Number 24

GOOD TIME PROMISED JULY 4th VISITORS

Local Boy Victim Hobbs Disaster

Stores To Close Monday For Events

Victims Were Blown To Bits By Force Of Explosion

Burial services for James Thomas Broughton, 24, killed Thursday when a nitroglycerine shot exploded prematurely while preparing to "shoot" a well in the Monument pool at Lea county, New Mexico, were held at the First Baptist church Saturday afternoon. Seven others were killed in the explosion.

At the time of his death, Mr. Broughton was employed by the Two State Drilling Company as a derrickman.

He was a son of Mr. and Mrs. J. T. Broughton and was reared in Lamesa. For the past three years he has been working in the New Mexico oil fields. On Thursday the youthful oil worker and his wife and little daughter, Betty Lou visited his parents on North Fourth. Shortly after noon they left in order that he could go on duty at 3 o'clock. The accident occurred about 5:30 p. m.

The mutilated body was conveyed to Lamesa early Saturday morning after it was prepared for burial. The body was taken to the home of his parents.

Services were conducted at 4 p. m. with Professor W. F. Bruce, Cisco, pastor of the First Christian church officiating and assisted by Rev. E. F. Cole Baptist pastor. Interment was in Lamesa cemetery.

Pallbearers were J. Paulk, H. J. Woodul, John T. Sanders, A. G. Barnard, W. B. Burkett, Wade Bartlett, L. Prather, G. McGuire.

Survivors other than his parents include a widow and step-daughter, Betty Lou; three brothers, who are Carl Tyler; Ernest, Kilgore and James Larry Broughton of Henderson. He also leaves two sisters, Mrs. R. E. Jones Lamesa and Mrs. Ted Goodman of Chillsdale, New Jersey.

Seven Others Killed
Seven other men, including a prominent New Mexico financier were killed and four others were reported injured, some of them seriously. George A. Kaseman, about 65, president of the Albuquerque, N. M. National Trust and Savings Bank, who was also connected (Continued on Page 2)

Pasteurized Milk Is Featured For Summer Use By Local Station

This week the Lamesa Creamery, of this city, is calling attention in an ad, to the health-giving qualities of Pasteurized milk. They are now stocking this milk in most of the city's leading grocery stores and markets, and it is also available for delivery to the home through two deliveries daily, by their truck.

Their plant supplies the local CCC with all milk. "There is a regulation in the army that requires the purchase of pasteurized milk for all soldiers or men in the service of the U. S.," stated G. P. Cooper, manager of the local plant. "Their officers, periodically inspect our plant and see that we are meeting with all stipulations, and we invite physicians, trained nurses and mothers to look our plant over and see how our milk is handled," he said. See their ad in this issue of the Courier.

Lamesa Radiator Shop Air Condition Agents

Your attention is called to the ad of the Lamesa Tin and Radiator Shop in this issue of the Courier. They have installed many air conditioning units in the stores of Lamesa during the past few weeks.

Air conditioning of stores and offices buildings is rapidly gaining in popularity in this section and before long it is thought that as much attention will be paid to this, as has formerly been given to heating a building for winter use.

Recent firms in Lamesa in which this popular firm has installed conditioning units are South Side Recreation Hall, Baldwin's Store, Green Hut Cafe, Hill's Cafe and this week Bryan's Pharmacy.

Evangelist

REV. GEORGE TUCKER

A great community wide revival will open at the First Methodist church Sunday morning with Rev. George Tucker, converted railroad engineer, conducting the services. Old fashion gospel preaching will be conducted twice daily with services at 10 a. m. and the song service for the evening hour will begin at 7:45 o'clock.

Rev. Tucker is a resident of Memphis, Tenn. His messages are due to create much enthusiasm and the public has a welcome invitation to assist in making this annual revival a huge success.

Theatre Fans Enjoy Unusual Features Offered Each Week

The whole town is still talking about "Test Pilot" and "Mad About Music," the two outstanding pictures during the past week at the Palace Theatre.

Showing again Friday at the Palace is "Joy of Living" with Irene Dunn and Douglas Fairbanks, Jr. Saturday, "Forbidden Valley" is featured with Noah Beery, Jr. and Frances Robinson. The midnight show will bring a title to the screen that is very appropriate "Midnight Intruder." Sunday and Monday, Claudette Colbert and Gary Cooper are featured in "Bluebeard's Eighth Wife." Tuesday and Wednesday "There's Always a Woman," with Joan Blondell and Melvyn Douglas promise to be one of the week's hits. The thriller of the week will be "Her Jungle Love," which will be shown in technicolor. Coming soon is "Girl of the Golden West."

Majestic

Showing again Friday is Tim McCoy in a big western "Two Gun Justice" also comedy and serial. Sunday and Monday Stan Laurel and Oliver Hardy are shown in "Swiss Miss," a comedy feature that is sure to bring laughter, as it is said to be their funniest feature. "Island in the Sky," is coming Tuesday and Wednesday, and Thursday only, "Women in Prison," will bring a true story to theatre goers that will make them appreciate their freedom.

Richard Davis Now With Battery Shop

Announcement is made this week that Richard Davis, who for the past several years has been associated with the radio division of Canon Variety Store, has accepted a position with the Carroll Davis Gulf Station of this city.

He will have charge of the battery department. He was with the battery sales and repair division of Montgomery Ward at San Angelo and has had seven years experience in radio battery sales and service. "Realizing that radio batteries require special attention while charging, we invite our friends and former patrons to take advantage of our experience and special equipment along this line," said Mr. Davis Wednesday. See their ad in this issue of the Courier.

County Club Members Plan to Attend Annual Short Course At College Station July 13-15

HOMER ST. CLAIR WILL MOVE TO LAMESA

Homer St. Clair, local manager for the Cicero Smith Lumber Company has received notice of a promotion. He is to be placed in charge of the yard at Lamesa, July 1, with a somewhat better salary than he is being paid here. He and family will move about the first of July.

Many friends here regret that this good family are removing from Tahoka, as they have entered activities of the town during their residence here. Mrs. St. Clair was reared here and with the exception of a few years spent at O'Donnell and Lamesa she has lived here all her life. Homer is a member of the Baptist church, and he will be greatly missed in each of these organizations. The boys, too, have many friends here who will miss them. May they prosper in their new home.—Lynn County News.

Miss Mattie Phenix, home demonstration agent, reported Thursday the home demonstration council of Dawson county will send three club women to the annual Short Course for adults, held at Texas A. and M. College during the period of July 13-15. The program will be one in which national state, and local leaders in agriculture and home economics have equal parts. Roy Snyder of the Extension Service general chairman has announced.

Those selected as delegates from the council were: Mrs. Jack Walls, member of Central's club; Mrs. A. S. Riddle Midway and Mrs. T. E. Temple of Bartlett. The latter cannot go due to illness of her mother in Lubbock, and Mrs. Orene Melton of Shumake was named her alternate.

