

FLOOD FOLLOWS STORM IN EAST STATES

CONGRESSMEN HOTLY DEBATE AVIATION COST

**Billion Dollar Expenditure
Only Point Where Fac-
tions Agree.**

WASHINGTON, March 6.—Flatly opposed views of the American aviation accomplishments during the war were expressed during a four-hour session devoted entirely to discussion of the divergent reports arising from the prolonged investigation of aviation matters by a special war expenditures committee. The committee, divided on political lines, agreed on but one thing, that the United States had spent more than \$1,000,000,000 on war time aviation program.

The Republican committee, in line with the majority report, set forth a picture of "notorious failure" by the war department in getting American made planes to the front. The Democratic committee, Representative Lea, California, is prepared to amplify its minority report charging that the net result as outlined by the majority was exaggerated and not a true statement.

Representative Magee, Republican, New York, a member of the committee, told the house that not one American built battleplane or purely bombing plane was produced during the war from the expenditure of \$1,000,000,000. The Liberty motor, he said, was the only achievement of the merit of the American air service in the United States.

SPECIAL COMPANY OF RANGERS SUGGESTED FOR AUTOMOBILE LAWS

AUSTIN, March 6.—The recent meeting here of the executive committee of the Texas Law Enforcement association adjourned without definite action to await decision of the attorney general upon recommendations the committee submitted to the governor.

The committee recommended the organization of a special company of rangers to enforce traffic and automobile registration laws and creation of a special department in the State Highway commission to trace stolen motor cars.

A subcommittee appointed to request an opinion on the proposal from the attorney general reported back to the main committee that it had been given an unofficial opinion that rangers could not be appointed to enforce special laws, but that the governor has power to enlarge the ranger force in cases of emergency, and that the adjutant general may direct activities of the rangers as he sees fit. The attorney general's department requested additional time to prepare an official opinion on the recommendation.

The executive committee of the law enforcement organization voted to endorse a bill pending in congress proposing the establishment of federal automobile registration bureaus and federal "clearing house" and theft bureau for the identification of stolen cars. The committee selected R. M. Worley of San Antonio as a delegate to go to Washington to represent the Texas association in furthering the interests of the measure.

INTERNATIONAL AIR ROUTES PROPOSED BY BRITISH

LONDON, March 6.—Air routes from England to Egypt, Aden, India, to India, Cairo to the Cape and India to Australia have been proposed by Maj. Gen. Sir F. H. Sykes, controller general of civil aviation. Another route to be developed would be between England and West Indies with the Azores as a stepping stone. From some central point in the West Indies a connecting service of flying boats could be usefully employed for the distribution of mails.

CONFEDERATE WIDOWS ENTITLED TO PENSIONS

AUSTIN, March 6.—Widows of Confederate soldiers who were married prior to Jan. 1, 1900, are entitled to a pension provided they meet other requirements of the pension law, despite the fact that the last pension regulating act declares that the marriage must have occurred prior to March 1, 1880, according to an opinion by the attorney general. The date—Jan. 1, 1900—is fixed by the constitution, the opinion declared, and the section of the new act seeking to change the date is imperative and void.

F. B. HARRISON JOINS BEAUMONT ENTERPRISE

CORPUS CHRISTI, March 6.—F. B. Harrison has resigned as general manager of the Caller Publishing company, effective March 15, to go to the Beaumont Enterprise as assistant general manager. Mr. Harrison has been associated with the Corpus Christi Caller for eleven years.

MANY ENTRIES PICK GUSHERS AS TOP TITLE

If the Times title contest for the best name for the Ranger baseball club of the West Texas league were to be decided by number of votes, "Gushers" probably would be the winning title, with "Drillers" a close second. Among the first of the names submitted, "Gushers" has been nominated by no less than a dozen of the contestants and nearly that many more have chosen "Drillers."

Others get the oil industry in their titles of "Case Riggers," "Oil Jackies," "Swabbers," "Producers," "Rainbows," "Derrieks," "Spudders" and "Pumpers."

Some incline to double-jointed monikers, for instance: "Oil Magnates, Texas Leaders, the Gusher Rushers, the Pay Hitters, the Greasy Batters, the Range-oilers, 'The Magic Boomers' and the 'Booster Peps.'"

From the zoo we have the "Rattlesnakes," the "Wolves," the "Wildcats," the "Bulls," the "Bisons," the "Mustangs," the "Cats," the "Panthers," the "Cubs," the "Tigers" and possibly the "Derrick Squirrels."

The Greek alphabet has been called on for some and the heavens have contributed their titles, as witness the "Shooting Stars."

The war has contributed the "Aces" and the "War Babies."

Many have been submitted, but the judges are of the opinion that one of those yet to come may be the winning title. They are reserving judgment until all are in.

CILICIAN MASSACRE COST TURKEY MUCH OF REMAINING CROP

LONDON, March 6.—There is a likelihood that the Cilician massacre cost Turkey much of the wheat that the treaty of peace otherwise had left her, is the belief here where the allied foreign ministers continue to frame the Turkish settlement.

It is proposed that the western boundary, from Enos on the Aegean sea to Vidia, on the Black sea, may be abandoned and the line drawn much further east. This would limit the Turkish possession in Europe to a narrow peninsula north of the Sea of Marmora.

CONSTANTINOPLE, March 6.—British forces in the Mesopotamian oil regions, particularly near Kerkuk and Mosul, have engaged in constant skirmishes with the tribesmen and the Turkish irregulars, the opposition being similar to that the French encountered at Aintas, Marash and other points in Cilicia.

Recognition of the Armenian republic without defining its boundaries has undoubtedly embittered the Turks in Cilicia.

Resolutions asking the United States end of the commission to investigate impartially the Marash massacre and conditions generally in Anatolia were passed unanimously by the Turkish chamber of deputies. The action followed the address by Arif Bey, who was elected president of the chamber.

PIONEER PLAINSMAN WAS J. W. BULLARD

COLUMBIA, Mo., March 6.—The passing of another of the pioneer plainsmen and Indian fighters who brought civilization into the West was chronicled in the recent death of Jas. B. Bullard at his farm home near here. He was seventy-three years old.

Into the wild life of the West, Bullard and a brother, John, threw themselves following the war between the states. Because of his knowledge of woodcraft and scoutcraft, Bullard was made a chief of scouts and attached to the forces of General Crook, who headed regulars sent into the West to protect settlers from Indians. Bullard and his brother participated in many fights with Indians coincident with the settling of New Mexico and Arizona.

