Second Annual Optimist Bowl Kicks-Off Saturday

Those mighty grunts and groans coming from the direction of Wolf Football Stadium practice field for the past two weeks have emanated from "stout hearted" (but perhaps weak minded) contenders for the Optimist Bowl Football Title.

The Second Annual Optimist Scholarship Bowl will get underway Saturday at 2 p.m. in Wolf Stadium.

Two teams of earnest, sincere, (if slightly over-the-hill) men will meet head-on, in this battle of the fittest.

Conceived by Optimist Club members in an effort to raise funds for a scholarship to a trades school for some worthy student in the Mitchell County School System, the Optimist Bowl has become an annual affair.

The football game is played under NFL rules and all team members are 18-years-of-age or older.

Pre-game tickets are on sale at local businesses at a cost of $2.50 and $1.50. Tickets at the gate will cost $3 for adults and $2 for children.

Half-time entertainment will be furnished by the Middle School Band under the direction of Bob Newman.

The two opposing teams are Grandstand Officials and Coaches' Critics, hometeam.

All proceeds from the event will go toward furnishing a scholarship for a local graduating student to a trade school.

School officials will recommend eligible students and Optimist Club members will select candidates.

Anyone interested in applying for the scholarship may contact Johnny Tammen at Colorado City Plumbing, 728-5511 or Larry Hearn at 728-5047.

"Everyone is invited to come out and watch this grueling battle between two very competitive teams and help support the youths in our community," Tammen said.

MARJORI MADDOX OF Mitchell County 4-H exhibited the steer which took Grand Champion honors during the Mitchell County Livestock Show held Friday and Saturday in the county agriculture barn.

New Front Street Bridge Planned

Plans for replacing the bridge which washed away on Front Street this Summer got underway during the regular monthly meeting of the Colorado City Council Tuesday.

A representative from the state appeared before the council and detailed a study made earlier on bridges within the city.

He explained that the bridge is federally funded on an 80-20 basis, with the city paying 20 per cent of the cost.

According to the state report made in June, 1979, the Front Street bridge is the only bridge in the city qualifying under the program.

Councilman Mac McKinnon inquired about the prospect of the Rogers' Road bridge being funded under the program.

The representative replied that the bridge did not qualify at the time the inspection was made.

Councilwoman Nina Crout commmented she believes the Front Street bridge should be a first priority because the residents would be trapped with only one way out if a fire should start in that area.

Estimated cost of construction of the bridge is $73,000, with the city's 20 per cent share estimated at $14,600.

THESE MIGHTY MASHERS, more commonly known as the "Coaches' Critics," will take the field as hometeam Saturday at 2 p.m. in Wolf Stadium against the "Grandstand Officials" (scouting in top left corner of picture). Winner of the football game will become Optimist Bowl Champions. Tickets are on sale now from local merchants or Optimist Club members.

Schools To Enforce 70 Per Cent Ruling

Some good news and some bad was reported to the Colorado Independent School District Board of Trustees Monday evening when principals and high school teachers met with the board and reviewed student progress.

Elementary Principals Bobby Lemons and Dell Riley reported little change in students' grades since the passing grade was changed from 60 to 70 per cent.

Middle School Principal Doyle Lowrance reported almost twice as many failing students at the Middle School level under the new average passing grade. However, he attributed, the failures to apathy, both on the part of parents and students.