Eight local women are planning to attend. Mrs. J. L. Morris, state president of the Home Demonstration Association, will have a leading part on the women's program. Mrs. G. P. (Continued on Page 2)

Cosden Agent

T. B. (Bryant) FULKERSON

T. B. Fulkerson, prominent Cosden distributor, who has contributed in a large measure to the civic activities in Lamesa, as well as business affairs, came to Lamesa shortly after his marriage to Miss Addie Kay, of Mitchell county in 1921. He became Cosden agent shortly after engaging in the oil business as an independent dealer in 1930 and has established one of the largest outlets for Cosden products in West Texas.

Four Lamesa Boy Scouts Are Included In Party On Western Tour To Yellowstone Park

Mrs. M. E. Wright Buried Tuesday

Mrs. M. E. Wright, mother of Irvin and H. H. Wright, Jr., of Lamesa, passed away Sunday at the home of her daughter, Mrs. Alma Caudell in Lovington, N. M., following a brief illness. She had been in ill health for the past two years, but her death was unexpected. She was visiting in the home of her son, Walter a few days prior to going to Lovington only last week.

Funeral services were conducted at Carlsbad, Tuesday afternoon at the First Baptist church with Rev. Goodwin officiating. She was a devoted Christian and was loyal to her denomination.

Besides the local men she is also survived by a daughter, Mrs. Burnie Williams of Sparenberg; J. A. Wright, El Campo, Texas; Walter Wright, Carlsbad; Mrs. N. L. Burrow, Portales, N. M.; Mrs. Will Shelley, California and Mrs. Caudell.

Miss Louise Burman, who has been employed at the Roberts Beauty Shop left Sunday for Levelland where she will make her home.

Will Spend Five Days Camping In Park While Away

Four Scouts of Troop 23 of this city joined Scouts and leaders from the South Plains Council Monday for a twenty-one day camping tour through New Mexico, Colorado and Wyoming to the Yellowstone National Park. The local boys, who incidentally were the largest delegation from any one town in the council, were Bob Beal, Allan Barnard, Robert Regan and Dee Hail. They were accompanied by Homer Beal, Bob's father.

The complete schedule was arranged weeks in advance and every detail including camping permits, and recreation on the trip were worked out.

Their first stop along the route was Pueblo, Colorado. Their plans were to spend the nights at Scout camps on the way until they reach the park, where a base camp will be established. Five days will be spent in the Park and nine days will be spent at Jackson's hole in the Teton mountains.

Miss Helen Jane Boone left Sunday for Dallas where she will visit with friends and relatives for several weeks.

Jimmie McCarty is here visiting friends and relatives this week.

AMONG THE YOUNGER SET

PHOTOS BY ROGERS STUDIO

This week the Courier brings another baby revue. At the right is Little Frances Lavona Cornett, who will observe her first birthday, July 24; next is Patsy Marie Spraws. She observed her first birthday on May 19. Wayland Reeves was one year old on May 10, and last is Sandra Lou Medford, who was a year old on May 30. These children are from some of our prominent rural families. Frances is the daughter of Mr. and Mrs. D. C. Cornett of Route One; Patsy Marie is the daughter of Mr. and Mrs. J. O. Spraws of Klondike; Wayland is the son of Mr. and Mrs. Thad Reeves of Route D; and Sandra Lou is the daughter of Mr. and Mrs. Gervaise Medford.

Modern Cooling System Installed At Collins Store

Largest Ventilator of Its Type In Lamesa

Workmen this week are completing the installation of perhaps the largest air conditioning unit in the city, for Collins Dry Goods Company. Sanders Tire Company of Lubbock are manufacturers of this unit and it was custom built to fit the particular needs of the Collins store. Each unit is especially built for the needs of the individual.

It is constructed on top of the store and is completely fireproof throughout. It contains a fan 7 feet and four inches wide. Forty-three thousand cubic feet of air per minute will be pulled through one hundred and forty water sprays which will send a blast of cooling air down through to ventilators, located on either side of the building. One hundred and thirty gallons of water are vaporized each minute. Water is pumped through the sprays with a three horse motor, while a seven and one-half horse power motor will pull the fan.

T. H. Pipkin, who is in charge of the installation, stated that the air within the building would be completely changed each two minutes. The unit was completed Wednesday afternoon with the exception of the switches which were to be installed in the building below. The motor which pulls the fan is a two speed affair therefore the volume of incoming air may be controlled to meet each day's requirement.

W. B. Collins, owner of the store is vacationing in Yellowstone Park, and his son, W. H., who assists his father in the operation of the store here said Wednesday, "We hope to meet him with a cooling breeze when he enters the store, which will make him think he is back in vacation land, instead of his own store at home."

It was thought that the unit would be in operation by the weekend.

Rev. and Mrs. Tom Walker and children of Dallas, who have been visiting in the home of Mr. and Mrs. J. H. Boone returned home Sunday.

Gala times are promised the people of this area and visitors to Lamesa on next Monday, July 4th. Plans have been laid to furnish the best of entertainment for everyone who comes here that day.

Most retail establishments of the city will be closed for the day so that employers and employees may mingle with the crowds that are expected to celebrate here.

Several out of town planes will be here to participate in an aerial show planned at the local airport. Passenger service will also be available to those who wish to view scenes in and around Lamesa from the air. It is also planned to have parachute jumping and stunting. All of this type of entertainment will take place at the port, five miles north of Lamesa. Several entries in the different amateur contests have been filed with A. G. Bear-den, who is in charge of this branch of entertainment.

A mammoth parade is planned beginning at 10 o'clock in the morning, headed by Dr. Tate Museum on wheels, which will be followed by candidate speaking in which local candidates will participate as well as some out of the county speakers, soft ball games, swimming and diving contests and demonstrations at the city pool, picnic lunches and a general get-together of visitors.

Although nothing elaborate is planned, still a good time with plenty of good clean entertainment is promised for all who visit Lamesa that day.

WELCOME RAIN FELL OVER THE DAWSON AREA

Rainfall brought welcome moisture to every portion of Dawson county, as well as to many adjacent areas during the past week. The general rains apparently covered the territory, and fell intermittently throughout the weekend and crops are now looking better than anyone could expect after seeing fields throughout the county two weeks ago. Every indication points to large yields this fall, and many were busily engaged in planting feed crops this week.

Rainfall recorded for the past week by Soil Conservation Government gauges:

R. E. Echols farm, 12 miles northeast 1.85; L. B. Stuart farm, 12 miles south, 1.35; John Webster farm, 15 miles southwest, 1.35; Jess McWhorter farm, 8 miles northwest .95 inches; S. C. S. camp, in Lamesa, 1.50 inches.

