Stratford Schools will open Tuesday, September 2, at 9:00 A. M. Grade school students will register in their class rooms at this time.

High School students will register at the school building beginning at 9:00 A. M. Friday, August 29.

Friday morning between the hours of 9:00 and 11:00 A. M. Seniors will register.

Juniors will register Friday afternoon between the hours of 1:00 and 2:30 P. M.

Sophomores will register Friday afternoon between the hours of 2:30 and 4:00 P. M.

Freshmen will register Saturday morning from 9:00 until 11:00 o'clock.

R. W. Stewart, former Stratford High School Principal, will open the school term as acting temporary superintendent of the schools. He was appointed to this position at a meeting of the school board Monday night.

C. D. Holmes, who has served the school as superintendent during a five year period of its most rapid growth and expansion, has resigned to accept a position as Superintendent of consolidated schools at Vanderbilt, Texas.

Mr. and Mrs. Holmes left Wednesday for Vanderbilt.

Dale Knight Wounded In Korean Battle

Pvt. Dale H. Knight was wounded by fragments of an exploding mortar shell in action in Kirea on or about August 8th according to meager details of the incident which Dale related to his wife and parents, Mr. and Mrs. John Knight, in a recent letter. Dale was struck by fragments of a mortar shell in one forearm. Only he and two other members of his platoon have been kept on active duty.

All of the other members of the platoon were evacuated as casualties.

Although Dale's letter gave only meager details of the engagement, he stated that his wounds were only minor injuries, and cautioned his wife and parents not to worry.

School Band Will Rehearse Monday At 11:00

The Stratford High School Band will start regular rehearsals Monday morning at 11:00 o'clock, it was announced by band director John H. Schnabel.

Former members of the band will have an opportunity for a tryout and conference with Mr. Schnabel on Friday afternoon and Saturday morning of this week in the band rehearsal room. New members and persons desiring to start in the instrumental program this year are requested to see the band director on Tuesday or Wednesday afternoons, September 2 or 3.

Kendrick Reunion In Wichita Sunday

Mr. and Mrs. Kenneth Kendrick and children, Mr. and Mrs. Curtis Kendrick and children, Texhoma, Mr. and Mrs. Meredith Kendrick and children, Groom, Texas, and Mrs. Cecil Turner and daughter of Lubbock, Texas, attended a Kendrick family reunion in the home of Mr. and Mrs. Terrell Brown in Wichita, Kansas Sunday.

Kenneth, Curtis and Meredith Kendrick, Mrs. Turner and Mrs. Brown are brothers and sisters. Their father who lives in California and a brother who lives in Washington, D. C. were unable to attend. There were about 40 present.

Square Dance Club Meets Saturday Night

The Stratford Square Dance Club will meet in the American Legion Hall Saturday at 8:00 P. M.

Precinct Four Polls Heavy Election Vote

Voters of Precinct Four polled a comparatively heavy vote for a second primary election Saturday. Although there were only two contested state offices on the ballot, interest in the local county commissioners race brought out a good representation of the vote.

F. M. Keener won the democratic nomination for the office of County Commissioner of Precinct 4, winning over E. E. Hamilton, veteran County Commissioner, by a vote of 257 to 214.

Frank P. Culver led Sherman County for the office of Associate Justice of the Supreme Court, Place No. 1, with 256 votes. He was opposed by Spurgeon Bell who received 163 votes.

Ernest O. Northcutt led Sherman County with 359 votes for the office of Associate Justice of the Court of Civil Appeals, 7th Supreme Judicial District. His opponent, Joe S. Moss, received 89 votes.

Martin Dies, unopposed candidate for Congressman-at-large, received 477 votes.

Voting was light in Precincts 1, 2 and 3. Eleven votes were cast in Precinct One, 8 votes in Precinct Two, and 8 votes in Precinct Three.

Kenneth Pemberton Receives His B. S. Degree

John Kenneth Pemberton, son of Mr. and Mrs. John Pemberton, received his B. S. degree from Texas Tech in Lubbock, Texas Wednesday night. Pemberton majored in Physical Education.

The graduation exercises Wednesday night were for students who have completed the requirements for degrees during the summer.

R. H. Johnson, Wall Street securities broker and a native of Anson, Texas, was the commencement speaker. The exercises were held at 7:00 P. M. on the Administration Building lawn.

On the list of 303 candidates was Texas Tech's first candidate for the doctorate degree. Estus C. Polk, Fort Worth, on leave from Texas Christian University where he is an assistant professor of English, has satisfactorily completed the requirements for the Doctor of Philosophy degree.

Tech moved into doctorate field of graduate studies in 1950, but Polk is the first candidate to reach the degree platform.

Of the graduates 166 received bachelor's degrees and 136 received master's degrees.

BUSY BEE 4-H CLUB MEETING TUESDAY

The Busy Bee 4-H Club met at the court house Tuesday at 4:00 P. M. with Leslie Gay Plunk presiding in the absence of the president. Members repeated the 4-H motto, pledge and prayer, and sang 4-H Girl and 4-H Trail. The girls decided how they were going to put on their exhibit at the fair. Those present were: Ann Burgess, Kay Pickens, Sharon Gamble, Carolee Baskin, Leslie Gay Plunk and Jessie Jean Riggs, and four new members, Shirley Sanders, Sharon Mullican, Jo Ann Roper and Lela Hampton.

Mrs. Laxson III At Boise City

Mrs. R. S. Laxson, mother of Mrs. Frank Purnell, was admitted to the Boise City Hospital Saturday night. Her condition is serious. Her children have been called to her bedside.

Mrs. Mollie Davis Is Improving

Mrs. Mollie Davis, who suffered a slight stroke Friday, is rapidly improving at the home of her daughter, Mrs. Van B. Boston.

