Take A Look!

Take a look at our Straw Hats. It's necessary to keep a cool head this kind of weather, and one of the best ways to do it is to wear a good breeze-wafting

STRAW HAT

and here they are in all the fanciful shapes that fashion has said are correct. Stylish, serviceable, lightweight, porous. The kind that gives you that "Summer Resort" feeling when you wear one. Have you seen the new Alpine shape in French Palm, imitation of the Panama? The Swell Shapes are Here. We believe we have a Straw Hat to fit and please every head in town, and prices to please all.

May 16th.—M. J. Thompson, candidate for county judge, and B. E. candidate for county attorney, secured a number of voters at the court house in this community Saturday night. J. L. Hall, for assessor and Davis Doyle, for collector, were also present and made their announcements.

F. Henderson of Stephenville was in this community this week taking orders for fruit trees.

Uncle John B. Henderson and wife visited this evening from Midland will spend some time with their daughter, Mrs. J. W. Lenox.

OLD FOLK'S DAY.

The old folks' service at Hannibal Sunday was a great success from every standpoint. The crowd was large and the weather was all that could be asked for a gathering of this kind.

The address of welcome was made by Mr. Bee Clark and was such a worthy effort that even his friends were surprised. His speech was responded to by Attorney M. J. Thompson of Stephenville in his usual felicitious style. Old "four songs" that were sung by our grandparents years ago were led by Uncle" J. O. A. Clark on this occasion and the morning sermon was preached by Rev. McElroy of Stephenville who is seventy-five years old and has been a minister for over forty years.

At the close of this sermon a bountiful dinner was spread and all visitors were made to feel welcome. After dinner there was a song service led by Rev. Stewart and the remainder of the program was as follows: Welcome address by Davis Doyle; paper by Miss Bessie Clark; sermon by Rev. Brock; recitation by Miss Nettie Harrison; recitation by Mrs. Bee Clark; paper by Mrs. Bee Clark. At the close of this program there was an experience meeting led by the pastor, Rev. M. Dickson. Nearly all the old people testified as to their religious experience and the meeting seemed to be one of the most spiritual that the writer has seen in many a day. The occasion was honored by the presence of Hon. O. W. Gillespie, congressman from this district.

HAMILTON.

From the Herald.

May 11th.—The refreshment privilege for picnic day was sold to the highest bidder Monday. Sam Loyd got it for ninety-six dollars.

Judge Warren's condition is far from satisfactory. While he is resting well and has been gaining in strength since his accident, yet the broken bones are not knitting together and indications are he will have to submit to amputation of the limb. The doctors are undecided, however, as to the whether or not the operation will be necessary. A surgeon from Dallas has been called to consult with Drs. Kooken and Winn, and it is to be hoped they can save and restore the limb.

Geo. Blakely met with a serious accident last Wednesday evening just about dusk. He started to drive some stock out of his garden and suddenly throwing all his weight on his right leg, broke his thigh, which caused him to fall on a rock and break his collar bone. Drs. Kooken and Winn came and all the bones were set and he is now doing nicely.

Dr. Loring this week sold his residence to Joe Carr of Lingleville for a consideration of $1,300. Mr. Carr will move to Stephenville to reside permanently. He is one among Erath county's best citizens and will be a valuable acquisition to our town.

At the school trustee's election for the independent school district of Stephenville last Saturday, Frank White, Steve Borders and L. B. Russell were elected. There were fifty-eight votes polled. Messrs. Borders and White succeed Buck Keith and Ike Pond, while Mr. Russell succeeds himself. The full board is composed of the above gentlemen and Jim Jordan, Charley Barrett, Whit Rutherford and Charley Roberts.

Considerable excitement was aroused on the streets Friday morning when it was announced that on Thursday evening some boys who were hunting fish bait at the city dumping grounds found a fresh made grave. Informing the proper officers of their find they immediately set to work and procured a coffin, a grave digger to exhume the body and summond the proper officer to hold an inquest. In solemn silence a small funeral procession proceeded to the city's dumping grounds, where they watched the exhumer proceed with the work, all expecting to find the body of some unfortunate that met with a foul and mysterious death but lo and behold the grave disclosed only the carcass of a dirty, maggoty, old yellow dog. With utter disgust the procession returned to town.

HAMILTON.

From the Herald.

May 18th.—J. W. Morgan of Shive has received a telegram announcing that his son, Charlie, who lived at De Leon, had been kicked by a horse and killed. He was well known in this county.

Mr. Henry Fields, a prominent farmer and stockman of Lampassa county, living about twenty-eight miles south of Hamilton, was thrown against the horn of his saddle so hard last Wednesday that he died that night from the injuries.

The work on the new stone building on the west side of the square being erected by F. C. Williams for a furniture store is being pushed rapidly. It will be one hundred feet in the clear with a modern glass front.

Dr. Rosser, an eminent surgeon of Dallas, came in last Friday to see Judge Warren and after consultation with our local physicians it was decided best to remove him to the hospital in Dallas. They left with him Saturday morning and we understand he stood the journey splendidly. It was decided that the chances were considerably against saving his leg.

Park Association Annual Meeting.

A meeting of stock holders of the Park association was held at the office of M. C. Witcher last Tuesday evening which was presided over by R. B. Spencer. The following nine directors were elected for the ensuing year, viz.: J. H. Latham, S. J. Weaver, T. A. Miller, R. B. Spencer, B. W. Lafferty, Dr. J. G. O'Brien, A. M. Maloney, R. W. Higginbotham and B. M. Utterback. The directors afterward met and elected the following officers: J. H. Latham president, R. W. Higginbotham vice-president, S. J. Weaver secretary and B. M. Utterback treasurer.

A report was made of the condition of the finances of the association and it was found that the receipts for privileges last year barely paid the expense, leaving a net margin of less than one hundred dollars. A committee was apponited to check up the books of the various officers.

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it.

In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

BAD DREAMS

Indicate Improper Diet, Usually Due to Coffee.

One of the common symptoms of coffee poisoning is the bad dreams that spoil what should be restful sleep. A man who found the reason says:

"Formerly I was a slave to coffee. I was like a morphine fiend, could not sleep at night would roll and toss in my bed and when I did get to sleep was disturbed by dreams and hobgoblins, would wake up with headaches and feel bad all day, so nervous I could not attend to business. My writing looked like bird tracks, I had sour belchings from the stomach, indigestion, heartburn, and palpitation of the heart, constipation, irregularity of the kidneys, etc.

"Indeed, I began to feel I had all the troubles human flesh could suffer but when a friend advised me to leave off coffee I felt as if he had insulted me. I could not bear the idea, it had such a hold on me and I refused to believe it the cause.

"But it turned out that no advise was ever given at a more needed time for I finally consented to try Postum and with the going of coffee and the coming of Postum all my troubles have gone and health returned. I eat and sleep well now, nerves steadied down and I write a fair hand (as you see), can attend to business again and rejoice that I am free from the monster coffee." Name given by the Postum Co., Battle Creek, Mich.

Ten days trial of Postum in place of coffee will bring sound, restful, refreshing sleep. There's a reason.

Mr. Bledsoe, sexton at Live Oak cemetery in this city, requests us to say that all parties who have promised or who wish to donate flowers for the central flower park in the cemetery should at once send him the plants in order that they may be set out. One section of the plat is to be planted with seed and Mr. Bud Wheeless has shown a liberal spirit in agreeing to stand all of the expense incident to placing this entire section in first class order, besides furnishing the seed. The sexton now has the cemetery presenting a very fine appearance.

