

THE JUNCTION EAGLE

Volume 47

Junction, Kimble County, Texas, Thursday, January 22, 1931

Number 41

1930 Fire Loss In Junction Is Less Than \$500.

Department Answers 11 Calls And Reduces Losses to Minimum

Fire losses in Junction during the year 1930 were less than five hundred dollars according to Recorder Charles Barnes. Eleven alarms were answered by the department and an enviable record made by the boys. Chief John Hankins says that he is proud of the good services rendered by the department, and the boys feel they have the best chief in Texas.

The following is the report of fires during 1930 as recorded by Mr. Barnes:

- Jan. 3: Fire at H. G. Hubert residence.
 - Jan. 23: Fire at two story frame building owned by Llano River Irrigation & Milling Co. occupied by E. M. Burt.
 - March 27: Alarm at home of Joe Bissett.
 - April 8: Landmark at school house.
 - April 9: Wood pile at house of Leo Goben.
 - April 27: Fire at Mrs. J. M. Burt's barn.
 - April 30: Alarm at court-house.
 - July 3: Fire at Moegelin's house.
 - July 9: Fire at Stephenson's Tourist Camp.
 - Nov. 20: False alarm.
 - Dec. 18: Trash fire at McWright's Tourist Camp.
- The above record is gratifying to the people who are paying the insurance premiums. In addition to the regular premiums property owners have paid an additional \$10,786 on account of Junction's bad fire record in 1927. This 15 per cent bad fire record will likely be removed soon and property owners will save this extra expense. By meeting certain requirements made by the state other reductions will come from time to time.

Baby Beeves Are Assuming Form For Show Feb. 28

Seventeen 4-H Club Calves Will Be Displayed Here By Members

According to the county agent the 17 club calves on feed since September 1 have entered the last feeding period with nothing other than the grand Finale February 28 in mind.

Lazily stretching their huge calf frames consuming 12 lbs. of concentrated feed per day, averaging better than a gain of 2.5 pounds daily, these 17 March, April and May calves are now averaging nearly 800 pounds.

The proud boys and girls are leaving nothing undone. De-bussing, hoof trimming, shearing of heads and tails, washing and curling, all in order that they might present to their audience a Fifth Avenue Review of the Cattle Kingdom.

A fine registered Hereford heifer has been donated by Mr. Gordon Stewart as first prize for the most finished calf. The Chamber of Commerce is sponsoring the boys and girls of the county in this fine work and its members and directors will aid in making the show a success.

Beginning last Saturday the City Bakery is baking in one loaf of bread each day a one dollar coupon which will be redeemed for one dollar when it is brought to the bakery. Dr. J. Holt Smith was the first to get a dollar on coupon No. 3 Mrs. George Cavanaugh cashed No. 4 this morning. These are the only coupons brought in to date. One coupon goes out each day.

Pay Taxes Now

Only a few more days remain to pay taxes, including property, poll and automobile. If the tax-payer will take his last year's automobile receipt to the collector's office it will save much time and may help to avoid errors. The lights must be tested at an authorized station before the new numbers can be issued. Penalties are imposed on property taxes after January 31 and on autos after February 1. Pay taxes now.

W. W. Wood Dies Near Junction Sunday Morning

Another Pioneer Citizen Is Buried at Bear Creek Monday

Another pioneer citizen answered the final summons when W. W. Wood died at his home a few miles north of Junction Sunday after a brief illness. He has not been well for many months but became seriously ill only a few days before his death. The remains were interred in the Bear Creek Cemetery with Rev. G. W. Crofoot officiating. He was a member of the Church of Christ and in the absence of his pastor the services were conducted by Mr. Crofoot.

W. W. Wood was born near Little Rock, Arkansas, January 27, 1850 and would have been 80 years old in a few days. He moved with his family to Hood County, Texas in 1853 and after a residence of two years there moved to Jack County.

In 1879 while living in Jack County, he was married to Miss Louella Ferguson and to this union were born ten children—six boys and four girls. The wife and nine children survive, one daughter, Mrs. Eva Mills, wife of D. S. Mills having died several years ago. The surviving children are Andrew, Sam, W. W. ("Cap"), Alex, J. A., Mrs. John Mills, Mrs. S. A. Stewart, and Mrs. Noah Thorpe. All live in or near Junction except Mrs. Mills who lives in Arizona and Sam, who lives at Ivan, Texas. He is also survived by several grandchildren and great grandchildren.

Mr. Wood moved to Kimble County in 1882 and has been a citizen of Kimble County ever since that time until his death on January 18, 1931.

Junction Rotary Club Has 100% Standing Since November 1st

With Roy Borden as president the Junction Rotary Club is making an excellent attendance record. Beginning with November 1, 1930, every meeting has been one hundred per cent in attendance. In November both Junction and Hebronville were one hundred per cent and in December Junction and Dayton were the only two clubs making one hundred per cent. The local club is maintaining this record during the month of January.

Roy Borden is making one hundred per cent as president. He is giving the club a great deal of time and thought. He is a real president and the club is co-operating with him in staying at the top in both percentage and service. Junction is in the 47th district and Walter Walthall is district governor.

Mr. and Mrs. J. A. Heyman and Norman Didenon of Monroeville, Ohio and Edward Heyman of Detroit, Michigan, left Wednesday for a visit in Carizo Springs.

Messrs. Emil A. Loeffler and Walter Tinsley left Wednesday for a business trip to Houston.

Mrs. L. S. Hoggett Dies Suddenly In San Antonio

Undergoes Operation But Dies Before Removal From Table

Friends of Mrs. L. S. Hoggett were grieved to learn of her sudden death in San Antonio Monday morning. She has not been well for many months but no one thought that the end was so near. She underwent an operation and seemingly stood the ordeal fine, but when she was moved preparatory to returning her to her room following the operation she died suddenly. The body was brought back from Junction and funeral services held at the Baptist Church at 2 o'clock Wednesday afternoon, the Rev. G. W. Crabb, pastor of the Baptist Church, officiating.

Mrs. Terissa Rachel Hoggett was born January 29, 1870, in Gonzales County where she grew to womanhood and on November 7, 1888 was married to L. S. Hoggett. In 1902 the young couple moved to Kimble County and engaged in the ranching business. Nine children were born to them, all of whom reached the age of maturity. One son, Elmo Graham, was discharged from the army on his 21st birthday which was in October following the armistice. He died the following February and his father died July 25, 1926.

The mother is survived by the following children: Mansfield of Mertzon, Marlin and Jack of Animas, New Mexico; Roy, who is temporarily in Arizona; Mrs. W. L. Davis of Sonora, and Mrs. Jack Turner, Ruth Lee and Pierce of Junction.

These relatives and many of her friends regret her untimely death. Early in life she united with the Baptist Church and remained a consistent member until her death. She took an interest in the affairs of the community and three of her sons served the duration of the war, one of them staying in France eleven months.

Parent-Teachers Will Meet Monday 3:30

Monday, January 26, at 3:30 o'clock is the time for the next regular meeting of Junction Parent-Teacher's Association. Mr. G. W. Crofoot will conduct the devotional service.

"Thrift and Poverty are Strangers" is the subject for the afternoon. Mr. C. T. Holckamp will discuss the subject of the "School Thrift Banking System" and Mrs. E. R. Borden will tell about "Thrift Habits in the Home." Miss Austin Durst will lead the community singing.

Mr. and Mrs. R. H. Spiller and daughter, Miss Flora Mae, attended the inauguration of Governor Ross Sterling in Austin Tuesday.

A. A. G. B. A. Holds 31st Annual Meeting In Rocksprings Tuesday

N. H. Skaggs represented Junction at the 31st annual meeting of the American Angora Goat Breeders Association in Rocksprings Tuesday. Reports of Claudine Bourland, secretary, showed the organization has \$6,447 in the bank, registered last year 5,800 goats, and transferred 1,578 while 23 new members were added.

Fifty-five persons were the guests of the directors and officers of the First National Bank at the Balentine Hotel at noon where J. W. Hutt talked on the advertising campaign.

