Market Slump Pushes Food Costs Down

Two Amarillo Men Held In Bomb 'Plot'

(By The Associated Press)

NEW ORLEANS, Feb. 7—A reported plot to bomb Caracas in a revolution against the Venezuelan government has been thwarted, and six American fliers have been arrested.

The Federal Bureau of Investigation announced today that four men were nabbed when they arrived at New Orleans by plane from Nicaragua. A fifth was arrested at Miami, and the sixth is in the hands of military authorities in Panama.

FBI Chief J. Edgar Hoover said all have been charged with violation of the neutrality act. They are accused of taking two surplus Navy PBY planes from Bush field, Georgia, to Puerto Cabezas, Nicaragua.

Hoover added that two of the men, named as pilots of the planes, were to have received $30,000 each for their part in the plan. He identified the two as Olin D. Mason, an Army captain, AWOL from the Army's Oliver General hospital at Augusta, Ga., and Harry A. Snow, former RAF pilot whose home is in Amarillo, Tex.

The others were listed as Charles B. Pavlicek of New York, Kenneth J. Newcomer and Henry D. Baker of Augusta, Ga., and Edward Browder, jr., of Amarillo.

Hoover's announcement said the planes were to be used "in a bombing action as part of a revolution against the present government of a Latin-American country," which he did not name.

However, the Civil Aeronautics administration announced last night that Snow, Pavlicek, Mason and Newcomer would be suspended as the result of an alleged plot to bomb Caracas.

Suspects Sign Waivers

And President Romulo Betancourt protested to Nicaragua that two planes had been flown from the United States to Nicaragua and loaded with bombs "with the presumed objective of bombarding "Caracas. He spoke of a "foreign plot" to prevent the inauguration Feb. 15 of President-elect Romulo Gallegos.

The four men arrested here signed waivers clearing the way for their removal to Augusta, Ga.

Hoover's announcement gave this account:

Browder, who remained behind

Eisenhower Bids Army Farewell

BY ELTON C. FAY
Associated Press Staff Writer

WASHINGTON, Feb. 7.—Gen. Dwight D. Eisenhower, turning over command of the Army to Gen. Omar N. Bradley, sounded his farewell to America's fighting men today:

"I'm not going to tell any stuffy goodbye to the troops.

"I'll just tell them, 'by God, you've done a great job.'"

Ceremony Brief

The ceremony was brief, but the company was impressive, as Eisenhower left the office of chief of staff and Bradly, his old friend, West Point classmate, and right hand man of World War II, took over.

President Truman was there, along with cabinet officers, members of Congress, and a room full of star-glittering generals and gold-braided admirals.

Mr. Truman told Eisenhower that he read an editorial this morning, captioned "Marshall-to-Eisenhower-to-Bradley" and

FLAMES EAT THROUGH ROOF—Flames of a raging fire which burned for two hours through a large two-story combination residence and clinic at 1649 Broadway late Saturday afternoon are shown, above, as they broke through the roof of the structure. Firemen, who battled the blaze near the busy Broadway and Avenue Q intersection as hundreds of persons watched, are shown climbing onto the burning roof. The fire caused an estimated $30,000 in damages to the structure and its equipment. (Avalanche-Journal Staff Photo).

Combination Residence And Clinic Destroyed By Fire

Raging Fire Causes Estimated $30,000 In Damages In City

BY CHARLES STONE
Avalanche Journal Staff Writer

A fire of undetermined origin caused damage estimated at more than $30,000 late Saturday afternoon at 1649 Broadway, while city firemen battled desperately for almost two hours to save the 12-room, brick veneer structure which housed the Broadway osteopathic clinic and living quarters of Dr. Mary Leona McNeff.

Dr. McNeff, who held a long-term lease on the building from J. C. Rigney, owner, estimated that clinical equipment and personal possessions within the building were worth approximately $20,000. Most of the loss, she said, was in the form of an X-ray machine, colonic machine, diathermy equipment, and other mtaerials used in connection with her clinic. All were insured.

Riggs, owner of the building, said last night that he did not know the exact amount of insurance carried on the structure, but thought that the amount was about $14,000. The insurance, he stated, "will not cover the damage to the building."

After going over the damage last night with city firemen, Dr. McNeff stated that the building and its contents were considered to be practically a total loss. Earlier in the evening, Fire Chief Twitty had said that he believed the only material salvageable from the building would be the outside walls, the inside walls and the roof having received the brunt of the fire.

Firemen advanced no cause for the blaze. No one was believed to have been on the second floor where the fire was concentrated since the day before the fire.

Blaze Well Underway

The fire was reported to the fire department at approximately 5:05 p. m. by Guy Casey of the Casey Service station, located on the southeast corner of the intersection of Broadway and Avenue Q and immediately adjacent to the burning building. Casey stated that he first noticed smoke drifting

TO AVERT NEW SHORTAGES

Gas Company Announces Plans To Push Expansion Program

By H. I. KIEFER
Avalanche-Journal Staff Writer

THE West Texas Gas company is revising a huge expansion program in an effort to provide "absolute protection" against shortages like that which forced a business holiday upon Lubbock on Wednesday, Jan. 28.

Enough of the work will be finished before next winter to insure ample gas for the entire area served by the company during cold waves even worse than the one recently, described as the most serious during the 21 years West Texas Gas company has operated.

These assurances were given Saturday by Ray F. Hinchey, vice president and general manager of the company, who added:

"Whatever it takes to serve our territory, the West Texas Gas company will provide."

The company serves 44 towns and cities in a territory extending from Canyon and Hereford on the north to the Texas and Pacific railroad on the south, and from the New Mexico boundary eastward beyond the edge of the Caprock.

The company's program, in its present form, provides for expansions costing more than $3,000,000 during the next three years, based on present prices, Hinchey said.

The revisions now in progress probably will increase that figure substantially, he added. A large part of the increase will be added to the more-than-$1,000,000 already blueprinted for 1948.

The company, Hinchey explained, is now bringing up to date its data on growth, weather and future prospects, both as to growth and weather, for the entire territory.

These will provide the basis for the revisions made, the official said. In final form, they will attempt, he explained, to insure

Edwin W. Pauley, Republican Senatorial Target, Resigns

WASHINGTON, Feb. 7 (AP)—Edwin W. Pauley, two-time target of Republican senatorial investigations resigned today as a special assistant to the Secretary of the Army.

He had served since last September as a special consultant to Secretary Kenneth C. Royall on industrial mobilization and procurement procedures. His work is now complete, he said in his letter of resignation.

Reds Offer To Buy 87 Ships From U. S.

WASHINGTON, Feb. 7 (AP)—Diplomatic authorities said today that Russia has now offered to buy 87 ships she got from the U. S. by wartime lend-lease.

Russia's holding on to the ships has been a point of controversy for a long time.

Authorities said Moscow offered to buy the 87 in agreeing belatedly to return to the U. S. seven tankers and one cargo ship. The State department has begun negotiations.

No barrier to the deal was foreseen by officials—unless Congress objects—aside from agreement on terms. Members of the House Merchant Marine committee have protested Russia's attitude in the past. They heard testimony a year ago that the U. S. asked for return of the ships on March 18, 1946.

HOT ELECTION SEEN

SAN JOSE, Costa Rica, Feb. 7. (AP)—More than 100,000 Costa Ricans are expected to participate tomorrow in the election of a new president and 31 congressmen. A tense atmosphere prevailed in this Central American country as the time for the balloting drew near and several hundred police were assigned to maintain order.

Two Killed, Six Injured In Three-Way Crash Near Anson

ABILENE, Feb. 7 (AP)—Two persons were killed and six others injured in a three-way collision five miles west of Anson tonight.

Dead were Lewis Spurrier, Roswell, N. M., and John R. White, Los Angeles, Calif.

Spurrier was riding in a truck which was in collision with an automobile driven by White. Spurrier's mother and two passengers in White's car, Frank and Francis Chamblin, Peoria, Ill., were injured.

While officers were clearing the wreckage from the highway another automobile crashed into it. The driver of the third car, John Wadell Ashley, Roby, Tex., was injured as were his passengers, Odell Hays and Dave Robert Weeks, also of Roby.

Dixie Demos Hand Leaders Ultimatum

By ROMNEY WHEELER
Associated Press Staff Writer

WAKULLA SPRINGS, Fla., Feb 7—The conference of southern governors gave the Democratic national administration an ultimatum today to cease attacks on "white supremacy" or face full-fledged revolt in the South.

The conference adopted unanimously a resolution by Gov. Strom Thurmond of South Carolina, setting 40 days as the limit for a new meeting of governors to review developments.

Two Resolutions Ignored

The conference rejected an alternative proposal by Gov. Fielding Wright of Mississippi, which would have called for a meeting of southern Democrats March 1 to consider a bolt from the Democratic party. The resolution failed for lack of a second.

It also ignored a resolution by Gov. James Folsom of Alabama who advocated support of "favorite son" candidates pledged to uphold tradition of "white supremacy" in the Democratic national convention.

The southern governors' conference thus agreed to meet again within 40 days at a time and place designated by its chairman. In the interim, a special committee will give "careful consideration" to problems arising from President Truman's program of civil rights for negroes.

The committee will recommend "joint and common action" to make the South's displeasure heard in Washington and in the top councils of the Democratic party.

Truman's Program Scored

Governors Wright of Mississippi, McCord of Tennessee, Jester of Texas, Caldwell of Florida, Laney of Arkansas and Folsom of Alabama joined Thurmond in castigating Truman's program.

They took exception to demands for anti-lynching and anti-poll tax legislation, an end to racial segregation, and enactment of a permanent commission to bar racial discrimination in employment.

Said Gov. Laney of Arkansas: "We have been betrayed by the leadership of the Democratic party. We have been sacrificed to the gods of disillusionment.

"If these (laws) are to be im-

See ULTIMATUM Page 10

Parrish, Corbin Ask Senate Post

State Sen. Sterling J. Parrish, of Lubbock, and Judge Kilmer B. Corbin, of Lamesa, yesterday announced as candidates for the Texas Senate from the 24-county 30th Senatorial district.

Senator Parrish, who is engaged in farming and the insurance business, is seeking a second term in the office which was occupied by his late father, Pink L. Parrish, some years before him.

Corbin, currently serving a third term as county judge of Dawson county, is a lawyer, was reared on a Dawson county farm and formerly was a school teacher. His formal statement appears elsewhere in this edition of The Avalanche-Journal. Senator Parrish's formal statement will come at a later date, he said.

Born in Crosby county and raised in this area, Senator Parrish was a member of 12 committees during the past session of the legislature, including five major

Monahans Airport Manager Is Found Dead In Plane Wreckage

KERMIT, Feb. 7 (AP)—Robert Clyde Parham, 45, was found dead late today in the wreckage of his small airplane.

Parham, manager of the Monahans, Tex., airport, had been missing since he took off from the Hurley, N. M., airport early Thursday night.

The wreckage was discovered by an oil crew working in the area, about 15 miles east of here. Parham had flown a passenger to Hurley and was returning to Monahans, it was reported.

Sixty-Eight Snatched From Death At Sea

Eleven Persons Dead In Plane Crashes

(By The Associated Press)

ELEVEN persons died and two others were missing Saturday night after a series of airplane accidents that began Friday night with the crash of an Army bomber in Arkansas.

Four Air Force men, three of them officers, and a "hitch hiking" sailor died Friday night when a B-25 crashed and burned on a mountain near Jasper, Ark. Its logbook showed it had encountered "icing conditions."

Fragment Kills Attendant

Sixty-three passengers and six crew members were aboard an Eastern Air lines Constellation that made a safe landing Saturday at Bunnell, Fla., after encountering trouble over the ocean.

A motor had disintegrated aloft, and a fragment penetrated the fuselage and killed flight attendant Gilbert P. Folz. Before reaching Bunnell, the crew had messaged it was about to "ditch" the plane 60 miles off the Florida coast.

An Air Force P-80 jet plane exploded and crashed into a cornfield near Champaign, Ill., shaking a farm house a quarter-mile away. The P-80 usually carries only a pilot. Air Force spokesmen at nearby Chanute field would not comment except to say the

TO PACK WALLOP AT POLLS

Area Records Impressive Boost In Voting Strength

By A. B. SLAGLE
Avalanche-Journal Staff Writer

VOTERS on the South Plains and adjacent counties will pack a big wallop at the polls this presidential election year, on the basis of poll tax payments in the 26-county 19th congressional district which also embraces the 24-county 30th Texas senatorial district and the 119th Texas legislative district.

The 26-county congressional district, represented by Geo. H. Mahon, has a voting strength of 100,542, compared with 81,925 in 1944, the last presidential election year.

Counties Set New Marks

Nearly all counties in the district set a new high record in poll tax payments this year, but the increase was particularly noticeable in the 119th Texas legislative district of nine counties, represented by Rep. Preston E. Smith. The district is made up of the heart of the South Plains in population. This nine-county area, with nearly half the population of the entire congressional district, has a voting strength of about 50,658, compared with 37,920 in 1944.

Population figures, which are 1940 official census count, apparently are not in keeping with the poll tax count. Official figures show a population in the nine-county district is 130,204, and in the 26-county congressional district as 280,331, but various sources indicate these figures now would be at least double the official count.

Other Increases Noted

In the 24-county 30th Texas senatorial district represented by Senator Sterling J. Parrish, the population is shown as 248,483, with a 1948 voting strength of 91,512, compared with 73,164 in 1944.

All counties in the area were reported as virtually complete, except Lubbock, where it was said the actual total probably would not be known before Feb. 15. Much mail accumulated at the last minute, and the staff has not yet gotten around to all of it, Collector J. B. Johnston said. This is hard to estimate, even knowing the number of the letters, because some are sent in for groups. One letter contained applications for 50 polls, Johnston's office said.

King county's report was not available, and the office could not

Lubbock County Is Fourth In Nation In Cotton Ginnings

Old King Cotton, who has reigned long over the South, has moved his headquarters to the South Plains of Texas, according to figures on ginnings released Saturday by the Bureau of Census of the Department of Commerce.

For within the confines of the 15 South Plains counties, more cotton was produced last year than in six other Southern cotton-producing states combined and more cotton was ginned here than in any of 14 other cotton states.

The report revealed Lubbock county as the fourth-ranking cotton producing county in the entire nation and four other South Plains counties rank in the first 16 high counties in ginnings.

All-Time High Ginned

Only three other counties in the U. S., Fresno and Kern counties in California, and Mississippi county in Arkansas, excelled Lubbock county in cotton ginnings, the report revealed.

Prior to Jan. 16, Lubbock county had ginned an all-time high of 177,976 bales to become the top county in Texas in cotton ginnings.

Kern county in California was the top county with 232,597 bales; Mississippi county in Arkansas second with 209,120 bales and Fresno county in California thrid with 202,635 bales.

Other Counties High

Lamb county ranks 12th in the nation with 113,126 bales; Hockley 13th with 104,377 bales, Lynn county 14th with 104,100 bales; and Dawson county 16th with 93,795 bales.

The 15 South Plains counties ginned a total of 943,935 bales, more than 14 other entire states. The South Plains ginned more cotton than the states of Arizona, Missouri, New Mexico, Virginia, Ken-

Grain Plunge Slowed; Other Items Steady

(By The Associated Press)

CHICAGO, Feb. 7 — Plunging grain prices ran into their first stubborn resistance in four days today, but the sharp slump in values already has chipped a few cents off the retail cost of groceries.

At least four important staples in the American diet—bread, flour, lard and some pork cuts—will cost less Monday in some of the nation's chain stores as a direct result of skidding grain prices.

Pork Price Drop Likely

The possibility of generally lower retail pork prices in the near future has been brightened by declining hog prices and a backup of supplies in the wholesale levels, caused by consumer resistance to high prices.

Hog price averages at Chicago dropped 90 cents during the week to $23.75, compared with $24.85 a year earlier, marking one of the few times since the war any major commodity has declined on a year to year basis.

In Pittsburgh, a meat packer predicted that housewives would be able to buy meat cheaper next week than at any time in the last three months.

Cotton Makes Gains

Wheat prices fluctuated widely on the Chicago Board of Trade. Wheat, the kingpin in the food price structure, closed 9 cents lower to 4½ cents a bushel higher. The sharp descent in oats was halted but corn generally continued to plunge.

Mild short coverings and other buying bolstered the New York stock market, but many leaders were more or less negelcted in quiet dealings. Cotton prices closed strong with advances of $1 to $2.10 a bale.

A spokesman for one Chicago food chain explained why the slump in wheat prices was reflected so swiftly in retail price cuts. "The food situation is highly competitive and we have to act fast for this reason," he said.

Inflation Trend Claimed Halted

Despite the stiffer showing in grain prices, A. W. Zelomek of New York, economic counselor and president of the International Statistical bureau, predicted commodity prices would fall 20

New Cold Wave Blankets Plains

Today will be an "overcoat day," the weatherman warned at midnight, although a cold front that passed over Lubbock Saturday noon is not expected to bring temperatures touching those in the recent severe cold wave.

Strong winds from the northeast—ranging up to 25 miles an hour at midnight—and freezing drizzle added to the discomfort of the 26-degree midnight temperature.

Snow Forecast Monday

A minimum temperature of 18 degrees this morning was expected, and the maximum this afternoon will probably be only 34 degrees, the weatherman said.

Snow was predicted for Monday, but the weather bureau station north of the city doubted that any precipitation would fall to-

Lubbock High School To Head State Student Council Group

Lubbock High school was elected president of the Texas Association of Student Councils during the organization's two-day meeting Friday and Saturday at Thomas Jefferson High school, San Antonio, J. H. McCabe, dean of boys and student council sponsor, reported Saturday evening.

Schools, not individuals, are elected to the various offices of the association during the annual meetings, it was explained, but next year's student body president at Lubbock High school will serve as chairman for the state organization's convention.

Other schools elected to offices were Plainview, vice president, and Alamo Heights of San Antonio, parliamentarian. The secretary school, which will be host to next year's convention, is yet to be chosen, McCabe said. Plainview and Lubbock were also chosen as delegates to the national convention to be held in Washington in June, he stated.

Representatives from Lubbock High school who attended the San Antonio convention Friday and Saturday were Dan Davis, student body president; Kara Sam Dunn, vice president; Charlene Laws, secretary; and Bert Nelson, head cheer leader.

"FUNCTIONAL" SCHOOL BUILDINGS—The architect's sketch above shows a perspective of one of two new school buildings to be constructed in Lubbock, bids on which will be received Tuesday night. Prismatic glass block above windows provides maximum light throughout the building. The schools, identical, will be constructed at Thirty-sixth and Ave. W and Thirtieth and Fillmore. James Atcheson is architect for the structures. (See story Page 4, Sec. 2.)

Babson Says Market Slump Is Caused By Drop In Investments

EDITOR'S NOTE: Here's how Economist Roger W. Babson, who accurately predicted the 1929 stock market crash, views the current market slump

• • •

By ROGER W. BABSON
Written For The United Press

BOSTON Feb. 7—Three reasons underlie the recent stock market lows. These are:

1. Each year as living costs and everything else goes up in price, investors have less money left to use for buying stocks.

2. Most of the stocks today are bought by well-to-do people in the 60 to 80 per cent tax bracket. These people if they buy stock don't have more than 2½ per cent left even though stocks pay 6 per cent in dividends or even more. Hence they are buying non-taxable bonds instead of stocks.

Nearer To 'Bust'

3. Some day there will be a bust and every year we are getting nearer to this time. Hence, each month more people are gradually changing from bulls to bears.

The price of stocks depends upon supply and demand, the same as the price of beef and everything else and not upon quality and earnings. If there are more buyers than sellers, then stock prices go up. If there are more sellers than buyers, then stock prices go down.

Actually most stocks are safer and better today than they have been for many years, but due to the reasons given above, few people are now buying stocks. Hence when some rich man dies and his stock holdings are forced on the market to be sold, prices necessarily go down.

In view of the above situation and the foreign outlook, the safest course is to have one half your resources in attractive convertible bonds and the other half in cash. Then you need not ever worry what happens.

The word "music" is derived from a Greek word used for all the arts of the Nine Muses.

Weak, Watery Blood Blamed for Making Men and Women Look and Feel Older

THAN THEIR YEARS

How do you feel at the end of a day? Is that old time pep and drive lacking? Have you checked-up on your blood strength lately? Thousands now regaining glowing good looks and vitality through the release of vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a general run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that S.S.S. Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the S.S.S. Tonic formula which contains special and potent activating ingredients.

Also, S.S.S. Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on S.S.S. Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm, flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. S.S.S. Tonic helps Build Sturdy Health. Adv.

Maj. Gen. Vaughan Still Just Plain Aide To Truman

WASHINGTON, Feb. 7 (AP)—Maj. Gen. Harry H. Vaughan was back on the same old job today—just plain military aide to President Truman.

For a few hours yesterday Vaughan thought he had been promoted. He announced to newsmen that he had been named "chief" armed forces aide to the President.

A statement from White House Press Secretary Charles G. Ross dispelled the illusion. Ross said:

"There seems to have been some misapprehension. There is no ranking aide. There will be three aides, each representing one of the three coordinated branches of the service."

This was grounds for some disappointment on the part of Col. Louis Renfrow, Vaughan's assistant. The general had "promoted" Renfrow to military aide.

The general, who got the news later from reporters, shrugged it off.

"It's as much of a misdemeanor to be premature as it is to be inaccurate," he observed.

Ross had earlier announced the appointment of Col. Robert B. Landry as Mr. Truman's Air Force aide. That put three armed forces staff members in the White House for the first time in history.

Besides Landry and Vaughan, who continues as Army aide and White House coordinator of veterans affairs, there is one Naval aide, Capt. Robert L. Dennison.

Mexican Group Plans Organization In City

About 75 persons of Latin-American descent met Saturday afternoon at Guadalupe school with Eugenio V. Pesqueira, Mexican consul from Amarillo, and Ruben Garcia, vice consul, to organize a Mexican Honorary commission in Lubbock, Pesqueira reported.

The purpose of the new organization, the consul said, was to serve as a body through which the Mexican population of Lubbock can work in conjunction with the consul to promote cooperation among their own people and with other organizations in Lubbock.

They plan to promote the construction of a headquarters building for the commission, where facilities for recreation, business and other purposes can be made available for the Mexicans in this area. The commission is both non-political and non-religious, it was reported.

Similar commissions have been in operation in Lamesa and Slaton for a period of two or three years, Pesqueira stated, and the Lamesa organization has provided a building for community and social meetings of the Mexican people in that area.

Elected as officers of the Mexican Honorary commission in Lubbock were Guillermo Escabar, president; Pablo Gonzalez, first vice president; Vicente Jimanez, second vice president; Jose Lara, treasurer; and Espiridon Martinez, secretary.

ROTARIANS AID "MARCH OF DIMES"—Members of Lubbock's staid Rotary club put aside their duties of their businesses Saturday and solicited cash for the "March of Dimes" drive sponsored by the National Foundation for Infantile Paralysis. In the picture above, three Lubbock young ladies are shown contributing to the drive as Rotarians hold out boxes in front of the Wishing Well at Broadway and Ave. J. In the picture, left to right, are: Rex Webster, Rotary president; Dr. W. M. Whyburn, Texas Tech president; Miss Sally Temple, Retha Martin, managing partner of the Dunlap company; Miss Reba Mays, Mayor C. A. Bestwick, Miss Imogene Boyd, and Cecil Cale, Southwestern Bell Telephone company manager. (Avalanche-Journal Staff Photo).

Pretty Red-Haired Texas Girl Admits She Is Dope About Guns; Soldier Is Wounded

WASHINGTON, Feb. 7 (U.P.)—Jo Ann Rogers is red-haired, beautiful, 23, a native of Texas and, she admitted, a dope about firearms.

Otherwise she wouldn't have dreamed of pointing that thing at those soldiers at the Ninth street shooting gallery.

"I thought it had corks in it," she said.

It wasn't a cork, but a .22-caliber rifle bullet they dug out of Pvt. John Malone's left leg at emergency hospital. And it wasn't cork that made Malone's four companions try to scoop foxholes out of the concrete floor.

Police Explain To Her

It was bullets, police explained to Miss Rogers, fast-moving little hunks of metal which kill people when they hit the right places.

The way it happened was that Miss Rogers and her friend, 26-year-old Margie P. Hall, were on their way from Austin, Tex., where Miss Rogers was a waitress, to Grand Rapids, Mich., which is Mrs. Hall's home.

They were stopping over here for the night and thought they would go down town "for a good time." So they had four drinks, they told police as Miss Rogers put it, "we'd been drinking enough to feel right good."

Their search of fun took them to the shooting gallery where Miss Rogers reached a peak of gaiety by firing several bullets in the wrong directions.

"I didn't know I hit anyone," she said later. "We went across the street and had a sandwich after we got through shooting and this fellow comes up and says I shot a soldier."

The 17-year-old Malone, stationed at Ft. Meyer, Va., was the only one hit. Miss Rogers quoted him as saying "it was accidental."

But Municipal Judge George Neilson's view was that "the people weren't the targets." She should have aimed at those iron ducks and things.

So, Malone being still in the hospital, the judge held Miss Rogers in $1,000 bail for further hearing next Friday. Mrs. Hall was held as a witness.

Miss Rogers' eyes glistened. She hadn't meant any harm. And despite the fact that she was born and reared in Texas, "I never had a gun in my hand before in my life," she said.

Conference Speaker's Advice Is More Truth Than Poetry

CHICAGO, Feb. 7. (U.P.)—An official of a large food corporation addressed a fruit and vegetable conference at the American Farm Bureau Federation convention on "Sales Promotion and Policies in Distribution."

He ended his talk with a rhyme:

"He who whispers down a well
About the goods he has to sell
Will never make as many dollars
As he who climbs a tree and hollers."

G. D. Owens, Plains Pioneer, Is Claimed

G. D. Owens, 93, who had lived in O'Donnell and Lubbock 33 years, died at 6 o'clock Saturday morning at the home of Mrs. Ola Stewart, 1920 Ninth, where he had made his home.

Funeral services will be conducted at Rix Funeral home chapel at 10 o'clock Monday morning with Dr. J. Ralph Grant, pastor of First Baptist church officiating.

Pallbearers will be O. W. Moore, Leon Hamilton, R. F. Whitehead, H. E. Kinkead, Douglas Lowery and Burt Johnston.

Mr. Owens is survived by three daughters, Mrs. O. W. Moore, Lubbock, Mrs. H. E. Kinkead, Amarillo, Mrs. R. F. Whitehead, Fort Worth; four sons, O. R. Owens, Iowa Park, Jesse Owens, Southland, Dr. Ross Owens, San Antonio, and Mark Owens, Fort Worth; 10 grandchildren and eight great-grandchildren.

Rix Funeral home will direct interment in Memorial Park cemetery alongside his wife, who died 10 years ago.

IT HAPPENS AT HOME

FORT WAYNE, Ind. (U.P.)—Mrs. Fred Pepper's case proved again that the oddest accidents happen at home. She got the index finger of her right hand stuck in a can of wax. Armed with cutting tools, two policemen cut a circle around the imprisoned finger and pried it loose.

Use Of Aluminum On Freight Cars May Boost Load Limit

CHICAGO, Feb. 7. (U.P.)—The experimental use of aluminum in the construction of freight cars will lead to the saving of as much as 1,000,000 pounds per train if tests prove successful.

Officials of the Illinois Central Railroad are experimenting with five freight cars and one refrigerator car, made solely of aluminum and steel.

The 50-ton freight cars use steel in the framework, running gear, and on safety appliances. The rest of the car, including the reinforcing side stakes, are of aluminum.

Policy Of "Watchful Waiting" Adopted By Economic Advisers

By AUSTIN C. WEHRWEIN
United Press Staff Writer

WASHINGTON, Feb. 7 — Dr. Edwin G. Nourse, chairman of the President's council of economic advisers, said today the council has adopted a policy of "watchful waiting" on the recent stock and commodity market nosedive.

The council's "sit tight" policy set the pattern for economists throughout the government. They are hoping the market break is a signal that the cap has been put on the inflation spiral, but are awaiting further developments before recommending any new policies.

Expert Stumped

Nourse's council, which is President Truman's top economic staff, does not plan a special report. The next regular report is due at the end of March, when Nourse and his colleagues will draft a set of confidential recommendations for the President and his cabinet.

Secretary of Agriculture Clinton P. Anderson said of the market break, "It's too fast for me."

"I don't think a soul understands it," he added.

On Capitol Hill, Chairman Clifford R. Hope, R., Kans., of the House Agriculture committee, said he'd be "surprised if the market doesn't bounce back."

"There doesn't seem to be anything in the general picture to justify a big drop," Hope said. "There still is a big demand for wheat. I don't think wheat prices were out of line, but the price of corn was. When the government begins to buy again, I look for the prices to stiffen."

Labor's Plans Unchanged

The Agriculture department reported that one probable reason for the decline in grain prices is that farmers are killing livestock and poultry rather than feeding them on high-priced grain. Optimism for world wheat supplies is another factor, the department said.

Chairman Jesse P. Wolcott, R., Mich., of the House Banking committee, said the market slump may be the "stabilizing recession we've all been looking for for some months."

Wolcott said he expects "some degree of stabilization in spite of the administration's policies."

Suggestions by administration economists that the prospect of lower prices would "cool off" labor's campaign for a third round of wage increases was firmly discounted in labor circles. Union leaders pointed out that prices are so high that it would take a drastic decline to take the steam out of the wage drive.

How Deafened People Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music and friendly companionship Accepted by the American Medical Association's Council on Physical Therapy. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 22 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Beltone today.—Adv.

Lt. J. E. White Of Idalou Is Recalled To Active Duty With U. S. Air Force At Ft. Worth

CARSWELL AIR FORCE BASE, Fort Worth—Lt. J. E. White, son of Mr. and Mrs. R. J. White of Idalou, Texas, has been recalled to active duty with the United States Air Force. He reported to Carswell Air Force Base, Fort Worth, to take the assignment of Radio Officer, Squadron A, 7th Bomb Wing, 8th Air Force of Strategic Air Command.

WHITE

Lt. White first entered the service in January 1943 and served 15 months as an enlisted man prior to receiving his commission.

A veteran of 18 months overseas service in Italy, the lieutenant wears the Air Medal with 2 oak leaf clusters, the Purple Heart and the European Theater Operations ribbon, with 4 battle stars. He returned to inactive duty in December 1946.

His wife, Verna, and their 15-month-old son, Jamie Carlis, are now living in Idalou, Texas, at the present time.

Two Persons Killed When Car Hits Truck East Of Mineola

MINEOLA, Feb. 7 (AP) — Richard W. Tanner, 68, of Arlington, and Mrs. Bettye D. Maxfield, 50, of Route 2, Marshall, were killed instantly in a car-truck collision on Highway 80, ten miles east of here late last night.

Tanner was a mathematics professor at North Texas Agriculture college in Arlington.

Highway patrolmen investigating the accident said the car in which the two were riding smashed into the rear of a truck parked beside the highway.

RAISE ANNOUNCED

MEXICO CITY, Feb. 7 (U.P.) — After a conference with union officials, President Miguel Aleman today ordered a $9 (U. S.) per month raise for Southern Pacific of Mexico employes instead of the $6 per month increase announced earlier this week. The union had asked for $12.

Heart Week To Be Observed Here

Plains district, American Heart association, is co-operating with the national organization in observance of National Heart week, which begins today and continues through Saturday. Main purpose of the observance is to acquaint the public with facts concerning heart disease and rheumatic fever, which together constitute the leading cause of death in this country.

A fund-raising campaign is being conducted in Lubbock through Feb. 29 to help raise finances to help carry on research in the heretofore neglected field. Red, heart-shaped, plastic collection boxes have been placed in downtown business establishments with counter cards which carry the legend, "Give to Fight Heart Disease, America's Number One Killer." Mrs. Albert Fortenberry and Miss Reuby Tom Rhodes were in charge of distributing the collection hearts.

Dr. Sam C. Arnett, jr., of the Plains clinic staff, is chairman of the Plains district.

More Students Needed To Begin Secretarial Classes At Tech

Several women in the city have expressed desire for an IBM (secreterial administration) course, but additional enrollees are necessary before a class could be established, it was announced yesterday by Dr. J. H. Millikin, director of extension at Texas Tech college.

Saying that a minimum of ten is required for the course, Dr. Millikin asked that others interested in such a course call his office at the college. He said it would be about the same course that was offered last year, and can be on the basis of credit or without.

Classes probably would be held Monday or Tuesday night of each week, Dr. Millikin said, with Mrs. Addie B. Mauzey as instructor.

Collusion Alleged In Charge Filed Against Insurance Firm

SAN ANTONIO, Feb. 7 (U.P.)—The district attorney's office here today filed two suits charging the Ralph Hammon Insurance agency with paying rebates to a finance company against which two suits are pending.

It was believed to be the first case of its kind ever filed in Texas.

The complaint alleged that persons who obtained auto loans from the finance company were forced to take out hazard insurance with the Hammond agency.

Hammond, in return to the finance company for having business channeled to him, allegedly paid back 15 per cent in rebate.

The insurance man and former wrestler surrendered his license yesterday.

Two cases are pending against the finance company for accepting the alleged rebates.

Houston County Broadcasting Company Receives FCC Grant

WASHINGTON, Feb. 7 (U.P.) — A standard broadcasting grant was announced by the Federal Communications commission to the Houston County Broadcasting Co., Crockett, Tex.

The permit was to operate on 1570 kilocycles, 250 watt power, daytime only.

Partners named in the original application were David W. Atliff, Stamford, Tex., and Guy C. Hutcheson, Arlington, Tex.

Galveston Shows Nice Profit In Series Of Gambling Raids

GALVESTON, Feb. 7 (U.P.)—Galveston coffers were richer by $7,000 today following a series of raids against gambling places Thursday night.

The fines totaling $7,000.25, levied by Corporation Court Judge Edward Jahn, were paid by 65 club and tavern owners.

Last September, gambling raids in the Isle City resulted in a total of $10,000 in fines against offenders.

The site of the Biblical city of Dan now is occupied by a Jewish farm center of the same name.

Union Accepts Greyhound Bus Lines Salary Increase Offer

KANSAS CITY, Mo., Feb. 7 (U.P.) —A second wage offer to its employes by the Southwestern Greyhound Bus lines was accepted last night by the workers, T. R. McGovern, secretary-treasurer of the Greyhound Workers union, announced here today.

The union is Division No. 1313 of the Amalgamated Association of Street Electric Railways and Motor Coach Employes of America.

McGovern said the increase for drivers will be from 5.65 cents a mile to 5.85 cents a mile. Terminal employes except porters and maids were given a five-cent per hour boost to a top of $1.41.

Porters and maids were given a two-cent an hour raise to their pay to 72 cents per hour.

The Southwestern Greyhound bus division is comprised of employes from Missouri, Kansas, Oklahoma, Colorado, Tennessee, Arkansas, Louisiana, Texas, and New Mexico.

The increases are retroactive to Dec. 16, 1947.

MORE INFLATION

SHANGHAI, Feb. 7 (AP)—Inflation spiraled to dizzier heights today with rice reaching an all-time high of 1,800,000 yuan ($9.50) per picul, or 133 pounds.

TO MAKE INSPECTION

MEXICO CITY, Feb. 7 (U.P.) — President Miguel Aleman is tentatively scheduled to make a tour of northwestern Mexico in March to inspect highway and railroad construction projects, the ministry of communications announced today. He probably will go as far north as Mexicali, Baja California, the announcement said.

Everyone knows where this one's going

Tune in HENRY J. TAYLOR, Mutual Network, Mondays and Fridays

White sidewall tires, as illustrated, available at extra cost.

No, it hasn't always been easy, here of late, to be absolutely sure just which way automobile design was heading.

So it's a refreshing thing, people tell us, to see one car that quite clearly knows where it's going — and shows it inside and out.

You can't mistake this poised and ready fashion plate for anything but a Buick — you're sure from a glance that you'll find it steady as a battle cruiser and full of ginger as one of Grandma's cookies.

A broad bonnet promises plenty-power—and you get it with such velvety new smoothness that you need to check the battery-charge needle to make sure the engine's running.

You size it up as comfortable. The road's verdict is that it's the most tireless car on the market, what with four coil springs, pillowy low-pressure tires and a wholly new attack on car vibration keeping you fresh through the longest day.

You find quiet here — quiet that encourages conversation — quiet from Sound-Sorber top lining that invites conversation in normal tones.

And if it's a Dynaflow Roadmaster you're handling, here you can sample driving ease that is near magic in its simplicity.

You set a lever, press the gas treadle — and simply steer. The power plant does all the rest — swoops you up from standstill to full pace, accelerates, climbs, slows to a stop, starts up again — all without *any* gearshifting, *either manual or automatic!*

So it's pretty plain where this one's heading — it's going even higher in the regard of the motoring public.

Why not see your Buick dealer now and get your order in?

No gears ever shift in DYNAFLOW DRIVE*

In Buick's new Dynaflow Drive, sliding gear transmissions and complex gear-changers are made unnecessary. You simply set a selector lever and step on the gas. The power plant does the rest, adjusting itself to varying driving conditions with utter smoothness. You start up — accelerate — climb hills — cruise — stop — start up again — all without touching the selector lever.

*Optional at extra cost on Roadmaster models.

BUICK'S the one and only
WITH ALL THESE FEATURES

Demo Leaders In Texas Taking Calm Attitude Toward Revolt

By DAVE CHEAVENS
Associated Press Staff Writer

AUSTIN, Feb. 7—The threatened revolt of southern Democrats apparently is not making much headway with the folks now running the party in Texas.

Most members of the executive committee seemed to have taken a cue from Chairman Robert W. Calvert, who urged calm in face of the storm of protests from some other southern states over President Truman's civil rights proposals.

No Drastic Action Seen

At Austin, Committeeman Jerome Sneed said that while the President's recommendations were "incomprehensible", there should be no hothead action.

Sneed is the committee member from the 20th district. He was Gov. Beauford H. Jester's Travis county campaign manager, is considered as being very close to the governor. He carried the ball for Jester recently when the state committee threatened to withhold Texas support for the national party's affairs if the party did not help Texas in its tidelands fight.

Committeeman Neville Penrose of Fort Worth also had something to say on the money question.

"For sometime past there has been a strong feeling among Texas Democrats that monies being sent from Texas to the national committee in Washington were being used against the interests of the party in the South," he said.

Proposals Are Hit

"It does beem foolish for party workers to raise money which is being used to deprive us of the title to our tidelands which may take as much as a billion dollars from our school children, or is being used to enact an FEPC bill which the vast majority of Texans do not want, or to abolish the poll tax, or to pass a federal anti-lynching bill, or other measures unpopular and distasteful to the majority of the Texas Democrats."

He said as chairman of the state finance committee, he was proceeding under the direction of the state party leadership to put the state committee in a strong financial position.

Penrose said the money would be held by the state finance committee "for such purposes as appear to be in the best interests of the State of Texas."

He and Calvert were conferring in Fort Worth today.

Other committee members contacted over the state by telephone generally agreed it was too early or even futile to be talking about kicking entirely over the party traces.

The narwhal is a playful Arctic whale, frequently seen crossing tusks in a manner suggesting fencing.

FUNERAL PLANNED— Mrs. Northula Peel, above, of 1510 Twenty-fifth died at 10 o'clock Friday morning in Ardoins hospital in Ville Platte, La., after a short illness. Funeral services will be conducted at 2 o'clock Monday afternoon at Broadway Church of Christ, with Dr. M. Norvel Young, minister, officiating. The body will lie in state at Sanders Funeral home today. Mrs. Peel was born at Bowie Dec. 18, 1917. She was graduated from Lubbock High school in 1936. She had been a member of the Broadway Church of Christ 16 years. Survivors include her husband, Rudolph Peel; one son, Don Bennett, 7; one daughter, Paulette, 4; her parents, Mr. and Mrs. J. H. Bennett of Lubbock; one sister, Mrs. B. W. Cawthorne of Hazlehurst, Miss., and one brother, T. O. Bennett of Dallas.

R. E. Blair, 70, Royse City Resident, Is Death Victim

R. E. Blair, 70, of Royse City, died in West Texas hospital at 3:47 o'clock Saturday afternoon.

He had been a patient several days, after having become seriously ill while en route from El Paso to his home. He had been ill for some time and had been visiting in El Paso.

The body was taken to Rix Funeral home, and will be sent to Royse City for services and burial. Definite arrangements had not been made late Saturday night.

Mr. Blair is survived by a son, G. W. Blair, El Paso, and a daughter, Mrs. O. P. Hankins of 2221 Fifteenth; and two grandchildren.

The surface of the Caspian sea is 40 feet lower than it was in the 14th Century.

Sabotage Of Korean Traffic Is Reported

SEOUL, Korea, Feb. 7 (AP) — Widespread sabotage of rail traffic and telegraph communication lines was reported today—incidents regarded by U. S. authorities as pressure to force the United Nations commission to leave Korea.

Handbills circulated throughout South Korea called for a general strike. Two notices delivered to Lt. Gen. John R. Hodge, U. S. occupation commander, warned of a three-day strike to force the commission's departure.

The commission voted yesterday to refer back to the U. N. Little Assembly the problem of conducting elections preliminary to Korean independence. Russia's refusal to permit entry into North Korea has stumped the commission.

The U. S. Army, which occupies South Korea, reported a 12-car train was derailed about 30 miles east of Seoul, and that tracks were damaged elsewhere in five places. Gauges, valves and drive rods were removed from 49 locomotives.

Telegraph lines from Seoul were cut in many places.

The army announced 22 persons had been arrested.

Benito Mussolini, son of a blacksmith, started his career as a school teacher.

Father Kills Son And Self

SAN ANTONIO, Feb. 7 (AP) — A father and son were both dead here today from what police termed as the mercy killing of a young invalid by his father who then drank poison mixed with grapefruit juice which brought about his death a few hours later.

The father, Robert Heye, 46, died in a hospital shortly after Justice of the Peace Frank Vaughan had returned a coroner's verdict of "murder by poisoning" in the death of 17-year-old Robert (Billie) Heye, an invalid since birth.

Coroner Renders Verdict

Under treatment for shock was Mrs. Elfreida Heye, the mother, who returned home from a wedding shower to find her son groaning and her husband violently ill. A physician who was summoned notified police.

Lt. Joe Hester, San Antonio police homicide department said it was a case of a mercy killing and suicide. His statement was upheld in the coroner's verdict returned by Justice of the Peace Frank Vaughan of suicide in the father's death and homicide in the boy's death.

Southwest Businessman Dies At Stephenville Yesterday

STEPHENVILLE, Tex., Feb. 7 (AP)—Ross R. Wolfe, one of the largest and best known nurserymen in the Southwest, died at his home here today after an extended illness.

Funeral services will be held Monday at 10:30 a. m. at the First Baptist church.

Active in business, civic and church affairs, Wolfe had nursery interests in several other places in Texas, Oklahoma, New Mexico and Arkansas. He was keenly interested and helped to promote soil conservation.

Men, Regain Youthful Vigor

Here Is a Vital Message to Men of 40, 60 or Older Men Who Feel That The Years Have Let Them Down

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a simple method that may change your whole outlook on life. Don't feel old and worn out at 40, 50 or more. Why not try to regain the pleasures of living you once enjoyed; why be discouraged? Regain the verve and zest of a much younger man. Just ask your druggist for Caltrox stimulating tablets. Take as directed on label. There is nothing harmful in Caltrox tablets. Take as long as you feel you need them. Added years may no longer deprive you of desired enjoyments. Why be the victim of the "older" years?

Don't Be Discouraged

Goethe finished Faust at 80; Cunnie Mack is still managing the Athletics at 85; Titian painted masterpieces between 80 and 99; Clara Barton was an active president of the Red Cross at 83; Verdi was composing, Victor Hugo was writing, Corot was painting long after 80.

So don't let the added years get you down. Why not try Caltrox tablets today? Available at all druggists.

CAA Gets Lots Of Solutions To Problems Of Air Flight Safety

BY HARMAN W. NICHOLS
United Press Staff Writer

WASHINGTON, Feb. 7 — The Civil Aeronautics administration has been informed that everything is under control and it can stop fiddlin' around with experiments.

A man wrote in from a suburb of Paris, France, to say he has invented a plane that takes all of the danger out of flying. It'll be the biggest boon to aviation since the biplane, he said. No longer will people have to worry about getting down after they get up. Flights, he said, can be made in his plane in rain, wind and snow.

