the spring and is always out of the way during other cropping operations. It also furnishes cover for the land during the blowing season, he said. He has a cropping plan which includes 40 per cent cotton, 40 per cent high residue crop such as maize or sorghum, and 20 per cent winter cover crop, like wheat or oats. He is getting better results from 7078 maize this year over other varieties of combine maize. Stubble mulching is one of his regular practices, and he believes it is the best to use to prevent loss of soil and water. In addition, he has a small planting of blue panic grass and is interested in it from the seed production standpoint.

NOT BETTER

The Texas agriculture experiment station has concluded that buffelgrass, a native of Africa, produces good yields but is not superior in general to other good summer grasses. The station made this announcement after two years of tests with the grass.

Yield tests were made with 12 introductions of the buffelgrass. Results so far show that rotation-type grazing will give the best sustained production from buffel.

LOCAL NOTES

Eugene Schattel, who farms several hundred acres of land in this area and who raises more wheat than any other farmer in the county, is doing stubble mulch tillage this summer with a Hoeme-type plow. This method leaves all residue on or near the surface and loosens the soil for better penetration.

Wayne Eubanks of the Ira community uses black eyed peas in rotation for a summer legume. He has several acres planted solid in peas, as well as other acres planted four rows cotton and four peas. Peas are a good soil builder when inoculated with a nitrogen-forming bacterial culture. They should be turned under as a green manure crop and plowed into the upper six inches of the soil.

Jake Green has plans to pit about 200 acres of rangeland with the Upper Colorado SCD's pitting machine. On pitted land water is stored in pits about six inches wide, four inches deep, and 24 inches long.

Will Merritt, wanting more grass on the 40-acre pasture in front of his house, figures on giving the grass a chance by getting rid of more mesquites. He plans to use a dozer on several acres of the thickest mesquites before reseeding with the better native grasses.

FFA Members Back From San Antonio

Delegates to the state convention of the Future Farmers of America returned Friday night from San Antonio, where the three-day convention was held.

They were Elwyn Weathers, past president of the local FFA chapter, and Carl Burns, who is now secretary. Accompanying them was H. K. Goforth, agriculture instructor at the high school here.

The convention elected state officers and a state sweetheart. The sweetheart is Mary Nell Banks of Waxahachie, while the president is Bill Risinger of the same town. Bud Hale of Lamesa, the candidate from Area II for the state presidency, is a vice-president.

The local FFA chapter had a regular meeting scheduled for Aug. 3. Mickey Dan Hardee is local president.

Rice Farmers Using Planes For Planting

By SAM WHITLOW
Texas Editor
The Farmer-Stockman Magazine
Written For The Associated Press

BEAUMONT, July 24 (AP)—The airplane has become standard Farm equipment in this vast coast-which extends westward from the all rice producing area of Texas, Louisiana line to Victoria.

Planes flying low over rice fields have become a common-place sight in planting rice, and in applying fertilizers, insecticides and weed killing chemicals.

The Texas Agricultural Experiment Station estimates 105,000 acres of rice were seeded by plane in 1952, and 110,000 acres in 1953.

For Texas as a whole, the airplane is playing a more important part in agriculture. Fred Weick, director of the aircraft research center, at Texas A&M, says some 900 planes are in use helping Texas farmers. These planes are operated by commercial organizations and do custom work for farmers.

Weick said the Lower Rio Grande Valley in Texas has the greatest concentration of Farm planes in the nation, where 80 to 90 per cent of all agricultural chemicals used there are applied by planes. These planes are used largely in spraying and dusting operations, especially on cotton.

In applying chemicals, and in planting operations, the planes fly low over fields and spread their cargo.

Planes have wide and varied agricultural uses, ranging from hunting coyotes from the air to seeding clouds for rain-increase purposes. In many parts of West Texas, planes have spread chemicals over thousands of acres for brush control. Planes are also used to fly overland for the purpose of evaluating it, and for checking on livestock, water holes and fences on large ranches.

Farm Safety Week Opens

This week, beginning tomorrow, is farm safety week, according to the Department of Agriculture, which has been observing the special week for 10 years.

The department and the National Safety Council are joint sponsors of the week. The department said this week that the number of fatal accidents to farmworkers is greater than in any other occupation in the U. S. and that serious injuries are almost 85 times as many as the fatalities.

Last year, about 15,000 persons died from occupational injuries, and 3,800 of those were in agriculture. Second highest was 2,500 in construction.

According to available information, 700 of the fatal farm accidents involved wheel tractors, one-third of the fatal tractor accidents reported involved persons under 20 years old. One case in 10 involved a child under five.

Fair Sets Premiums For Four Horse Shows

DALLAS, July 24 (AP)—The State Fair of Texas announced today that a total of $10,910 in premiums would be offered in four horse shows presented during the 1954 exposition, Oct. 9-24.

The awards will include $3,840 for the quarter horse show, $2,070 in the Palomino show, $2,000 for the open cutting horse contest and $3,000 for Shetland ponies.

Recession Is Due To Ease

AUSTIN, July 24 (AP)—The business recession in Texas has hit bottom and a slow recovery is in prospect, the Texas Business News said today.

The University of Texas Bureau or Business Research publication said that several weeks of stabilizing may be expected "before fall months bring their usual seasonal upturn."

May and June saw the first wage and salary increases in nearly a year, but oil allowables were at their lowest point in two years and the blast of drouth was still being felt.

Recovery may be "somewhat retarded," the bureau said, because of the adverse factors.

With 2,865 retailers reporting, a total June sales equalled May but they were 4 per cent down from last June. For the first half of 1954, total sales were off 7 per cent.

Much of the normal summer business inactivity was offset by stepped up promotion and sales featuring bargains attractive to buyers.

Huge Industrial Plant Plans Move To Tyler

CHICAGO, July 24 (AP)—The Union Asbestos & Rubber Co. announced today purchase of a plant in Tyler, Tex., to replace facilities in McGregor, Tex.

The newly-purchased plant is a 50,000 square-foot, one-story frame building. It will be used to produce insulations now being turned out in the McGregor plant, which has been taken over by the Air Force.

The company said the majority of personnel needed for the Tyler plant will be hired from the local area.

The house in New Haven, Conn. where Ethelbert Nevins, composer of "The Rosary" and "Mighty Like a Rose" died, is marked with a bronze plaque.

Two Patrolmen Killed When Plane Crashes During Big Roundup

MCALLEN (AP)—William F. Bucklew, 35, and Donald Kee, 42, border patrolmen, died yesterday in a light plane crash near Rio Grande City.

The men were working on the roundup of Mexican aliens illegally in the United States. The plane, piloted by Bucklew, was flying at low level and suddenly dived into the river and burst into flames.

Patrol officials said 10 Mexican wetbacks just arrested by a ground unit plunged into the river to try to save the fliers. Four Mexicans were hospitalized for burns.

Bucklew was from Laredo and Kee from Mission. Each is survived by a widow and two children.

M. E. Huff, left picture, receives the district Pony League championship trophy for his Midland all-star team from Wayland Holt, county attorney here, after the Midland team beat Snyder Friday night in a second shutout game 8-0. It had won the first 10-0. Bill Morgan, left, a Pony League team manager, holds the microphone. Huff will now take his team into a bi-district game which will determine championship of West Texas and New Mexico. Above, Mickey McGrew, Snyder left fielder and top batter for the team in the playoffs, strikes out as last at bat for Snyder in the game. He was batting .875 in playoff games after Snyder had downed Colorado City and Lubbock. After the Midland games, his average for the playoffs were down but still standing at .500 The Midland catcher is Gary Samford. The umpire is Shorty Lawson. (Lee Watson photographs)

SPORTS

Army Links Meet Is Set

WASHINGTON, July 24 (AP)—The annual All-Army golf tournament gets under way at the Woodmont Country Club in nearby Maryland Tuesday with Cpl. Billy Maxwell, former national amateur champion, a topheavy favorite to win the open division.

Maxwell won the amateur title in 1951 and once shot a spectacular 65 in winning the Southern Intercollegiate tournament.

His sharpest competition is expected to come from Cpl. Claude (Buster) Reed, runnerup in the All-Army tournament last year and once a teammate of Maxwell at North Texas State College.

Both Maxwell and Reed represent the Fourth Army, one of the eighth military divisions entered in the team play in the All-Army tournament.

In addition to the 72-hole open event and the team play, the Army has arranged a special match play competition for seniors. Only those over 45 years old are eligible. Lt. Gen. Floyd Parks, commanding general of the 2nd Army at Fort Meade, Md., has won the seniors event for the past two years.

Tom Nieporte, winner of last year's open event, is no longer in the Army and thus is not eligible to defend the title he won last year when he gained a 72-hole total of 295, three strokes under Reed.

While Maxwell and Reed make the Fourth Army the favorite in the field, it is expected that the Fifth Army squad will make it close.

Cpl. Monte Sanders, who played at North Texas with Maxwell and Reed, is on the Fifth Army team along with Cpl. John Gruenther Jr., last year's Pennsylvania State champion.

Golfer Gene Littler finished second in the Insurance City Open at Wethersfield, Conn., and the next week tied for second in the Motor City Open in Detroit. He lost a total of $2,150 in prize money in the two events because he was serving his sixth months probationary period as a pro.

Midland's Pony Team Takes District Title

Midland's Pony League all-stars are one step more toward the Pony world series after taking the district championship here from Snyder.

Friday night, the Midland crew shut out Snyder 8-0 for the second win of a two-out-of-three series. They had won the night before 10-0.

Taking this championship was a big leap for Midland. From here the team will go into a bi-district game next week, playing a district champ from west of here. The title for that district was being decided this week end by competing clubs from New Mexico and the Texas Panhandle. The winner of the bi-district game will go into the five-stage regional playoffs at Abilene Aug. 5-7, and that tourney will send its champion to the world series.

Now that the all-star team has no more playoffs, the Snyder league will settle down to finishing its local schedule, according to Forrest Beavers, president.

Six more nights of play remain on the schedule. The league will resume play Tuesday night, with the Lions Phillies to meet the Scurry Butane Dodgers and the Courthouse Tigers matched with the Von Roeder Red Sox. The league is now tied up four ways in the second half, each team with a 2-1 record.

Friday night's game took an unusual twist for four innings. Dick Hayes, the starting and losing pitcher, hurled no-hit ball through those four innings but was four runs behind. Midland got three of those runs in the first inning on errors. Another followed in the third, with the runner making first on an error and later stealing home. During that frame, the Snyder stars pulled a double play. The one run was already across the plate and there was one out. One runner was on second. Gary Samford, Midland catcher, hit the ball to Hayes, who caught it on the mound and threw to third baseman Neil Boyd, who put the runner out on his way to third.

Snyder already had one hit in the game, a single hit by Hayes in the third. Hayes came near getting a score for Snyder, trying to steam home on a passed ball, but Samford was barely in time to put him out. In the fifth, Midland finally began to hit. Singles were hit by Freddie Hedges and Elton Howard. Howard brought Hedges on his hit, and Howard came home on an error. The Midland team got another hit in the sixth, a single by Billy Brown. Snyder had gained its second hit in the fifth when Roe Lashaway singled but was on first when the side was retired.

Hayes pitched until one was out in the seventh. Up to that time, he had struck out eight and given up three hits. He had walked three, then he walked two more in the seventh. He was relieved there by James Patterson. Patterson's first batter was Howard, who doubled to bring in the two runners. The next two batters, however, were put out, one on a catch by shortstop Gale Courtney and the other on a strikeout. That retired the side.

Howard, who pitched the whole game for Midland, put on a top performance. He struck out 13. He had three in a row in the first, two in the second, third, and fourth, one in the fifth and sixth and two in the seventh. He gave up only two hits and walked only one. Midland did not commit an error in the game. Snyder had five.

Members of the Snyder-all-star team were Earl Burleson, Roger Hensley, Gary Vice, A. L. Minica, Jimmy Allen, Ronnie Baker, Bud Morgan, Mickey McGrew, Roe Lashaway, Gale Courtney, Neil Boyd, George Williams, Dick Hayes, James Patterson and Maxey Carey. Eddie Hight was manager of the team, and Jeston Corbell was coach. The squad beat Colorado City 17-0 and Lubbock 6-1 in preliminaries. Lubbock had downed Sweetwater 12-2.