The Bullard brothers were known in New Mexico at the time of the discovery of a rich silver lode near Silver City. It was James Bullard, who named the town which grew up almost overnight. While making their home at Silver City a band of Indian horse thieves terrorized the territory. John organized a party of cowboys and miners and pursued the Indians. In the clash the red-skins were scattered, but John, after wounding the leader, was in turn shot to death by the Indian leader who raised on his elbow and fired as the plainsman approached. The story is that the white man scalped the Indian leader and carried the scalp back to James Bullard, who was away from home at the time, as proof that his brother's death had been avenged. The Indian scalp was one of Mr. Bullard's most prized possessions.

Quiet and unassuming, Mr. Bullard related only to those with whom he was intimate the stories of his adventures which took him from the Mexican to the Canadian borders.

WHAT HOME RULE MEANS IN IRELAND

Shaded portion of map shows new Ulster. The new home rule bill for Ireland provides that Ulster shall consist of the counties of Antrim, Armagh, Down, Fermanagh, Londonderry and Tyrone and the boroughs of Belfast and Londonderry. Ulster will have a parliament separate from the south of Ireland.

FOREIGN BORN TO BE TAUGHT, ASTOR LIBRARY

NEW YORK, March 6.—The Astor library on Lafayette street, one of the show places of the city a quarter of a century ago, is to be converted into a school for immigrants. The Hebrew Sheltering and Immigrant's Aid society recently purchased the property for \$325,000 and is to spend another \$100,000 in alterations. The building recently has been used as a warehouse for the disposal of surplus army furs.

Plans for establishing a thorough system of education for immigrants and for rendering aid to them immediately upon their arrival are now being made by the society. The upper floors will be used as dormitories for temporary housing of incoming immigrants, the lower floors for class rooms. The plans, which meet with the approval of the immigration authorities at Ellis Island, contemplate a school for citizenship, where immigrants may be taught the fundamentals of American history and government and receive information as to how and where they can apply for citizenship.

"There is a pleasing sentiment about making an immigrant school of the Astor building," John L. Bernstein, president of the society, declared today. "John Jacob Astor, the founder of the library, was himself an immigrant, and in his gift of the library to the public he stated that he particularly wanted it to perpetuate his gratitude for what his adopted country had done for him. He expressed the hope that the Astor library would render aid to all newcomers to the country, and it seems like a prophecy that his building should become a school exclusively for immigrants."

RANGER CENSUS WILL BE COMPLETED FULLY BY ST. PATRICK'S DAY

The census enumeration for this city will be completed by March 17, Col. R. W. Mitchell, who is in charge of the work of tabulating and arranging census returns, stated Saturday.

He stated that he is not allowed to give out any figures as to the showing made by the city until the count is completed and the papers forwarded to proper authorities.

Col. Mitchell enjoys the distinction of having aided in four census counts; in 1880, 1900, 1910 and 1920.

SUFFRAGISTS OF WORLD TO MEET IN GENOA

MADRID, March 6.—Delegates from at least twelve nations are expected to attend the congress of the International Women's Suffrage Alliance to be held in Genoa in June. These nations are the United States, Great Britain, India, France, Switzerland, Portugal, Sweden, Finland, Iceland, Germany, Rumania and Serbia.

Since the last congress was held at Budapest, seven years ago, thirteen countries have extended the franchise to women and thus, for the first time, the congress will have behind it the authority and weight of large bodies of enfranchised women. Spain, however, remains unconverted. Mrs. Sarajini-Naidu, poet and orator, is expected to be among the delegates from India.

ACCEPT PEACE OR BUILD NAVY, SAYS DANIELS

**Without League, Secretary
Wants Biggest Navy
in the World.**

WASHINGTON, March 6.—Secretary Daniels told the House naval committee that he would recommend a naval building program for the next fiscal year larger than that proposed by the general board if the peace treaty was not ratified by this session of congress. Withholding his final recommendations, the secretary added that if this country in the end rejects membership in the League of Nations he would be compelled to renew his recommendations for another three-year program of construction.

Reiterating his statement of last year, he said: "We must have a league of nations by which every nation will help preserve the peace of the world without competitive naval building or we must have the incomparably bigger navy in the world."

Daniels declared there was no middle ground. He emphasized the fleet's deficiency in light cruisers and other secondary craft, as demonstrated by war lessons.

LOST FORTUNE AT MONTE CARLO CAUSE OF ROCKY CAREER

JUAPEZ, Mexico, March 6.—A man held in jail here as "Alfred Rochilt," charged with swindling, declares he is not the man wanted, identifies himself as "Max Freeman" and admits at the same time that he is withholding his correct name.

The prisoner, whose case recently was given considerable publicity in Mexico, declares he is an exile from his European home as a result of his youthful indiscretions at Monte Carlo, where he says he signed his father's name to paper for a large sum of money he lost in gambling. Police here declare, on the other hand, that he is Alfred Rochilt, a Cuban of German descent, wanted in Mexico City on a charge of defrauding Calaveras Steffanni, an Italian, out of 20,000 pesos. Officers here say the man was recently deported to Mexico from the United States.

The arrest of Alfred Rochilt was ordered by Raoul Garate, chief of police of Mexico City. The description of the man wanted is said by police here to tally with that of "Freeman," even to the finger prints. It is alleged that through his ability as a "prestidigitator" Rochilt has carried on systematic swindling operations in Mexico. Professing his ability in multiplying any sum of money by ten, through the art of jugglery, it is alleged the man frequently secured very large sums of money and then disappeared.

"I am not May Freeman, either; that is not my real name. Out of respect for my father I do not divulge that. My father is a wealthy Polish banker and my mother is French. They live in Paris most of the time."

"Freeman" says he went to Monte Carlo when sixteen years of age and lost a large sum of money, which his father eventually paid. Since that time the man says he has traveled all over the world. He gives his age now as twenty-eight.

PORTUGUESSE CABINET RESIGNS WHEN VOTE OF CONFIDENCE LOSES

LONDON, March 6.—The Portuguese cabinet resigned after the defeat of the government on a vote of confidence in the chamber, a Central News dispatch says. The vote followed the government's announcement that any public service strikers not returning to work within forty-eight hours would be summarily dismissed.

SUFFRAGIST SAYS UNIONS DISCRIMINATE

LONDON, March 6.—Mrs. Henry Fawcett, a widely known suffragist, complains that the trade unions constantly are opposing and thwarting the employment of women, notwithstanding the fact that women stand for equal pay for equal work. She told the Women's Institute that the women workers have been urged not to upbraid the men who were their comrades in industry. She urged women to constantly appeal to the most enlightened members of all political parties for aid in making women free in industry as they had become in politics.

DALLAS RALLY GIVES O. K. TO NATION'S HEAD

DALLAS, March 6.—Prominent members of the Democratic party from many sections of the state attended the conference here today called with the object of formulating an organization to assure Texas' endorsement of the national administration at the national convention.