NICHOLS

Solutions Offered

The Frenchman was very mysterious, though, about how his new flying machine works.

"If you have a real fast plane," he wrote to the CAA "you'll get in it without delay and come to see me ahead of the competition. I'm not taking any chances on patent rights, either, and I want my own witnesses there when you look over my model."

The inventor added that his new mystery ship plays no favorites. It will, he said, safeguard the lives of "crew as well as prominent and non-prominent passengers." He signed his name to the letter and added a P.S.: "Safety First."

The CAA turned the letter over to the army, as it does many of the others it gets every day.

Everybody Is Safe

For example, yesterday the CAA got a memo in Spanish from a man in Anasco, Puerto Rico. He wrote that he was grieved by all of the misery caused by plane crackups. In fact, so worked up he had done something about it. Another new plane.

This ship, he said, is kind of a two-ply affair. One plane on top of the other. The bottom one has engines and also carries all of the luggage. The top one-attached, of course — is where the people sit.

Say, said the inventor, that you are flying from London to New York. Along comes engine trouble and the plane crashed in a swamp. (He didn't say how the pilot was going to find a swamp in the middle of the Atlantic).

"No lives are lost," he said, "because all of the folks are on the top part where they don't feel the jar, although usually most of the equipment is damaged." The man didn't explain things any further.

Semi-Vertical Descent

A man from Holland airmailed his plans for a gadget to take the place of parachutes. His invention, he said, is neither a plane nor a 'chute. It's based on the counter-current-roto-principle. That, he said, shows the speed of the fall and the jumper then comes down kind of on the bias — at a 60 degree angle. That gives him a chance to see where he's going so he can pick his landing place. His invention is carried on the back, the Dutchman said, and is about three times the size of a normal person. If the CAA wanted all of the dope, he wrote, it could send a self-addressed envelope. A stamped one. The CAA didn't.

A German wrote and said that now that we're not mad at Germany any more he felt proud to turn over his latest think piece. It is a sort of airborne airplane carrier. The man said it was a novelty, and that's putting it mildly. It's a mother plane with four to six little planes inside. The carrier approaches a landing field, the pilot pecks a button and out drop all of the little planes. The big plane cruises around until all of the passengers, who had been sitting in the little planes during the flight, get out and other passengers get in. Then mama plane swoops down, scoops up her brood and off into the blue she goes again.

The CAA doesn't know what to think of that one.

Nine Convicted Of Subversive Activities Executed In Greece

ATHENS, Feb. 7 (AP)—Nine persons convicted of subversive activities were executed in Greece yesterday—four in Salonika and five in Tripoli.

Fifty-seven persons were arrested, charged with being part of a Communist espionage ring in Salonika. The ring was accused of having spies in the army.

FUR GOSHAKES! — You've heard of the fur-lined bathtub. Well, here's a matching ermine bathing suit and umbrella, modeled recently at a Miami Beach, Fla., fur fashion show. Since ermine costs what it does, the suit is strictly for show, just what Patsy Simmons, of Washington, D. C., is doing.

The first lighthouse in the United States, a tall masonry tower, was built at the entrance to Boston harbor in 1716.

Economic Counselor Predicts Early Commodity Price Drop

CINCINNATI, Feb. 7 (AP) — A. W. Zelomek of New York, economic counselor and president of the International Statistical bureau, last night predicted a 20 to 25 per cent drop in commodity prices which set in earlier this week, "is the forerunner of a general downward trend."

"The back of inflation has been broken," he declared, "but it will take people a few months to realize it."

Fourth largest state in the Union, New Mexico, has an area of 121,000 square miles.

Three Girls Die In Birthday Party Fire

WAUKEGAN, Ill., Feb. 7 (AP)—Three young sisters perished and and three of their brothers suffered burns, one severe, in a fire in the basement of their home in nearby round Lake Beach last night as they celebrated a birthday party for one of the victims.

The dead were Doris Elaine Jones, 9, who was guest of honor at the party, and her sisters, Victoria, 2, and Rebecca, 14.

Their brother, Louis, 17, was seriously burned as he attempted to rescue his younger three brothers and sisters. James, 6, and Donald, 12, suffered burns, but John, 4, escaped without injuries.

Sheriff Walter L. Atkinson of Lake county said the fire broke out when one of the children threw some gasoline on a coal stove fire.

MORE NOISE, PLEASE

BLOOMINGTON, Ind. (U.P.) — Indiana University invited high school cheer leaders from all over the Hoosier state to the first annual state yell leaders' conference. The university cheer leaders told the prep school group how to yell louder and get more noise out of the fans at athletic events.

Ex-Navy Chaplain Enters Race For Governorship Of Georgia

MACON, Ga., Feb. 7 (AP)—An ex-navy chaplain, ousted from his church for denouncing "white supremacy" today announced his candidacy for governor of Georgia in the Democratic primary.

The Rev. Joseph A. Rabun received nationwide attention last year when removed from his pastorate at McRae, Ga., the home and political stronghold of Herman Talmadge, Georgia's outspoken advocate of white rule.

MIXED BLISS

BERNALILLO, N. M. (U.P.)—A man is operating a bar here on a marriage license instead of a liquor license. The county clerk, Johnny Archibeque, said he found the mixup in records issued before he took office.

United States Army Is Looking For Women With Feminine Touch

BY MARTHA COLE
Associated Press Staff Writer

The United States Army is looking for women with a feminine touch to bring a touch of home to its soldiers overseas.

The special services division of the army sent a representative to Dallas seeking women to go to the Far East and work in service clubs there.

Now thirty girls will be adding a "little touch of Texas" to Guam, Korea, Okinawa, the Philippines and Japan.

"What we want are wholesome girls," said Mrs. C. W. Chalker, army representative, "girls who are feminine, who are inspired to do this job and have the capacity to get along with persons."

Will Have No Ranks

"They will live on army posts, but they won't have ranks, because that would destroy some of the feminine air."

Mrs. Chalker wore the powder blue gabardine suit with a shoulder patch resembling a rainbow which is the uniform for army hostesses. She herself was petite and feminine with the pleasant efficiency of one who likes the job she's doing.

More than 60 Texas women were interviewed and 30 were accepted while Mrs. Chalker was in Dallas. Specific qualifications were age between 25 and 40, college training and recreational experience and an okay from the regular army physical examination.

"These girls who were accepted are not adventure seekers," Mrs. Chalker said. "They've been in recreation work and want to make it their career. All of them either were music or physical education majors in college or have a background of arts and crafts."

Work In Clubs

The women will work in clubs in buildings ranging from a quonset hut in Korea to the five-story bankers' club in Tokyo. They'll work in rest camps, leave hotels, information centers as well as the service clubs on army posts.

"Wherever they are, it'll be a touch of home," Mrs. Chalker explained. "Most of the soldiers today are young—18 to 21—and are at that impressionable age where they need guidance in all matters of worthwhile recreation.

"They don't get too homesick in Japan. The Eighth Army gives a lot of special services and especially anything in sports to fill the soldier's time in his off-hours."

Mrs. Chalker asid that more hostesses still were needed. Anyone with the right qualifications may apply by writing to the U. S. Army, Office of Special Services, Washington 25, D. C. Salaries range from $3,000 to $4,000 annually.

RESEARCH DIRECTOR —Miss Alma Girand, above, formerly of Lubbock but now residing in Trenton, N.J., has been appointed research director of Lit Brothers, large Philadelphia, Pa., department store. Daughter of W. D. Girand, 2005 Twenty-sixth, Miss Girand has been in the East several years where she has been connected with various leading department stores. She formerly was with Evert's Jewelers, Dallas, and also formerly worked with local stores. She has lectured throughout the U.S. on china, its history and uses and has arranged numerous displays on table settings for special occasions in several department stores. She is a member of the American Marketing association, American Federation of Advertising and is president of the Pilot club of Trenton.

GLIDERS TO COMPETE

SAN DIEGO (U.P.)—About 30 pilots are expected to compete for trophies and cash awards in the second annual Pacific Coast midwinter soaring championships for glider pilots at Torrey Pines Feb. 28-29, the chamber of commerce aviation committee announced.

Tech's Dean Allen Asked To Settle Language Dispute

James G. Allen, dean of men and professor of English at Texas Technological College, has been called upon from halfway around the world to settle a controversy on English grammar.

The dean received a letter from a former student, now with the navy in the Pacific, asking if the following group of words could be punctuated so as to make sense: "That that that that man used is incorrect."

After some thought and considerable doodling around with commas and quotation marks, Allen answered in the affirmative, with the following punctuation: "That 'that that' that that man used is incorrect."

"However," he added, "the pronoun 'that' is supposed to be used to make a sentence clear. If you feel called upon to express a thought this complicated, it might be simpler if you used sign language or called on the services of an interpreter!"

"OLD ABE" CARRIES ON

BOSTON (U.P.)—The "Abe Lincoln," a 35-year-old coal-burning fire pumper, is still used by the Boston fire department. At a mid-winter fire which did $1,000,000 damage to a warehouse, "Old Abe" was coaled up to provide ice-melting steam that cleared ladders and trucks in half the time it would have taken to chop them free.

Dionne Quintuplets, At Age Of Fourteen, Are Now Aunts

NORTH BAY, Ont., Feb. 7 (AP)—The Dionne quintuplets, who will be 14 next May 28, are aunts now.

Their first niece was born yesterday.

She is the first child of their elder brother and sister-in-law, Mr. and Mrs. Ernest Dionne.

The Volga river is icebound for an average of 112 days out of each year.

THEY BIT ON THIS—Dentists attending a convention in Philadelphia picked these two girls to model the latest device used in measuring the precise bite of patients in the market for artificial teeth. Wearing the gadgets—they are called Condylometers—are Lillian Kramer (left), an oral hygiene student, and Elaine Brett, a dental technician.—(AP Wirephoto).

Kennel Club To Hold Meeting Here Today

First regular meeting of the recently organized Heart of the Plains Kennel club, embracing owners and breeders of all types of dogs, is to be held this afternoon at 2:30 o'clock in the Party house in Mackenzie park, when club directors are to be elected, it was announced yesterday.

The charter membership list is being held open, the announcement said, and members may still enroll in that classification.

Regular meeting of the South Plains Cocker Spaniel Specialty club was held Thursday night at the Party house, when officers for the next year were announced.

Mrs. G. C. Beard was announced as president, Kelley Nail as vice president, Jane Hess as secretary-treasurer. Directors are Mrs. James Baker and Pat Patterson. Committee chairmen are Cecil Paschall, program; Mr. and Mrs. Hafoid Ball, membership; Mrs. Cecil Paschall, publicity; and Mr. and Mrs. Harry Howle, house committee.

Harold Ball spoke on "Cocker Standards," demonstrating his talk with charts and a dog, pointing up both good and bad points as based on American Kennel club standards. The group discussed a show to be held at an unannounced date.

Many spices were used as medicine in ancient times.

The violoncello is played sitting.

Education Committee Studying Move To Improve Texas Schools

AUSTIN, Feb. 7 (AP)—The Gilmer- Aikin Committee on Education today established its first direct communication lines with the "grass roots" sections of the state.

One hundred twenty-five persons, representing some 50 service organizations of Texas, met in the state capitol to find out what they can do to help improve the public education system of Texas.

At the same time, the Gilmer-Aikin committee announced the names of some 75 Texas men and women who will serve on five statewide advisory committees. These committees amount to an enlargement of the Gilmer-Aikin group's five major subcommittees.

Survey Is Authorized

State Sen. James E. Taylor, chairman of the Gilmer-Aikin committee, told today's meeting:

"We want you to help us devise ways and means for providing the kind of education system that the people of Texas want."

(The Gilmer-Aikin committee was authorized by the 50th legislature to survey Texas' educational problems and needs for a long range point of view to make recommendations to the 51st legislature next January for improvement of education.)

Dr. L. D. Haskew, dean of the University of Texas college of education and technical consultant for the committee, called for "fact-finding" projects which civic bodies think might be of service to the Gilmer-Aikin committee.

Dr. J. W. Edgar, superintendent of Austin schools and a member of the Gilmer-Aikin committee, conducted a discussion period in which the organization representatives were invited to voice opinions and ask questions.

Ben Woodall, Marshall attorney and lieutenant governor of District 13, Kiwanis International, lambasted federal encroachment into state education.

"Federal intervention in our schools will finally mean federal intervention in racial segregation.

"I, for one, am not going to take it lying down," he thundered.

He said he was expressing only his individual opinion. "Some of you probably won't agree with me," he said.

Dr. W. T. White, Dallas superintendent of schools, also touched on segregation issues.

"I think the effort of the NCAAP (National Association for the Advancement of Colored People) to break down segregation is unwise, but that's one of the problems we face in Texas," he said.

Finances Also Studied

Dr. White indicated his concern with the problem of financing the public school system.

He said it will take a "great deal more money" to bring the level of education to what it should be. Two fundamental things should be remembered he said: 1. Provision must be made to help economically dependent communities. 2. There must be a "stability of budget" at the local level, so the schools will not be dependent on the decision of any state school officer or agency at the beginning of each school year.

California had 20,000 black bears in 1947, according to official estimates.

Victim Of Wreck Is Identified

Positive identification of one of two men who burned to death the night of Dec. 16 five miles east of Idalou on U. S. highway 82 was made by two Byers, Texas, women Friday, it was announced here Saturday morning.

Capt. E. L. Posey, commanding officer of the Lubbock district of the Texas Highway patrol, said the man was identified by his clothing and other personal effects as Benjamin Franklin Woods, 50, of Byers, who had left his wife and three young children for Lubbock, planning to pull cotton.

Other Victim Identified

The other victim was identified almost immediately after the crash. He was Clarence Brady Bingham, 36, a farmer and cotton dealer of Anton route 1.

Bingham's pickup and one driven by Milton Bledsoe, 26, a negro employed on the Joe Jenkins farm on Lorenzo route 1, were those in the collision. Bledsoe, his wife and Bill Johnson, another negro, suffered slight injuries.

Even a suggestion of identity of Woods, who was riding in Bingham's car, evaded efforts of officials until, several days ago, a letter was received here from Mrs. Woods.

She said she was not financially able to come to Lubbock to attempt identifiation of the clothing and other personal effects, but asked several questions.

Clothing Taken To Byers

Capt. Posey sent a teletype message to Wichita Falls, asking if officers there would meet two highway patrolmen from Lubbock, T. A. Rowland and J. R. Whitmire, and accept clothing and other effects for delivery to Mrs. Woods.

The officers met Friday, and, a few hours later, Mrs. Woods identified the following effects as having belonged to her husband.

A brown Army bag, two pairs of blue jeans, a pair of overalls, a blue denim jumper, a tan sweater, two cotton plaid shirts, a safety razor, an open-type razor with a strop, a pair of gold-rim thicklense glasses, a tie, tie clasp, a box of snuff, underwear, writing materials, a pencil, and a cheap open-face watch.

A storekeeper, in the rear of whose building Mrs. Woods has living quarters, also said she recalled Woods' possession of some of the clothing.

Mrs. Woods said in her letter she was writing because she had read in the papers accounts under Lubbock datelines of the crash and a general description of the unidentified crash victim's possessions.

She explained the lack of laundry marks in the clothing as resulting from Woods' doing of his own laundry.

Bingham had been to Seymour to transact business and was en route home at the time of the crash. Officials never learned when Woods entered the Bingham car, but had been informed by a woman that she had seen a man answering description of the man—50 years old and 5 feet 5 inches tall—standing beside a small bag on the highway just outside Seymour the afternoon of Dec. 16.

Funeral Services Are Held For Elmer L. McCain Here

Funeral services for Elmer Leonard McCain, 22, son of Mrs. Lola McCain of 1911 Sixth, who was the third victim claimed as result of a near headon crash near Lorenzo Thursday, were conducted Saturday afternoon at Tabernacle Baptist church.

Burial services are to be conducted at 2:30 p. m. today at Silverton cemetery, where body of his father is buried. The McCains formerly lived in Silverton.

The body of Robert O'Mahony, 37, of Cincinnati, was brought to Rix funeral home Saturday from Marr Funeral home of Ralls, in accordance with telegraphic instructions from relatives. O'Mahony and his mother, Mrs. Minnie O'Mahony of Charleston, W. Va., died as a result of the crash in which McCain suffered fatal injuries. A son-in-law and daughter of Mrs. O'Mahony's, Mr. and Mrs. T. D. Lane of Charleston, had not arrived Saturday night.

Prospective Juror Gives Self Away When Queried On Excuse

SHELBYVILLE, Ind., Feb. 7 (U.P.)—A 74-year-old man was called for jury duty in a murder trial. He asked that he be excused because he was hard of hearing.

"Can you hear me now?" said an attorney in a low voice from across the room.

"No, I cannot," replied the prospective juror.

Higher Education Is Getting Popular In U.S., Study Shows

CLEVELAND, Feb. 7. (U.P.)—Contrary to popular belief, government subsidy of veterans is not the main cause of high college enrollment, but only a contributing factor, a memorandum prepared by the late president of Fenn College two days before his death said.

Surveys show the average veteran would have entered college anyway, Dr. C. V. Thomas said. He pointed out that going to college is becoming part of the social pattern—becoming contagious and likely to be as common as secondary education once was.

"For the first time in history, the world is witnessing the beginnings of an experiment in higher education for the masses. It behooves educators then to guard zealously the great experiment that somehow has fallen abruptly into their hands, because only in America will we have this opportunity," Dr. Thomas said.

In conclusion, he pointed out that there are 2,338,226 college students today and predicted that after 1960 there would be upwards of 3,000,000 persons seeking a higher education annually.

Nebraska Man Sticks To Rules After His Arrest For Speeding

OMAHA, Neb., Feb. 7. (U.P.)—Wallace E. Huen, 21, arrested for speeding, refused to drive to the police station with the arresting officer and was towed in.

"Why didn't you drive to the station?" Judge Lester Palmer asked.

"Well, the officer had my driver's license," Huen replied, "and I understood it was a violation of the law to drive without a license."

50 POUNDS LOST WITH BARCENTRATE

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Here is what Mrs. C. M. Earsh, 305 N. 12th St., McAllen, Texas, says about Barcentrate: "I want to tell you that I have lost 50 pounds since taking Barcentrate. I still want to lose 20 more pounds as I now weigh 167, a reduction from 217 pounds."

To lose weight the grapefruit juice way, get Barcentrate from your favorite druggist today.

Justice Brewster To Seek Six-Year Term

AUSTIN, Feb. 7 (AP)—Associate Justice Few Brewster today announced he would seek election to a full six-year term on the State Supreme Court.

Brewster advanced to an associate justiceship from the commission of appeals when the constitutional amendment enlarging membership of the court to nine was adopted in 1945.

Brewster first came to the court as a member of the commission of appeals in 1941. He will run for associate justice, place 1.

For nearly 13 years before he was appointed to the supreme court's commission of appeals, Brewster had served as district judge of Bell, Lampasas and Mills counties.

He was county attorney of Bell county and district attorney of Bell, and Mills county. When the State Bar was reorganized in its present form, Brewster was the first man to be elected president on the basis of a statewide mail ballot.

SWEETHEART COIF—Sweet and simple lines form this romantic and lovely hairdress. Gentle flowing waves sweep gracefully back from a side part to frame the face in a most flattering manner. The crown is smooth and cap-like so right for the new millinery; ears are cleverly covered by the fullness of the deep wave that circles the back just above the cluster of soft brushed curls at the nape. Though simple and practical, this hairdo can not be acnieved without proper hair cutting and shaping, and with te basic requirement of a soft permanent wave.

Texans Oppose Controls On Oil, Say Steel, Fair Prices Needed

By MAX B. SKELTON
Associated Press Staff Writer

HOUSTON, Feb. 7—Two Texans, one a state official and the other an independent oil operator, have advised Congress that fair prices and adequate steel supplies and not governmental price control are the answers needed for solving the nation's unprecedented demand for petroleum products.

Ernest O. Thompson, chairman of the Texas Railroad commission and Glenn H. McCarthy, Houston independent oilman, made vigorous protests against governmental controls in testifying before the Senate Banking and Currency committee.

Rationing Is Opposed

Said Thompson: "If price is let alone for free play and steel is made available, we will have plenty of oil from new discoveries."

Said McCarthy: "Given a fair price and a chance to buy pipe and equipment, the nation's independents will discover and develop reserves untold for our nation's economy and defense."

The Senate committee, headed by Senator Charles W. Tobey, (R-NH), is considering a number of rationing and price control proposals.

Thompson continued: "As to rationing, I feel certain that long before we could institute rationing the winter would be over and you would have a costly and unnecessary agency on your hands."

Urging the committee to refuse to return the industry to conditions of price control, McCarthy said "if you do, you threaten the existence of the remaining independents."

"You must know," the Houston resident continued, "the major, integrated companies are not seriously opposed to price control, particularly of crude oil, but I can tell you that the independent operator, the landowner, the royalty owner, and the collectors of school taxes in our state are opposed to it."

New Wells Predicted

World Oil's 1948 petroleum industry forecast predicts that 34,811 news wells will be drilled in the United States this year with a total footage of 119,357,000 (million) feet, the figures representing an increase of approximately 5 percent over 1947 operations.

Other predictions:

Exploratory wells for 1948 will exceed those of 1947 by 10 per cent.

Texas will drill 10,676 new wells, as compared with 9,281 drilled last year, with footage amounting to 47,412,000 feet as compared with 1947's 40,680,963.

The new year will see construction of 10,000 miles of pipeline, including crude oil, gas and products lines. Last year, 7,958 miles of line were built, with 5,257 miles under construction and 8,554 authorized by companies and approved by the Federal Power commission at the end of the year.

It is estimated 16,625 miles more line is under consideration but not yet authorized by the commission.

More than half the lines completed last year and under construction in 1948 are gas lines.

Permian Grows

Railroad commission figures on the vast Permian basin of West Texas indicate the rapid growth of Texas' oil industry and typify the state's current efforts to aid the nation in meeting the unprecedented postwar demands for petroleum products.

In a recent address before the Permian Basin chapter of the American Petroleum Institute, Commission Chairman Ernest O. Thompson said the area produced 220,000,000 barrels of oil last year, a figure topping all previous years by several million barrels. Thirty-one new field discoveries were made in the basin during 1947.

Thompson placed the basin's cumulative oil production to last January 1 at approximately 2,600,000,000 (billion) barrels, with remaining reserves estimated for presently known reservations to be approximately 4,300,000,000 (billion) barrels.

The basin today includes 236 fields containing 21,000 producing wells.

The first commercial oil well in the Permian basin was brought in 27 years ago in the Westbrook field of Mitchell county, with the second discovery, at Big Lake in Reagan county, following in May, 1923.

The Navy department has loaned 4,200,000 gallons of fuel oil to New York State and City to help ease the winter fuel shortage and negotiations are underway for loan of an additional 8,400,000 gallons . . . the annual Federal Tax forum of the Mid-Continent Oil and Gas association will be held in Fort Worth, April 27-28 . . . After hitting new record highs for three straight weeks, crude oil output for the nation declined 18,050 barrels to a daily average of 5,318,237 for the week ending January 31, as compared with 4,650,150 a year earlier . . . Texas fields remained unchanged at 2,385,700, the American Petroleum Institute reported . . . The State Supreme court, in affirming a lower court judgment declaring a Railroad commission's oil well drilling permit as invalid, has ruled that a commission finding will be sustained if "reasonably" supported by substantial evidence . . . The Bureau of Mines has reported that stocks of domestic and foreign crude petroleum totaled 221,915,000 barrels as of January 24, a net decrease of 26,000 barrels for the week, with domestic crude increasing 126,000 barrels and foreign decreasing 152,000 . . . Blowing out of control for four days, a spectacular wild well blowout, Coastal Refineries No. 1 Yturria in the new Cecil field, has brought about a 9000-foot extension of production in the Hidalgo county field . . . Magnolia Petroleum company has closed its land and lease department office in Laredo, opened in April, 1921, following bringing in of the first commercial oil producer in South Texas.

Kilmer B. Corbin Of Lamesa Makes Formal Announcement Of Candidacy For Senator

* * *

County Judge Kilmer B. Corbin of Lamesa, in Lubbock Saturday to attend a luncheon of the Lubbock County Bar Association, made formal announcement of his candidacy for State Senator from the 30th district.

"Whether or not the people of this great section are able to take advantage of the opportunity of the greatest era of prosperity in history will offer will depend largely upon the strength of their voice in state government," Corbin said, "and I want to have a part in strengthening that voice.

Serving Third Term

The 28-year-old Dawson countian, who it now serving his third term as county judge of his home county without opposition, opened his campaign by lashing out at the system which has existed in the past, to give politicians, who are tools of the special interest groups, almost complete control of the state legislature.

The Senatorial aspirant, who was reared on a Dawson county farm, educated in the schools there, Texas Technological College, and the University of Texas Law school, called on voters to examine his record in both public and private life, and his actions and experience in county government. Prior to his election as county judge, he taught and served as principal in Dawson county rural schools. Corbin is a lawyer, a member of the Lamesa Bar nad State Bar of Texas.

Raps Special Groups

"The need exists today more than ever before for sound thinking and constructive action in our state lawmaking bodies," Corbin said. "The people must awaken to the fact that too many state office holders owe their allegiance—their very political existance—to special groups who would dominate legislation in Texas. There are too many little men holding down big jobs at the expense of the farmer, rancher and small business man of Texas"

Corbin is married, and the father of three children, Barry, age 7, Blaine, age 4, and Jane, age 3. He is a Baptist, a 23nd Degree Mason, Past Master of Lamesa Lodge, and a member of the Knights of Pythias, and Knights of Kaorassan.

Outlines Platform

Corbin's platform, which he hopes to present to every voter of the district, includes redistricting of Texas' legislative districts in order that the people of West Texas will have an equal voice in their state government; a constructive program of soil conservation; a social security program for the aged, blind and dependent children of the state; a sound program

KILMER B. CORBIN

for the building of a system of farm-to-market roads for Texas; more and better aid for schools of Texas, and a revision of the outmoded Code of Criminal Proceedure of Texas.

A plan to pass a law to prevent large corporations from purchasing land for any purpose other than that for which the incorporation was accomplished will also be one of his main aims, if elected.

"I am entering this race," Corbin said, "with the feeling that my background as a farm boy, a teacher, a lawyer, and a public official has given me the qualifications with which I can serve the people of my district to their advantage. I have no connection with the vested interests of Texas and will never oblige myself to anyone except the people I serve. If elected I will exert my every effort in the interest of the people of the 30th District."

Manager Of Country Club Here Resigns

Resignation of C. D. McGehee, long time resident here, as manager of the Lubbock Country club was announced yesterday jointly by McGehee and Cliff E. Dean, club president.

McGehee, who accepted the country club post in September, 1946, was for nearly 16 years prior to that parks superintendent for the city. He said he plans to enter the sprinkler irrigation business in partnership with H. B. Bryan, and will service the South Plains area.

Dean expressed regret at losing McGehee, adding that the board has not yet met to act on the resignation. He said however, that the board will replace McGehee as soon as practicable, so he may be free to promote his new business.

Thomas Nast, famed American caricaturist, was born in Germany but came to the United States at the age of 6.

Wildcat Tests Will Be Made

Drilling is to be started at once on new wildcat petroleum ventures in southwest Gaines county and in northwest Hockley county.

The Gaines county exploration will be drilled by The Texas company, Humble Oil & Refining company, and Ralph Lowe of Midland, as their No. 1 S. E. Jenkins. It is contracted to go to 12,000 feet to prospect into the Ellenburger.

Operation Unitised

The location is in extreme southwest Gaines county, and is about eight miles north and west of the Fullerton field, in northwest Andrews county. It will be 660 feet from south and west lines of section 4, block A-25, psl survey.

The project is a unitized operation and each of the three owners have interests in it, but Texaco will have the operation.

Contract to drill the test with rotary tools, has been let to W. H. Black Drilling company of Midland. Materials are being moved in and actual digging should be started by the end of the week.

Ray A. Albaugh, of Midland, is to drill a 5,000-foot wildcat in northwest Hockley county, starting in the near future to explore into the San Andres zone of the middle Permian.

Three Tests Slated

The project will be Albaugh's No. 1 Allie D. Slaughter, and it is located 440 feet from south and west lines of labor 72, league 79, Reeves county school lands. That puts it three miles northwest of Pettit, and seven miles northwest of the nearest completed oil wells in the Levelland field.

It is on a checkerboard spread of approximately 9,000 acres which Albaugh took several months ago from Superior Oil company.

The Albaugh acreage is out of a solid block of 18,000 acres Superior had in that region—partly in Hockley county and partly in Cochran county.

He agreed to drill three tests on the acreage. The first was completed about 90 days ago as a dry hole. No. 1 Allie D. Slaughter is to be the second well under that contract. The third will spud within 90 days after the completion of the one which is now about to start making hole.

Lake Superior is 350 miles long and 160 miles wide.

Mrs. Betty Joyce Johnson, Of Meadow, Dies At Brownfield

BROWNFIELD, Feb. 7 (Special)—Mrs. Betty Joyce Johnson, 21, who was born at Ropesville and had lived at Meadow for about ten years, died at 3:30 a. m. today in a hospital here.

Funeral services are to be held at 2:30 o'clock Monday afternoon at the Methodist church at Meadow, with Rev. Wheeler, pastor, officiating, assisted by Rev. R. L. Shannon, Baptist pastor there, under direction of Farley Funeral home here.

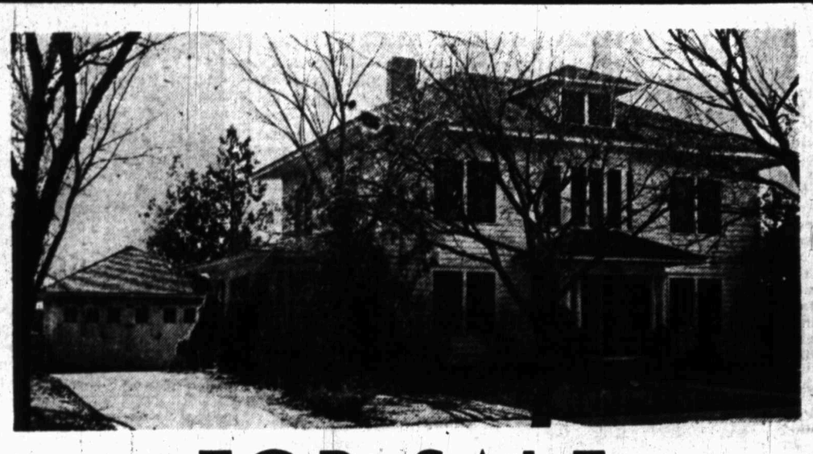

Survivors include the husband, Quenton Johnson; one brother, Edgar D. Gossett of Meadow; two sisters, Elsie and Dahlia Gossett of Meadow; her father and mother, Mr. and Mrs. Sam Grossett of Meadow (he is county commissioner of precinct 2); and her grandfather, Ed Howard of Weinert.

Luther C. Patrick, Brownfield Resident, Dies Here Saturday

BROWNFIELD, Feb. 7 (Special)—Luther C. Patrick, 49, of 611 South First street here, died at 5:30 a. m. today in West Texas hospital at Lubbock.

Funeral plans are pending arrival of relatives, but probably will be held Wednesday, with burial at Fort Stockton, it was announced at Farley Funeral home, where the body is held.

Survivors in addition to the widow, Mrs. Opal Patrick, are one son, Robert, government civilian employe on Guam; two daughters, Mrs. C. C. Barnes and Mrs. Jane Brown, both of Vallejo, Calif.; three brothers, Troy of Balmorhea, J. Dee of Carlsbad, and Golie of Casa Grande, Ariz.; and two sisters, Mrs. W. B. Rogers and Mrs. C. M. Masson, both of Roswell.

REDDY'S ALWAYS READY

when you have ADEQUATE WIRING

When you have Adequate Wiring there's no question about installing new appliances. Your home will always be ready for all of the new electrical aids to better living. You'll have connections for an electric range, refrigerator, dishwasher, food freezer, water heater or any of the other wonderful electrical appliances.

But Adequate Wiring is necessary, so now, while you're planning on an all electric home for tomorrow, have your wiring checked.

Adequate Wiring MEANS:

1. ENOUGH CIRCUITS for serving efficiently and safely all the appliances you have.
2. LARGE ENOUGH WIRE for serving your present and future needs.
3. ENOUGH OUTLETS AND SWITCHES for convenient living.

We have nothing to sell but good electric service.

You Get From Us—

- Abundant Power Supply
- Low Rates
- Courteous Service
- Taxes
- Good Citizenship

SOUTHWESTERN PUBLIC SERVICE COMPANY

People Of Britain, France And Italy Welcome Marshall Plan

By GEORGE GALLUP, Director American Institute of Public Opinion

PRINCETON, N. J., Feb. 7—Although the people of England, France and Italy welcome the Marshall Plan and approve of it, there is a widespread suspicion, especially in France and England, that our chief motive in proposing the plan is to find markets to bolster our trade and stave off a depression.

GALLUP

This is revealed in a special public opinion survey conducted in the three nations which would be the principal recipients of aid under the Marshall Plan now being debated in Congress. The survey was conducted simultaneously by three affiliates of the American Gallup Poll—the British Institute of Public Opinion, the French Institute of Public Opinion and DOXA, the Italian Institute of Public Opinion. The same questions were used in each country.

A survey of American opinion completed about the same time by the American Institute of Public Opinion shows that American conceptions of why our government proposed the Marshall Plan are somewhat more lofty and idealistic than the conceptions held by the people of Britain, France and Italy.

The survey covered four questions. The first was:

"Have you heard or read about the Marshall Plan?"

The results in England, France and Italy show that the plan is better known there than it is here in the United States.

	Have Heard	Have Not
England	89%	11%
France	91	9
Italy	78	22
U. S. A.	71	29

The remaining questions were confined to those who had heard or read about the plan.

"Do you favor or oppose the Plan?"

	Favor	Oppose	No opin.
England	60%	20%	20%
France	60	13	27
Italy	65	14	21

"For what reasons in your opinion did the United States propose the Marshall Plan?"

	Eng.	Fran.	Italy
To help Europe, humanitarian	24%	23%	35%
Wants markets, profits, bolstering Europe to stave off depression	22	26	17
To stop communism	14	14	20
To get more power, imperialism	8	9	11
For own safety, to promote peace	3	1	9
Other reasons	3	6	9
No opinion	26	21	17

In the case of Italy the figures add to more than 100 per cent because some voters named more than one reason.

How Americans appraise our own government's motives in proposing the Marshall Plan is indicated by how Americans voted recently in an Institute poll on the question:

"What is your understanding of the purpose of the Marshall Plan?"

Conspicuously absent in public thinking is the idea that we propose to aid Europe to build up markets and stave off a post-war economic collapse.

Vote in U. S. A.

To help Europe	56%
To curb communism	8
To foster better understanding with Europe	2
Other	8
No opinion	26

The tri-nation poll abroad also probed the question of what reasons people think Russia has for opposing the Marshall Plan.

"For what reasons in your opinion does Russia oppose the Marshall Plan?"

The vote follows:

Poll in France

To oppose U.S.A.	25%
Because it goes against Russian plans to control Europe	22
Because it threatens Communism	10
Because Russia is interested in keeping Europe miserable	7
For economic reasons	5
Other	4
No opinion	27

Poll in Italy

Because it menaces communism, threatens Russia's expansion	29%
Interferes with Russia's imperialistic plans	26
Russia fears improved living	8
Threatens her own safety	7
No opinion	37

Some people in Italy gave more than one reason; hence the table adds to more than 100 per cent.

Poll in England

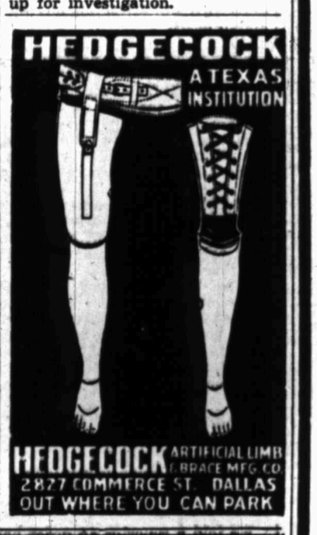

Fears America	18%
Russia dislikes anti-communist aim of the plan	17
Fears weakening her European position	11
Wants to dominate other countries	10
Fears a western bloc	5
Wants her own way	7
Others	7
No opinion	25

Two Men Held For Handing Out Communist Handbills In Houston

HOUSTON, Feb. 7 (U.P.)—Two men who distributed Communist party handbills among the great crowds waiting to get on the Freedom Train were taken into custody by police, it was revealed today.

Police denied the men were jailed because they had Communist leanings. However, one man admitted being a Communist and the other said he was friendly toward the party.

Police said the men were picked up for investigation.

WHITE MAN REBUKED

WINGATE, N. M. (U.P.)—A ninth grade English class of Indian students at the vocational high school here was assigned a composition on conditions on the Navajo reservation. One student wrote: "The Navajos are starving to death, and the whites are helping them."

TEXAS CITY REBUILDS—This recent air view of the dock area in Texas City, Tex., shows the rebuilding program in progress. In the background is the Monsanto Chemical Company's plant with many new buildings under construction. The boat at the pier is a seatrain (loaded with boxcars) and is on the opposite side of the slip where the SS Grandchamp was tied up when it exploded last April 16. The area in the foreground has been cleared of wreckage of warehouses. Practically everything in the area covered by this photo was destroyed in the disaster.—(AP Wirephoto).

Rites For Mrs. Cliff Johnson, Of Plains, Set At Brownfield

BROWNFIELD, Feb. 7 (Special)—Mrs. Cliff E. Johnson, 45, of Plains, died in a Brownfield hospital at 1 a. m. today.

Funeral services are to be held at 2:30 o'clock Sunday afternoon at the First Baptist church here, with Rev. Curtis Jackson, Baptist pastor at Plains officiating, assisted by Rev. J. E. Perriman, Brownfield Nazarene pastor, under direction of Farley Funeral home here.

Survivors besides the husband are one daughter, Mrs. Lorraine Locke of Englewood, Calif.; two sons, Auvie Johnson of Muleshoe and Delton Johnson of Plains; one sister, Mrs. W. A. Campbell of Charlotte, N. C.; and nine brothers, three of whom live in this vicinity. They are H. F. Gregg of Lubbock, Jeff Gregg of Ropesville, and Earl Gregg of Post. The others live in Thomasville, Wilmington, and Charlotte, N. C.

RETIRED OIL MAN DIES

DALLAS, Feb. 7 (AP)—John W. Pevey, 66, retired independent oil operator and widely-known in the Southwest as an expert skeet shooter, died today in a Dallas hospital. He had been in ill health three years. Pevey had been living in New Braunfels, Texas, for three months since his purchase of a cattle ranch there.

A quart of milk is equal in energy value to a pound of lean beef.

Injuries Fatal For Hockley Man

LEVELLAND, Feb. 7 (Special)—Funeral services for Robert Lee Petty, 37, who died at 1:55 o'clock Saturday morning of severe injuries suffered early Friday night in an oil field accident, will be conducted in Levelland Methodist church, probably Monday afternoon.

Petty and three other men were injured when a pipe fell from near the top of a derrick 10 miles west of Levelland during a drilling operation.

Condition of Willard Locke, about 40, remained critical late tonight in Phillips-Dupre hospital. His hand was amputated and he suffered other injuries of the head and body. Two other men, A. R. Goforth, 22, of Breckenridge and P. F. Jeffus, about 40, of El Paso, were less seriously injured.

After services for Petty are conducted at the Levelland church, Plains Funeral home of Levelland will take the body overland for interment in Terry County Memorial cemetery in Brownfield. Time of services awaited arrival of relatives from California.

Petty was born Oct. 22, 1910. He was employed by Park Drilling company. He had lived in Levelland three and a half years.

He is survived by his wife, one son, R. Lee, 8; three daughters, Irene, 5, Lola Pearl, 4, and Ruth, 2; his mother, Mrs. Bula Petty of Lubbock; three sisters, Mrs. Marie Sims of Lubbock, Miss Grace Petty, Lubbock, and Mrs. Billie Stanley of San Francisco, and three brothers, Floyd of Lubbock, Jack of Levelland, and George L. of Lubbock.

No More Dizzy Spells, Says This Dallas Lady

Mrs. Joseph Bennett, 1433 North Washington, Was in a Terribly Run-Down Condition Until She Tried Mertox

Mrs. Bennett

"I have been troubled with my stomach for many years," says Mrs. Bennett.

"I tried dieting and many other methods of relief, but it seemed as if nothing helped much.

"I felt tired and rundown all the time; had a gassy, bloated stomach; was nervous and could not get a good night's sleep. My food soured; appetite poor and life just did not seem worth living.

"After taking this splendid medicine—Mertox Compound—for a short time I feel like a different person. My bowels are regular and I am free of the dizzy spells I used to have and I can now go to bed and get a good night's sleep. No more gas and bloat and I have my old pep back again.

"I now don't tire out, before my work is done."

25 Ingredients

Mertox contains 25 herbal and other ingredients that go right to work to eliminate contaminating matter that may have been in your system days, weeks and months. Why not try this splendid medicine today? But be sure that you get what you ask for—MERTOX COMPOUND. Don't be "switched."

"Give the guy the toe of your boot who tries to sell you a substitute."

Mertox is for sale by all Texas druggists.

Please don't phone or write the endorsers of Mertox. These people are busy with their own affairs. The makers of Mertox will pay a total of $100.00 if we cannot produce the written endorsement above. Our files are open to anyone.

Good Business Calls For Good Accounting

A well-known economist has said: "Once a business becomes too big for one brain to handle personally, accounting takes over the job."

American business could not have grown to its present size without accounting.

Advising business, big and small, on management problems involving accounting is an important part of the work of many Certified Public Accountants. They help management keep expenses in line with income . . . pay the right taxes (not too much or too little) . . . cut overall costs.

A CPA's work can help business efficiency and economy—which in turn may result in lower costs and lower prices.

THE SOCIETY OF CERTIFIED PUBLIC ACCOUNTANTS OF TEXAS INCORPORATED

Gas Company To Push Expansion

(Continued From Page One)

ample gas for the very worst weather the territory can reasonably be expected ever to experience.

Two Angles Involved

While the over-all program provides for expansions of practically everything involved in the company's operation, Hinchey said, two types of improvements are likely to be of most help in safeguarding against shortages.

One of these will be the enlargement of "compressor" capacity. The other involves the laying of new "lines."

The function of a compressor, gas officials explained, is to increase the flow of gas through the lines to which it is attached. The more powerful the compressor, the greater the quantity of gas which can be pushed through any given line. Compressors also help to maintain pressure.

The gas company now has compressor stations at various strategic locations throughout the system. The master plan now is, Hinchey said, to "enlarge as many of these stations as much as necessary," to serve the needs of the territory.

Enlargements Are Planned

Information now being gathered, he added, will determine specifically just what is to be done to increase compressor capacity.

But already planned definitely, he said, are enlargements of the stations at such places as Plainview, Tuco and in the vicinity of Littlefield. Compressor equipment, he added, can be obtained on relatively short notice and the installations should be completed without difficulty before next winter.

The enlargements of the stations at Plainview and Tuco will help to insure adequate gas supplies for Lubbock and many towns south, southwest and southeast of this city.

The expansion near Littlefield will ease the supply problem for such towns as Levelland, which was harder hit than any other community in the entire system during the recent emergency.

"Insurance" For Levelland

Further insurance for Levelland, Hinchey declared, will be the laying of an additional line there before next winter. The size of this line will depend on the pipe available, but probably will be 6 or 8 inches in diameter, he said. Either size will be ample to carry all the gas for the areas it serves for many years to come, he assured.

The pipe shortage still is the company's biggest problem and is likely to be for an indefinite period to come, the official said.

"But we have been managing to get some pipe all along," Hinchey declared. "Just recently we ordered 500 tons. That sounds like a lot. Actually it isn't much in comparison with needs."

The most difficult phase of the pipe problem is finding such materials of smaller diameters, he said. This is the biggest handicap to extending service as rapidly as desired to individual consumers.

Plans Given City Dads

Hinchey was most re-assuring as to the prospects for an abundant supply of gas for the entire system for many years to come, as reflected in the following paragraps in a report to Mayor C. A. Bestwick and members of the Lubbock city commission:

"West Texas Gas company has a priority call on the gas as needed from approximately 275,000 acres of proven gas land in the Texas Panhandle gas field. In addition, the company purchases gas from Cities Service Oil company at the outlet of its North Cowden gasoline plant, near Odessa, and from Empire Southern Gas company at a point in Martin county where its line crosses the company's main transmission line.

