Talks On Viet Resumed After US Loses Bomber

WASHINGTON (AP) — President Johnson continued today his deliberations on a possible buildup of U.S. forces in South Viet Nam.

One matter under study was the blasting of an American jet bomber over North Viet Nam by what U.S. officials said appeared to be a ground-to-air missile.

White House press secretary Bill D. Moyers said no formal conferences were scheduled, but the President would confer during the day, by telephone and perhaps in person, with various officials.

Johnson and his top advisers spent three days last week discussing the war in Viet Nam, and the President continued his consultations during a weekend at Camp David, Md.

The White House has given no indication as to when decisions stemming from the talks might be announced. But Vice President Hubert H. Humphrey indicates some decisions might be made by Tuesday night.

Newsweek magazine, in an exclusive interview, today quoted the President as saying the Communists "think we've lost.

"They think they can run us out. I've tried 13 peace offensives to get them to talk, but no. We've either got to hold out or get out.

"We're going to do what's necessary. We cannot just get out."

Newsweek said the President also described his policy as one "to minimize our losses and exercise maximum restraint. . to show our strength without being reckless."

The President added in the interview: "They're pouring in power. They're pouring in troops every week, and we have to put troops in to oppose them."

In Honolulu, Hawaii, Adm. U.S. Grant Sharp Jr., the U.S. Pacific military commander, said in an interview that the Viet Cong forces are stronger now than they were six months ago. He declined to comment on the downing of the U.S. plane Sunday.

Word of the possible missile use came from a U.S. spokesman in Saigon, capital of South Viet Nam.

He said: "Initial indications are that the plane (an F4C Phantom jet) was downed by what might have been a surface-to-air missile."

The development brought no public comment from either President Johnson or Secretary of Defense Robert S. McNamara, who conferred with the President at Camp David.

Nor was there any comment on the plane incident from governors gathered at Minneapolis for their annual conference.

But there was talk about Viet Nam.

Said New York Republican Nelson A. Rockefeller: "I think he (Johnson) has shown tremendous courage. . . for preserving the honor and integrity of our country for the defense of freedom in the world."

Another Republican, Idaho's Robert E. Smylie, said: "I think we have to take a strong position in Viet Nam and I could not fault the President's policies on Viet Nam now."

Pennsylvania's William W. Scranton, also a Republican, said: "I have one strong conviction that over the last year and a half, time after time, various members of the administration have gone to Viet Nam and made encouraging statements that have not come true. I think the President should give us the information, tell us what is needed and I think most Americans would go along."

39 SAFE AFTER PLANE CRASHES—A skillful Allegheny Airlines pilot, Allen Lauber, 36, of Philadelphia, Pa., flew his burning two-engine plane through a forest and made a belly-flop landing in a narrow clearing, saving the lives of the plane's 36 passengers and three crewmen. The burned-out skeleton of the plane, a Convair 440, smolders in the wooded area near Williamsport, Pa., where it went down. (AP Wirephoto)

Texas Coeds Still Missing

AUSTIN (AP) — Bloody and torn clothing found near Kerrville was eliminated today as a clue in the disappearance of two Dallas coeds, missing since July 18.

A spokesman for the Texas Department of Public Safety said investigators are convinced the clothing, found Sunday, did not belong to Shirley Ann Stark or Susan Rigsby.

Texas Ranger Bill Wilson said Sunday night the clothing seemed too large for the young women and was not the quality of other clothing known to belong to the two.

The clothing was found on a fence row Sunday by Game Warden Donald McClure about seven miles from Kerrville.

The Texas Department of Public Safety, meanwhile, asked farmers and ranchers all over the state to watch for any clues connected to the disappearance, including any signs of "fresh digging."

Kerr County Deputy Sheriff Raymond Rhodes described the clothing as "cut and torn, and had lots of blood on them." They said they consisted of underclothing and part of a dress.

Miss Stark and Miss Rigsby, both 21 and Chi Omega sorority sisters, were last seen July 18 near the campus of the University of Texas where Miss Rigsby was to have registered for the summer session.

Austin police said they checked every conceivable lead Sunday, but reported no progress toward solving the strange case.

Two persons claiming to have extra sensory perception, a woman from Dallas and a man from Miami, Fla., have said they believe the young women were abducted by at least two men.

The coeds' parents maintained a vigil during the search here last week but returned to their homes during the weekend.

Miss Stark drove Miss Rigsby to Austin on the day they disappeared. They dropped from sight shortly after they ate at a restaurant with a coed who was to have been Miss Rigsby's roommate at an Austin apartment.

A bundle of clothes belonging to Miss Rigsby was found in a roadside ditch near Austin last Tuesday, and Miss Stark's car was found last Wednesday in an apartment house parking lot near the university campus.

High Winds Rake N. Texas Areas

By The Associated Press

Turbulent weather dumped rain on parts of North Texas Sunday, breaking a heat wave, but also leaving at least three deaths and some destruction in its wake.

The rains were some of the best received this month at a number of points. The heavier rains reported included Maud 1.56 inches, Texarkana 1.40, DeKalb 1.24, Trenton 1.20, Box Elder 1.11, McKinney 1.10, and Slidell 1.09. Rains of less than one inch were received at a number of points.

High winds, which suddenly slammed into the area, capsized boats on Garza-Little Elm Reservoir north of Dallas and caused the drowning of three persons. The wind also lifted a $10,000 boathouse from the lake and dumped it on three cars parked on the shore nearby.

Pleasant temperatures brought on by rain showers may continue in parts of South and North Texas where thundershowers are predicted for Monday night and Tuesday. Rain fell early Monday morning at Lubbock and Childress in West Texas and coastal areas received numerous showers Sunday.

Temperatures dropped Sunday in the Panhandle-Plains area as a cool front moved through.

High temperature readings in the state Sunday were 105 at Presidio and Wichita Falls. All points reported readings of 90 degrees or higher except in the Panhandle, where Dalhart's 83 was the low maximum for the state.

Rallies Leave Dr. King Exhausted

CHICAGO (AP) — A tired Dr. Martin Luther King Jr. skipped today a breakfast with Illinois union leaders after two days of marathon integrationist stumping at Chicago street corner rallies.

An aide told the labor officials Dr. King was sleeping.

"He's hoarse; he's tired; he talked himself out," said Andrew Young, executive director of the Southern Christian Leadership Conference which is headed by Dr. King. "He worked on his speech for the Buckingham Fountain rally this afternoon until 3 a.m."

Sunday night, after 17 speeches exhorting Chicago Negroes to participate in a march on the City Hall Dr. King addressed a predominantly white audience of suburbanites.

A crowd that Police Chief Don Derning of Winnetka estimated at 8,000 listened to a plea for understanding and support of the Negro rights movement and afterward applauded Dr. King.

The crowd on the tree-bordered Village Green in Winnetka, a white, high income community without any Negro property owners, was one of the largest of the weekend.

Light Showers Fall Over Area Sunday

Light showers teased the Snyder area late Sunday as a weak cool front moved down from the Panhandle.

Several showers, none of them covering much territory, were reported over the area during the late afternoon and early evening hours. The official gauge at the city water plant measured .04 of an inch. However, some areas of Snyder did not have enough to measure.

TO BE TRIED IN VIET—Robert Kimball, 36, a native of Salt Lake City, Utah, has reportedly confessed to the slaying of his chief, Jack E. US Official Confesses To Viet Murders

SAIGON, South Viet Nam (AP) — Robert Kimball, an American aid official, is expected to be tried in a Vietnamese court on charges of murdering a senior U.S. police adviser and a Vietnamese woman.

