VOLUME NUMBER 56 | SNYDER, TEXAS, THURSDAY, NOVEMBER 18 NINETEEN HUNDRED AND FORTY-THREE | ISSUE NUMBER 25

TIGERS CLOSE GRID SEASON IN LORAINE GAME

Thanksgiving Tilt Slated at Tiger Stadium at 2:30—Proceeds to Buy Sweaters for Boys

As a curtain dropper for the hard playing Snyder High School Tiger eleven that has played as a free-lance team without a regular full-time coach, will be played at the Tiger Stadium Thanksgiving Day with the Loraine Bulldogs.

Starting time for the climatic gridiron classic has been set for 2:30 o'clock. A record turn-out of Snyder supporters, as well as a nice delegation from Loraine, is expected to witness the melee.

Proceeds from the game will be used to purchase sweaters for the gallant Tigers.

Snyder was not this year a member of the district loop, since no coach could be employed before the term opened. However, after school started, the football players were not to be outdone, and organized a team that has had a splendid season. In the three starts the locals have not lost a game, however, the Roby Lions held the Tigers to a scoreless tie early in the season.

Starting line-ups for the Turkey Day game follow:

Snyder—Billy Longbotham, left end; James Mebane, left tackle; Arel Faver, left guard; Tommy Major, center; Douglas McGlaun, right guard; Stanford Land, right tackle; Kenneth Snyder, right end; Charley Boren, wingback; Bobby Hicks, quarterback; Jesse Everett, fullback; Howard Crenshaw, tailback.

Snyder Substitutes—Garland Dorman, left end; Jack Green, left tackle; Arthur Roberts, left guard; Louis Payer, center; Raymond Bynum, right guard; James Powell, right end; George Richardson, right end; Billy Jack Scott, back; Harley Bruton, back; Billy Joe York, back.

Loraine—Alfred Hackfeld, back; "Preacher" Richardson, back; Pierce Givens, back; Bennie McGowan, back; Trent Simmons, back; Rodney Walker, back; Donald Hoover, back; W. A. Miles, back; Coy Moore, back; Troy Moore, back; Lennis Ray McCollum, end; Sidney McAdams, end; Jackie Walker, end; "Buddy" Owens, center; Homer Lucas, center; Don Narrell, tackle; Norris Taylor, tackle; Jerry Gordy, tackle; Deveril Taylor, tackle; Jimmy Ray, guard; Bill Fulton, guard; Wayne Taylor, guard; Willis Brookshire, guard; Doyce Lee, guard.

$275 Netted from Fluvanna School Carnival Nov. 11

Profit of about $275 was made from the Fluvanna High School carnival staged at the Northwest Scurry County school Armistice Day, John R. Covey, superintendent of Fluvanna Schools, reports to The Times. The annual entertainment feature was attended by large crowds from all parts of the county.

Proceeds from the affair will be used to buy athletic equipment and awards.

One of the outstanding events of the day was the annual clash between the Fluvanna Buffaloes and the Hermleigh Cardinals. It was a scoreless tie, and each team played a clean game.

Crowning of the queen was the climax of the day. Doris Flournoy, representing the junior class, was crowned queen at the colorful ceremony Thursday evening in the high school auditorium. An interesting program was presented by various classes of the school.

Sponsors of the carnival ask The Times to express their appreciation to all those who helped to make the carnival a success.

Caton Attends OPA Rationing Gathering

Called Tuesday to Lubbock to attend a regional conference of rationing officials, Joe Caton will remain in the Plains city the remainder of the week. The Scurry County War Price and Ration Board chief clerk left Tuesday noon.

Caton is attending an educational gathering of rationing clerks in connection with the use of the new No. 4 ration book.

Who's New In Scurry County

Mr. and Mrs. E. J. Adams of Fluvanna announce the arrival of a baby boy, Martin D., who was born Wednesday at Snyder General Hospital. The young fellow weighed eight pounds nine ounces.

Snyder Boy's Tank Destroyer Unit Makes Fine Record

A six-man tank destroyer gun crew, including Technician Fifth Grade B. Q. Johnson (third from left), trained at Camp Hood, and "Jinx," their M-10 tank destroyer—in 25 minutes of fighting in Italy knocked out five Nazi Mark IV tanks, one ammunition truck, one armored half-track and blasted one pillbox and a house harboring German troops. Besides Johnson, other crew members are, left to right, Sergeant R. G. Murphy of Jacksonville, Florida, Sergeant E. A. Yost of Gorham, Johnson, Private First Class Joseph R. O'Bryan of New Haven, Kentucky, Privates Clyde T. and and Claude H. Stokes of McAlester, Oklahoma, twins.

Relief from Feed Shortage Sought By C. of C. Group

Recommendation that all of Scurry County be placed in the state's feed shortage area in order to be eligible for special shipments of protein feeds this winter was this week submitted by the Scurry County Chamber of Commerce agricultural committee.

The group, composed of C. N. von Roeder, County Agent Ed S. Hyman, AAA Administrator Johnny Ammons, C. M. Wellborn and FSA Administrator Gerald G. Grodon, met last Wednesday night to take the initial step in trying to avoid a critical feed situation among Scurry County cattle raisers such as faced them last year when protein feeds became scarce.

Several carloads of soybean meal to supplement cottonseed cake and meal already earmarked for Scurry County will be sought by the group. County cotton growers are promised 900 pounds of cottonseed products from each ton of cottonseed shipped from the county to area cottonseed oil mills, but feeders are fearful this will not be sufficient to care for the cattle in the region.

Fair yields of head grains in the county this year will have to be supplemented with high protein content feeds to fatten cattle, it was pointed out at the Wednesday meeting.

Company G Boys in High Spirits at Front

Like a ray of sunshine breaking through a heavy hanging bank of clouds is a recent letter from First Sergeant L. A. Crenshaw, son of Mr. and Mrs. Loy Crenshaw, who is still attached to Scurry County's Company G unit of the 36th division.

"Just a line," L. A. writes, "to let our friends of Scurry County know that we are still thinking of them. In spite of all, the good work that you people are doing in the bond drive is still being reported to us through different channels.

"We feel that it is another one of our duties to express our appreciation to you—one and all. We are still in high spirits for we know you all are behind us. We will do our utmost," Crenshaw concludes, "to live up to the principles and high ideals you have set before us."

More Soil Checks for Area Farmers Arrive

Arrival of several hundred more soil conservation checks for Scurry County farmers was announced early this week by Johnny Ammons, Scurry County AAA administrator.

Total of approximately 1,500 checks out of about 2,100 qualifying farmers in the county have been received to date, Ammons states. Total payments approximate $205,466.82.

The soil conservation checks are paid to county farmers and landlords for soil building practices observed on their farms during the past crop year. Similar payments are expected to be continued during the ensuing year, AAA officials announce.

New Pastor

New pastor for Snyder's Methodist Church is Rev. O. B. Herring, who comes here from Post to succeed the beloved I. A. Smith pastor here the past five years. Rev. Herring is known to a number of people in this trade zone, and is recognized as a spiritual and community leader.

Autry Elected as City's Fire Chief Seventeenth Time

Completion of final arrangements for the annual banquet, and election of officers for the ensuing year were highlights of the meeting of the Snyder Volunteer Fire Department Friday night.

The banquet, which is an annual affair, will be held Monday night in the firemen's recreation hall in the city hall. Chief N. W. Autry will be master of ceremonies for the occasion when firemen, their wives, city officials and employees and ministers of the town gather to feast on turkey and dressing and all the trimmings.

At the Friday session N. W. Autry was elected chief for the seventeenth consecutive year in the annual election of officers. Other officers elected were C. M. Boren, president; Ray Porter, vice president; E. J. Bradbury, secretary; and B. H. Connally, assistant chief. Boren and Porter were re-elected for second terms, while Bradbury and Conally were elected for the first time. Rev. Hubert C. Travis, chaplain, was reelected after having served as chaplain since coming to Snyder shortly after January 1, 1941.

Snyder's fire losses have been exceedingly small the past year, detailed figures of which will be given in The Times at a later date.

Nine Camps in Nine Months

Corporal William E. (Bill) Miles has been here for several days on a furlough visit with relatives and friends. He is the son of Mrs. R. N. Miller of Fluvanna. Bill is stationed at Camp Pinedale, near Fresno, California, with the signal corps department of aviation. He enlisted in February of this year. He stated he had been located in nine camps during the nine months he has been in the service.

War Chest Fund Exceeds Quota by More Than $1,000

United War Chest contributions this week totaled $7,123.68, according to W. J. Ely, county chairman. Final figures from five communities still were not in. Scurry County's quota for the drive was $6,100.

Of three communities not reported last week, two made partial reports this week. Ira, with a goal of $262, reported donations through Tuesday of $155. Gene Kruse is community chairman. Johnny Langford, community director for Arah, reported $10 subscribed against a quota of $35. No report still had been made by Whatley community.

Hermleigh community went "over the top" on its quota Wednesday, when A. W. Roundtree, community chairman, reported subscriptions totaling $811. The quota was $805.

Another special gift of $75 for the fund was reported this week by T. W. Pollard for Humble Oil & Refining Company. Other special gifts, of $25 and more, had previously been reported by Special Gifts Chairman N. M. Harpole as totaling about $2,000.

Included in the county's $6,100 quota, in addition to the regular United War Chest allotments, was $200 designated for Scurry County Girl Scout work.

Chairman Ely urges that community chairmen arrange to make their final reports within the next few days.

No Draft List Available.

Scurry County Selective Service Draft Board met Monday evening and reclassified a number of registrants. However, because of illness among the office personnel, no list of the classifications was available for publication in this week's Times. The groupings will be printed in the next issue of Your Home County Paper.

ROBBERIES AT TWO STORES IN CITY STAGED

Same Tactics Used in Prying Locks From Front Doors or Drug Store and Grocery

Striking twice in as many days in Snyder, robbers who employed the same tactics entered two business houses over the week-end. Loot was taken from the first establishment, but the vandals were scared away from their second job before more appreciable robbery than taking a pistol could be accomplished.

Irwin Drug Store was entered early Sunday morning and the robbers escaped unnoticed after pilfering two cash registers and a money box of about $40 in cash, taking approximately $35 in narcotics and two $50 war bonds belonging to John Irwin.

The robbery was discovered by daily paper boys as they deposited a bundle of papers at the front door Sunday morning about 5:30 o'clock. Entrance had been forced into the store by use of a strong iron bar. The front door was pried off its bearing, along with a three-foot portion of the door, to gain entrance to the southwest corner of the square drug store. The robber or robbers escaped by way of the rear door, Irwin states. Entrance had been attempted through the rear door, but bars on the inside of the door prevented its opening.

Proprietor Irwin asserts that some person familiar with the store arrangement and location of its narcotics perpetrated the crime. He also asserts that the person securing the narcotics was familiar with the drugs, as only morphine and tincture of opium were taken from the store's narcotics stock.

No leads toward apprehending the robbers had been found the middle of the week, officers called in on the case state. No tangible fingerprints were found.