Mrs. Davis hopes to be able to be up again within a few days.

Sherman County Junior Fair Next Week

Considerable interest is being expressed in the Junior Fair as the entry list continues to grow.

The judges for the various departments have been selected. Twenty-six calves will be entered and a number of prominent local livestock breeders will show breeding cattle.

The FFA teacher, Duard Lamb, and County Agent E. Goule, say that the boys have some of the best calves and in better condition than those exhibited in previous fairs. Mr. Hood Willis of Perryton will judge the cattle. The hog show looks like it will be a little short in number but good in quality. Mr. McDaniels, FFA teacher of Dalhart, will judge these.

The wheat show promises to attract a larger number of entries this year and will be judged by Fred Dines, Extension Wheat Specialist of Amarillo. Sorghums will be judged by John Steel.

An increase in the number of entries in the poultry department promises to enlarge this show. Mr. Barbary, FFA teacher of Dalhart, will be the judge.

Harold Gray will judge the flower show and Charley Watson will judge the vegetables.

This year ceramics, china painting and art will be entered in the hobby exhibits. Persons in charge of these departments are Robbie Yates, art; Ida Billington, ceramics; and Juanita Donelson, china painting.

Persons in charge of the clothing, needlework and canning departments are clothing, Mrs. Tom Wakefield, Lora Ann Schafer and Letha Gail Fedric; Needlework, Nola Cummings and Pauline Jones; Canning, Lorene Spurlock, Jean Spurlock and Marilyn Bugner.

Summer Roundup Brought In Student Group

Thirty-three of the 36 students expected to enter school this fall for the first time, were examined in the Summer Roundup health clinic held recently in the Stratford Clinic. Nineteen of the children needed medical or dental care.

Parents of children who are moving to Stratford for the school term may secure blanks for a medical examination for their children at either the Stratford Clinic or at the School house.

Stratford Lions Will Meet September 15

Stratford Lions will hold their first fall meeting in the Palace Cafe on Monday, September 15, it was announced this week by John Kidwell, club secretary.

Whatleys Honored With Shower

The yard of the Cone Donelson home was the setting Monday night at 8:00 o'clock for a surprise miscellaneous shower for Rev. and Mrs. Howard Whatley and two sons, who left Stratford in 1949, to organize a Southern Baptist Church in Hutchinson, Kansas, where they still live.

Large white Chrysanthemums and greenery decorated the table which was piled high with gifts. Cash gifts amounting to about \$300.00 were also presented to the Whatleys to help them in the work they are doing in Hutchinson.

Coffee, cokes and cookies were served to approximately 100 guests.

Attend Reunion In Lubbock

Mr. and Mrs. G. Ross Turner attended a reunion of the Robinson family in McKenzie Park in Lubbock, Texas Sunday. Approximately 60 people representing three families, were present.

Celebrate 50th Anniversary Of Church

Members of the First Baptist Church, former members and friends from several states, gathered here Sunday for the 50th anniversary celebration of the founding of the First Baptist Church in Stratford.

Religious history of the once tiny church to its present day standard unfolded as written in the golden gilt edged pages of time, as old-timers mingled with younger members of the church for an all day program.

Two charter members of the church were in Stratford for the occasion. They were Mrs. J. B. Tidwell of Waco, Texas and Mrs. G. N. Mattingly of Aloha, Oregon.

Five former pastors, Rev. A. W. Reccius of Hooker, Oklahoma, Rev. Lynn Richardson of Slater, Missouri, Rev. Fern A. Miller of Dublin, Texas, Rev. H. H. Whatley of Hutchinson, Kansas, and Rev. C. N. Hedges of Stillwater, Oklahoma, returned to appear on the program as prepared by Rev. M. E. Upchurch, pastor, and the members of the church.

Mrs. J. B. Tidwell, a charter member, gave an inspiring message at 10:30 A. M. Her daughter, Mrs. Guy A. Carlander of Amarillo, gave a vocal selection. The anniversary message was delivered by Rev. A. W. Reccius. Special music was presented by Mrs. C. O. Huber and daughter, Kathleen, of Amarillo. Afternoon messages were delivered by Rev. H. H. Whatley, Rev. Lynn Richardson, Rev. Fern Miller and Rev. C. N. Hedges. Special music was presented by Miss Kathleen Huber and Mrs. Henry Moseley of Marietta, Georgia.

There were 156 out-of-town guests who registered at the church Sunday. Fifty-six were out-of-state guests.

Among the out-of-town guests here for the anniversary were: Mr. and Mrs. Robert L. Pendleton of Ordway, Colorado, Mrs. H. H. Whatley and sons of Hutchinson, Kansas, Mrs. Fern Miller of Dublin, Texas, Mrs. A. W. Reccius of Hooker, Oklahoma, Jesse and Clifford Adams of Plainview, Texas, Mr. and Mrs. Lon C. McCrory, Dalhart, Mr. and Mrs. L. B. Steel, Dalhart, Mr. and Mrs. O. H. Finch, Dalhart, Mr. and Mrs. R. J. Moore, Dalhart, Mr. and Mrs. E. E. Bowling, Dalhart, Mr. and Mrs. Roy Lennig, Dumas, Mr. and Mrs. Fred Mason, Texhoma, Mr. and Mrs. J. L. Higginbottom, Liberal, Kansas, Mrs. Ben Horn, South Haven, Kansas, L. P. Hunter, Vienna, Virginia, Mr. and Mrs. Pat Reccius, Louisville, Kentucky, Mr. and Mrs. Rex Reccius, Clovis, New Mexico, Mr. and Mrs. Lloyd Reccius, Hooker, Oklahoma, Mr. and Mrs. Carl Hall, Hedley, Texas, Mr. and Mrs. Carl Reeder, Bushland, Texas, Mr. and Mrs. Bill Burkstresser, Carlsbad, New Mexico, Mr. and Mrs. E. W. Butler, Jr., Lamar, Colorado, Jim Brown, Conway, Texas, Mr. and Mrs. Marvin Fleming and children, Wichita Falls, Texas, Mr. and Mrs. Guy Carlander, Amarillo, Mrs. J. W. Norvell, Canyon, Texas, Mrs. Leta Boswell and son, Mac, Canyon, Texas.

