Snyder Schools to Hold Opening Monday Morning

Supt. Wedgeworth Invites Parents and Guests to Enjoy Meeting

The Snyder Public Schools will open Monday morning for the fall term, with special opening exercises at the high school auditorium.

Supt. Wedgeworth advises the Times-Signal that the public is extended a welcome invitation to come and engage in these exercises, particularly the parents. Inspiration is given the children with the presence of their parents and it is hoped that the seating capacity will be taxed for the short program that is to be rendered. The program will not last longer than one hour.

All high school students will register for work tomorrow and Saturday. Grammar school students will not register until Monday.

Examinations are to be given Saturday at the high school building to students who were unable to take examinations last spring owing to sickness or other unavoidable causes. All students desiring this examination should get in touch with the superintendent's office and make application at once.

—BOOST THE COUNTY FAIR—

Hermleigh Has School Opening There Monday

Fine Spirit is Manifested in Auspicious Beginning of Year's Work

Hermleigh's public schools opened last Monday morning with a fine attendance and keen interest. The spacious auditorium was packed with children, patrons and visitors, and the citizenship there is indeed behind their schools.

County Supt. Pat Bullock told the Times-Signal Monday morning that "I have never seen a better or finer school spirit than that exhibited at Hermleigh."

Exercises were opened with the singing of "America" by the audience, with the devotional exercises in charge of Prof. Newman, principal of the high school. Supt. E. E. Kerr, new head of the school system there and formerly one of Snyder's best teachers, then introduced Philip Williams, one of the progressive board members who paid a glowing tribute to what real co-operation could do in their schools. The speaker also admonished his hearers in the absolute necessity of application to work and having the right spirit to do things. Mr. Bullock followed Mr. Williams with a constructive talk on the proper attitude of the children toward education, and his remarks were well received by the large crowd attending. Particularly does Mr. Bullock put his talks and stories across in a way that makes his addresses extremely interesting and worth while.

Prof. John R. Covey, on behalf of the Snyder Public Schools, was next introduced and paid glowing tributes to the ability of Hermleigh's new superintendent, who had formerly been identified with the Snyder schools. Both Messrs. Covey and Kerr worked together here last year, and the splendid feeling and good spirit engendered through this meeting will redound to the good names of both the Hermleigh and Snyder schools, as well as the activity in the county schools.

Hermleigh has 14½ units of affiliation and expects to add to that number, which will put it among the foremost high schools of this section.

—BOOST THE COUNTY FAIR—

GRISSOMS TO OPERATE NEW SNYDER STORE

Chain Raised to Ten With Newest Addition; To Occupy Cecil Building

Snyder has been selected as the home of the tenth Grissom store, J. E. Grissom of Abilene announced Tuesday just before his departure for a six weeks buying tour of eastern markets, says yesterday's Abilene News.

One of the largest new dry goods stocks in West Texas is being moved into their building at Snyder, former location of the Cecil Dry Goods Company.

The Grissom chain had its beginning at Haskell 23 years ago. A second store was opened at Haskell, followed by stores at Vernon, Colorado, Quanah, Winters and Abilene.

The Abilene store, opened January 22, 1925, houses the general offices and wholesale departments of the chain.

Hardy Grissom, brother of J. E. Grissom, is an associate in the chain.

—BOOST THE COUNTY FAIR—

BOLL WORMS WORKING IN NOLAN COUNTY

There are a good many boll worms in the cotton in Nolan County at this time, but it is hard to tell just the damage they will do, according to C. H. Clark, county agricultural agent.

Mr. Clark states that poisoning has not been very effective in the parts of the county in which it has been tried, and the western area of the county has the heaviest worm infestation at present.

West Texas A. A. U. Meet to be Held in Snyder

Girls Basketball Teams to Decide Championship Feb. 14, 15, 16

Citizens of Snyder and the Lions Club were advised at their opening meeting of the fall and winter season yesterday that the West Texas Girls High School A. A. U. Basketball Tournament will be held here next February 14, 15 and 16. The Chamber of Commerce and Lions Club, who invited the tournament here while the play was on at Dublin last February, are responsible for this city securing these three days of enjoyment and entertainment. R. H. Schulze, Southern Commissioner of the A. A. U., was personally present at the meeting and so advised the "gang" who in turn gave him the official Lion's roar.

Six huge loving cups of solid gold and silver, one of which is the actual size of a basketball made of gold, is the leading prize, while a solid silver basketball is second, the other four cups standing nearly waist high, go to other winners. In addition there are three sets of small gold and silver prizes. The advertising that will be given Snyder in all sections of West Texas and the state will be of inestimable value in proclaiming the activities of the best small city in all West Texas. Mr. Schulze, when not engaged in high school athletic work, is associated with the Southland Life Insurance Company and broadcasts over WFAA every morning.

Dodson Is Victim

Warren Dodson, newly-wed, was the victim of a good-natured joke when the club presented him with a tin shower. Modesty prevents a resume of the complete assortment that was handed to the young man. However, it was necessary for Tail-Twister Roy Strayhorn to go and get Dodson, whose further penalty was marching around the public square with the tinware, aided and abetted by Judge Harris. Hilarious were the more than thirty members and guests present who enjoyed the meeting.

Red Gets Lion's Tale

However good the joke may have been on Dodson, Judge Red Harris was the custard on top of the cream. Last June Red promised to send his wife a box of candy, and the entire membership voted for it, for some irregular performance he had committed during a meeting. He failed to make good, and official documents were brought forth to prove it, along with the presence of Mrs. Harris. President Wedgeworth in stentorian tones poured it on Judge Harris, while Judge Holley was in favor of throwing him out of the club, with Lion Thrane adding the death penalty. However, the matter was entirely silenced by Red providing a fine large box of chocolates, together with a box of cigars that will be given the members at next Wednesday's session.

Added spice was given the program with the introduction of Homer F. Springfield, new musical director of the Snyder schools, who rendered "Ramona" in most pleasing fashion, assisted by E. O. Wedgeworth on the trombone. Mr. Springfield played his own accompaniment, and is a most valuable addition not only to our school interests but the Lions Club as well. An encore number was given by both Mr. Springfield and Mr. Wedgeworth.

C. C. Johnson of the State Teachers College was introduced and paid compliments to this growing section of West Texas.

County Agent Willis talked on co-operation for the coming Scurry County Fair and was assured it would be 100 per cent.

Following the "March of the Tin Soldiers," Dodson and Harris around the square, the members went to the Citizens Ice Company where they were introduced to the way ice is made, and also enjoyed smokes at the hands of the manager, Glenn Sample.

The Lions Club, with Supt. Wedgeworth in charge, is a live-wire growing local institution and under his able leadership is co-operating in doing constructive work for Snyder.

Attaboy, let's go!

—BOOST THE COUNTY FAIR—

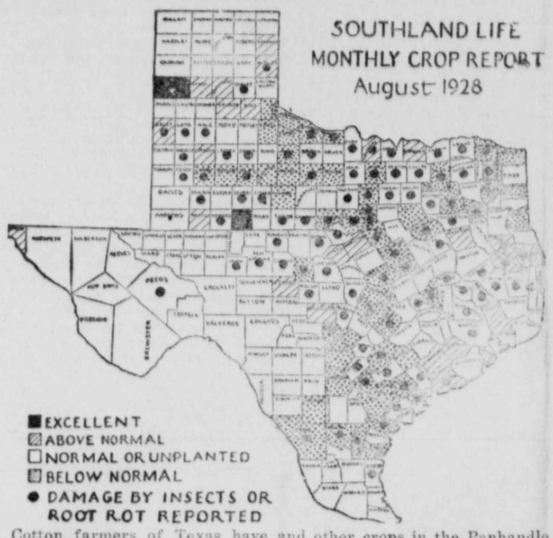

Going to another town and becoming famous is another way of surprising the folks at home.

WHY SNYDER GOT IT

The more than 125 telegrams that went to Dublin last February when Snyder's wonderful high school basketball team was in competition there was what brought the West Texas Girls High School A. A. U. official meet to Snyder. This was the evidence presented by R. H. Schulze, Dallas, Southern Commissioner for the National A. A. U., at the Lions Club program yesterday. The Senior Editor who attended that meeting, is sorry today that he did not keep a written record of the individual wires sent, but suffice to say, Snyder gets the tournament, the first West Texas city west of Breckenridge to receive the honor.

Folks, Snyder is just one hustling city that neither the dailies nor the weeklies of West Texas can keep out of the datelines. When Snyder goes after a proposition, there is no denying the citizenship of the best small city in West Texas. It takes boosters to make any point—and Snyder has many of them.

Texas Crop and Business Report

Cotton farmers of Texas have experienced one of the most peculiar seasons on record in this state, according to reports compiled by the Department of Public Relations of the Southland Life Insurance Company for August.

The outstanding features of the report are deterioration of the crop in many sections and the rather sudden influx of insect infestation and root rot. The weather for the next two or three weeks will tell the story of what cotton production for Texas will be, although no one can tell at this time at what rate deterioration will continue.

One of the most peculiar things about the situation is that while cotton in most sections is suffering from drought, it is actually in bad shape in other sections from too much rain, although these are far less numerous than those in which the cotton is being damaged by dry weather.

The most encouraging aspect is the splendid outlook for cotton and other crops in the Panhandle, combined with unusually good reports from North Central Texas. The latter reports are especially good omens since farmers in that section have been practically without a crop for two years.

In spite of pessimistic reports, however, there is every reason to believe that the cotton crop of Texas will bring slightly better than the average in money, regardless of whether the crop is smaller or larger than is now expected. Agricultural authorities, county agents and a number of other close observers agree on this with extremely few exceptions.

Business conditions, with the exception of territory around and south of San Antonio, are regarded as "above normal".

About sixty per cent of the grain crops have been harvested and probably are responsible for the better outlook for business at this time since they are generally regarded as being above normal.

$218,965 Permits Issued this Year

At the regular meeting of the Snyder City Council Monday night, with Vice Mayor Earl Brown in the chair, and Aldermen Bradbury, Thompson, Wilhelm, Casstevens and Stinson present, they were told that Snyder building permits for the month of August had been $21,725, an increase over July, bringing the total permits for the year to the high total of $218,965.00.

According to Building Inspector Bolin, the following permits were granted during August:

W. G. Ralston, repairs	$ 600
Dick Randals, residence	5000
W. B. Lemons, residence	1000
Jack Bowlin, filling station	125
T. H. Duff, residence	2000
H. G. Towle, repairs	1000
A. M. Cordell, tourist park	2000
W. A. Oliver, residence	1000
Mrs. Georgia Egerton, res.	3000
C. R. Buchanan, residence	2000
I. Rhodes, residence	3000
J. M. Harrington, residence	1000

Total rendition for taxes in Snyder was given at $2,368,586.

Water and sewer rent collected amounted to $1,828.60, with four drunks paying fines of $42.80.

Judge J. M. Harris appeared before the council in connection with ascertaining the council's policy on bringing water mains to new homes in new sections of the town. The entire matter was deferred to a recess meeting.

G. B. Clark, Sr., appeared before the council to ask for co-operation in leveling the road to a grade on the West Side street passing the new residence of Bob Gray, as well as improving the street near the Baptist Church and Mr. Clark's residence.

Sterlin A. Taylor presented a proposition to assess and collect taxes for the city.

The Council moved to place a new electric light near the Lambeth-Ely gin.

A new light and power franchise proposition was presented to the council by Glenn Sample. The matter was deferred to a recess session when all aldermen and the mayor would be present.

Weeds will be cut in all parts of the town, according to a decision of the body.

—BOOST THE COUNTY FAIR—

CONSTABLE MIMS NOW RULES AT HERMLEIGH

Mr. Mims has resigned the position of city marshal and has accepted a commission from the commissioners court to serve in the capacity of constable in this precinct. Mr. Mims is talented to serve in this capacity, and his appointment is no doubt wise.

R. H. Wilson is serving as marshal in the place vacated by Mr. Mims.—Hermleigh Herald.

BOY SCOUT TROOP NO. 47 ENJOYS OUTING

Troop No. 47, Chubby Ritzenthaler scoutmaster, enjoyed an outing at Wolf Park Monday night, with a swimming contest.

Tenderfoot tests of this group have been completed by William Lewis, Leighton Griffin, Baney Smith, Johnny Beggs and Adrian Banks.

The Times-Signal is hoping Troop No. 48 will keep us advised of their activity and will hold Scoutmaster Joe Drake responsible for it.

Farm Tour Takes 8 County Men

For the purpose of studying the intensive agricultural methods of California, a group of West Texas farmers departed from the Abilene Chamber of Commerce Saturday at noon in a 25-passenger West Texas coach, California bound, says the Abilene Reporter-News.

The tour is the first of a series of California farm study trips to be sponsored by the West Texas Chamber of Commerce during the fall. B. M. Whiteker, agricultural exhibit manager of the West Texas body, organized the trip and is in charge.

Especial attention will be devoted to the methods of dairying, poultry and hog raising and other agricultural interests as they are developed on the high-priced farm lands of California.

Expenses for the round trip, which will require 17 days, will be approximately $100, Mr. Whitkeer said.

The bus, which will be emblazoned with banners and otherwise identified as the "Texas Special," will take West Texas farmers aboard all along the Bankhead Highway to El Paso.

Snyder Has Eight

Snyder, the first city to sign up for the tour, has six representatives. They are Giles Garner, G. M. Garner, Henry Lively, Joe Merrit, Den Scott, Tom Fish, S. G. Lunsford and M. G. Evans.

Haskell County has four delegates: W. M. Free, J. O. Jackson, Charles Davis and Ray Overton.

Lubbock is represented by Mr. and Mrs. George H. Moore.

Seven towns sent one delegate each, as follows: Eastland, B. H. Colvin; Colorado, Jimmie Greene; Stamford, Frank Locke; Winters, J. D. Smith; Throckmorton, Garland Eubanks; Stephenville, P. E. Payne.

The West Texas coach which carried the tourists to California, arrived in Abilene shortly before noon Saturday from Fort Worth.

—BOOST THE COUNTY FAIR—

TO PAVE HIGHWAY FROM HERMLEIGH TO NOLAN CO. LINE

The State Highway Department has authorized the resident engineers to make a location and work up plans and specifications for the completion of the gap in Highway No. 7 between the Nolan County line and Hermleigh. When the paving is completed from Hermleigh to the Nolan County line and the Nolan County project now under way on this highway is completed to Roscoe, Snyder will have a hard surface outlet all the way to Sweetwater.

Because of the numerous rains this summer, the work on the Nolan County end of Highway No. 7 has been progressing very slowly. About a mile and a half has now received the two coats of caliche. The project is nine miles long and 150 working days are allowed the contractors for completing it.—Nolan County News.

—BOOST THE COUNTY FAIR—

The county agent called a mass meeting Saturday, August 11 to determine whether or not the people of Gaines County wished to have a county fair. Those present unanimously decided that the county needed a fair, and all present pledged their support to make the 1928 fair the best Gaines County has ever had. The date will be Wednesday, Sept. 26.—Seminole Sentinel.

