

A farm owned by Mrs. Oscar L. Ketchum of Los Angeles, a mile south and a mile west of Lillie. Two other cotton variety demonstrations to be decid-

ed on. The tour will leave the south side of the court house at 9 a.m. traveling by school buses. Vocational Ag classes from Wellington and Samnorwood will be part of the tour. At Birkey's farm, the

group will see solid planted cotton that was planted before June 1 which he did not have to replant. It is one of the earlier planted plots which will be visited.

There are 14 cotton varieties.

"We tried to select varieties that do well in sandy soil and some that have fuserian wilt resistant qualities, Reeves said.

Carson's test plot is for grain sorghum varieties.

There are a number of varieties and the qualities sought are for yield and standability after frost.

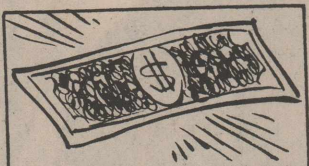

Mrs. Ketchum's place will be a Soil Conservation Service stop for a grazing and haying study.

There are stands of Ermelo weeping love grass. SCS personnel will discuss this demonstration.

Two stops for cotton variety demonstrations will complete the tour. These will be either those on Dan Langford's farm at Cross Roads or Troy Gene Thomason's farm just north of Wellington; or Billy Langford's farm north of the Co-op Gin or David Caison's cotton on South Haskell St. All these have different planting dates and Caison's field has furrow dikes.

"We're trying to check maturity on these cotton varieties," said Reeves. "The extreme dry weather since July has hurt these cotton plots, just as it has hurt everybody else in the country."

Oldsmobile dealer.

In August of that year he moved to the Eighth Street building that was to house his dealership until he sold the business to Jerry Duncan on June 1, 1981.

When he retired, he had been an Oldsmobile dealer for over 47 years.

Kendrick became an Olds fan in 1934 and he retained his enthusiasm for his product as well as his tremendous sense of humor throughout his life. Even in the years just before he retired, he delighted in drawing people into his office, grinning, and giving them a "Mickey Kendrick for Governor" business card while telling them that the Oldsmobile Cutlass was the number one selling model in the country.

He was one of the early members of the Wellington Kiwanis Club and he served on the Wellington School Board for several years during the 1930s. He was an enthusiastic Skyrocket Booster over a long period.

He was married to Lena Jane Locker in May, 1923, at Altus, Oklahoma. She died on January 8, 1942. They had one son, Ernest Allen Kendrick of Perryton.

He was married to Louise Stewart of Borger on July 1, 1944 at Childress. They had one daughter, Mrs. Jim (Mickey Ann) Campbell of Amarillo.

Funeral services were held Wednesday, Sept. 29 at 4:00 p.m. at the Church of Christ, Wellington. Min. Garell Forehand of the Church of Christ, and Rev. Stanley Hughes, pastor of First Baptist Church, officiated.

Burial was in Fairview Cemetery under the direction of Kelso Funeral Home.

Pall bearers were Bob Goforth, Jimmy Cochran, Henry Wells, Jack Neeley, Dr. J.M. Orr, Jerry Duncan, John Holton and Bobo Castleberry.

Kendrick is survived by his wife, daughter, son, five grandchildren and two great-grandchildren.

as Worshipful Master of the Wellington Lodge. His father was the Organizing Master. He has belonged to the American Legion almost an equal period. Both organizations have awarded him 50-year pins.

He has worked unselfishly for First United Methodist Church and is a present member of the administrative board.

He served as treasurer one year and as Sunday School Superintendent 8 years.

Hosting the reception which honored Anderson on his 50 years with Mill Iron was Donnie Knoll, who assists him in the Wellington office.

Joining her and representing the William E. Hughes Office in Santa Fe were Meredith Mayo and Sally Zelman. Both were visiting Wellington for the first time.

Others assisting were Mr. and Mrs. Marvin Knoll and Mrs. Monte Ferguson.

A handsome silver belt buckle bearing the Mill Iron Brand and the initials GF was presented to Anderson by Mr. and Mrs. Hughes.

