Auditor says city finances in good shape

The auditor for the City of Colorado City told the council Monday night that the city was in sound financial shape with the ability to serve its citizens and to grow.

"I don't see much fat in expenditures; most of it's in personnel expenses and services," said Tracy Tarter, auditor.

However, Tarter warned the council that unexpected overruns on the water/sewer project had affected the city's cash flow, with cash dropping from \$1.4 million to \$798,000.

"There are warning signs," Tarter said and recommended that the city keep a tight rein on expenditures until the beginning of the year.

"With water sales down, there'll be a squeeze from now until taxes start coming in in November or December," said Tarter.

The Colorado High School class of 1947 will commemorate their fiftieth reunion this weekend, also. Other classes expected to gather are the classes of 1931, 1936 and 1937.

Reunion tickets may still be purchased from Shirley DeLaney at City National Bank for \$6.00.

An estimated 300 persons are expected to attend the reunion.

A cowboy breakfast will be served in the Kiwanis Park, downtown Colorado City, beginning at 7:00 a.m. Saturday morning. Tickets are \$4.00 per plate and may be purchased in advance at the Colorado City Area Chamber of Commerce or at City National Bank. Tickets will also be available at the park Saturday morning.

Staying true to the cowboy tradition, the breakfast being cooked will consist of eggs, sausage, bacon, gravy, hash browns and homemade biscuits, all cooked outside over hot coals.

No announcement is expected about prison

With the TDCJ Board meeting in Lubbock this Friday, speculation has spread that the board might announce the three sites selected for the next round of high security prison construction or the expansion of several prison units.

Not so, said Representative Rob Junell this week.

No announcement on new construction or expansion is expected to be made at the meeting, said Junell.

When an official decision is made, possibly as late as the November TDCJ board meeting, it could include the expansion of several units.

Bobby Lemons of the Mitchell County Economic Development Board said Tuesday he expects the Ware and Wallace Units to be included in

that announcement, whenever it is made.

"I expect one or both to be included," Lemons said, adding that expansion at either unit could provide possibly around 30 additional jobs at each unit.

Rumors of an eminent announcement were sparked when TDCJ officials met with legislators Friday and discussed projections and buildings. An item on the meeting agenda included possible action concerning the high security prisons.

However, Glen Castlebury, TDCJ spokesperson, explained that the item is being routinely placed on the board's agendas. Before a selection can be made, state leaders have to approve TDCJ's plans.

THIS 'n THAT

By Sheila Plagens
Greetings to everyone!

Faye Daniel wrote us a little note the other day, reminiscing about days gone by in Colorado City.

In 1962, she and her family lived in Fort Worth. They came

to Colorado City frequently and stayed in the Baker Hotel. She remembers she was very impressed with how nice the hotel was, with its swimming pool and dining room.

She then moved to Colorado City in 1980—which by that time the hotel was already closed.

What a turnout for the Kiwanis Club Kids' Day Parade! There were more kids than the club expected. They ran out of fair tickets. Monday the club purchased more and mailed them to the kids who didn't get them Saturday. It's nice to see a big turnout like that—and all the original costumes were really something to see.

Also from Westbrook...the rumor that has been going around town about the Balmorhea football team having an accident on the way home from Grady—it is not true! We talked to some folks at Balmorhea School District Tuesday and they said the team got home safe and sound.