The members of the board of directors are: Fred Earwood, J. A. Ward, B. M. Halbert, Sam

Thousands See Inauguration Of Ross Sterling

Colorful Crowd Witnesses New Governor Take Oath of Office

Using a Bible that had been employed for 60 years in inaugural services, Judge C. M. Cureton, chief justice of the Supreme Court of Texas, administered the oath of office to Governor Ross Sterling of Houston and Lieutenant-Governor Edgar E. Witt of Waco on an improvised platform south of the capitol building at Noon Tuesday, January 20.

After Ross Sterling had delivered his inaugural address the Bands played "The Eyes of Texas are Upon You" and "Texas, My Texas." Governor Ross Sterling was introduced by Dan Moody the retiring governor. Cattlemen, farmers, business men, laborers and all classes were present by the thousands to witness the inauguration of the business man as Governor of Texas.

Governor Sterling in his inaugural address characterized agriculture as the "back bone" of civilization and said that Texas, through development of agriculture and other natural resources, should first start building Texas.

He hammered home a message on farm relief. He said it could be best attained by relieving Texas farmers of their terrible tax burdens.

"Live at Home" was a keynote in his message on farm relief.

Governor Sterling said farm relief by legislation seemed a difficult undertaking.

In his live at home plan he said the farmer should be encouraged to raise his own feed and food. His children should be given the best educational advantages. Harmony in the home, on the farm, as he emphasized harmony in state affairs, so that farmers and farmers' families would be content to live on and love the farm, was another high light of his speech.

Brady Quintet Downs Junction High Eagles

Last Saturday night the Junction High School Basketball team received a 31 to 26 defeat from the Brady team at the Brady gymnasium, in a game that was carried on for three extra periods to decide the winner.

Handicapped by having only one full week of practice, the Eagles made a good showing against the Brady quintet.

The line-up for Junction was: L. Dunbar and James, forwards; Witt, center; and Jeter and King, guards.

Dunbar was high point man for Junction, scoring 12 points. James scored nine; Witt, four; and King trailed with two.

Marvin Skaggs was a San Antonio visitor Tuesday.

Garden And Flowers

Uppermost in the minds of those who are interested in raising flowers and gardens in Junction is whether the people who go to the expense, will get the benefit or will a few stray chickens destroy their efforts. No one should attempt to raise chickens in town unless they have a fence that will keep them enclosed. One hen can do several dollars worth of damage in a few minutes in the neighbor's garden of flower beds.

Sweaters Given 19 Football Men On 1930 Team

Johnson, King and Schneider End Local Football Career

Following the close of the second successive Class B championship football team, Coach Earl Bowers awarded sweaters to nineteen players last Friday.

It is seldom that a team wins two successive district championships, but Junction did this and will likely repeat as they lose only three or four players next season. More than 30 boys were out each afternoon last season and they are expected to have championship material this fall.

Captain Lawson Johnson received a sweater with four stripes and will not be with the team next season as a player. Gordon King and Raymon Schneider will graduate this season. It is now believed that all the other letter men will be back next fall.

The following received letters last Friday:

Lawson Johnson, Harry Witt, Wilbur Jeter, Leonard Dunbar, J. B. Dunbar, Sherman Hendricks, Art Taylor, Gordon King, T. M. Tomberlin, Pat Bierschwald, Raymon Schneider, Raymond (Backshot) James, Virgil Jordan, Arthur Stockton, Harrell Ramsey, James McInnis, Gerald Ragland, Aubrey Winkel and Blake Chenault.

Presiding Elder Will Preach Here Sunday

Rev. Sloan L. Batchelor, presiding elder of the San Angelo District, will preach at the Methodist Church on Sunday evening at 7:15.

Brother Batchelor has many friends in Junction who will look forward to his coming and welcome him in his first official visit as presiding elder.

Junction was Brother Batchelor's first pastorate and many of the people here feel that they were instrumental in helping him to make a good start. He established a splendid record while serving as pastor and many people of this community hold him in high esteem.

Following the preaching service he will hold the first Quarterly Conference. All Methodists are urged to do their best in helping the stewards and pastor get ready for this conference. Rev. Bolton Boone asks that all make Sunday a big and eventful day at the Methodist Church.

LITTLE THEATRE

Mrs. Conde Hardeman, director of the Little Theatre, announces three one-act plays will be presented in the near future. Definite dates will be announced soon.

The following is a partial list of those taking part in these plays:

Mrs. L. E. Standifer, Mary Ellis Blackburn, Walter Buck, Earl Tracy, Kaleta Taylor, Luther Hill, Cristell Reid, Cloma Murrah and Pairee Linn.

Plans Complete For Motorcade On February 3

People Are Invited To Join With County Agent On Novel Inspection Tour

February 3 has been definitely established as a "Get Acquainted Day" for Kimble County. Through the efforts of County Agent R. E. Homann working in cooperation with District Agent R. W. Persons and Beef Cattle Specialist A. L. Smith of College Station, Texas, a motorcade has been planned.

The purpose of the tour is to awake Kimble County citizens to what their neighbors are doing toward advancing practical and scientific agriculture. Leaving the court house at 8:30 a. m. the motorcade will wind its way through the country seeing terracing demonstrations, poultry demonstrations and beef cattle feeding demonstrations. The last gathering will be made at the Walton Kothmann ranch at which time beef cattle feeding as a market for home grown feeds will be discussed by Mr. Smith. Mr. Persons will discuss briefly the value of grain sorghums, especially hegeri in the West Texas area.

Every one is cordially invited to attend, see the boys and farm demonstrators as they pave the way for the greatest year in the agricultural history of Kimble County.

Plant Useful And Oranmental Trees And Vines

January and February Season To Put Out Trees And Plants

It is now time of the year when trees should be planted. Many trees thrive in this section and everybody should plant one or more. Pecan trees thrive and are also valuable. Several varieties of fruit trees do well, and in the eastern part of the county almost all kinds of fruit trees grow rapidly.

A survey of the soil should be made and some trees adapted to Kimble County planted. The freeze in 1930 killed many of the ornamental trees in Junction. That was one of the coldest spells ever recorded and it may never be that cold again.

Many Evergreens flourish in this section and to the serviceable and ornamental trees there should be added evergreens to give life and beauty during the winter months.

County Agent R. E. Homann and Mr. M. B. Bethel, Vocational Agriculture teacher will be glad to advise with those interested in useful or ornamental shrubbery. This section does not notice the diminishing forests as other sections, but planting should begin before it is too late.

Plant useful and ornamental trees and evergreens now.

WEATHER REPORT

Showers of rain fell at the beginning of the New Year and on January 9 another slow shower of .47 of an inch fell which was followed by 1.6 on January 16. Ranchmen say that their sheep and goats are doing as well and in some cases better than last summer when it was so dry. The range is so short that it is necessary to feed cattle. Small grain is fine and every body is optimistic.

Mrs. Flora Hardin had as her guests last week Mr. and Mrs. Raymond Merritt and children and Mr. Alvin Hardin of Batesville. They report an abundance of fresh vegetables at the present time. Fresh corn was obtained from the fields until December 18.

NINETEEN FOOTBALL MEN WIN LETTERS AND GET SWEATERS

Last Friday afternoon nineteen men of the Eagle squad received sweaters. Only one man received a 4-letter sweater. He is Captain Lawson Johnson, who has played with the squad twice when they were district champions. He was also picked for the all-district team. Captain Johnson got an honorable mention for the backfield men in all Class B teams in Texas. He is an accurate passer and will be missed next year.

Leonard Dunbar and Wilbur Jeter are both three letter men. Leonard played end, and Jeter was the powerful center.

Sherman Hendricks, Harry Witt, Arl Taylor, and Gordon King are all two letter men. Hendricks is a big tackle. He is a good man and will be with the Eagles again next year.

Witt is the 190 pound quarterback that the Eagles boast of. He came here from Houston and will play one more year with the Eagles. Witt was elected the most valuable man on the squad by the players. Taylor is a guard who has been with the Eagles three years. King has played his last game with the Eagles, and the team is sorry to lose him.