Miss Beall Wins Honors At San Marcos

SAN MARCOS — Doris Ann Beall, daughter of Mr. and Mrs. Russell Beall of Stratford, has been named to the summer honor roll at the San Marcos Baptist Academy, President Robert B. Reed has announced.

Also during the summer session, her room was declared a medal winner for neatness and cleanliness.

To make the honor roll, students are required to maintain averages of A's and B's in all courses taken.

The Rock Island railway lines, which entered the Texas Panhandle in 1901 and 1902, will mark their 100th anniversary in October.

Stratford has a 36-man volunteer fire department, which more than meets state requirements to maintain a low fire insurance rate. Practice drills will be held in accordance with state regulations on the second and fourth Tuesdays of each month from 4:00 to 6:00 P. M.

The new Stratford Fire Department was secured as the result of a mass meeting held Monday night. A committee was appointed to canvass the business district to secure at least one representative from each business house having more than one man employed.

The response was good and more men than is required by the state reported for service with the fire department at a meeting held Tuesday night. Older men were placed in reserve and younger men were placed on the active membership of the fire department.

State regulations for a city protected by a fire department which enjoys a lower rate of fire insurance provides for a membership on the fire department of at least 20 men. Regulations further provide that at least 17 or 18 of these men attend at least two drills each month which are carried out in a manner which requires approximately two hours.

Men serving on the fire department give their time and service without pay. Arrangements have been completed which will make possible the replacement of clothing of members of the fire department that are ruined while fighting fires.

Citizens should make an effort to cooperate with members of the Fire Department in keeping Stratford's low record of fire loss. Stratford has one of the best records in the state.

4-H Club Bake Show Held Thursday

Delma Dee Schafer of the Texhoma 4-H Club was declared the Baking Queen of Sherman County Thursday when the 4-H baking show was held. She is the daughter of Mr. and Mrs. Roy Schafer of Texhoma. Carolyn Folsom was declared princess of Sherman County.

Twenty-six 4-H Club girls entered the iced cup cakes and plain rolled cookies in the Better Baking Show.

Mrs. Virgie Wheeler of Dumas judged the show. After the judging she gave a judging demonstration before the group. This was very helpful for it helped the girls to know what was wrong and how to correct it.

The four top winning girls will ride on the float as queen and princesses in the Stratford Jam-boree parade. They are: Delma Dee Schafer, Texhoma 4-H Club, Queen; Carolyn Folsom, Clover 4-H Club, Princess; Alma Casey, Willing Workers 4-H Club, second Princess; and Mary Nell Craig, Texhoma 4-H Club, third Princess.