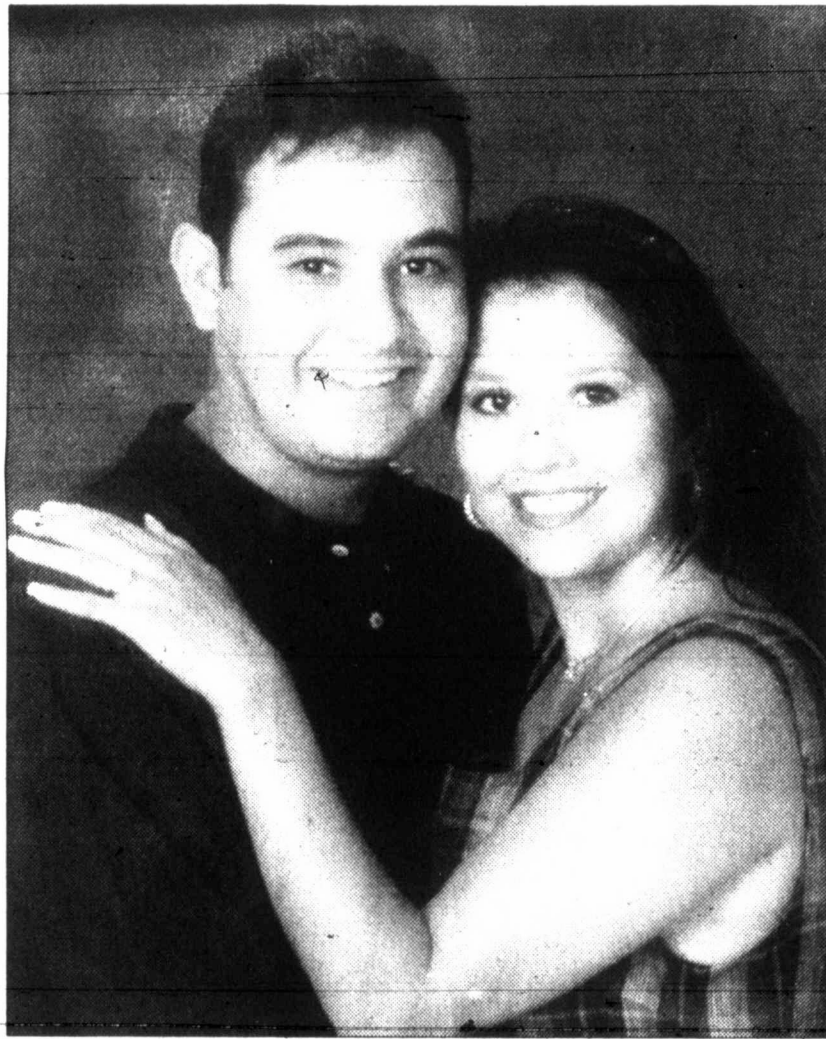

Don't forget to get your pre-game barbeque tickets from any Kiwanis Club member. The Kiwanis Club will sponsor the barbeque prior to the homecoming game, October 3. If you have company coming for homecoming, what a nice way to enjoy dinner before the game!

The Westbrook senior class is sponsoring a nacho pile-on before the homecoming game Friday in the school cafeteria, beginning at 5 p.m. Tickets are \$5.00 for adults and \$2.50 for children. They are available at the school, from any senior class member, or will be available at the door.

Sharon Myers was in Tuesday to show off the pictures of her new grandbaby. Derek Mitchell was born Thursday in San Angelo to David and Betsy Mitchell. I'm sure paternal grandparents Penny and Herman Mitchell are just as proud as David and Sharon.

If you can't find anything to do in Mitchell County this weekend—don't blame all the volunteers who have worked so hard putting all the various activities together (fair, annual reunion, cowboy breakfast, Septemberfest, Westbrook nacho pile-on, etc.).

Let us hear from you next week about the fun you had this weekend!

Israel Mark Sanchez and Leticia Garcia

The future bride is a 1990 graduate of Colorado High School. The future groom is a 1987 graduate of Abilene High School.

COOK'S CORNER

Pearl Jefferson

Pearl Jefferson learned to cook at a young age by watching her mother and then experimenting on her own. She got most of her cooking experience by preparing meals for her mother who was ill.

Pearl said, "I like to cook if I know what I'm going to cook." She said that she still enjoys cooking, although she doesn't cook as much as she used to when her children were living at home.

Living at home by herself, Pearl finds that she does a lot of nibbling. She said, "I'll get myself a little of one thing and then I'll go back and get a little of something else." Her favorite thing is a good ham sandwich after work.

Pearl is employed by Dr. and Mrs. Gene Steakley. She cooks

for the couple and takes care of the household duties. After cooking for seven children, Pearl admits that cooking for two is quite different.

When asked about her favorite thing to cook, Pearl replied, "Well, my kids and grandkids love my fried chicken." She especially enjoys preparing it for them. Her daughter doesn't even attempt to make fried chicken because she can't make it taste like her mother's chicken.

Besides cooking for her children and at work, Pearl also finds herself cooking for church gatherings. She attends Mt. Zion Baptist Church and doesn't mind taking something tasty to church events.

Pearl's family moved to Colorado City from Marlin, Texas in the 1930's. She is the only one of several children who stayed in Mitchell County. She has lived here her whole life since.

She was married to the late Rutherford Jefferson. She is the mother of seven children, they are Samuel Modkins, Charles Belvin, Howard Belvin, Brenda Russell, Calvin Belvin, Weldon Jefferson and T.J. Jefferson. She also has 13 grandchildren and three great-grandchildren.

LETTER TO THE EDITOR

Letter to the Editor,

We would like to thank everyone who helped with "Praise Under The Stars". What began as a way to get Christian students together, grew into something better than we could have imagined.

The reason -- Mitchell County is blessed with an

abundance of great Christian kids who are trying to do what's right. Please help us not to randomly accept the idea that teenagers are a problem; after this summer, we look at them as the solution.

Groups sponsor youth dove hunt

Thanks to a combined effort of all the area law enforcement agencies, 25 local youngsters will have an opportunity to participate in a dove hunt this year.

The event will be held Saturday, September 27, beginning at 3 p.m. It is sponsored by the Texas Parks and Wildlife Dept. and the Colorado City Police Department and Mitchell County Sheriff's Office DARE programs.

School officials selected the participants from students in grades six to eight who might not otherwise have a chance to go on a supervised dove hunt.

Participating youths are required to attend the Hunter's Safety Course to be held at Colorado High School September 20 and 21 in the agriculture building.

"This way youngsters will have a background for safety before they go out and hunt,"

said Police Chief Pat Taylor.

The lease for the hunt has been provided by Allen Pharis and Joe Weaver. Following the dove hunt, the youngsters will be served a hamburger meal.

Each child will be accompanied by one adult supervisor. Volunteers from all the local law enforcement agencies will be supervising—the Colorado City Police Department, Mitchell County

Sheriff's Office, Texas Parks and Wildlife, Lake Colorado City State Park, Loraine Police Department, Department of Public Safety and the Texas Department of Criminal Justice.

