Air View Shows How Commuters Met Death

This low level airview of the wreckage of the Pennsylvania Railroad's commuter train shows where coaches left track and toppled from a temporary wooden overpass at Woodbridge, N. J. In the center of the photo are the remains of the overpass. At the right are cars that went down the embankment. The car at the center right is the one in which most of the at least 83 persons who lost their lives were trapped. Main line tracks are at left. (AP Wirephoto).

Americans Shell Seoul At Point-Blank Range

Explosion Fatal To Fifteen In St. Paul

ST. PAUL, Minn., Feb. 8. (AP)—At least 15 persons were reported killed and another 20 injured in an explosion that ripped through the Minerals Building of the Minnesota Mining and Manufacturing Co. plant today.

The Ramsey County morgue reported it had the bodies of 15 victims. Ancker Hospital said it had at least 20 injured persons and that ambulances were "bringing them in by the load."

Other injured were taken to St. Luke's and St. John's Hospitals. No check could be made of the number in those hospitals.

SCREAMS

Persons at the scene said "at least 40 persons" were taken from the building. Faces of the victims were blackened and several were screaming and moaning in pain.

The explosion occurred in the varnish plant, located in the Minerals Building, a six-story structure. Fire that broke out in the varnish plant threatened to destroy the building.

Off-duty firemen were called to report for duty.

A later report from Ancker Hospital said two persons were brought in dead and three others in critical condition. Twelve others were admitted, none of them apparently in critical condition.

COLD WEATHER

The blast occurred in 12-below zero weather.

Minnesota Mining and Manufacturing Co., manufacturers, among other things, abrasives, cellophane tape under the trade name of "Scotch tape," and undercoating materials for cars.

Emergency calls were made for extra doctors and for blood for transfusions. A surgical supply firm was called on to furnish oxygen.

The blast blew out two sides of the minerals building.

An emergency hospital was set up in the general offices of the company to treat injured.

Army Orders Strikers Back To Their Jobs

WASHINGTON, Feb. 8. (AP)—The Army served notice on striking railway men today that they will be dismissed unless they report for work by 3 p.m. (CST) Saturday or can prove they were physically unable to work.

At the same time, the Army placed in effect hourly wage increases effective as of last Oct. 1, for men who have had no increase since September, 1948.

Secretary of the Army Pace announced the order within two hours after President Truman had instructed that the Army take necessary action for full operation of the railroads. In harsh language Mr. Truman told a news conference striking railroad workers had run out on an agreement like a bunch of Russians.

The Army said the wage increase would be of an interim nature pending final settlement of the dispute between railraod management and unions over wages and working conditions. It said back payments to Oct. 1 will be made as soon as accounting and necessary adjustments can be made.

The Army order and notice was sent to all railroad unions and rail operators involved in the work stoppage.

Signed by Asst. Army Secy. Karl R. Bendetsen, it said the Army will recommend congressional legislation to assure resumption and continuance of normal rail service if the unions and the operators fail to settle their differences "within a reasonable time."

The Army order is based upon authority received from the President last Aug. 25. The Army took technical control of the principal railroads at that time to end a strike.

The Army order said the work stoppages which began in December and broke out again recently are "the unlawful actions of a relatively small group."

Pending at this time are contempt of court actions against the Brotherhood of Trainmen, based on allegation the union has disregarded court orders against a strike.

Korean War In Brief

(By The Associated Press)

KOREAN FIGHTING FRONT —Allied tanks pour shells into burned out Seoul from hills only four miles away. Chinese defenses in western sector south of Seoul said to be crumbling as they back up against Han River. Allied planes stage one of heaviest raids of war against North Korean key rail and highway targets, fly 650 sorties during day.

BERLIN — Top Soviet politburo man reported conferring with East German satellite officials on future of Germany.

VIENNA — Austrian news paper says Czechoslovakia's former Communist foreign minister, Vlado Clementis, fled to anti-Cominform Yugoslavia for asylum. Belgrade officials are silent.

Post Office Sub-Station To Be Opened

Snyder is to have its first post office contract sub-station, to be opened Feb. 16 at 432 East Highway, it was announced today by H. D. Moreland, acting postmaster.

Alfred E. Vernon, owner of the Snyder Hatchery, located at the same address, will be the clerk in charge.

"There will be no delivery of out-of-town mail at the new sub-station, but stamps, registered mail receiving of out-going mail, parcel post, money orders and postal note services will be offered," said Moreland. He pointed out that there will be a relay box for receiving mail to be dispatched through the main post office.

While the new sub-station will be managed by Vernon, the office will be under the direct supervision of the main post office.

Vernon has the authority to hire his own help and set his own hours for the operations of the new station, said Moreland.

"The establishment of the contract sub-station will save lots of work for the main post office," said the acting postmaster.

The authority for operation of the new branch was received in Snyder today.

Expect Action On New Court In Next Week

Scurry and Borden Counties this morning were still without a new and separate judicial district hoped for some time this week, and the two bills for the creation of the new district remain in the state legislature, one passed by the house and the other by the senate.

Pat Beene, president of the bar association here, said he had been informed by Sterling Williams, state representative from Snyder, that the house would probably act next week on the bill passed recently by the senate for a new district on a six-year term.

When the senate first passed the bill, Williams thought he could get the bill before the house some time this week, Beene said; but as it looks now, it will be brought to the floor next week. The house of representatives passed a bill for the new court on a permanent basis about the same time the senate passed the substitute bill.

Red Resistance Crumbling In Some Sectors

Puerto Ricans Within Four And One-Half Miles Of Old Capital

TOKYO, Feb. 8. (AP)—U. S. tanks shelled Seoul's blackened ruins today and howitzers, wheeling into easy range, plastered Chinese positions north of the frozen Han River tonight.

Puerto Rican doughboys seized a commanding height only 4½ miles south of the former Korean Republic capital. The entire allied line advanced another mile or more toward Seoul. The Eighth Army said:

"Destruction of Communist forces in the pocket south of the Han in the western sector, the objective of the current phase of the limited offensive, is proceeding and may sum up a sizeable victory in terms of enemy losses."

"No further implications should be attached to the present situation."

That was a cool military appraisal of a two-week series of armored punches and bayonet charges that have violently rid the snow-crusted ridges and valleys of thousands of Chinese on Seoul's approaches.

The Eighth Army has estimated more than 57,000 Red casualties, most of them in the western section. Now the Chinese have their quilted backs to the Han.

Red resistance was crumbling. In some sectors there was no opposition.

U. S. 25th Division tanks shelled Seoul at noon Thursday. Howitzers of the veteran American Third Division rolled into position after nightfall and sent shells screaming over the Han into Chinese positions. The Third Division was identified on the 25th Division's right flank, southeast of Seoul.

A field dispatch reporting the artillery barrage was heavily censored.

Beachem Bond Set at $2,000

Ray Fiel Beachem, 27, Negro, is being held under a $2,000 bond following his arraignment on a charge of murder before W. C. Davidson, justice of the peace, late yesterday afternoon. He waived hearing and was bound over to await action of the grand jury.

In the complaint filed by Eldon Mahon, district attorney, Beachem is charged with causing the death Jan. 19 of his wife, Doris, 22, by "ways and manner unknown."

Homer Whisnand, deputy sheriff, with Ben F. Thorpe, county attorney, and Mahon started an investigation of the case when it was reported to the authorities that the woman had been beaten in a fight the day before she died.

She was dead on arrival at the Snyder Hospital when taken there by a Bolger-Barnes ambulance, the officers said. It was first thought that she had died of natural causes, but examination of the body revealed several lacerations and bruises.

"An autopsy revealed that she met death by means other than from natural causes," said Mahon.

"There is no question that foul play entered the case," he added.

2nd Producer In Stonewall County Field

Seaboard Oil Co. of Delaware is preparing to take potential tests and complete its No. 3 Sparks as the second producer from the Pennsylvanian lime in the Double Mountain field of Southwest Stonewall County.

The project was flowing at the rate of 12 barrels of oil per hour naturally at last reports. The flow was through a 20-64th - inch tubing choke from open hole at 5,227-5,424 feet.

Shakeout during the three hours at which the flow had averaged 12 barrels per hour had been four tenths of one per cent drilling water.

Location is 760 feet from north and east lines of section 315, block 2, H&TC survey. It is one location south of Seaboard's No. 1 Edwards, the discovery well of the Double Mountain field.

Seaboard No. 1 Sparks, one location east of the field opener has been plugged and abandoned as a dry hole. It was low geologically and did not find any signs of possible production.

NOLAN DISCOVERY

Rowan and Hope of San Antonio No. 2 Irl Favor, outpost to a one-well Favor - Ellenburger field of Central - North Nolan County, has indicated as a possible discovery from the sand section at 3,902-12 feet.

Some observers believe the sand to be Gunsight.

It was tested for one hour. Recovery was 820 feet of clean oil and no water. Flowing pressure was 170 pounds and shut-in pressure registered 1,900 pounds.

The No. 2 Irl Favor is drilling below 4250-feet. It is contracted to go to a possible bottom of 6,500 feet.

It is located 660 feet from south and west lines of the southeast quarter of section 47, block 21, T&P survey. That makes it five miles east of Sweetwater.

IN REAGAN COUNTY

Charles R. Turner of Hobbs will drill an Ellenburger wildcat in Central Reagan County.

Gulf Oil Corp. is contributing acreage to the wildcat. It will be dug one and three quarter miles southeast of the firm's No. 1 Hughes, which is a 10,719 dry hole and four miles east of Stiles.

TO ELLENBURGER

Stanolind Oil & Gas Co. will drill its No. 1-A W. W. McCutcheon as a 10,000-foot or Ellenburger wildcat in Northeast Jeff Davis County.

Drillsite is 660 feet from north and east lines of section 16, block 55, T-10, T&P survey.

That makes it 10 miles southwest of Balmorhea and two miles southwest of the one-well Verhalen pool.

Operations are to start at once.

Tentative Contracts on Pipe Lines and Colorado River Dam

(Special to the Daily News)

BIG SPRING, Feb. 8. — With two major contracts tentatively let in the amount of $5,424,877, the Colorado River Municipal Water District moved Wednesday to issue $11,750,000 in revenue bonds to cover estimated cost its entire project.

The tentative awards were made to J. W. Moorman & Son, Wylie, for $1,452,877 on construction of a dam on the Colorado River in south west Scurry County, and to Ben Sira, Dallas, and McKenzie Construction Co., San Antonio, for $3,971,500 for pipeline construction. The pipe line bid was for the larger dimensions of 33 inches, rather than 30 inches, from the Colorado reservoir to Big Spring, and 27 inches rather than 24, from Big Spring to Odessa. The pipe will be steel with spun concrete lining and outside treatment.