Season Play Ends For Little League

The Little League rounded up its season schedule Friday night when the American Legion Yankees downed the Quarterback Giants 7-2.

The league, which had planned playoffs for the league championship, has called off those playoffs because of all-star games coming up. For the second half, the Yanks came up tied with the Holder Indians for first place, each team with an 8-2 record. The Yanks were champs of the first half. The Rotary Cardinals were next with 7-3, then the Kiwanis Braves with 3-7. The Giants and Lions Cubs were tied for last place with 2-8.

For the entire season, records are 17-2 for the Yanks, 15-5 for the Indians, 11-9 for the Cardinals, 10-10 for the Braves, 4-15 for the Cubs, and 2-18 for the Giants.

The Friday night game between the Yanks and Giants went scoreless for three innings. In the fourth, the Yanks broke loose for four runs. Bobby Wilkinson led off with a double, with Jerry Guthrie getting another double soon afterward. Ronnie Wylie then walked, and Steve Free doubled. All four of them got runs. In the sixth, the Yanks got three scores on two singles and two walks. The Giants gained two runs in the sixth on one walk, a fielder's choice, an error, and a double by Barry Walker.

Richard Mahan pitched the victory. Going four innings, he allowed one hit, struck out seven, and walked none. Finishing the game was Norman Gladson, who struck out four, gave up two hits, and walked two.

The loser was Roland Key, who went all the way to allow 10 hits, fan four, and walk five.

All-Star Squad Is Named To Represent City Little Loop

All-stars of the Little League here have been chosen and were announced this week by Speedy Moffett, league president.

Skipper Joyce, manager of the American Legion Yankees and Bill Roberts, manager of the Holder Construction Indians, will be managers of the all-star team. Joyce's team was champion of the first half of the league. His team and Roberts' team tied up for first in the last half.

The all-stars will enter their first playoffs in Lamesa Aug. 2-4. That will be the area IV tourney, with Lamesa and the two Big Spring leagues also participating. On Aug. 5-7, the champion of that area and the champs of three more areas will come here for the District II tournament. Other leagues in this district are Childress, Plainview, three Lubbock leagues, four Midland leagues, Merkel, Colorado City, Sweetwater, and Rotan.

Following the district tournament will be a sectional tourney at Carlsbad, N.M., Aug. 9-11. District champions from tournaments held at Snyder, Carlsbad, Cisco, and Pecos will go there. Sectional champions will go to the regional tournament at Austin Aug. 16-19, and the regional champ will go to the Little League world series at Williamsport, Pa., Aug. 24-27.

Members of the all-star team are:

Richard Mahan, Yankees, batting .407, has a 5-0 pitching record. Has pitched 42 innings for 21 hits, 78 strikeouts, and 18 walks. Has led the league in home runs with nine. Also has two doubles and one triple. Leads league in extra base hits with 12. Struck out most in one game during the season with 15.

Norman Gladson, Yankees, has 11-2 pitching record, with the most wins in the league, batting .148. Has pitched 27 innings for 29 hits, 91 strikeouts, and 19 walks. Has hit two home runs and one double.

Richard Samuelson, Yankees, batting .278, has hit one home run and leads the league in doubles with eight. Has 1-0 pitching record. In 10 innings, he has given up nine hits, struck out 14, and walked eight.

Ronnie Wylie, Yankees, batting .144. Has hit one home run and one double in league play.

Steve Free, Yankees, batting .238. Has pitched two innings for no hits, two strikeouts, and three walks. Has hit three doubles.

Jerry Fleming, Braves, batting .245. Has hit five home runs and five doubles during the season.

Phillip Johnson, Braves, batting .350. Has hit two home runs and three doubles. Has pitching record of 6-4. Has pitched 60 innings for 52 hits, 54 strikeouts, and 26 walks.

Mike Moffett, Cardinals, batting .415 to lead the league. Has hit five doubles and one triple. Has 5-3 pitching record. Has pitched 39 innings for 41 hits, 45 strikeouts, and 23 walks.

Foy Dennis, Cardinals, batting .340. Has hit five doubles and one home run. Has pitching record of 4-5 and in 58 innings has given up 43 hits, struck out 82, and walked 24.

Doug Brunson, Giants, batting .236. Has pitching record of 2-8. In 52 innings has allowed 62 hits, struck out 56, and walked 40.

Tim Roberts, Indians, batting .196. Has hit two doubles. Has pitching record of 7-3. Has pitched 59 innings for 44 hits, 86 strikeouts, and 22 walks.

Ronnie Jones, Indians, batting .321. Has hit five home runs, one triple, and three doubles. Has pitching record of 6-2. Has pitched 50 innings for 46 hits, 72 strikeouts, and 26 walks.

Larry Patterson, Indians, batting .263. Has hit four doubles during the season. Led the league in batting several times.

Jerry Minica, Indians, batting .226. Has hit two doubles during the season.

Meyer Resigns As Dallas Team Pilot

DALLAS, July 24 (AP)—Dutch Meyer resigned today as manager of the Dallas Eagles of the Texas League and was succeeded by Les Fleming.

Meyer, midway through his fourth season at the helm of the Eagles, resigned after a conference with Dick Burnett, Dallas oilman and sportsman who owns the Eagles.

It was apparently an amicable, joint agreement.

Burnett said Meyer will continue to work for him drawing the same salary, as a baseball scout "and maybe in my oil business, too."

It was believed the move was made to get the Eagles back on the winning track. After winning the pennant and Dixie Series last year, the Dallas club is now in last place, despite some hefty talent purchases.

Fleming will be making his second try at managing in the Texas League this year. He started as manager of the Beaumont Exporters but was deposed in mid-June and succeeded by Mickey Livingston.

A few days later, Fleming, then and now the league's leading hitter, was sold to Dallas along with Buzz Clarkson, for $20,000 and three players. It was the biggest deal in the league's history.

Meyer said he was quitting "for the good of the ball club."

"If it was just me," he said, "I'd like to battle it out. But I feel like maybe someone else could do a better job. The fans have been complaining. They expect a change and they'll welcome this one.

"I tried everything I know how to try and nothing seemed to work."

He put in a plug for Fleming, who was one of the outstanding players in last night's North-South all-star game at Fort Worth.

"Les will do a good job. He's gone out there and played hard every minute. I've never seen anybody hustle so much. I think he'll be able to pull the team up some."

BASEBALL

NATIONAL LEAGUE

SUNDAY'S GAMES

Pittsburgh at Cincinnati (2)—Friend (4-8) and LaPalme (1-6) vs. Judson (4-3) and Perkowski (2-7).
New York at Milwaukee—Antonelli (14-2) vs. Wilson (7-0).
Philadelphia at Chicago (2)—Greenwood (0-1) and Dickson (7-10) vs. Rush (6-11) and Minner (5-6).
Brooklyn at St. Louis—Roe (3-3) or Loes (4-3) vs. Haddix (14-6).

AMERICAN LEAGUE

SUNDAY'S GAMES

Detroit at Washington—Gray (1-3) vs. Shea (0-8).
Baltimore at Philadelphia (2)—Turley (7-10) and Larsen (2-12) vs. Porticarrero (6-9) and Dixon (3-5).
Cleveland at New York—Garcia (12-5) vs. Ford (9-6).
Chicago at Boston (2)—Harshman (6-3) and Johnson (5-5) vs. Nixon (8-7) and Brewer (6-5).

Athletics In Triumph

PHILADELPHIA, July 24 (AP) — Philadelphia held a slight advantage in the battle for the American League cellar today by defeating Baltimore 6-5 and dumping the Orioles back into last place where the Athletics languished overnight.

The junior national sailing championships will be held at the Macatawa Bay Yacht Club, Holland, Mich., beginning Aug. 30.

Johnny Antonelli of the New York Giants pitched and won a 13-inning game against the Cincinnati Reds in heat that went to 110 degrees on the field at Cincinnati, O., then hustled into a streaming cold shower. Antonelli said he felt strong all the way and that it was a great one to win.

Braves Nudge Giants Again

By CHRIS EDMONDS

MILWAUKEE, July 24 (AP)—Billy Bruton lined a single to right with two on and two out in the eighth inning off reliefer Marv Grissom today to give the Milwaukee Braves a 5-4 victory over New York, their second straight one-run verdict from the National League leaders.

Willie Mays, back from his aunt's funeral, cracked his 34th homer with Monte Irvin on in the eighth to tie the score after Eddie Mathews had belted his 25th with one on in the third. Mays' poke assured him of a new league record for homers through July. The old mark was 33 set by Hack Wilson of Chicago in 1930, the year he set the league record of 56 homers for the season.

A crowd of 37,768 watched veteran Warren Spahn hurl his 10th triumph of the year. Don Liddle, a former Brave, started for the Giants but the loss was hung on Al Corwin, third of four Giant pitchers with two on in the eighth.

Indians Jolt Yanks Again To Hike Lead

By JACK HAND

NEW YORK, July 24 (AP)—Larry Doby's two-run homer in the 10th inning today boosted Cleveland's American League lead to 2½ games with a 5-4 victory over the New York Yankees in a mild ball game that saw Casey Stengel juggling his lineup madly in a desperate attempt to square the important series.

The Yanks took it right down to the final out, driving reliefer Bob Lemon to cover and also disposing of Hal Newhouser in the last of the 10th. Ray Narleski finally ended it by striking out pinch hitter Gil McDougald with one run in and men on first and third.

Mickey Mantle's double and Yogi Berra's single provided the late Yank run, but it wasn't enough to save reliefer Johnny Sain, who hadn't lost in 15 previous appearances since June 2.

The clashing of master minds become so violent in the late stages that center fielder Mantle wound up playing shortstop and then shifting to second base when a runner got on base and a righthanded hitter was up. As soon as a lefty came to bat, Manager Stengel switched Mantle back to short and Willie Miranda to second.

It didn't make any difference who played short or second when Doby hammered a 3-2 pitch into the lower right field seats off Sain in the 10th. It was 20 for Doby, tying him with Mantle for the home run lead.

Fleming Sets Steady Pace

By The Associated Press

Les Fleming's consistency appears destined to give him the Texas League batting championship — he seldom varies more than three or four points a week.

The big Dallas first baseman dropped one point from last week as he rolled along with a wide margin, his .376 average giving him a 39-point bulge over Joe Durham, San Antonio, who moved into second place ahead of Don Blasingame, Houston.

Durham had dropped two points, Blasingame fell to fifth with .327.

The only multiple leader is Ev Joyner, Shreveport. The Sports outfielder tops in hits with 143, doubles with 31 and is tied for the lead in runs with Chuck Certel, San Antonio, with 80.

Durham leads in triples with 12 while Willie Brown, Dallas, sets the pace in home runs with 28. His teammate, Buzz Clarkson, has 27 for second place, and Clarkson also leads in runs batted in with 95.

The stolen base leadership goes to Jim Neufeldt, Oklahoma City, with 31.

John Jancse, San Antonio, has the top pitching record, having won 10 games while losing only one, but Vincente Amor, Oklahoma City, is the heaviest winner. He has taken 14 decisions.

Houston tops in club batting with .269 with Beaumont second at .266.

Roswell Pair Hold Honors

By The Associated Press

If Stubby Greer and Joe Bauman of Roswell aren't the heaviest-hitting infielders in baseball, a lot of people in the Longhorn League will be surprised.

The sluggers stand one-two at present atop the latest league averages, Greer with a .403 mark and Bauman with a .397 standing.

In addition, Bauman leads the league in five batting departments. His most notable lead is in home runs, where he's credited with 45. Bauman also is the top man in runs with 128, total bases with 293, bases on balls with 97 and runs batted in with 154.

Carlsbad's Ike Jackson is the top man in hits with 143.

Doubles leader is Barney Batson of Odessa with 35. Joe Goodell of Artesia, Bob Bauer of Odessa and Duane White of Roswell are tied for the most triples with 10 each.

In pitching, Mike Rainey of Big Spring hogs the show with two top marks and a tie for a third. Rainey and Frank Pickens of Midland own the most victories with 15 each, and Rainey has worked 16 complete games and pitched 173 innings to lead in those departments.