"The dove hunt will give kids a healthy interest along with knowledge of hunting and working with guns so when they do go out to hunt, they can hunt safely," said Police Chief Pat Taylor.

TDCJ

FROM PAGE 1

"The leadership hasn't given us the word yet," Castlebury said Monday.

State leaders include Gov. George Bush, Representative Rob Junell, Lt. Gov. Bob Bullock, House Speaker Pete Laney, Representative Allen Hightower and Texas Senators Bill Ratliff and John Whitmire.

Data indicating a growing prison population is spurring state officials to fast-track expansion of the prison system.

TDCJ predictions have noted that the Texas prison system could be full in less than a year. Internal TDCJ projections were supported by a new Criminal Justice Policy Council report issued Monday.

The report showed that longer prison terms and the lowest parole rate in decades is increasing the need for prison space.

Parole revocations between September 1996 and June 1997 increased by 261 percent while parole releases dropped by 13

percent during the same time report, according to the Policy Council report.

During the last legislative session, the Texas Legislature directed the prison board to build two high security prisons as soon as possible.

"The legislature said to build two immediately and come back to talk to them about three more," said Castlebury.

Lamesa and Wichita Falls were selected July 18 for the first two high security facilities. The selection was made during a TDCJ prison board meeting in Houston.

Colorado City was one of eight communities selected in 1995 as sites for high security prisons.

Originally scheduled to begin construction in September 1996, the project was put on hold last year by state officials concerned that a massive prison build-up in the late 1980s and early 90s had outpaced the need for new prison bed.

At the direction of the Legislature, the prison board this summer selected a committee to rate the sites and recommend two for immediate construction.

Lamesa, which has the Preston E. Smith state prison unit, was selected along with Wichita Falls.

To make the new units more versatile, plans for the next three high security units are for two 990-bed and one 1,320 bed prisons, said Castlebury. The 990-bed unit would be designed with 330 single cells and 330 double cells.

Besides Colorado City, other areas under consideration for the next three sites include Amarillo, Beaumont, Gatesville, Karnes County and Woodville.

Water well for airport to be discussed

Colorado City Manager Steve Shutt will begin discussions with the state soon on the possibilities of drilling a water well for airport use.

Shutt was given council authorization to pursue the matter during last week's city council meeting. Shutt said the state might partially fund the drilling of a well for the Municipal Airport.

The Colorado City Council approved the project as long as the city's expense for the drilling project does not exceed \$3,000.

The water that's now available at the airport is not suitable for drinking, Shutt told the council during the Sept. 9 meeting.

Zambian Choir to perform

The Zambian Acapella Boys Choir will present a sacred music concert this Sunday evening, September 21, 6:00 p.m., at First Baptist Church, Colorado City. This choir is composed of 26 young men from the African nation of Zambia.

Zambian Acapella has a repertoire of over 500 songs in a variety of styles and five different languages. Their selections include special renditions of "Jesus Loves Even Me"

and "I'll Fly Away" as well as Handel's "Hallelujah Chorus".

These African young men have come through the challenging circumstances of poverty, disease, hunger and lack of educational opportunity. Yet they possess contagious smiles, humble manners and unique musical abilities. They are in Texas while they continue their education and tour with their musical message. Everyone is welcome.

Sales tax rebates show monthly, yearly increase

September's sales tax rebates to the City of Colorado City were up for the month and up slightly for the year, according to the State Comptroller's Office.

Colorado City received \$35,231.80 this month, a figure 4.44 percent higher than last September, when the city took in \$33,732.31.

For the year, the city has received \$297,665.39, up 2.93 percent from the year-to-date total in 1996 of \$289,185.55.

Sales tax rebates in September for Mitchell County were up 3.82 percent. Loraine's rebate of \$413.73 was a decrease from September 1996 when the city received \$633.82. Westbrook's rebate increased from \$1,252.57

in September 1996 to \$1,336.30 this September.

For the year-to-date, the county has taken in \$309,605.76, up 2.35 percent from the \$302,471.06 received through the same period a year ago.

This month's payments include local sales taxes collected on July sales and reported to the Comptroller in August by businesses filing monthly tax returns.

"Statewide, sales tax rebates are running 6.1 percent over those for the first nine months of last year, showing steady consumer confidence with the growing job market," said State Comptroller John Sharp.

AUDIT

FROM PAGE 1

recommendations included a more detailed inventory of city property, continuing the purchase order process initiated last year and considering a resolution to clarify policy on accounts receivables.

Audit results were presented to the council during a called meeting. Following the auditor's presentation, Glenn Hemphill asked to speak to the council about the city's proposal to purchase water meters to replace existing ones at Mitchell County Utilities.

City Attorney Tom Rees said that the discussion was not on the agenda and recommended that Hemphill go through city channels.

Hemphill replied that he wanted to discuss the matter with the council rather than the city manager and that he would be out of town during the next scheduled council meeting, Sept. 24.

He then asked the council to

delay replacing the meters, adding that the proposed compound meters "would not work in this area".

P.E.T.S.