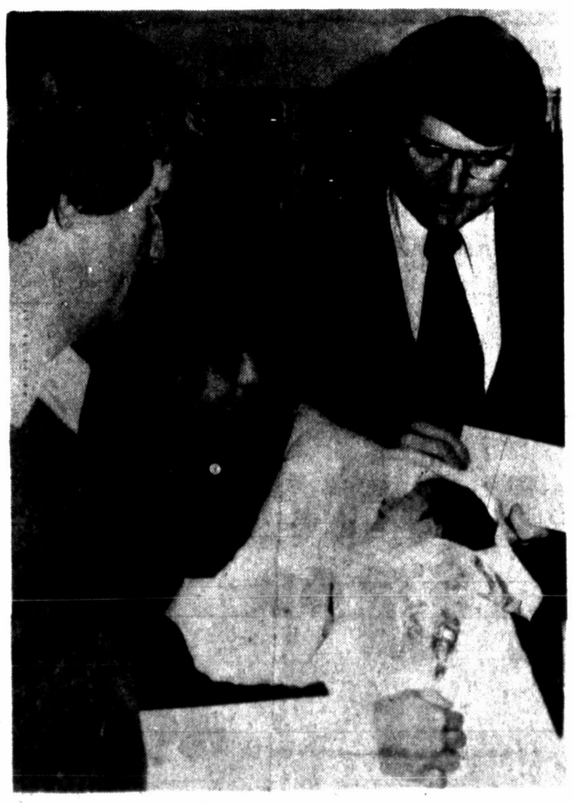

Lowrance said the school had notified parents twice of the failing grades, by means of letters mailed to the homes.

He also stated he did not anticipate many failures by the end of the year.

High School Principal Jerry Reynolds indicated 34 per cent of ninth grade students; 33 per cent of tenth grade students; 11 per cent of eleventh grade students and 42 per cent of all seniors are currently averaging grades below the 70 mark.

"When everyone realizes we are serious about failing students with less than a 70 per cent

City Is Plagued By Criminal Mischiefs

Colorado City Police are investigating several criminal mischief cases which have occurred since the first of the year.

Between Jan. 2 at 8 p.m. and Jan. 3 at 12:30 a.m., a Texas Electric power pole was chopped down on the west side of Fuller Food's parking lot, located at 440 East Second St.

Officer Johnny Slough stated the 35 foot pole was apparently chopped down with an ax and the lines held the upper portion of the pole suspended in the air.

Damage is estimated to be between $175 and $200.

A second criminal mischief occurred sometime between 7 p.m. Jan. 6 and 7 a.m. Jan. 7 at Anderson Motor Co., located at 245 Chestnut St. Seven tires were slashed on three separate vehicles parked on the lot and one tire was slashed on a privately owned automobile, parked across the street from the motor company.

Total estimated damage is $658.

When damages in an incident of this type are over $200, felony charges will be filed, Assistant Chief of Police Jim-

County Tables Decision On Required Jail Renovations

Plans for renovation of the Mitchell County Jail were reviewed by County Commissioners during their regular court session Monday.

Architect Don Hampton presented the plans and gave an estimate of $244,000 to complete work necessary to bring the facility up to current state standards.

Commissioners reviewed the plans and discussed the possibility of building a completely new structure on one level.

Hampton estimated new construction cost to be about $70 a foot to build a new jail.

He said he believes it is more practical, cost wise, to utilize the existing 4,622 square foot structure and add 16 feet onto the building giving 6,646 square feet of space.

Included in Hampton's cost analysis was an estimated $100,000 in jail equipment.

County Judge Bill Carter reported the Snyder jail is complying with state standards and employing only one jailer. He said this was acceptable because the jail is all on one level and the sheriff lives in the building and has voice communication with each cell, by means of a two-way intercom. He suggested Mitchell County could save the expense of four jailers if the building is built on one level.

Commissioners decided to consider the plans presented and reconsider alternate plans before making any definite decisions.

In other business, Commissioner Billy Preston noted Precinct Four will take bids on one two-ton truck and one two-and-one-half-ton truck. The bids will be opened during the next regular meeting Feb. 9 at 2 p.m. Specifications for bidding are in the County Auditor's Office.

Several annual decisions were made during the court session.

Commissioners passed an annual order stating that county officials will be compensated on a salary basis. Commissioners also set the terms of court. Terms were set as January and February; March and April; May and June; July and August; September and October and November and December.

Holidays in 1981 were officially set for county employees. Commissioners set the following holidays: January 1; April 17 (Good Friday); May 25 (Memorial Day); July 6 (Independence Day); Sept. 7 (Labor Day); Nov. 11 (Veterans' Day); Nov. 26-27 (Thanksgiving) and Dec. 24-25 (Christmas).

Three persons and two alternates were selected by drawing names from among persons who served on the Mitchell County Grand

Franco Is Hired By Police Force

Elias Franco, 32, formerly of Pecos, is the newest face around the Colorado City Police Department.

Franco was recently hired to serve as patrol officer with the department. He has two years of experience as a certified jailer in Reeves County.