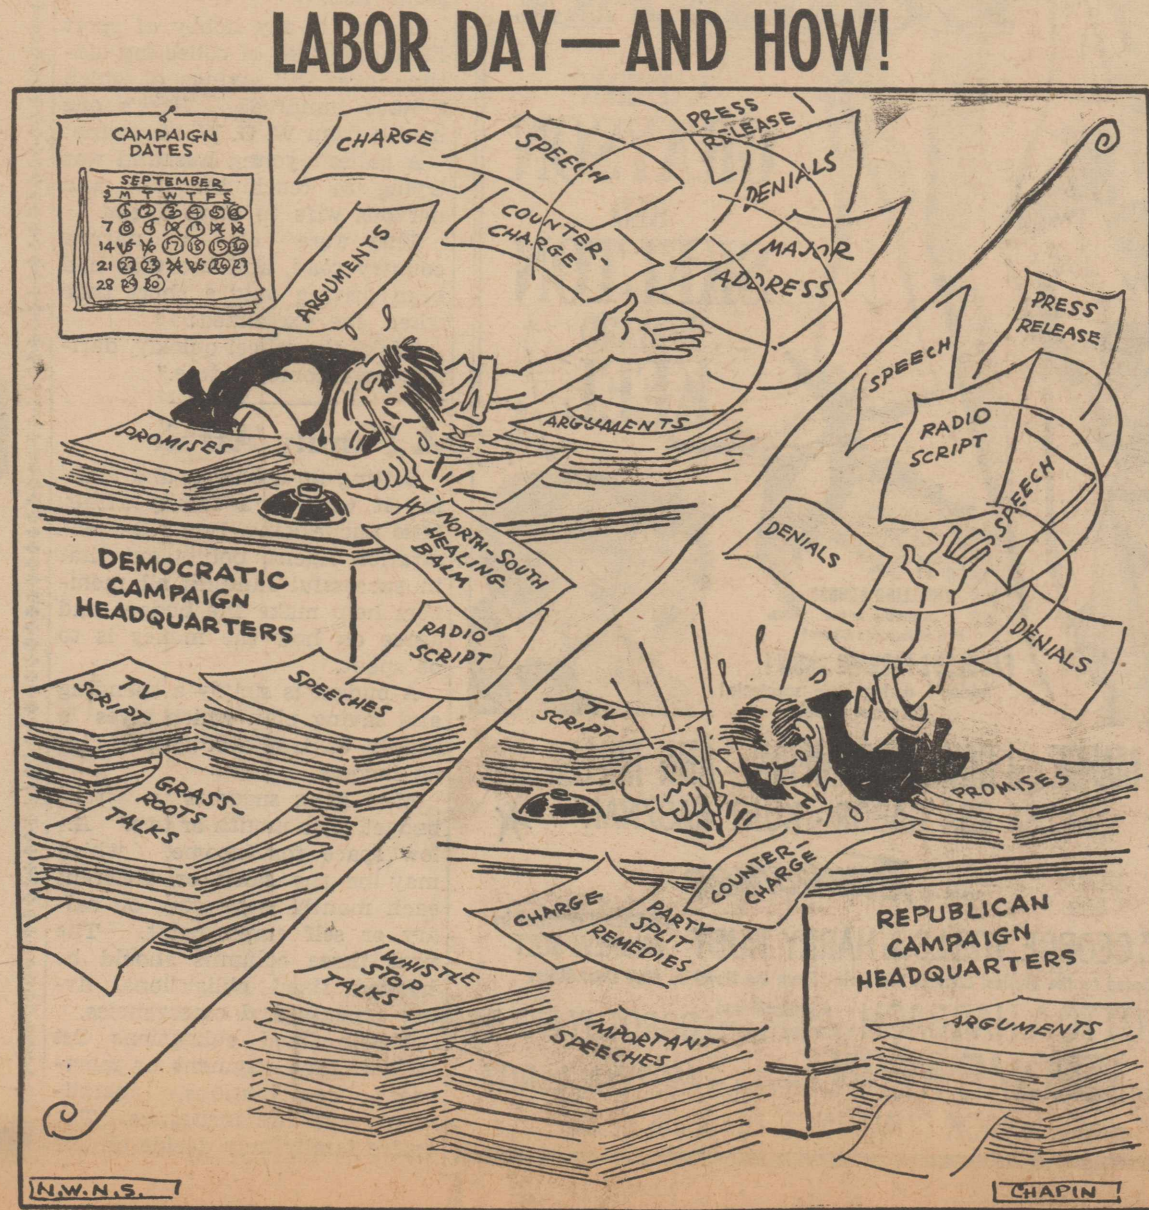

The winner of the Sherman County Show will represent Sherman County in the District Better Baking Show at Amarillo the latter part of September.

Gene Austin Injured In Korean Mishap

Pfc. Gene E. Austin sustained minor injuries when two troop trucks, one of which he was riding in, skidded off of a bridge and plunged 12 feet into a shallow stream in Korea. Four men in the trucks were injured seriously. Austin went through the experience with only an injury of one thumb.

Pfc. Austin sailed from California July 21. He has been stationed in the fox holes about a mile behind the front lines, and expects to see duty on the firing line within a month.

Gene Austin is the son of Mr. and Mrs. Fred Austin. Friends may reach him by mail at the following address: Pfc. Gene E. Austin 1273079 S-1-11-1st Division, c/o Fleet Post Office San Francisco, California.

OLD-TIMER TELLS OF EARLY DAY TRAVEL

H. C. Gentry, a resident of Stratford in the early days, and one of its first motorists, who now resides in Canyon, Texas, recalls many of the early day experiences.

Mr. Gentry's "Oriental Buckboard," which he brought to Stratford in 1908, was the first car which Mrs. Frank Smith learned to drive.

Mr. Gentry says: I lived in Stratford during the early 1900's and traversed the first roads before they were even graded, or laid out along the section lines for that matter.

Let's go away back of 1916, say to 1903 or 1904, and see just what kind of transportation was being used in that area other than horse-drawn vehicles. Well sir, by delving into my files and biography of my

HOME FIRES . . . The McConnells, parents of P.F.C. Warren McConnell, sentenced to 10 years' labor for falling asleep on sentry duty, wait with lamp after hearing sentence was set aside.

life I came up with a couple of snapshot pictures and history of what was claimed to be the first motor-driven vehicle to invade the Stratford area.

Whether it could be called an automobile or motor-driven buggy is a matter of conjecture, but it was propelled by a small cone-cylinder air-cooled motor which used a high priced fuel called gasoline, and the thing would really make 10 to 15 miles an hour.

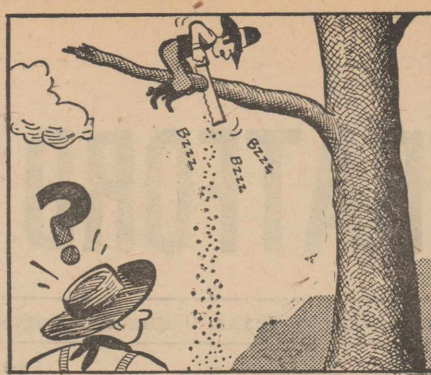

The little thing was really called "The Oriental Buckboard," and it was originally purchased and used by one of our local doctors, in connection with his practice, and later purchased by me for use in connection with my contracting and building business which I operated during the early 1900's until the so-called money panic of 1907 and depression that followed, that we still read about, and which put the skids under many a thriving business, and which didn't pass me up.

But I managed to hang on until late 1909 at which time I gave up and moved to Amarillo to become district representative and distributor of the Coleman line of gas lighting and heat

appliances which in 1912 I gave the name of, Western Light & Supply Co., from which I retired in 1935 in favor of a younger generation and an outdoor life for myself. But let's get back to the little bus.

The picture with the little vehicle all shined up for Sunday

amounts to set aside for living expenses and contributions. If all members of the family are allowed opinions, they will more readily realize the need for systematic management of the income.

If at all possible, each child should have an allowance, no matter how small. This will teach each to appreciate the limitations of money.