"It therefore follows that there can be no question as to the supply of gas for many years to come.

Other Sources Arranged

"Gas from sources other than the Panhandle field has been employed to insure continuity of service to communities which the company serves. These sources are of particular value incident to mechanical failure or line breaks which may curtail or interrupt the flow from the Panhandle field.

"Feasibility of new sources of supply always are investigated when new oil or gas fields are developed in the area, and studies already have been completed concerning another source of gas other than those mentioned; in fact, preliminary discussions have been entered into with another possible supplier."

During prolonged discussions following Hinchey's delivery of the report to the Lubbock commission, Mayor Bestwick asked the direct question:

"Will the West Texas Gas company be able to supply all the gas Lubbock requires next winter and during future winters?"

The answer was a positive, "Yes."

Whole Area To Be Protected

The same prospect applies to other towns and cities supplied by the company, he later told The Avalanche-Journal.

Hinchey said many people do not understand why the recent cold wave caused a serious problem for the gas company.

Ordinarily, he said, a cold wave does not grip with intense severity all of the territory served by the gas company at the same time. When the cold hits at Canyon and Hereford, temperatures in the southern parts of the territory usually are a good deal higher. Ordinarily, by the time the worst of the wave has moved into the southern parts of the territory, temperatures in the northern parts have begun to moderate. Usually when cold waves have spread over the entire area at the same time, the worst has lasted only from a few hours to perhaps a day or two.

It invariably has happened in previous cold waves, he said, that there have been wide fluctuations in use during the various 24 hour periods. Most people usually have shut off most, if not all, their gas when they have gone to bed. Or consumption during the daylight hours, especially during the afternoons, has fallen off. These slackenings of demands have given the company opportunities to build up pressure.

Recent Wave Different

But the recent cold wave, Hinchey said, differed from all others in the company's experience. It lasted much longer over the area as a whole than any of previous record. And there were few periods of slackened demand. The company had practically no opportunities to rebuild pressure until Lubbock observed the voluntary business holiday. When that happened, Hinchey said, pressure started rising almost immediately.

Mayor Bestwick and members of the commission told gas company officials they would accept their assurances as to the future at "face value."

"I believe they will do the best they can and I do not anticipate shortages during future winters like that which occurred recently," the mayor commented. "If they do occur for reasonably avoidable reason, Lubbock simply will have to do something about them."

The attitude apparently was typical Saturday of that of practically all other communities in the company territory

Plane Crashes

(Continued From Page One)

jet plane was not from that field

An Air Force C-47 cargo-type plane, returning to the Greenville, S.C., air base from a ferrying trip to Washington, crashed on a mountainside near Saluda, N. C., during a fog. Six men were injured. The air base announced the other four aboard had been killed.

ONE KILLED ON PLANE; 68 ESCAPE DISASTER

BUNNELL, Fla., Feb. 7. (AP)—With one of her crew dead and 68 others on board snatched from disaster, an Eastern Air Lines Constellation landed safely here today while a great rescue force made ready to go 80 miles to sea to the craft's assistance.

The plane threw a propeller, a bit of which killed flight attendant Gilbert 'Paul Folz as he worked in the galley. No one else was injured in flight, but several passengers received minor injuries when they jumped from the plane after it screeched to an emergency landing at a small airport here.

Plane Motor Fails

No fire resulted, Pilot W. E. Johnson reported from the scene The plane was bound from Boston and New York to West Palm Beach and Miami.

"Number 3 engine started to smoke when we were about 130 miles east of Brunswick, Ga.," said Capt. Johnson. "Total failure of the engine followed later. There was no fire, and the smoke dissipated."

He said he sent a report that he was going to "ditch" the aircraft but found that he could keep going. He and Capt. Henry T. (Dick) Merrill, noted EAL pilot and a trans-Atlantic flier, handled the plane.

One Passenger Hospitalized

A brake drum on the right wheel caught fire from the hard stop after the landing. Two tires blew out, and there was a hole in the metal fuselage where the propeller blade or fragment pierced through to kill Folz.

Only one passenger was hospitalized. She was Mrs. Alice Greenbaum of New York City, who suffered a fractured foot when she jumped from the plane after it landed. She is in Halifax hospital, Daytona Beach.

Several other passengers received lesser hurts in jumps.

No Panic Reported

Carl Greenbaum, husband of the injured woman, said:

"A motor blew out with a terrific flash.

"We must have been 18,000 feet high. We didn't know what it was all about and we wondered if the plane would sustain flight on three motors. The pilot headed for land. The steward gave us life belts."

He said passengers were directed out of the front and back doors and the auxiliary door. There was no panic.

Passengers were taken to Daytona Beach by car, and will proceed to West Palm Beach and Miami by train. A plan to fly them to their destinations was abandoned because of weather.

EAL officials in Miami said that it is believed the propeller blade which struck the cabin, killing the steward, also put the radio out of commission. This would explain, they said, why there was no radio message to the effect that an emergency landing was planned.

The big airliner, one of the largest and fastest in commercial service, carried 60 listed passengers, three babes in arms, a listed crew of five and Merrill, who was riding as "check pilot."

Winthrop Rockefeller, grandson of the late John D. Rockefeller, was among the 33 passengers scheduled to land in West Palm Beach.

Besides Johnson and Folz, the crew consisted of Pilot Robert G. Burstrom, of McKeesport, Pa.; Engineer N. H. Turner, Miami, and Flight Attendant W. J. Hoy, also of Miami. The plane carried no stewardess.

WRECKAGE IS LOCATED

EL PASO, Feb. 7 (AP)—Pilots of the air sea rescue squadron stationed here confirmed late today a report that the wreckage of a plane had been sighted in a canyon near Alamagorda, N. M. The plane was believed to be that flown by Gerald Champion, missing since last Tuesday on a flight from Carlsbad to Tularosa, N. M.

Two Automobiles Stolen In Area

Two automobiles were reported stolen in the South Plains area last night, one in Lubbock and the other at Levelland. Wesley Davis, route 7, reported to police theft of a black 1933 Ford sedan, New Mexico license 4-3542, valued at $300, in 1100 block Thirteenth.

Sheriff Guy Swain of Levelland reported to Lubbock officers that a black 1941 Cadillac sedan bearing Texas license A-M2442, had been stolen there last night.

Negro Faces Second Charge

A 42-year-old Lubbock negro evidently didn't believe that crime doesn't pay.

The negro was held in county jail on a misdemeanor theft charge, but was released by the sheriff's office Saturday afternoon to obtain money to pay a fine in connection with the case.

Saturday night he was back in jail—this time in connection with theft of a $19.95 radio from Hub Lee Tire company. Officials indicated another charge would be filed Monday.

$900 Claimed Stolen

Another negro, Fleming Johnson, reported to the sheriff's office theft of approximately $900 from a money pouch on his arm. The theft was said to have occurred at a place between Midway and Acuff where Johnson had gone with Otho Moore, negro, of 210 Ave. A. Investigation was being made, authorities reported.

Other thefts yesterday, according to police, included a compressor valued at $65, taken from Texas Electric and Refining company, 347 Ave. H, about noon.

Jim Priestly, operator of Jim's barbecue place near Queen City, negro residential area, informed officials his place had been burglarized and three cartons of cigarets, $4 in money from a juke box and $3 in pennies had been stolen. He said entrance was made at a back door.

Student Questioned

Police said they questioned a 22-year-old student of Texas Tech in connection with his arrest at 3:42 a. m. in a garage in 200 block Main.

Police said the man, who acted "drunk," was released to the dean of men at the college.

Fines totaling $35 had been assessed against W. O. McCormick, police records showed, in connection with an accident in 1300 block Ave. G about 9:30 p. m. He was charged with negligent collision and failure to have a valid driver's license on his person, police said.

New Cold Wave

(Continued From Page One)

day. If it does, it will probably be light frozen drizzle that may make driving conditions dangerous.

The temperatures Saturday afternoon dropped rapidly—13 degrees in two hours from 1:30 to 3:30 p. m., but after that the drop was only about one degree an hour. Saturday's maximum of 53 was reached shortly after 1 p. m.

Cold Wave Covers State

At other points in Texas the situation was much the same, the Associated Press reported. Strong winds pushed the cold front toward the Gulf Coastal area and continued cold was forecast for Monday.

The front had reached Waco around 10:30 p. m., and was moving toward the Gulf region "pretty fast."

Temperatures in the Dallas region were expected to tumble to the mid-twenties by tonight. The Weather bureau said cloudy skies and strong winds would keep the temperature chilly today.

North central and East Texas felt a fine mist of rain most of Saturday. Some snow was forecast for the Panhandle area.

Warning On Precautions

The Weather bureau said it was not a very severe cold wave, but that the usual precautions to protect water pipes, automobile radiators, and plants should be taken, the Associated Press reported.

Most of the state Saturday felt fine rain and the Panhandle was the only region where it was really cold.

Temperatures ranged from a maximum of 33 at Amarillo to a torrid 84 at Presidio, on the Mexican border.

Yesterday, Tyler and Palestine recorded more rainfall than any other East Texas point, while Dallas was blanketed with fine mist all day.

Tyler's rainfall amounted to .18 inches and Palestine had .15.

The rain extended intermitently from Lubbock to Laredo.

Senate Race

(Continued From Page One)

committees: Finance, State Affairs, Agriculture, Oil, Gas and Conservation, and Public Health. His other committee assignments included Free Conference committee on Appropriations; Representative redistricting; Senatorial redistricting Game, Fish and Oyster; Public Buildings and Grounds; Stock and Stock-raising; and Towns and City corporations. Senator Parrish was chairman of the Representative redistricting and Stock-raising committees; was vice-chairman of Fish, Game and Oyster, Senatorial redistricting and Oil, Gas and Conservation committees.

The announcements of Senator Parrish and Judge Corbin increase to three the number of candidates who have authorized The Avalanche-Journal to place their names before prospective voters. The other candidate is Ralph Brock, a Lubbock lawyer, whose formal announcement already has been made.

At least two other persons are reported as considering the race. They are Calloway Huffaker, of Tahoka, district attorney for the 106th Judicial district, and Dudley K. Brummett, a Lubbock attorney.

IN CAPSULE FORM

News Briefs

A car driven by William James Collier, 26, of Crosbyton was damaged two and a half miles east of Idalou at 10:30 o'clock Saturday night. Investigating Texas Highway patrolmen said Collier's car was scraped by a car reportedly driven by a Mexican, who had left the scene when they arrived. Collier, going west, had lost control of his car and run off the highway into a fence. The Mexicans were going east. No injuries were reported in an earlier accident on the Abernathy-Littlefield highway just west of Abernathy, highway patrolmen said.

Jose Plata, 55, a Mexican, was fined $100 and county court costs Saturday after a plea of guilty of liquor law violation county officials said.

L. W. Bell of 1712-B Tenth, who entered St. Mary's hospital after suffering a heart attack Tuesday morning, was reported 'somewhat improved' last night, although still serious in condition.

The Lubbock Chapter of the Coffee Club, a newly organized group of young people in the city, held a dinner meeting at the Jersey Lilly Saturday night. The group includes approximately 30 young persons who meet weekly on Sunday nights following church services. A quartet composed of G. P. Cunningham, Raymond Hamilton, Dr. H. L. Spitzer and Clarence F. Wakefield, presented several numbers.

Funeral services for Loretta Ehler, six-months-old daughter of Mr. and Mrs. Ervin Ehler of Woodrow community, were conducted Saturday at 3 p. m. at Slaton Catholic church. The infant died early yesterday in Mercy hospital at Slaton. Burial was in Slaton cemetery.

Mrs. George W. Crain was reported resting "very well" in Lubbock Memorial hospital at midnight. She, the wife of the night city jailer, underwent major surgery Saturday. The Crains live at 610 Ave. B.

Shirley Johnson, 14-year-old daughter of Mr. and Mrs. Mack Johnson of 2215 Twenty-first, is recovering rapidly from an eye wound suffered last Sunday when she was struck in the eye by an air rifle sighting instrument, her father said Saturday night. She expects to resume school attendance this week.

Mrs. Vic Alexander of Big Spring was treated at West Texas hospital about midnight last night for lacerations of the knees and other minor injuries suffered when two automobiles collided four miles north of Lubbock on the Plainview highway just before midnight. Her husband was not injured. Name of driver of the other car was not immediately available. No other person was reported injured.

Congratulations

Mr. and Mrs. M. L. Burks of Silverton on birth of a son weighing 6 pounds at 8:40 a. m. Saturday in West Texas hospital. The father is an agricultural teacher.

Mr. and Mrs. Francis A. LaPlante of 2615 Thirty-first on birth of a son weighing 7 pounds 7 ounces at 1:46 a. m. Saturday in Porter-Sistraind Clinic. The father is shop foreman for Johnson and Nix implement company at Muleshoe.

Mr. and Mrs. John H. Taylor of 3024 Allen on birth of a daughter weighing 8 pounds 13 ounces at 4:23 a. m. Saturday in St. Mary's hospital. The father is employed by Bateson Construction co.

Mr. and Mrs. Eddie Holt of 2402 twenty-fifth street on birth of a daughter weighing 6 pounds, 8 ounces at 4:49 p. m. Saturday in Porter-Sistraan Clinic. The father is a steelworker with the T. C. Bateson Construction company.

Mr. and Mrs. Johnny J. Warlick, route 7, Lubbock, on birth of a boy weighing 7 pounds, 7 ounces, at 3:04 p. m. yesterday in Lubbock Memorial hospital. The father is an employe of Southwestern Bell Telephone company.

Mr. and Mrs. Lonnie D. Harrison of 2219 Fifteenth street, on birth of a boy weighing 8 pounds, 13 ounces, at 6:31 p. m. yesterday in Lubbock Memorial hospital. The father is a Tech student.

Venezuelan Plot

(Continued From Page One)

in the United States, recruited the crew of the two planes, which left Bush field, Jan. 26.

Pavlicek was selected as co-pilot, with Newcomer and Baker as mechanics.

Mason's plane reached Puerto Cabezas, Nicaragua, on Jan. 26, but the one piloted by Snow was forced down at Daytona Beach, Fla., by radio trouble.

Expenses Paid

After a hearing today, Snow acting as spokesman for the group, told newsmen that they had returned to the United States voluntarily.

They had heard, he declared, that there was something wrong in connection with their flight, and, not realizing the gravity of the charges filed against them, agreed to return.

Snow declared that they had not received any money other than their expenses so far.

Asked who paid for the two planes, he said "I imagine the planes were bought by someone connected with the Venezuelan government."

The FBI listed Mason from Vernon, Tex. Its announcement said "Mason arrived at Puerto Cabezas on Jan. 26, but Snow was forced to land at Daytona Beach, Fla., due to radio trouble and did not arrive in Nicaragua until Jan. 27."

Browder was arrested at Miami. Snow, Pavlicek, Newcomer, and Baker were taken into custody here. The FBI said Mason is being returned to the United States by way of Panama.

Native Of Amarillo

The FBI said the pilots "were to fly to Nicaragua and other Central American points, refuel and return to the United States through Texas."

The FBI announcement said Browder was already out on bond on conviction in another case involving transport of military equipment. He has appealed a one-year sentence given him in federal court at Augusta Dec. 2, on a charge of conspiracy to violate the law [illegible]itting theft of government [illegible]y, the announcement ac[illegible]

The FBI said Browder is married and has two children. He was born at Amarillo June 22, 1917, and graduated from the School of Aeronautical engineering at the University of Texas. He was a member of the RAF's Atlantic transport group and "has been employed as a pilot with the Pan American Transport, Inc."

Maximum penalty upon conviction of neutrality act violation is two years' imprisonment and $10,000 fine.

Harry A. Snow was stationed at one time at Lubbock Army Air field, according to a report in Dallas tonight. However, the FBI said a message from Washington didn't mention any previous service except with the RAF.

ENVELOPED IN SMOKE—Firemen who fought the blaze which practically gutted a combination residence and clinic at 1649 Broadway late Saturday afternoon are shown above as they climb ladders into boiling smoke at the scene. Two firemen are shown here attempting to halt the stubborn fire. (Avalanche-Journal Staff Photo).

* * *

Fire Damage Heavy

(Continued From Page One)

across the station driveway and thought some of the attendents of the station had put cardon removing compound into an automobile. When he smelled wood smoke, he investigated and saw that the neighboring building was burning, apparently for some time prior to his discovery.

Five trucks went to the scene of the fire, and thirteen water hose were placed into operation, Chief Twitty said.

Attracts Large Crowd

Firemen said that the fire was apparently concentrated on the second floor of the building in the vicinity of the stairway, preventing access to the upper floor.

The stubbornness of the fire was attributed to the presence of ether or some other such inflammable material in one of the upper story rooms, firemen believed. Cause of the fire was not determined last night.

The blaze threw a heavy pall of smoke boiling over the busy Broadway and Avenue Q business section, crowded with Saturday afternoon travelers and shoppers. A large throng soon gathered to watch efforts of firemen to control the blaze and police patrolmen were forced to cordon off portions of both thoroughfares to avert snarled traffic and permit firemen room to operate.

For a time the blaze was a minor threat to the service station and its highly explosive gasoline next door.

Cause Of Fire Not Known

Mrs. Tom W. Dawson, nurse in the clinic, who lives with her husband in a garage apartment to the rear of the burned residence, said that the last person thought to have been in the house prior to the fire was Mrs. Bessie Springfield of 1503 Avenue C, the housekeeper. Mrs. Springfield left the building about 3 p. m. or shortly afterward, having finished her work for the day, Mrs. Dawson said. The nurse stated that she did not know that the building was on fire until she heard the fire trucks approaching shortly after 5 o'clock.

Mrs. Springfield, the housekeeper, told Mrs. Dawson after the fire that she had not been in the upstairs portion of the house during the day, having cleaned that part of the building on the previous day.

No one was in the structure at the time of the fire, it was believed, Dr. McNeff having taken the bus to Clovis, N. M., about 8:30 o'clock Friday night.

No patients had been kept in the clinic since early in the week, the nurse reported. Dr. McNeff returned to Lubbock about 8 o'clock Saturday night after Mrs. Dawson had phoned her about 6 p. m. concerning the fire at the residence.

Dr. McNeff stated last night that she has taken up temporary residence at Hotel Lubbock until such time as she can find new quarters for the clinic.

King Cotton

(Continued From Page One)

tucky, and Florida combined. The area also ginned more biles than Oklahoma and Louisiana combined and more than North Carolina and Tennessee combined.

The 14 states which ginned less cotton than the 15 South Plains counties are: Alizona, 215,384 bales; Missouri, 308,874; New Mexico 164,347; Virginia, 14,232; Kentucky, 7,213; Florida, 6016; California, 756,121; South Carolina, 636,340; Tennessee, 497,203; Oklahoma, 497,203; Louisiana, 489,276; Georgia, 638,615; North Carolina, 432,566; and Alabama, 907,195 bales.

Texas continued to be the leading cotton-producing state with, 3,267,669 biles. Mississippi was second with 1,502,062 bales ginned and Arkansas third with 224,628 bales.

Area's Voting Strength Hiked

(Continued From Page One)

be reached by telephone Saturday. The figure used there is about the same as the 1944 total.

Comparisons Are Given

Cottle county is included in the 24-county Texas senatorial district, but is in the 18th congressional district instead of the 19th, and Haskell, Mitchell and Scurry are the additional counties in the congressional district not in the senatorial district.

The tables below giving numbers by counties, and classified by districts are based on number of polls actually paid, and 15 per cent is added to care for exemptions, both over and under age. The 15 per cent is accepted by most sources as an accurate average.

First table below shows the nine-county 119th Texas legislative district:

County	1940 Pop.	1944 Polls	1948 Polls
Cochran	2,735	1,666	1,780
Crosby	10,046	2,385	2,642
Dawson	15,367	3,546	4,305
Gaines	6,136	2,237	2,853
Hockley	12,683	4,417	4,906
Lubbock	51,782	11,422	19,267
Lynn	11,931	3,300	3,800
Terry	11,160	3,157	3,600
Yoakum	5,354	1,044	1,374
Total	180,894	33,974	44,137
Plus Exemp. est. 15 pct.		4,946	6,620
Potential Vote		37,920	50,688

Shown below are figures on the 30th Texas senatorial district, and at the bottom, additional counties that make up the 19th congressional district are added:

County	1940 Pop.	1944 Polls	1948 Polls
Andrews	1,277	474	1,428
Bailey	6,318	1,871	2,242
Borden	1,366	436	375
Cochran	2,735	1,666	1,780
Cottle	7,079	1,837	1,935
Crosby	10,046	2,385	2,642
Dawson	15,367	3,546	4,305
Dickens	7,847	2,214	2,156
Floyd	10,639	2,941	3,440
Gaines	6,136	2,237	2,853
Garza	5,676	1,383	1,805
Hale	16,813	4,326	6,778
Hockley	12,683	4,417	4,906
Howard	20,880	5,841	6,723
Kent	1,413	683	723
King	1,068	302	300
Lamb	17,606	4,167	4,971
Lubbock	51,782	11,422	19,267
Lynn	11,931	3,300	3,841
Martin	5,166	1,460	1,940
Motley	4,994	1,220	1,321
Stonewall	5,589	1,574	1,328
Terry	11,160	3,157	3,600
Yoakum	5,354	1,044	1,374
Total	348,483	63,021	79,576
Plus exemp. est. 15 pct.		9,543	11,936
Total Potential Senatorial Dist.		72,164	91,512

For 19th congressional dist. cut Cottle (in 18th) and add:

Haskell	14,905	3,670	3,800
Mitchell	12,477	3,675	3,998
Scurry	11,545	3,871	3,013

Plus Exemp.		1,363	1,471
Total		83,763	102,790
Less Cottle Co.	7,079	1,837	2,348
Potential Cons. Dist.	380,331	81,925	100,542

Taft Sees Accord On Aid Program

WASHINGTON, Feb. 7—Senator Taft (R-Ohio) predicted today that those Republicans who favor a European recovery program in some form or another will reach agreement soon on its cost.

Taft, who heads the party's policy committee, told a reporter he thinks this agreement will pave the way for comparatively speedy Senate action when the foreign aid proposal is brought up March 1.

"Of course," the Ohioan said, "some people are going to oppose any aid to Europe at this time. But I think there is a good chance that those who want to have a program can agree on how much should be spent on it."

Taft already has called for a cut of around $2,000,000,000 in the $6,800,000,000 appropriation President Truman has asked Congress to make for the first 15 months of aid, beginning April 1.

The administration has since indicated the relief total might reach $9,333,000,000.

Mrs. Mettie A. Dawson, 75, Dies In Robertson Community

CROSBYTON, Feb. 7 (Special)—Mrs. Mettie Ann Dawson, 75, died at 2 p. m. today at the home of her son, John Dawson of the Robertson community. She was born in California.

Funeral services will be conducted at the Childress Church of Christ Monday. Burial will be in Childress cemetery beside her husband. Services are to be arranged by King Funeral home of Crosbyton.

Survivors are six sons, James, Mount Vernon, Texas; Bill of Childress; Jack of Abernathy; Jim, Oildale, Calif.; Frank of Borger; and John; two daughters, Mrs. E. H. Rayel, Whitewright, Texas; and Mrs. J. C. Vaughn, Amarillo; 29 grandchildren and 12 great-grandchildren.

Thirty-seven places in the U. S. are called Berlin! 21, Rome, and 19, Vienna.

Food Prices Cut By Market Drop

(Continued From Page One)

to 25 per cent within nine months.

"The back of inflation has been broken," he said in Cincinnati "but it will take people a few months to relize it." He saw the sharp commodity price break as the forerunner of a general downward trend.

Belief that the "major long term price trend will be downward" also was expressed by Mark Pickell, secretary of the Corn Belt Livestock Feeders association. However, he added that prices "now are getting down to a point where they have intrinsic merit and should tend to stabilize."

Retail price cuts were announced by chain stores and other grocers in the east, midwest and south, although most of the announced decreases applied to one food item.

The Kroger company cut the cost of its 20-ounce loaf of bread from 15 down to 14 cents. Cuts in flour prices ranging up to 17 cents for 25 pound sacks, were announced by several chains serving the east and midwest. Reduction of five cents a pound for lard were announced in the east and midwest. Bacon prices were cut from 2 to 8 cents a pound in Chicago and Memphis, Tenn. One Chicago chain said average pork prices have been declining slowly for four weeks.

Meat Supply Scarce

Many business experts have expressed the belief that this week will mark the turning point in the inflationary spiral. Most of them do not think it is the start of a business slump, but rather a "healthy correction" of prices that were too high.

Few industry sources look for much of a tumble in meat prices, because of scarce supplies. A. Z. Baker, president of the American Stock Yards association, said meat prices are not likely to follow this week's path of grains.

Index Again Declines

Pickell said he was "convinced that with the limited supplies of hogs which will be available this spring hog prices will continue to range above $25 a hundred pounds."

The Associated Press wholesale price index of 35 basic commodities slumped another 1.29 points today to 193.68, after suffering the sharpest week to week drop since compilations were started in 1935. The Friday week to week decline was 7.62 points. A year ago the index was 169.34. The index uses 1926 prices as 100,

May wheat in Chicago closed at $2.50-$2.51¼, compared with its Jan. 16 peak of $3.06½ a bushel. Corn ended 8 cents lower the permissible limit—to 1 cent higher, May $2.15⅝; oats were 2⅛ to 4⅛ higher, May $1.04 to $1.04½ and all soybeans were offered eight cents lower — the daily limit—without attracting any bids, March $3.54.

GOVERNMENT URGENTLY ASKED TO BUY WHEAT

WASHINGTON, Feb. 7 (AP)—An urgent ples that the government resume wheat buying to bolster "demoralized" prices came today from Rep. Hope (R-Kas), chairman of the House Agriculture committee.

"I believe it is important that the Commodity Credit corporation resume its buying activities before prices are further demoralized," he said.

Also today, Senator Taft (R-Ohio) interpreted an announcement by the Agriculture department that it plans to buy 50,000,000 bushels of wheat smacks of an attempt "to create an air of false prosperity" for political reasons.

Government Not Buying

Secretary of Agriculture Anderson confirmed that the Commodity Credit corporation, which does the government's grain buying, had been out of the market most of the week.

He told a reporter an order had gone out to the CCC branch offices to stay out of the market Wednesday, Thursday, Friday and Saturday.

Eisenhower Farewell

(Continued From Page One)

thought that fitted the occasion today.

Ike Is Decorated

Another decoration went on to the long list of Eisenhower's medals before he bowed out of office. Mr. Truman pinned on his blouse a third oak leaf cluster for the Distinguished Service medal signifying the fourth award of that high honor.

There was no fanfare, ruffle of drums, review of troops or running up of the colors to mark the change in command. Three minutes sufficed for the job.

Bradley spoke only two words, "I do," when Eisenhower administered the oath. Ike grinned and putting aside formality, declared:

"With those words you have a job."

Voters In O'Donnell, Wells, T-Bar Okay School Consolidation

O'DONNELL, Feb. 7 (Special)—Voters in O'Donnell, Wells and T-Bar communities today approved a plan to consolidate schools in the three towns into one consolidated school district.

The vote in O'Donnell was 19 for, none against; Wells, 31 for and three against, and T-Bar, 11 for and none against.

Services Set Today For Shooting Victim

LEVELLAND, Feb. 7 (Special)—Funeral services for John Blackman Hearn, 62, of Pettit will be conducted at 2 o'clock Sunday afternoon in Pettit Baptist church.

Mr. Hearn died of gunshot wounds at his home at 9:15 a. m. Friday.

Sheriff Guy Swain of Hockley county said a verdict of suicide had been returned by Justice of Peace Guthrie at Pettit.

Sheriff Swain and a Levelland physician went to the scene Friday. An investigation revealed, Swain told an Avalanche-Journal reporter, that Mr. Hearn had shot himself twice with a six-shooter and that his wife, finding what had happened, had taken the gun away from him and ran to summon aid. In the meantime Mr. Hearn had found a 410-gauge shotgun and shot himself again.

Mr. Hearn was born Sept. 17, 1885 in Georgia.

His survivors include the widow, one son, Odell of Pettit; three daughters, Mrs. Pearl Choate of Pettit, Mrs. Alice Temple of Lubbock and Iva Dell Hearn, of Pettit; eight grandchildren, six brothers and two sisters.

Ultimatum Given

(Continued From Page One)

posed upon us, I for one would rather they come from a Republican than from the party for which I have given my allegiance."

Laney added: "Mild measures will not get much hearing."

Folsom and McCord urged the southern governors to fight their battles within the Democratic party. They said the South should especially insist on return of the historic two-thirds rule, by which two-thirds majority was required for nomination of party candidates.

Jester Supports Move

Gov. Jester declared the measures advocated by President Truman met with unanimous disapproval of the southern governors. Supporting the 40-day ultimatum, he said: "This is our opportunity to coolly exploit the solidarity of the South to regain some of our important privileges."

Revolt In Party Asked

Jester said the South should demand a conference with the Democratic national leadership—and should warn the national chairman that it was withholding decision on campaign funds and on the votes of its convention delegates.

"It might just be," said Jester, "that they would have a change of heart."

Folsom urged revolt—but within the party. He said the Democratic party was "the only place where the South can express itself on national affairs." He complained that the South had been treated "like a stepchild," but acknowledged that regardless of the outcome, he would support the party nominee next November.

Gov. Wright urged the governors to take whatever action was necessary to bring pressure on the national party. But he denied he had ever advocated secession from the Democratic party.

Negro Is Seated

While Wright was speaking, a stir was caused by entrance of Cullen E. McCoy, Negro correspondent for the Atlanta Daily World and the Scott News Syndicate. He was escorted to a seat by a state patrolman.

However, Wright indicated that a bolt was not entirely excluded. "I would regret to see the day," he said, "when we of the South should break with the Democratic party." He added:

"Why go anywhere? Let's get rid of the undesirable element if we can."

College Plan Adopted

Gov. M. E. Thompson of Georgia, went on record in support of President Truman, despite objection to his civil rights program.

Earlier, the conference, of which Gov. William Preston Lane, jr., of Maryland, is chairman, adopted a plan for regional "compacts" between states to jointly support colleges for specialized education.

These would be for undergraduates as well as graduate study. Some colleges would be for whites, others for negroes.

Texas Solon Says Federal Plan For Tidelands Step To Socialism

WASHINGTON, Feb. 7. (AP)—Rep. Gossett (D-Tex) said today that a bill sponsored by the Interior department for federal ownership of tidelands would promote socialism.

The Texan, author of legislation to give states clear title to the disputed submerged lands, expressed his views as Chairman Robison (R-Ky) announced his House Judiciary subcommittee will open hearings on the subject Feb. 25.

Court Ruling Hit

"If enacted into law," Gossett said, "the bill prepared by the Interior department would extend further the socialistic doctrine announced in the California tideland decision of the United States Supreme court."

In that decision the high court ruled that the government has prior right to use of valuable oil-bearing lands off the west coast.

Gossett said that if the Interior department bill is enacted "the State of Texas would have to refund to the federal government several millions of dollars out of Texas school monies.

"Under the philosophy of this bill, the federal government might take over other properties and functions of the states without adequate remuneration and compensation. All states of the union are involved and affected by this controversy."

To Call Governors

Robison said the first witnesses to be called before his committee will be governors and attorneys general who support the bills offered by Gossett and others. These bills in general would vest in the states unquestioned title to all lands under tidewaters and under navigable rivers and harbors.

More than a score of the state officials are scheduled to appear before a Senate Judiciary committee on Feb. 23 when it opens hearings on the subject. Noting that the Senate group will hear them first, Robsion said:

"Our hearings probably will take only a couple of days for the proponents.

"After we have heard from them, we will hear the opponents and those supporting the idea of giving the federal government title to the lands in question.

"We want to bring out all the facts. I don't care to elaborate on my own position, but I will say I have heard nothing new to change my mind since I voted on the matter before when it was up for a vote. I then supported the states."

Martin Dies Says Southerners Must Oppose Truman's Proposal

BEAUMONT, Feb. 7. (AP)—Martin Dies of Lufkin, former United States representative from the second district and chairman of the House committee on un-American Activities, said here today every southerner must oppose the civil rights bill proposed by President Truman as well as the renomination of Truman by the Democratic party unless the bill is withdrawn.

In a prepared statement to the Enterprise, the former congressman, who was a Beaumont visitor today, called upon U. S. Rep. J. M. Combs of the second district to tell the people if he is willing to oppose the civil rights bill as well as the nomination of President Truman.

Mr. Dies termed the bill "the most sinister proposal to destroy the rights and liberties of the southern people that ever has been advanced by any president in our history."

The former un-American Activities committee chairman said he is giving serious consideration to becoming a candidate for United States representative from the second district and would reach a decision in about 30 to 45 days.

Bishop Selecman To Dedicate Churches

Bishop Charles C. Selecman of the Dallas area of the Methodist church and Dr. J. O. Haymes, district superintendent of the organization, will dedicate three South Plains churches today, and Bishop Selecman will preach at each.

The dedications signalize debt-retirement of each church, Dr. Haymes said.

The Denver City church, of which Rev. H. W. Barnett is pastor, will be dedicated at 11 a. m., the Pettit church, northwest of Levelland, Rev. C. A. Norcross, pastor, will be dedicated at 3 p. m. The Morton church, of which Rev. Arthur Kendall is pastor will be dedicated at 6:30 p. m.

The district superintendent said Denver City had retired a debt of $3,100, the Morton church, $3,750. At Pettit, the Methodist congregation has completed paying $2,000 for a church that had been used before its purchase by the Methodists by another denomination, as well.

He said that three or four other Methodist churches of this section may be dedicated in the next few months.

Billy June Brown Is Injured Slightly In Wreck In City

Billy June Brown, 18, of 616 Twenty-ninth, was injured slightly in a 9:30 a.m. Saturday collision of cars at Twenty-fifth and Texas Ave.

She was a passenger in a car driven by Robert Douglas Brown, 21, of 1809 Tenth, police said. C. B. Rutledge, 23, a plumber of near Spur, was given two traffic tickets in connection with the case, police investigators said, one of them charging negligent collision.

Police said they also had given a 44-year-old man a ticket charging negligent collision by failure to yield the right of way after a minor crash at eighth and Ave. K.

FAR EAST BOUND — Rear Adm. Russell S. Berkey, commander of the New York Naval Base, has been ordered to the Far East, where he will take command of the Navy's Support Group. During the war the admiral participated in all campaigns in the Philippines.

Associate Justice Is Speaker At Meeting

James P. Hart, associate justice of the Supreme Court of Texas, spoke at a luncheon of the Lubbock County Bar association yesterday at Hotel Lubbock. Approximately 80 members and several out-of-town visitors were present for the address, according to Thomas B. Duggan, jr., president of the association.

Justice Hart's subject was "The Supreme Court of Texas During the Civil War and Reconstruction," in which he reviewed the various changes in the personnel of the court. He also reviewed some of the decisions of the changing courts during the turbulent reconstruction period.

President Duggan presided at the meeting.

Championship Winners To Be Crowned At Fort Worth Tonight

FORT WORTH, Feb. 7 (AP)—They'll place the championship brand on the winners of the ridin' and the ropin' when the cowboy contests are completed at tomorrow night's rodeo of the Southwestern Exposition and Fat Stock show.

The crowning of the cowboy champions will be witnessed by many Texans who haven't missed the event in years, and by a special day delegation of approximately 1,000 from Weatherford and Parker county, including the Parker county sheriff's posse, chuck wagon, and the Weatherford High school band.

The Kilgore college Rangerettes, 53-member girl drill and rope twirling team, will put on a special act in the Coliseum arena, just before the matinee and night rodeo performances.

Brief Bits Of Local News

Charter members are still being accepted at the Arnett-Benson Methodist church, temporarily meeting in Primitive Baptist church, 2810 Walnut, Rev. D. Orval Strong, pastor, has announced. A special service on Ash Wednesday, the first day of Lent, is being planned for 7 p. m. Wednesday.

The Women's Society of Christian Service of Arnett-Benson Methodist church is inviting all Methodist women of the area to a covered-dish luncheon at Primitive Baptist church, 2810 Walnut, at 1 p. m. Monday. The luncheon will be followed by an election of officers for the new society, and a pledge service.

The sound motion picture "Beyond Our Own" will be shown in the sanctuary of First Christian church, 2323 Broadway, this evening at 7:30 o'clock, Dr. H. G. Gantz, pastor, has announced. The public is invited to attend.

Bill Sasser, scoutmaster of the First Methodist church Boy Scout troop, will be in charge of the program at Methodist Men's luncheon meeting Monday noon in Hotel Lubbock. Scouts, who assist as ushers at the Sunday morning church services, will be guests of the club.

Guidance in the secondary schools of Lubbock will be the topic of a radio program Saturday morning from 11:00 to 11:15 over KFYO by Miss Grace Padley, director of guidance, and Mrs. Ross Ayers. The program will explain the guidance work in Senior High school, while a March program will tell what is being done in the junior high schools of Lubbock.

A full rehearsal of Lubbock Symphony orchestra has been called for 2 o'clock this afternoon in First Methodist parlor by William A. Harrod, director.

Dr. John B. Rountree, jr., of the Lubbock Memorial hospital staff, is leaving today for Memphis, Tenn., to attend the Mid-south Medical conference. He will be gone for one week.

Mr. and Mrs. John R. Foster, formerly of Lubbock, are parents of twin daughters born Tuesday in a hospital in Hobbs, N. M. One, weighing 5 pounds 2 ounces, was named Martha Ariel, and the other, weighing 5 pounds 1 ounce, was named Marilyn Anne. Foster formerly was in Lubbock as chief of a Stanolind Oil and Gas party and has been at Hobbs recently in the same position. He is to go to the Fort Worth office as seismograph interpreter for the company. They will move in the next few weeks. Mr. and Mrs. Foster have one other child, Bruce.

Sgt. Neale L. Reger, son of Mrs. J. B. Crain of 2124 Twenty-ninth, has returned after receiving his discharge recently from the Marines. He served 18 months on the West Coast, after joining when he was 17. He retains his sergeant's rating in the Marine reserve. He plans to enter Texas Technological college.

Mr. and Mrs. William B. Howell, jr., of Beaumont are parents of a son born Friday night at 10:30 o'clock and weighing eight pounds eight ounces. Before her marriage Mrs. Howell was Miss Olive Rankin, daughter of Mr. and Mrs. F. L. Rankin, former residents.

K. Douglas McKenzie, formerly of the Fort Worth office of the Prudential Insurance Co. of America, has been transferred here to have charge of the Lubbock office of the company, which covers a 21-county area. McKenzie succeeds William Ritcketts, who resigned to enter government service.

Announcement of the appointment of Glenn L. Shoemaker as representative of the Stanolind Oil Purchasing company in Lubbock was made Saturday by Ralph O. Dietler, company president, from headquarters in Tulsa. Shoemaker is being transferred from the Midland office of the company and will be in charge of company activities in this area.

Garland Newell, 705 Twenty-eighth, was informed Saturday of the death in an air crash near Frankfurt, Germany, recently of a brother, T/Sgt. Harmond Newell. His mother, Mrs. Lila Newell, lives at Kermit. The brother had served in every sector of the European theater with the Air Force in the war and had re-enlisted. He was engineer on a U.S. plane which crashed in a storm and for which an extended search had been made for several weeks in the Alps area.

Charles D. May, 1312 Ave. N, an employe of Newsom Paint & Supply company is taking a two weeks' course in linoleum installation at the Armstrong Cork company's laying school for linoleum mechanics at Lancaster, Pa. As a part of the course, all students are conducted on a tour through the Armstrong floor plant to study the manufacture of linoleum and other resilient floorings.

Fifteen students from Lubbock have enrolled in Abilene Christian college for the 1948 spring semester. They are: Harvie Pruitt, 717 Seventeenth; Elma Lee Hall, 2402 Sixth; Hermanell Bray, 805 Ave. S; Guy O. Smith, route 5; Alton Phillips, 1812 Ave. N; Patsy Paden, route 6; Andrew J. Curry, route 6; Bert Reeves, 1317 Thirty-second; Clyde O. Moore, route 6; Merwyn Igo, route 5; Sue Davis, route 1; Wiley Davis, route 7; John Payne, Jack Payne and James Liff Sanders, 1614 Ave. O.

Avalanche and Journal papers last week erroneously reported in their official records columns that C. R. Carpenter had been named defendant in a suit for debt. The mistake was pointed out Saturday by the office of Royal Furgeson, district clerk, and The Avalanche-Journal is glad to correct it. The action, filed Thursday by R. H. Alexander, names as defendant C. R. Caperton—not C. R. Carpenter.

Miss Billie Slater, deputy district clerk, of 2615 Twenty-sixth, had bad luck—but better luck than most. She found her 1946 heavy coupe badly caved in, parked on the east drive at the county courthouse. But she found a note inside the car, giving the name of the person who admitted responsibility and gave other particulars. She said she would get in touch with him and negotiate damages.

H. L. Hindman, of 2402 Thirteenth, manager of the tire department of Sears Roebuck & Co., who has been a patient in Lubbock Memorial hospital more than three weeks and has been in critical condition, was reported by relatives as improved in condition Saturday. He underwent abdominal surgery about two weeks ago.

A special meeting of the Vernon P. Keaton detachment of the Marine Corps league will be held in district courtroom, second floor of the courthouse, at 8 o'clock Monday night, according to announcement by J. Keith Welch, detachment commandant. All Marines and former Marines are invited.

District Grand Jury To Meet

A 72nd district grand jury will be empaneled at 10 o'clock Monday morning by Judge Dan Blair, and will be charged to investigate all illegalities coming to its attention, as well as 16 cases in which complaints have been filed with justices of peace here.

Judge Blair and Judge G. V. Pardue of the 99th district also have civil juries reporting Monday, at 10 a.m. to Judge Pardue, at 1:30 p.m. to Judge Blair.

Judge Blair has nine civil actions on call for this week, Judge Pardue four.

Grand Jury Named

Assistant District Attorney E. G. Pharr said the following charges would be referred to the grand jury, among others:

Quenton C. Wicker, charged with rape; Willie Roberson, burglary; Thomas E. Cossey, forgery; D. T. Jackson, rape; Lester Harrison, theft; Allen Demas, hog theft; Oscar Hope, forgery; T. J. Upton, forgery.

The 16-member grand jury panel, in order of selection, is:

O. L. Nislar, jr., of 2111 Twenty-eighth; J. R. West, Idalou route 3; John Berkley, Slaton; O. Z. Ball, Slaton; Howard Alford, route 4 Lubbock; J. O. Bumpass, route 3 Lubbock; George Woods, a negro of 203 East Twentieth; R. C Gentry, route 1 Slaton; E. B. Teague, route 1 Shallowater; E. J. Parsons, 1102 Broadway, Lubbock; Early Daniel, route 1 Lubbock; Grady Bownds, 2016 Fifteenth, Lubbock; Clyde Fortune, 2408 Twentieth, Lubbock; R. C. Nix, 2406 Twenty-fifth, Lubbock; Jerry Fulton, 2703 Twenty-first, Lubbock; L. H. Sandlin, route 4 Lubbock.

Commissioners who named the panel were W. (Bill) Meurer of Slaton, Alex McDonald and W. Jarrott Martin, both of Lubbock, W. O. Fortenberry of Monroe, and W. B. Copeland of Slide.

Mother Of Prominent Borger Business Man Death Victim

KANSAS CITY, Feb. 7 (AP)—Mrs. Ella Cabell, 63, mother of J. C. Cabell, prominent Borger, Tex., business man, died here today in a hospital where she was admitted Wednesday.

Mrs. Cabell and a daughter, Miss Hazel Cabell, lived in Kansas City. Her husband, James G. Cabell of Borger, and three grandchildren also survive.

Burial will be a Bosworth, Mo., with funeral services at 2:30 p. m., Monday at the [illegible] side.

Joseph [illegible] Djugashvili is the real name of Joseph Stalin.

Westerners Trounce Bulldogs, 58 To 34

Henderson Favored To Retain Texas Feather Title

Johnson Sets Scoring Pace To Garner 16

By EARL SCUDDAY
Avalanche-Journal Sports Writer

Lubbock High's amazing Westerners uncorked their best scoring offensive of the season to humble Borger's scrappy Bulldogs, 58-34, last night at Senior High gymnasium and continue their drive for the runner-up position in the District 1-AA cage race.