T. M. Tomberlin, Raymon Schneider, Pat Bierschwale, J. B. Dunbar, Raymon James, Virgil Jordan, Arthur Stockton, Harrell Ramsey, James McInnis, Gerald Rayland, Aubrey Winkel and Blake Chenault are all one year letter men. The Eagles are fortunate in losing only four men this year. They are going to try to win the Regional Championship next year.

WE WONDER WHY?

Leola whispers so much? Juanita went to Brady Saturday.

Tommy did not wear her watch to school last week. Joe stayed in San Antonio so long.

Monday was a blue Monday for Maxine.

Vernelle: "How are you getting along with the typewriter?" Leonard: "Fine! I can make 20 mistakes a minute now."

EVIL EFFECTS OF ALCOHOL

(By Marie Sheppard)
The use of alcohol causes acute alcoholism. This affects the sight and hearing and causes dizziness. A person having acute alcoholism does not have good judgment and sinks into a heavy coma.

The brain is an important organ which alcohol affects. It acts upon the cerebellum. This is why one who has been drinking in control; as the cerebellum controls and regulates the movements of the body. Alcohol affects the other parts of the brain also. The mind is less accurate, and the intellectual powers are weakened. The judgment is dulled and speech is thick.

Alcohol has a bad effect on the kidneys and liver, especially upon the latter. The alcohol goes through the liver several times before it is excreted with the waste materials of the body. Therefore the liver has more work to do when alcohol is taken into the body. The alcohol may stay in the liver and kidneys.

The hereditary effects of alcoholic mania. In this condition a person may be in extreme excitement, fury, or mirth. One may be very harmful when he has alcoholic mania. Most of the crimes which are committed by intoxicated people are committed while the person is in this condition.

Insanity is caused by the use of alcohol. Nearly one third of the cases of insanity are caused by the use of alcohol. When a person has formed the habit of using alcohol, he craves it nearly all the time. He wants it so badly that if he can't get it, he goes mad.

The hereditary effects of alcohol are bad. A child who has alcoholic parents may be insane or epileptic. The child may also be crippled. Many of the children who are abnormal have parents who drink.

SPANISH CLASS NOTES

Monday afternoon at 2.30 o'clock the Spanish Club met for the first time of the new year. Emma Hensley, the president, was in charge.

The first number on the program was a dialogue by Marie Sheppard and Ralph Meador. Lucille Motley read several interesting jokes. All the members repeated Spanish proverbs.

SOPHOMORE REPORT

The sophomores are sorry to lose one of their classmates, Joe Roberts. Joe has been going to school here for several years. He belonged to the second team in football last year and played part of this season on the first string. He will go to school in San Antonio.

HONOR ROLL

Miss Durst's section of the first grade had four pupils on the honor roll for the past month. They were: Gwendolyn Wright, Cecil Martin Holkamp, Howard Ernest Ragsdale and Cameron Wright. Amelia Jetton made the grades required to be on the honor roll but was absent several days.

The high school honor roll is as follows: Marguerite King, 8th grade; Jarvis Jordan, Juanita Cowsert, Marie Sheppard and Lucille Williams, 9th grade; Catherine Randolph, Emma Hensley, Harry Ethel Hubbell, Mary Elizabeth Merwin, and Arthur Stockton, 10th grade; Ella Simon, 11th grade.

SIXTH GRADE CLUB ELECTS NEW OFFICERS

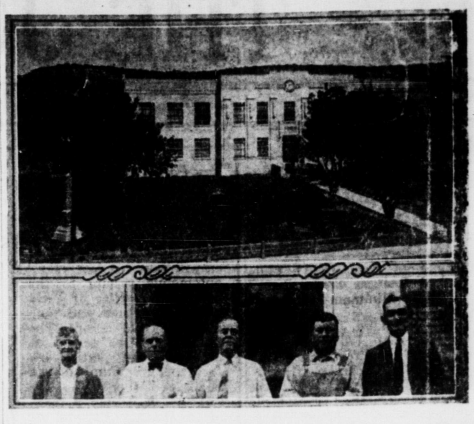

On January 15th, the Sixth Grade Club elected Kathryn Porter, president; George Robert Pepper, vice-president; and Olga Jones secretary.

A program will be given tomorrow afternoon.

GLEE CLUB MEETS

The Glee Club met Tuesday

KIMBLE COUNTY COURTHOUSE AND COMMISSIONERS COURT THAT BUILT IT

Above is shown the beautiful and commodious new Kimble County Courthouse and the commissioners court during the erection of the building. Mr. C. W. Hardesty of London, is the only one now in office, the others going out on January 1, 1931. The building is well arranged throughout and is located on one of the most beautiful squares in Texas. All of the equipment is modern and Kimble County has one of the best courthouses in all Texas. The members of the court from left to right are: J. F. Ragsdale, H. W. Bierschwale, Judge J. B. Randolph, G. W. Hardesty, and A. B. Hodges.

Mrs. Bowers and Horton's rooms, has eleven students who have made no grade below 90. These pupils are: Helen Reid, Jane Merwin, Patricia Patterson, Barbara Clay Secrest, Pearl Davis, Ruth Merwin, Minta Grace Tibbett, Elizabeth Wright, Margaret Barnes, James Liverman, and Mitchell Smith.

INTERESTING ITEMS

Beginning with next week's issue a Senior Special will be published. Read this and get acquainted with the Seniors.

It was announced Monday that the tardy pupils must stay an hour, instead of a half-hour, after school. Tuesday there were no tardies.

3RD GRADE HONOR ROLL

The third grade honor roll,

EVIL EFFECTS OF ALCOHOL

(By Lucille Williams)

Alcohol is a depressant when taken in large doses. Some of its effects are: crime, pauperism, insanity, degeneracy in offspring, loss of self-respect, destruction of health, and filling of hospitals and poorhouses by the insane. Alcohol is also an irritant.

Chronic alcoholism is caused by a long continuation of drinking. It usually affects all of the organs of the body, and shows a new growth of connective tissue. It affects the blood vessels, the heart, the kidneys, and the liver. This kind of alcoholism lessens the body's power of resistance to diseases.

The habitual use of alcohol leads to the storing up of unoxidized tissues. It interferes with the production of heat. It is more destructive to those organs which do their best to dispose of it for the protection of the body as a whole. When used in fever it tends to lessen the body's power of resistance to microbes. People who drink alcohol do not do their work well, but they think they do. Alcohol is a mocker.

Alcohol affects the heart. Chronic alcoholism causes it to get fatty and weak. It exerts a brief stimulating effect on the heart and circulation. When a large amount of alcohol is taken into the body, it influences the heart beat. Because of the changes it causes in the circulatory system there is a tendency to palpitation of the heart. The habitual use causes the storing of fat around the heart and within the heart muscle, causing fatty degeneration of the heart. Large doses cause paralysis of the cardiac nerves.

The liver tries to protect the noble organs from alcohol. Chronic alcoholism causes the liver to develop diseases. It acts as a stimulator of cell growth in undesirable places, as on the liver. After the liver is enlarged from congestion caused by alcohol, it may shrink. If the liver comes in contact with alcohol for a long time, it may cause fatty degeneration of cells, and often the hardening of tissues.

Alcohol retards digestion in the stomach and reduces the action of digestive ferments. It sets up inflammation of the gastric walls, and produces chronic dyspepsia.

It causes diseases of the kidneys, and weakens the lungs in resistance to consumption. Alcohol makes the lungs subject to chronic congestion and catarrh of bronchial tubes and lung tissues.

When under the influence of alcoholic drinks, the pupils are dilated and breathing is difficult. Alcohol is responsible for many human ills. It increases the liability to develop a cancer. It promotes tubercle, because it impairs all of the tissues and makes them ready for the attack of parasites. Tuberculosis depends a great deal on digestion, and alcoholic drinks are likely to disorder digestion. Those who drink a large quantity of alcohol do not readily recover from diseases or accidents.

CIVICS CLASS WILL STUDY CURRENT EVENTS

Three new members have joined the Civics Class since mid-term examinations. They are: Reagan Lister, Harrell Ramsey and Leonard Dunbar. The present enrollment is 12. The club has not met since Christmas, but Miss Knight stated that meetings would be resumed soon. Current events will be studied.