When each member of the family gets the consideration due him, a closer feeling of fellowship results and this is invaluable according to the agent.

Ford Tractors

IN THIS COMMUNITY!!!

There must be reasons
and here they are

POWER

Talk about power . . . ask for a demonstration on your own farm—see how the Ford Tractor handles a 12" or 14" two-bottom plow. This power is available through a four-speed forward transmission.

ECONOMY

Weight and traction are added to the Ford Tractor through the implements it carries. No need for excess built-in weight in the tractor itself. This saves you money on both light and heavy jobs!

LONG LIFE

Treat the Ford Tractor right and it will "stay with you" a long while. Part tolerances are very close . . . and the Ford Motor Company knows how to keep them that way!

EASY HANDLING

Ford Tractor Hydraulic Touch Control takes the hard work out of manipulating implements. Automatic type steering and duo-servo brakes make the Ford Tractor an easy tractor to handle.

CONVENIENT SERVICING

The Ford Tractor is a convenient tractor to service and overhaul. Parts are reasonable. What's more, our mechanics are specially trained to work on Ford Tractors.

driving and occupied by myself and my tall passenger friend looking high wide and handsome should be quite interesting to our younger generations.

We wore derby toppers, fad of those days. Also, the name, "Gentry's Lemousine of 1908" was inscribed by the amateur photographer who snapped the picture unexpectedly. Yes, and the steering apparatus, a single handle-bar was operated by the right hand of the driver. Now wouldn't such an arrangement be frowned upon by the youngsters of this day and time? Ain't it so? And too, the left hand had to be kept free to operate a little lever at the left end of the driver's seat to govern the friction drive mechanism. And then there's the little city bakery in the background.

Well anyway, after operating a nice little thriving business in Amarillo 27 years, ill health and partial loss of my hearing have overtaken me and I went into retirement in 1935 to pursue outdoor life, and my number one hobby of artificial bait casting for game fish, sport fishing as it is known, and now as I turn into my 70's I find myself living in this splendid little city of Canyon, home of West Texas State College, only three miles from our Palo Duro fishing and hunting resort where my wife and I spent part time in our cabin, and fortunately, am still able to pursue my hobby of sport fishing for game fish.

Second to my hobby of sport fishing, is that of collecting old-time jokes and sayings, of which I have hundreds. Here's one lifted from W. O. W. Magazine: A gallant young husband was trying to teach his new and nervous wife to drive a car. They were on a narrow country road, and the wife had been driving only a short time when she exclaimed: "Take the wheel quickly, darling, here comes a tree."

A Family Affair

Setting up a budget and making it work is a family affair. Miss Lucile King, Home Demonstration Agent, points out that in successful families all members help make the budget and agree on how the money is to be spent.

A budget is simply a spending and saving plan which gives a family control over disposal of its income.

Miss King suggests a trial budget for a month or two. Allow space for income, which may be the same or different each month, depending on salary or self employment. The next three columns should be headed fixed obligations, living expense and emergencies.

Under fixed obligations list rent, if any, payment or mortgages, contributions, installments and life insurance. The entire family may decide on the

Moisture Absorbents

In hot, humid weather it is difficult for homemakers to keep the house and its contents dry and fresh smelling. Miss Lucille King, home demonstration agent, suggests that the use of the new electrical drying equipment or chemicals that absorb moisture from the air will help to dry out the house.

Miss King explains that the electrical dehumidifiers draw in damp air, condense the moisture and then draw it off. This equipment should be used with doors and windows closed where

condensation causes moisture damage.

Two chemicals that absorb moisture from the air are silica gel and calcium chloride. These are available in department stores and drug stores. Silica gel is not harmful to fabrics, does not drip and may be used again after it has been dried in a vented 300 degree oven. Hang it in a cloth bag or place in an open container in closets with the doors closed. Silica gel is blue when dry and pink when full of moisture.

To use calcium chloride, the agent says place this chemical on a non-rusting piece of screen

wire or over an enamel ware container placed in clothes closets.

QUENTIN REYNOLDS will be on video screens in the near future in a quarter-hour film series titled "Thrill of a Lifetime" . . . Quent is one of the best story-telling newsmen it has been our pleasure to listen to in a long time . . . Hope he doesn't have to be burdened with a script, unless it's written by himself, on this new show . . . June Valli, featured vocalist on ABC's "Stop the Music", has cut an RCA-Victor record titled "Strange Sensation" that has the music trade agog.

The bulk of the stories and articles penned by the late Damon Runyon are slated for telepix production, one of the best pieces of news that has come across this beaten and battered desk in a long time . . . Runyon's yarns, while New York fantasies, are universal in appeal and maybe the chuckles they will provide via television is what this tired old world needs these days . . . An indication of the enormous appetite for talent television has, is shown by upcoming plans at NBC . . . The network is sending a production unit to Europe to film top vaudeville acts for later showing here.