TO START SOON

No definite date for start of construction has been fixed. Estimates ranged from 45 to 60 days. Moorman's bid on the dam construction was based on 300 working days. Successful bidders on the pipe set up 450 calendar days on section I (from the lake to Big Spring), 300 calendar days for section II (Big Spring to Western Martin County), and 150 for section III (Western Martin to Odessa). These are from the date of receipt of steel in sufficient quantities to start the project.

R. T. Piner, Big Spring, president of the water district and E. V. Spence, Big Spring, general manager, expressed satisfaction with the bids received Wednesday. They were, said Spence, "well within the estimates." Twenty-one proposals were received — 15 for the dam work, five for pipe line, and three were on a combination basis for jobs.

Piner announced that a meeting of the water board had been called for 10 a.m. Feb. 16 in Big Spring at the Settles hotel. The board then will consider other details necessary to completing the record on the bonds. Other phases of the project to supply Big Spring, Odessa and Snyder with water at the earliest date will be considered.

TO ISSUE BONDS

Norman Downey, New York City, said that he would complete details in a day or two of the record so far as his company, the Union Securities Company of New York, was concerned. John D. McCall, Dallas, district counsel, said that preparation of the issue would be expedited with all possible speed. The district is endeavoring to issue the bonds within a month's time.

On the revenue bonds to be issued, the Union Securities has agreed to a maximum of 2.70 per cost of money.

Estimates on other phases of the district project were given by S. W. Freese, Fort Worth, district engineer. These called for approximately $6 milion more for pipe line to Snyder, pumps and pumping stations, buildings, wells, gathering lines, surge and terminal storage, land and easements, fees and contingencies. Included in the figures were terminal storage facilities of 5,000,000 gallons each at Snyder and Odessa.

On bids received Wednesday there was as much as a $2 million bulge between the bid of Moorman, who currently is doing the Lavon reservoir job on the East Fork of the Trinity above Dallas, and the high bidder. There was about a million between the low bid of Sira and McKenzie, and the maximum offer on pipe lines.

SYNDER DIRECTORS

In other actions taken during the day, four directors — W. J. Ely, James Rosser, R. A. Schooling and Lyle Deffebach — were seated from Snyder. That city ratified annexation to the district on Jan. 27, and this was the first meeting at which the new members could be seated.

The land committee and the general manager were empowered to confer with oil companies regarding policy on development of oil leases within the basin area. This meeting was set for 1 p.m. on Feb. 16 at the Settles hotel. Some production from the Canyon reef exists in the reservoir area, and possibility of additional production has not been definitely defined by exploration. R. A. Schooling was added as the Snyder member of the committee. Others are R. L. Cook, and George White, Big Spring, and P. C. Harbour, Odessa. Frank Kelley, Colorado City, was asked to sit in on this meeting.

John Sentell, Snyder, was retained as counsel to handle such legal work as might be necessary in Scurry County. Guaranty Trust of New York was named as the bank of payment and the First National Bank in Fort Worth as trustee.

Names as a committee to draft by-laws for the district were Charles Perry, James Rosser, and George Mims. Resolutions providing legal machinery for condemnations, if they became necessary, were adopted. Contracts with the constituent cities were authorized for execution, a formality since all three member cities have ratified the proposed contracts at the polls.

Prices Set To Go Up With A New Unfreeze

(By The Associated Press)

WASHINGTON, Feb. 8. (AP)—The government is almost ready to unfreeze the retail prices of men's clothes, women's clothes, cosmetics, furniture, rugs, lamps, pots and pans. One immediate result will be lots of price rises.

In place of the present tight freeze on those and similar items, the Office of Price Stabilization (OPS) will restrict the percentage of "margin" between what the retailer pays and what he receives.

OPS officials said the new regulation will probably be issued late this week or early next week. It will be the first of a series of "margin" type orders which were promised when the temporary price freeze on Jan. 25 was announced.

Here is why price rises are expected: The new regulation will enable retailers to pass on to their customers many increases that wholesalers had put into effect before the Jan. 25 freeze date.

Government economists say a certain amount of that must occur to prevent an intolerable squeeze on retailers whose costs have gone up.

They say this is one thing Economic Stabilizer Eric Johnston had in mind yesterday when he predicted that the cost of living will continue to rise for a few more months and then level off by midsummer.

OPS officials also hope to lower prices in some cases by rolling back the size of margins to a selected date. To illustrate, if a retailer's margin on a particular item was 40 per cent on the selected date, and he has since raised it to 45 per cent, he would have to cut it back to 40.

OPS Director Michael V. DiSalle said in a radio interview broadcast last night that the OPS would "somehow attempt" to fix margins as they existed before the Korean outbreak last June, and he thought maybe there would be "astonishing" results in some industries.

Lift Mail Embargo For Certain Destinations

Partial lifting of the nation-wide mail embargo was announced today by H. D. Moreland, acting postmaster.

"Orders have been received to accept mail destined for all points west of the Mississippi river, except St. Louis," Moreland said.

But the embargo on certain mails east of the Mississippi river is still in force, the acting postmaster said.

Embargoes on livestock and perishable goods over the Santa Fe out of Snyder is still in effect, according to J. R. Green, agent, today.

Repairing Water Lines Delays Spraying Oil On Dusty City Streets

"We are getting perfect co-operation from service stations of Snyder on saving their waste oils to be sprayed on unpaved streets here," W. J. Ramsey, city superintendent, said today.

"But the city has been so busy repairing water breaks caused by last weeks severe cold weather that we haven't had time to put any of the oil on the streets," he said.

Ramsey said that the city would start the oil pick up just as soon as they could spare some of their men from the water repair work.

One severe water break on Thirtieth Street near Avenue U in Southwest Snyder has required all the city's water department employees.

Ramsey said that break would make it necessary for the city to tear out about 30 feet of paving and replace it with new base and pavement.

Citrus Commission Under Friendly Suit

EDINBURG, Feb. 8. (AP)—District Judge S. N. McWhorter has under advisement a friendly suit to test the constitutionality of the Texas Citrus Commission.

The Hugh Rouw Corp. was charged with shipping citrus without posting bond to cover the citrus commission tax on fruit.

Rouw denies the commission's right to require bond and to govern the citrus industry.

Probes Started To Determine What Occurred In Train Wreck

WOODBRIDGE, N. J., Feb. 8. (AP)—Railroad workers today dug into newly fallen snow — frozen solid by biting cold — to remove the remaining wreckage of the Pennsylvania commuter train crackup as authorities expressed belief all victims had been found.

Police Chief George Kating said the death toll from Tuesday night's disaster — the third major rail wreck in the New York metropolitan area within a year — probably will remain at 83 unless some of the 11 persons still hospitalized in critical condition succumb.

He said there had been no reports of anyone missing and added that workers did not expect to find any more bodies as they dragged away the debris, covered last night by a light snow.

TWO HEARINGS

Meanwhile, separate investigations into the cause of the derailment of the crowded express were slated by the Interstate Commerce Commission and Middlesex County authorities.

Today's hearings were the latest in a series of multi-pronged probes set in motion shortly after "the Broker" wavered and reeled off the tracks near a temporary trestle.

Several possible or contributory causes were mentioned yesterday including sabotage and the apparent high speed of the 11-car train as it approached a caution area.

The excessive speed angle gained further credence yesterday after the engineer of the ill-fated passenger train was quoted in a hospital-bedside interview as saying he was doing 50 miles an hour in a railroad-fixed 25 mile an hour zone.

SPEED INVOLVED

Asst. Middlesex County Prosecutor Alex Eber said his preliminary findings showed "there are clear indications that speed was involved in the derailment."

Eber said Engineer Joseph Fitzsimmons told him he had slowed the train down from 60 miles an hour just before the fatal crackup but saw no caution signal at the curved approach to the trestle.

Eber also questioned two Pennsylvania railroad officials who, he said, told him there was no speedometer in the locomotive, no caution signals in the area and that no advance safety tests had been made on the temporary trestle.

Eber said the structure was found to be sound by engineers who examined it after the wreck and all but ruled it out as a contributing factor.

At the same time in Washington Mrs. Edith Nourse Rogers (R-Mass) called for the ICC to determine quickly whether sabotage was involved in the wreck. She said train wrecks "occur too often without excuses."

Maximum Yesterday Of 51; Low Today Is 28

The results of a mild norther were felt in Snyder yesterday as the temperature stopped on a 51-degree mark, considerably below the 70-degree readings of previous days. A low of 28 degrees was recorded before dawn today. The temperature had risen to 34 degrees by 7:30 this morning.

War On Starlings

ABILENE, Feb. 8. (AP)—Police hope a dozen imitation owls they're going to place in trees in T&P park will scare starlings who usually winter there away.

Shotgun blasts and Roman candles were used Monday and Tuesday nights to disturb the birds. Directions that came with the fake owls said they should be placed in the trees after the starlings are sufficiently "disturbed".

Thousands of the starlings usually winter in the park.

Weather

WEST TEXAS: Fair and not so cold this afternoon and tonight. Friday fair with moderate temperatures.

EAST TEXAS: Fair and warmer this afternoon and not so cold tonight. Friday partly cloudy, warmer in east and south portions. Moderate southeasterly winds on the coast becoming fresh Friday.

Public Deserves Investigation Of Wildcat Railroad Walkout

By DAVID LAWRENCE

WASHINGTON — Lots of bungling occurred in handling the negotiations leading up to the present railroad strike — and an inquiry should certainly be made, irrespective of the ending of the work stoppage this week.

The record discloses that there is a serious defect in labor-management relations on the railroads and a much more serious defect in the way governmental influence is exerted once a crisis arises.

The public is entitled to a thorough study of what has happened. It could lead to legislation to protect the public interest. It could lead to better machinery for mediation or arbitration. But certainly the utter indifference of the Congress of the United States is inexplicable except on the theory that the politicians are afraid of the punitive power of a railroad labor union and hence they shy away from any action whatsoever.

There are some, of course, who have spoken out bluntly and among these is Sen. Wayne Morse, Republican, of Oregon, a former member of the War Labor Board, who refers to the 'sickness' excuse for the stoppage as a dishonest strike.

The Oregon senator believes the government might have long before this interposed its influence to bring the parties together and to avoid the interruptions of rail service.

But the fact is the government has meddled with the problem and the machinery provided already by the railway labor act has been utilized, and still the parties do not agree. To understand what had been going on it is necessary to examine a chronological record of the important steps in the controversy:

March 1949 — Beginning of formal demands for a 40-hour week at the same pay as 48 hours of work, and filing of demands for other increases in pay for various groups of rail workers.