And this revealed that Frank Anderson is regarded by his employers as "The Godfather of the Mill Iron."

Mrs. Hightower.

Mrs. Bentsen praised the 50% voter turnout from Collingsworth County in the last election.

By contrast her home county, Harris, has a voter strength of around 1 million. Also in the last election, only 78,000 appeared at the polls.

Mrs. Bentsen reminded that although her husband is a member of two powerful committees, all that are allowed, members of both parties secured a waiver of this rule to permit him to serve on the Intelligence Committee.

She called his opponent a "negative individual, who in his 14 years in the House has never passed one bill," and added that the allegations made against her husband are half truths and untruths.

In a brief summation, Mrs. John Coleman, retired Democratic County Chair-

man, declared the two men Senator Bentsen and Congressman Hightower, were "always there and have done more for Collingsworth County than any others. They are always there when we need them."

"Building a Better America" Cooperative Month Theme

Greenbelt Electric Cooperative, one of the nation's 50,000 cooperatives serving 60 million consumers, will participate in the national observance of Cooperative Month during the month of October, Donald White, announced today.

"Cooperatives have played an important role in this country, particularly the 1,000 rural electric cooperatives which serve 25 million people in 46 states. 82 rural electric systems serve 936, 970 consumers in Texas.

"This year's Cooperative Month theme, 'Building a Better America,' is especially meaningful to rural electric cooperatives because businesses, industries and other community deve-

lopment activities have grown and prospered in rural areas and small communities because of electricity," White said. For example, in the past five years rural electric leaders have helped start and expand nearly 6,000 new businesses in the areas cooperatives serve, resulting in half a million new jobs.

Rural electric systems serve most of the nation's farms and ranches, White pointed out. "With the help of the rural electrification program, the United States leads the world in agriculture," he added.

The rural electric program has overcome numerous obstacles, but rural electric leaders with the support and

active involvement of consumer-members always find a workable situation, according to White.

"Conducting business the cooperative way--through the democratic process of the one vote per member--has proven successful for nearly 50 years," White said. "It's grassroots involvement and citizen action that's the core of the rural electric program," he added.

This year marks the eighteenth annual observance of Cooperative Month. The observance is marked by special events, awards and other activities during the entire month of October.

Although he had lived here earlier, Mr. Belew returned to Wellington about 20 years ago. Prior to that he was a bookkeeper for Jackson Tool Company in Houston a number of years following World War II. Earlier he lived in Fort Worth.

He was a member of First Baptist Church and active in its programs. Mr. Belew was a past president of the Baptist Brotherhood.

He was also active in Senior Citizens. For a number of years he was a volunteer working with residents of Thomas Nursing Center, where he was later to make his home. He was one of the first to become a member of the Nursing Home Auxiliary.

The son of G.D. and Fannie Faucett Belew, he was born Feb. 14, 1915, at Bowie. The family later moved to the Loco community.

Mr. Belew graduated from Wellington High School in 1935.

Funeral services were conducted at 2 p.m. Monday, Sept. 27, in First Baptist Church with the Rev. Stanley Hughes, pastor officiating. Burial was in the family plot in Memorial Gardens under the direction of Kelso Funeral Home.

Pall bearers were Bill Harbin, Henry Wolf, John Brim, Hardy Wright, Alvin Horton and Bob Copeland.

President of Guatemala Hears Choir

Two county resident were part of an international choir which during its mid-sum-

mer tour was invited to sing before President Enrique Rios Montt, of Guatemala.

They were John Hightower and Rosa Arreola, a student. Both were members of Frank Gonzales and the Freedom Sound Singers.

Their concert was given on July 15 in the Presidential Palace in Guatemala City, with members of the president's cabinet also present.

Afterward, the choir was served a meal in the palace.

Miss Arreola also met the president's daughter, 15-year-old Lury Montt.

The choir toured Mexico and Guatemala during July and August. It consisted of young people from many states as well as from the two Latin-America countries.