EAGLES SHOW GOOD FORM AGAINST BRADY

Last Saturday afternoon the Junction basketball team motored to Brady and held the fast Bulldogs to two successive ties but they finally routed out a 31 to 26 score over the Eagles during the last two minutes of play.

The Eagles showed Saturday night that they had good prospects this season of going high in basketball. The Eagles outplayed the Bulldogs the whole game. They kept the ball in their possession most of the time and played a fast game with the Brady quintet.

Dunbar was high point man with 12 points, and James scored 9 points. Squires, a forward for Brady was their high point man.

Coach Bowers stated that the Eagles are trying to make it possible to attend the McCamey meet Friday and Saturday of this week. This will give the Eagles much practice, playing different teams. McCamey is giving away four loving cups and five basketballs as rewards at the meet. The Eagles are planning to bring some of these back with them.

PERSONAL

Christine Schraub and Jewel Riley spent Sunday in Mason.

Maxine Wright was the weekend guest of Eleanor Highsmith.

Louise King spent Saturday with Eunice Northcutt at her ranch home near Segovia.

Juanita Cowsert and Jewel Riley attended the basketball game at Brady Saturday.

Lucille Taylor spent Wednesday and Thursday in Del Rio.

Gay Munn visited school last week.

Misses Ruth Sandherr and Ruby Davis were visitors at school Tuesday.

HARRY WITT ELECTED PRESIDENT OF CLUB

Friday the Pathe Club met for the purpose of electing new officers. Harry Witt was elected president, Lucille Williams secretary, and Marie Sheppard, vice-president.

Monday the Club met again and after the reading of the minutes by the secretary, topics were discussed by the members of the club. The topics were about art, science and religious and social service. The secretary read the laws for the benefit of the new members of the club.

HARMONICA CONTEST

In a recent contest between two sides of Mrs. Kindrick's Harmonica Band of which Leola Jetton and Grace Hendricks are leaders, the side chosen by Leola won.

Miss Aussie Durst and Mrs. Astor Wallace stated that there has been much illness among the students of their classes.

GIRLS' BASKET BALL

A muddy court prevented the basketball girls from practicing Monday, but they were ready to go Tuesday.

The girls were disappointed Friday because they did not go to Rocksprings as they had planned.

A game has not been scheduled for this week-end, but the team is hoping to get into action soon. They have not played a match game this season.

WE WONDER?

Who the boy from Boerne is who visited Hazel Sunday.

JANUARY Clearance Sale

Sale Starts Saturday, January 24, lasts through January 31

- Boy's fast color Tom Sawyer dress shirts, values to \$1.75, extra special 89 cents.

PHILIP JOSEPH

Country Correspondence

LONDON LOCALS

We regret to note on Sunday morning Mr. Ed Cummins, teacher of the Burr School, underwent an operation for appendicitis at San Antonio. Mr. Cummins is a London boy and a son of Mr. and Mrs. Guy Cummins of this place. Our last information from Ed was that he was doing nicely. We all hope for him a speedy recovery and ability to resume work in his school.

Miss Eunice Green is quite ill at her home in Mason. She was out of school all last week and we learn she is still unable to teach. We all hope Miss Green will soon be able to be at her post as teacher again.

Rev. Mr. Watson has been conducting a series of meetings during the last week and we suppose will continue through this week. The crowds have been rather light on account of the bad weather. We hope the weather will clear up and give him better crowds this week.

Mr. J. F. Thurber and Ellie Pettigrew were in town for supplies Thursday of last week. Mr. and Mrs. E. W. Custer, residents of Menard County, were buying supplies and receiving mail in our town Thursday of last week.

Mrs. R. T. Amberson and son, Tom, and his family were business visitors in Junction Tuesday.

T. J. Lange and son, Marvin, were among our callers Saturday. Tullie looks like he might wish he had stayed at London. Too late now.

News reached here Saturday to the effect that Mr. Guy Cummins, who was with his son, Ed, who underwent an operation on the 11th, would himself be operated on the 18.

The fine rains and warm weather are certainly appreciated by all our people. It has been the saving of all Kimble County. Sheep and goats are in much better condition now than they were in the summer and our people are beginning to get their heads up far enough to see the dawn of a better day.

It is coming but it is coming gradually. And it is better for us for it to come gradually. We will remember the fine lesson we should have learned, if prosperity moves up gradually.

You hear it on every side. I have learned my lesson from this awful depression. It has taught me something. But if prosperity would flash up tomorrow, nine-tenths of us would most likely go to the bank and try to borrow our share of the prosperous times. If turned down, we would likely seek a job at a wage higher than our earning capacity; hold it until we got a few dollars ahead, then jump our job because we were not paid enough. We would spend our time acting rich to show the world how prosperous we were, until our last dollar was gone, and possibly another depression on. If we common ducks would only realize the fact that we are poor people, and it matters not how much money is pouring into the pockets of the truly pros-

perous, that you and I must swim or drown, we would have then learned our lesson, and when the next depression comes we could continue to swim, and fear no danger of drowning.

The labor situation is still distressing throughout our country. It is true each week we read of plans and promises by the government and by companies—corporations as well as individuals—to soon begin the employment of the unemployed. These promises have helped to fill the newspapers for the last twelve months but I want to tell you that these promises do not buy bread for the hungry, and unless the situation is met squarely and jobs are opened up for red blooded Americans, there will be trouble ahead. I make this statement based on my own personal feelings. As for myself, at a time like this, I would be willing to endure any kind of hardships but I call to mind a few years ago when my children were small and should I have been caught out of employment and without the means of sustenance and those children become hungry and began to beg for bread I want to tell you there would have been action and there would have been bread. It is true that we read every week of a few hundred or a few thousand men being called back to work and we are made to rejoice because of that fact, but the few who are being put to work do not relieve the millions who are yet unemployed. I could name several proposed improvements and building programs that were promised last summer to begin in the fall or early winter such as road construction, rail road construction and other things all of which would serve to relieve the situation. The government should act at once and lead the way.

ROOSEVELT ROUND UPS

School is progressing nicely. Roosevelt is feeling the hard times.

There has been quite a bit of cold weather which is affecting the weeds.

Ranchmen say that they will have to feed in a few days.

Harry Thiers and Burl Fisher have been working for Tom Wilson for two days.

The Divine Healers of Junction held services here Sunday.

Mr. Roy Thiers states trapping is very dull and doesn't pay to trap.

Mrs. Otto Thiers has been ill for the past week.

Mr. Philip Lutheringer came home Wednesday from a two weeks trip.

Mr. Alexander, superintendent of the Roosevelt School says party games have taken the school.

Several families visited the Gardner home Thursday night.

A. F. Flegge says he has never seen times so bad in all his life.

Mr. G. W. Crofoot will have services Sunday night in the school house.

Mr. Wiley Smith of George-

Carolina Woman Lost 47 Lbs. In 3 Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better, but I look better, so all my friends say."

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that it has done for me." Mrs. S. A. Solomon, New Bern, N. C., Jan. 1931. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

"A bottle of Kruschen Salts that lasts 4 weeks costs but 5¢ at Heyman's Drug Store and druggists the world over. Take one-half teaspoon in a glass of hot water every morning before breakfast."

Attention: Do not let your diet get out of order and fatty meats go light on potatoes, butter, cream and sugar. Kruschen Salts is the safe way to lose fat. Try one bottle and if not perfectly satisfied money back.

town was a Roosevelt visitor Wednesday. Every one was glad to see Wiley back.

Mr. and Mrs. Richard Grossbacher were guests at the Burl Fisher home Thursday.

Mr. and Mrs. August Simon visited the Fisher home Thursday night.

IVY ECHOES

Miss Alberta Wootan was ill Monday and did not appear at school. Miss Lilly Robbins took charge of her room and proved an able substitute. We hope Miss Alberta will soon recover.

Our school is in good working order and the work continues to move along without a jar. We believe the student body at Ivy School is to be commended because of their good behavior and their harmonious attitude as a school group.