J. M. Newton Grocery, just off the square on 25th Street, was entered Sunday night through the front doors when a padlock was pried from the entrance, and the two doors were sprung to disengage the inside lock. Nightwatchman Clyde Thomas, in making his rounds about 3:00 o'clock Monday morning, noticed that the front door lock had been removed, and while he sought to locate Leaman Land, another night watchman, the robber escaped through the rear door. Thomas says he saw the robber inside the store as he left his car at the curb in front of the store and appoached the grocery.

Tools used by the robber were laying on the front counter of the store, which included a huge pinch bar and several smaller tools.

A 32-caliber pistol was taken by the intruder from beneath the checking counter at the front, and he escaped with the gun.

The robber methodically went about his job, and selected two pairs of leather gloves from a display case, being careful to get his size, No. 8½, and laying aside several other pairs of cheaper and wrong size gloves.

Apparently the robber was just ready to start rifling the store when discovered by Thomas, and nothing else was missed by Proprietor J. M. Newton of the grocery.

Three Changes Made In Fluvanna Faculty

Three changes in the teaching faculty at Fluvanna Schools are reported this week by Superintendent John R. Covey.

Mrs. Leo Beavers is teaching home economics in the place formerly held by Thelma Jo Wylie. Mrs. Eula Tillery has filled the vacancy left by the resignation of Mrs. L. B. Taylor. Mrs. Edgar Smith is also teaching in high school now.

Second Drive for Scrap Metal Slated in County

O. B. HERRING IS METHODIST PASTOR HERE

New Preacher Comes to Snyder Church from Post—I. A. Smith Takes Post Pastorate

Leading the list of important pastoral changes in Scurry County Methodist churches, announced last Thursday afternoon at conclusion of the annual Northwest Texas Methodist Conference at Lubbock, was change of pastors for Snyder's Methodist Church.

Rev. I. A. Smith, beloved pastor here the past five years, goes to Post, and Rev. O. B. Herring of Post will pastor the Snyder church during the ensuing year.

Rev. S. A. Sifford, Hermeligh pastor, was assigned Avoca and Paint Creek. Hermleigh Methodist Church is yet to be supplied. Rev. Sifford held monthly services at Mount Zion

Rev. A. B. Cockrell of Dunn goes to Hedley, it was announced, and Hedley, it was announced and Rev. Rev. J. N. Tinkle, former Fluvanna minister, goes to Mobeetie.

Rev. C. D. Damron, another former Scurry County Methodist pastor, goes to the Tolbert circuit in the Vernon district.

Rev. H. C. Gordon, former Snyder pastor, will direct the Slaton church, and Rev. Frank Storey, formerly of Fluvanna, goes to Andrews. Rev. A. J. Cockrell goes to Weinert.

Rev. R. O. Browder will pastor the Dunn church, and Rev. A. T. Mason is the new Fluvanna pastor. Mason formerly was at Paducah.

Rev. S. H. Young, former Snyder minister, will be district superintendent for the Stamford district, and Rev. Cal C. Wright, still another former Snyder pastor, was appointed district superintendent of the Abilene district.

Rev. C. A. Long, long-time minister and evangelist, was returned as district superintendent of the Sweetwater District.

Annual conference sessions were reported unusually well attended by Scurry Countians at the conclave, and salaries for the ensuing year will be best in recent years—it was announced.

Major Roy O. Irvin Is German Prisoner Wife Here Advised

Joy, almost beyond measure, was in store for Mrs. Roy O. Irvin, wife of Major Roy O. Irvin, Third Batallion of the 36th Divison, Saturday when the War Department notified her Roy was alive.

Major Irvin, reported by the War Department on October 16 as missing in action, is a prisoner of war in German hands.

Roy, former county superintendent and former county school teacher, was captured, along with numerous other American officers, at Salerno, Italy, when Allied troops invaded that area.

Word received via grapevine source indicates that First Lieutenant Leonard Spence, with the First Batallion of the 36th Division, also reported missing in action—is alive today. This word, if confirmed, will be happy tidings for his wife and two children, Peggy and Margaret, at Emory.

A Chin Full

Whether the wooly black whiskers are intended as camouflage or for South Sea island beauty, we'll have to admit that M. M. Clark of Snyder, seaman first class, who is serving in the New Guinea area, grows a nice crop of chin hay. The picture above, sent to Snyder relatives, shows the former local man with a five-month growth on his face that's a honey. Clark is the son of Mrs. Stella Clark of East Snyder. He sailed from the West Coast May 12.

Turkeys Scarce On Markets This Year Say Buyers

Dwindled supply of turkeys available for the Thanksgiving market became apparent this week as Snyder and other Scurry County buyers wound up their purchases for the season. Crop of only about one-third of normal for the county was estimated by veteran turkey buyers.

Snyder produce men figured that entire county production this year would total only about 40,000 pounds Turkey settings in the spring were greater than usual, the buyers state, but survival was the poorest in many years, due to summer heat and poor range conditions because of drouth.

Most Snyder buyers paid 27 and 29 cents per pound on the pool basis, with prospect of additional payments to be made when the birds are sold at Northern and Eastern markets.

Other produce prices Tuesday in Snyder were: Cream, 53 cents per pound; eggs, 36 cents per dozen. Egg prices were down from a 40-cent price of three weeks ago, when the government dumped huge stores of eggs on the open market in the East.

New AAA Leaders Being Named Today In County Balloting

Community elections for naming community committeemen for the 1943 Agricultural Adjustment Administration are being held in Scurry County today (Thursday), according to Johnny Ammons, county administrator for the AAA. The committeemen will compose the administrative body for the government-sponsored AAA work for 1943.

Three committeemen from each community will be named, nine county communities being included in the set-up. The 27-man board will meet within a few days to determine county policies of the AAA set-up for the coming year.

Election of one delegate from each community also will be made at today's balloting to serve as a group from which a three-member advisory board will be named. The advisory board works in conjunction with Ammons in administering the program of the AAA.

Present county board is composed of S. L. Terry, J. J. Henry and Joe B. Adams.

Ginnings Hit 18,110 Bales at Season Ends

Scurry County's cotton season is about 92 per cent over, if the consensus of opinions of ginners of the area are to be taken as authority. A check-up by County Agent Ed S. Hyman Wednesday revealed this belief among the county's 12 gins.

Total ginnings, as recorded by the county agent, through Wednesday afternoon stood at 18,110 bales. On the basis of this week's total and the condition of the crop, calculations are that it will crowd the county to make the 20,000-bale mark when the season is closed.

CAMPAIGN IN SCHOOLS WILL OFFER PRIZES

Awards Posted for Schools Getting Highest Per Capita Rate and Individuals to Be Paid

Scurry County still has enough scrap metal to play a vital part in continuing to lick the Axis, if gathered up and sent on to smelting plants in the nation-wide scrap metal drive now underway.

This was the consensus of opinion of the meeting of a steering committee for the forthcoming scrap metal drive held Wednesday night, when plans for the drive were outlined. While it was generally accepted there is not nearly the amount of metal left in the county that was gathered in the last November 9 drive, there still is much unmoved scrap that can and must be assembled and shipped to concentration centers soon if Scurry County is to do its part in the nation-wide campaign to replenish the fast-waning supply of scrap metal at American smelters.

E. E. Kirkpatrick of Austin, state salvage office administrator, urged Scurry County to again do its part in the forthcoming drive. Captan W. E. Turner of the Big Spring Bombardier School, regional coordinator for a 16-county area of which Scurry County is a part, will be in general charge of the drive. E. O. Wedgeworth is county chairman.

It was decided at Wednesday night's session that a contest would be conducted through the schools of the county, with prizes going to the schools collecting the most scrap on a per capita basis. This plan would give all schools of the county an equal chance at the prize money.

Sixty dollars in prizes will go to the three winning schools in the following amounts: First prize, $30; second prize, $20; and third prize, $10.

Individual prizes amounting to $40 will be distributed as follows to the students who bring in the most individual scrap: First prize, $10; second prize, $8; third prize, $5; fourth prize, $5; and 12 $1 prizes.

A special committee consisting of Ed S. Hyman, F. G. Sears, Johnny Ammons, Lyle Deffebach and Mrs. Gaston Brock, was appointed to work out details of the drive and rules and regulations will be published in next week's Times.

Thanksgiving To Be Observed by Stores

Scurry County will observe its second holiday during November next Thursday, when practically all business activity will cease for observance of Thanksgiving Day, a check-up revealed last Wednesday.

Practically all business houses in Snyder have indicated they will be closed for the day. The bank and post office will observe the holiday.

Snyder Schools, as well as most of the smaller institutions of the county, will be closed for two days on the week-end—Thursday and Friday.

Soldier Jack Blanchard Visits.

Private Jack Blanchard of Camp Wolters, Mineral Wells, was a week-end guest in the home of Mr. and Mrs. Ixon Joyce and daughter, Bettye Jean. Blanchard was carried back to camp by Mrs. Joyce and Bettye Jean and Mrs. Wayne Williams and daughter, Mary Ellen, Monday.

Publisher Omits Names of Hunters For Venison Meat

Although they were a little sheepish about announcing the fact to a Times reporter, about a score of Scurry County deer hunters hied themselves to antler territory over the week-end. The season opened Monday.

The venison seekers went to Mason County, Brewster County, others to a New Mexico sanctuary, and one party went to the Panhandle.

The Times publisher, at the risk of failing to be remembered by some choice steaks upon return of the nimrods, skips the names of the county hunters.

Supply of deer over the state is said to be greater than for several years, and number of hunters failing to go this year because of gasoline rationing, scarcity of ammunition and other reasons is expected to permit an all-time high carry-over of the fleet footed animals.

Rollins Brothers Return to Texas Same Week as Casualties from African and Pacific War Zones

Private Robert Rollins, along with many other fighting men, is back in sunny Texas after spending a long time in sunny Italy. Private Rollins, son of Mr. and Mrs. Junce Rollins of Andrews and Snyder, is now in the quiet of the McClosky Hospital at Temple receiving medical attention for wounds sustained in the invasion of Italy near Salerno the early part of September. Army authorities attached to the hospital at Temple authorized the news that men arriving Sunday were from the state's own 36th Division.

It was the first American announcement that this long-trained outfit has seen severe action in the the Italian invasion.

This bunch of brave soldiers were only a small segment of the whole division, and they all appeared to be overjoyed in being back in Texas, according to army officials.

It was disclosed that the Germans were waiting for them above the beaches when their boats slipped through the bay of Salerno to disgorge the first Allied continental invasion army. The landing force barely escaped disaster.

Private Rollins said, "The Germans had it all figured out. They were waiting in the hills for us everywhere."

Rollins sustained a severe concussion on Salerno Beach the day of the invasion, but fought on for seven more days before that injury and one received previously in North Africa forced him out of action.

"The landings were plenty rough," said Rollins. Off the beach the tanks rolled in. Seven in a bunch hit us. We got to our hill objective seven miles inland, but enemy armored units were waiting for us there. It is going to take longer to take Italy than a lot of folks thought the way would last."