Aug. 4, 1950 — No agreement after nearly 18 months of bickering, and then a request from President Kennedy of the railroad trainment that the government take over the railroads.

Aug. 27 — President Truman puts the railroads under the Army. Assurances are given by the union chiefs that the union members will work for the government. This was followed by a series of conferences at the White House, but no joint meetings of labor and management.

Dec. 14 — Beginning of a "wildcat" strike, with sickness as the excuse.

Dec. 21 — Memorandum handed to railroad executives and union chiefs at the White House by John R. Steelman, assistant to President Truman. Memorandum was signed by railroad presidents and by the four presidents of the railroad labor unions.

Jan. 7, 1951 — All four general chairman of committees of the rail unions rejected the agreement made by their presidents at the White House.

Jan. 18 — Another meeting at the White House with Mr. Steelman, who turned the matter over to the National Mediation Board.

Feb. 1 — "Wildcat" strikes begin anew and spread for several days.

Feb. 2 — White House claims that the union presidents did not fully explain the Dec. 21 memorandum to their respective committees and "that they now say they had no intention of recommending it, thereby indicating that they signed it in bad faith." Union chiefs concede they did not recommend the ratification of the memorandum, which on Jan. 7 they characterized as "inadequate and unjust."

Feb. 3 — First joint meeting in several months, with rail carriers and union chiefs sitting down together at the White House.

Now it will be asked why, if the comunication of the results of the earlier conferences and the meaning of the Dec. 21 memorandum was unsatisfactory, some better means was not devised. Why didn't the government, which was operating the railroads, ask for an opportunity to speak to the rank and file of the workers and explain the agreement? Why were the union chiefs not requested on Jan. 7 to explain to the government their reasons for rejecting something they had signed — and if they signed it under some misapprehension as to its binding character, how did such a misunderstanding arise?

Above all, it seems absurd that better machinery for settling a major dispute cannot be developed. Certainly in a time of crisis the weaknesses in existing statutes cause heavier damage than in normal times. When the government takes over a property, are the workers employes of the government? There needs to be a clarification on this point lest the whole theory of seizure be rendered useless in emergencies.

The rail strike has inflicted hundreds of millions of dollars of damage to innocent bystanders. But, what's more, it has injured the prestige of some of the oldest and best of America's labor unions. Are the leaders aware of the damage they have done to the cause of organized labor by the hollow excuse of "sickness"? Somebody in the rail unions has bungled, too.

Two Cars Damaged By Hit and Run Driver

A hit and run accident was reported to city police last night which caused damage to two parked cars, but no known injuries.

Two cars parked at 2301 Avenue H were hit by a car which drove away from the scene of the accident. The errant car is thought to be an old model maroon Ford, Ed Bassinger, assistant chief of police, said.

Cattle Disease About Conquered In Mexico

WASHINGTON, Feb. 8. (AP) — Chairman Ellender (D-La) of the Senate Agriculture Committee asserted yesterday the foot and mouth livestock disease has been about eradicated in Mexico. He has just returned from there.

Wreck Victim Removed

An unidentified passenger of the Pennsylvania railroad train that was wrecked as it crossed a temporary overpass at Woodbridge, N. J., is removed by a rescue squad using an aerial ladder. At least 83 persons were killed in the wreck.

Three-Year Teacher Contracts Are Proposed to Lawmakers

Many of Snyder's public school teachers may be hired for the next term on a three - year contract instead of the usual one-year contract if a bill proposed to the state legislature is passed

Although not yet considered for passage on the floor of either house, the bill, calls for one-year contracts between schools and teachers for their first three years at any particular school, then the fourth contracts between these teachers and their schools must be for three - year periods.

EFFECTIVE DATE

If the bill—which is now being circulated for discussion and consideration by individual legislators—is passed in this session, it will become effective Sept. 1, 1951. It would effect about 28 Snyder teachers if the school board sees fit to hire them again for the 1951 - 52 school term.

If the bill is passed, a teacher may terminate his contract only upon a 30-day notice, and the school also may terminate it after giving the teacher a 30-day notice.

The average teacher's tenure in the Snyder schools will, at the end of this term, be slightly more than two and one-half years.

Including administrators, for which there is no provision made in the bill, the total number on the faculties of the Snyder schools is 119. This includes those in the five schools for white children and the two teachers for the Negro school.

MANY ARE NEW

Sixty - eight of the faculty members are now in their first year with the schools here; 23 of them are in their second year; nine are in their third year; four in their fourth year, four in their fifth year; three in their seventh, year; one in her ninth year; two in their eleventh year; three in their thirteenth year, two in their seventeenth year; and one in her nineteenth year.

Teachers and administrators having the most seniority and the number of years each will have completed at the end of this term are:

Mrs. Grace King, 19; Mrs. Eva Nelson, 17; Mrs. Madge Pourroe, 17; Miss Katherine Northen, 15; Mrs. Mae Stanfield, 13; M. F. Stanfield, 13; Miss Polly Harris, 11; Mrs. Hattie Gatlin, 11; Mrs. Vivian Hill, 9; Mrs. Golda Thorpe, 7; Mrs. Rose Marie Lemons, 7; and Miss Thelma Leslie, 7.

The area of the Pacific Ocean is about the same as the combined extent of the Atlantic, Indian and Arctic Oceans.

Curfew Sought For Childress

CHILDRESS, Feb. 8. (AP)—An attempt to burn the Childress High School brought a demand from School Supt. Joe A. Gibson that a curfew ban youths from the street after midnight.

Sheriff Kermit Waters said the attempt to burn the school early yesterday morning was deliberate.

Janitor W. H. Hall found three fires — one on each floor of the $100,000 school — when he came to work about 6 o'clock in the morning.

[illegible] no major damage from the smouldering blazes, which were quickly extinguished.

Gibson said he believed the destruction was the work of disgruntled students.

He said the city council has discussed a midnight curfew for juveniles before and that he would ask that it be enacted immediately.

The semi-weekly Childress Reporter yesterday came out with a front page editorial: "It is time for a cleanup. It is time for a curfew. It is time to do a little first class spanking," the paper said.

Road Bonds and the Boom

We hear the argument, in regard to the road bonds, that the boom is over and that if the roads were adequate to take care of the boom, they can take care of what's left.

It's very true that the boom is over—in drilling. From a maximum of more than 200 rigs in operation at once, we have now fallen to 58, and the number can be expected to decline.

As this activity ends, the boom can end with it. This is the pattern of many Texas boom towns. Of course, it's costly, as all the floods of money that have been poured into making facilities here for a booming city become valueless as the population declines.

To protect his investment in Snyder, every property owner should be interested in attracting other business to take up the slack left by the decline in drilling. We need some small industry. We need to keep our position as a supply center, for despite the decline in drilling here, there's plenty of activity in adjacent counties which we could serve.

We cannot remain a supply center and we will not attract new businesses without roads. And if we have roads we will have to build our own, because the state government is committed to a rigid policy of economy.

One phase of the boom is over, and the entire boom may be over unless we act intelligently and quickly in our own interest.

Snow And Rain Aid To Texas

SALT LAKE CITY, Feb. 8. (AP) — Snow and rain last month improved conditions in water sheds of the Rio Grande, Pecos, Canadian and Arkansas Rivers, U. S. weather forecasters say.

Irrigation prospects in the South west improved but subnormal runoffs still are expected.

January precipitation on the upper Rio Grande was above normal on western slopes of New Mexico's Sangre de Cristo Mountains and near normal elsewhere. Water supply for the basin as a whole improved only slightly.

Prospects for the main Pecos River stream are slightly higher. "Yet the outlook for the basin as a whole is still unfavorable."

Western feeders of the Canadian River will have a 65 per cent flow if rain the rest of the season is normal. The outlook for the main stream is "much less favorable."

To vary a plain white boiled frosting fold in chopped raisins, figs, and nuts before speading it on the cake.

Next time you make a banana milk shake, try sprinkling the top with a little freshly-ground nutmeg just before serving.

Physicians Move To New Office Location

Dr. J. R. Sims and Dr. Robert F. Wasson have announced the opening of their office at a new location, 2811 Avenue S. Their office was formerly at 2910 Avenue S.

Dr. Wasson has now returned to active practice after being injured in an automobile accident near here in December.

ANNOUNCEMENT

Drs. Wasson and Sims announce the moving of their offices from 2910 Avenue S, to 2811 Avenue S.

DiMaggio And Kell Sign Big Contracts, Others Still Out

By RALPH RODEN
(Associated Press Staff)

NEW YORK, Feb. 8 — Joe DiMaggio, the million dollar center fielder of the New York Yankees, and George Kell, brilliant third baseman of the Detroit Tigers, have signed their 1951 contracts but many of baseball's stars remain out of the fold.

DiMaggio accepted his third straight $100,000 contract via telephone from his San Francisco home yesterday. Kell, after turning down two proposals, came into the fold at Detroit for an estimated $40,000, a $7,000 hike over his 1950 salary. Kell is the highest paid Tiger player.

MUSIAL ANGLING

The capitulation of DiMaggio leaves only Ted Williams of the Boston Red Sox and Stan Musial of the St. Louis Cardinals among the upper bracket players unsigned. Williams is expected to sign at the same terms he worked under last year, a reported $125,000. Musial supposedly is angling for $100,000.

Others stars in the gilt-edge brackets who have not signed include Johnny Sain of Boston, Preacher Roe of Brooklyn, Andy Pafko of Chicago, Larry Jensen of New York, Del Ennis of Philadelphia, Wally Westlake of Pittsburgh and Howie Pollet of St. Louis in the National.

In the American League such stars as Dom DiMaggio of Boston, Bob Lemon of Cleveland, Hal Newhouser of Detroit, Yogi Berra of New York, Ferris Fain of Philadelphia, Ned Garver of St. Louis and Eddie Yost of Washington have not signed.

The Cardinals also continue to encounter difficulties lining up their veteran crew.

BALKS AT BUCK

Ted Wilks, portly relief pitcher, who pitched only 24 innings last year, balked at signing a conditional contract calling for $1.

Card Owner Fred Saigh said he had offered to pay Wilks 75 per cent of his $17,500 1950 salary provided Ted shows enough during spring training. Saigh also revealed that pitchers Red Munger and Howie Pollet are dissatisfied. Other Card regulars unsigned include Enos Slaughter and Red Schoendienst.

Other players signed yesterday include: Infielder Bob Ramazzoti, Chicago Cubs; Pitchers Steve Ridzik and Blix Donnelly, Philadelphia Phils; Catcher Raul Burris, Boston Braves; Infielder Johnny Pesky, Boston Red Sox; Infielder Bobby Adams and Pitcher Bob Sanders, Cincinnati.

