# Six Houses Raided

## 7 Charged On Alcoholic Beverages

Mitchell County Sheriff's officers, Colorado City police and agents from the Texas Alcoholic Beverage Commission Friday night staged raids on six Colorado City residences and made seven arrests in connection with alleged bootlegging activities in a dry county.

Confiscated in the raids were 196 cans each containing 24 ounces of beer, 15 cans containing 12 ounces of beer and 36 half pints of whiskey and vodka.

Teams of three and four men raided the residences all at the same time at about 7 p.m. Friday. All of the seven arrests were made at five residences with officers coming up empty handed at the sixth residence.

Charged were:

--Billy Jackson, 408 E. 16th, two counts of selling alcoholic beverages and one count of possession of alcoholic beverages.

--George McGuire, 225 McCarver, one count of selling alcoholic beverages and one count possession of alcoholic beverages.

--Valentine Carrizales Sr., 122 Terrell, one count of selling alcoholic beverages.

--Valentine Carrizales Jr., 122 Terrell, one count of selling alcoholic beverages.

--Ramona Aguilar, arrested at 122 Terrell, one count of possession of alcoholic beverages.

--Helen West, 1174 Collins, two counts of selling alcoholic beverages.

--Leroy Lydia Sr., 1919 Boyd, one count of selling alcoholic beverages and one count of possession of alcoholic beverages.

Bond was set by Precinct 1 Justice of the Peace Henry Doss and Precinct 3 J.P. Mary Lee Moore at $1,500 per each count. All of those arrested stayed overnight in the Mitchell County jail.

Mitchell County Sheriff Bill McGuire said there has been an undercover agent working here on the weekends for the past two months. In addition, he said, his deputies have been working surveillance for about the last two months developing information for search warrants used in the raids.

This makes a total of 23 liquor violation cases filed by the sheriff's department this year, McGuire said.

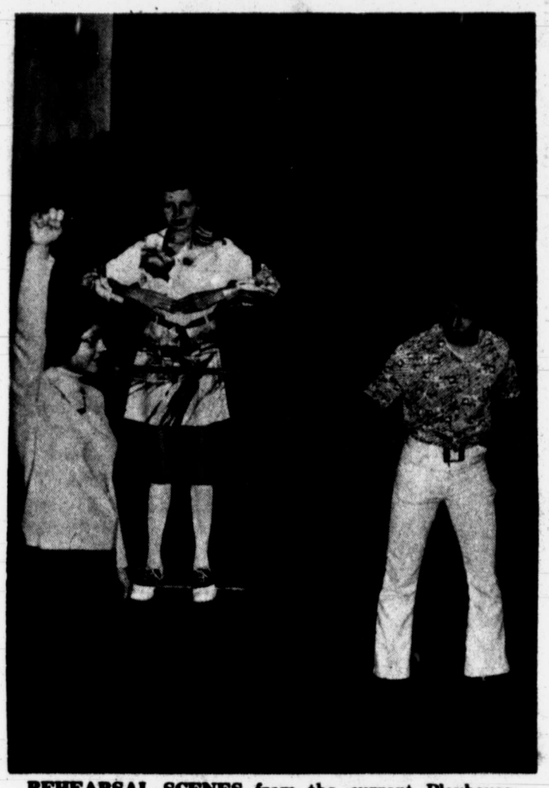

McGuire praised all of his deputies for their hard work on the case, especially Chief Deputy L. M. Newby, Deputy Ann Martin and Linda Owens for the extra effort put forth by them on the immense amount of paperwork involved in such an arrest and search procedure.

The raids started about 7 p.m. Friday and McGuire stated that it was one of the smoothest operations he has ever been associated with.

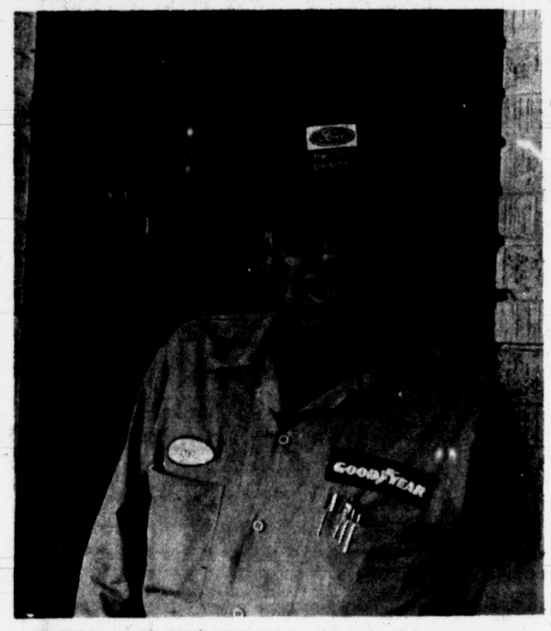

"We certainly had great cooperation from the Texas Alcoholic Beverage Commission as they provided us with seven agents including Bill Flynn, district supervisor from Odessa, Bart Stephens, assistant district supervisor, and Dan Hutchinson, local ABC agent from Big Spring."

