Loraine Votes Approval For Fire Contract

Loraine City Council has signed its rural fire fighting contract with the city and a $2,500 check will be mailed to the city this week.

County Judge Bill F. Carter was having the check prepared Wednesday.

"We will have it over there... to Loraine this week," said the judge. "We want them to have it soon as possible."

The new contract--paying Loraine $40 for each rural fire call plus the $2,500 lump payment--is the same originally offered by Commissioners Court.

Loraine's City Council approved the pact Monday night during a joint meeting with Commissioners Court with only one dissenting vote. Previous contract had expired Jan. 1 and Loraine's volunteer fire department gave notice it would not answer rural calls without a contract.

Commissioners Paul B. Hunter, Drew Cawthron and Moody Richardson along with County Judge Carter met with Loraine City Council in the meeting.

Mayor Bruce Johnson turned the fire contract discussion over to Judge Carter, who read the county's proposed contract and emphasized that the $2,500 lump sum payment would provide Loraine with more money than the city's requested $50 per call pact.

Councilman Bill Scarber presented the motion for approval of the contract. Only "no" came from J. C. (Butsy) Hall, who told commissioners previously Loraine should be paid the same as Colorado City.

Contracts with Colorado City and Westbrook were signed before their old contract expired Jan. 1.

Wright Blocks Shot

Randy Wright goes up to block a shot in Tuesday night's game against Sweetwater. Wright came off the bench in the second quarter to score 11 points and make 9 rebounds as he played a big role in the Wolves' 90-83 victory.

Wolves Win 90-83

Hopkins, Wright Star In Win

The Colorado City Wolves climbed out of the District 3-AAA cellar Tuesday night with an exciting 90-83 win over the Sweetwater Mustangs.

Jerome Hopkins scored 35 points and grabbed 22 rebounds to lead the way for the Wolves in their second district win against four defeats.

The win leaves the Wolves with 18 wins for the season and six defeats.

The loss dropped Sweetwater into a tie for the district cellar with Lake View with a 1-5 district record.

The next two games for the Wolves will both be at home, Friday night against Brownfield and Tuesday night against Lamesa.

Tuesday night's game against Sweetwater was the type of game the Wolves like to play, a running game.

The tempo of the game started out slow and gradually increased.

The Wolves got hot in the final two minutes of the first quarter and mounted a six points lead, 17-11. Then in the second quarter, it was the Mustangs who were hot as they dropped in 24 points to knot the score at halftime, 35-35.

Both teams were playing good in the second half but the Wolves held the upper hand as they scored 30 points in the third quarter and 25 in the final stanza.

The Mustangs scored 23 points in the third quarter and 25 in the final period.

The third quarter scoring made the difference in the game.

Coach Dean Ingram praised Randy Wright who he said was a big factor in the win.

Wright came off the bench in the second quarter and played an outstanding defensive game throughout the rest of the contest.

During the Wolves big third quarter, Wright was responsible for making 11 points and he supplied height and ball handling ability that helped the Wolves deal with the Mustangs full court press that had plagued the Wolves early in the game.

It was the Mustangs press that was partly responsible for the Wolves losing the ball 30 times on turnovers.

Melvin Jackson scored 22 points for the Wolves, John Ridge had 8, David Matthews had 5, Skeet Kimbrell, 7 and Greg Sanders, 2.

Loraine Boys Defeat Roby

One of four District 10-B teams in Mitchell County, the Loraine Boys team, won in games Tuesday night.

The Loraine boys defeated Roby in overtime 66-58 while the Loraine girls lost to Roby 69-35.

The Westbrook boys lost 72-63 in Ira and the Westbrook girls lost to the Ira girls 78-53. Leading scorer for the Westbrook boys was Randy Anderson with 16 points while Roxann Moore led the Westbook girls with 24 points.

In the Loraine boys game against Roby, the Loraine team was behind five points with 30 seconds to go in the game and Don Crawford put up a shot that tied up the game with one second to go.

Michael Jones was leading scorer with 25 points for the Loraine boys. David Minton had 12 and Robert Darnell 10 for Loraine.

Feaster In Pct. 1 Commissioner Race

Orin Feaster, long time Colorado City business man with farming interests, Wednesday announced his candidacy for Mitchell County Commissioner, Precinct 1.

His candidacy sets up competition for the Precinct 1 office with Commissioner W. M. (Marcus) Vest already campaigning for re-election.

Feaster, a native of the county and member of a pioneer family, formerly was partner in the ownership and management of Berry-Fee Hardware for 38 years.

His candidacy, like all other announced candidates for county and precinct offices, is subject to the 1972 Democratic Primary Election.

"I am a property owner and taxpayer of Colorado City and Mitchell County," Feaster stated. "I have always lived in Precinct 1 and know practically all of its citizens and families.

"And, I am familiar with activities and problems pertaining to the office of commissioner.

"If elected Precinct 1 Commissioner," Feaster declared, "I will devote my full time to the duties of this office to the very best of my abilities and to the best interest of the public.

"I will appreciate your support and influence."

Feaster pointed out that he had lived in Mitchell County all his life and was a member of a pioneer family in the Buford community. His parents were the late Mr. and Mrs. H. F. Feaster.

He is an elder of First Presbyterian Church, a graduate of Colorado High who attended the University of Texas.

Feaster, who has been associated with Higginbotham-Bartlett Lumber Company since leaving the hardware business, has long-time farming interests with his brother, Ewen Feaster, northwest of Colorado City and north of Buford.

His wife, Fannie Fay, is a sixth grade teacher in Wallace Elementary.