Five Counties Represented in District Singing

Prominent Visitors to Have Part in Annual Meet Here This Week

Next Saturday and Sunday are the two big days of the District Singing Convention of Nolan, Fisher, Mitchell and Scurry Counties that is to be held in Snyder at the City Tabernacle. Jones county will also be present during the meetings to hand their membership to the present organization of four counties.

According to President S. B. Summers of Roby, plans have been completed for one of the greatest singing conventions ever held in this section of the state. Prominent men from many cities and organizations will be here as Snyder's guests, among whom are V. O. Stamps, representing the Stamps-Baxter company of Jacksonville; Robert Jordan of the Vaughn Music Co, Lawrenceburg, Tenn.; Thomas Benton, Little Rock, Ark.; together with many other well known singing folks who will make these two days wonder days for the singers of Scurry County.

Many local singers report that the capacity of the City Tabernacle will be considerably taxed and that it will be necessary to distribute benches entirely around the outside of the building. An entertainment committee is to keep things moving and of interest to our guests, so let us all join in co-operating and making the convention here one that will be long remembered.

—BOOST THE COUNTY FAIR—

BAPTISTS REFUSE TO ACCEPT RESIGNATION OF W. F. FERGUSON

By an overwhelming majority the resignation of Rev. W. F. Ferguson as pastor of the First Baptist Church which was tendered the church Sunday morning was not accepted at the regular business meeting last night.

Rev. Ferguson was asked to reconsider his resignation, and he stated that he would make his final decision in the matter Sunday, Sept. 16. He will be away next Sunday, but the pulpit will be occupied at both morning and evening hours.

—BOOST THE COUNTY FAIR—

CONTROL OF BOLL WORM IS NOT PRACTICAL

It is not practical for farmers to attempt to control the cotton boll worm which is causing unusual damage this season in North and East Texas, as well as some sections of West Texas, according to R. R. Reppert, entomologist of the Texas A. and M. College Extension Service. "Earlier experimental work indicated that a considerable degree of control could be effected by keeping the foliage covered with arsenical poisons applied at frequent intervals, but experience and observations of the last few years show that not even a small degree of control can reasonably be expected from such measures," he says. "Certainly the results would not repay the expense involved, and the farmer might as well rely on such natural control factors as the weather and other insect parasites which sometimes destroy heavy infestations of the boll worm in a short time.

"The finding of an occasional pinkish cotton boll worm has led some to think they had discovered the pink boll worm," Mr. Reppert reports. "The latter insect does not grow to a length of more than one half inch, while the cotton boll worm when mature measures about one and one fourth inches long. It is of a varied coloration from very dark green through lighter shades to almost white. Unlike the pink boll worm, the larger boll worm which is the same species that attacks corn (often called the corn ear worm) has noticeable hairs.

"The damage done by the cotton boll worm is to the bolls, the worm boring into the bolls and often hollowing them out completely. During its later stages of growth the insect is unaffected by any small amounts of poison it may eat in boring its way inside. Experience has shown that poisoning for this worm in its younger stages is not uniformly successful and hence the admonition to save time and money by leaving its control to natural factors. It is impossible to foretell just how these factors may operate in any given locality."

No extensive damage from leaf worm has been so far reported to Mr. Reppert, and no authentic reports of its presence in North and West Texas have been received. He believes now that no extensive fight will have to be waged against them this year, but should they appear he states that prompt spraying with calcium arsenate, lead arsenate or Paris green will effectively control them.

—BOOST THE COUNTY FAIR—

SNYDER'S FIRST BALE

Snyder's first bale of cotton, 1340 pounds of seed cotton that produced a 455 pound bale, arrived here last night and was ginned this morning by the Trice Gin Company.

H. J. Turner, who resides on the Guinn farm, takes down the laurels for 1928. Hugh Taylor bought the bale, paying 21.25 cents a pound. As we go to press a premium was being made up among the business men but had not been completed.

New President of Highway Association

County Judge Horace Holley was elected president of the Panhandle-Rio Grande Highway Association recently at Colorado. In addition he is a director of the Dal-Paso Cavern Highway Association and a member of the legislative committee of County Judges and Commissioners of Texas. Wide publicity was given the Judge Sunday when his picture and the following story appeared in the Star-Telegram and the Abilene Reporter-News:

Judge Holley, who has been county judge for four terms, is known over West Texas as a fine road builder. The lateral roads in Scurry are possibly the very best in the state.

In talking about good roads, Judge Holley remarked, "Good highways are the pathways for progress. I have hoped to see a good road in the front of each farm door. The farmers deserve a good highway to our markets and in turn the markets need the highways. I was raised here, and it used to take me all day to come and go home from Snyder; now it takes thirty minutes.

Cuts Off 40 Miles

"The Panhandle-Rio Grande highway will save forty miles by coming directly south from the Oklahoma line, besides from its northern point to Del Rio it will give a good road bed and shorter distance for all the eastern traffic to the coast and the large farms and ranches will have better roads for markets. This road can be traveled all year, as the bed is sandy and travel in rainy weather will be possible. The low altitude will prevent deep snows from blocking traffic. Year by year the automobile traffic is growing. We need more highways, better, wider road beds and I shall always give every effort to this enterprise and help every possible way for better roads."

—BOOST THE COUNTY FAIR—

SWEETWATER PAPER TALKS OF SNYDER TIGERS

The Sweetwater Reporter recently had the following to say:

"With all but three of their regulars back, the Snyder Tigers, victors last year over the Mustang bi-district champions, are beginning practice today in preparation for the 1928 clash with Mustangs here November 11. They will practice twice daily until the opening of the Snyder High School September 10.

"The Tigers this year will have an unusually heavy team which will be drilled into form by General Whitaker, a scrappy coach from Trinity University.

"Only three important men have been lost from the Snyder team of last year, these being from the quarterback, fullback and guard positions. The following letter men are reporting for practice today: Moore, fullback, 180 pounds; Huestis, halfback, 165 pounds; Smith, guard, 145 pounds; Wilsford, end, 140 pounds; Trigg, tackle 185 pounds; Martin, tackle, 170 pounds; Brownfield, guard, 190 pounds; Trice, guard, 210 pounds; Curry, end, 145 pounds."

—BOOST THE COUNTY FAIR—

AGRICULTURAL FUTURE OFFICIALLY FORETOLD

When issues become vital and conditions look questionable, men have always sought the recognized prophet to know the future—they are looking for the way out. Now that the rain has fallen excessively here and the worms are literally cleaning the fields, we are anxious to know what the future holds for us. There is no reason why we Hermleigh folk should be in the dark. Let us turn on the light.

"The boll worms will rage for ten days, counting from last Saturday, the cotton will be literally stripped, and then the weather will turn off fair, the worms will disappear for the lack of forms to eat, the season will be extended late into November, and a good crop of cotton will be harvested as was last year," so "Elijah" Hamil said Saturday.

"Elisha" Farr is also optimistic. "Three months from the time the broom weeds begin blooming properly the first killing frost will fall. This weed of forecast is now blooming. The cotton will have until near the 15th of November to make a crop," Mr. Farr said late Saturday. We understand only twenty-seven days are required to mature cotton. Cheer up, the worst is yet to come!—Hermleigh Herald.

Cotton Flat voters were loyal to Judge Smith at the run-off when they gave him 20 votes to Mauzey's one vote. Arah also showed near 100 per cent loyalty with 17 votes for the Judge and one vote for Mauzey. North Snyder also responded with a three to one vote, and the Judge's own home voting box made it more than four to one. That's the sort of vote that makes for home town boosters.

5 Rural Schools Open Monday With Programs

Supt. Pat Bullock Says Early Opening is a New Thing in Scurry County

Rural school bells started early in Scurry County this year when five of the country schools opened their doors to the students of their localities early Monday morning. The schools opening were Bison, No. 7; Ennis, No. 20; Lone Wolf, No. 23; Whatley, No. 27; and Mooar, No. 34. Many more are to open next Monday and will be reported, the exact number, however, cannot be determined at this time.

According to County Supt. Bullock, this early opening of schools is something new in rural school circles in this county, as the schools ordinarily open the first Monday in November. The plan this year is to open the schools while the children have nothing to do and run them until the cotton is ready to pick. At that time they will be dismissed for such a period of time necessary to gather the cotton crop. This gives every boy and girl a chance to get the benefit of every day of school, whereas under the old method it forced the majority of the children in the rural districts to miss from six week to two months of school at the start of the term. The break in the work caused by dismissing for a time is much more than offset by the benefits derived by the children in being able to attend the entire seven months. Seven months itself is too short at best, but when the children have to miss some two months of that, they are indeed cut down to a term too short for any material progress.

—BOOST THE COUNTY FAIR—

SOUTH PLAINS BANKERS MEET AT LAMESA MON.

More than forty delegates representing the banks of this section and the South Plains met at Lamesa Labor Day and organized the South Plains Bankers Association.

Officers elected were C. F. Drexel, Lubbock, president; O. P. Thrane, Snyder, vice president; and Morgan F. Copeland, Brownfield, secretary-treasurer.

The morning program consisted of discussions of "Why are Country Banks' Sources of Revenue Decreasing" and "Need for a Local Bankers Association and Benefits Derived" by Morgan L. Copeland of the Brownfield State Bank of Brownfield and C. F. Drexel of the Citizens National Bank of Lubbock, respectively.

One of Lamesa's famous chicken barbecue was served at noon, with the afternoon session being given over to business and organization. A. C. Alexander, O. P. Thrane, Harvey Shuler and Sam Hamlett attended the convention from Snyder.

—BOOST THE COUNTY FAIR—

LORAINE PAYS PREMIUM OF $63 FOR FIRST BALE

Loraine paid a premium of $63 and offered a net price a little above the market for the first bale of new cotton ginned in Mitchell County, showing the progressive spirit and keen business interest of the Loraine merchants, says the Colorado Record.

Last week the Record was in error in stating that a premium of $30 was paid the grower of this first bale. This was a typographical error and the amount should have read $63.00 cash premium, which was made up by subscription among the citizens of Loraine.

W. W. Finley was the grower of the first bale, grown on the Dr. T. A. Martin ranch south of Loraine and ginned by the Cooperative Gin Co. of Loraine. He was offered 17.75 for the staple but declined to sell. The price of 17.75 offered that day was exceedingly high, according to the general market.

—BOOST THE COUNTY FAIR—

OFFICIAL VOTE OF RUN-OFF PRIMARY

County Chairman J. M. Harris announces the official vote of the August run-off primary as follows:

Connally, 1155; Mayfield 1229.
Love 609; Miller, 1384.
Garner, 792; Marrs, 1508.
Robison, 1593; Terrell 659.
Funderburk, 1346; Patterson, 966.
Smith 1717; Mauzey, 841.
Holley, 1587; Sentell, 980.
Day 374; Johnston 223.
Evans, 1164; Parker 821.

GOOD FOR GOOSE— GOOD FOR GANDER

The editor of the Times-Signal had heard so many favorable comments from customers regarding results obtained by running classified wants in our ad column and decided to take a dose of our own medicine. Accordingly, we had a fine Airedale dog to dispose of, and which was advertised last Thursday. The dog was disposed of early Friday morning and up to Monday noon when this article was written, nine people had asked about the dog.

The Times-Signal can guarantee like results to anyone who has something they don't want but something someone else does, and the want-ad is the common meeting point between buyer and seller.

The cost is small. Try it out and prove it to yourself.

Official Fair Premium List Appears Today

Co-Operation of Merchants Brings Advance Notice of Interest.

Co-operating with the Scurry County Fair Committee, the Times-Signal is reproducing the complete premium list for the coming fair in this edition which is going into every nook and cranny of Scurry County. Merchants of Snyder have made this special edition possible, and county residents can thank them individually for this booster thought.

The fair committee was a little handicapped at the start owing to its inability to get the premium books out as quickly as it had anticipated, but the publication of the entire matter will be of inestimable benefit that folks may know in advance of the book's coming just what prizes they will go after.

The famous Alamo Exposition Shows that will be in Snyder for the fair carry over 300 people, with forty novelty concessions, ten shows, and three riding devices and many high-class midway novelties including the mysterious Madame Hassan.

The show has been showing in many West Texas towns under the auspices of the American Legion, King's Daughters and Elks Lodges and comes highly recommended.

A well-appointed rodeo is a section of especial attractiveness, introducing brone riding, Brahma steers, bulldogging, lady riders, funny clowns and mules, giving performances of a thrilling nature. Nightly prizes are given the best riders. Outside horses are invited, and the assurance is given that the company will bust them.

Old Fillders Contest

Applications are ready to be received by Mrs. O. P. Thrane for the old fiddlers contest that will be one of the high lights of the fair, and the competition is open not only to Scurry County, but to the world. Mrs. Thrane would like to have more than fifty contestants.

—BOOST THE COUNTY FAIR—

LOGGING CREW COVERS ROUTE ON P.-R.-G. ROAD

Short Cut From Panhandle to Southern Texas Proposed On New Highway

The logging committee of the Panhandle-Rio Grande Highway Association, composed of Chairman J. H. Greene of Colordao; L. T. Gilmore and T. L. Colvin of Turkey; W. S. Patriek of Spur; M. G. Evans of Snyder, have gone over the entire route to Del Rio and find much of the road bed in excellent condition.

A small strip from Snyder to Clairemont and across Edwards County if worked on would put the highway in good condition for travel. Towns along the route have given promise of full co-operation and expect to have these stretches in first class condition soon.

Beginning at Turkey, the logging party traveled to Spur, Clairemont, Snyder, Colorado, Sterling City, San Angelo, Sonora and Del Rio. They then went north from Turkey, logging the road as far as Pampa, and returned to the P.-R. G. Highway convention at Memphis Thursday where they heard further discussions as to the proper route to be taken.

The committee is confident there is a definite need for this highway as it will save from 50 to 100 miles to Southern Texas and make direct connections with Highways 1, 18, 7, 83 and 101 and many cross-country routes.

—BOOST THE COUNTY FAIR—

WEST TEXAN IN AIRPLANE RACES

Due to Earl Derryberry of Abilene, West Texas" premier aviator, being one of the contestants in the 1928 Transcontinental Air Races to be run during the first part of September from New York to Los Angeles, that affair will hold much interest for the people of this section.

In addition, the route of this year's races crosses West Texas, and thousands of people in this area will be given an opportunity to see the participating fliers and ships, for Abilene is one of the 17 control stops for Class A ships, and all planes in that division, the speed even of the race, will stop at Kinsolving Field, Abilene's municipal airport, for thirty minutes during the morning of September 8.

—BOOST THE COUNTY FAIR—

HERMLEIGH POULTRY JUDGE CITES RULES

"As you have already heard, we are going to have a big community fair Sept. 15. I was appointed chairman of the poultry committee, and there are three points I want to mention which will disqualify your birds from the show room," says Ross Williams of Hermleigh. Following are the points Mr. Williams mentioned:

1. A side sprig on the comb.
2. A feather on the leg or toe of any bird that isn't of a feather legged breed.
3. A split wing feather.