Gonzales and his wife have taken a youth choir to Mexico and Guatemala each summer for a number of years, but he said upon returning home that crowds were larger and there was more response this summer than at any other time.

At Coatepeque, Guatemala, young people from all the schools were bussed to hear

the choir; in another city an army gymnasium was filled, said Mrs. Ruth Norman, Hightower's mother.

The choir sang in three prisons and in Tepic, Mexico visited an orphanage, of which Gonzales is one of the supporters.

Hightower called this tour one of the most rewarding experiences of his entire life.

Miss Arreola recalled the

joy of singing for schools and college, as well as in prisons and the city plazas and parks.

"I met so many nice people everywhere I went. Guatemala was my favorite," she said.

She is now a student in Wellington High School.

Hightower has returned to Guadalajara, Mexico, to attend a Spanish language school.

MRS. Z.J. NEELEY

Birthday Reception Honors Mrs. Z.J. Neeley Sr. Sat.

A reception was held at Bura Handley Community Center on Saturday, Sept. 25, to honor Mrs. Z.J. Neeley, Sr., in celebration of her 80th birthday.

This reception was held during the annual Neeley family reunion, which was also held at the community center.

Mrs. Neeley's birthday falls on October 5, but the reunion date was chosen because of the number that could be present.

The reception table was covered with a white cloth. The centerpiece was a money tree. Orange punch and a decorated birthday cake were served by granddaughters. Other granddaughters registered the guests.

Mrs. Neeley, the former Opal Norman, has lived in Collingsworth County for 68 years. She lived at Quail until she and Mr. Neeley retired from farming five years ago and moved to their home at 1704 East Avenue.

Their nine children all started to school and finished at Quail. Eight were present Saturday.

Mrs. Neeley's major interest for all of this time, besides her family and church, was in the activities of the school. She and other mothers of the district did those things which Parent-Teachers Organizations now do. Mr. Neeley, a community leader, was also a

long-time member of Quail School Board.

They have been members of the Primitive Baptist Church for more than 50 years.

Their children are: Mrs. Ted Brock (Alpha) of Portales, NM; Mrs. Leon Handley (Jonnie) of Sweetwater; Raymond Neeley, Wellington; Mrs. James Cunningham (Faye) of Spearman; Mrs. Ronald Kersten (Joyce) of Wellington; Jack Neeley of Wellington; Mrs. Kenneth Jett (Fern) of Syracuse, Kansas; Z.J. Neeley, Jr. and Walter Neeley, both of Amarillo.

There are 24 grandchildren and 24 great-grandchildren.

Many friends and relatives called during the reception.

PERSONAL

Mrs. Charley Shipley of Hereford, visited her sister-in-law, Mrs. Vela Tisdale, from Sunday morning through Thursday, Sept. 19-23.

W.J. Neeley Descendants Hold Two-Day Annual Reunion Here

The Neeley family reunion, held annually, took on an added dimension Saturday and Sunday, Sept. 25 and 26, when one of its members was honored with a reception on her 80th birthday. All events were held at Bura Handley Community Center.

The reunion brought together the children grandchildren, and great-grandchildren of the late Mr. and Mrs. W.J. Neeley, who came with their large family to the Quail area in 1923.

The birthday honoree was Mrs. Z.J. Neeley, Sr. 1704 East Avenue.

The two-day reunion was larger than many community reunions. Activities followed the traditional pattern for this family: visiting, taking pictures, and partaking in various meals served at the community center.

Mr. and Mrs. W.J. Neeley lived at Honey Grove before coming to Collingsworth County, a trip they made by train. With the exception of a short time in Salt Fork community, they lived near Quail until they retired from farming. At that time they moved into Wellington.

Children of this couple (5 daughters and 3 sons) were all present during the reunion. They include Mr. and Mrs. Z.J. Neeley, Sr., Mr. and Mrs. A.D. Wood of Glen Rose, Mr. and Mrs. Omer Neeley of Littlefield, Mr. and Mrs. Willis Wood of Muleshoe.

