Rockefeller Is "Ideal Church-Goer"

"He Never Takes Nap," Pastor Says

By MORTENSE SAUNDERS (By Associated Press)

TARRYTOWN, N. Y., July 18.—John D. Rockefeller, whose name is known to the world's richest men, has been called an "ideal church-goer" by the pastor of the Protestant Dutch church here.

Rockefeller, who is 70 years old, has been attending the church for many years. He is known for his regular attendance and his devotion to the church.

The pastor, Rev. Dr. J. D. Allen, said that Rockefeller is a man of great faith and devotion. He is known for his regular attendance and his devotion to the church.

Rockefeller's offering to the church is one of the largest in the world. He is known for his regular attendance and his devotion to the church.

AMERICANS AND NICARAGUA MEN DEFEAT BANDITS

THREE HUNDRED REBELS AND ONE MARINE ARE KILLED

PLANES ARE USED

HEAVY BOMBING PUTS ENEMY FORCES TO ROUT

(By Associated Press) MANAGUA, Nicaragua, July 18.—A unit of 200 American marines and 100 Nicaraguan men, supported by a few more than 100 marines, defeated a band of 300 rebels and one marine in a battle near the town of Ocotal.

The rebels were routed and 300 were killed. One marine was also killed. The American and Nicaraguan forces used heavy bombing to defeat the enemy.

City Schools Given Extra Affiliations

Keeping step with the other activities of the city, Lubbock high school gained two and one-half additional units of affiliation with the state department of education, it was announced yesterday by city school officials after a report of the state inspector had been received here.

The credits were allowed; one on general science, one in stenography and typewriting and one-half in public speaking. This brings the total of units in affiliation with the department to near 25 units which is better than the schools of many cities much larger than Lubbock.

The official from the state department, who visited the local system in making the inspection of the quality of work here, reported that excellent work was found in every department. She complimented the work of the teaching force and intimated that the class done is well above the average found in the leading high schools of the state.

With the return of the report, officials are busy themselves preparing for the August scholastic examination. The city has every experienced. Supt. M. H. Duncan has laid plans to well provide for the overflow. An enrollment of over 5,000 is predicted.

TREATY MAY BE AGREED ON BY DELEGATES NOW

TWELVE WARSHIPS FOR U. S. AND ENGLAND TO JAPAN'S EIGHT

OUTLOOK HOPEFUL

MORE PROBLEMS MUST YET BE SOLVED BY EXPERTS

(By Associated Press) GENEVA, Switzerland, July 18.—Twelve 10,000-ton cruisers for the United States, twelve for Great Britain and eight for Japan—such is the tentative agreement reported to have been reached today at a private meeting of the chief delegates to the tripartite naval conference.

Despite the fact that the conference has been revived by the mediation of the Japanese and the conciliatory attitude of the British, difficulties are certain to be encountered, and must be overcome before the success of the party can be proclaimed assured.

Gun Problem Next Now that Great Britain has come down "handsomely," as one observer put it, in total tonnage figures and met the American views in this respect, the outstanding problem to be solved is the size of the smaller cruisers and the size of the guns to be mounted on these.

The British spokesman said tonight that it would be exceedingly difficult for Great Britain to obtain even the reduced number of cruisers, as now proposed, unless the Americans and Japanese agreed to increase the displacement in the second category of cruisers and restrict the guns to six inches.

Ship Plans Varied But the Americans may even ask the right to have the maximum of the second category placed at 5,000 tons, instead of keeping it at 4,500 tons, which represents the indefinite tonnage of the Omaha class of cruisers. The British tendency is to restrict the size to 5,000 tons, and to keep eight inch guns off the seas unless they are installed on 10,000 ton cruisers.

The American delegates apparently are aiming to convince the British that the American navy, whatever guns are carried, is not built against Great Britain, and that because of close Anglo-American friendship there can be no justification for apprehension.

British Supremacy Noted Moreover, the Americans point out that the British navy will be superior to the American up to the date of the termination of the projected treaty, no matter how fast United States may lay down warships.

The element of a preliminary Anglo-Japanese understanding concerning the maintenance in commission of obsolete cruisers, it is believed, can be worked out to the general satisfaction and the problem of the size of subsidiary cruisers and their armaments stands out as the real stumbling block. As to the submarines, it is deemed unlikely that Japan will insist upon parity with the United States and Great Britain, merely asking for a proportion better than 4-5-2 established at Washington for capital ships.