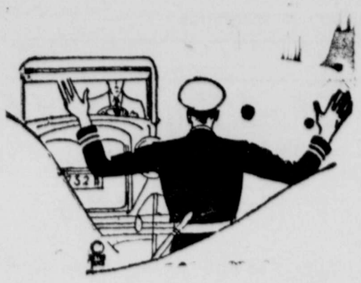

"We hope this fair will be much larger than the one last year, and we want as many exhibits as we can get," continued Mr. Williams.

Brunette—Is Jack stingy?

Blonde—Stingy? Say, when he eats he gets in an uncomfortable position so he won't eat so much.

There Are No Two Ways About It

There is only one way for a bank to serve its depositors, and that is with efficiency and personal attention. The efficiency serves to insure each account against possible financial tangles, and

The personal attention is a necessary association between banker and depositor through which the latter improves his general prosperity and program of expansion.

The First State Bank & Trust Company has always directed its efforts toward the welfare of both large and small patrons.

COME TO SEE US.

THE BANK FOR EVERYBODY

Large Enough to Serve You.
Small Enough to Know You.
Strong Enough to Protect You.

LOCALS

Holley Shuler had his tonsils removed Monday.

Raynes Sparks was a visitor in Sweetwater Sunday.

Joe C. Stinson has started his new residence on the West Side.

Emmett Trevey and Owen McClure both started new residences on their farms near Ira last week.

Huddleston Bros. are building a new residence at Knapp, starting construction this week.

Mrs. Kate Thompson has returned to the Lubbock Sanitarium for treatment.

Mr. and Mrs. F. H. Patterson and daughter of Parks spent last week with relatives here.

W. M. Scott left yesterday morning on a several days business trip to Wichita Falls.

Miss Cecil Strayhorn was a visitor in Dallas several days this week.

O. D. Gray of Southland was a guest in the R. E. Gray home last week-end.

Miss Edwena Barnes of Austin visited friends in the city last week.

Miss Edith Granth am accompanied Miss Edwena Barnes to Lubbock Sunday.

Hillard Dorfman of Ohio is visting his sister, Mrs. Nelson Dunn, his week.

Miss Alma Hood, who is attending a business college in San Antonio, came home Sunday for a visit with her parents.

Dave Suddeth of Pecos was a visitor in Snyder Saturday and Sunday.

Miss Iva Edmondson, who recently came here from Comanche, visited relatives in Roby Sunday.

—BOOST THE COUNTY FAIR—

W. W. Lechner returned Saturday from a business trip in Dallas.

Le Roy Fesmire returned Monday from a week's visit in Dallas with relatives.

O. D. Carter was in Lubbock and Brownfield Sunday and Monday.

Mr. Nunn of the Nunn Motor Co. came back Tuesday night in a new Whippet six from Dallas. The new car is for Morton Maule.

Miss Marguerite Gee returned to her home in Dallas this week after a visit in the home of Mr. and Mrs. W. M. Scott.

Mrs. Gib Tatum was able to return to her home last week from the local sanitarium.

John Irwin left Sunday for a 4-day motor trip to the western part of Texas and points in New Mexico.

Mrs. J. R. Williams was able to return to her home last Saturday after being confined to a sanitarium here.

Mr. and Mrs. H. G. Towle and daughter, Mary Margaret, left Sunday on a business trip to Dallas.

Miss Alma Speare returned home Friday after a month's visit with her grandparents in Brownfield.

Mr. and Mrs. Otto Williamson and family returned Monday from a two weeks vacation spent in Brady and Comanche.

Mrs. H. C. Teague and daughter, Ada Nell, were guests of Mr. and Mrs. A. B. Campbell in Lubbock last Friday.

John R. Covey and son, John Jr., and Miss Lorena Patterson returned home last Thursday from a visit in Fort Worth and Stephenville where Mr. Covey visited his parents.

Earle Sparks returned Sunday from Galveston where he has been on business in the interest of the insurance firm for which he works.

Mr. and Mrs. L. L. Merrill and baby of Lubbock visited Mr. and Mrs. W. R. Merrill Friday.

William Frank Warren returned to his home in Dallas after a three weeks visit with Mr. and Mrs. W. R. Merrill.

General Whitaker, Snyder's new football coach, was taken to his residence yesterday with a sudden attack of appendicitis.

Mr. and Mrs. L. A. Scott were accompanied to their home in Fort Worth by their daughter, Miss Margaret, and son, L. A. Jr., after a several weeks visit with Mr. and Mrs. W. M. Scott.

Horace C. Rhoades, son of Mr. and Mrs. A. Rhoades, has accepted a position as operator with the Postal Telegraph Cable Co. at Big Spring.

Boost the County Fair.

Rev. and Mrs. J. F. Lawlis and daughter, Miss Ruth, were at Anson yesterday, where Miss Ruth remained to teach English in the schools there.

Herman Darby returned home Friday from Lubbock where he has been attending summer school.

Mrs. A. L. Ely, son, Robert, and daughter, Mildred, with Mrs. Lewis Rowell and daughters, Doris and Margaret Lou, all of Anson, were Sunday guests of relatives here.

Mrs. F. A. Sackenruther and daughter, Miss Virginia, and son, Paul, returned to their home in Houston Monday after a visit in the home of Mr. and Mrs. Joe Merritt.

Dewey Barnes arrived Sunday from Comanche. Mr. Barnes will take charge of Higginbotham's dry goods department and will move his family here in a short while.

Earl Brown returned home overland from Detroit Thursday with many expressions of having enjoyed the trip. Mr. Brown accompanied by Wallace Jones of Fluvanna had gone to Detroit for two Dodge cars.

Mr. and Mrs. Charles Reichardt and two daughters returned home Sunday night from a two weeks vacation trip to South Texas points. Charley said he saw much spotted cotton while away and some that was good and some terribly sorry.

Mr. and Mrs. Dick Barnett of Winters visited in the home of Mr. and Mrs. Jesse Eoff last week and was accompanied home by Mrs. Eoff, who will visit her father, S. H. Farrar.

Mr. and Mrs. Noah Huggins of Pecos, who have been visiting their parents, Mr. and Mrs. H. N. Davis and Mr. and Mrs. Huggins, left yesterday after a several days visit.

Mr. and Mrs. H. V. Williams and H. V. Jr. returned last week from a visit in Wichita Falls and Olney where they were guests of Mr. and Mrs. Williams' daughters. They also visited the Oklahoma Indian Fair at Medicine Park.

Miss Ima Lee Thomas visited friends and relatives at Sweetwater the first of the week and while there assisted in a voice and piano recital given by the pupils of Mrs. J. C. McClure, Sweetwater music teacher. Accompanied at the piano by Mrs. McClure, Miss Thomas sang "Carrissima," by Penn.

Dr. and Mrs. I. J. Sparks and sons, Rupert and Earle, returned Saturday from Amarillo where they visited last week.

Mrs. Nelson Dunn and children returned Friday from Pittsburg, Texas, after a several weeks' visit with relatives. Mrs. Dunn was accompanied home by her brother, Charles Dorfman.

O. E. S.

The regular meeting of Snyder Chapter No. 450, O. E. S., will be held Thursday night, Sept. 13. The revival meetings are over, the nights are cooler, and every member is urged to get busy and boost.

Boost the County Fair.

Mrs. Wayne Williams will conduct a kindergarten class at the Snyder Public School this season under the auspices of the Board of Education.

J. A. Scrivner got his coupe wrecked Sunday evening on the street of Dermott. A Ford touring ran into him and did considerabl damage to his car.

A baseball game Sunday evening between Justiceburg and Dermott was won by the latter, 2 to 1.

CELEBRATE BIRTHDAY

Mrs. Homer Snyder entertained the beginners department of the Methodist Sunday school and guests at the home of her parents in East Snyder Wednesday afternoon, Aug. 29. The occasion was in honor of the birthday anniversary of her son, Glynn Curry. The little folk enjoyed games on the lawn and also stories and songs. Refreshments consisting of ice cream cones and the angel food birthday cake were served to twenty-five guests. The many gifts received by the youngster were on display and received their due amount of attention.

Finds Big Bone

A bone four feet long and three feet in circumference at its narrowest part has been found by Lee Taugue on the J. R. Strayhorn ranch ten miles north of Rotan. It is believed to be a lower leg bone of a prehistoric animal.

Move to New Place

Bern Baze tells us that the family have moved to the W. F. Bertram place about a mile west of town, and will proceed to operate a real chicken farm, using nothing but high grade stock. Mr. Baze has leased the 30 acres but says he is going to buy it and name it Dew-Drop Inn.

SNYDER TO TAHOKA— TAHOKA TO SNYDER

Guy Lemond, who has been mail carrier on Route 1 out of Tahoka for several years, has been transferred to Snyder and is now carrier on Route 1 out of that city. J. K. Woosley, who has been carrier at Snyder, is coming to Tahoka to take the route which Mr. Lemond has had here. We are sorry to lose Mr. and Mrs. Lemond, but we welcome Mr. Woosley and family.—Tahoka News.

FINAL PRIMARY COUNT IS MADE

Connally Holds Lead of 59,137 With 576,665 Votes Counted

Congressman Tom Connally's majority over Senator Earle B. Mayfield for the Democratic U. S. senatorial nomination in the August run-off primary was 59,137 votes according to final figures announced at Dallas Saturday by the Texas Election Bureau. The total vote accounted for was 576,665, and the bureau estimates its tabulated all but 400 or less of that cast.

Returns from all but five counties were tabulated.

Final tabulation follows:

For Senator: Connally 317,901; Mayfield 258,764.

Superintendent of Public Instruction: Marrs 317,808; Garner 238,023.

Land Commissioner: Robison, 348,323; Terrell, 193,756.

Civil Appeals, District 11: Funderburk, 25,206; Patterson 22,541.

GASOLINE TAX REDUCED AUG. 31

When the clock struck 12 midnight last Friday, the state gasoline tax dropped from three to two cents a gallon, effecting a saving of from $6,000,000 to $8,000,000 a year for the automobile driving public, which contributed a total of $43,868,000 to the upkeep of this vast commonwealth.

By the same stroke, the state highway department and the public schools lost the same amount the motorists will save.

Of the total collected since Texas has had a gasoline tax, the three cent tax, which went into effect March 16, 1927, replacing a one cent levy, has produced $27,490,585. Under a 75-25 per cent division, the highway department got $20,617,494 of this latter sum and the schools $6,872,649.

Despite the drop, under terms of the 3-cent act of the 40th legislautre, the schools have the maximum $15 per capita apportionment allowed by the legislature, and to get that did not even need the supplemental $1,500,000 appropriation made in anticipation of the gasoline tax decrease.

With the highway system it is different. Friends of the highway department say it needs all the money it can get. That theory may result in efforts to get the 41st legislature to restore the 3-cent tax or vote a 4-cent levy.

Based on a year's collections under the three-cent tax, the reduction to two cents makes the state's income nearly $7,000,000 less. The loss will become greater, of course, if gasoline consumption is increased next year.

Dr. Donaldson of Wistar says the brains of dead men reveal nothing. Which is also true of the brains of quite a few who live and breathe.—Philadelphia Bulletin.

Congress, 17th District: Callaway, 21,508; Lee, 26,474.

The bureau estimates that the following votes rae still uncounted: Brewster County, 36; Cochran, 100; Edwards, 100; Hardeman, 100; Pecos, 26.

Buys Hermleigh Garage

J. F. Drennan has purchased the interests of his partner, C. W. McQuaid, in the King-Eagle Garage at Hermleigh.

We had to "bawl" out one of those itinerant sock-peddlers this week, and in about another minute we'd have pitched him out on his neck—and, brother, we don't mean maybe, either.

The Times-Signal enjoyed the most remarkable advertising patronage during August that has been given the paper in three years, according to advertising records. The paper surely thanks the merchants who are maintaining their merchandising lines by constant advertising.

Boost the County Fair.

RUN-OFF PRIMARY DRAWS LIGHT VOTE IN MITCHELL

The run-off primary Saturday drew a very light vote in Mitchell County. The court of civil appeals race drew the heaviest vote with a total of 1775. The United States Senator's race drew 1691, superintendent 1643, land commissioner 1721, district judge 1715, tax assessor 1759.

The total vote at Colorado was approximately 950. The entire vote cast in the county was slightly more than fifty per cent of the voting strength of the county.

The City Council at its Monday night meeting officially went on record that every weed in Snyder will be cut. Attaboy? When a real bunch of business men, such as our City Dads are, get together, something must happen.

Rev. E. Diego, pastor of the Sweetwater Catholic church, and who also preaches at Hermleigh was a Snyder visitor today.

Monday subscription callers at the Times-Signal included R. M. Tomlinson, E. D. McDow, Henry Ware, Walter Dever, H. E. Baze, P. C. Chenault, C. J. Skiles and Miss Lela Isaacs.

The Reason

Why do they always give a shower to a girl who is going to be married?

Merely a quaint old custom to symbolize the beginning of a reign.

CHARACTER IS COLLATERAL

The character of a man, his ability to make good, is the nation's best collateral.

Surely, there is no better way to determine this than through his ability to maintain a good banking connection.

The whole structure of community happiness and prosperity stands upon the saving character of its people.

Make your check good at this bank.

THE SNYDER NATIONAL BANK

The oldest bank in Scurry County—Nearly a quarter century complete banking service.

WHY NOT A PERMANENT BANKING CONNECTION WITH A PERMANENT INSTITUTION?

Capital, Surplus and Undivided Profits $150,000.00

PREACHERS AND POLITICS

There is an ide extant among a lot of people that preachers and churches should keep themselves entirely separate and apart from matters of a political nature, while at the same time these same critics are ready to accord to the self-seeking politician, the grafter, bootlegger, gambler, thief and habitual liar the right to campaign, boost and shout himself hoarse in behalf of his favorite candidate. In the estimation of some, this corrupt element may talk politics as much as it pleases, while at the same time the patriotic, law-abiding, well-informed God-fearing man should have nothing to do (save to vote, maybe) with that which shapes and administers the affairs of the government under which he lives.

Just now a good deal is being said against the activity of Gospel ministers in the affairs of politics. They insist on the separation of church and state, as if this condition did not already obtain. In this country the church does not pretend to dictate to the state; neither does the state undertake to control the affairs of the church. Yet, at the same time, these two institutions are largely dependent upon each other. The state needs all the idealism and moral support the church can give; while the church needs the protection of the state. During the recent World War our government was continually calling on ministers and churches for the fullest possible cooperation and moral support. The same was true in England, and to this end both governments published books and distributed them free of charge. It was all right then for the minister to espouse the cause of true patriotism, but now there are those who would put a padlock on the mouth of every preacher who dares to speak out against the policies of a candidate who aspires to the highest and most influential office in the United States. They would have us stand idly by and simply look on while the most dangerous element in this country proceeds to break down that for which the church has fought, paid and bled for hundreds of years. Such a course would not only be foolish but also a sin of omission. The Bible says, "When the righteous are in authority, the people rejoice; but when the wicked beareth rule, the people mourn." Was Moses meddling with the affairs of state when he delivered a race from bondage? Was Daniel in error when he warned Nebuchadnezzar of impending judgments? Were Elijah and Nathan out of order when they denounced the sins of Kings Ahab and David? Was John, the forerunner, desecrating his high office when he declared that it was not lawful for Herod to have his brother's wife? Was Christ meddling with politics when he said, "Render unto Caesar (the government) the things that are Caesar's."? I think not. Let every preacher, like those of old, keep his nerve and prove himself a patriot as well as a prophet.