Strikeout artist of the loop is Julio Ramos of Midland with 151.

Kiely's Mound Work Halts Chicago Sox

BOSTON, July 24 (AP)—Lefthander Leo Kiely retired the last 19 batters to face him in defeating Chicago 5-2 today while Boston teammates Jackie Jensen, Ted Williams and Del Wilber cracked home runs.

Jensen's three-run homer in the third followed by solo blows by Williams and Wilber in the seventh accounted for all the Boston runs. Kiely choked off the visitors completely after their two-run third.

Redlegs Clip Bucs

CINCINNATI, July 24 (AP)—Home runs by Ted Kluszewski and Ed Bailey today paced the Cincinnati Redlegs to a 5-3 victory over the last-place Pittsburgh Pirates, whose manager was thumbed from the game for disputing too vigorously an umpire's decision.

Cole Gets Shut-Out

CHICAGO, July 24 (AP) — Righthander Dave Cole pitched his first complete game since 1951 blanking Philadelphia on five hits in the Chicago Cubs' 4-0 victory today—their ninth conquest in the past 13 games.

Little Action On Netters' Ladder Here

There has been little activity in the tennis ladder during the last two weeks.

The ladder, organized three weeks ago to keep interest alive on the courts here, provides for players to progress as they beat those rated higher. They can challenge other players three steps or less up the ladder and, if they beat them, take their places.

During the last few days, Ronnie Smith, who was in fourth place, beat Robert Childress out of second by forefeit and then beat M. R. Estes, who had held first place, 6-3, 6-4 to take over the top spot. Estes fell to second. In a previous match, Smith had failed to beat Estes, with Estes winning out 6-2, 6-4. Before he gained fist place, Smith was challenged by Paul Machel, fifth place, but he managed to fight off Machel's try 5-7, 6-3, 6-1.

Britton Woods, who had held ninth place, took Denton Lambert 6-1, 6-1 and moved into Lambert's seventh place.

Players on the ladder keep their own records in a box at the courts by recording their matches. Each holds a key to the box. Those not now holding keys may get them from Estes or Smith.

The ladder as it now stands, with present standings in front of the names and original standings behind the names:

Men's singles — 1. Ronnie Smith (4); 2. M. R. Estes (7); 3. Royce Burrows (1); 4. Robert Childress (2); 5. Paul Machel (5); 6. Joel Tankersley (3); 7. Britton Woods (1); 8. Robert Dabbs (8); 9. Denton Lambert (6); 10. Randal DeShan (11); 11. Leo Flusche (12); 12. Bill Ballard (13); 13. David Hamlin (14); 14. Jimmy Bennett (15).

Women's singles — 1. Janet Flusche, 2. Francis Perry, 3. Carla Clark, 4. Lucille Sterling, 5. Jackie Hughes, 6. Bertie Machel, 7. Margie Smith, 8. Joyce Blakely.

Men's doubles — 1. Denton Lambert and Royce Burrows (2); 2. M. R. Estes and Jimmy Bennett (1); 3. Ronald Smith and Robert Dabbs (3).

Tri-Service Takes First Playoff Game

Tri-Service led off last night in the beginning of city baseball league playoffs by defeating Hermleigh 16-3.

The team had led off in the second inning with two runs and added three more runs in the fifth. In the sixth, Hermleigh made it 5-3, but Tri-Service went wild in the seventh with 11 runs.

Each team got a home run in the game. Tri-Service gained three runs from a homer in the fifth by Ben Bishop. In the sixth, Treat got a homer with two on base for Hermleigh. Those were the only extra base hits of the game.

Seven singles, four errors, two fielder's choices, and two walks were responsible for the Tri-Service spree in the seventh.

Pitching the win was M. L. Galloway, who gave up only four hits while striking out seven. He walked three.

The loser was Paul Hill, who went six innings to allow only two hits, fan nine, and walk one. He was relieved by Grady Gafford, who gave up seven hits, walked two, and struck out none.

Tomorrow night, starting at 8:15 o'clock, Magnolia and Sun will meet in their first game of the playoffs. They, as well as Hermleigh and Tri-Service, are to play a three-out-of-five series. The two winners will play four-out-of-seven for the league championship. In regular league play, Tri-Service ran first, Magnolia second, Sun third, and Hermleigh fourth.

Continued Decline Is Noted In Drilling Over West Texas

A continuing slight decrease was noted in West Texas drilling activity during the 27th week of 1954 as 62 applications to drill, including 2 wildcats, were filed in Railroad Commission District 7-C an 8.

The number compares with 77, including 18 wildcats, the preceding week.

Totals for the year now stand at 1,901 field tests and 556 wildcats for a grand total of 2,457 tests for all and a weekly average of 91.

Five counties in District 7-C share 15 applications, including five wildcats.

District 7-C wildcats were: Crockett and Tom Green, two each; and Coke, one.

District 7-C field tests were: Coke, six; Runnels, three; and Upton, one.

District 8 wildcats were one each in Andrews, Borden, Crane, Glasscock, Hudspeth, Lubbock, and Winkler.

District 8 field tests were: Andrews, 10; Howard, eight; Garza, Scurry, Sterling, and Ward, three each; Winkler, two; Yoakum, Pecos, Midland, Loving, Ector, Dawson, Crane, and Cochran, one each.

Venture In Dawson Gets Oil On Test

Seaboard Oil No. 1 L. B. Vaughn, Southeast Dawson wildcat, recovered a total of 39.6 barrels of oil on its latest drillstem test in the Pennsylvanian lime.

The test was run from 8,192-208 feet. It was begun with a five-eighth-inch bottomhole choke and a one-inch top choke. The tool was open two hours and 45 minutes. Gas surfaced in four minutes and oil in one hour and 17 minutes. The flow was turned to pits for 28 minutes to clean. a three-eighth-inch bottom choke was then put on and the well flowed to tanks for one hour, making 7.86 barrels of oil. Surface flowing pressure ranged from 115 to 170 pounds.

After the tool was closed, an additional 15.87 barrels of oil headed out of the drillpipe. When the heading stopped, 15.87 barrels of oil were reversed out of the drillpipe. Recovery below the circulating sub was 212 feet of heavily oil and gas-cut mud. Flowing pressure ranged from 500 to 2,075 feet, with 15-minute shutin pressure 3,250 pounds. Gravity of the oil was 39.5 degrees.

The No. 1 Vaughn, 10 miles southeast of Lamesa, is one and one-quarter miles east and slightly north of the West Spraberry-Pennsylvanian field. It has previously indicated as a producer and it is believed that it will be a new field opener.

Four Wildcat Tests In West Texas Area Staked For Drilling

Locations have been announced for four more West Texas wildcat projects. They will be drilled in Tom Green, Runnels, Ward and Crosby counties.

C. T. Robertson of Wichita Falls will dig the Tom Green test in the northwest part of the county as No. 1 R. B. Bennett. It is 1,030 feet from northwest and 3,714.4 feet from southwest lines of section 295, Mertz Lehmann survey and four miles southeast of Carlsbad. It is to go to 6,950 feet.

Thomas D. Humphrey & Sons, Ltd., Dallas, staked site for a 4,400-foot wildcat in Northwest Runnels County, four miles west of Norton. It is No. 2 J. E. Gentry, 1,400 feet from south and 2,355 feet from west lines of section 804, J. C. Taylor survey, abstract 983. It is one mile west of the West Norton Cross Cut Sand field opener.

British-American Oil Producing Co. will dig No. 1 J. B. Tubb as an 8,750-foot Ellenburger wildcat 14 miles south of Monahans in East Ward County. It is 1,980 feet from north and 660 feet from west lines of section 13-b20-psl and three miles northwest of the West Sand Hills-Glorieta field.

The Ohio Oil Co. spotted an 8,800-foot wildcat 12 miles southeast of Crosbyton in Southeast Crosby County. It is No. 2 Morgan Jones Estate, 1,980 feet from north and west lines of section 120-2-H&GN.

Garza Fields Get Three New Tests

Three new projects have been set for drilling soon in Garza County fields.

Two of the projects will be in the Huntley 3400 field. The Alamo Corp. of Lubbock will drill the No. 3-B W. A. Cash here on a location 330 feet from south and 380 feet from west lines of the north half of the northwest quarter of section 1216-TTRR. The drillsite is on a 749-acre lease, and four and one-half miles northwest of Post.

Seaboard Oil Co. No. 3 B. D. Huntley will be in the same field, 1,140 feet from south and 330 feet from west lines of section 1214, Abstract 647, TTRR survey, five miles northwest of Post on a 271-acre lease. Projected depth for both projects is 3,600 feet.

The Alamo Corp. No. 3-G-B W. A. Cash is to be drilled in the Huntley-Glorieta field four and one-half miles northwest of Post. Location is 330 feet from south and west lines of the north half of the northwest quarter of section 1216-TTRR. Projected depth is 4,200 feet.

Lea County Discovery Prepares To Complete

Edward F. Kinney was installing pump for completion at No. 1 Magnolia-State, shallow discovery two and three-quarters miles southwest of the Tonto field of Southwest Lea County, New Mexico.

On the last swabbing gauge the strike recovered 50 barrels of new oil and no water in six hours from perforations at 3,243-251 feet and 3,375-380 feet. The perforations had been washed with 1,000 gallons of mud acid, 500 gallons in each set.

Fuhrman-Mascho Test

Lumac Drilling Co. of Lubbock spotted a half-mile west outpost to San Andres production on the south side of the Fuhrman-Mascho field of South Andrews County.

It is No. 1-A University, 440 feet from south and east lines of northwest quarter of section 27-10-University Lands. It is to go to 5,000 feet, starting at once.

Nolan Cambrian Area Gets South Extension

British-American Oil Producing Co. No. 1-H TXL has been completed to extend the EA Cambrian field of Southeast Nolan County one location south.

Operator reported a 24-hour flowing potential of 248.46 barrels of 50.2-gravity oil with no water. Gas-oil ratio was 468.1. Production was gauged through a 12-64-inch choke and was from open hole section between 6,030-082 feet. Top of pay was picked at 5,990 feet on kelly bushing elevation of 2,485 feet. Pay was treated with 5,000 gallons of acid. Tubing pressure was 220 pounds.

Location is in section 15-Z-T&P and eight miles northeast of Blackwell.

DRILLING REPORT

Lion Oil Co. No. 1 Rogers, Southeast Nolan County wildcat, has been ordered plugged and abandoned after making water with slight shows of oil and gas on a final test. Total depth was 6,158 feet in lime.

Elsewhere in Nolan County, Sun Oil No. 1 Medlock is drilling in shale below 5,877 feet.

* * *

General Crude Oil Co. No. 1-5-D. Swenson Development Co., Stonewall prospector, has spudded and is drilling below 575 feet in red beds.

In Stonewall County, Pure Oil No. 1 Wilson is drilling in shale below 5,120 feet.

Magnolia No. 1 Foster, South Dawson wildcat, is preparing to set a cement plug on the bottom to fill a cavity and then drill ahead. The hole is bottomed at 11,905 feet in lime and operator has been attempting to restore circulation for several days.

Gaines Wildcat Set

Placid Oil Co. No. 1 Terry County School Land Survey is a new 13,500-foot Ellenburger wildcat in Southeast Gaines County.

It is four miles east of the Arrow-Devonian field, 18 miles southeast of Seminole, 660 feet from north and east lines of labor 8, league 299, Terry County School Land survey.

Operations are to start at once.

OIL NEWS

Fracture Process Adds New Wealth

TULSA, July 24 (AP)—For five years the increasing use of a hydraulic fracturing process has been adding new wealth to many Oklahoma oil-producing areas.

It is a highly successful liquid well treatment developed by Stanolind to break up tight oil-bearing formations.

Stanolind first licensed the "hydrafrac" process to the Halliburton Oil Well Cementing Co. in 1949. Now 23 firms use the patent, and it has been applied to more than 60,000 jobs with remarkable results.

This is how a Stanolind engineer explains hydrafrac:

"We pump a thick, or low penetrating, liquid into a well under high pressure. To insure sustained production increase, sand is added to the fracturing fluid. The fluid fractures, or cracks, the oil-producing formation around the well bore and opens new channels through which the oil can flow.