Supt. Rankin Kothmann and Coach Morrison of London ushered a group of their basketball boys out to Ivy School last Wednesday afternoon and engaged our senior boys in a game. The score at the close of the game showed 28 to 9 in favor of London. However, during the first half of the game the score was about equal and we believe if we had a large reserve force which London has that we could have made a better showing.

We regret losing Blix Smith from our school. The Smith family moved to Junction recently where Blix will enter school. She has been attending school at Ivy for three years and we know her to be a good little girl, polite, studious and neat with her school work. Our best wishes are extended to her. May she be successful with her work in Junction.

Mrs. L. E. Stockard, principal of Segovia and Miss Russell, assistant at that place, accompanied by their three basketball teams, arrived at Ivy last Friday afternoon to play three games of basket ball. They had only been here a few minutes when the mist which had been falling, turned into an old-fashioned rain. The junior boys engaged in a short game in spite of the rain. Ivy won 6 to 0. After this game, Segovia left, arranging to play the remainder of the games at Junction, Saturday afternoon, January 24th.

The splendid rains keep coming and everyone seems optimistic now about the farming and ranching industry this year.

Bonnie Ray Amberson was absent from school Monday.

AMBITIONS

Elmer Stewart—to be an airplane pilot.

Cecil Maass—to be a stenographer.

Marvin Lange—to be a good stockman.

Lester Land—to be a good farmer.

Bennie Grobe—to be a railroad engineer.

Luther Summers—to be a carpenter.

School Motto: "It is easy to drift with the tide, but where is the honor therein?"

In a recent issue of the Ladies Home Journal was brief mention of the Armadillo race staged during the Junction Jubilee here last summer. Several papers of nation wide circulation have carried stories of this famous Armadillo race. Some of the outdoor journals carried pictures of the armadillos.

RUPTURE EXPERT HERE

C. R. Redlich, Minneapolis, Minn., will demonstrate without charge his unequalled method in

FREDERICKSBURG MONDAY, FEB. 2

at the NIEMITZ HOTEL from 10 A. M. to 4 P. M.

Mr. C. F. Redlich says: The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a remarkably short time.

The secret of their success is in their simplicity. An expertly adjusted device seals the opening without discomfort or detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.

Stomach troubles, backache, and constipation, nearly always a consequence of rupture, promptly disappear. Bring your children. According to statistics 95% recover by our method.

NOTICE: All whom we have treated during the past ten years are invited to come in for free inspection.

HOME OFFICE 535 Boston Block, Minneapolis, Minn.

It isn't the good sermon you hear, but the good deeds that grow out of you for hearing that sermon.

For plumbing that will stand the test, call the Junction Sheet Metal and Plumbing works. 38c

COUNTRYSIDE BROADCASTINGS

By Rev. G. W. Crofoot
Pastor Junction Presbyterian Church

IN A RECENT issue of the Junction Eagle there appeared an advertisement entitled "The Big 3 in Community Life." It was a picture of the home, the school, and the church. The writer wishes to commend the editor for presenting such an advertisement. These three institutions are the foundation of any community. Occupying the place of importance that they do, they are deserving of and entitled to the loyalty and devotion of everyone in the community. Are you making your home the kind of a home that God intends it to be? Are you supporting your school in every possible way? Do you say to your child's teacher, concerning your child's education, "It is your responsibility" or do you say "It is our responsibility?" Are you supporting the church with your prayers, presence and talents; or are you enjoying the benefits to be derived from the church and failing to support it? Having asked yourself these questions and answered them, do you consider yourself a community builder?

NO RIGHT-THINKING father and mother would allow their children to go without sufficient food. Wholesome reading is just as necessary for the normal development of the mind as food is for the body. Many of the parents are worried about the behavior of their young people. If young people think right thoughts, their behavior will take care of itself. Some good interesting books in the home for young people to read will furnish food for thoughts that are constructive and elevating. In the country during the long winter evenings while the roads are bad, wholesome books should be at hand to occupy the leisure hours of all the members of the family.

ROOSEVELT ROUND-UPS

Mr. Henry Hoover of Fredericksburg is here visiting his grandmother, Mrs. P. C. Jones. Mary Helen Daharsh and Mrs. Surber are sick this week. Both are reported better now. Rev. Chauncey Merwin of Junction preached in the hall Sunday morning. Mr. and Mrs. Ross Goodall visited Mr. and Mrs. Mart Kirkpatrick at Tea Cup Saturday and Sunday. Mr. and Mrs. Cap Woods, and Messrs. Dickerson, Floyd Daharsh and Gardner attended the funeral of Mr. Wood's father Monday. Mr. Luther Kirkpatrick and family of Segovia visited Mr. and Mrs. Larkin Taylor Sunday. Rev. G. W. Crofoot held services at the school house Sunday night.

Long distance weddings, either by telegraph, telephone, or radio, or other means, are unlawful in Texas.

A recently discovered medical treatise, written 1600 B. C., has a chapter on "How to Change An Old Man Into a Young Man of 20."

Society

COSPER—ANDEREGG

Miss Edna Anderegg and Mr. Milton Cosper, who live near Harper, were united in marriage in Fredericksburg on Wednesday, January 7. They were accompanied to Fredericksburg by Gilbert Anderegg, a brother of the bride, and Miss Isa and Mr. Herbert McDonald.

The bride is the daughter of Mr. and Mrs. Henry Anderegg and is a beautiful and lovable young lady. She is popular wherever she is known.

The groom is the son of Mr. and Mrs. J. C. Cosper. He has many friends in the Harper Community and also in Junction. He is a young man of a happy disposition and is esteemed by all who know him.

The wedding of this happy couple is the culmination of a beautiful romance and came as a surprise to their friends in their own and other communities where they are known.

They will make their home on the Cosper Ranch near Harper.

MRS. PIERCE HOGGETT HONORS MRS. L. D. BORDEN

Mrs. Pierce Hoggett complimented the members of the Little Club and a few friends with a bridge luncheon at her residence Saturday, with Mrs. L. D. Borden as the honor guest.

After a delicious luncheon of Swiss steak with gravy and chili relish, baked potatoes with cheese, Italian spaghetti, sweet pickles, frozen salad on lettuce, cream puffs and coffee. A series of bridge games were enjoyed.

At the close of the games, a pair of embroidered blue pillow cases were presented to Mrs. Jack Richardson, who made high score. Mrs. J. A. Thompson received the cut prize, a pretty flower urn. An attractive score pad went to Mrs. L. E. Standifer, who made low score.

Those present were Miss Eloise Hardeman and Mesdames J. A. Thompson, L. D. Borden, L. E. Standifer, Jack Richardson, Vann Martin, Earl Barr of Concho, Olney Patterson, Guy Wynne, R. E. Homann, Norman Farmer, Irvin Jarvis and Clifford Hamer.

MRS. SAM SCHNEIDER IS HOSTESS TO W. M. S.

Tuesday afternoon, Mrs. Sam Schneider was hostess to the members of the W. M. S. of the Methodist Church at her residence.

Mrs. W. M. Taylor, the president, presided during the meeting. The following interesting program was given.

Unison prayer.
Hymn—"Jesus calls us o'er the Tumult."
Scripture lesson—Mrs. W. M. Taylor.
Imaginative letters from Gal-

ilee were read by Mesdames Ada Dockery and A. E. Bissett.

Leaflet on Stewardship read by Mrs. Bolton Boone.

At the close of the meeting Miss Sarah Schneider and Mr. Raymon Schneider entertained with a number of pretty piano selections.

Hot chocolate and cake were served to Mesdames E. R. Borden, Bolton Boone, A. E. Bissett, G. H. House, W. M. Taylor, T. E. Sheppard, Joe Ramsey, Ada Dockery, Walter Tinsley, Sarah Schneider, Raymon Schneider and the hostess.

EFFICIENCY CLASS IS GUEST OF MEMBERS AT HODGES HOTEL

The members of the Efficiency Class of the M. E. Church and a few guests were delightfully entertained Thursday afternoon, at the Hodges Hotel by Mesdames Lucy Motley, B. L. Smith, Olney Patterson, J. L. Hodges and E. O. Lowgren. An entertaining and unusual program was enjoyed when a stunt was performed to represent each month of the year. Little Edwina Lowgren charmingly represented the New Year.