JAS. H. TATE, Fluvanna.

Whose Tree is Bigger?

While this is not a tree country, most of the timber being scrubby mesquite with a few hackberries, etc., along the creeks, considerable discussion has been raised as to whether or not the giant cottonwood on Jim Hahn's place is the biggest in Texas or the entire cottonwood belt. Some think that it is the biggest cottonwood in the world. This big tree is over twenty-one feet around and approximately seven feet in diameter, and if anybody knows of one that is larger than this we would like to hear of it. This tree is on the banks of Dockum creek on the Hahn place at Highway, and anyone wishing to see it is invited to do so.—The Texas Spur.

PRECINCT CHAIRMEN CANVASS ELECTION

Scurry County precinct chairmen met Saturday afternoon to complete the official canvass of the run-off primary vote which made no material total changes from the list as published in last week's Times-Signal.

A committee composed of Judge J. M. Harris, J. C. Maxwell, E. J. Ely, J. M. Pagan and L. N. Periman was selected as the official delegation to the district convention at Sweetwater next Tuesday when District Judge Fritz R. Smith is to be officially notified of his election as the judge of the 32nd Judicial District.

The Times-Signal is anxious to secure the names of Scurry County farmers who are either now building new residences or those contemplating new homes this fall.

Manager W. T. Smith of the Maytag Shop served a special breakfast at their salesroom Monday to the salesmen who are selling their widely known product all through this section. Business for the local shop increased 100 per cent in August over any previous month that the store has been open.

"What did the boss say when you told him it was triplets?"

"He promoted me to be head of my department."

"What department are you in?"

"Production."

FARMER HELD FOR INCEST BY FORCE

L. G. Braswell, a tenant farmer of near Fluvanna, whose wife died last June a year ago, was arrested and is now in the Scurry County jail on a charge, according to report, of incest under force. After preliminary trial the prisoner was denied bail. Two young daughters are said to be involved in this offense.

PALACE THEATRE GIVING AWAY CHINAWARE

There will be no excuse now for the ladies of Snyder and surrounding country to be without plenty of beautiful dishes. T. L. Lollar of the Palace Theatre is designating Tuesday and Thursday nights of each week "Chinaware Nights." Every lady attending the Palace on these nights will be given some piece of this beautiful dinnerware, making it possible for them to secure a complete set in very short time. The complete set which is of an exclusive pattern, is on display in the lobby of the theatre, and it is something that most any lady will be proud to own.

DALLAS AND TEXAS WELCOME CANDIDATE

Senator Robinson, candidate for vice president on the Democratic ticket, was welcomed to Dallas and Texas Monday at a mammoth meeting, according to Dallas papers. Tuesday, Cisco welcomed the senator and gave another remarkable demonstration.

According to Dallas papers, the Senator in his acceptance address spoke in straightforward manner on the issues of farm relief, prohibition enforcement, the merchant marine, corruption in public service, and other things. He came to Dallas under the auspices of the Central Labor Council and in addition to officers of that body joining in receiving this noteworthy visitor, Gov. Dan Moody and other senators and congressmen were present.

However, what the solid South will do in November is the greatest conjecture of all time.

DERMOTT NEWS

Crops are beginning to need rain again. Cotton is not so good. Several around here have been poisoning for the worms. It seems to be shedding what it has, and very little cotton will be made in this section. Feed crops are late.

John Browning made a business trip to Abilene Saturday.

Miss Georgie Braswell is spending this week with relatives in Sweetwater.

Floyd Smith and wife of Westbrook spent the week-end with Mr. and Mrs. Boss.

Carl Odom, wife and son of Justiceburg spent Sunday with his parents, Mr. and Mrs. George Odom.

Charlie Johnson and family spent the first of the week with friends near Spur.

Miss Johnnie Lindsey and sister of Rotan are visiting with Mrs. John Mallon this week.

Clyde Odom of Littlefield spent the week-end with homefolks.

Two cars of fat cattle from the L. P. ranch were shipped to Fort Worth last week.

Elive Greenfield, Mrs. H. C. Greenfield and Clarence Whatley left the last of the week for Hico to attend a family reunion.

Brother Harris preached at Dermott Sunday morning. Our Sunday school is progressing nicely; had several visitors with us.

Una Durden has been quite ill this week.

Mrs. Smith has been sick the past week and is able to be up some now.

Charlie Welch of Miles County and Bud and Riley of Sterling spent Monday with their sister, Mrs. Sallie.

Zeke Rhea of Littlefield spent Sunday and Monday with homefolks.

Many buildings and houses to be started in Snyder makes it appear that if the substantial start already made is continued the balance of the year that building permits in Snyder will run over a quarter of a million dollars for 1928. The present total exceeds $218,000. That's going some for a small city that is enjoying a healthy, natural growth that has been built really through diversification of crops and the splendid business given our merchants by Scurry County boosters.

Professor—Why don't you answer me?

Student—I did, professor. I shook my head.

Professor—But you didn't expect me to hear it rattle away up here, did you?

Boost the County Fair.

LOCAL BOYS TO BROADCAST TUESDAY

Johnnie and Robert Hoyle of the Bethel community, specialists in guitar and violin, whistling and yodeling, have been invited to appear over radio broadcasting station KFQB next Tuesday night at the 9:30 hour.

This appearance is their second before the microphone, and the Times-Signal hopes the response given these boys will guarantee them a steady contract with some radio station. They are very proficient in their work and entertain with a pep and vigor that is appealing to their audiences. They will also appear on a Palace Theatre program here Friday.

COLORADO WOLVES TO PLAY HERE TURKEY DAY

Coach Cantrell and his Colorado Wolves are already in trainin to start a stiff football schedule with Loraine Sept. 21. According to our good friend, Coach Cantrell, he surely sends out advance stories of his team that would make another town believe they were ready for the hospital before starting a game. However, these stories don't get far, as most all of the coaches in this section know good-natured Jim, for when he trots a team out on the field, "they're in there pitching every minute." The Colorado Wolves are booked for Snyder Thanksgiving Day.

Coach Whitaker and his Snyder Tigers are in daily working preparing for their opening game during the county fair. Assistant Coach Sullivan is already here, and Coach Claunch is expected any day this week.

SWEETWATER MUSTANGS WORK EARLY AND LATE

Reports come out of Sweetwater that the high school Mustang football team are building and looking forward to defeating the Snyder Tigers in what they call the biggest home game this year. But if Sweetwater beats Snyder, they will have to travel faster than last year when the local team took them into camp with a fast miracle play worked in the last ten seconds of play.

But Snyder High has a man's size job on its hands with the schedule this year, but present indications appear to be that it will win the district Class B championship. The team has the most letter men back of any school in the district with three expert football coaches to teach them the most deceiving type of football that is played today.

The Times-Signal is just handing out a preliminary warning to Editors Watson and Colbert of the Sweetwater papers; Snyder will be there 100 per cent as regards team and rooters.

FAMED HERD OF TEXAS BRAHMA CATTLE SOLD

BEAUMONT, Aug. 31.—Over twelve hundred head of humped-backed Brahma cattle or "sacred cows of India" changed hands here when one of the most famous cattle herds of Texas was sold by W. C. Gilbert to an Ambrose merchant and J. B. McLoyd of Sour Lake, for $75,000.

The Gilbert herd, one of the finest blooded cattle collection in Texas, was started by J. N. Gilbert, father of W. C. Gilbert, 15 years ago.

The Brahmas were introduced to this section because they stand the humid gulf coast climate better than the Texas variety.

New Officers in Garza Co.

January 1 is the date on which new Garza County officers nominated in the Democratic primaries of July and August, assume the duties of their respective offices.

Judge Smith will be succeeded by Lon Cross as county judge, and Ira Weakley by Lee K. Bowen for county and district clerk; H. M. Ford and Lon Cross will be succeeded in the commissioners court by Will Braton and P. S. Nichols.—Post Dispatch.

SNAKE AND DOG FIGHT TO THE DEATH AT PADUCAH

Sunday a bull pup belonging to Guy Taylor was out at the city wells west of town. The dog had gone under some grape vines, and while there came in contact with a big rattle snake. The two entered into mortal combat, and when the fight was over the dog had killed the snake, which in turn had bitten the pup so many times, filling its system with the poison of its fang, that the dog died soon after being brought to town and given a snake bite serum.

The snake was more than five feet long and was said to be very peculiarly shaped, being larger from the stomach backward. It was a villainous reptile and put up a nasty fight.—Paducah Post.

Miss Rowena Grantham left Thursday for Fort Worth where she will visit with relatives.

WHAT THEY SAY ABOUT AL

Seymour Lowman, assistant ecretary of the treasury in harge of prohibition: "The hanges in the prohibition law ad- ocated by Gov. Smith in his ac- eptance speech will end prohibi- ion and all benefits that have ac- rued thereunder."

* * *

George N. Peek, former G. O. P. farm leader: "As contrasted with Hoover, Smith has approved he idea that a sound way must be ound to make the tariff effective n agricultural products with ex- lorable surpluses and then there nust be equality of treatment in ariff schedules for agriculture vith industry."

* * *

Dr. Jennie M. Callfas, three imes national committeewoman or Nebraska. "I shall oppose the lection of Gov. Smith because he s opposed to the principles of rohibition and his promise to work for its serious modification.

* * *

Sen. George of Georgia: "The peech shows remarkable grasp of national and international problems. His assurance that he will ruthlessly stamp out corrup- tion in the enforcement agencies carries conviction. He recognizes the right of any Democrat to dif- fer from his view."

* * *

Sen. Edwards of New Jersey: "The governor's exposition of true conditions under Volstead prohi- bition and his brutally frank state- ment of how he will attack and seek to overcome crime and cor- ruption of the 18th amendment, and its enabling act, if elected president, is most refreshing in this era of Republican straddling pussyfooting, and hypocritical re- crimination against those who honestly seek the light."

* * *

Sen. Caraway of Arkansas: "The governor's farm relief views will have the approval of every sincere friend of adequate farm legislation. Smith advanced ev- ery issue with such courage that his political foes will be com- pelled to admit both his intelli- gence and his courage."

* * *

Representative Bloom, New York: "The speech is a fearless exposition of real Democracy, de- void of sham and pretense."

* * *

Sen. Fletcher of Florida: "This speech shows a grasp of national problems that is refreshing, stim- ulating and inspiring. I antici- pate a wave of popular approval that will be irresistible."

* * *

Congressman Edward W. Gray, a wet Republican: "I cannot find it possible as a life-long Republi- can to indorse Herbert Hoover."

* * *

Jesse H. Jones, Houston: "Gov- ernor Smith's farm relief plan is biggest issue in the campaign. The governor's speech makes it so for he proposes going at it as soon as elected, and we expect his plan is now in the making."

* * *

Charles M. Hay, Missouri Dem- ocratic senatorial nominee: "I do not agree with the presidential nominee's proposal to modify the prohibition policy. I respect him, however, for his frankness and straightforwardness in dealing with the question."

BILL HOLFORD OF GARLAND SPEAKS PIECE

The News is being favored with copies of the Fellowship Forum, the Kourier magazine, Dr. Cran- fill's Advance, and other bitter political publications, and after looking over the headlines we are constrained to the belief that these publications have permitted their enthusiasm to submerge their Christian spirit and to a large extent their sincere truth- fulness. Lord knows the truth is bad enough told on any of us, but when exaggeration is indulged in in criticising a public man or men and the honesty and sincerity of opponents directly challenged zeal in a cause has extended to lengths which humanity will not approve of. There is more utter rot being published in this cam- paign than in any in our history, and things are being charged which would be ridiculous were they not so serious. After read- ing some of the rabid political publicity, we feel like saying with the Master, "Father, forgive them, for they know not what they do."

A lot of political publicists would do well to learn the differ- ence between honest criticism and villification and character assas- sination. Then their utterances would command more respect and weight.—Garland News.

DID YOU EVER STOP TO THINK

Edson R. Waite

"The sixty-mile motor climb from Denver to Mount Evans is one that will take you thru all four seasons on the same trip," said Martin E. Rowley, one of the proprietors of the Albany Hotel, Denver, as a party of us (consist- ing of the Hon. Benj. F. Staple- ton, mayor of Denver; the editor of this column and two others) left the spacious Albany lobby to drive with him to Echo Lake, at the foot of Mount Evans. Indeed, magic and romance ever seem to permeate Colorado, and his state- ment was received in delightful anticipation by the members of our party, for the thermometer at the Albany entrance registered a temperate climate.

After leaving Golden, some 13 miles away, we began climbing higher and higher, thru Denver's system of mountain parks, over a road which is thrown lariat-fash- ion over the face of Lookout Mountain, the top of which marks the rock tomb of Col. Wm. F. Cody, popularly known as "Buf- falo Bill."

Not far away is Colorow Point, where Ute Indians expiated un- forgivable crimes by leaping to their death 2,000 feet into Clear Creek Canyon. Here we found it much cooler—there was changing foliage and the flowers were dif- ferent. It was summer, yet some- how the patches of brown here and there gave the feeling of a fall day.

From Colorow Point the motor drive continued over a broad high- way (formerly a Ute trail) to Ger- gen Park and on to Squaw Pass, with its elevation of 9,800 feet, at which place we found our coats welcome.

We paused at Echo Lake to gaze into its crystal pools—na- ture's mirrors, as it were—reflect- ing the snow-capped peaks and stately pines. From Echo Lake a winding road is being built to the summit of Mount Evans nearly three miles above sea level, which, when completed, will be the highest scenic motor road in the world.

We went as far as Summit Lake—about 13,000 feet eleva- tion, and found ourselves on the top of the world, surrounded by perpetual snowbanks, as we gazed over the rolling peaks of the Con- tinental Divide. Here, above tim- berline, vegetation gives up the fight for existence.

The return drive was equally alluring, and as we drove up to the Albany Hotel we had to agree with our host that we had ex- perienced the climatic changes of the four seasons in the short span of a day.

STOP AND THINK

By Edson R. Waite

The visitor to Toledo, Ohio, is perhaps most impressed with the business-like, growing spirit of Toledo. That's the natural reac- tion I had in looking over this great industrial city with John D. Dun, editor of the Toledo Times, and I was impressed with the fact everywhere that men who have built up great manufactur- ng and business concerns in To- ledo winning national recognition give back to their community time and resources in its development. They are investing in community development for community bene- fits.

Toledo is historically rich, for in the valley of the Maumee river La Salle came in 1679 and a fur trading post was established in this vicinity by the French. In 1793 General "Mad Anthony" Wayne battled the Indians a few miles south of Toledo and clinched the whole northwest territory for white civilization. Later in 1812 at Fort Meigs above Toledo, Gen- eral Wm. Henry Harrison with- stood British onslaughts and Com- modore Oliver Hazzard Perry settled the conflict with his clean- cut victory at Putin Boy on Lake Erie.