Teachers P.E.T.S. the parent volunteer group for Kelley and Hutchinson schools, would appreciate the donation of used backpacks to be distributed to those who may be in need when school starts. You may leave those when you come to register for school.

Colorado ISD offers the full range of services for students who qualify as gifted and talented. Gifted and talented, as defined by Texas Education Code, "means a student who, by virtue of outstanding mental abilities, is capable of high performance". The student may demonstrate, singly or in combination, above-average achievement or potential in such areas as general intellectual ability, specific subject

matter aptitude, ability in creative and productive things, and leadership ability. These students require education experiences beyond those normally provided by the regular school program."

Identification of G/T students begins at the kindergarten level and continues throughout high school. Any person--parent, teacher, counselor, or the students themselves--may nominate a student

for gifted and talented. Nominations usually are taken in January by the individual school counselors and parents must give permission for testing. G/T nomination information is printed in the newspaper and is on the radio and television for three weeks, and parents must go to the campus to complete a nomination form.

Each district in the state may set its own guidelines for identification of the gifted and talented based on certain parameters of the state. All districts must have a committee of at least three local educators who have received training in the area of gifted education. In the CISD, the initial testing is from the Structure of intellect test, which tests general intellectual ability and creativity, a parent survey, a teacher survey, and student interview. A student must make a significant score on at least three instruments to qualify for gifted and talented. Other criteria may be

gathered by the committee if the need arises.

After the testing is completed, the G/T committee meets to review each individual student's testing results and make its decision concerning placement. All parents are notified of the results by letter, usually in late April or early May. A parent who wishes to have his/her child's testing reviewed by the committee may contact the G/T coordinator or counselor within ten days of receipt of the letter and ask for the committee to reconvene and look at the placement decision again. After the review, the committee's decision becomes final.

If a student does not qualify for G/T in any given year, she/he may be nominated again the following year, and new testing is given and reviewed for further information, parents may contact their child's school counselor or principal.

"We've had an excellent response from letters we sent to area schools," said Wilson.

Rock 'n Read

FHA, Kelley begins reading program

Kelley Elementary and Colorado High School FHA are proud to announce a joint venture for the 1997-98 school year, based on Governor's Reading Initiative. As part of the Academics 2000 grant this year, Kelley Campus Level Advisory Council had proposed a volunteer reading program to increase community participation. Interestingly, the Colorado High School Chapter of Future Homemakers of America, sponsored by Judy Merrell and Glenna Fambro, also had chosen the theme of reading improvement for their Focus on the Children project for the 1997-98 school year. Thus, the two campuses pooled their resources and ideas and have formed an excellent partnership.

The primary goal of the Academics 2000 grant is to "improve reading instruction so that every student is reading at or above grade level by the end of the 3rd grade". Funds were utilized for reading texts, thematic units, library books, the Accelerated Reader program, and teacher training in the 1996-97 school year. This year, the campus targeted summer school (Tots Across Texas) and the Launch School which ran before school, purchased new computers for the classroom, will enhance the Practical Parenting Education program and the Accelerated Reader program, and will work toward the blending of phonics and integrated thematic instruction for a well-rounded program. The Colorado FHA has set its goal for Focus on the Children as "increasing reading levels of CISD elementary students through community, parents, CMS, and

CHS student involvement," which meshes perfectly with local, state, and national goals.

How does the Rock 'n Read program work? In the next few weeks, the FHA will be contacting organizations and individuals to contribute rocking chairs to Kelley Elementary School. The chairs do not have to be new, but they should be sturdy. Our target goal is at least 21 chairs for the campus, one for each grade level teacher. After acquiring the chairs, we will begin our volunteer reading program. The FHA will gather volunteers to read once per week to school children, on a small group ba-

sis, for about 20 minutes. Kelley will place the rocking chairs around the building, and the volunteers will "rock and read" with the students. Books will be available, and all the volunteer will need is a love of reading.

Anyone who has a desire to enhance student reading is welcome to volunteer for one or more sessions. Kelley and the FHA would like to encourage the community to consider volunteering to read, and CHS and CMS student club representatives will be on hand to read as well. The message is simple, "Reading is great for the mind and heart".

It is said that the game of football is a game of inches but for the Colorado City Wolves last Friday night in Stamford it came down to a foot... one belonging to junior

Randy Byington. Byington kicked a 47 yard field goal with 21 seconds left in the game to secure a hard fought 24-22 victory over state ranked Stamford.

Byington's field goal is a

WOLVES LINEBACKER JOHN MCSPADDEN puts a stop on Stamford quarterback Eric Alvarez. Colorado City beat Stamford 24-22 on a late second 47-yard field goal.

STAMFORD DEFENSIVE END ELBERT WORDEN wraps up Wolves running back Arian Emerson. Emerson carried the ball for 153 yards on 33 attempts to lead the Wolves to victory.

new school record. Head Coach Bill Grissom had no second thoughts about going for the field goal. "I thought maybe we might try one more play but decided to go ahead and kick it," he said. "This is the first time in my coaching career we won a game on a last second field goal."

After the game, an elated Byington was asked what thoughts were running through his mind before the kick. "I just told them in the huddle for someone to block number eight and I'll take care of the rest. I just put the blocked extra point try out of my mind," Byington said.