Governor Hobby and four gubernatorial candidates, Neff, Looney, Thompson and Lewelling are on the program for addresses. The leaders stated there would be no eliminating in the governorship race.

DALLAS, March 6.—R. E. Thomson, B. F. Looney, Dwight L. Lewelling and Pat M. Neff, Democratic candidates for governor, have accepted invitations to speak in Dallas Saturday in the city hall auditorium, when a mass meeting of Texas Democrats who approve the record of the present national administration will be held. Governor W. P. Hobby will be present and participate in the conference. M. M. Crane and Cullen Thomas of Dallas, Dexter Hamilton of Corsicana and others were appointed on a committee to secure signatures for the call of the meeting. Jasper Collins is secretary.

"The mass meeting will have nothing to do with the elimination of candidates or with the gubernatorial campaign," Mr. Collins stated. "The principal matter to be considered will be that of organizing in every Texas precinct, county and district for the purpose of seeing that true Democrats who favor the national administration are delegates to the various political meetings and to the national convention."

The formal call stating the purpose of the meeting was signed by over 200 prominent Texas Democrats in all sections of the state and is as follows: "To the Democrats of Texas: The undersigned Texas Democrats, approving the matchless achievements of the present national Democratic administration, including its creation of the tariff commission, its establishment of the Federal Reserve banks which make panics practically impossible, its establishment of land loan banks which enable the poor to acquire homes, and the vigorous and successful prosecution to final victory of the greatest war of which history contains any record, and the placing of the United States on the map of the world as the recognized leader in wealth, commerce and human progress, invite all Democrats in Texas, both men and women, who believe that these great achievements should be approved and not condemned by the democracy, to meet with us in a mass meeting to be held in the city of Dallas, Texas, on the sixth day of March, 1920, at 11:00 a. m. for the purpose of organizing for the election of delegates to the national convention who are in accord with us and who will nominate candidates for president and vice president and who approve of these unparalleled accomplishments of the present administration."

Crane said that the Texas Democrats should "rally under their true standard and not be led to disrupt the Democratic party from within by assailing the national administration, in company with the Republicans. Among the presidents of the United States, the achievements of Wilson stand forth as the greatest."

Four gubernatorial candidates were on the platform. They were limited to thirty minutes in their addresses. Endorsement of the administration of Wilson and a bitter arraignment of anti-administration sentiment as exemplified by the "Bailey faction" marked the session. Cheers followed M. M. Crane's praise of Wilson in opening the meeting.

Tom Ball of Houston was elected chairman and said that Texas proposed to send several women delegates to San Francisco. There were a number of women at the conference.

BRITONS SALUTE GERMAN FLAG

LONDON, March 6.—Now that a state of peace exists between the British empire and Germany, the German national flag is to be saluted in accordance with the regulations, says a recent admiralty order.

LUCKY FREEZE CHECKS FLOOD STORM STARTS

**Marooned Householders
Taken From Second
Stories in Boats.**

PHILADELPHIA, March 6.—Freezing temperatures, coming on the heels of snow, rain and wind, are expected today to check the floods which last night broke over eastern Pennsylvania and Delaware, causing heavy damage and driving many persons from their homes.

The storm was the most severe one of the winter and virtually every stream in this section of the state overflowed and ice jams swept away bridges and railroad tracks. Other traffic is crippled and wire communication is handicapped.

A number of towns and cities were in darkness last night by the flooding of the river power plants. Trolley service is crippled and several lines forced to suspend by the washouts.

Scores of houses along the banks of the swollen streams have been washed away. Persons marooned in homes have been rescued in boats. Some were saved from second stories. Reading, Lancaster, Harrisburg, Williamsport and Wilkesbarre reported heavy damage.

NEW YORK, March 6.—The storm king paid another unwelcome visit to New York today just as the city was commencing to recover from the effects of the \$5,000,000 blizzard of a month ago. The metropolis struggled against pelting rain, driving storm and a biting snow squall.

Cold Weather Coming. WASHINGTON, March 6.—Weather predictions for Texas next week are temperatures below normal as a rule, although probably there will be some recovery after Monday. The weather will be generally fair, it is predicted.

Fruit Suffers. LOCKHART, Texas, March 6.—Ice formed here three days in succession and the temperature has been under 30 degrees. The early fruits and vegetables have been killed and some corn has suffered a like fate.

MARY LOVES FREEDOM BUT HAS KIND WORD FOR RECENT HUBBY

LOS ANGELES, March 6.—In connection with her divorce from Owen Moore, Mary Pickford today said, "I sought divorce because I wanted to be free. Mr. Moore is a charming man, and most genial, but there are many instances where even two genial persons cannot agree. Some people think my divorce was secured to permit me to marry again. This is not so. Mary wanted to be free."

DIDN'T WANT TO DIE. PLEADS SLACKER NEGRO

DALLAS, March 6.—"I didn't want to die no where, judge," was the plea of Ned Taylor, negro, when arraigned in federal court here for alleged failure to fill out a questionnaire during the war. "A lot of boys were being killed in France," he said, "and if I had to die, I'd rather die here."

Judge Wilson released Taylor, who had spent seven months in jail pending arraignment.

At the Leading Amusement Houses TODAY

LIBERTY—Five-Act Special bill, featuring "FLAMES OF FLESH."

LONE STAR—William S. Hart in "JOHN PETTICOATS."

OPERA HOUSE—Harry Carey in "THE RIDER OF THE LAW."

HIPPODROME—Alamo Beauties and Will Rogers in "LAUGHING BILL HYDE."

LAMB—Katherine MacDonald in "THE TURNING POINT."

QUEEN—"THE WESTERNERS."

LONE STAR.

Bill Hart Loves 'Em All.

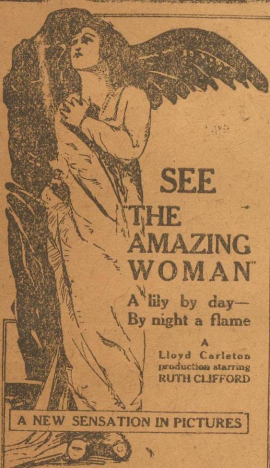

"I believe the motion picture public likes to see a different leading woman play opposite a male star in almost every picture he makes," said William S. Hart recently. "If for no other reason than to see how they look together. I have made love to Jane Novak, Ann Little, Eileen Percy and practically every other prominent leading woman on the screen, and I believe moviegoers like the variety. I'll admit I do myself."