Toledo has always been impor- tant in the realm of transporta- tion. It was on the canoe routes of Indians and French from De- troit to New Orleans. Today it is "th e gateway to the Great Lakes" for a big producing area in the middle west; it is the third largest railroad center in the country; it has one of the few natural harbors on the lakes—meeting lace for coal and iron, and has just been made a stop on transcontinental air mail, express and passenger service.

There is a homey atmosphere about Toledo. It has more than 310,000 inhabitants, more than half of its homes are owned by those who live in them, it has a nationally recognized school sys- tem, its own municipal university and a museum of art endowed with more than $10,000,000. There's charm in its magnificent trees.

Toledo has exerted its leader- ship in production of automobiles, in development of a great power system to serve Northwestern Ohio, in manufacture of many lines of automotive equipment, in development of glass-making ma- chinery, scales, spark plugs, atom- izers, oil well equipment, and children's vehicles. Toledoans be- lieve their city is destined to occu- py a much higher place among in- dustrial leaders and are planning for a great city.

WRONG LETTER PLAYS HECK

Did you ever stop to think of what a difference it makes in a name to change ONE letter? Last week the Herald made mention of a young "beauty specialist" as a part of the co-operative adver- tising at the Waggoner Drug Co. We desired to please, but lo and behold the Herald had used the wrong letter, making the young woman's name "Barrell" when it should have been Borrell. Think of calling a beauty specialist a barrel—a crime, unpardonable! May heaven forgive us—she will not.—Hamlin Herald.

Scurry County has 2025 official scholastics in the common school districts. County Supt. Bullock stated that one more name had been added Tuesday when State Supt. Marrs advised his office.

Abilene received its first bale of cotton yesterday. It was sold at 19 cents a pound, with a $44 premium paid. The first bale this year was three weeks behind the 1927 record.

"What's all the loud talk in the dining room, sister?"

"Father and mother are swap- ping animals."

"Swapping animals?"

"Yep. She passed the buck to him and got his goat."

—BOOST THE COUNTY FAIR—

Courtesy of the Domestic Science Depart- ment, Perfection Stove Company

THEY say that if a girl is beau tiful, it isn't so necessary that she be a good cook! But too often, Mother Nature gives the curly hair and the baby dimples to somebody else's daughter. And then, if you are a wise mother you teach your daughter other ways of being attractive—among which is the old, old one, of being perfectly at home over a kitchen stove.

Little Mrs. Percival had always wondered, in her gentle way, why Marion, her only child, had seemed to inherit all the late Mr. Percival's traits, and none of her mother's. She had been a rough- and-tumble baby; she had been a tom-boy little girl. And now, at twenty, she was affecting a sleek coiffure, wearing horn-rimmed glasses and threatening to study law!

Mrs. Percival had seen to it, however, that Marion, in spite of her masculine looks, could cook a dinner fit for a king. And when Marion finally tumbled head over heels in love with a young man who seemed a bit afraid to fall in love with her, gentle little Mrs. Percival armed herself for battle, and sallied forth.

How the Kitchen Club Helped

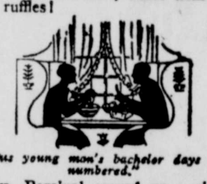

The Kitchen Club was called into consultation, without being told the underlying reason for the sudden activity. Mrs. Percival's kitchen was made a most delightful, most feminine place (description of it in Nancy's notebook).

Marion's young man was invited to dinner. Mrs. Percival came down with a convenient headache, and Marion had to solve the problem of entertain- ing him while she cooked dinner. It wound up with his going to the kitchen and discovering there a flushed and flustered, but very house- wifely Marion, that he was not at all afraid of.

You know the rest—"Here Comes the Bride," and all that. And the Kitchen Club never knew that it had been called upon to play Cupid!

LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

We made Mrs. Percival's kitchen as sweet and feminine as she is! Walls, silver-gray; floor, blue and white linoleum; oil stove, blue, silver-gray and white; breakfast nook (built-in), pale blue trimmed with pink flowers—transfer patterns—window-box painted light rose color, and filled with vines and pink begonias. Refrigerator, table, shelves, etc., white trimmed with blue. Curtains, white with little blue ruffles!

"This young man's bachelor days are numbered."

Mrs. Percival served us a simply *divine* dessert, made of big hunks of angel cake, covered with hot choco- late sauce filled with nuts, and topped with ice cream! Here are the recipes:

Angel Cake

Whites of 12 eggs
1½ cups granulated sugar (measured after sifting)
1 cup and 1 tablespoon pastry flour
1 teaspoon vanilla
Pinch salt
1½ teaspoons cream of tartar

Sift sugar five times. Set aside. Sift flour, cream of tartar and salt together five times. Set aside. Beat whites to a froth, not quite as stiff as for meringue. Sift in sugar, folding it into eggs as lightly as possible. Sift in flour. This also must be done with as light a handling and as much speed as possible. Turn into un- buttered pan and cook in slow oven for fifty-five minutes. Put pan of water in oven with it and keep it there for forty minutes. Do not open the oven door for twenty minutes after cake starts to bake. At the end of forty minutes take pan of water out. At the end of fifty-five minutes take out cake and turn it upside on plate to cool in pan.

Chocolate Sauce

2 cups white sugar
2 tablespoons cocoa
½ cup water.

Cook to thick syrup. Add nuts and serve hot over cake.

Proper Heat of Oil Stove for Angel Cake

Keep flames low, so that they show blue. (For faster cooking turn them up 1½ inches.) A really good oil stove will burn with a steady flame, and will need no watching.

How to Cut Angel Cake

Never use a knife on angel cake. Pull it apart with two forks. This keeps the feathery texture from crushing.

MITCHELL COUNTY COTTON CROP STILL AN UNKNOWN QUANTITY

The cotton crop in Mitchell County is still an unknown quan- tity, according to reports given the Colorado Record by farmers over the county.

Of course, we all know that some cotton will be harvested in this county, and the prospects for a good crop are bright, provided the fall season is favorable, but farmers say at present the cotton has grown a large weed and has not put on fruit as rapidly as was expected, therefore they complain that the crop is mostly to be made yet.

J. R. Sheppard says boll worms are working in his crop and that he expects his crop to be short of that produced last year.

Bill Cook says boll worms are damaging the cotton considerably and that so far it is impossible to tell just what the crop might make.

Jim Johnson is not able to make a prediction as to the crop to be harvested, or at least is not will- ing to say so. He says it all de- pends on the weather and the growth from now on until the season ends.

Reports from Cuthbert, West- brook, Spade, Loraine, Buford and other places say the crop looks good from the standpoint of size, but is holding very little fruit. Hyman reports good crops and bright prospects for a good harvest.

—BOOST THE COUNTY FAIR—

Taken as a whole, we venture the prediction that more cotton will be harvested in this county this year than was harvested last year, but we admit that consider- able of it must be made after this date. That is what happened last year. At this date last year the prospects were not nearly so good as they are now, therefore we still predict a good cotton crop in Mitchell County this year, despite the fact that boll worms and other insects are damaging the crop some.—Colorado Record.

"As quickly as I git all my fur- niture paid for, we're going to take a honeymood trip," was the story told a Times-Signal man last week by a fellow just married. A man at our elbow tells us some quite noteworthy weddings are to happen soon, and we firmly be- lieve we know the man who will be in one of them.

She Wanted to Play Safe

Mrs. Nut (handing her husband a saucer full of white powder): "John, taste that and tell me what you think it is."

Mr. Nut: "It tastes like soda."

Mrs. Nut: "That's what I told Bridget. She declares it is rat poison. Taste it again to make sure."

It is quite true that West Texas is getting more than its share of rain just now. It is getting more than it needs. East Texas papers please copy.

Impartial Judge

Policeman—Judge, this man is arrested for gambling and being drunk.

Drunk—Your Honor, "Man's inhumanity to man makes count- less thousands mourn." I'm not as debased as Swift, as profligate as Byron, as dissipated as Poe, or as debauched as—

Judge—That will do. Thirty days, and officer, take a list of those names and run them in; they're as bad as he is.

One Feather

Two men had to put up at a road side inn for a night and were told they would have to share a bed.

"But you will be comfortable," said the landlord. "The mattress is a feather one."

Early next morning one of the men awoke the other one.

"Change places," he said, "it is my time to lie on the feather.

Boost the County Fair.

DICK AND ABE SAY:

DON'T DESTROY DIRTY CLOTHING

Consider your suit—the one you wear often and rough;
There may be grime visible on collar and cuff.
A lot of grease from your car quite likely is there,
A nasal inspection presents an odor quite rare.
Now, what a cleaner can do to that suit is magical,
So, don't resort to destruction that's tragical.

PERFECTION STOVE COMPANY, DALLAS, TEXAS

TEXAS AND TEXANS

BY WILL H. MAYES

Rabbit Industry

An enterprise that promises large development is the effort being made by Cotulla and San Antonio parties to popularize rabbit meat for food and rabbit pelts for the fur industry. It is a revival of the Belgian hare business that had such a run a few years ago, but that waned because of the lack of markets for the meats or the pelts. Parties now promoting the industry in Texas will center their efforts on the growing and marketing of the rabbits, hoping to make it highly profitable. It is reported that rabbit growers of Los Angeles County, California, are now realizing $2,000,000 a year from rabbits. Most of the fur coats worn in this country are made of rabbit skins, many of them being imported.

❖ ❖ ❖

Texas Road Building

A TRIP over almost any part of Texas now reveals the fine work being done by the Texas Highway Commission in the building and maintenance of State highways. Some of these roads are of concrete, some are macadam, some gravel and some are as yet merely well graded roads, but all seem to be good for their class. In the last 18 months contracts have been let covering over 1,500 miles of road building, and the work has gone on with remarkable smoothness. Of this mileage nearly 450 is of concrete, the best type of road for Texas. In many sections where there is little or no state work being done, the counties are straightening, and widening and grading the roads with the expectation of getting state aid later. Texas has reason to be proud of the splendid work being done for its highways under the present commission.

❖ ❖ ❖

Politics and Business

BUSINESS in Texas, as elsewhere, appears to have slackened a bit, a condition attributed to the fact that it is political year. This is especially true of the manufacturing industries, but not more noticeably so in Texas than in any other states. It is unfortunate that in the excitement of presidential campaign years, the people draw in their investing capital. However, in Texas there is much activity in most of the oil fields, despite the low price of oil. Farming has to be carried on regardless of politics, and road building has given employment to many thousand laborers. With good crops of grain already harvested, a splendid vegetable and fruit crop cashed, and a fairly good prospect for an average cotton yield, Old man Texas wears his prosperity smile despite politics.

❖ ❖ ❖

Touring Texas

INQUIRY shows that more Texans are taking their vacations in Texas this year than ever before. Why not? Texas has as much to offer sightseers as any other state. There are balmy seacoasts, bracing mountain sections, innumerable health resorts, good roads, comfortable hotels and tourists camps, reasonable prices—everything to contribute to one's comfort and rest, and all so much closer to home. As Texans learns more about Texas, the state is going to become the winter and summer resort of thousands who now travel at great inconvenience to other sections in search of rest and then come back to Texas to find it.

❖ ❖ ❖

Farmers' Field Meeting

THE JASPER News-Boy reports that 22 farmers were present at a recent field meet in that county to study with the county farm agent the cultivation of cow peas, soy beans and other crops. The News-Boy says that the farmers present stated that they received great benefit from what they saw and heard.

Such meetings are helpful in exact proportion to the number that attend them There should have been at least ten times that number of farmers with County Agent Monroe that day. But these 22 can take what they learned to their neighbors and spread the advantages of diversified farming. Farmers are more and more anxious to put such thought into their work as will get best results in production, in profits, and in maintenance of the fertility of the soil.

❖ ❖ ❖

Highways Through Cities

TRAVELERS in exas are impressed with the poor highways they often find running through the towns and cities. Good roads may run entirely across a county except those parts within the limits of municipalities. In proportion to the county mileage the cities pay a much larger share of the tax that goes for road building than is paid by the country, and it looks unfair to city tax payers that they should not share with the country in the building of good roads.

The Weatherford Democrat is complaining, and with all justice, that the Bankhead highway, called the Broadway of America, a road that is much travelled by transcontinental tourists, is not built by the state through Weatherford in a way to conform with the rest of the roadway through the country, but that the city itself is expected to build and maintain this much travelled highway through Weatherford.

Scores of other towns in Texas are situated like Weatherford and should insist on their rights as taxpayers to share in the benefits derived from their taxes.

❖ ❖ ❖

Help Farm Youth

EDGAR B. Davis doing a work in Caldwell, Gonzales and Gaudalaupe counties that could be duplicated by other rich men without any danger of great loss. Through the Luling Farm Foundation, any boy or girl in these counties who is recommended by the county agent, and whose father , whether rich or poor, will sign a note with them, can buy a Jersey heifer, sheep goats, turkeys hogs or chickens by giving a note due in two years with six per cent interest. This is a commendable way of helping boys and girls to help themselves, and it involves very little financial risk.

COTTON PEST DESTROYER IS DEMONSTRATED

Considerable excitement has been caused here over the successful demonstration of a machine that eliminates boll worms and kindred insects. Over two hundred farmers and merchants gathered at the J. W. Casstevens farm north of Snyder Friday and Saturday, and the inventor, J. P. Owens, of Weatherford successfully showed the crowd how it was possible to get thousands of bugs and insects and not injure the crop in the least.

The machine consists of two revolving paddles 4½ feet long and of variable width, made of heavy galvanizzed iron in two halves which can be widened or made narrower as conditions necessitate. The paddles are operated by master gears mounted on a special axle which is substituted for the short axle of the riding one-row planter. The main gears are connected to the axle by a clamped flange which can be set for any width of rows. As the paddles revolve, through agitation the worms are knocked into a pan and are later dumped into a sack at the end of the row and later destroyed.

The demonstration here was so successful that many orders have been given, as the crops of this section have been badly damaged through the operation of the boll worm and square borer.

DATE SET FOR NEXT MEETING OF DENTAL MEN

Sweetwater Named Host City For Session to be Held Sept. 21-22

Announcement has been made by Dr. Sed A. Harris of Snyder, secretary of the West Texas Dental Society that the 19th annual meeting will be held at Sweetwater September 21 and 22, with one of the greatest programs ever offered the membership, which has grown by leaps and bounds since the organization's inception.

The program as announced includes the address of welcome by Mayor Claude W. Bryant of Sweetwater with response by Dr. C. D. Wofford of Plainview. Dr. Boyd S. Gardner of the Mayo Clinic, Rochester, Minn., will gave a table clinic and illustrated lecture during the Friday afternoon meeting. Golf and a banquet will conclude the first day's program, all meetings being held at the Blue Bonnet hotel, official headquarters.

Saturday's program is even more complete than that of the first day.

MAKING THE BEDROOM ATTRACTIVE

Miss Juanita Sprott, district home demonstration agent, Extension Service, Texas A. and M. College, gives some good ideas on making the bedroom attractive:

The one place that is the girl's very own, where she can carry out her own ideas and express her individuality, is her bedroom, and she should be encouraged, if at all possible, to make this room attractive.