He and his wife, Lana, and two sons, Trey, who is two and Joseph, who is six, are currently looking for a place to live in Colorado City.

Franco officially began his duties with the department Thursday. He will attend the basic training school in Abilene during March, according to Assistant Chief of Police Jimmy Roundtree.

Jury for service on a Grievance Committee for 1981.

Names selected were: Mrs. Kenneth Merket, Byron Bruce III and Wyndell Inman. Joe Kirschbaum and Mrs. Curtis Shaw were selected as alternates.

Salaries were set at an average eight per cent above that of 1980 for all employees as budgeted with two exceptions. Murrell Curry was reallocated from foreman to operator and Floyd Rice was changed from regular employee to operator.

A contract with Ed York of Corsicana, to collect delinquent taxes, was discussed. York has contracted with the county for the past four years in that capacity.

He noted his company mailed 1,304 letters to Mitchell County taxpayers in 1979 and 1,324 letters in 1980 and filed 11 court interventions. Major emphasis will be on clearing cases by holding sheriff's sales for property against which the county already holds a judgment.

Justice of the Peace Henry Doss appeared before the commissioners and requested an increase in his secretary's salary and in his car allowance.

Paul Logsdon stated, "If they are doing the job, they should be paid for it." Commissioner Paul Hunter noted, "We have a pay scale set up and if we give her an increase, in all fairness, we must also give other clerks at that level a raise." Commissioners voted three to two to promote the secretary to Clerk One, thereby increasing her wages by $92 a month. They also approved a $75 car allowance for Doss, in lieu of wages.

Commissioners decided to meet with a representative from the state during the February meeting and discuss the off-system bridge program under which federal funding is available on an 80-20 basis. with the county contributing 20 per cent of the funding.

City Police Give Monthly Report

In the month of December, Colorado City Police Department personnel worked two robberies in which $196 was reported taken. One case was cleared with $96 recovered.

They investigated eight thefts in which $851 was reported stolen, recovered $344 of that sum and cleared four cases.

A total of six burglaries were reported with a loss of $855. Police recovered $170 of that sum and cleared one case.

About $450 in damages was done in four criminal mischief cases during December. Police cleared one case and $360 in restitution was made.

Two assaults were reported and two were cleared, with arrests made in both incidents.

In traffic related incidents, policemen worked 11 accidents and four hit and run accidents.

A total of 43 citations were issued.

Department personnel made 11 arrests; two for armed robbery, one for traffic violations, one for felony theft, one for misdemeanor theft, two for assault (one was released) and four for public intoxication.

Couple Celebrates Their 50th Wedding Anniversay Dec. 28

Mr. and Mrs. Virgil L. Eaton were honored with a reception Sunday, Dec. 28, in the fellowship hall of the St. Luke United Methodist Church in Colorado City in honor of their 50th wedding anniversary.

The former Ruth Kemp and Virgil Eaton were married Jan. 17, 1931 in Midland.

Hosting the occasion were her daughter, Mrs. Ruby Jackson Moore of Colorado City, and their grandchildren, Mr. and Mrs. John Davis of Rowlette and Mr. and Mrs. Dan Jackson of Irving.

The serving table was skirted with a satin underskirt overlayed with a net and lace. Table appointments were of crystal and the table featured an arrangement of silk roses and daisies highlighted with baby's breath.

The three-tiered confection white cake was decorated with yellow and peach roses. A garland of white fluting emphasized the sides of each layer and was topped with a 50th Anniversary decoration trimmed in lace. Mrs. Cyndy Jackson served the punch and Mrs. Mitzi Davis served the cake.

The gift table was decorated with a white damask cloth skirt centered with a centerpiece arrangement of large yellow chrysanthemums.

Carla Jamison registered guests from a table covered with white damask cloth skirt featuring a feather quill pen and a peach rose in a bud vase.

Out of town guests included Mr. and Mrs. James Phillips of Bridgport, Mr. and Mrs. Bill Jamison and Carla of Kermit, Mr. and Mrs. Chester Phelps, Leroy and Kathy of Dallas and Mrs. Ellen Eaton of Dallas.

my Roundtree said.

One woman was taken to a private doctor after being involved in a three car accident Jan. 6 at 4:59 p.m., which occurred at the intersection of Tenth and Locust Streets.