Memorial services held under direction of the Knights of Pythias lodge at this place last Sunday was largely attended. A very excellent memorial sermon was delivered at the Presbyterian church Sunday morning at 11 o'clock and the members of the order attended the service in a body. At 2 p. m. a very instructive and eloquent oration on Pythianism was delivered at the Baptist church by H. P. Brown of Cleburne, an ex-grand chancellor of Texas and at the present one of the representatives of the supreme lodge. From the church the congregation repaired to the cemetery, where the graves of deceased brothers were decorated with flowers. A shower that came up shortly after the Baptist church meeting prevented a considerable number, however, from visiting the cemetery.

Mrs. Marguerite Jackson Dead.

Mrs. Marguerite Jackson died at the family home of Mrs. Jno. F. Jackson in this city at 10:30 o'clock Wednesday night at the advanced age of ninety-one years, eight months and eighteen days. Funeral services were held on the following afternoon at the Baptist church and burial took place immediately after at Live Oak cemetery, where the body was laid by the side of that of her son, Jno. F. Jackson, who died some years back. Mrs. Jackson had been in usual health up to a very short time before her death, which came very suddenly and without being expected by the family, death being due to old age.

The deceased was born in west Tennessee and early in life married, from which union there were twelve children, all of whom are now deceased except one daughter. The husband of the deceased was accidentally killed about forty-nine years ago in a serious storm which caused him to be crushed by a falling tree. For thirty years since then she has resided with the family of her son. Mrs. Jackson had been a consistant member of the Baptist church for thirty years and her funeral services were conducted by Rev. E. L. Compere of Dublin and G. W. Smith of De Leon, two pastors of the faith to which she has so long remained loyal.

"Fewer Gallons; Wears Longer."

The secret is out and Dublin can go on living just as if the riddle had never been asked.

No it can't either. Dublin is not going to be what it was before. Its houses are going to be brighter; its people a little more prosperous—they are going to have some of their money left to buy other things with.

The answer to the riddle is this: You can paint a building with fewer gallons of Devoe Lead and Zinc paint than with mixed paints, and it will wear several times as long as a building painted with lead and oil mixed by hand.

There's proof abundant of it all over the United States. There will soon be proof abundant of it in Dublin. What will people do with the rest of their money.

Spring Ailments.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. 50c at Overton Drug Co.

Warm spring days produce a feeling of drowsiness if the body is loaded with the impurities of winter diet. Cleanse the blood, liver and bowels with Prickly Ash Bitters. It creates energy and cheerfulness.

Whooping Cough.

"In the spring of 1901 my children had whooping cough," says Mrs. D. W. Capps, of Capps, Ala. "I used Chamberlain's Cough Remedy with the most satisfactory results. I think this is the best remedy I have ever seen for whooping cough." This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency toward pneumonia. For sale by Overton Drug Co.

Sickness steals more savings than the burglar. Slowly, coin by coin, the money that has been so hardly earned is paid out for drugs and doctors. Sickness is the worst enemy of the working man, and the common cause of the workingman's sickness is disease of the stomach often involving the heart, lungs, liver, or kidneys.

The use of Dr. Pierce's Golden Medical Discovery will stop the stealing of the savings by sickness. It cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs, kidneys, etc., when these diseases are caused by the diseased condition of the stomach and its allied organs.

$3,000 FORFEIT will be paid by the World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"About ten years ago I began to have trouble with my stomach," writes Wm. Connolly, of 535 Walnut Street, Lorain, Ohio. "It got so bad I had to lay off quite often. You advised the use of your 'Golden Medical Discovery' and 'Pleasant Pellets.' Am very happy to state that I commenced to get better from the start and have not lost a day this summer on account of my stomach. I feel tip-top, and better than I have for ten years."

Accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets regulate the bowels.

THE DUBLIN PROGRESS

J. S. DALEY Sr., Publisher and Founder.

DUBLIN, TEXAS, FRIDAY, MAY 20, 1904

Preparations are being made for a big picnic at Hico on June 1st.

Lee Pipes left today for St. Louis to spend a few days at the fair.

Doss Rogers, depot agent for the Texas Central at De Leon, was in Dublin last Sunday.

The Corbell place at Bunyan was sold this week by J. G. Conner & Co. to Rolly Perry.

The grist mill at Armstrong's gin will grind corn every Saturday. Patronage solicited. 51-tf

Several children of P. C. Henry's have recently been afflicted with measles, but we are glad to say they are now all recovered.

Dr. J. J. Mulloy, practice limited to the diseases of the eye, ear, nose and throat. Office over the Grange store, Dublin, Texas.

T. S. Maben of Dublin spent Sunday with his brother-in-law, Rev. N. L. McLaughlin. Mr. Maben was accompanied home by Miss Blanche McLaughlin, who will viist relatives in Dublin for some time.—Morgan News.

We are authorized to state that the trustees of the Cottonwood school, three miles east of town, will on Saturday May the 28th at 10 o'clock a. m. sell the old school building at public auction to the highest bidder.

M. B. (Bloomer) Marshal of Comanche, a former Dublin boy, was here this week in order to take a brief rest and see old friends. Mr. Marshal is of the old family of Marshals who first settled in Dublin and was himself raised here. He is now engaged in the market business at Comanche and we are glad to note is prospering.

N. W. Allerick of Ft. Worth, representing a new townsite company in the state of Chiapas in old Mexico, is here this week. The proposed town is situated on the Pacific coast on a direct line of the proposed railroad running from the Panama canal north through Mexico to California. Immense docks are proposed there by the townsite company and the natural harbor is said to be a fine one. Mr. Allerick is soliciting investments in town lots.

Prof. C. H. Alexander, known throughout the state as the artistic artist, is here for a short time to fill engagements for work in his line and incidentally to receive new orders. Prof. Alexander is said to be an exceptionally fine portrait painter and comes to Dublin well recommended by the highest critics of the state.

O. L. Frost of Waco, recruiting officer for the U. S. army, has been in town this week says the Morgan News, soliciting recruits. J. R. Hewing and John Ramsy, who lived in the Union Hill neighborhood for a short time, have enlisted. Mr. Frost expects to secure several others before he leaves.

J. M. Garrison, who has for several years been postmaster at Highland, was here the first of this week delivering his postoffice supplies, books, etc., to the Dublin postoffice, the office at Highland having been suspended by rural route number three, which began last Monday.

Several good sales of farm property was made this week by J. G. Conner & Co., the total considerations reaching nearly $8,000. They advise us that they have a number of other prospective buyers and need a number of more good farms to supply the demands.

About seventy-five students from Simmons College of Abilene passed through Dublin Friday enroute to Brownwood where they engaged in an oratorical contest with Howard-Payne college. They were traveling in their own special car and returned Saturday.

Intending visitors to St. Louis during the World's fair can assure themselves satisfactory rooming accommodations through the Merchant's Service Company at a nominal expense. For particulars apply to nearest Frisco system agent.

The presses and fixtures of the Hamilton Journal-News were sold under execution last week by Sheriff Kinsey, Judge Main buying the outfit for forty dollars. We are not advised as to whether Judge Main will continue the publication.

Commencement exercises of the John Tarleton college at Stephenville are being held in that city. The exercises began last Wednesday and continued until today inclusive.

Tom M. Robinson, who is temporarily located at Decatur with the Wrought Iron Range Co., is here this week to rest up a few days and incidentally visit with relatives.

Misses Gage and Welch of Hico spent several days of last week on a visit with Mrs. Jim McKinney. Miss Gage is a sister to Mrs. McKinney.

Misses Helen and Docia Graham of Comanche are here this week on a visit to the family of their uncle and aunt, Mr. and Mrs. J. J. Easley.