Since people grow to be like their surroundings, the atmosphere of the bedroom should be cheerful, restful, and as beautiful as possible.

The bedroom should be airy, sunny, clean and restful. The walls are best covered with neutral shades of color, and one should by all means shun the use of gaudy or large-figured wall paper. The floors should be darker than walls and ceiling and are greatly improved by the use of one or more simple rag rugs. Woodwork should be as near the color of the wall as possible, with a dull finish in preference to a glossy one.

More than 10,000 4-H club girls made improvements in their bedrooms last year, and all of them learned to plan a simple, attractie room. Many counties have had bedroom improvement campaigns and contests with the girls earning money for the changes through their poultry, dairy or garden projects.

SNYDER GIRL WILL TEACH AT ROSCOE

Miss Mary Lawlis of Snyder will teach expression in connection with Roscoe Public Schools during the session 1928-29.

Miss Lawlis comes to Roscoe highly recommended and competent to handle the work in a manner satisfactory to the public. She is a student of Mrs. Laura Kuykendall of Southwestern University, Georgetown, and of Miss Pauline Gordon, head of the department of speech arts of Texas Woman's College, Fort Worth. During the past year she taught expression in Brownfield, where her work was popularly received.

With the opening of school next week, Miss Lawlis will begin the organization of her class. —Roscoe Times.

Lady Customer—I would like a pound of sulphur; how much is it?

Druggist—Fifteen cents a pound, Madam.

Lady Customer—I can get it for ten cents across the street.

Druggist—I know it, Madam; and there is also a place where you can get it for nothing.

"Last night Jack told me I looked sweet enough to eat."

"Yes, Jack is fond of plain food."

WOMEN'S AND GIRLS' HOME DEMONSTRATION CLUBS

MISS JESSIE LEE DAVIS, Supt.

1. All Women's and Girls' work must be brought properly labeled and checked into the Women's and Girls' Club Department depot September 18, or before 10 a. m., Sept. 19.

2. Labeling: Canning Exhibit. Use black and gold oval 4-H labels, having name of product, name of exhibitor, year of club work and name of county. Place in center, on plain side of jar, one-quarter (¼) inch from bottom.

3. Labeling—Sewing Exhibit: On piece of white material 2½ by 4 inches, written with ink or indelible pencil. Girls should mark each article of sewing in the following way. The name of exhibitor, year of club work and name of county. (One under the other.) Women's labels should show the name of the exhibitor, name of the club and name of the county. Sew this label inside front of neck of all garments as dresses, shirts, aprons, underwear, etc.; at the corner of lunch cloth, napkins, towels, holders, pillow cases and dresser scarfs; at the back of cap and on back of patch, darn, rug, and in an unconspicuous place on all other articles.

Why Wait for the New Ford

The strongest reason for waiting is the fact that you will need to wait. Sounds funny, but it is sound reasoning. If Ford had changed just a few body and fender parts and a few minor "inside" parts, you would not have to wait. And such a car would not be worth waiting for. Ford is bringing out not only a new car, but a car so greatly superior in every way to the old Model T and to every other car selling under $1,000 that its production is only possible by time-saving and cost-reducing machinery unequaled in any other factory in the world.

If you want your new Ford this fall, better order today.

JOE STRAYHORN

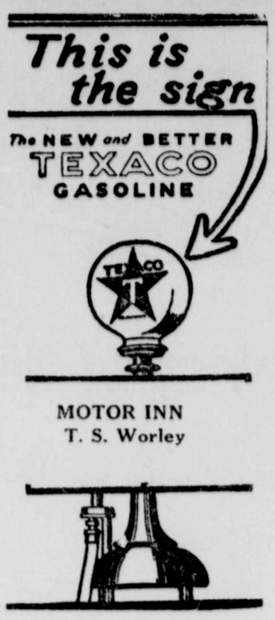

HARD carbon—the power eater. Hard carbon—the engine crippler. Hard carbon—the expense breeder. Why have it? Use

TEXACO
MOTOR OIL
Clean, Clear, Golden

Watch that clear golden stream as it pours into the measure. What you see is what you *get*—a highly refined motor oil, with the impurities that form hard carbon taken *out*. There's a grade for every car.

STIMSON CAMP GROUND

MOTOR INN
T. S. Worley

NELLEY FILLING STATION

TEXACO

Draining a crankcase is dirty work but we don't mind it. Besides it's our business.

Stop when you need motor oil and let us drain and refill with the correct grade of golden Texaco Motor Oil.

WOODEY FILLING STATION

Handy to Carry—Handy to Pour

And always handy on the road when you need a fill of oil. The

TEXACO
"Handy-Grip" Can

fits in the tool box of your car. It provides you with two quarts of TEXACO Motor Oil—the clean, clear, golden oil. You never have to fill with "take-a-chance" oil!

TETERS' GARAGE

Buy oil by name
—TEXACO
Watch the color
—GOLDEN

The first thousand miles

This year . . . your choice of motor oils is second only in importance to your choice of cars.

For engines of 1928 are faster . . . they "turn over" more times in a given second. They run hotter . . . more explosions . . . higher compressions. Only a motor oil with full viscous body can "stand up" under this high-speed heat; only a motor oil as fine as golden Texaco can give your new engine the thorough lubrication it must have at all times . . . under all circumstances.

More than ever this year, the first 1,000 miles . . . and the oil you use . . . will determine your engine's performance during each of the thousands of miles to come.

From the first mile on, use Texaco Motor Oil. Free of tars, of paraffin wax and cylinder stock, Texaco flows in coldest winter . . . lubricates thoroughly and dependably at all temperatures.

Wherever you see the Red Star and Green T, ask to see the Texaco Lubrication Chart. It will specify the grade of Texaco Golden Motor Oil authorized for your new engine.

The Texas Company, 17 Battery Place, New York City
Texaco Petroleum Products

TEXACO
GOLDEN
MOTOR OIL

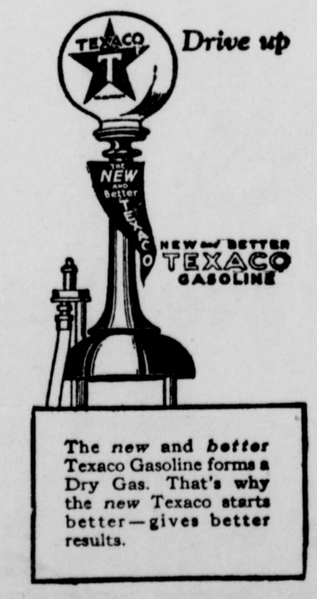

Yes
We *know*
there's a
difference!

You will, too, the moment you get the *new* and *better* TEXACO into your tank.

There is nothing like it. Drive in. Then notice your engine.

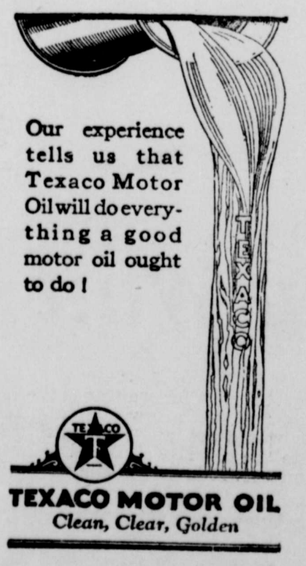

The
NEW and BETTER
TEXACO
GASOLINE

HIGHWAY GARAGE

The *new* and *better* Texaco Gasoline forms a Dry Gas. That's why the *new* Texaco starts better—gives better results.

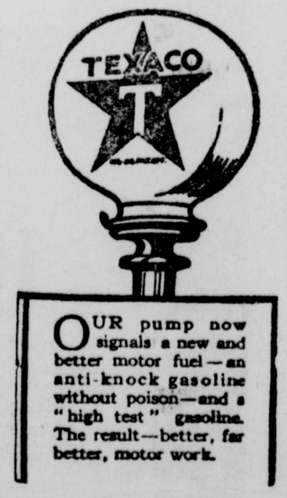

GAY McGLAUN,
Local Agent

Our experience tells us that Texaco Motor Oil will do everything a good motor oil ought to do!

TEXACO MOTOR OIL
Clean, Clear, Golden

R & K GARAGE

OUR pump now signals a new and better motor fuel—an anti-knock gasoline without poison—and a "high test" gasoline. The result—better, far better, motor work.

TEXAS SERVICE STATION

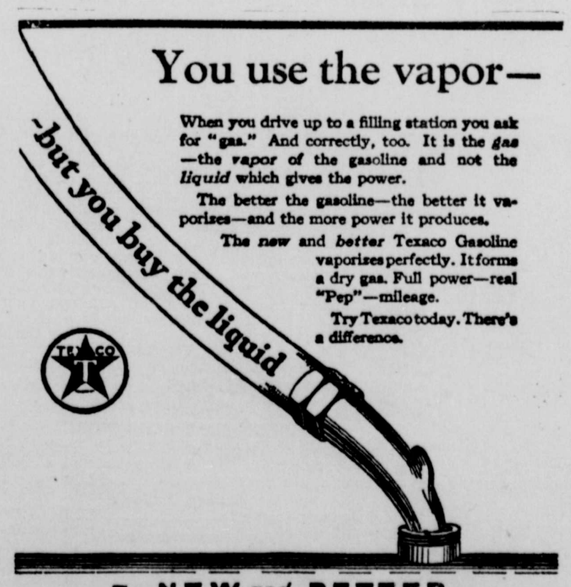

You use the vapor—

When you drive up to a filling station you ask for "gas." And correctly, too. It is the *gas*—the *vapor* of the gasoline and not the *liquid* which gives the power.

The better the gasoline—the better it vaporizes—and the more power it produces.

The *new* and *better* Texaco Gasoline vaporizes perfectly. It forms a dry gas. Full power—real "Pep"—mileage.

Try Texaco today. There's a difference.

SOCIETY

MOTHERS SELF CULTURE CLUB TO MEET

The Mothers Self Culture Club will meet Sept. 11 at 3 p. m. at the home of Mrs. E. J. Anderson, with Mrs. Carl Yoder as leader. The study of this year's program will be American Ideals and Principles and the famous men and women who have fostered them. This is the fourth year of the club.

MISS KIDD OF KINGSVILLE HONOREE AT PARTY

Miss Evelyn Kidd of Kingsville, who is here visiting Miss Ellen Buice Johnson, was the honoree at a delightfully planned party given at the home of Miss Johnson last Saturday evening. A tempting supper which consisted of fried chicken and all of the accessories was enjoyed at the supper hour. About thirty guests were present at this complimentary affair.

BUSINESS and PROFESSIONAL WOMEN'S CLUB MEETS

The Business and Professional Women's Club members met Tuesday on the lawn of the court house with Mrs. R. A. May, Mrs. Verna Leftwich and Miss Joe Hailey as hostesses.

After the business of the club was attended to, ice cold water melon was served to the members. The club was glad to receive three new members.

The next hostesses are Mrs. Sam Hamlett, Mrs. John R. Covey and Mrs. R. E. Gray.

CHICKEN FRY AT THE SCOTT RANCH

One of the most enjoyable affairs of the week was given Monday evening when Misses Mary Lynn Nation, Dorothy Strayhorn and Eloise Scott entertained quite a number of their friends with a chicken fry at Scott's ranch. A more delightful place than this could not have been selected to spread the delicious picnic supper. After lunch a delightful evening of conversation followed. About sixty guests were present at this splendid affair.

BIRTHDAY PARTY

Thursday afternoon, Aug. 16, Mildred Harrison celberated her second birthday with a lawn party at the home of her mother, Mrs. J. W. Harrison, in West Snyder. Mildred and her mother assisted in the entertainment of the group of tiny tots.

There was a pretty birthday cake with its two tiny tapers gleaming on the snowy top. This was cut and served with ice cream. Dainty little dolls and whistles were presented as favors, and a large basket of gifts from the little friends was given to the little celebrant.

Those attending the party were Mary Nell Noble, James Weldon Miller, Mary Sue Humphreys, Sarah Dodson, Horence and Ola Margaret Leath ,Frances and Wendell Neeley, Sarah Sue Coker, Jean Taylor, Fred and O. B. Carter of Fort Worth and Tommie Singletary.

MISS DIXIE RUTH SMITH ENTERTAINS WITH DINNER

An affair that proved a delight to those attending was the dinner party given last Thursday night by Miss Dixie Ruth Smith, honoring Mrs. Joe Caton and Mrs. C. C. Higgins. Miss Mary Lynn Nation presented Mrs. Caton and Mrs. Higgins with gifts from the members of Mrs. Caton's Sunday school class.

Those enjoying this hospitality were Misses Eloise and Margaret Scott, Helen Boren, Evelyn Kidd and the members of the Sunday school class.

Following the dinner the guests departed for the Methodist Church where seats were reserved for them.

INTERMEDIATE B. Y. P. U.

Program for Sept. 9.
Subject, "Courtesy and the Golden Rule."
Introduction, Buck Howell.
Our Manners Reflect Our Training, Vernell Bradbury.
Our Manners an Index to Character, Mary Nell Morton.
Our Manners a Factor in Forming Character, Dixie Lee Davis.
The Effect of Our Manners on Others, Hugh Taylor.
Manners are Contagious, Mabel Reichardt.
The Best Rule for Good Manners, Leota Glen.
Leader's period, Harvey Shuler.

METHODIST CHURCH

Services Sunday as follows:
Sunday School 9:45 a. m.
Epworth League 6:45 p. m.
Preaching and worship 11 a. m. and 7:30 p. m.

We are now entering into the autumn term in our school and expect a good increase in membership and real good work done. Good school last Sunday. Come again next Sunday and bring along a friend.

The meeting was good and did our church a wonderful lot of good. Many are going to do better. We received about thirty members so far. Will receive others next Sunday.

You are welcome. Come worship with us.

J. F. LAWLIS, Pastor.

MRS. HIGGINS ENTERTAINS

Mrs. Joe Caton and her Sunday school class members were delightfully entertained with a lovely breakfast Tuesday morning at the home of Mrs. C. C. Higgins, who was formerly a teacher of Mrs. Caton's class. Those enjoying this delightful hospitality were Misses Waunita Darby, Dorette Beggs, Dixie Ruth Smith, Alma Hood, Helen Boren, Mary Lynn Nation, Ellen Buice Johnson, Dorothy Strayhorn, Martha Gray, Ola Lee Cauble, Nina Frances Banks, Evelyn Kidd of Kingsville, Maurice McClinton, Lura B. West, Margaret Scott, Miss Gee of Dallas, Mary Lawlis, Lucille Carpenter and Mmes. Robert H. Curnutte, Jr., Joe Caton and Mrs. Wilson.

MR. AND MRS. SAM HAMLETT ENTERTAIN CLUB

Thursday night of last week Mr. and Mrs. Sam Hamlett delightfully entertained the members of the Thursday Night Bridge Club at their beautiful home in West Snyder.

A pink and white combination was featured in all details. Pink radiance rose buds and carnations in attractive vases presented a picture of loveliness in the reception suite of this beautifully furnished home.

