All Around the Town

by Mary Ann Sarchet

I fail to see the logic in statements made by the First Lady, Mrs. Betty Ford, recently in regard to not eating beef. She has indicated that beef is too high, that cutting down on beef will help the nation's economy and that cutting down on beef will help fight inflation.

Come along with me to the grocery store, Mrs. Ford, and let's compare prices of beef with some other things. It is true that in your Washington, D. C. store things probably cost more than they do in Silverton, but I think the price relationship of the items will be similar.

Let's see—here is a frozen halibut steak at my grocery store. It is marked $2.30 and would be about half enough to feed my growing son, who loves seafoods. I could buy a choice of several cuts of beef (or pork) for $2.30 that would satisfy his appetite. And since I have such a wide selection of beef cuts from which to choose, I could also select from a wide variety of ways to prepare it.

Here we are on the shelf where the tuna and salmon are kept. I observe that 12 ounces of tuna costs me $1.33. When compared to beef, I find there are quite a few cuts I can buy for this same price. You may say, "But tuna can be stretched so far by mixing it with lower priced items." This is true, but ground beef, for example, can also be stretched by adding lower priced items, and I'll bet you can't prepare tuna is as many different ways as you can beef. Have you priced cheese lately?

Mrs. Ford is sick, so I won't bother her with this now; but someday I'd like a detailed explanation of (1) how meals can be better or even just as good without beef; (2) how cutting down on beef will help the nation's economy, and (3) how cutting down on beef will help fight inflation. To me it is the tastiest, best, and still one of the most economical meat dishes I can put on the table.

☆

This is a simple statement of economic fact. Here at the Briscoe County News we can no longer absorb the rising cost of postage and newsprint (the paper your newspaper is printed on). Our subscription rate is one of the lowest we know of anywhere, but it has been our desire to keep the price low so that everyone will buy it. Now we find we must raise our subscription rate, OR ELSE. Starting November 1, the price will be increased a dollar, to $4.50 per year. If your subscription expires soon you may want to hurry in and renew it before the price goes up. We want to keep every one of our subscribers, but we also want to be able to survive the economic disaster which is sweeping the nation, and we just can't do it on $3.50 per year for our subscriptions. Hope you understand and will keep buying your home town newspaper. We'd hate to lose a single one of you!

Ambulance Service Seeking Donations For New Garage

At a meeting of the directors of the Silverton Volunteer Ambulance Service held here Monday night, the decision was made to purchase the property adjoining the City Hall and fire station. The Ambulance Service has the money to buy this property.

It was also decided to ask for donations with which to build a garage to house the ambulance and its equipment. The building cost is estimated at $8,000, and a Building Fund is being started at the First State Bank.

A garage for the ambulance is needed because it is possible that the location now being used to house the vehicle may not be available for this purpose in the future. Adequate facilities for the storage of linens and equipment is not available in the present location.

Having the ambulance garage adjacent to the fire station will be of benefit to the firemen and ambulance attendants, who often work together with the equipment of both departments, especially when there are accidents.

Anyone who would like to donate to this project may do so at the First State Bank or at the Briscoe County News. Checks should be made payable to Silverton Volunteer Ambulance Service Building Fund. The ambulance service is a non-profit organization.

The directors also voted to join the Panhandle Emergency Medical Services Systems, Inc., through which the ambulance service can buy certain equipment that it will need to participate in the Panhandle emergency health network that is being set up under the Panhandle Regional Planning Commission. When this network is established, ambulances will have instant communications with hospitals and doctors in the area, and this will be of special significance to the local people due to there being no doctor or hospital in the county. The directors are also working to secure another training school for ambulance attendants.

Directors attending the meeting Monday night were Wayne Nance, Jerry Patton, Flute Hutsell, A. R. Martin, Mrs. Becky Woods, David Tipton and Charles Sarchet.

Modeling garments in the Terra Cotta CowBelles style show at the Plainview Country Club Tuesday at noon were Mrs. Joe Bomar, Silverton; Mrs. Lawson Smith, Plainview; Mrs. J. C. Rhoderick, jr., Plainview; Mrs. Pat Northcutt, Silverton, and Mrs. Robert Allen, Tulia.