A 1972 Ford LTD, driven north on Locust by Mattie Hines of Colorado City, a 1974 Dodge Dart, driven west on Tenth St., by Sadie Brennan of Colorado City and a 1979 Mercury Grand Marquis, driven east on Tenth St., by Dorothy Acuff of Colorado City, collided at the intersection.

Mrs. Acuff was reportedly taken to a physician with minor injuries.

Officer Roundtree investigated the accident.

A third criminal mischief was reported as occurring between Jan. 8 at 5 p.m. and Jan. 9 at 12:50 a.m.

Officer Slough, while on routine patrol, discovered the front plate glass window in the Lone Star Gas Building, located at 257 East Second St., had been smashed, apparently by a thrown beer bottle.

Damages are estimated to be over $100.

Officer Jessie Dominguez investigated an accident in which a 1981 International Truck-Tractor-Trailer parked on an incline Jan. 8 at 3:30 p.m., rolled down the hill and hit a fertilizer tank, owned by Agri-Supply on East Highway 80.

The truck is owned by H&H Distributors of Stanton and was driven by Curtis M. Welling of Amarillo. No injuries were reported.

A fourth criminal mischief reportedly occurred between 2:30 a.m. Jan. 9 and 10:58 a.m. Jan. 10 at 833 East 14th St., when two tires were slashed on a 1977 Cadillac parked in front of the residence. An estimated $400 damages was done.

A fifth criminal mischief was reported at 10:58 a.m. Jan. 10 at 526 East Second. Eight tires were cut on three vehicles parked at that address. An estimated $1,319 in damages was done.

Officer Dominguez is investigating both incidents.

Burglars struck the Kent Service Station, located on East Highway 80, again Monday. Officer Thomas Heck, while on routine patrol, reported that sometime between his checks on the station at 4 a.m. and 7 a.m., burglars had broken the front plate window on the door and entered the station. A total of $50 in change and bills was apparently taken by thieves and an estimated $200 in damages was done to the door.

One man was taken by police car to Root Memorial Hospital where he was treated and released following a two vehicle accident Friday.

Steven Wayne Rich, 24, of Colorado City was northbound on Highway 208, driving a 1976 Ford, when he apparently lost control of the vehicle, crossed the southbound lane and struck an unattended parked 1970 Chevrolet Nova.

The Ford continued in a northerly direction for about 300 feet, hit a mailbox, continued on north for about 75 more feet, hit Texas Highway signs and came to a stop.

Officer Heck made the initial investigation into the accident.

Also decided during the meeting was to begin the meeting at 5:30 p.m. every Monday night.

Club members voted to draw for secret pals. The contest will begin Monday and will continue for six weeks with the winner having a shower of paper items in February.

Becky Manning, president of the Opti-Ms Club in Colorado City, has announced that the club will continue sponsoring the skating at the Wallace Center on Saturday nights.

Atheneum Study Club Meet With Coffee Presiding

The Atheneum Study Club of Loraine had its first 1981 meeting in the home of Mrs. Bruce Johnson. Mrs. Floyd Coffee, president, presided at the short business session preceding the program.

Mrs. W.A. Taylor gave a two-part program. The first was a discussion of Shakespeare, noted as the "World's Greatest Writer." For 400 years Shakespeare's plays have been "hits" in the theatrical world and his plays are enjoyed by more people than any other writer, stated Mrs. Taylor. Books about his works and translations continue to flow off the presses. He has always brought enjoyment to the world, but has profoundly influenced the English language. Pharasses that he coined and are used today are: flaming youth; as luck would have it; catch and cold and words such as lonely and laughable. His words produce subtle meanings and fresh import such as: (1) speak in a monstrous voice; (2) I dote on his absence and (3) flowers that paint the meadows with delight.

We know little of his early life. He prospered from his writings in early life. He was an accomplished actor who left his family at Stratford in Avon and went to London. He was a fine scholar; able to create brilliantly all types of characters from a variety of backgrounds from royalty to beggars, added Mrs. Taylor.

She said anyone can enjoy Sheakespeare, not only at performances but just reading his plays because he relies on superb characterizations, actions and imagination in his poetry.

Mrs. Taylor's second part was entitled "George Vanderbilt's Fabulous Castle." The castle "Biltmore" is located near Asheville, North Carolina and was built in 1885. It is considered as America's most beautiful home, stated Mrs. Taylor.