True to his idea, Mr. Hart appears with a new leading lady in his latest Paramount-Artcraft picture, "John Petticoats," which is showing at the Lone Star theater this week. She is Winifred Westover—a pippin. The story, which was supervised by Thomas H. Ince, presents the noted star as proprietor of a modiste shop and develops a serio-comic plot that enables him to do some excellent work.

LIBERTY.

"The Shepherd of the Hills" Coming to the Liberty.

The finalization of the great novel, "The Shepherd of the Hills," has been a year in the making. The author, Harold Bell Wright, wrote the scenario for the pictures and has directed every detail. His associates, consisting of actors, actresses, artists, photographers, have numbered over 200 people, not to mention the people shown in the mob scenes. Also there are a large number of live stock used—horses, cattle, 150 sheep, collie dogs, birds and what not. This company was together a year, sometime in California, other times in the Ozark mountains of Missouri. Mr. Wright, who is a great stickler for detail, has spared no expense in his effort to keep the ensemble as nearly like the original as possible, through-out the picture. For instance, the flock of sheep was first secured in the Ozarks. When the work was finished there, it was thought that the sheep would be left there. Here Mr. Wright voiced an objection. There was one scene to be taken in California which must have some sheep in the background, so the original sheep actors had to travel to California to appear in that particular scene.

before they could be dismissed. A very effective detail and only one of the multitude which help to make "The Shepherd of the Hills" a truly great picture.

OPERA HOUSE.

Bang! Bang!! Went His Trusty Carbine.

When Harry Carey, the Universal western star, becomes too old to star in western photodramas, he plans to add to the literature of the screen.

Carey, who is a college man, is surrounded by books in his library in his comfortable ranch-house in the beautiful San Francisco canyon near Los Angeles.

He says he is going to write western stories of a high class that will supplant the present stock of Nick Carter, Jesse James and Dead-eye Dick literature now being read by the youth of the nation.

Harry Carey is the star of "The Rider of the Law," which is to be seen today at the Opera House. He himself wrote "A Gun Fightin' Gentleman," which will be his next Universal photodrama.

MAD CAT ATTACKS WOMAN.

NEW YORK—A cat which she had housed and fed for the past ten days suddenly went mad and attacked Mrs. Edith Donohue of 555 West Fifth street, in her home. The woman's screams were heard by Patrolman Emil Krohn, and he overpowered the animal with elevated hands. Mrs. Donohue was attended at Roosevelt hospital. The cat was taken in a bar to the West Forty-seventh street station and will be turned over to the board of health.

LAMB THEATER IS PURCHASED BY COLE BROS.

The Lamb theatre, located on Main street, has been sold to Cole Brothers, owners of the Lone Star theatre in this city and a new show house at Marshall. The consideration involved as not been made public but it is intimated that the sum runs into six figures.

The Lamb theatre was completed Feb. 1. It is the largest in this city and is well built and finished, and contains a \$10,000 pipe organ.

H. S. Cole, manager of the Lone Star theatre, will also manage the newly acquired playhouse. He will make no changes of consequence in the Lamb theatre at present, but may do so a little later. Mr. Lamb has moved to New Mexico to look after ranch property there.

The item of real interest in the transaction is that the purchase means that Cole brothers have secured a most complete program of this year's pictures, including the best photoplays that Fox, Select, Pathé Goldwyn, First National Met and Paramount-Artcraft companies will produce this year.

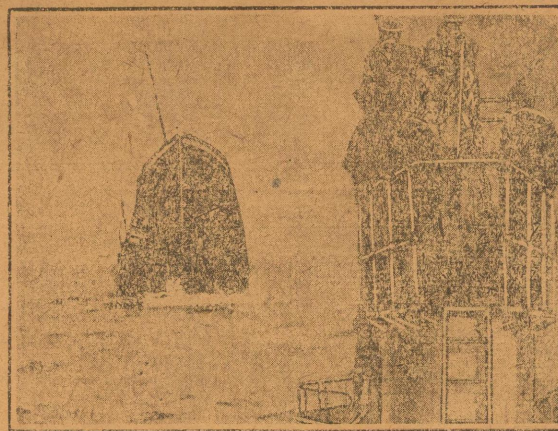

Mr. Bromberg, an experienced pub-

licity and advertising man, will be in charge of advertising and publicity here. He has held important positions with large motion picture houses in the south and has done effective work since becoming associated with Cole brothers.

FIVE-POUND SAPPHIRE FOUND.

BOMBAY, India.—A sapphire eight inches long and weighing more than 100 pounds is reported to have been found at Mogak by a Burmese. Its value is estimated at between \$175,000 and \$250,000.

A Sensational Picture at the Lamb

Scene from "Asleep in the Deep," a graphic photoplay showing the actual operation of the German submarine U-35 on its trip of death and destruction which resulted in sinking 21 steamers, 3 sailing vessels and capturing 5 British captains. These pictures were taken aboard the U-35.

LIBERTY THEATRE

TODAY
Big Programme
in Five Acts

ACT I.
5-Reel Feature, "FLAMES OF THE FLESH," a picture full of melodrama and thrilling happenings; starring Gladys Brockwell.

ACT II.
5-Reel Feature, "ROSE OF THE RIVER," A Charles Ray style little-town-rube picture, with barn dances, moonlight picnics and everything.

This is a don't-comedy drama about full of wit and humor.

LILA LEE (formerly known as "Cuddles" in the Follier) is the star. She is considered the most beautiful brunette in the movies. See for yourself.

ACT III.
Big V Comedy, "SQUABS AND SQUABBLES."

If you don't laugh at this, come get your money back.

ACT IV.
MUTT AND JEFF—The International Gloom Dispellers. Last week a man laughed so hard at our Mutt and Jeff he almost swallowed his false teeth.

Hudson Says "It Is Simply
Wonderful What Tanlac
Did for Me."

"If anybody had told me that Tanlac could do for me what it has done I would not have believed them," said C. R. Hudson, of Knoxville, Ill. "It freed me from rheumatism after twelve years of awful suffering," he continued, "and my stomach trouble is also gone."

"I was in such bad shape that I could scarcely digest a thing, and any solids would give me such cramps in my stomach that I could hardly stand them. Gas would form and affect my heart so bad I would get faint and have to lie down. The rheumatism made my legs swell all out of shape and the muscles felt like they were tied in knots. I couldn't straighten my right leg at all and it pained me so I could find no rest. At night it was especially bad and I simply rolled from one side of the bed to the other, unable to get any sleep. Not being able to work any more, I rented my farm and moved to town. I tried about every sort of medicine I ever heard of but got worse all the time."