CowBelles Have Lunch, Style Show

The Terra Cotta CowBelles had a large crowd present at the Plainview Country Club at noon Tuesday for a luncheon and style show. Numerous State and Area officers of the CowBelles were present, and Mrs. Tom (Mary Neal) Henry of Happy, president of the Texas CowBelles, spoke briefly asking that everyone interested in beef production write letters to Mrs. Betty Ford, White House, Washington, D. C., extending best wishes for her recovery from surgery and urging her to understand that beef is a good nutritious food item, and that boycotting beef will not help the nation's economy and will not help in the fight against inflation.

Fashions from The Village Shop and Lords and Ladies in Plainview were modeled by members of Terra Cota CowBelles, including Mrs. Joe Bomar and Mrs. Pat Northcutt, both of Silverton. The style show was narrated by Mrs. Bernice May, and background music was played by Mrs. Wayne McMurtry.

Numerous door prizes were given, and those from Silverton receiving door prizes were Mrs. Gordon Lowrey, Mrs. Pat Northcutt, Mrs. Don Garrison, Mrs. Myrt Edwards, Mrs. Lettie Arnold and Mrs. Carroll Garrison.

Attending from Silverton were Mrs. Norman Strange, Mrs. Bill Strange, Mrs. Harold Storie, Mrs. Jack Robertson, Mrs. Charles Sarchet, Mrs. Leo Fleming, Mrs. Doug Forbes, Mrs. Pat Northcutt, Mrs. Bernice May, Mrs. Wayne McMurtry, Mrs. Joe Bomar, Mrs. Gordon Lowrey, Mrs. Pascal Garrison, Mrs. Don Garrison, Mrs. John Wyatt, Mrs. Lettie Arnold, Mrs. Flute Hutsell, Mrs. L. Junior High Owls Earn Big 26-13 Win From Wheeler Colts

There was a good crowd on hand at Wheeler last Thursday evening to watch the Junior High Owls defeat the Wheeler Colts 26-12.

The Junior Owls started the game slowly, trying to get things going against players weighing up to 235 pounds. The whole defense played real hard against big number 41, Grimes. Nick McJimsey intercepted a pass to stop the Mustang Colts.

The second quarter started with a bang, and with only a minute gone, Doug McJimsey spotted a big hole and scampered through it on a 34-yard touchdown run. Doug McJimsey also carried the two-point conversion.

The ball changed hands a lot through the rest of the quarter, and when the Colts "went for it" on fourth down, they failed, and the Junior Owls took over in Colt territory. Quarterback Kirk Durham passed to Halfback Doug McJimsey, and he went 80 yards for another Owl score. The PAT run by Dave Francis failed. The half ended with the Owls holding a 14-0 scoring advantage.

Good defense was seen by John Segura and Bryan Burson in the third quarter. Four minutes into the quarter Quarterback Paul Brannon pitched out to Doug McJimsey, who ran 20 yards for another touchdown. The PAT run by Dave Francis failed.

The Mustang Colts stormed back in the fourth quarter with a 15-yard touchdown. The PAT run failed.

The Junior Owls were having trouble making first downs. The Colts took possession, fumbled, and Mike Cornett recovered for the Owls. The Owls gave up the ball on a long kick by Greg Hill. The Colts worked the ball down field and scored from 10 yards out. The PAT run failed.

In the last seconds of the game, Quarterback Kirk Durham passed to Doug McJimsey for a thrilling 60-yard scoring finale. The PAT run by Dave Francis failed. The long drive home was a happy one for the Junior Owls, who now own a 2-1 season record.

The Junior High and Junior Varsity Owls are playing at McLean today. Game time is 5:30 p.m.

Lions Needing Help

The Silverton Lions Club is seeking volunteers to help reshingle the Scout Hut Tuesday, October 8, at 5:00 p.m.

Scoutmaster Needed For Silverton

Silverton Scouts are searching for a man who will consent to be their Scoutmaster. There has not been an active Scoutmaster in the past several months, and this has caused a decline in interest in Scouting.

Hightower To Be Honored at Supper

Plans are being finalized for a chili supper October 12, 1974 at the airport in Childress, to honor Senator Jack Hightower, Democratic candidate for U. S. Congress. The 7:30 p.m. event is expected to draw 1,500 supporters from the 13th Congressional District.

Tickets are $5.00 each, and may be purchased from Briscoe County Democratic Chairman Jackie Mercer.