"The fracturing fluid mixes with the formation oil, thins, and flows back to the well. Thinning may be accelerated by adding special chemicals. The grains of sand remain to prop open the fractures."

This hydraulic method has been especially successful in Oklahoma's tight sandstones. Production of one well so treated jumped from three barrels a day to 132 barrels daily, a not unusual result.

"Increase in settled daily production has averaged 175 to 200 per cent," says George Roberts Jr., manager of Stanolind's research department.

"This figure is obtained from wells which were producing before being fractured, and does not include wells having no production prior to hydraulic fracturing. Fracturing has made it possible to complete commercial wells in many formations condemned by previous completion methods."

From its inception, the process was popular with independent producers operating in northeastern and east central Oklahoma's shallow production areas.

Winkler Wildcat Has Shows In Permian

Skelly Oil Co. No. 99 Halley, Southeast Winkler County wildcat 10½ miles southeast of Kermit, has developed some slight shows of oil and gas in a series of drillstem test in the Holt lime of the middle Permian.

A three-hour test was taken from 4,940-5,020 feet. Recovery was 210 feet of slightly gas cut drilling mud. Another three-hour test was run at 5,020-040 feet. Recovery was 80 feet of slightly gas-cut drilling mud.

The section at 5,054-065 feet was tested for three hours. Recovery was 3,240 feet of free gas. 90 feet of gas-cut drilling mud. 210 feet of heavily gas-cut and slightly oil-cut mud and 60 feet of salt water.

The prospector is now drilling ahead below 5,376 feet in lime.

Upton County Project Flows Ellenburger Oil

Hunt Oil Co. No. 2-105 V. T. Amacker, 13,000-foot Ellenburger production in the Amacker-Tippett multipay field of West Upton County, flowed oil on a Wolfcamp drillstem test from 8,825-950 feet.

With tool open one hour, the project flowed oil for an unreported time at the rate of 65 barrels hourly. Flowing pressure was 1,325 to 625 pounds and shutin pressure in 30 minutes was 1,975 pounds.

Hole was being made below 9,071 feet in lime and shale.

Location is 13 miles northwest of Rarkin, and in section 105-D-CCSD&RGNG.

Andrews County Field Has Assured Extender

Ralph Lowe of Midland set and cemented five and a half-inch casing at 12,359 feet in No. 1 W. H. Sloan, assured one-mile south extender to Ellenburger production in the Deep Rock multipay field of Central Andrews County.

Total depth is 12,375 feet. Oil flowed on two drillstem tests between 12,267-331 feet. This zone will be tested through perforations.

Location is 660 feet from north and west lines of section 4-A54-psl and four miles west of Andrews.

Wildcat Is Scheduled In Southeast Fisher

Humble Oil & Refining Co. has spotted location for a Cambrian sand wildcat in Southeast Fisher County.

The project will be the No. 1 Touchstone-Maberry, located 2,450 feet from north and 660 feet from west lines of section 1-19-T&P. That is six miles northeast of Trent and two miles northeast of the Eskota field. The well is to drill to 6,500 feet, with operations beginning at once.

Two Outposts Staked For Drilling Soon

Amerada Petroleum Corp. will drill a half-mile west outpost to the East Lea County, New Mexico, portion of the Bronco-Devonian field and Ada Oil Co. spotted location for a 5,800-foot wildcat in Northeast Schleicher County.

Amerada No. 2 Virgil Linam will be dug in Lea County, 660 feet from north and west lines of section 14-13s-38e. It is slated for an 11,900-foot bottom.

Ada will dig the Schleicher test as No. 1 M. M. Reynolds, 22 miles northeast of Eldorado and 660 feet from south and west lines of section 57-I-GH&SA.

Third Well Due In Borden County Field

J. E. (Sam) Jones Drilling Co. of Midland has filed application to drill the third well in the Jo-Mil Spraberry field of Southwest Borden County.

It will be the No. 2-C W. L. Miller, Drillsite is 1,920 feet from west and 2,380 feet from north lines of section 12-33-4tn-T&P. That is about 13 miles southwest of Gail. Contract depth is 7,500 feet, intended to allow a check of the Spraberry.

Oil Well Completions In Decline For Week

AUSTIN, July 24 (AP)—Oil well completions dropped slightly this week, from 264 to 227, the Railroad Commission reported today.

That brought completions for the year to 6,701, well ahead of last year's total to date, 5,759.

There were 18 gas well completions and 130 dry holes this week, bringing total drilling to 375 compared with 416 last week.

Extension Try Planned

Sunray Oil Corp. will try to extend the North Jameson-Strawn field of Southeast Mitchell County into Southwest Nolan County at No. 1 J. Tubb, slated 6,300-foot project.

It is 467 feet from south and west lines of section 6-14-H&TC, one location northeast of production.

You've seen this unique new Galey & Lord combed-yarn cotton in expensive ready-made fashions . . . now it's here at Penney's! It's machine washable, crease-resistant, shrinkage-controlled . . . superbly beautiful, in subtly "peppered" solid colors. Try it for your loveliest fall dresses! 40" wide.

THE SNYDER DAILY NEWS

VOL. 5, No. 73 | SNYDER, TEXAS, SUNDAY, JULY 25, 1954 | SECTION B

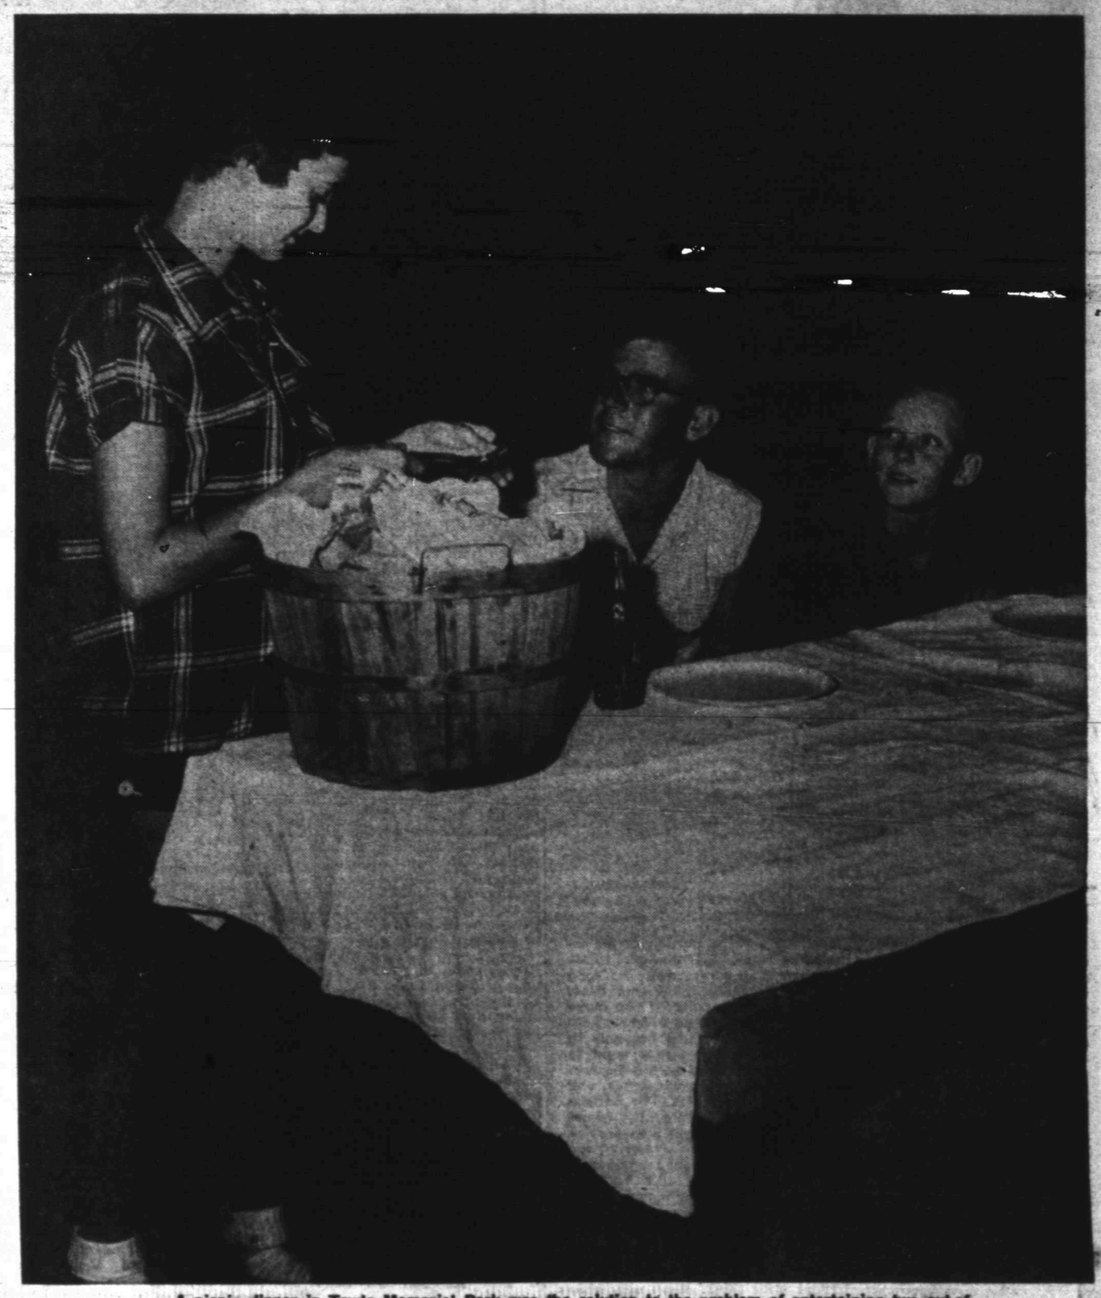

Practically every picnic table in Towle Park is taken in the late afternoons now by groups similar to the wiener roasters above. They are from left: Mrs. Della Merle Terry, Jackie Terry, Walter Beauchamp, Mrs. Willie Martin, and Willie Martin. Although the park is lighted along roadways, there are no lights at the picnic tables, and most park goers end their picnic dinners by turning on their car lights.

Newcomers to Snyder are quick to learn Towle Memorial Park is becoming an ideal spot for a late afternoon picnic. Shown above are Mr. and Mrs. Cecil Matthews, 2705 Avenue O, and their daughters Joan Matthews, 14-year-old high school freshman, and Mrs. Andrew Stramski. Mrs. Stramski's husband is an airman second class, now stationed in Korea. They moved to Snyder May 1, and he is employed by Warren Petroleum Co.