W. R. KELLY RETURNS

W. R. Kelly has returned from El Paso where he spent two months with his son, Cecil, who is enlisted in the U. S. Army at Fort Bliss. Mr. Kelly left with the intention of spending only two weeks, but had such an enjoyable visit that he stayed much longer than he intended. While on vacation he visited in Juarez, Mexico, and other interesting places.

It Is Not Always Size That Counts

Some people and some things make a noise entirely out of proportion to their size.

For a small but effective advertising medium, the little classified advertisement gets plenty of attention for its size.

Everybody reads the classified column, where grouped under the various headings, "For Sale," "For Rent," "Wanted" and others people announce what they have that they don't need, and what they need that they don't have.

Turn the things you have and do not need into Cash by means of one or more of these little ads that bring quick results in this newspaper.

Short Course---

(Continued From Page One)

Thorp, district vice-president; Mrs. Clyde Edmondson, Klondike and the West county club reporter, were to comprise the list of this county's club women to make the trip. According to early reports the best club reporter had not been reported.

Junior Short Course

Miss Phenix will accompany five 4-H club girls to the Junior Short Course that opens the coming week. The junior program, like that of the adult, will feature members of the group. It opens on July 13, and will close on the 15th.

County Agent Joe Williams will take his team to this session also. Two of the members A-lee Gowan and R. B. Wilkerson will receive their Gold Star awards during the junior convention.

Hobbs Explosion--

(Continued From Front Page)

with a coal company was one of the victims. Others were:

H. A. Greer, gauger for the shooting crew, rumored as a former Lamesan.
Forrest Huston, rigman.
Alex Blair, shooter's helper.
Charles Wrigley, rigman.

V. P. Beck, Jack Starkey, Hobbs, superintendent of the drilling company.
The injured:
Fred Luthy, Albuquerque, vice-president of National Trust and Savings Bank, eye lost and other serious injuries.
Herman Crile, Roswell, N. M., attorney.
J. B. Headley, Roswell, independent geologist.
Ole Johnson, rigman.

Watchman's Account
J. R. Hodges, watchman at the well, said he was sitting in an automobile about twenty-five feet from the crew when the time bomb was being taken to the well.

"They appeared to be tinkering with it in the back of the truck," he said. "When they started toward the well. Suddenly there was a tremendous blast. Several men were thrown back and smashed against the truck. Others were tossed into the air and landed fifty feet away. Arms and legs were torn from some."

"The windshield of my automobile was smashed, he said. As authorities reconstructed the accident, the blasting crew had just removed the nitro "bomb" from the truck on which it had been transported to the scene. As they carried the charge within fifty feet of the drilling rig, it exploded with tremendous force.

Coroner's Inquest Held

Drilling company officials were at a loss to suggest a possible cause for the blast. Shooting of wells is common practice to shatter the underground oil-bearing structure and allow the petroleum to flow more freely.

A coroner's inquest was called to investigate the explosion.

TO THE VOTERS OF DAWSON COUNTY

By this time most of you know I am a candidate for Sheriff. I have lived among you for many years and personally know nearly every man and woman voter.

The duties of this office are not strange to me; many of you will recall that I served as first deputy under Joe Ray during his first term and continued in this capacity when he began his second term; soon after he began his second term, Joe Ray died and his wife was appointed to fill out his second term and I then was called upon to take up the duties and responsibilities of Sheriff to all intents and purposes; during this nearly two years of official duties as acting Sheriff many crimes were committed, among them a most heinous murder; I went about his capture and lodged him in jail and

he was brought to trial and convicted and later paid with his life; the trial judge insisted that I was entitled to the Lion's share of credit for running down this murderer.

In 1930 I made the race for this office and was defeated in the run-off by our present Sheriff. During the years since I have not been in politics except for a minor office which is more honorary than remunerative; my friends have called me to this post and I have heeded their call, largely because they wished it.

There are four others seeking this office; all good men; I have not ought to say about any of them; I do not think a candida offering himself for office makes him any better or worse than he was before announcing for office.

I am asking you for your vote and influence on the basis of what I am and what I stand for on this and this alone. Please check my record as an officer and if it seems to you that I fill the bill, then I earnestly solicit your vote and assistance. I make you this promise and I will keep it one hundred per cent: Honesty, Fairness, Sobriety and Service. I promise you further a 24 hours service; no outside business and no Sidelines and no Hobbies—just working at the job as Sheriff of this county.

In my former race for this office much was said about my Deputy and who he was and so forth; and this same cheap talk is started up in this campaign; there was no basis for this talk in either instance; no living person has approached me on this point and none will, for it is very poor taste and too, it is a plain violation law; I would not entertain such and all such talk is idle prattle; when the time comes I will take up this matter and my Deputy will be a clean capable and courageous gentleman, be assured of that much. So much for that.

Now to the women folk: May I make my bow to you and most earnestly ask your consideration of my candidacy; to the mothers of those boys soon to be men. I want to assure you of my most sympathetic attitude for these boys and mothers, should our boys stray from the straight and narrow path and be guilty of a moral flop, then I will lend a helping hand, first try to persuade them to return home, and try to rescue them from their difficulties and do every thing consistent with law and order to help these boys find themselves rather than brand them as Felons and place them with the louzy criminals on prison farms. If ever you should have occasion to need my help when I am serving you as Sheriff, just give me a ring, it will make no difference what-

ever the time and however the weather, I will give you the best I have in way of service.

Generally speaking let me say I give you this solemn pledge that I stand for law enforcement in a sensible and reasonable manner; never closing my eyes to a law violation, but on the other hand, I shall not go "snooping" around and am not willing to employ any "Stool Pigeons," for such, not only offends all rules of decency but even our Courts will not permit evidence thus obtained and if it develops during the trial that such practices have been pursued the case ends right then and there. Just a straight ahead fair and reasonable law enforcement program.

Now to the housewives, especially: Time and lack of funds are not going to permit me to make a house-to-house canvas, but this fact you will please not interpret as any lack of concern in your vote and influence, so please consider this as my very personal appeal to you to carefully consider my race and may it turn out that I shall be your choice.

Now that I have told you about myself and what I promise to do should I be honored by your preference at

the polls, may I leave it all with you, for I well know that what you do is both final and right, for the people cannot be wrong. If I am not successful, I am still going to live among you and will support the nominee and hold up his hands, in the discharge of his duties to Society. It is with a kindly feeling toward all and malice toward none I write these lines to you.

As my name will appear on the ticket I remain, yours truly,
A. M. BENNETT.

CHRISTIAN CHURCH NOTES

Professor W. F. Bruce of Cisco will be here Sunday for his regular morning and evening appointments at the First Christian church. The subject at 11 o'clock is "Who Are Christians in Lamesa?" The evening service subject is "What is Patriotism." A conference with the workers will be held in the afternoon.