Ray Riddle of Caddo, I. T., who has been in Dublin during the past season feeding a quantity of cattle, will leave tomorrow for his home.

Grove, the fifteen-year-old son of D. P. Cline, is reported very sick with appendicitis.

Wieser-Burt Nuptials.

Mr. Frank A. Wieser and Miss Pearcye Burt, two of Dublin's popular young people, were united in marriage at the home of Mr. and Mrs. Tom Miller shortly after nine o'clock last Wednesday evening. A considerable number of guests were present to witness the ceremony which was performed in a most impressive and solemn manner by the Right Rev. Father Dan R. Harrington of Dallas.

Upon their arrival the guests were met in the reception hall by Mrs. Garnett L. Jackson and others and after being relieved of their wraps, etc., were requested to register in a guest book provided for the occasion and then ushered into a suite of rooms which were elaborately and beautifully decorated for the occasion, and where the time passed pleasantly until the hour for the nuptial ceremony was announced by soft and sweet strains of "Promise Me," sang by Miss Gertrude Andruss, accompanied by Mr. and Mrs. W. C. Huchingson on the violin and guitar.

During the rendition of the first verse several little flower girls strew flowers on the carpet from the exit of the bride and groom's waiting room to a handsome three-arch alter arranged in the suite occupied by the visitors, and after them came the groom, attended by the best man, Mr. Henry Wieser, followed by the bride and her maid of honor, Miss Lillian Maben, and the ceremony was pronounced in a manner most impressive.

After the ceremony refreshments consisting of ice cream, cake and punch were served and all joined in congratulating the happy young couple.

The bride is a sister to Mrs. Tom Miller and to Mrs. Garnett L. Jackson of this city, and is loved and admired by all who have had the good fortune to know and to have had opportunities to observe her beautiful and kindly disposition.

Mr. Wieser is a prominent and popular young business man of this city, with a bright future before him and many traits of character that go for success in life in every way.

The Progress extends its congratulations and best wishes to the happy pair.

High School Commencement Program.

Following is the commencement program to occur at the high school building next Friday night, May 27th. Prcgrams will also be rendered Wednesday and Thursday afternoons of next week in the school auditorium, to all of which the public in general is invited:

Orchestra.

Benediction—Rev. J. H. Wiseman.

Charley Morgan, who lives two miles south of De Leon, was kicked by a horse last Monday morning and died within an hour after the accident. He was a son-in-law of James Jerry and leaves a wife and one child.

The home of J. A. Shelton of Walnut Springs came near being destroyed by fire on the 9th inst., caused by a lamp exploding. In an attempt to smother the flames a feather bed and mattress and a number of quilts and blankets were destroyed and a dresser full of clothing was also consumed.

Mr. Vick Byrd and Miss Ella Miller of near Bowman school house were married Tuesday of last week. The young couple had gone to a picnic and given no intimation to their friends of their arrangements, but quietly went from there to Stephenville and were wedded. Our congratulations are extended.

The annual picnic at Walnut Springs will be hied on June 16th some few weeks later than it has been held heretofore. A number of prominent speakers have been invited to be present, besides numerous other attractions which usually go to make up on such occasions. This one is promised to be the best yet.

G. H. Flowers was exhibiting some very fine specimens of Irish potatoes this week, which he raised in his garden in Dublin, in fact, the finest we have seen of this season's growth. He says he has about one-third of an acre and that the potatoes will average the size of a pint cup. This would make the coast country of Texas ashamed of itself.

Coach excursions to the World's Fair May 17th to 31st, via Texas & Pacific. From all points on the line in Texas, Arkansas and Louisiana north of Baton Rouge Junction at less than the one fare rate, tickets good in chair cars or coaches and limited to return in seven days in addition to date of sale. See T. & P. ticket agents.

Ernest R. Daffern a fifteen-year-old son of W. H. Daffern of the Topaz country, left his home one day last week and has not since been heard from. The parents of the boy are very much disturbed over his absence and ask that any person to whom he may apply for work will please write them immediately. He is very dark complexioned, blue eyes, weighs 108 pounds and was wearing a union ducking suit wehn he left home. Any information will be heartily appreciated by W. H. Daffern, Topaz, Texas.

The Dublin school board held a meeting Wednesday afternoon and reorganized for the coming year with M. C. Witcher president, J. S. Daley secretary, Jno. G. Harris treasurer and G. B. Maloney assessor and collector and census trustee. The date for closing the school this session was officially set for Friday, May 27th, as the last day of school. Prof. E. I. Hall, who has given such universal satisfaction as superintendent of the schools for the past two years, was re-elected by a unanimous vote. The election of other members of the faculty was deferred until after the closing of the present school term, at a date yet to be named.

A special meeting of the commissioners, court of Erath county was held Wednesday of this week at which complete authority was given to Dr. J. G. O'Brien of Dublin, who is county health officer, to quarantine any and all who he considers to have smallpox and all places which he considers to have been exposed to the disease. Dr. O'Brien says there is one especially bad case at Stephenville, which he has quarantined at the pest house there and he also says there are three cases in the Live Oak community, near Purves, the latter named cases very light. The court also granted Dr. O'Brien a franchise over public roads of the county for the construction of a rural telephone line, which he proposes to establish in the near future, and in the interest of which he expects to leave for St. Louis next Monday.

Capt. Ira Millican of the Topaz country was in town yesterday, having just returned from a trip of several weeks at Roswell, New Mexico, and through the plains country of Texas. He reports conditions in those sections for stockmen and farmers most distressing at the present time on account of the continued dry weather and the failure of crops and grass. Capt. Millican says the plains and New Mexico is no place for a man who is not wealthy and for the wealthy anywhere is good. On a small farm in Erath he says any man with energy can make at least a living at the worst and he can generally make some money, but in the west he must have large properties and plenty of money to stock it and to carry it until prices are right or he cannot prosper. He says he is very thankful that he has not sold his Erath county farm and invested out there as he at one time expected to do.

A. P. Conway and R. D. Fry attended the state annual convocation of the Knights of Pythias recently held at San Antonio. They had a royal time.—Gorman Progress.

W. M. Leonard and family left this morning for their future home in Dallas. They will stop off at Stephenville and spend Sunday with old friends and relatives. Mr. and Mrs. Leonard have made many warm friends here and they regret to see them go away. Mr. Leonard goes on the road Monday for a big hardware firm at St. Louis.—Brownwood Bulletin.

Dr. Steel's Lecture.

The Advocate, published at Artesia, New Mexico, by Hon. Gayle Talbot, a former well known citizen of Dublin, said in its issue of May 14th: "Those who anticipated a rare treat were not disappointed upon hearing Dr. Steel's lecture "Life in Dixie During the War," given at the school house Monday night. Alhough Dr. Steel did not arrive until a late hour, owing to a delayed train, the house was crowded and for two hours we listened to a truthful, pathetic, yet humorous recitation of the events that transpired in the life of the speaker during the dark days of 1861-65. The speaker was at his best and it is entirely probable that Artesia people will not have the privilege of hearing his equal for many a day."

Dr. Steel will lecture in Dublin on Tuesday night, May 24th.

Tax Assessor's Notice.

Noitce is hereby given that I am now preparing the tax rolls for the present year and all property owners will please take notice that I will shortly call upon them for their rendition and be prepared to give same promptly and thus take up as little of their own time and mine as possible and at the same time give in their property at a reasonable value, otherwise it will not be accepted and a larger tax may have to be paid than if agreed upon by the assessor.