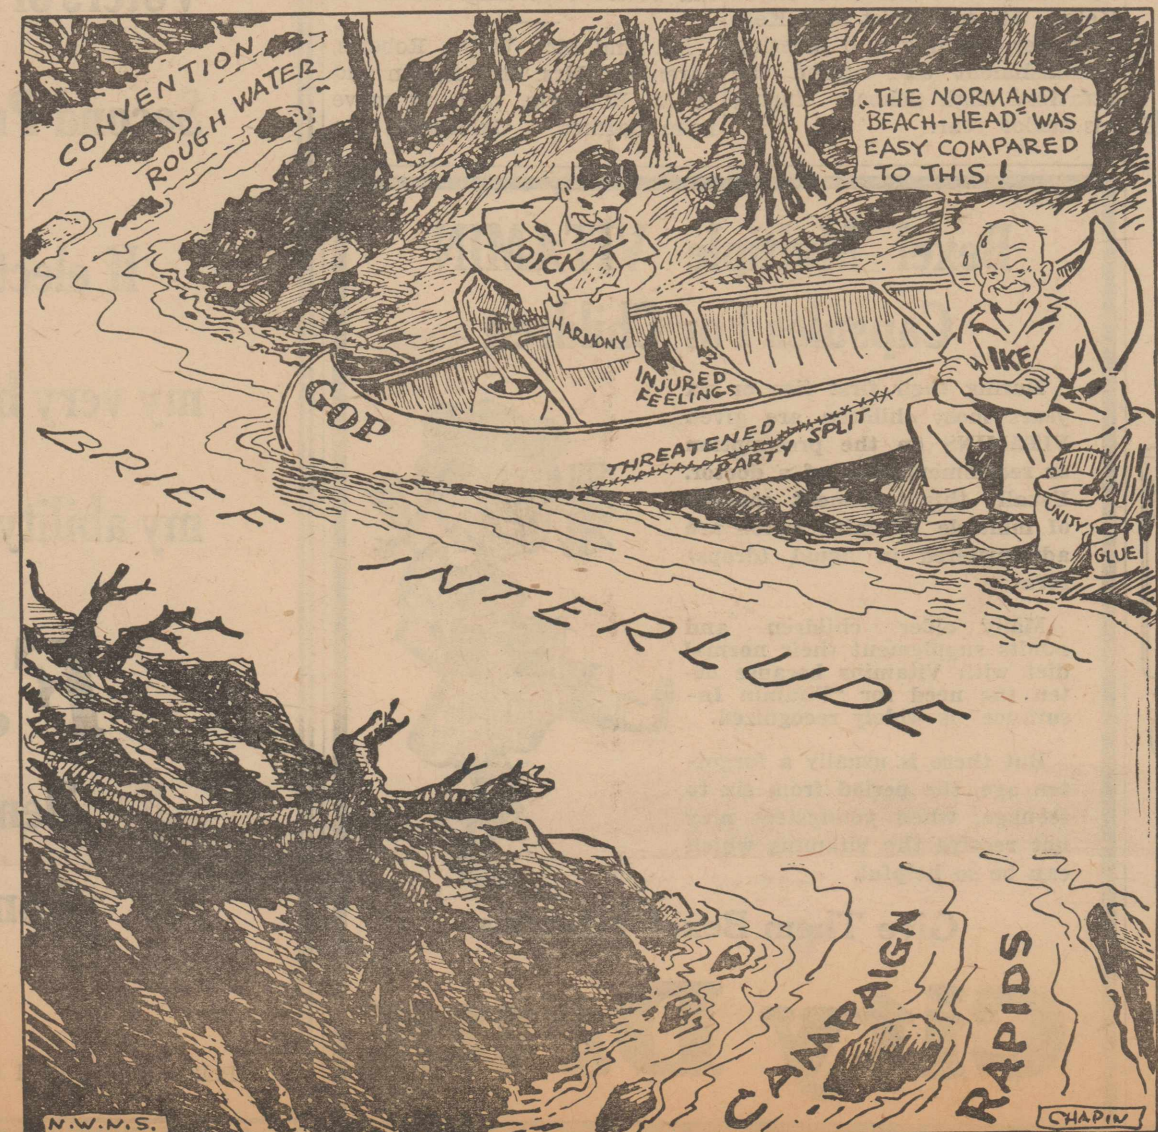

Zsa Zsa Gabor, who was recently deserted by hubby George Sanders, is being paged to fence a TV show titled "I Want to Get Married" . . . Look for "Mr. and Mrs. North" to hit the TV airwaves this fall . . . It has been estimated that the combined TV-Radio audience for the national political conventions will hit 99,000,000 . . . "Duffy's Tavern" may make its debut on TV this fall, too, which wouldn't leave many unexploited radio programs left.

ets. As the moisture is absorbed the calcium chloride liquifies and should be replaced with new material. Do not let this liquid come in contact with clothes because it is harmful to fabrics.

The foods and nutrition specialists with the Texas Agricultural Extension Service point out that cheese cake, which is traditional Old World delicacy, is perfectly adapted to American menus and kitchen methods and is an excellent way to add more protein to the diet.

Low or 'penalty' cotton grades can be avoided if more emphasis is placed on harvesting, both hand and mechanical. Pick only dry cotton and do not tramp it into a trailer are good rules to follow. Also, early stalk destruction will reduce the insects next year.

Electric Power Increased For Stratford

Electric service in Stratford

was interrupted for almost two hours Tuesday afternoon for a replacement of old transformers with new larger ones for the city by the Southwestern Public Service Company. The three 150 KVA transformers were replaced by

three 300 KVA transformers which should remedy much of the fluctuation in the local power current.

Bexel Multiple VITAMIN Capsules For Children

During their first five or six years most children are given VITAMINS on the prescription or recommendation of a doctor. Usually this treatment consists of multiple Vitamins which are administered in liquid (drops) form.

Many older children and adults supplement their normal diet with Vitamins because of the need for "Vitamin Insurance" is widely recognized.

But there is usually a forgotten age, the period from six to teenage, when youngsters may not receive the vitamins which can be so helpful.

Proclamation

Stratford Jamboree Days

In the early days of our great Panhandle Plains country the rugged and individual cowboy went through all kinds of weather year in and year out. His fun was his work. His work was his fun. The horse he rode was his best friend. He was the builder of an empire which has changed through the years and the old time cowboy would hardly recognize his old domain in our modern machine age.