If the alleged tentative agreement concerning 10,000-ton cruisers stands, it means a ratio of 2-2-1 in this particular category, thus improving Japan's position.

TAX BOARD TO MEET ST. LOUIS GROUP WILL CONSIDER TODAY TO FIX TAX RATE FOR COMING YEAR AFTER LAST SURVEY

AUSTIN, July 18 (AP)—The State Tax Board today will meet to consider the report of the tax survey commission for the coming year.

The board will meet at 10 o'clock this morning at the State Capitol building in Austin.

Presbyterian Men To Meet Thursday

Preparatory to the Home revival, the First Presbyterian men of the church, are to meet at 7:30 o'clock Thursday evening for a special program. Dinner will be served according to Rev. Jack M. Lewis, pastor of the church.

Mrs. J. R. B. Cooper W. M. S. Leader

Mrs. J. R. B. Cooper was leader of the First Methodist W. M. S. women yesterday afternoon at the church with the topic, "Our Foreign Missionary Enterprises." Mrs. W. L. Daugh discussed the educational phases of the topic and Mrs. Cooper discussed the evangelistic phase and conducted a questionnaire on the foreign schools.

G. C. Harris, Early Settler Observes Birthday

G. C. Harris, 1249 Texas Avenue, a pioneer rancher of Lubbock and Young County, celebrated his seventieth birthday yesterday. His two daughters, Mrs. M. D. Beaman of Houston, and Mrs. J. A. Clark of San Antonio; two granddaughters, Maida Lee and Marjorie Nell Cook; a son, A. L. Harris and wife and daughter, Arline, and Mr. and Mrs. J. L. Murphy, of Alvin, sister and brother-in-law, Mrs. Harris, were guests in the home. Many other friends called to see Mr. Harris.

Group Enjoys Outing Near Post

Members of the Peters and Hayes office force and their families enjoyed an outing at Post Lake Saturday evening. Those in the party were Mr. and Mrs. E. R. Hayes and daughter, Mr. and Mrs. W. T. Strange and daughter, Miss Cecile Chittiner, Mr. and Mrs. W. E. Griffin, Eugene Adair, Miss Dorothy Griffin, Dick Griffin and Emory Franklin.

Baptist Pastor Will Preside At Post Encampment

With Rev. W. A. Bowen, pastor of the First Baptist church, officiating in his capacity as president, the annual Post Baptist encampment convened yesterday. About forty Lubbock folk left at about 10 o'clock for the scene of the gathering and will spend the week there with representatives from other churches in the Lubbock district. J. W. Mason, also of the First Baptist church here, is to be in charge of the singing.

Cupid Is Busy During Week-End In City; Helber-Crosser, Harris-Holt And Helber-Scott Nuptials Noted

Cupid was busy during the week-end in Lubbock and a number of wedding ceremonies were performed by local ministers. HELBER-SCOTT Miss Helber-Scott and Marcus E. Helber were married at 5 o'clock Saturday evening, with Rev. Walter P. Jennings, pastor of the First Christian church, officiating in his study. Three friends of the young couple accompanied them. They were Volney Hill and Misses Geraldine Smith and Ruby Arnett. Mrs. Helber is the daughter of Dr. and Mrs. Frank C. Scott, who made their home in Lubbock until a few months ago when they moved to Harlingen. An student in the Technological college, the bride resided in Lubbock after her parents moved to the Rio Grande valley.

The Woman's Day

By Allene Summer

The woman shopper was working feverishly, keeping one eye out for a sale. "Here," she directed her friend, "I've found a pair of socks for imperfections. See if you can find any other socks, any missing threads, any imperfections in the weave." She lowered her voice—"if you should accidentally catch your ring some place and make a snag in the goods, my feelings would be dreadfully hurt."

THE IDEA

"No, if you must know, I'm working to beat the high cost of living. Don't you work that old trick of finding damaged goods and getting a knock-off price? Why, Mrs. Phillips, I've found a pair of socks, my feelings would be dreadfully hurt."

IN ACTION

A saleslady dove into view with a pleasant "Can I show you something?" My good woman was ready for her. "I've found a perfectly sweet little jade earring here, but I'm not awfully sure of the size. Is this a 25?" Reassured, she started for the fitting room, all according to her carefully worked out plan. Suddenly she dove at the dress as it hung over the salesgirl's arms. "Don't tell me that's a drawn thread in the sleeve! Oh, I wouldn't risk that for anything! Please see if you have another in that size!"