Le Tu Truc, chief of police of Saigon's 3rd Precinct, said that Kimball, 36, had confessed killing Jack E. Ryan, 44, chief of the U.S. Aid Mission's public safety division, and Mrs. Nguyen Thi Hai, 26, outside Ryan's house Friday night.

A reliable police source said Kimball would be charged with homicide. Truc said Kimball had signed a statement admitting the killings. But the police chief refused to disclose any details of the statement.

The United States and Viet Nam have no status of forces agreement spelling out jurisdiction over cases such as this.

Police said Mrs. Hai, the wife of a Vietnamese air force captain, was a close friend of Kimball. The police said she and the killer were in Ryan's yard when Ryan arrived and was shot. Mrs. Hai tried to run out of the yard, the police said, but was shot and her body was dragged back into the yard.

Thailand's Young Lovely Takes Crown

MIAMI BEACH, Fla. (AP) — Two thousand people crowded an oceanfront hotel to watch Thailand's Miss Universe celebrate the biggest party of her life: her coronation ball.

Hundreds waved, applauded and tooted horns as Apasra (Pook) Hongsakula walked through the hotel lobby on a red carpet to the ballroom Sunday night.

She smiled and waved back saying, "Thank you, thank you."

In the ballroom, her escort, Marine 2nd Lt. Robert Wade of Charleston, S.C., had to battle autograph seekers to keep his date within arm's reach.

It was the 18-year-old dark-eyed Pook's first date. For first dates, it was a dinger.

Six hundred persons paid $50 each to eat a seven-course candle-light dinner and gaze at the Miss Universe lovelies. Seventy-two U.S. Marine officers in dress whites did the honors on the dance floor.

"I'm still dazed," said Pook, the nickname meaning "Fatty" by which everyone now calls her. Her name Apasra, or fairy, is too hard for most to pronounce. It's Ah-pas-lah.

A thousand persons milled in the hotel lobby and on the streets during the ball hopeful one beauty would slip out.

As the girls arrived and left, traffic came to a near halt within 10 blocks of the hotel. The same thing happened as they left.

Russians Warn Of New Rocket Tests

MOSCOW (AP) — The Soviet Union will test new types of carrier rockets for space launchings in the Pacific from July 28 to Oct. 15, Tass said today.

The Russians warned nations using sea and air ways in the Pacific to keep out of an area with a diameter of 40 nautical miles and with a center at 37 degrees 39 minutes north latitude and 173 degrees 25 minutes east longitude throughout that period from 12 noon to 8 p.m.

Hot Battle Seen On Union Shop

By JOHN BECKLER

WASHINGTON (AP) — The sizzling fight over repeal of federal legislation permitting states to outlaw the union shop reaches the House floor today.

A decision will come quickly in the first stage of the battle when Republicans try to force a procedural change that would permit them to offer amendments to the bill. The vote on the bill itself will come Tuesday.

The administration - backed measure would repeal section 14B of the Taft-Hartley Act under which 19 states have banned agreements between unions and management that would require employes to join a union and pay dues.

The bill is being considered under a rule that would make amendments raising any other issue out of order. The Republicans want the House to vote down that rule and substitute one making amendments in order.

Rep. Robert P. Griffin, R-Mich., leader of the fight against repeal, wants to let the House vote on four amendments which he says would provide necessary safeguards for workers who would be forced to join unions if 14B were repealed.

His amendments would make it unlawful for a union to discriminate on account of race, use dues for political purposes, or punish a member for exercising any legal right. Another amendment would keep persons with religious convictions against union membership from being forced to join them.

Griffin has called his proposal fair and reasonable and said they "recognize merit in the arguments for union security, but do not sacrifice individual rights which are at least of equal importance."

The Democratic leaders want to hold the line against amendments to prevent the whole controversial Taft-Hartly Act from being opened up. Griffin's proposed substitute rule would make only his amendments in order.

Reds Move War Nearer Saigon

SAIGON, South Viet Nam (AP)—Viet Cong guerrillas are stepping up harassment activities closer to Saigon, a U.S. military spokesman said today.

The Communists initiated six actions within 25 miles of the capital during the weekend, the spokesman said. Three of the actions were reported south of Saigon in neighboring Long An Province.

The actions included a mortar barrage against an outpost and infiltration into a hamlet.

Only scattered and relatively light ground action was reported today as the United States continued its air strikes in both North and South Viet Nam.

Two Viet Cong were reported killed, another wounded and six captured by U.S. Marines who suffered no casualties, the spokesman said. He said guerrillas attempted to ambush a Marine patrol in the Da Nang area.

The spokesman said 26 Viet Cong were reported killed during a government search and destroy operation with close air support in Quang Tin Province, 350 miles northeast of Saigon.

U.S. and Vietnamese planes flew more than 200 sorties against suspected Communist installations in the south in a 24-hour period ending this morning, the spokesman said.

A forward artillery observer estimated 35 Viet Cong were killed 7 miles east of Bien Hoa air base, the spokesman said, but there was no ground confirmation. Another 15 guerrillas were reported killed in a raid against a Viet Cong encampment 25 miles southeast of Can Tho, in the Mekong River delta, but again the casualties were not confirmed by body count.

A U.S. military spokesman reported Sunday that a U.S. Air Force jet bomber was shot down about 40 miles west of Hanoi Saturday by what appeared to be an antiaircraft missile.

No parachute was seen after the plane was hit, the spokesman said, and the two crewmen were presumed killed.

The Soviet Union is known to have built launching sites for surface-to-air missiles in the Hanoi area, but no U.S. planes have been reported shot down by missiles from the ground before. All losses of U.S. planes have been attributed to conventional antiaircraft fire or enemy planes.

Car, Train In Collision

A new automobile was damaged extensively but there were no apparent personal injuries in a car-train crash at about 6:15 p.m. Sunday at the FM Road 1611 crossing of the Santa Fe Railroad north of Snyder.

Highway patrolmen who investigated the mishap estimated damage to the 1965 Pontiac driven by Mrs. Opal Lee Smith of Hamlin at $1,850. The front end of the car was hit by a special passenger train. Officers said the car's speedometer indicated that it had been driven less than 300 miles.

Passengers in the car were Mr. and Mrs. E. G. Smith of Hamlin and their grandson, Terry Butler, Sunray Camp.

Reds Cut Barge Routes

BERLIN (AP) — Communist troop maneuvers shut down nearly all barge traffic between West Germany and isolated West Berlin today.

West Berlin customs officials said barge traffic was halted in the Rathenow-Brandenburg area in East Germany, about 35 miles west of Berlin.

It was the first time since the Red troop exercises began 10 days ago that the shutdown on the Elbe and Havel rivers was virtually complete. There had been earlier delays around the locks on the Havel near Rathenow.

Bargemen arriving in West Berlin Saturday said that East German, Russian and Polish units were crossing the streams.

Sec. 4. In the event the Constitutional Amendment proposed in this Resolution is adopted by the people of Texas in the election in November, 1965, the Governor of Texas is directed not to issue a proclamation for the election and not to publish notice thereof for the Constitutional Amendment proposed by House Joint Resolution No. 1 of the 59th Texas Legislature, since the provisions of said House Joint Resolution No. 1 are included in this Resolution. But, should this proposed Amendment be rejected by the people of Texas in the election in November, 1965, then the terms and provisions of House Joint Resolution No. 1 shall be and remain in full force and effect and shall be proclaimed published and submitted to the electorate in November, 1966, as provided in said House Joint Resolution No. 1.