The tussle was the last home appearance for the 1948 Lubbock quint and the Black and Gold schoolboys provided plenty of thrills for the near-capacity crowd as they overcame an early Bulldog lead to chalk up the top-heavy score. The Bulldog cagers never quit trying, but they were simply outclassed by the smooth Lubbock aggregation in every department of play.

Gets Needed Help

Rangy Virgil Johnson kept up his sensational scoring pace with 16 points on six field goals and four charity tosses, copping individual honors for the tussle, and for the first time in several weeks he received able assistance in the point-making department from every other member of the starting five. Charles Galey, dependable Westerner guard, came through with 10 points and veteran Jack Alderson regained his shooting accuracy to tally 12 points on five field goals and two free throws.

Center Dick Hill topped the Borger quint with 11 points, but seven of his total resulted from charity pitches. Probably the outstanding Bulldog cager was stocky-legged Tommy Bice, who provided the offensive and defensive spark for the visitors throughout the tilt.

The victory was the fifth for the Westerners in conference play, against three defeats, and gave them undisputed possession of third place in the flag chase.

Chunky Tommy Bice sank a push shot in the opening seconds of the clash to give the Bulldogs a 2-0 margin, but Galey knotted the count with a set shot. Alderson dropped in a long set shot to put the Westerners ahead, then Marshall Carlile returned Borger to the lead with a push toss. The score was deadlocked five times in the first quarter and read 15-15 at the end of the period.

Locals Jump Ahead

Mid-way in the second quarter the Westerners forged ahead to stay on a set shot by Galey and increased the halftime count to 28-19 on successful tosses by Johnson, Alderson and Richard Herchenroeder. A field goal and free pitch by Dean Thronbrough and a charity toss by Hill were the only points the Borgans could muster in the entire period.

The Lubbock crew set a dazzling pace in the third quarter, racking up 16 points on the net-swishing exhibition of Johnson, Galey and Alderson. Carlile and Ken Howard made a desperate attempt to halt the rout, but the Bulldogs found themselves completely outmanned.

Coach Harvey Dunn took out his first team early in the final quarter with the Westerners holding a 50-25 edge, and the Black and Gold cagers received a great ovation from the partisan crowd. Even the subs had fair success during their stint, adding eight more points to the Lubbock tally while allowing Borger nine.

Is Improved Team

The Westerner triumph, despite the high individual scores of Johnson, Alderson and Galey, was a result of rapidly-improving team play and not just the product of player brilliance. Bob Schmidt was providing the defensive spark, as were Billy Max Henry, Doral Sandlin and Herchenroeder.

The Westerners journey to Brownfield next Friday night to battle the Cubs, then close out the season Saturday night at Plainview against the potent Bulldogs.

BOX SCORE

Westerner Golfers Score 11 To 7 Victory Over Amarillo Sandies

Between The Lines . . .

By Joe Kelly

• • •

The Golden Gloves tournament has ended, several contestants are walking around sporting varicolored eyes, in addition to assorted cuts, and a basketball game has been played at the site of the recently-ended tournament. But the thrills and excitment these fighters gave the crowd linger and, for some of the boxers, the big thrills are yet to come.

• • •

Yesterday we dropped into Bert Kahn's Health Center to watch the South Plain's hope for a team trophy work out. Frank Telles, who is shedding weight to fight in the lightweight division, was in the process of sharpening his style under Bert's watchful eyes. Before he had finished, J. D. Kirkpatrick and Earl Pollard, light heavy and welter respectively, dropped in to sharpen up.

• • •

Pollard watched Telles, whom he had decisioned narrowly for the welter title, with open awe and each time Frank uncorked that lethal right at the punching bag, Pollard winced. He stood there, shaking his head at the power in that right, remembering the one that landed so hard against his noggin in the second round. When Frank took a rest, Pollard asked him to show him how he threw it. And Frank obliged.

• • •

J. D. went into action and the crowd stopped to watch him as he shadow-boxed, punched the two bags and skipped rope. He appears to be in marvelous condition and ready for action. Both he and Bert wish that he had at least three more fights under his belt before Ft. Worth, but he should have one or two fairly easy nights before running into stiff opposition. J. D. admitted that he was too eager for a knockout Thursday night, too tense from lack of fighting.

• • •

Bill Henderson and Lonnie Balch both had completed their workouts and are ready to go this week, while Gene James, on a week end trip, will take road work all the time he is gone. The Lubbock fighters are in trim shape, deadly serious and eager to meet the heralded Ft. Worth opposition. No one knows whether any, or one, two, three or six, will win, but all are going to make the trip with nothing else on their minds.

• • •

Switching to baseball, Mrs. Sam Rosenthal is going to retain ownership of the Lubbock Hubbers. She currently is straightening out some of the work already piled up and looking for a business manager for the club. George Schepps, president of the Dallas Rebels, with whom the Hubbers have a working agreement, has taken over all the paper work and financial worries, at the same time assuring Lubbock fans that they will have at least as good, and probably better, a team this year.

• • •

The Hubbers' advance guard will leave here early in March for Dallas, where Manager Jackie Sullivan and some of the other players will work out with the Rebels. Early in April the main group of players will report to Lubbock and will take their training here, along with the Dallas group that will return. First big date on the Hubber schedule is the exhibition game April 9 between the New York Giants and the Cleveland Indians. And of special interest will be the visit by Thurman Tucker, his first since changing from White Sox to Indian regalia.

• • •

Augustana College of Rock Island, Ill., tried the unique experiment recently of having three court officials work a basketball game. Which naturally brings up the question, did the college band play "Three Blind Mice" when the robbers came on the court? The move was designed, by college officials, to call a halt to the art of booing, which seemingly has bitten the Augustana students.

Getz, Funk Meet On Allen's Card

The durable Al Getz of Pittsburgh, Pa., who seems to grow riper with time, although no less gentle, returns in the headline match at Sled Allen's wrestling arena this Wednesday, drawing for his opponent the clever Dory Funk of Hammond, Ind.

Allen also has arranged another headline bout, with Karl Gray of Milwaukee, Wisc., taking on Ace Freeman of New York City in the first of the double main attraction. Both matches will be two out of three falls with an hour time limit, with the Gray-Freeman go taking the first spotlight.

In the preliminary, which will be one 20-minute fall, Salvador Flores of Mexico City, Mexico, tangles with Pat O'Dowdy of Weatherford, Okla. Both men have no love for each other and they should provide plenty of thrills and excitement in their match.

BATTLE OF THE PLAINSMEN

Adams, Kirkpatrick May Fight It Out For Light Heavy Title

Eight fans need not be surprised if two big bruisers with lethal lefts and thunderbolt rights from the South Plains literally fight it out for the light heavyweight championship of Texas during the annual state Golden Gloves tournament opening in Fort Worth Wednesday.

That is not only possible. It's highly probable.

For these two light heavies, J. D. Kirkpatrick of Lubbock and Petersburg, and Tom Adams of Abilene and Brownfield, are going back to the state tournament this year, but under much different circumstances than in 1947.

Then they were team mates, each bent on bringing "back the bacon" to Lubbock.

Now they are members of different teams, and each, no doubt, has this expression drumming in his ears:

"Tom's the man to beat. J. D's the man to beat."

The South Plains fight frowd call him "Silent."

Many of J. D. Kirkpatrick's friends could dub him likewise. Neither is a loquacious fellow.

Both like to fight, and waste no time in a bout feeling out their foes. They just tie into him and begin driving those terrific rights to the scoring areas.

Neither Adams nor Kirkpatrick had opponents during the regional tournament. Adams, now a student at Hardin-Simmons, and entered in the Abilene regional, was ready just as Kirkpatrick was set here.

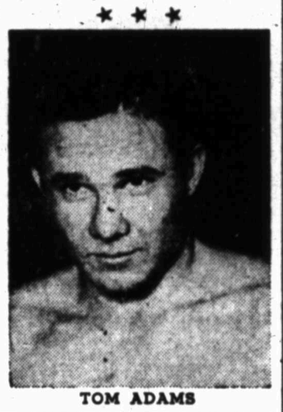

Kirkpatrick, in his lone ring appearance before the Golden Gloves audience, scored a technical knockout over the best Amarillo had to offer in that weight.

Adams won the state crown last year while Kirkpatrick ran into foul luck. He won over his first foe, and was disqualified because of a slight injury.

The Brownfield blaster went on to Chicago and the national Golden Gloves tourney, and was outpointed by John Tucker of Columbus, O.

The South Plains fight crown hasn't seen Adams fight this year.

But they'll tell you that Kirkpatrick, dressing down to battle trim from heavyweight to light heavyweight, has that smoking right working faster and harder than ever before.

TOM ADAMS

Regional Tourney In April Planned

Brisk weather which chased the balm of springtime from golf matches between Lubbock and Amarillo High schools Saturday failed to check Lubbock's point taking, and the Westerners turned back the Sandies clubbers for the first time in the inter-city series.

Based on the point system the score was Lubbock 11, Amarillo 7.

When the young golfers teed off over the Country club greens at noon the weather was quite the thing for golfing, but as they went into the back nine winter came back and stick work began slowing down.

Win Twice Before

Amarillo high's golfers had previously beaten the Lubbock team in two matches.

The matches, over 18 holes, featured individual play only.

In the opening match Art McKay of Amarillo beat Ross Mitchell, one up, taking two and one half points as the two tied on the last nine.

Bill Tatum of Lubbock and his opponent, John Evans, halved the next match with each team drawing one and one half points.

Amarillo's team drew three points on the next match as Don McCormick beat George Canon, the Lubbock entry, 3-2.

Edward Bean put Lubbock back in the running in the next match, winning it, 8-7, to check in three points.

Clyde Mitchell took up where his team mate, Bean, had left off and edged his opponent, Don Hill, 3-2, and added three more points to his team's total.

Then Jack Whitehead swept his match with George McCormick of Amarillo, 3-2, and garnered three additional points.

Floyd Honey, Lubbock High school principal, is sponsoring the high school golf team. Herb Schroeder, Country club pro, has been coaching the group.

Big Meets Set

Golf at Lubbock high is actually in its second year within recent years. Throughout the war the school had no golf teams. Last year it fielded a team, but interest in the sport lagged.

The Lubbock team has met groups from Abilene, Amarillo and Plainview.

Big things, however, are being planned to create interest in high school golf. First on the list is an invitational high school tournament, tentatively set for April 3, over the Country club course. All 1-AA schools would be asked to send teams, and in addition invitations would go out to Odessa, Midland, Abilene, Sweetwater and other AA schools within a reasonable distance.

Tentatively set also is a golf tournament for the high school teams here during the annual regional Interscholastic league meet.

Raiders Are Eligible For NAIB's Tourney

FORT WORTH, Feb. 7 (AP)—Texas' representatives in the National Association Intercollegiate basketball tournament will be decided here in a two-day tournament, March 5-6.

Gus Miller, athletic director at West Texas State Teachers college and chairman of the Texas district for the NAIB, today announced four teams would be eligible to participate.

The 32-team national tournament opens at Kansas City March 8 and lasts a week.

Abilene Christian college, which this week clinched the Texas conference title, has already qualified for a spot in the tournament here.

Others to be invited are the champion of the Lone Star conference, the Texas team which finishes highest in the Border conference and the top ranking independent college.

Sam Houston state, East Texas state and North Texas state are all strong contenders for the Lone Star conference title.

Texas teams eligible from the Border conference include Texas Tech, Hardin-Simmons, Texas Mines, and West Texas state.

Independents eligible are Sul Ross, Texas Wesleyan, Texas A. & I., St. Mary's (San Antonio), St. Edward's (Austin), and East Texas Baptist.

SMU BEATS RICE

HOUSTON, Feb. 7 (AP) — Bob Prewitt, six foot three inch sophomore forward from Columbus, Ind., led the Southern Methodist Mustangs to their second Southwest conference victory in seven starts here tonight, a well-earned 65 to 54 decision over the Rice Owls.

Gloves Team Off Tuesday For Tourney

Battling Bill Henderson, the Levelland and Texas Tech state featherweight titlist, and who last week started his annual swing toward more fistic glory by two-fistedly hammering his way to the 1948 regional crown here, is one of the few fighters returning to Fort Worth this year who are regarded as probable repeaters.

Henderson, certainly the number one man on the Lubbock team because of his past ring performances, and the other five regional title winners here will leave Lubbock Tuesday morning for Fort Worth and the annual state Golden Gloves tournament which opens on Wednesday.

Others Stand Out

His rank certainly casts no reflection on several other members of the Lubbock team. Gene James, J. D. Kirkpatrick, Lonnie Balch, Earl Pollard, Dwayne Vaughn, all have looked good. Particularly were James, Kirkpatrick and Pollard impressive against a strong Amarillo regional Gloves team which they met here on Thursday night.

Coach Dell Morgan of Texas Tech; Bert Kahn, trainer and second for the fighters, and Joe Kelly, Avalanche-Journal sports editor, will accompany the Lubbock team to Fort Worth.

Lubbock in 1947 took third place in the state tourney despite the fact that both Howard and J. D. Kirkpatrick were disqualified because of minor injuries received in winning their first bouts. Henderson and Tom Adams, now a member of the Abilene regional team, continued on to Chicago.

Amateur boxing champions from 20 Texas regional meets will move to Fort Worth Wednesday for the start of the 12th annual Texas Golden Gloves tournament.

Five nights of fighting are scheduled, on Wednesday, Thursday, Friday, Saturday and Monday nights.

Pairings On Tuesday

The Texas winners then will be sent to the Chicago tournament of champions by the Fort Worth Star-Telegram, which sponsors the Gloves program in Texas.

Regional directors will meet in Fort Worth at 10 a.m. Tuesday to make the pairings and to discuss operations of the meet.

Five 1947 champions, two from 1946 and one from 1945 will be in the bulky field. One of last year's winners, welter Charles Robinson, was eliminated in regional competition at Austin.

Heavyweight Charles Simmons of Dallas, lightweight Tom Adams of Hardin-Simmons and Abilene, and Middleweight Tom Baron of Sherman (Dallas region) are the others who will defend their championships.

Additional interest has been stirred in the light-heavy division, where two well-known football players have qualified. One is Jim Canaday, halfback at the University of Texas, and the other is Byron Townsend, of Odessa, named this year as the outstanding schoolboy back in Texas. Both are knockout punchers, with Townsend having won all his three fights by the KO route.

Entry Deadline In League Is Feb. 20

A Feb. 20 deadline Saturday was clamped on entry into the new South Plains Amateur Softball league during a meeting in which only six Lubbock teams reported ready for action.

Teams reported ready to start play at Jumbo Webster field on April 15 were: Thomas Jewelers, Baldridge Bakery, Cloverlake Dairy, Piggly-Wiggly stores, Bluebonnet-Sunbeam, and Lefty Sollis' Service station.

THEY'RE 1-AA RIVALS OF TOMORROW—Shown in this group are coaches and players of basketball teams from the Lubbock Boys club and the Maverick club of Amarillo. The cagers gathered at the Mexican Inn for a luncheon at noon Saturday. During the afternoon four teams from each club met afloor with Lubbock winning two of the games, Amarillo two. Shown here left to right are: Jack McLarty, captain, Lubbock Boys club seniors; Ira Owens, captain, Boys club Midgets; Eugene Tollison, captain, Boys club juniors; Frank Wright, captain, Boys club Pee Wees; Boys Club Coach Thomas George; Boys Club Coach C. L. Tomlinson; Preston Daniel, captain, Amarillo Maverick club Pee Wees; Brily McLaughlin, captain, Maverick club seniors; Lefty Davis, captain, Maverick Intermediates; Bobby Hudson, captain, Maverick club juniors; Ralph Dykeman, executive director of the Maverick club, and Clarence Newkirk, Maverick club coach. (Avalanche-Journal Photo).

Lakes Program Given Impetus

West Texas soon may rival Wisconsin for the title, "Land of lakes," if present plans of the West Texas Chamber of Commerce water resources commission materialize.

This body, deeply interested in the creation of small dams as an aid to flood control, as well as water for domestic and industrial use, also has the sportsmen's interest at heart. For creation of the proposed dams would result in small lakes similar to the ones at Eagle Mountain, Sweetwater, Brownwood and Phantom Hill, although not as large as Possum Kingdom.

Put Fishing Near

The creation of the dams would result in bass fishing within the easy reach of any West Texas angler, fishing done on the beds of former dry rivers, ravines and canyons that would provide excellent waters for fish.

Moreover, the shore lines of the lakes would provide top cover and feeding for wildlife, helping to prevent the severe shortage of water that occurred this past fall during the hunting season. No hunter or fisherman of West Texas could hope for more than good fishing and hunting virtually in his backyard.

Erosion Control, Too

L. A. Wilke, service director of the West Texas Chamber of Commerce, and secretary of the Texas Wildlife Federation, is high on the proposed plans. He sees in it erosion control and wildlife preservation which would help both the agriculturist and the sportsman.

The plans, which are being discussed at the present time, may soon be reality. Anyone interested in further information can write to Wilke at Abilene.

Sammy Snead Leads In Texas Open Play

SAN ANTONIO, Feb. 7 (AP)—Slammin Sammy Snead, the reticent man from Virginia, ripped Brackenridge Park's soggy three-plus miles for a six-under-par 65 today to grab the lead by a stroke at the half-way mark of the $10,000 Texas Open.

The slammer romped in for a 36-hole total 131 as the field was cut to the low 60 scorers and ties for tomorrow's 36-hole finals.

Snead staved off a great round by Dick Metz, the ex-Texan now from Arkansas City, Kans., who came within a stroke of the competitive course record over the 6,400-yard lay-out. Metz rolled home with a 63 to make his 36-hole total 132. Jimmy Demaret of Ojai, Calif., set the record at 62 in last year's Texas Open.

Within shooting distance of the leaders were Jim Ferrier, the burly San Francisco pro; Cary Middlecoff, of Memphis, Tenn.; Bobby Locke, the star from Johannesburg, South Africa; Al Smith, little-known pro from Winston Salem, N. C., and Norman Von Nida of Sydney, Australia, one of yesterday's leaders. Each had 134.

Boys Club Quintets Cop Two, Drop Two In Amarillo Series

The air was filled with basketballs at the Lubbock Boys club Saturday afternoon, when teams from the Maverick club of Amarillo and the Boys club met on the basketball court.

And when the afternoon was over, neither club had gained an advantage, each winning two and losing two games. The Lubbock midgets and Juniors won, while the PeeWees and Seniors lost.

The PeeWees opened by losing, 16-7, J. W. Henderson scoring five points for Lubbock, Mike McCarthy notching eight poihts for Amarillo, all in the first half.

The Midgets toppled the visitors, 28-19, but Bobby Hudson of Amarillo was the leading scorer with 15 points. Bobby Tollison led Lubbock with 12 points.

The Juniors sent Lubbock into a 2-1 lead with a 29-26 victory. Tollison scored 10 points for honors, while Jackie Hodge and Claude Jones of Amarillo tied on their team with six points apiece.

The concluding game saw the visitors even the day's activity on a 32-28 victory over the Lubbock Seniors in another see-saw battle. Billy Jack McLaughlin of Amarillo had 16 points for scoring honors, while Bobby Bohner took Lubbock honors on seven points.

Members of all squads, with their coaches, were guests of the American Business club at a luncheon in the Mexican Inn Saturday noon, with Alton Taylor, past ABC president, serving as host.

Regional Cage Meet Awarded To Canyon

Basketball teams of District 4-A Saturday night found themselves in the odd position of knowing where they would go, if they're winners, for regional tournament competition before the dates and the site of their own title tourney was set.

O. W. Marcom, superintendent of Levelland schools, and the District 4-A chairman, returned from an Amarillo meeting Saturday night and said the regional tournament would be held at West Texas State Teachers college, Canyon, Feb. 27-28.

District 4-A has two zones, north and south, and the two winners in each meet in tourney play to determine the first and second place winners, both of which go to the regional tournament.

Basketball Results

COLLEGE
Baylor 55, Arkansas 47.
Texas A. & M. 48, TCU 22.
SMU 66, Rice 54.

HIGH SCHOOL
Lubbock 58, Borger 34.
Amarillo 62, Plainview 40.
Sudan 39, Amherst 21.
Springlake 28, Levelland 24.

MORE LICENSES ISSUED

WASHINGTON, Feb. 7 (AP) — "More Americans than ever before" went hunting during the last fiscal year, a government report said today.

U. S. Now Second In Winter Meet

ST. MORITZ, Switzerland, Feb. 7 (AP)—Arguments and snow failed to stop the Americans today as they pulled into second place in the winter Olympic games with a championship in the four-man bobsled race.

It was the United States' No. 2 team, piloted by Francis Tyler of Lake Placid, N. Y., that streaked four times down the mile of sheer ice in the total time of five minutes, 20.1 seconds to add more gold medals and points to the American aggregate.

Tyler Still Angry

Only last night Tyler threatened to withdraw. Officials had ruled that all second runs yesterday were not to be counted because some of the teams had not been able to compete when a water main burst and flooded the tunnel of ice. He still was angry this morning.

The U. S. No. 1 team, guided by James Bickford of Saranac Lake, N. Y., was third.

Biggest feat of the day, however, was the somersault taken by the International Olympic committee which restored hockey to Olympic program but added the U. S. Amateur Hockey association team would not be awarded diplomas of competition. The Swiss had insisted all along that hockey was a part of the Olympics even though the IOC ruled it out in the squabble over U. S. representation.

In addition to Tyler's championship, other titles decided were:

Figure skating by pairs—won by McIlheline Lannoy and Pierre Baugniet of Belgium. Yvonne Sherman and Robert Swenning of New York, were fourth and the Kennedy Children, Karol and Peter, of Seattle, Wash., were sixth.

Ski jumping — won by Peter Hugsted of Norway. Gordon Wren of Winter Park, Colo., took fifth place—the first time an American male ever scored a point in an Olympic ski event.

Sudan's Hornets Win Over Amherst, 39-21

AMHERST, Feb. 7 (Special)—The Sudan High school basketball team beat the host Amherst cagers tonight in the expected fashion, 39-21, but it was left to the Springlake High school team to hand out the biggest surprise.

The unheralded Springlake cagers stopped Bobby Hart cold, partially checked W. A. Wise and went on to edge out the Levelland Lobos for third place in the Amherst tournament with a 28-24 victory.

Meanwhile, the Abernathy girls took first place with a 26-22 defeat of Spade and the Amherst girls took third place by licking Sudan, 30-22.

Immediately after the last game, Billy Ray Black of Amherst and Rita McMasters of Abernathy were given the best sports award.

At the same time, Bill Terry of Sudan, W. T. Weaver of Amherst, Jack Angley of Springlake, W. A. Wise of Levelland and Jim Eddins of Sudan were picked to the boys' all-tournament team.

The girls' all-tournament team consisted of Yvonne Paterson of Sudan, Helen Vaughn of Amherst, Jean Rogers of Abernathy, Sammi Pointer of Spade, Jo Anne Harmon of Amherst and Jo Anne Brown of Abernathy.

Primm Drug Winner Of Basket Tourney

LEVELLAND, Feb. 7. (Special)—Primm Drug of Brownfield tonight won the championship in the Levelland Junior Chamber of Commerce's annual cage tournament by edging Bill Clark's Independents of Levelland, 26-20.

Jake Gerron led the Primm race with 14 points while Garrison and McClendon of the Levelland five tallied seven points each.

Primm took an early lead and held a 16-10 advantage at the half.

The Brownfield five advanced into the finals by trimming the Plains Gassers of Lubbock, 37-23, while Bill Clark won from Spade, 38-21.

Spade did not show for its scheduled night game with the Gassers and the Lubbock five took third place by default.

A Levelland all-star five defeated the Gassers, 61-27, in the night's second game.

TEXAS TECH PULLS UP TO THIRD PLACE

Red Raiders To Go Against Hardin-Simmons Five In First Border Loop Meeting Monday Night

Flushed from their triumph over the Texas Mines quintet, leaders in the Border Conference basketball scramble, the Red Raiders of Texas Tech today are resting in preparation for their battle against the Hardin-Simmons Cowboys in Abilene Monday night.

The Raiders pulled themselves into third place in the conference by their victory Friday night, a 54-41 win that did little to enhance their reputation even though they licked the front-running team. Ahead of the Raiders are the Orediggers and the Arizona Wildcats, each with a record of five victories and three defeats. Tech has won four, while losing three.

The Texas Mines cage crew appeared to good advantage during the first half, even though they could build no more of a lead than 25-21. In the last half they slipped completely, with the last two minutes of the game finding Tech turning the battle into a rout.

But even in victory the Raiders were not impressive. They handled the ball poorly, allowing alert Oredigger cagers to steal passes which were converted for scores. In addition, they were afflicted with a severe case of fumblitis, dropping the ball and generally finding it hard to control.

The Raiders also lost innumerable points from failure to follow-up shots that rolled off the rim, sometimes slapping, pushing and tapping the ball eight to ten times without scoring. In all, it was a wonder that they were able to stay with the Orediggers, except that the defense checked the visitors.

Against the Cowboys Monday night the Raiders will have an adversary not quite so potent as the Orediggers, but still capable of causing considerable damage to Raider hopes. Tech holds two victories in exhibition games over the Cowboys, one at the Big Spring coaching school early in the season and the other in the Ft. Worth Invitational tournament during the Christmas vacation.

What effect the loss of Coach Wes Bradshaw has had on the squad, or what good effect Football/Basketball Coach Warren Woodson has had, is an unknown factor. The change may have lifted the Cowboys from their lethargy. At any rate, they have been playing better ball since Jan. 1 and the Raiders will have a rough game on their hands.

Coach Polk Robison probably will start Gene Gibson and Jimmy "Whistle" Banks at the forward slots, big Don Grove at center and Wimpy Hill and Ardis Barton at the guard positions. In ready reserve will be Wayne Bowles, Jay Kerr, Chet Jackson, Winston Churchill and Gil McAlister.

Class A Cage Fives Face Tests In Title Stretch

Ralls, Tahokans In Crucial Bids

By BOB CONE
Avalanche-Journal Sports Writer

Championship fever gripped several South Plains centers today as their sharpshooting basketball teams prepared to battle old rivals during the week in a series of Class A duels which will show who will meet who higher up the titular trail.

Abernathy, Ralls, Levelland, Sudan, Tahoka—all have this championship fever, and all have good sharpshooting fives ready for bids which may grow into championships.

All of them cannot win, of course. But all of those five can go higher in the Interscholastic league cage campaign by winning next week's games.

Could Cause Tie

Should Ralls High School's Jackrabbits, currently leading the District 3-A race, falter against Crosbyton's Chief Tuesday night in Ralls, then Ralls and Floydada would be back in a tie for the district crown. The Jackrabbits are favored, but anything can happen when teams from the two towns tangle.

The Jackrabbits and their coach, Faris Nowell, know that the Chiefs would like very much to dump Ralls back into a deadlock with Floydada.

Ralls has won eight conference clashes while losing only one, that to Floydada early in the season.

Abernathy high's Antelopes could pull abreast of the Tahoka high Bulldogs should they down Tahoka in a vital District 4-A south zone contest in Abernathy Tuesday night. Tahoka is a cinch to go into the District 4-A tourney against the north zone winners, win or lose, Tuesday night. The Bulldogs have lost but one conference clash. The Antelopes have dropped two.

There'll be plenty of sharpshooting when these teams tangle. Coach "Jake" Jacobs of Tahoka has the type of team which doesn't depend on one, or even two, men to do all its goaling. At least once during this campaign all his starters have come through as high point men of games. That just about proves when the going gets rough for such basket blasters as Finis Botkin then Jacobs sends another man in, and under.

Page Leads Ralls

Carter Page, the six-foot-two-inch tall Ralls forward, will be hard for the Chiefs to get along with Tuesday night. He has been hitting the meshes for a general average of 12 to 14 points per game, and that's not bad.

It's the first time in 10 years that a Ralls team has been this near walking off with a District basketball title. Now they're wondering where they will put all those cage fans who'll virtually storm the gym, seating capacity 400, Tuesday night.

Ralls is so interested in the Jackrabbits that on several occasions more hometown folk were in their opponents' gym than local fans.

A sparkler in the way of cage duels is set for Levelland Friday night. Again those super rivals of District 4-A's north zone, Sudan and Levelland, clash in an important conference game. Sudan's Hornets have beaten the Lobos twice this season, once in conference play, the second time in Amherst's tournament which meant nothing more than measuring up the situation.

Hornets Are Unbeaten

Sudan is undefeated in the north zone while Levelland has the one loss to Sudan to mar its record. Both are cinches to go into the District 4-A tournament against the two south zone winners. That's not what's uppermost in their minds. They want to win the ball game.

It will be quite a duel with such stars as Bob Bouldin and Jim Eddins of Sudan and Bobby Hart and W. A. Wise of Levelland blasting away at the baskets.

Star Army Wingman From Dallas Resigns From Military Academy

WEST POINT, N.Y., Feb. 7. (U.P.)—The U. S. Military Academy today announced the resignation of Cadet Henry C. Foldberg of Dallas, Tex., a star end on Army's undefeated football teams in 1944, 1945 and 1946.

Foldberg, in his request to resign, said he desired to assert "in alleviating family financial difficulties," the Army announcement said.

It was reported that he would accept an offer to play professional football.

Three Top Flight Racers Will Depart Today For Miami, Fla.

COLUMBIA, S. C., Feb. 7. (AP)—Three of the nation's top thoroughbreds—Assault, Star Pilot and Lord Boswell—will leave their winter training quarters here tomorrow for Miami, Fla.

Assault, the King Ranch's club-footed Comet, is in "first class" shape, Trainer Max Hirsch reported. Assault did three-eighths of a mile in 35 and 2/5th yesterday.

SPORTS Spotlight
By Bob Cone

Those South Plains rivalries — friendly enough, but ever-present —will break anew this looming week . . .

First on the slate is the Ralls-Crosbyton cage duel in Ralls Tuesday night . . .

Coach Faris Nowell has done well, exceptionally well, in his work of developing a good basketball team at Ralls this year, and his Jackrabbits are out front in the chase for the District 3-A crown . . . We'll slide the limb again, right here, and pick the 'Rabbits to win the district . . .

• • •

No one doubts but that Crosbyton, down the road eight miles from Ralls, would like to knock the Jackrabbits out of the District 3-A lead, or at least into a deadlock with Floydada, and that's what will happen if the Chiefs get hot afloor Tuesday night . . .

• • •

Another rivalry-packed, and action-fanned, cage joust for Tuesday night will feature the floor play of two other South Plains cage powers . . . Abernathy and Tahoka in Abernathy . . . Coach Purvis of Abernathy and Coach Jacobs of Tahoka have crack cage fives . . . Tahoka put on quite a scoring bee to trounce the Antelopes in Tahoka recently . . . That means not so much in cage battling . . .

• • •

Then probably the game of games in the way of rivalry-packed cage contests will be played in Levelland Friday night . . . Friday the 13th . . . And that's the circled date for Bob Bouldin and Jim Eddins of the Sudan Hornets and Bobby Hart and W. A. Wise of the Levelland Lobos to resume their goaling duels . . . But don't get the idea there won't be six other lads out there hustling up the ball and taking their shots, too . . .

• • •

A letter from Buck Harbeson, now living in Roswell, proves he's the sports loving Buck of old . . . He's always hungry for sports news of the section . . .

"I should have been a sports writer . . . I love sports so . . . That might have worked out well, except I can neither write nor spell."

Come on in, Brother, that makes you a member of the fraternity.

• • •

And Merle Walker, superintendent of the Idalou school, has been elected chairman of District 4-B, and immediately released the district's 1948 football schedules . . . And leading off to open league play will be the Ropesville-Meadow game at Meadow Sept. 10 . . .

• • •

Those who saw Roosevelt and New Deal boys meet in a 7-B cage duel Friday night in New Deal were still buzzing about it Saturday . . . Roosevelt won, 32-31, on a gratis toss in an overtime period . . . And, pardon us, the Mustangs belong to Shallowater, not Roosevelt . . .

Seven times during the nip and tuck struggle the score was deadlocked . . . Roosevelt was out front twice by one point . . . New Deal at one time widened an advantage to four points . . .

And a Roosevelt crip shot in the last 30 seconds of regulation playing time tied the score . . .

And you don't like basketball?

• • •

R. L. Hunt of Cooper; A. L. Faubion of New Deal, and others, Saturday worked out final plans for the Lubbock county girls basketball tournament which will be held at New Deal's spacious gym Wednesday, Friday and Saturday nights . . . Roosevelt, New Deal, Shallowater and Cooper are the four teams remaining in the two zones following a double round robin . . .

Roach Planning Florida Fight

LaVern Roach, prominent young middleweight from Plainview, is tentatively scheduled to go after his 19th successive triumph February 18 at Miami, Fla., against Al Thornton of Rochester, Pa.

Originally, Roach had been slated for a February bout in New York City, but plans were changed in favor of the Miami match, in which the young Texan who recently whipped Tony Janiro will be a solid favorite. Roach expects to leave early this week for Florida, in order to assure proper conditioning in the southern state's warmer climate.

Ranks Below Roach

Thornton, whose fighting weight is customarily about 161 pounds, is ranked well below Roach in the middleweight division. In his last appearance, the rugged Pennsylvanian dropped a narrow six-round decision to Bill Poli, Italian middleweight champion. This bout was a preliminary on the Roach-Janiro card in Madison Square Garden January 16. Poli put Thornton on the canvas twice in the early rounds, but the Easterner rallied to score a knockdown of his own and barely missed getting the verdict.

Fighter Has Cold

Since defeating Janiro, Roach has been troubled slightly by a cold, but is again rounding into top condition. The bout with Thornton will provide his final competitive action before he goes against Marcel Cerdan, European champion, in a widely-publicized encounter scheduled for March 12 at Madison Square Garden.

OPEN SPRING TRAINING
(By The Associated Press)

Three Southwest conference schools open spring football practice Monday, just 40 days after bowl games closed the 1947 season with Texas, Texas Christian and Rice pacing conference members into the 30-day spring training period.

County Tourney Set At New Deal

NEW DEAL SCHOOL, Feb. 7 (Special)—Call 'em cager-ettes, if you must, or sharpshooter-ettes when they start bombarding the baskets for two pointers, but they're good at this game of basketball, and they'll be gunning for a championship, come Wednesday night.

They are the four Lubbock county girls basketball sextets who remain of seven which started early in the winter in a campaign for the county cage title.

Starts On Wednesday

The first game of the county tourney will get under way Wednesday night at 7:30 p. m. in New Deal's spacious gym, and a capacity crowd is expected to be here for the opening just as such will be the case throughout the three-day meet.

In this initial battle of the tourney, a battle in every respect, the New Deal and Roosevelt sixes will go afloor to resume a friendly, but thorough, rivalry which has existed whenever and wherever these teams meet.

They will be followed by Roosevelt and Cooper at 9 a. m., which makes it a heavy evening for the championship minded lassies who play this game of basketball for keeps.

Idalou, Slaton and Frenship were previously eliminated in a double round robin which each of the county's two zones held.

Tournament dates and plans were completed in a Lubbock meeting Saturday which was attended by R. L. Hunt of Cooper, the county chairman; A. L. Faubion, superintendent of the New Deal schools, who is tournament director, and the coaches.

Resume Play Friday

The two top teams emerging from the county tournament will continue on to the district meet.

Trophies will be awarded the three top teams.

Walcott Expected To Sign Up Monday For Bout With Louis

NEW YORK, Feb. 7. (U.P.)—Jersey Joe Walcott probably will sign on Monday for his return title bout with Joe Louis at Yankee stadium, June 23.

Negotiations were practically completed Friday night after a long conference at 20th Century headquarters.

Only one disagreement remained to be settled. Walcott wants 30 per cent of the movie receipts. The 20th Century club is offering only 22-1/2. They'll probably compromise at 25. Walcott has agreed to accept 20 per cent of net receipts from the gate, radio and television.

TAAF Cage Tourney Will Start Feb. 23

Final plans for the second annual Texas Amateur Athletic Federation mens basketball tournament under sponsorship of the City of Lubbock's Recreation department were announced today, with Abernathy High school's spacious gymnasium named as the site, and Feb. 23 as the opening date.

Deadline for team entries was set by Curtis Barrett, tournament director, as Tuesday, Feb. 17.

An entry fee of $20 must be paid by each competing team. This money will be used to pay for officials, trophies, and to help meet the expense of sending the tournament championship team to the state tournament in Port Arthur March 12-13.

"We are not trying to make any particular financial gain," Barrett said, in announcing completion of plans for the tourney. "We feel that the independent teams of this section will welcome this annual tournament.

"Remember, there may be any number of teams from any one city or town in this district in the tournament."

The single elimination tournament will get under way the night of Feb. 23, and games will continue, beginning each evening after 7 p. m., until the championship is decided.

Team rosters will be limited to 10 players and this complete roster must be in the hands of the tournament director before the teams start their initial games. No roster may be altered after a team starts play, Barrett explained.

"No person is eligible to play on one of these TAAF teams who has been a member of a freshman or varsity squad of a junior college, senior college or university after Jan. 1, and who competed on such a team after that date," the director said.

No player may play on more than one team in this tournament, Barrett explained.

The first 32 eligible teams from the following counties will make up the tourney brackets: Lubbock, Scurry, Borden, Yoakum, Terry, Lynn, Garza, Kent, Stonewall, King, Dickens, Crosby, Hockley, Cochran, Bailey, Lamb, Hale, Floyd, Motley, Cottle, Gaines, Dawson and Andrews.

Trophies to be awarded included those for first, second and third place. In addition 10-K gold basketballs will be awarded members of the championship five, and trophies will be given members of the all-tournament team.

SMU Swimmers Beat Baylor's Team Easily In Dallas Meet

DALLAS, Feb. 7. (AP)—Southern Methodist university's swimmers swamped Baylor university's team in the SMU pool today 56-19.

It was the second consecutive win for the Mustangs in as many meets, and their first Southwest conference victory.

SMU racked up eight firsts, five seconds, and two thirds. Baylor captured one event, diving. No pool records were broken.

Kramer, Riggs Meet In Houston Monday

HOUSTON, Feb. 7 (U.P.)—Former Amateur Tennis Champion Jack Kramer will fire his best cannonball shots at Bobby Riggs in Houston Monday night in an attempt to widen the slim one-match margin he holds over the king of the professionals.

"Big Jake" moved into the lead on the nation-wide tour after he defeated Riggs in Gainesville, Fla., Friday night, 6-4, 5-7, 6-4. The dog-eat-dog pro contest stands at 13 matches to 12 in Kramer's favor.

Kramer, the Californian who paved the way for the return of the Davis Cup to the United States from Australia, displayed his sizzling serve and polished game in Houston last April when he won the River Oaks Country club invitational championship.

COACH RECONSIDERS

AUSTIN, Feb. 7 (U.P.)—Tex Robertson, University of Texas swim coach who resigned early this week, has reconsidered his decision and will continue under terms of his present contract which expires in June, it was announced today.

Plans For New Local Schools To Embody Progressive Design

BY BILL CLARK
Avalanche-Journal Staff Writer

State-wide attention of both school officials and the building industry will be focused on Lubbock's two new elementary schools.

The board of trustees of Lubbock Independent School district will receive bids at 7 p. m. Tuesday for construction of the two new buildings, Thirty-sixth street school at Thirty-sixth and Ave. W, and Woodlawn school, Thirtieth and Fillmore.

Design Is Modern

Architect James Atcheson's plan for the schools they will be virtually identical—has been called by officials one of the most progressive to come out of the post-war construction program. Some new ideas are involved.

The clean-cut buildings will embody two separate benefits — "functional" design making best possible use of daytime lighting and comfort for the pupils, and structural economy which yet manages to preserve the buildings' strength and beauty.

"Functional design" means simply that "the form of the building itself follows the function it is supposed to serve," in the words of Hugh Rowland of the architect's firm. Functional design is a modern American trend, opposed to the habit in former years of delving into history for an architectural "style" and and adapting the building's function to the style.

Each building will have 12 classrooms. The primary grades will be housed in somewhat larger classrooms especially designed at one end of each building for younger children.

Glass Blocks Used

Even the more advanced classrooms are somewhat larger than the usual classroom. The primary grades are separated from the more advanced by the restrooms, offices and library.

A ribbon of steel windows will provide maximum ventilation, the lighting coming through prismatic glass blocks above the windows.

Prismatic glass blocks, the architect will tell you, throw the light upward over the entire ceiling area of the room. Children sitting near the interior walls will receive approximately the same amount of light as those near the window.

The use of glass blocks, Atcheson said, may result in higher costs than if conventional type windows were used. "But we feel that the benefits to be derived from their use will justify the additional expense. This will be partly offset by the fact that blinds will not be required."

Each school will have a cafeteria, which will also serve as an assembly hall and a playroom in bad weather.

The cafeteria and restrooms may be closed off from the rest of each building for use as a meeting place at night.

Offices, a bookroom and library complete the floor plan.

Structurally, the form of the buildings was simplified as much as possible for economy. Of strictly modern design, the simple exterior is broken only by a front entrance which is composed of simple planes of brickwork.

Masonry Reduced

The architect has tried to achieve economy and simplicity of form by combining the architectural and structural elements of the building.

The structural frame of the building is exposed and becomes an integral part of the design. This eliminates many high masess of brick or other masonry found in most structures. It makes possible the use of lighter steel framework, which should result in lower costs.

The roof will be poured of vermiculate or light-weight aggregate concrete, which serves as insulation as well as for part of the structure.

The floors will be laid with asphalt tile over concrete slabs, with ceramic tile in toilet and kitchen. Acoustical plast ceilings in the corridors will reduce noise.

Although the schools will be built with 12 classrooms each, plumbing, heating and cafeteria facilities are designed to accomodate six additional classrooms when additional space becomes necessary.

Colors Boldly Used

What about color?

"We have tried to avoid the institutional atmosphere generally associated with this type of building," Atcheson said. "We believe a bright cheerful atmosphere in the classroom will result in a favorable psychological effect on the pupil as well as the teacher.

"We hope to make a bold use of color to lend individuality to the various rooms, doors and structural elements.

"A child will remember for example, that he goes through a door of a certain color, or that his room has light green walls, much more easily than he would remember that he goes through the west door, or that his room has a certain number."

Not to be taken lightly is the economy of upkeep that the functional design makes possible. By using smooth plaster wainscoting, easily washed, flush metal baseboard and trim, and coved tile in the toilets, it will be easier to keep the schools cleaner. Maintenance costs are reduced to a minimum.

State Rules Are Met

Antiquated state regulations prevented maximum use of the functional design. For example, there is a state regulation requiring that the bottom of school building windows must be three and a half feet above the floor.

Most younger children cannot see out of a window that high.

Associating in planning the new buildings were Parkhill, Smith and Cooper, consulting engineers of Lubbock, who made the structural design, and a Fort Worth firm of mechanical engineers, Yandell, Cowan and Love, who designed the plumbing and heating system.

WALDSCHMIDT GIESEY TURNER JOHNSON
WEST TEXAS GEOLOGICAL SOCIETY OFFICERS — The four people pictured above are new officers of the West Texas Geological Society. Headquarters are at Midland, where all of the officers live, but they operate over the entire Permian Basin area and are well known in this section. Left to right, they are: W. A. Waldschmidt, president; Sam C. Giesey, vice president; Clyde W. Turner, secretary; and Jane Marie Johnson, treasurer.

Sears, Roebuck Company Employes Receive Profit-Sharing Pension Fund Statements

Sixty-six Lubbock employes of Sears, Roebuck & Co. received statements Saturday from W. C. O'Mara, manager of the Sears store in Lubbock, showing that they have to their credit in a savings and profit sharing pension fund of the organization 1,301¼ shares of Sears stock, plus a cash balance of $16,096.06, out of 1947 profits.

Based on Jan. 31, market value of $34 a share for Sears stock, the group has an investment worth $60,330, O'Mara said.

Company Contributes

Sears employes are eligible to join the fund after one year of service. Employe members deposit five per cent of their salaries into their individual accounts each year, with the maximum deposit limited to $250 annually. The company contributes into the fund an established percentage of its profits, which are distributed proportionately to employe members, depending on length of service.

