g. Instructor Named y Board of Trustees

HERSHEL GIST POTTS

st Rites Held re Monday for s. Gilliam

Funeral services for Mrs. W. C. Gilliam, 41 years of age, will be held at 10:30 Monday morning in the First Baptist Church here.

Rev. Clifton R. Tennison, pastor, will officiate. Burial will be in Fairview cemetery.

Mrs. Gilliam was born in Cleburne, Texas, the daughter of the late J. R. Clark and Favour Clark, both of whom were prominent in the community. In 1905, Miss Gilliam was married to W. C. Gilliam at Alvarado, Texas. She moved to Donley County in 1907 and on to Hall County in 1911.

Her husband and one son predeceased her. Mr. Gilliam died April 11, 1945.

Survivors listed are two sons, W. S. Gilliam and Edwin Gilliam, both of Memphis; two sisters, Mrs. J. H. Hallway of Alvarado and Mrs. W. C. Stewart of Dallas; and a grandson.

Mrs. Gilliam was a member of the First Baptist Church and the Sunday School Class. She was also a member of the G. W. C. T. and the G. W. C. T. Sunday School Class.

Hershel Gist Potts, native of Parnell, has been named as vocational agriculture teacher at Memphis High School, according to Supt. W. C. Davis. He was elected at a recent meeting of the school board.

Potts, 22, replaces Weldon McCreary who was promoted to the office of principal of the high school in March.

The new instructor is a graduate of Texas Tech. He received his Bachelor of Science degree in agriculture in 1951 from the college. Potts taught one year in the Littlefield school system before resigning to take the position here.

He was born July 26, 1930 at Estelline, and is the son of Mr. and Mrs. T. W. Potts of Parnell. He received his high school diploma in 1947 from Estelline High School, and entered the Lubbock school in the fall of the same year.

At Tech he was Wing Advisor of his dormitory for two years. He worked to help his way through school.

Potts is single and takes an avid interest in sports. He is a member of the Baptist Church.

COUNTRY CLUB EMPLOYS LOPEZ AS GOLF PRO

A new managing professional golf has been hired by the Memphis Country Club, according to Louis Saied, member of the club board of directors.

He is Joe Lopez, former assistant pro at the Ross Rogers Municipal Golf Course in Amarillo for two years. Before that he was assistant pro at the San Angelo Country Club. He is a member of the Professional Golfers Association. Lopez shoots par golf, and has competed in several tournaments in the Southwest. He has never tried one of the major contests.

Lopez replaces O. B. Smith who will move to Monte Vista, Colo., next week. The new pro is married and has a daughter.

He will begin his duties here July 15, Saied stated.

Dr. O. R. Goodall Studies at Mayo's

Dr. O. R. Goodall left Saturday for Rochester, Minn., to take a post-graduate course in surgery at the famed Mayo Clinic. He was accompanied by his cousin, Dr. Edwin Goodall of Gatesville.

They will return home Monday, according to personnel at Goodall Hospital.

Kids From Corsicana I.O.O.F.

me To Visit Memphis Tomorrow

Five children from the I.O.O.F. Home in Corsicana will be visiting in Memphis tomorrow on their way to the Panhandle and West. According to Frank Van Pelt, secretary of the local I.O.O.F., the children will be guests of the I.O.O.F. and Rebekah lodges.

Van Pelt said that the local lodge is sponsoring a girl at the Corsicana Home. The children range in age from about four to 18, he said. They are educated in the Corsicana public school system.

ISH VISITOR LIKES MEMPHIS D TEXAS - DESPITE DUST STORMS

So great, most persons travel by bus.

Plentiful food was another source of wonder to the blue-eyed, auburn-haired bride. Also, in her homeland, supermarket "help-yourself" buying is unheard of. There everything is bought over the counter.

Mrs. Kelley has not visited any of the big department stores yet, but has heard of their opulence. Of all the states she has visited, Pennsylvania reminds her most of England. She doesn't like Colorado, she thinks West Texas, or at least around Memphis, is all right. She hasn't become accustomed to the vastness of this part of the country, and defines our beloved wide-open spaces as "rather flat, where distances are not

impressed with the large number of new cars here. In fact, where distances are not

MEMPHIS SCHOOL IN 1896—This is a picture for old times to study. See how many of those in the group you can recognize. The picture was furnished by Frank A. Finch, second from the top left. The school was taught by Prof. W. E. Gee, recently deceased, on the site of the property of E. Bean in the north part of town. Mr. Finch recognizes the following in the picture: Left to right, top row—1. Jim Montgomery; 2. Finch; 4. Cornelius Parmer; 5. Willie White; 6. Prof. Gee; 7. Anna Copeland; 8. June White; 9. Mattie Brice; 11. Jim King. Middle row—3. Ella Hollifield Wyatt; 4. Ada Crump Middleton; 5. Stephens Max Temple. Bottom row—1. Herbert Forgy; 2. Bert Brice; 5. Lillie Copeland; 7. — Webster; 8. Ben Wright; 9. Harry King; 10. Buzz Crump.

Owls To Play Silverton Tonite; Split Season's First Two Games

Memphis will be pitted against a strong Silverton baseball team in the third game of the season at 8:30 tonight at Estes Park.

The improved Owls will go into tonight's contest with a .500 average. They dropped the season's opener to Clarendon last Thursday night by a score of 10 to 13. Tuesday night an improved baseball team swept Childress from the playing field, 13 to 4. Bobby Hutcherson went all the way for Memphis, allowing but one run after a shaky start in the first inning when three runs crossed the plate.

Clarendon Keeps Lead
A hard hitting Clarendon nine

Turkey Soldier Killed in Action

Pvt. Fred Bockelman, 23, son of Mr. and Mrs. A. H. Bockelman of Turkey, was killed in action in Korea, according to a war department telegram received by his parents.

The telegram stated that Bockelman, scheduled to be sent home in a few days, was killed June 10. He had entered the service in the fall of 1950.

His body will be returned home for burial.

Vacation School To Begin Monday At Church of God

Announcement was made this week that a daily Vacation Bible School will begin at the Church of God Monday, June 30, and will continue through Friday, July 11. The church is located at the corner of 16th and Main Sts.

Classes will begin promptly at 9 a.m. and will continue until 12 a.m. daily. Mrs. Anna Mae Graves will be in charge of the school and classes have been arranged for all ages. "From the Manger to the Cross" will be the study during the 10-day school.

Haint Hit Hot, Huh?

Weatherman says hit haint goin' to get cooler for a few days yet, as the Panhandle is setting a new record for June and to do so, it will have to continue hot a few days longer.

The continued hot days are having a serious effect in land (Continued on page 8)

got off to a fast start in the game Thursday night. They were never behind after the second inning. Memphis started slow and was never able to push over runs when they are needed. They collected eight runs in the last five innings.

Leading hitters for the Owls in the opening game were Fowler and R. Hill who got two hits apiece. Fowler collected a triple and a single, while Hill got credit for double and a single. Jenkins, Mathe and Corley each picked up singles for Memphis, and Bill Hickey slammed out a double in his only time at bat. Pilcher of Clarendon was winning pitcher.

RIDING CLUB PLANS TO MEET MONDAY NIGHT

A meeting of the Memphis Bit and Spur Club will be held at 8 p.m. Monday night at the Hall County Farmers' Supply store, according to Andy DeWees.

Purpose of the meeting is to organize the trip to Clarendon for the annual rodeo festivities July 4. DeWees urged all members to be present. The riding club plans to get all riders into uniform for the Clarendon parade.

DeWees said that the club members had a successful trip to Dumas last weekend when they rode in the Dogie Days parade and rodeo. While there the club enjoyed the hospitality of several former Memphians who reside there now. They were provided with pasture for their horses and lodging. Kermit Monzingo entertained the riders with a noon luncheon Saturday.

Three of the girls of the club entered the barrel-race event. They were Janice Ann Anthony, Margaret Ann Massey, and Carol Ann Monzingo.

Funeral Services For Mrs. Shannon Held at Hedley

Funeral services for Mrs. R. O. Shannon, Route 1, Hedley, were held at 3 p.m. Monday in the First Methodist Church at Hedley. Mrs. Shannon, 61, died in a local hospital Saturday. She had lived in Donley County for 45 years.

The Rev. Frank Storey, Sunday, conducted the services. Assisting were the Revs. L. E. Briggs, Clarendon, and W. M. Culwell, pastor of the Hedley Church. Burial was in Rowe Cemetery, Hedley.

Pall bearers were: Robert Moffitt, Lee Anderson, Chester Walker, L. D. Messer, Delbert White and Joe Kennedy.

Services were under the direction of Murphy-Spicer.

Mrs. Shannon was born Sept. 27, 1890, at Garvin, Wise County, Tex. She was the daughter of A. M. Watlins and Eugenia Lewis (Continued on page 8)

Memphis Collects 17 Hits

In Tuesday night's game every one of the Owls pulverized the ball except the bat boy. Memphis got 17 hits, including three triples and three doubles. Marcum, West and Hickey each collected three-baggers, and Rasco, Jenkins and Gibson got doubles. Marcum led in batting percentages with three out of four, with Rasco, Hickey and Corley getting three hits in five times at bat. Jenkins got two for four, and West, Gibson and Osborn each collected one bingle each.

Manager Claude Hickey announced that a strong Panhandle team would be here next Tuesday night.

Admission prices for the games here are the same as on opening night: 50 cents for adults, 25 for school students over 12, and no admission for kids under 12.

'Dusters' on Radio At 7 A. M. Saturday

"The Texas Dusters" have announced that they are now on the air over station KOLJ, Quanah, each Saturday morning from 7 to 7:15.

Five Memphis youngsters are in the band that was originally heard 15 minutes earlier each Saturday before the program schedule was changed.

Those from here in the band are: Jackie Cain, guitarist and m.c.; James Diamond, lead guitarist and mandolin player; Troy Moore, lead vocalist and guitarist; Roy Johnson, steel guitar; and Elton Murdock, accordion.

TWO BRIDGES MAKE HIGHWAY COST HEAVY

A four-mile stretch of Highway 70 in the western edge of Hall County is costing about \$100,000.00 per mile, according to figures released recently by the division highway engineer, W. O. Hamm.

County Judge M. O. Goodpasture quoted Hamm as saying that cost of the two bridges and the three-odd miles in between would be approximately \$400,000.00. Of this total, the Federal government is paying some \$220,000.00. Highway 70 is a state route. Federal money is sometimes available to the states in constructing highways through remote regions.

Judge Goodpasture said that all pilings have been driven on the bridge over Prairie Dog Town Fork of the Red River, and workmen are beginning construction of the reinforced concrete floor. Plans are for the bridge to be completed sometime in September. The other bridge, which spans Mulberry Creek, was completed about three years ago.

Petitions In Circulation Asking \$100,000 Bond Election for Memphis

Paving and Swimming Pool Proposals To Be Presented to City Council July 1

Petitions asking the City Council to call an election for the purpose of voting bonds totaling \$100,000.00 for a street paving program and a swimming pool are being circulated in Memphis this week.

The petition stipulates that \$50,000.00 is to be used to construct a swimming pool, and that the other half be used to pay one third of the cost of paving approximately 60 city blocks. Property owners on either side of the streets will pay the other two-thirds of paving costs, according to the petition.

Campbell Rites Slated for 4 P. M. Here Tomorrow

Funeral services for James Thomas Campbell will be held at 4 p.m. tomorrow at the First Baptist Church. Mr. Campbell, 73, died last night about 9:30 in a local hospital.

The Rev. L. J. Crawford of Shamrock will conduct the services. Murphy-Spicer will be in charge of arrangements. Burial will be in Fairview Cemetery.

Pall bearers are: Sam Beene, Wendell Harrison, N. W. Durham, Ira McDaniel, E. M. Murphy, and Roy Coleman.

Mr. Campbell was a member of the Liberty Baptist Church. He was an Ordained Baptist Preacher.