The Lieutenant Governor shall, while he acts as President of the Senate, receive for his services an annual salary in an amount to be fixed by the Legislature and the same mileage which shall be allowed to the Members of the Senate, and no more; and during the time he administers the Government, as Governor, he shall receive in like manner the same compensation which the Governor would have received had he been employed in the duties of his office, and no more. The President, for the time being, of the Senate, shall, during the time he administers the Government, receive in like manner the same compensation, which the Governor would have received had he been employed in the duties of his office."

NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars ($400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Board and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars ($400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars ($200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $200,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law"; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $200,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

Society To Honor Star

SAN FRANCISCO (AP)—The California Historical Society wants mementoes, not money, for a collection in memory of acclaimed Norwegian soprano Kirsten Flagstad.

The historical society recently established the Flagstad Memorial Collection in San Francisco, where the opera star sang many times from 1935 to 1952.

Mme. Flagstad, often termed "the greatest singer of her time," made lasting friendships in San Francisco and was a frequent visitor after her retirement.

Two of her friends are cosponsors of the memorial collection, Mrs. Milton H. Esberg Sr. of San Francisco and Samuel Draper, visiting professor of dramatic art at the University of California.

Already a number of the world's singers, scholars, music critics and music lovers have promised personal materials to the collection.

The memorial's nucleus will be formed from Mrs. Esberg's extensive personal collection, begun after she met Mme. Flagstad backstage at the San Francisco Opera House in 1935.

Mrs. Esberg and the Norwegian soprano's friendship was terminated only by the singer's death at Oslo in 1962.

Over nearly three decades Mrs. Esberg attended Flagstad performances on two continents and saved programs, press notices, pictures and other personal items.

The correspondence between the two will be included in the memorial collection, also.

Other important contributions have been promised by Mme. Flagstad's daughter and son-in-law, Mr. and Mrs. Arthur Dusenberry of Phoenix, Ariz., and by her former manager, Disponent Lief Stake of Oslo.

The California Historical Society welcomes any pertinent material or written expressions about Mme. Flagstad, which may be sent to the society at 2090 Jackson Street, San Francisco.

Fresh Corn Cakes

- 2 large eggs
- 2 cups firmly packed fresh corn, cut from cobs
- 2 tablespoons instant flour
- 1 teaspoon baking powder
- 1 teaspoon salt
- 2 teaspoons sugar
- 6 tablespoons butter

In a medium mixing bowl beat eggs until thick and ivory color. Dump in corn, flour, baking powder, salt and sugar. Mix well with a spoon so that ingredients are evenly distributed. In a large skillet over a little less than moderate heat, melt about 1½ tablespoons of the butter for each batch of cakes. Drop generous tablespoons of the mixture into the hot butter leaving ample space between them—in a 10-inch skillet 6 cakes can be fried at one time. Cook until bottoms are browned and top edges are dry; turn carefully and brown other side. Makes about 24. Note: You'll need 4 good-size cobs of corn; cut kernels away, then with dul side of knife, scrape down pulp.

Weight-watchers will be interested to know that a ¼-pint serving of vanilla ice cream has 80 fewer calories than 2 plain cookies that are about 3 inches in diameter.

Paris Show Opens Today

By LOUISE HICKMAN
AP Fashion Writer

PARIS (AP)—The Paris fall and winter fashion collections opened today with the "cavalier look" from Jacques Esterel. He showed a curvy high-bodiced redingote shape with back-tilted tricorne hats.

Most hems hit just above the kneecap though several rose two inches above.

Esterel's clothes fit close as can be over a high, small bosom and across the shoulder blades. This was the narrowest point of the silhouette, which then left the body in a swelling bell shape or conical flare to the hem. The high bodice was sometimes marked by a thin belt, but the line was more often smooth and unbroken.

Small suit jackets flipped out from under the tiny bosom to rest on swinging flared skirts. Many suits had long below-hip jackets fitted close on top and belling out to rest lightly on full skirts. Sleeves were thin.

Esterel's look was both rounded and rigid. He needed heavy fabrics to achieve it. Thick gabardines prevailed for day, and there were stiff ziberlines (stiff, fine-ribbed silk) and cushiony damask matelasses for evening.

Short silk evening suits had long tunic tops, always tight to the top of the midriff, then widening over swinging full skirts. Many of the long tunic tops were strapless, others with very low backlines had weskit buttonings and cutaways. Some did double duty — shown once over a short skirt, again over a long one.

Former Snyder Teacher Weds In Santa Anna

Scattered pearls and appliques accented the gown. The bridal veil of silk illusion fell tier upon tier from a double tierra of pearls. She carried a white Bible topped with a cascade of white roses.

Mrs. R. A. Thompson of Richardson, sister of the bride, was matron of honor. Bridesmaids were Mrs. O. B. Smith of Fort Worth, Mrs. Bob Bivins of Canyon, and Mrs. H. G. Castleberry of Slaton. They wore lime green brocade sheaths with matching picture hats and carried a single long stemmed red rose.

H. G. Castleberry, brother of the bridegroom was best man. Groomsmen were Bob Bivins of Canyon and R. A. Thompson and Jimmy Griffin of Richardson. Ushers were Howard Lammer of Slaton and Travis Buse of Santa Anna.

Organist for the ceremony was Miss Beth Brick. Pete Simmons sang "Whither Thou Goest" and "The Wedding Prayer."

Guests were received in the community room of the Santa Anna National Bank. Members of the house party were Mrs. Howard Lammer of Slaton, Mrs. Ronald Green of Dallas, Miss Vita Rehm of Fort Worth, and Mrs. Wannie McQueen, Mrs. Tom Kingsberry, Mrs. Nick Buse, and Miss Earla Buse of Santa Anna. Citizens Of Cuba Remain Suspicious Of Communism

By DANIEL HARKER

HAVANA (AP) — Fidel Castro, commemorating today the barracks battle that launched his rise to power, seems solidly entrenched on his island domain.

On July 26, 1953 Castro led an ill-fated assault on the Moncada army barracks in Santiago de Cuba — the beginning of his long fight to overthrow Fulgencio Batista.

Today huge posters, some portraying Castro with a rifle slung over his shoulder, hang throughout Havana and slogans proclaim him the "commander in chief for whatever it be and whenever it be."

Photographs of the Cuban prime minister hang everywhere — in offices, theaters and factories — and quotes from his speeches are painted on walls and doors. The press is lavish in its praise, with one paper quoting Castro under a headline reading "Fidel, a ray of light for the Americas."

Late last year the government claimed to have wiped out the last anti-Castro guerrillas operating in the rugged Sierra de Escambray. This year's July 26 celebration is at Santa Clara, only a short distance from the former guerrilla stronghold.

The slogan for today's celebration was "Here in Las Villas where imperialism tried to make a last-ditch stand, the revolution has built one of its strongholds."

Diplomats and foreign observers agree that Castro enjoys great popularity with the Cuban people. That popularity does not extend to the same degree to the regime and the Communist system.

Some feel if Castro should disappear, the Communist system would face a crisis. However, that might not be so in the future if the Communists finish building their political machinery.

Castro's personal popularity seems strongest among the peasants, some of whom fought against Batista. Since taking power, Castro has improved their lot, and has built roads, schools and hospitals.

The peasants remain highly suspicious of communism, however. Small farmers are allowed to keep their lands, even though total nationalization of private property has been accomplished in urban areas.

The strongest supporters of Castro in the cities are Negroes who make up about a third of Cuba's seven million population. The Negroes admire his efforts to end racial discrimination. At the bottom of the social scale under Batista, they consider they have gained from the revolution.