F. M. TROUTT,
City Tax Collector.

The people on the lower Granbury road in Hood county say they don't want a rural free delivery, as the present star route is better for them. They can get a letter and answer it the same day, otherwise they could not as the rural route goes one way and back another.

The Comanche Exponent of last week has the following to say regarding the movement of the populists in that county this year: "The populists have begun to talk about prospective timber for the various county offices and the following gentlemen are being talked of: R. C. Joiner of Comanche for representative; Frank Graves of Gustine, for county judge; Geo. E. Smith of Comanche, county attorney; W. C. Johnson of Duncan and J. H. Thornton of Hasse, sheriff; B. L. Nance of near De Leon, tax collector; Frank Redwine of Sidney, courty clerk; Andy Williford, district clerk; W. H. Davis of Comanche, treasurer; Wm. Putnam of Downing, Dora Patterson of De Leon and W. M. Stephenson of Proctor, assessor; Bob Selman of Gustine, surveyor."

The little village of Ex-Ray was almost wiped out by fire on the 9th inst. An investigation developed the fact that the store houses of Kerr & Dowdy and D. M. Martin & Co., were on fire, and they together with almost their entire contents were soon in ashes, as was also the blacksmith shop and tools of C. B. Wheeler. The origin of the fire is unknown but everything indicates that it was the work of an incendiary, as an empty coal oil can was found not far from the buildings, The loss to each of the parties was very serious, as not a dollar of insurance was carried. The estimated losses are as follows: Kerr & Dawdy, $3500. D. M. Martin & Co., $1000. C. B. Wheeler, on blacksmith shop and tools, $175.

The old Ex-confederate soldiers will have a reunion and picnic at Mingus, in the northern part of the county May 26th, which will be participated in by the sons and daughters of the confederacy. Generals Cabell and Gano are expected to be present and address the old veterans. It is always soul inspiring to participate in one of these reunions and listen to the old patriots tell of heroic deeds done upon the battlefield for a cause they thought was right. Every year they grow fewer in number as time is rapidly marshaling the heroes of the lost cause over the range where there will be no wars or strife, and where peace and happiness will have sway for endless time.

Hon. L. S. Schluter of Marion county, candidate for Attorney General, spoke to a fair sized audience at the city hall Saturday night. Hons. Lee Blanchette candidate for state comptroller and Seth P. Strong candidate for state treasurer were also present and announced their wishes to the voters. Hon. J. W. Stephens, present comptroller, was also here during the day and intended being present at the night meeting but was called to Austin by telegraph on account of urgent official business at Austin.

"Crops in and around Stephenville were never better," says a correspondent, "and we all feel very confident. Cotton prospects are good and the boll weevil seems to have disappeared. Our fruit interests are becoming greater each year, as the farmers begin to realize the profits of diversification. We have a sandy land which is ideal for fruit growing, and a peculiar thing about it is that the moisture comes up through the subsoil in dry weather and gives life to the vegetation."

Attorney Collin George went over to Comanche the first of last week to get process served in two civil suits against the persons living near Proctor who composed the party of men who recently assaulted two clerks in Higginbotham's store at this place, an account of which appeared in this paper several weeks ago. The suits have been filed in the district court at Stephenville and are for heavy damages on account of injuries alleged to have been received at the hands of the defendants.

Prof. Walter S. Powell, of Tolar and Miss Aurora Archer, of Granbury, were married at Ft. Worth on Saturday morning of last week. Miss Archer had been teaching at Itasca, and Prof. Powell had just closed his work in the public school at Tolar. They met at Fort Worth on Miss Archers return home and were quietly married. Both are worthy young people and popular teachers and have many friends in Erath county who join in wishing them all the joys of married felicity.

Two negro women who reside in Dublin were taken to Stephenville Monday to answer charges of disorderly conduct. Their cases were put off and as it was understood the women had been exposed to the smallpox they were placed in the pest house. They were not long, however, in escaping and are now at large.

The city marshal is this week collecting road funds from those parteis in second ward who have not worked the streets this year. Citizens in the first ward are being warned out for next Monday.

The Baptist churches of Rocky Point, Winn's Point and Cedar Point have joined forces and will have an all day rally and picnic on the fourth Sunday in this month, which is children's day. Everyone invited.

The teachers for the Granbury public schools will be selected Thursday May 26th. The salaries for the ensuing year will be as follows: Primary, $50 per mo.; Intermediate grades, $45; Principal, $60; Superintendent, $90.

An exchange gets off the following: "A Kentucky girl by the name of Elizabeth Bird, married one Bud Martin. After his death she married Edward Crow; then again left alone she joined herself to Wm. Robin, after whom she married David Buzzard. The said Buzzard nest contains one little Martin, two little Crows, one little Robin and one little Buzzard. What a bird of a family."

The Dublin base ball boys and the John Tarleton team crossed bats at Dublin last Saturday. The first five innings ended with a score of one to nothing in favor of Dublin, but from that on the Dublin boys in their own way of expressing it "fell down." At the close of the ninth inning the score stood one to twelve in favor of Stephenville. Another game will be played, this time on the Stephenville diamond, today and the Dublin boys are confident of redeeming themselves and scoring a great victory. A subscription list was circulated during the present week and money secured to buy suits for the team and it is also intended to secure further funds to fence the grounds.

The Democratic Executive Committee of Bosque county met in Meridian Saturday and adopted the resolutions providing for precinct conventions to be held in the county on June 4, 1904, to send delegates to a county convention to be held in Meridian on June 11, 1904, to send delegates to the state convention to be held at San Antonio. Also that the precinct conventions be held on July 9th to send delegates to a county convention to be held on July 16 to send delegates to the state convention to be held at Houston. Also ordering a primary election to be held on July 9 to select candidates for District Judge, Representative and all county and precinct offices.

The charter of the Gulf and Northwestern Railway company was filed for record in the secretary of state's office last Friday. The company has a capital stock of $200,000 and its principal office is at Meridian, Texas. Its purpose is to build and operate a railroad from Waco northwest to Palo Pinto, a distance of about one-hundred miles, passing through the counties of McLennan, Bosque, Hamilton, Hill, Comanche, Erath, Somerville, Johnson, Eastland, Stephens, Palo Pinto, and Parker. The board of directors are W. M. Night, E. B. Robertson, P. S. Hale, H. C. Odle, N. R. Morgan, J. E. Turner, all of Meridian; P. A. McCarthy of Lufkin.

The Strawn Enterprise announces that cards have been issued announcing the wedding of Miss Katheryn Ann Hume to Mr. Norman Lutrel Vermilya, both of Thurber, on May 26th. Miss Hume is one of Thurber's most beautiful young ladies and is very popular all over Erath and Palo Pinto counties, and is the daughter of R. T. (Tut) Hume. Mr. Vermilya went to Thurber from New York about two years ago and is assistant auditor of the Texas Pacific Mining & Mercantile Co., and has always taken a prominent part as a society leader in Thurber and is very popular with all who know him.

The Dublin organization of the Y. M. C. A. rendered an excellent entertainment Tuesday night at the Y. M. C. A. hall over Baxter Bros. and enlisted seventeen new members, bringing the present membership to about one hundred and seventy-five. Five minute talks were made by J. H. Wilder, Prof. E. I. Hall, Rev. A. H. Darnell and Prof. C. G. Foust, music by Miss Pearl Moore, Prof. Chapman and the orchestra and readings by Miss Alice Higginbotham and Mrs. J. F. Bowen. The program throughout was well rendered and the entertainment pronoucned a success in all particulars.

Soda Water!