Mrs. Taylor said he was riding in the area, thought it was beautiful, purchased a large plot of land on which he built the loveliest home in America which has over 200 rooms with European antiques and art collections in the decor. Mrs. Taylor concluded that Mr. Vanderbilt was so impressed with the beautiful area he did much to bring about the preservation of the forests and is considered to be the father of our National Forestry Service.

During the social hour, refreshments were served to Mmes. Percy Bond, Lily Bennett, Floyd Coffee, Glen Coon, R.H. Bennett, Taylor, Doyle Hester, C.R. Green, C.A. Matejowsky and Woodrow Pratt.

Crownover Hosts Devotional Meet

The United Methodist Women of Loraine met in the home of Mrs. Frank Crownover at 9:30 a.m. Wednesday, Jan. 7, for their monthly business and devotional time with nine members present.

The program, "A Quiet Day Apart," as given throughout Methodism each year by the United Methodist Women, was presented as part of their 1981 missionary project. Emphasis on the care of starving, neglected handicapped and unwanted children was stressed. Mrs. Crownover stated that 50 per cent of the offering taken will be spent in foreign countries and the other 50 per cent on our own country for children's needs.

Mmes. Ruth Blair, Syble Walker and Lula Bond brought enlightening facts on the situation of children throughout the world during the program hour.

Following the program, a short business meeting was held and Mrs. Lola Fay Bennett announced their new study, "Beyond Brokeness" is set to begin on Wednesday.

Women Donate Money

Baptist Women of the First Baptist Church of Loraine met at the church at 2:30 p.m. Jan. 5 for their regular meeting.

Mrs. T.L. Holman, president, presided over the meeting which opened with Mrs. Frances Crutcher reading scriptures and the prayer calendar.

The program, entitled "Black and White Relationships–The Ties That Binds," was discussed by Mmes. Holman, Pauline Smiley, Frances Porter and Clara Butler.

In the discussion, it was found that the goal for Baptist is to see that in some cases, integration has helped in the working together of the blacks and whites in order to further the cause of Christ. They said that we should begin by building understanding, goodwill and love among Christians of all colors.

During the business, minutes were read by Mrs. Butler and Mrs. Charlie Harris gave the treasurer's report. It was voted to give $50 to the mission work in Brazil.

Ready Sunday School Class Gathers

Mmes. Kenneth Butler, Tony Snyder and Rosie Hamrick were cohostesses when they entertained the "Ready Sunday School Class" of First Baptist Church in Loraine in their January meeting Monday night. The party was held in the Butler home.

To open the meeting, the group sang their class song, "Ready," and "Love Lifted Me." Mrs. Snyder led in the opening prayer and brought the devotional on the subject of Love. She read the 13th chapter of First Corinthians and talked on this subject. She brought out many truths in her presentation and remarked that if we have many other good qualifications but we do not have love in our hearts, we are not what God wants us to be. She said we should love and give, not to expect something in return, concluding that all human nature needs to be loved and we, as Christians, should show our love to others, as God has shown to us in giving His Son to redeem us.

Mrs. Loyd Wiggins read the poem, "The New Year" and during the social hour, Billie Ruth Tartt read the poem "Happenings in the 1930's" and Mrs. Ruby Lee Small read the comical reading, "Life After 40."

The hostesses served a sandwich plate with cake and punch to Mmes. Mildred Little, Leroy Lucas, Virgil Parnell, Margaret Brame, Billie Ruth Tartt, Homer Hart, Gus Armstrong, Nettie Mae Crownover, Wiggins, Alta Miles, Herbert Mearse, E.J. Schroeder, Estelle Merritt, Small, Snyder and the hostess.

Officers Installed At Club Meeting

Mrs. Charlie Harris hosted the regular meeting of the Baumann E.H. Club at 2:30 p.m. Tuesday, Jan. 6, at which time officers for the new year were installed.

The meeting opened with Mrs. Harris leading the club prayer. Roll call was answered with each telling, "The Program I Enjoyed Most Of 1980" and Mrs. Vada Preston directed the recreation.