This year, O'Mara said, employes with less than five years' service with Sears had credited to their accounts $1.15 for each dollar they themselves contributed. Employes with five to 10 years of service were credited with $2.30 for every $1 saved. For those with over 10 years' service, the company placed $3.45 into the fund for each $1. The fourth participating group, employes over 50 years old with more than 15 years' service, was credited $4.60 from the company for every $1 deposited.

Plan 32 Years Old

"Sears' profit sharing system is unique in that it was established 32 years ago," O'Mara.

"Thus, Sears, in efforts to provide for eventual retirement and old age of its employes, initiated a form of social security 20 years ahead of the government.

"The fund now owns more than 16 per cent of Sears stock and this ownership makes it the company's largest single stockholder. The fund's current assets amount to $171,065,000, based on a Jan. 31 value—these assets being credited directly to the accounts of the individual members.

"However, the actual money deposited by the present employe membership in order to amass this value has been only $31,000,000," O'Mara said.

Organized Reserves Instruction Slated

Establishment here of an office for instruction of organized reserves in the U. S. military establishment was announced yesterday by Justin R. Howard, president of the South Plains chapter of the Reserve Officers association.

The move will bring back to Lubbock as instructor Maj. Huddleston W. Wright, former resident here who for the past ten months has held a similar post at Amarillo. Wright, one of the "Lost Battalion" captured by the Japs in early stages of the war in the Pacific, will be assisted by Master Sgt. Wm. L. B. Hale. Offices are to be maintained in the basement of the courthouse, the announcement said.

Continuance of the Amarillo office is not affected in the Panhandle area. ROA chapters coming under the newly established Lubbock office include, besides Lubbock, Lamesa, Brownfield, Littlefield, Plainview, Big Spring, and many other ROA units in the South Plains area, Howard's announcement said.

Journalism Congress Will Be Held At University Of Texas

AUSTIN, Feb. 7 (AP) — First plans for the Southwestern Journalism congress here March 1920 were announced today.

The congress will be held at the University of Texas. Speakers will include Dr. Frank Luther Mott, dean of the School of Journalism at the University of Missouri; K. C. Pratt, New York advertising executive.

Dr. Dewitt Reddick of the University of Texas is president of the congress.

Confession In Murder Denied

PEORIA, Ill., Feb. 7 (U.P.) — State's Attorney Roy Hull said today he would ask the death penalty or a 99-year prison sentence for 24-year-old Herman Weber who is charged with slaying a Bradley university student.

The trial was scheduled to go to the jury today, following closing arguments.

Weber Testifies

Weber testified in his own defense yesterday. He said that an automobile salesman named John Crowley killed the student, Flavel Fueger, 20, last Dec. 3.

Weber also repudiated all three confessions he has made since he was arrested in Houston, Tex. He said he had made the confessions because Crowley had threatened to kill Weber's wife if he told police.

He said that Crowley shot Fueger after forcing his way into Fueger's car with the idea of stealing and selling it. He admitted being with Crowley when Fueger was forced to drive to a lonely road, but said he could do nothing because Crowley had a gun.

The defense called two state investigators and Police Detective Fred Montgomery as its last witnesses today. Montgomery said he did not believe there was such a person as Crowley.

FREIGHT FLEET GROWS

CHICAGO, (U.P.)—An outnut of 16,400 new freight cars delivered to railroads by Pullman-Standard Car Mfg. Co. here during 1947 was insufficent to assemble 328 freight trains of 50 cars each.

Former Lubbock Man Dies At Levelland

LEVELLAND, Feb. 7, (Special) —James G. Biffle, 72, resident of Lubbock and building contractor there for many years before he moved to this city a few months ago, died in a hospital here at 2:30 o'clock Saturday morning as result of a stroke about a week earlier. He would have been 73 years old Tuesday.

As contractor, Mr. Biffle erected several Lubbock downtown business buildings during his active years several years ago. He had been in semi-retirement in recent years.

Funeral services were held at the First Baptist church here this afternoon, and burial was here under direction of Plains Funeral Home.

Survivors besides the widow include two daughters, Mrs. B. A. Warren of Levelland and Mrs. Ed Wilcox of Woodruff, Kas; two brothers, John Biffle of Big Spring and Fred Biffle of Oceanside, Calif.

Expecting a Baby?

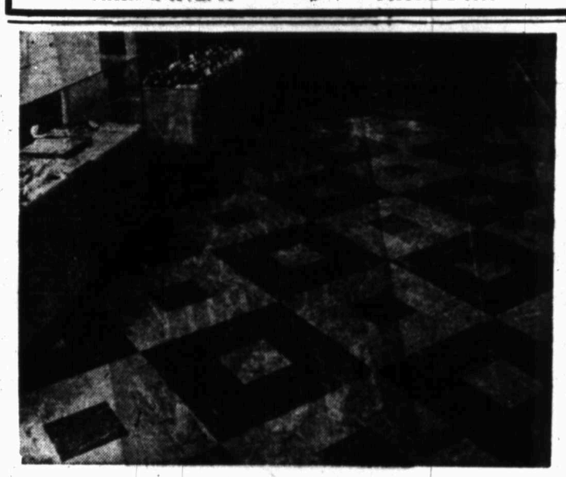

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is as an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

Open House To Be Observed At Texas Tech's Library Feb. 15

Open house will be observed from 3 to 6 o'clock next Sunday afternoon, Feb. 15, in the library at Texas Technological college to give Lubbock residents opportunity to see library facilities, including features recently added.

"We feel that the library is well on the way to becoming one of the most modern and well equipped college or university plants in the Southwest," said A. S. Gaylord, jr., librarian.

Restrictions Lifted

Principal purpose of the open house, he said, will be to acquaint not only the faculty of the college but the townspeople of Lubbock as a whole with progress being made in the library.

The new $50,000 stack installation in the library—which ordinarily would be closed to everyone except the staff and special research students—will be open to inspection of the public. The stacks are illuminated by a lighting system of the most modern variety, illuminating book shelves from floor to top and designed so that there is almost no shadow.

Ninety-five modern carrells or study cubicles for individuals are a new feature. Each includes a built-in table and reading light and book shelves for use of research students and faculty members doing advanced study, giving them opportunity to be in the stacks while studying. Tables are adjustable to heights of persons using them. The new stack installation increases book capacity of the library from approximately 90,000 to approximately 220,000 volumes.

Another modern new feature is a circulation or loan desk built in shops on the campus under supervision of George B. Long, superintendent of building and grounds.

Guides Furnished

Those features will be open for inspection along with the new arrangement of materials, demonstrating manner in which the library is being departmentalized in line with a new plan in college and university libraries. Department heads will be in their departments to tell open house visitors what is done in the departments and explain interesting features.

A special history room in the library designed for that purpose when the library was built but previously used as a storage room will be opened formally. Rare materials, primarily those pertaining to history of this section, are being collected in the room.

Efforts are being made to have available for inspection a collection of microfilm presented by Lewis W. MacNaughton of Dallas, partner of E. L. DeGolyer, famous geologist. Visitors may be able to see some of the collection on a microfilm reader.

The regular staff of student assistants will be on duty to guide visitors from the department to department.

City Promises Study Of Cable Troubles

The repair or replacement of worn street light cables in and near the downtown area will be one of the first matters to receive the attention of the city commission after the scheduled sale of $2,295,000 in city bonds Feb. 26, Mayor C. A. Bestwick declared Saturday.

Shorts in the underground cables have been blamed for the darkening of street lights in various areas in and near the business district on numerous occasions recently. Most of the cables were laid 15 or more years ago.

If the cables can be repaired satisfactorily, that will be done, the mayor said. Otherwise they will be replaced.

The approaching bond sale, he explained, include $85,000 of an issue voted two years ago for street lights. The amount, with other available funds, he said, will be ample for the downtown light improvements as well as for 800 or more street lights in residential areas.

Other bonds to be sold will finance improvements of the water, electric, sewage and other departments as well as a a new terminal building for Municipal airport.

Former Tech Faculty Member To Join Alamogorda Field Staff

Clovis Green, former mechanical engineering faculty member of Texas Technological college and a graduate with bachelor of arts and bachelor of science degrees from the college, will be a member of the supervisory staff of guided missiles at the air base at Alamogordo, N. M.

Mr. and Mrs. Green and children, Wendell, Janice and Walter, left Saturday morning after a visit here to return to Dayton, O., where Green is in the propellor division at Wright field. He is to begin duties at Alamogordo about March 20.

While here, they visited Green's parents, Mr. and Mrs. J. S. Green of 1917 Seventh, and his brothers, Truman Green of 3118 Twenty-seventh, George Green of 2214 Seventeenth, and Lynde Green, student in Texas Technological college.

Green has been employed at Wright field about seven years.

California's land is three-fourths hills and mountains that range from 500 to 14,000 feet high.

Did John L. Sullivan Fight With Stomach Ulcer Pains?

The famous heavyweight champion was noted as a voracious eater. Could he have eaten and fought as he did, if he suffered after-eating pains? If excess stomach acidity causes you distress after eating, or painful heartburn, gas, sour stomach, indigestion, even stomach ulcer pains, then try Udga for quick relief. Udga Tablets contain 3 proven fast-acting medicinal ingredients. Like a doctor's prescription, Udga works soothingly and fast. More than 210 million sold since 1928. Get a 25c box of Udga and if you, too, don't get amazing relief within one-half hour, you get DOUBLE YOUR MONEY BACK.

Adv.

HOW TO PROPOSE—When the wandering Barter Players present Oscar Wilde's "The Importance of Being Earnest" here Tuesday night at the Senior High School auditorium Owen Phillips as Earnest and Judy Jeffrey as Gwendolyn will demonstrate the proper fashion for proposing, at least, proper according to the etiquette books of grandparents of today's youth. This comedy will be produced only once in Lubbock. It is being presented in Lubbock under the auspices of the American Association of University Women.

* * *

Comedy Production, "The Importance Of Being Earnest," To Be Offered Tuesday

Bringing professional actors and actresses to Lubbock, the Barter Theatre Players of Virginia will arrive Tuesday to present Oscar Wilde's famous comedy, "The Importance of Being Earnest," at the Senior High school auditorium at 8 p. m. The play is to be presented in Lubbock under auspices of the American Association of University Women, and proceeds will go toward the organization's educational fund.

For romantic leads, the audience will see Judith Jeffrey as Gwendolyn and Owen Phillips in the title role of Earnest. Miss Jeffrey has done extensive work with the Goodman Memorial Theatre School of Drama, as a student and a staff member, played on New York and Chicago stages, and joined the Barter Theatre Players after returning last summer from 15 months in Europe as leading lady and technician with Soldier Shows, in which she played five outstanding parts including the Margaret Sullivan role of Sally in "Voice of the Turtle."

Owen Phillips, whose association with the world-famous Barter Theatre dates back to 1937 when, as a director, he gave stage-and-screen-star Jeffrey Lynn his first part in a professional play, is combining two exceptional theatrical talents this season in the Barter presentation of "The Importance of Being Earnest." Mr. Phillips both directs and carries one of the leading roles in the comedy.

AAUW members who will act as ushers for the performance on Tuesday night are: Miss Helen Fuller, chairman, Misses Martha Buttrill, Sannie Callan, Faye Hattox, Sue Rainey, Evelyn Jones, Gussie Teague, and Grace Padley, and Mesdames Joe B. Cobb, E. R. Heinéman, and J. L. Teal, and Charles Cobb.

Ticket sales by members of the AAUW will end on Monday, but tickets may be obtained all day Tuesday at Lattimore's, 1706 Broadway, or at the box office Tuesday night. Tickets are $1.20 for adults and 60 cents for students. There are no reserved seats for the one performance of the drama in Lubbock.

The Barter Players are filling a series of engagements in Texas. They already have appeared in Port Arthur, Beaumont, Galveston, Orange, Jacksonville, Tyler, Denton, Abilene, San Angelo and Odessa. After leaving Lubbock they are to present plays in Sweetwater, Brownwood, Wichita Falls and Greenville, then will go to Louisiana and later to Mississippi and Tennessee.

San Antonio Physician Killed Instantly In Auto Collision

SAN ANTONIO, Feb. 7 (AP) — Dr. G. Cole Herndon, 36, San Antonio physician, was killed instantly at 9 p. m. Friday when his automobile and a truck collided here.

Dr. Herndon was the city's second traffic fatality of the year.

Traffic Investigator J. L. Kinsel listed Hershel Ed Rice, 53, as driver of the truck. Rice escaped injury.

Bus Hearing Is Slated In City

Hearings have been scheduled by the Texas Railroad commission for Thursday in Lubbock and the following Thursday in Abilene on an application for direct bus service between Abilene and Lubbock.

Examiner Horace Soule of Austin will conduct the hearing here, in Hilton hotel.

The application was filed by John W. Reed, Austin insurance company man who formerly was manager of the Odessa city bus company, railroad employe and Office of Defense Transportation manager at San Angelo during World War 2.

Routing Is Sought

Reed proposes to do business as Trans-Western coaches. His application seeks a routing from Abilene by way of Merkel, Noodle, Sylvester, Roby, Rotan, Clairemont, Post, Southland, Slaton and so into Lubbock, downstate newspapers said.

He would not, announcements said, transport passengers between Abilene and Merkel, nor between Rotan and Post, nor between Abilene and Rotan and Roby.

Reed proposes to operate four daily round trips on a four-hour schedule between the cities. He also would make connections between Waco and Lubbock and Austin and Lubbock, eliminating one transfer on each of those trips, it was announced.

Young Girl Dies From Injuries Received In Car-Train Crash

FORT WORTH, Feb. 7 (U.P.) — Miss Jeannie Marie Long, 19, died in a Fort Worth hospital today of injuries suffered Thursday when the car in which she was riding was struck by a train.

The girl and three other women were injured when a freight engine knocked their car more than 75 feet in a collision. The others suffered serious injuries.

Meanwhile plans were speeded for erection of automatic warning signals at railroad crossings after four auto-train collisions in Fort Worth this week.

Parliamentary Class Will Hold First Meeting Tuesday Morning

A parliamentary class which was organized Friday morning will meet at 9:15 o'clock Tuesday morning in room 321 at Junior High school, reached from the Thirteenth street entrance of the building.

Other sessions, as decided at the organization meeting, will be conducted at 1:15 o'clock Tuesday afternoon, at 9:15 a. m. and 1:15 p. m. Feb. 17 and at 9:15 a. m. Feb. 18.

Anyone who wishes may begin the study Tuesday. The course will consist of 12 hourr classwork and is to end Feb. 18. Mrs. H. F. Godeke will teach the course.

Hero Of Corregidor And Wife Separate

NEW YORK, Feb. 7 (U.P.)—Comdr. John D. Bulkeley, 36, hero of Gen. MacArthur's escape from Corregidor, was sued today for a separation and $250 monthly alimony by his second wife, Georgette Newman Bulkeley, 23, Brooklyn Law school student.

Mrs. Bulkeley, formerly of San Antonio, Tex., charged that the former torpedo boat commander told her he "wanted to go on alone" and left her with so little funds she was in danger of becoming a public charge.

Bulkeley, now stationed at the Annapolis Naval academy, said his wife refused to live with him in a board house attic at Annapolis, Md. He said he had given all the money he had received from "They Were Expendable," the book and movie based on his war experiences, to the Navy Relief society and paid $375 of his $568 monthly salary to his first wife and mother.

The suit revealed for the first time that Bulkeley was divorced from his first wife, Hilda, 35, and remarried. The papers said he married Miss Newman on July 12, 1946, at Columbia, S. C.

SHIP IS DAMAGED

YOKOHAMA, Feb. 7 (AP)—The army transport General Eltinge limped into port last night, her hull damaged by heavy seas. Repairs will delay her departure for San Francisco, scheduled for Feb. 10.

Texans Favor HST's Proposals For Tax Relief, Survey Shows

(By The Texas Poll)

AUSTIN, Feb. 7—President Truman's tax proposals to the current session of Congress have a lot of political appeal in Texas.

In its latest statewide survey, The Texas Poll finds a large majority of the eligible voters favor reduction of taxes for the little fellow. At the same time, weight of opinion is for a raise in taxes on corporation profits.

Texas Poll interviewers throughout the state first asked a representative cross-section of eligible voters this question:

"If you were a members of Congress, would you vote for or against a bill reducing income taxes of people who don't earn much money?"

	For	Against	Undecided
All voters	90%	6%	4%
By income groups:			
Below average	90%	5%	5%
Average and above	91	7	2

The President's proposal to raise corporation taxes so as to make up for loss of revenue by reducing individual strikes a responsive chord with nearly half the adult population. This idea seems to find more favor with men than with women, and people in the middle and upper brackets support the idea more readily than do those in the lower income groups.

To determine this, Texas Poll interview ers asked representative voters a second question:

"If you were a member of Congress, would you vote for or against a bill raising taxes on croporation profits?"

	For	Against	Undecided
All voters	44%	28%	28%
By sex:			
Men	50	27	23
Women	37	29	34
By income grooups:			
Below average	38	25	37
Average and above	51	33	16
By education:			
Grade and no school	30	27	43
High school	44	26	30
College trained	34	31	15

A majority of eligible voters is against lowering taxes on corporation profits. Only about two out of every ten would vote for such a proposal.

To find this out, interviewers of The Texas Poll asked representative eligible voters a third question:

"If you were a member of Congress, would you vote for or against a bill lowering taxes on corporation profits?"

	For	Against	Undecided
All voters	18%	53%	29%
By sex:			
Men	16	62	22
Women	19	45	366
By income groups:			
Below average	19	45	36
Averabe and above	16	66	18
By education:			
Grade and no school	23	31	46
High school	14	58	28
College trained	18	66	16

Reduction of income taxes for the little fellow is a question on which most everyone seems to have made up his mind—only 4 out of every 100 people being undecided. Contrasted with this, about seven times as many people can not make a decision on the questions on corporation profit taxes.

R. WRIGHT ARMSTRONG

* * *

Wright Armstrong Is New Vice President Of Ft. Worth-Denver

FORT WORTH, Feb. 7 (AP)—R. Wright Armstrong, who has been executive assistant of the Fort Worth and Denver City Railway company at Houston since 1945, today was elected vice-president of the railroad.

The railroad also announced additional personnel changes, effective March 1, which include:

Walter O. Frame, present superintendent at Wichita Falls, will become general manager, with headquarters at Fort Worth.

Marvin G. Monaghan, assistant superintendent at Amarillo, will be promoted to assistant general manager, with headquarters at Amarillo.

Harold E. Moyer, trainmaster at Wichita Falls, will be promoted to superintendent of the Fort Worth and Denver City, and general superintendent of the Wichita Valley railway, at that point.

James M. Aydelott, trainmaster at Amarillo, will be promoted to superintendent there.

Sturgeon sometices attain a length of 20 feet and weigh 3,000 pounds.

Vesper Services Are Scheduled At Texas Tech For Semester

Invitation was extended to the public yesterday to attend the vesper service, first of a series for the spring semester, to be given at the recreation hall on the campus at Texas Technological college this afternoon at 4 o'clock.

Programs for the semester are being distributed from the library building, dormitories, and through college departments of various churches in the city, it was announced by Mrs. A. W. Young, who with Dr. Young, member of the faculty, sponsors the services.

Speaker for this afternoon's program will be Rev. Alsie H. Carlton, pastor of St. John's Methodist church on the subject "Our Idea of God." Soloist is to be Miss Sue Tyson, who will sing "My Task" and "The Yord's Prayer." Miss Mary Lois Findley is to be accompanist.

Programs Listed

Other programs for February, as announced by Dr. and Mrs. Young, are:

Feb. 15—Subject "There is a World Church." Speaker is to be Hary Smith, University of Texas student who was a representative at the second world conference of Christian youth at Oslo, Norway last summer. He is being brought here by the Westminster Fellowship of First Presbyterian church.

Feb. 22—Subject "To Make Us Aware," a program that begins religious emphasis week on the campus. Speaker is to be Jerry Smyth, junior arts and science student in Tech.

Feb. 29—Subjest, "Biblical Authority is not Marred," Speaker is to be Dr. Emmett Hazelwood, of the mathematics department at Texas Tech.

The programs continue throughout the spring semester.

Musical comedy is a form of entertainment developed almost exclusively by English-speaking countries.

ITALIAN TROOPS THROW WEIGHT AROUND—Italian army troops throw their weight into a crowd of 10,000 demonstrators attempting to storm a government building in Milan. A score were injured in the riot.

Whaley's Alemite Of Lubbock Is Established By S. R. Whaley

Announcement of the opening of Whaley's Alemite of Lubbock at 1405 Ave. A, wholesale jobbers in oils and greases and equipment, was made Saturday by S. R. (Searcy) Whaley.

Whaley has been connected with the automotive supply business 20 years and traveled West Texas two years as representative of the National Automotive Parts association. Prior to that he was with the merchandising division of the Electric Autoline Co.

The new firm will handle motor oils and greases, fuel pumps, lubrication lifts and other equipment in addition to Stewart-Warner products.

DOG VETS WIN DISCHARGE

WESTOVER FIELD, Mass. (U.P.)—Five Siberian sled dogs, Troiker, Houb, Kabloona, Saaya, and Helen, are awaiting army discharges here. The canine veterans were sent to the Westover base from Goose Bay, Labrador, as surplus to the needs of the Air Transport Command's search and rescue units. One of the dogs, Helen, has a family of four pups which will be discharged with her.

Truman Will Attend St. Patrick Dinner

WASHINGTON, Feb. 7 (U.P.)—President Truman has accepted an invitation to attend a St. Patrick's Day dinner in New York City on March 17, the White House said today.

Presidential Press Secretary Charles G. Ross said that Mr. Truman will make an address at the dinner which is sponsored by the Friendly Sons of St. Patrick.

Ross said he did not know whether the speech will be brief or a major address.

The New York speech would be Mr. Truman's first out of town speech since he attended the dedication of the Everglades National park in Florida last December.

38—Legal Notice

NOTICE TO CONTRACTORS
Hasie and Green Engineering Co.
Lubbock, Texas

Notice is hereby given that sealed proposals addressed to the Mayor, City of Hobbs, New Mexico, will be received at the office of the City Clerk, until 2:00 P.M. Tuesday the 24 day of February, 1948, and then publicly opened and read. The proposed work covers Street Improvement, including paving, curbing, guttering and the construction of pavement drainage to serve approximately 301 blocks in said City of Hobbs, New Mexico, and is briefly described as follows:

(1-A) Paving consists of approximately 301 blocks and 8 alley blocks in accordance with approved plans on file with the City of Hobbs, New Mexico.

(1-B) Pavement drainage consists of approximately 13,200 Lin. Ft. of storm sewer and appurtenances as shown on approved plans and specifications on file with the City of Hobbs, New Mexico.

Bidders must be certified or Cashier's check for Fifty Thousand Dollars ($50,000.00), or a bidders bond executed by a surety corporation authorized to transact business in the State of New Mexico, in an amount equal to 25% of the total amount of the bid as a guarantee that the bidder will enter into contract under the conditions set forth within 10 days after notice of award of contract. The minimum wages which shall apply on this work are the established rates for this area and as set forth in the specifications. Each bidder shall submit a statement of his experience, financial resources and equipment with the bid. The City reserves the right to reject any or all bids and waive all formalities. No bids will be returned and none received after the closing time for receipt of bids. Payment for the work will be made in conformity with the New Mexico Statutes, 1941 Annotated, Sections 14-3302, 14-3316 to 14-3322, inclusive, and other statutory provisions, as more specifically set out by the plans and specifications.

Plans and Specifications may be inspected at the office of the City Engineer of Hobbs, New Mexico, or obtained from Hasie and Green Engineering Company, Consulting Engineers, Wilson Building, or P. O. Box 1139, Lubbock, Texas, upon a deposit of $125.00, of which $100.00 will be refunded when same are returned.

Dated this 5 day of January, 1948.
TRUMAN W. HENSON,
City Clerk, Hobbs, New Mexico.

DEPARTMENT OF COMMERCE
Civil Aeronautics Administration
INVITATION FOR BIDS
(Construction Contract)
PLAINVIEW
CITY
TEXAS
STATE

SEALED BIDS, subject to the conditions contained herein will be received until 10:00 A. M. o'clock, 2-19-48, at the office of Mr. Ernest Tibbets, County Judge in the court house, Plainview, Texas and then publicly opened, for furnishing all labor and materials and performing all work for AN ADMINISTRATION BUILDING at the HALE COUNTY AIRPORT, PLAINVIEW, TEXAS.

Minimum labor rates for the construction of the proposed work have been established by the Secretary of Labor.

The minimum labor rates for the construction of the proposed work are as follows:

TRADE OR OCCUPATION	WAGE RATE PER HOUR
Carpenters, Journeymen	$1.625
Cement Finishers	1.625
Electricians	1.75
Iron Workers, reinforcing	1.75
Iron Workers, structural	1.875
Laborers, unskilled	.75
Lathers	1.875
Mason tenders	.75
Mortar mixers	.75
Painters, brush	1.625
Painters, spray	1.75
Plasterers	1.625
Plasterers tenders	.75
Plumbers	2.00
Power equipment operators:	
Hoist, 1 drum	1.35
Hoist, 2 or more drums	1.50
Mixers (10-S, or smaller)	1.00
Mixers (larger than 10-S)	1.25
Sheet metal workers	1.75
Steam fitters	2.00
Truck Drivers	.80
Bricklayers	2.25
Soft Floor Layers (linoleum)	1.625
Marble setters	2.25
Tile setters	2.25
Roofers	1.375
Terrazzo workers	2.25

The bid form shall contain a statement that the prices bid are based on such wage rates.

Copies of the plans, specifications, schedule of minimum wage rates, and other contract documents are on file at the court house at Plainview, Texas, and are open for public inspection. Plans, specifications and contract documents may be examined without charge in the office of the Architect, J. C. BERRY & KERR & KERR, at 312 B. W-10th, Ave., Amarillo, Texas, or will be forwarded to prospective contractors upon deposit of $15.00, per set as a guarantee of the safe return of the plans, specifications and contract documents. The full amount of this deposit will be returned to each actual bidder submitting a bonafide bid immediately upon return of the plans, specifications, and contract documents. No refund will be made upon plans and specifications which are not returned with ten (10) days after the award of the contract.

Each bid must be accompanied by a bid bond, a certified check or cashier's check for an amount equal to 5% of the total base bid.

Performance bond will be required for an amount of not less than 100% of the contract price.

Payment bond will be required for an amount of not less than 100% of the contract price.

Time limit for the construction of the proposed work is 120 calendar days. Liquidated damages for delay will be in the amount of $10.00 per day.

Bids must be submitted on standard form of bid and the successful bidder will be required to execute the standard form of contract for construction within ten days after formal award of contract.

Right is reserved as the interest of the County-City may require to reject any and all bids, to waive any informality in bids received, and to accept or reject any items of any bid unless subject bid is qualified by specific limitation.

Envelopes containing bids must be sealed and addressed as follows: Bid for Airport Administration Building, Plainview, Texas. To be opened 2-19-48. (day) To Mr. Ernest Tibbets, County Judge, Plainview, Texas.

IN THE COUNTY COURT OF LUBBOCK COUNTY, TEXAS
NOTICE OF APPLICATION TO ALL PERSONS INTERESTED IN THE ABOVE MINOR OR HER ESTATE:

You are notified that I have on the 6th day of February, A.D. 1948, filed with the county clerk of Lubbock County, Texas, an application under oath for authority to make to The Atlantic Refining Company, as lessee, an oil, gas and mineral lease on that certain real estate belonging to such minor, described as follows:

An undivided 1-64 interest in and to all the oil, gas and other minerals in and under and that may be produced from the Southwest one-fourth (SW¼) of Section 15, Block A-41, Public School Land, Andrews County, Texas;

That Walter Davies, Judge of the County Court of Lubbock County, Texas, on the 6th day of February, A.D. 1948, duly entered his order designating the 16th day of February, A.D. 1948, at 10 o'clock A. M., in the county court room in the courthouse of such county as the time and place when and where such application would be heard and that such application will be heard at such time and place.

FERN PARKS CONE
Guardian of the person and Estate of Marjorie Alice Cone, a minor.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 0.561 miles of F.A.S.F.R.R. Underpass and Approaches, Grading & Structures North of Lubbock, Texas on Highway No. US 87 (Loop), covered by FAGH 548 (13), in Lubbock County, will be received at the Highway Department, Austin, until 9:00 A.M., Feb. 26, 1948, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provision of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with provisions of said House Bills, the State Highway Commission has ascertained the wage rates prevailing in the locality in which this work is to be done. The Contractor shall pay not less than the prevailing wage rates shown in the proposal for Group 3 for each craft or type of "Laborer," "Workman," or "Mechanic" employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of F. E. Ogle, Resident Engineer, Lubbock, Texas, and Texas Highway Department, Austin. Usual rights reserved.

39—Legal Notice

RESOLUTION

Motion by Commissioner Childress, seconded by Commissioner Price the following Resolution passed unanimously:

RESOLUTION OF INTENTION TO PASS ORDINANCE SUBMITTING AMENDMENTS TO THE EXISTING CHARTER OF THE CITY OF LUBBOCK, TEXAS, AND PROVIDING THAT NOTICE THEREOF BE GIVEN

WHEREAS, the City Commission of the City of Lubbock deems it advisable at this time to submit to the qualified voters of the City of Lubbock amendments to the existing Charter of said City; and,

WHEREAS, the Charter of said City has not been altered or amended within two years next preceding this date:

THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF LUBBOCK, TEXAS:

SECTION I

That it is the intention of the City Commission to pass an ordinance on the 26th day of February, 1948, or so soon thereafter as such ordinance can be finally passed, for the purpose of submitting to the qualified voters of said City amendments to the existing Charter and calling an election for that purpose.

SECTION II

That the Mayor is authorized and instructed to cause a substantial copy of this Resolution to be published in the official newspaper in the City of Lubbock, and same when so published is to be due notice of all said matters.

SECTION III

Such notice shall be published for ten days and the first of such publications shall be made as much as twenty days before the said February 26, 1948.

SECTION IV

This Resolution shall take effect and be in force immediately upon its passage.

Passed, adopted and approved this the 29 day of January, 1948.
C. A. Bestwick
Mayor

STATE OF TEXAS
COUNTY OF LUBBOCK
NOTICE OF DISSOLUTION OF LIMITED PARTNERSHIP

That on February 16, 1947, Walter N. Kassell and Marion I. Hall entered into an agreement for the formation of a limited partnership for carrying on the business, trade and occupation of buying and selling aircraft, aircraft parts and supplies and aeronautical equipment under the firm name of Kassell Aircraft Sales, Ltd., with principal place of business at Lubbock, Texas which agreement provided that the partnership was to commence on the date of the agreement and was to terminate on December 31, 1950 in which partnership Walter N. Kassell is the general partner and Marion I. Hall is a special partner.

That the partnership has places of business located at Lubbock, Lubbock County, Texas, and Vernon, Wilbarger County, Texas.

That the parties desire to terminate the partnership in accordance with the requirements of Article 6132, Vernon's Civil Statutes of the State of Texas.

Notice is hereby given that the partnership consisting of Walter N. Kassell, general partner and Marion I. Hall, special partner, doing business under the name of Kassell Aircraft Sales, Ltd. is dissolved effective upon the compliance by the partners, with the requirement of Article 6132, Vernon's Civil Statutes of the State of Texas.

WITNESS OUR HANDS, this 23rd day of January, 1948.
MARION I. HALL, Special Partner
WALTER N. KASSELL, General Partner

NOTICE OF SALE
2:00 O'CLOCK P. M. THURSDAY, FEBRUARY 26, 1948.
$2,295,000 BONDS
OF THE CITY OF LUBBOCK, TEXAS

The City Commission of the City of Lubbock, Texas, will receive sealed bids for sale of $2,295,000 bonds, dated the 1st day of March, 1948: Due Serially as set out below; payable at a bank to be selected by the Purchaser and approved by the City.

The bonds are described by issues, as to amounts, Purpose and maturity, as follows:

(A) $445,000 General obligation Bonds, authorized at an election held December 11, 1945; interest payable semi-annually March 1st and September 1st; first interest coupon due March 1, 1949;
No option to call for payment prior to maturity;
Purpose and maturity being:

1. $190,000 Municipal Airport Improvement Bonds, maturing,
$ 5,000 each year 3-1-1949/1954, inclusive
$ 7,000 each year 3-1-1955/1959, inclusive
$ 6,000 each year 3-1-1960/1963, inclusive
$ 9,000 each year 3-1-1964/1965, inclusive
$10,000 each year 3-1-1967/1968, inclusive

2. $75,000 City Hall Building Bonds, maturing,
$3,000 each year 3-1-1949/1956, inclusive
$4,000 each year 3-1-1957/1965, inclusive
$5,000 each year 3-1-1966/1968, inclusive

3. $81,000 Park Bonds, maturing,
$3,000 each year 3-1-1949/1950, inclusive
$4,000 each year 3-1-1951/1958, inclusive
$5,000 each year 3-1-1959/1965, inclusive
$6,000 each year 3-1-1966/1968, inclusive

4. $120,000 Street Lighting Bonds, maturing,
$5,000 each year 3-1-1949/1954, inclusive
$6,000 each year 3-1-1955/1958, inclusive
$7,000 each year 3-1-1959/1963, inclusive
$8,000 each year 3-1-1964/1968, inclusive

(B) $1,850,000 Electric Light System Revenue Bonds, authorized at an election held December 2, 1947;
Interest payable semi-annually March 1st and September 1st; First interest coupon due September 1, 1948;
Bonds maturing 3-1-1959 to 3-1-1968 inclusive, may be called for payment on March 1, 1958 or on any interest payment date thereafter at par and accrued interest;
Principal maturities:

$70,000 3-1-1949	$ 90,000 3-1-1958
70,000 3-1-1950	95,000 3-1-1959
75,000 3-1-1951	100,000 3-1-1961
75,000 3-1-1952	100,000 3-1-1962
80,000 3-1-1953	105,000 3-1-1963
80,000 3-1-1954	105,000 3-1-1964
80,000 3-1-1955	110,000 3-1-1965
85,000 3-1-1956	115,000 3-1-1966
85,000 3-1-1957	120,000 3-1-1967
90,000 3-1-1958	120,000 3-1-1968

At the election held on December 2, 1947, an aggregate amount of $4,924,000.00 Revenue Bonds were authorized by the voters for the purpose of improving, enlarging, extending and repairing the City's Electric Light, Water and Sewer System, as follows:
$2,185,000.00 for the City's Electric Light System.
$2,313,000.00 for the City's Waterworks System.
$426,000.00 for the City's Sanitary Sewer System.

However, the election order and notice specified that if the bonds for the above three purposes were approved by the voters, the bonds will be issued as one series to be known as "City of Lubbock, Texas, Electric Light System Revenue Bonds", and that the principal and interest on the bonds are to be payable "solely from the revenues of the City's Electric Light System." The bonds, so voted, were authorized under the General Laws of the State of Texas, particularly Articles 1111 et seq., Revised Civil Statutes of 1925, as amended, and will be "an exclusive first lien on and pledge of said revenues of the City's Electric Light System after deduction of the reasonable expenses of operating and maintaining said Electric Light System as said expenses are defined by statute." That aggregate amount of $4,924,000.00 Electric Light System Revenue Bonds were so voted to mature over a period of years not to exceed twenty years from their date.

The funds, from the sale of the $1,850,000.00 "City of Lubbock, Texas Electric Light System Revenue Bonds", being offered for sale on February 26, 1948, will be used as follows:
$650,000.00 for improvement of City's Waterworks System.
$300,000.00 for improvement of City's Sanitary Sewer System.
$900,000.00 for improvement of City's Electric Light System.

The additional bonds of this series, in the amount of $3,074,000 will be issued in an orderly manner over a period of years as the funds may be needed. The bonds will be issued so that the net revenue from the Electric Light System will at all times show at least one and one-half times coverage after deducting the principal and interest requirements of the bonds, then outstanding.

CONDITIONS OF SALE

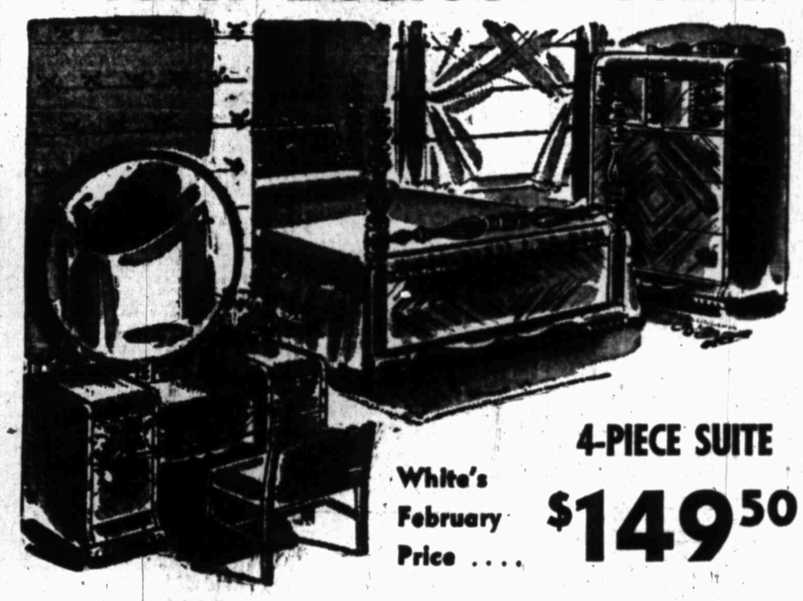

Sealed bids should be addressed to Miss Lavenia Williams, City Secretary of the City of Lubbock, Texas, and must be in the hands of the City Secretary not

LUBBOCK AVALANCHE-JOURNAL

Women's News

Lubbock, Texas, Sunday, February 8, 1948

Betrothals Feature February Society

ROMANCE is the number one challenge to February society and Cupid's message is column one news for Valentine week. A number of bethrothals is being announced today, with wedding dates set for late this month or in March.

Dean and Mrs. W. L. Stangel of 2605 Twenty-second, announce the engagement and approaching marriage of their daughter, Miss Ava Ruth Stangel, to Clifford Brooks Barr of Lubbock.

The wedding is to take place at St. John's Methodist church Wednesday, March 24, at 12:30 o'clock in the afternoon.

Miss Stangel is a graduate of Texas Technological college. Mr. Barr enrolled in the institution after being discharged from the Air Corps.

Sweetheart Motif Is To Be Featured

The heart theme will be featured in banquets, dances and parties planned by young people's organizations this week.

Plans for a DeMolay dance, to be held at 8 o'clock Thursday at Hotel Lubbock, were announced yesterday by Wilson Downs, master councilor, and Dorrance Guy, dance committee chairman, of the 'teen age group sponsored by Yellowhouse Masonic lodge.

Highlight of the dance will be the presentation, by Mayor C. A. Bestwick, of the chapter's 1948 Sweetheart, elected by secret ballot. Her identity will not be made known until 9:30 o'clock when she will be presented with a bouquet and a DeMolay sweetheart pin.

The Co-Op orchestra, with Lloyd Thompson as vocalist, will supply music until the party ends at midnight. Chaperones wil be Masons and members of the Eastern Star. Lubbock young people are invited to attend.

Tickets are being sold by DeMolay members and will be available at the door. Prices are $1.20 for couples, 80 cents for stags, tax included.

For Y-Teens Club

At the traditional Sweetheart banquet for Y-Teens club of Senior High school to be given Monday night at 7:15 o'clock at the Hilton hotel, Chloe T. Dawson, club president, will be mistress of ceremonies and Rev. Alsie H. Carleton, pastor of St. John's Methodist church, will be guest speaker.

A welcome by Miss Dawson is to be answered by Jerry Nislar, Hi-Y club president; the invocation will be by Carolyn Bledsoe; vocal numbers will be presented by Katherine Shafer who will sing "Will You Remember" and by Nancy Davis who will sing "Lover;" and the song, 'Let Me Call You Sweetheart," will be sung by the group.

To present a skit, "The Five Different Types of Males and Females," will be Claudyne Young, Bruce Brown, Betty Davis, Fred Stanley, Edda Lynne Cox, Jim Johnson, Ann Adams, Charley Ross, Evelyn Sue Burks and Bo English.

Each place is to be marked with a red paper heart mounted on a doilie and pierced with an arrow bearing the person's name. Table decorations will include bouquets of red and white flowers and white pipe cleaner figures dressed in red and white.

Approximately 300 persons are expected to attend. Special guests will be Mr. and Mrs. Floyd Honey, Mr. and Mrs. H. J. McCabe and Mrs. Carleton.

Meradith Smith is chairman of the social committee of the club and Charlene Laws is chairman of the program committee.

For School Groups

High school and college departments of the churches of Lubbock will celebrate Valentine's day with open houses, parties and banquets. The Valentine motif will be featured in themes and decorations.

The college group of the First Baptist church will hold a Sadie Hawkins openhouse Friday from 7:30 to 9 p. m. in the Annex. YWA Sweetheart banquet, Saturday at 7:30 p. m., will feature the presentation of a sweetheart which has been selected by the members of YWA by secret ballot. Mrs. L. O. White will be the main speaker, and the tables will be decorated with red heart vases and bouquets of red and white carnations. About 125 persons are expected to attend. On Feb. 21, B-Hi-U will have its annual Sweetheart banquet at 7:30 p. m. Both dinners will be in the First Baptist annex.

Asbury Methodist church will have a Seven Dates party featuring special entertainment representing each night in the week with a different pair of sweethearts for each night. Charles Kelly is chairman of the planning committee and Miss Geraldine Bullock is his assistant. The party will be Friday night at the church.

A Sweetheart party, given by the First Methodist church, will be in Fellowship hall Friday night at 7:30 o'clock. J. B. Cooper heads the planning committee.

St. John's Methodist church will feature a Lucky In Love party to be held at the church Friday night at 7:30. Chairman of the committee in charge is Miss Virginia Barrow.

Openhouse of the First Presby-

See SWEETHEARTS Page 3 Sec. 3

Miss Gamble Will Be Bride Of Mr. Casey

Mr. and Mrs. Arthur Newton Gamble of 2402 Twentieth reveal the bethrothal and approaching marriage of their daughter, Miss Virginia Belle Gamble, to Carl Henry Casey of Lubbock, son of Mr. and Mrs. Milton E. Casey of Wolfforth.

The wedding will be solemnized at 7 o'clock in the evening March 3 at First Methodist church.

Miss Gamble will be attended by Mrs. Flavia McIlvain of Laredo as matron of honor; by her cousin, Edith Ann Holloman of Slaton as junior bridesmaid; by Mesdames A. E. Gamble, Ralph Cocanougher, John Carter Byers, W. T. Bolt, jr., of Austin and Fred Cardinal of Floydada, bridesmatrons, and Miss Ethel Claire Raney of Dallas, bridesmaid.

Jones-Kerr Betrothal To Be Revealed Today

To reveal the engagement and wedding date of their sister-in-law, Miss Juanita Kerr and Carl Jones, Mrs. Lewis Kerr and Mrs. Emmett Kerr are giving a tea from 4 until 6 o'clock this afternoon in the home of the former, 3110 Twenty-second.

The hostesses, the honoree and Mrs. Homer R. Jones of Dumont, mother of the prospective bridegroom, will form the receiving line. In the house party will be Misses Betty Stanton, Helen Blair, Gladys Ruth Parnell and Mrs. R. H. Wheeler.

The refreshment table will be covered with a white Irish linen cloth and the main decor will be an arrangement of dubonnet carnations and pink candles. Plate favors will be scrools tied with pink ribbons and lettered with "Juanita and Carl, March 12."

The wedding will take place in Oklahoma City.

Merrilyn Snider Will Wed Jack E. Walker

The approaching marriage of Miss Merrilyn Snider and Jack E. Walker of Memphis, which will take place Saturday at St. John's Methodist church, is being announced by her parents, Mr. and Mrs. E. J. Snider of 2426 Twentieth

Mr. Walker is the son of Mrs. R. G. Walker of Memphis.

Miss Abrems To Wed Orville Alderson

Mr. and Mrs. J. B. Abrems of Elk City, Okla., announce the engagement of their daughter, Miss Magella Abrems, to Orville Alderson, son of Mr. and Mrs. W. G. Alderson of 2222 Seventeenth.

The wedding will take place March 20 in Elk City.

Miss Abrems is a student at Oklahoma A. and M. college, Stillwater.