The government party—United Party of the Cuban Socialist Revolution — does not equally share Castro's popularity, partly because Castro overshadows everything else and partly because of a dislike of communism.

NATURE'S GIFT TO THE DUCK: A BUILT-IN WATER PROOFING SYSTEM . . .

QUESTION: Why do ducks have oil on their feathers?

• • •

ANSWER: Ducks are wonderfully equipped for their acquatic life. Between the feathers and the body is a soft layer of down which helps to keep the body warm. The feathers of all birds act as protection from weather, since they hook together somewhat as zippers do. A bird's feathers hold a blanket of dead air around its body which acts to insulate it in much the same way we insulate houses.

But perhaps the most important equipment possessed by the duck is a good-sized gland over the tail which secretes an oil. The female mallard duck in our picture is "preening" her feathers, straightening them out so the barbs will hook together. Because oil resists water, this gives her a fine waterproofing and enables her to float easily. Other birds have oil too, but the duck makes especially good use of it because she has so many feathers. The mallard is said to have about 11,900 feathers compared with 1300 to 200 as found on sparrows and warblers.

• • •

FOR YOU TO DO: Watch some ducks to see how they preen their feathers. Now you have learned why this is so important and necessary to them. 7-26

One Ordeal Of War Is Trip Home

By HAL BOYLE

NEW YORK (AP) — One of life's little ordeals today is taking a long international air journey in tourist or economy class.

The money you save barely covers the cost of having your friendly neighborhood osteopath straighten the kinks out of your backbone.

As a matter of fact, after making a round-trip economy flight of some 20,000 miles to and from Viet Nam, I have only one suggestion to the air lines: replace any member of the crew, except possibly the pilot, with a staff orthopedist or a chiropractor.

Going over wasn't so bad because I didn't know what I was up against. But I had to spend nearly three months in the war zone to get up enough courage to face the trip back.

The air line fellows who make the seating assignments must be either sadists or former sardine canners. Their goal seems always to wedge a fat man in the middle of the three cramped seats.

Then the fun begins.

A typical row is as follows:

On the outside seat is a tall man with legs so long he trips up hostesses several times before one finally tells him he can't leave them in the aisle. So he puts one foot under the seat ahead of him and one under the seat in front of the fat man next to him.

And the passenger by the window, on the other side of the fat man, usually is a talkative middle-aged lady who suffers from claustrophobia and is making her first flight.

She can't stand being crowded and becomes nervous. Every 15 minutes she has to clamber over the fat man to go to the comfort room. After 1,000 miles her spiked heels have scraped both his shins raw.

About then food is served. The hostesses fly back and forth with trays like burdened birds. The theory is that if enough food is stuffed into the passengers they will go into a coma and quit trying to move around.

By the time his circulation returns in his arms, the fat man's companions have finished their meal. He weakly tries to cut his steak and winds up with his elbows in the neighboring plates. He is too tired to struggle. He just leaves them there, soaking up gravy, until the hostesses come to his rescue and take away the trays.

But if tourist flights are tough on the paying guests, they are equally hard on the heroic, hard-working hostesses. At the end of one stage of my journey, I told one hostess who was leaving, "I guess you girls really feel like a rest."

"Oh, our work isn't quite through yet, sir," she said brightly, "we still have to take off our shoes and press the grapes to make the champagne for the return."

Convicts May Be Denied Cigarettes

AUCKLAND, New Zealand, (AP) — The New Zealand government is threatening to take away cigarettes and matches from some convicts in an attempt to check spreading arson and rioting in the nation's prisons.

Secretary of Justice J. L. Robson said Sunday night that smoking privileges "might be withdrawn from certain types of prisoners."

Convicts burned out New Zealand's top-security prison in Auckland last Tuesday in a futile attempt to break out. The prisoners were transferred to other jails. New Arson attempts were made over the weekend.

Searchers Fail To Locate Transport

MANILA (AP)—Hampered by monsoon rains, searchers failed today to find any trace of a Philippine air force transport plane that disappeared over the central islands Sunday with 36 persons on board.

Zephyr Is Derailed

PINECLIFFE, Colo (AP)—All 305 passengers escaped injury but the engineer and fireman were shaken up Sunday night when five diesel locomotive units, two coaches and a baggage car of the eastbound California Zephyr derailed.

Midland Storms AAU Meet

San Angelo Distant Second; Lubbock Swim Club is Third

Midland's YMCA Swim Team virtually swam away with the AAU Swim Meet held in Towle Memorial Park Pool last Friday and Saturday by compiling an unsurmountable total of 491 points.

The Midland team's closest competitors were the San Angelo Swim Club with 227 points and the Lubbock Swim Club with 206 points. They were followed by Big Spring Aquatic Club with 111 points, Amarillo Aquatic Club with 105 points, Andrews Swim Team with 74 points, Odessa Aquatic Club with 38 points, Abilene YMCA with 36 points, and the Snyder Swim Team with 32 points. Unattached swimmers collected 33 points in the meet.