Mr. and Mrs. J.C. Norman of Childress, Mr. and Mrs. Lonnie Neeley, Mrs. Virginia Albright of Lubbock and Mr. and Mrs. Ralph Bradley of Corpus Christi.

Grandchildren and great-grandchildren of the W.J. Neeleys included Mr. and Mrs. Ted Brock, Portales, NM; Mr. and Mrs. Leon Handley, Sweetwater;

Mr. and Mrs. Raymond Neeley with Raquel and Vanya; Mr. and Mrs. James Cunningham, Spearman; Mr. and Mrs. Ronald Kersten and Jason Wischaemper; Mr. and Mrs. Jack Neeley with Greg and Allison;

Mr. and Mrs. Z.J. Neeley, Jr., and Tonya and Mr. and Mrs. Walter Neeley, all of Amarillo; Dale Wood and Chad, Monahans; Mr. and Mrs. Lonnie Wood and family, Muleshoe;

Mr. and Mrs. W.L. Ray, Childress; Mr. and Mrs. Donnie Barnett, Randy and Brandi; Mr. and Mrs. Cary Don Neeley with Curtis and David, Quail;

Mr. and Mrs. Jim Ingram with Heath and Eric; Mrs. Bonnie Rogers and Leslie Rogers, Amarillo; Mr. and Mrs. Joe Brock and Mr. and Mrs. Bob Gruner, and Mr. and Mrs. David Handley, and John all of Lubbock;

Mr. and Mrs. George Leathers with Bret and Nicholas, Amarillo; Mr. and Mrs. Charles Kemp and Kyle, Wichita Falls; Mr. and Mrs. Billy Neeley and family; Mr. and Mrs. Larry Kane with Brian, Luke and

Chad;

Mr. and Mrs. Mark Cunningham, Houston; Mr. and Mrs. Sam Rutkowski with Becky and Johnny, Mr. and Mrs. Jessie Odom with Aaron, Amy and Troy, all of Dimmitt;

Mrs. Karen Husband, Childress; Mr. and Mrs. Keith Wauters and Andrea, Grand Prairie; David Perdue, Lubbock; Mr. and Mrs. Larry Wood with Darren and Carrie, Aledo.

Coleman Reviews Book as RTA Holds Meeting

John Coleman, member of the county unit of National Retired Teachers Association, and a World War II prisoner of war of the Japanese, reviewed his book "Bataan and Beyond," for the county RTA Tuesday, Sept. 14.

This was the opening meeting of the new year.

Coleman told of the barbarous treatment which the prisoners received and of the lack of supplies before the fall of Bataan. He recalled that the men had to wear gas masks and were armed ready for combat two weeks before war was declared.

Coleman, a retired major, told the group that his men were physically unable to do their required military duties because of insufficient rations, that they were living almost completely on rice.

He told of begging for food for his men, but all he received was one large can of fruit cocktail and 100 pounds of coconuts. He had to give one-half of that to get these meager rations taken back to camp.

Coleman showed a miniature model of the Norden Bomb Site, at that time the most accurate site the U.S. had. Because he refused to reveal its details to his captors, Coleman was beaten.

Fred Alexander and their family, Joe, Beverly and Denise, also Britt Burcham, fiancée of Beverly Alexander.

Mr. and Mrs. Alexander and their family celebrated his birthday at K-Bob's Steak House in Childress on Saturday night.

Ruel Alexander had the birthday cake decorated with all the famous cattle brands that Mr. Alexander was familiar with, especially the A-X (A bar X) that Mr. Alexander's father, the late W.M. Alexander used when he came to this county in 1891 and filed on three sections of land in Collingsworth and Childress counties.

Highlight of the party was a gag gift brought from Searcy, a pair of Levi Jeans

measuring 75 inches in the waist, and 45 inches in length. Pictures were made with Mr. and Mrs. Alexander holding the Jeans in front of them. These were large enough that a later picture shows one standing in each leg.

Mrs. Ross Swift presented Mr. Alexander with an angel food birthday cake, his favorite.