Large Field In Texas Open At San Antonio

By HAROLD V. RATLIFF
(Associated Press Staff)

SAN ANTONIO, Feb. 8.—There wasn't a top favorite in the whole carload today as golf's tourists fired the first round of the $10,000 Texas Open on two courses.

A field of 270 — 182 of them professionals — sought the gold and glory of the oldest tournament on the winter trail with veteran observers predicting a "putting contest."

Short courses, powder dry and fast, mean fellows like Jimmie Demaret of Ojai, Calif.; Lew Worsham of Oakmont, Pa., and Jack Burke, Jr., of Sam Houston, who are exceedingly proficient around the greens, should be in their best winning form.

Defending Champion Sam Snead of White Sulphur Springs, W. Va., and Lloyd Mangrum of Chicago, the year's leading money-winner, aren't playing. Both are temporarily out of gold with injuries.

ACHING MUSCLES

But there are other fellows with hurts who will be shooting for the $2,000 first money anyway. Worsham, for instance, has had a aching back for two weeks. Leland Gibson of Kansas City also has a pulled back muscle and Dave Douglas of Newark, Del., has an aching chest.

But the injured men have been doing all right. Worsham and Mangrum have been tournament winners. The latter will rejoin the tour at Harlingen for the Rio Grande Valley Open next week. He won at Tucson last week.

Half of the field today fired the first 18 holes on the Fort Sam Houston Country Club course, a 6,426-yard lay-out with a par 71. In this group were the big names of the tour. The other half, including the lesser lights, played at Brackenridge Park, a tree-lined course stretching 6,400 yards and also with a par 71.

ENTRIES DOWN

Tomorrow the split field switches courses and the 60 low scorers and ties after 63 holes will go into the final 36 scheduled at Brackenridge Saturday and Sunday.

The entry here is down amost 50 from last year but Capps said it had been this way along the winter tour. He attributed it to service calls. "The entries are decreasing but the galleries are increasing," he observed.

There are more than 70 professionals on the tour, including a dozen youngsters making it for the first time.

While practice scores seldom mean anything because there is no pressure, a fine 64 was recorded yesterday in the last tune-up rounds. Ted Kroll of New Hartford, N. Y., who has won only $348 for the year, fired it at the Fort Sam Houston Course. Several 66s have been posted.

Chandler Hopes To Keep Post

By JACK HAND
(Associated Press Staff)

NEW YORK, Feb. 8. — Is A. B. "Happy" Chandler finished? Will baseball name a new commissioner at Miami Beach March 12? Does Chandler have a chance for reelection?

Those were the questions in baseball fans' minds today. It is obvious that the anti-Chandler group thinks it can finish the job started at St. Petersburg or why force a showdown at this time?

An authoritative source said the anti-Chandler bloc now holds a 9-7 edge. Opponents believe they can block Chandler indefinitely. The source, who asked not to be identified said the anthesis hope to convince the Chandler men their cause is futile. Twelve votes are necessary to elect.

The "screening" committee named to sift candidates yesterday asked Chandler to call the March 12 joint meeting through their league presidents. Still one committee member, Ellis Ryan, of Cleveland, said this is only the "next step" in naming a commissioner. Phil Wrigley of the Chicago Cubs, another member says "at least 50" still are on the list and Chandler might be one.

Chandler declined to discuss the joint meeting other than to say, "Just let the statement stand for itself." He rushed off to board a train to Milwaukee shortly after news of the meeting was announced by his Cincinnati office. It is known that Chandler still considers himself in the running for another term at his $65,000-a-year-job.

The source said the Chandler forces were not ready for a vote, but had no choice. Chandler had to call a joint meeting when asked by both Ford Frick, National League president, and Will Harridge, American League president, at the request of the committee.

Edean Anderson Leads Women Golfers In 2nd Round At Palm Beach

PALM BEACH, Fla., Feb. 8. (AP)—Medalist Edean Anderson of Helena, Mont., led the way today into the second round of the 24th annual Palm Beach Women's Amateur Golf championship.

The Montana Miss defeated Evelyn Odom of Miami, 2 and 1, yesterday.

Grace de Moss of Corvallis, Ore. joined her in the second round by edging Carol Diringer of Tiffin, O., 1-up.

Polly Riley of Fort Worth scored an easy 6 and 5 victory over Bobby Dawson of Piedmont, Calif.

Bea McWane of Birmingham, Ala., upset Betsy Rawls of Austin, 2-up; Betty MacKinnon of Mount Pleasant, won over Virginia Doyle, Winchendon, Mass., 6 and 4.

Other matches went about as expected over the 6,008-yard Palm Beach Golf Club course, where women's par is 35-37—72.

Sudden Death On Rails

The body of a passenger on the wrecked New Jersey coast Pennsylvania commuter train lies pinned under a section of a shattered coach in Woodbridge, N. J. The train, carrying an overflow crowd of homeward bound workers from New York and North Jersey, crashed through a temporary overpass killing at least 83 persons.

2 Schools Hit For Violation Of League Code

AUSTIN, Feb. 8. (AP) — The Interscholastic League yesterday cracked down on two Texas high schools for violating the league's football code.

TIL's executive committee suspended Sudan High School and put Rankin High School on probation. It also ordered an investigation of a fight last month betwen Referee Johny Marrow of Waco and Coach Hal Curry of Waxahachie.

The fight came after a Waco-Waxahachie basketball game in which Morrow officiated. Five hundred fans watched the fight which ended with bloody faces for both men.

Sudan, a member of District 3-B was found guilty on two counts, submitting incorrect information on player eligibility and recruiting gridmen.

An investigating committee reported two out-of-town football players received room and board paid for by Sudan fans. School Superintendent A. Dooley argued Sudan's side of the case.

Rankin, a member of the six-man conference's District 8, went on probation because of verbal abuse of officials by irate fans. The offense occurred during a game in Rankin with Sterling City on Nov. 10.

Jack Williams of Grandalls, one of the officials involved, testified against Rankin. On the other side were Rankin School Superintendent Hamilton Still, Coach Joe B. Scrivner, and Upton County Sheriff H. E. Eckols.

Cleckler Returns To SMU For Spring Term

DALLAS, Feb. 8. (AP)—Ray Cleckler, SMU halfback who dropped out of schools recently with the announced intention of joining the armed forces, returned to school today.

Cleckler said he expects to resume his military training with the Air Forces ROTC unit at SMU.

Midwestern Drops Track And Field

WICHITA FALLS, Feb. 8. (AP)—Midwestern University has dropped track and field from its 1951 sports calendar because of loss of manpower to the armed services.

Midwestern is in the Gulf Coast Conference.

Death And Concentration

The body of a passenger slumps in the wreckage of a Pennsylvania commuter train at Woodbridge, N. J., as two rescue workers in the foreground, their expressions frozen, carry acetylene torch equipment toward the wreckage. At least 83 died and hundreds were hurt.

Mexico Plans Export Control

MEXICO CITY, Feb. 8. (AP)—Mexico is planning export controls on sulphur the department of national economy announced today.

The department said no exports will be permitted until Mexican needs, about 11,500 metric tons a year, are supplied. The first exports will go to countries where the sulphur is used in producing materials for Mexican industry. The department gave as an exampie Cuba which produces rayon for Mexico's tire and textile industries.

Mexico's biggest sulphur producers are the mines in San Luis Potosi state which turn out from 800 to 1,000 tons a month. These mines at present are exporting 2,000 tons a year by contract to Finland, Switzerland, Germany and the United States.

The department said that PEMEX, the government petroleum monopoly shortly will be producing sulphur. This new source will help ease the shortage which has pushed prices up 25 per cent, the department said.

SEE WHAT VICKS VAPORUB IN STEAM DOES
WHEN A COLD STUFFS YOU UP!
DEEP-ACTION RELIEF
from coughing spasms, stuffiness with every single breath!
Here's a special way to relieve the worst miseries of colds with the same Vicks VapoRub that brings such grand results when you rub it on . . . it's Vicks VapoRub in steam!
Every single breath you take carries VapoRub's combination of time-proved medications deep into cold-congested large bronchial tubes to bring you glorious relief!
Then, rub Vicks VapoRub on throat, chest and back. It works for hours to keep up relief!
So easy! . . . So effective!
Just put some VapoRub in a vaporizer or bowl of boiling water (as shown in pkg.). Then breathe in the vapors. Relief comes in a hurry!
World's best-known home remedy to relieve miseries of colds!

Louis Puts On Good Fight But Fails In Attempted Knockout

By JAMES F. FOWLER
(Associated Press Staff)

MIAMI, Fla., Feb. 8.—Joe Louis obviously pleased with his 10-round decision over Cuban Heavyweight Omelio Agramonte, leaves for San Francisco today to fight Andy Walker in what he hopes is the last stepping stone to a title fight.

The 36-year-old Brown Bomber, lacking the punch that earned him the world's championship more than a decade ago, failed to stop the elusive Cuban with a knockout blow last night, but finished 10 active three-minute rounds in good physical condition. Louis weighed 209; Agramonte 187.

His disappointment at not kayoing the Cuban was offset by the fact he was able to turn on full steam in the final round and still feel fresh.

KAYO ATTEMPTS

Agramonte, figured to hit the canvas in four rounds or less, gave the former champion a surprisingly good fight and managed to hang on as Louis pounded him in the fourth and tenth rounds in knockout attempts.

For the first three rounds it was a fairly even match. But in the fourth Louis came out for the kill. He hit the dancing Cuban with rights and lefts and in mid-round the Cuban staggered under a left to the head. When it appeared Louis had his victim, the bell ended the round and Agramonte came out in the fifth to strike back hard.

The sixth and seventh rounds were a tossup. Louis tried again for the knockout in the eighth. Then Agramonte took up retreating tactics, running from Louis and when cornered, throwing his arms about the Bomber until separated by the referee.

'ABOUT READY'

Louis finally intended to kayo the Cuban in the tenth but was hamstrung by Agramonte's clinch methods.

Later in the dressing room Louis observed "It's almost impossible to knock out a man when he is hanging on to you."

Louis insisted he was "just about ready" to meet Champion Ezzard Charles in a title match.

"There's no question I'm in better shape than when I met Charles last. I didn't intend to go 10 rounds. But I'm glad I did. It proved that I'm in pretty good shape."

Louis meets Andy Walker Feb. 23. If all goes well in San Francisco, it is his plan to challenge Charles.

Last night's fight drew 13,440 paid customers in Miami Stadium. The gate was $55,532.29.

Demaret Will Play Mexican Open Match

SAN ANTONIO, Feb. 8. (AP) — The Rio Grande Valley Open at Harlingen next week will be without Jimmie Demaret and E. J. Harrison who were considered fixtures there.