Hightower is Democratic candidate for U. S. Congressman from the 33-county district. He is a 10-year veteran of the Texas Senate. State Democratic workers from every county are expected to enjoy Texas-style chili and meet with Democratic candidates as they join to honor Hightower, who will address the crowd.

It is no secret that money is desperately needed for Jack Hightower's campaign, Mrs. Mercer said. "I will be happy to sell you tickets to the chili supper, and you will be helping to elect a Democratic Congressman to represent our District."

Silverton's Owls will host the McLean Tigers in the first District 2-A game of the season. The Owls have been preparing for the game for two weeks, having had an open date last Friday, and early this week each of the Owls took part in a symbolic ceremony in which each player placed a list of the mistakes he made in the previous game in a hole and dirt was placed over it. Having buried their mistakes, the Owls are ready to defeat the Tigers in this important game.

This will be the homecoming football game, and several special events are planned.

The Junior Class is having an all-beef hamburger supper with french fries, tea and homemade pie in the school cafeteria from 5:00 until 7:00 p.m. Price will be $1.75 each, and proceeds will be used to help pay for this year's Junior-Senior Banquet.

Silverton Chapter of Future Homemakers of America are selling mums for the game.

A victory dance is planned by Revue at Tidwell Motor Company.

One girl from each of the high school classes has been nominated and one will be presented as the Football Queen in a pregame ceremony scheduled to begin at 7:15 p.m. The candidates are Christi Northcutt, senior; Kerri Arnold, junior; Lesa Francis, sophomore, and Kim Hutsell, freshman.

A bonfire tonight will be held at the north city limits at the corner of Main and First streets in Silverton. The cheerleaders have extended an invitation to the public to attend the bonfire, the pep rally at a few minutes past 3:00 p.m. at the school, and the game Friday night to help yell the Owls on to victory.

Mrs. Verlin Towe had the misfortune of breaking her elbow Friday afternoon. The break was pinned at an Amarillo hospital, and Mrs. Towe returned home early this week.

Mrs. Pavlicek Seeking Write-In Vote November 5

Mrs. Bertha Pavlicek has authorized the newspaper to make the following announcement regarding her write-in candidacy for re-election as County & District Clerk in the General Election November 5.

"In making this appeal to the voters of Briscoe County for their support in the General Election on November 5th, I would like to say that circumstances have changed since last January when I announced that I would not be a candidate for re-election to the office of County and District Clerk for Briscoe County.

"I have talked with many of the voters in the County who feel that I made a mistake by not placing my name on the Primary Ballot, and I realize now that this is true. I have always enjoyed working as your County and District Clerk, and I would like to serve you for another term in the office.

"This can be made possible with your help —just give me your WRITE-IN VOTE in the General Election on November 5th. I had hoped to be able to get around and visit with all of you personally before the General Election, but this broken leg which I sustained back in May has kept me confined most of the summer, and now that I am able to be out some I must spend all the time at the office that I can.

"If you have been satisfied with the service you have received from the Clerk's office in the past, and would like to see that same kind of service continued, I would certainly appreciate your WRITE-IN VOTE.

"I realize that I have a name which is very hard to spell but don't let that hold you back on a WRITE-IN VOTE. Under Section 60 of the Handbook for Election Judges and Clerks it says 'variations in the manner of writing in the candidate's given name or initials or a mispelling of either a given name or the surname, will not prevent the ballot from being counted as a vote for the write-in candidate where it is evident that the voter intended to vote for that individual', so don't let it bother you if you misspell PAVLICEK."

independent film company that eventually went bankrupt.

After stints as a drug store fountain clerk, a real estate salesman and an electrician for Fox Studios, he returned to Matador in 1927 and accepted a position with Simpson's Drug Co.

It was there that he met Lila Tipton of Caruthersville, Missouri, who was employed for the summer at the First National Bank of Matador. They were married June 22, 1929.

Mr. Meador's first newspaper job was in the advertising department of the Childress Daily Index during the spring of 1930.

Three months later, Grover Mitchell, then owner of the Motley County News, offered Mr. Meador a job at $15 per week. The young newspaperman returned to Matador to work for Mitchell.

That job lasted three months while the depression took its toll. Mr. Meador worked as a roughneck on a piledriver and at a service station during the next months. He also helped build bridges between Matador and Paducah.