Survivors include his wife, Mrs. (Continued on page 8)

Arnold Services To Be Conducted Here Tomorrow

R. E. "Shorty" Arnold, 53, died suddenly yesterday about 7:30 at his home. His funeral will be held at 2 p.m. tomorrow at the First Christian Church. Minister Bedford Smith will officiate. Burial will be in Fairview Cemetery.

Pall bearers will be C. J. Messer, Garland Moore, Leonard Wilson, Orville Goodpasture, Henry Foster and William Moss.

Mr. Arnold had lived in Memphis 24 years. His home is at 315 North 16th.

He is survived by his wife, Mrs. Fionnie Arnold; a daughter, Mrs. T. E. Brown of Amarillo, Texas; four sons, Larry Don Arnold and Ramon Arnold, both of Memphis; four brothers, Garland Arnold, Muskogee, Okla., G. B. Arnold, Waxahachie, Texas, Edna, S. O. Arnold, Drumright, Okla.; four sisters, Mrs. Lillie Gee, Waxahachie, Mrs. Luther Bell, Drumright, Mrs. Fred Kehi, Yuma, Ariz., Mrs. Lee Bohanan, Drumright; and two grandchildren.

Mr. Arnold was born Sept. 21, 1898 in Ellis County, Texas. He was married to Miss Fionnie Dockery Sept. 1923, at Red Oak, Tex. The family moved to Hall County in 1928.

The documents of voter's signatures will be presented to the City Council at its next regular meeting Tuesday, July 1. If the council decides in favor of an election, the voting will be held sometime after the middle of July.

A city ordinance states that notices of such elections must be posted 14 days before the election can be held.

Decision to ask for a bond election for civic improvements came after a meeting of heads of various civic and social clubs. The meeting was sponsored by the Chamber of Commerce which has made a study of civic needs. At the meeting it was proposed to include a community center in the improvements program.

A committee appointed by J. W. Coppedge, president of the Chamber of Commerce, decided to refer the community building project to women's clubs and other civic groups for further study. After probing public sentiment, members of the committee decided to go ahead with original plans for the pool and paving projects.

Members of the citizens group are: A. E. "Pete" Smith, chairman; Rufus Grisham; J. Claude Wells; Mrs. R. S. Greene; and Mrs. A. Anisman.

Petitions are being sent out to the presidents of the various local organizations to be circulated before July 1.

A similar bond election carried by an overwhelming majority at Clarendon last week. Paving, water and sewer improvements will be paid for with the \$100,000.00 voted by the citizens of Clarendon.

Local FFA Boys To Attend Annual State Convention

Rayford Hutcherson, Duane Miller and the new agriculture teacher, Hershel Potts, will attend the 24th annual Texas FFA convention scheduled to be held in Dallas July 16-18.

At the convention, Hutcherson and Miller will be awarded the Lone Star Farmer Degree and the Golden Charm of the State Farmer.

The meetings will be presided over by Franklin Burt, FFA member from LaGrange and state president. More than 5,000 Future Farmer boys and their teachers of vocational agriculture.

JACKY GILBERT RECEIVES 4-YEAR SCHOLARSHIP WITH COWBOY BAND

Jacky Gilbert, former drum major for the Memphis High Golden Cyclone Band, has received a four-year scholarship at Hardin Simmons University where he will be groomed to take over the coveted drum major's duties with the famed Cowboy Band.

Gilbert graduated here last month. In his first year at Hardin Simmons he will play the cornet with the band. It is the policy at the school for all drum majors to spend the freshman year "in the ranks." He will be drum major or there during his last three collegiate years. Two girls complete the twirling trio.

Also in the nationally-known band are two other Memphians. They are Charles "Chubby" Culkin and Herby Shahan. Both play cornets.

Gilbert will attend the 13th an-

If present plans materialize, the band may tour Europe in a year or so. If so, Gilbert may have the opportunity to perform before the new Queen of England. The Cowboy Band played a command performance for the English royal family on its last trip to Europe.

At any rate the three band members from Memphis are likely to see a lot of geography before they finish their stint with the organization. The band travels widely over the United States, and is probably one of the most famous organizations of its kind in this country.

SANITARY GRAIN STORAGE
The Texas warehouseman is no longer a mere holder of goods

left in his care for storage. He must also be a "good housekeeper."

A state-wide program of grain storage inspections being initiated by the Federal Food & Drug Administration is designed to promote good housekeeping habits in grain storage warehouses and elevators. Its major goal is to assure purchasers of grain and grain products that they are getting "clean" commodities—relatively free of insect and rodent damage. Farmers, too, could benefit through a program that may protect them from losses incurred by depreciation in value of grain stored in unsanitary facilities.

The program of the Food & Drug Administration is divided into two "phases," the first of which will be in effect during this year's crop season. This "phase" is a strict inspection of all grain storage plants and commodities held therein. Later, the F&D will initiate "Phase Two"—the inspection of carloads of grain at terminals.

Inspectors will be armed with check sheets which list sanitary regulations the warehouseman must meet if he is to continue handling farmers' grain. Federal officials indicate that if they find obviously filthy conditions in an

elevator, or if the grain is badly contaminated, they will take immediate action. "Action," in this case, means they can ask the federal court to issue an order preventing shipment of grain from the warehouse into interstate commerce, or they can ask the court to seize the grain in interstate commerce is involved.

A "rule of thumb" test for badly contaminated grain as interpreted by the F&D, can be made by the farmer or warehouseman, himself. Wheat, for example, may be classified as unfit for flour if it contains three or more weevil exit holes per quarter pint of grain, or one or more mouse pellets per pint.

But the warehouseman cannot bear the sanitary burden alone. The farmer must take steps to protect his grain from infestation and contamination before storing it in a public grain warehouse or elevator. In some cases, the warehouseman may be forced to reject farm-stored grain that it obviously is in bad condition.

Federal authorities maintain that no undue hardships will be imposed on farmers and warehousemen in the program. A series of articles has been made available to warehousemen with suggestions as to means of maintaining sanitary conditions.

If the farmer is in doubt as to how he can comply with sanitary procedures, he should consult his warehouseman or elevator operator.

FROM HALL COUNTY ATTEND LY SUCCESSFUL 4-H ROUND UP

Rural youth recently from Guadalupe County is eligible to participate in the national contest also to be held in Chicago. Brazos County was second and Runnels County third in this contest.

McLennan County furnished the state winning dairy cattle judging team. This team will represent Texas 4-H clubs at the National Dairy Cattle Congress Waterloo, Iowa. Brazos County was second and Bexar County third.

Featured speaker for the round-up was Chaplain George C. Baker, Jr., Southern Methodist University. He told the group, "Real satisfaction in life is found by unselfish devotion to the things that matter most and tomorrow's honors will come to those who make sound plans in youth, choose wisely, are patient and thorough and have courage and unselfish devotion."

Co-chairman Jack Harris, Hale County and Wanda Kachtik, Cameron County, of the 4-H Council presided over the general sessions

LAFF OF THE WEEK

"Will you please scratch my back, dear?"

and all Council members took a very active part in the proceedings. Council co-chairmen for next year will be Dorothy Folytn, Lamb County and Delbert Taylor, Tarrant County.

Sears-Roebuck Foundation was host for the State Recognition Banquet on Tuesday night. Chancellor Gibb Gilchrist of the A. & M. System, President M. T. Harrington, Texas A. & M. and Extension Director G. G. Gibson spoke briefly to the group.

Wednesday morning early, buses and automobiles streamed from the A. & M. campus, homeward bound. Another roundup, of the 4-H kind, was rapidly becoming history but friends made and experience gained will last for a life-time.

Marine Sgt. Jerry Baker, recently returned from Korea where he spent nine months, is visiting this week in the home of Mr. and Mrs. J. S. Forkner, Jr. He is Mrs. Forkner's cousin, and his home is in Amarillo. He is on a 30-day leave after spending two years overseas including the Korean

Recipients of Social Security Pay Increased by 1950 Act Amendments

Monthly checks, in the form of Federal Old Age and Survivors Insurance payments, amounting to almost \$130,000 are mailed to 4,250 residents in the Amarillo Social Security field office area. This area includes the 26 Panhandle Counties.

More than one-half of the persons receiving payments are retired wage earners and their wives. The remaining checks are to survivors of deceased wage earners.

The marked increase in the number of persons receiving these checks, and in the amount of the payments, is largely due to the passage of the 1950 amendments to the Social Security Act. J. R. Sanderson, Manager of the Amarillo Office, points out that legislation increased the amount of the individual checks and lowered the eligibility requirements for entitlement to payments. Retired workers who are 65 years of age and have worked as much as a year and one-half in employment covered by the Social Security Act should contact the Amarillo Office if they are not already receiving Social Security checks, Sanderson said.

Mrs. Joe E. Arnold's parents, Mr. and Mrs. O. W. Strine, of Frederick, Maryland, and an aunt, Nell Strine, were also visitors in the Arnold home.

FRESH FEEDS

Two Fires Damage Grocery and Cafe

Two fires today at the building occupied by the Star Grocery and Dot and Dash Inn resulted in considerable damage to the interiors of both establishments.

Both trucks answered the first fire alarm at 2 a.m., and succeeded in extinguishing the blaze which is said to have started in the cafe side.

Fire broke out in the building again at 8:10 this morning, and caused further damage before it was brought under control. The interior of the cafe was burned out, and heavy damage was caused in the grocery.

Origin of the fires had not been determined this morning.

The fire department was called out about ten last night to extinguish a trash fire at 1615 Mont-

P. C. A. Personnel From 9 County Area Meet Here

Personnel of the Memphis Production Credit Association attended a meeting at the central office in Memphis on Thursday, June 17th. Credit men and stenographers from over the entire nine county territory served by the Association were on hand for the purpose of discussing credit and general business procedures. Several of those present were:

Fire which broke out during the electrical storm Saturday in the attic of the garage owned by Mrs. R. Ernest Clark caused damage to the wires, switch and meter in the attic. The fire was said to have resulted from lightning striking the meter.

new employees who have recently been added to the staff to facilitate quicker handling of loans and take care of an increased volume of business. This move became necessary due to the fact that the association is furnishing more operating money for the farmers of this territory this year than ever before.

Attending this meeting were: James Van Pelt, secretary-treasurer, Harmon Elliot and Willie Isham, ass't. secretary-treasurer, Pauline Knight, clerk, and Oleta Osborn, stenographer, all of the central office. Field representatives and stenographers attending were: Loyd Mayes and Kathleen Spencer, Paducah; John Green and Laverna Rattan, Matador; Cole Boswell and Loetta Ferguson, Turkey; Zook Thomas and Anna Warren, Wellington; and Ray McClintock, Qunah.

Crops Damaged By Hail, Winds

Strong hot winds, drifting sand and hail have caused damage to cotton in some parts of the county during the past week.

Most of the hail damage reported was west of here in and around Plasko and north in the vicinity of Hedley and Lela Lake. Some farmers were reported hauled out, and are planting over.

Torrid temperatures and strong winds have wilted young cotton in some localities over the county. Some farmers face losing their crops if weather conditions remain the same. With the wheat harvest

almost completely finished, farmers in this region are hoping for life-saving rains and a respite from the windy weather. Drifting sand was reported ruining crops in some localities.

PMA officer, Lynn L. McKown said that crops over the county "as a whole are holding up remarkably well." He said that in only some localities was the damage serious.

Rain for the week in Memphis

amounted to .22 inches according to Official Recorder J. J. McKinn. The moisture accompanied the hail and electrical storm late Saturday afternoon. Turkey got a good rain last night.

Maximum temperature for the week was 106 recorded yesterday. The mercury reached 105 last Thursday, and has climbed over the 100 mark every day for the past week.

Two-Year-Old Glenn Wheeler 'Loses' Parents After Sunday Picnic in Park

Usually a baby gets lost from its parents, but Sunday the reverse was true here when parents got lost from their child.

It all started at a picnic at the City Park Sunday. Mr. and Mrs. O. G. "Buzz" Wheeler and their two children were enjoying a picnic with other relatives and their host of children. After the meal, the families got into three cars to come back home, and in their hurry to get "packed up," they overlooked little Glenn, the Wheelers' son.