The evening's amusement passed swiftly as progression was made which resulted in Mrs. George Oldham and W. T. Raybon as high score winners and Mrs. Lee Newsom as guest.

Dainty refreshments were served to club members and Mrs. Newsom, guest.

FEDERATION MEET

The County Federation of Women's Clubs will meet Saturday, Sept. 8, at 3 o'clock at the court house.

BRIDGE PARTY

Among the many beautiful parties given this week, none have surpassed that of last evening when Miss Gwendolyn Chambers and Charles Cooper entertained with a bridge party at the home of Miss Chambers.

Roses made graceful bouquets for the pretty receptacles and added a touch of harmony to the beautiful surroundings.

At the conclusion of the bridge play a delicious salad course was served. The personnel of this pleasant courtesy included: Misses Ellen Buice Johnson, Mary Lynn Nation, Dorothy Strayhorn, Helen Boren, Dixie Ruth Smith, Dorette Beggs, Doris Buchanan, Eloise Scott, Esther Hargraves, Margaret Dell Prim, Alma Hood, Martha Gray, Virginia Thompson, Nina Frances Banks, Lucille Carpenter, Messrs. J. D. Scott, Snuff Harrell, Bob Boles, E. O. Wedgeworth, Dutchie Cauble, Nibs Warren, Max Brownfield, Cleve Blackard, Percy McFarland, Bob Tolliver, C. C. Willis, J. P. Strayhorn, Robert Lee Gray, Harold Brown, Earle Sparks and Mr. and Mrs. Robert H. Curnutte, Jr., Mr. and Mrs. Rudolph McMullen and Mr. and Mrs. George Webb.

P. T. A. MEETS

The Parent Teachers Association will meet at the school auditorium Sept. 13 at 8 p. m. All the parents, both fathers and mothers, are urged to be present and meet the teachers who will have charge of their children for the school year. A short program will be given, with an informal get-together and refreshments.

SINE CURA MEETS

The members of the Sine Cura Club enjoyed an unusually delightful session Tuesday afternoon at which time they were the guests of Mrs. G. A. Hagan. Tables daintily appointed with bridge accessories were arranged for the play. Three tables of players contested. High score honor went to Mrs. W. W. Lechner, and Mrs. W. R. Johnson received low score. A dainty salad ice course was served to the club members.

MISSES SMITH AND BEGGS ENTERTAIN

The lovely home of Mrs. Dixie Smith was the scene of a gay hospitality Tuesday evening when Misses Dixie Ruth Smith and Dorette Beggs entertained with a very unique dinner party. Tables had been arranged on the lawn where a delicious dinner was served cafeteria style in two courses.

Those enjoying this lovely affair were Misses Eloise Scott, Elaine Rosser, Mary Lynn Nation, Mary Lawlis, Helen Boren, Dorothy Strayhorn, Ellen Buice Johnson, Alma Nell Morris, Clarabelle Clark, Margaret Dell Prim, Martha Gray, Doris Buchanan, Zilpha Webb, Gwendolyn Chambers, Esther Hargraves, Vera Nell Grantham, Virginia Thompson, Margaret Scott, Evelyn Kidd, Davida Curry, Messrs. Max Brownfield, Marshall Higgins, J. D. Scott, Bob Boles, Ed Black, Robert Lee Gray, Snuff Harrell, Joe Drake, C. C. Willis, Preston Morgan, Holley Lewis, Nibs Warren, Noel Banks, Charles Cooper, Herbert Bannister, J. P. Strayhorn, Percy McFarland, Cleve Blackard, Hugh Boren, Bob Gray, Chubby Ritzenthaler, Dutchie Cauble, E. O. Wedgeworth and Mr. and Mrs. Robert H. Curnutte, Jr., Mr. and Mrs. Rudolph McMullen, Mr. and Mrs. Amos Joyce and Mr. and Mrs. George Webb.

DAY—COOK

Hubert Day of this city and Miss Myrl Marie Cook of Clarendon were married Sunday afternoon at the home of the bride's parents.

Mr. Day has been night operator for the Santa Fe here, but is now located at Fort Worth, where they will make their home.

The many friends of this young couple extend to them their best wishes for success and happiness.

SWIMMING PARTY

Complimenting Miss Marie Huckert of Hereford, Mesdames Dee Hyepock and J. H. Mitchell entertained a number of their friends with a picnic at the caves Sunday near Camp Springs. A swim was enjoyed later in the evening. After the swim a midnight watermelon feast was enjoyed.

MISS GENOA COLE TO GIVE VIOLIN RECITAL

Miss Genoa Cole, formerly of Sweetwater, will give a violin and piano recital Monday evening at the high school auditorium. She will be assisted by Miss Ima Lee Thomas, local music teacher, who will sing two groups of songs. The piano accompaniments will be played by Mrs. J. C. McClure of Sweetwater.

Lovers of piano, violin and vocal music are cordially invited to attend.

The new Buick is the new Style

More than handsome···more than luxurious···a wonderful *new type* of motor car beauty··a *thrilling turning point* in body design

It will be imitated, of course! The new, the fine and the beautiful always inspire emulation. But so great is the cost of building the magnificent new Fisher bodies for the Silver Anniversary Buick that imitation will be possible only to much costlier cars, and even these will find difficulty in following where Buick leads!

$1,500,000 has been expended in manufacturing the dies alone for the new Buick bodies; and the gracefully curving side panels which form one of their distinguishing characteristics represent the most expensive steel paneling work employed on any automobile in the world!

But it is not in the matchless grace and beauty of exterior design alone that the Silver Anniversary Buick eclipses other cars. In fleet, powerful performance too, the world holds no equal for the Silver Anniversary Buick with Masterpiece Bodies by Fisher. And the motor-public, buying in such tremendous volume as to force the great Buick factories to work day and night to supply the demand, is elevating it to the prominence of a vogue!

THE SILVER ANNIVERSARY BUICK

With Masterpiece Bodies By Fisher

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Church Services

The meeting at the First Baptist Church, which had been running for about ten days, closed last Sunday night. There were three accessions to the church by baptism, which ordinance was administered near the Lim Hogan home on Sunday afternoon. According to reports, about 1,000 chapters of the Bible were read during the meeting. Rev. W. Z. Corbin of Waxahachie did the preaching which, we are sure, was very satisfactory to those who heard him. His sermon last Sunday on "The Sufficiency of Christ" was especially strong and timely.

There were services at the Fluvanna Baptist Church last Sunday morning. This church sent the following delegates to the Association meeting at Dunn on Tuesday and Wednesday of this week: Mr. and Mrs. E. W. Lemons, Mrs. Will Noel, Mrs. John Truss, W. G. Sims, J. L. Campbell and H. L. Parks.

On next Sunday there will be regular services at the Presbyterian Church at the morning and evening hours. At three o'clock in the afternoon there will be held in this church a great Democratic Anti-Al Smith mass meeting. In addition to appropriate music there will be addresses by local speakers and one or two from out of town. Everybody is invited to attend. Let all come and hear what may be said whether in sympathy with the movement or not.

Business and Crops

The Boren and Taylor gin, under the management of Charles Burk, is installing a splendid, up-to-date lot of machinery for handling bolly cotton.

W. B. Hood received two cars of Hereford calves a few days ago. At the same time R. N. Miller received one car of black pole calves.

J. R. Wills shipped one car of fat cattle to the Fort Worth market Monday.

H. W. Drum is beginning the erection of an up-to-date seven-room residence on his ranch south of Fluvanna near Arah. The Fluvanna Higginbotham-Bartlett Co. is supplying the materials, and C. E. Tarter and George Handback of this place are the contractors.

B. O. Stavely has bought the old Jenkins school house west of town and will use the material in the erection of a residence in Fluvanna.

The Fluvanna Mercantile has recently been receiving a nice line of new dry goods which, no doubt, the people will want to see.

The farmers of this section commonly concede the cotton crop is "blowed up." That is, the crop is almost completely ruined by the worms. Feed crops will be ample, and grass is fine. Just another example of the necessity of growing diversified crops.

The test oil well west of town, after setting more than 2000 feet of ten-inch casing—nearly two carloads—is again drilling at a depth of near 2200 feet. The formation is a red sand in which there is much salt-gyp water.

The White Flat school west of town has been taken down and is being rebuilt.

The Fluvanna school building is being repaired and fitted up for the opening of school next Monday. A partition has been erected in the auditorium, thus converting that important room into two class rooms.

Visits and Trips

W. H. Jones and wife, having purchased their fall stock of goods, seen the sights and purchased a new Dodge, have returned home—W. H. from Detroit and Mrs. Jones from Waxahachie.

D. A. Jones and wife attended the big stockmen's barbecue at Lovington, N. M., the latter part of last week. Pat Jones and wife, accompanied by Leo Beaver, attended the same gathering and then went on to the Carlsbad Cavern. No telling what Pat will have to tell us if he ever get out of that "bat cave".

Haley Haynes went to Big Spring last Sunday and will take charge of a new gin.

R. B. Wills and family left Friday for Erick, in North Texas, where Mr. Wills will fire for a gin.

Pat Weems and family have recently been visiting their son, D. A., in Eastland County. Pat and son, Luke, have returned, while Mrs. Weems and daughter, Miss Phamey, are still visiting with D. A.

J. J. Belew is spending a few days in Mineral Wells.

Gould Mears, a former citizen of this place but now of Northwest Texas, is here visiting his brother, Jim.

Garrett Bley, after visiting his parents, J. B. and Mrs. Bley of this place, returned to his home in Olton this week.

Grandmother Page of Snyder is visiting with Mrs. B. F. Dargitz near Fluvanna.

B. F. Dargitz and Jim Mears are on a business trip to New Mexico.

W. O. Christopher is visiting at Tatum, Texas.

Mr. and Mrs. Fields and son of Shallowater spent the week-end here.

Mrs. C. M. Hickson and small son of New Mexico are here on an extended visit with Mrs. H. Lanham.

Prof. Cleo Tarter is home again from McMurry College, Abilene, where he took a summer course of study. Prof. Tarter will open the Hackberry school Monday.

Miscellaneous

Word came to Fluvanna people the first of this week that Thomas Edwards, son of Thomas Edwards, Sr., who died here last winter and who owned a stock farm some 12 miles southwest of this place, died last Friday near Lamesa after drinking carbolic acid. We understand that the young man was unmarried.

Mrs. J. B. Coston with her babe born about two weeks ago, returned Monday from the Snyder sanitarium where she had been under special treatment for several days.

Let all the people of the Fluvanna community remember the big Anti-Smith mass meeting to be held in the Presbyterian Church Sunday at 3 p. m.

H. H. Haynes is rejoicing over a new grand baby—the son of a daughter, Mrs. Andrew Cane, of Big Spring.

C. E. Trussell and family, except John Henry, are on a visit with relatives in Alabama.

J. L. Roddy and family, except Lane, are on a visit with relatives and friends at Honey Grove.

Mrs. A. J. Leech and daughter, Mrs. Bob Odom, of Westbrook, spent the week-end here visiting with Mrs. Will Clawson and family.

DID YOU EVER STOP TO THINK

Edson R. Waite, Shawnee, Okla.
By Edson R. Waite

G. Clifford Jones, editor of the Orange (N. J.) Daily Courier, says:

THAT advertising begins at home.

It begins when a business man hops out of bed and under the shower. It continues with the dressing and shaving. It is present in the good spirits that the breakfast table of a happy home should engender.

And then the advertising end of his business finds expression in his own attitude about the store or the office, for as he thinks and acts so will his organization react. He thus advertises himself and his business to those he employs.

That kind of advertising is reflected in the way his employes meet his customers. The ready smile, the willingness to take pains, the attitude of service is good advertising.

And then advertising finds expression in his stocks. They must measure up to the expectations engendered by a decent smile and of course they must be properly displayed.

I recall the man who advertised some wares he wanted to get rid of. He didn't tell his department heads about it, and they, of course, didn't tell the sales people. Customers asked for the goods, and the sales people and department heads know nothing about them. The customer went out in a huff. She said it was just an old game to get people into the store.

And so I say advertising begins at home and sticks out in every act connected with the business.

When it does just that, it pays AND PAYS BIG to advertise. Get me?

ADVERTISING BEGINS AT HOME AND THAT MEANS YOUR HOME!

28 YEARS AGO

From "The Coming West"

SEPT. 27, 1900

Telephones are becoming numerous around Snyder, and everyone using them is more than pleased. Two more phones were received Tuesday; one was placed in Nelson & Nation's store, and the other at I. H. Nelson's residence. These phones will be connected with the series now in operation to the ranches of W. A. Johnson, W. W. Nelson, W. D. Sims, Lon Smith, Joe Autrey and with Dodson & Wasson's drug store. R. L. McMullin also has his order in for a phone.

Seventy-five bales of cotton had been ginned here up to noon yesterday.

10 YEARS AGO

From "The Snyder Signal"

MAY 17, 1918

Horace Holley was here Monday from Ira to boost his Snyder friends out of the blues. He says the Ira people are farming and we are going to get a good rain next Sunday or Monday.

Ike Boren said last week that he has always heard that the darkest hour of the night is just before day, and that he got a good rain Friday night on his Kent County farm.

ONE YEAR AGO

From "The Times-Signal"

SEPT. 1, 1927

Schools open Sept. 12th.

Sheriff Bob Smith and Deputy Jack Owens of Fisher County were killed last Saturday night.

Pa's Grand Smoke

A young bridegroom, after the wedding was over and the bride's father had gone off to the club, began to search anxiously among the wedding gifts.

"What are you looking for, dear?" said the bride.

"That fifty-pound check of your father's," he said. "I don't see it anywhere."

"Poor papa is so absent-minded," said the bride. "He lit his cigar with it."

POLAR NEWS

Brother Harris of Fluvanna preached a good sermon at Polar Sunday evening.

Sunday school was well attended Sunday. We have changed the time of meeting to the afternoon at 3 o'clock.

Mr. and Mrs. Ernest Carlile were visiting in Polar Sunday.

Bro. Neil Newsom has returned home from a big meeting down in South Texas.

Richard Blair is visiting his mother at Polar.

Misses Opal and Laverne Clanton of Luther spent Sunday with Miss Edna Massingill.

Ingle Newsom has returned to Brownwood where he is working.

TEN REASONS WHY FIRES START IN FLUES

Water companies, even on the alert to prevent fires and thereby check unusual consumption of water, are giving widespread publication to precautionary measures.

A great majority of fires start in the chimneys and flues. The publication, "Safeguarding America Against Fire" gives ten reasons for that, as follows:

1. Use of terra cotta sewer pipes or other unprotected tile or hollow blocks as a chimney.
2. Construction of chimney with bricks laid on edge instead of flat. Chimney walls built only one brick thick, and flues unlined.
4. Supporting chimney on the timber construction of a building or upon brackets; or insufficient masonry foundation, when the chimney rests on the ground.
5. Two or more connections to the same flue.
6. Building woodwork into the wall of a chimney, or placing it in contact with, or even in close proximity to its exterior.
7. Smokepipes arranged to enter a chimney in vertical lines.
8. Carelessness in sealing the connection between smoke pipe and the chimney, and failure to anchor the same to the chimney.
10. Carelessness in not keeping the chimney clean and joints in brickwork properly pointed.