Mrs. Lynne Compton installed officers for the new year: President, Mrs. Charlie Harris; Vice President, Mrs. Pauline Griffin; Secretary, Mrs. Bernice Hallmark; Treasurer, Mrs. Pauline Smiley; Reporter, Mrs. Cullen Payne; Council Delegate, Mrs. Harvey Leach and alternate, Mrs. Lynne Compton.

New year books were filled out and Mrs. Smiley read minutes and Mrs. Mable Givens gave the treasurer's report.

The club voted to purchase a recreation book. Mrs. Webb will host the next meeting on Jan. 20.

Present were Mmes. Smiley, Griffin, L.E. Crutcher, Willis Cornutt, Compton, Clara Butler, Givens, Webb, Payne, Preston, Bernice Hallmark and the hostess.

Loriane E.H. Club Meets

The North Loraine E.H. Club met with Mrs. Raymond Wheeler Jan. 6 to finalize their work schedule for the stock-show and to fill out their new club books.

The thought for the day was "Good examples have twice the value of good advice" and the roll call was answered with "The Program I Enjoyed The Most In 1980."

The next meeting will be with Mrs. Hubert Meadows on Jan. 21. The program will be on "Citizenship" and will be brought by the delegate who attended the Citizenship Workshop in San Antonio this Fall.

All members are encouraged to attend this meeting and bring a guest.

"Can we come up with the kind of money?" McKinnon asked City Manager Brenda Tarter.

"The way I see it, we need to come up with it," Mrs. Tarter answered.

Under the terms of the agreement with the state, the full amount of cash ($14,600) must be placed in escrow at the time the new plans for the bridge are delivered to the city, according to the representative.

Plans could not be prepared prior to this Summer and perhaps not until the first of next year, he noted.

He also explained that the state will only extend the roadway 150 feet in either direction from the surface of the bridge, leaving any other necessary street build up to be constructed at city expense.

Councilmen voted to seek bids for digging a 7,400 cubic yard trench at the existing sanitary landfill.

Mrs. Tarter explained that the present trench, which is 10,000 cubic yards, has been completely filled. No new landfill has been located and the state's extension to use the present location has been granted until March 1.

Mrs. Tarter said it would take a minimum of six months to obtain a permit in the event a new site is located, therefore a new trench is necessary.

Councilman Macca Findley asked what the cost of constructing the last trench was.

Mrs. Tarter said, "61 cents a cubic yard." She noted $6,280 is budgeted for the purpose of the landfill currently.

Digging the trench took only two days, according to Mrs. Tarter.

Findley suggested rather than hire a contractor to dig the trench, a caterpillar could be leased with a driver for about $50 an hour.

This would amount to a substantial savings, he said.

Councilman Ray Dillard suggested the city take bids for a contractor and the leased machine.

Mrs. Tarter said a special session of the council will probably be called to open bids because the existing trenchway is already filled and construction needs to be begun on the new trench.

Mrs. Tarter told council members the city has received the title to the Armory Building on First Street and suggested bids be taken for the sale of the structure.

Councilman Jesse Munoz suggested a minimum be placed on the bid price. He suggested the minimum be set at the appraised value of $17,500.

McKinnon noted the building had been purchased for the benefit of the town to allow the Industrial Team to purchase the building at the price paid by the city ($15,000) to use it to entice industry to locate here.

Munoz said, "I'm looking at it from the taxpayers' point of view. We can make some money out of this. This is one of the few things the city can make money on.

"We'll have to go up on water and sewer bills to cover the $14,000 for the bridge. This is a way to bring a little money in."

McKinnon answered, "That would be robbing Peter to pay Paul." He said the taxpayers' donations support the Industrial Team.

Councilmembers voted to take bids on the building with no minimum.

Bobby Lemons, representing City National Bank, explained a depository agreement proposal presented to the city. He said the existing agreement expired Jan. 1.

The agreement extends for a two year period. Lemons noted, under the law city, counties and hospital districts are not eligible to apply for Negotiable Order of Withdrawal Interest Bearing Accounts.

Councilmembers voted to continue to use the bank for depositing city funds.

In other business, the council voted to take out an insurance policy at a premium of $950 a year for $300,000 liability coverage on bodily injury and property at the city airport.

Dr. Larry Helms requested a rate increase of $1.50 per animal he tends to for the city.