Soon after they left the park, another group of picnickers, Mrs. Clinton Culp and Mr. and Mrs. F. D. Saon, drove up and discovered Glenn all by himself. He didn't seem worried about the disappearance of his family and playmates; in fact, he was enjoying himself at play, according to Mrs. Culp. Efforts to learn his identity were in vain, because, although Glenn can talk, he won't say a word to strangers.

So his discoverers brought him to the police station where he resumed his calm playing, but still

refused to talk. In the meantime he had become attached to Mrs. Culp, so Chief of Police T. Weatherby told her to take the child on home with her. He said that the child's parents would be running to the police as soon as they discovered their baby was missing. Within about half an hour, Chief's prediction came true when the Wheelers showed up. Their frantic search for Glenn. They hadn't missed until about 30 minutes after turning from the park.

OIL MEN RANK FIRST AS INDUSTRIAL PLANE USERS

Oil men get more use out of their airplanes than private pilots in any other industrial group. According to figures released in 1945, the average airplane pilot by men in the petroleum industry was flown 178 hours. They were aircraft owners in other industries, with average usage of 164 hours. The average for all industrial group was 164 hours per year.

Teenagers Honor Friends At Farewell Picnic and Party

Three teenagers, Ronnie Mac Smith, Jonna Sue Smith and Barbara Edmondson, who are leaving Memphis with their families soon to establish residence elsewhere, were honored with a swimming party and picnic Friday Evening, June 13.

A large group of high school friends assembled at the swimming pool for this farewell affair and later the group went to the City Park for a picnic. The honorees were presented with gifts from their friends. Ronnie Mac and Jonna Sue Smith are moving with their parents to Monte Vista, Colo., while Barbara Edmondson is moving to Childress.

Picnic Honors Mrs. Edmondson

Friday evening, June 20, a group of intimate friends entertained with a farewell picnic honoring Mrs. H. W. Edmondson, who is leaving soon for Childress to make her home.

Enjoying this affair were the honoree, Mrs. Edmondson and son Wayne, Mmes. Claud Hickey, Louis Saied, Jean Lamb, Loyd Ward, Floyd Liner, E. A. Young, D. A. Neeley and Don Wright.

Locals and Personals

Mrs. Aline Ritter of Groom visited Saturday in the home of Mrs. Myrtle Hammons.

Doris Arnold of Lakeview was a week end visitor with her uncle and aunt, Mr. and Mrs. W. T. Holt, and cousin, Aleene Holt, of Oklahoma City. While in the city she attended a Methodist Young People's Association meeting. She was also a visitor in the home of her brother, S-Sgt. Joe Arnold, and wife at Stillwater, Okla. Arnold is attending A. & M. College.

ARNOLDS VISIT IN OKLA.

Mr. and Mrs. J. W. Arnold and children of Lesley, visited during the week end with their son, S-Sgt. Joe E. Arnold and his wife at Stillwater, Okla. Arnold is attending A. & M. College.

On the trip, Mr. and Mrs. Arnold and children visited Mrs. Arnold's brother and family, Mr. and Mrs. Walter T. Holt of Oklahoma City, and Mrs. Ellen Holt of Bethany, Okla.

Lucinda Jane Myers, Mrs. R. J. Cooley, Mrs. G. D. Hall, Mrs. Mark Lampkin and daughter, Mrs. Loyd Vines; Mat Ward, Carrie Belle Lee and Mrs. Ona Smith.

SPORTS AFIELD

By Ted Kesting

Two things about casting lines are axiomatic: 1) The lighter the line, the better it will cast. 2) The lighter the lure, the lighter the line should be.

Many casters still use lines much too heavy to get the enjoyment they should out of fishing. The introduction of spinning is helping solve this. In fresh-water spinning a line over eight pounds won't work and it is dawning on many casting rod users that a light line will not only permit better casting, but will land surprisingly big fish.

Jason Lucas says that in reasonably weed and snag-free water for any fish up to the size of large bass and pike, he nearly always uses a five-pound line. Where bass and pike run large, he will use a 10 pound, sometimes a 15-pound line. The spots are rare where bass grow so large that a 10-pound line won't land them. If—and remember this if—the user keeps cutting off the worn front of his line, next to the plug, before it gets weaker than the rest of the line.

However, in bass fishing and such, for the beginner or the man who doesn't get much practice,

SMILES AT PAIN . . . Doctors are grafting flesh from abdomen to hands of Eileen Dewar, Chicago, to supply her with the fingers she was born without. Hands must be bandaged against stomach until graft develops own blood supply.

Lucas recommends a 12-pound line.

There are two general types of lines: the hard-braid water-proof which is very common, and the soft-braid non water-proof used by some advanced anglers. The soft will cast much better with fewer backlashes, but it will not wear as well. In heavier tests, the soft-braid becomes too bulky. The

VET PROBLEMS AND ANSWERS

Q—I obtained a GI business loan, which is to be repaid in five years. I find that the monthly payments are too high for me to meet. Is it possible to extend the maturity of the loan, and thus reduce monthly payments?

A—Yes, provided both you and your lender agree to extend it, and the extension provides that the loan will be completely repaid within 10 years—the maximum period allowed, under the law, for GI business loans.

Q—I am a World War II veteran, finishing high school under the GI Bill. Since I have some entitlement left, would I be permitted to go on with a course in a vocational school?

A—Yes. VA considers your high school training as an educational background that will enable you successfully to pursue your vocational training. Your vocational course, therefore, would be a normal progression from your high school course—allowable under the GI Bill.

Q—I am the widow of a World War I Veteran, and my application for a pension was turned down by VA because my income was higher than the maximum allowed by law. I understand there's a new law, raising the amount of income I'm allowed to have, and still qualify. What can I do to get a pension, under this new law?

A—You will have to file a new claim for consideration of your case, on or after July 1, 1952—the date the new provision becomes effective. There will be no automatic review of rejected claims.

Mrs. O. B. Smith and children left this week for Monte Vista, Colo., where they plan to make their home. Mr. Smith will join them later.

Mrs. Ida Hutcherson and son, Rayford, went to Dallas Wednesday for Rayford to have plastic surgery at Baylor Hospital.

dividing line is a matter of taste. Personally, I prefer a soft-braid up to 7½ pounds test; hard-braid from that on up.

Your tackle salesman will probably look blank when you ask for soft-braid, untreated casting line and tell you no such thing is made. But ask for spinning line of that type and you will get what you want.

As for choosing between silk or nylon, silk casts a shade better but it won't wear as long. And a silk line must be removed and thoroughly dried after each day's fishing or it deteriorates. Nylon need never be removed and dried. But you must watch that it doesn't wear out the rod guides because rough guides will ruin it.

DEADLINE NEAR FOR FILING SMITH-DOXEY APPLICATION

DEADLINE STATION—The deadline for filing Smith-Doxey applications from all Texas counties lay- ing entirely or for the most part of the 100th meridian and July 15 for the counties west of the 100th meridian. Deadline for the earlier counties is August 1 and August 15 for the later counties. Hall County is west of the meridian.

Application blanks are available from the agency's fieldmen and the local agent's office. These blanks when completed may be mailed to the cotton classing offices in Abilene, Austin, Corpus Christi, Dallas, Galveston, Houston, Lubbock or the Dallas branch office, says McCollum.

County agricultural agents have rendered valuable assistance in organizing the participating groups in the counties. Fred C. Elliott cotton work specialist and E. H. Bush, cotton gin specialists, both of the Texas Agricultural Extension Service, Work actively with

LAFF OF THE WEEK

"Don't worry about the kids... I told 'em you were in the nut house."

all cooperating groups on the state level.

McCollum and the two special- ists urge all groups, expecting to participate in the program this fall, to complete their application blanks and mail them at once. They say with cotton prices down from last year, farmers will want to use every marketing device they can in order to get the best possible price for their cotton.

Farmers or groups needing as- sistance should contact one of the classing offices or the office of the local county agent.

PLASKA

Mrs. Doyle Hall carried her parents, Mr. and Mrs. A. L. Craw- ford to Mansfield to attend the funeral services of Mrs. Annie Farr. Mrs. Farr was a sister-in- law of Mrs. Crawford.

Mr. and Mrs. Gene Koeninger attended the wedding of a friend in Amarillo Monday night.

Mr. and Mrs. Jack Wolf attend- ed the funeral of Albert Gerlach

in Memphis Monday afternoon. Mr. Gerlach was an uncle of Mrs. Wolf.

Those visiting Mr. and Mrs. Luther Nabers Sunday were Mr. and Mrs. K. D. Nabers and son, Mike, Mrs. Emma Lee Nabers and children, Winnie, Kathrena, Sher- ley, Patsy and Mickey Wayne all of Lakeview.

Mr. and Mrs. John Molloy and Mr. and Mrs. A. W. Molloy and boys went to Memphis park for lunch Sunday. They were joined there by Mr. and Mrs. John Mol- loy of Childress, Mr. and Mrs. F. Q. Ward and girls of Borger, Mr. and Mrs. Burl Low and girls, Peggie and Bettie of Amarillo and Mr. and Mrs. Carl Kulp and children of Memphis.

Mr. and Mrs. W. C. Hightnight and son Shelby and Tommie Allen visited over the week end with Mr. Hightnight's father and sisters at Paris.

Mrs. Pauline Williams of Lake- view and Mrs. K. D. Nabers, Jr., and son Mike are visiting in Bor- ger this week with her son and wife, Mr. and Mrs. Williams. Mrs. Sallie Williams underwent surgery this week at a Borger hospital.

Increase in Undulant Fever May Be Expected at This Time of The Year

AUSTIN—This is the season when an increase of undulant fever may be expected, according to Dr. Geo. W. Cox, State Health Officer.

An undulant fever patient suf- fers from chilly sensations, or severe shaking chills, sweats, and high fever. The patient loses weight and becomes weak. If the illness is of mild type, the patient may find it hard to remain in bed, but if he tries to keep on with his work he finds he has not suf- ficient energy.

Symptoms often continue for a number of weeks before recovery occurs. Fortunately undulant fever has a low death rate. Body tem- perature may reach a higher mark each day than the day before for some time, and then gradually re- turn to normal over a period of several days. Fever may be absent for some days and come back in the same way as before, register- ing higher each day and then grad- ually going lower. The patient's temperature chart will resemble smooth waves of undulations. The appearance of the temperature curve in typical cases has given this disease the name of undulant fever.

Undulant fever is one of the infectious diseases known to be transmitted from animals to hu- man being. In hogs and cows, the germ produces a great economic loss because it causes contagious abortion. When this same germ in- vades the human body, the result- ing disease is undulant fever. Pre- vention is dependent upon (1) eradication of the disease in farm animals, (2) careful pasteurization of dairy products, and (3) avoid- ance, in so far as possible, of direct contact with infected an- imals.

Last year almost 109,000 Texas cotton producers participated in the Smith-Doxey Cotton Classing program. It's time now to get in the group application for the ser- vice this fall.

The annual Poultry Breeder's School will be held at Texas A. & M. College from June 30

Mrs. Lavern Heath and baby Karen of Texas City spent the week with her parents, Mr. and Mrs. M. N. Orr. Mr. and Mrs. Orr will return home with her Friday and Mr. Orr will go to Houston for a medical check-up

The tempo of agricultural ac- tivities is picking up speed, and the Farm and Ranch Safety Com- mittee in each Texas county is urging that safety precautions be stepped up to keep pace with these activities.

WHEN YOU TRY POWER STEERING... HERE'S WHERE TO COME FIRST!

You've heard about it and read about it. Now, if you haven't felt what Power Steering does for you, we invite you to try it first in a Chrysler New Yorker... where you will find full-time (not partial) Power Steering!

What happens is this...

You handle the steering wheel in normal fashion. But 4/5 of all the work is done for you by hydraulic power, constantly at your command. Also, you turn the wheel 1/3 less distance now for every maneuver... the feeling you get of utter control is as wonderful as it is new.