In 1931, Mr. Meador struck out for himself when he introduced the Matador Tribune which he had printed in Floydada.

After seven issues, he was forced to cease publication and accepted the job of printing the handset Roaring Springs News, at the town eight miles south of Matador.

In 1934 he acquired a partner and formed the Tribune Publishing Company, which purchased the Motley County News.

In 1935, Mr. Meador purchased his partner's interest.

"Trail Dust" appeared in Meador's first paper and went on to receive an award as best column in Texas in 1934. The column has been quoted in various publications including the Baptist Standard, Reader's Digest and "Quote" magazine.

Mr. Meador's career wasn't all newspapering. From 1948 to 1954 he served as mayor of Matador and his first official act was to cut off the mayor's salary.

An historical marker honoring the veteran newsman was erected in 1972 in Matador by the Texas Historical Survey Committee and the Cimarron Valley Historical Society.

Mr. Meador was named "Texas Newspaperman of the Year" in 1952 by the Dallas Chapter of Sigma Delta Chi, a professional journalism fraternity.

He served twice as president of the Panhandle Press Association and once as president of the West Texas Press Association.

Mr. Meador and the Tribune won about 20 state and regional awards for writing, reporting and general excellence. He was a member of the Sigma Delta Chi Society.

Compilations of his columns have been reprinted as hardbound books and one edition brought him a White House commendation in 1967.

Mr. Meador remained at the helm of the Matador Tribune until earlier this month when he went into the hospital for the first time in his life with a respiratory ailment. It was discovered that he had a large tumor in one lung, and this was removed with about half of the lung. He suffered two strokes while in intensive care following the surgery and was paralyzed before his death.

Surviving are the widow, Lila, who worked at his side in the newspaper business, and a brother, Joe Meador of Paducah.

Ted Wilson, Barry Francis, Ken Sarchet and Randy Clay were in Lubbock Saturday to attend the Texas Tech vs. Texas University football game.

Dear Charlotte,

Ah, at long last I have discovered something that has no generation gap—something that hasn't changed in 40 years—something that my children enjoy as much as I did—lo, those many years ago. What? The YO-YO! True, my yo-yo was made of wood instead of plastic and cost a dime instead of $1.49, but the toy still gives the same soul-satisfying pleasure.

I astounded the children in my house last evening when I picked a yo-yo off the kitchen ledge, slipped the loop on my finger, and let the chicken burn as I vainly executed a Round the World, managed a Walk the Dog and a Rock-A-ByBaby, and proudly showed them a Sleeper and a Butterfly! As their amazed mouths flew open with obvious envy, I pompously reminded them that only uh, a few short years ago, I was the champion yo-yo-er of the Bronte Elementary sixth grade. I recalled with bravado that I had to beat a boy named Cedric who had tousled red hair, pimples, and a talented finger with a Yo-Yo. I didn't tell them that Cedric never forgave me, because he thought it was an unfair contest since I was bigger than he. It certainly was not my fault that at 12 years of age I weighed 130 lbs. and my Buster Brown haircut towered at least 12 inches over Cedric's head! In fact, I'm quite sure I could have beaten him for his position as tackle on the sixth grade football team if I hadn't been a girl!

All of a sudden my nose brought me up to the present, and I knew with dismay that I had yo-yo-ed while chicken burned. I had been quite impressive tho' because I heard a nine-year old boy remark from my back porch, "Boy, Betty, your mother may be old, but she can sure yo-yo. Tell her she'll have to buy her own, 'cause I want mine back!"

HUSTLE AND BUSTLE

The big city throbs with business life, heavy traffic, and the comings and goings and doings of many people. Whether you live in the city or you just come to town occasionally from the small town or farm, you have experienced this hustle and bustle. It reminds you that all life sometimes gets too hurried, too frantic with all we must do. We need a time to stop and somewhere to go to find peace and respite from all this. Have you thought of trying God? Job 22:21 says, *"Acquaint now thyself with God and be at peace."*

How sweet it is to be in God's house, to feel close to Him, to listen to His word. Tension leaves. Peace of soul arrives. Won't you attend God's house this week and see what he can do for you?

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

EVERYONE IN THE CHURCH ..... THE CHURCH IN EVERYONE