Another Rollins boy came home last week and visited with friends and relatives at Snyder. He is Lelton, older brother of Robert. He as well as Robert was wounded in action, but in the South Pacific months ago, and little had been heard from him for months.

Lelton, with the air corps operating out of Australia, while in combat duty one day was shot near the heart and bailed out of the plane, on which he was tail gunner, and landed in a Japanese nest on New Guinea. Lelton states that he remained in New Guinea in Jap custody for some time and received medical attention.

He happened to be one of the lucky boys to be on an exchange boat which landed several days ago ago on United States soil.

Before Lelton went overseas he was in a national guard division. While in Snyder last week he visited with a sister, Mrs. Kate Green, and other relatives and friend. He stated that it certainly felt good to be home again to see all the good people here.

The WOMAN'S Page

Emma Woodard and Doyle Crowder Wed

Emma Woodard, daughter of Mr. and Mrs. John Woodard of the Lloyd Mountain community, became the bride of Doyle Crowder, son of Mr. and Mrs. Frank Crowder of the China Grove community. The newlyweds were married October 20 in Colorado City at the home of the officiating minister, Bro. Charles Heron, Church of Christ minister.

The bride wore for the single ring ceremony a soldier blue wool crepe ensemble. She chose to wear black accessories.

Mrs. Crowder is a 1942 graduate of Snyder High School, where she was popular among the younger set.

Crowder attended Dunn High School, where he was outstanding in athletics and school activities. Since about a year ago he has been employed at Avenger Field, Sweetwater. The couple is making their home at Sweetwater. They spent the past week-end in Snyder, Dunn and Lloyd Mountain with relatives and friends.

Thanksgiving Social Attended by YWA

Young Woman's Auxiliary members of the First Baptist Church gathered at the home of Mary Frances Sheid, president, for their annual Thanksgiving social.

Guests played a number of games before being served refreshments. Those present were: Mrs. J. W. W. Patterson, sponsor, Daurice Worley, Martha Lou Henley, Evelyn Clark, Louelle Eades, Ruth Davis, Jacqueline Harper, Lela Harper, Johnnie Jean LeMond, Maxine Jones, Mary Bell Weathersbee, LaRue Autry, Fay Dean Norred and Helen Joy Taylor.

Demonstration Club Notes

Estella Rabel, County Agent

Union Club in Gathering.

The Union Home Demonstration Club met in the home of Mrs. J. L Carrell. Mrs. J. D. Adams talked about the women in the Bible, Mrs. Carrell gave 10 things we should be thankful for and Mrs. Virgil Jones gave a Thanksgiving poem and Mrs. Howard Hoque presented the "Origin of Thanksgiving." Achievement reports were given and some pretty garments made from things at hand were shown. Food canned was also displayed. Present for the meeting were: Mmes. J. B. Adams, Mel Andress, J. L. Carrell, Walter Coonrod, Jess Hall, R. L. Jones, Virgil Jones, Leverette Lewis, Fritz Mogford, Paris McPherson, Oceil Parks, Luther Vaughn, Howard Hogue, Robert Chambers and Estella Robel. The next meeting will be held in the home of Mrs. Walter Coonrod the night of December 9, which will be a Christmas party to which all families in the community are invited.

Tri-Community Club Meets.

Twenty-one articles at a cost of less than $40 is record of Mrs. J. W. Coffee as she made her clothing report at the home of Mrs. Hubert Robison, Wednesday, November 10. Mrs. Coffee reported making 13 dresses, 1 gown, 1 blouse and 6 suits for herself and her daughter. Mrs. Jess Green reported 1,024 dozen eggs sold; Mrs. Hubert Robison collected 100 pounds of tin cans; Mrs. F. H. Patterson reported selling 3,291 pounds of butter fat. All the women had gardens and canned all the food they possibly could.

The ladies had their Thanksgiving program and then planned their family Thanksgiving dinner to be held November 23, at the home of Mr. and Mrs. Marvin Lemons.

The hostess served chicken sandwiches and cocoa and cake to the following women:

Mmes. Guy Stoker, Marvin Lemons, Jess Green, Byron Pitner, J. W. Coffee, Roy Lunsford, Tom Brooks, Pete Brooks, F. H. Patterson and Estella Rabel.

Club Council Meets Nov. 27.

County Home Demonstration Club Council will not meet until the fourth Saturday, which is November 27. All clubs in communities are having their achievement programs and annual reports will be given at this meeting.

Turner Club Hears Reports.

Turner Home Demonstration Club met at the Turner School for its achievement and Thanksgiving program. Interesting reports were made by the members present of the many things accomplished in their homes to aid the fight for victory.

Each member averaged 250 containers of food stored, and the food demonstrator, Mrs. Oscar Hooper, reported meat canned which her family especially enjoyed.

Mrs. Dee Myers commented on the water bath canning for tomatoes and peaches, saying that she believed the flavor was much improved.

Mrs. Langford showed an attractive robe which she had made for herself, and as clothing demonstrator, reported a bunk bed which she had constructed for her son at the cost of about $6.

Serving the club as new officers are: Mrs. Dee Myers, president; Mrs. Johnny Langford, vice president; Mrs. Oscar Hooper, secretary and council delegate; Billine Flippin, reporter.

Miss Rabel was present for the meeting, and demonstrated the new chicken sandwich, and with it the school teachers served coffee and cookies to the following: Mmes. J. N. Bates, Carl Hairston, Oscar Hooper, Johnny Longford, A. C. Rollins, Dee Myers, A. R. Turner, Ryan, Billine Flippin and Miss Rabel.

Next meeting of the Turner club will be in the form of a community Christmas party, to be given at the Turner School the night of December 17. Everyone is invited to attend.

Dixon-Garrison Rites Said Saturday

Dorin Eula Dixon became the bride of Clyde Benjamin Garrison Saturday, 3:30 o'clock, at the home of the officiating minister, Rev. Roy Shahan.

Mrs. Garrison was dressed in a pretty frock of heavenly blue crepe with black accessories. She wore for a shoulder arrangement an all-white sweetpea and rosebud bouquet.

Both Mr. and Mrs. Garrison were graduated from Hobbs High School. Garrison is engaged in farming near Midway, where the couple will live. He is the son of Mr. and Mrs. B. L. Garrison of that community, and she is the daughter of Mr. and Mrs. T. O. Dixon of the same community.

Methodist Women Plan Harvest Day

"Information Please" was the general topic for discussion when the members of the Methodist Woman's Society of Christian Service met at the church Monday for their third study on "We Who Are America."

Sixteen women were present for the occasion. Next Monday is Harvest Day, which will be held at the Sweetwater First Methodist Church in connection with the preachers' meeting and missionary institute. A covered dish will be prepared for the affair.

Members of the society ask that all of the women of the church remember that the next meeting will be held Tuesday afternoon at 3:00 The lesson will be the last one "We Who Are America." Mrs. H. P. Brown will be leader. General topic to be discussed is to be "A Clinic on American Life."

Marriage of Mary Jo Shield Announced

Announcement is being made this week by Mrs. Eupha Shield of the marriage of her daughter, Mary Jo, to Staff Sergeant Lowrie Spencer Jr. of Utah. The couple was married June 12. Rev. Robinson, pastor of the Methodist Church at Lubbock, performed the ceremony in the church. The couple repeated vows before an improvised altar of greenery and summer cut flowers in large baskets. Tall white lighted tapers in candelabra formed a twilight background.

The bride was dressed in navy blue sheer crepe with matching accessories. Her corsage was made up of gardenias.

Mrs. Spencer was graduated from Snyder High School in 1940, where she was a member of the honor society and Snyder High School Band. She is now a senior as a nurse in Lubbock General Hospital, where she will graduate in June, 1944.

Staff Sergeant Spencer was with the army air corps at Brownsville, and he is the son of Mr. and Mrs. Lowrie Spencer Sr. of Brownsville. He finished school at Brownsville, where he also has been stationed for the past two or three years. He has recently been transferred to Wendover Field, Salt Lake City, Utah.

THESE WOMEN! By d'Alessio

"You told me to write it someplace where you'd be sure to see it!"

Dinner Party Honors Navy Man on Leave

A dinner party was given last Thursday evening in the home of Mr. and Mrs. Edward Cox in North Snyder, honoring Van U. Meador, chief petty officer, who is here on furlough. He is stationed at Great Lakes, Illinois.

Games were played prior to the following guests being served dinner buffet style: Guest of honor, Rozelle Franks, J. L. Bunch, Juanita Lewis, Ruth Bunch, Leslie Thompson, Jennie and Mr. and Mrs. Olen Gerrard, Mr. and Mrs. Lee Bunch, Mr. and Mrs. Ray Amos, Mr. and Mrs. W. B. Cox, Mr. and Mrs. Alton Wilson, Wayne and Dean, and Carlos Ray Adams.

Mrs. Leslie Hosts Culture Club Group

Woman's Culture Club members gathered at the home of Mrs. W. W. Leslie Monday afternoon for their annual Thanksgiving program.

Leader for the afternoon was Mrs. A. P. Morris. The program was arranged on "Collect for Women." Roll call was answered with "a thought for the day." Mrs. Morris discussed thoughts for Thanksgiving from the year 1921 to 1943.

Mrs. Alice Northcutt gave an interesting paper on "Thanksgiving in the New World." Mrs. I. C. Mowery concluded the program with a paper on "Thanksgiving on the Home Front."

Pie and coffee were passed to 13 members.

Merrian Crowder, who is attending Abilene Christian College, is listed on the honor roll at the college for the first six weeks of the second semester. Requirements of the honor roll are compiled by a registrar and composed of students who are in the upper 10 per sent of the class in two or more courses. Miss Crowder is the daughter of Mr. and Mrs. R. G. (Buddy) Crowder of the Round Top community.

Baptist Girls' Class In Tuesday Social

Rainbow Girls Sunday School Class of the First Baptist Church met in the home of their teacher, Mrs. Edgar Taylor, at 7:30 o'clock Tuesday evening.

The meeting opened with a song, followed by devotional led by Helen Jo Graham. After an enjoyable evening spent in playing various games, refreshments were served to Frances Eades, Louise White, Laura Mary Coonrod, Glenda Fay Huffman, Emogene Eades, Helen Ruth Lloyd, Effie Lou Stewart, Laura Dean Jenkins, Mary Alice Price, Helen Jo Graham and Durelle Stokes.

Banks Enteretain Relatives at Dinner

Mr. and Mrs. C. L. Banks were host and hostess Sunday for lunch to a group of relatives from Sweetwater and Cuthbert.

A Thanksgiving dinner was prepared and enjoyed by the following: Mr. and Mrs. T. E. Pope, Mr. and Mrs. Tom Pope, Mr. and Mrs. Thurman Alton and children, Patsy and Ann, Mr. and Mrs. Guy Streman, and Mr. and Mrs. H. S. Coker, all of Sweetwater, and Mr. and Mrs. Buster Lewis and small son, Laddie Frank, of Cuthbert. Mrs. Tom Pope is a sister of Mrs. Banks, and Mrs. Lewis is the daughter of Mr. and Mrs. Banks.