Even at a standstill you can turn the wheel easily. Now, parking is shorn of its troubles (and fatigue!)... and you can negotiate traffic, awkward drives, and garage doors precisely and with ease.

You can double the longest day's drive you've

ever known... end up free from arm and shoulder strain. Rough roads, soft shoulders, snow, mud?... the power that helps you steer now prevents the car's wheels from "steering back" at you. The course you set is held, at any speed, till you want it changed. Yet, with this 5-times greater control, "wheel feel" is always the same.

Why not come try it? Learn for yourself why growing thousands of motorists say they'll never be without Full-time Power Steering from now on. Drive a Chrysler... and Learn the Difference!

McDaniel Implement Company -- Memphis, Texas

Last Rites Held In Oklahoma for Charles R. Dyer

Funeral services for Charles Richard Dyer, 59, father of Mrs. J. T. Stone of Memphis were held at 2 p.m. Saturday at the Rushsprings, Okla., Church of Christ.

Mr. Dyer, who died June 18 in a Chichasha, Okla., hospital after a long illness, lived here for one year about two years ago. He worked in a local bakery. Mr. Dyer was a retired farmer.

Min. E. T. Russell of Chichasha officiated at the services. He was assisted by Min Ray Miller. Burial was at Rushsprings.

Mr. Dyer was born Oct. 12, 1882, at Denton. He was married Jan. 28, 1904, at Sunset, Montague County, Texas, to Miss Rhoda Anna Smith. They lived at Lone Wolf, Okla., for about 20 years, and had resided at Rushsprings for the past 21 years.

Survivors include: his wife, Mrs. Rhoda Anna Dyer; eight sons, C. D. Dyer, A. F. Dyer, all of Waterford, Calif., L. A. Dyer and F. T. Dyer of Portersville, Calif., C. W. Dyer of Big Spring, F. E. Dyer and B. B. Dyer of Pampa; five daughters, Mrs. J. T. Stone of Memphis, Mrs. J. E. Ledbetter of Borger, Mrs. A. F. Carter, Mrs. W. D. Hughes of Rushsprings, and Mrs. A. B. Horton of Kress, Tex.; one brother, R. B. Dyer of King, Tex.; 32 grandchildren; and three great-grandchildren.

Cardinals Edge Rebels in First Softball Game

The Cardinals squeezed past the Rebels, 12 to 10, in an extra-inning Senior League softball game last Thursday night at the City Park. The tilt was the season's opener at the park.

A 10-10 tie that lasted through four extra innings was broken in the 11th when the Cards pushed over two runs on a double by Doyle Collins and a homer by John Foster.

Scoring for the losing Rebels were: Billy Combs, 3; Lloyd West, 2; Wayne Tiner, 2; Duane Miller, 1; Billy Roden, 1; Buzzy Patrick, 1.

Cardinals making runs were: John Foster, 3; Doyle Collins, 3; Rayford Hutcherson, 2; David Corley, 2; Larry Gillespie, 1; and Donald Moore, 1.

Doyle Collins was the winning pitcher and Lloyd West was the loser.

Next Senior League contest will be tomorrow night at 9 p.m. when the Cardinals take on the Renegades. The first game that night will be between the Wildcats and the Red Devils of the Junior League, and will start at 8 p.m.

Ted Myers, city recreational director and Scoutmaster for Troop 35, announced that the scheduled performance by Ida Red and Her Kentuckians has been canceled because of hot weather. The

(Continued from Page One)

that has a tendency to blow, and the hot sand keeps creeping further and further over on to young crops and destroying them, and it is getting too late to plant again. This coupled with the hail damage of last Saturday, makes the loss to farmers considerable.

I wonder why the Highway Department deadened trees along the east side of the highway leading northwest of town? These were beautiful trees and added considerable attractiveness to the approach to our city. Instead of being attractive, the lack of trees will detract favorable attention.

My very few readers want to know why I have not been writing the past few weeks. Here is the excuse in a nutshell. First, I attended the Democratic convention in San Antonio and did not get back in time to write that week. Then, a face-lifting (and purse depleting) job was started on The Democrat building. The whole front office equipment and supplies had to be moved back to give room for the workers, and the writers and other Democrat hands had to seek space for the necessary work of getting out the paper while the face-lifting was being done. And, I had to straw boss the work. I needed a sign to put up: "Slow, men at work." All these difficulties kept me from writing.

Thank goodness, most of the work has been done and we are gradually getting things back in shape to work a little. I think the building and office have been improved in looks several hundred per cent, and now we are not embarrassed when we have visitors. So, come in and help us admire our handiwork.

Some months ago, Tomie M. Potts made the Chevrolet place of business an attractive spot, and I guess he spent a pretty penny doing so. I threatened to sue him for starting something that would cause some more of us to spend money. After he explained that he wouldn't have anything left (after spending it all on the building) to pay judgment if I succeeded in winning the case, I gave up the idea. Next to Potts' building is one owned by Claude Perrel who had to follow suit. He face-lifted his building and it looked so good, I had to fall in line or else. So the else meant a lot of worry and inconvenience. J. E. Roper plans to fall in line, and that will likely cause others on our block to do some face-lifting too.

Due to dry weather, a lot of Texas towns and cities have a shortage of water and citizens are faced with letting lawns and flowers suffer. So far, (knock on wood), Memphis hasn't been cut off. In past years, when dry spells came, Memphis citizens had to quit watering due to additional wells being put down, no water shortage has been noticed, and that is something to brag about.

This yard-watering business, while plenty of water is available is one continual round of dragging the hose from one spot to another and by the time one gets around he has to start all over again, and the heat just won't let things grow. Besides the water company doesn't give water away.

Never mind—July 4th is coming. That's when people say it always rains. And how many 4ths have we seen when it didn't rain?

musical program was set for tonight in the high school auditorium.

Lt. Jim Deaver Receives Wings In Air Force

Lt. Jim Deaver received his wings as an Air Force pilot in ceremonies Saturday at Vance Air Force Base, Enid, Okla. Lt. Deaver went through the aviation program as a student officer, having received his commission last year. He was in a class with 71 other student officers, ranging in rank all the way from Lt. Col. to 2nd Lt.

Family Present
Present at the ceremonies from here were Lt. Deaver's parents, Mr. and Mrs. Temple Deaver; his brothers, Temple, Jr., Don and John; and Mrs. H. J. Gore.

Lt. Deaver received his basic flight training at Goodfellow Air Force Base, San Angelo. His advanced training was at the Enid base where he flew twin-engine B-25's. In basic he learned to fly in T-6's, a single engine plane that was used during World War II to train advanced fighter pilots. The B-25 is rated as a medium bomber then—the same rating that is now given giant B-29's.

Deaver entered the Air Force for the second time last April. In World War II, he was a non-commissioned aerial engineer. After his discharge he took a B. A. degree in math from the University of Texas. At Texas he was an ROTC trainee.

Report to Randolph
He is leaving here July 7 to report to Randolph Field, San Antonio where he will be assigned to a crew for crew training. Later he will be assigned to the Strategic Air Command, the Air Force branch that specializes in long-range heavy bombardment.

British Visitors—
(Continued from Page One)

desolate. Probably the one thing that has made the most lasting impression with her is the friendliness of the people in this country. In England, people are more reserved and would never think of speaking to anyone on the street except close friends.

Although Great Britain has become the "Land of Austerity," things are not really as bad as some Americans imagine, she said. No one is going hungry there although rationing is still in effect on some items of foodstuff.

Asked about the political situation in Great Britain, Mrs. Kelly replied that the Tory Party is in a very difficult position now

GLOSSON FAMILY HOLDING ANNUAL FAMILY REUNION

All members of the W. L. "Pop" Glosson family are home for their annual reunion.

One of the sons travelled all the way from California, while another came from Alvin, a suburb of Houston. Both are on a two weeks' vacation. Mrs. Glosson got off two weeks from her nursing job at a local hospital, and her husband was given one week off from his duties as Memphis night policeman. The third son, W. L. "Blackie" Glosson, his wife, Lee, and daughter, Eva Ann, live here. H. C. Glosson, his wife, Virginia, and daughter, Courtney Lynn, are here from King City, Calif., where he is a mechanic. He has lived in California for seven years.

Attending the reunion from Alvin are John C. Glosson, his wife, Ann, and their two children, Johnny Mack and Lynn. He is a salesman, and has lived at Alvin for the past eight years.

Funeral Services—

(Continued from page one)

Watkins. Miss Florence Eugenia Watkins was married April 2, 1911, to R. O. Shannon at McKnight. They moved to Donley County in 1907.

She is survived by her husband, R. O. Shannon; one son, Robert C. Shannon, Healdsburg, Calif.; one daughter, Mrs. Woodrow Faris, Hedley; one sister, Mrs. Oly Parsons, Wichita Falls; two brothers, Robert Watkins, Childress, and Calvin Watkins, Hedley; and six grandchildren. One son, Clyde T. Shannon, preceded her in death Aug. 18, 1951.

Mrs. Shannon was a member of the Methodist Church.

Campbell Rites—

(Continued from Page One)

J. T. Campbell; four sons, John F. Campbell of Lakeview, L. J. Campbell of San Jose, Calif., W. A. Campbell of San Jose, Calif., Lloyd Campbell of Memphis; one daughter, Mrs. Harry Allen of Denver; three brothers, R. M. Campbell, Luther Campbell and Paul Campbell, all of Town Creek, Ala.; two sisters, Mrs. Leona Lowery of Leighton, Ala., Mrs. Luellen Holder of Brawley, Calif.; 12 grandchildren; and 11 great-grandchildren.

Mr. Campbell, a retired farmer, was born July 28, 1878, in Lawrence County, Alabama. On June 29, 1899, he married Miss Ella Smith in Lawrence County. They moved to Wise County, Texas in 1913 and again to Hall County in 1921. They had been making their home in Memphis for the past four years.

Four children preceded him in death. Mr. and Mrs. Campbell would have been married 53 years next Sunday.

Kin of Memphian Dies in Houston

O. F. Washam, son-in-law of C. B. Ardery of Memphis, died suddenly at his home in Houston last Thursday following a heart attack.

He is survived by his wife, the former Cressie Ardery of Memphis.

Funeral services were held Saturday in Houston and burial was in a cemetery in that city. Neither Mr. Ardery or Mrs. Myrtle Wood, his sister-in-law, were able to attend the service from here.

Serve Simple Milk Desserts

Simple milk puddings and desserts served plain, or with fruit, are a good answer to the family dessert problem. Light, yet nourishing, they are almost a meal during all seasons of the year.

The addition of these wholesome milk puddings to menus helps to meet the family's daily milk requirement of at least 3 cups for each adult and a quart for each child. Milk puddings, soups and creamed and escapade dishes served frequently for meals, make it a simple matter to make at least a cup of the milk requirement for each person in the household alone.

PERSONALS

John L. Gordon and son, who were in the home of Mr. and Mrs. L. Gordon.

Mr. and Mrs. E. M. Wilson and son, who were in the home of Mr. and Mrs. E. M. Wilson.

Mr. and Mrs. C. C. Hodges returned home Friday after visiting for the past 10 days in Clovis, N. M. with their daughters, Mrs. Ervin Brewer and Mrs. Altus May and families and with their son, Clyde Miller and family.

Mr. and Mrs. Bert Miller returned home Friday after visiting for the past 10 days in Clovis, N. M. with their daughters, Mrs. Ervin Brewer and Mrs. Altus May and families and with their son, Clyde Miller and family.

Foster Joe Watkins of Quanah returned home Sunday after a week's visit with his grandparents, Mr. and Mrs. Seth Palmeyer.

Jeanell Morris of Ft. Worth visited over the week end with Rev. and Mrs. Burr Morris.

Ira Lawrence made a business trip to Eldorado, Okla. this past week end.

Miss Betty Goodall left Sunday night for a week visit with relatives in Waco.