"One day I heard some people talking about how much good Tanlac had done them and I decided to try it, and the way it took hold was simply wonderful. I can now eat anything I want, my rheumatism is all gone and I sleep like a log every night. I feel as strong and well as I ever did and I am going back to the farm able to do as much work as I did years ago. If anyone wants to know about Tanlac, send them to me."

Tanlac is sold in Ranger by Phillips Bros., and in Eastland by Butler Drug Co.—Adv.

SUNAM AMUSEMENTS.

Fort Worth, in her recent experi-
ment, demonstrated the lack of wis-
dom that may be displayed by a city
in attempting too stringent enforce-
ment of the Sunday laws, just as ex-
treme in its effect as the other unwise
course of too great laxity. The man
who stood for 100 per cent law en-
forcement, if the Sunday theatres
were to be closed, saw to it that the
drug stores were closed and that cigar
stands were shut down.

One disastrous Sunday was all that
was needed. Dallas, ever a rival of
the Panther City, took advantage of
the step to advertise in Fort Worth
that Dallas churches, cafes, motion
picture theatres and cigar stands
would be open and that street cars
would run. The warning had gone out
to traveling men to avoid Fort Worth.
There was the possibility even that
hotels, cafes and restaurants won't
have been closed, and the question of
subsistence for a stranger in a difficult
one.

Then all interests came together and
decided on a plan to the sanity of
the present situation. They agreed
that decent amusement would
be permitted and that drug stores
would be permitted to sell soft drinks,
as well as to fill prescriptions.

Ranger had a sample of this sort of
Sunday last season and the result was
that the week-end meant an exodus
for many workers of the oil field, for
traveling men and others.

The city has never gone to the other
extreme, which would have the im-
mediate result of protests, with cause.

High winds have blown the dust
from some of the paved streets.
Caked mud still hides a large share
of Ranger's pavement. Since it has
been laid, it never has been thorough-
ly cleaned. Once cleaned, it will be
a much easier task to keep it clean,
and to present to the visitor this evi-
dence of the city's progress.

PENNANT HOPES OF ST. LOUIS
ARE REVIVED BY JIMMY BURKE

By JACK VELOCK.

International News Sporting Editor.
NEW YORK, March 6.—The St. Louis
Browns have had ups and downs—mostly
downs—since the organization of the
American league.

At times they have bloomed forth in
early season looking and acting like
world beaters. They have played their
part in upsetting the pennant hopes of
a number of clubs in seasons gone by, but
they have yet to annex a championship
pennant.

St. Louis fans have been longing to
see the Browns come into their own for
many years. This spring they are watch-
ing the proteges of Manager Jimmy Burke
in a more hopeful mood, and not without
reason.

A long and critical slant at the Browns
from an early training season angle leaves
the impression that they will hear close
watching next summer. Jimmy Burke's
strongest rivals in the American league
admit that he has a sweet-looking ball
club. This should be enough to convince
the average fan that the Browns have
reason to look ahead to the coming cam-
paign with a good deal of optimism.

Numbered among the players who are
working the winter kinks out of arms
and legs at the Brown's training camp,
Taylor, Texas, are several ball players
who could not be separated from Jimmy
Burke for love nor money. For one thing
Burke has a quartet of 300 hitters in his
lineup and several other members of the
team may hit their stride with the bat
this year and enter the select set.

George Sisler, the best first baseman
in either major league, and a .352 hitter
last season, is the outstanding star of the
Burke machine. Johnny Tobin, who hit
.327, "Baby Doll" Jacobson, who has
averaged .320 for an average of 323,
and Kenneth Williams, who hit an even
.300 are all stickers of the first water.
Earl Smith, another outfielder, and Joe
Gedeon are batsmen of promise, and like
all other major league clubs, the Browns
are trying out a handful of youngsters in
the hope of uncovering some more good
batsmen.

The St. Louis outfield, with Tobin,
Jacobson and Earl Smith or Williams,
cavorting in the gardens, is one of the
best in the American league. It has hit-
ting ability and it has speed. And the
Browns outfielders can hold their own
in the matter of collecting skyscrapers
and line drives.

The infield will be built with Sisler
on first; Joe Gedeon at second; Gerber
at short, and Jimmy Austin, the "youth-
ful" veteran, or one of three recruit

third basemen, at the hot corner. Joe
Scheper, from Mobile; Frank Thompson,
from Joplin, and Bill Dudley, a Denver
semi-pro, are the players seeking old Jim-
my's spurs. Johnny Shovlin, from Col-
umbus, and Gene Robertson, a St. Louis
amateur, will fight for the utility job,
while Walter Strong, a southerner from
Minneapolis, who has been playing first
base, will probably try out for some other
position in face of the fact that George
Sisler is hanging around.

The catching department will be headed
by Hank Severid, a .250 hitter, with
Josh Billings acting as the new second
catcher. Pat Collins, a newcomer from
Joplin, is said to have already won a
place on the catching staff.

The pitchers who will be depended on
to bear the brunt of the box work are
Allan Sothoron, Urban Shocker, Bert
Galla, Carl Wellman, "Lefty" Ledfield,
the "Scotchman," and Frank Davis, from
Indianapolis, who is touted as a sure-fire
future star. In addition to these hurlers,
the Browns have Ray Richmond, Earl Van
Gilder, Bill Burwell, Horace Leverett,
Harry Rush and Harry Schneider, right
handers, and Rolla Maple and Bill Bayne,
southerners, lefties.

Burke's biggest problem will be settling
the question at third base. The veteran
Austin probably will settle it for him.
Jimmy wrote to Burke prior to reporting
that he never felt better and defied all
comers to take his job. If he shows any
of his old-time ginger, well and good.
Otherwise, Burke will have to try his
various recruits carefully or engineer a
deal for a third-sacker, although Shovlin,
from Columbus club, can play that posi-
tion.

The Browns will play exhibition games
in the Lone Star state up to March 21,
when they are slated to wind up their
Texas schedule at San Antonio and start
north for their spring series with the
Cards, which begins April 3. The Browns
and Cards will play six games.

The Texas schedule of the Brownies
follows:
March 6 and 7, at Fort Worth; 11
and 12, at Taylor, vs. San Antonio; 13
and 14, at Houston, vs. Houston; 15
and 18, at Taylor, vs. Fort Worth, and
20 and 21, at San Antonio.

Let us show you how to increase
your sales 33 1/3 per cent by spending
3 per cent of your last year's gross
sales. It must be done intelligently.
Call 224 for a representative.

MONDAY AND TUESDAY

In Harold Bell Wright's own ten-reel film version of his
widely read novel of the Ozarks,

"THE SHEPHERD OF THE HILLS"

there is told, through the lives of the typical mountain
characters, the world-old story of love, sin and suffering.
There is hate inexorable, fear of man and spirit, ven-
geance that has burned a lifetime, love, human and
divine—all in a swiftly moving panorama that makes
this wonderful picture drama one of the most emotion-
ally effective produced in some time.