A little talk about this delicious beverage that gives so much pleasure during the warm days of springtime and the warmer days of summer;. a talk about pure, wholesome soda and kindred drinks. The making and serving of soda water is an art that requires experience with considerable science thrown in. We have employed Mr. Walter J. Chilton of Waco to operate our soda fountain during this season. Mr. Chilton is an expert cold drink man, having been connected with the most popular fountains in Waco for the past five years, being in the employ of such firms as The Morrison Drug Co., J .Prade, and The Provident Drug Co., as cold drink dispenser. We do not need to enlarge along this line—a casual observer will recognize his ability at once. Try one of his famous "Gold Bricks'.' You'll want another.

Dallas Commercial Club's Visit.

The visit of the Dallas Commercial club to Dubiln last Friday evening was the occasion of a very enjoyable and profitable meeting of citizens and visitors at the Red Men's hall. The Commercial club of Dallas, representing practically all of the wide awake firms of that wide awake city, were on a tour of the western portion of the state, leaving Dallas on May 9th over the M. K. & T. railroad and making a brief visit to nearly all the points of trade importance in the central section of the state as far east as Bryan and west to Dublin. The visitors arrived in Dublin on a special train over the Central road about 9·15 p. m. Friday and were at once conducted in a body to the Red Men's hall, where a "smoker" was tendered them and several hours were spent in speech-making and hand-shaking.

W. H. Neel of this city in a most impressive and cordial manner acted in the capacity of master of ceremonies and excellent speeches were delivered by Messrs. C. G. Foust, L. F. Sensabaugh, Rev. Darnell and Prof. Gaylord Kline of Dublin, and by Messrs. John Hughes, Albert Tennnyson, J. A. Pondrem, I. Jalonick, A. V. Lane and "Billy" Patterson, the gentleman who, according to his own statement, was the man who was hit by some unknown person. All of the latter named gentlemen were from Dallas.

The visitors left on their special train Saturday morning at about 6:30 o'clock over the Frisco and made short stops at each of the towns between here and Ft. Worth.

Bob Martin Again in the Toils.

Brownwood Bulletin.

Since the escape of nine prisoners from the old Brown county jail about three years ago Sheriff Denman has been searching high and low to effect their capture. His efforts have been successful to the extent that seven of the nine have been again placed behind the bars. The most recent capture was that of Bob Martin, wanted on a charge of forgery, which was effected by Sheriff Denman night before last at the home of a friend near Gorman, Texas. The escaping prisoners were led by Bill Taylor, the daring desperado, who has not since been heard of.

The capture of Martin is of interest to many in the county and will prove interesting reading for the public in general. Martin is a Brown county man and lived about six miles from Brownwood. Since he escaped from jail his wife has continued to live where they were living at the time of his arrest. The officers suspected that Martin occasionally visited his family but all traps set to capture him proved failures. About two weeks ago Sheriff Denman was led to believe that Martin was at his home. He took a deputy and went out to make the arrest. When the sheriff demanded admission to the house Mrs. Martin replied that she was dressing and would admit him in a moment. After a few minutes the door was opened and the officer entered, but no trace of the fugitive could be found. Since the arrest Martin states that when Mr. Denman came to his home he was there with his wife. He realized that the house would be watched by the deputies while the sheriff searched for him, so while the officer thought his wife was making herself presentable Martin raised a plank and slipped through the floor. The plank in the floor was replaced by Mrs. Martin and then the door was opened. Mr. Denman made a thorough search, but of course failed to find his man in the house. It was while searching the house that he discovered the clew which led to his arrest. The clew was that the prisoner would be at the place of his arrest this week. On Monday Sheriff Denman went to Gorman, in company with three other officers, he went out to the house where Martin was stopping. The house was surrounded and when all was in readiness Sheriff Denman stepped into the room, where several men could be heard talking, unannounced and found Martin one of the men. He quietly submitted to arrest and was brought home last night by Mr. Denman.

New School Teachers.

There appeared before the county board of examiners at Stephenville Friday and Saturday, the 6th and 7th inst., fifteen applicants for teacher's certificates. Fourteen of these were successful. Chairman Parker stated that the papers this time were by far the best that had been handed in at any examination since he has been on the board.

The successful applicants were as follows:

Miss Madge Latham, Dublin, third grade for one year.

Miss Minnie Gilbert, Purves, third grade for one year.

E. F. Funk, De Leon, third grade for one year.

Miss Joanna Voss, Lingleville, second grade for three years.

Miss Sloan Jones, Stephenville, second grade for three years.

Mrs. Estelle Timmuns, Lingleville, second grade for three years.

M. A. Childers, Bluff Dale, second grade for three years.

A. J. Roberson, Duffau, second grade for three years.

D. L. Hukel, Hico, second grade for three years.

Miss Winey Alexander, Purves, second grade for five years.

E. Fleming, Stephenville, second grade for five years.

Geo. Timmuns, Lingleville, first grade for four years.

M. E. Compton, Stephenville, first grade for four years.

A. E. Grugett, Stephenville, first grade for six years.

Progress Enters Seventeenth Year.

With this issue the Progress enters its seventeenth volume, having completed sixteen years of continuous publication, during all of which it has never prospered more than at the present time. The improved machinery now in the office makes the continuation of the present success most certain, for all of which we are grateful to many friends for their valuable patronage and good will.

The Prorgess hopes to continue to keep at the head of the procession and during the year to come earnest and honest efforts to merit and receive a still larger volume of patronage and good will shall not be lacking upon our part.

Fire Boys Win Second Prize at Waco.

The Dublin fire boys who went to Waco last week to attend the fireman's state convention and participate in the contest for state championship were successful in carrying off the second prize in the contest, which provided for a race against time for one hundred and fifty yards with a reel containing one hundred and fifty feet of hose, uncoupling the hose, attaching it to the hydrant, connecting the nozzle and getting water through the hose from the hydrant.

The Cameron team did all this in thirty-two seconds and won the first prize of $100, Dublin made it in thirty-two and four-fifths seconds and recivd a prize of $50, and Belton thirty-three and one-half seconds, winning the third and last prize amounting to $25. The Austin team made a record of thirty-five and one-half seconds and the Seguin team one half second more.

The following gentlemen composed the Dublin racing team and had had no practice, as they did not intend entering the contest until Chief W.T. Hunt had gotten to Waco and took in the situation: J. H. Reese, John McDonald, Geo. W. Harris, Geo. T. Cargile, Blake Fritz, Ed Powell, Wilkes Hudson, Thad Cox and Mr. Deathridge. The Dublin boys believe that with a little practice they could easily have won first money.

The team and the other Dublin firemen with them were accompanied by Miss Willie Davies as sponsor and Misses Lottie Maloney and Nellie Utterback as maids of honor.

Chief W. T. Hunt is receiving much praise for the interest he has manifested in the department since he was elected to that position.

Sensational Arrest at Granbury.

A young man going under the name of Robert Fuller, recently engaged as night operator for the Frisco at Granbury, was arrested last Saturday evening at that place by the sheriff of Hood county and officers from Princeton, Kansas.

It is claimed the proper name of the man is M. M. Letts and he had formerly been agent for the Santa Fe at Princeton, but was discharged because it was believed that he burned the depot there on the night of November 21st last and stole $57,000 worth of tickets and office paraphernalia. Soon afterwards the stolen goods were found in the possession of a broker at Kansas City and he was arrested and sent to the penitentiary. Later Letts was arrested and twice escaped from the officers.

A description of the man and his wife was sent throughout the country and when Fuller arrived in Granbury the sheriff thought he was the man wanted and at once placed himself in communication with proper officials. Saturday they arrived at Granbury and were met at the depot by the officers, who conducted them to the house where the suspect was boarding. When he saw them he ran, but was captured after a considerable race arrested and taken back to Kansas.