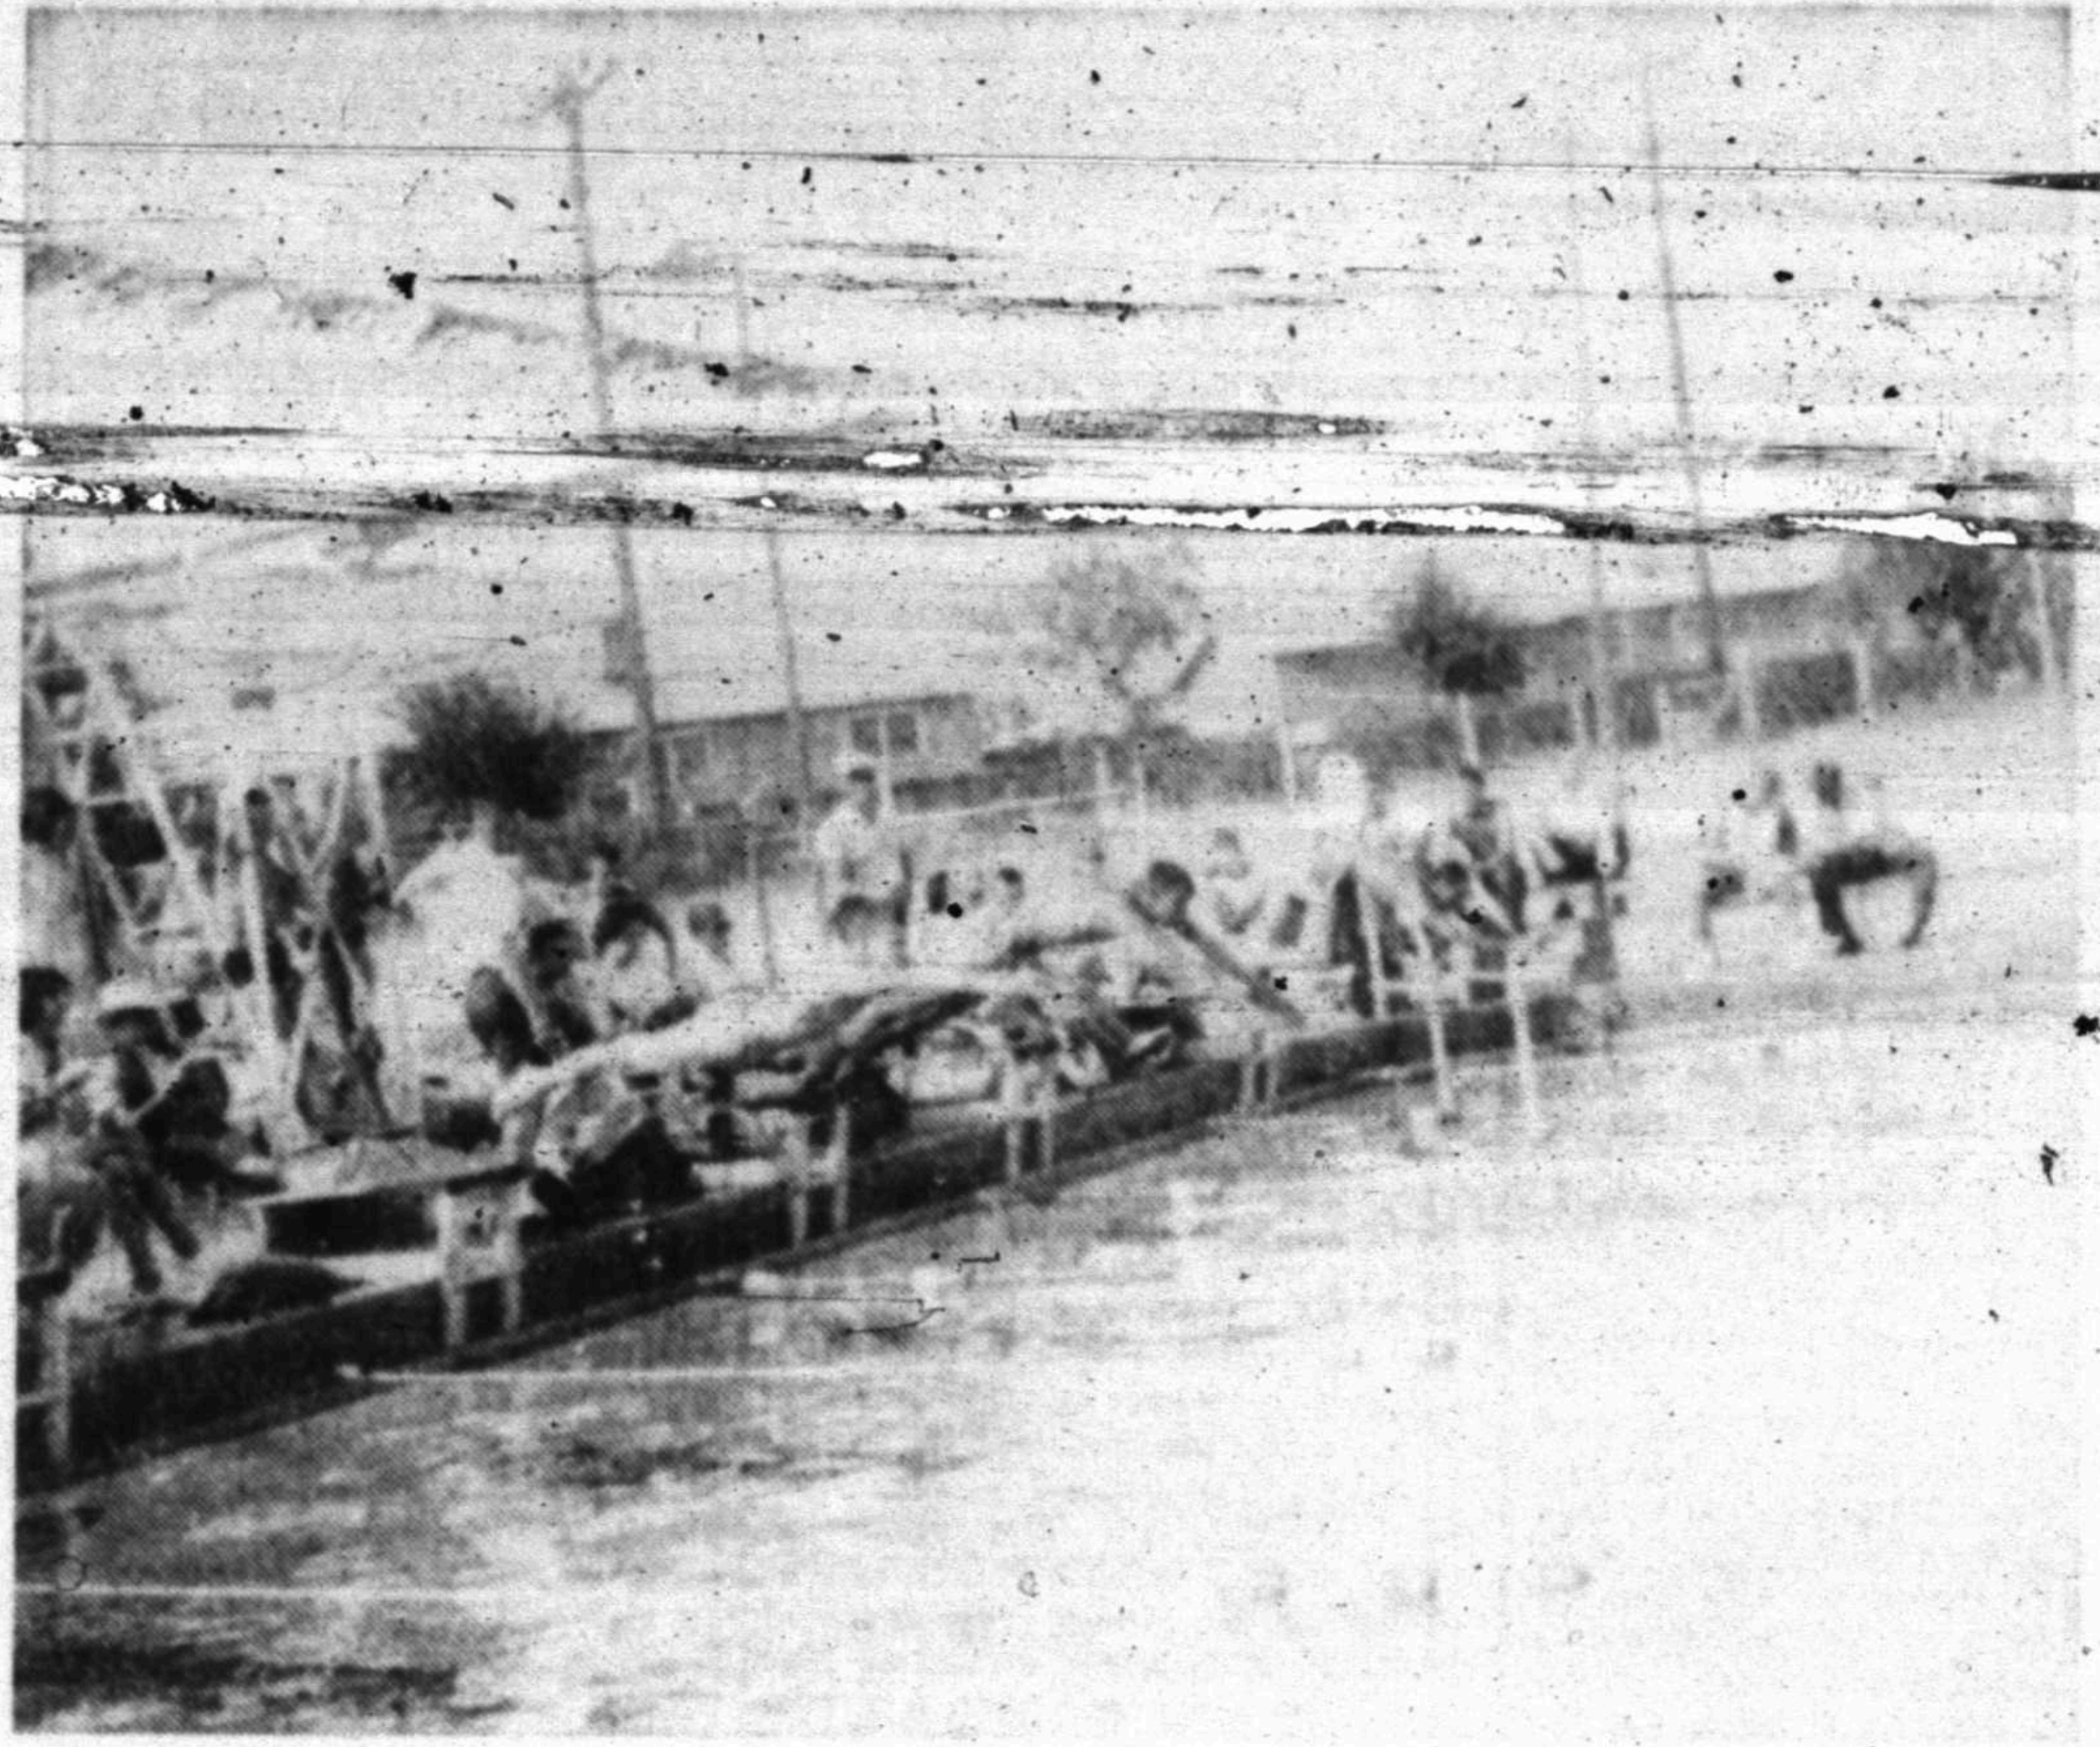
Snyder's Swim Team just didn't have enough depth for a high point total, but in some areas showed a great improvement. The only first place award that Snyder got was in the 11 and 12 boys diving by Mike Shearburn.