LIBERTY THEATER

MAYBE OULJA
COULD SOLVE
THIS TANGLE

International News Service.

DENVER, Mar. 6.—A tangle in re-
lationship of two Denver families
threatens to surpass the frenzied fig-
uring that was involved in the famous
problem of "How old is Ann?"
Recently Mrs. Abbott Plunkett gave
birth to a baby boy. He was christen-
ed Robert. In the same house with
the Plunketts lived Mr. and Mrs. Emil
Dessierichs, who also have a young-
ster named Robert.

To start correctly, according to
an authority, it is necessary to ex-
plain that Plunkett married Dessie-
richs' daughter, and Dessierichs is
married to Plunkett's sister. Now
proceed and explain what relation the
newly arrived Robert Plunkett is to
Robert Dessierichs, aged fourteen
months.

Simple enough says this same au-
thority. Just figure the relationship
that exists between the two parents
and it's a cinch to place the standing
of the two young Roberts.

Emil Dessierichs, the father of four-
month-old Robert, is the father-
in-law of his brother-in-law; broth-
er-in-law to his daughter; husband to
his sister-in-law and grandfather to
his nephew.

Mrs. Emil Dessierichs, mother of
four-month-old Robert, is sister-
in-law to her father's niece of her
husband; daughter-in-law of her sis-
ter-in-law; and aunt of her sister.

Easy enough for that side of the
house.
Abbott Plunkett, father of the new-
ly arrived Robert, is son-in-law to his
brother-in-law; he's husband and un-
cle of the same woman; son-in-law of
his own sister; uncle to his sister-in-
law and father to his sister's grand-
son.

Mrs. Abbott Plunkett, nee Dessie-
richs, and mother of the newly arrived
Robert, is the wife of her brother's
sister-in-law; sister-in-law to her
daughter-in-law; mother-in-law of her
brother's mother of her brother's sis-
ter-in-law, and aunt of her grand-
daughter.

With the relative standing of the
parents of the two Roberts straight-
ened out, the matter of properly in-
dexing the two Roberts should be an
easy task, according to this prize
"problem winner."

Robert Dessierichs, fourteen months
old, is surely an uncle of Robert
Plunkett, fourteen days old, for the
latter is the former's half-sister's son.
But Robert Dessierichs' mother is also
his sister's stepmother, just as she is
sister to the man who married his
mother's stepdaughter.

TOM HARRELL GETS
HENLEY LUMBER CO.

CISCO, March 6.—Tom Harrell,
tax collector of Eastland county, has
just come into possession of the Hen-
ley Lumber company, one of the large-
est lumber and building material sup-
ply concerns in West Texas, of this
city. Harrell recently leased the Ju-
dea theater for one year. Harrell
was one among the many lucky East-
land county citizens who was made
wealthy when the big oil fields of this
county were discovered two and a
half years ago.

ODD DISEASE RESEMBLING
"FLU" KILLING OFF DOGS

KANE, Pa.—Are dogs subject to the
"flu?"

This is a subject that has been puzzling
dog owners of Kane for some time. A
strange disease resembling the "flu" has
been attacking the canines, and Kane's
dog population is showing a big decrease.

The animals do not appear to be sick
for any great length of time. It was noted
that they seemed to suffer a severe chill
or convulsion and expire soon afterward.

That the disease is highly contagious
is shown by the fact that dogs have been
seen to become affected with the strange
malady after having been with one pre-
viously affected.

CLAIMS MONKEY GLAND CAPSULES RESTORED YOUTH!

Robert George Laws, photographed on arrival in New York.

Robert George Laws, seventy-two, a retired London broker, who arrived in the U. S. a few days ago, claims his health and youthful vigor was recently restored after years of illness by the use of capsules made up of monkey's glands.

He asserts fifty capsules made from the prescription of Prof. Sergius Voronoff of Paris, whose interstitial gland discoveries astounded the medical world not long ago, have added years to his life.

MARINE OFFICER CALLED HAITI'S VICE PRESIDENT

Sergt. Harold A. Miller.

The recent promotion of Sergt. Harold A. "Spot" Miller of the U. S. marine corps to be a lieutenant in the 2nd Marine Division, discloses the fact that he has held a unique position. For the last four years he has been personal bodyguard to President Anteguenave of the republic of Haiti and has become so influential in governmental circles that he is known as "the vice president of Haiti."

CISCO ORGANIZES BASEBALL LEAGUE

CISCO, March 6.—A Cisco league baseball club has been organized and the following named officers elected; M. V. Murphy, business manager, W. D. Herring, president; John L. Kelly, vice president; S. L. Williams, secretary; F. E. Harrell, J. Walter Ray, J. Sessions and Walter Sykes, trustees. A common law corporation charter for the Cisco league has been applied for and \$20,000 stock has been sold. A park covering five acres, to be fenced, has been purchased. Work on the new league grounds has commenced. Much interest is being manifested by Cisco citizens over the home league.

SALVAGED COTTON PAYING ITS FINDERS

By the Associated Press.
CORPUS CHRISTI, March 6.—Hearings of claims for cotton damaged or lost in the September hurricane, and later salvaged and placed in federal receivership, are in progress here. The specific object of the proceedings is to determine correct ownership of 3,500 bales of the staple and to arrive at a pro rata share to be given claimants from a fund realized from sale of the damaged cotton.

The storm vultures carried away several thousand bales of cotton from warehouses, gins and compresses. From the bay's debris 5,076 bales were recovered and Charles C. McRae of Houston was appointed receiver by the Houston federal court to handle the cotton.

It was not possible to identify ownership of about 3,500 bales and a large portion of it has been reconditioned and sold by the receiver. He expects to complete the sale by spring.

Present hearings are being conducted by W. J. Howard of Houston, who was appointed special master in chancery to dispose of the claims.

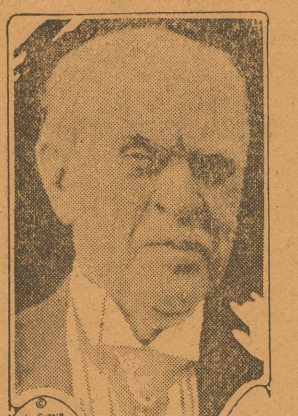

GIRLS FROM THE STATES TO INVADE ALASKA

JUNEAU, Alaska, March 6.—Girls from the states evidently are planning to stampede Alaska this spring. J. L. Gray, mayor of Juneau, and several other Alaska officials have received letters from dozens of young ladies asking about the northern territory.