But the pioneers' blood still flows through the veins of the younger generation and we pause to join with them in celebrating Stratford Jamboree days in honor of them that have passed on and to enjoy the clean recreation which will be furnished by the present day performers.

Many hours of hard work have been done in order to put on this show and several attractive purses are offered for the contestants.

Therefore, I, H. M. Flores, Mayor of the City of Stratford, Texas, do hereby designate September 5th, 6th and 7th as Stratford Jamboree days.

H. M. FLORES
Mayor.

GRASS ROOTS OPINION
MANSFIELD, OHIO, NEWS-JOURNAL: "When discussion turns to 'high prices,' as it so frequently does, it is well to keep in mind the extent to which the tremendous total of Federal spending, and resultant excessive taxes, enters into the price situation. On a loaf of bread the variety of taxes is estimated to be 36 per cent of the price to the consumer, and for gasoline

the tax runs to more than half of the retail price paid. It is the same story with telephone service, electric and gas utilities, and whatever you need for convenient and comfortable living, as it is only by such extortionate taxation that the billions of dollars can be provided for Federal government spending all over the world, and it appears that the end cannot be sighted."

International Uniform Sunday School Lessons

SCRIPTURE: II Samuel 5:6-25; 8-9.
DEVOTIONAL READINGS: Psalm 72: 1-7.

The Statesman

Lesson for August 31, 1952

A POLITICIAN is a man who goes into politics as a man goes into any game—to win. He wants office, wants people to vote for him. Popularity is his stock in trade. A statesman, on the other hand, is not remembered for the number of votes he commanded, nor for the number of times he was elected, nor for the particular titles he held. A statesman's claim to fame is not based on what he did for himself, but on what he did for his country. That is why a "statesman is a dead politician." Some time has to go by, before it can be finally said whether any particular politician's career was good for his country or not.

Dr. Foreman

Achieving Unity

DAVID, King of Israel, has been dead long enough now so that we can with great assurance call him a statesman. We saw a few weeks ago (Aug. 10 and 17) that Saul faced much the same problems that face nations today, but failed to solve them, largely because he was the wrong kind of man. David had the same problems; but he solved them.

We must remember that David's times were a thousand years before Christ, so of course he was no Christian. Nevertheless, looking back at his achievements, history can say, Well done! Here lived a man who had what it took to lead his nation to have and to be what it needed to have and to be at that time.

What Israel needed to become a strong nation were unity and security. At Saul's death these were lacking, and of course that spelled national weakness. The split between Judah and the other tribes had never been healed. David secured the unity of the nation in a dramatic way: he captured the city of Jerusalem which had been in enemy hands for hundreds of years, and made that city, for the first time, the capital of Israel. He built his palace there (Saul's had been at Gibeah,) he brought the ark there (see lesson for Sept. 14), and intended building a temple which would be the central shrine for the entire nation. Through creating this new and centrally located capital, David achieved political, military, religious and sentimental unity all at once.

Some Wars Are Not in Vain

AS FOR national security, there are three kinds of it and David developed all of them. First there is military security. The only way to get it, for David, was to beat down the armies that had been beating the Israelites.

It is a blood-stained story; but still the question is a fair one: If David had lost all the battles he won, what would have become of Israel? They would have gone the way of the Hivites and the Girgashites—if any one knows where that is. A few scraps of pottery, perhaps, some fragments of ruined walls, something for professors of ancient history to dig up and wonder about,—that is what Israel would have come down to, if David's wars had not succeeded.

He wound up his series of wars with this happy situation: Every single nation or tribe that had been giving the Israelites trouble, was either welded into the Israelites kingdom, or made into an ally.

Other Kinds of Security

ANOTHER kind of security is commercial. A nation cut off from trade with its neighbors is doomed to be a poor nation, even perhaps a beggar nation. Out of the mass of proper names in these chapters about David's kingdom, four are specially meaningful: Edom and Tyre and Damascus and Hamath. The three latter were great commercial and transportation centers. Edom, with its border on the Red Sea, gave Israel for the first time a seaport on deep water, with all the possibilities that involved.

The reign of David's successor was to be one of unprecedented prosperity and international good will; but it was David's statesmanlike policies that made the prosperity possible.

The third kind of security is more internal, and more a matter of the spirit than of the sword, more of the mind than of money. It is the national security which can exist only where there is a united and uniting loyalty on the part of the citizens.

David had the rare gift which a politician uses for selfish ends, a statesman for the good of his country: the ability to make friends out of potential enemies.

SEWING LIGHT

General illumination of the room plus a close lamp that directs bright light on the work, but none on the eyes, is ideal for sewing according to Miss Lucile King, Home Demonstration Agent.

The little bulb lamp on the sewing machine gives a concentrated light around the needle and pressure foot but if used alone, causes eye strain.

Miss King says an adjustable

lamp with a swing arm is especially convenient. This allows the light to be moved up and down or back and forth to bring it close to the work.

Direct light seems to be better for sewing than diffused light, except on shiny fabrics which reflect light.

Different sewing jobs call for different amounts of light. Miss King points out that the new recommendations are for 40 footcandles for occasional sewing

on light colored fabrics, a 150 watt bulb close to the work will provide this. For prolonged sewing on light to medium fabric, twice as much light is recommended and for fine detail or dark fabric, at least three times as much.

Grenadine is made from pomegranates.