McGuire also expressed appreciation to Police Chief Jesse Browning and all of the men he provided in helping with the case.

Flynn told the Record that he and his men just came along to assist and that the raids went real smooth.

The play performances are set for Thursday through Sunday in Colorado City Opera House.

**FIREMAN OF THE YEAR**, honored during the annual Firemen's Christmas party in the Civic Center Thursday night, is Lon Robertson, chaplain of the local volunteers for the past five years and also chaplain of the area association. He has been a volunteer fireman for the past 20 years and worked over 60 per cent of fires this year.

## Firemen Honor Lon Robertson

Colorado City Volunteer Firemen had their annual Christmas party in the Civic Center Thursday night, honoring Lon Robertson, chaplain of the group, as Fireman of the Year.

Robertson was selected by secret ballot by the firemen and was presented with a plaque of recognition by last year's recipient Mel Palmer.

Fifty-five firemen and their wives attended the dinner and party and had as special guests Mr. and Mrs. Hank Bryant, A. G. Ballard, city manager James Campbell and Mr. and Mrs. Mike Mikle. Bryant and Ballard are retired firemen and Mikle is Fire Marshall for the city.

Bryant presented a few remarks to the group on the Fire Department "How it Used to Be and How it Ought to Be." He said the old horse-drawn fire wagon which used to be housed in the building where the Civic Center now stands has been replaced by much more modern equipment but added "we should look forward, not back, and dream of the modern equipment the department will have someday."

Fire Chief Kent Gentry served as Master of Ceremonies as Invocation was led by Robertson and Campbell told the group of the city's appreciation for their long hours of dedicated service to the community.

Robertson was cited for his 20 years of service with the Colorado City Volunteer Fire Department, joining in December, 1955. He has been chaplain for the past five years and is also chaplain for the Mid-West Texas Firemen's and Fire Marshall's Association. He has worked almost 60 per cent of

Schafer and Waylon Craghead (right) look over the certificates they have earned with 325 hours of training, including textbook study and practical application in such courses as fire hose and ladder practices, rescue and ventilation operations, first aid, arson detection, etc. They took the course work over the course of a year's time both on the job and in classes at Wallace Center taught by Western Texas College, including also special courses in Lubbock, Abilene, San Angelo and the Texas A&M Firemen's School. They are the only certified, full time firemen in Colorado City or Mitchell County.

## Local Factory Sold

### Employment To Be Increased

Colorado City Manufacturing, founded here in August 1969, has been sold to Jerell, Inc., a large manufacturer of women's apparel with headquarters in Dallas.

The new owners have announced plans to completely change out machinery in the local manufacturing concern and expand operations to employ as many as 200 persons by the end of 1976.

The firm now employs about 83 persons and has employed as many as 100 at peak periods.

The local factory was founded here by Izzy Freudenrich of Dallas, with the help of the Colorado City Industrial Team, Inc. The plant has been expanded twice.

Jo Denson, manager of the local plant, said there will be no changes in local management of the plant. In addition to the many changes planned, she said there will also be added benefits for factory employees.

The change in ownership got underway Nov. 20 and was completed Dec. 1.

Freudenrich died June 26, 1974 and since that time the local sewing plant and others owned by Freudenrich have been managed by Mrs. Freudenrich. She sold all of the plants to Jerell.

Jerell now has 21 factories employing some 2,100 workers making fine ladies' dress wear under the labels of Jerell of Texas, PBJ, Melissa Lane, Strait Lane, Selador and Willow Lane.

These lables are not sold by any chains and only by better women's dress shops and speciality shops.

The firm has some 61 salesmen and some 100 designers.

Dale Dickard, truck driver for the local plant, will begin making three trips a week to Dallas to pick up material to drop off in Mineral Wells and Colorado City. The local plant will cut material for the Colorado City plant and the PBJ factory in Big Spring.

## Teacher Hired

Leslie Kay Schnaufer has been hired by Colorado City superintendent Lloyd McKee as speech and drama teacher for the school system, subject to board approval during the regular session of the board Monday night.

Miss Schanufer is from Campo, Colo. and has been teaching speech as a graduate assistant at West Texas State University in Canyon, but will move to Colorado City and begin teaching duties after the Christmas holidays.