LaOma Woolever and Army Sergeant Wed

Mr. and Mrs. E. E. Woolever announce the marriage of their daughter, LaOma, to Staff Sergeant Thurman Floyd of Marysville, California, where he is stationed. The couple read vows at the Methodist parsonage in Marysville recently.

Mrs. Floyd wore for the single ring ceremony a frock of powder blue wool in two-piece. She wore navy accessories and a corsage of pink rosebuds.

The bride is a 1942 graduate of Snyder High School, and until her marriage was employed by Consolidated Aircraft Corporation in San Diego, California.

Sergeant Floyd is the son of Mr. and Mrs. Arthur Floyd of Tatum, New Mexico. He has been stationed at Pearl Harbor, Honolulu, for the past three years. He was there at the time of the attack of the Japanese. He has been back in the United States since June.

The couple plans to make their home at 779 Shasta Street, Yuba City, California.

Presbyterian Guild Meets in Boren Home

Members of the First Presbyterian Church Guild met Monday evening in the home of Frances Boren to hear an interesting book review on "So Little Time."

The Boren home was attractively arranged with a Thanksgving motif. On arriving guests enjoyed a delightful Thanksgiving supper prepared buffet style. Place-cards and other table arrangements carried out Thanksgiving colors.

Following the supper the following enjoyed the book review given by Mrs. Gerald Gordon: Mmes Bruce Murphy, Joe T. Johnston, Jake Green, Leland Herod, James K. Polk, Bob Spencer, Gene Smith, Cecil Moore, W. W. Leslie, Horace Roe, Armor McFarland, Dorothy Jerrell, I. C. Mowery, Oscar Maples and E. O. Wedgeworth.

Gerraards Give Party for Van Meador

Mr. and Mrs. Olen Gerrard were host and hostess Saturday evening when a number of guests arrived for a play party. The occasion was to honor Van U. Meador, chief petty officer from Great Lakes, Illinois.

Among games played was a ship building contest. J. L. Bunch won the prize.

Following the ship game, refreshments were passed to the honoree, Rozelle Franks, J. L. Bunch, Juanita Lewis, Ruth Bunch, W. J. Fuller, Jerry Pitner, Mr. and Mrs. James Earl Lewis, Mr. and Mrs. J. A. Merritt Jr. and sons, Mr. and Mrs. Jesse Campbell and daughters, Mr. and Mrs. Alton Wilson and sons and Mr. and Mrs. Ed Cox.

Wilmena Mull was accompanied to Snyder and Fluvanna from Brownwood by Geraldine Murray of Adams, Wisconsin. Miss Mull and Miss Murray spent the week-end with Miss Mull's parents, Mr. and Mrs. William Mull at Fluvanna. The girls are roommates at Brownwood, where they are employed.

Get-Together Group Pieces Quilt at Meet

Members of the Get-Together Club met Tuesday with Mrs. A. L. Deere. They helped to piece a quilt for the hostess.

After piecing the quilt, members enjoyed refreshments passed by the hostess. Those present were Mmes. Olon Gerrard, Fay Clements, Grace Daniel, T. K. Jones and Edward Cox.

Mrs. Burge Takes WU Manager Course

Mary Hindex of Mangum, Oklahoma, is in Snyder as the new girl at Western Union office located at the Manhattan Hotel. Miss Hindex will be here until some time in December, when Mrs. Alden Burge, who holds the position, arrives back from Springfield, Missouri. Mrs. Burge left early part of last week for Springfield to attend a Western Union managerial school. She will hold the position of a Western Union manager when she returns.

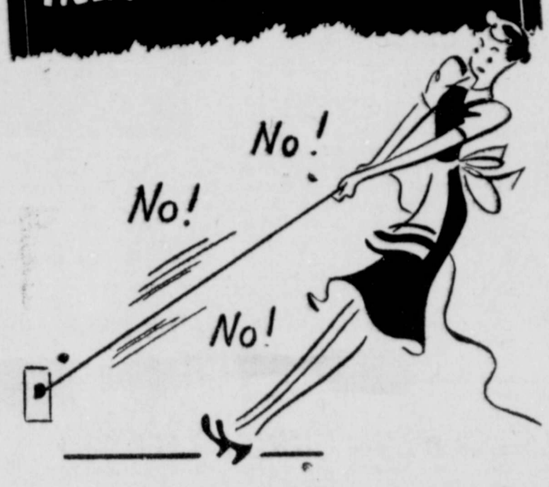

Wedding announcements at Times.

HELPFUL HOUSEHOLD HINTS

WAR demand for rubber and copper means your electric cords must last for a long time. So give them proper care. Don't play "tug of war" like the young lady above. Take a firm grasp on the plug itself and pull it out quickly.
How to INCREASE the LIFE of Your ELECTRIC CORDS

When you're finished with appliances with detachable cords—irons, toasters, etc.—pull out wall plug first, then appliance plug.

Coil cord loosely over hooks of vacuum cleaner. Be sure cord is free of knots or kinks. Avoid bends; they break insulation.

Don't run cords under rugs where they'll be walked on. Keep cords away from radiators and steam pipes. Don't wrap them around hot appliances.

Take care of little woobies before they become big. Repair frayed cords with friction tape. Bend prongs of loose-fitting plugs to make them fit securely.
How to conserve eyesight and light!

Eyesight and light are both vital to the war effort. Use them wisely by following these suggestions.
1. Clean lamp bulbs and bowls regularly with a damp cloth. Dry throughly before using.
2. Use shades with white linings that reflect light, not absorb it.
3. Keep all lights properly shaded to avoid harmful glare.
4. Arrange furniture so one lamp serves two or more people if necessary.
5. Always turn off lights in unoccupied rooms.
Don't waste Electricity just because it isn't rationed—use what you need, but need what you use.
TEXAS ELECTRIC SERVICE COMPANY
J. E. BLAKEY Manager

FIRST SUBSIDY PAYMENTS FOR MILK ARRIVE

Checks Totaling $660 to 160 Milk Producers Designed to Offset Rising Feed Costs

Dairy subsidy payments to Scurry County milk producers went through the Scurry County AAA office this week to 160 farmers and dairymen, Johnny Ammons, county AAA administrative officer announced Wednesday. Checks totaling $660.56, representing payments for October production, were paid to producers.

Payments are made as supplementary government subsidy allowances to producers to offset rising feed costs, Ammons announces. Producers of 17 pounds or more of butterfat per month may qualify for the payments.

Scurry County milk producers who wish to receive payments under the dairy feed payment program should save evidence of milk and butterfat sales for presentation in applying for such payments, according to S. L. Terry, chairman of the Scurry County AAA committee.

Rate of payment for Scurry County dairy producers will be 50 cents per hundred-weight for whole milk deliveries and six cents per pound of butterfat sold in cream and butter.

Application for payment on October milk and butterfat deliveries should be made to the county AAA committee between November 1 and 30. Applications will be received at the county AAA office, southeast corner of the square, where assistance is available for preparing them.

Applications for payment on November and December deliveries will be made January 1 to 10. The current dairy feed payment program of the War Food Administration, designed to partially offset increased costs of feed, covers the period of October 1 through December 31, 1943.

To apply for payment, the milk producer has to present proof of his sales in the form of the customary sales slips, receipts, stubs obtained from the milk purchaser, or in some other form acceptable to the county committee. Evidence of feed purchases will not be required.

After receiving the application with satisfactory evidence of milk deliveries, the county committee will write a draft on the Commodity Credit Corporation in favor of the producer. This draft can be cashed at any bank.

THE POCKETBOOK of KNOWLEDGE

Longbotham Earns First Leutenancy at Marine Corps Base

Weldon M. Longbotham, who entered the marine corps September 7, 1942, has been promoted to the rank of first lieutenant. This promotion came September 30, according to marine officials. Lieutenant Longbotham received his commission at Quantico, Virginia, November 14.

Weldon went overseas early this year with a replacement batallion and shortly after arriving "somewhere in the South Pacific" was assigned to the 1st Marine Division, the division which made the initial landing at Guadalcanal. Recently this division received a presidential citation for its meritorious work in action.

Weldon is the some of Mr. and Mrs. Victor Longbotham of Hermleigh.

CHURCHES of CHRIST SALUTE YOU

Romans 16:16

FACTS ABOUT OUR BIBLE

Did you know that our Bible has the most interesting history of any book in the world? Did you know that it is the most unique book in the world in almost every way? Probably there are many who do not realize this. We live in a land of Bibles. We are surrounded by them. We can buy one in the five-and-ten-cent store for only a few cents.

Yet, there was a time when the Bible was the highest priced book in the world. There have been times when men would give their lives for the privilege of reading it, but they have given their lives that you and I might have the same privilege. Yes, the history of the Bible is written with tears and blood.

Then, too, from the monetary consideration, the Bible has been the highest priced book. The Gutenburg Bible was sold in 1926 for the sum of $106.000. The highest priced book ever sold up to that time was $60.000 and it, too, was a Bible. If you and I would realize more fully the price men have paid in order that we might have the Bible, we would treasure it more highly than we do. We take it for granted too much.

The Bible is the most widely distributed book in the world. It has been published in more than 1,000 languages and dialects. Each year the circulation of the Bible runs into the tens of millions. The Bible is the best seller every year! It outsells the gayest of fiction. The publishing houses at the present time are not able to supply the demands for Bibles. A few years ago a London department store sold 10,000 copies in six weeks. The manager of the store declared, "There is only one book in the world of which any business firm would dare to order 100,000 copies."

Though the Bible is the most widely circulated book and the best loved book in the world, it has at the same time been the most violently hated. Men have appeared in every century with the avowed purpose of destroying it. The pen, the sword and all other means have failed. Voltaire, the famous French infidel, boasted that while it took several men to write the Bible "up" he would prove that one man could write it down. He declared that within 100 years it would be forgotten or found only in some museum. Mr. Voltaire has gone the way of all the earth, and the Bible is still "living and active." In fact, the very house in which he lived later became a store-room for Bibles. Other infidels, such as Paine, predicted substantially the same fate for the Bible. Time is demonstrating how false their prophecies were. The Bible, still very much alive, continues to gain new fame and glory.

The largest book in the world is a Bible. It is eight feet across, weighs 1,094 pounds and contains 8,048 pages. The smallest Bible in the world is one-half the size of a postage stamp. It cannot be read without the aid of a magnifying glass. During an exhibition in Chicago in 1931 this small Bible was protected by a $15,000 insurance policy.

The Bible was the first book ever printed from movable type. This was done by Johannes Gutenburg and was finished in 1455. It took five years to set the type and print the book.

The Old Testament was first written in Hebrew and later translated into Greek. This Greek translation is called the Stepuagint. The New Testament was first written in Greek. Our English Bible is a translation from the original Greek language.