SPARENBERG H. D. CLUB NOTICE

The Sparenberg Home Demonstration club will meet, July 1, at 2:30 p. m. in the home of Mrs. R. F. Mabry.

KEEP COOL

with AIR CONDITIONING

The modern trend of business demands that a place of business must be comfortable at all times . . . No business man would even entertain, for one moment, the thought of trying to operate in the Winter time without adequate heating facilities to keep his store or office comfortably warm.

It has been definitely proven that one of the main reasons that we suffer a slump in business in the summer, is the fact that excessive heat causes people to stay at home.

Thousands of today's successful business men have discovered that this condition can be largely corrected through the installation of efficient cooling systems in their places of business.

Delicious SOUTHERN-STYLE Canadian Bacon

By MARY BLAKE
Home Service Dept., Carnation Co.
Rout the grumblers with this hearty, appetizing dish that answers the cry for "something different"! It's so easy to prepare that you will serve it often.
4 slices Canadian bacon
Prepared mustard
cut 1/4 inch thick
3/4 cup Carnation Milk
4 medium-sized potatoes
diluted with 1/2 cup hot water
Spread each slice of Canadian bacon with peanut butter rather thickly. Cover peanut butter with this layer of prepared mustard. Place in baking dish large enough to hold four slices flat. Add peeled potatoes around the meat. Cover with milk and bake in moderate oven 350° F. for about 1 hour or until a desired light brown crust has formed on the meat and potatoes are tender. Serves 4.

We are pleased to announce ---

That we are installing new battery equipment and enlarging our battery quarters, enabling us to render you the very best battery service obtainable anywhere. Mr. Richard Davis, who was formerly in the radio and battery service of Canon's Radio Department, will have charge of their branch of our business. Special equipment for servicing radio batteries has been added and he invites all owners of battery radio sets to investigate this type of service, which requires special attention.

Brought to Light . . .

By HARVEY SMITH

Numerous citizens of Lamesa are taking vacations during the present week, and others are preparing to go. It is a real treat to hear of some of the experience reported from those who have already returned, and occasionally the Courier gets a card from some of our good friends in the distant places. Mr. and Mrs. W. B. Collins sent a card from Shoshone Dam and Lake on Cody Road, showing the eastern entrance of Yellowstone National Park. They state briefly having wonderful time and expect to be back next week.

From Ashton, Idaho, Mr. and Mrs. Matt McCall in writing to Mr. and Mrs. Jack McLaughlin, Matt tells Jack "This is a wonderful trip and we are having lots of fun. He calls attention to a scene at Old Faithful in Yellowstone Park, clipped from a magazine and writes we were lucky to get in this Goodrich picture, and are not going to charge them a cent because we have not had a flat on our Goodrich tires. He marks a picture that he says is he and Mrs. McCall; also marks one that indicates Mr. and Mrs. W. B. Collins.

Cotton progress and condition in

Tex. was reported generally good in the Cotton Trade Journal, Fri. where heavy washing rains have necessitated replanting. Some fields are becoming weedy in areas where condition are favorable for insect activity. Plants are squaring and blooming over most of the eastern half of the state. Picking is making fair progress in the south.

Reports at random indicate the best Dawson county cotton fields are found in the eastern territory in the vicinity of Key. Many of the fields here and at McCarty are from six to fourteen inches high where cotton was planted in April. Roy Truitt has blooms on his crop. Ed Grissom of the same community also reports blooms. S. A. Catlin of Key is authority for a statement this vicinity received three inches of rain over the weekend. J. D. Roberts and J. H. Qualls, both of Hancock have beautiful fields. W. H. Ramsey says, "the rain Friday night was the best I have witnessed in 15 years in this county." W. F. Cooksey, Munger, said Saturday, "we had the prettiest rain I ever saw fall." Dooley Womack, Woody, has cotton squaring. All in all it seems the rains were generally throughout the county and over the entire portion of West Texas. Generally speaking crops are late but are looking good.

It has been revealed members of the Hereford Association of Texas are planning a trip into this area while on a tour of the state's outstanding ranches in the territory from Albany west to Big Spring, and points north.

The inspection tour will be formed at Albany on July 12, a quarterly meeting will be held at Sweetwater that night and the next day and the following day several herds in the area will be visited for inspection. The party will visit Winston Brothers ranch on the outskirts of Snyder and from there they will come to Dean's ranch, east of Lamesa.

In the game of war it is customary for combatants to assert that their own plays are God-guided, that the opposition's quarterback is the devil. Last week, when diabolical forces of nature—rains and flood—washed out those of man in central China, the ground was no sooner covered with muddy water than the air was filled with mutual recriminations. Japan has invaded China not only with men and guns but with narcotics. According to Time, a popular magazine that keeps closely in touch with the foreign situation, Manchuria, captured by Japan, has become a narcotic "arsenal."

In France the political caldron sithes and bubbles with uncertainty; Russia hangs on, as usual, like a cold, dark and silent, upon the horizon of Europe; while all the energies, resources and influences of the British Empire are sorely tried, and are yet to be tried more sorely, in coping with the vast and deadly disturbed relations of China.

"It is a solemn moment, and no man can feel an indifference—which, happily, no man pretends to feel—in the issue of events.

"Of our town troubles (in the U. S. A.) no man can see the end. They are fortunately, as yet mainly commercial; and if we are only to lose money, and by painful poverty to be taught wisdom—the wisdom of honor, of faith, of sympathy and of charity—no man need seriously to despair. And yet the very haste to be rich, which is the occasion of this widespread calamity, has also tended to destroy the moral forces with which we are to resist and subdue the calamity."

The above quotation is eighty one years old. It appeared in Harper's Weekly, October 10, 1857. Isn't it true?

With the current issue the column, "Brought to Light" will fade from the picture. Meaning simply we are writing "30" for the time and are moving back to our former residence in East Texas. . . the move is one that I sincerely regret; but is urgent in the face of serious illness in the family. Here we have strived to make friends and honestly we think we have despite the many handicaps and short comings, all of which I am fully aware. My family has had the privilege of visiting in many of the homes, not only in Lamesa, but in the county, and feel like A. C. Moore of the Spangenberg community said Thursday—"This is the best country in the world."

For the Courier we wish Mr. Alexander and his fine staff continued success, and only hope that it will be our pleasure to serve on the staff at some time in the future.

Misses Loraine Staggs, Lucille Wheeler, Mr. Clois Tune and Lowrie Loveless visited friends in Big Spring Sunday.

Sadler Speaks For Sadler in Lamesa

Speaking before a crowd of approximately 250 townspeople, farmers and merchants Tuesday afternoon Harley Sadler, popular showman, briefly outlined the merits of Jerry Sadler, Gregg county candidate for Railroad Commissioner.