Mr. and Mrs. Foy Wilks and Bobby Jack, Charles, and Janet of Taylor visited Sunday with her mother, Mrs. B. J. Eller.

Mrs. W. T. Reed of Drumright, Okla. and Mrs. J. E. Palston of Shawnee are visiting with their parents, Mr. and Mrs. J. E. Gurley.

Mr. and Mrs. Hubert Head and daughters, Carolyn and Janice of Garden Grove, Calif. visited over the week end with Mr. and Mrs. Ben Wilson, Sr. and Mr. and Mrs. Ben Wilson, Jr.

Mrs. Mrs. L. W. Stanford and Nancy returned home Tuesday from Dallas where they had been for the past week.

Society News

Stitch and Clatter Club Met Tuesday In Orcutt Home

The Stitch and Clatter Club met Tuesday afternoon, June 17, in the home of Mrs. Elam Orcutt. Mrs. Jake Morrison was in charge of a short business session at which time plans were made to visit "Boy's Ranch" sometime in the near future.

The afternoon was spent doing individual needle work. The hostess served strawberry short cake and ice cream to the following members: Mmes. Lura Marcum, Arlye Jones, Cecil Adams, Joe Eddins, S. E. Winkler, R. A. Edleman, J. E. Masterson, John Bergman, M. Butcher, Ben Raley, W. F. Holland, Tracy Jones, Jake Morrison, C. A. Rapp, S. T. Hutchins and two guests, Mrs. Jack Green of Roswell, N. M. and Mrs. E. Billingsly.

The next regular club meeting will be held in the home of Mrs. S. D. Power.

Doris Day Signed For Rexall Show

John Fowler, owner of Fowlers here in Memphis has announced that the Rexall Drug Company has signed popular singing star and motion picture actress Doris Day for the Rexall Summer Radio Show.

As one of the ten thousand Rexall Drugists of America who sponsor this show, Fowlers invite listeners in this area to tune Columbia Stations every Sunday at 6:30 p.m.

The show will continue through September 21 with Amos 'n' Andy returning to the air for Rexall the following Sunday. It was announced.

Childress Planning Old Fashioned July 4 Celebration

Childress is planning its second Annual Old Fashioned 4th of July Celebration. The day will be filled with activities to interest every member of the family.

Softball games will be played throughout the day beginning at 8 a.m. Teams from Quanah, Hollis, Wellington, Amarillo and Wichita Falls have been invited to participate.

There will be a baby contest at 10 a.m. Age groups will be from 0-2 and from 2-4 years of age. There will be four prizes, one for each boy and girl winner in his respective age group.

Also at 10 a.m. the model airplane contest and exhibit will begin. Entries must be in by this time and they will be accepted at the community house.

From 1 to 2 p.m. a pet show will be held with Steve Cowan and A. V. McFarland in charge.

At 6 p.m. there will be an all-star Kids Incorporated Baseball game.

At 7 p.m. the beauty contest will begin. All entrants must be single and between the ages of 16 and 25. The contest will be held in the Rotary Bowl and contestants will wear light cotton dresses, available at department stores and dress shops in Childress. These blanks must also be returned by Wednesday, July 2, at 5 p.m.

The Childress Jaycees will hold bicycle races at 8:30.

At 9 p.m. Smith Motor Company will present the fireworks display in the football stadium.

Following the fireworks there will be square dancing in the park out in the open. All square dancers from the surrounding area are invited to attend. The square dance will wind up the day's activities.

Plenicing in the park will be the high note and free lemonade will be provided during the supper hour by the sponsors of the celebration.

Mrs. Ida Moore of Lubbock is visiting with her son, Garland Moore and family.

Mr. and Mrs. Alvin Yarbrough and children of Lockney visited in Memphis Sunday with friends.

Robert Meredith has returned home from the University of California.

Miss Mary Alice Beck, Bride-Elect Is Feted with Shower at Lakeview

The Lakeview Home Economics Building was the scene for a lovely shower given recently to honor Miss Mary Alice Beck, bride-elect of Gene Gaston. Miss Beck was one of Lakeview's most capable first grade teachers last year and Mr. Gaston has been agriculture teacher at Lakeview for the past two years.

The wedding was an event of June 14 at the home of the bride's parents in Munday.

Hostesses for the recent courtship were Mrs. R. A. Bowerman, Mrs. Leon Robertson, Mrs. Lee Skinner, Mrs. Lee Blanks, Mrs. Ted Montgomery, Mrs. R. B. McMillen, Mrs. Jess Whittington, Mrs. W. M. Wood, Mrs. E. J. McKnight, Mrs. D. P. Osborn, Mrs. B. F. Seay and Miss Margaret McElreath, Mrs. Otto Gardnhire and Mrs. Pat Campbell.

Miss Beck assisted in opening her gifts by her mother, Mrs. Grady Beck of Munday.

Approximately 60 friends of the honoree brought gifts and many others sent gifts.

Jan and Sam Goodnight are visiting their cousins, Pat and Jo McDavitt, in Abilene this week.

Miss Hope Kelley of Pueblo, Colo., is visiting her sister and brother-in-law, Mr. and Mrs. Bob West. Also visiting the West's is a sister-in-law to Mrs. West, Mrs. Charles Ross Kelley, of Liverpool, England.

Summer Coolers for 5 or 25

Are you a one-woman "refreshment committee" who likes to bring out a big pitcher of something cool when family or friends are gathered? Or, are you a member of a bigger refreshment committee for your club or church group, or possibly having a wedding reception for 25 or more, when a refreshing drink with a distinctive flair seems to be called for? In either case, you'll welcome these ideas...

Spiced Tea-V Cooler for 5 with "Lemon-ated" Sugar

Pour 5 cups boiling water over 7 teaspoons black tea and 5 whole cloves. Cover and steep 5 minutes only. Strain tea into pitcher filled with ice in chilled orange juice. Serve in 5 tall, chilled, sugar-rimmed glasses so easily done by dipping glasses into shallow saucer of water, then into C and H granulated sugar. Garnish glass with straw sippers strung with whole maraschino cherries, chunks of pineapple, thin slices of orange, with more cherries on top to hold all in place. Pass "lemonated" sugar and mint sprigs for each to sweeten and garnish his own drink.

Lemon-ated Sugar

Simply mix 1 cup C and H granulated sugar and the grated rind of 1 or 2 lemons (according to your own taste), just before using for the most tantalizing fragrance and full flavor. Garnish serving bowl with thin curls of lemon peel and surround base with fresh sprigs of mint.

Mock Pink Champagne for 25

2 cups C and H granulated sugar
2 cups hot water
2 cups grapefruit juice
1 cup orange juice
1 quart ginger ale
¾ cup grenadine syrup

Boil sugar and water together in uncovered pan for 5 minutes. Cool. In large bowl, place chilled, strained fruit juices. Add cooled sugar water

Vota Veta Class Meets in Home of Mrs. Forkner

The Vota Vita Sunday School Class of the First Baptist Church met in the home of Mrs. Georgia Forkner Thursday, June 5, for the regular monthly meeting.

Mrs. Nancy Petty, president, called the meeting to order and Mrs. Kathryn Jones offered the opening prayer. Mrs. Doris Queener brought the Devotional by reading the 100 Psalm. Mrs. Roy Shahan, teacher, told of her trip to Cuba, and showed the class pictures of the trip.

During the business discussion plans were made for a picnic to be held at the City Park on July 3.

Refreshments of ice cream, topped with strawberries and angel food cake, were served to the following: Mmes. Roy Shahan, Mrs. June Glosson, Mrs. Mary Francis Marcum, Mrs. Pauline Kilpatrick, Mrs. Dorothy Spruill, Mrs. Helen Crisman, Mrs. Nancy Petty, Mrs. Peggy Moss, Mrs. Betty Rose, Mrs. Doris Queener, Mrs. Kathryn Jones, Mrs. Syvilla Lemons, Mrs. Bobby Petty and Mrs. Georgia Forkner.

Three visitors were also present. They were Donna Petty, Susan Marie Spruill and Peggy Fowler of Illinois.

60,000 Sandwiches For Flood Workers

Load of sandwiches bound for riverfront workers in Council Bluffs recently. Red Cross workers made 60,000 sandwiches during the crisis period. Pvt. Willard Dickerson and Mrs. B. Balaban are shown above.

KANSAS CITY, MO.—The importance of bread in time of emergency has been pointed up sharply in recent weeks, Curtiss H. Scott of Louisville, Ky., chairman of the American Bakers Association, declared here recently. Scott addressed bakers from five states—Missouri, Kansas, Oklahoma, Arkansas and Nebraska—at the Heart of America bakers convention.

When spring floods ravaged states in this area, workers toiling around the clock to build dikes were served sandwiches. More than 60,000 sandwiches were made by Red Cross workers in Council Bluffs, Iowa, alone during the peak of the flood.

Scott pointed out that when New York City drew its plans in preparation for any possible atomic bombing, the emergency ration proposed consisted of a pound of bread per person per day.

"The Bureau of Nutrition of New York City stated that bread alone would provide sufficient nutrients to guard the city's health for a week or more, while other food supplies were being accumulated," Scott said.

"Enriched white bread today is doing its full share of providing elements vital to health. The job of the baker in normal times is tremendous—supplying more than 40 million loaves of bread daily. It becomes increasingly important in emergency situations."

First Lt. and Mrs. Joseph F. Shankle, Newlyweds, Visit Here This Week

First Lt. and Mrs. Joseph F. Shankle, newlyweds, visited here this week with Lt. Shankle's grandfather, J. D. Shankle, enroute to Fort Hood where he will be attached to the First Armored Division.

The couple had just returned from a honeymoon at Schroon Lake, New York in the Adirondack Mountains. They were married on Saturday, June 7, at 4 p.m. at the Hawthorne Gospel Church, Paterson, New Jersey.

The bride, the former Dorothy Jean Hallas, is the daughter of Mr. and Mrs. Fred Hallas of Paterson, New Jersey.

The bridegroom is the son of Col. C. E. Shankle and Mrs. Joann Fay West of Tubac, Ariz., and is the grandson of J. D. Shankle of Memphis. He returned May 3 from Korea after spending 12 months with the 25th Infantry Division.

Memphians Attend Firemen's Meeting In San Antonio

Three Memphis firemen and their families attended the State Firemen's Convention June 10, 11 and 12 in San Antonio.

Those making the trip from here were Fire Chief and Mrs. Thomas Clayton and daughter, Elaine; Mr. and Mrs. Henry Stinnett; Mr. and Mrs. Frank Ritchie; and Mrs. M. C. Allen and daughter, Barbara.

While the men attended the daily session of the convention, the women and children took sight-seeing tours through historic San Antonio.

Local Rebekahs Attend Meeting At Clarendon

Ten members of the local Rebekah Lodge went to Clarendon Monday night to attend a meeting of the Rebekahs there.

Present at the meeting was the state president of the Rebekah Assembly who gave a brief talk. Refreshments were served after the meeting.

Attending from here were Sisters: Ella Johnson, Jimmie Stanford, Ella Boswell, Sallie Burks, Florence Paschall, Marguerite Smith, Verlin Webster, Betty Paschall, Etta Jones and Mrs. Frank Smith.

Bob Fowler who is enroute to Calif. is visiting with his parents, Mr. and Mrs. John Fowler, this week.

Mrs. Jean Lamb spent the week end with her daughter, Mrs. Jo Mothershead in Parnell.

Mr. and Mrs. Charles McCreary are vacationing in Carlsbad and other points in New Mexico.

Wade Patrick's Children Visit Here: Dinner Sun.

Mr. and Mrs. Wade Patrick, 710 E. Brice st., had as their guests the past week their daughter and family, Mr. and Mrs. Joe Horkman, Jr., and children of San Benito. Then over the week end their son, Ralph Patrick and family of Porties, N. M. arrived for a visit.

Sunday the Patrick home was the scene for a family dinner when Mr. and Mrs. Patrick had the pleasure of having all their children home for the day.