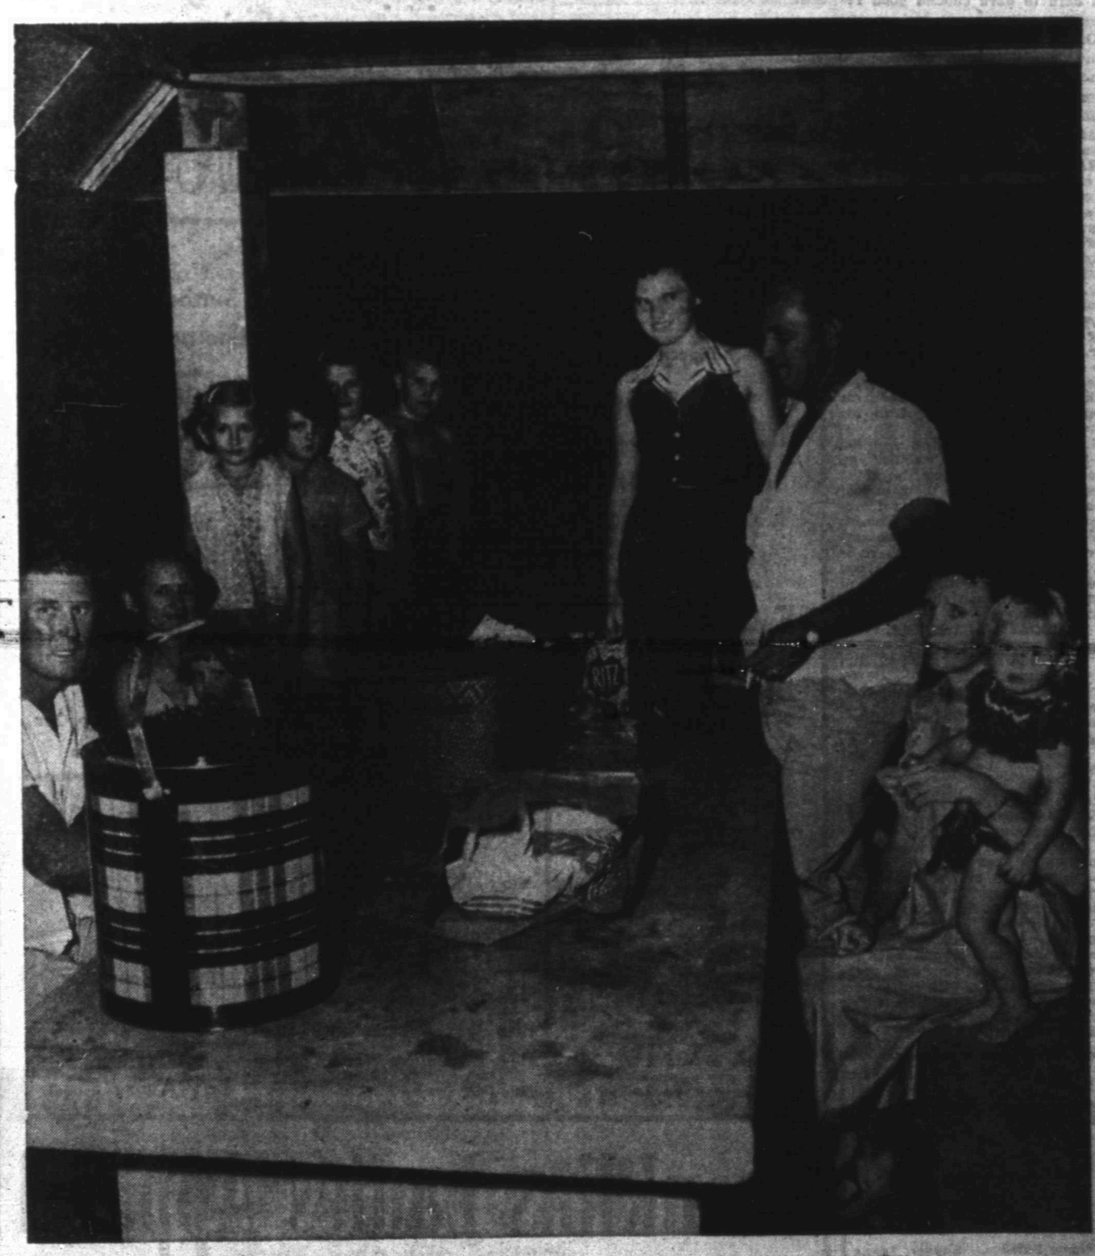

Towle Memorial Park was the scene Wednesday night of a watermelon party honoring Cpl. and Mrs. Curtis Corbell, Jr. They are shown at the supper right corner of the park table. They are visiting here during a furlough from an anti-aircraft unit at Chicago. Shown clockwise from the left are: Mrs. J. W. King, Mrs. A. C. Rodgers, Mr. and Mrs. Bob Burnett, Mr. and Mrs. Curtis Corbell, Sr., Cpl. and Mrs. Corbell, Mrs. L. D. Wade, L. D. Wade. The small children are: Teddy King and Richie Rodgers, seated on the end of the table, James Ray King, standing on the bench, and Randy Rodgers being held by his mother.

A picnic dinner in Towle Memorial Park was the solution to the problem of entertaining two out-of-town guests last week for Miss Carolyn Daniel, daughter of Mr. and Mrs. C. R. Daniel, 409 Thirty-first Street. Her guests are Joe Dorsey, from Fort Worth, and Ronald Sanders, Corpus Christi. (Lee Webson photographs)

Picnickers Swarm To Park

Towle Memorial Park is a gathering place for persons from all over the county as demonstrated above. A Snyder family and a Hermleigh family joined forces for a picnic at the park one night last week. They are clockwise from the lower left: Mr. and Mrs. J. W. Edmonson, 2812 Avenue L, Brenda Browning, Wanda Edmonson, Larry Dane Lewis, Cynthia Edmonson, Dickie Simpson, Marilyn Simpson, Mr. and Mrs. James Simpson, and Sandra Simpson. The Simpsons live on Route 3, Hermleigh.

american designer's pattern

Mollie Parnis is a name beloved by a large portion of the female American population, including Mrs. Eisenhower, whose dresses often carry the Parnis label. This dress with its long waisted bodice, full skirt and inserted band detail, is the ideal dress to bridge the gap between now and the cool weather, if you make it in a city cotton or dark silk. In fact, if you choose a fabric with a dressy air, you'll find yourself wearing this model not only in August but right through fall and winter, and you may want to repeat it in a wool. Whatever your choice, the band across the bosom deserves to be decorated with a big clump of rhinestones, and the skirt deserves a bounce with plenty of petticoats. The pattern is cut to designer measurements, sizes 10 to 12. State bust, waist and hip measurements when ordering. Size 12 requires 5⅛ yards of 35-inch material for dress and ⅝ yard of 35-inch material for interfacing. To order Pattern No. 1190, address Spadea Snydicate, Inc., P.O. Box 535, G.P.O., Dept. S-13, New York 1, N.Y. Send $1.00. Add four cents for handling, if paid by check or money order. Airmail handling is twenty-five cents extra.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

Frozen desserts are so good for light summer meals, or for topping off a full-sized dinner, that it's hard to have enough good recipes.

Orange and coconut make a time-honored flavor combination, since the days of Grandma's ambrosia. Here's an easy ring mold filled with fresh or frozen fruit that takes advantage of the flavor treat.

ORANGE - COCONUT SHERBET
2 cups cold milk
2 cups orange juice
2 packages instant coconut cream pudding

Pour milk and juice into a deep mixing bowl. Add pudding and beat until well mixed, about one minute. Pour into an eight-inch ring mold. Freeze until firm, about three hours, in refrigerator freezing compartment with control set for fast freezing, or in freezer. To serve, loosen edge with thin sharp knife, turn out on platter. Fill center of mold with fresh or frozen fruit. Makes eight to ten servings.

Limes make a cooling addition to hot-weather meals, whether you use lime wedges in iced tea, make fresh limeade, or use them in just about any of the special refreshments normally calling for lemons.

Frozen lime roll is a dessert developed for fresh limes. It is an attractive dessert, and one you should prepare a day ahead of time so that it can ripen and become creamy firm.

FROZEN LIME ROLL

Crust:
20 graham crackers, crushed fine
¼ cup sugar
¼ cup butter or margarine, softened

Filling:
2 eggs, separated
15 ounce can sweetened condensed milk
½ cup lime juice
Grated rind of one lime
Green food coloring

Add sugar and butter to crumbs in a large bowl. Blend ingredients thoroughly. Pour about ⅓ cup crumb mixture into a clean, dry, large size tomato or pineapple juice can. Press the mixture firmly into an even layer on the bottom with a quart soda bottle. Pour remaining crumbs around sides between bottle and can and press firmly against can with bottle. Remove bottle; pour in lime filling and freeze.

To prepare filling beat egg yolks until thick and lemon colored, add sweetened condensed milk, and beat until thick. Whip egg whites stiff; fold in egg yolk mixture. Tint pale green. Pour into can lined with graham cracker crust. Freeze at least three hours or overnight.

To serve, cut bottom from can, and gently but firmly push roll through. Slice to serve. Makes eight servings.

Mr. and Mrs. W. E. Holcomb spent this week end in Ruidoso, N.M.

TEEN TALK

By MARY STINSON

Margie had her tonsils out Thursday and asked me to be her guest columnist for this Sunday. She is getting along fine and expects to be back at her job next Sunday.

• • •

A number of companies and business houses in Snyder have imported boys from different towns to work in Snyder this summer. Most of these boys state that their favorite pastime in Snyder, while not working, is swimming. One who mentioned this fact is Wayne Coble who works for Magnolia Pipe Line. He comes to Snyder from Mansfield, Tex., with his college life being centered around Arlington State College. Wayne, who has had one and one half years at ASC, is living at the Manhatton Hotel.

Another boy living at the Manhattan for the summer is Jack Ewell, a worker for the Texas Company. Jack has attended Georgia Tech for one year, studying to be an aeronautical engineer. At Georgia Tech, Jack is captain of the cross country racing team. Jack gives his hometown as Odessa.

Two boys who will enter Southern Methodist University this fall are Charles Jackson and Dickie Whitaker. These two, both from ris, Tex., are living on Twenty- l Street. Charlie, who works Sun Oil Company, will be going to SMU with a football scholarship. He also runs track. Dickie, a nightclub singer in Dallas before coming here, will enter SMU with a music scholarship. Dickie is working for B&H Well servicing this summer.

A Texas Christian University sophomore from Breckenridge is Joe Latham. Joe, who works for Chemical Process, is living on the Lamesa highway. A player on the freshman tennis team at TCU, Joe is working his way up the ladder this summer in Snyder.

Three workers for Sun Oil Company living together at 2610 Avenue U are Sam Johnson, Jerry Stout and Bobby Lamb. Bobby, a high school senior in Dallas, seems to enjoy traveling back to his home every week end. He has boxed in Golden Gloves.

Jerry, who is now attending a ROTC, camp in Austin, is a graduate of North Texas State College. Coming from Gainesville, Jerry states that he liked attending the parties for the rodeo queen candidates.

The third person living at 2610 Avenue U, Sam Johnson comes to Snyder from Dallas. Sam, a senior at Texas A and M., says that handball and basketball top the list of sports which he enjoyed the most.

Floyd "Doodie" Farish, a high school senior from Corsicana, Texas, may attend SHS this year. "Doodie", another worker at B& H. Well Service, lives at 1204 Twenty-fifth Street. "Doodie" enjoys playing baseball and has played with the Sun Oil team this summer.

• • •

A visitor in the home of Margie Smith for the next two weeks will be Paula Cargill. Paula is from Longview, Texas.

A Hockaday senior from Dallas is Carl Jean Cook, a visitor in the home of Mrs. Mabel Brock. Carol has been with Mrs. Brock for two weeks.

• • •

The youth center will re-open this next Tuesday night. It has been closed for two weeks due to the vacation of Jack McGlaun, director.

• • •

A newcomer to Snyder is Judy Broman who comes to us from Gainesville, Texas. Judy will be a freshman in Snyder High School this year and lives at 3001 Thirty-ninth Street. A green eyed blond, Judy gives her favorite pastimes as playing tennis or badminton, horseback riding, and swimming.

• • •

Junior and Senior lifesaving courses are being given at the county pool by Grant Teaff, Water Safety Chairman for Scurry County. Grant states that if at least fifteen more want to take these courses, he will start another class, either junior or senior. Those taking the junior course at the present time are Dickie Martin, Betty Pratt, Kenneth McCant, Ann Ivison, and Laverne Roe. Those taking the senior course are Morris Hataway, Bernie Hagins, Margie Smith, Floyd Blackwell, Hubert O'Neal, Kelton Prather, Joe Davis, J. H. Hamlett, Kenneth Yates, Charles Berry and George Herring.

• • •

The Snyder High School cheerleaders for this fall have been attending a cheerleading school at Sam Houston College in Huntsville this past week. The cheerleaders are Carol McKinney, Margaret Trevey, Ann Fish, Kent Fields and Randell DeShan.

Cowboy Birthday Party For Five Year Old

Mrs. Searcy W. Orr, 2210 Sunset, gave a party Thursday afternoon honoring her son, "Thumper", on his fifth birthday.

The large one-layer cake was decorated as a corral with cattle brands, lariats and spurs on it. A brown plastic fence, surrounding the edge of the cake, enclosed a miniature horse-mounted cowboy.