The showman stated he had no aspirations to be a politician, neither had any hope for reward, other than to serve West Texas. He explained he decided to campaign for his kinsman, Jerry, after due consideration, and is working in his behalf throughout this section.

In praising Jerry Sadler, Harley stated Jerry is energetic, ambitious and capable and has pledged to fight the battles of the independent truck operator to fight monopolies now opposing them.

He urged those present to consider his kinsman in the approaching primary, not because of the relation, but due to his sincere and earnest desire to render the most efficient service to the oil industry and the state.

During the past week through Wednesday there were eighty-four farmers to receive \$7,791.86 in cotton compliance money. Early this week fifty-five farmers were notified their checks arrived and about thirty additional checks were received Wednesday.

To date only about half of the amount due the county has been paid, according to assistants in the county agents office.

LAMESA CIRCUIT NOTES

Rev. O. P. Clark, the presiding elder of the Lubbock district, will preach at Mt. Olive Sunday at 3 p. m. and hold the third quarterly conference of the circuit immediately thereafter. It is very important that every official member of the circuit be there to assist in looking after the interest of our part of the Lord's work in this territory. Let every member of the church, if at all possible, hand to a steward some financial aid. It is quite embarrassing on a steward to represent his church with an empty obligation. Brother Clark will bring a great message. An urgent invitation is extended to all to come and hear him.

Sunday is our regular day at Mt. Olive, so let us make it a great day for the glory of the Lord. Monday is the day we celebrate the birthday of the Independence of our country. Why not honor the God who has given us this country by attending church Sunday before the Fourth.

CARD OF THANKS

We wish to take this means of expressing our heartfelt thanks and appreciation of the many kind deeds and words of sympathy extended us in the untimely death of our dear son, brother and husband. Also we wish to thank everyone for the thoughtfulness in expressing their sympathy in sending the lovely floral offerings.

Mr. and Mrs. J. T. Broughton, Sr. Mrs. J. T. Broughton, Jr. and Betty Louise, James L. Broughton, Carl Broughton, Mrs. Ted Goldman, Ernest Broughton, Mrs. Ross Edward Jones.

MILK . . .

To The Good People of Lamesa, Greetings:

We want to have a little chat with you about your summer milk supply. You no doubt have been reading the lengthy articles carried in health magazines, also current write-ups in daily papers throughout the country about pasteurized milk. Well did you know that right here in Lamesa at 412 North Second Street, the Lamesa Creamery has installed complete new equipment for Pasteurizing and bottling Grade "A" Milk and Cream? Call 295 and ask for our snow white truck with white uniformed route salesman to call on you to discuss your summer needs in milk. Those who have groceries delivered to your home call for Pasteurized Grade "A" Milk, which supply comes from the farms of some of the best herds of milk cows in the country and must pass the Grade "A" inspection. Then you get the Grade "A" plus Pasteurized, which makes it the safest milk obtainable, can you imagine any thing better than a good cold glass of rich health building milk for the children?? Grown ups too, like milk. We serve the local CCC camp their daily supply and are frequently inspected by Government Food Inspector. We invite physicians trained nurses and mothers to visit our plant and see just what precaution we use to produce a safe milk for your loved ones to consume during these hot, trying days.

We are pleased to quote our summer prices:

FROM THE LIBERTY BELL
STILL ECHOES THE NOTE
OF FREEDOM — RINGING
OUT THE CAUSE AND
IDEALS OF AMERICANISM.

Through the streets they march, triumphant. Men who fought not for battle's sake, but for their own integrity, and their own right as men, to have a homeland where freedom would serve as monarch and idol, ideal and spirit all in one. Young, courageous, undaunted by difficulty, inspired to overcome all obstacles. Upon the memory of these men rests the glory of this nation. And as brilliant as may be our celebration in their honor, more scintillating is the reading of what they did . . . more awe-inspiring the echoes of the bell they struck.

Y. W. A. Enjoys Good Meeting In The Home Of Mrs. E. J. Yates

The young women's Auxiliary of the Woman's Missionary Society of the First Baptist church had its regular meeting in the home of Mrs. E. J. Yates Tuesday night at 8 o'clock.

The program was pertaining to the Foreign Missionary Work in Chile. Interesting facts being brought out by Evelyn Barron, leader and Myrtle Henderson, Jessie Norris and Mattie Moore. Mrs. Townsend brought the devotional, "Ye are my Witness."

Mrs. Yates served a delicious salad plate with date nut salad and iced tea.

Miss Evelyn Barron Hostess To B. W. B. C.

Miss Evelyn Barron entertained the Business Women's Bible Class of the First Baptist church on fast Friday at her home on North First Street.

After a short business session they were delightfully entertained with a show, "The Prodigal Son."

Refreshments of cookies and punch were served to Misses Edna Bedwell, Myrtle Henderson, Mattie Moore, Jessie Norris Ann Coleman, Bobbie Dee Hull, Floye Hocker, Elmerine Barron and the hostess.

Mrs. Randal Hostess To Wednesday Club

Mrs. Loo Randal was hostess to members of the Wednesday Bridge Club Wednesday afternoon at her home.

A delightful afternoon was spent playing bridge with Mrs. N. H. Price winning high score and Mrs. Audrey Cox and Mrs. N. H. Price winning slam prizes.

Sandwiches and ice cream were served to Mesdames M. Q. Martin, Clyde Branon, Audrey Cox, H. Price Louis B. Reed, Jap Randal, A. G. Barnard, T. F. Vaughn and the hostess.

Missionary Society Met In The Home Of Mrs. Wheeler

The Lamesa Circuit Missionary Society met June 17, with Mrs. Wheeler, at which time the following program was rendered.

Sing, "I Love To Tell the Story," devotional, each present quoted a passage of scripture. Song, "Standing on the Promises," prayer, Mrs. Porterfield. Second lesson from study book first part, "Religion in Rural America," Mrs. Glover, second part, "The Co-Operative Monument and Rural Life," Mrs. Clarence Ward, and Mrs. Carlton. Poem "Swiftness in Duty," Mrs. Wheeler, Dismissal prayer, Brother Wheeler.

Visits reported ten social, twelve sick two to strangers, one bouquet, and one covered dish. Collection included 25 cents for the McCarty group's fund. After meeting Mrs. J. M. Peterson and Mrs. Slover, representing the McCarty group purchased flowers for Mrs. Childers and Buck Burnett.

At the next meeting, which will be held on July 11, we are to reveal the names of all Sunshine sisters, and draw names for new Sunshine sisters. We urge everyone to make a special effort and attend this meeting. Three gifts were brought for three Sunshine sisters this last meeting.

Those present besides the ones mentioned above were Mesdames Mann, Moore and Woods.

Mrs. Allen Hostess To Thursday Bridge Club

Mrs. Ben Allen was hostess to guests and members of the Thursday Bridge club Thursday afternoon in the home of Mrs. Tom Burnside.