Miss Brode To Marry James Hollie Cross

Mrs. Hattie M. Brode of Frostburg, Mo., has announced the engagement of her daughter, Miss Amelia Jean Brode, to James Hollie Cross, son of the late Mr. and Mrs. W. B. Cross of Lubbock. The wedding, planned for late summer at a date to be announced, will be solemnized in the Salem Evangelical and Reformed church at Frostburg.

Miss Brode is a graduate of Beall High school and of the Frostburg State Teachers college. She is on the staff of East Side school, Cumberland, Md.

Mr. Cross, a graduate of Lubbock High school and Texas Technological college, is an assistant professor, department of physics, Texas Technological college.

Initiation Conducted By Las Vistas Club

Las Vistas club held its initiation dinner Tuesday night at 7:30 o'clock in the Yaqui room of the Hilton hotel.

During the candlelight ceremony corsages of red roses tied with gold ribbon were presented to the following new members: Mesdames Marie Owen, Nelma Douthit and Blanche Tierney and Misses Frances Overstreet, Lorena O'Neal, Mary Frances Holmes, Norma Lee White and Edith Johnson.

Presiding officers were Miss Billie Lou Abel, president; Mrs. Dave Worley, vice-president; Miss Ann Owen, secretary; and Mrs. Joan Grinstead, treasurer. White candles in crystal holders lighted the dinner and the centerpiece was a white Bible surrounded by red roses.

The club will hold its presentation Feb. 24, at the Hilton hotel with Bailey Ireland's orchestra playing. Fifteen new members will lbe presented.

IT'S LOVE AGAIN!—Dan Cupid holds sway on Valentine's day, which will be celebrated Saturday. For centuries he's been linking new sweethearts together. With 1948 bestowing Leap Year privileges on eager young girls, Dan likely expects a record number of victims. This year's gay Valentines will carry messages of affection for many people besides sweethearts. School chums rate special Valentine verses, too. It would seem that seven-year-old JIMMIE BENSON, upper left, son of Mr. and Mrs. W. D. Benson, jr., 2707 Twenty-third, would have to tiptoe in order to mail a Valentine message to JUDY PENDERGRAFT, 7-year-old daughter of Mr. and Mrs. Tom Pendergraft, 2702 Twenty-third; but if you let your eyes drop to the lower right picture, you'll see that it was delivered all right. It was natural enough for MISS MARTHA LIVELY and her fiance, HOWARD SCHMIDT, to accept an invitation to pose as "a couple in love," as they sat in Miss Lively's living room, 2219 Twenty-eighth. They are students at Texas Technological college. Center picture was duplicated in grade schools all over Lubbock last week. Two seven-year-olds, DONNA KAY PEACHEE, daughter of Mr. and Mrs. D. A. Peachee, 2314 Thirtieth, and DICK KENNEDY, son of Mr. and Mrs. Larry T. Kennedy, 2208 Thirtieth, look up from their occupation of making Valentines. They are pupils in the Dupre second grade room taught by Mrs. Fred Nelson. Lower left, CHLOE T. DAWSON, daughter of Mr. and Mrs. G. E. Dawson, 1902 Twenty-fourth, and MABRY PEEL, son of Mr. and Mrs. J. A. Peel, 1906 Twenty-fourth, are practicing one of the songs to feature the Y-Teens Sweetheart banquet Monday night. Miss Dawson is president of the high school organization. They are senior students. (Avalanche-Journal photos.)

Rush Period Starts Today

A four-day spring semester rush period for women's social clubs of Texas Technological college will open this afternoon with a mass convocation to be held at 2 o'clock at Hotel Lubbock. Miss Mary King, president of the Tech Women's Inter-Club council, will preside.

Monday afternoon from 5 until 6:30 o'clock parties for rushees will be given by each club as follows: DFDs at Mrs. George Turner's, 3212 Twenty-second; Ko Sharis at Mrs. O. B. Ratliff's, 2205 Thirtieth; Las Chaparritas at Seaman hall; Las Vivarachas at Mrs. Walter Howard's, 2202 Thirtieth; and Sans Soucis at Mrs. Amos Howard's, 2309 Seventeenth.

Each club is planning two entertainments for Tuesday and two for Wednesday, one from 5 to 6:30 p. m. and the other from 7 to 8:30 p. m.

Tuesday parties are to be given at the following places: DFD, Mrs. Harold Humphries, 2009 Broadway; Ko Shari, Mrs. Walter Moward, 2202 Thirtieth; Las Chaparritas, Mrs. Hop Halsey, 3308

See RUSH PERIOD Page 3 Sec. III

Study Clubs Plan Anniversary Events

"LEARNING to Live," "Antiques," "Musicians of Tomorrow," "African Native Customs," "Western Europe," and "Maladjustments of Children" will be topics to be discussed by women's clubs during the week. A birthday coffee will be given by Clement-Sorosis Study club Tuesday morning from 10 until 11:30 o'clock at the home of the club sponsor, Mrs. W. P. Clement, 2606 Twentieth. Pierian Sorosis is planning an anniversary tea.

Lubbock Woman's Forum program topic for a Tuesday meeting will be "Learning to Live." Mrs. J. B. McCauley, 3207 Twenty-second, is to be hostess and Dr. Roy Sloan will be speaker. Assisting hostesses are to be Mesdames Raymond Marshall, Rem Thomson, Joe McIlhaney and Hackell Taylor.

Speakers on "Western Europe" for Athenaeum club Tuesday at 3 o'clock in the home of Mrs. S. T. Hodges, 2204 Twenty-fourth, will be Mesdames D. A. Childers, Bryan McDonald, B. E. Needles and Fay Westmoreland. Mrs. Roy B. Davis is to be program chairman.

Pierian Sorosis club will hold its anniversary tea Tuesday afternoon at 3:30 o'clock in the home of Mrs. L. M. Wartes, 3202 Twenty-first. Special guests will attend.

A Valentine motif will be featured. The white laid serving table will hold a silver service, silver candelabra and a centerpiece of red carnations. Mrs. W. H. Tinney, president, will pour. Assisting in serving will be the members of the social committee, Mesdames Wartes, Harold Blanks, Horace Gilmore and Odis Hackney.

Mrs. James Atcheson will play background music consisting of: a medley from "Porgie and Bess" (Gershwin), "Avioso" (Bach), "Evening in Seville" (Neimann), "The World Is Waiting for the Sunrise" (Seitz), "Song of Songs" (Moya), "Unteu D'Amor" (Seilsm), "Moon Dawn" (Friml), "Lament" (Levrance), and "Music for Tonight" (Gills).

Jack Walters will play "La Tleus Que Lente" (DeBussy) and "Polka" (Shostakovich). Mrs. D. E. Ing, accompanied by Mrs. Marlin Smith, jr., will sing and Mrs. Troy Overman of Spade will read several selections. Their numbers have not been announced.

A lecture on "African Native Customs" will be presented for Junior Twentieth Century club Tuesday afternoon at 3 o'clock at Seaman hall by W. G. McMillan.

At a meeting of Twentieth Century club to be held Tuesday at 3 p. m. in the home of Mrs. W. B.

See STUDY CLUBS Page 3 Sec. III

Guests Will Be Speakers

Wednesday and Thursday will be meeting days for five parent-teacher units.

Judge George R. Bean will discuss the subject, "Your Government Is You," for George R. Bean P-TA Wednesday afternoon at 3:30 o'clock at the school.

At a meeting of P-TA for School of Exceptional Children Thursday afternoon at 3:45 o'clock, Dr. Agnes True of Texas Technological college will speak on "Controlling Our Emotions."

McWhorter P-TA is to meet Thursday afternoon at 3:30 o'clock at the school for a talk on "Your Government is You" to be given by W. R. Postman.

Guest speaker for East Broadway P-TA Thursday afternoon at 3:45 o'clock at the school will be Louis F. Moore. His topic will be "Your Government is You."

A panel on "Your Government is You" will be presented by Junior High school students for Central Junior High P-TA Thursday night at 7:30 o'clock at the school library.

Arrangements for the program

See P-TAs Page 3, Sec. III

Article On Tolerance Presented For Club

An article on tolerance was presented by Mrs. J. L. Edwards when 1948 Friendship club met with Mrs. Kenneth Bozeman Friday afternoon. Decorations and refreshments were in the Valentine motif.

Others attending were Mesdames J. M. Zinn, H. N. Graham and D. L. Jones, new members, and Mesdames J. W. Lemons, Vernon Lemons, J. R. Lockartt, T. A. Moore, M. M. Styles and Bob Blanton.

The club is to meet Feb. 20 at 2 p. m. with Mrs. Blanton, Bozeman addition.

Through the Coral Doors

Howdy Folks:

Things still go round and round behind those Coral Doors at Broadway and Avenue N. Fredda was busy with carpenters, and I've a feeling it means some expansion at the Studio. Guess we'll just have to wait and see.

James is back from his flying trip to Florida and is busy uncrating furniture. I got terribly excited over a pair of small eighteenth century chests in pine just right for each end of my large sofa, and what's so wonderful, there is room in the drawers to tuck out of sight Dad's pipe, tobacco, and house shoes. It will save me a lot of running upstairs to fetch them.

Good news for you whose living room serves a double purpose, a rich mahogany Danbury table, by Charak, that folds into a small drop leaf living room piece, yet expands with no legs in the way to set ten to twelve people. It's the first really beautiful drop leaf I've seen since way back before the war.

Visiting Mary Mac in the office, I spied invoices for more furniture, carpets, crystal, and a new pattern in Wedgwood, "Eastern Flowers." Anne says it's a new pattern, one they haven't had before, and of course, we all just can't wait to see what it's like.

I don't know where all those bolts of fabric go, that I see come in each week, but evidently from all the paint mixing Fredda and the girls are doing everybody must be redoing their house, and it must be coming from behind those Coral Doors.

Fredda was glad to have a message from Charles Craig, who is studying interior decorating in New York. He is sending her some of his work, and she is delighted Charles wants her to keep up with his progress. Maybe he and Bill can get together, provided Bill got there. No one has heard yet, but I'll keep you posted.

I just heard a groan from Fredda. Here it is, and there's no putting it off—one of those out of town talks she so lightly promised last year. I'll bet in spite of the groan she gets it done and has fun doing it.

I'll let you know next week also what Fredda is planning with the carpenters and painters.

See you at the Decorators Studio, corner of Broadway and Avenue N!

Grandpa Nosey

MRS. WILLIAM D. BALDWIN

* * *

Corinne Kennedy And William D. Baldwin Exchange Vows In Kennedy Saturday; To Go To Mardi Gras On Honeymoon

The marriage of Miss Corinne Kennedy, daughter of Mr. and Mrs. D. C. Kennedy of 2604 Twenty-sixth, and William David Baldwin, son of Mr. and Mrs. R. B. Baldwin of Jasper, was solemnized Saturday night at 8 o'clock at the First Baptist church with Rev. Herman Coe officiating.

A musical program was presented by Mrs. Ben F. Seale, organist, who played wedding marches, "Clair de Lune," and accompanied Kenzie Gibbs as he sang "Because" and "Always." Vows were exchanged before an altar banked with woodwardia and decorated with baskets of white gladioli and white tapers burning in tiered candelabra.

Given in marriage by her father, the bride wore a gown of ivory faille fashioned with a fitted bodice and a deep intricately corded yoke and sleeves. The circular peplum on the dress and the bride's Dutch bonnet, from which fell a fingertip veil of illusion, were made of similary corded work. For something old, she carried an imported lace handkerchief belonging to her grandmother, Mrs. J. P. Clark of Corpus Christi; for something borrowed, she wore a diamond ring belonging to her mother; and for good luck, in her shoe she wore a sterling silver four leaf clover, engraved with the couple's initials and the wedding date.

Miss Dorothy Dale Kennedy of Lubbock, cousin of the bride and maid of honor, wore an aqua taffeta dress styled with off shoulders, a bouffant skirt and bustle bow. She carried a matching aqua muff with pink carnations and ribbons. Bridesmaids, Mrs. Robert M. Dies of Lufkin and Miss Sarah Frances Munsell of Jasper, wore pink taffeta dresses identical to Miss Kennedy's. They carried pink muffs with aqua carnations and ribbons.

Suzanne DuPerier of Jasper, flower girl, wore pink taffeta and carried a silver basket filled with pink rose petals. Candlelighters were Mary Beth Campbell and Geraldine Due.

Ray B. Baldwin, jr., served as his brother's best man and Robert M. Dies and Jack Campbell were ushers.

Reception Honors Couple

Wedding guests were entertained at a reception given in the Community house following the ceremony. Assisting with hospitalities were parents of the bride and bridegroom, members of the wedding party, and Mrs. G. R. Kennedy of Lubbock, aunt of the bride, Mrs. Jeff Adams, Mrs. Garland Due, Mrs. Aubrey Wigley and Mrs. Ray B. Baldwin, jr.

The bride's table was laid with a white linen cut-work cloth and decorated with pink and aqua carnations, silver candelabra and crystal appointments. A double ring wedding cake topped with spun sugar lilies of the valley was served.

Out-of-town guests were from Corpus Christi, Dallas, Lufkin, Lubbock and Houston.

For a wedding trip to the Mardi Gras in New Orleans and other points in Louisiana, the bride wore a gray wool gabardine suit embroidered in cut steel beads, gray suede shoes and bag, a gray hat and pink gloves and blouse. Her corsage was of pink camellias. The couple will be at home in Jasper.

Mrs. Baldwin is a graduate of Jasper High school and attended North Texas State Teacher college and Texas Technological college where she was a member of Las Vivarachas social club.

Auxiliary Tea Honors Guest

As a courtesy to Mrs. James P. Hart of Austin, wife of the associate justice of the Texas Supreme court, the Women's auxiliary to the Lubbock County Bar association gave a tea Saturday afternoon from 3 until 4 o'clock at the home of Mrs. T. B. Duggan, jr. 2323 Seventeenth.

Officers of the auxiliary and Mrs. Hart were in the receiving line.

Mrs. J. E. Vickers presided at the refreshment table which was laid in a Valentine motif.

Mrs. C. C. Crenshaw, jr., was general chairman of arrangements.

Our Stake In UN Will Be Discussed Before Methodist Society

In addition to a talk, "Our Stake In The Success of the United Nations," to be given by Mrs. William G. Dingus for First Methodist Woman's Society of Christian Service Monday afternoon at 3 o'clock at the church chapel, a panel, "My Country's Stake in the Success of the U. N." will be presented.

Appearing on the panel will be Mrs. Nora Denson, a Greece war bride, who will speak for her country; Mrs. T. B. Forbis, an English war bride, who will speak for her country; Warlick Carr who will speak on the subject, "The Stake of Young Men of Military Age;" and Mrs. Clarence Whiteside who will discuss "The Stake of Women, Mothers of Today's Children."

The program is to be the third of a series of studies on the subject, "We the Peoples of the United Nations."

A scripture is to be read by Mrs. Harvey Austin and special music will be offered by Clarence Whiteside and Miss Virginia Belle Gamble.

Executive Board Will Meet Monday Night

The executive board of Lubbock Business and Prefessional Women's club will meet Monday night at 6 o'clock at South Plains Music store.

A business luncheon for the club is to be given Wednesday at 12 noon at Hilton hotel.

WSCS TO ELECT

An election of officers and a pledge service will be held by Arnett-Benson Methodist Woman's Society of Christian Service Monday at 1 o'clock at the church.

MRS. THOMAS HUDSON

* * *

Hudson-Shinn Vows Are Read In City

Mr. and Mrs. J. G. Shinn of Lubbock, Rt. 2, are announcing the marriage of their daughter, Miss Dorothy Jane Shinn, to Thomas Hudson which took place recently with Rev. Brown C. Welch reading a double ring ceremony at Cumberland Presbyterian church.

Tall baskets of pink and white gladioli, palms and candelabra decorated the altar. Miss Irma Hughes, pianist, played "To Each His Own," traditional marches, "I Love You Truly" and "Always."

The bride, given in marriage by her father, wore a dress of ice blue crepe with black accessories and rhinestone clips, a gift from the bridegroom. She carried a bouquet of white carnations and sweetpeas.

Miss Loretta Shinn, sister of the bride and maid of honor, wore a rose dress with black accessories and a white carnation corsage. James Gideon served as best man and Don Shinn and Charles Hodges were candlelighters.

Following a wedding trip to Old Mexico, the couple will be at home in Lubbock where she is employed at Southwestern Bell Telephone company and where he is a student at Texas Technological college. For travel, the bride wore a gray gabardine suit with shell pink and black accessories and a white carnation corsage.

TEA IS CANCELLED

A Valentine tea planned by Progressive Child Study club for Tuesday afternoon has been cancelled because of the illness of one of the members.

Wedding Solemnized In New Residence

Mr. and Mrs. E. H. Harries, sr., of Hamilton are announcing the marriage of their daughter, Mary Lou, to Harold V. Taylor, son of Mr. and Mrs. Roy Taylor of Muleshoe, on Sunday, Feb. 1. The double ring ceremony was performed in the new home of the couple at 2804 Merthel before an arrangement of gladioli, fern and candelabra.

The bride, given in marriage by her father, wore a dress of pale pink wool flannel with rhinestones. Her accessories were gray and she carried a white Bible topped by pink carnations with pink satin streamers. For something old she wore her mother's wedding ring. Something new was a bracelet and earrings, gifts from her parents. She borrowed a necklace from her maid of honor and wore a blue garter. Miss Nita Haseloff, maid of honor, wore a cinnamon brown street dress with brown and white accessories and a gardenia corsage. Miss Betty White, cousin of the bride lighted candles. Alton Taylor brother of the bridegroom served as best man.

After the service a reception was held in the home of Mr. and Mrs. Ben P. White, 2224 Eighth. Wedding guests were from Roswell and Hagerman, N. M., Muleshoe, Brownfield, Hamilton, Seagraves and Lubbock.

Mrs. Taylor attended Seagraves High school and Draughons Business college. She is employed as stenographer for the Texas Rangers. Mr. Taylor is a graduate of Brownfield High school and served in the infantry. He is attending Texas Tech.

Day Of Prayer Is Scheduled

At St. Paul's Episcopal church Friday morning from 10 until 11 o'clock, a World Day of Prayer program will be held with the Church Women's Federation of Lubbock in charge. The International council of Churches has made plans for similar observances to be held all over the world.

The main address will be brought by Rev. Claude E. Canterbury. Rabbi Julius Kerman is to read a scripture, Mrs. H. G. Gantz will bring a devotion and Mrs. Asher Thompson will sing.

An invitation to the program is being extended to all men and women interested.

The Women's Federation is composed of the following churches: First Baptist, First Christian, First Methodist, Asbury Methodist, St. John's Methodist, First Presbyterian, St. Paul's Episcopal, Nazarene, Congregation Shaareth Israel and Catholic.

Study Clubs

(Continued from Pg. 1, Sec. III)

Price, 1610 Ave. X, Miss Mae Murfee will speak on "Activities of American Club Women."

Sorosis club is to meet Tuesday afternoon at 3 o'clock in the home of Mrs. W. A. Clark, 2418 Twenty-seventh, for a discussion of "Antiques" to be given by Mrs. Dan A. Blair.

For Child Study Club

"Avoiding Maladjustments" will be discussed for AAUW Child Study group 2 Wednesday afternoon at 3:30 o'clock by Mrs. J. D. Sanders who will speak on "Temper Tantrums," Mrs. Belverd Needles who will discuss "Negativism" and Mrs. R. E. Gee who will discuss "Jealousy." Mrs. Preston Smith and Mrs. Otis Fincher are to be hostesses in the home of Mrs. W. I. Pittman, 3302 Twenty-second.

Among "Musicians of Tomorrow" are pupils of teachers who belong to Allegro Music club, a number of whom will be presented at the club's meeting Wednesday afternoon at 3:45 o'clock at the home of Mrs. James Atcheson, 3203 Twenty-sixth.

Rossi Stiles, Bo English and Jeannine Mullins, pupils of Mrs. A. C. Sanders, will play piano numbers; Chloe T. Dawson and Mary Catherine Bradley, pupils of Mrs. Wallace Glover, are to sing; Mike Atcheson, James Moeser and James Aderton, pupils of Mrs. James Atcheson, will play the piano; Caroline Schaefer, a pupil of Mrs. Gordon Treadaway, is to present a vocal selection; and Florence Houston, accompanied by Margaret Wilson, and Eva Genia Richardson, pupils of Mrs. Elois Elliott, will sing.

Hostesses with Mrs. Atcheson will be Mesdames Charles Moeser, Fred Nelson and Benny Wright.

P-TAs

(Continued from Pg. 1, Sec. III)

were made by teachers of social studies, Jeff Justice, Miss Jeardis Park, Miss Ruby Atwood and Mrs. DeAlva Roberts with Mrs. Gusto L. Nickels as chairman.

A nominating committee is to be appointed.

FIVE GENERATIONS—Pictured above are persons aged three months to 80 years who gathered at Winters recently. Standing left to right are Mrs. J. D. Sowell of Winters; Mrs. Claude Hart of Winters, a daughters of Mrs. Sowell; and Mrs. C. L. Walker of Winters, a daughter of Mrs. Hart. Seated is Mrs. S. J. Akin of Tahoka, the great-great grandmother of the child she is holding, Judy Kay Walker of Winters.

Erma Jeffcoat Weds J. B. Strickland, Jr.

Mirror Studio.
MRS. J. B. STRICKLAND, JR.

In a double ring wedding ceremony read Friday night at 8 o'clock, Miss Erma Jeffcoat, daughter of Mr. and Mrs. Warren Jeffcoat of 3519 Dixie Drive, and J. B. Strickland jr., were married. Rev. Ross Anderson of Plainview, cousin of the bride, performed the service in the Jeffcoat home.

Baskets of pink gladioli and carnations standing against a background of palms and candelabra formed an altar. Newton Weathersby, brother-in-law of the bride, played "Always" and "Till the End of Time" during the ceremony.

Sister Attends Bride

The bride wore a beige gabardine suit with brown accessories and a white gladioli corsage. Miss Iris Jeffcoat, sister of the bride and maid of honor, wore a green gabardine suit with blac kaccessories and a pink gladioli corsage.

Henry Henson served as best man.

At a reception which was given following the ceremony, the bride's table was centered with a wedding cake surrounded by sweetpeas and fern.

The couple will be at home at 3010 Twenty-ninth. Mrs. Strickland is a graduate of Lubbock High school and is employed at Mirror studio and Mr. Strickland is a graduate of Redwater High school and is employed by the BMFP construction company.

The use of wood for the making of paper pulp was perfected in Germany in 1840.

Miss Coats Marries Bobby D. Payne In Church Ceremony

Miss Gail Iness Coats of Lubbock, daughter of Mr. and Mrs. B. C. Coats of Shallowater, became the bride of Bobby Darrell Payne of Lubbock, son of the late Mr. and Mrs. O. L. Payne of Plainview, in a double ring ceremony performed by Rev. Alsie H. Carleton Friday night at 6:30 o'clock at St. John's Methodist church.

Mrs. Odell Rieger, organist, played traditional wedding marches and accompanied Miss D'Ruth Hopping as she sang "The Rosary" and "I Love You Truly." Arranged on the altar were baskets of white gladioli, palms and tapers which were lighted by Misses Nancy Coats and Elizabeth Coats of Shallowater, sisters of the bride.

MRS. BOBBY D. PAYNE

Carries Out Traditions

The bride wore a shell pink charmeen gabardine suit with black accessories. She carried a white prayer book topped with a white orchid. For something old, she wore her mother's pearl engagement ring and for something borrowed, she wore a strand of pearls belonging to an aunt.

Mrs. Paul Campbell, matron of honor, wore an aqua gabardine suit with brown accessories and a pink rosebud corsage. Leon Payne served as best man and Donald French and Richard Rogers were ushers.

Guests from Lorenzo, Morton, Hale Center, Plainview, Floydada and Lubbock attended a reception given in the home of the bride's aunt and uncle, Mr. and Mrs. C. L. Adams, following the ceremony.

After a short wedding trip, the couple will be at home at 2110 Twenty-first.

Mrs. Payne is a senior geology student at Texas Technological college where she is a member of Kappa Mu Epsilon fraternity. She belongs to Nu Phi Mu sorority also. Mr. Payne who is employed at Southwestern Associated Telephone company is a former Tech student.

Party At Holden's Given By Alumnae

Alumnae of Ko Shari social club entertained their patronesses at a party given in the home of Mrs. W. C. Holden at 3105 Twentieth this week.

Party games led by Mrs. Granville E. Waters were won by Mrs. Leonard Cowden, Dr. Agnes True and Mrs. Frank Holland.

Patronesses attending were Mesdames Wright Kerr, K. N. Clapp, F. M. Maddox, R. C. Harvey, W. H. Bledsoe, Walter Posey, Dr. True and Miss Sannie Callan. Members present were Mesdames Winston Brummett, Cowden, David Weaver, Al Couch, James Morris, Tom Carle, W. E. Larmer, Harold Scholtzhauer, J. C. Powell, jr., Waters, H. L. Allen, jr., Owen Gilbreath, Brady Lowe, Charles Cathey, H. T. Wilkins, jr., Holland, and Misses Frances Wilson and Ferrelline Tucker.

On the refreshment table was an informal setting, combining turquoise pottery, greenery and yellow tapers in Mexican tin candelabra.

Floyd Lyons To Be At Home In City

Mrs. Lillian Sanders of Lubbock is announcing the recent marriage of her daughter, Miss Mildred Joyce Sanders, to Floyd Lyon, son of Mr. ahd Mrs. F. O. Lyon of Shallowater. Dr. C. A. Bickley read a double ring ceremony in his home at 1917 Twentieth.

The couple is at home at 2512 North First.

For her wedding, the bride wore a aqua dress with black accessories and an orchid corsage. For something borrowed she wore a bracelet belonging to an aunt, Mrs. C. R. Sanders. Miss Jean Blevins, maid of honor, wore a brown suit with a gardenia corsage. Thomas James of Shallowater served as best man.

Mrs. Lyon is a graduate of Lubbock High school and attended Texas Technological college. Mr. Lyon is a graduate of Shallowater High school, served with the Navy during the war and attended Tech.

MRS. JAN D. BLACKWELL

* * *

Velma Sue Warren Weds Jan D. Blackwell In Service At Hufstedler Residence

Miss Velam Sue Warren, daughter of Mrs. Audrie Lee Warren, 2409 Fifth, and Jan D. Blackwell, son of Mr. and Mrs. Floyd Blackwell of Littlefield, were married Thursday night at 7 o'clock in the home of the bride's uncle, E. K. Hufstedler, 3008 Ave. H. Dr. M. Norvel Young, pastor of the Broadway Church of Christ, performed the double ring ceremony before a mantel centered with an arrangement of fern and roses. Tall baskets of salmon and white gladioli flanked the mantel and the service was lighted by white candles in candlelabra.

The bride given in marriage by her brother, Max Warren wore a beige suit with palomino accessories and a corsage of red rosebuds. She carried a bridal bouquet of red roses tied with wide red satin streamers. Miss Lurene Ballard, maid of honor, wore an aqua crepe dress with a corsage of carnations. John B. Anderson served the bridegroom as best man.

Reception Follows Service

After the service a reception was held in the home with the parents of the couple and Mr. and Mrs. Hufstedler assisting in receiving. Out of town guests were from Littlefield, Amherst, Dallas and Las Cruces, N. M.

Since the bridegroom is re-entering Tech, the couple will return from their wedding trip to South Texas Monday. For traveling the bride chose a white sports dress. The couple will be at home at 2118 Seventh.

The bride is a graduate of Lubbock High school and the bridegroom was graduated from Highland High school in Roscoe. Blackwell is now a senior journalism major at Texas Tech, where he is a member of Pi Sigma Alpha, Tech Press club and TWVA. He spent two years in the Navy, serving in Hawaii, the Philippines, Marshalls, Carolines, Okinawa and China.

Malaria exists in 36 of the states in the United States.

Brown-Porter Vows Read In Residence By Rev. Clinton

A single ring ceremony read by Rev. John T. Clinton, retired Baptist minister, Thursday night at 8:30 o'clock, united in marriage Miss Sue Porter, daughter of Mr. and Mrs. W. H. Porter of 2220 Eighth, and Odie Brown, son of Mr. and Mrs. Ed Brown of Lubbock. The service took place at the Porter home before an altar of baskets peach gladioli, white stock, and lemon leaf, flanked by candelabra.

Mrs. Jess Hendrix, cousin of the bride and pianist, and Mrs. George H. Medley, sister of the bride and violinist, played "Because" (d'Hardelot), "I Love You Truly" (Bond), "Melody of Love," (Engelmann) and the traditional wedding march from Lohengrin.

The bride, given in marriage by her father, wore a light blue Venetian gabardine suit with black accessories and a white carnation corsage. For something old, she carried a lace handkerchief belonging to an aunt, Mrs. Charles Alvis.

Miss Mary Nell McEachern, maid of honor, wore a beige suit with black accessories and a pink carnation corsage. George H. Medley served as best man.

Assisting with hospitalities at a reception given following the ceremony were Mrs. Allen McArthur, sister of the bride, Mrs. Leverett Guess and Miss Pauline Garrett.

Multi-colored stock and candles decorated the bride's table where a two-tiered wedding cake, topped with a miniature bride and bridegroom, was served.

Mrs. Brown, a graduate of Lubbock High school, has worked at Southwestern Bell Telephone company for several years. Mr. Brown is a cattleman.

Out-of-town guests were Mrs. Charles Alvis and granddaughter, Jill, of Winfield.

★ ★ ★

Vows Exchanged In Wadley Residence

Miss Lillian Hobbs, daughter of Mr. and Mrs. Emory Hobbs of Ropesville, became the bride of W. H. Gryder, son of Mr. and Mrs. S. H. Gryder of Wilson in a double ring ceremony read Saturday afternoon at 5 o'clock in the home of Mr. and Mrs. Jack Wadley. Rev Jeff Welch performed the service before a mantel decorated with white gladioli and palms.

The bride wore a winter white gabardine dress with black accessories and an orchid corsage. For something old, borrowed and blue, she wore a lavaliere belonging to her mother and for good luck, she wore a penny in her shoe.

Miss Ida Kligman, maid of honor, wore a jade green dress with brown accessories and a corsage of golden yellow carnations. Luther Parks attended the bridegroom as best man.

After a short wedding trip, the couple will be at home in Lubbock where both are employed by Southwestern Public Service company.

Wedding guests included parents of the bride; her two brothers, Darwin and Merlin; a sister, Joyce; parents of the bridegroom; his sisters, Janie and Tommie; a brother and sister-in-law, Mr. and Mrs. Carl Gryder of Wilson; Charles Robins and Mr. and Mrs. Melvin Copp.

Miss Helene Blattner Has Received Degree

Doctor of philosophy degree in speech has been conferred by the State University of Iowa, Iowa City, upon Miss Helene Blattner, formerly of the faculty at Texas Technological college. Her thesis was "An Experimental Study of the Testing of Pronunciation."

Miss Blattner has returned to Leland Stanford university, Palo Alto, Calif., where she is a member of the faculty in the department of drama and speech.

CLUB TO MEET

Southwest Home Demonstration club will meet Tuesday afternoon at 2:30 o'clock in the home of Mrs. Howard Alford.

McCoy-Bain Service Is Announced Here

Mr. and Mrs. C. R. Bain of Slaton are announcing the marriage of their daughter, Marian, to Walter Douglas McCoy, son of Mr. and Mrs. O. D. McCoy, 1724 Thirtieth, which took place in Amarillo on Nov. 14, in the home of the officiating minister, Rev. D. T. Godsoe, pastor of the Amarillo Central Baptist church.

The bride wore a winter white gabardine suit with black accessories. For something blue she chose blue earclips, and something old and borrowed was a cameo pin of her mother's. Her corsage was a single purple orchid.

Is Dental Student

The bride is a graduate of Slaton High school and for the past two years has attended Texas Tech, where she was a member of Sans Souci club. McCoy graduated from San Angelo High school, served in the Navy for two years and attended Rice Institute for two years before transferring to Texas Tech, where he received his B.S. degree. He is now attending Baylor University Dental college in Dallas, and has been a member of Kappa Sig social fraternity and Alpha Chi and Kappa Mu Epsilon honor fraternities.

Mrs. McCoy has joined her husband in Dallas, but will return to Slaton this weekend, when several bridal parties have been planned in her honor.

VFW And Auxiliary Are Staging Drive

Ladies Auxiliary of VFW will hold its fourteenth annual birthday dinner-dance Monday, March 1, at 7:30 p. m. at the Lubbock Supper club.

The Veterans of Foreign Wars and Ladies auxiliary are conducting a membership drive which will end Feb. 29. All new members will be given their obligation at the birthday party by Roger Q. Evans, state commander from Austin, in a ceremony to be broadcast by station KSEL.

Mothers, wives and sisters of veterans and women who were in the armed service are eligible for membership. They should contact Mrs. Homer McDonald, state membership chairman, telephone 7538; Mrs. Bennie Jackson, Auxiliary president, telephone 4019; or Mrs. T. A. Everheart, local Auxiliary chairman, telephone 2-1713.

Eligible veterans may call Tom A. Everheart, commander, telephone 2-1713, or Jewel Marbut, quartermaster ,telephone 2-2635.

Any member of either organization will take the names of new members.

Square Dance Unit To Have Tuesday Dance

Lubbock Square Dance federation will sponsor a regular semi-monthly dance at Playmor Dance hal Tuesday night from 8:30 until 11 o'clock with A. D. Montgomery, Kenneth Cox, T. Teal, Howard Hampton, S. C. Simon and J. M. Harper calling the squares. Old-time couple dances will be featured, also.

Dances of the federation have been attended by residents of Post, Tahoka, Anton, Slaton, Ralls, Idalou and other neighboring towns. Out-of-town residents are eligible to membership in the federation and are always invited to the dances, announced the City Recreation department.

The federation sponsors classes in square and old-time dancing at American Legion hall on Wednesday nights of the week that dances are not held. The classes are open to anyone interested.

Information concerning activities of the federation may be had by calling the City Recreation department, 9346.

Templeton Will Be Presented In Famous Interpretations At Two Concerts Here

* * *

When Alec Templeton, distinguished composer-pianist, appears in concerts with the Lubbock Symphony orchestra Thursday and Friday nights at 8 o'clock, he will be featured in improvisations and interpretations that characterize his radio programs known to millions. With the orchestra he will play "Concerto in A Minor" (Grieg).

The take-offs on the operas, the medleys that are woven from tunes and the improvisations on four notes, suggested by the audience, are all Templeton talent. He has a natural gift for light verse and for pleasant satire, as well as absolute pitch, a combination that has enabled him to delight hearers by a unique musicianship.

Templeton, accompanied by his wife and his business manager, Stanley North, will arrive by car from Phoenix.

A nine-foot concert grand is being brought here by truck from Dallas by special truck, accompanied by handlers who will see that the instrument is tuned and "warmed up" for the Templeton touch. It is the instrument that is used for Dallas Symphony concerts.

A public address system will render perfect hearing conditions in the auditorium.

Tickets Continue On Sale

Tickets are continuing on sale at South Plains and Adair's Music stores and at the Varsity book store, for $2.80, $2.40 and $1.80; all seats being reserved. Advance requests have come from many towns over the South Plains and in the Panhandle.

William A. Harrod will direct the orchestra in the first half of the program which will include:

Overture from Rosamunde, (Schubert); Symphony No. 8 in B Minor (Unfinished Symphony), Schubert; Moldau, Smetana; Selections fr Brass Choir, arranged by Robert D. King; Concerto in A Minor, allegro, molto, moderato; adagio and allegro markato movements.

Ticket holders are reminded that season symphony tickets will be honored only on Thursday night. The symphony's program will be the same, both nights, although Templeton's numbers after intermission will be different.

ALEC TEMPLETON

Needle Club Bee Has Party, Business Hour

A party and business meeting for Needle Club Bee was held in the home of Mrs. M. K. Simpson, 2124 Twenty-third, Friday afternoon with the following attending:

Mesdames Bob Bowron, V. T. Brady, Earl Burnett, C. C. Chambers, T. S. Cranford, Roy Draper, George Eubank, Otis Felty, E. H. Higgins, Odell Hughett, W. D. Massey, Fraser Moore, Earl Nail and H. A. Scarborough.

The club is to have a forty-two party for husbands Feb. 20 at 7:30 p. m. in the home of Mrs. Bowron, 3315 Twenty-seventh.

Club Discussion Is On Caring For Linens

A demonstration on buying and caring for household linens was given by club leaders, Mrs. Chester Gilmore and Mrs. L. O. Rogers, when Becton Home Demonstration club met Wednesday afternoon in the home of Mrs. Robert Collier.

Roll call was answered with "My Favorite Brand of Linens." Refreshments were served.

Members present were: Mesdames R. L. Faith, J. W. Shadden, E. W. Dean, E. H. Truitt, P. F. Lee, D. O. Johnson, Milton Garten, Lon Linceum, S. A. Johnston, Chester Gilmore and Morris Waters. Visitors attending were: Mesdames Pearl Mormon, Marie Price and Gertude Gilmore.

Associational Study Institute Planned

The Baptist Associational Women's Missionary union Mission Study institute will be held Thursday at First Baptist church chapel from 9:30 to 11:30 a. m. with Mrs. Gradie Bownds reviewing the mission book, "Spiritual Frontiers." The meeting had been planned for Jan. 29 but was postponed because of inclement weather.

Loyalty Club Meeting Held In Diebel Home

Mrs. Henry Diebel was hostess to the following members of Loyalty club Friday afternoon:

Mesdames E. Green, V. B. Mayes, Minnie Pullen, R. Pendergrass, Helen Slover, E. I. Gabbard, A. W. Wright, Roy Privitt and C. H. Hudson.

Mrs. Greer presided and led a prayer and Mrs. Mayes read a scripture. The group spent the afternoon quilting.

Feb. 20 at 2 p. m., Mrs. Gabbard will be hostess to the club in the home of Mrs. Slover, 2009 Ave. N.

Pancake Supper To Be Sponsored By Women

Woman's auxiliary to St. Paul's Episcopal church is sponsoring a public pancake supper at Seaman hall Tuesday night from 6 until 8 o'clock. A charge of sixty cents a plate will be made.

Reservations may be made by dialing Mrs. Joe E. Baldridge, 9170.

PLANS SURPRISE DINNER

Mrs. O. C. Madden is giving a dinner in her home at 2418 Twenty-second today at noon to honor her husband on his birthday.

Out-of-town guests will be his parents, Mr. and Mrs. V. Madden of Hamlin, and his sister and her family, Mr. and Mrs. E. E. Niedecken and Gladys, Eddie, Gene and Rosalee.

The vast majority of the world's lakes are slowly disappearing.

Texas Artists To Appear Friday In Recital Sponsored By Club

* * *

TO BE presented in traditional recital by Lubbock Music club Friday night at 8 o'clock at Hilton hotel will be two out-of-town artists, Mrs. Russell L. Deter of El Paso, lyric soprano, and Mrs. T. A. Mitchell of Fort Worth, pianist. The recital is to be followed by a reception.

Mrs. Deter who will present the following numbers holds a bachelor of Music degree from the University of Texas. Recitative and Aria: To All Men Jesus Good Has Done; In Love My Saviour Now Is Dying from The Passion According to St. Matthew (Bach); Oh Had I Jubal's Lyre, Joshua, (Hanel); Hear Ye Israel, Elijah, (Mendelssohn); Fulfillment from Arabian Song Cycle (Spross); There are Fairies at the Bottom of Our Garden (Lehmann); Shepherd! They Demeanour Vary (Wilson); and One Fine Day from Madame Butterfly (Puccini).

The soprano has studied with Louise Lackland of the University of Texas, with Campbell Wray of Southwestern Theological seminary in Fort Worth and with Martha Adamson Johnson of Baltimore and El Paso. Mrs. Deter, a violinist also, has had varied experience in conducting orchestras and choruses in Texas schools. She is a member of the El Paso MacDowell club and has been selected to present the club's annual voice recital this spring. For her program Friday night, she will be accompanied by Mrs. Lloyd Croslin.

Music to be played by Mrs. Mitchell will be: Sonata Pathetique, Op. 13, First Movement, (Beethoven); [illegible] hand only, Op. 9, No. 2, (Scriabine); Sonatine [illegible] land Spell (John Ireland); and Allegro Appassionata (Saint Saens).

Mrs. Mitchell, daughter of Mrs. M. V. Gray of Lubbock, is a member of E. Clyde Whitlock Music club and Euterpean Music club of Fort Worth; a graduate of Texas State College for Women and has studied with Miss Elizabeth Leake and Silvid Scionti, now of North Texas State Teachers college. She is accompanist for Euterpean choral group and a member of its piano ensemble. The pianist has appeared in concert in Dallas, Fort Worth and other Texas cities and will play soon in Bonham.

The recital-reception was planned by Mesdames B. H. Meskimen, Gettys Tucker, M. R. Hayhurst and A .W. McKee, members of Lubbock Music club's program committee. Assisting this committee were members of the entertainment committee, Mesdames Dewey George, Gordon Treadway, Asher Thompson, Rex Webster and Jack Womack. Mrs. M. D. Temple is club president.

Miss Mary Ann Park, also of Roosevelt, is the out-going worthy advisor, having served the election term of four months. She will be presented with a past-worthy advisor's pin by the Assembly. Miss Jo Ann Moore was installed as associate worthy advisor.

Other officers are: Jean Moore, Charity; Cecilia Winningham, Hope; Aliece Pascall, Faith; Frances Richy, Love; Rose Marie Emert, Religion; Sue Beldsoe, Nature; Nadine Mankins, Immortality; Patsy Boyd, Fidelity; Carolyn Joiner, Patriotism; Ernestine Collins, Service; Glenna Morler, recorder; Winnie Alice Armstrong, treasurer; Wyona Stewart, chaplain; Bernice Martin, drill leader; Annie Ruth Range, confidential observer; Dorothy Lee, outer observer; Gretchen Winningham, musician; and Mary Lou Anderson, choir director.

Installing officers were: Miss Fern Duncan of Tech, installing officer; Miss Ina Margaret McArthur, also of Tech, installing marshal; Miss Mary Ann Park, chaplain, Mrs. Annie Moore of Lorenzo, recorder.

San Antonio Officer Receives Award From French Government

OSAKA, Japan, Feb. 7 (U.P.) — Capt. Donnelly P. Bolton of San Antonio, Tex., attached to the 25th Division, today was decorated with the French government award of the Croix de Guerre with Etoile de Vermelle.

The division's commanding officer, Maj. Gen. Charles L. Mullins, jr., made the presentation. He cited Bolton for the part he played in the rescue of 4,000 French officers imprisoned by the Germans in the Soest Prison camp in France during World War II.

Controlled Flight Of V-2 Rocket Hailed As Major Accomplishment

WHITE SANDS, N. M., Feb. 7 (U.P.)—Army officials today hailed the first controlled flight of a German V-2 rocket as the most important advance in guided missile development since the end of the war.

The army said, however, that a "long series of steps" in research and experiments would be necessary before a push-button flight could be made from launching to the target.

70 Miles Up

American and German scientists succeeded in maneuvering the V-2 in a test flight from the proving ground here yesterday.

They used an electronic guidance system to steer the rocket from right to left and up and down during its flight to an altitude of 70 miles.

The rocket was controlled only during the portions of its flight when it was under power on its flight upward. After it went into free flight on its own momentum it could not be controlled.

Major J. B. Dickey, army public relations officer here, said the new system was an outgrowth of a "beam guidance control" used in earlier rocket flights. The beam control merely kept the missile on a desired flight path, he said, and did not allow any changes after leaving the ground.

Nazi Rockets Inaccurate

Top army ordnance men and German scientists have been working on flight control here since shortly after the end of the war.

The big rockets and parts of the launching equipment were captured when Allied forces swept past the launching sites in Germany and Holland.

The Germans shot many of the high explosive rockets into London and other parts of England, but they never attained any high degree of accuracy.

They were able to "aim" for their target only by adjusting the fuel load for the distance and tilting the launching platform for direction.

Followed By Radar

The rockets, fueled with a mixture of oxygen and alcohol, are launched from a nearly vertical position. They climb out of sight quickly and their path can be followed only by radar equipment.

When the fuel is consumed they level off and start plummeting downward for the target. In addition to correcting unexpected deviations from wind and other atmospheric conditions, it is expected that the electronic control may lengthen the distance flight after the missile reaches the rarified air of high altitudes.