Refreshments and favors of candy telephones were served to the following guests; Connie and Bobby Godwin, Steve and Terry Ramsey, Kim and Jo Jane Wilkes, Ricky Spencer, Doris Harwell, Rebecca Jones, Jerry Wayne, Betty Lou and David Harwell, David and Ricky Black, Billy and Sue Spencer and Sandy Orr.

Friends Go Fishing To Celebrate Birthday

Mark Clark and his friends went fishing at Lake Thomas Friday night to celebrate Mark's sixth birthday.

The party took place at the Clark family cabin, where a hot-dog supper with candle-lighted cake was served after the fishing was over.

Besides the honoree's parents, Mr. and Mrs. H. F. Clark Jr., and his sister Marcia, those attending were Mrs. Fred Bullard and sons, Drew and Tommy; Mrs. Max West with Billy Max and Richard; Mrs. Ross Hemphill and son Ross; Mr. and Mrs. Woody Park with Charles Barton, Barry and Paul; and Mrs. J. W. Headstream and sons Jimmy and Chris.

Add a little grated onion to deviled ham. Spread toast with the ham mixture and top with scrambled eggs. Makes a good lunch course when served with a fresh vegetable salad.

You can give white sauce good flavor by cooking a little onion in the butter used in making the sauce. This sauce is particularly good with spinach.

'Silver Chalice' Film Is Shorter, But Complete

By HUBBARD KEAVY

HOLLYWOOD (AP)—Thomas Costain's 500-odd pages of narrative called "The Silver Chalice" turn out, in the movie script, to be only 134 pages long.

Yet none of the drama of Costain's story of the slave who fashions a receptacle for the wine cup used at the Last Supper will be missing, scenarist Lesser Samuels assures potential viewers. For the benefit of Costain's readers, and perhaps also for aspiring scenarists, Samuels explains how he did his job.

After reading the book carefully, he made notes on what he considered the necessary dramatic scenes. Primarily the difference between his job and Costain's was to emphasize some scenes for greater dramatic effect.

Then he listed each scene, with a brief description, on a small card. He remembers that he had 100 cards. He pinned these to a large board in sequence and studied them. He finally reduced the number of cards to 76—"The essential dramatic steps."

With the characters and the 76 scenes, Samuels wrote a 140-page "treatment," actually a synopsis. From the synopsis he wrote the first script, 140 pages of dialogue and stage directions. This preliminary work was use to determine how many actors would be needed and for how long and the number and size of the sets. Costs have to be estimated first, so the first script was little more than a budget guide.

The final shooting script took Samuels 10 weeks to write. Costain, who read it, was pleased with the faithful translation although he must have missed some scenes and characters he liked. The Chinese prince, for example, was an interesting character, but he had nothing to do with furthering the dramatic elements of the story. He and his long fingernails will not be in the film.

The chalice itself is no tin prop. Victor Saville, who is producing and directing, declared it must be of sterling silver and so went to a silversmith to have it cast.

PERSONALS

Relatives visiting this week in the Gayle McDonald home, 2902 Avenue F, were Mr. McDonald's mother and her husband, Mr. and Mrs. H. M. Neal, a brother, Neal McDonald from San Angelo, and a sister, Mrs. E. J. Vinson, from Alpine.

Lloyd and Mike Green, sons of Mr. and Mrs. Bill Green, 216 Thirty-fourth Street, have returned from Slaton where they visited their grandparents, Mr. and Mrs. G. G. Green.

Mr. and Mrs. Lyle M. Alexander, Clairemont Road, and Mr. and Mrs. S. L. Terry, 3604 Avenue V, are in Colorado for a two-weeks vacation.

Mr. and Mrs. Clyde Hall, Jr., and sons, Rob and Ricky, 2242 Sunset Avenue, are in Eastland to attend the wedding of Mrs. Hall's brother, Bill Sikes, and Miss Zena Grissom.

A group of young people who returned Thursday from Presbyterian church camp at Buffalo Gap included Beth Smallwood, Jim McFarland, Marv Schiebel, Mike Reed, Ricky Williams and Jerry Martin.

Miss Dixie Faye Walser of Nocona is visiting here with her sister, Mrs. A. C. Weaver, 221 Thirty-fourth Street.

Mr. and Mrs. C. G. Croft, 310 Thirty-first Street, have gone to Atlanta, Ga., to visit Mr. Croft's mother.

Mr. and Mrs. W. D. Everett, Jr., 610 Twenty-fourth Street, are attending a photographers' convention in Brownwood this week end.

Mrs. M. H. Roe and daughter, Rosie, 3107 Avenue U, visited this past week in Clovis, New Mexico. They returned home Friday.

Mr. and Mrs. Charles Kitzmiller and daughters, Carla and Karen, of Liberal, Kan., visited last week with Mrs. Kitzmiller's parents and sister, Mr. and Mrs. A. C. Kincaid and Mrs. Dell Smith, 3108 Avenue T.

Tommy Smith, son of Mrs. Dell Smith of Snyder, was expected home this weekend for a 10-day leave while en route to his new station at Travis Field, Sacramento, Cal. He has been stationed with an air force school at West Palm Beach, Fla. He is with the Military Air Transport Service.

Mrs. Ross Hemphill and Mr. and Mrs. Robert Hargrove went to Dallas this week end.

Mr. and Mrs. F. G. Hoefer and children, 3723 Avenue U, were in Dallas this week end.

Mr. and Mrs. D. L. Collins left yesterday for a vacation trip to Florida. They will visit in Houston enroute.

"WHAT'S NEXT?" . . . Wife studies her check list for next item to put in husband's bag.

Packing Bag Is Real Art

By SANDRA NEMSER
A. P. Newsfeature Writer

Vacation week end trips often mean double packing for the woman of the house. If your husband's the type who likes to leave packed with only what he has on his back, here are some tips to keep him both well-dressed and happy.

Carol Lane, women's travel director for an oil company, has devised a check list for a man's must and miscellaneous needs on a weekend trip by car.

Her formula is to file the clothes in a logical and space-saving manner.

Begin with the heavy items, such as shoes, shaving kit, alarm clock, military brush set and toilertries. Cover the shoes with an old pair of socks and fill them with socks he'll want to wear.

After the heavy things comes the extra suit, sport coat or slacks. Most wrinkle-free way to pack a suit in a small weekend bag: Lay trousers out flat and place button-ed-up on top; fold trouser legs over; fold coat bottom up and place in luggage.

Winkables, like shirts and ties, are next in order. Miss Lane suggests you pack two dress shirts and one sport shirt face to face. You can protect the collars by filling the necks with handkerchiefs. Ties can be folded over the center pages of a magazine.

Next come underwear and night clothes. Must items here include: pajamas and two pairs of shorts and undershirts.

In the handy-to-have-along category, Miss Lane places styptic pencil, a box of aspirin, a sweater rolled Navy style, a check book, nail clippers and a file. She also suggests a miniature whisk broom or a rubber bath sponge to remove lint from clothes, a small sewing kit and a book or other reading material.

WOMEN'S CALENDAR

MONDAY

Bid and By Bridge luncheon, 1:30 p.m., with Mrs. Earl Brite, 3102 Fortieth Street; co-hostess, Mrs. C. G. McCaleb.

WSCS of First Methodist Church, business meeting and luncheon, 10 a.m., Fellowship hall.

Rainbow girls, initiation, 7:30 p. m., Masonic hall.

Helen Clemmer and Rebecca Circles of Trinity Methodist Church, joint meeting, 7:30 p.m., Central Primary School.

TUESDAY

Tri-T Bridge Club, 1:30 p.m., with Mrs. W. W. Carey, 3733 Sunset.

B&PW Club, dinner meeting, 7:30 p.m., with Mrs. George Killam, 3766 Dalton.

54 Bridge Club, 7:30 Hilander, Mrs. Pershing Youngkin hostess.

Couples duplicate bridge, 7:45 p. m., country club.

THURSDAY

Chez Les Amies bridge club, 12:30 p.m., country club.

FRIDAY

Ladies day, 9:45 a.m., country club.

Rites Read In Portales

Announcement has been made here of the wedding of Mrs. Bessie Dodd and Marvin Hendrix.

The double ring ceremony was performed July 3 at eight o'clock in the First Baptist Church of Portales, N.M.

The bride wore a dusty rose nylon lace dress with white accessories. Attending the couple during the ceremony were Mr. and Mrs. Tom Boss of Texarkana.

Mr. Hendrix is associated with the Omar Partain Pipeline Company in Snyder. The couple is at home at the Manhattan Hotel here.

Sometimes when homemade mayonnaise is stored in the refrigerator, it gets too cold and separates. If this happens, gradually beat the mayonnaise into a fresh egg yolk.

Fifty years of married life are being celebrated today by Mr. and Mrs. S. E. Keller at open house in their home, 900 Thirty-second Street. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

Couple Celebrates Golden Wedding With Open House

Mr. and Mrs. S. E. KELLER will be looking back over 50 years of married life this afternoon, with friends and relatives whom they've invited to share the memories.

Their house at 900 Thirty-second Street will be open to anyone who'd like to come and help them celebrate their golden wedding anniversary. They haven't been able to invite everyone personally, they said, but they'd like to see the house overflowing.

Actually, their wedding date was July 31, but there's a fishing trip Mr. Keller doesn't want to miss coming up then. They plan to go to Lake Murray with their son, CARL KELLER, and Mrs. Keller. The occasion will be a reunion of Mrs. Carl Keller's family, but anyway the lake does have fish in it.

Fishing is Mr. Keller's hobby and working in the yard and garden is Mrs. Keller's.

Every once in a while during the 50 years they've been married there have been differences of opinions on subjects besides hobbies.

"We'd be telling a story if we said we'd never had a fuss," Mrs. Keller said. "We just always worked things out this way: whichever one turned out to be boss, the other one always gave in."

How they determined which one was boss seems to be their own secret, but the fact that both Mr. and Mrs. Keller have a strong sense of humor probably helped.

"I didn't have to propose over five or six times before she took me," Mr. Keller said.

They'd been going together about a year when they drove up in front of the Baptist preacher's house and sat in the buggy while he read the wedding ceremony.

The bride wore a lace-trimmed white voile dress, made by a neighbor girl.

Wedding guests sat in their own buggies while the ceremony took place.

This all happened at Retta in Johnson County, where the couple lived until they moved to Scurry County in 1915. Mr. Keller farmed for the first 20 years of his married life. Since they have been living in Snyder, he has worked most of the time for the city.

They have two children, Mrs. JOHN BRUTON, who lives three miles south of Snyder, and Carl Keller, 2311 Avenue I. They have six grandchildren and 11 great grandchildren.

A granddaughter and three of the grandsons' wives will be serving punch and taking turns at the register this afternoon. They will be LINDA KAY KELLER, Mrs. HARLIE BRUTON, Mrs. WAYLAND BRUTON and Mrs. DON KELLER.

* * *

Mrs. J. R. GREEN got to do some unexpected shopping while she and her husband were vacationing in San Francisco recently. She hadn't realized that the city would be so cool, and had to extend her summer wardrobe with a light coat, a wool blouse and a heavy wool scarf.

The Greens traveled to Los Angeles by train (Mr. Green is the Snyder Santa Fe agent), then flew to San Francisco. A week end at Santa Cruz gave them an opportunity to enjoy the beach.

* * *

COOL WEEK END

A number of Snyder people decided to get out of the heat this week end and take to the mountains. The G. B. CLARKS and P. W. CLOUDS were two couples who got together for a short trip.

Another party was made up of four couples: Mr. and Mrs. MARSHALL ERWIN, Mr. and Mrs. TOM FARRIER, Mr. and Mrs. HOWARD CRENSHAW and Dr. and Mrs. R. J. KIDD.

Expected back this week end after a week up in the pine country were Mr. and Mrs. HERMAN DOAK and children, MARY ANN and BILL.

NEWS FROM CANYON

By MRS. MARGARET RILEY

Mrs. Laura McKay and Miss Vera McKay of Abilene visited Mr. and Mrs. R. E. Adams recently. They accompanied Mr. and Mrs. Adams to California where they will visit relatives.

The Rev. J. W. McGaha has returned home after being dismissed from Battenfield Hospital in Snyder. His daughters, Mrs. Jewel Willingham of Woodson and Mrs. Fannie Whitaker of Portales, N. M., are with him.