An enjoyable afternoon was spent playing bridge with Mrs. Lloyd Mitchell winning high score and Miss Jack Hart winning high score for the guests.

A delicious plate was served to Mesdames Roberta Lee Hanson of Big Spring, Miss Jack Hart, Mesdames Durwin Sprawls, Connelly, Baldwin, Elwin Kutch, Ed Tinsley, John Kline, Maurice Lamphere, Lloyd Mitchell, Ralph Fry, Robert Kozier and the hostess.

Thursday "42" Club Entertained With Luncheon

The losing side of the Thursday "42" club entertained the winning side with a 1 o'clock luncheon last Thursday at the Williams hotel.

The hostesses, Mesdames Boardman, E. V. Wilkes, Ray Williams, O. Lambeth R. E. Simpson and A. H. Smith, served a delicious luncheon to Mesdames Ross Simpson, Walter Jones, Lee Billingsley M. E. Boren and A. M. Bennett.

After the luncheon they went to Mrs. R. E. Simpson's where they enjoyed games of 42 throughout the afternoon. At the close of the games, Mrs. Simpson served iced pineapple juice to the guests.

Mrs. Heath Honored Daughter On Birthday

Mrs. A. A. Heath entertained Wednesday afternoon in honor of her daughter, Christine on her ninth birthday at their home on North Fourth.

After various games were played re-

freshments of birthday cake and ice cream were served to the group.

Those attending were Jimmie Lou Sumpter, Wilma Lee Robertson, Alk Joyce Green, Jo Ann Spencer, Jo Ann Yates, Betty Ann Serface, Billy Holland, Oglin Case.

Mr. and Mrs. W. B. Jones of Lubbock spent the weekend here visiting with Mr. and Mrs. A. H. Heath.

Dr. Wells Loveless left this week Wichita, Kansas, where he will serve his internship.

Miss Elizabeth Hager a graduate of John Sealy, Galveston, has this week accepted a position at the Loveless hospital.

Miss Alsobrook And Fred Boyer Married On June 23

Mr. and Mrs. A. S. Alsobrook are announcing the marriage of their daughter, Miss Gladys Alsobrook to Mr. Fred Boyer of Corona, Calif., who were united in marriage Thursday at 8:30 p. m. The single ring ceremony was performed in the Santa Ana wedding chapel by Rev. Earl C. Bliss. The bride was becomingly gowned in navy blue marquisette with white accessories, with gardenia corsage and orange blossom wreath in her hair.

Earl Alsobrook, brother of the bride and Mrs. Pearl Hert of San Bernardino sister of the groom, attended the couple. Others attending the wedding were Mr. and Mrs. H. C. White of Corona, Mr. and Mrs. O. E. Hert of San Bernardino, Mr. and Mrs. Eddie Patten, Miss Ruth Bronson and Earl Alsobrook, Corona.

Mrs. Boyer is a graduate of Lamesa high school and also attended Draughon Business College at Lubbock. The groom is employed with the Plant in Corona.

The bride was the recipient of a shower on Wednesday evening given by Mrs. H. C. White and Mrs. Opal Wilson.

The young couple will make their home in Corona, Calif.

AT THE METHODIST CHURCH

Next Sunday morning a great community wide revival begins at the Methodist church, led by one of the most successful evangelistic teams in the Southern Methodist church. These men know how to preach and sing the gospel in a way that will make you want to hear them again and again. We are preparing a comfortable outdoor pavillion for the evening services, cool, well lighted and away from the bugs. We are expecting a thousand people to hear them next Sunday evening. The song service begins at 7:45. Forty five minutes in a great song service led by a master. Brother Martin has led great choruses all over the south. You will not be disappointed in him.

While this meeting will be under the auspices of the Methodist church, we want it to be a community-wide revival. We want the whole town and community to enjoy it and get a blessing from it. We want the help and co-operation of every Christian in the community. We cordially invite you. Those who feel that they have lost something out of their spiritual lives, and those who have never known the way of salvation will find a blessing in this meeting if they will attend. We urge you to do so. We sincerely hope and pray that every church in this town and surrounding country will get a great blessing out of this meeting. Morning service, in the church, 10 o'clock.

T. C. WILLETT, Pastor.

HOSPITAL NEWS

Miss Mary Beth Cave of Rotan is here visiting in the home of Mr. and Mrs. Dewitt Knox.

Mr. and Mrs. J. B. Taretton returned home Saturday after a weeks vacation in South Texas.

NEW ROTARY OFFICERS TO ASSUME DUTIES

Last Friday marked the close of the Rotary club's fiscal year and Dud Arnett, retiring president, presided over the final program when Dr. N. H. Price was the principal speaker. Dr. and Mrs. Price returned last week from San Francisco, where they attended the American Medical Association convention. He brought out the highlights of the convention and spoke briefly on the many interesting places they visited enroute to and from the convention city. Cleve R. Austin distributed Rotary pins to Morris Beavers, Charnel Jobe, Millard McDonnell and F. T. McCollum new members who were recently selected. New officers who will serve for the ensuing year are S. L. Forrest, president; V. Z. Rogers, vice-president; G. M. Roberts will continue to serve as secretary-treasurer.

S. C. S. Notes-

Saving the topsoil is one of the nation's most important jobs. It concerns the business man, the banker, the laboring man as well as the farmer, for all must derive their living directly or indirectly from the soil. Before the grass was "turned" upside down to make way for commercial crops, dust storms were practically unknown. The weather bureau records show the rainfall averaged about the same then as now, and that the wind blew just as hard and as often. But then it found the soil tied down by grass roots, while now it finds much of it devoid of vegetation.

Farmers and others most familiar with High Plains agriculture know that the best way to prevent soil losses by wind is to provide a substitute for the grasses that once protected it. Fortunately, wheat, sorghum and sudan grasses, commonly grown in this country, are the crops that are best adapted to resist wind erosion, provided enough of the stalks and stubble are left on the ground when the crops are harvested. Also, this crop residue, when incorporated in the soil, help restore much of the needed organic matter of which the soil has been robbed in the process of wind erosion during recent dry years.

We are beginning to realize that we cannot continue taking wealth from the soil without putting anything back anymore than we can continue drawing on our bank account without making any deposits. One of our troubles today is that we have over drawn our soil account.

During the last blow season, persons driving along the highways in dust-storms noticed that in those places where the road was bordered by fields covered with stubble and stalks of last year's row crops or by rank growing wheat, the visibility was good, while along bare, unprotected fields it was almost impossible to see the road for dust clouds. The rain throughout most of the Plains area have put sufficient mois-

ture in the soil to start a row crop. In view of the possibility of dry weather later in the summer, the time to draw on this moisture is now before you lose it. It is like money in a "shaky" bank.