The letters came from Minnesota, Texas, Iowa, Washington, Colorado and from Canada. All writers expressed the hope that they would be able to find work here so they could come north.

Positions wanted by the girls included school teaching, bookkeeping, typewriting and clerks. One or two girls hinted at matrimony and asked for information about Alaska's "climates."

OLDEST MEMBERS OF CONGRESS ARE CIVIL WAR VETS

Gen. Isaac R. Sherwood, above, and Gen. Charles Manley Stedman.

The two oldest members in the house of representatives today are former generals and saw service in the Civil war. Gen. Isaac R. Sherman, Democrat of Ohio, is eighty-five years of age. He enlisted in the northern forces in 1861 as a private, fought in forty-three battles, was mentioned ten times in general orders for gallant conduct and was mustered out a brigadier general.

Gen. Charles Manley Stedman, Democrat of North Carolina, is seventy-nine. He enlisted in the confederate army at the beginning of the Civil war, was wounded three times and held the rank of brigadier general at the close of the conflict.

"WE'RE GLAD OF A CHANCE TO PRESENT OUR CASE IN COURT," SAY BOTH JACKS

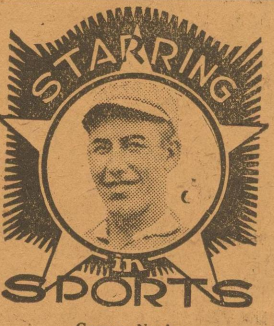

According to statements made when the indictments were returned, Jack Dempsey, heavyweight champion of the world, and his manager, Jack Kearns, are glad the chance presents itself for them to clear themselves of the charge of conspiracy to evade the draft law. The federal grand jury at San Francisco returned indictments against both men and a second indictment charging Demp-

Jack Dempsey with his police dog and her puppies, and Jack Kearns, Dempsey's manager.

sey with evading the selective service law. Both Kearns and Dempsey say the "slacker" stories concerning Dempsey were started by enemies of the champ and his

manager and are groundless. The grand jury's action was prompted by charges made against Dempsey by Maxine Dempsey, his former wife, which she later repudiated.

Greasy Neale.

If you contemplate building a home, apartment or business building call at our office and let us solve the problem for you.

SUITE 210 P & Q BLDG.

RANGER, TEXAS

Ranger Income Property or Producing Royalty Wanted

We have a few choice tracts of land in Plainview shallow water belt of the Panhandle, which we can trade and take one-half in Ranger income property or producing royalty. Everyone has heard of the famous Plainview country, where they make forty bushels of wheat to the acre or a ton of maize. Several have already invested there from here and are buying more. We are going out in a few days with parties and what we have to offer will soon be gone.

We have tracts ranging from a half section to thirty-six sections and can match you for a trade. See us at once.

JOY REIGNS AS SCHLESWIG-HOLSTEIN IS RETURNED TO DENMARK

Scene on waterfront at celebration. Scenes of jubilation in all parts of Denmark and Schleswig-Holstein marked the recent return of Schleswig-Holstein to Denmark after fifty years of separation from the motherland. The peace treaty with Germany provided that a plebiscite should be held in Schleswig to decide whether that territory should remain a part of Germany or return to Denmark. The vote was overwhelmingly in favor of the return. In the photo can be seen an arch erected for the celebration along the water front in Denmark. The sign says, "Welcome back to Denmark."

GREECE'S EX-KING ENJOYING HIMSELF AT SWISS RESORT

Ex-King Constantine and his daughter, Princess Catherine, photographed at St. Moritz.

Ex-King Constantine of Greece is spending his time in comfort at the great winter resort at St. Moritz, Switzerland, while his former subjects are struggling with post-war problems. He is shown above as he is seen daily out walking with his little daughter, Princess Catherine.

EX-MRS. GOULD SETS FASHION AT WINTER RESORT

Princess Nauredin Viora, formerly Mrs. Gould, in winter costume.

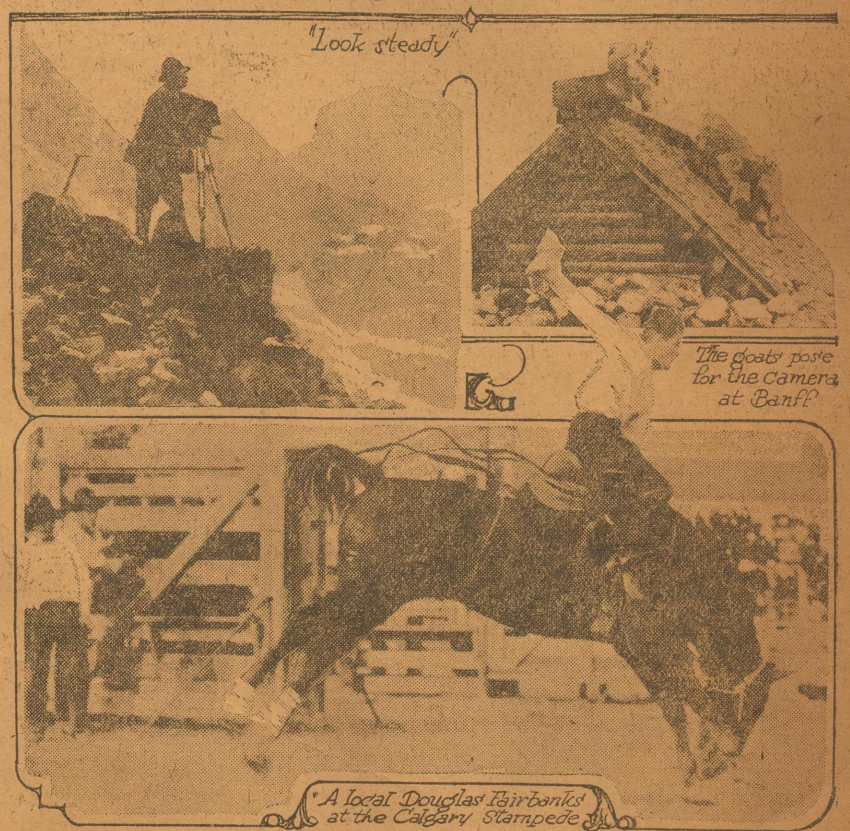

HEADS FIRST WOMEN'S BANK IN COUNTRY

Mrs. F. J. Runyon.

The first bank in America to be operated by women has been started at Clarksville, Tenn., by Mrs. Frank J. Runyon and other prominent women of that city. Not one man is a member or is employed by the bank, although men's credit is solicited. And the idea was a man's, a banker friend of Mrs. Runyon.