Enjoying this affair were Mr. and Mrs. Joe Horkman, Jr., and children, Jerry, Joe and Jeanette, Mr. and Mrs. Ralph Patrick and Earline and Gary Don, Mr. and Mrs. Shirley Patrick and son Buzzy, Mrs. Emmet Harper, Mrs. Neville Dunn and son Jimmy.

Mrs. Ethel Dutton And Archie Collins Marry in Hollis

Mrs. Ethel Dutton of Lelia Lake and Archie Collins of Amarillo and formerly of Memphis, were united in marriage at the Church of Christ in Hollis, Okla., Friday, June 20. R. W. Tittle, minister, read the single ring ceremony at 10:30 p.m.

Upon their return from a two-week trip to California, Mr. and Mrs. Collins will be at home at 2615 NE 20th, Amarillo, where Mr. Collins operates a business.

Kitchen Shower Fetes Miss Jackson

Miss Minnie Lee Jackson, bride-elect of Gerald Horrell, was feted recently with an informal party and kitchen shower. The courtesy was extended by Miss Ann Spoon and Beryl Ann Davis and was given in the home of Miss Spoon.

The honoree was presented with an array of kitchenware and refreshments of punch and cake were served by the hostesses.

The wedding will be an event of July 3 at the First Baptist Church. The bride-elect is a graduate of the Memphis High school and last year attended West Texas State College where she met the groom-to-be.

The invitation list included high school friends of the honoree and were as follows: Pat Combs, Dorothy Deaver, Eudine Gable, Betty Goodall, Norma Mitchell, Pat Adeock, Joanna Davis, Patsy Hays, Mrs. Jim Hansard, Mrs. Bill Ludecke and hostesses, Miss Spoon and Miss Davis.

SOMETHING TO THINK ABOUT

If there's anything that makes a town outstanding, it's the people who live in it. They are the town's show windows; if they are proud of their town, and help to make it grow, their civic pride will prove to strangers and outsiders that they live in a good place. If the incentive to progress with the times dies out, then the community will begin to deteriorate.

Memphis has not begun to deteriorate, although it has made no population gains in the last two or three decades. In fact, it is holding its own in these times when most cities of comparable size are losing their people to the larger metropolitan areas.

Memphis is a prosperous, stable town with its economy based on the solid rock of sound agriculture. It has no large industries, so it is not likely to grow much larger. At the same time, its economic future does not have to depend on short-lived oil booms or uncertain irrigation farming. As long as the weather holds out, and there is no reason to assume that it won't, then this community can look forward to some degree of security. And who knows but what the rain-increasers won't add to the productivity of the already fertile land—thereby insuring even more prosperity!

Memphis is a distributing point and a center for processing the raw agricultural products. Located here are five cotton gins, grain elevators, compress, cottonseed-oil mill, headquarters for regional telephone and gas facilities and a large REA co-op, six wholesale houses, two hospitals, good schools, many fine business firms, and a popular municipal park.

The people who live here seem to have faith in the city's future. More homes are going up all the time. In fact, more home construction has been underway in Memphis in the past three years than in any other city of comparable size anywhere around here.

It is nice to drive around town and look at these fine new edifices. There's one drawback. In wet weather the streets in most parts of town become driving hazards. In windy weather visibility is sometimes cut to zero as the dust off the sand and gravel streets clogs the air.

Memphis has made quite a lot of progress in the past quarter of a century. Yet, during that time no effort has been made to build streets that a community can be proud of.

In fact, there has been no (repeat no) paving of streets since 1926.

A paving program would not be impossible. The city can afford the cost. Right now the total bonded indebtedness of the city of Memphis does not exceed \$5.00 for each man, woman and child within the city limits.

The ways and means can be found to complete the job if the people want good streets. It is not for a few people to handle alone. The whole population must get behind such a program if it is to succeed.

Everyone realizes the need for better streets, and everyone must know that they can be had. It is something to think about. Think it over!

TROUBLES OF A COON HUNTER

Press Paragraphs— QUOTING OUR NEIGHBORS

Profit Motive

So you think groceries are too high and you blame it on one or all of the local grocers; so you think hardware is too high and you blame it on the local hardware merchants; so you think drugs are too high and you blame it on the local druggists; etc., etc.

So you really think that all your retail merchants are getting rich, eh? They're not.

The truth is over the last decade, net profits have accounted for only five cents of every dollar of sales. In 1951, incidentally, the average was but four cents.

Moreover, retail profits are even less than this. It is an ironical fact that the retailer has been the target of much consumer resentment. On occasion, the so-called consumer strikes, complete with picket lines and flaunting banners have been directed against the hapless retailer—happily this hasn't happened in McLean, but it has happened in larger cities. Yet store profits for the first nine months of 1951 amounted to less than two cents out of the sales dollar. Food chains have frequently reported profits of only a trifle more than a cent on the sales

dollar. This points up to the fact that profits definitely have not been a cause of inflation. In truth, many businesses, including retailing, have been victims of inflation just as have been the consumers. Prices have gone up, yes, by comparison with pre-war levels—but such inescapable expenses as labor, materials, taxes, and so on have often gone up proportionately more. And the dollar retailer does earn as profit buys him much less than it used to—just like everyone else's dollars.

The profit motive keeps this country going. It makes for abundance and high living standards. It costs us mighty little, when measured by the vast benefits it creates.

—The McLean News

New Way To Vote

Some quite interesting news of changes in the mechanics of the Texas election law are beginning to come to light as the county committee of the Democratic party makes ready for the July 26 primary. One of these is an alternate way in which you can vote a ticket. For ever since the memory of man runneth not to the contrary the Texas law has been that you scratch out all the names on a ticket except those for whom you wish to vote. You can still do that and it will be legal. But it is confusing to youngsters and people coming from other states, especially from toward the north, who, through school work or other area voting habits have become accustomed to making a check mark in a box alongside the name. Well, that is going to be legal this year and the ballot will have a note of instruction at the top that will tell you you can do either one you want to do, and it will be legal. Some ballots have been thrown out in recent years—not a lot of them but some—because they had the check marks. What the election law makers hope to do, of course, is to give every citizen a chance to indicate his will at the polls.

—The Floyd County Hesperian

Turkeys

In 1934 Mrs. R. L. Duke attended the World Exposition in Chicago, and one day she noticed a pen of turkeys. She commented to the man in charge that they

WE DELIVER VOL-SCOR

were't as sleek as they might be, and that they probably needed grasshoppers to eat. She said the man agreed. But he said he hadn't been able to get hoppers for his turkeys. And science, back in 1934 at least, hadn't developed so far as that turkey raiser knew any feed that would do exactly what hoppers would do so far as sleeking up turkeys was concerned.

Mrs. Duke, a Panhandle pioneer, said when she used to raise turkeys they wouldn't, in grasshopper season, eat anything but the hoppers. She said she once knew a New Mexico farm woman who devised a trap for hoppers, sacked them after they were dead and stored them in a dugout for feeding her chickens during the winter.

The woman said the hopper diet for her chickens in the winter time improved egg production. Later, Mrs. Duke added, she heard a cooking school instructor confirm what the farm woman had found out by experimenting with the hoppers as food. The school instructor said a diet of hoppers is important in forming the whites of eggs. She laughingly added that you might say hoppers are indirectly responsible for angel food cakes.

Jan. 13, 1921

RECORDS SHOW NO SIGN OF RACE SUICIDE IN HALL COUNTY. Statistics Show Nearly 3 Times More Births Than Deaths In County Last Year—That there need be no fear of race suicide in Hall County for the present, or even in the immediate future, is made quite apparent by consulting vital statistics for 1920, as disclosed by the records required by law to be kept in the office of the county clerk.

The deaths are exceeded by the births by nearly three to one, and the marriages exceed the births by a considerable number, while the number of divorces is inconsequential compared to the number of newly-weds.

Another matter for congratulation is the fact that practically all of the home-grown population is purely white, not a black sheep, or rather a lamb, in the flock, and only two that were slightly off color.

I got Conoco's NEW 1-2-3
"50,000 Miles
No Wear"
Service!

Drive to your nearest Conoco Mileage Merchant and ask for Conoco's great new "50,000 Miles—No Wear" Service—a service that helps your engine stay like new year after year, perform better, use less gasoline and oil!

It's exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test! In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's, today!

Here's the Famous "50,000 Miles—No Wear" Service!

1 Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot! "Hot-oil" drains every 1,000 miles flush out grit, dirt, acid and contamination—leave your engine sparkling clean!

2 He'll Recondition Air and Oil Filters! He'll clean filter elements, replace dirty cartridges, record mileage. Every time hood is lifted, he'll check mileage to be sure filters have been serviced at proper intervals.

3 He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust—OIL-PLATE against wear.

ANDY ROGERS ANNOUNCES FOR STATE SENATOR

J. "Andy" Rogers, of Childers, has authorized The Democrat to make the official announcement of his candidacy for State Senator from the newly-created District. His statement follows:

"This is a critical time for our nation. It is time for a change. But it is time that new faces in government will make no real difference if we have not changed here at home.

"At all levels of government, we must return to the great principles upon which this country was built; and if it is to stand upon which it must stand, the great principle is Amari-ty. It says that a man is created in the image of God, that his Creator gave him 'inalienable' rights, that

COMPLETE HOME FURNISHINGS

come in and see us first. We can get everything you need here. We feature quality and a saving.

AYERS
Furniture Store
North Side Square

the sole purpose and reason for government is to see that these sacred rights are protected. Government is not to take away these rights or to create substitutes.

"We can have such a government ONLY when it is kept in the hands of the people. Through our representative form of government we can do this. But it will not be done for us. We, the people must do this. Too often in the past twenty years we have let 'George' do it for us. 'George' has almost taken our government out of our hands—and our God-given freedom with it.

"We must act—NOW. It will take hard work and sacrifice—and courage, and faith in our great American principle.

"Washington are full of 'smart boys' and 'big shots.' I believe that it is time for Mr. Average Citizen to step into the forefront in Austin, as well as in Washington. Our primary need is for honesty and moral integrity.

"I believe we need much new blood in all of our law-making bodies. I do not believe we need more men who have fed at the public trough for eighteen or twenty years—and have grown rich in the process.

"I also believe we need some of the vigor and courage young men and women have to offer. At the very least, the young men did not get us in our present mess, yet they live and pay in the same manner as others—and will for a longer period of time to come. Also, it is they who often lay down their lives on foreign soil as payment.

"I offer the above way of thinking and the following summary of my qualifications and own actions to my fellow citizens so that they may decide if Andy Rogers is the man to work with them as their State Senator toward the great goal of Freedom.

"I am a native West Texan by

YOUNG LADIES NOW . . . Capped and gowned, the famed Dionne quintuplets, Marie, Cecile, Annette, Emilie and Yvonne, are shown with their parents at their recent graduation from school.

birth, training and education. I was raised on a farm and dairy; my business is farming and will continue to be. I am a land owner and tax-payer.

"I am a family man with a wife and daughter.

"I have prepared myself for service with seven years of college education—law, government, economics and agriculture.

"I have proven my willingness to sacrifice by voluntarily giving three years' service in the United

States Army during World War II.

"I have had two terms' experience in serving West Texas in your House of Representatives. I have served on the following important committees: Appropriations, Insurance, Highways and Roads and Conservation and Reclamation.

"I am not a lawyer. Therefore I can serve only the people who elect me. I cannot hope for financial gain by serving you as State Senator—an important job that pays only an approximate \$700.00 per year.

"I am not a professional politician.

"I have consistently fought corruption in all government, and will continue to do so.

"As a State Representative, I have opposed an increased rate of spending and taxing in State government, and will continue to do so. I have fought for the economic development of West Texas in the following ways:

"1. Continually supporting our Rural Road and Primary Highway development.

"2. Voting against and helping to kill legislation for State control of our underground water. I will continue to do so.

"3. Fighting to protect our surface water rights as they now stand.

"4. Writing and getting passed legislation giving West Texas \$10,000.00 for preliminary study of its surface water possibilities.