Mrs. W. T. Hunt returned last Saturday from a visit to friends at Waxahachie, Dallas and Waco.

STRONGEST EVIDENCE OF FAITH.

Overton Drug Co., Declares That Hyomei Will Cure of Catarrh in Dublin.

When one of the most reputable concerns in Dublin guarantees that a medicine will effect a cure or they will refund the money, it speaks volumes as to the merits of that remedy. It is in this way that Overton Drug Co. are selling Hyomei, the treatment that has made so many remarkable cures of both acute and chronic catarrh in Dublin and vicinity.

Hyomei is not a pill nor is it a liquid that has to be taken with a tablespoon or wineglass. Just breathe it by the aid of an inhaler that comes in every outfit and benefit will be seen from the first treatment.

Complete Hyomei outfits cost but $1.00, and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.

Remember that if Hyomei does not cure you Overton Drug Co. will refund your money. This is a good time to cure catarrh by this natural method and prevent catarrhal colds that are so common at this season.

Preparations are being made for a big Odd Fellows and Woodmen basket picnic at Alexander on June 9th. Features will be speeches by Judge Wm. Poindexter and Lawyer M. J. Thompson, ball game between Dublin and Hico, and music by the Harbin Cornet band.

The base ball game yesterday between the Dublin team and the Tarleton team at Stephenville resulted in another victory for the Tarleton's by a score of four to five. A considerable number of Dublin people went over to witness the game, which was played on the Tarleton college grounds.

Latest War News,

The latest from the war in the east indicate almost complete successes for the Japanese armies in every engagement. No great battles have yet been fought but many small ones of considerable weight combined have been and the Japanese are the victors, the Russians gradually retreating with each successive encounter and the Japs moving up to their positions.

Port Dalny a, superb coast city only twenty miles distant from Port Arthur, has been beseiged by the Japs in the past two weeks and in a terrific encounter last Thursday the city was taken by storm. Five years ago the city was a sleepy little fishing town of less than three thousand population, but Russia has appreciated it's importance as one of the best natural harbors in the world and during the intervening time has spent many millions in making harbor equipments, docks, etc., until at the present time the population of the place exceeds sixty thousand, one-half of whom were workmen in the employ of the Russian government.

Port Arthur is also under siege by land and sea and all communication between there and St. Petersburg has been cut off and more than fifty miles of the railroad track out of there has been destroyed by the Japs. and it is considered a matter of a short time until the place must surrender. The Russian fleet is also bottled up in the harbor at that place, but it is said they have been able to dynnamite enough of the heavy rock laden vessels sunk at the mouth of the harbor to make the channel passable for light draft torpedo boats.

The Japs are sweeping the harbors in their hands for Russian mines and are removing them as fast as they can be located, but incidentallly here and there others are being planted by the Russians, who use Chinese junks for the purpose to avoid detection.

The Mikado's forces however are not without some catastrophies. On the night of the 10th inst. a Japanese armored cruiser was torpedoed and sunk in Talienwan bay, close to Port Arthur. The torpedo was fired from a small naptha launch which slipped out of Port Arthur and into the bunch of Japanese cruisers and after firing the shot attempted to get away, but was forced to beach by the fire from the cruisers. The launch was manned by a young Russian officer and three sailors. The cruiser was not sunk, but was badly damaged and several men killed.

Also on the 15th. one Japanese vessel was sunk and two hundred of her men drowned by collision with another cruiser during a heavy fog and at the same time another vessel at work clearing a harbor of mines ran on one and was sunk with all on board.

During the week a Russisan cavalry force of five hundred men, in the rear of the Japanese army, attacked the small Japanese garrison at Anju, Korea, but was repulsed with a loss of fifty while the Japs lost but five. The garrison had but seventy men.

Many war experts now declare that Russia will be annihilated at the first big land battle and this is said to be expected very soon.

C. A. McGuire, who has been in the restaurant business here for some time with John A. Lee, left this week for Hico where he will engage in the same occupation.

The Farmers Union and Shady Grove school combined and enjoyed a picnic last Saturday. A large crowd was present and all enjoyed themselves to the fullest.

AN AID TO THE X RAY.

Details of a Doctor's Discovery In Fluorescent Liquids.

SURGICAL DIAGNOSIS MADE SURE

Radiations Will Not Pass Fluorescent Liquids—Density Not the Only Obstruction—Valuable Results Leading Toward Light Without Heat Have Also Been Obtained.

Dr. William James Morton, professor of electro therapeutics in the New York Postgraduate hospital, who first announced that fluorescent liquids when used in conjunction with radium or the Roentgen or X rays would cure cancer, has made another important discovery in the line of fluorescence, and has also obtained results in another experiment that warrant the conviction that he has reached the objective point of this line of scientific research for years past, says the New York World. The experiments made so far indicate that Dr. Morton has found a cold light—illumination without heat.

The new discovery in fluorescence has added another law to the purposes and action of the X ray as announced by Roentgen, and it explains why the treatment of cancer with fluorescent liquids should be successful. Up to the present time all authorities from Roentgen down declare that density alone has stopped the radiations from the Crookes tubes. Roentgen's law of the X ray as announced by him was as follows:

The X rays have the power of penetrating in different degrees certain substances which are opaque to light, and it is this property which gives them their peculiar value. For instance, flesh is fairly transparent to the X rays, as are also wood, leather, paper and most fibrous materials. If a block of soft wood containing a nail be photographed the plate will show the nail clearly and the wood hardly at all.

To this law of the X ray, which deals only with dense matters and does not mention liquids at all, Dr. Morton adds fluorescent liquids or, as they have often been termed, "liquid sunshine." When the stomach or any cavity or diseased portion of the body is filled with fluorescent liquid it acts just the same as though you had filled it with some plastic material—lead, for instance. It solidifies, and upon the photographic plate under the X rays shows virtually the same, in the flesh, as the nail does in the wood.

The discovery of this important scientific feature was practically by accident in the course of experiments. It was desired to make a photograph of a rack of test tubes containing aesculin, fluorescin and quinine liquids. These were placed in front of the machine and subjected to the light. The negative showed the fluorescent tubes a deep black. The rays did not penetrate the liquid and made a heavy shadowgraph upon the plate. Another experiment was made, adding to the rack two tubes of clear water. The rays penetrated the water, but did not penetrate the fluorescent liquid.

Then the hand of one of Dr. Morton's assistants and afterward a stomach were photographed. Comparisons were made with negatives taken of similar portions of the body when the subject had not been treated with fluorescent liquid. Where there had been no treatment the impressions were indistinct, but where fluorescent liquid had been taken it gave shape to the interior, and a clear reproduction was obtained on the negative.

Dr. Morton's discovery makes the X ray practical for diagnosis and in intestinal diseases or appendicitis enables the surgeon to chart the seat of trouble accurately and use his knife without fear of making a haphazard incision.

It was in experimenting with fluorescent liquids that Dr. Morton got on the track of what will be a still more valuable discovery—the production of cold light. One of his test tubes—filled with aesculin, which under the X ray is of an ultra violet color—was excited by a certain mineral which he had placed in the tube. When the liquid was drained from the tube there was left upon the glass a blue, cold light that did not diminish as the glass dried.

If Dr. Morton fully develops this discovery it means that if an electric lamp costs a cent an hour he can produce a cold light that will cost one-hundredth of a cent and give greater illuminating power. The mineral that Dr. Morton is experimenting with is practically indestructible and is easily agitated by a very weak electric current. It gives out a beautiful light without heat.

Joke on Yale In Bible Text.