Currently he is paid rates set in 1970 of $6 for small dogs and $7.50 for larger dogs.

Mrs. Tarter said the city expends about $100 per month on the vet services and the increase will amount to about $200 annually.

Councilmembers approved the increase.

Mrs. Tarter reported that the city project to replace 1,000 feet of water lines on Cypress Street and about 550 feet on Dallas and College Streets has been completed.

She said the next project will include 1,000 feet of line on Seventh St., affecting persons in the city park area.

She indicated street repairs had been made in several areas throughout the city also.

Front Street was projected by Mrs. Tarter as the next area where street repairs will take place.

A letter from the state was read to councilmembers indicating revenue sharing will continue through 1983.

Retired city employees began receiving a 20 per cent increase in retirement pay effective Jan. 1. A letter of appreciation was read from one retired city worker.

Mrs. Tarter told the council that new plots had been measured and are now for sale at the city cemtery.

She also said she was beginning to plan the upcoming budget. She asked if councilmembers wanted the police force to remain the same size and noted there are currently six men in the department, with applications being taken for chief.

The cost of hiring an additional officer would be about $7,500 annually according to Mrs. Tarter, that is about the same amount paid in overtime to the department.

Councilmembers asked Assistant Chief of Police Jimmy Roundtree what he believed would be better for the department, more manpower or higher wages.

He answered the primary reason men left the department was due to low wages and the second reason is because they have no back-up.

Councilman Ray Dillard said he would like to see both increased manpower and higher wages included in the budget.

Findley inquired what other cities the size of Colorado City are paying officers and how many men are on the force.

Mrs. Tarter said she would do a study on the subject and report back to the council.

An appropriate site for a landfill is still being sought by city officials. Two more locations will be inspected by Mrs. Tarter in the near future.

Sure, we have energy problems, but . . .

let's keep running strong.

We Americans have always been determined and inventive people. No matter how bad things have been from time to time, we've met our challenges together, and kept on running. We've even gone ahead.

With plenty of cheap energy, we've made our lives easier and better. Now the oil and gas that are easy to recover and cheap to burn are gone. But that doesn't mean we've run out of energy. There's enough coal in the United States to last 300 years, and a dependable supply of uranium. We also have oil and gas, even though they're harder to recover. All these fuels cost more than they did in the past, but the energy is there.

Some people think we shouldn't try to use it. They believe we'd be better off to retreat to a romantic past when life, so the thinking goes, was simpler. They forget the bad things about those "good old days." Most of all, they forget that the world's main source of energy was human drudgery.

We believe there's enough energy for all Americans . . . so long as we conserve together, and work together to make sensible use of our coal, our nuclear fuel, and the oil and gas that are still necessary.

Together, we'll solve our energy problems . . . and keep running strong.

Wallace Center Tourney Nets $260 For Cooling Unit

The Fourth Annual Wallace Center Mixed Adult Volleyball Tournament wrapped up late Saturday night with the Flying "M" team from Midland taking the first place title and Royal Manor from Stephenville coming in second. Finishing third was Abilene Smash from Abilene.

There were four teams in the competition from Colorado City out of the 16 teams entered, but only one of them made it to the finals, the Double Meaters. The team that finished about seventh was made up of Ivy Johnson, Robert Henderson, Maxine Scott, Janice Ridge, Freddie Alvarez, Leo Molina, Pam Johnson and Brenda Smith.

The other Colorado City teams gave a good effort as they were all three eliminated in their first two matches.

According to Lulu Turner, tournament director, the tournament was a total success as there were no injuries and everyone seemed to have had a really good time. She said after $160 was paid for trophies and volleyballs, there was $160 to donate to Center. The total money brought in by the tournament, including the concession and admission money collected, was right at $260.

No plans are definite at this time but because of the vast interest and requests, another tournament is planned for later this year, stated Ms. Turner.

Ms. Turner said that she would like to have a local tournament where the entire tournament competition would be made up of only Mitchell County teams, adding that this would give the local teams a chance to compete with other teams in their same league.

Ms. Turner said she would also like to have an invitational tournament limited to about eight teams with about the same playing ability.

In conclusion, Ms. Turner stated that she would like to thank all the local people that helped to officiate, as the tournament would not have been a success without their help.