Mrs. Sophie Holley was taken to a Brownfield hospital recently. She is the daughter of Mrs. J. S. Golden.

Mrs. Grady Moore and daughter, Marylin, and Mrs. Ed Taylor made a business trip to Big Spring recently.

The Women's Missionary Auxiliary met at the church Thursday morning to study a lesson "Precious Promises." Six members and one visitor were present.

Mrs. Dell Ruckman of Knapp visited Mrs. Verle Fargason recently.

Clifford Fargason, the son of Mr. and Mrs. Hugh Fargason, has been ill but is better now.

25 YEARS AGO

(Taken from the files of THE SCURRY COUNTY TIMES for July 25, 1929.)

Supt. W. C. Hooks of the Dunn school received a report this week on their application for classification and affiliation. In part, the letter from the department at Austin read: "We wish to congratulate you and your teachers on the splendid type of work sent in; we are proud of the work and unhesitatingly give you four-year high school classification and 10 units of affiliation for the work sent in this year. We are proud for you, for it is indeed unusual for any school to start from the bottom and accomplish so much in one year."

According to County Supt. A. A. Bullock, it will be remembered that the Dunn school has never taken any steps toward affiliation and classification until this past year. This only goes to prove that any school, either rural or urban, that has as many as seven teachers or more with three teachers in the high school, can become an accredited high school with the proper leadership. It is to be hoped that the day is not far distant when every child in Scurry County will have access to an affiliated school and that many schools will follow the example of this outstanding rural school at Dunn.

* * *

Precipitation of 1.04 inches was reported in the Saturday night rain here. Other parts of the county have reported from one to four inches, in some places a real washout.

* * *

The local golf tournament which has been underway for the past two weeks ended yesterday morning when Cleve Blackard defeated Earl Fish. Fish came in with a score of 41 and Blackard with a 51, and on the second round Fish shot another 41 while Blackard shot a 45. These two scores, with a net handicap of 18 strokes, proved too large a lead for the local star. The winner of the consolation match has not been decided.

* * *

The first "Sundown Band Concert" to be held in Snyder in many years will be given at the band shell in the public square Monday evening starting around 7:45. The announcement coming from Band Master J. W. Crowley is mighty wonderful, coming so soon after the band has been organized, but under his expert leadership, fast progress is being made. According to Mr. Crowley, more than 40 musicians will be available for the coming Scurry County Fair, which will add one of the finest entertainment features possible for any city.

* * *

The Postum Company, in the future to be known as the General Foods Corporation, has recently acquired, along with a score of famous food products and processes, what is known as the Birdseye process for freezing fresh meats and vegetables.

* * *

Mrs. J. E. Sorrells of Knapp was entertained Friday evening at a planned surprise birthday party which was given by her friends. A very happy evening was spent. Refreshments were served to about 30 guests.

* * *

Mrs. Guy Stoker complimented Misses Mary Frances Coppedge of Dallas and La Vera Smith and Frances Denson of Mineral Wells with a fish fry last Wednesday at her home. The fish were cooked and served in the yard to Misses Mary Ellen Martin, Maurine Stimson, Jeanette Lollar and the honorees and Mr. and Mrs. H. J. Brice and sons, Richard and Wylie, and Frank Stoker.

BETROTHAL TOLD

Mr. and Mrs. Hulon Sterling Pearson of Savoy have announced the engagement and approaching marriage of their daughter, Jo Ann, to James Obert Littlepage, Jr., son of Mr. and Mrs. James Obert Littlepage, of Snyder. Miss Pearson taught in the Snyder schools last year. Mr. Littlepage is employed in the post office here. The wedding will take place in the New Zion Baptist Church near Bonham at 7 o'clock in the evening on August 14. The couple will live in Snyder.

Snyder Girls At McMurry

Snyder girls attending the vacation band school at McMurry College are Margaret Spence, Jane Patterson, Peggy Dean Spence and Kay Watson.

The band clinic started July 18 and will run through July 30. Raymond T. Bynum, McMurry music professor, is in charge.

Students at the band school are studying solo musicianship, music theory, conducting and chorus, in addition to their practice in concert bands. Special classes in baton twirling and drum majoring are featured.

Margaret and Peggy Spence are daughters of Mr. and Mrs. Leonard Spence, Arah route. Both have played in the Snyder Junior High band.

Miss Patterson, daughter of Mr. and Mrs. W. K. Patterson, 3781 Dalton Drive, is a sophomore student. She is a member of the band and of Future Homemakers.

Miss Watson, daughter of Mr. and Mrs. Nolan Watson, 3725 Avenue V, is a high school junior. Her activities include band, Spanish Club, Choral Club, home economics, Rainbow Girls, Dramatics Club, library work and Girl Scouts. She has also been school pianist and organist.

BRIDGE NOTES

Mrs. Elmer Cook, hostess for the Wednesday Contract Club, took high score for the afternoon's play. Mrs. W. J. Young won second and traveling prizes. Mrs. J. P. Baldridge, a guest of the hostess, won bingo prize. Mrs. J. D. Sheridan will be hostess for the club next on August 4.

* * *

Mrs. Kay Keenan won first and Mrs. Charles Snyder second at the Pioneer Bridge Club, which met Thursday with Mrs. Charles Snyder. Mrs. Ike Snead, Mrs. Bob Bickerstaff and Mrs. Prentis Bass won bingo. Mrs. W. P. Thurmon will be hostess for the next meeting.

* * *

At the Progressive Bridge Club Wednesday night in the home of Mrs. Prentis Bass, 3789 Highland, Mr. and Mrs. Dick Roberts won high for men and high for women. Mr. and Mrs. Ken Davis were guests. Next meeting is with Mrs. A. C. Floyd, Llon Oil Camp.

* * *

In country club play Friday morning Mrs. Bob Bickerstaff and Mrs. B. L. McKinley won high; Mrs. Wayne Boren and Mrs. Ike Snead, second; and Mrs. Charles Cooper and Mrs. J. R. McCrary, third.

* * *

Mrs. Prentis Bass and Mrs. J. R. McCrary came out winners in the regular couples' bridge at the country club this week. Tuesday night was master point night for the group.

* * *

At the Tuesday Night Bridge Club, which met with Mrs. Fred Bullard, 2606 Avenue V, Mrs. Clyde Hall won high, Mrs. C. V. Thompson Jr., second; Mrs. Frank Weaver, traveling; and Mrs. E. J. Richardson, Jr., bingo. Next meeting will be with Mrs. Jack Bowden.

* * *

Mrs. Fla Joyce was hostess for the Monday Duplicate Club at the Hilander. Mrs. Ike Snead and Mrs. B. L. McKinley won first; Mrs. R. W. White and Mrs. Prentis Bass, second; and Mrs. Max Dyer and Mrs. Ross Carroll, third. Guests were Mrs. McKinley, Mrs. J. R. Philp and Mrs. E. J. Richardson Jr. Mrs. Jack Bowden will be the next hostess.

* * *

The Duce Bridge Club met with Miss Thelma Leslie, 2711 Avenue W, Thursday night. Mrs. Frank Weaver won high; Mrs. Lee Smyth, traveling prize; and Miss Katherine Northcutt, low. Mrs. Sam Joyce, Mrs. Mabel Brock and Mrs. Eddythe Boren were guests. The August 5 meeting will be with Mrs. Vernon Longbotham, Jr.

Orange and lemon rind benefit from being grated on a grater that has holes about a quarter inch apart. If you grate the rind on a fine grater you'll get a soggy unappetizing-looking result.

Japanese House Looks Like Grandfather of Ranch Style

By JOY MILLER

Japanese dwellings are easy on the spirit, hard on the knees and a sure preventive for claustrophobia, if the house on display in New York's Museum of Modern Art is typical.

The one-story house looks like the Oriental grandfather of the modern American ranch - type. Its architect, Junzo Yoshimura, says:

"Actually, if you remove the detail, the principle is the same."

This similarity to Western architecture is the reason it was chosen by the museum for display in its garden until the middle of October. Starting with Frank Lloyd Wright, American architects have been increasingly aware of Japanese ideas of open interiors, plain surfaces and skeleton frame construction.

The house, based on 16th and 17th century Japanese architecture, is basically the same type being built now — although contemporary styles are greatly simplified and the lumber is not of the same high quality.

Built in Nagoya, Japan, and shipped in more than 600 crates, the exhibit house was reassembled in New York by Yoshimura and the four workmen he brought with him from Japan.

Now visitors — a thousand upward daily — exchange their shoes for paper sandals in the entrance hall and tread gingerly over the rice-straw mats in the bare rooms or sit on the broad verenda overlooking Japanese gardens.

When you come upon the house, the first thing you notice is the massive curved roof of reddish-brown Japanese cypress bark, supported by isolated columns of cypress. You run a hand over the blond wood, planed to an almost unbelievable smoothness. Yoshimura says the polished effect is accomplished by the Japanese plane, a handleless tool that the workman pulls toward him instead of pushing away.

The walls do not support the roof but are hung like curtains on the framework. They are sliding screens of paper or wood, with an infrequent thin wall of plaster. Consequently the house is open, light and felxible — convertible from five rooms into one to dispel that hemmed-in feeling that is probably purely Occidental anyway.

There is no furniture, except for five square orange cushions on the floor in the main room and built-in desk and cupboards. Bedding (which is carried to any room in the house for sleeping) trays, low tables and boxes are put in storerooms when not in use. The theory made decorative by the structure itself.

Modern American houses look crowded to Yoshimura, who explains:

"It's difficult to get good harmony with so much furniture in a room, It's easier if you make the room simpler."

The house on display has five rooms when all the sliding screens are in place. Japanese rooms are measured, Yoshimura explains, by the number of mats needed to cover the floor. All mats measure 3x6 feet. The largest room is 15-mat size; the others are 10, 7 6 and 4.

The kitchen of three centuries ago is a fascinating room on two levels, with its earth and waxed plaster stove that looks like three igloos strung together. Dishes are washed at the other end of the room in a sunken basin from a kneeling position. Yoshimura points out that Japanese kitchens these days are pretty much like ours.

Connected by a bridge to the main section of the house is a four-mate tea ceremony room. Outside the teahouse door the host will put a stone tied with a string if the room is unready for receiving guests — a courteous Oriental version of the "Do Not Disturb" sign.

Pile sauerkraut into split frankfurters and broil. Serve on toasted frankfurter rolls. If desired, the frankfurters may be spread with mustard before the sauerkraut is added.

BRIDE-TO-BE

Mr. and Mrs. C. W. Youngblood, 3109 Avenue T, announce the engagement and approaching marriage of their daughter, Marsha, to Marlin James, son of Mr. and Mrs. Malcomb James, 1012 Twenty-seventh Street. A garden wedding has been planned for September 2, at the home of the bride's parents. (Wolfe Studio photograph)

Inspection Is Scheduled For Guard Unit

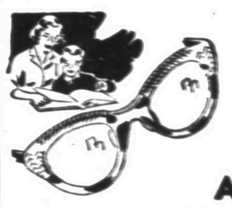

National guardsmen here are now making preparations for command inspection to be made by Col. Frederick Weston of San Antonio, commander of the 112th Armored Cavalry Regiment.

The general housecleaning includes painting, which is being done to much of the interior of the armory on Twenty-seventh Street. The insignia of the Fourth army, the 112th regiment, and replicas of the guidon of the present Co. D unit, and the former designation of the Snyder unit, Co. A of the 124th Cavalry Squadron, will be made by the unit. A large replica of the armored patch of the 112th will also be made.

Weston will come here during the last two days of August. There will be on inspection in ranks by a member of the colonel's staff. This is an annual affair preceding the yearly inspection made by the Inspector General's staff, one which covers the condition of equipment and training of men.

The Snyder unit now has 100 enlisted men, five officers, and warrant officer, in addition to four officers assigned to the battalion headquarters who drill with the local unit. Altogether, the men draw an annual payroll of about $63,600. This is the largest unit in its battalion and one of the largest in the regiment.