During a complimentary dinner the other night to Professor Hollis, the originator of the Harvard stadium, Dr. E. H. Bradford of the Harvard athletic committee, while speaking of the Harvard-Yale contests, jokingly quoted this verse from I Samuel, ii, 12, says a Boston dispatch to the New York Herald:

"Now the sons of Eli were sons of Belial; they knew not the Lord."

For several moments the applause was almost deafening and then there were cheers.

The Biblical text will become a favorite at Harvard. Placards on which it is printed in big letters are hanging in several of the university dormitories.

World Wide Reputation.

White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to health, vigor and elasticity of spirits natural to childhood. 25c at Overton Drug Co.

The New Rural Routes in Operation.

The five new rural routes out of Dublin which were recently authorized by the postal department began service last Monday, though little mail was taken out either that day or Tuesday.

E. M. Pollan received the appointment for Route No. 2, known as the Roch School House route; T. R. Hearne on Route No. 3, known as the Highland route; Emmett E. Hall on Route No. 4, known as the Lingleville route, but he declined the appointment and W. H. Cargile was substituted temporarily; Russell Hagler got the appointment for Route No. 5, known as the Kiker Gin route, and Lee Carlisle that on Route No. 6, known as the Cottonwood route.

Five public mail boxes have been received for posting at the following places on different routes and in these boxes any and all mail may be dropped: On Route No. 2 a box at Thompson's corner, where said route intersects Route No. 3 for Dublin; on Route No. 4 a box at the Robinson corner, where said route intersects with No. 3 to Dublin; another at Bunyan corner, where said route intersects with No. 1 from Stephenville, and also a box at Van Dyke corner, where said route intersects No. 1 from Stephenville. On Route No. 5 a public box will be posted at the A. Kiker corner, where said route intersects No. 1 from Stephenville.

Postmaster Andrews requests us to say that the patrons of the routes may for a short time reasonably expect the service not to be as perfect as it will become later and that he hopes that all patrons will in this matter overlook any reasonable errors and also that they will take the trouble to at once have their respective boxes placed and order all of their mail directed to their particular route.

LIVER & BLOOD SYRUP
CURES

A Remedy That No One Is Afraid To Take.

Dr. Thacher's Liver and Blood Syrup has been used in thousands of homes for fifty-two years with perfect confidence and the most remarkable results.

The great success of this remedy is due to the fact that its formula (which consists of Buchu, Hydrangea, Mandrake, Yellow Dock, Dandelion, Sarsaparilla, Gentian, Senna and Iodide of Potassium) has been freely published.

Doctors and Druggists everywhere do not hesitate to recommend a preparation which they know contains the best-known remedies for correcting all irregularities of the Liver, Kidneys or Blood, and the diseases caused by the failure of these functions to perform their proper work.

Thousands of sick ones to whom life has been a burden have written grateful letters that others might profit by their experience.

BLOOMING GROVE, TEX., Nov. 13, 1902.
I was suffering terribly with indigestion and kidney trouble and sent to my druggist for something to relieve me.
As he sent me a package of Dr. Thacher's Liver and Blood Syrup I concluded to try it, and now I am deeply grateful to my druggist as well as to you.
I had been a sufferer from these things and a general run-down condition for ten years, and had only received temporary relief from other medicines. But after using not quite two packages of your Liver and Blood Syrup I feel as stout and hearty as I ever did in my life, and I am satisfied that I am entirely cured. I feel no symptoms whatever of kidney trouble, and my digestion is as good as any living man's. I can now eat whatever I choose.
I never had any remedy give me such quick and permanent relief, and I can not put a correct estimate on the value your medicine has been to me. I would not take any amount of money for it. Very gratefully yours
J. C. BROWN.

If you need a medicine write to-day for a free sample bottle and "Dr. Thacher's Health Book."
Give symptoms for advice.
We simply ask you to try it at our expense. We know what it will do.

CITATION BY PUBLICATION.
No. 2757.

The State of Texas,

To the Sheriff or any Constable of Erath County—Greeting:

Oath therefor having been made as required by law, you are hereby commanded that, by making publication of this citation in some newspaper published in said county once a week for four consecutive weeks previous to the return day thereof, you summon S. J. Harber, defendant, to be and appear before the district court, to be holden in and for the aforesaid County of Erath at the court house thereof, in Stephenville on the first Monday in June, 1904, then and there to answer the petition of Mrs. S. F. Harber, plaintiff, filed in said court on the 12th day of May, 1904, and numbered on the docket of said court No. 2757, against the said S. J. Harber and alleging in substance as follows:

To the Hon. W. J. Oxford, judge of said court:

Now comes Mrs. S. F. Harber, who will hereinafter be styled plaintiff, complaining of S. J. Harber, who will hereinafter be styled defendant, and respectfully shows to the court that the plaintiff is a bona fide inhabitant of the state of Texas, and that she has resided in and had her fixed domicile in Erath county for more than six months next preceding the filing of this petition; that the defendant is a non-resident of the state and that his whereabouts is wholly unknown to this plaintiff.

That on the 30th day of September 1877, the plaintiff was legally married to the defendant in Erath county, Texas, and that plaintiff lived with him as his wife until the 20th day of September, A. D., 1896.

That during the time she lived and cohabited with the defendant as aforesaid, they had born to them eight children, namely: H. A. Harber, male, 24 years of age; E. Harber, male, 22 years of age; Bessie Harber, female, 20 years of age; Maud Harber, female 18 years of age; Fannie Harber, female, 15 years of age,; Harry Harber, male, 12 years of age; Anise Harber, female, 10 years of age; and Veara Harber, female, 8 years of age. That during the time she cohabited with the defendant she conducted herself with propriety and managed the household affairs of her said husband with prudence and economy, and at all times treated her said husband with kindness and forbearance.

That on, to-wit, the 20th day of September, 1896, the defendant, without any cause on the part of this plaintiff, left plaintiff for the purpose of permanently abandoning her, since which time they have never lived together but have continuously lived seperate and apart from each other.

That plaintiff in her own separate right owns land described as follows: All that certain three lots, tracts or parcels of land situated in the town of Dublin, Erath county, Texas, a part of the Joe Cliff 10 acre block of the M. A. Lauderdale subdivision of the William Thomas survey.

Fisrt tract described as follows: Beginning at the S. E. corner of a lot 103 by 175 feet square, deeded J. T. Harris on May 3d, 1890, by E. F. Jones and S. D. Ewalt for the S. E. corner of this; thence N. 19 E. (passing through center of well) 175 feet to N. E. corner of said lot for the N. E. corner of this; thence N. 71 W. 51½ feet to the N. E. corner of a lot deeded to C. W. Travis by deed recorded in Vol. 50, page 582, deed records of Erath county, Texas, for the N. W. corner of this; thence S. 19 W. 175 feet, Travis S. E. corner for the S. W. corner of this; thence S. 71 E. 51½ feet to the place of beginning.

Second tract described as follows: The west one-half of a lot conveyed to Geo. M. Robinson by John Morgan and wife on the 22nd day of March, 1892, same being a part of lots Nos. one and two in Miller and McCarty's addition to the town of Dublin. The part herein conveyed being described by metes and bounds as follows: Beginning in the north boundary line of DeAlva street at the S. W. corner of said lot No. one for the S. W. corner of this; thence N. 19 E. 175 feet to north boundary line of said Miller and McCarty's addition, the N. W. corner of this; thence S. 71 E. 85 feet the N. E. corner of this; thence S. 19 W. 175 feet to the north line of DeAlva street, the S. E. corner of this; thence N. 71 W. along said north line of DeAlva street to the beginning.