A fierce rushing attack led by Arian Emerson and Chris Fambro plus a mix of passes from quarterback Justin Hill appeared to be an effective offensive game plan. Emerson rushed for 153 on 33 carries to lead the Wolves rushing attack. Fambro had 59 yards rushing on 10 carries.

Hill completed 7 of 16 passes for 114 yards and 3 touchdowns. He was not intercepted but did have one crucial fumble. The strong offensive effort helped build a 21-6 half time lead.

But it was the defense that set the tone for the Wolves in the first half. A big fourth down play by the Wolves Jeff Anzaldua and Chris Fambro stopped the Bulldogs on fourth down giving Colorado City the early momentum, plus good field position.

Colorado City got on the scoreboard first when Hill hit Terry Green with a nine yard touchdown pass with 4:26 to go in the first period. Byington's kick was good putting Colorado City up 7-0. The Wolves were able to stretch that lead when Hill connected with senior tight end Adam Wood on a 35 yard touchdown pass. Byington's PAT kick was blocked but the Wolves were up 13-0 with 11:02 to go in the half.

Stamford would get on the scoreboard on their next possession. Running back Clarence Whitfield found daylight and ran 31 yards for a Bulldog touchdown. The kick for the extra point failed leaving the Wolves up 13-6 with 9:06 to go in the half.

The Wolves next drive would bog down, but a great punt by Adam Wood pinned the Bulldogs at their own five yard line. Moments later Colorado City was awarded a safety when Stamford's Quarterback Eric Alvarez was called for intentional grounding in their

own end zone. The two point safety gave the Wolves a 15-6 lead.

A successful fake punt on fourth down set the Wolves up in good field position and after two long runs by Emerson, Colorado City had reached the nine yard line. Hill once again found Green with a touchdown toss with only 1:22 left to go in the half. Byington's kick was again blocked leaving the score 21-6 in favor of the Wolves at half-time.

Stamford came out in the second half grinding the ball out on the ground with Whitfield carrying the load. With 6:40 to go in the third quarter, Stamford cut the lead to 21-14 when Alvarez scored from the one-yard line and then called his number again for the successful two point conversion.

Colorado City was not able to muster any points in the third quarter as the two Wolves drives came up dry. Their second drive ended when Green fumbled at the six yard line with 11:50 to go in the game. Green redeemed himself later intercepting an errant Alvarez pass. Emerson and Fambro ground out a first down to get the Wolves close but Hill fumbled and Bulldog defensive end Will Harrison picked the ball up and scooted 77 yards for a touchdown. Whitfield ran the ball in for the extra point putting Stamford up by 22-21 with 7:07 to go in the game.

On Colorado City's next possession, Fambro was stopped for no gain on first down. Emerson carried next, picking up five yards. On third and five, Hill dropped back to pass but seeing no one open threw the ball away causing a flag to be thrown for intentional grounding which includes a loss of downs.

Adam Wood's punt from his own eight yard line was muffed by Stamford and Terry Green recovered the ball for Colorado City. The Wolves were unable to take advantage of the turnover however and were forced to punt.

A strong defensive stand by the Wolves forced Stamford to give up the ball with 1:50 left on the clock. The Wolves began at their own 39 yard line with Hill trying to go to Byington, but the pass went incomplete. On second down Hill was dropped for a loss bringing up a third and 15 situation. Emerson's number was called next and he ran for seven yards to bring up fourth and eight. Hill then managed to get off a pass to tight end Adam Wood who caught the

pass despite having Bulldog defenders all over him at Stamford's 30 yard line which set up the winning field goal by Byington.

"You could not have asked for a better game," said head coach Bill Grissom. "What else can you say?"

Friday is Black-out day in C-City

Friday, September 19, 1997, is Black-out day in Colorado City. All Wolf fans are encouraged to wear black in preparation for the big Wolves and Bearcat clash Friday night in Ballinger. It's Black-Out the Bearcats!

Wolves to face Ballinger Bearcats

By Carl Graham

After facing two top-notch 2-A schools, the Colorado City Wolves are actually looking forward to playing someone in their own classification, even if it is their old nemesis Ballinger.

Ballinger and Colorado City have been arch rivals for many years. The last Wolf victory came in 1988.

In 1995, Ballinger was 6-3A District Champion and knocked off Colorado City in the second round of the playoffs thus ending a cinderella season in head coach Bill Grissom's first season with the Wolves.

Last season, Ballinger pulled out a victory over the Wolves on a last-second field goal by

the score of 16-13.

In action last weekend, Ballinger lost to Big Spring 11-9 on a last second field goal while the Wolves came from behind to beat Stamford 24-22 on a Randy Byington field goal with 21 ticks left on the clock.

Ballinger finished last season at 4-6 (2-5 district) and buried in sixth place in a very tough conference. Their record doesn't tell everything though. Star running back Ricky Guerrero (5-7, 160) had to sit out most of the season with a knee and foot injury. He was an all-district, all-area per

former as a sophomore after rushing for over 1600 yards. He was just one of several that were out

part or most of the season due to injuries.