All's Quiet On Street Corner When Postmaster Frees Feline

MAPLEWOOD, N. J., Feb. 7 (U.P.)—The mailbox at the corner of Jefferson avenue and Bridgewood was silent today. When passers-by reported strange noises coming from the box yesterday, the postmaster was called to unlock it. A cat jumped out and scurried away.

The Woman's Angle

by Margaret Turpin

SOMEONE defines a quartet as an organization where all four think the other three can't sing.

• • •

AN ORGANIZED CITY

SOMETIMES in the reach of night when the Woman's Angle thinks over the activities of Lubbock women and ways and means of improving the handling of their news, we are appalled at the number of organizations here. There isn't enough paper or hours to write of everything that goes on in our city under direction of the so-called weaker sex and on occasions, when the same names appear in various organizations almost every day in the week, we wonder where our friends find time to "belong" and have time left for their husbands, children and homes.

Checking with Ernestine Wheelock, who has an index file of organizations that are reported, we find there are 310 club cards, and, in addition, there are numbers of bridge, dance, supper, forty-two and poker clubs that are not reported because they have limited memberships and the members say they tire of seeing their names in the paper over and over again.

• • •

These 310 societies cover every field of activity, church, lodges, study clubs, bridge and forty-two clubs, needle societies, AAUW branch and its various groups, P-TA units, music auxiliaries, patriotic societies, review groups, club alumnae and patroness groups sorority, dance clubs, garden clubs, luncheon clubs and a list that is so heterogenous we place it under miscellaneous.

Somehow, when new residents, after an introduction here, say in amazement, "this must be the most organized town in Texas," we can't find the heart to disagree.

• • •

MR. SCOTT WRITES

LEAD article in the current Texas Parent-Teachers magazine "When Will We Be Of Age?" was written by Zachary Scott, movie star, and native of Austin, and is a well written, if somewhat startling, essay on bigotry, hate, pet prejudices, intolerance and ignorance.

Scott offers constructive remedies and suggests that our racial and religious prejudices contain enough dynamite to blow our democracy to pieces. He answers the question posed in the title in his last sentence:

"When we can all treat people as individuals and like them or dislike them for themselves—then and only then will we be of age."

• • •

SCATTERINGS

DO YOU have a copy of Fish and Seafood Cookery? If not, stop for your copy at your grocery store. It's beautifully illustrated and the recipes look so good and there are many new ideas, too . . . According to a release that comes to our desk, "a recent survey reveals that 80 per cent of the women in the United States clean their floors by getting down on their hands and knees to scrub." And here we were thinking on-the-knees-scrubbing was as obsolete as doing the family wash on a rub board! . . . A man in Brooklyn has started a thing called "The Dime Novel Club." It's a misnomer, however because reprints of the nickel weeklies are a dollar a shot.

• • •

Wear your accessories, don't carry them, suggests a designer. Women who are annoyed by hats and gloves and have formed a habit of carrying them instead of wearing them will find that advice hard to take . . . Wind your wrist watch once a week at the same time. If left unwound for any length of time, the watch's mainspring may lose its tension . . . Frank Loesser's "I Wish I Didn't Love You So," introduced in "The Perils of Pauline," looks like a cinch winner in the Academy song race . . . Carmen Cavallaro, the poet of the piano, and his orchestra will give a program in Amarillo Tuesday, Feb. 17, under auspices of the Panhandle Concert bureau.

• • •

WHEN St. Paul's Woman's auxiliary gives its pancake supper Tuesday, it will be carrying out an old English custom on Shrove Tuesday or pancake day, when it was customary to eat pancakes and make merry on the last day before Ash Wednesday, beginning of the Lenten season . . . Interviews with Eastern high school girls brought out the following cosmetic facts: 23 do not use face powder; 41 per cent do not use powder base; 1 per cent do not use lipstick; 8 per cent use it occasionally. We wish a similar poll could be taken at Senior High school . . . A little boy, watching a white candle at Mexican Inn burning in a bottle whose sides were encased in drippings of various colored candles, asked excitedly, "Do they pour that color on the candles while they are burning?" Navy blue will be worn this spring with tender pink, chamois yellow and arrant wistaria.

During World War II Britain more than doubled its production of wheat, barley and potatoes.

Woman's Plea For Separation From Drinking Spouse Denied

NEWARK, N. J., Feb. 7 (U.P.)—If a husband drinks too much, that comes under the "for worse" part of the marriage contract and is not sufficient grounds for abandonment, Advisory Master Robert Grosman ruled in Chancery court.

"Under the most ideal circumstances, each party to a marriage must overlook a great many things," he told Mrs. Lillian H. Yeager in denying a petition for separate maintenance on grounds her husband drank too much.

WINNERS IN HAIR-DRESSING CONTEST—Orene Hocker, left, operator of Dunlap's Beauty Salon, is shown with the model with which she won a hair-styling contest at a meeting of Unit 26 of the Texas Association of Accredited Beauty Culturists at the Hilton hotel Tuesday night. Mrs. L. N. Smyer, right, 1516 Thirty-first, is the model.

Bodies Of Air Crash Victims Recovered

YOYURA, Japan, Feb. 7 (U.P.) — The body of Capt. Odie D. Minatra of Corsicana, Tex., killed in the wreckage of an AT-6 training plane, was found yesterday after a two-week search, the army announced.

Capt. Minatra was passenger on the plane, piloted by 1st Lieut. Frank M. Corser of Binghamton, N. Y., whose body also was found.

The plane last was heard from the evening of Jan. 14 when it circled Beppu and then headed toward Kumamoto. It crashed into the side of Kyushu mountain, five miles west of Beppu.

An air force commission to investigate the accident has been appointed.

Some Australian aborigines have acquired the ability to go long periods without food or water and then drink and eat prodigiously. One man is reported to have drunk three gallons of water at a sitting and two others ate 50 pounds of meat in six hours.

Summer School Plans Drafted

Plans already are being made for the second annual free summer session of the Lubbock Public schools, according to Supt. R. W. Matthews, with adult education being considered first in order that a survey may be made to determine what courses adults want offered.

Last summer when the Lubbock Public schools were opened to the public in order that school facilities might be put into use for the entire community, 250 adults registered and took courses in the public schools, free of charge except for small fees for special materials. Subjects offered last summer for adults included: Gardening, arts and crafts, typing for personal use, woodwork, homemaking courses, including sewing, interior decorating, and camp cookery, permanship, and community singing.

Curriculum Not Set

The curriculum for adults has not been set for this summer, Matthews said, since he is anxious to have adults tell him just what courses they should like to take.

PREPARING FOR ANNUAL LEAGUE DANCE—Members of the Lubbock Junior Welfare league are again preparing for their annual benefit dance to be held Feb. 19 at the Cotton club on the Slaton highway. In the picture above, three members of the decorations committee are watching Harold Gore, Lubbock artist, draw proposed sketches for decorations for the dance which will carry out the George Washington motif. Left to right, the committee members are: Mrs. Vernon Thompson, Mrs. Oscar Slaton and Mrs. John Christmann. Mrs. Frank Hudgins, another committee member, was not present. (Avalanche-Journal Staff Photo.)

Statewide Mineral Show To Be Held April 17-18 In Austin

AUSTIN, Feb. 7 (AP) — A statewide mineral show will be held here April 17 and 18.

Sponsored by the State Mineral society, the show is designed to encourage development of mineral resources in Texas. It will be open to amateurs and professionals.

The superintendent said that after a sufficient number of adults had requested special courses he would select instructors and schedule classes.

Adults, for the summer session, are classified as those citizens over 18 not attending the public schools. Those who wish to request special classes may call the office of the superintendent, 9681, in the Senior High school building to make their wishes known. This special work in adult education and serving the needs of the community was given special commendation by Dr. Hob Gray of the faculty of the University of Texas on a recent visit to the Lubbock schools.

Suspect Shoots Self As Policemen Wait

ALEXANDRIA, La., Feb. 7 (U.P.)—While police were cooling their heels outside his hotel room, Curtis Grisson of Russell, Kans., put a pistol to his head and killed himself.

The officers went to the room yesterday after two youths who hitched a ride to the Mardi Gras with Grisson reported that he acted suspicious.

Eisi Kento, jr., and Edwin Houston said they rode with Grisson from Kansas City. They said a new Louisiana license plate was in the car and when they arrived at the New Orleans hotel, Grisson told them to "ride around and get warm while I go in and take a nap."

When officers knocked at the door, Grisson told them to "wait a minute" and shot himself.

Detective Capt. J. E. Ellington said the car Grisson was driving had been stolen.

The first car ferry is believed to have been put in operation in Scotland on the Firth of Forth in 1849.

Reynosa Citizens Petition For Right To Adopt Gasoline Tax

REYNOSA, Mex., Feb. 7 (AP)—Citizens of Reynosa, Mexico, have drawn up a petition asking the government of Mexico to allow them to assess a gasoline tax of four cents a gallon.

Income from the proposal would be used to finance the paving of the Reynosa-San Fernando highway.

Chamber of Commerce Manager Roy Rendon estimated the tax would return $150 (USC) daily.

The road, which is under construction now, would shorten the distance to Mexico City.

Pressman Resigns As General Counsel Of Two CIO Unions

WASHINGTON, Feb. 7 (AP)—Lee Pressman today resigned as general counsel of the CIO and of the CIO United Steel Workers union.

The dual resignation was accepted at once by Philip Murray, president of both the CIO and the steel union.

Pressman, long identified with the left wing element in the CIO, disclosed in his letter of resignation he was re-entering private law practice.

Soaring Prices Sending Texas Women Out In Search Of Jobs

By MAC ROY RASOR
Associated Press Staff Writer

AUSTIN, Feb. 7—High prices and bare cupboards are apparently forcing Texas women to resume their war-fashioned trek away from home and kitchen.

The Texas Employment Commission reports that 26,100 women put aside their home chores and took jobs throughout the state last year.

By mid-summer, TEC predicts, more women will be working in Texas than ever before in history—including 1943 when feminine employment rolls hit their peak at 702,000 in the al-out effort to end the war.

Labor Force Rising

Texas' labor force increased 32,300 last year to build the total employment figure to 2,271,200. Of the increase, women out-numbered men five to one. TEC predicts the percentage will grow as prices go higher.

TEC currently lists 22,300 Texas women as "unemployed." Most of them, the commission says, need employment to help meet increasing living expenses.

In 1930, Texas had a feminine labor force of 341,900 and during the next 10 years prewar industrialization brought the number of employed women up to 425,300. During the war years there came the tremendous upsurge in female employment, which finally hit its peak in 1943.

They Didn't Quit

Despite predictions to the contrary, TEC says the vast majority of women who had entered employment during the war did NOT quit working when the conflict ended. By the end of 1946, a year marked by fluctuating employment and changeovers of reconversion, the downward trend showed only a net decrease of 34,100.

This trend had been slowed somewhat by a postwar period of phenominal industrialization which has come to Texas, TEC notes.

Two other factors are also recognized in the slowing of the trend: the increase in population and the number of wives forced to work to help their veteran husbands make it through college on a G. I. allowance.

Then came the high cost of living which TEC says completely reversed the back-to-kitchen movement.

During 1947, Texas saw its feminine employment rolls climb to 694,000, up 26,100 from the start of the year.

Four of Texas' greatest industrial centers were examples of the change in Texas economy.

The Dallas area had 52,309 women on jobs in 1940 and 83,048 by December, 1947, an increase of 59 per cent.

Houston had 57,179 women in employment in 1940 and 84,840 at the end of 1947, a 48 per cent increase.

In San Antonio, women employment increased 69 per cent from 29,909 in 1940 to 50,422 in December 1947.

Fort Worth showed the largest increase where 23,258 employed women in 1940 compared to 46,052 at the end of 1947 for a 97 per cent increase.

General De Gaulle's Daughter Succumbs

PARIS, Feb. 7 (U.P.) — Anne De Gaulle, 18, youngest daughter of Gen. Charles De Gaulle, died late last night at the family home at Colombey Les deux Eglises, it was announced today. She had been an invalid most of her life.

De Gaulle cancelled a political speech at Versailles tomrorow when his daughter took a turn for the worse and remained at her bedside. Funeral services will be held Monday.

The De Gaulles have one other daughter, Mme. Elizabeth De Boissieu.

De Gaulle's son, Lt. Philippe De Gaulle, narrowly escaped injury early this week when the training plane in which he was a passenger crashed in the south of France.

Grange Committeeman Proposes Public School Health Program

CHICAGO, Feb. 7 (AP)—A comprehensive program of health education in the public schools was advocated today by Joseph W. Fichter, chairman of the health committee of the National Grange.

"It might well be said that more attention has been given to the care and feeding of farm animals than has been given to the healthful feeding and care of children," he said in a talk prepared for the National Conference on Rural Health sponsored by the American Medical association.

Coriander was once in great demand for witchcraft.

Vets' Bonus Legislation Not Expected To Go Far In Texas

By LLOYD LARRABEE

AUSTIN, Feb. 7 — Veterans' bonus legislation, capitol observers believe, will get no farther in the legislature in 1949 than did such proposals last year.

Three bonus bills saw little light in the 50th legislature, being confined mainly to committee rooms while sponsors tried in vain to get them out on the floor of the House of Representatives for a vote.

Issue Pops Up Again

But the issue of a bonus popped up again in the capitol recently when Gov. Beauford H. Jester remarked to newsmen that World War II veterans who would want a bonus would be "un-Texan."

That statement brought down a barrage of protest around the governor's head. Local veterans groups from over the state declared their resentment to the term.

Protests have been made by approximately a dozen organizations so far, including veterans at Beaumont, Fort Worth, Rotan and Lampasas.

Jester Is Challenged

Gov. Jester was challenged by Texas Commander Roger Q. Evans of the Veterans of Foreign Wars to tell the people whether he took his federal bonus for service in World War I, when Jester served as an infantry captain.

The governor, plainly, had made a remark few other politicians would have made. While most members of the legislature openly declared themselves in favor of veterans' legislation, few wish to see a bonus proposal brought out on the floor for definite action.

One of the main reasons a state veterans' bonus appears doomed in Texas—which didn't pass one after World War I—is the money involved.

Would Cost Millions

The three pieces of bonus legislation introduced in the 50th legislature would have cost, according to estimates of their sponsors, anywhere from $200,000,000 to $800,000,000. An expenditure such as that, all at one time, could eclipse the state treasury.

Sponsors in the House of Representatives in 1947 of bonus bills were Reps. Evans, also VFW state commander; James Spencer, Athens; and Gordon R. Davis, Waco.

Of the three bills, Spencer's was filed last, and its main provisions were:

Main Provisions

Payment of $15 a month for overseas service and $7.50 for active duty time in the United States. It called for a minimum payment of $50 and a maximum of $500, except the top for disabled veterans, former prisoners of war and beneficiaries of GI's who died was to be $1,000.

That bill was to apply to veterans of both world wars, to make up for the lack of a state bonus after 1918. It failed. But it will be just as hard to pass a bill for only one war.

The 50th legislature had a surplus when it started work of some $35,000,000 in the state treasury. Anti?tax legislators pointed to the surplus as an argument against new levies. But when the session ended there was a bare $9,000 left in the state till—hardly enough to start talking about a veterans' bonus.

Situation Much Same

Rough estimates of the surplus expected in the treasury next January range up to $50,000,000. State comptroller George Sheppard has not committed himself. The situation, however, apparently will be much the same as in 1947.

And capitol observers believe the outcome will be much the same as far as a veterans' bonus is concerned.

The legislative session in 1947 was the first since the end of the war, and the number of war veteran members was high. It will remain high the next session but the total number may drop slightly.

Other States Paying

Proponents of the bonus can point to a large number of states now paying varying amounts to ex-servicemen.

Bonus backers also are in good position to demand why the legislature doesn't give the people a chance to have their say about it by voting on a constitutional amendment for a bonus.

Veterans' groups are potent organizations, and Texas' approximately 800,000 veterans if united literally could force the issue.

But their problem now is how to convince the legislature—and Gov. Jester, should he return for another term as expected.

Stunt Man Dies In Bridge Jump

SAN FRANCISCO, Feb. 7 (U.P.)—Famed Golden Gate bridge claimed its 90th known victim today, but for the first time the victim had wanted to live.

Alfred (Dusty) Rhodes, 38, Hollywood stunt man and movie double, tore away from two bridge workers yesterday and leaped 265 feet to his death in the bay below. A Coast Guard boat fished his body from the water 20 minutes later.

Wanted Publicity

Rhodes made his leap for the sake of publicity. He had planned it for five months.

The fall did not cause his death, even though it is equal to dropping off a 25 story building. An autopsy showed that Rhodes drowned. He suffered only minor internal injuries from hitting the water.

Rhodes was garbed in a Man-From-Mars costume. He wore a watertight rubber suit over two ordinary suits, football hip pads and a kapok life jacket.

He also wore a football helmet and a Mae West type life vest.

A harness attached to three small parachutes, the type used with aircraft flares, was slung over the costume.

Wife Watches Him

Rhodes' wife, Lorraine, 27, watched the leap from the south tower. She then returned to her home at Port Chicago to be with her two children, Rockey, 5, and Oowala, 9.

Mrs. Rhodes said her husband believed the parachutes, while not large enough to retard the speed of the fall, would help him strike the water feet first.

The harness may have become disarranged as Rhodes broke free from the bridge workers, she said.

"For about 150 feet he fell upright as he intended," she said. "Then his body started to curve. He struck the water with his face."

Autopsy physicians believed Rhodes was knocked unconscious. He bobbed to the surface, but floated away face down.

Authority On Negro Folklore To Appear At Dunbar School

J. Mason Brewer, described as America's foremost North American negro folklore authority and nationally known folk poet, is to be presented by Troops 26 and 48 of Lubbock Girl Scouts at Dunbar High school auditorium, 2311 East Ave. D, Friday night at 8 o'clock, it was announced yesterday.

Brewer's program, which bears the title "More Truth Than Poetry," includes interpretation of many of his own poems. He is to be assisted by Mrs. L. C. Struggs, wife of Dunbar school's principal, at the piano. Admission prices were announced as 25 cents for students, and 75 cents general.

MUSHROOM INDUSTRY

Mushroom production has become an important industry in the United States. More than 40,000 000 pounds of fresh mushrooms were produced here in 1940.

The first Egyptian dynasty united upper and lower Egypt about 5,500 years ago.

Texas Employes Will Vote For Collective Bargaining Agents

WASHINGTON, Feb. 7 (U.P.) — Elections among employes of Abilene, Tex., and El Paso, Tex., firms to determine their collective bargaining agents were ordered today by the National Labor Relations board.

The NLRB ordered an election be held among certain employes of the West Texas Cotton Oil Co. of Abilene. The American Federation of Oil Mill Workers, (AFL) petitioned for the election.

The board also ordered an election among certain employes of the Hortex Manufacturing Co. of El Paso. The Amalgamated Clothing Workers of America (CIO) petitioned for the election.

When workers in one plant complained of the cold, the walls were painted a coral color and the complaints stopped. The workers said they felt warm although the temperature had not been changed.

Texas Rancher Who Became Ace Manhunter Nearing 84th Year

BY VIC LAMB

* * *

HALE CENTER, Feb. 7 — (Special) — J. Frank Norfleet, colorful Hale Center rancher-detective, about who hundreds of magazine articles, a book, numerous radio programs, a motion picture and even comic strips have told millions of people in North America of his epic man hunts, will observe his eighty-fourth birthday Feb. 23.

Even though his hearing is failing, his steel blue eyes still contain the sharpness of the prairie sky. He busies himself about the ranch home, located five miles southwest of Hale Center, helping amiable Miniatree Flake, handyman, hired hand and "foreman" with the tasks of feeding several head of horses, some of which is valuable race stock; feeding a few head of cattle; some hogs and a few remaining game cocks, the descendants of a once large flock well-known throughout the Southwest.

J. FRANK NORFLEET

Began As Cowhand

Rancher by profession, detective of necessity and author of a book about his experiences to better tell the world of the ruthlessness of confidence men, Norfleet was born in San Saba county Feb. 3, 1864. After a brief schooling in a one-teacher school, he came to the Texas plains when a lad of 13. This country then was known as the buffalo range. He first worked at odd jobs on the few scattered ranches, principally around Post. He recalled his first steady cowhand job came in 1886 when he worked three and a half years for D. H. and J. W. Snyder at old White Lakes in Bailey county. During that time he said he never saw a woman, but was kept busy riding the range, trail driving and punching cattle.

He worked several years for L. L. Elwood on the Spade ranch, southwest of Hale Center, starting about 1890.

In 1894 he married Liza Hudgins, daughter of an early day Hale county ranch family. He was making payments slowly on a ranch of his own in western Hale county while he worked as a cowboy, and in 1907, with his wife, who still lives, moved to his own place.

It was while living on this ranch that Norfleet was fleeced of $30,000 by a gang of swindlers at Fort Worth in 1919. Returning home, he resolved the thing to do was to round up the confidence gang and backed by the confidence and encouragement of his wife, he realized this resolve. His wife managed the affairs of the ranch while he was on his manhunt, sending him money for expenses as skimpy profits were eked out of the ranch. His chase led him all over the nation and into Canada, but with bulldog determination he saw all six of the swindlers brought to justice.

National acclaim was his after his unique manhunt. He wrote a book about his adventures, and numerous magazine articles have told of his sleuthing. The story has been re-hashed and reprinted in almost every detective story magazine in this country, and Reader's Digest carried a brief report of his bull-dog chase. He was pictured in a comic strip "True Comics" only a few weeks ago.

He gets a large "fan mail" daily, many of the letters from victims of confidence rackets who enlist his aid in tracking down the swindlers. He has given up attempting any sleuthing now but recently said that after he first gained national prominence, he was called in on many cases and declares he has tracked down, in a 15-year-period, 100 swindlers.

He has appeared as guest star on two national radio programs. He still turns up at the larger pioneer re-unions and western fetes in Southwest towns. Hardly a month goes by without a roving freelance magazine or newspaper writer doesn't stop at the ranch home for an interview and to take pictures.

Up until a few years ago they found much to photograph there, for he provided a haven for wild geese and ducks and had dozen of odd pets, including a pair of javelinas, deer, a peacock, swans, pheasant, antelope and other animal and feathered friends were caged or had free run of the place.

In 1936 a move was begun in Hale county to erect a monument to Norfleet in the form of a memorial auditorium at Cotton Center high school, 14 miles southwest of here. Drought and poor business conditions at the time the memorial was announced slowed down contributions and the project was abandoned in 1938.

Home Contains Relics

It was proposed to place in the memorial auditorium a room in which would be collected Norfleet mementoes. Norfleet's red brick home is almost a museum in itself, with the walls lined with photographs, testimonials, pioneer relics of early days on the plains and artifacts of the pioneers.

The Norfleets have two living children and three grandchildren. A daughter, Mrs. Ruth (A. L.) ter Haar (note spelling) lives in Jacksonville and has a son named Fred. Pete, of Brownsville, the Norfleets' son, is with the U. S. Immigration service and has a son and daughter. Two other children of the Hale county pioneers died in infancy, Mary, in 1900, and Robert Lee, in 1906.

A brother of Frank's, Bob, lives on a farm in the northwest corner of Hale county, and broke into print himself a few years ago when he received approval of the Mexican government to use modern mining tools to rework abandoned gold mines in that country. He has since abandoned the project.

German Scientists Aiding U. S. In Aviation Medicine Studies

SAN ANTONIO, Feb. 7 (AP) — Approximately 25 German scientists— a few short years ago enemies who were bending their efforts toward the defeat of the United States—now are living and working at the school of aviation medicine at Randolph Field, devoting their skills in the interest of American defense.

Research work in aviation medicine which they carried on for the German army and while associated with German universities during the war now is being continued by this group under U. S. military auspices.

Only one other similar group of German scientists is now in the United States, the second being engaged in other phases of aviation medicine research at the Aero-Medical laboratory, Wright Field, Dayton, Ohio.

Cooked vegetables make excellent salads. Lima beans marinated in French Dressing, for instance, and served on a bed of shredded lettuce, are good with a fish dinner. A grating of onion may be added to the vegetable as it is marinating if the dressing does not already contain onion.

RETIRING PRESIDENT—A. S. Meinecke will head a delegation of Lubbock hardware and implement dealers going to Amarillo this week for the annual convention of the Panhandle Hardware and Implement Dealers association. Meinecke is retiring president of the regional association. Sessions will be held at an Amarillo hotel Monday and Tuesday.

Troop 5 Leads Scouting Here

In almost 10 years as scoutmaster of Boy Scout Troop 5 in Lubbock, W. A. Hood of 1119 Eighteenth street has led his troop to become unique in the scouting world.

"Mose" Hood has shaped the type of troop that must have been in the mind of William D. Boyce, Chicago publisher and traveler, when he and others interested in boy's citizenship founded the Boy Scouts of America 38 years ago, on Feb. 8, 1910.

In addition to its far-flung activities in the regular scouting program and the winning of every banner except one which the South Plains council, Chamber of Commerce and others have offered since 1938, Troop Five is the only troop in the nation, as far as is known, that is actually engaged in farming and livestock raising. It is also the only troop in the nation with a registered cattle brand, comprised of a T and the numeral 5.

Active During War

Hood, who has been with the Lubbock Fire department for 30 years, and Oscar N. "Doc" Cole, who was scoutmaster early in 1938, trained the troop in first aid and the troop won seven awards in one year. They built a first aid trailer, completely equipped in 1939 and organized the only Emergency Service corps in the area council which was active until most of the older boys enlisted in the services during the war.

Hood sent out troop letters during the war with news of troop members and he and Mrs. Hood had an in-pouring of mail from "their boys" all over the world.

Scouting is a family enterprise with the Hoods. He became interested in scouting when their son Maurice, then 12, joined Troop Five in the First Christian church. Mrs. Hood, as Troop Mother, knows their history as well as her husband does and has kept a pictorial record of its many activities.

Troop Five has always had a full roster of 35 or 36 boys with a waiting list. Fred Widmeyer and Francis Bearden, both alumni, are assistant scout masters.

There are now 11 active Eagle scouts in the troop which has had 28 Eagle scouts since 1938. Seventeen troop Five boys served in the armed forces.

"The heart of Troop Five" is the tribute paid to Mose Hood by scouting leaders who have said of him:

"Perhaps no man in the history of scouting on the South Plains has ever been so beloved, nor has left a deeper imprint in the hearts and lives of so many boys and young men. He is the shining example to each of them of all that is fine in scouting."

Basil is an herb that helps the flavor of all tomato dishes. A pinch added to condensed tomato soup as it is being heated improves the soup.

PENNANT-WINNING TROOP—Every annual banner except one has been won by Troop 5, Lubbock Boy Scouts, in the past ten years under the scoutmastership of W. A. (Mose) Hood. In the picture, left to right, front row are: Carl Dockray, Roy Davis Faubian, Horace Greenstreet, Don Elliott, Stuart Hester, Tommy Stevens, Larry Byrd and Bobby McCarty; second row: Cecil Caddel, Pierce Bruckner, Billy Hamilton, James Norcross, Hood, Robert Harbaugh, Clyde Walter, Glen Smith, Carlton Starkey, Billy Pool and Frances Bearden, assistant scoutmaster; back row: John Duncan, John Norcross, Frank Ford, Billy Adair, Emmett Adair, Brodie Adair, Billy McClarty, John Morrisset and Lowell Cadel, senior patrol leader. The troop is sponsored by the First Christian church, where it meets. (Avalanche-Journal Staff Photo.)

World Day of Prayer program, 10 to 11 a. m., St. Paul's Episcopal church, sponsored by Church Women's Federation of Lubbock, public invited.
First Baptist Ruth class, 1 p. m., Activities center.

Second Set Of Triplets Born To 40-Year-Old New York Woman

SYRACUSE, N. Y., Feb. 7 (AP)—A 40-year-old mother gave birth to her second set of triplets today in eight minutes flat.

A spokesman for the American Medical association said chances of such a birth probably were one in a million.

Mrs. Margaret Walker felt a bit "groggy" but otherwise okay, Syracuse hospital attaches reported, and the triplets appeared healthy. They had been expected.

Dr. Morris Fishbein, editor of the AMA Journal, said the birth was "unusual," but added that medical literature contains histories of other mothers bearing more than one set of live triplets.

Dr. Harbaugh Warns Of Dangers Of Hoof And Mouth Disease

Any rancher or dairyman whose cattle evidence symptoms of hoof and mouth disease should call a veterinarian at Texas Technological college.

"I am not trying to frighten people," Dr. Harbaugh stated, "but it is entirely possible that the disease may spread unexpectedly from Mexico to Texas despite all efforts to prevent it. And if it should, no useful purpose would be served by trying to hide diseased animals. They should be killed and properly disposed of."

Symptoms listed by the professor are blisters around the mouth, accompanied by slobbering, or blisters on the under or hoof. All symptoms are not necessarily present in any single diseased animal, the doctor stated.

TO HEAD AIRLINE

NEW YORK, Feb. 7 (U.P.)—Douglas Campbell, first American "ace" in World was I, has been named vice president and general manager of Pan American-Grace Airways, the company announced today.

Be Sure YOU BUY ONE LARGE ENOUGH!

A water heater—like a hat—
is more satisfactory
when it is
LARGE ENOUGH

If you have a size 7½ head,
you wouldn't buy a size 6¾ hat.

So if the size of your family and house calls for a 40-gallon water heater, don't take a chance with anything smaller.

This chart recommended by American Gas Association

USE THIS GUIDE TO HELP SELECT THE RIGHT SIZE
Automatic Storage Gas Water Heater

Number Bathrooms	Number Bedrooms	Storage Capacity Gallons
1	1 or 2	30
1	3 or 4	40
2	2 or 3	40
2	4 or 5	50
3	3	50
3 or 4	4 or 5	75

Valera Loses In Eire Vote

DUBLIN, Feb. 7 (AP) — Prime Minister Eamon De Valera fell nine seats short of winning a clearcut majority in the Irish parliamentary elections and can continue in office only with support of a coalition government, final returns showed today.

A survey of successful candidates indicated such a coalition is possible among representatives partial to De Valera despite his repeated campaign pledge that he would not govern with a coalition.

Five Seats In Doubt

The final tabulation gave the government party 66 votes compared to 76 for the opposition. A total of 75 is necessary for a clearcut majority in the new parliament of 147 members.

Five seats still are in doubt in the Carlow-Kilkenny constituency where voting was delayed until Tuesday due to the death of a Fine Gael candidate, Eamon Coogan. Political observers concede two or three seats to De Valera, giving him a possible 68.

De Valera announced he will carry on a campaign for his candidates in Carlow-Kilkenny.

It is believed that he will announce soon whether he will resign in view of the election results or carry on under a coalition.

Text By Dr. Jackson, Dr. W. B. Irvin Now In Second Edition

Second edition of a college textbook written by Dr. Doyle D. Jackson, professor of education at Texas Technological college, and Dr. W. B. Irvin, former superintendent of Lubbock public schools, is now off the presses and in good demand, booksellers said Saturday.

The book, called "The Unit Method of Learning and Teaching," expounds an advanced method of teaching which is now used by 74 per cent of the public schools on the North and South Plains, Dr. Jackson said Saturday.

Good Demand Reported

The new edition, bound in dark green with gold letters, contains 331 pages. It was published by a St. Louis concern, John S. Swift company. It succeeds the first edition, printed in 1942, which has been sold out for some time.

Inquiries for the book have already been received from every state in the union.

"Unit method" of teaching is an outgrowth of a statewide curricular revision movement carried out in Texas from 1934 to 1938.

The curricular revision movement resulted in two significant changes in Texas education—establishment of the 12-grade system, and the change to the unit method of teaching, Dr. Jackson said.

He and Dr. Irvin, who now is superintendent of Highland Park public schools in Dallas, conceived the idea of a text book on the unit method.

Purpose Of Book Given

Their purpose, in Dr. Jackson's words, was to bridge the gap between high-flown theory and practice—to help keep both feet on the ground for the purpose of teaching."

"Our book claims no higher purpose than to act as an engineer to bride the gap between theory and practice in the single field of teaching," Dr. Jackson explained. "To do this, we believe that the material presented to students should be organized into integrated units. This means that a central theme of thought is selected around which worthwhile activities and subject matter offerings are organized.

Heavy Demand For Book

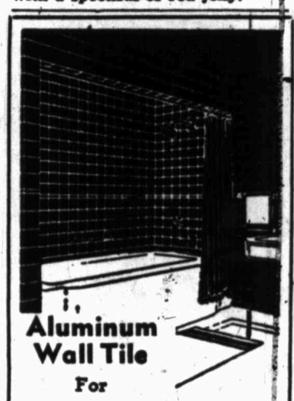

"Such a series of related experiences constitutes a unit of work."

The unit method of teaching is spreading rapidly not only in Texas but throughout the country, Dr. Jackson said.

Interest in the method is evidenced by the heavy demand among colleges for the book, which is the only one of its subject on the market.

Seventy-two subjects or units, ranging from the first through the twelfth grades, are outlined in the book.

Children will often eat cooked breakfast cereal if it is topped with a spoonful of red jelly.

STRANGER FINDS FRIENDLY TOWN

Stinnett Residents Are Good Neighbors, And They Prove It

By WILLIAM C. BARNARD
Associated Press Staff Writer

STINNETT, Tex., Feb. 7 — A freezing mist stung the stranger's face when he alighted from the bus in this northern Panhandle town.

He saw nothing that looked like a hotel — just a little row of weatherbeaten frame business houses that bordered the highway from Borger and Amarillo.

Constable Ben Foster, a small, lean, middle-aged man, walked up and stuck out a hand.

"What can I do for you, friend?"

"I have to spend the night and I'm looking for a room."

No One Turned Away

"I'll get you fixed up," Foster said, smiling. "If Ed hasn't got something maybe Curley will have and if Curley's full up I'll put you up in the jury dormitory at the courthouse. We're not trying anybody right now."

Then he added reassuringly: "Don't worry about a room—Stinnett never turns anybody away."

Ed was clear out of rooms and so was Frantz (Curley) Ferguson. But Ferguson, owner of a hardware store and pool parlor, had an idea:

"My youngest can spend the night with his grandma. My wife and I will move into his room and this man can have the big bedroom with the desk."

The visitor protested causing such an inconvenience but Ferguson refused to listen.

Offers Use Of Car

"It's all settled," Curley stated. "Now, here's my car keys—you probably have some running around to do while you're here and I don't want you getting wet and muddy."

It was a typical incident here, and big city citizens who walk around the unconscious man on the sidewalk and never nod to the guy in the next apartment would be amazed.

Stinnett is the county seat of Hutchinson county, which sits atop the world's greatest gas field. Thirteen miles to the south is Borger, carbon black center. Over most of the county the smoke hazes the atmosphere, softens the sunrise, colors the sunset and sometimes gives the appearance of an impending blue norther.

Borger, with 15,000-plus population, has far outgrown Stinnett, which has only 635. Most men of Stinnett work in carbon black plants and in the gas field. The gas wells march right into town.

Outside Stinnett are fine ranches and wheat farms, and the rancher and farmer are part of Stinnett's community life that centers in the two-story brick school. Everyone knows everybody. There are no doctors or dentists in town and druggist Burt Downer does quite a business patching up scratches and swabbing throats.

Willing To Help Neighbors

It was at Stinnett that Frankie Groves, 103-pound, 16-year-old junior, last fall became the first girl ever to play in an interscholastic league football game.

Business men decided to present Frankie with some new clothes. Curley Ferguson went out for 30 minutes and got about $100. After that he just went back to his store and people began dropping in to contribute. Nobody gave less than $5.

"We sort of make it a point to help out," Ferguson says. "A while back, a fellow here went over to Borger and a doctor told him he needed an operation and would be laid up in a hospital for three weeks. That was at noon but the word got around. By 5 o'clock we had enough money to pay the doctor, the hospital and to keep the man's wife and three children until he could get back to work."

This town goes in for athletics," says School Superintendent M. W. Graves. "Every eligible girl and boy plays basketball and every eligible boy, except three, went out for football. The three have after-school jobs. Boys and girls stay in training. I have never seen a high school girl here smoke a cigarette."

Miss June Gibbs' home economics class took in $1,200 last year selling food at entertainments and hot dogs and coffee at football games. That's no easy trick since there are no bleachers here and the crowd continually moves around.

When a fullback lights out on a 60-yard run, the fans run along the sidelines with him. Ed Fagg, 90, turned out for one game last fall and trotted up and down the sidelines, too, saying "I'm going to see this game if it kills me."

Every high school boy is enrolled in the woodworking and leathercraft course taught by Slim Hugo Riemer, jr. Riemer got tired of the housing situation and decided to build a little house on a farm he owns. Hugo and his class of carpenters did the job after school hours.

Coach Truman Johnson, a 220-pound Irish-Cherokee Indian from Oklahoma, teaches history and civics and drives one of the three school buses, making two 15-mile runs a day. The former Centenary football star and Chicago Cardinal professional sets out before sunrise and gets home after dark.

In his store, Ferguson runs things from an easy chair at the rear of the shop. A man came in, picked out a frying pan, rang up the sale on the cash register, got his change, waved to Curley and departed.

Curley's visitor was impressed by this easy self-service.

"Is it a good idea to let people get in your cash register?" he asked.

"Why not?" Curley shrugged. "If they get short-changed they have nobody to blame but themselves."

Use vegetables to stretch eggs. Potatoes, added to an omelet, make a hearty dish. Beat potatoes until they are lump-free and fluffy. Then add to the egg mixture and cook as usual.

Noted Speaker To Be Presented At Tech

Dean Charles E. McAllister, nationally known educator and religious leader of Spokane, Washington, will deliver a series of lectures at Texas Technological college Feb. 24-27 under the auspices of the Willson Lectures and in conjunction with Religious Emphasis week at the college.

The speaker will be the second to appear under the sponsorship of the Willson Lectures, an endowment set up by the J. M. Willson family of Floydada to support an annual series of lectures at the college. The amount of the endowment is $10,000, the income from which is to be used for paying the expenses of obtaining an outstanding religious leader for the lectures each year.

McAllister is president of the Association of Governing Boards of State Universities and Allied Institutions, dean of the Cathedral of St. John the Evangelist in Spokane and a member of the board of regents of the State College of Washington.

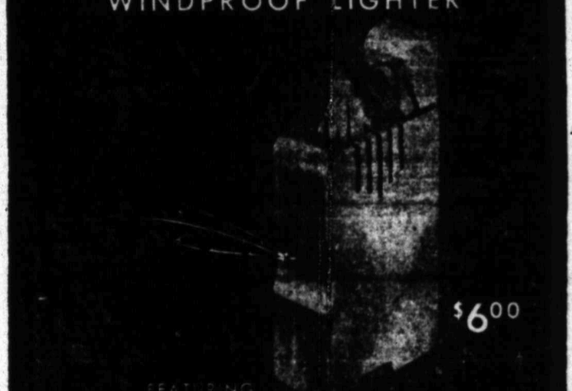

He also serves on various regional and national boards of the Episcopal church, is active in civic work and is a prominent speaker, both on the radio and the public platform.

SOUTH PLAINS OIL DEVELOPMENT NEWS . . .

Gaines And Yoakum Counties Get New Deep Wildcat Tests; 8,071-Acre Block Is Leased In Garza County

LOCATIONS were reported during the past week for new deep wildcat oil tests in northwest Gaines county and in central Yoakum county.

A block of 8,071 acres in northeast Garza county was leased on a five year commercial contract by S. M. Swenson, of New York, et al, to the Union Oil company of California.

Argo Oil Corporation No. 1-N Jones is to be a 9,300-ft wildcat in northwest Gaines county on which drilling will start within the next 60 days.

Midway Between Fields

This project, which is contracted to test through the Permian, will be at the center of the northeast quarter of the northwest quarter of section 496, block G, CCSD&RGN survey.

That puts it about midway between the Russell field, which produces from the middle and the lower Permian, and the Jones Ranch field, where the oil comes from the Devonian.

Anderson-Prichard Oil Corporation No. Jones, five miles south of the Jones Ranch field, and 2,200 feet from south and west lines of section 21, block A-7, psl survey, had reached 7,500 feet in dry lower Permian lime, and was continuing. It is slated to dig to at least 7,700 feet.

To Test Lower Permian

In central Yoakum county, four miles southwest of Plains, a wildcat to 8,000 feet is to be started at once by Magnolia Petroleum company. The project will be Magnolia No. 1 Birtie Brown, and is located 660 feet from south and east lines of section 446, block D, John H. Gibson survey.

The scheduled destination of 8,000 feet should take the venture into the lower Permian. There is a possibility that it will find commercial production in the San Andres-Permian at around 5,300 feet.

If that should develop the exploration might stop in that formation and not continue to 8,000 feet to test more of the Permian lime.

Bonus Average $3.50

Union Oil company of California has taken a block of 8,071 acres in northeast Garza county, from S. M. Swenson, et al, on a five-year commercial lease basis.

The contract does not call for the drilling of any test wells on the acreage. It is understood that the bonus paid averaged around $3.50 per acre. An annual rental of 50 cents per acre, during the life of the lease, is called for.

Included in the deal are the following parcels of land: the east half of section 47, all of sections 48, 49 and 60, and the east half of section 50, in block 8, H&GN survey, and the west half of section 34, the north half of section 33, all of section 32, the west half of 46, all of 47, 48, 49, 50, 51 and 54, the west half of section 51 and the south half of section 63, all in block 2, H&GN survey.

To Test Ellenburger

Humble Oil & Refining company No. 1-G Humble fee, southeast Garza county exploration to around 8,500 feet to test into the Ellenburger, four miles east of Justiceburg, and 1,980 feet from north and 660 feet from the west lines of section 136, block 5, H&GN survey, had reached 6,507 feet in black shale, and was making more hole.

The Ohio Oil company No. 1 Swenson Land and Cattle company, scheduled 7,500-foot wildcat in northeast Garza county, and in the northwest quarter of section 26, block 2, H&GN survey, had reached 6,886 feet in lime and was making more hole.

Dawson Test Is Abandoned

Stanolind Oil & Gas company No. 1-A Graves, in southeast Dawson county, about one and one half miles north of Ackerly, and 660 feet from south and 1,980 feet from east lines of section 48, block 34, TP survey, T-4-N, drilled to 7,760 feet in dry, lower Permian lime, and has been temporarily abandoned. It did not log any shows of possible production in any zone it drilled through.

Tide Water Associated Oil company No. 1 Clayton & Johnson, central Borden county venture, nine and one half miles south of Gail, and 660 feet from north and west lines of section 47, block 31, TP survey, T-4-N, was making hole under 9,004 feet in lime and chert.

Up to now this wildcat has not encountered any signs of oil or gas from which any sort of a commercial oil well might be developed.

Running Drillstem Test

Continental Oil Company No. 1 Swenson, 17 miles southeast of Crosbyton, in southeast Crosby county, and 1,980 feet from south and 660 feet from west lines of section 75, block 2, H&GN survey, topped the Ellenburger at 8,250 feet, according to a tentative call. Elevation is 2,454 feet.

Operator drilled the formation to 8,304 feet, and was running a drillstem test on the zone at the time this report was prepared. So far as has been learned the project has not yet developed any signs of oil or gas. It will continue until it tests the full Ellenburger section.

Ohio No. 1 Jones, nine miles southeast of Crosbyton, and 660 feet from north and 1,980 feet from west lines of section 140, block 2, H&GN survey, was making hole under 5,834 feet in dry lime. It is due to continue to 8,200 feet, and may go deeper.

Progress In Other Tests

Seaboard Oil Company of Delaware and Shamrock Oil & Gas company No. 1 Tapper, six miles south of Paducah, in south-central Cottle county, and 467 feet from south and east lines of the northeast quarter of section 6, AB&M survey, had reached 6,192 feet in dry lime and chert, and was making more hole.

Sun Oil Company No. 1 Herring, southwest Castro county wildcat to a possible destination of 10,000 feet, five miles south of Dimmitt, and 660 feet from south and 1,980 feet from east lines of section 46, block T-4, T. A. Thomason survey had progressed below 7,869 feet in lime and blue shale, and was continuing to make hole.