"5. Writing and getting passed legislation which will soon bring into being a new Agriculture experiment Station to study the particular needs of our Blow-Sand areas of West Texas.

"6. Writing and getting passed legislation requiring the labeling of 'drip' gasoline when offered for sale, so consumers and honest service station operators are protected.

"7. Supporting a sound, sensible Public School program.

I will continue to fight for a fair break for West Texas and for the protection of your rights.

"I will run my race and serve you in the only way I know—BY CLEAN HARD WORK.

"I will not be able to visit all of the people in our fifteen-county State Senatorial District, but I humbly and sincerely ask your vote and support."

Respectfully submitted,
A. J. (Andy) Rogers

CARD OF THANKS

State Conducting New National 4-H Awards Program

A brand new national 4-H awards program on Entomology is being conducted by Texas for 1952.

In the program, 4-H'ers learn about insect pests and how to protect against destructive species to insure good crops, keep farm animals productive, and maintain healthful conditions in the home and community.

The winner in each participating county receives a merit medal, and the state champion is awarded a 17-jewel wrist watch provided by Hercules Powder Company. Also, educational trips to the National 4-H Club Congress in Chicago next November will be presented to 12 sectional winners, six of whom will be selected to receive a national award of a \$300 college scholarship.

Don't miss out on your favorite radio program. If you are having radio trouble, phone us for quick, reliable, factory-authorized service. Replacement parts guaranteed. Reasonable prices.

TRIM YOUR COSTS 3 WAYS WITH DODGE TRUCKS

- ▶ There's a Dodge truck that's "Job-Rated" to fit your job—½ ton through 4 tons.
- ▶ Every model "Job-Rated"—engineered to haul a specific load at low cost, to last longer, to save you money.
- ▶ Load-carrying and load-moving units engineered for proper strength and capacity under severe conditions.
- ▶ Ask us for a Show Down of Truck Value—be your own judge. We have all the facts!
- ▶ Come in today for a demonstration and a good deal.

- 1 Trim operating costs! You'll get the right "Job-Rated" engine with high compression ratio. Such proved Dodge features as four rings per piston, chrome-plated top ring, and wear- and heat-resistant valves save gas and oil!
- 2 Trim upkeep costs! You'll get a "Job-Rated" chassis that's built to stand the gaff on your most rugged jobs! Depend on features such as deep-channel frame and high-capacity springs to minimize repair bills and downtime!
- 3 Trim delivery costs! You'll make more deliveries per day—in less time. That's because it's so easy to wheel a Dodge truck in and out of tight spots—thanks to advantages like short turning diameters and easy steering.

Dodge is by far the lowest cost to operate!"

Keep complete individual records of each of our trucks and have found that Dodge is by far the lowest cost to operate. In fact, our Dodge costs us .6 of a cent less per ton-mile to operate than our next closest truck. This difference must be the result of Dodge's economy features.

Furthermore, we've found that our Dodge "Job-Rated" truck will haul a full load of sand or gravel up that several of our other trucks won't take. Our truck will be a Dodge."

See us today for the best buy in low-cost transportation...

REPORT FROM WASHINGTON

Congressman, 18th District
By Walter Rogers

THE THINGS YOU HAVE TO WATCH IN LEGISLATION: During the amendment period of the Defense Production Act (this is the price and wage control bill) and amendment was offered by Mr. Porter (R), Michigan, which would in effect put into law the Executive Order which provides for the declaration of certain areas as "Surplus Labor" areas. Such a declaration means that the manufacturing concern in those areas can obtain government contracts on a negotiated basis rather than on a competitive bid basis even though the cost of such manufactured product would be substantially more than if it were produced in another area.

The purpose of such an amendment is to insure employment in areas where there is a surplus of labor. The effect of the amendment would be to penalize the American taxpayer and take away from him millions of dollars in taxes that could otherwise be saved. It would also promote inflation.

One of the prime causes of inflation is excessive government spending. Therefore when the government pays more for an article, as it would under the Potter amendment, than the same article could be purchased under competitive bid contracts, the result is simply excessive spending and fuel on inflationary fires.

The amendment is also discriminatory in that it would favor thickly populated areas and penalize the South, Southwest and a great portion of the West. Such an amendment would also favor big industry and discriminate against small industry and small manufacturing plants and contractors. The manufacturing concerns in such designated areas can

effectively control business growing out of government contracts, and the ones who get hurt are the small manufacturing plants in districts such as ours, as well as the laboring people in those districts and the American taxpayers.

Mr. Lanham (D) Georgia, introduced a substitute amendment which in effect would prohibit such practices. The House voted on the Lanham amendment first, and the vote was tied 114 to 114. This meant that the Lanham amendment was defeated because the proposed amendment must receive more yeas than nay votes in order to pass, and a tie vote does not meet those requirements. However, the Potter amendment also failed by a margin of approximately twenty votes. We of the South and Southwest had hoped that the Lanham amendment would pass as it would have fixed a policy and would have curtailed the practice that is going on now. We were happy that the Potter amendment failed and hope that this is an indication that such practices will stop.

One manufacturing plant in the Middle West, and I presume others, sent out a form letter to all of its salesmen advising the salesmen to keep a sharp lookout for all possible contracts because this manufacturing concern was located in one of these surplus areas. The letter outlined the greater benefits accruing to the manufacturing concern by being so located, and instructed the salesmen that their Washington office could bring the proper pressure to bear in Washington to obtain contracts at higher prices than under competitive bidding. It was a strange coalition that voted against the Lanham amendment and for the Potter amendment. The coalition was made up of conservative republicans from the Middle West and East along with big city republicans and democrats who have followed the New Deal philosophies. The ones responsible for defeating the Potter amendment were the members of Congress from the South, the Southwest and the West. If we can stop these practices in government spending, we can save the taxpayers millions of dollars and help in the fight against inflation.

HIDDEN BALL PLAN ON TIDELANDS NIPPED IN THE BUD: A plan was afoot between the Secretary of the Interior and the President to by-pass Congress and seize the tidelands in the event the veto of the Holland bill was sustained by Congress. Under the present situation the Executive Department has no authority to lease the tidelands. Even if the Senate should uphold the President's veto of the Holland bill, the Executive Department still would not have power to traffic in these lands. The secret plan that was afoot was a plan to use an old 1949 surplus property law under which GSA Administrator Larson had signed an order in April delegating authority to Secretary of Interior Chapman to dispose of oil and gas on the continental shelf. The secretary of the Interior had gone so far as to submit the plan to oil company representatives and testified that these representatives had told him that they would be satisfied with such plan and would accept leases thereunder.

'Shamrock Days' Celebrates Formal Opening of Dunn's Service Station

The formal opening of Bill Dunn's Shamrock Station in North Tenth St. and Amarillo Highway will be celebrated here during "Shamrock Days," June 28 and 29, according to Jack Boone of the Cudd-Brooks Company Cudd-Brooks is Shamrock distributor for Memphis and area.

Prizes for men, women and children will be given away after a drawing June 30 at the Bill Dunn Shamrock Station. Registration will be at the five Shamrock stations in Memphis. They are: O. K. Rubber Welders, Seventh and Noel; Vic Shelton, Eleventh and Noel; Henry Foster Food Market, Eighth and Noel; Brewster Service, First and Davis; and Bill Dunn Shamrock Station, Tenth St. and Amarillo Highway. Bill Dunn announced that reg-

istrants do not have to be present to win. Prizes are on display at Dunn's new station. Anyone is eligible to register except employees of the Shamrock Oil and Gas Corporation, employees of Shamrock dealers and distributors and members of households of such persons.

Ladies' prizes include: Nesco 18 qt. electric roaster oven, Hamilton-Beach food mixer and Universal Coffeematic.

For the men, prizes include: \$25.00 hat, Sunbeam Shavemaster and aluminum auto ice box. Children's prizes include: Cock-

er Spaniel puppy, "Mr. Shamrock" and a Silver King Rocket model bicycle.

CARD OF THANKS

We are sincerely grateful to friends and neighbors for their many kind acts of sympathy during our sad bereavement. Our appreciation cannot be adequately expressed. We especially want to thank Dr. O. R. Goodall, Dr. T. A. Hunt and Dr. H. R. Stephenson for their kindness and help. Mrs. Albert Gerlach Mr. and Mrs. Holmes Posey

Beesons Offer New and Exclusive Modern Fabric Finishing Process

Beeson Cleaners now offers a ers satisfied by giving prompt, Country Club.
new fabric finishing process that courteous service, giving personal
makes clothes "stay new," accord- attention to each garment, and
ing to Mr. and Mrs. Jim Beeson, maintaining high quality work at
owners and operators of the clean- all times," Beeson stated.

Introduced only a month ago, the "Sta New" process is used exclusively at Beeson Cleaners. According to the proprietors, the process is a new modern miracle of fabric finishing that restores original drape, body and lustre to all garments. It is used by the nation's leading clothing manufacturers to make "new garments look newer than new, last longer, look better and feel fresher."

Since opening the plant here in 1945, Beesons have maintained a policy of excellent service to customers.

"We strive to keep our custom-

Beeson is a director of the Cyc- lone Booster Club, a member of the Chamber of Commerce and the Rotary Club. He is a veteran with more than four years' service in the Army Air Force during World War II. Most of that time was spent in the European theatre of operations.

Mrs. Beeson was born at Alvarado near Fort Worth and moved to Memphis when she was very small. She graduated from Memphis High School. Her husband was born at Turkey and finished school there. His hobbies are playing golf and hunting.

Employees at Beeson Cleaners are: Ruby Thornton, alterations; Maude Billingsly, cleaning; Floyd Hammonds, finishing; and Billie Jo Hall, pressing.

Shamrock Slates Big Sports Show For Saturday

Residents of the Memphis area are invited to attend, either as participants or spectators, the first Annual Sports Show to be held in Shamrock on Saturday, June 28.

A full day's program of special interest to those who like to hunt and fish, has been arranged by Co-Chairman Bob Douglas and Bob Holmes and several commit- teemen who have been working on details of the show for the past several weeks.

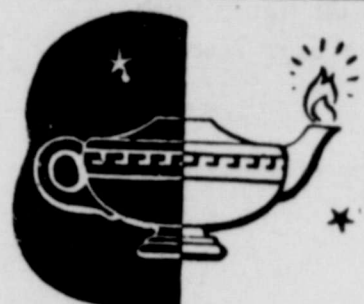

Events will include: trap and skeet shooting, adult outdoor skish casting contest, indoor adult and junior boys skish casting con- tests.

Special thrills for spectators will be furnished in junior and senior boys rifle marksmanship contests, junior and senior boys archery contest, professional tar- get and trick archery shooting by the Majie City Archery Club, pro- fessional demonstrations with casting and spinning rods, along with a show for gun and working dogs.

With the exception of the trap and skeet shooting and the out- door skish contest, all events will be held in the Community Build-

BLIND GOLFERS . . . Although Hal Neal (left), Oklahoma City, and Clarence Carlson (putting) are avid golfers, they don't keep their eyes on the ball—because they are blind. They are aided by Cecil Miller, instructor in blind therapy, Hines Veterans' hospital, Chicago.

Pearls of Wisdom

The Rodeo Rash

Following the perennial out- break of the mumps and measles each year comes an epidemic which is no respecter of age or locale. Every big and little town (in Texas anyway) breaks out in a rodeo rash. Some of the most significant symptoms are a redness of the skin (from sunburn) a tum- my ache (from too many hot dogs) and a fever (from excitement.)

While "rodeoitis" usually takes a toll of one's energies, it's heaps of fun while it lasts and there are no after-effects that a little rest won't cure. For about six months out of each year more than 2,000 rodeo cowboys march their strength against brones, bul- ls, and Brahma calves and love it. Bones are broken, ankles twisted and backs sprained, but they come back for more as soon as possible. Only rarely is a contestant killed which is nothing short of a miracle considering the chances they take.

