Letter From The Editor

Dear Readers,

We regret the size of The Hart Beat this week. And we are sure you are not too pleased with it either.

However, due to the lack of advertising and news, we don't have any other choice but to "cut it down" in size.

We would sincerely like to have a person in Hart who would take the responsibility of getting news, taking pictures and selling advertising so that you would be receiving a more interesting paper.

Evelyn Davis is still serving as correspondent and will take all news items, and we are still coming to Hart each Monday to try to get advertising and other news and pictures that Mrs. Davis can't get.

However, if this trend continues, we will be forced to either run four pages each week or put the news in the Olton Enterprise as it was in the very beginning. WE DO NOT WANT THIS anymore than we feel that you do. But because of costs involved in getting the newspaper out, we may have no other choice.

As we stated, our need is for someone to take the paper and make it grow....and we feel that a person making their home in Hart is that person...not someone 15 miles away.

If anyone would like to talk to us about this we'd welcome your suggestions. Call 285-2631 and let us know what you would like for your town.

Sincerely,
Sue Cannon

Grain Producers Organizations Oppose CCC's Corn Import

If Texas corn farmers destroyed one-third of this year's crop, the total 1981 Southwest corn supply would be about the same as if Commodity Credit Corporation had not imported 45 million bushels of corn from Minnesota, Iowa and Wisconsin to the area.

Grain Sorghum Producers Association and Texas Corn Growers Association are opposing CCC's sale of this imported corn in the area. GSPA Executive Director Elbert Harp stated, "We believe CCC's sale of this corn in our area to be one of the most damaging actions USDA has ever taken in a regional market. We also believe it to be illegal."

GSPA and TCGA have established a fund to finance legal action against USDA unless this policy is reversed. Corn and sorghum farmers are contributing to the fund at a rate of $250.00 per million pounds of production. (A "million pound" producer stands to lose up to $5,000 because of these sales.) Checks should be mailed to: Legal Fund, Grain Sorghum Producers Association, Box R, Abernathy, Tx. 79311.

The two producer organizations have employed the firm of McWhorter, Cobb and Johnson of Lubbock, Tx. to represent them. Primary attorneys in the case will be David Langston, Tom Johnson and Jack Driskill.

Langston became widely known as assistant to Congressman George Mahon prior to Mahon's retirement in 1979. Johnson and Driskill were selected for their successful experience in other cases involving USDA. In Washington, the group will be represented by Graham Purcell, former Texas congressman and Vice-Chairman of the House Agriculture Committee. Additional Washington representation is anticipated.

Harp encourages producers to call him at 806-298-2543 for more information.

Ed Ammons Named CF Chairman

Lone Star Chapter of the Cystic Fibrosis Foundation announces the appointment of Ed Ammons as Chairman of its 1981 Breath of Life Campaign in Hart.

The Campaign will be held to provide the community with information about Cystic Fibrosis and to raise funds to support research, education and care programs for CF patients.

The number one genetic killer of children, Cystic Fibrosis is inherited and incurable - claiming three lives each day. An estimated one in 20 Americans is a symptomless carrier of the recessive CF gene. Currently, half of all children born with CF will die before reaching their 20th birthday.

Weather Dampens Preparations As Longhorns Look To Season

"Winning isn't everything but it sure beats second place," proclaims a poster in the athletic field house. Winning will be the goal sought by the 1981 Longhorns, says Head Coach Ken Hoskins, "but we're still going to keep the element of fun. We're going to play for fun but we're going to work to win."

"We are really pleased with the boys' efforts and their attitude," Hoskins said.

Thirty-six young men have turned up for the scheduled two-a-days which have fallen victim to the weather. Hoskins said he expects to have four, five or maybe six more come out with the beginning of school this week.

Four offensive and four defensive starters are back from the 1980 squad.

"We're awfully small," Hoskins said. "We only have one weighing more than 170 pounds, so we're going to need to throw and right now, with the weather, we're way behind."

The Longhorns will scrimmage 3A Roosevelt Friday at 6 p.m. in Longhorn Stadium.

Hoskins said he expects all his players to get in the game Friday. "We're going to get a look at everyone."

The following week, Aug. 28, varsity footballers will travel to Lazbuddie and JV players will scrimmage Dimmitt's JV's.

"If we can keep the kids healthy, we're going to have a pretty good year," Hoskins predicts.

Joining him on the coaching staff are returning coaches, Sam Browning and Jim McBroom. Browning works with the offensive line and linebackers. McBroom handles the offensive line, defensive secondary and linebackers.

New coaches are Mark Stroebel and Ralph Granger. Stroebel, who hails from Olton, will work with the offensive line and linebackers. Granger, whose home is Waco, will be coaching offensive backs, defensive linemen and linebackers.

Scrimmage Game Here Friday

Longhorn supporters are invited to come out and root for the Maroon Gang in a scrimmage Friday evening, Aug. 21 in Longhorn Stadium.

"Admission" to the outing against Roosevelt at 6 p.m. is a bar of soap to be used in the athletic department.

Varsity Horns will travel to Lazbuddie Aug. 28 for their final scrimmage before opening the '81 season. JV players will meet Dimmitt in Dimmitt.

SURVIVING A HOTEL FIRE--Vacationing in a high-rise hotel calls for attention to fire safety, says a safety engineer with the Texas Agricultural Extension Service, Texas A&M University System. This begins at check-in. Check to see if windows open and where the escape routes are. If a fire starts, grab your room key and head for the door. If it's hot, stay in your room; otherwise, check the hall and then walk to an exit. Don't use the elevator. If there is smoke at all levels, go to the roof. If in your room, use wet towels or sheets to keep smoke from entering through cracks or vents. Above all, don't panic or try to climb down to jump.