Demaret said last night he and Harrison would play in the Mexican National Open at Mexico City the same time as the Valley Open and that Vic Ghezzi, Lawson Little and Al Besselink, other golfers with him on the winter tour, also would participate in the Mexico tournament.

Demaret, Harrison, Ghezzi and Besselink are playing in the Texas Open here. Little is not, skipping this tournament because of private business.

Demaret said none of the golfers here were committed to play at Harlingen. He said they would fly to Mexico City next Sunday night upon conclusion of the Texas Open.

Reports from Harlingen last week end were that Demaret, Lew Worsham, Lloyd Mangrum and Morris Williams, Jr., were supposed to play at Mexico City but changed their minds when the conflict in dates was pointed out by Valley Open officials. Demaret said, however, that Worsham and Mangrum never had intended to play in the Mexican National Open.

Cancel Boxing Matches

The exhibition boxing matches and junior high school basketball game originally announced for tonight at the high school gymnasium have been cancelled, Mule Kaiser, coach, said.

The sporting events were cancelled when it was learned that they would conflict with "Aunt Silly" a comedy with home talent being shown in the high school auditorium tonight. "Aunt Silly" is being sponsored and produced by American Legion - V.F.W. Club of Snyder.

Tigers Slate Monahans Tilt

Monahans replaces Sweetwater in the 1951 Snyder Tiger football schedule, Coach Speedy Moffett announced today.

The Sweetwater game, originally scheduled to be played in Sweetwater Sept. 14, was cancelled when Sweetwater wanted to change and have the game played here, Moffett said.

Developments indicating that Snyder would be in the same class and district as Sweetwater in 1952 because of the big growth of the Snyder student body caused Sweetwater to request the change, Moffett said.

Moffett would not submit to the change so the game was cancelled.

When the Snyder open date occurred, Monahans offered a variety of attractive choices to Snyder, one of which was accepted.

Monahans offered to have the game played on their field, and give Snyder a guarantee of more money than the total possible gate here would have been, Moffett said. The contract calls for one game.

Snyder Tigers scheduled for this fall now reads:

Sept. 14, Monahans there
Sept. 21, Lakeview there
Sept. 28, Brownfield here
Oct. 5, Andrews here
Oct 12, Levelland here
Oct. 19, Hamlin there
Oct. 25, Stamford there
Nov. 2, Rotan here
Nov. 9, Anson there
Nov. 16, Colorado City here.

Recipes

FRIDAY FARE
Baked Fish Fillets with Tomatoes*
Lettuce and Asparagus Salad Bread and Butter
Baked Apples Beverage
(Recipe for Starred Dish Follows)

BAKED FISH FILLETS WITH TOMATOES

Ingredients: 1 one-pound package quick-frozen ocean perch fillets salt and pepper, 1 one-pound three-ounce can tomatoes, 1 tablespoon butter or margarine, 1 tablespoon flour, 2 tablespoons tomato paste, 1/4 teaspoon sugar, 1/4 teaspoon chili powder.

Method: Thaw fillets, separate and drain well place in baking dish (about 6 by 10 inches measured across top) overlapping small pieces; sprinkle with salt and pepper. Remove tomatoes from can with slotted spoon (to drain well from juice) and arrange over fillets, cutting whole tomatoes in half. Sprinkle tomatoes with salt and pepper. Pour tomato juice remaining in can through fine sieve (to get rid of seeds) into measuring cup; there should be about 1/2 cup. Melt butter or margarine in saucepan: blend in flour. Remove from heat. Add tomato juice gradually, blending until smooth after each addition. Stir in tomato paste, 1/4 teaspoon salt, sugar, and chili powder. Cook over low heat, stirring constantly, until thickened and bubbly. Pour over tomatoes and fillets. Bake in moderate (375F.) oven 20 to 30 minutes, or until fish is cooked through.

Mrs. McKanna, Others, Will Attend Party

Snyder and Scurry County will be well represented at the second annual "Party of the Year" to be held in Mineral Wells Friday night honoring nine outstanding women of the state.

Mrs. Edith McKanna, who is among those chosen to receive recognition at the dinner, plans to leave Snyder today for Fort Worth, where she will attend to business. She will go from there to Mineral Wells Friday morning.

Others planning to leave for Mineral Wells Friday include Mr. and Mrs. Weldon Johnson, Mr. and Mrs. Renal Rosson, Mayor and Mrs. Forest Sears, Mr. and Mrs. L. W Dumas, James Rosser, and C. T. McLaughlin, Mrs. McLaughlin, who has been visiting in Houston, will join her husband there Friday.

Vice-President Alben Barkley is to be the principal speaker for the dinner, with John Ben Shepperd, secretary of state, to serve as toastmaster. Shepperd will be marking the first anniversary of his appointment as secretary of state on that same date.

Shepperd has paid tribute to the women of the Southwest for the work they are doing at home, in business and in government, "We ought to pay honor to those women who have courageously accepted the challenge to be of service," he said, "and express our appreciation for the good they have achieved."

The "Party of the Year" is sponsored by 20 Texas business men. More than 600 persons are expected to attend the dinner which is open to the public.

Prizes Offered In Pinto Bean Recipe Contest

The Daily News announces a pinto bean recipe contest, beginning today and ending Sunday, Feb. 18, when winers will be announced in the newspaper.

This, the second of a series of recipe contests, will be judged by the county home demonstration agent and qualified helpers from the county offices. The entries must have red or pinto beans as a base, and variety of preparing this local favorite is urged by the judges

You may combine beans with meat, other vegetables, seasonings, fruit, or any variety of food products which you would like to pass on the readers.

And, best of all, due to the large response on last week's recipe contests, first prize, now upped, will be $20 in groceries; second prize, a $15 grocery order; and third prize, a $10 grocery order. Three runners- up will be given $1 orders of PINTO BEANS accompanied with chili powder seasoning!

The same grocery stores who liberally rewarded last week's contestants will again participate: Furr's Super Market, D&H Super Market, Beadel's Rainbow Market, D&R Food Store, Scott's Cash Grocery, and B&B Food Market.

Entries must reach the paper office care of Recipe Editor, by Thursday Feb. 13. Early entry will facilitate judging.

Birthday Party For D. E. Thomas' Son

Paul Thomas, son of Mr. and Mrs. D. E. Thomas, 609 Twenty-third Street, was honored with a party on his eighth birthday Monday. Mrs. Sam Floyd and Mrs. W H. Rainwater assisted Mrs. Thomas with the party

Decorations featured a pink and green color scheme. Ice cream and cake were served as refreshments, and games were played during the afternoon.

Guests at the party were Barbara Floyd, Karen Sue Rainwater, Jessie Sneed, Bill Holloway, Damon Holloway, Doris Thomas, Bobbie Heaton, Gail Heaton, Anita Thomas, Gary Floyd and Dean Pewfus.

Snyder Family Back From Carnival Week End in New Orleans

Mr. and Mrs. J. W. Burleson 811 Twenty - ninth Street, accompanied by their son and daughter-in-law Mr. and Mrs. J. W. Burleson, Jr., have returned from a trip to New Orleans, where they attended the festive pre-Lenten celebration of Mardi Gras.

The Burlesons, who were away three days over the week end, report that hotel reservations were available even at the last minute, and that, in general, the big dress parade and other parties formerly accompanying Mardi Gras were greatly subdued this year.

The Snyder party dined one night on French cuisine in the French quarter, and also took a ride down the Mississippi River on the SS President, the largest sight-seeing boat in existence today. "It was a floating night club with a cafeteria, dance floor, and five decks," Mrs. Burleson said.

Mrs. Burleson and her daughter-in-law especially noticed the WAC queen, who with her military escort replaced the usual King Rex and court.

"The queen wore silver lame with sequins, rhinestones, and an elaborate arrangement of magnolia blossoms descending the length of her full skirt to an ermine hem. Both king and queen bore jeweled crowns and scepters".

Hearing in Gail For One of Four Men Held In Pipe Theft Case

H. W. White, 35, of Seagraves, Tex., one of four men charged in the theft of 123 joints of casing was placed under $3,500 bond following a hearing before Judge C. S. Harris at Gail yesterday.

White was bound over to await the action of the district court grand jury, according to Eldon Mahon, district attorney. He is the only one of the four men charged in the theft who demanded a hearing, Mahon said.

The three other men charged with the theft of about $16,000 worth of oil field casing include T. H. Castleberry, 28, of Lovington, N.M., C. C. (Ed) Burge, 38, of Albany, and Gerald Paulsen, 20. Castleberry's bond was placed at $3,500, with Burge placed under $3,000 bond and Paulsen under $1,000 bond The pipe is the property of L. H. Armer of Fort Worth, and was taken from a lease in Borden County.

Sheriff Sid Reeder of Borden County and Texas Rangers J. L. Rogers of Lamesa and Jim Paulk of Abilene made the arrests. They were assisted by George Roby, a special investigator for the Texas Mid-Continent Oil and Gas Asociation.

Entertainers at Club

Members of the Newcomers' Club will be entertained at their luncheon tomorrow at the Longhorn Cafe by music pupils from West Texas Music Studios and Gene's Music Shop.

James Pilant And Bride To Make Home Here

Miss Nedra Swafford of Abilene became the bride of James Pilant Saturday evening in a single ring ceremony read in the home of the Rev. Earl Cresswell, 1601 Avenue T.

Mrs. Pilant is the daughter of Mrs. T. J. R. Swafford of Merkel. Mr. Pilant is the son of Mr. and Mrs. T. O. Pilant of Dallas.

For her wedding, the bride chose a brown and beige tailored gabardine suit with brown and green accessories. She carried a white Bible topped with gardenias. Her maid attendant was Miss Louise Garlick of Snyder, who wore a brown suit with a corsage of gardenias.

Walter Jacobson, Snyder, was best man.

Mrs. Pilant is a graduate of Merkel high school and later attended North Texas State College in Denton. She was employed by Pan-American Production Co. in Abilene at the time of her marriage.

Mr. Pilant was graduated from North Dallas high school and later attended radio schools in Omaha, Neb., and Dallas. He is now chief engineer with station KSNY. The couple will make their home here.

P.-T.A. Meeting At Primary School Is Postponed Five Days

The Southeast Primary School P-T.A. has cancelled its regular meeting which was scheduled for tonight at the school.

According to Mrs. Ovid Lawlis, president of the group, the program will be held at 7:15 next Tuesday night at the school cafeteria.

The program will be in the form of a Founder's Day event, with all fathers of children in the Southeast Primary School especially invited.

Folklore Is Topic At 20th Century Club

Mrs W. J. Ely, 3109 Avenue U, entertained a Valentine meeting of the Twentieth Century Club in her home Tuesday.