Other individuals to score points for Snyder are Steve Dillaha, 5th place in 100 meter freestyle 11 & 12 boys; Terry McNair, 5th place in 100 meter breast stroke 13&14 boys; Shearburn, 6th place in 200 meter individual medley boys 11&12 [illegible] Barbara Lacek [illegible] in 100 meter [illegible] & under; Dan Martin, 4th place in 100 meter free style 11&12 boys; Cathy Martin, 6th place in 200 meter free style 13&14 girls.

Snyder had four relays to place. Boys 11&12 200 meter medley relay, Shearburn, Dillaha, David Tyrone, and John Dulaney placed 4th; Boys 13&14 200 meter medley relay, McNair, Delbert Hirst, Lacek, and Larry Krause placed 4th; 11&12 boys free style relay, Shearburn, Tyrone, Dillaha, and Dulaney placed 3rd; 13&14 boys 200 meter free style medley relay, McNair, Pat Smith, Hirst, and Lacek placed 4th.

There were some 68 swimming events in the AAU sanctioned meet. Preliminaries were held Saturday morning and the finals ended at 8 p.m. that night. Some 120 races were performed throughout the spectacular.

Coach V. V. Shearburn, manager of Towle Pool, thought the meet went off just as they had hoped, but ended with, "It was a long day."



THEY'RE OFF could be heard all day long last Saturday at Towle Pool as the AAU sanctioned swim meet ran smoothly. Shown here is the 15 year old boys 100 meter free style. Midland won the meet with a smashing 491 points. San Angelo was second and Lubbock was third.

Snyder Eliminated From LL Playoff By Colorado River

Snyder lost its final hope in the Little League playoffs Saturday night when the Colorado River League All-Stars downed Snyder's National Little League All-Stars 8-5 as a sixth inning rally by the locals fell short.

Snyder trailed 8-1 going into the last frame of play when three singles by Terry Bell, Bobby Thompson, and Lee McNair loaded the bases. Up stepped Glenn Rambin and belted a grand slam home run to run the score to 8-5. Bruce Almond then followed with a double, but was left stranded on third base to end the Snyder rally. The end of the rally marked the end of advancement in the playoffs for Snyder in the Little League bracket.

Snyder had previously beaten the Colorado City All-Stars 8-6 in the second round of the playoffs. The Nationals had drawn **a bye in the first round.**

Colorado River took an early lead of 4-1 in the first inning on another grand slam homer by Fields. They then stretched the lead to 7-1 in the third inning.

That rally was started by the catcher, Day when he hit a home run. The homer again dented the Snyder hopes in the fifth when Basquez connected.

The Nationals scored once in the first inning on home run by Bell. Thompson then followed with a single. From Thompson's first inning single, Colorado River retired 12 straight batters, but the string ended in the fifth when Gary Gallman drew a walk. Then in the sixth inning, the Snyder crew exploded, but it was a little too late.

Basquez, the winning Colorado River pitcher, struck out 11 Snyder batters. He went the entire distance despite a shaky first and sixth innings.

The game was played in a neutral site at Colorado City. Colorado River will advance to the next round of the Little League playoffs.

Texas Tech To Revamp Personnel

LUBBOCK (AP) — Reorganization of the Texas Tech athletic council with the primary purpose of preventing a repetition of the basketball fiasco has been ordered by the board of directors.

Last winter Texas Tech forfeited the Southwest Conference basketball championship because player Norman Reuther had failed by one hour of having enough school work to meet Southwest Conference rules.

It was not discovered until Tech was playing in the second term and games in which Reuther participated were forfeited. School officials said it was an error, that the discrepancy had gotten by the athletic department.

A special committee was appointed in April to study the school's athletic situation surrounding the ineligibility of Reuther.

The committee reported to the board of directors last week and its recommendations were unanimously adopted.

They called for improvement of that part of the athletic program concerning spring sports, eventually combining the positions of athletic director and head football coach and employing more efficient methods for providing constant information concerning the academic status of athletes.

Also, the athletic council was ordered changed to include two outsiders. It now has eight members, with six from the faculty and one each from the ex-students association and the student body. It will be increased to nine with five from the faculty, one from the ex-students, one from the student body and two from outside the administration.

Smoky Burgess Has Become The White Sox Strongman

By DICK COUCH
Associated Press Sports Writer

If a little Go-Go went when Forrest Harrill Burgess came to the Chicago White Sox, they haven't missed it. In a pinch, Old Smoky gives the Sox plenty of bounce to the ounce.

Burgess, paunchy, 38-year-old strongman of Al Lopez' bench, broke the major league record for pinch-swingers Sunday with a two-run double — the 108th pinch hit of his 16-year career — as the White Sox divided a doubleheader with Detroit.

The veteran catcher's hit, which keyed an eight-run sixth-inning rally in Chicago's 10-6 first-game victory, moved him one ahead of Red Lucas, who had 107 pinch-hits for three National League clubs, from 1928-38.

"The thing that makes Smoky a great pinch hitter is the fact that he is always swinging and gets a piece of the ball," Lopez said after the second game, which the Tigers won 13-2 with a four-homer barrage. "He's not too fussy where the ball is. He just takes his cuts."

Burgess can't recall his first pinch hit — one of 12 he stroked in 1949, his rookie year with the Chicago Cubs — but he'll have a memento of No. 108, if Cooperstown doesn't put in a claim for it.

"I've got a little X marked on the ball I hit for the record," he said. "The people at the Hall of Fame can have it, or the one I hit to tie the record against the Yankees (a two-run single last Wednesday night.)"