There have been various translations of the Bible. These are known as "versions." Hence, we have the King James Version, the Revised Version, etc. The Bible you have in your home is probably a King James Version, also known as the Authorized Version. It was translated by 47 scholars of England in 1611. For beauty of diction and majesty of style it is unsurpassed. It has proved to be the world's most poplar edition. However, so far as accuracy is concerned, it is surpassed by the Revised Version. This version was completed in the latter part of the nineteenth century. The American Revised Edition was published in 1901. There are a number of versions in modern speech, and they are all accurate enough that you can learn the plan of salvation from any one of them. The American Standard Revised is daily growing in popularty. All of these versions tell the same story, although there may be some difference as to a few of the words and expressions used.

The Bible was first divided into chapters in 1250 A. D. It contains 1,189 chapters; 929 in the Old Testament and 216 in the New Testament. The entire Bible was first divided into verses in 1551. It contains 31,173 verses; 23,314 of these being in the Old Testament and 7,959 in the New. The entire Bible contains 773,692 words and 3,566,480 letters.

The middle chapter of the Bible is the 117th Psalm. This is also the shortest chapter. The longest chapter is the 119th Psalm. The longest verse is Esther 8:9, and the shortest is John 11:35.

I implore you to study the Bible. You can obtain a good education from this rare volume. Dr. William Lyons Phelps has well said, "I thoroughly believe in a university education for bath men and women; but I believe a knowledge of the Bible without a college course is more valuable than a college course without the Bible." Read it! Study it! Obey it!—Raymond Kelcy.

Fluvanna, Harry Pickup and Richard Robbins, Alternate Ministers; Lloyd Mountain, Ernest Finley, Minister; Ira, Dewey Pruitt, Minister; Hermleigh, Wendell Broom, Minister; Dunn, Cline Paden, Minister; Snyder, Raymond Kelcy, Minister. (Paid Advertisment)

Health Hazards of Winter as Dangerous As Those of Summer

Seasonal health hazards for young children are to be guarded against in the winter-time just as carefully as they are in the summer-time in the opinion of Dr. George W. Cox, state health officer.

"Every mother is familiar with so-called summer complaints which affect small children, but certain winter diseases can be just as harmful and are just as likely to make thei rappearance unless proper precautions are used," Dr. Cox said.

In the group of winter diseases Dr. Cox included influenza, tonsillitis, pneumonia, bronchitis, asthma and even diphtheria when a child has not been immunized. Any such disease affecting a child's respiratory or breathing system is apt to be very serious and only too often fatal. Pneumonia often develops from a neglected cold or may follow a severe case of measles or whooping cough. Bronchitis condition may also prove to be an after effect of these diseases and these respiratory ailments are much more difficult to combat successfully than the digestive ailments which are prevalent in the summer-time and known as summer complaints.

"These winter diseases are especially dangerous to babies and very young children," Dr. Cox stated. "Nearly all of them are spread from the secretions of the nose and mouth. Children not in vigorous health are naturally more susceptible to these complaints and the first line of defense against them is to strengthen the child's power of resistence against disease," Dr. Cox advised. "The second step is to keep them under medical supervision and the third is to make sure that they avoid contact with those who have coughs, colds or fevers."

Pounding Given for New Snyder Pastor

Old-fashioned pounding was given Rev. and Mrs. O. B. Herring, new Snyder Methodist Church pastor and wife, at the Wednesday evening prayer service of the local congregation. It was the newscomers' first public appearance on their new field of work, following assignment to the Snyder church at last week's meeting of the Northwest Texas Conference at Lubbock. Food and other items were included in the pounding.

Herring comes to the Snyder pastorate from Post, where he has served two years. He replaces Rev. I. A. Smith, who was assigned the Post Methodst Church. Smith had served the Snyder church as pastor for five years. The Smiths moved to Post Tuesday.

Seaman First Class Gilbert M. Fields of Daviswille, Rhode Island, is spending a 28-day leave with his wife and other relatives. Gilbert served 11 months on the Bermuda Islands. He is the son of Rev. and Mrs. J. F. Fields of Midland.

Three Additional Girl Scout Troops Assured Leaders

Scurry County's Girl Scout Association, according to Mrs. Gretchen Kidd, field advisor, made important progress this week in perfecting the three troops of girl units in Snyder.

Leaders of the Brownies, as announced by Mrs. Kidd, follow: Mrs. Wayne Williams, Mrs. C. R. Cockrell and Mrs. P. W. Cloud.

For the younger intermediates, 10 to 14 years of age, directors are Francis Boren and Mrs. A. D. Dodson Jr.

Mrs. Johnnie Lee Herod and Mrs. Katherine Sharp have charge of the older intermediates, 14 years of age and older.

Responsibilities of the county Girl Scout organization, as outlined by R. H. Odom, county chairman, include:

"Make Girl Scouting available to all who want it. Help Girl Scouts give service to the community;

"Explain Girl Scouting to parents, get their interest. Make sure the public knows what Girl Scouts are doing. Enlist cooperation of people with hobbies;

"Provide leaders with opportunities to take training. Raise whatever money is needed for activities and help leaders carry out material policies and standards."

The three Snyder Girl Scout troops, Mrs. Kidd reports have as a fundamental aim the development of girls along physical, mental, emotional, moral and spiritual lines.

People in any county community interested in securing a Girl Scout troop are urged to contact Odom at the earliest date possible.

Ceiling Prices Set For Turkey Sellers On Retail Markets

Maximum price for live young turkeys affecting consumers in the Scurry County area was listed this week by J. B. Mooney, district price executive of the Office of Price Administration. Prices were listed to avoid confusion in the minds of people reading previously quoted prices which dealt with the maximum prices to be paid by wholesalers for the live young turkeys.

Producers selling to the consumer have a maximum retail price of .4394 cents per pound for a live young turkey, Grade A, weighing 18 pounds or less. If sold by group one or two stores, the maximum price for the turkey would be .4461 cents per pound, and by group three or four stores, .4424 cents per pound.

Turkeys in the drawn (oven dressed) Grade A classification, drawn weight under 13 pounds have a maximum retail price to the ultimate consumer of .6215 cents per pound if sold by the producer. If sold by retail stores in groups one, two or three, the price is .6274 cents per pound, and those sold by group four stores are priced at .6166 cents per pound. Prices for old turkeys and all lower grades are priced lower, Mooney said.

Margaret Dell Prim of Odessa was accompanied to Snyder for a weekend visit by Dorothy Terry and Geraldine Shuler. Miss Prim was a guest of her parents, Mr. and Mrs. Dick Webb, and Miss Terry was a guest of her parents, Mr. and Mrs. R. L. (Bob) Terry. Miss Shuler visited with Mr. and Mrs. H. L. Wren.

Only two hour drive to Lubbock, with large stock of monuments and markers to select from. We buy in carlots for cash, with great savings in freight and cash discounts. All work delivered and set by experienced workmen. Come in whenever convenient, you are always welcome.

F. E. Smith Dies of Injuries Sustained in Airplane Accident

Funeral services for F. E. Smith, son-in-law of Mr. and Mrs. A. C. Kincaid, who died last Wednesday morning at Englewood, California, were held Monday morning in the California city, and interment was made in the Englewood Park Cemetery.

Smith, employed as dispatcher at the Douglas Aircraft Corporation plant at Englewood, died as result of injuries sustained Tuesday morning when struck by the propeller of an incoming plane on the plant's testing field, the Kincaids were advised this week. For some reason Smith went onto the field and the plane which struck him evidently went out of control. The victim's left shoulder was cut from his body, and serious head injuries were sustained from which Smith died early Wednesday morning.

Smith was formerly manager of the Western Union office in Snyder several years ago. He is survived by his wife, the former Dell Kincaid, and small son.

Negro Infant Dies Thursday.

Joe Guarcia Jr., day-old infant of Mr. and Mrs. Joe Guarcia Sr., negro tenants east of town, died Armistice Day. Funeral services and burial were conducted Friday at the Snyder Cemetery. Odom Funeral Home was in charge of funeral arrangements.

Berry Cribbs Honor Graduate at School

Private First Class Berry B. Cribbs, son of Mr. and Mrs. J. D. Cribbs of Fluvanna, was graduated recently from the Headquarters Technical School of the Army Air Forces Central Technical Training Command at Truax Field, Madison, Wisconsin.

He was one of the honor graduates of his class, according to the announcement made by Brigadier General S. W. Fitzgerald, commandgeneral of the field. He is being assigned duties in connection with radio activities of one of the air force units.

Maurice Sellers of Lufkin and Corporal Bill Miles of Camp Pinedale, near Fresno, California, are guests this week of Mr. and Mrs. R. N. (Rich) Miller. Corporal Miles is the son of Mrs. Miller.

1943 Ginnings Still Ahead of 1942 Rate

Scurry County cotton ginnings as of November 1 stood at 15,351, it was announced this week by the U. S. Department of Census.

County cotton ginnings up to November 1, 1942, tallied 15,034 bales—317 bales under tabulations made this week on 1943 ginnings up to the same day.

Mr. and Mrs. Harry Stiff and son, James, of Big Spring were Sunday guests of Mr. and Mrs. T. W. Pollard and daughter, Evelyn.

Pop Galyean Seeks Author of Circulars

Considerable agitation has been carried in Snyder this week by distribution of some circulars that contained reading material insinuating reflections on me, the county attorney and Commissioners Court.

I want to say that the circulars were printed and distributed by parties unknown to me and without my knowledge. Anyone having any information concerning the author of the circulars will be justly rewarded by informing me.—J. G. (Pop) Galyean, Constable.

Parole Board in County Praised For Past Record

Scurry County's Parole Board, composed of five members, was cited this week for meritorious work—without fanfare—through the past 11 months.

The county board is composed of: H. L. Wren, chairman; John Stavely of Fluvanna, secretary; J. L. Carrell, H. C. Campbell of Hermleigh and J. C. Beakley of Dunn.

It is interesting to note that the present parole system, as it operates in Scurry and other counties of Texas, was inaugurated on November 3, 1936.

In order to give the average Times reader an insight into our parole system it is necessary to give a brief and concise history of the parole law.

Wren and other members point out that a constitutional amendment makes it necessary that there be a board of pardons and paroles.

After a prisoner legally serves a prescribed part of his term, his case comes before the board. The board's decision is based upon the seriousness of the crime for which the man was convicted—his criminal record before conviction and his conduct while in prison.

Primary function of the county board is to give the parolee counsel and guidance, and in some instances to assist the person in question to find employment in order to provide for himself and family. Another function of the Scurry County Parole Board, for example, is the protection of society from parolees who might return to their criminal tendencies.