The program, on folklore, was directed by Mrs. R. E. Gray, who gave the legend of Mineral Wells. Mrs. Waldo Montgomery talked to the group about folklore connected with Texas-Mexico history, and Mrs. J. E. LeMond discussed some Texas superstitions.

Refreshments were served to one guest, Mrs. Ely's house guest, Mrs. H. Henderson from California, to a new member, Mrs. W. P. Thurmon, and to the following other members: Mrs. D. S. Bodie, Mrs. I. W. Boren, Mrs. H. J. Brice, Mrs. Nelson Dunn, Mrs. Ola B. Leath, Mrs. B. M. West, and Mrs. Joe Strayhorn.

The group meets next time with Mrs Waldo Montgomery, 2903 Avenue T.

Sans Souci Bridge Club Holds Meeting

Mrs. Jack C. Morgan was hostess for a meeting of the Sans Souci Bridge Club at her home, 3109 Avenue V, Tuesday afternoon. Mrs. V. K. Benson was co-hostess.

A Valentine theme was carried out in house decorations. High prize for the afternoon went to Mrs. Terry Holcomb, with second high prize to Mrs. Lonnie Smith and bingo prize to Mrs. H. W Sanders.

A desert plate was served to one guest, Mrs. Roy Wilkinson, and Mrs. H. D. Jones, Mrs. Charles Gay, Mrs. George Leffler, Mrs. Warren Richardson, Mrs Wade Pipkin, Mrs. W. W. Carey, Mrs. Joe Love and Mrs. J. T. Burris

Miss Moore, Jacob Boatenhamer, Married In Hermleigh Church

Miss Frances Iona Moore, daughter of Mr. and Mrs. Herman Shultz of Hermleigh, Sunday afternoon became the bride of Jacob Douglas Boatenhamer, also of Hermleigh.

They were married at the First Baptist Church there in a ceremony performed by the Rev. Bob Creswell, pastor.

Get things set before the guests arrive. Get out flower vases, canape trays, glasses, etc., so you do not have to rush around performing these chores while the guests are present.

Fills Luncheon Menu

Pancakes, thrifty and hearty enough to serve as a noontime meal, can help fill the menu during the Lenten season. They may be combined with a variety of creamed vegetables or fish, or even such fruits as blueberries, apples or bananas.

Here is a receipe for one variation:

BANANA PANCAKES

Ingredients: 2 cups ready-mix for pancakes, 2 cups milk, ½ cup diced banana (1 medium-sized banana).

Method: Add milk to unsifted ready pancake mix all at once and stir lightly. Fold banana. Pour ¼ cup batter for each pancake onto a hot, lightly greased griddle. Bake to a golden brown, turning only once. Serve with extra banana slices, creamed cottage cheese, maple-blended syrup.

PERSONALS

Karen Kownslar, daughter of Mr. and Mrs. E. L. Knowslar of the Sun Oil Camp, is now back in school after being ill with a virus infection.

Mr. and Mrs. J. L. Roddy, 1011 Twenty - seventh Street, had as visitors Tuesday, Mrs. Roddy's sister, Mrs. R. J. Cox, and Mrs. Ella Lewis.

Mrs. H. F. Coker of Sweetwater visited Sunday with her aunt and uncle Mr. and Mrs. C. L. Banks, 1001 Twenty - sixth Street. Mr. and Mrs. Banks returned to Sweetwater with her, where they visited Mrs. Tom Pope and Mrs. Herman Alton.

Harold Grant, superintendent of the Halliburton Oil Well Cementing Co., returned Sunday from San Antonio where he had attended a regional meeting of Halliburton employees. Accompanying Mr Grant to the meeting were Phillip Orr, Russell Morgan, and Jim Vowell, all associated with the firm.

Lomas Allen, a field clerk for Halliburton Oil Well Cementing Co., expects to leave Snyder Friday for Fort Sill, Okla., where he will be inducted into the Army. Mrs. Allen, who is now employed with the telephone company, has no definite plans.

Corky Houston, a senior in high school, and Anita Houston, a sophomore, son and daughter of Mr. and Mrs. Dave Houston, 1611 Twenty-eighth Street, are back in school today after a seige of virus pneumonia at their home.

W. A. Barnett, 2501 Twenty-eighth Street, expects to return home Friday, after several days' spent in Hendrick Memorial Hospital following surgery last week.

J. Ray Martin, 2105 Twenty-sixth Street, is reported to be improved after a seige of virus pneumonia at his home. The lawyer expects to be back in his offices.

Mrs. Al Simpson has returned from Lubbock where she went Tuesday to take her mother, Mrs. Jamie Light, for a medical check up. Mrs. Light, who lives west of town, is in good condition at her home. They stopped over in Slaton to visit briefly with Mrs. Johnnie Beggs in Mercy Hospital, where she is recuperating from pneumonia with complications.

Al Simpson was in Midland on business part of this week.

Women Improve After Motor Car Accident

Mrs. Verna Bebee and Miss Geneva Beeman, both of Colorado City, are reported to be recovering as well as can be expected from injuries sustained in an automobile accident near here last Saturday. Both are still in Snyder Hospital.

A third victim of the accident, John Bebee, also of Colorado City, has been transferred to the veterans hospital in Big Spring. He was the most seriously injured.

Second Guilty Verdict Returned Against Cafe Owner; Fine Increased

A county court jury at noon yesterday returned a verdict of guilty in the case of Leon Camp, 47-year-old owner of McGil's Cafe on the Lamesa highway, charged with illegal possession of whisky.

The jury assessed his punishment at a fine of $500 plus court costs of $28.50.

This was Camp's second trial on the same charge, a jury having convicted him about three weeks ago, but he was granted a new trial upon request after alleging an error in the first trial.

During the first trial, in which he was assessed a fine of $250 and court costs, Edgar Taylor, county judge, asked the defendant if his wife were in the courtroom. The questioning of the defendant was not permissible, the defense attorney, Fred Chandler of Colorado City, contended, since Camp was not under oath and did not intend to testify.

The case was prosecuted by Jack Kennedy, county attorney's assistant. Chandler also represented Camp in this trial. The only witness testifying for the defense was the defendant's wife. Bill Zimmerman, highway patrolman, Homer Whisnand, and L. E. Haynes, deputy sheriffs, testified as state's witnesses that they helped conduct a raid on the cafe, finding eight pints of whisky.

Ask More Production Of Vegetable Growers

WASHINGTON, Feb. 8. (AP)—Commercial vegetable growers had a plea from the government today to increase acreage 22 per cent for processing crops. A four per cent hike in acreage for fresh markets was asked. The Agriculture Department said the defense program demands greater production.

Commandery To Meet

Snyder Commandery, No. 69, will meet for annual visitation Friday night at 7:30 in the Masonic Temple.

H. B. Beard of Corpus Christi, Grand Warden of Grand Commandery of Texas, will be present for inspection. All knights are urged to be present.

World Prayer Service Will Be Observed

Women of Snyder churches will join Friday afternoon at 2 o'clock in the observance of the World Day of Prayer service at the First Methodist Church.

The Methodist Women's Society of Christian Service will be hostesses to the program sponsored by the Snyder United Council of Church Women. The service is planned by the Christian Women's Fellowship of the First Christian Church.

The Prayer Service is a world-wide observance, with ninty - two nations and islands participating through the day.

Christians in the Fiji Islands will be the first to observe the Day of Prayer, begining at sunrise Friday. The observance will continue around the world through the daylight hours, ending with a sunset service on the Tonga Islands.

The program, which will be used in all services, is planed this year by women of the German churches in co-operation with the international World Day of Prayer Committe.

BROADCAST

The Snyder service will be broadcast at 2 o'clock over station KSNY. The opening prayer for the service will be carried over public address systems in the Snyder schools.

Last Performance Of Veterans Play Tonight

A near - capacity crowd turned out last night for the first performance of the American Legion benefit show 'Aunt Silly,' featuring a cast of Snyder residents.

Characters appearing in the three - act comedy, in the order of their appearance, are: Miss Leah Davis as Ruth Harney, the Rev. Ronald Hubbard as Mose Bulrushes, Miss Marilyn Hays as Irene Stacey, Herman Trigg as Mayor Harney, George Killam as Al Bradey, Mrs. Frances Blow as Lotta Loftus, Miss Charlotte Faver as Angelina Loftus, John H. Boren as Sam Sellam, G. Edward Bolger as Percival McCoy, Clarence E. McGaw as Senator Pompous, and Mrs. Ethel Elland as Cecelia Dill.

The second and final performance of the show will be given in the high school auditorium at 8 o'clock tonight. Tickets may be purchased at the door.

Nut meats—pecans, roasted almonds, filberts, or cooked chestnuts—are all delicious added to a bread stuffing for poultry.

No Bids Received On Houston's Request For 6,250 Tons Of Steel

HOUSTON, Feb. 8. (AP)—Not a single bid was received by the city yesterday for the 6,250 tons of steel needed for construction of a reservoir dam.

Bids were asked three weeks ago. Ordinarily the contractor would himself buy the steel but the city decided to do this, thinking it could get steel more easily than a contractor.

Frank Baldwin, public utilities director, and the city legal department began conferences to determine what to do. They indicated they may decide to split the bids into several sections, so that more than one company can share in the order.

Mother of Woman Here Dies in Rotan Hospital

ROTAN, Feb. 7 —Funeral services for Mrs. L. W. Maxwell, 53, a resident of Rotan since last fall, were held today at the McCombs Funeral Home. Mrs. Maxwell died in Calahan Hospital Tuesday night.

Mrs. Maxwell is survived by one daughter, Mrs. Bruce Denney of Snyder; a son, James L. Maxwell of Asbury Park, N.J., a sister and a brother and one grandchild.

When you make Roquefort cheese salad dressing add a dash of Worcestershire sauce if you like for a new flavor.

Colorado City Man Is Reappointed to Board

AUSTIN, Feb. 8 (AP) — Charles C. Thompson, Colorado City, was among those approved by the state senate yesterday as a member of the board of directors of Texas Technological College. Thompson has been a member of the board two terms.

The appointments were made by Gov. Allan Shivers, but did not become effective until approved by the Senate in secret session. Other appointments included that of William L. Kerr of Midland to the board of regents of Texas State Teachers College and Tom Sealy of Midland to the board of regents of the University of Texas.

Faye Emerson Enters New York Hospital

NEW YORK, Feb. 8 (AP)—Television Star Faye Emerson is "resting comfortably" at Flower and Fifth Ave. hospital, a hospital spokesman said today.

Miss Emerson was admitted to the hospital last night. The nature of her illness was not disclosed.