While Chicago and Detroit were splitting their twin bill, the Minnesota Twins, paced by Tony Oliva and Zoilo Versalles, came from four runs behind and whipped Baltimore 8-5, stretching their American League lead over the second-place Orioles to 3½ games.

Cleveland and New York split a doubleheader, the Indians taking the nightcap 7-4 behind the hitting of Fred Whitfield after the Yankees won 3-0 on Mel Stottlemyre's four-hitter. Washington beat Kansas City 4-3 in the first of a pair on a bases-loaded walk in the ninth but dropped the second game 5-3. Boston edged Los Angeles 5-4 in a single game.

In National League action Chicago blanked Pittsburgh 5-0 after bowing 3-2 in the 13-inning opener; Philadelphia and New York also split, the Mets winning the first game 8-1 and the Phillies rebounding 3-1; Cincinnati topped Houston 3-1; Los Angeles trimmed St. Louis 5-1 and San Francisco nipped Milwaukee 2-1.

The Twins struck for four runs in the eighth, three on Oliva's 17th homer, to tie Baltimore, then won it in the ninth on Versalles' two-run triple and Oliva's sacrifice fly. Rookie John Miller checked Minnesota on two hits, one a homer by Jimmie Hall, until the eighth-inning uprising. Brooks Robinson homered for the Orioles.

Whitfield rapped four hits, including a three-run homer, in the Indians' second-game victory over the Yankees before 56,-334, the largest Cleveland crowd since June 17, 1962. Whitfield's homer was his fifth against New York pitching this season.

Stottlemyre breezed to his 11th victory in the first game, Joe Pepitone and Tom Tresh backing him with solo homers.

Ken Harrelson lashed a pinch-hit double in the seventh inning and scored the go-ahead run for Kansas City in the nightcap at Washington, then added a ninth-inning homer. Pitcher John O'Donoghue's homer helped the A's build a 3-0 lead before the Senators tied it on Ken Hamlin's two-run double and a homer by Don Lock.

After issuing two straight intentional walks, Kansas City reliever Don Mossi walked Willie Kirkland on four straight pitches, forcing in the winning run in the Washington opener.

The Senators' Ken McMullen scored one run and drove in two with a double and triple.

Tony Conigliaro got Boston off to an early lead with a two-run homer and, after the Angels pulled even, Frank Malzone doubled home the deciding run in the fifth. Pitcher Marcelino Lpez homered and doubled for the Angels.

NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 57 proposing an Amendment to Section 1-a of Article V of the Constitution of the State of Texas, by adding to said Section as presently written, the following provisions: requiring automatic retirement of certain District and Appellate Judges at age seventy-five (75) or such earlier age, not under seventy (70), as may be provided by law; creating a State Judicial Qualifications Commission and providing for its composition and the qualifications, methods of selection and terms of office of its members; defining the functions and procedures of said Commission, including the duty to investigate, and hold hearings in respect of, disability and misconduct of District and Appellate Judges and to make recommendations to the Supreme Court of Texas for involuntary retirement or removal of such Judges; empowering the Supreme Court of Texas, in its discretion, to retire such Judges for disability and to remove them for misconduct, upon recommendation of the aforesaid Commission and consideration of the record made before it; defining misconduct for which said Judges may be so removed; providing that the proceedings of said Commission shall be confidential until filed in the Supreme Court with recommendation for retirement or removal; and providing that the removal provisions hereby established shall be alternative to and cumulative of those provided elsewhere in the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-a of Article V of the Constitution of the State of Texas be amended so that said Section shall hereafter read as follows:

"Section 1-a. (1) Subject to the further provisions of this Section, the Legislature shall provide for the retirement and compensation of Justices and Judges of the Appellate Courts and District and Criminal District Courts on account of length of service, age and disability, and for their reassignment to active duty where and when needed. The office of every such Justice and Judge shall become vacant when the incumbent reaches the age of seventy-five (75) years or such earlier age, not less than seventy (70) years, as the Legislature may prescribe; but, in the case of an incumbent whose term of office includes the effective date of this Amendment, this provision shall not prevent him from serving the remainder of said term nor be applicable to him before his period or periods of judicial service shall have reached a total of ten (10) years.

"(2) There is hereby created the State Judicial Qualifications Commission, to consist of nine (9) members, to wit: (i) two (2) Justices of Courts of Civil Appeals; (ii) two (2) District Judges; (iii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iiii) three (3) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resides in, or holds a judgeship within or for, the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership. Commissioners of classes (i) and (ii) above shall be chosen by the Supreme Court with advice and consent of the Senate, those of class (iii) by the Board of Directors of the State Bar under regulations to be prescribed by the Supreme Court with advice and consent of the Senate, and those of class (iiii) by appointment of the Governor with advice and consent of the Senate.

"(3) The regular term of office of Commissioners shall be six (6) years; but the initial members of each of classes (i), (ii) and (iii) shall respectively be chosen for terms of four (4) and six (6) years, and the initial members of class (iiii) for respective terms of two (2), four (4) and six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. Commissioners may succeed themselves in office only if having served less than three (3) consecutive years.

"(4) Commissioners shall receive no compensation for their services as such. The Legislature shall provide for the payment of the necessary expense for the operation of the Commission.

"(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceedings shall be by majority vote of those present, except that recommendations for retirement or removal of Justices or Judges shall be by affirmative vote of at least five (5) members.

"(6) Any Justice or Judge within the scope of this Section 1-a may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any such Justice or Judge may be involuntarily retired for disability seriously interfering with the performance of his duties, which is, or is likely to become, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to misconduct or disability of particular Justices or Judges; receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court.

"(8) The Commission may, after such investigation as it deems necessary, order a hearing to be held before it concerning the removal or retirement of a Justice or Judge, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefore, it shall recommend to the Supreme Court the removal or retirement, as the case may be, of the Justice or Judge in question and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order removal or retirement, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

"(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, and the filing of papers with, and the giving of testimony before, the Commission, Master, or the Supreme Court shall be privileged; provided that upon being filed in the Supreme Court the record loses its confidential character.

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any judge against whom a proceeding is instituted to cause his retirement due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the judge in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

"(12) No Justice or Judge shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal.

"(13) This Section 1-a is alternative to, and cumulative of, the methods of removal of Justices and Judges provided elsewhere in this Constitution."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commmssion, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability.

"AGAINST the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

Sec. 3. The Governor shall issue the necessary proclamation for the election, and this Amendment shall be published as required by the Constitution and laws of this State.

Rocky's Announcement Makes It Anybody's Game

By JACK BELL

MINNEAPOLIS, Minn. (AP) — The nation's Republican governors found themselves in a new 1968 presidential ball game today following Nelson A. Rockefeller's announcement that he will not seek the GOP nomination again.

Rockefeller's announcement Sunday appeared to have removed the kind of roadblock that kept other Republican moderates out of the contest against conservative Barry Goldwater until the final month of the 1964 preconvention campaign.

The Republican governors, here for the annual governors conference, breakfast today with GOP National Chairman Ray Bliss.

Their Democratic counterparts, meeting with John M. Bailey, the national chairman of their party, found themselves juggling a perennial problem, civil rights. It arose when host Gov. Karl F. Rolvaag of Minnesota moved to get a conference statement pledging efforts to uphold civil and human rights.

The annual conference gets under way with a luncheon at which Mexican Ambassador Hugo B. Margain will speak. Margain said in a prepared speech that Mexico needs freer exchange of goods with the United States.

Tuesday the governors turn to such problems as state financing, legislative reapportionment and educational programs.