Australia Fights COUGHS

or Bronchial Irritations Due to Colds —With Buckley's "Canadiol"

It's extra fast for Dad—yet gentle and mild for Mother and the Kiddies. This means that those nasty irritating coughs—or Bronchial Irritations—due to colds—that so often disturb a man's sleep—get amazing fast relief. Almost instantly you get the surprise of your life—coughing spasms ease—right away it loosens up thick choking phlegm—opens up clogged bronchial tubes—makes breathing easier. There's real economy in Buckley's—all medication—no syrup. Half to one teaspoonful will convince the most skeptical. Get Buckley's "Canadiol" made in U.S.A., the Cough Mixture that outsells all others in Australia, New Zealand, Canada and many other countries on merit alone!

IRWIN DRUG STORE

Street at Dermott Protested Back in Heyday of Town

A lot of dust was brushed from the pages of early-day Scurry County history this week when J. P. Billingsley, county clerk, ran across a letter written October 13, 1911, by Frank M. White, Dermott town lot salesman, regarding an interesting controversy that had arisen in the northwest county town site.

In a letter to the Hon. Fritz R. Smith, county judge, and the Commissioners Court, White said:

"The running of a street through our property, as planned by Mr. P. S. McDermott, would not only cut off a valuable triangle, but will seriously disarrange our plans looking to the plotting of the streets parallel to the Santa Fe tracks and would cause us at least the loss of 10 lots.

"If," White concludes, "the petitioners want a road east of the Santa Fe right-of-way, we will give a 60-foot street east of and immediately joining the Santa Fe right-of-way, free of charge and dedicated to public uses."

At this point in the building of Dermott—and as many old-timers of the county will recall—the town had a brilliant future, a brick store and bank, a 14-room hotel, all under contract, eight-stand gin and other improvements.

War Board's Duties Being Sliced by AAA

Breaking up of duties of the Scurry County War Board is underway this week in the Scurry County Triple A office, according to Administrative Officer Johnny M. Ammons.

The war board, which heretofore has been in charge of rationing of war machinery and implements, trucks and other transportation for farmers, wiring allotments, etc., will no longer act in these matters. The duties will be handled hereafter by the advisory committee of the AAA.

Rehashing of the duties of the war board is being done on orders of the federal agricultural administration office at Washington.

Horace Greeley Adams III of Maple Hill, Kansas, arrived in Snyder Tuesday as a guest of his bride-to-be, Wynona Keller, and her family, Mr. and Mrs. John Keller. Greeley and Miss Keller have made plans for their wedding for Tuesday night of next week.

Medal Awarded Posthumously to Snyder Soldier

Posthumous award of the Soldier's Medal was made to Mrs. Faye Lee Rogers of Snyder, mother of Sergeant John Y. Stewart, who was killed by a bomb explosion while trying to rescue comrades in Liberia, at ceremonies on the parade ground of Lubbock Army Air Field last Friday afternoon.

As related here, young Stewart saw a crippled bomber return to its base and crash in landing. The ship ignited. Knowing that the plane contained bombs the young Texan was attempting to rescue members of the crew when an explosion took his life.

The medal was presented to the soldier's mother by Colonel Ralph E. Holmes, commanding officer at LAAS. A formal retreat and presentation of such an award is deemed one of the highest tributes to be paid to American war heroes. The soldier's medal is presented to enlisted men for outstanding courage and heroism.

Besides Mrs. Stewart, other Snyder people attending the ceremonies at Lubbock were James Stewart, brother of the fallen soldier, and wife, Mrs. N. B. Moore, Mrs. W. P. King and Carol Ann Stewart.

Following the awarding of the soldier's medal, the Snyder party was taken on an inspection trip of the Lubbock Army Air Field by field officials. The car was chauffered by T. Jay Rogers, another Snyder man at the field.

New Leasing in Area Follows Discoveries

Recent oil discoveries in the West Texas Permian Basin, which centers in the Midland area, have caused intensive leasing play in this region. Some buying has been reported in Borden County, in which Scurry County owners and operators are interested.

Gulf Production Corporation has increased its holdings in Northwest Dawson and Western Borden Counties by adding some 7,000 acres southeast of the Dean block. Northern Ordnance, Inc. has bought a block of 3,000 acres in Central Borden County, and B. C. Mann of San Angelo has taken some spreads in Borden County.

Martin's Jewelry Is New South Side Firm

Martin's Jewelry is the name of Snyder's new business establishment in the middle of the south side of the square which opened this week in the former Every Woman's Beauty Shop location.

S. Barber Martin, who comes here from Comanche, is operator of the new firm. Watch and jewelry repairing will be featured by the concern. A small stock of jewelry will be added soon, Mr. Martin states.

Accompanying Martin to Snyder are his wife and four-year-old son, Junior. They are living at 2206 32nd Street.

Sergeant Alton E. Blakely, who has been stationed at Riverside, California, spent several days recently in Snyder with relatives ar friends. He reported back for camp at McCord Field, Washington. He is with the 36th Bomb Squadron.

Woncile Brooks spent the week-end in Abilene with her sister, Yvonne, who is taking student nurse training as a member of the cadet nurse corps at Hendrix Memorial Hospital. Wyvonne began her training there in June.

Mayme Lou Stokes of Lubbock was a week-end guest of her parents and other relatives in Snyder. Miss Stokes is attending Draughon's Business College at Lubbock.

Another Shipment of Salvage Paper Ready

Another shipment of salvage paper, cardboard and rags is ready for movement to the Dallas plant of the Texas Paper Salvage Corporatios, according to J. M. Barnett, in charge of the paper salvaging depot at the rear of the Colwell Tailor Shop.

Barnett advised a Times reporter Tuesday that a maximum truckload of approximately 15,000 pounds was bundled and awaiting pick-up by a Johnson Motor Lines truck.

Last shipment of the salvaged material, which went out about three weeks ago to the Dallas concern, netted $87.25, county salvage officials advise. The shipment contained 13,940 pounds.

Baptist Young Folks Enjoy Hobo Party

Members of the Intermediate Department of the Training Union of the First Baptist Church met Friday evenng in the church basement for a "hobo" party.

A large group of old-time hoboes and also many of the latest modern type of hoboes were present for the occasion. A camp fire was constructed, and interesting stories were told. Games were also enjoyed as the fire burned.

Following the games, the group was directed to the Texas Cafe, where they were served hot dogs and other refreshments.

Those present were the members and the following intermediate department workers: Mrs. Jesse Lemons, Mrs. Hollis Browning, Mrs. Roy Irvin, Mrs. J. D. Mitchell and Mrs. Arthur Duff. Some parents and other visitors also were present and enjoyed the evening of fun.

Lanham Riley Still Wins Rodeo Honors

Lanham Riley, San Angelo Army Flying Field soldier, who learned to rope in the Snyder area, and hasn't forgotten anything since joining the army, won a six-calf match over Vic Montgomery of Ozona Armistice Day in the feature of Henry Clark Jr.'s rodeo at the Spring Creek arena near Mertzon.

Riley's time on all six of his calves was 112.7, compared with 149.5 seconds for Montgomery.

Riley also won two other free-for-all calf ropings; Allen Holder, the old-timer from Rankin, was a winner in a wide-open match. Joe Elliott and Riley Branch of Stiles took the wild cow milking.

Gas Coupons to Be Worth More Gallons Per Unit

Unit value of B and C gasoline coupons issued beginning December 1 will be changed to five gallons, the Office of Price Administration informed Scurry County motorists this week, but emphasized that this will not mean more gascline for motorists.

Present value of supplementary coupons of these types is two gallons in the East and Midwest and three gallons in the Far West.

The new five-gallon coupons will be issued with the designation B-2 and C-2 on their face. As the present B and C and B-1 and C-1 coupons run out, they will be replaced by the new higher unit value coupons. In the meantime outstanding coupons issued before December 1 will continue to be valid for only two gallons in the East and Midwest and three gallons in the Far West.

OPA said that while the change does no tmean additional gasoline for holders of supplemental ration books, many car owners will buy in five-gallon units as they customarily did before rationing, and savings in manpower for the trade and local rationing boards will result, since they will be required to handle fewer books and coupons.

A coupons are not affected under the new arrangement.

Gerald Shied Earns Air Corps Promotion

A recent announcement from the office of Colonel Robert W. Warren, commanding officer of the Big Spring Bombardier School, tells of the promotion of Private First Class Gerald W. Sheid, son of Mr. and Mrs. J. O. Sheid of Snyder, to corporal.

Corporal Sheid attended Snyder High School and worked for Johnson Motor Lines in Sweetwater. He is now a mechanic attached to the 812th Bombardier Training Squadron. A brother, J. O. Jr., is stationed at Camp Roberts, California.

Gale Smith Funeral Scheduled Thursday

Funeral services for L. Gale Smith are scheduled this (Thursday) afternoon, 4:00 o'clock at the Snyder First Christian Church. Rev. McCoy of Big Spring, assisted by Rev. M. W. Clark, will officiate.

Smith died Wednesday night in a Roscoe hospital, following a two-week illness. A former Scurry County resident, Smith moved with his family to Odessa about 18 months ago. He was employed at the courthouse for several years.

More information concerning the death will be carried in next week's Times.

Ensign and Mrs. Earl Sunderman were week-end guests of Mrs. Sunderman's mother, Mrs. W. W. Hamilton.

Several out-of-town persons were in Snyder last week to attend funeral services for Mrs. C. M. Fish. They were Mrs. Frank Morrow of Gorman, Mrs. A. M. Allen of DeLeon, sisters of Mrs. Fish, Mr. and Mrs. Turner Collie and Mrs. Wilbourne Collie of Eastland.

Loraine Church Will Host Next Session of Baptists of Section

Loraine Baptist Church will be host to the next monthly session of the Mitchell-Scurry Baptist Association. Date for the meeting is Tuesday, December 14, local Baptist leaders state.

"Salvation" was topic for discussion at the November gathering, which was held at the Wastella Missionary Baptist Church Tuesday of this week. Good attendance by representatives of the two-county area was reported at the Wastella meeting.

Those attending the workers' conference at Wastella Tuesday from the Snyder First Baptist Church were Mr. and Mrs. L. N. Periman, Mrs. G. B. Clark Sr., Mrs. John Taggart, Mrs. A. H. Merritt, Mrs. L. A. Cope, Mrs. Roy Shahan, Louella Eades and Rev. Roy Shahan, Snyder pastor.

June Jones and J. L. Fargason Jr. of Abilene spent the week-end in Snyder with their parents, Mr. and Mrs. Willard Jones and Mr. and Mrs. J. L. Fargason Sr.

Slight Increase Made In Pension Payments

Average actual old age assistance payment for Scurry County recipients during November went up from $20.72 to $20.80, the State Department of Public Welfare announces.

Old age assistance rolls over the state showed a November decline of 462 cases, blind rolls made a net gain of 68 cases and the aid to dependent children rolls declined with 695 children.

Four from Here Attend Meeting Of Farm Bureau

Four Scurry County representatives attended the two-day meeting of the Texas Farm Bureau Federation in Dallas Tuesday and Wednesday. They went as delegates elected Saturday afternoon at a gathering of the Scurry County Agricultural Association.