Kiwanis To Sponsor Boy Scout Troop

Sponsoring of Boy Scout Troop No. 35 will be the chief item on the 1951 Kiwanis program, it was announced by H. W. Cargile, vice-president of the Snyder Kiwanis Club, at its luncheon meeting at the Manhattan Hotel yesterday.

This troop, it was pointed out by Cargile, was originally sponsored by the Kiwanians here, but was later dropped.

EXECUTIVE SPEAKS

This action to revive their interest in the troop followed a brief talk by Robert Eastus, Boy Scout executive here, who told the Kiwanians that Boy Scouts over the nation are observing their 40th anniversary.

He said at the time of disbandment of Troop No. 35, there were 30 active Boy Scouts. Two of them were guests roftheclub. eTheywe Terry Roper and Carl Burns. Both of these Scouts had attended the national jamboree at Valley Forge Pa., last year. Moving pictures of the jamboree trip were shown by Terry.

Judge Edgar Taylor, guest speaker, reviewed the work of the Scurry County commissioners' court, pointing out they would always be ready to co-operate with the public in all matters for the betterment of the community.

In urging approval of the $2,500,000 road bond issue at the polls Saturday, he said the entire community will benefit from the road project. He emphasized the advantages of a system of farm to market roads in school transportation.

"When the 157 miles of roads are constructed, it will enable almost all school children of the county to reach their schools on pavement," he said.

BRIDGE IN KENT

He also pointed out that Kent County has agreed to build a bridge over Double Mountain River, connecting Scurry County with Clairemont.

"We want Kent County business and Snyder is the logical trading point for the oil fields that are spreading to the north," Judge Taylor told the Kiwanians.

Joe Love, local theatre man and H. D. Moreland, acting postmaster, were introduced as new members.

Herbert Feather was program chairman.

Sid Gordon of Boston tied a National League record when he hit four homers with the bases loaded during the 1950 season.

Merchants Would Have Us Give More Presents Come Valentine

By SAM DAWSON

(Associated Press Staff)

NEW YORK, Feb. 8. — Love is sweeping the country again. War is always a good heart stimulant and merchants are counting heavily on Mars giving St. Valentine a helping hand to help their cash registers, too.

There's a strong drive under way this year to make Feb. 14 another day for exchanging gifts. What merchants did for mom on Mother's Day, they ought to be able to do for love, they figure.

INTO MONEY

Love and affection may run into many million dollars in sales by next Wednesday. The old tried and true Valentine cards, candy and flowers are still going strong. The greeting cards industry estimates that 300 million Valentines will be exchanged.

But Valentine's Day isn't the simple thing it used to be. Now, one industry or another wants you to call it "Kissue Day" or "Valentie day."

The necktie makers hope that 47 million ties will be bought by adoring females for men they love. In fact men are getting quite a share of the attention. Women are urged to buy them shirts wrapped as Valentines, or cigars, or gloves. And the jewelers have come out with a lover's knot design for men's tie clips, cuff links and collar pins, as well as name-plate bracelets for servicemen or civilians.

The handkerchief crowd has imported a number decorated with an old-fashioned Valentine as the ideal gift for the sniffle set.

As for the ladies, you can buy a slip or nightie trimmed with rhinestones, or a bejeweled bra—and even one made of leopard skin. Ads implore you to remember her with perfume, lipstick, or a paquette of sachet she can tuck in her hair. And one shop thinks antiques make ducky Valentines.

Camp Craft Taught At Girl Scout Meet

Snyder Girl Scout leaders attending the regional meeting in Abilene Tuesday heard Miss Catherine Hammitt, a member of the National Girl Scout Board, give instructions on camp craft training, the use of compasses, knives, and discussions on other types of outdoor training and planning.

Attending from Snyder were Mrs. Gene Best, Mrs. Homer Hurst, Mrs. Richard Brice, Mrs. J. D. Richmond, Mrs. William S. Midkiff, Miss Ila Ruth Newton, Mrs. Jerry McDaniel, Mrs. W. D. Sims, Mrs. Floyd Boston, Mrs. Clyde Godwin, Mrs. Aybry Anding, Mrs. W. T. Ivy and Mrs. Sam Wood.

All girl scout sections were represented from Snyder—the Brownies, the intermediates, and the senior girls.

Condition Is Critical

John D. Dunlap, 1005 Twenty-fourth Street, is still unconscious at Snyder Hospital as a result of injuries suffered in an automobile accident Monday afternoon. Dunlap was driving alone at the time of the accident on the Roby highway. He suffered head and internal injuries and his condition is considered critical.

Fire Destroys Plane

WICHITA FALLS, Feb. 8. (AP)—A grass fire started by back-fire from an airplane destroyed a twin-engine aircraft at Kell Field Municipal Airport yesterday.

Judge Here Tomorrow

Judge A. S. Mauzey of the 32nd District Court is scheduled to hold a short session in Snyder tomorrow according to Mrs. Eunice Weathersbee, district clerk.

Permian Basin Oil News

Deep Wildcat Staked North of Brownfield

V. A. Brill of Houston has made location for an 11,000-foot wildcat in North - Central Terry County three and one-half miles north of Brownfield.

The contract depth is calculated to take the prospector into the Pennsylvanian. Drillsite is 80 feet from north and east lines of section 106, block 34, D&E survey.

It will be drilled as the No. 1 G. B. Sloss.

The location is on a farmout from Gulf Oil Corp., which assigned to Brill the north quarter of section 106 for the drilling of the wildcat. Gulf also is contributing $64,000 dry hole money.

Location is two miles west and slightly south of Gulf's No. 1 T. L. Lowe, prospector drilling in section 81, block T, D&T survey. It is progressing below 1,011 feet in red beds.

It is also eight miles west of the Mound Lake - Pennsylvanian field and the same distance north of the South, Brownfield - Canyon field.

Amerada Petroleum Corp. No. 6 Carlinville National Bank is to be a new exploration to the Ellenburger on the south side of the Yarbrough & Allen field in Southwest Ector County.

The location is 660 feet from south and 1,980 feet from west lines of section 18, block 46, G&M survey. That makes it seven miles southwest of Judkins and puts the site almost on the north line of Crane County.

Drilling to 11,000 feet—or a test of the Ellenburger at a lesser depth is to start immediately.

* * *

Extension Assured By Gulf In Midland

A one - location east extention to the proven limits for production from the Pennsylvanian lime in the Sweetie Peck multipay field of Southwest Midland County has been assured at Gulf Oil Corp. No 1-P Peck.

This development, located 660 feet from north and 1,980 feet from east lines of section 21, block 41, T&P survey, T-4-S, flowed 399 barrels of clean oil in 24 hours through a one - quarter inch tubing choke.

Gas - oil ratio was 836 - 1. There was no water reported with the oil. Operator is continuing to flow the well to clean it thoroughly and then complete.

This project is producing from the sections at 10,388-424 feet and at 10,436-468 feet, in the 5½-inch liner which is set from 9,137 feet to 10,599 feet.

The perforated intervals had been treated with 1,000 gallons of acid.

This exploration drilled to a bottom of 14,219 feet in the Ellenburger. That formation made only salt water. The project then plugged back to 10,600 feet and set the liner.

Cement in that pipe was drilled out to 10,500 feet before the perforating.

This new producer is 30 miles southwest of the city of Midland.

Damage Suit Filed By Hockley County Man

Leslie D. Long, 45, of Hockley County, filed a $35,000 damage suit against Wilbur Robbins of Scurry County in the 32nd District Court today.

In his petition, Long alleges he was permanently injured when a large truck owned by Robbins, collided Oct. 9 with a car in which he was a passenger.

Long states that the accident occurred 15 miles southwest of Snyder, when the car and truck collided on a bridge. He alleges he sustained severe injuries to his back, right ankle and knee through the negligence of the driver of the truck owned by Robbins.

J. B. Cotton and the law firm of Scarborough, Yates, Scarborough and Black, filed the law suit for Long.

Autopsy Performed In Slaton on Snyder Man

An autopsy was performed on the body of Jake Hill, 53, Negro, at Slaton, Tex., yesterday by Lubbock County authorities, in an effort to determine the cause of his death, which occurred in Snyder Oct. 1.

The autopsy tests were requested by W. C. Davidson, justice of the peace, after relatives appeared before Jack Kennedy, assistant county attorney, and told of suspected foul play.

Hill was dead on arrival at the hospital, and his remains taken to Slaton for interment.

"The cause of death at the time was listed as undetermined," Kennedy said.

Indicate Producer In Central Coke County

Union Oil Co. of California No. 4 Jim McCutchen, 1,320-foot west offset to Union No. 3 McCutchen recently completed Cisco sand producer in the McCutchen field of Central Coke County, indicated as a producer on a drillstem test from 3,943-85 feet in Cisco sand.

The tester was open for one hour and 26 minutes. Gas showed at the surface in nine minutes and oil in 66 minutes. It flowed oil for 20 minutes at an estimated rate of between 30 and 35 barrels per hour.

The flow was gauged through a five - eighths - inch bottomhole choke and a one - inch top opening. Fluid remaining in the pipe was circulated out.

Operator was to cement five and one-half inch casing on bottom and perforate and attempt to complete the No. 4 McCutchen.

Location is at the center of the northwest quarter of the southwest quarter of section 444, block 1-A, H&TC survey and two and three quarter miles east of Robert Lee.

* * *

Stepout Spotted To Well In Midland

El Tee Oil Co. No. 1-23 Floyd Estate is to be drilled as a one-half mile southwest stepout to production on the south side of the Tex-Harvey field of Central - East Midland County and Central - West Glasscock County.

Drillsite has been set 746.4 feet from west and 667.7 feet from south lines of the northwest quarter of the southeast quarter of section 23 block 37, T-3-S, T&P survey.

That puts it 17 miles southeast of the City of Midland. Operations to a possible bottom of 8,500 feet will start immediately.

* * *

Hockley Location

Six miles west of Anton and in Northeast Hockley County, Humble Oil & Refining Co. has spotted location for its No. 2 J. J. Hobgood, which is to be drilled as a one-location east stepout to the discovery of the Anton, West field.

Drillsite is 660 feet from south and east lines of labor 10, league 693, State Capitol land survey.

The exploration will be drilled to a possible bottom of 6,800 feet to test the Clear Fork pay found in the No. 1 Hobgood, the discovery.

Urges Sending Troops Abroad On Ratio Basis

WASHINGTON, Feb. 8. (AP) —Sen. H. Alexander Smith (R-NJ) said today a "reasonable ratio" of U. S. ground troops should be sent to western Europe without congressional limit on the numbers.