She received the B.A. and secondary teaching certificate from Panhandle State University in Goodwell, Okla. and earned her M.A. from West Texas State this year.

## Lions Set Chili Day

Colorado City's Noon Lions have set Dec. 20 as the date for their chili feast, to be known as Chili Day in the city.

Serving times at the Civic Center are 11 to 2 p.m. and again at 5-8 p.m. and the menu includes chili and beans, salad, cobbler and tea or coffee.

There will also be entertainment and price for tickets is $1.75 for adults and $1.25 for children under 12.

Tickets are available from any Lion or at the Civic Center.

*Pat Fuller*

## Promoted To Sergeant

City patrolman Pat Fuller has been promoted to the rank of Sergeant with the Colorado City Police Department, effective Dec. 1.

Police Chief Jesse Browning commended Fuller for his outstanding work for the department, citing his education and degree in the field of law enforcement from Western Texas College in Snyder, stating that Fuller will also be active as an investigative officer.

Fuller has been with the department two years and along with the promotion, merited a raise in pay.

He is also sponsor of an Explorer Scout post in law enforcement which meets once a week.

## Bale Count

Ginning has increased steadily at the county's gins during the past week and bale counts now total 14,913 with 3,327 bales waiting on the yards.

The count from the individual gins shows the following:

--Buford Coop, 2,642; 150 on the yard.

--China Grove Coop, 1,376; 600 on the yard.

--Colorado Gin Co., 526; 153 waiting.

--Farmers Gin, 2,139; 180 on the year.

--Loraine Coop, 3,195; 817 waiting.

--Mitchell Co. Gin, 817; 445 on the yard.

--Planters Gin, 968; 250 waiting.

--Producers Coop, 3,250; 732 waiting.

--Total, 14,913 ginned; 3,327 on the yards.

For an estimate of the cotton produced in the county, take only part of the China Grove and Loraine figures because those gins gin cotton from across the county line.

Crop estimators are still giving guesses of about 40,000 bales from the county this year.

## Project Meeting

Mitchell County 4-H members with sheep, swine and steer projects are urged to attend an important meeting 7 p.m. Tuesday in the Medallion Room of Lone Wolf Electric.

County extension agent Bob Benson reminds 4-H clubbers of the meeting.

"The purpose of the meeting will be to fill out entry cards for livestock shows that will be starting in January," Benson said.

## Fund Started

A fund has been started at City National Bank to help defray expenses of Jim Richmond of Roscoe, whose wife, Judy, underwent brain surgery six weeks ago for removal of a tumor at West Texas Hospital in Abilene. She has been in a semi-coma ever since and is still in intensive care.

Richmond is chief mechanic at Key Brothers John Deere Service Center in Colorado City.

Persons wishing to help out may make contributions at the teller windows at City National Bank or by seeing C. N. Stubblefield, Loyce Briley or anyone at the Key Brothers Service Center.

# *Small Town Dr. Gets Recognition*

A small-town doctor serving about 3,000 patients per year as the only attending physician and surgeon at Iraan General Hospital will be the subject of a television documentary.

Dr. Edwin R. Franks, a 15-year resident physician in Iraan, was chosen as representative of the small-town family doctor for the documentary by the Fort Worth based Baptist Radio-TV Commission. It will be broadcast sometime in January.

Mrs. Bernice Hilliard, Colorado City resident who recently retired as caseworker in mental health under the Dept. of Public Health, worked with Dr. Franks in the Iraan General Hospital from 1954 to 1968.

"He's a very fine and dedicated person," Mrs. Hilliard said in speaking about Dr. Franks. "He works long and hard hours as the only doctor in the county-owned hospital there and it's nice to know that he will be recognized in this way."

Dr. Franks received medical training at the University of Texas Medical Branch in Galveston, receiving a degree in 1959.

Prior to that time he served in the Army Medical Service Corps from 1951-53. He is a Clinical Assistant professor at the University of Texas Medical School at this time and currently serves as president of Big Bend County medical Society and is affiliated with the American Cancer Society, Lions Club, Iraan Chamber of Commerce and Methodist Church. He is a member of the Texas Medical Association and the board of directors of the Academy of General Practicioners.

# Bread, Candy Workshop

Give a gift of youself to someone special in your life--make a food gift. Area residents have the opportunity to learn about making holiday candy and bread during two December programs at the Community Education Center (Wallace School, Robert Lee Highway).

On December 8 at 9 a.m., Barbara Gray, Community Education Coordinator and Janis Choate, Mitchell County Extension Agent, will conduct a workshop on candy making. One of the features is an old-fashioned taffy pull. All supplies will be furnished. Everyone is expected to participate in the preparation. Please make a reservation by calling the Extension office (728-3111) if desiring to attend, as plans must be completed.