A few days ago a farmer at Texarkana said: "I've got plenty of moisture but I am not going to start planting 'til the fifteenth of June." This farmer may be right, and again he may be missing a golden opportunity of getting a cover crop started in time to protect his soil.

Sudan grass and sorghums planted early enough, in soil containing adequate moisture, may attain sufficient growth to furnish good protection against wind erosion. But with soils subject to severe blowing and in the

face of the uncertainty of conditions two months from now, we should not pass up the opportunity of getting a cover crop started.

METHODIST NOTES

(Welch Charge)
Sunday school off in attendance Sunday, but interest was fine. All stayed for the church services. A good spirit prevailed. The ones being absent missed something and we missed them. The Lord knows where they were, some we know were caring for the sick, the Lord knows how to bless them. Others were doubtless doing other good deeds. The Lord also knows how to bless them. Others might have been careless and ever some doing things against the will of the Lord. Well we don't know enough about it

to bless or condemn so we are leaving that up to the Lord. He is wise and good and loves to be giving good things, but many times has withheld his hand of blessing because we are not at right places and in right services.

Remember what is said in Psalm 84 11. For the Lord God is a sun and a shield, the Lord will give grace and glory, no good thing will be withheld from them that walk up rightly." May we all give Him a chance.—J. G. Walker, pastor.

W. R. Kelly returned home this week from El Paso after a two months visit with relatives.

Mrs. E. T. Wise, who is making her home with her daughter, Mrs. Justice

Walls is visiting her sister, Mrs. Elton Barfield in New Boston.

Brother and Mrs. J. C. Foster left Thursday for Mt. Pleasant where he conducted the funeral of a very close friend.

Mr. and Mrs. Kirk Waldrip and Miss Frances Cox, of Longview, spent the weekend visiting in the home of Mr. and Mrs. Bill Waldrip.

Mrs. Davey Campbell of Sulphur Springs, Texas is here visiting with her son, Mr. and Mrs. Truman Campbell.

Miss Oneata Thorp of Albuquerque, N. M. is here visiting in the home of Misses Ora and Viola Thruston.

Have a good time—but Drive Carefully. Avoid an Accident by being careful!

LAMESA SALVAGE COMPANY

ELMO SMITH, Prop.

PARTNERS IN SAFETY!

Floyd Roberts, on Firestone Gum-Dipped Tires, shattered all track records for the 500 Mile Indianapolis Race with an average speed of 117.2 miles an hour without tire trouble of any kind.

SELECT AND BUY Firestone GUM-DIPPED TIRES

YOU may never drive your car at the record-breaking speeds made by America's famous race drivers — but isn't it a comforting thought to know that Firestone Gum-Dipped Tires have proved their SAFETY at speeds much higher than you will ever drive? In planning your Fourth of July trip or your summer vacation tour, guard your life and the lives of your family with the only tires made that are Triple-Safe.

By Triple-Safe we mean —

First: Every fiber in every cord of every ply is saturated and coated with liquid rubber by the Firestone patented process of Gum-Dipping which counteracts tire-destroying internal friction and heat. That means protection against blowouts.

Second: They have two extra layers of Gum-Dipped cords under the tread. That means protection against punctures.

Third: They have a scientifically designed tread that stops your car up to 25% quicker. That means protection against skidding.

Only Firestone gives you these patented and exclusive SAFETY features. Join the Firestone Save-A-Life Campaign today by equipping your car with a set of new Firestone Tires—the only tires made that are safety-proved on the speedways for your protection on the highways.

NEW READERS JOIN COURIER MAILING LIST

Every week more and more subscribers are joining the Courier's large reading family. New names are being added each week and others are re-joining.

Since opening the Courier campaign a few weeks ago, we have found there are quite a few readers who are not subscribers. Stop and think a moment before you borrow another paper. Would I like it, if my neighbor asked to save the paper for him every week?—The low price for a year's subscription is small—at only 50 cents. Why not come to our office and subscribe today, or the next time it is convenient.

The Courier costs less than 1 cent a week, delivered to your home in Lamesa, or elsewhere in the trade territory. Consider the savings you can get by reading the advertisements. Think of the local news contained in it, and remember, you are doing yourself and family a kindness by getting a fresh, live weekly paper.

Revival Singer

REV. E. H. MARTIN

Evangelist singer, Ed Martin, is also from Tennessee. He will assist in the Methodist revival and will have charge of the young people's work and choir.

A newspaper of this kind has the "Reader Interest." The names of your friends is contained in the many columns each week. Regular features contained on the farm situation will save you countless trips to the farm agents' office for information. Your neighbor will substantiate our statement, that readers eagerly look forward to this paper every week.

If you plan to leave Lamesa for any length of time be sure to have the Courier sent along. You're sure to feel "at home." Before you start, drop into the Courier office and leave your forwarding address.

Is your name among this week's new list of subscribers?—L. H. McClendon, Tom Tyler, J. J. Flache, Aubrey White, Olon Earnest, Preston McCulloch, Amos Painter, W. E. Beckham, Dan Ivey, O. R. Friday, W. M. Whitlow, Lloyd Fincher, E. M. Kee, Joe B. Whitlow, T. H. Bass, Ben Kunkel, Harry Winford, Sam Delmont, Oscar Harris, Charles Wasson, Jimmie Joplin, and Sam E. Smith.

Mrs. Clarence Nolan, Mrs. Boyd Kilgore and Miss Reola Gibson spent Sunday in Big Spring visiting friends.

Mrs. J. E. Punchard of Vernon is here visiting in the home of Mrs. Clyde Branon.

Miss Dora Strawn of Tech, Lubbock spent the weekend here visiting her parents, Mr. and Mrs. J. H. Strawn.

Saving And Loan Co. Makes Semi-Annual Dividend Payment

The Lamesa Federal Savings & Loan Association paid its stockholders the seventh semi-annual dividend of five per cent on June 30th. The association was organized on November 24th, 1934, and now has assets of more than \$120,000, all of which is loaned on homes in Lamesa.

Its shareholders are insured on their savings up to \$5,000 by the Federal Savings & Loan Insurance Corporation and instrumentality of the United States government.

Mr. Morris, secretary-treasurer congratulates the shareholders, and invites those who are not members to investigate their plan for saving and investment.

Marriage License

A. L. Shelgreen and Miss Goldie Bell White, June 21.

Frank Goolsby and Miss Opal Tolbert, June 23.

Nell Norred and Miss Dolores Brandon, June 24.

A. F. Grothe and Miss Mime Balow, June 26.

CENTRAL H. D. CLUB REPORT

"In considering the walls, woodwork and floor of the kitchen, look to the floor first," said Miss Phenix the county agent, to the club members in the home of Mrs. Glenn Bosswell last Wednesday afternoon, June 15. The floors should be strong, smooth, tight and level, comfortable to stand and walk on. In using linoleum on the floor cover the floor with cement, then lay linoleum over this, it will lay straight and smooth on the floor.