Returning to the Alexander home, the party continued.

Twenty-one relatives and friends attended the party at K-Bob's. Other than the immediate family they were Ross and Gene Swift, Thurman and Burnie Crownover and Mrs. Clara Boyd of Dodson, Glenn and Zenith Warrick and Jim Warrick of Wellington.

Consider Nutrient Contents of Food

When cutting calories, consider the nutrient value and the calorie content of foods, suggests Mary K. Sweeten, food and nutrition specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Oranges, melons, grapefruit and strawberries offer high nutrition and low calories. Apricots, peaches, plums and watermelon offer abundant supplies of vitamin A. These choices make up a healthful bargain without adding excessive calories, Sweeten said.

Senator Bill Sarpalius Reports

TO TAX OR NOT TO TAX

AMENDMENT NO. 1 ON THE NOVEMBER BALLOT

AUSTIN -- If you had the
chance to vote away a tax,
would you do so? You will
have that chance November
2, when more than candi-
dates will be on the ballot.
There also will be six con-
stitutional amendments for
your approval or disap-
proval.

The first of the six con-
cerns is the state property
tax. The State of Texas has
been collecting a property
tax for some form of
elementary or secondary
education for 135 years.
The current tax is for the 17
colleges and universities that
are not in the Permanent
University Fund. However,
the Legislature reduced the
rate of the tax in 1980 to
0.0001 percent of the
assessed value of the prop-
erty being taxed.

Because of the Legis-
lature's action in reducing
the tax, and because the tax
was required by the Texas
Constitution, a university
that benefited from the tax
sued the state, claiming the
Legislature had repealed the
tax by setting the rate so
low, and claiming the Legis-
lature did not have the
power to repeal the tax
legally, because the tax was
a part of the constitution.

The university probably
was right, and probably
would have won its lawsuit
against the state. If the uni-
versity won its suit, the
state would have no choice
but to collect millions in
back taxes.

In order to prevent this
huge tax burden falling on
property owners we passed
a resolution to ask the
voters if they simply wanted
to repeal the constitutional
section authorizing the tax.
That is what you must de-
cide on November 2.

Those favoring the
amendment say the state
should not compete with
local governments in
property taxes. They say
this tax hurts the fund-
raising ability of cities and
counties. They also say the

tax is not needed because
its purpose was to provide
a dedicated fund for con-
struction for colleges and
universities, other than
Texas and A&M. These
schools have spent enough
on buildings, the propo-
nents of the amendment
say. They claim enrollment
will not increase in the
future as it has in the past,
so there is not a pressing
need for more buildings.

Finally, they say dedicated
funds tie the Legislature's
hands to provide for a need
that may not be a need in
the future. There may be
things in the future we
would rather spend our
money on, but will not be
able to because the money
is dedicated to college con-
struction.

Those opposed to the
amendment say the tax and
the fund provide for
orderly, planned growth,
without the need for univer-
sities to lobby for funds in
front of a short-sighted
Legislature. They also
would have the Legislature
set the tax, now at 10 cents
per \$100 assessment, at a
lower rate such as three
cents, which would provide
the funds needed without
burdening homeowners.

Also, opponents of the
amendment claim the tax is
a Texas tradition. They
claim the tax shows Texans
care about education and
are willing to pay a little for
education.

It is now in your hands. If
you want the tax, if you
want to provide a dedi-
cated fund for colleges, in-
cluding West Texas State
and Texas Tech, vote
against the amendment. If
you do not want the tax,
if you do not want a
dedicated fund for schools
other than Texas and A&M,
vote for the amendment.

We want your views on
taxes and education. Please
write Senator Bill Sarpalius,
P. O. Box 12068, Austin,
Texas 78711.

Dinner will be catered by Zebbies Barbecue of Memphis, following the tournament.

Prizes will be awarded to the first three places in each of three flights.

Betty Cochran heads the tournament committee, and other members are Karen Caison, Lyla Hurst, and Eugene Sherman.