The couple are parents of a son and 2 daughters, all 3 graduates of Colorado High and Texas Tech--Royce Feaster, finance administrator for Angelina Junior College in Lufkin; Mrs. Orina Fay Petty, wife of a Texas Power & Light official in Waco, and Mrs. Myrna Ray Hill, wife of a Midland rancher.

"I have served the public in private business," the candidate said, "and I believe this experience will be one of benefit to the office and to the citizens of Precinct 1 and Mitchell County."

Guest Speaker 'Talks Birds' At C-City Garden Club Meet

"This is a good time to get away and commune with nature in your own garden," Mrs. J. E. Coles of Iraan told members of Colorado City Garden Club last Wednesday in Community Center.

Mrs. Coles, guest speaker for the afternoon, made the suggestion in a discussion of Purple Martins and other West Texas birds during a program, "Let's Talk Birds."

She described the Purple Martin as "a better and a safer way to combat insects than the use of spreading fog and poison.

"Martins already have the heartfelt thanks of all who know them and understand their place in nature's plan."

In speaking of bird sanctuaries, Mrs. Coles reported that America has come to the realization that some provision must be made for wildlife if it is to continue to exist.

"Any designated place where birds may live in security is a bird sanctuary, which must provide food, water, cover, nesting places and protection," Mrs. Coles continued. "If you provide these things in your yard then it is a bird sanctuary.

"The value of birds are no longer a matter of speculation," Garden Club members were told, "but has reached the point of scientific fact.

"Scientiest have estimated if all birds disappeared from the face of the earth, in nine years time, human beings would cease to exist."

Insects would increase so rapidly they would devour every thing on earth, the speaker explained.

"Birds are the jewels of gardens," Mrs. Coles said in closing remarks.

"Isn't it great how many different kinds of birds there are? Each one so special! God must have cared about them or He wouldn't have made them so beautiful."

Guest speaker for the regular monthly Garden Club session was introduced by Mrs. Sims Palmer.

In a business session, conducted by club president Mrs. Earl Brown, plans were begun for decorating Civic House for annual Chamber of Commerce banquet.

Members also voted a gift to the Environmental Improvement Fund in memory of Mrs. Will Berry.

Guests in addition to Mrs. Coles were Mrs. Wylie Walker, Mrs. Kenneth Butler, both of Loraine; Mrs. A. K. McCarley Sr., Mrs. Orlean Cook, Mrs. Chester Hart, Mrs. Jewell Richter and Mrs. John Hale.

Members attending were Mrs. Earl Brown, Mrs. Roy Davis Coles, Mrs. Palmer, Mrs. John Brown, Mrs. A. H. Jackson, Mrs. E. M. Owen, Mrs. George Willis, Mrs. Bruce Johnson, Mrs. John Bell, Mrs. Ben Elliott, Mrs. W. S. Edge and Mrs. L. J. Taylor.

Kick the number-fumbler habit!

If misplaced telephone numbers give you problems, here are suggestions that can help you.

1. Underline those special numbers in your directory.
2. Keep the phone book near the phone.
3. Have a pencil and paper handy when you talk so you can jot down numbers you may need again.
4. Maintain your own personal directory of frequently called numbers.

No big deal, but those suggestions can save you time and make calling easier.

Southwestern Bell

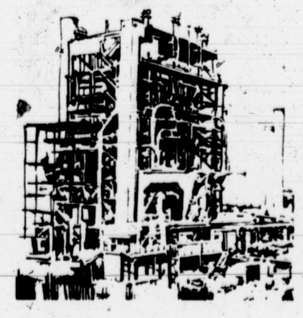

At your service:

$165 million that must go into new facilities in the next two years.

It's a lot of money, $165,000,000. It's the amount that Texas Electric will have to spend for construction of new facilities in the next two years.

About $100 million of this will have to be raised in a very competitive money market at a time when interest rates are much higher than they were a few years ago.

But it's what we *must do* — to provide an adequate and reliable power supply for the growing needs of our customers,

— to assist in the economic growth of our area,

— to help solve some of the environmental problems,

— and to avoid the causes of power shortages that have been experienced in other parts of the country.

Planning and building ahead to keep our system strong is one of our biggest responsibilities to you, our customers. It's what keeps us at your service.

were surprised. McGuire, State Patrolman Kent Cearley, Police Chief Jesse Browning and City Patrolman Pete Upshaw were the officers who arrested Johnson here Nov. 12 shortly after a man said he had been robbed in Sweetwater.

Johnson, wanted in Atlanta, Ga., for armed robbery and also sought by the federal authorities, was moved to Sweetwater with another male companion to face the robbery charge. Here he was accused of possession of a dangerous drug.

A young boy and girl traveling in the same motor van with Johnson were sent home to their parents in Louisiana after it became known they had hitched a ride in the car.

Barrera was in jail for violation of probation from a burglary conviction.

When McGuire and the other officers stepped into the shack Wednesday morning, they may have saved the lives of both fugitives. The pair were asleep and a fire, burning in a 5-gallon can to warm the shack, had set Barrera's bed on fire.

New Product Arrives

Colorado Feed & Seed has just received Bull Shipper, a new liquid animal feed supplement that marks a significant breakthrough in the feeding of cattle.

Bull Shipper is manufactured and sold by Red Barn Chemicals, a subsidiary of Sun Oil Co., D. X. Division.

According to R. J. Hoback, Bull Shipper, being a liquid, is easy to handle and is self-rationing when offered to cattle in "free-choice" feeders.

Hoback pointed out that Bull Shipper provides a labor free way of insuring a successful cattle operation during the winter months for the farmer or rancher.