C. N. von Roeder, president of the county organization that was renamed from the Texas Farm Bureau several weeks ago, headed the group. Others making the trip are W. J. Ely, C. E. McCormick and Ross Williams.

Von Roeder, at the Saturday meeting, reported that a membership of 78 had been registered in Scurry County in the Scurry County Agricultural Association.

Farm organizations want higher prices for agricultural products, not to enable producers to accumulate wealth, but to prevent a critical shortage of food and fiber, J. Walter Hammond, president of the Texas Farm Bureau Federation, said Tuesday as delegates gathered for the annual convention. Hammond, who resides at Tye, predicted serious food shortage if farmers do not receive more for their products.

The Scurry County delegates are expected home today (Thursday).

Finley to Speak on Radio.

Bro. Ernest Finley, who is minister for the Lloyd Mountain Church of Christ, is scheduled to make a talk Monday evening during the annual Homecoming program at Abilene Christian College. The program will begin at 8:30 and will be a statewide hook-up. Don H. Morris, president of the college, is also a speaker for the evening. Other parts on the program will be selections from the Wildcat Band and A Capella Chorus.

Snyder General Hospital

Medical patients entering Snyder General Hospital this week include: Tommy McDonnell, Mrs. J. L. Clark, Mrs. A. N. Surratt of Fluvanna and Sam Field. Walter Martin is the medical patient mentioned in last week's issue of The Times instead of A. C. Martin.

Four tonsillectomy patients were in last week. They are Mrs. Joe Caton, Carolyn Nobles, Mrs. Leonard Spence and Sue Ellen Mowery.

Verna Jane Caldwell was in for minor surgery, and only one patient remained in the hospital from last week's report, Mrs. C. W. Roberts.

Many New Scouts in Territory Registered

Many registrations of new Boy Scouts in the Snyder District were acknowledged by the Buffalo Trail Council office this week. Included in the registrations were:

Joe Dave Scott, David Lynn Headstream and Louie Vaughn, Troop 38 of Snyder; Boline Browning and Gene Ramsey, Troop 39 of Fluvanna; and Glenn Phillips, Troop 75 of Hobbs.

New Cubs include Franklin Woods, Jimmie Early and Joe Mark Garrison, Pack 7 of Snyder and a new Cub Pack at Pyron with Arvol Allen as Cub Master, M. M. Hastings, Schley Adams and Frank Andrews as pack committeemen. The list of Cubs for this new pack includes:

Bobby Gilmore, Jerry Robertson, Ralph Glass, Garner Young, Johnny Seale, Frank Cleckler, Curtis Talley, Dickie Wall, Wendell Ness, Bobby Kinney, Rodney Hallman, Landrus Glass and Charles Lauw.

Mrs. Tom Davis, Mrs. Gibson, Mrs. Elmer Gladson and Mrs. C. E. Walker were in Sweetwater Tuesday on business.

Mrs. Harold Brown Reviews Willkie's Book, "One World," for Snyder Lions

"Wendell Willkie says this is a war of liberation of suppressed peoples of the world, and that America must play a leading role that the other peoples of the universe are inviting the United States to take in guiding them," Mrs. Harold Brown, Snyder club woman, told members of Snyder Lions Club at the Tuesday luncheon in the Manhattan Hotel when she reviewed Mr. Willkie's book, "One World."

Mrs. Brown's review was a concise, 25-minute digest of the best seller volume which the former Republican presidential candidate wrote following a world tour several months ago.

Mrs. Brown prefaced her remarks by saying that she was not campaigning for Mr. Willkie, but because she believed the work greatly expanded America's concept of world conditions today, "One World" is a classic of the war era.

Observations of Mr. Willkie and conclusions reached from a 31,000-mile air tour of leading world countries led him to say that America should awake to the responsibilities of a major role in post-war readjustments. Mr. Willkie invited Madame Chiang Kai Shek to make the recent visit to America, Mrs. Brown related. He visited the Pacific war zones, the Middle East, Turkey, Russia, Siberia and China.

"The world admires America," the reviewer quoted Willkie as saying in his book, "and what concerns the far-away world should concern American people more seriously in the future. America's socalled supremacy is being tested, and the place the United States takes in the reconstruction period of tomorrow will determine America's standing for years to come."

President Wayne Boren announced that the scheduled ladies' night had been postponed until November 30, when a Thanksgiving motif will be featured. Regular meeting will be held next Tuesday, but no day meeting of the civic group will be held the following Tuesday, Boren stated.

Lion Tamer E. O. Wedgeworth led the clubbers in a sing-song that featured "I'd Rather Belong to the Lions" and "When It's Springtime in the Rockies."

Superintendent of Snyder Schools E. L. Farr will give the second in the series of vocational talks by Lions Club members at next Tuesday's meeting, it was announced by chairman of the program committee.

The club membership voted favorably on a motion to suggest an all-day closing for the early December county-wide scrap metal drive. County Chairman Wedgeworth stated that tentative plans called for a campaign similar to the one conducted last November 9, when more than 1,000 tons of scrap metal was placed on the Snyder courthouse square.

Besides Mrs. Brown, other club guests were S. P. Gaskins, Buffalo Trail Council Boy Scout executive of Sweetwater, High School Principal M. E. Stanfield and Harold Brown.

Another Try Would Remove Payment of Poll Tax for Texas

Chairman Van Nuys, democrat of Indiana, predicted Senate judiciary committee approval this week of a House approved measure to outlaw collection of state poll taxes as a requirement for voting for federal officials.

He called the committee into executive session at Washington for a final vote with Southern democrats threatening a filibuster if an attempt is made to call it up on the floor.

Van Nuys said he expected the bill to be reported out by a "substantial majority."

The chairman said a report will not be filed with the Senate before middle of the week and it must lie over a full 24 hours before a motion can be made to take it up.

The determination of 16 Southern democrats to prevent floor action prompted administration leaders to seek a compromise under which consideration would be postponed until early in the new year. They represent eight states—Arkansas, Texas, Tennessee, Alabama, Mississippi, Virginia, South Carolina and Georgia—which levy a poll tax.

Third Car of Wheat Being Booked Here

A third carload of feed wheat is being booked by Scurry County feeders this week through the Scurry County Triple A office and McClinton & Noble Feed Store, Johnny Ammons, AAA administrator told The Times yesterday. Feeders desiring to participate in the distribution of this emergency feed are asked to contact one of the above-mentioned agencies.

Two carloads of the feed wheat have already been distributed to county feeders during the past several weeks, Ammons announces. This wheat is being sent into the region through federal feed control channels to relieve the protein feed shortage.

First Baptist Church

The pastor will speak on the following subjects Sunday: "Christ the Eternal Answer to the World's Needs" (Hebrews 13:8) and "The Dynamics of the Christian Life" (II Corinthians 5:14-15. We would urge you to read these scripture texts as well as the entire chapters in which the texts are found. Your presence will be appreciated in any of the church services.

The pastor will also preach at Polar school house at 3:30 p. m. Sunday, November 21.—Roy Shahan, Pastor.

HOW TO Save POULTRY FEED

To keep birds from fouling and spoiling feed, put a wire or reel across top to keep birds out of feeders.

Build feeders with V bottoms. This makes it easier for birds to eat every last scrap of mash.

One good-sized rat will waste 70 pounds of feed a year. Pile feed on racks off floor and get a good cat.

We have other suggestions to help you produce MORE FOOD for VICTORY....

Thanksgiving

With all of the civilized world of today in turmoil and upheaval, we can, in this great land of ours, be thankful on Thanksgiving Day—which is just around the corner—for so many things in life that one could hardly pause to enumerate our blessings.

"We could give thanks this year to an omnipresent God and Creator if we had but bread," a family in Italy wrote Red Cross officials only last week. . . . "And we could be thankful, as we pause in the heat of battle to eat an extra bite, if we knew our folks back home were living their best each day and prayed for our safe return," an M. P. notes in his V-mail to a loved one.

Thanksgiving in the midst of battle and unbroken family circles, can be one of the year's joyous occasions—truly in the American style—if we so will. The will to do, as you know, counts most, after all.

Builders of Womanhood

Now that Snyder has three Girl Scout troops, and the organization needs a big boost from Scurry County citizenship, one can look upon the troop leaders and assistants as builders and molders of clean, wholesome womanhood and builders of community and nation-wide assets. Any girl can be a better girl, when directed along the proper lines and associated with a group of other girls whose minds are placed into channels of wholesome development.

When the spinning wheel of time shows some broken notches from the yesteryears, older women of Snyder and the county can well recall when girls had no opportunity to form themselves into Girl Scout units and develop along the highest lines of moral standards. Naturally, a girl does not have to belong to the Girl Scouts to be good, but her chances—when in the Girl Scouts—to better prepare herself for an abundant life are so great as to merit the unqualified and strong support of every red-blooded and clean-minded citizen.

All Can Help

In 1914, when the first World War started, annual fire losses in the United States were a little over $200,000,000. They increased to over $350,000,000 by 1918, and rose to exceed $550,000,000 in 1925.

When the second World War started in 1939, our annual fire losses had been reduced to about $225,000,000 in spite of tremendously increased property values over 1914. From that date on, however, losses began a slow but steady rise, and now stand at slightly more than $325,000,000. This is a great improvement over the sharp jump in losses during World War I, particularly with present enormously increased values.

"Although losses have been advancing," said J. M. Thomas, president of the National Board of Fire Underwriters, "fire prevention activities have been yielding results of importance to the war effort.

"Even before America was forced into the war, the National Board of Fire Underwriters had established advisory boards on fire prevention in both Army and Navy Departments. Its engineers are occupied full time and now augmented by nearly 100 engineers from boards and bureaus maintained by the insurance companies. A similar group of experienced men survey navy shore establishments and private shipyards. In addition, thousands of war plants have been surveyed and recommendations made for fire safety."

Now is the time to redouble efforts to curb fire losses and prevent such a rise in this controllable waste as took place during and aftetr the first World War. We can all help win the fire prevention battle on the home front and save lives as well as money.

Editorial of the Week

SINGED WINGS

The people of the United States have been flying so close to the socialistic candle that some of them have had their wings badly scorched. They have been obsessed with the idea that they could get something for nothing by having the government furnish it. As a result, they are loaded with taxes to pay for "gifts" and government debts.

At last they are awakening to the fact that tax-paying private industry is more beneficial to the nation than tax-exempt government projects which must be paid for by taxes taken from the people. In speeches, newspaper editorials, radio talks and advertising copy of many industries, there is outspoken sentiment that the natoin must go forward on the solid foundation of private initiative and enterprise which built it.

Recognizing the singed wings warning, Eric A. Johnston of Spokane, president of the United States Chamber of Commerce, recently said: "There is some danger of America becoming totalitarian. Of course, it would come under a form different than we understand it now. Unless that danger is averted, the peace of the world is endangered. Too much power should never be placed in the hands of government. We should tell the whole world that we will not preside at the liquidation of the American way of life."

It's worth getting our wings singed if it teaches us to keep away from the fire.—The Mission Times.