By co-operation with many other agencies, the water companies have done considerable work to reduce fire hazards.

Sneezzers Organize

"Sneezers" from all parts of the United States gathered at Saulte St. Marie, Mich., last week and organized the Hay Fever Association of America, with "Kerchoo" as the password and Golden Rod as the official flower. We know of several prospective members of that organization in Snyder who would be glad if they had never become qualified for membership.

Boost the County Fair.

The Minnesota Fair is the nearest rival of the State Fair of Texas in point of attendance. Last year it admitted 443,000 persons as against the 1,028,317 who passed through the gates of the Texas Fair.

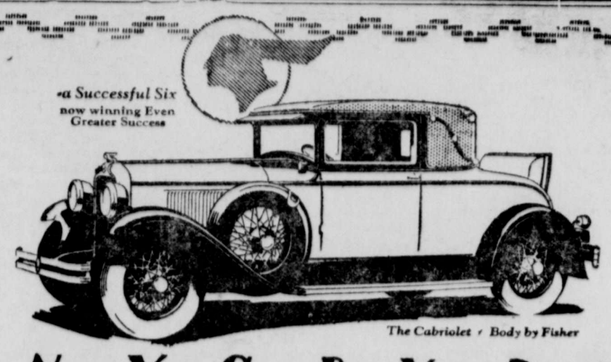

Boost the County Fair.

Not Married

Jones—Do your daughters live at home?

Mrs. Smith—Oh no! They are not married yet.

Remember to BOOST the Fair day and NIGHT.

Now You Can Buy Your Pontiac Equipped With 6 WIRE WHEELS

Designed to give a finishing touch to the rear end of the car, the Pontiac trunk rack is equally attractive whether folded or in the carrying position

To provide an even greater degree of impressive smartness and dash, special wire wheel equipment has been made available on all Pontiac Six closed and open models. This equipment—which costs but $95 extra—includes: six wire wheels; two spare tires; front fenders with wells in which the spares are cradled alongside the hood; chrome-plated spare wheel clamps; and a folding trunk rack.

If you are in the market for an ultra-modish car of extremely low price, come in and see how Pontiac's low, rakish lines are enhanced by this new equipment which is *available on no other six of comparable cost.*

2-Door Sedan, $745; Coupe, $745; Sport Roadster, $745; Phaeton, $775; Cabriolet, $795 (Sport equipment extra); 4-Door Sedan, $825; Sport Landau Sedan, $875. Oakland All-American Six, $1045 to $1265. All prices at factory. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

PRODUCT OF GENERAL MOTORS

We have just unloaded a full car of most beautiful and useful furniture—good furniture for every room in the house. This, like most of the furniture we buy, comes to us from the manufacturers.

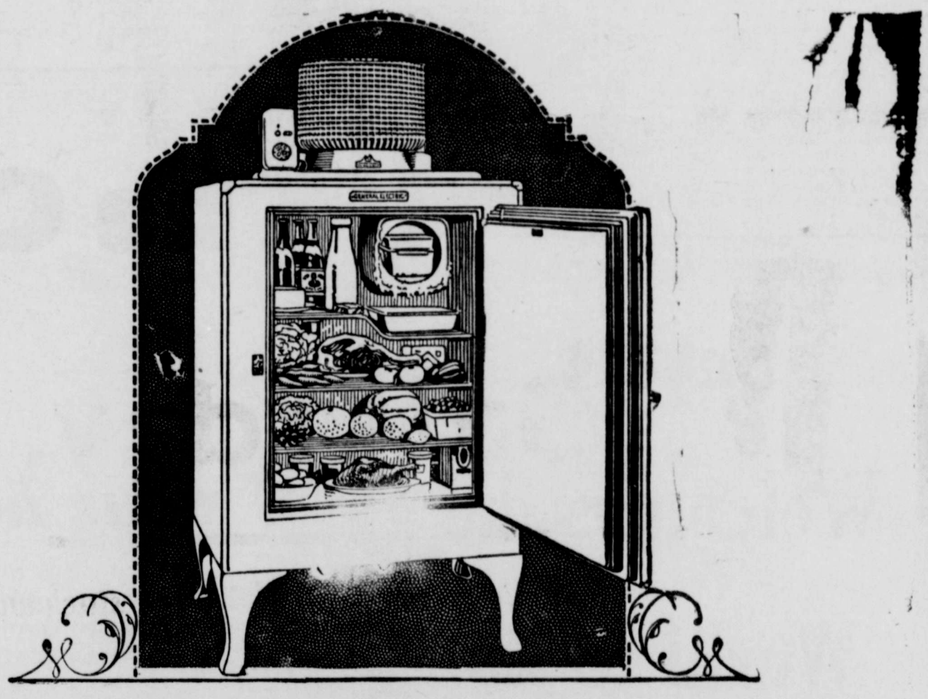

By careful buying we are able to sell you good furniture at prices that save you money.

Come in and see this good-looking furniture!

A. E. DUFF

"There is a Thrill in Thrift."

You never have to oil it!

GENERAL ELECTRIC Refrigerator

All machinery needs oil—but each General Electric Refrigerator has its own *permanent* supply. Inside the steel casing there is sealed *every bit of the mechanism* of this remarkable refrigerator. And, along with the machinery, there is all the oil it will ever need.

This is only one of the many advantages of the General Electric Refrigerator. It has no belts, fans or drain-pipes. It has no mechanism inside, underneath, or in the basement. It is almost as portable as a fan—can be plugged into any convenience outlet. It uses very little current to make all the ice you need and keep the temperature always below the 50° danger point.

You will want to study these unusually quiet, generously roomy, strongly built refrigerators. You are cordially invited to come in. Compare them with all others before you decide. And remember, they are the product of fifteen years of research in the General Electric laboratories—and are guaranteed by General Electric. There is a wide range of models and prices. You will find the one you want among them.

Send today for an interesting booklet.

JUDGE SMITH THANKS VOTERS FOR SUPPORT

Inasmuch as it is physically impossible for me to express my appreciation to the hundreds of friends and voters who loyally supported me in the campaign just ended, I am taking this method of expressing my gratitude to all those who supported me. I have only the kindliest feeling for all the citizens of the 32nd District, and it will be my ambition to devote my entire time for the next four years in an earnest effort to make you the best District Judge you have ever had.

Sincerely,
1tc FRITZ R. SMITH.

NOTICE

To All Whom It May Concern:

The Taylor-Long Company, a corporation organized and doing business under the laws of the State of North Carolina, owner of the trade mark Big Boy for non-alcoholic, maltless, carbonated beverages, commonly sold as soft drinks, and having a regularly licensed bottler in the City of Snyder, County of Scurry, State of Texas, herewith presents for filing under the laws of the State of Texas, the said trade mark Big Boy for carbonated beverages, said trade mark consisting of the words Big Boy in any style of letter, said trade mark being blown into the bottles in which the beverages are sold and also appearing on the crates in which the bottles filled with beverages are sold, and also appearing on the ingredients for making the said beverages. The above described trade mark is herewith presented for filing in the County of Scurry, State of Texas, and is also being published in a public newspaper published in said county for three successive weeks.

Signed at Charlotte, County of Mecklenburg, State of North Carolina, this the 9th day of August, 1928.

TAYLOR-LONG COMPANY,
By Arch B. Taylor,
11-2tc Secretary-Treasurer.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Borden County, Greeting:

You are hereby commanded to summon James Leeson Milburn, and the unknown heirs of James Leeson Milburn, to be and appear before the Honorable District Court of Borden County, Texas, at the next regular term thereof, to be holden at the Court House in the town of Gail, Texas, the fourth Monday in September, A. D. 1928, the same being the 24th day of September, A. D. 1928, then and there to answer the Plaintiff's Petition, filed in a suit in said Court on the 25th day of August, A. D. 1928, wherein James Smock is Plaintiff, and James Leeson Milburn, and the unknown heirs of James Leeson Milburn are Defendants, file number of said suit being No. 317.

The nature of the Plaintiff's demand is as follows, to-wit:

Suit by Plaintiff alleging that heretofore on or about the 1st day of January, A. D. 1928, he was lawfully seized and possessed of a certain 160 acre tract of land situated in Borden County, Texas, and known as all of the Northwest one-fourth of Section No. 31, in Blk. No. 10, Cert. No. 712, E. L. & R. R. R. Co., Borden County, Texas, more fully described in Plaintiff's Petition filed herein, by metes and bounds; That on or about said date, the Defendants unlawfully entered upon said premises and ejected Plaintiff therefrom, and withholds the same from his possession, to his damage, $2000.00;

That said petition alleges that heretofore on or about the 19th day of March, A. D. 1880, said property was conveyed by The Lone Star Real Estate and Colonization Co. by deed of conveyance, to the Defendant James Leeson Milburn, then of Perry County, Ohio. That thereafter on the 19th day of November, 1910, Chancey Brown and wife, Lucinda Milburn Brown, quit-claimed said property by quit-claim deed of that date to C. H. Doak and Lynn County, Texas; That thereafter, by regular chain of title and transfer, this Plaintiff, on the 17th day of July, A. D. 1915, purchased and acquired said property by deed of conveyance of that date.

Said Petition specially setting forth that Plaintiff and those under whom he claims, have had and held peacable, continued and adverse possession of said property under color of title for more than three years after the Defendant cause of action accrued, and before commencement of this suit; further, that Plaintiff, and those under whom he claims, have had and held peacable, and adverse possession of said property, cultivating, using and enjoying the same, under deeds duly registered, for more than five years after the Defendants' cause of action accrued, and before the commencement of this suit; further that Plaintiff and those under whom he claims title to this property, have had and held peacable and adverse possession of said property, cultivating, using and enjoying the same, for more than ten years after the Defendants' cause of action accrued and before commencement of this suit;

Plaintiff praying for citation to Defendants, and that upon final hearing he have judgment for the title and possession of said property, ratifying and confirming Plaintiff's title thereto, and that the cloud cast upon the title to said property by reason of the claims of the Defendants, be removed, for damages and costs, and general and special relief;

And you are further commanded to serve this citation by publishing the same once each week for four consecutive weeks previous to the return day hereof, in a newspaper published in Borden County, Texas, but if there be no newspaper published in Borden County, Texas, then in the nearest County where a newspaper is published.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and the seal of said Court, at office in Gail, Texas, this the 25th day of August, A. D. 1928.

(Seal) MAGGIE WILLIAMS,
Clerk District Court,
11-4tc Borden County, Texas.

Flies have caused more deaths than all wars combined—yet some of us do nothing to help prevent future casualties. Flies have no preference—you or some of your family or friends may be next. Start today—and kill every one you see. It is very easy if you use the product produced and perfected by the foremost industrial institute of its kind in the world. It is fragrant and harmless to mankind, but kills all household insects. Just follow instructions on blue label of bottle. INSIST upon FLY-TOX from your retailer.—Adv. 14

HERMLEIGH FARMER OPTIMISTIC OVER 1928 CROP PROSPECTS

Neal Fall was a very pleasant visitor in the office here Tuesday morning, says the Hermleigh Herald. With reference to the prospects for a cotton crop, Mr. Farr said: "There is nothing in connection with the cotton situation to be alarmed about. There is nothing much made to date, but there is plenty of time. We Southern folk are too easily alarmed. The worms are raging, but suppose they do. Does ever a year pass without something affecting the crop at some time of the year?"

With reference to our agricultural safety without either cotton or wheat, he said: "It wouldn't to be a bad thing for us if cotton were to fail. Wheat, too, is too uncertain of production and too expensive to harvest. I should rather have maize at a ton and one half per acre than to have cotton at one fourth of a bale per acre. We need to diversify. We need to sell chickens and eggs each month in the year, minimize the expense of crop production, and try to grow the 'fleece' of 'cotton' out of our 'systems.'"

We consider Mr. Farr by all means sensible in these statements. It would be well for others to listen to him. His speech sounded to us like the speech of a successful farmer, concluded the Herald.

SAYS SNYDER BETTER TOWN THAN GRAHAM, BUT HE LIVES THERE

A. N. Hamrick dropped into the office one day last week and said "You can tell 'em I'm from the best town in the state." We told him we hadn't the pleasure of meeting him here, but that there were a lot of people in Graham whom he had not yet formed their acquaintance. Hamrick looked at us with a surprised look and said: "I don't live in Graham. I once did, and thought the town had no equal until I moved to Snyder. I live in the best town in the state."

While, personally, we thought Bro. Hamrick off his base about the best town in the state, yet we couldn't help but admire him for preaching that fact wherever he goes.

If there were more Hamricks scattered about in the towns of West Texas, what a progressive age we would be living in.

However, Mr. Hamrick thinks lots of Graham, for he lived here for a long time, and last week he and his wife visited his mother, Mrs. J. Tate.—Graham Leader.

NEW WELL SPUDDED IN LAST FRIDAY

The new Landreth Production Company's Hilmer No. 1 was spudded in Friday, and present plans are for completing the test as quickly as possible. The well is located 17 miles southwest of Snyder on land adjoining the farm of W. F. Burney.

Great interest is being centered on this well with high hopes of striking a real pool. With the Landreth people spudding in, and with the E. L. Doheny-J. J. Koonsman well down to 2100 feet and now being cased with 10-inch pipe, and with every prospect that Camp Springs is to have quick action, oil matters are looking up in old Scurry County, with Snyder the logical center for operations in this three-cornered development program.

SNAKE BITES BOY

Charley Jones, 15, son of Mr. and Mrs. C. T. Jones of the Ira community, was bitten on the hand and arm by a small rattlesnake Friday. He was brought to Snyder for a serum injection and was reported out of danger Monday.

TEXAN TO BUY ALBERT FALL RANCH

The Denver Post Sunday says that the great Albert B. Fall ranch at Three Rivers, N. M., was acquired under contract of purchase by Clay Mann, Texas cattleman, who announced the deal in Denver.

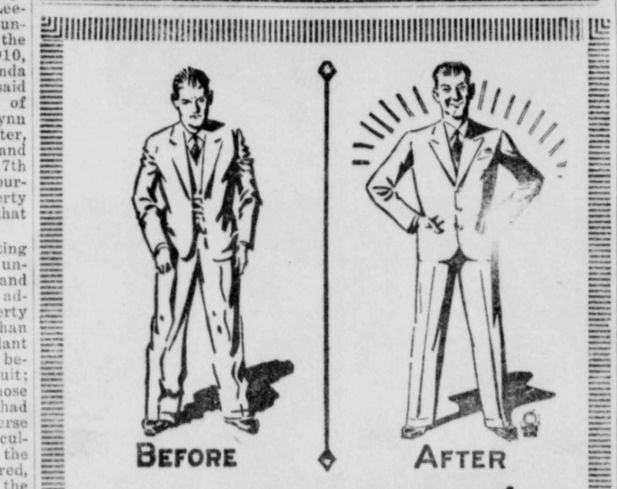

Hermleigh holds its Community Fair Sept. 15.