Ruby Butts, Scurry County Extension Agent, will demonstrate holiday bread making on Thursday, at 2:30 p.m. She will prepare a basic sweet dough and show a variety of Christmas ideas for its use. No reservation is needed for this program.

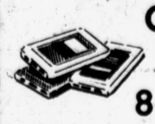

Education programs conducted by the Texas Agricultural Extension Service are available to people of all ages, regardless of socio-economic levels, race, color, sex, religion or national origin. Those attending the program on December 8 are invited to stay for a covered dish luncheon at the Center at noon.

# TV PREVIEW

## Sunday

**ABC . . . "DOCTOR DOOLITTLE"**
Rex Harrison stars as the loveable doctor who talks to animals in this three-hour musical version of the children's classic. Anthony Newley and Samantha Eggar are also starred. (R)

**NBC . . . THE WONDERFUL WORLD OF DISNEY**
"Monkeys, Go Home." Dean Jones, Maurice Chevalier and Yvette Mimieux star in this comedy about an American who disrupts the quiet life of a French village when he brings in Air Force monkeys to work as farmhands in the olive orchard he inherited. (R)

## Monday

**ABC . . . THE UNDERSEA WORLD OF JACQUES COUSTEAU**
"The Sea Birds of Isabela." In this program Captain Cousteau and the crew of Calypso navigate the waters around Isabela, a tiny island off the coast of Mexico. Here they photograph the multi-colored spectacle created by hundreds of species of sea birds that nest there during the year while studying the interrelationship among the creatures.

**CBS . . . MEDICAL CENTER**
Dr. Gannon has to convince a criminal to weigh his freedom against a child's life. Walter McGinn, Tyne Daly and Herb Edelman guest star.

## Tuesday

**NBC . . . SPECIAL TREAT**
"The Day After Tomorrow." In a ship traveling at almost the speed of light, a five-member crew takes a trip through outer space that is to last one year in space calculation but 30 years in earth reckoning.

**ABC . . . SANTA CLAUS IS COMING TO TOWN**
An animated musical tale that delves into the mysteries and myths of Kris Kringle, alias Santa Claus. Fred Astaire narrates the fantasy which was created in the unique "animagic" technique. (R)

**CBS . . . 'TWAS THE NIGHT BEFORE CHRISTMAS**
An animated musical narrated by Joel Grey. A friendly family of mice, a kind and gentle clock maker and a sensitive Santa Claus combine to spread additional holiday cheer for viewers during the coming Yuletide season. Among the voices to be heard on the special are those of Patricia Bright, Alan Swift, Robert McFadden, Christine Winter and Scott Firestone. (R)

## Wednesday

**ABC . . . THE YEAR WITHOUT A SANTA CLAUS**
An animated musical tale which tells of the year Santa Claus woke with a cold and decided that instead of climbing into his sleigh and delivering gifts to people who didn't believe in him anyway, he would just stay in bed and catch up on his sleep. The voices of Shirley Booth, Mickey Rooney, Dick Shawn and George S. Irving will be featured. (R)

## Thursday

**CBS . . . THE WALTONS**
With lumps in their throats, John and Olivia watch their eldest daughter, Mary Ellen, go about realizing her dream of leaving the quiet isolation of the Walton homestead and finally entering nursing school.

## Friday

**CBS . . . FROSTY THE SNOWMAN**
Animated cartoon based on Jack Rollins' song about the happy-go-lucky snowman with the corncob pipe, the button nose and the magic hat. The musical Christmas fable is narrated by Jimmy Durante and features the voices of Jackie Vernon and Billy De Wolfe. (R)

**NBC . . . HALLMARK HALL OF FAME—"THE RIVALRY"**
Arthur Hill portrays the Republican challenger Abraham Lincoln and Charles Durning and Hope Lang play Democratic Senator and Mrs. Stephen Douglas in this drama set in the late summer of 1858 when slavery was the burning issue of the day.

## Saturday

**CBS . . . THE NFL TODAY**
Washington Redskins vs Dallas Cowboys. Pat Summerall will describe the play-by-play and Tom Brookshier will provide the analysis. (From Texas Stadium, Irving, Tex.)

# PROFITABLE MEDITATION

John R. Ford

Pastor

Central Baptist Church

Colorado City

1. Meditation on God and His law.
When I remember thee upon my bed, and meditate on thee in the night watches. Psalms 63:6. But his delight is in the law of the Lord: and in his law doth he meditate day and night. Psalms 1:2.