CANADIAN ROCKIES FORM WONDERFUL BACKGROUND FOR MOTION PICTURES

Lately there have been several weekly pictorials in the movies showing scenes taken in the Canadian Rockies. From the beauty and grandeur of the scenery thus shown it seems strange that some of the big motion picture concerns have not taken more of their photoplays in the beautiful section of Canada. Fred Stone last year did take a company of actors out to Lake Louise to make a picture and James Oliver Curwood used the Great Slave Lake for a northern picture, but there is still an almost virgin field for the enterprising movie director. The Canadian Pacific Rockies offer many aids to the camera man—real Indians, cowboys, trappers, the Royal Canadian Mounted Police, formerly called the Royal Northwest Mounted Police, wonderful cliffs and glaciers where Harold Hamgravy can rescue the beautiful Olive Oyle from the clutches of Desperate Desmond, wild animals and local color galore. During the summer months there is moreover a gay social life with typically American atmosphere at the popular resorts of Banff and Lake Louise. Then, too, there are many picturesque events during the year which would lend themselves readily to adaptation in the movies, such as the Stampede and Wild West Show at Calgary, reminiscent of the two gun days, the annual pow wow of the Stoney Indians at Banff, where yearly they perform the ancient rites of their religion of bygone days amid some of the most stupendous scenery ever set up by the Master Stage Carpenter. There are woodland wilds suitable to frame the face of Mary Pickford, who, by the way, is herself a Canadian, and mighty peaks where Douglas Fairbanks might leap from precipice to precipice after the villain's goat, or perchance one of the Rocky Mountain variety for a change in the usual scenario. And it would certainly be worth the price of admission to see Charlie Chaplin perform his antics on the slippery ice of the Illecillewaet Glacier at Glacier, B. C.

\$1,250 CHECK BUYS TERM IN PENITENTIARY

Special to The Times.

EASTLAND, March 6.—Judge E. A. Hill of the district court discharged the petit jury for the week Friday afternoon because there was no other case ready for a jury trial.

B. W. Diddle, who was indicted under the name of S. H. Moore, charged by indictment with forgery of a check for \$1,250 on the First State bank of Eastland, entered a plea of guilty to signing the name of H. C. McIntire to such check. The jury returned a verdict of guilty and assessed his punishment at two years in the penitentiary.

In the case of Laura Dunn vs. T. W. Goss, after the testimony was all in, was compromised by the parties and the case taken from the jury.

C. U. Connolly has filed an answer to the cause of W. L. Phosus and wife and has had sequestration writ issued directing the sheriff to take charge of the Eastworth hotel, now in charge of the plaintiffs, to await the further orders of the court.

Suits filed Friday:

C. H. Daniels et al. vs. W. W. Dutton, for sequestration of the Daniels hotel at Cisco.

S. W. Wilkerson et al. vs. L. A. White et al., for cancellation of escrow lease on lands.

Mrs. John M. Dean et al. vs. C. A. Gray et al., in remission to try title to eighty acres of land.

LEGION BANDMASTER MEETS CANDIDATES SEVEN THIRTY SAT.

Prospective members of the Legion brass band, and those who would like an opportunity for instruction in playing a band instrument, will meet at the Baptist tabernacle at 7:30 p. m. Saturday with Charles G. Emmett, bandmaster, who has charge of the organization of the legion band.

Mr. Emmett has experience in this work, in civil life and in the army, and will not only give instructions to those wishing to join the band, but help them to purchase their instruments. The band will be under the management of the legion and will give a portion of its returns to the legion.

Church Services

FIRST CHRISTIAN.

First Christian church, Sunday, March 7. Services at Opera House on Pine street; Sunday school, 10 to 11 a. m. The church will organize between the hours of 11 and 12 a. m.

All who are interested are invited to attend.

The church will also organize a Sunday school at the school house in Young addition at 7:30 p. m.

All who belong to the Christian church in the Young addition and vicinity are asked to be present.

EPISCOPAL CHURCH.

Services will be held Sunday morning at 11 o'clock, Southern Business college building, corner Marston and Mesquite streets.

The Rev. Harry Lee Virden, arch-deacon of Dallas, will conduct services.

CATHOLIC.

First mass, St. Rita's church, 8 a. m., followed immediately by confirmation, administered by Bishop Lynch. Second mass, 10:30 a. m., at which time St. Rita's church will be dedicated.

METHODIST.

Methodist church services, 11 a. m. and 7:30 p. m. Rev. Webb, pastor. Sunday school, 9:30 a. m. At Methodist church on Marston street.

BAPTIST.

Morning service at 11 a. m., at Baptist tabernacle, back of new Baptist church building. Evening service, 7:30 p. m., Rev. William H. Johnson, pastor. Sunday school at the usual hour.

Land Baptist Mission. Services as usual. Rev. Drury, pastor.

TAGGERS EVERYWHERE SOLICIT HELP FOR THE PLAYGROUND FUND

"Mister, buy a tag to help the athletic fund."

Wherever you went on Saturday some demure little miss would tag you. The city was effectively canvassed by pupils of the schools, under the direction of members of the committee in charge of the tag day drive.

The committee is hoping to secure \$1,000 for a fund to purchase athletic equipment for the schools. The movement is backed by all mothers' clubs in the city.

PERSONALS

Dr. and Mrs. Allen, well known in this city, have moved to Sipe Springs, where Dr. Allen will engage in the practice of medicine.

Dr. J. J. Reavis, formerly a resident of this city and now of Lawrenceburg, Tenn., is here on a visit.

MORTUARY

MRS. FRED BOSWELL

Funeral service for Mrs. Fred Boswell, who died Tuesday afternoon, were held Friday afternoon in the local cemetery. Rev. Drury of the Lindsay Baptist Mission officiated at the funeral service.

Mrs. Boswell was 28 years old. She is survived by her husband and an infant child.

MUSKRATS RESPONSIBLE FOR BREAK IN DAM

MANTON, Mich.—Muskrats are believed to be responsible for a break under the "splashway" of the Cedar Creek dam which furnishes the city water and power for electric lights. As a result, the city's water supply was almost nil and the lights were entirely out of commission for three nights.

NOVELTY RECORDS:

Record E4470

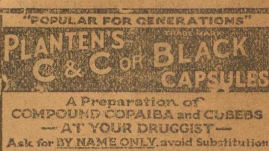

Spanish Gypsy Dance
(Garrocin)

"Night of Love," Concert Waltz

The word "garrocin" means a very old Spanish Gypsy dance, but of all the hundreds of garrocin that have been played by succeeding generations of devotees of the dance, the one here recorded is best known. "Night of Love" is written in French style, and is a delightfully melodious piece, bright, spirited, catchy.