Expected to help Guerrero out in the backfield will be Jerry McGee at fullback. He was all-district last year at linebacker and has size at six foot, 215 pounds. The line is anchored by returning starters guard Byron Patterson (5-8, 235) and tackle Blake Smith (604, 205). Cory Murman (5-10, 185) returns at wingback as does tight end John Binder (5-9, 177). The defense gave up over 200 points last year but still only lost to Breckenridge 24-21 and Merkel 27-20.

This year's Bearcats are being led by head coach Dan Slaughter who was an assistant at Eastland last year. Coach Slaughter is no stranger to

Ballinger as he played his high school football there.

Although Colorado City has had a few nagging injuries already this season, everyone should be ready to go this week with the exception of tackle Ricky Molina who was injured in a pre-season scrimmage.

For the third week in a row, the Wolves must be on the road. Friday night's game in Ballinger is set for 8 pm. To show support for the Colorado City Wolves, Friday, September 19, has been designated as Black-Out Day in Colorado City. All Wolf fans are encouraged to wear black in preparation for the big Wolves and Bearcat clash Friday night in Ballinger. It's Black-Out the Bearcats!

Westbrook Wildcats slip past Balmorhea 41-39, go to 1-1

The Westbrook Wildcats got back on the right track after an opening season defeat to Blackwell by upsetting the highly touted Balmorhea Bears 41-39.

"We played a real good first half building up a 35-15 lead at one point," said Head Coach Jim Hill. "We didn't do as well in the third period allowing them to get back in the ball game."

Westbrook drew first blood when Vicente Soliz hit Davy Daniel with a 4 yard touchdown toss with 7:30 to go in the initial quarter. Extra point try was no good leaving Westbrook up by a 6-0 score.

Balmorhea took the ensuing kick-off and drove the ball the length of the field for the tying score. The extra point attempt was good giving Balmorhea an early 7-6 lead with 3:22 showing on the clock.

The lead would be short lived though as only 14 seconds later Soliz connected

long distance to Thadd Rich who rumbled 60 yards for a Wildcat touchdown. The extra point was giving the local bunch a 13-7 lead.

After holding Balmorhea on downs Westbrook scored once again when Soliz took the ball in from the 5 yard line. Daniel tacked on the extra 2 point conversion leaving Westbrook up 21-7 with 48 seconds to go in the first quarter.

Westbrook stretched the lead to 29-7 on a Soliz to Rich 14 yard touchdown pass with 7:09 to go in the half.

Balmorhea responded by getting back on the scoreboard on a one yard run. The extra point attempt was good cutting Westbrook's lead to 29-15 with 5:59 to go in the half.

The lead was stretched to 35-15 with 3:01 to go in the half when Daniel scored from 2 yards out.

Balmorhea began to ease back into the game scoring on

three unanswered touchdowns and taking a 39-35 lead with 2:07 to go in the third quarter.

Roland Matos scored on a one yard run to put Westbrook back in the lead for good with 6:54 to go in the game. After a stalled Westbrook drive, Westbrook punted nailing Balmorhea on their own 4 yard line. Balmorhea fumbled at the 7 yard line and Westbrook recovered allowing them to run out the clock and preserving a hard fought win for the Wildcats.

This week is homecoming week and Coach Hill has his group preparing for another strong opponent in Jayton. Jayton has outscored their first two opponents by 104-0.

"Jayton has an outstanding ball club but we feel like we can play with anyone right now," said Coach Hill. "We have had good work outs and if we stay focused on what we have to do we should do all right Friday night."

1997 WESTBROOK WILDCATS JR. HIGH FOOTBALL TEAM is pictured, front row (l-r) Brodie Redwine, Tristian Huff, Arlin Mentel, Jim Bob Hale, Jamie Ruth; back row (l-r) Coach Jim Hill, Cody Rich, Andy Fuller, Cody Reynolds, Coach Terry Dickson, Colt Rich, Landon Graham, Chris Matlock, and Coach Kirk Stowers.

Westbrook Homecoming set for Friday

Westbrook High School's Homecoming will be held this Friday when the Wildcats play the Jayton Jaybirds.

Game time is 7:30 p.m. Special homecoming activities

this week have included a door decorating contest for the Westbrook classrooms.

The Westbrook student body cast their ballots Wednesday for

their choice for Homecoming Queen. The name of the girl selected as Homecoming Queen is kept secret until the Homecoming game.

Homecoming festivities will kick-off Thursday, Sept. 18, with a bonfire after the Westbrook Junior High home game against Jayton.

The senior class will have a pre-game supper.

Last year's Homecoming Queen Jaime Rich will crown the 1997 Queen during half-time ceremonies Friday night.

Senior nominees are Toni Perales Gutierrez, Amanda Jones, Devoun Robles and Taci Standley. The junior nominee is Kristin Moody.

This year's half-time will include a surprise that will be unveiled during the ceremony.

Lady Wolves finish second in tournament

The Lady Wolves Varsity Volleyball team kept up their winning ways in tournament play last week in Granbury by finishing in second place.

Touted as one of the toughest tournaments in that area because of the high level of competition, the Lady Wolves appeared up for the challenge.