The guests registered and the sheep were separated from the goats when the one told of their good deeds while the others confessed their sins.

At the close of the afternoon a dainty salad, salsines, olives, tea and chocolate cake were served to Mesdames Roy Blackburn, Lucy Motley, Walter Tinsley, Joe Ramsey, T. E. Sheppard, Bolton Boone, Ovie Buser, Wayne Allen, Mae Sandherr, Hal Holland, George Hamilton, Howell Wright, Roy Williams, Annie Highsmith, G. H. House, J. Holt Smith, L. E. Standifer, W. M. Taylor, Clay Secrest, Alex Wahl, Leonard Cowsert, Otis Brinker, R. H. Loeffler, Terry Jetton, George Cavanaugh, Tom Hodges, Sr., Calvert Reid, J. O. Reid, O. Z. Jones, H. H. Lawler, E. R. Borden and the hostesses.

"RINKEYDINK CLUB"

Misses Bubbles Williams and Stubby Johnson entertained the Rinkeydink Club with a bridge party at Bubble's home.

The high prize, a box of cookies, was won by Punkin Cowsert.

Sandwiches, olives, cookies, and tea were served at the close of the evening to the following: Misses Punkin Cowsert, Sonny Jones, Herby Martin, Halfpint King, Mickey Sheppard, Scotchey Lowry, Ted Duderstadt, and the hostesses.

Besides leading social welfare and temperance work, Senora de Mejia Colindres, wife of the president of Honduras has served as an unofficial ambassador to neighboring Central American countries.

Chevrolet Plans Big Advertising Campaign In 1931

Another aggressive advertising campaign with newspaper display columns carrying the brunt of the attack, is promised for this year by R. K. White, advertising manager of the Chevrolet Motor Company.

Long one of the nation's leading advertisers, the Chevrolet organization lent its endorsement to the pulling power of the newspaper by using 6,700 and weeklies to announce its new 1931 car in November, the largest newspaper schedule ever used by Chevrolet in one campaign since the inception of the company. This move was made despite sub-normal business conditions and the generally slackened promotional activities of manufacturers in and out of the automobile industry.

"We make this move," Mr. White explained, "because we are in direct accord with the frequently expressed view that the only way to make bad business good and good business better is to put abnormal effort into your activities when you face subnormal conditions."

TRUTHFULNESS UNDOING

George Washington Gets 30 Days For Chickens He Stole and "Et"

KNOXVILLE, Tenn.—George Washington, negro, cannot tell a lie, therefore he languished in jail here today.

"Did you steal those three chickens?" Judge J. E. Stooksbury asked in criminal court yesterday.

"Yes suh, judge. Wid my name I gotta tell the truth."

"And what did you do with them?"

"I et dem, suh."

"Thirty days for each chicken," said the judge.

It's always a tragedy when circumstances prevent a man from expressing the best that is in him.

Sunday at Our Churches

CHURCH OF CHRIST

Elder Ira L. Winterod of Tucson, Arizona, will fill the pulpit at both hours on February 1. The membership is urged to be present and a cordial invitation is extended everyone.

EPISCOPAL CHURCH

The Rev. L. B. Richards, secretary of the Diocese of west Texas for the Episcopal Church will be at Junction and preach at the 11 o'clock service in the Trinity Episcopal Church, Sunday January 25.

The general public is invited to attend this service.

METHODIST CHURCH

Regular services at the Methodist Church on Sunday. Sunday School at 10 a. m. Let's be regular and prompt in our attendance and keep our school constantly on the up grade.

Preaching service at 11 a. m. Subject—"Fools for Christ's Sake." Young people's service at 6:15. At the evening hour Rev. S. L. Bachelor, presiding elder, will preach and hold the quarterly conference.

LOCAL METHODISTS IN SAN ANGELO WEDNESDAY

Wednesday morning a party including Mrs. W. M. Taylor, Mrs. Ovie Buser, Mrs. Tom Sheppard, Mr. Ramsey Randolph and Rev. Bolton Boone, left for San Angelo to attend a Missionary Institute of the San Angelo District.

These Missionary Institutes are being held to stimulate interest in missionary giving and encourage Mission programs in the local churches.

Mrs. R. E. Graham, 83, a missionary of Port Angeles, Washington, made a 3,000-mile motor trip alone in order to assist her brother, who is a preacher in Akron, Ohio.

Presbyterian Services Will be Conducted In Episcopal Church

(G. W. Crofoot, Minister)

OUR INVITATION—To you who would worship God, our Father; to you who would serve mankind, our brothers; to you who yearn for greater strength; to you who seek a broader vision; to you who desire forgiveness from sin, comfort in sorrow, victory over failure, and joy in living, in the name of Jesus Christ, our Saviour and Friend, we extend our cordial INVITATION.

Sunday school will meet at ten o'clock. There will be no morning worship. Evening worship will begin at seven o'clock.

CHURCH SERVICES AT EVERGREEN AT 3 P. M.

A cordial invitation is extended to everyone to attend church in the Evergreen School house Sunday afternoon at 3 o'clock. Rev. G. W. Crofoot, pastor of the Junction Presbyterian Church, will preach.

TABERNACLE NEWS

Large crowds are attending the services every night at 7:30 o'clock at the Full Gospel tabernacle which is located 3 blocks south of the Junction State Bank. The services consist of singing, testimonies, and preaching. Every body is welcome. Old time gospel messages and souls saved and bodies healed at every service. **Chauncey Merwin, Pastor Evangelist.**

Rebuilding of the historic city of Williamsburg, Va., as a national shrine has been made possible by a contribution of \$10,000,000 given toward the project by John D. Rockefeller, Jr.

Believing that a well-groomed man stands a better chance of obtaining work, C. J. Lyman, barber of Colchester, Conn., has offered to give free haircuts to the unemployed.

Ford Reduces Price Of Cars From \$5 to \$45

Edsel B. Ford, president of the Ford Motor Company, today announced reductions in prices of Ford cars and trucks from \$5 to \$45 on 15 models. "Reports we have received from our branches and dealers throughout the world lead us to believe that the automobile business will show steady improvement," Mr. Ford said. "Since the automobile industry is a basic one, any betterment in it cannot help but have a beneficial influence on business generally," Mr. Ford added. In the case of the coupe and sedan, representing the model of greatest output, the price reduction is respectively \$5 and \$10, while the higher reductions are on the so-called de luxe models. The reductions are effective Monday.

TEXAS MIX-UPS

Someone with a flare for Texas geographical mix-ups has found that Rusk is in Cherokee County, and Cherokee is in San Saba County; Henderson is in Rusk County, and Athens is in Henderson County; Pales is in Anderson County, and Anderson is in Grimes County. Crockett is in Houston County. Houston is in Harris County, and Ozona is in Crockett County; Tyler is in Smith County, and Woodville is in Tyler County.

He might have added that Pecos is not in Pecos County, Taylor not in Taylor County, Dimmitt not in Dimmitt County, Cameron not in Cameron County, and Stephenville is not in Stephens County.

But Texas has so many counties it was necessary to double up on names, and keep them scattered just to make it confusing—Abilene Reporter News.

LIVESTOCK DELIVERIES LESS IN FORT WORTH IN 1930 THAN IN 1929

Deliveries of cattle, calves, and sheep at Ft. Worth markets during 1930 totaled 1,401,038 head, compared to 1,628,819 head during 1929, according to compilations made in the Bureau of Business Research at the University of Texas. The sharpest loss was in receipts of sheep, which fell from 539,687 head in 1929 to 432,082 head during the year just closed.

Texas shipped 2,575 cars of potatoes in 1929 and 5,269 cars in 1930.

Texas Leads In Building Houses For Teachers

Texas not only ranks first in the number and value of teachers' homes, but it had the first one built in the United States, according to W. M. Eilers of the State Department of Education.

"The audit of the reports for 1929-1930 in the State Department of Education shows that the State now has 1,425 teachers' homes valued at \$1,983,000," Mr. Eilers said. "Of these, 1,186 are in the common school districts, valued at \$1,284,075, and 239 are in the independent districts, valued at \$699,874."