Men must be decided on what they will not do, and then they are able to act with vigor in what they ought to do.—Mencius.

Current Comment

BY LEON GUINN

Texas, traditionally rich in political history and native land of some of the nation's most unusual political characters, will get a considerable amount of publicity during the coming weeks if the U. S. Supreme Court declares the so-called Texas "white primary" unconstitutional. . . . The case, according to veteran Supreme Court observers, hinges on the right of the democratic party convention in Texas to determine who shall vote in primary elections. . . . Negroes, barred under primary rules, claim it amounts to a denial of suffrage since the democratic party is virtually the only party in Texas.

☆

Fact that the Supreme Court has accepted the case for review, although it upheld the law several years ago, indicates it will probably reverse itself and is causing a number of democratic Congressmen to worry about the probable decision—pointing out that it will add to the administration's troubles in the Lone Star State. . . . Despite the rumors rampant in otheer states, including such neighboring places as Oklahoma and Arkansas, Texas has a lot less trouble with racial affairs than the average outsider might believe. . . . What few racial riots have occurred in the state this year, including a few at army camps over colored soldiers, have been of a minor nature and nothing to cause undue alarm.

☆

According to information available this week from authentic sources, Washington hopes at the moment that the Japs can be cleared out of the Solomon Islands by the end of November, a year and three months after the first U. S. landings on Guadalcanal. . . . Fact that we are now pressing the Japs mighty hard in the Southwest Pacific area recalls to mind the abortive predictions of a certain military leader last year, who declared the Nipponese "would be cleared from the Pacific area in sx weeks." . . . This period of time has passed in review several times over since the statement was made, and some of the ruthless yellow bellies are still hanging on—despite the futility of their positions. . . . Too, we have not yet developed, as the Moscow conference indicated, aerial warfare against Japan proper—a factor that has allowed the Japanese to produce unhindered the munitions of war and weapons of death that will make the Jap military machine harder to crush than ever. . . . Hard-pressed Russia, bled white of 10,000,000 men, could not possibly spare any bombers to open aerial warfare on Japanese cities, and our air force until now has been too busy elsewhere to divert men and machines to a job we know will have to be done sooner or later.

☆

Hints from a hundred sources indicated Tuesday that the next four to six weeks will be a crucial period in the war in Europe. . . . If Germany, for example, is going to crack, this will be the logical time before another winter takes its toll, and, on the other hand, if the Nazis dig in and decide they can hold on, chances are that the European phase of the war will enter new stages next spring and summer. . . . Germany, say what you will, has punch to fight on for a long time if the high command decides it is worthwhile. . . . Oil supplies are adequate yet, and the oil deficit caused by the Ploesti raid has been more than offset by new plants in the Sudeten.

☆

That recurrent nightmare of economists, post-war planning, is, at last, beginning to come out into the open since the administration has, with certain misgivings, given official blessings by naming James F. Byrnes chief demobilizer. . . . Although each government agency has some pet plan up its sleeve on post-war planning and reconversion to peace-time pursuits, all efforts toward dismantling our military machine to a major extent will be closely coordinated whne the proper time arrives. . . . WPB, for instance, is studying the problem of moving out war production equipment and getting the machinery of peace oiled up for production of civilian goods again. . . . We have a long way to go yet before the war is won, but those whose minds run along the lines of peace do not want America "unprepared" for winning the peace after the sound of battle has died away.

☆

No clear-cut policy has yet become available on just how OPA will materially reduce the high cost of living, but the agency is considering a new pricing system for non-food products designed to bring prices down considerably. . . . The new plan, it is pointed out, would set up basic cost-of-living items such as overalls, house dresses, underwear, etc., and roll back both prices and profits. . . . The new plan, however, is not certain for adoption, since Chester Bowles, OPA administrator, is against cutting down the number of controlled items.

☆

Coffee supplies, it was revealed this week, may take a turn for the worse during the next three months—since the Mediterranean has been reopened. . . . Ships returning now from India make the trip by way of the Suez Canal and do not call at Brazilian and other Latin American ports to pick up coffee cargoes for the United States. . . . Office of Price Administration officials who had coffee stamps included in the new No. 4 ration books were considerably more far sighted than most people will give them credit for, realized that just such a bottleneck in shipping might be brought about before the end of the year 1943.

Rationing Data For Month Given By OPA Officials

Rationing information for Scurry County consumers, as released by the regional Office of Price Administration, lists valid coupon dates and other information, as follows:

Sugar—Stamp No. 29 of War Ration Book IV became good November 1 for five pounds and will be valid through January 15, 1944. Nos. 15 and 16 in Book I, used for canning, which expired October 31, if still unused by consumer may be taken to local War Price and Rationing Board and used in making application for sugar certificate.

Meats and Fats—Brown stamps G, H, J and K are all valid and all expire December 4.

Processed Foods—Blue stamps X, Y and Z in Book II good through November 20. Green stamps A, B and C in Book IV good through December 20. Jams, jellies, preserves, fruit butters and some marmalades now rationed will be purchased with blue and green stamps.

Shoes—In addition to stamp No. 18 in Book I valid indefinitely for one pair of shoes, stamp No. 1 on airplane sheet of Book III became valid November 1 and will be good approximately six months.

Gasoline—(Gasoline coupons must be endorsed immediately upon receipt). No. 8 A coupons good for three gallons each expire November 21. No. 9 A become valid for three gallons each on November 22 and expire January 15, 1944. B and C (two gallons each), T (one gallon), R and TT (five gallons each), all issued for three months with any coupons left over valid for further use. D coupons are good for one and one-half gallons for motorcycles.

Tires and Inner Tubes—All new tires, all new inner tubes and truck recaps, used trailors and implements and all used inner tubes require no certificates.

Tire Inspection—A book holders must have third official inspection by March 31, 1944; B book holders, fourth inspection by February 28, 1944; C book holders, fourth inspection by November 20; and T book holders inspection every six months or every 5,000 miles, whichever comes first. Speedometer reading should be written on record.

Used Commercial Vehicles—Certificate of transfer is required and must be signed by both seller and buyer and presented by buyer when he applies for gasoline at his local War Price and Rationing Board.

Other Rationing—Certificates issued by local board required for new cars, domestic cooking and heating stoves, bicycles, typewriters, rubber footwear and from USDA War Board for farm machinery and pressure cookers.

Willis W. Green Gets Sergeant Promotion

Corporal Willis W. Green, 25, son of Mr. and Mrs. W. J. Green of Fluvanna, has been promoted to the grade of sergeant. He is a member of a regiment of the 9th Division.

Sergeant Green left the United States October 23, 1942. He has participated in the landing and invasion of French Morocco and in the battles of Maknassy and Sedjenane in North Africa and in the Sicilian campaign.

Before he was inducted into the army July 8, 1941, Sergeant Green was a well known farmer at Fluvanna. His wife, the former Leola Massingill, resides at Vealmoor.

COTTON QUIZ

Christian Scientists Plan Special Service

Thanksgiving Day service of the Christian Science Society, 1912 26th Street, will be held at 1:00 o'clock Thursday morning, November 25, as part of the annual custom for Thanksgiving Day services conducted by the Mother Church, First Church of Christ, Scientist, in Boston, Massachusetts, and its branches throughout the world, local members of the group announced Wednesday. Order of service includes the reading of a lesson sermon on the topic of "Thanksgiving."

Opportunity will be afforded those present to give testimonies of gratitude appropriate for the occasion. The public is invited.

Mrs. Jim Cloud of Post spent the week-end in Snyder with Mr. and Mrs. H. C. Moore.

Hermleigh Boys Hurt in Collision Of Autos Friday

Jimmie Charles Chorn, 16, and Bill Don Kimzey, 14, both Hermleigh High School students, received bruises and lacerations Friday afternoon, one mile east of Merkel, when a head-on collision between a truck and a car killed two members of an Americanized Armenian family from Massachusetts.

Chorn and Kimzey, who boarded the truck at Sweetwater, were en route to Abilene to see a football game when the accident occurred.

Hurled from the automobile beside Highway 80, where his body was crushed and then hidden by an avalanche of maize seed in 100-pound bags, was Charles G. Garabedian—while other injured members of the family were rushed to the Sadler Clinic.

George Tashjean Jr., one-year-old grandson of the fatally injured Garabedian, died at the clinic shortly after arrival. Remaining members of the family, Mrs. Araxy Garabedian, 49; Mr. and Mrs. George Tashjean Sr., each 27, the infant's parents, and James Garabedian, 12, remained in critical condition over the week-end.

Herman O. Barham, 17, was driver of the truck Chorn and Kimzey were passengers in and was en route from Brownfield to Blooming Grove with 22,000 pounds of sacked maize seed when his truck collided with the Garabedian family of Waltham, Massachusetts. He was uninjured.

The truck driver, Barham, told Sergeant J. L. Cearley and Patrolmen Oscar A. Avera and E. E. Powell that an automobile traveling east in front of him slowed down and as he applied the air brakes against the heavy load the truck swerved to the left, causing the two machines to collide.

Scout Honor Banner Competition Grows

Scoutmasters are reminded that the regular court of honor for the Snyder District Boy Scouts is slated November 29, and they will need to collect advancements du at the next Boy Scout meeting and send them in to the Buffalo Trail Council office at Sweetwater so that they may be returned to Willard Jones, chairman of advancements, in time for presentation at the court of honor.

The court of honor banner, awarded to the best troop at each court of honor, was won by Troop 38 last time, but the competition is getting stiffer. Troops are reminded that attendance of visitors, especially parents count heavily toward winning the banner.

Food Census to Be Conducted in Region

You may look for a census enumerator to drop around, soon, to help Scurry Countians and the nation determine availability of 115 types of goods.

As a result of the nation-wide study, the Office of Civilian Requirements will have information from consumers to aid in carrying out its function in maintaining an adequate supply of necessary civilian goods within war-time limitations.

Josephsons Attend Colorado City Rites For Mrs. Edwards

Mr. and Mrs. Marcel Josephson and daughter, Sandra Jean, were in Colorado City Tuesday to attend the funeral of Mrs. G. C. Edwards, who passed away Monday. Mrs. Edwards was formerly employed as housekeeper for Mr. and Mrs. Josephson. She was with the Josephson family for five years.

Mrs. Edwards left Snyder first part of February to make her home with her daughter, Mrs. Aletha Mikula in Colorado City. She died following a short illness. Services were held from the Kiker Funeral Home chapel in Colorado City.

Mrs. Edwards was born Ollie Holen in Briton, South Dakota, July 31, 1889, and married George C. Edwards in Britton in 1910. Her husband died in 1936. She was well known in Snyder and Scurry County.

Two children survive Mrs. Edwards. They are Carey H. Edwards of Compton, California, and her daughter, Mrs. Mikula of Colorado City.

Burial was in Colorado City Cemetery beside the grave of her husband.

Mrs. Woodrow Ballard and Kenneth of Ontario, California, are in Snyder this week visiting with Mrs. Ballard's brother, Olen Gerrard, and his wife.