In game one, Colorado City played Arlington Heights in pool play splitting with them 15-14, 10-15. Their next op-

ponent was Irving Nimitz and the Lady Wolves won both games by scores 15-6, 15-12.

Their third game in pool play on Friday was Azle and they needed to at least split with them to get to the championship round on Saturday. They lost the first match by a 9-15 score but rallied to win the next one 15-8 to allow them to return on Saturday for the championship round.

First opponent on Saturday would be region 3 champion

Clifton, a Class 3-A powerhouse who last year finished their season with a record of 36-1. The Lady Wolves eliminated them by scores of 15-8, 15-10.

In the semi-final match Colorado City whipped Sherman 15-9, 15-8 to advance to the championship game against a powerful Mansfield team. Colorado City won the first match by the score of 15-8 before dropping the next two by scores of 13-15, 6-15.

"We just sort of ran out of gas in the last match," said Coach Karen Trent. "I was still very proud of the girls. They just never quit."

The Varsity, JV, and Freshmen host Tahoka on Saturday, September 20. The Freshmen start at 12 noon followed by the JV at 1 p.m. and the Varsity begins at 2 p.m.

"This will be our first home game since August 19 and it would be nice if we could pack the pit," said Coach Trent.

Colorado City Community Night scheduled for Oct. 18

The Colorado City Community Night with the Jackalopes, Odessa's Professional Hockey League, will be Saturday, October 18, 7:00 p.m. The Odessa Jackalopes is the Permian Basin's first-ever professional hockey club. The Jackalopes will, like the Angels, belong to all of West Texas.

Merchants may purchase

specially printed Colorado City Community Night tickets to distribute to their employees, family and friends throughout the community. All businesses purchasing tickets will be named as sponsors of the night during the hockey game.

The Colorado City Community Night reserved tickets will be \$5 each.

8th grade volleyball splits games

On September 15th, the 8th grade "B" team lost to Crane 4-15, 6-15. Miranda Davila was high point with four points. The "A" team also lost by scores of 4-15, 0-15. Vanessa Lopez scored two points in their losing effort.

Their next outing is set for Monday, September 22 in Big Spring starting at 6 p.m.

7th grade volleyball team wins third place in tourney

The Colorado City 7th grade girls volleyball team won third place this past Saturday in a tournament held in Big Spring.

In their first game, they beat Big Spring Goliad 15-6, 15-0. High point servers were Misty Pineda with 10 points in the first game and Kotia Russell had five and Allison Lopez had four in the second game.

"All the girls played real well," said Coach Linda Mathis.

In game two, Colorado City was pitted against Midland Greenwood. They lost in three sets by scores of 4-15, 15-4, 11-15. High point in game #1 was Allison Lopez with two points. Kotia Russell led the scoring in

game #2 with eight points while Shawana McGuire had five and Russell four to lead all scorers in the third game.

In game #3, Colorado City came roaring back to defeat Sweetwater by scores of 16-14, 15-5. Kotia Russell lead in scoring in the first game with seven points while Allison Lopez contributed five. Stephanie Boyd had seven points and Russell had six to lead the way in game two.

"The girls are playing hard and improving each week," said Coach Mathis. "I was really proud of their efforts in their tournament Saturday."

JV volleyball team loses

The Colorado City JV volleyball team found rough going last Friday at the Lamesa tournament. The Lady Wolves lost to Lubbock Christian 15-10, 12-15, 8-15 in game number one. Leiza Rivera was high point in that contest.

Lubbock Coronado was up next for Colorado City and the Class 5-A team powered over

the Lady Wolves by scores of 1-15, 5-15.

"We played well in the first game," said Coach Becky Barnes. "In the second game we put people in positions they were not accustomed to. Still they played hard and they are correcting their mistakes. That's all you can ask of them."

Lorraine Jr. High whips Jayton 32-6

By Jay Smith

Lorraine's junior high football team traveled to Jayton Thursday and beat the Jaybirds 32-6 on their own field. The Bulldogs took possession on the opening kick off and drove the ball 60 yards for a touchdown in the first minute of play.

The Bulldogs took advantage of a Jayton fumble in the second quarter and scored again. Though Jayton answered the Dogs with a touchdown of their own on a 61 yard kick off return less than a minute later, it was to be the Jaybirds only trip to the end zone before Lorraine shut the Jayton offense down for the evening. The Bulldogs went on to score three more touchdowns before the final horn blew.

Lorraine rushed for a total of 261 yards while holding Jayton to only 129. Elias Barrera led the Bulldogs attack with 141 yards. C.J. Madrid headed the defense with four tackles, a Jaybird fumble recovery and two interceptions, one of which he carried for a touchdown.

"I'm proud of them all," said Bulldog Coach Victor Garcia. "They all hit hard and did their jobs and just had a good time. Every player got at least one tackle. They played even better than I expected."

The Bulldogs next set their sites on New Home, who will travel to Bulldog Stadium this Thursday for a 5:30 p.m. kickoff. Lorraine's high school team will travel to New Home Friday, where game time is set for 7:30.

Lorraine Bulldogs lose to Jayton 52-0

By Jay Smith

Storms descended on Lorraine both over and on the football field Friday night as the Jayton Jaybirds beat the Bulldogs 52-0. Thunderstorms producing strong winds and numerous lightning strikes sent fans and players scurrying for cover, while delaying the game an hour, pushing kickoff time from 7:30 to 8:30 p.m.