PMA Election Returns Are Announced

Election returns from Sherman county's three agricultural communities where farmers voted August 21 for PMA commu-

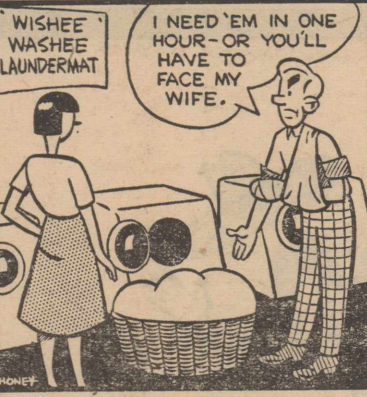

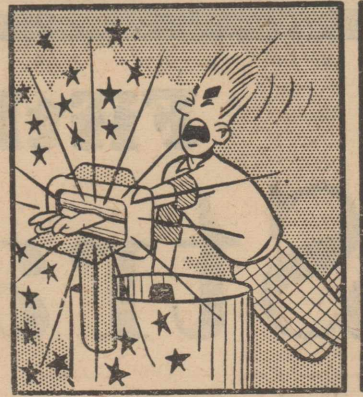

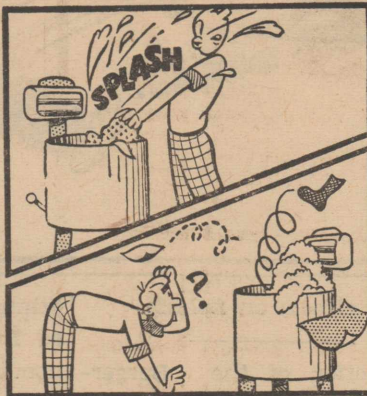

ity committeemen were announced by R. C. Buckles, chairman of the county PMA committee.

The following were elected to serve on PMA community committees in 1953:

"A" (Stratford) Community: Chairman, W. O. Bryant; Vice-Chairman, Ernest Cummings; Regular Member, Rex Hudson;

"B" (Texhoma) Community: Chairman, Glenn Craig; Vice-Chairman, Ralph Renner; Regular Member, L. A. Gunzelman; First Alternate Member, Sam E. Lasley; Second Alternate Member, Carl Bremer.

"C" (Spurlock) Community: Chairman, Roy Browder; Vice-Chairman, Jame O. Craig; Regular Member, Erwin Cartrite; First Alternate Member, Travis Spurlock; Second Alternate Member, Frank Blanks.

Delegates elected to attend the county convention for naming next year's county committee are:

"A" (Stratford) Community: Delegate, Floyd D. Brannan; Alternate Delegate, Jim Taylor.

"B" (Texhoma) Community: Delegate, N. F. Renner; Alternate, J. N. Bridwell.

"C" (Spurlock) Community: Delegate, Luther Browder; Alternate Delegate, Arthur Cartrite.

The county convention will be held August 28 at Stratford. At this convention, the delegates will elect a county committee chairman, vice-chairman, a third member and two alternates. Both community and county committeemen will take office September 1.

In the coming year, the community committeemen will visit each farm in their community to help the farmer to concentrate ACP assistance on the most urgently needed practices.

Chairman Buckles points out where such operations were carried out this year more farmers are participating in the conservation program than ever before and more effective practices are being carried out to protect, conserve, and build up the soil.

LaCiencia Club To Meet With Mrs. Steel

The LaCiencia Club will meet in the home of Mrs. Wallace Steel on Thursday, September 4, for an all day meeting. All members are urged to be present, and take their embroidery hoops.

Beta Sigma Phi Officers Are Installed

The formal installation and reception of the Stratford Chapter of Beta Sigma Phi Sorority was held Thursday evening in Fellowship Hall in the Methodist Church.

Mrs. H. A. Nichols was appointed as director of the chapter. She was chosen for her high qualities of leadership and intellectual interest.

Officers appointed were: Mrs. Carroll Wisdom, President; Mrs. Billy Cummings, Vice-President; Mrs. Charles Wisdom, Extension Officer; Mrs. Dean Heil, Recording Secretary; Mrs. Glenn Hart, Corresponding Secretary; Mrs. Huston Pearson, Treasurer.

Committee chairmen appointed were Miss Dorothy Walsh, program committee; Mrs. Fred Senna, social committee; Mrs. Charles Wisdom, publicity committee; Mrs. Vernon Cotney, ways and means of service committee; Mrs. Willie Brannan, historian, scrapbook and parliamentarian.

Miss Dorothy Rupp, field executive for the sorority, was assisted by Mrs. Bill Ballinger, Mrs. Eileen Neal and Mrs. O. J. Richardson of Dumas.

CHEESE CAKE

The budget-wise homemaker will be interested in an inexpensive cheese cake. Miss Lucile King, Home Demonstration Agent, points out that cheese cake is a traditional "Old World" delicacy perfectly adapted to American menus and kitchen methods.

The agent recommends the Easy-Do Cheese Cake which fits right into an economical food budget. For those who are interested, she suggests the following recipe:

EASY-DO CHEESE CAKE

1 cup fine graham crackers or bread crumbs.
2-3 cup sugar.
3-4 teaspoon cinnamon.
1-4 cup melted butter.
2 tablespoons chopped nuts, if desired.
2 eggs.
1-8 teaspoon salt.
2 tablespoons flour.
1 1-2 cups creamed cottage cheese.
1 1-2 cups light cream or top milk.
2 teaspoons lemon juice.
Mix together crumbs, cinnamon, butter and 3 tablespoons of the sugar. Mix 1-2 cup

crumb mixture with nut meats for topping, press the remainder to bottom and sides of 8 inch layer cake pan. Beat eggs until thick and lemon colored, gradually beating in remaining sugar. Add salt flour, cottage cheese and cream; beat with rotary egg beater until thoroughly mixed; add lemon juice and blend well. Strain mixture through fine sieve, pour into pan, top with crumb-nut mixture. Bake in 350 degree oven for 35 minutes. Turn off heat, open oven door and allow cake to cool 1 hour. Chill. Remove from pan.