2. Enjoined and encouraged.
Til I come, give attendance to reading; to exhortation, to doctrine, meditate upon these things: Give thyself wholly to them; that thy profiting may appear to all. I Tim. 4:13-15.

3. The preciousness of such meditation.
My meditation of him shall be sweet: I will be glad in the Lord. Ps. 104:34. How precious also are thy thoughts unto me, O god! How great is the sum of them! If I should count them, they are more in number than the sand: when I awake, I am still with thee. Ps. 139:17-18.

4. Divinely acceptable.
Let the words of my mouth, and the meditation of my heart, be acceptable in thy sight, O Lord, my strength, and my redeemer. Ps. 19:14.

5. Essential to true action and success.
This book of the law shall not depart out of thy mouth: but thou shalt meditate therein day and night, that thou mayest observe to do according to all that is written therein: for then thou shalt make thy way prosperous, and thou shalt have good success. Jos. 1:8.

THE GOSPEL CONTINENTALS, a nationally known recording group from Granklinton, Louisiana, will be appearing at Memorial Baptist Church, Tuesday. The public is invited to this one night performance.

# Gospel Continentals To Present Concert Here

The Gospel Continentals, a nationally-known recording group from Franklinton, Louisiana, will be appearing at Memorial Baptist Church Tuesday, pastor George Welch announced. The concert will begin at 7 p.m.

The Continentals began their singing career several years ago at their home church in Washington Parish, Louisiana. The father of three members of the group, Sam and Louis Husser and Diane Lee, was the pastor. Sam Husser, who plays lead guitar, is an ordained evangelist, and is married to Sue Husser, one of the two females in the quintet. Diane is the wife of Doug Lee who doubles as pianist and business manager for the team.

The group has recorded several albums at studios in Nashville, Tennessee, the latest being "Hymns for Him" on the Superior label. Among their other albums are "Bless On, Jesus," "Go Ye Forth," and "Through It All." Their concerts feature a variety of religious music ranging from the old-time gospel favorites to such modern hits as "One Day at a Time" and "Why Me, Lord?," and usually include a few songs of their own composition.

Travelling in a retired commercial bus which has been converted into a home-on-wheels for the five singers, they average two to three cross-country tours a year, performing at churches, colleges and wherever people will hear them.

The public is invited to attend this one-night-only performance. Memorial Baptist Church is located on the corner of Cedar and 11th Street in Colorado City.

# Anti-Cancer Drugs Outcome Of Study

New potent anti-cancer drugs are emerging from a worldwide study of plants, shrubs and trees.

An army of botanists has been on the march since 1960 through jungles and forests to collect tons of leaves, twigs, bark and roots for scientists to screen for cancer fighting properties.

More than 25,000 plant species have been tested and some 2,200 of them have shown anti-cancer activity. Several drugs discovered in the search already are used regularly to treat cancer and others are in trail or slated for testing.

This project is the latest chapter in the long history of plant medicine, stratching from prehistoric herb healing to modern day sophisticated, synthetic drugs which were first discovered in natural plant form. Dr. Jonathan Hartwell is one of the early pioneers in the search. He headed the Natural Products section of the National Cancer Institute's Drug Development branch before his retirement this year.

Dr. George P. Rosemond, American Cancer Society president and professor of surgery at Temple University in Philadelphia, forecasts substantial improvement in cure rates when the results of the 5-year study of treatment of patients is reported in 1978.

In 1955, the NCI established the Cancer Chemotherapy National Service Center to carry on the search for cancer drugs. Five years later, the center began the large-scale systematic screening of plant extracts in conjunction with U. S. Department of Agriculture.

Vinca alkaloids have played the most vital role in cancer chemotherapy. The white and rose-colored plant called Madagascar periwinkle yields vinblastine (VLB) and vincristine (VCR).

Dr. Robert L. Noble and co-workers at the University of Western Ontario studied the periwinkle. Tests on rats indicate that the plant could be used effectively in fighting leukemia.

Dr. Gordon H. Svoboda and his associates at Eli Lilly and Co. were conducting a routine screening program on a wide range of potential pharmaceutical agents. They found that the crude extract of the periwinkle had profound activity against a particular mouse leukemia. Subsequently, both the American and Canadian groups began a series of studies which untimately led to clinical trials.

VLB is used mainly in the treatment of testicular cancer--the second leading cancer killer of young men between the ages of 25 and 34 years of age.

The above information was taken from an article on plants that cause and cure cancer printed in the fall issue of "Cancer News."

## 7th And 8th Lose Games

Both 7th and 8th grade basketball teams at Colorado Middle School lost games in Sweetwater Monday night, the 7th grade score 34-21 and the 8th grade 42-30.