The Jaybirds received the opening kickoff and drove to the end zone in five plays, setting the tone for a game they continued to dominate. "Our focus was thrown off by the delay," said Lorraine head coach, Ronn Langthorn. "Jayton is a powerful team and executed their plays very well. We just couldn't get our game going."

Jayton moved the ball a total of 254 yards on the night, while Lorraine gained 110, with freshman Luis Rico running for 36 yards and junior Bubba Williams picking up 33.

In spite of the disappointing home opener, Coach Langthorn, in his first year at Lorraine, remains determined to shape the Bulldogs into a team to be reckoned with. "You don't just come in and build a program overnight," he said. "It takes time. The scoreboard isn't always the most important thing." Langthorn pointed out that losses to strong teams in pre-district play can be more beneficial than wins against weak teams.

"I'm committed to these young men," he said. "They may not have a lot of experience yet, but they have heart, and I'll take that any day. Jayton is behind us now and we're going to concentrate on getting prepared for New Home this week." The junior high team will host New Home Thursday at 5:30 in Lorraine.

Lorraine prepares for New Home

After getting off to a 0-2 start, the Lorraine Bulldogs take it on the road to New Home

and want desperately to put up that first "W". Lorraine beat New Home at

home last year by the score of 27-14 for one of only three wins.

New Home returns five offensive and four defensive starters from last year's team that finished at 5-5 (2-3 district).

New Home operates out of the tight set most of the time with halfbacks, Ricky Jones, Jody Clem, and Travis Smith carry the bulk of the load. The returning starting quarterback is Ernie Caballera who completed 60 of 188 passes for 621 yards and eight touchdowns last year. His favorite target last year was running back Jody Clem who caught 34 passes for 427 yards.

The line is anchored by center Eric Rodriguez and end Josh Gandy who are both veterans.

If New Home gets bogged down on offense, you can look for Ricky Torres to attempt a field goal. Torres has range of 50 yards and is considered by some as a Division I college prospect.

Game time is set for 7:30 p.m. on Friday night.

Lady Wolves cross-country show true spirit

The Lady Wolves Cross Country team showed their true wolf spirit on the Happy Trails course in Water Valley on Saturday. The course, a difficult one for all the runners, with its narrow paths, winding hills, steep upgrades, and even a series of steps, was a challenge and contributed to slower times than usual for all

of the Lady Wolves. Coach Darrin Leverton remarked that it is probably the toughest course the Lady Wolves will tackle all season.

In the 2-mile High School Division, Colorado City ran with all of the 3A schools plus the JV teams of all divisions for a total of 100 runners. Wendy Sullivan took the lead early on and won with a time

of 14:13, a full 30 seconds ahead of the nearest competitor. Shanti Ross ran a time of 16:35 to put her in the top third of the pack, while not far behind Amie Hammond and Cassie Bonner ran respective times of 16:37 and 16:57 to also place them in the top

third.

In the 1.5 mile Junior High Division, Mindy Sullivan placed a close 3rd out of 200 runners with a time of 10:05 while Chessna Riley, Teresa Cobb, and Carla Hammond all put in a strong effort for their first cross-country meet ever.

PUBLIC NOTICE NOTICE OF RATE CHANGE REQUEST

Texas Utilities Electric Company ("TU Electric"), in accordance with the Texas Utilities Code, hereby publishes NOTICE of its Statement of Intent filed with the Public Utility Commission of Texas ("Commission") to implement the following optional time-of-use rates that would be applicable on a voluntary basis at the individual customer's option as follows: (1) Rate GTU - General Service Time-of-Use, which would be available to any retail customer and typically useful to commercial and industrial customers receiving firm electric service; (2) Rate RTU1 - Residential Time-of-Use Service, which would be available to residential customers; and (3) Rate GTUC - General Service Time-of-Use Voluntary Curtailable, which would be available to any retail customer and typically useful to commercial and industrial customers receiving interruptible electric service. TU Electric proposes to implement said optional rates on October 10, 1997, or as soon thereafter as permitted by law. The purpose of these optional time-of-use rates is to allow customers to manage their electric usage in a way to shift their loads from on-peak periods to off-peak periods and thereby save on their electric bills and allow TU Electric and all of its customers to benefit through a reduced need for additional resources to meet the peak load requirements of TU Electric's customers.

While these rates would be entirely voluntary at the individual customer's choice, all of TU Electric's customers and classes of customers in all territories over which the Commission exercises original jurisdiction would be affected by the proposed rates.

Since these proposed rate options are entirely voluntary, TU Electric is unable to estimate their effect on its revenues, although these optional time-of-use rates are designed to be revenue neutral to TU Electric.

Persons who wish to intervene in or comment upon these proceedings should notify the Commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Public Utility Commission's Office of Consumer Affairs at (512) 936-7120. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the Commission at (512) 936-7136. The deadline for intervention in the proceeding is 45 days after the date the application was filed with the Commission. Since the Application was filed on September 5, 1997, the deadline for intervention is October 20, 1997.