Like corn pone and turnip gre- ens, red beans and sour dough biscuits, "rodeoing" has become an integral part of our western way of life, a "wild and wooly" bit of Americana. It takes courage and fortitude to drop down onto the back of a salty brone and mor-

of the same to pick yourself up and try it again. No less challeng- ing to a man's nerve it the ride on a Brahma bull while roping ties his skill and horsemanship. The modern Gladiator comes rop- ing, riding, and a-bucking. There's a minimum of blood shed. He's well paid if he wins and every- one goes home tired and happy. Now hear ye!

A circus is fine in the fall of of the year And foot-ball games in season, But give me a rodeo any day My good friend here's the reason

The band will play and horses neigh And the flag will wave in the breeze While boys and girls in colors

gay ride by in two's and three's.

Levi's, big hats, and fancy boots

Are the order of the day. And clown in "baggy britches Will add tomfoolery.

Real western men will act in the show To match their skill with the toughest. Where they'll end they don't know. They'll tackle the meanest and roughest.

They'll ride a brone that "aint never been rode."

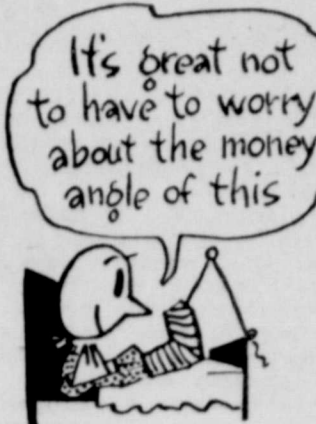

Trusting to luck they don't get "thrown."

It's "plum amazing" the things one sees

At these small and big town jamborees!

Richard Line: spent the week end in Abilene.

It's great not to have to worry about the money angle of this

Your grandpappy or pappy could break his leg, and get off with a small doctor's bill. But you get better care to- day, and an accident may send you to a hospital for x-rays and special attention, and you may get a mighty big finan- cial sock, in addition to your accident.

Cross off the money worries of possible accidents today with an America Fore policy which pays \$50 a week for to- tal disability up to 200 weeks, and up to \$1000 for medical, surgical, hospital and nurse expenses. And \$30,000 for to- tal disability. And other bene- fits.

One person in 10 in Ameri- ca is either injured or killed in an accident every year. Let us help you take money fear out of YOUR ACCIDENT.

PRICE TAG!

ONLY BUICK PROVIDES THEM ALL

DYNAFLOW DRIVE* • FIREBALL 8 ENGINE
NEW WIDE-BAND BRAKES • MILLION DOLLAR RIDE
TOP-CAPACITY TRUNKS • NEW TWO-TONE INTERIORS
SWEEPSPAR STYLING • EASY-EYE GLASS**

Plus These, Too, On ROADMASTER

AIRPOWER CARBURETION • POWER STEERING† • SILENCE

If you've been doing a bit of shopping for a new automobile, we'll tell you this: The price on this one will open your eyes.

It's the price of the six-passenger, two-door SPECIAL—ready to roll.

When you put this price against the local deliv- ered prices of other cars that folks usually associate with Buick—you'll have a hard time finding a single one as low.

When you put this price against what you'll pay for cars with the reputation of being "lower priced"—you'll find why this Buick gives them such keen competition.

And—if you want to go in for extras—you can still add up what goes on the bill of sale of other cars and a Buick—you'll find out that Buick's an even greater buy.

We know that price is important to a lot of folks, especially with the price of groceries—and even baby shoes—where they are today. But you also want some fun for your money—and that's where a Buick really shines.

Just wait till you give a gentle nudge to the power that's under that big, broad hood and

feel your shoulders sink back as this beauty takes off.

You'll feel like the million dollars it cost to perfect its ride, when you sample the steady smoothness of its gait.

It's eager, alert, alive—makes each mile a new experience.

Want to try it? Why not? We're willing to let this beauteous bundle of high-powered energy speak for itself.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. **Optional at extra cost—available on most models. †Optional at extra cost on Roadmaster only.

Electric Cooking Keeps Her Kitchen Cool and Clean!

When summer temperatures soar—electric cooking can help keep your kitchen a cool, clean, pleasant place to work. Controlled elec- tric heat goes directly into the food, not into the room—the oven, insulated on all six sides, cooks the food and not the cook. And there's no soot, smoke or fumes to smudge walls, pots and pans because only an electric range cooks with clean "sealed" heat that leaves no residue of any kind in your kitchen.

"Electric Cooking is the fashion in modern kitchens"

Texas Press Association Demands Accounting of Public Tax Monies

HOUSTON—Texas newspaper publishers expressed strong objection to the failure of state officials to publish accountings of receipts and disbursements of public tax monies at the 73rd Annual Meeting of the Texas Press Association in Houston, June 14.

Resolutions were passed calling attention to the fact that, even though required by law, such publications are seldom made by city, county and school board district officials. Resolutions pointed out that such public notices are required for the "understanding, benefit and criticism of the voters and tax payers," and that the light of publicity could place a curb upon the "careless, wasteful extravagance and often corrupt handling of public funds."

In part, the resolutions read: WHEREAS, laws in other states recognize the need of such detailed publication of all expenditures of public monies, wherein said expenditures are listed in the local or regional newspaper, item by item, dollar by dollar; and that experience in other states proves that the cost of publication is more than justified by its enormous saving in the tax payers' money, THEREFORE, be it resolved that the Legislative Committee of this Texas Press Association be called upon to study this particular phase of our state law and that said committee be empowered to suggest corrective measures for consideration by the State Legislative body."

J. C. Smyth, publisher of the Liberty Vindicator is chairman of the TPA Legislative Committee.

A second resolution passed by the convention urged the election of officials who will pledge themselves to call a halt to tax increases. A third called for revision of the state election code to "create a basis of equity between and among candidates contending for any one particular office."

Another endorsed the effort of Sigma Delta Chi, professional journalistic fraternity, in their fight for freedom of information and the people's right to know. Attempts by certain groups to place a curb on advertising for selfish purposes and the TPA's objection to false or misleading advertising also were cited by the Resolutions Committee. Canadian manufacturers of newsprint were condemned for their increase in the price of their product, and domestic producers were urged to maintain their present prices, in another resolution. The association also went on record as approving the work of Weekly Newspaper Representatives of New York City, a new organization formed for the handling of national advertising in the country's weekly newspapers. Michael Colesanto, general manager of Weekly Newspaper Representatives, was a speaker for the Houston meeting.

William Rawland, publisher of the Cleburne Times-Review, was elected president of the Texas Press Association, at the meeting. He replaces Brad H. Smith, Westaco News publisher. Smith will serve during the coming year as chairman of the Board of Directors, succeeding Frederick I. Massengill, Jr., Terrell Daily Tribune. Arthur H. Kowert, Fredricksburg Standard, was named vice-president, and William E. Beger, publisher of the Hondo Anvil Herald, was elected secretary-treasurer. Named to the Board of Directors were J. C. Phillips, Borger News-Herald, and O. J. Wilkerson, Port Neches Chronicle.

Mr. and Mrs. Frank Smith Sr. visited in Plainview Sunday with Mrs. Smith's brother, Carl Hutcherson and Mrs. Hutcherson.

Childress, Wellington, Memphis Form New Lone Star Service Area

Providing gas service requires experts, teamwork, experience

GEOLOGISTS, PETROLEUM ENGINEERS, compressor plant operators, laboratory technicians and scores of other specialists coordinate their work with the distribution employees pictured here to bring your Lone Star Natural Gas Service. Producing, transporting and distributing natural gas is an exacting night and day task ... 365 days a year.

Over the years, Lone Star employees have constantly improved coordination so that all operations run smoothly. Nevertheless, the entire Lone Star organization still seeks better and safer ways to do things with the aim of constantly improving Lone Star Natural Gas Service.

S. HARRY KING, Childress district manager, coordinates distribution of natural gas to 5,300 homes, businesses and industries in Childress, Wellington, Memphis, Kirkland and Dodson. He has 17 years of service with Lone Star, coming here from Athens, Texas. He says he likes working for Lone Star because he feels the Company is an important asset in the communities it serves.

FORMER UNITED GAS CORPORATION and Lone Star Gas Company men join hands to supply natural gas service in Childress. Jerry Sams, Horace Wilcox and Bill Burchett, left to right, are known to many Childress customers for the services they rendered when they were with United.

John Childers and Gerald Howard transferred to Childress recently from other Lone Star Gas Company offices. Childers comes from Abilene and will service appliances, install meters and perform other

customer services. Howard comes from Colorado City and is Childress storekeeper. He keeps the stock of pipe, meters, valves and other materials which are used in large quantities to maintain distribution facilities in Childress.

GEORGE A. ROBINSON, Childress district salesman, was with United Gas Corporation for two and one-half years. He is a native of Childress, an air force veteran and commander of the David W. Brown Post 2512 Veterans of Foreign Wars.

IT'S ONE OF THESE THREE WOMEN who answers the telephone, waits on you at the cashiers' windows, bills your account and performs many other customer services at Lone Star's Childress office. They are, left to right, Jeanne Malone, Theresa Lowe and Jean Stringer.

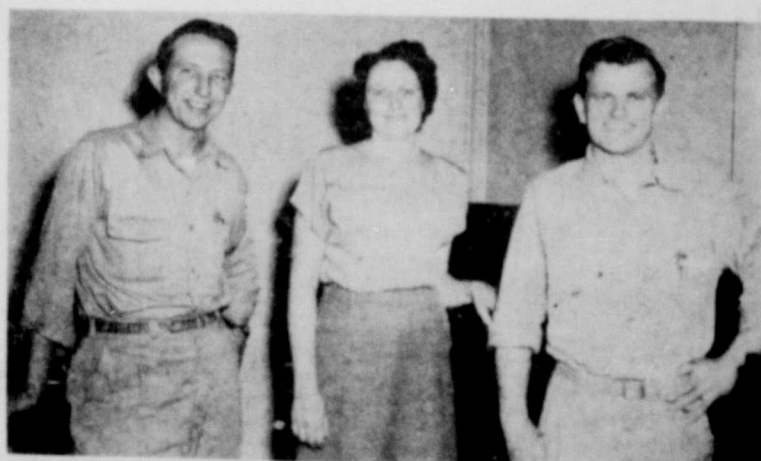

CLIFFORD DANIEL, Childress district foreman, has 16 years of service with Lone Star Gas Company. He came from Corsicana to Childress where he now supervises construction and maintenance of natural gas distribution facilities.

CUSTOMER SERVICE is the biggest job in Lone Star Gas Company. Clerks—the district offices' girl Friday—wait on customers, bill and post customer accounts, answer telephone requests, type letters, and keep track of hundreds of details which come up every day.

Utility men perform an ever wider variety of jobs such as reading meters, adjusting appliances and installing service lines. Another important job is keeping a stock of pipe, valves, meters and other materials which are used in large quantities to maintain distribution facilities here.

In case of an emergency, one Lone Star district receives help from as many employees as necessary from nearby communities. In fact, behind the group here when needed, are the experience and skills of the entire Lone Star organization of nearly 6,000 men and women.

LONE STAR GAS COMPANY

WELLINGTON'S BILLY HAJEK, ANNA LEE GRAHAM and CHARLES HENRICH, JR. were with United Gas Company. Billy Hajek is a member of the National Guard. Anna Lee Graham is a member of Epsilon Sigma Alpha sorority, V.F.W. Auxiliary and is past president of Business and Professional Women's Club. Charles Henrich, Jr. builds model railroads.

IN MEMPHIS, as in Childress and Wellington, United employees joined Lone Star. J. C. Henry was with United a year before joining Lone Star. Murita Gibson, office clerk, completes the Lone Star personnel serving Memphis.

DOYLE C. MCKINNEY, Wellington sub-district manager, supervises customer service and maintenance of Lone Star facilities at Dodson. He has been with Lone Star since 1914 and came to Wellington from Clarksville.

TRUETT J. BRIDGES, Memphis sub-district manager, is a 100-year-old veteran of Lone Star Gas Company. He came to Memphis from Vernon where he was a farmer and active in civic affairs.