The condition of the golf

"Women in this part of the country like to come to Wellington and the men like

to play on this course, too, so we will have a good participation," said Louise Mabery, Willow Creek president.

Farmers Cooperative Society No. 1 in Wellington invites everyone to check out the new varieties of cotton in test demonstrations that will be featured on the Collingsworth County agriculture tour.

Cotton is our most important cash crop and at Farmers Coop Gin we're interested in everything we can do to improve production.

Every year, for example, we work hard to make improvements in the gin that result in long-term benefit for our customers.

A better crop and better harvesting and ginning means a better agricultural economy for us all. We urge everyone to join the crop tour to see the latest developments.

Friends of Library Hear Of Possible Purchase

Friends of the Library, meeting Monday, Sept. 27 were told of a possible new location for the Collingsworth County Library.

Mrs. B.B. Martin, president, reported that a group from the organization met with the Commissioners Court recently to discuss a proposed location, and the commissioners had approved the two-story home of the late Mr. and Mrs. J.M. Strong, at the corner of East Avenue and 10th Street.

This is subject to the building's meeting requirements of the State Library Board, and securing a source of funding for the purchase.

The two story frame structure with asphalt siding

was the home of the Strong family for many years, but it was re-built in the mid-1940s.

Included as part of the property are two green houses and another building. The rock and glass structure that served as the office and display space for Strongs Flowers is no longer owned by the family, Friends of the Library were told.

Vickie Porter, treasurer, submitted her resignation from that office. An accounting of funds for the two year period, which Mrs. Porter served was presented and showed \$350.61 now in the account.

Election of a new slate of officers was postponed, as a

quorum was not present.

Mrs. Martin was appointed to represent the county before the Panhandle Library Systems.

Meeting date of the Friends of the Library was changed to the fourth Monday of each month as certain meetings which the county librarians attend in Amarillo fall on the present meeting date.

Present were Mrs. Martin, Mrs. Jean West, Mrs. Rhuia Ketchum and Mrs. Erma Faye Kersten, the latter two being librarians. Virginia Robey was a visitor.

4-H'ers Set for National Week

Encouraging 4-H members to become responsible, productive citizens is the purpose of "Pathways to the Future," the theme of National 4-H Week, Oct. 3-9.

"During National 4-H Week, nearly five million 4-H members across the nation will rededicate their heads to clearer thinking, their hearts to greater loyalty, their hands to larger service and their health to better living," said Dr. John Pelham, state 4-H and youth leader with the Texas Agricultural Extension Service, Texas A&M University System.

Members of America's largest out-of-state youth educational organization and 568,000 volunteer leaders will celebrate with activities aimed at promoting individual growth and accomplishment, creativity, social responsibility and family involvement, he said.

Texas boasts about 140,000 members and has a support force of some 19,000 junior, teen and adult volunteer leaders.

Reviewing 4-H projects in Texas, Pelham pointed out that the top five projects the past year were food-nutrition, electric, safety, clothing and horse.

"In the past five years the top 10 projects have been about the same, though they frequently change positions," said the 4-H leader.

"4-H members learn far more than specific skills with projects such as food-nutrition, animal science, forestry or gardening," Pelham said. "They also learn to keep accurate records, make oral presentations and develop life-long management, consumer and

communications skills."

Young people from 9 to 19 may participate in 4-H through organized clubs, special interest groups, nutrition education programs, television series, short-term activities and camping, he explained.

Elementary Report Cards Go Out Thurs.

Wellington Elementary School children will receive their first 6-weeks report cards Thursday, Sept. 30, Melvin Cardwell, principal, told parents.

"We would like for the parents to observe them or look them over," he said.

"Certainly right now is the time to examine their child's achievement from the report card and check with the school or the teachers if they have any questions.

"We urge this at this time of the year."

Rocket-Cyclone JVs Play 6-6

Wellington and Memphis Junior Varsities fought to a 6-6 conclusion in their Powell Field Game Thursday, Sept. 23.