"Oklahoma ranks second in the number of teachers' homes. It has 850. Next comes Mississippi with 456, Washington with 442, North Carolina with 218, and Alabama with 125. Texas and Oklahoma have over half of the teachers' homes in the United States."

"The first teachers' home in this country was built in the Blum school district in Guadalupe County in 1860. The second teachers' home was built in the Schumannville school district in the same county in 1862. In 1884 it was replaced by a new building. The teachers' home known as the Faculty Club erected in Edinburg in 1927 at a cost of \$100,000 is possibly the most expensive one in the United States."

FOUR BROTHERS GIVEN MASTER MASON DEGREE

Farmersville, Ohio—The Degree of Master Mason was conferred upon four brothers recently at a communication of Farmersville Lodge No. 482. The candidates receiving the degree were Forest F. Roy, Elva, and Vernon Bickel. It is thought that this was the first time that four brothers had been made Master Masons at the same meeting in an Ohio Masonic meeting. A number of visiting Masons from Cincinnati, Dayton, Eaton and other nearby cities were present to witness the ceremonies.

HOW EMERGENCY FUND WILL BE USED IN 1931

Of the \$116,000,000 emergency appropriation recently voted by the Senate, \$80,000,000 will be used for federal aid highway systems; \$22,500,000 for rivers and harbor work; \$3,000,000 for Mississippi flood control; \$3,000,000 for national forest improvements; \$3,000,000 for the construction of forest highways, and \$5,000,000 for roads in unreserved public lands and Indian Reservations.

ANCIENT BIBLE IS GIFT TO MASONIC LIBRARY

Los Angeles, Cal.—Otto Stoltz, Junior Warden of Moneta Lodge No. 405, has presented to the Masonic Library of Southern California at Los Angeles an old Lutheran Bible which was printed by the order of the Theological Faculty of the University of Heidelberg in 1666. The Bible has been the property of the Stoltz family for nearly two centuries and is well preserved. The library board has had this valuable book recovered and it is now in excellent condition.

Keep your Car young with Flashlike Gasoline & Velvet Motor Oil

Preserve the quietness and smoothness of your car by using a fuel of high anti-knock rating --- and its compression, by using a motor oil that never leaves a moving part unshielded --- whether the motor be cold or hot. Flashlike Gasoline and Velvet Motor Oil form the ideal combination. Flashlike Gasoline makes a motor start easily, develop full power quickly, and run smoothly for thousands of miles of added service-life. Velvet Motor Oil has the body and easy-flowing qualities to protect bearings at all driving speeds and temperatures. It holds compression --- and increases power.

Texas Produces Large Part Of Mohair In U. S.

Turkey Is Original Home Of Famous Angora Goats

3,000,000 IN STATE

Fiber Is Widely Used In Manufactured Goods Of Nation

Last year Texas' 3,000,000 Angora goats produced 13,500,000 pounds of mohair, which was 86 per cent of all the mohair produced in the leading mohair producing states, according to the U. S. Department of Agriculture.

Turkey is the original home of the Angora goat, but the United States now has more mohair producing animals than any other country in the world. Improved range practices in recent years have resulted in a finished product superior to that produced in the old world.

Mohair has been found by the U. S. Department of Agriculture to be the longest wearing fiber known. The physical nature of the fibre is such as to lend itself to colorings of every hue. It is widely used in the upholstery of motor and railroad cars, good furniture, in the making of quality rugs, robes, draperies, clothing and many other articles. It is estimated that 100,000,000 yards of mohair fabric is in use on today's automobiles and 12,000,000 yards of mohair fabric in railroad cars, which use it almost exclusively. The natural resiliency of the smooth fibres of mohair pile, their tendency to spring back into a vertical position, makes for greater comfort and riding ease by preventing sliding around in the seat with the motion of the car.

Attempts by automobile manufacturers to substitute flat fabrics of inferior wearing quality in automobile upholstery have met with disfavor on the part of the motoring public. Its use in the upholstery of furniture has enjoyed greater popularity, too, since a process to make the fabric moth proof was adopted some years ago.

A. C. Gage, editor of the Angora Journal and internationally known mohair authority, has been made head of the Mohair Institute which has been established recently with headquarters in Chicago. This should prove beneficial to Texas if properly managed.

GIVE COWS FREE ACCESS TO WATER TO HELP YIELD.

Giving cows free access to water any time they want it increased milk yield 6 per cent and the butter yield 12 per cent. Cows which had access to water took a drink an average of 10.3 each in 24 hours and drank over 18 per cent more water than cows which were fed exactly the same, but watered outside. These are the results of tests conducted by C. Y. Cannon of Iowa State College. They indicate that there are thousands of dairymen who could greatly increase their profits by using drinking cups.

North America is next to Africa the chief gold-producing continent, usually contributing about one-quarter of the world's annual gold output.

Princess Berelimak, god-daughter of the late Czar of Russia, has become the most famous actress in Vienna.

INSTITUTE HEAD

A. C. Gage, of Portland, Ore., editor of the Angora Journal, and internationally known mohair authority, who has been named director of the newly-established Institute at Chicago that will carry on researches in the use of mohair made from the fleeces of mohair goats.

Lionism as the world knows it today, originated in the mind of Melvin Jones of Chicago in the year 1914. He was a leader in a band of associated business clubs, and the inspiration came to him that the only way the clubs could accomplish anything in a large way was to form an association, national or international in scope.

In that year of 1914 Melvin Jones sent letters to all business luncheon clubs of the United States which were not affiliated with some central body, asking their officers to consider such an association. The seed thus sown germinated, but it was three years before the actual work of forming an association could be taken up.

It was in May 1917, that the Business Circle of Chicago, a gathering of business clubs of which Melvin Jones was secretary, issued a formal call for a meeting to consider a permanent association, national in scope.

That meeting was held in Chicago on June 7, 1917. About 20 delegates attended, representing more than fifty clubs. They met and adopted a resolution under which the International Association of Lions Clubs was organized, and a call issued for a national convention to be held at Dallas, Texas, October 9-11, 1917. It was, therefore on June 7, 1917, that the International Association of Lions Clubs came into being.

Meantime in the three years which had elapsed between the sending out of the first letter by Melvin Jones, and the formation of a national association, a number of individual clubs were organized, some under the name "Lions," some under other names. In the summer of 1918 there was founded in San Antonio, Texas the first Lions Club. Later, Lions Clubs were formed in Galveston, Dallas, Houston, Ft. Worth, Waco, Austin, Abilene, Greenville, and San Angelo, Texas.

At the first annual convention, held at Dallas on October 9-11, 1917, the formal organization of the association, with accredited delegates in attendance, was completed. Dr. W. P. Woods of Evansville, Ind., was elected president, Melvin Jones of Chicago was elected secretary-treasurer, which office he has held continuously since.

The Junction Lions Club received its charter in the summer of 1929, and Alton Miller was the first president. H. O. Denman was the secretary-treasurer.

The present officers are G. H. DeLano, president and L. D. Borden, secretary-treasurer.

KILL PRICKLEY PEARS WITH CALCIUM CHLORATE

Calcium Chlorate, one pound to four gallons of water, sprayed on prickly pears after they have been cut and piled has given a complete kill the first time over his land, according to a Shackelford County farmer. It was formerly necessary to go over the ground a second and third time to completely kill out the pear, the county agent says, but this method saves ranchers and farmers from ten to thirty-five cents per acre. Prickly pear is being killed on thousands of acres of Shackelford County land.

"COW" IS WRONG SEX; COURT FREES OWNER

AUGUSTA, Ga.—A city ordinance prohibits the keeping of cows within the city limits. Emma Gary was hauled into court accused of violating the ordinance. "Does the cow give milk?" asked the judge. "No sir, she's a bull," replied Emma. "Case dismissed," said his honor.

WISDOM AT A PREMIUM

If America ever had a need for wisdom and understanding on the part of public officials and business men, it needs those qualities now.