Scoring were Doug Johnson, 8; Barry Blackmon, 1; Mark Carter, 3; Jay Green, 1; Jerry Jackson, 4; Kirk Evans, 2; Don Owens, 2. Johnson and Blackmon led rebounding with about 10 rebounds each, Coach Steve Van Hoozer said.

The 8th graders saw a first quarter lead, 10-6, disappear to 18-15 behind at the half and 34-20 at the third period.

Coach Mel Gierhart said the team was shaky in their first outing of the year but "they played pretty good."

Chuck Claxton and Michael Johnson scored 10 points each; Russel Noel, 6; Raul Gomez, 2 and J. D. Lewis and Charles Jackson, 1 point each. Gierhart said Lewis was good on the boards, getting 7 rebounds, also Johnson, Claxton and Gomez and Mark Raschke, Kirk Williams and Ken Baker.

The 7th and 8th travel to Ballinge for games tonight, 7th at 5 p.m. and 8th at 6 p.m.

# Scouts Earn Awards

More than 75 Scouting units in this area have earned awards for participation in the third year of the bicentennial program of the Boy Scouts of America, was announced today by A. L. McCarroll, President of the Buffalo Trail Council, Boy Scouts of America.

A Pack, Troop or Post selects and completes an activity or project related to the 1975-76 program titled "Spirit of 76." The program emphasis is on three areas of involvement: Heritage '76, a look at our history; Festival USA, a look at the present and Horizons '76, a look to the future.

The Buffalo Trail Council has set up a simple plan so that as many members of the Boy Scouts of America in its 18 county area may have the opportunity to participate in the celebration of their country's anniversary, McCarroll explained.

Recognition medals or patches are available from the Council Service Center as soon as they activity or project is completed, McCarroll said.

## Tranthan Services Saturday

James Tranthan, 70, of Loraine died at 1:20 p.m. Friday in a Loraine nursing home following a lengthy illness. Graveside services directed by Kiker-Seale Funeral Home were at 3 p.m. Saturday at Colorado City Cemetery.

The Rev. Jimmy Roberts, pastor of First Baptist Church of Loraine officiated.

Born Feb. 14, 1905, he was a retired laborer and a Baptist.

Surviving are three nieces.

# JVs, Freshmen Play Games

Colorado City's Junior Varsity basketball team obtained their first win in two outings by defeating Sweetwater JV's, 50-39 here in Wolf Gym Saturday night.

The young Wolves led throughout the game. Frank Sanchez led his teammates with 14 points followed by Kevin Geiger with 10. Cornell Ausbie added 8 points while contributing 13 rebounds to the victory.

The freshmen opened up their season against the Mustangs in Sweetwater Monday night.

Jay Feaster turned in a fine performance as he led the young Wolves to a 50-30 victory with 14 points and 10 rebounds.

Every member of the 15-man traveling squad played in the decisive win, which saw the score at 28-13 in the first half.

Wolves Gene Carter, Gary Hulme and Rick Sanchez each added 6 points to Feaster's total. David Mosley, David Rivera, and Jimmy Shoemaker contributed 4 and Johnny Garcia, Ruben Garcia and Jesse Rios tacked on 2 each.

Rivera, J. Garcia, R. Garcia and Joe Franco also played good defense, forcing many turnovers.

The JV's are idle until Dec. 9 when they play Sweetwater again, there at 6:15; while the Freshmen play tonight against Ballinger, there at 7:30.

The JV dropped their second game of the season against Post Tuesday night in Post.

The Wolves came out colder than ice, while the Antelopes couldn't miss as a Post player sunk a 35-foot shot at the buzzer of the first period, leaving the score at 2-18.

In the second period the young Wolves began sinking shots but Post still held a large half-time lead at 14-25.

Colorado City came out into the third period fired up, led by Cornell Ausbie, with 15 points and 18 rebounds and Terry Culbertson who pumped in 12 second half points. The JV's played sparkling defense as Post's hot hand quickly cooled and at the end of the third period the score was tied at 33-33.

However, the Antelopes bounced back with a 17-point fourth period effort while C-City could manage only 8, and the scoring ended at 41-50.

WISHING WON'T GET YOUR COTTON UP QUICK AND HEALTHY.

You need to give it a boost with PER-FECT CON-TROL.

PER-FECT CON-TROL is a combination of three tested and proven treatments that promotes earlier germination, stronger stands and better root systems.

PER-FECT CON-TROL includes VITAVAX 17, a systemic fungicide from Uniroyal, GO-BETTER, an insecticide from Growth, Inc., and ORTHOCIDE, the time-proven fungicide.

The three chemicals control pre-emergence soil borne diseases, early insect attacks and post-emergence damping off (caused by Rhizoctonia) for up to four full weeks.