Make the interior walls easy to view but hard to penetrate. They should be finished in such a way that they are cheerful, restful and attractive in both color texture. Enamel is more popular now than varnish. Woodwork and walls should be easy to clean.

Light and air depend on the windows each room should have two or more windows if possible and these should be arranged so that cross ventilation insured good circulation of air. Low windows sills are less desirable than high sills, especially on upper floors. The former gives a sense of insecurity in the room and adds to the difficulty of placing furniture.

Sixteen members and two visitors were present.

Miss Ruth Peterson of Lubbock is here visiting Miss Kay Wiggins.

BRYANT PHARMACY HAS INSTALLED LATE TYPE AIR COOLING SYSTEM

An air conditioning machine was put into operation at Bryant's Pharmacy on North First and Main Street, Tuesday afternoon. Employees of the store stated that it will lower the temperature of the building from ten to fifteen degrees cooler than the outside temperature.

The management has installed the air conditioner at considerable expense to make their drug store and soda fountain a desirable place to shop under the most extreme heat waves this summer.

SCOUT TROOP PRACTICES FOR COUNCIL TOURNEY

Troop No. 22 enjoyed a very quick and exciting swimming meet last Tuesday night in the city pool. Some very interesting competition between patrols was staged. This small troop meet was only a preparatory meet for Council competition to be held at Plainview in August. Also a troop from Spur will meet these boys here July 29.

Some of the outstanding events in the meet Tuesday were Jodie Vaughn's comic diving, Jack McBride with his special dives; Jack Harris in a dash, and the Beaver patrol in a shirt relay. The Beavers also starred in other relays. —J. D. Dyer, Jr., scribe.

Tahoka Resident Transferred Here By Lumber Co.

J. E. Haynes, manager of the local Cierco Smith Lumber Company, announces his resignation of his position with the firm and appointment of Homer St. Clair, formerly a resident of Lamesa, as his successor. Mr. St. Clair and his family have moved here from Tahoka, where he was manager of this company's yard, and he assumed his duties Thursday. Mr. Haynes will remain with the company until July 15, and will help Mr. St. Clair to become established.

Mr. and Mrs. Haynes are planning a vacation and have made no definite plans for the future. Their vacancy in the community will be sorely missed and their many friends regret they are leaving our city.

Mr. Haynes stated Thursday his successor is not a stranger to Lamesa as he was formerly connected with the yard. He urges friends and patrons to come in and visit with them this week, or next, and expressed his sincere appreciation for the friendship and cooperation of citizens throughout the county.

RETURN FROM CALIFORNIA

Mr. and Mrs. C. A. Hollingsworth, and children, and Joe H. Pierce have returned from San Francisco, where they attended the Rotary International. They spent several days visiting vacation points while on the two week's vacation trip. Mr. and Mrs. Carl Rountree and little daughter will return this weekend.

is in charge, make arrangements in advance with him, as we can take only limited number of mares outside of our own, our instruction to take no more than 35, we reserve the right to refuse any.

Big Blow is a registered thoroughbred, sired by Wildair and Damed by La Grisette, and imported registered Dam with a great record. Terms \$6.00 cash, first and second service, next three free. 11-tfc

TO THE VOTERS OF COMMISSIONERS PRECINCT 2

After having announced some time ago for county commissioner, I have made a house-to-house canvas. Some of you were not at home and I did not see you. To you I will ask that you take this as a personal solicitation for your vote and influence.

To those who do not know me, I will say, I am a farmer and have lived in Dawson county since 1924. I have lived on the same farm in the Woody community during this time. It is to the people of this community that I refer you to for information concerning me.

I stand for better schools, better highways, more homes to market roads more economy in government affairs and less politics and to get 100 cents on the dollar for the county money. I believe that the road working should be distributed without partiality and to the best advantage of the most people.

I thank you in advance for any consideration you give me. R. A. VINZANT.

Sincerely yours,

LIFE SAVING COURSE

Joseph N. Spikes, national Red Cross Life Saving Examiner, announces junior and senior courses will be given at the City Pool beginning next Tuesday afternoon. The courses are open to the public and especially to Boy Scouts. Instruction will be conducted from 4:30 p. m. until 6 o'clock.

New Cars Registered

Mr. and Mrs. Ham were over night guests of Mr. and Mrs. W. A. Lewis Saturday night.

Grandma Baxter visited Mrs. Charlie Gary of Liberty Saturday.

Rev. C. M. Curry visited Mr. and Mrs. W. J. Pounds Sunday.

Mr. and Mrs. W. A. Lewis entertained with a shower for Mr. and Mrs. E. L. Cozart Saturday night. Many of their friends were present.

Lee Smith and Owen Smith visited Mr. and Mrs. A. M. Archer Sunday.

Willie Huddleston returned Monday from a visit with relatives and friends at Waco.

Miss Elizabeth Duff left Sunday for Holbert, Okla., where she will visit with friends and relatives for several weeks.

Skid And Blowouts Are Only Danger Hazards on Tires

Only two dangerous things can happen to an automobile tire, a blowout or a skid, Jack McLaughlin, manager of the Lamesa Tire and Battery Co., Goodrich Silvertown Stores, located on North First, declared today.

"Five years ago the B. F. Goodrich Company introduced a tire with a special ply built in the carcass to afford protection against blowouts and now offers the Silvertown safety tread for maximum resistance against skidding," Mr. McLaughlin said.

"More than 100 different tread designs and 380,000 miles of actual road testing during the past two years went into the development of this new tire.

"Incorporating revolutionary non-skid and braking effectiveness as well as the advantages of the special ply, the new tire will do much to make motoring safe under all conditions.

"Skidding accidents during 1936, far outnumbered mishaps caused by any other single cause. According to statistics compiled by insurance companies approximately 40,000 people lost their lives in automobile accidents in 1937, an increase of 2,000 over figures for the preceding year.

LOCALS

Mr. and Mrs. E. A. Conley and family returned home Sunday after a two weeks vacation in Galveston.

Mr. and Mrs. Ben Dopson, Mr. and Mrs. Bill Underwood and J. W. Cowan visited friends in Bog Spring Sunday. Mr. and Mrs. Hubert Akins and Mrs. Watkins visited relatives in Wilson Sunday.

Jack Hunt who has been attending Texas University, Austin, is here to spend the summer with his parents, Mr. and Mrs. Charles Hunt.

Mr. and Mrs. Phillip Young of Sweetwater spent Sunday here visiting with friends.

Miss Ruby Herndon returned Friday after a two weeks vacation in San Antonio and Old Mexico.

Congratulations

We are happy to join in sending best wishes to