Third tract described as follows: The west one-half of lot No. one in block No. 7, in R. A. Miller's addition to said town of Dublin, said addition being a part of the J. W. Cliff 10 acre tract out of the M. A. Lauderdale subdivision of the William Thomas survey. Beginning at a stake at S. W. corner of said block No. 7 and said lot No. 1 in north line of DeAlva street for the S. W. corner of this; thence S. 71 E. with north line of DeAlva street 51½ feet to a stake for S. E. corner of this; thence N. 91 E. 175 feet a stake for the N. E. corner of this; thence N. 71 W. 51½ feet for the N. W. corner of this; thence S. 19 W. 175 feet to the place of beginning.

Also another tract described as follows: All that certain tract or parcel of land situated about one-half mile S. E. of the town of Dublin, in Erath county, Texas, the same being a part of the M. A. Lauderdale subdivision of the William Thomas survey and bounded as follows: Beginning at a stake 45 feet S. 19 W. from the S. W. corner of a lot now in the name of Mrs. Alice Prescott and in the east line of Norton street thence S. 19 W. 25½ varas a stake for the S. W. corner of this; thence S. 71 E. 56 varas a stake the S. E. corner of this; thence N. 19 E. 25½ varas a stake the N. E. corner of this; thence N. 71 W. 56 varas to the beginning.

Also another tract of land containing sixty-five acres of land, more or less, same being a portion of the S. F. Harber subdivision of the Wm. Thomas survey, in Erath county, Texas, and described as follows: Beginning at a point where the west line of the said S. F. Harber subdivision intersects the north line of the Texas Central Railway Co.'s right of way for the S. W. corner of this; thence N. 19 E. with the west line of said Harber subdivision to the S. W. corner of a five-acre block now owned by L. B. Williams, the N. W. corner of this; thence S. 71 E. with Williams south line to the S. E. corner of the same; thence N. 19 E. to Williams' N. E. corner in south line of public road; thence S. 71 E. with the south line of said road to the N. W. corner of the new cemetery lot, the N. E. corner of this; thence S. 19 W. with the east line of said new cemetery lot to the S. W. corner of the same; thence S. 71 E. with the south line of said cemetery lot to the east boundary line of the Wm. Thomas survey; thence S. 19 W with said Wm. Thomas line to the north boundary line of the right of way of the Texas Central railway, the S. E. corner of this; thence west with the north line of said right of way to the place of beginning. Same being a part of the tract of land deeded to Mrs. S. F. Harber by A. H. Dobkins and S. J. Dobkins on the 18th day of January, A. D., 1882, which deed is recorded in the deed records of Erath county, Texas, in Vol. O., page 606.

Also another lot or parcel of land situated in the town of Dublin in Erath county, Texas, and described as follows: A strip of land 12 by 115 feet off the south side of lot No. 8 in block No. 1 of Bishop's addition to said town of Dublin, as shown by the map or plat of said addition now on record in the deed records of Erath county, Texas.

That the above described tracts and parcels of land is the sole and seperate property of this plaintiff and was bought with her sole and seperate means.

The premises considered, plaintiff prays that the defendant be cited to answer this petition and on a final hearing hereof she have judgment disolving the bonds of matrimony exisiting between herself and the defendant and that she have judgment for the care, custody and control of her said minor children as shown by the ages hereinbefore stated, and that she have judgment against the defendant removing all cloud from the title of the land above described which may exist by reason of the marriage relation heretofore existing between plaintiff and defendant and vesting in plaintiff full and absolute legal title to said lands, and for such other and further relief both in law and equity, general and special as she may be entitled to under the facts stated, and for costs of suit, and will ever pray, etc.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Overton Drug Co.

The Great Annual May Sale
AT
Mistrot Bros., & Company

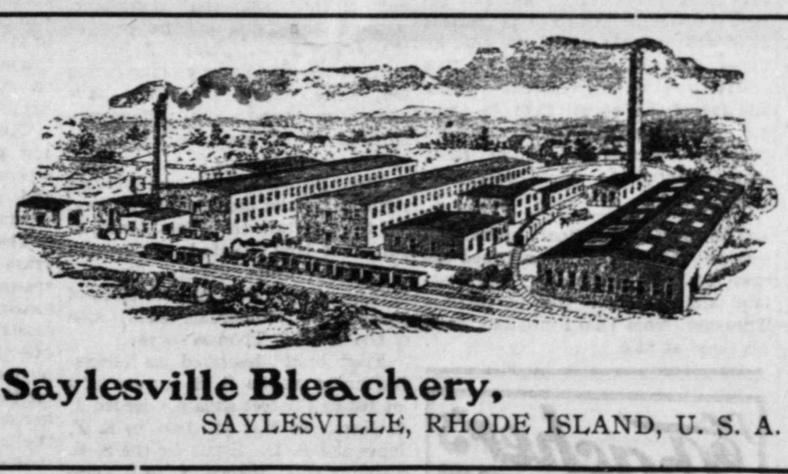

It will be remembered by thousands of people in Erath and Comanche counties that about one year ago we opened the Madden-Graham Slaughter Sale, which proved to be the greatest success of any sale ever inaugurated in Dublin. We have now greater opportunities to offer you than we had last year, Mistrot Bros. & Co. having

BOUGHT THE ENTIRE OUTPUT OF THE SAYLES BLEACHERY
of Saylesville, Rhode Island, U. S. A.

You have no doubt noticed from clippings of different papers the accident caused from the bursting of a 14-inch steam pipe, two men being scalded to death. The whole automatic sprinkling system of this immense plant was set to work, damaging many thousand yards of cloth under process of finishing and bleaching. These goods show no perceptible damage and are practically as good as they would have been in their original condition.

Mistrot Bros. & Co. received last week in Galveston 2,000 cases of these goods, refinished for their account at the trifling cost of one-fourth of a cent a yard. We have just received our quota, which consists of Muslins, Cambrics, Lawns, Piques, Madras, Oxfords, Waistings, Towels, Napkins, Damasks, Crashes, and other Bleachery Products, which will be placed on sale SATURDAY, MAY 21, in connection with our entire stock of merchandise.

We received this week $5000 worth of these goods from Galveston which we mix with our stock, making an average cost on entire stock which will enable you to buy good dependable merchandise of every description at a saving of 25 to 35 per cent below original prices. We are going to make this sale a grand success for both ourselves and our customers for Dublin is our home from this time on. We stand back of every transaction made at this store. Your money's worth or your money back.

Saylesville Bleachery,
SAYLESVILLE, RHODE ISLAND, U. S. A.

In addition to this we have just received this week $3000 worth of new summer goods fresh from the factory, consisting of all the latest novelties in summer dress goods, Ladies Muslin underwear, skirts, hosiery, collars, embroideries, laces and trimmings of every description. Big line of oriental laces in all widths and Oriental allovers in champagne, cream and white which all go in this sale at about ⅓ their original price.

We guarantee you more goods for the money, better goods for less money, than any concern in Dublin. We are here to show you if you are from Missouri or from Texas or from Kalamazoo. Come see, convince yourself. We guarantee to deliver the goods from the whole cloth at less than ever bought in Dublin.

While we have been busy for the past ten days preparing for this great sale we will be compelled to close our store from 3 o'clock Thursday evening to 9:30 o'clock Saturday morning to arrange goods and prices. Promptly at 9:30 o'clock Saturday, May 21st, our doors will be opened to people of Dublin and surrounding country with the greatest feast of bargains they have ever had the pleasure of seeing. A number of extra sales people will be employed to assist in this sale.

Remember sale commences at 9:30 Saturday morning May 21st.