The PER-FECT CON-TROL combination was developed for this area by Gustafson, Inc., Dallas, the seed treatment specialists.

Spread its wings and fly through stalks and stubble.

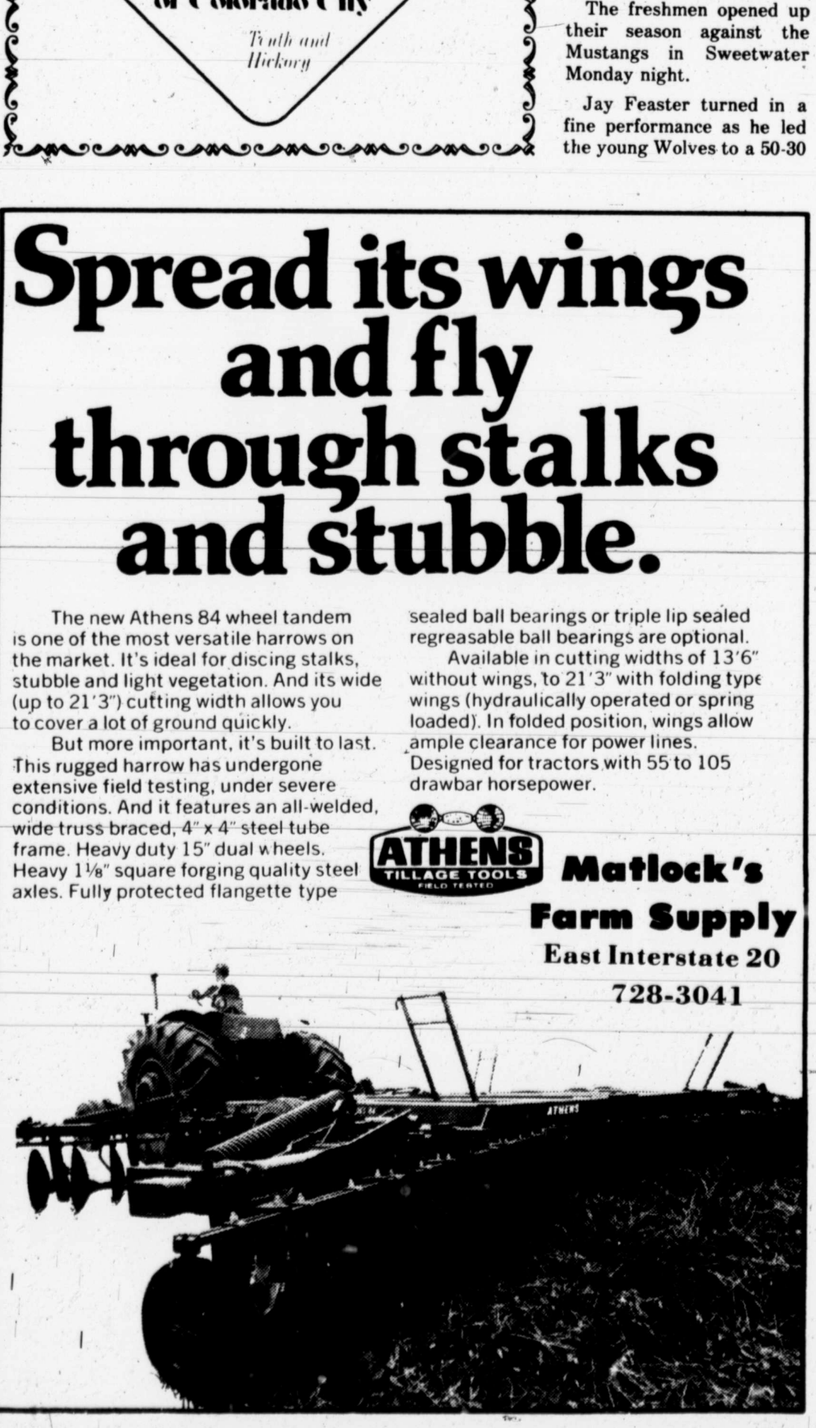

The new Athens 84 wheel tandem is one of the most versatile harrows on the market. It's ideal for discing stalks, stubble and light vegetation. And its wide (up to 21'3") cutting width allows you to cover a lot of ground quickly.

But more important, it's built to last. This rugged harrow has undergone extensive field testing, under severe conditions. And it features an all-welded, wide truss braced, 4" x 4" steel tube frame. Heavy duty 15" dual wheels. Heavy 1⅛" square forging quality steel axles. Fully protected flangette type sealed ball bearings or triple lip sealed regreasable ball bearings are optional.