"It is too soon to specify the exact numbers or proportion of the American troops taking part," he said, "but our contribution in troops should taper off as the mobilization effort of the European countries gather momentum. It must remain at all times within the limits of our national resources."

In a speech prepared for Senate delivery, Smith said, however, it is essential that Congress be given an opportunity to approve any policy committing American troops to a European army.

The Senate Foreign Relations and Armed Services Committees now are jointly considering a resolution which would bar the dispatch of any U. S. ground troops to western Europe under the North Atlantic treaty until Congress determines policy. It was introduced by Senate Republican Leader Wherry of Nebraska.

Closed hearings on the troops-for-Europe resolution probably will be resumed by the committees next week. No definite date has been set. Thus far they have heard only one witness, Gen. Dwight D. Eisenhower, supreme commander of the western European defense forces.

Eisenhower called last Thursday for a flexible program under which troops could be shipped to Europe under the North Atlantic Treaty. He opposed both a flat ceiling on the numbers, and any mathematical ratio restriction.

The greatest depth of the Caribbean Sea is 23,748 feet.

Testimony In Liquor Case

Testimony ended shortly before noon today in the county court case of Charles Maynard Wyatt, 22, of Sweetwater, being tried on a charge of illegal transportation of liquor for purpose of sale in a dry area.

Wyatt was charged with the offense only on the basis of his own testimony when he was a defense witness for L. C. (Tom) Moore, 37, of The Park Realty Co. here, who was tried Jan. 15 and found guilty of possessing 15 pints of whisky for purpose of sale here.

In the county court trial of Moore, Wyatt testified under oath that he (Wyatt) purchased the liquor in San Angelo and brought it to Snyder in his automobile. He testified further that he had no intention of offering it for sale.

The liquor was found in a compartment of a coffee table at Moore's residence last fall. Moore was convicted by jury and assessed a fine of $750 plus court costs of $28.50.

Wyatt is represented in this trial by E. G. Pharr, of Lubbock, former assistant district attorney there. Prosecuting the case are Ben Thorpe, county attorney, and Jack Kennedy, his assistant. The trial was recessed at noon for the writing of a jury charge.

Road Project Includes Railroad Crossings

All roads included in the 157-mile paving project of Saturday's bond election will include either underpasses, overpasses, or grade crossings aat intersections with railways.

This will also be true of the road extending east and west for three and one - half miles parallel to and situated one mile north of the north city limit of Snyder. This road crosses U. S. Highway 84 about a mile and two - tenths northwest of the north city limit and will also intersect and cross the Santa Fe Railway which parallels the highway on the east.

It also crosses the old Post highway (which will not be paved in the project) at a point near the northwest edge of the Bootheland West addition.

STOCK MARKET

NEW YORK, Feb. 8. (AP) — Quiet and mixed — that's the best description of today's stock market action.

Few issues moved more than a matter of cents away from the previous close. There was little if any immediate pressure from corporate or general news developments.

Wide Range in Bids Submitted on School Additions At Ira

A price range of almost $23,000 was presented by biders for the construction of additional facilities at the Ira school. Contract for the work was given by the school board to the Keenan Construction Co. of Monahans Monday night.

The Keenan company submitted the low bid of $44,777.61. The highest bid submitted was $67,789.71, made by Ben Gray Cobb of Snyder. The third bid of $52,765.50 was submitted by A. L. Martin, also of Snyder.

Plans and specifications for the building were drawn up by J. B. Davis of Snyder.

THE SNYDER DAILY NEWS

VOL. 1—No. 232 SNYDER, TEXAS, THURSDAY, FEBRUARY 8, 1951 SECTION TWO

Locations Reach All-Time High As 146 Tests For Oil Staked

The all-time high for oil tests in West Texas was established during the week Jan. 21 to 27, when 146 tests for oil, inciuding 18 wildcats, were staked in 29 West Texas Counties.

The previous high for oil tests in West Texas was reported May 26, 1950 when 141 tests for oil, including 13 wildcats, were staked in 21 counties.

Totals for the first four weeks in 1951 became 397 in proven areas and 69 for wildcats, a grand total of 448. This is a weekly average of 112, up from 100.6 through the third week.

Runnels County led in wildcats with four, Borden, Bailey, Coke, Crane, Crockett, Dawson, Glasscock, Irion Kent Lubbock Lynn Midland Reagan, and Tom Green added one each.

Yoakum County was first in field starters with 29, Scurry gained 14, Ector 12, Runnels nine, Pecos eight, Garza and Midland seven each, Borden and Crockett six each, Cochran five, Andrews and Gaines four each, Crane three, Coke, Glasscock, Howard, Kent, and Winkler two each, Hockley, Loving, Sutton, and Terry one each.

Texas History Written in Brands

CC

By JOHN M. HENDRIX

The story of Hank Creswell and the "Bar CC", as well as several other brands, is another story of an Englishman's venture into West Texas cattle. Creswell was born at Fairfield House, Lancashire, England, in 1830; at the age of 16 he left his English home and came to Canada. After several years of adventure and prospecting in the West he became a part of the Creswell Land and Cattle Company and selected as his headquarters a small creek north of the Canadian River known as Home Creek.

The Bar CC herd grew by natural increase and the purchase of thousands of cattle. These grazed over a wide area until they roamed from the Canadian to the north boundary of the state, over fully 1,250,000 acres. Creswell soon became a regular fellow among the cowmen of the area and made friends with them readily. He disposed of the ranch and holdings to the Prairie Company for $1,500,000 in 1885.

In the late '80s he entered into a partnership with Tony Day, pronounced by all cattlemen as one of the best. For fifteen years the two men were partners in business, Creswell staying with the Texas ranch and Day managing a ranching venture in Canada which drew upon the Texas ranch for its cattle. These were received in Texas and shipped to Canada by Ed Brainard.

With the coming of the railroads so great was their importation of cattle into Canada that four railways were induced to co-operate in moving them. One notable shipment was 7,000 head of 7D cattle from near Dalhart, Texas, which was shipped to Swift Current on the Canadian border.

Creswell died in 1904. There have been many stories current as to the cause of his death, the principal one being that a wagon cook, up during the night to mend the fires around his boiling bean pot, mistook Creswell's foot which was out from under the cover for a skunk. The camp having been bothered with skunks for some time, the cook dealt a mighty blow with his pothook upon Creswell's extended instep with the result that blood poisoning was caused, followed a short time later by Creswell's death.

Among early cowmen he was rated "a good feller" and an Englishman that would go all the way with his partner and associates.

Today You Can Start to RELIEVE THE CAUSE of YOUR SICKNESS

Aches, Pains, Gas, Heartburn, Indigestion, due to a lack of Vitamins B_1, B_2, Iron and Niacin

Why be a burden to yourself, your family, your friends, because of deficiency distresses that are stealing your energy, robbing you of vitality, making you miserable. Thousands of folks now know that today's great HADACOL provides, not mere symptomatic relief, but real relief for the very cause of distress due to a lack of Vitamins B_1, B_2, Iron and Niacin.

Ray C. Watson, 4428 Cassie Road, Midland, Michigan: "Well, here's my thought for HADACOL. It's really wonderful. Before I started to take HADACOL, I was always tired. I ached all the time. I'm an operator at a chemical company and my job requires a lot of climbing stairs. At the end of my shift, I was all in, ready to drop. But since I've taken HADACOL, I feel fine. I've taken 5 bottles of HADACOL. So I really can thank HADACOL and will continue to take it as I need it."

HADACOL supplies deficient systems with more than the average daily requirement of Vitamins B_1, B_2, Iron and Niacin plus helpful quantities of Phosphorus and Calcium. HADACOL builds up the hemoglobin content of your blood (when Iron is needed) to send these precious Vitamins and Minerals coursing throughout your body to every body organ. Many doctors recommend HADACOL. Only HADACOL gives you that **Wonderful Hadacol Feeling.** Trial size, $1.25; large family or hospital size, $3.50.

Bley, Mrs. Buck Weston, Mrs. A. L. Odom, Mrs. Panch McDonald, Mrs. Jessie Sims, Mrs. J. R. Jones, Mrs. Tennie J. Creek, Mrs. C. J. Harris, Mrs. Raymond Griffin, Mrs. Wilma Gleghorn, Mrs. Jack Hunnicutt, and Miss Patsy Holder.

SMU's New Perkins School Of Theology Will Be Dedicated

DALLAS, Feb. 8. (AP) — Dedication ceremonies were to be held today for Southern Methodist University's new $3,500,000 Perkins School of Thelogy.

Mr. and Mrs. Joe J. Perkins of Wichita Falls will be honored at a luncheon. They made the new school possible by their donation of several million dollars.

Out-Of-State Entries Winners At Houston

HOUSTON, Feb. 8. (AP)—Top honors at the Houston Fat Stock Show went to out-of-state entries.

Greenhill Larry 6th, shown by Greenhill Hereford Farm of Tulsa, Okla., yesterday won the Hereford bull championship. The Angus bull champion was Prince Oldfield of Ferndale, shown by West Woodland Farms of Creston, Ill.

New Cars Are Getting Scarce

DETROIT, Feb. 8. (AP)—Many thousands of new car orders currently on file will not be filled for from six to eight weeks.

Would-be buyers are learning this as they seek new cars before the normal amount of bright trim and ornamentation disappears—or before new taxes increase retail prices.

Of course, production will be cut back. At present output is running slightly higher than it did at the same period a year ago. The spurt in truck output is helping keep the overall volume up. But very few industry sources expect the present levels to be maintained much beyond the end of next month.

It wasn't wholly unexpected that car and truck production should continue at high levels during this year's first few weeks. The materials needed were on order as much as three and four months ago. That brought restrictions on civilian use of essential materials.

The car makers know still further orders are coming to cut down on the materials available for civilian production. They are pretty sure also that the production they are able to achieve after mid-1951 isn't likely to be enough to match demand.

This doesn't mean a serious blow to the nation's motor transport system. It does mean many thousands of persons who want new cars later this year may have to wait months instead of weeks for delivery.

Texas City Will Get Sewage Disposal Unit

TEXAS CITY, Feb. 8. (AP)— The city commissioners yesterday voted, 3-2, to locate a sewage disposal plant in the southeast section of the city.

They acted under an ultimatum from the state attorney general, to show "affirmative action" on a plant to help alleviate the polluted condition of Galveston Bay.

Orange Wants Housing

WASHINGTON, Feb. 8. (AP) — Orange, Tex. leaders pressed a request yesterday for 200 more family dwelling units as a low rent housing project. They talked to Rep. Combs and Sen. Johnson, Texas Democrats. The group included Mayor Joe Runnels, Jr., H. B. Whitehead, Dexter Shelley and Elwin Fitch.