In a recent annual inventory of the units equipment, which is valued at about $400,000, a shortage of only $12.03 was found. For this nearness to par, warrant officer L. B. McCravey, one of the unit's fulltime workers here, was given a superior rating by Capt. Grady M. Roberts of the Army's Adjutant General Department in Austin. Roberts gave the unit a superior rating on the inventory.

News From Fluvanna

By MRS. W. F. MATHIS

Guest of Mrs. Jessie Sims this week is her sister-in-law, Mrs. Sina Letcher of Colorado City.

Bill Banning, who recently underwent surgery in Fort Worth, is home now and his condition is reported to be good. His daughter, Mrs. Don James, of Camp Gordon, Ga., who has been visiting him, has returned home.

Paul Mariner of Amarillo visited friends here Wednesday.

Sunday visitors of Mr. and Mrs. J. G. Landrum were Mr. and Mrs. David Hight and family from Alabama.

Mr. and Mrs. C. B. Eley and daughters attended a reunion of Mrs. Eley's family, the Eleys, at Abilene Sunday.

Visiting Mrs. Florence Lanham Tuesday night were two of her nieces, Mrs. Ben Williams of Evant and Mrs. Bonnie Pearce of Lometa. Another niece, Mrs. Eddy Lanham of Jug, Tex., is spending the week here.

Mr. and Mrs. Robert Jones had as guests Mrs. W. C. Lady of Colorado City Wednesday and later in the week Mrs. Millort Creek of Newport and her mother-in-law, Mrs. Ida Creek.

Recent guests of Mrs. T. C. Maynard were her sons, Clyde Cox of Carlsbad, N.M., and Don Cox of Quinton, Okla., and their families.

Visitors in the home of Mr. and Mrs. A. J. Dyess the past week were Mr. and Mrs. Jimmy Dyess and daughter, and Mr. and Mrs. Frank Pinkerton and children, all of Snyder, Mr. and Mrs. Curtis Dyess and family of Wingate, Mr. and Mrs. Frank Washmon of Grant Saime, Mr. and Mrs. Delmar Dyess and daughter of Spur, Mr. and Mrs. Bruce Washmon and sons of Fort Worth, and Billy and Bobby Dyess of Spur.

Guests of Mr. and Mrs. G. C. Watkins were Mr. and Mrs. Charles Fogal of Beaumont, and Mr. and Mrs. Gerald Coston and children of Sweetwater.

Mr. and Mrs. E. I. Smith of Trinchera, Colo., have been visiting Mr. and Mrs. Clyde Miller and Mrs. L. F. Beaver and other relatives. Their children, Gerald and Jo Beth, who have been here the past few weeks, will return home with them.

Mr. and Mrs. H. C. Smith spent the week end in Winters with relatives.

Mrs. W. E. Owens who has been in Fort Worth the past [illegible] for medical care has returned home.

Mrs. C. J. Harris was in Blackwell during the week end to visit her brother, Roe Jordan, who is recovering from recent surgery.

Claud Tomlinson of O'Donnell visited friends here Thursday.

Mr. and Mrs. W. R. Craft and daughter, Agnes, of Sweetwater are visiting in the home of Mr. and Mrs. John Stavely this week.

Mrs. E. O. Wedgeworth and daughter, Anita, of Pampa visited Mr. and Mrs. Stavely Thursday.

Mrs. Ada Odom of Big Spring visited Mr. and Mrs. A. L. Odom Sunday. They then went to Whitney, where they visited Mr. Odom's mother.

Excel Smith of Post visited Mr. and Mrs. Joe Landrum Thursday.

Banker Dane from Florida and his mother from Fort Worth visited Mr. and Mrs. J. J. Belew Thursday.

Saturday night visitors of Mr. and Mrs. Neil Holder were Mrs. Dean Holder and children of Wingate and Mrs. Flossie Kirkland of Winters.

Mr. and Mrs. W. J. Price and children are in Aztec, N.M., this week where Mr. Price is conducting a revival meeting.

Breakfast Is Given For Jan Johnston

Mrs. R. L. Johnston, 1901 Twenty-ninth Street, gave a breakfast at 8 o'clock Friday morning for her daughter, Jan, who was celebrating her eighth birthday.

The table was set in pink and blue colors and the birthday cake was white with pink candles. Paper doll cut-outs were favors for guests.

Those attending were Kay-Logan, Jeannine Clements, Betty Fields, Helen Joyce, Sherry Patton, Sandy Lynch, Fredrica Josephson, Millijon Smyth, Barbara Beth Schiebel, Sheryl Novak, Marcia Clark and Ann Patterson.

Shower Given For Mrs. Curtis Tate

Mrs. Curtis Tate was honored at a shower Thursday night in the home of Mrs. Willie Martin, 3702 Muriel Drive. Other hostesses were Mrs. Roaal Minor and Mrs. Don Keller.

The coffee table centerpeice was fashioned from a rocking horse, with bachelor buttons and rose buds. The three-tiered cake was made of pink and blue layers, and other decorations carried out the pink and blue theme.

There were 26 guests.

Suits Gain New Glamor

By DOROTHY ROE

NEW YORK (AP)—The American woman's first love, the suit, gains new glamor as presented by that old master tailor Ben Zuckerman in a trend-setting collection for fall.

The longer (wrist-length) semi-fitted suit, in high-color tweed, with matching satin lining, weskit, revers or Ascot, is the star of the collection. It is shown in vivid ceramic blue, ruby red, jade green and purple, as well as in the less sensational vicuna and steel gray tones. The flat round collar is a signature this season.

The semifitted, carefully shaped silhouette emerges at its best in this collection in both coats and suits. There is an ease and smoothness to the line that denotes perfect fit and room to breathe.

Next to the long-jacket suit in importance is the suit with tapered loose jacket that gently hugs the hips. Many of the dressier suits are collared in white mink or dark sable while a number of fur scrafs are shown with coats. Dressmaker touches such as jeweled buttons and pins add a feminine touch to many of the suits.

The "Blouson" suit is starred by Harry Frechtel, who shows it in many fabrics and versions, along with the wide-collared croseted midriff suit and the costume consisting of seven-eighths coat and coordinated dress.

Open, stand-away collars, flat and wide, give a new look to many of the suits. Some are horseshoe-shaped, others square or portrait in line.

Herbert Sondheim p[illegible]s his bets on "palomino" beige and "burnt sugar" brown as favorite colors for everything from suits to evening gowns. He also spotlights a new rustic slub weave of a blend of Dacron, worsted and silk in a group of outfits perfect for travel or office wear.

An outstanding collection of today was that designed by Patric for Miss America, featuring glamor cocktail and evening gowns and suits with low, round collars starting sometimes halfway to the shoulders. Important is the "double petunia" tiered silhouette for after-5 dresses.

TO BE MARRIED

The engagement of Miss Tanya Smith, daughter of Mr. and Mrs. Willie Smith of Wellington, to Bill Herring, son of Mr. and Mrs. W. G. Herring of Snyder, was revealed recently at a tea given by the bride-elect's mother. The wedding date has been set for December 27.

Mergers Flourish As Firms Realign

By SAM DAWSON

NEW YORK (AP)—Mergers are flourishing these days as business firms realign themselves in the big competitive battle for your spending money.

Auto companies have been joining forces—and there's talk of still more mergers in this field.

Banks in many parts of the nation have been merging, or readying plans to merge.

Textile company realignments have spiced the business news for weeks, as this harassed industry seeks ways to c... costs and lure enough consumer dollars to go around among its many small companies.

Other industries — paper, machinery, gas, to name a few—also report merger moves under way.

Since mergers make big ones out of little ones, the whole question of "big business" is likely to be kicked around this year.

Federal agencies are reported looking some of the mergers over, to see if the anti-trust laws are involved. Competitors of the newly formed or enlarged concerns may feel increased pressure on sales, or more difficulty in getting raw materials, if the bigger firm takes a dominant position. If the competition hurts, they can be depended upon to squawk about the mergers.

The New York Stock Exchange is reported looking into some of the stock trading that has accompanied or brought about some of the mergers.

When the mergers might mean the closing of some plants and the concentration of the newly enlarged company's activities in other plants, communities affected may raise a protest.

But mergers offer many advantages in certain industries.

Take banks. More than 700 commercial banks have been absorbed into other banks in the last eight years. But the banking facilities for the nation, bankers say, haven't been cut, because during the same years almost as many new ones started up, and the opening of new branches has added about 2,000 banking offices to the nation's total.

In the textile mergers, one advantage usually stressed is diversification—with many types of products a firm is hurt less from shifting style trends. Another is that in developing a broad range of products a firm can build up the appeal of a brand or company name. Costs are cut by having one sales force do the merchandising for two or more.

Another advantage is financial. The industry's earning record isn't too hot just now. But the assets value of many companies are much better than present earnings indicate.

And the costs of replacing plants at present inflated prices make an old company's facilities look like a bargain to any concern wanting to expand.

French Move Out Of Asian Trading Posts

PARIS, July (AP)—North Indochina is not all France stands to lose in Asia.

Also slipping are the first toeholds of the once-great French empire on that continent—the little trading stations France has held on the Indian coast for more than 200 years.

First conquered by the French in the 17th century, they were expanded into broad inland holdings. Then they were lost to the British, retaken, lost and restored once more as tiny enclaves in British India.

For nearly a century and a half, the sleepy, primitive towns of French India remained French by sufferance of the British Empire. Their main industry reputedly was smuggling.

Now only two of the five original colonies, Pondichery and Karikal, are still under French control. They cover about 165 square miles, with a total population of no more than 300,000 amidst the hundreds of millions of the great Indian subcontinent. Both are on the east coast of India's Madras Province.

In the past five weeks, the French have moved out of Mahe and Yanaon, two smaller posts, under pressure from enthusiastic Indian Nationalists. Chandernagor, a suburb of Calcutta, was taken over by India in 1950 after a referendum.

Similar votes in the other areas have been delayed. The French maintain under their Constitution a local vote must precede the cession of any territory. The Indians are reluctant to have the vote.

The French believe the Indians fear such a vote might be thought a precedent for holding a referendum in Kashmir, where the Moslem majority might be against the present Indian control and in favor of joining Pakistan.

The Indians claim a referendum is not needed in the French-held towns because local councils already have declared for India. They also say the French wouldn't permit a fair vote.

French officials in Paris say they are not reluctant to get out, but they want to go in an orderly fashion.

Until about the year 1800, imprisonment was not a common method of punishment for crime.

Pure flint is translucent.

In the Middle Ages, the use of certain furs for garments was almost a badge of office — for instance, the use of ermine by judges.

The first Rhode Island General Assembly met in 1647.

63,000 Wetbacks Take Leave Of Valley Area

EDINBURG, Tex., July 24 (AP)—A total of nearly 63,000 wetbacks have left the Rio Grande Valley in the last 10 days, Harlon Carter, head of the border patrol, said today.

Deportations number 17,000 and by actual count 46,963 aliens have voluntarily crossed the Rio Grande at Hidalgo, Progresso and Brownsville. Other Mexicans illegally in the United States probably have crossed at other ports, Carter said.

He said Monday or Tuesday there will be more new border patrolmen in the valley to continue the drive to remove illegal farm hands.

Carter said there were far more illegal Mexican workers in the U.S. than he had been led to believe.

In the last 10 days, 25,000 braceros, legal Mexican workers, have been brought into the valley to supply workers for the cotton harvest.

Mexican labor has long been used in the valley for agricultural needs. Braceros are Mexicans who have entered the U.S. without permission. They are called wetbacks because they often literally swim the Rio Grande.

The cultivation and preparation of flax are among the most ancient of the textile industries.

Floyd J. Spivey

Revival Meeting

July 26 Through August 1

Services At 8 p.m. Daily

Floyd J. Spivey, Colorado City, Evangelist

Donald Ray Scott, Leading The Singing

The Hermleigh Church Of Christ

You Are Invited To Attend

SCHOOL DAYS!

For the what-little-girls-are-made-of look, sew her this dress and slip which both have the true "grown-up", styling they love.

No. 2931 is cut in sizes 2, 4, 6, 8. Size 4: Dress, 2 yds. 35-in. Slip, 1¼ yds. 35-in. (Dress also takes only two 100-lb. feed bags).

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Old Chelsea Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra five cents per pattern.