Available in cutting widths of 13'6" without wings, to 21'3" with folding type wings (hydraulically operated or spring loaded). In folded position, wings allow ample clearance for power lines. Designed for tractors with 55 to 105 drawbar horsepower.

## ★Firemen From Page 1

the fires answered by the department this year.

Fireman Pat McKinney reported that there were only 123 fires this year, less than half as many as in 1974.

Gentry presented a report on the fire equipment, saying most is in good shape and that new equipment this year includes a foam pump, hose and the beeper alert system.

The Ladies Fire Auxiliary decorated the Civic Center for the party and following the program, firemen and their families exchanged gifts.

# Trotter Explains Telephone Service

City Council members have been directed on tours of the Southwestern Bell Telephone Co. plant in Colorado City during the time that has expired since the last city council meeting as Wire Chief John Trotter attempts to explain and show the improvements the company has made and plans to make in phone service.

In 1975, the company has spent $85,000 on the outside plant for replacing cable and extending service and $87,000 in the central office, adding 400 lines and 400 terminals as part of their extension of service.

Trotter extended the invitation to the council during the last council meeting when he and manager Bill Gilliland were present, Gilliland to present the company's request for a rate hike and Trotter to tell about improvements which have been made.

Trotter's tour begins in his office in the back of the company's business office in Colorado City, the place where all the phone service apparatus is located.

On his wall, he has placed a color-coded cable map of the city, types of cable lines drawn in colors and pins used to pin-point problems, either breaks in the cable or air pressure leaks.

The map shows that any new lines which have replaced the old ones are PIC cable, which means they are encased in a black plastic substance which is weather proof.

In newer additions of the city, Trotter explained that the cable is being buried but in the older sections, it is merely being used on the poles to replace the old lines.

When asked why the cable is not being buried everywhere, Trotter explained that it is not economically feasible, that old pipelines, etc. in the older alleyways would make the cost prohibitive and the new substance is weather proof and will improve service immeasurably.

Trotter explained and pointed out places in the city where the old cable has broken down service because of a break, caused by wind blowing lines and causing a break in the covering. When it rains, water gets in the lines and causes an overload on the entire line and service is stopped until the line can be dried out.

In the past one and one-half years since Trotter has been wire chief he said that lines on Cypress, Pine and Oak and in the alley between Pine and Oak between 3rd and 10th Streets, as well as the downtown area between Walnut and Oak between 2nd and 6th, have all been replaced with the weather proof line. Cost of the replacement alone in 1975 he estimates at about $20,000.

In the mill are plans to replace troublesome lines on 7th Street east and west of Hickory Street, as well as another problem area on Hickory.

Trotter said that from the time he turns in a report that replacement is needed, a time lapse is necessary in order to get an engineer's study, budget O. K., an order issued and then to complete the job.

"There are 4,546 phones in the city," Trotter said, "and they are not all on separate pieces of equipment in the office here, so that means that when one wet cable causes an overload in the office, service is stopped everywhere on that line."

When questioned as to the necessity of a rate increase, Trotter pointed out that there hasn't been one in three years, that is is company policy not to ask for one until absolutely necessary and said that inflation of 8 per cent per year, a total of 24 per cent at least during that three-year span, means that labor and materials have gone up, as well as expenses to run the company.

"Our stockholders have to be shown that they can get a reasonable return on their investment, otherwise we couldn't obtain loans for capital improvements," Trotter said.

Changes in the system in the next year will include a change in operator service.

About April, the operator service will be centralized in Abilene. It is now located in Sweetwater and is overloaded during peak usage times from 8:30 to 11 and again in the afternoon. With the bigger operator service in Abilene, Trotter said it would be easier for Colorado City exchange customers to get an operator.

Changes which have been made in 1974 in the local exchange include the following:

--Adding to the main frame to add to and increase the number of lines.

--Increasing the number of connector boards to supply 400 new numbers.

--Increasing the number of interconnecting selectors.

--Increasing the number of trunk lines to Loraine and Westbrook.

--Addition of an outpulser to direct distance dialing.

--Equipment added to care for future changes in the operator trunks, in planning for the operator system change.

## Council Agenda

The regular meeting of the city council is set for 7 p.m. Tuesday in City Hall.

A large contingent of people interested in cemetery care is expected to be on hand as the council will further discuss cemetery care and appoint members to a Cemetery Committee.

Also on the agenda is consideration of a proposed rate increase ordinance, Southwestern Bell Telephone.

Is now the time to buy land?

Acquiring that farm might seem more practical with financing through the Federal Land Bank. Land is easier to pay off when costs are amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less. Ask us for help: We know land values; we will inspect the property. We will then try to make a loan that meets your exact needs.