The social and economic problems that came to a head in the past year have produced a multitude of proposals for half-baked and unsound legislation. Men in the highest positions are seeking to commit the nation to programs which would result in a tremendous increase in taxes, without permanently solving any problem.

The cure for our present day difficulties lies with industry and the people.

Wise and well-considered governmental aid can help. But the public—which will, in the long run, reap the benefit from or pay for whatever action is taken now—should do its part in helping to maintain sound government and business free from fake panaceas proposed by emotional and vote-seeking office holders.

To refrain from doing an unkind thing is better than to have to apologize later.

Junction Trade Notes

(By G. G. Co.)

Again last week Kimble Co. ranges and farms were visited by the usual week-end warm and growing rains, which in itself, is a "cheerful little earful". . . . Mr. and Mrs. James Prentice, in town Wednesday from ranch on Bois d' Arc, reported their range fine and stated they would need more stock on it. . . . In the Pecos range country there is a considerable movement of fall shorn sheep, lambs going to Colorado feed pens at 5 1/4 cts. . . . The Dept. of Agriculture estimates the number of sheep and lambs on feed January 1 as 13 per cent less than a year ago, but larger than for any other recent year. . . . Are we eating our quota in the "Eat More Lamb" movement?

In stock: Malto-Meal, new breakfast food; Snyder's cocktail sauce, Sunkist plum and apricot jam in No. 2 tins, cheaper than in glass, Gann Grocery Company. Tomato juice cocktail is wholesome as well as appetizing; use 8 ozs. tomato juice, one teaspoon sauce, add lemon juice, serve cold.

Judge Weaver H. Baker, in his capacity as district attorney, is attending the court at Ft. Stockton where he is involved in a major murder case in which the insanity plea is set up. He is missing the good home cooking to which he is accustomed. . . . A. L. Mudge has recently had contact with "Alexander Bots" and has purchased an "earthworm tractor" for his ranch-farming operations. . . . J. L. and Omer Wright were called to Austin the first of the week in a goat-stealing case. They were not charged with the theft but were called as witnesses.

For the meat cure: "Figaro" liquid smoke, Wright's smoke-sugar-salt cure, three operations in one. Brown sugar, red pepper, sage, in bulk, Gann Grocery Company.

Mrs. Gordon Stewart and boys, Sam and Bill, were in from the Stewart ranch Wednesday to shop, while Sam filed a "voluntary engagement" with the dental. . . . Mr. and Mrs. R. H. Spiller and Flora Mae were in Austin to witness the Governor's Inaugural ceremonies. . . . Mrs. Dora Jones has at home a strange but attractive maltese cat, which she is feeding until the owner calls for it.

At Sheffield, Lake & Co. are said to have contracted purchase of 2,000 yearling ewes for spring delivery, out of the wool, at \$5. . . . Boston reports some Texas 12-months wool recently sold at 67c to 68c secured basis. . . . Commissioners Courts of Lampasas and Kerr Counties have made reductions in taxable values to be placed on livestock. In Lampasas stock cattle were reduced from \$17 to \$10, sheep from \$9.71 to \$2.25, goats from \$2.50 to \$1.25. Kerr will assess sheep at \$2.50 and goats at \$2.00.

Lower prices in standard foods of known quality, apply to sales every day of the week at this store. Saturday and Monday we will sell shelled corn at \$1.00 bu. for cash.

Gann Grocery Company

"Everybody's Store."

MASON O. E. S. CHAPTER TO HAVE SCHOOL JAN. 24

Members of the Mason Chapter, Order of the Eastern Star, will entertain grand officers of the order at a school of instruction to be held in Mason all day Saturday, January 24. It has been announced. Among the visitors will be Mrs. Bessie B. Garth of Temple, worthy grand matron, Mrs. Mae Simms of Austin, deputy grand matron of the fifth district, and Mrs. Hallie Anglin of Kerrville, assistant deputy grand matron and other officers as well as visitors from chapters of the order located in nearby towns. Seventy-five or one hundred women are expected to attend the school.—Mason County News.

Modern equipment for washing and greasing your car at Powell Motor Company 39c

Messrs. J. N. Hodges and W. P. Riley were business visitors in Menard yesterday.

(Title Reg. U. S. Pat. Office) Being a vaporish review of words that pop into print

January . . . from Jan u s (Jay'nus) an early Roman solar divinity regarded as door-keeper of heaven and patron of the beginning and ending of all undertakings. As god of the two faces—one looking east and one looking west. Janus-faced, meaning two-faced; double dealing. We have named our cook "January" because she is the beginning of all our troubles, and her face is so long she can register a different expression on each half at the same time.

revolt . . . (re-volt'), o as in go is preferred to o as in odd. An uprising against established authority; a mutiny; a household convulsion when hubbly finds his position challenged by a trousered "Better Half." This brand of revolt is seldom successful. She continues to cloud up and reign.

Revolt ends with "volt" derived from the Anglo-Saxon charge by the Light Brigade on a run down battery. Derived also from Nicaragua's contact with the rebels' shock troops who were usually live-wires. (revolt like bolt is better than revolt like blot.)

bomb . . . (pronounced bum or balm) Favorable expression of gangsters. A hollow iron projectile containing explosive material to be ignited by concussion or time-fuse. Not to be confused with a certain type of gentry whose profession is trading the ties and riding the rods. The former (bomb) eventually comes to life and uplifts its fellow men. The latter never has and doesn't. He is always down troddin'. Bill the Barber thinks that bombs were overworked during the period of unemployment—being engaged in throwing certain unfortunates out of work.

Heywood Brown (pronounced Brown) Willa Cather (like Catholic) The last word in thrift: "Good buy."

(Copyright 1931.) —By M. E. Nusbaum Mitchell McLendon represented the Junction Eagle at the inauguration and reception of Governor Ross Sterling and Lieutenant-Governor Edgar E. Witt in Austin Tuesday.

For Texaco gas and oils drive to the Powell Motor Company at the west end of Main Street.

Tons Of Rock Crash Down Into Chasm

NIAGARA FALLS, N. Y.—Thousands of tons of rock at the crest of Niagara Falls, between the American shore and Luna Island, gave way today and crashed into the chasm.

Rapid erosion continued for several hours, beginning at midnight and continuing until 6 a. m., reservation officials said. The new pile of rock at the foot of the falls was estimated to be between 80 and 100 feet high.

The break is v-shaped, about 90 feet at its base and the apex cuts back into the old rock formation about 50 feet. It is located about 300 feet from Luna Island.

The fall of rock is the largest that has occurred since white men knew the great cataract.

NOTICE

Notice is hereby given that sealed bids will be accepted by the Commissioners Court of Kimble County at the office of the county judge from any banking corporation, association or individual banker desiring to handle the funds of said county. Said bids shall state the rate of interest offered and shall be accompanied by a certified check for not less than one-half of one per cent of the county revenue of the preceding year as a guarantee of good faith on the part of said bidder and if the bid is accepted said banking corporation, association or individual banker shall enter into bond as provided by law. Bids will be opened at 10 o'clock on the morning of February 9, 1931. The court reserves the right to reject any or all bids.

The said commissioners court shall on the above date select a depository for the available school funds of Kimble County as provided by law.

Given under my hand and seal of office in Junction, Kimble County, Texas, this 12th day of January, 1931.

(Seal) R. R. King, County Judge 40-3c

Come in and compare tire sections for QUALITY and CONSTRUCTION that you can see for yourself the EXTRA VALUES we give.

Pure Line Seed Pays

For the first time last spring Standardized Pureline, Germination Tested Seed were used in Kimble County, and the results were gratifying. More than 9,000 pounds of seed were purchased by the County Agent and practically all farmers using the Pureline seed were well pleased. The County Agent is receiving inquiries about this seed for this spring. The Kimble County Chamber of Commerce will work with the County Agent again and it is believed that the demand will call for 20,000 pounds planting seed.

Pureline seed planted on terraced land and properly fertilized will pay big dividends. Conditions are such that more food and feed should be grown, and our farmers and ranchmen should study the most approved methods of producing their necessities.

Good rains have furnished a good season and prospects are good for those who apply methods that have been tested and proved satisfactory.