Showing Slight Porosity

Honolulu Oil Corporation No. 2 White, et al, semi-wildcat in central-west Gaines county, about 13 miles west and slightly north of Seminole, and one quarter of a mile south of the discovery well for production from the lower Permian in the North Riley field, had reached 6,6655 feet in dry lime, showing slight porosity, and was going ahead. It is to continue to around 7,500 feet to explore into the lower section of the Clear Fork lime. The project is 1,980 feet from north and 660 feet from east lines of section 404, block G, CCSD&RGNG survey.

Humble Oil & Refining Company No. 1 Lutrick, south-central Tale county discovery for some sort of production from the Cisco section of the Pennsylvania, about six-and one-half miles northwest of Abernathy and 660 feet from south and 1,980 feet from east lines of section 14, block D-8, EL&RR survey, was shutin, waiting for a pump to be installed.

No Water Developed

This development had tested form between four and eight barrels of oil per hour, swabbing and flowing, from pay at 7,908-87 feet, which had been treated with a total of 8,500 gallons of acid. No water has been developed from the pay section. The well is expected to be finished and put on production soon as a producer and the opener of a new field.

Standard Oil Company of Texas No. 1 Joe Kelioher, about 16½ miles southeast of Hale Center, and 1,980 feet from north and 3,720 feet from east lines of league 3, Callahan county school lands, and in southeast Hale county, had reached 8,010 feet in lime and shale and chert, and at last report was temporarily shutdown.

To Go To 10,500 Feet

This project was originally started to go to a possible bottom of 10,500 feet, and it is anticipated that the venture will continue to that level—unless it gets production before going to that depth.

Anton Oil Corporation No. 5-A J. R. Leftwich is to be a new exploration for the southeast Lamb county side of the Anton-Irish field. It will be located 1,980 feet from south and 660 feet from west lines of the west half of section 32, block 1, R. M. Thompson survey. Drilling will be about 8,100 feet.

Other Hale County Tests

Magnolia Petroleum Company No. 1 T. F. Garrett, in the Hale county sector of the field, and 660 feet from north and east lines of section 15, block DT, HE—WT survey, had drilled below 2,840 feet in dry lime, and was continuing.

Hunt Oil Company No. 1 Emery, on the northeast side of the Irish side of the field, and 660 feet from south and 1,980 feet from west lines of the south 200 acres in section 9, block DT, HE&WT survey, had drilled to 6,130 feet in lime and had not developed any signs of oil, gas or water. The project was drilling ahead.

Flows 174 Barrels

Stanolind No. 2-B Irish had flowed 174 barrels of oil and one barrel of water in 11 hours, from pay above total depth at 6,065 feet, in lime, and was continuing to test.

Stanolind No. 2-B Harral had reached 5,574 feet in lime and was drilling ahead.

Stanolind No. 2A Harral was at total depth of 6,085 feet in lime and was testing.

Stanolind No. 2 Arnold had reached 4,942 feet in lime and was continuing to make hole.

Stanolind No. 1 Rice had progressed past 4,210 feet in lime, and was continuing.

Anton Oil Corporation No. 4 Myatt is a new prospector for oil in the Hale county side of the southwest Hale county side of the Anton-Irish area. It will be 1,980 feet from south and east lines of section 15, block DT, HE&WT survey. Drilling to around 6,200 feet is getting underway.

The Maine coast is so notched with bays and inlets that it has a tidal line 2,400 miles long in a coast line of 250 miles.

The morning sun first strikes the United States atop Mt. Katahdin, 6,267-ft peak which is the highest in Maine.

Barrymore Uses "No" Eloquently

BY GENE HANDSAKER
Associated Press Staff Writer

HOLLYWOOD, Feb. 7 — "No," is a word uttered most eloquently —in this community noted for its "yes meh" — by a graying, 69-year-old semi-invalid named Lionel Barrymore. Sometimes he varies it with a rich, rumbling "Naw!"

The point is that this sometimes petulant veteran of nearly 55 years on stage and screen considers himself bum newspaper copy. Naw, his etchings aren't going to be exhibited soon (a publicity handout to the contrary) — "I haven't found anybody who's gol-danged fool enough to show 'em." No (loudly) —he suffers no pain from the arthritis in his hips and legs that has confined him to crutches and wheelchair for "four or five years." Lionel just can't believe that these matters or his piano compositions or his pet cat are interesting to even the most respectful fans of the old-man characters he plays so well.

Barrymore

"Audiences Make Pictures"

I edged closer to his wheelchair on the "Key Largo" set and asked if he himself didn't like to read about famous people. Napoleon, perhaps? "Napoleon was one of the biggest (naughty word) who ever lived!" Lionel exploded, his impressive Barrymore profile fairly aquiver.

He did have a few things to say about movies: "Audiences make pictures. If they get a run of pictures they don't like, they can blame themselves. Nobody's in this business for his health. Producers go around trying to find what the devil people want. People go to the movies to see themselves reflected. That's why pictures are so lousy, I suppose."

Optimistic About Health

Lionel is optimistic about the physical affliction that couldn't stop his career and still doesn't prevent him from personally driving his sedan daily from his Chatsworth home to a Warner sound stage. "I'll get all right again!" he boomed, then with a fierce grin: "but I haven't much time!"

I asked Lionel whether his long career had left him with any still unsatisfied ambitions. "No!" he exclaimed. "No! No!"

Mohandas Gandhi Possessed No Property, Left No Will

NEW DELHI, Feb. 7 (AP) — Devadas Gandhi said today his father, Mohandas K. Gandhi, possessed no property and left no will.

He said his father, assassinated a week ago today, desired that any properties which might nominally be considered his should go to his charity and uplift projects. This, Devadas said, will be done.

MAID OF COTTON AT COTTON EXCHANGE—Gustave I. Tolson, president of the New York Cotton Exchange, presente a bouquet of roses to Matilda Nail, 19, of Fort Worth, Texas, the 1948 Maid of Cotton. Miss Nail began a tour of 40 cities, including Paris and London, with a visit to the New York exchange.

Leap Year Manhunt Off To A Slow Start

Marriage Totals In Fourteen Cities Show Drop From 1947

CHICAGO, Feb. 7 (U.P.) — The girls are off to a slow start in the leap year manhunt.

Marriage records of 14 major cities show that the number of licenses issued in January fell five to 20 per cent below the total for the same month last year.

War Rush Is Over

Kansas City, Mo., was the only city to report an increase. Leap year started with a "boom" there. More than twice as many licenses were issued as in January last year.

But even with Valentine's day in sight, Kansas City was an exception. There were decreases in New York, Chicago, Los Angeles, Boston, Detroit, St. Louis, Miami, Atlanta, Minneapolis, Des Moines, Reno, Washington, D. C., and Elkton, Md., the state's Gretna Green.

Marriage clerks disagreed about reasons for the decline, but most of them said the "war rush" appeared to be over.

Los Angeles said the girls "have discovered that two can't live as cheaply as one these days." Licenses there dropped from 2,906 in January, 1947 to 2,673 last month.

Detroit's County Clerk Edgar Branigan discounted the high cost of living theory. He said he believed Detroit's drop from 2,229 to 2,083 was a levelling off after the post-war boom.

Decreases In Washington

"Two people who want to get married can always convince themselves that two can live as cheaply as one," Branigan said.

Washington dropped from 1,005 to 916 despite a large number of eligible girls. Clerks believed high prices, the housing shortage and the elimination of quick wartime marriages caused the decline.

Elkton, Md., which requires a 48-hour waiting period but no blood test, showed a decrease from 941 to 798. The city has quit issuing licenses at night.

U. S. Sends Combat General To Greece

WASHINGTON, Feb. 7 (AP)—The United States is dispatching one of its top-flight combat generals to help Greece smash its Communist rebellion.

The Army announced today Maj. Gen. James A. Van Fleet has been named commander of All American Army, Air and Navy forces assigned to the Greek mission.

Maj. Gen. William G. Livesay, who has been serving as head of the mission and the military groups, will retain overall command. But Livesay henceforth will concentrate on the problems of handling U. S. supplies furnished under the Greek aid program. The program has the dual aim of enabling Greece to put down the guerrilla revolt and rebuild her war-ravaged economy.

Youths Testify They Were With Man On The Day He Disappeared

PASADENA, Cal., Feb. 7 (U.P.)—Two youths held here for questioning by Kansas' City, Kan., authorities told police today they went home from a tavern with Horace Mann, 42, Jan. 17, the day he disappeared.

The youths, Arthur E. Sanders, 22, and George Foeschler, 23, said they never saw Mann again. Mann's blood-stained car was found abandoned Jan. 20 near Kansas City.

Hollywood On The Loose...

Filmtown Facts And Fancies

By ERSKINE JOHNSON
NEA Staff Writer

HOLLYWOOD, Feb. 7 — Humphrey Bogart and Lauren "Baby" Bacall may be converting their den into a nursery before long . . . The life story of Lucky Luciano is making the rounds of the studios with the usual 10-second crime-does-not-pay ending. I'll be waiting for the studio dopey enough to contribute further to juvenile delinquency. The Luciano story is just as bad, if not worse, than the Capone story . . .

JOHNSON

According to Hollywood beauty parlor gossip, Tyrone Power wants to marry Linda Christian now that Annabella got her divorce, but Linda can't make up her mind between Ty and Orson Welles.

A number of stars are balking at the studios' current ban on television appearances. The movie companies' explanation that the video medium is too crude for their precious players doesn't scare many of the performers. Look for a large number of top-flight players to sign television contracts within the next six months.

• • •

JANE UNDECIDED

SIGHT of the week: Ronald Reagan, lunching in the Warner studio Green Room, beneath a big photograph of Jane Wyman. Jane still can't make up her mind whether she wants a divorce.

Van Heflin finally gets star rating at M-G-M . . . It's peace and quiet on the Red Skelton front. Red just got a big bonus from M-G-M and he's finally found a producer-director team, Sylvan Simon and Paul Jones, who appreciate his talents and know what to do with them. His current film, "A Southern Yankee," should be his best.

It's definite that Jimmy Stewart will do "Harvey" on Broadway again in April, if his film deals don't interfere . . . Red Ingle's record sales for 1947 just passed the 2,000,000 mark. Not bad for his first year in business.

Boris Karloff gets a change of pace. He'll play a sympathetic role in "The Linden Tree" on Broadway . . . "Up in Central Park" convinced UI bosses that Vincent Price should be cast in another musical . . . Lew Ayres switched from Audrey Trotter and escorted socialite Jayne Meadows to the Dells.

Offstage drama: Judy Garland crying in the lobby of Slapsy Maxie's with hubby Vincent Minelli trying to calm her.

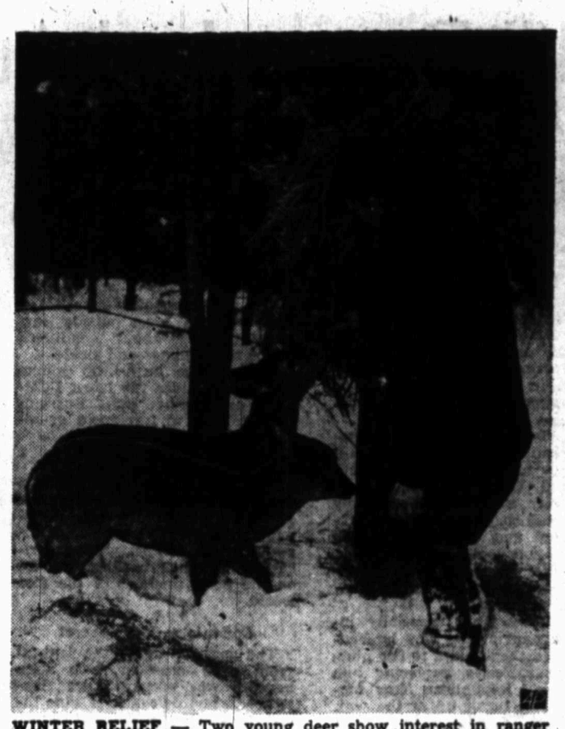

• • •

LAMARR, KAYE TEAM?

WARNER Brothers are talking to Lamarr about playing opposite Danny Kaye in "Happy Times," a remake of the Russian play, "The Inspector General." . . . Ann Sothern just took over the Beverly Hills mansion where William Powell and Carole Lombard lived when they were first married.

Joseph Von Sternberg, once Marlene Dietrich's director, has opened an art gallery on Madison Avenue in New York City.

Henry Fonda is on the screens of 463 New York theaters simultaneously via three new picture releases—a record . . . Robert Taylor flew out for a trans-continental hop in his plane, "Missy." He goes to Washington, D. C., then New York, will drop in to see the folks in Nebraska and then comes back to Hollywood to start his new picture. He'll play a war vet this time, but the film still has no title.

WINTER RELIEF — Two young deer show interest in ranger Joseph Ossman's bundle of hay at Bear Mountain State Park, N. Y. Rangers are hauling alfalfa and soybean cake into woods to relieve deer's famine during severe winter weather.

State Farm Bureau Official To Speak

A report on agricultural trends in Washington is to be given by J. Walter Hammond, president of the Texas Farm Bureau federation, in connection with a district farm bureau meeting at Hotel Lubbock Monday, Feb. 16, according to announcement from state headquarters of the bureau.

W. R. Tilson of Coahoma, district director, is to preside. The meeting is one of a series to be held throughout the state from Feb. 9 to 21. A similar meeting is to be held at Amarillo Tuesday, Feb. 17.

Hammond, member of the board of directors of the American Farm Bureau Federation representing the southern region, spent the latter part of January in Washington attending a board meeting and discussing with congressional leaders some of the issues vital to agriculture in Texas and the nation, the announcement said.

Other speakers to be at the district session here include R. G. Arnold of Auburn, Ala., director or organization in the southern region, who will discuss "Prices, Soil Conservation, and Cooperatives;" and Dave C. Mieher of Jackson, Miss., executive vice president of the Southern Farm Bureau Life Insurance company, who will talk on the farm bureau as a service organization.

The meeting is scheduled to start at 10 a. m., and is to adjourn at 3 p. m. All farmers in this area are invited to attend.

Tech War Vets Group Sponsors Hospital Program At College

A membership drive for the Blue Cross Hospitalization plan for students at Texas Technological college is underway under sponsorship of the Tech War Veterans Association and will continue until Wednesday, officials of the organization have announced.

Recognizing the student's need for a hospital care plan, the members of the TWA secured approval for the plan from the Student council and made possible the organization of what is believed to be the first all-student-body Blue Cross group in Texas. Over 1,000 students are now enjoying the benefits of the plan which, according to a recent survey, has already saved them a total of $5,821.73.

Because post war student bodies have a large percentage of married students, the Blue Cross provision for maternity care after 12 months has proved popular, TWVA spokesman say. The plan covers all hospitalized illnesses and membership can be transferred even when the policy holder leaves the state.

Memberships will be offered at a booth in the Administration building to all students through Wednesday.

MASON MAN KILLED

SAN ANGELO, Feb. 7 (AP) — Sebron W. Higgins, 31, of Mason, Tex., died instantly Friday when the trailer truck in which he was sleeping left the highway and plunged 35 feet to the bed of a dry creek. Clifford Woods, 31, Houston, was driving the truck.

Today through Tuesday: "Navy Spy," Conrad Nagel, Eleanor Hunt; also "Let Us Live," Henry Fonda, Maureen O'Sullivan.

Wednesday and Thursday: "Detective Kitty O'Day," Jean Parker, Peter Cookson; also "Dakota," John Wayne, Vera Ralston.

Friday and Saturday: "Stars Over Texas," Eddie Dean, Shirley Patterson; also "The Virginian," Joel McCrea, Barbara Britton.

Joins Army To Forget Death Of 23 In His Family In Explosion

GRAND RAPIDS, Mich., Feb. 7 (AP)—Manuel Padron was in the Army today because his heart is heavy with sorrow.

He wants to start a new life.

Twenty-three members of his family died in the disastrous Texas City, Tex., explosion which cailmed some 500 lives last April.

At that time he was living in Grand Rapids. He moved to Greenville, Mich., but the change of residence could not dispel the grief and loneliness which has haunted him since his parents, sisters, brothers and all his close relatives were killed at a single stroke.

Yesterday, Manuel enlisted in the 188th Infantry Parachute regiment.

"It's my best chance to forget," he said.

Recent Market Slump Is Surveyed; Capitol Hill Demos Ired At Truman

THIS IS NOT 1929

No Need For Panic

WHILE superficial similarities are apparent between last week's market slump and the 1929 collapse preceding the great depression, most comparisons allay uneasiness that recent events portend anything really serious.

Among similarities, each break occurred suddenly, for no immediate discernible cause, after long periods of speculation. Each speedily produced reassurances from highly authoritative sources that the breaks were "normal readjustments" and that prices would "level off" quickly.

In 1929, prices kept on falling. If conditions today were comparable to those then, grave fear would be justified that the same thing would happen, now. Happily, conditions are not at all alike.

There were no limits in 1929 on how far the markets might drop in a given time. Today there are sharp limits, which safeguard against panic trading and insure calm reason will have opportunity to re-assert itself. Banks now have mighty federal bulwarks they lacked then. Credit in 1929 was so loose almost anyone could buy almost anything on almost any terms. Nothing like that exists now.

Industry's problem in 1929 was overproduction for retail markets verging upon saturation. Most production today is short of current needs, much less of needs which accumulated during the war years. Millions of people were deeply in debt in 1929. Savings today are the largest in history.

None of today's encouraging factors attempts to belittle dangers inherent in a slump like that of last week. Anything might happen if it should cause widespread unreasoning fear.

But the logical supposition is that the decline has been an inevitable result of spiraling prices which must start downward at some time. That seems to be the best explanation for what has happened. Certainly there is nothing apparent in basic conditions to justify any really serious business reverses. If anything like that happens, unreasoning fear, justified by neither facts nor logic, is likely to be almost solely to blame.

T'Ain't So, General!

LUBBOCK citizens recently in Austin were surprised to learn from Attorney General Price Daniel that Mr. Daniel has interpreted some of our editorial comments concerning his official actions as questioning his personal honesty.

The Avalanche-Journal is surprised, too. So we answer, flatly, that Mr. Daniel has read into our comments something which is not there; something which certainly was not intended to be there.

We have criticized some of Mr. Daniel's official policies and politics. We propose to continue to criticize them, and any others he may espouse which seem to us to be in opposition to the best interests of either all Texas, or West Texas. We have urged—and still urge—West Texans to retaliate, at the polls, for Mr. Daniel's activities in connection with the so-called "College Building amendment" last August. Certainly we shall keep green the memory of his espousal of the amendment, which West Texas overwhelmingly showed they believe to be against their best interests.

However, we are disturbed that Mr. Daniel has read into our criticisms any reflection upon his personal honesty. Although neither Mr. Daniel, nor anyone else, has suggested that we clarify our position, we do so in spirit of fair play.

This, then, Mr. Daniel, is voluntarily to say to you, sir, that our criticisms of you to this good day have been based solely upon some of your policies and politics as an official of the State of Texas. No reflection on your personal honesty was intended, or even dreamed of, and it gives us pleasure to say so—publicly and entirely of our own accord.

For nearly a quarter century The Avalanche-Journal has had as its No. 1 policy "We Shall Be Scrupulously Fair." We expect to continue this policy as long as we publish newspapers. In making this statement we are simply adhering to it.

There is lots of work in maintaining a pleasure car.

One-Minute Sermon

Good and upright is the Lord; therefore will He teach sinners in the way. Psalms, 25:8.

"I Brought Something Along To Sit Down On"

IN MONTEREY THE OLD AND THE NEW JOSTLE EACH OTHER

"Step Down, Elder Brother" Is Story Of Conflict

"STEP DOWN, ELDER BROTHER." by Josephine Niggli; (Rinehart).

IN Monterey the old and the new jostle each other. North American tourists by the thousands, long established creole families clinging to courtly tradition and the mestizos who can't forget that every peso contains 100 centavos who try to force life into a different mold, or to retain it in its familiar and comfortable shape.

This conflict, which is the stuff of history, is the subject of this honest novel, where it is epitomized within the Vasquez de Anda family. Uncle Agapito is the oldest elder brother; Domingo, his nephew, his elder brother No. 2. Branching off from them are banker Agapito's brothers Don Ducio, who fritters away his time with correspondence courses, and Don Rafael, who wanted to be a musician but was driven into real estate; and then Domingo's sisters Sofia and Brunhilda and his younger brother Cardito.

Deep Understanding In Book

Agapito knew what was best for them all, and when he pulled the strings he expected them to jump. Domingo rebelled at this domination, but more for the sake of Cardito, whose ambition was the law, than for himself. He had given up his love for a North American girl, and now he was destined to marry Veronica, an approved wife, though his heart was softened more and more by the mysterious and unaccountable Margara.

To describe the elements of the plot is to deal with what matters least to the plotter. For Miss Niggli's true concern is the people and the scene. There is a deep understanding of these men and women, a quick sympathy for their joys and sorrows, and an acute senstiveness to their picturesque way of life. The book takes you really to Mexico, and will make some of you want to stay.

We Called It Culture

"WE CALLED IT CULTURE: THE STORY OF CHAUTAUQUA." by Victoria Case and Robert Ormond Case; (Doubleday).

IN 1874, two good men, from Camptown, N. J., and Akron, started a Sunday School Teachers' Assembly on Lake Chautauqua, N. Y., and persuaded 40 persons to pay $6 apiece for a two-week summertime session. In 1924, an estimated 30,000,000 attended similar assemblies in 12,000 towns. In the following year Chautauqua's popularity dropped sharply, and in another decade there wasn't a single one of the brown-tent shows left in any American Toonerville, Main Street or Our Town.

The original Chautauqua expanded, added correspondence courses, was granted the right to confer degrees, and heard such liminaries as Grant, Garfield, McKinley, Erskine, Lippmann, Debs. The idea was copied across the country.

Then the show was put under canvas and sent on the road. Greeley, Agassiz Dickens, Ida M. Tarbell, Irvin Cobb and Winston Churchill were among those who climbed to the platform in the hot, airless tents and, with a pitcher of ice water handy on a deal table, let themselves be seen as well as heard. There was some good music, too. Millions of men and women must remember the hustle of Chautauqua week, the excitement of new faces in town, the awe of having some renowned writer, politician, or scientist staying at Hotel Lakeside or Colonial Inn.

Under the terms of the local contracts, the entrepreneurs couldn't lose. They filled in their programs with magicians, bands, musical novelties and, above all, inspirational lectures, like Russell H. Conwell's "Acres of Diamonds," and other topics: "Why God Made Women," "The Broken Wedding Bell," "Cash, Conscience and Country" and "Pie, People and Politics."

Any system that supplied 6,000 separate audiences for Conwell's "Acres of Diamonds" speech was not an unmixed blessing, though the authors find some things in its favor. At least, it has bequeathed us this interesting book.

The Gilded Hearse

"THE GILDED HEARSE." by Charles O. Gorham; (Creative Age).

THE hard, bright pattern of sophisticated New York life, often enough the subject of novels, is the subject here, too; a man climbs the ladder of success recklessly, grabbing as many drinks and women as he can on the way.

Dick Eliot directs publicity for a big publisher; he abuses his wife Mary, aspires to marry Social-Register Laura, dreams of promotion at no matter what cost to fellow workers. It all happens on the day of the Munich crisis; the momentous Hitler-Chamberlain talks contrast tellingly with the pettiness of go-getters for whom business comes before belles lettres.

There are a few effective touches of realism. But for the sake of the story, Gorham exaggerates. No man can climb a ladder and at the

SEE BOOK, PAGE 8, SEC. 4

Looking At Life------By Erich Brandeis

WELL, we are just about ready to pack our things and go back home.

We had intended to stay in California a little longer and to visit our friends here and in and around Los Angeles and say hello to the many readers who have written and asked us to call them when we came out to California again.

BRANDEIS

But we'll have to pass up Los Angeles and Hollywood this time and rush back home.

In the first place my wife isn't in the mood for any socializing.

It's too bad that the last two times we came all the way to California we had to attend funerals.

Last July it was Johnny Medbury, my best friend, and this time it's my wife's brother.

And, strange to say, both of them died very suddenly from heart attacks, and both of them died at the age of fifty-three—certainly much too young to give up this life that, taking it all in all, is so very beautiful.

We had intended to go back via Los Angeles and then through Arizona and Texas to New Orleans, where we were going to stay over for a little while, before returning home.

But, as I said, neither she nor I is in the mood, and when you feel down in the mouth there is no place like home.

• • •

But there is another reason, too.

At the time of this writing—I have to write my column quite a bit ahead of time because it has to be distributed all over the world—a railroad strike is threatened, and all of us who are away from our homes or places of business are likely to be stuck indefinitely.

I do hope the strike won't come off.

I don't know the merits of the dispute, but there is another consideration which, in my opinion, is more important than a few dollars of salary

Side Glances — By Galbraith

"Now that we've got all the mumps, measles, new hats and relatives disposed of, how about one hand of bridge?"

ANGER IS AROUSED

Would Ditch Chief

By DREW PEARSON
Special Correspondent

WASHINGTON.—FDR's running feud with Capitol Hill Democrats is a well-known story, but with Harry Truman it was expected to be different. After all, he had served in the United States Senate, and once, as President, even resumed his old seat on the floor of the Senate; sometimes goes to lunch with Senate Democrats in the private office of Leslie Biffle. Even more important, he claims he understands the viewpoint of a senator.

PEARSON

Today, however, Democratic leaders on Capitol Hill are just as sore at their old pal, Harry Truman, as they were at Roosevelt—possibly more so. What Alben Barkley and ex-Speaker Sam Rayburn say about their chief in the White House can't be printed in a family newspaper.

They were especially indignant at the way he handled the attempt to fire Marriner Eccles, replacing him with dyed-in-the-wool Republican Tom McCabe. They were also burnt up at the way Truman ousted James Landis from Civil Aeronautics, after his long service for the government and after Truman had given a categoric commitment to Sam Rayburn that Landis would be reappointed.

And finally they are not at all happy over the present tax battle and the fact that they have to go down the line for what they call Truman's "screwball" tax plan to reduce everybody's taxes by $40.

Probably the boys will be back in the fold about the time of the Democratic convention in Philadelphia, but in the interim some of them even say that if there was any way to ditch Harry Truman, they would certainly do it.

• • •

Haven For Brass Hats

Retiring brass hats have found a happy nesting ground in the international refugee organization. What qualifications American army officers have for handling refugees is anybody's guess, but they have been flocking to IRO—for obvious reasons.

In the first place they get a salary of around $8,000 a year which, because they work for an international organization, is income-tax free. On top o fthis they draw regular U. S. army retirement pay which runs around $6,000, in other words, a total of $14,000 a year—tax free. This is good going in any country.

Here are some of the U. S. army brass hats who have found this out: Maj. Gen. Walter Wood, stationed in Washington; Maj. Gen. John Wood, stationed in Vienna; Maj. Gen. Carl Hardigg, stationed in Geneva; Maj. Gen. Vincent Meyer, stationed in Venezuela; Adm. George Mentz, stationed in Rome.

The British have also found what a lush rooting place the international refugee organization is. Of the total number of 1,863 internationally recruited IRO employees, the British have 724 and the Americans 335, despite the fact that the United States so far has contributed about 80 per cent of the total IRO budget. The British contribute only 15 per cent.

• • •

WIVES of Republican congressmen are hopping mad at Mrs. Truman. For she has scheduled the White House reception for congressmen on February 10, the very same day that most Republican congressmen will be out making Lincoln day speeches. G.O.P. wives hint that Mrs. Truman wants to prevent the Republicans from getting a preview of the White House so many of them hope to occupy next year. . . . Senator Bob Taft plans to go after Harold Stassen hot and heavy in Stassen's own state of Minnesota on February 12. Taft's anti-Stassen speech, which will not mention the ex-governor by name, will be entitled "what is a liberal?" . . . President Truman has selected Wyoming Democrat Senator Joe O'Mahoney as the administration's No. 1 needler of Senator Taft in Congress. O'Mahoney will battle Taft on all economic issues, which may end up in his becoming Truman's running mate. . . . Jesse Klemenko, New York lawyer, has been appointed by Attorney General Tom Clark to prosecute Taft-Hartley law violations in New York, Ohio, Maryland and California. Clark wants to test the validity of the Taft-Hartley law before the U. S. Supreme court as soon as possible.

• • •

More Grain Speculators

While the Senate has been swinging the spotlight on Ed Pauley and the political grain speculators, a special House committee has been plodding along in the shadows, supposedly examining the books of nonpolitical traders. Some of these traders are reputed to be big Minnesota grain dealers, friends of Minnesota's Harold Stassen and also friends of Minnesota's August Andresen, the congressman supposed to do the investigating.

Democrats, sore at Andresen's dragging feet, finally blew off steam at a closed-door meeting of the investigating committee. John McCormack of Massachusetts and John Carroll of Colorado, both Democrats, lashed out at Chairman Andresen for political sabotage.

"We have to get the facts before we move," shot back the Minnesota Republican. "We're not going to turn this investigation into a Roman holiday. There will be no smearing of reputations until we get the facts."

"When," pressed Carroll "are we going to get into the big speculators?"

"We are going to do that," Andresen promised.

"Has any effort been made?" persisted the hard-hitting Colorado congressman.

"Not yet," admitted Andresen.

Carroll got off on a new tack, and asked how many staff members had been hired.

The answer was two.

How many does the Senate subcommittee have that is investigating speculators?"

"Several," replied Andresen, glumly. He explained that it was difficult to find men who could understand the commodity market.

Finally, under the spurs of Carroll and McCormack, the plodding Minnesotan agreed to hire a real investigating staff.

An old-timer is the one who can recall when a girl was proud of the fact she could cook.

The well rounded boy must have plenty of square meals.

Instead of priming the pump, inflation is when they pump the prime.

Many a man thinks he has temperament when it is mostly temper.

REDS DRAW IRON CURTAIN TIGHT

Censorship Hits Soviet States

By JOHN FISHER
Special Correspondent

WASHINGTON—Russia & Co. is tightening new muzzles on its people to keep outside ears from hearing about conditions under the hammer and sickle.

Many other hush-hush moves are afoot besides the latest Politburo decree that bans Russians from talking to foreigners or releasing information except through Molotov's Foreign Office as a clearing house.

The Soviet orbit countries also are issuing stricter censorship regulations, expelling foreign newspapermen, jailing local democrats suspected of contact with Americans and intensifying their attacks on the press methods of the free world.

• • •

Cominform Move Secret

The gag preventing the faithful from even chatting with alien heretics was prepared last September when delegates of nine international Communist parties met on the q.t. in Poland to launch the Cominform. At the time A. A. Zhdanov, Stalin's Man Friday, declared that the purpose of the new clandestine outfit was to control propaganda and to "expose courageously all internal accomplices of American imperialism."

An American journalist from Warsaw says that although the confab was attended by some of Europe's best-known Communists—men whose photos had been published hundreds of times—and was held within a stone's throw of the foreign embassies, it was kept so secret that not a single member of an embassy staff or press bureau knew that the Red bigwigs were in conference until days later when the official announcement was made in Moscow.

• • •

Long Imprisonments For Gossip

THE soft pedal is used even in Czechoslovakia where a large amount of freedom still remains. Communist police have arrested a group of persons in Slovakia, accused of liaison with United States diplomats and with "fascists" in New York City and the French zone of occupation. On one subject they maintain they found a note of warning, urging him to quit the country and to apply for help at the American consulate.

Long imprisonments have been handed out to Polish patriots for "whispering propaganda" and "dangerous gossip." The current terror is a knock on the door at midnight and a demand by the police that the householder explain a careless remark overheard by an informer.

An acquaintance of mine was in Moscow recently when an American diplomat called on U. S. Ambassador W. Bedell Smith. The visitor alighted in an airfield about a dozen miles from the city and was driven to the capital in an embassy limousine, tailed all the way by a NKVD car.

The next morning, when Smith and his guest went for a stroll in the park, three Soviet secret service men joined the party uninvited. One walked in front, the other behind and the third on the opposite sidewalk.

The interlopers made sure that no Russian had any communication with the Americans. Not even a passing word with Smith, who as General Eisenhower's chief of staff, helped save the Russian people from utter defeat by the Nazis.

• • •

Americans Charged Of Spying

An American correspondent was expelled from Hungary on the charge of spying on the Communist government. Already the Red bosses are objecting to the dispatches of his successor. An American reporter was kicked out of Yugoslavia for "offensive writing." Another was ousted on the complaint of a Red official that the newspaperman had appeared at a government press conference "somewhat the worse for drink."

"Politika," the chief Communist paper in the Balkans writes: "There is an opinion in Belgrade journalistic circles that American journalists are behaving in an unseemly fashion in the hope that they will be thrown out of Yugoslavia and then the big American press will raise them to the skies."

An American girl tourist was detained for questioning by the Prague police for criticizing a group of American Communists attending an international youth conference.

• • •

Outside News Unwelcome

A LONDON writer, who in the prewar years had frequently discussed economics with Dr. Dragoljub Jovanovic, the Serb peasant leader, visited the agrarian reformer last fall and chatted about the general situation. But an Ozna agent spied on the pair. Jovanovic was sentenced to nine years' imprisonment by Tito's courts for maintaining social relations with foreigners.

The jittery Reds not only are sealing the lips of their own people but also are becoming more and more reluctant to allow news from the outside to leak in. They cannot understand our freedom of the press. If an American publication turns up which contains an article even slightly critical of Communism, it is branded as a spreader of falsehoods.

The Moscow New Times, an official mouthpiece of the Kremlin, stated in a recent issue: "The American reading-room in Belgrade, headed by the press attache of the Americal Embassy, published and circulated among the population newssheets full of anti-republican propaganda. Filslander against the (Tito) government continues to flow from the pens of various Americans and Britishers visiting Yugoslavia."

• • •

Communist organs also take offense at criticisms that appear in the papers of western Europe. In fact, most articles in the Red press are under three headings: Praise of everything about Communism; smears on the free systems of the outside world; attacks on everyone who doesn't think that the Soviet sphere is heaven on earth.

At present the whole Soviet solar system is going under a self-imposed eclipse. News isolation has been worse in Russia than at any period in modern times. And now her satellites are closing all the doors and windows. Perhaps some new move is being arranged behind the barrier of silence.

• • •

HST's Program Scored

ADVICE: "I note," writes R.A.V. of Sioux Falls, S. D. "that President Truman's anti-inflation plans have been framed by college professors, so-called book economists and lawyers. Do they ever ask advice from dirt farmers and cattle-raisers? What do they think about rationing, price-fixing and government controls generally?"

Answer: I cannot speak for all farmers, but quite a few have spoken out forcibly against the proposed program in letters to their Congressmen. The majority seem to be aginners under present conditions—conditions which, in their opinion, cannot be changed for the better by mere legislative action.

Few urban people, it seems, understand the problem of the original producer of meat, as explained in these communications. They point out that there is a definite relationship between the price which they receive for corn and for the hogs raised on that feed. It takes about ten bushels of corn to produce a hundred pounds of pork.

• • •

Thus, if the farmer can get $3 a bushel for his corn as-such, and if hogs are selling for only $3 for a hundred pounds, there is no percentage in producing porkers. The present equation has approximately that relationship.

If the price of corn is low at harvest time, the farmer can hold it until it goes up. But he must sell his hogs when they are ready for market, regardless of the current price, thereby losing money

Answer to Previous Puzzle

Southerners In Congress Will Try To Stymie Lynching Bill

By JAMES MARLOW
Associated Press Staff Writer

WASHINGTON, Feb. 7—Lynching is murder. President Truman this week asked Congress to pass a law to stop it.

The House may pass such a bill. But if it reaches the Senate, the Southerners there are just about sure to talk the whole idea to death with a filibuster.

South Is Guilty

But why a federal law—since lynching is murder and every state has a law against that? Can't states stop lynchings? States haven't.

In spite of state laws against murder, almost no one ever is convicted or punished for a lynching.

Almost always it's a negro who's lynched. Almost all lynchings are in the South. Almost all lynchings are done by mobs.

When anyone is tried for lynching, the jury of white fellow-townsmen or neighbors almost always says "not guilty."

Yet, the 14th amendment to the Constitution says: No state shall deprive a man of life, liberty or property without due process of law.

So a man is entitled to a fair trial before a state can take away his property, or his life by executing.

Isn't lynching, then, a violation of the Constitution? Can the federal government then step in, hunt the lynchers, and try them?

It's not so simple. The Constitution says a "state" must give a man due process of law.

If a mob lynches a man before a state has a chance to arrest him, it's the mob, not the state, that's acting. Lynching itself is not a federal crime.

FBI Can Move In

But the government—the FBI—can move in and bring charges if a state officer, like a sheriff, in any way conspires with a lynch-mob.

That's because federal laws, backing up the Constitution, make it a crime for:

A state official of any kind to conspire with anyone to deprive a man of his rights under the constitution.

The penalties, under these federal laws, run from 1 to 10 years in jail and fines of $1,000 to $5,000.

The anti-lynching bills now in Congress, if they became law, would go further:

They'd make anyone who took part in a lynching or helped it—whether he was a lyncher or a sheriff who helped him—subject to jail and fine.

If one of these bills became law the FBI could move in and act against anyone who took part in a lynching.

And a person arrested by the FBI could be tried in federal court perhaps far from his home, by a jury of strangers—instead of in a state court in his own town, with a jury of sympathetic neighbors.

Those who oppose an anti-lynching law, like the Southerners in Congress, argue:

Southerners Argue

Such a law would be unconstitutional because the federal government would be interfering in a state's rights to handle its own internal problems.

Any anti-lynching law would be pretty hollow until it was brought before the Supreme court to decide whether it was constitutional.

The anti-lynching bills now in Congress don't carry any death penalty for lynching but only jail terms or fines.

Why don't they carry a death penalty, since lynching is murder? This writer can't answer that. But lawyers would say:

At first the most important thing about an anti-lynching bill is to get it passed by Congress and then get it upheld by the Supreme court.

Once such a law was upheld, Congress could change the mild penalties now provided in the bills and make lynching punishable by death.

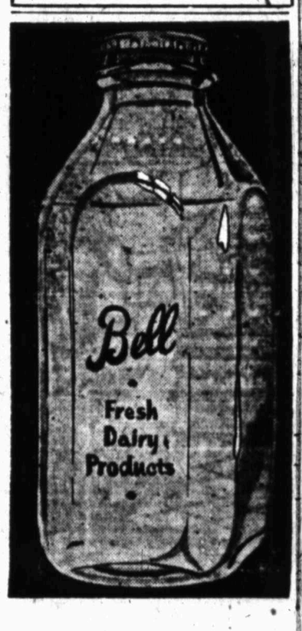

Government Clerk Uses Numbers Instead Of Tackling Big Names

HOUSTON, Feb. 7 (AP)—Hal Watts, federal district clerk, is glad court suits filed in his office can be referred to by numbers instead of by names of the participants:

The reason: Aktiebolaget Kockuns Flygindustri, a Swedish firm today filed a civil suit against the SS Eugene Hale and Lykes Brothers Steamship company for alleged damages to two airplanes shipped last year from Houston to Malmo, Sweden.

"Hello honey! I'm home early! Didn't feel like walkin', so I took a Bryant's taxi home instead!"

Russian Decree

if he could have gotten more dollars for corn in its original form.

There is also the personal equation. Raising corn alone is far easier on the human system than acting as a nursemaid for hogs. It is no fun, in the dark of a bitter morning or evening, to have to slosh through snow or mud to feed the animals.

Ceilings, in the farmers' opinion, will reduce his return from hogs. Therefore, he will hold them off the market as long as possible or shift to the production of corn. Naturally, he doesn't like the President's program, and will probly vote Republican next fall.

ELECTRA PIONEER CLAIMED

ELECTRA, Feb. 7 (AP)—Mrs. Ada Gowdy, 84, resident here 30 years, died Friday. Her funeral will be held here Sunday.

Looking At Life

Continued From Editorial Page

—the public.

Management and Labor should both realize that those who are engaged in public service have a responsibility far greater than that to their own families and comforts.

* * *

A RAILROAD strike is bound to cause untold suffering to many thousands.

How about mothers who may be stranded with their babies?

How about sick people who may die because of lack of transportation?

How about those who cannot get things that are absolute necessities? How about all the stuff that will rot and spoil?

How about all those who will be forced to incur heavy additional expenses that they can't afford?

Striking is, of course, a basic American prerogative.

But a strike should be the very last resort and be undertaken only if all the human elements have been considered and all danger to fellow human beings has been eliminated.

Strike is war. War without steel and bullets, to be sure, but cold war in the true meaning of the word "cold."

Perhaps if there were more warmth between Management and Labor we wouldn't have these cold wars.

To use a paradox, it's too much heat that causes the coldness between the two.

SALESMEN BELIEVE IN IT

BOSTON (U.P.)—A Boston life insurance company ran a survey to find out how much life insurance its salesmen carried on themselves. It discovered that its top 100 field representatives owned an average of $54,154 of insurance on their own lives.

The Gesture

"THE GESTURE," by John Cobb; (Harper).

HARRIS who clings to his principles, Whipple who clings to life, and Willie Turk, crack pilot and content to be nothing else, are the contrasting characters who furnish even more of the drama in this novel than the exciting wartime setting.

Whipple (Yale) and Harris (Harvard) have similar cultural backgrounds, but Harris is dedicated to a cause while Whipple schemes to save his skin. It's not possible to compromise in a big way without compromising in lots of little ways, too; Whipple's infection spreads all through him, rots him. He could have helped Harris, or Willie, or Mooney, but what was the percentage?

Maybe he was right. "Coward," Harris called him, but at least he lived through it. And there's no getting around the facts that Harris failed and Whipple succeeded. Cobb lets his readers decide how much they cherish success.

COLD BRINGS FIRES

MILWAUKEE, Wis. (U.P.)—Records of the city fire department show fires increase as the temperature drops. A cold snap brought 62 alarms with the mercury at 16 below. The city record is 71 calls at 18 below on Jan. 29, 1943.

The CHIROPRACTOR—and You

ARTHRITIS AND HEADACHES

Case History No. 1912: Lady; Age 37; Symptoms: Arthritis in right shoulder and right arm; Difficult to lift right arm and severe pain in right shoulder; Insomnia (sleeplessness); Nervousness; and, Severe Headaches.

CAME TO STEPHENS CHIROPRACTIC CLINIC

After trying out different health methods without satisfactory relief she decided to come to the STEPHENS CHIROPRACTIC CLINIC to see if something different could not be done for her. During the examination of her spine X-Ray pictures showed a badly misplaced and distortion of the vertebrae of the spinal column. The Neurocalometer (nerve test) analyses revealed that the nerves were testing over five points (5) off to the left at the base of her brain. Also, her shoulder and arm nerves, stomach nerves and kidney nerves were testing badly.

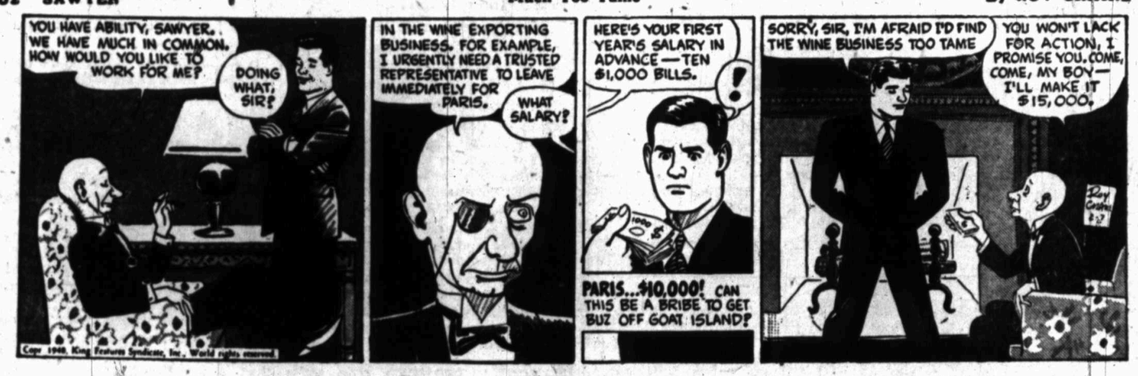

WHAT CHIROPRACTIC HAS DONE FOR HER

After and during the course of chiropractic health service her Arthritis began to improve during the first few weeks of service. Her head began to improve gradually until today it is almost entirely relieved. Her eyes which had been failing for 6 years began to improve and she is very happy over it. It did not occur to her that chiropractic could help her eye condition. This lady has frequently said, "Chiropractic has helped me more than I ever thought possible."