The teams fought 0-0 until 5 minutes before halftime, as neither team could get a sustained drive going.

Rocket defense looked good at this point, as it did through the remainder of the game.

The Memphis score was set up by a 40 yard pass but

the try for extra point failed. "This was a frustrating first half compared to other games we have played," said Coach Allen Sanders.

The Rockets got some good drives going in the second half, and 8 minutes into the third period Wellington tied the game 6-6, then went for the two extra points but the pass was incomplete.

Memphis had a drive going in the fourth period, but the Rockets made a goal line stand and got the ball back on downs. "The boys showed a lot of character keeping them out," said Sanders.

Wellington started a drive, got a long pass, but stalled on the Memphis 20 yard line. With 40 seconds left on the clock, Wellington tried a long pass, but it was covered.

A short pass added some yardage, but time ran out before Wellington could go farther.

Conceding that the Wellington team had some problems, Sanders added that Memphis had a good team and came over ready to play.

8th Grade Wins Over Memphis 22-6

Wellington 8th Grade Firecrackers used a good first half offense to score three touchdowns and win over Memphis 8th grade 22-6.

With this game, the Firecrackers won the first half of 8th grade district play with a 3-0 record.

Wellington's first touchdown, in the first quarter, ended a 60 yard drive with Mario Villanueva scoring over the left side. The try for extra point failed.

The second touchdown came when James Patterson scored on a 6-yard drive play on the right side, and this time the extra points were good on a run by Villanueva.

Wellington's third touchdown came in the second quarter also, with Villanue-

Skyrockets Scalp Indians, 34-6

Wellington Skyrockets crushed Nocona 34-6 at Vernon Friday, Sept. 24 to give the Rockets a 2-1-1 season.

Dwayne Curry lit up the scoreboard for the Rockets with a 20 yard run just 3 minutes into play. An extra point kick failed and the Rockets held a 6-0 lead with 8:26 to play in the first quarter.

Then on Nocona's first series after the kickoff, the fourth-down pass from center sailed over Indian punter Billy McChesney's head and he barely got the punt off.

Rocket lineman Matthew Hanna came as close as most linemen ever come to scoring, fielding the short punt at the Nocona 10 and charging to the 5 before he was dropped.

Two plays later Shane Cobb scored from the 4 yard line. Wade Williams popped a pass to Darren Hall for two extra points and the Rockets

led 14-0 with 6:20 to play in the first period.

At the end of the first quarter another pass from center went over the Nocona punter's head and Sheldon Duncan downed the punter at the Nocona 25. This time, though, the Rockets didn't capitalize on their field position.

Dru Lacy stopped another Nocona drive with a fumble recovery late in the second period.

Nocona moved from their own 33 to the Rocket 36, when, with 53 seconds to play in the half, quarterback Ronnie Uselton completed a pass to Mark Henry for the Indians' only score of the game. An extra point kick failed and the score stood at 14-6 at halftime.

Nocona's luck didn't change after halftime. On their first possession punt, Ricky Martinez blocked the ball and Sheldon Duncan recovered it at the Nocona 10.

Three plays later Wade Williams scored from the 4 yard line. An extra-point pass failed and the Rockets led 20-6 with 7:59 to play in

TOUCHDOWN

the third quarter.

Dwayne Culpepper helped out with a third quarter pass interception, but Nocona intercepted back a few

plays later.

In the closing moments of the third quarter, the Rockets began a 42-yard ground attack that ended

with Dwayne Culpepper scoring from the 6 yard line.

Mark Hunnicutt's extra point kick made it 27-6 with 11:36 to play in the game.

The Rockets' final TD was set up by Otis Lewis dropping Nocona quarterback Uselton for a 14 yard loss on fourth down.

The Rockets took over the ball and Dwayne Curry took off behind some fine blocking by all the Rocket linemen for a 45-yard scamper for the touchdown.

Mark Hunnicutt's extra point kick made the score 34-6 to complete the scoring with 3:05 to play.

Roy Mote stopped the final Nocona possession with a fumble recovery.