Politics held the primary attention today, with indications that controversy may spill over into the foreign field. Republicans were taking issue with the trend of President Johnson's policies in Viet Nam.

In removing himself from consideration for the presidential nomination, Rockefeller reiterated his intention to seek a third term as governor of New York.

He said his withdrawal from the national scene will be an asset to moderates seeking to reunite the party.

"To pull the party together, I think it is best to pull out," he said.

Rockefeller said he didn't think two other Republican governors often mentioned as the 1968 presidential nominee, George Romney of Michigan and William W. Scranton of Pennsylvania, should rule themselves out of the race.

Said Scranton, who lost last year to Barry Goldwater: "I haven't given any thought whatsoever on 1968 and I don't intend to do so for a long time."

Romney commented: "We should be concentrating on 1966 and forget about 1968."

"This is the finest thing the USGA has ever done," said Gary Player before he beat Kel Nagle in a playoff for the National Open golf title. He was referring to the shift from 36 holes the final day to four days of 18 holes each.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: If I don't get this gripe off my chest, I'll explode. I've been married six years to a wonderful guy, until he gets to the table. I can spend a whole day preparing a delicious meal and he looks at it like it's yesterday's leftovers. He examines everything I put in front of him like it has poison in it. He never tells me what he LIKES, but nine out of ten things I prepare he DOESN'T LIKE. He thinks meat should come without fat, and I feel guilty when he carves every little bite down to practically nothing. You can imagine the strain it puts on me at meal time. I haven't enjoyed a meal for months.

It's not that I can't cook. I can. His mother is a terrible cook, and he's been in the service, so I don't understand where he picked up these fussy eating habits. I honestly don't know what to do.

POSITIVELY STUMPED

DEAR STUMPED: Have a little chat with hubby when you are both relaxed and away from the table. Tell him how hard you try to please him, and ask for his cooperation in planning the meals. If he makes no effort to help you, you'll know that his problem is not what HE'S eating — but what's eating HIM.

• • •

DEAR ABBY: I am 17 and am going with a wonderful boy who is 25. I told my parents he was only 19. I hate to lie, but in this case I had to because if they knew how old he was they would never let me go out with him. We always have to sneak around and hope we don't see anybody we know. I am not ashamed of him, Abby, and there is nothing wrong with him, but I just can't let my folks know the whole truth about him. I am getting fed up with having to sneak around like a couple of criminals. I think too much of him to break up with him. I just don't know what to do. Can you help me?

DARK EYES

DEAR DARK EYES: There IS something wrong with him. He is cooperating in the deception of your parents. Tell them how old he is. If they object, accept it with grace and they might surprise you and allow you to date him.

• • •

DEAR ABBY: My mother-in-law is 47 and has been divorced 14 years. She's lived alone in her own home all those years. She has supported herself and has always been a wonderful, uncomplaining woman. She's often "kidded" about finding a boy friend. Now it seems she's found one. Pete (not his real name) has been divorced twice. He drinks more than he should and also gambles. (He can't afford it.) He seldom takes my mother-in-law anywhere, but has been making himself more and more at home at her place. He's stayed all night and this we strongly disapprove of. We know she's lonely, but how come she never needed a man for 14 years and now all of a sudden she needs one? She says she neither intends to marry him or break off with him. All she wants is "companionship." Should we tell her that if she continues to see him we'll have nothing further to do with her?

VEXED

VEXED: If you have let her know that you disapprove of her relationship with him, you've done all you can do. Don't punish her by "having nothing further to do with her," or Pete will become her whole life. Hope that she sees the light soon.

• • •

CONFIDENTIAL TO "UPSET FATHER IN REDWOOD CITY": Let him wear his hair the way he wants to. It's only a fad and it won't last. Nothing does.

Gary Player Takes 11 Stroke Victory

WASHINGTON (AP) — U.S. Open champion Gary Player, who said he just couldn't get going in the final round, emerged as an 11-stroke victor in the four-day National Challenge golf match.

Player took the $20,000 first prize as he rounded out a 72-hole total of 269 at nearby Lakewood Country Club Sunday.

BUSINESS and INDUSTRIAL NEWS

VARIETY OF SERVICES OFFERED—Many services are provided at the Terry Motor Co. service station operated by Arel (Red) Faver at 3703 Avenue S in Snyder. The firm is open from 6 a.m. to 9 p.m. during the week and from 6 a.m. to 10 p.m. on weekends.

Popular Services Offered At Red Faver's Station

A lot of desirable services are available at Arel (Red) Faver's Terry Motors station, located at 3703 Avenue S, or perhaps the location may be more readily identified as the Big Spring Highway, just south of Thirty-seventh Street.

The establishment is primarily a service station, which markets Col-Tex gasoline and all major brands of motor oil.

But, there's much more than that.

Faver's station is a retail outlet for Preston Milk, with a bountiful supply provided regularly in handy refrigerated storage right beside the station's drive way, making it handy for patrons to pick up their family milk supplies without ever getting out of their automobiles.

But; better yet is the price of the milk. Preston Milk at Faver's Service Station sells for merely 89 cents per gallon. It is packaged in half - gallon cartons, which means that two of them go for 89 cents.

Red Faver also offers fertilizer for lawns and gardens, and as a part of this service he keeps spreaders on hand for loans.

Of course gasoline and motor oil sales are regarded as a vital part of the business, and Faver appreciates the opportunity to provide this service to all customers. The station honors all major company credit cards for gasoline, oil and related items.

The station is open from 6 a.m. to 9 p.m. during the week and from 6 a.m. to 10 p.m. on weekends.

Bob Feller Gives Spahn Some Advice

By JOE REICHLER
Associated Press Sports Writer

COOPERSTOWN, N.Y. (AP) — Bobby Feller, the greatest right-handed pitcher of his generation, had some advice for Warren Spahn, the best left-hander of his era.

The message consisted of just two words.

"Quit now."

Feller, here to participate in the induction ceremonies of a pioneer pitcher named James (Pud) Galvin to the Hall of Fame, took some time out to discuss Spahn's persistent struggle to keep pitching in the major leagues at the age of 44.

Mountaineers Return To Flood Area

KNOXVILLE, Tenn. (AP) — Hundreds of mountain residents in flood- stricken east Tennessee and southeast Kentucky headed home today, some to clear mud from their houses, others to build new ones.

They also faced the problem of snakes and the threat of typhoid.

Flash floods raced through the valleys early Saturday leaving eight persons known dead. Five of the vpctims were from one family.

Rep. John Duncan, R-Tenn., said he would ask the Office of Emergency Planning today for disaster relief funds for victims.

Clinchmore, 40 miles north of Knoxville, was hardest hit.

Water rose in houses before some sleeping residents could escape. Coal mining equipment and steel railroad cars were flattened as if by a bulldozer. Roads turned to riverbeds. Houses, cars and huge trees were swept away.

"Now, besides typhoid, one of the worst things we have to look out for is snakes," said a state trooper. "I understand five copperheads have been killed by search parties."

Rain continued falling Sunday in the already - soaked Rocky Mountains. Heavy rains pelted the Denver area. Nearly two inches fell in a half hour just south of the city, causing flash flooding and flooding of some roads.

Saturday night, Denver escaped an expected crest along the rain-swollen South Platte River. Torrential rains over the weekend deluged residents on the eastern slope of the Rockies, making it Colorado's second major flood in six weeks.

Three deaths were reported.

Eight units of the Denver and Rio Grande Western Railroad's California Zephyr derailed 35 miles west of Denver. Officials said high water washed out or weakened the track's foundation, causing the derailment. No injuries were reported.