HOW IT HAPPENED

Now, I can't swear to it, but I am rather sure that the prongs of the lady's ring had something to do with that "drawn thread." And I am rather sure, too, that the shopping lady knew perfectly well that there was no similar dress on the rack. The salesgirl reported this to the manager. "I'm sorry," she moved away with an "I'm sorry." Just the dress I wanted, but those drawn threads are so treacherous. They start runs, you know, and I just don't care to take the chance.

True-to-form, the saleslady rushed to the register. Diffidently, I know that probably money is no object to you. But it might make you hesitate less about taking a chance on the dress if you didn't pay such a price for it. If you would wait just a moment, I'll see what the buyer will do about it."

IT WORKED

Still playing the game, the shopper appeared indifferent, but mur-

How You Can Keep Pretty In Summer

CARE FOR BEAUTY IN HOT WEATHER OR ELSE CURE IT IN THE FALL. EXPERT SAYS

"If you like," turning away to wink triumphantly at her friend as the girl bore the frock away. It worked. She returned with a "Well, be very glad to allow you a \$10 reduction if you care for the dress," which the crafty one did, though appearing doubtful and disappointed to the very end. "The public is always right." This is the slogan handed the "lowest shop girl." The public can do no wrong. Sometimes we think that they might seem to practice this belief more than they do. Sometimes when a store sends us somebody else's kitchen towel instead of the one we bought, and we are forced to wait our turn in an advertiser's office for a half hour all because of their mistake, we're not so sure that we, the public, are considered as we merit.

Party To Compliment Crosbyton Women

Mrs. G. Clark Smith and daughter, Mrs. D. K. Bonduant, are entertaining at 215 Main Street, at 9:30 o'clock Thursday morning complimenting Mrs. I. R. Powell and Mrs. Clayton Carter, of Crosbyton.

Bridgeport Visitors Honor Guests At Party

Miss Ruth Culwell and Carl Culwell, of Bridgeport, were home guests when Miss Bernice Phillips and Tommie Phillips entertained Thursday evening at the home of their parents, Mr. and Mrs. H. D. Phillips. Other guests were Misses Martha Sinsard, Edna Mae Shover and Inez Lester, of El Paso, and Mr. and Mrs. Marvin Pines and Vance Gilbreath.

CLASS TO MEET

The First Baptist Cleaners class is meeting at 4 o'clock Thursday afternoon in the class room.

The Morning Avalanche Menu for the Day

Breakfast: Blackberries, cereal, cream, crisp bacon, soft cooked eggs, crisp toast, milk, coffee, tea. Dinner: Chilled fruit, cucumber, green peppers stuffed with rice and cheese, hearts of lettuce with French dressing, olive and nut sandwiches, meringues filled with raspberry moussé, milk, feed feed. Supper: Fried chicken, baked potatoes, kofnahl in cream sauce, beef cups stuffed with spinach, chilled watermelon, milk, coffee.

Meringues

Four eggs (whites), 1 cup powdered sugar, 1/2 teaspoon vanilla, few grains salt. Beat whites of eggs with salt until stiff and dry. Slowly add sugar, beating constantly. Beat in vanilla. Let a flat smooth board about an inch thick stand in cold water until the surface is wet. Cover with "fool's cap" or any heavy glazed white paper. Drop the egg mixture from the tip of a large spoon onto the paper. Do not let meringues touch each other. Bake in a moderately slow oven for 45 minutes. Scoop out the soft part inside. Dip shells and return to the oven to dry out.

OTHER WEDDINGS

Miss Jewell Adams and Glen Smith were married Sunday afternoon by Rev. W. A. Bowen, pastor of the First Baptist church, at his home and on Saturday this minister officiated at the wedding of Miss Mary Lanham and James Humpass.

Ostrich for Opera

ROCK OSTRICH FOR OPERA... An ostrich tip and buckle of brilliants is a novel way to enhance a sassy opera pump.

Editor's Note

With this article on general summer make-up for the complexion, The Avalanche begins an exclusive series on warm weather beauty hints by Madame Anne Gerardo, beauty expert. As a guide to follow, she details effective methods of preventing "red" look against the rigors of the outdoors. BY MME. ANNE GERARDE. For NEA Service. Summer care of beauty mind have been the topic of conversation that originated the old proverb: "An ounce of prevention is worth a pound of cure." For nowhere is it truer. The annual autumn peeling and tedious hours spent bleaching the skin and removing freckles can be dispensed with, if a little preventive care is taken earlier in the year. Swim, ride, play tennis or golf, walk and romp in the open for summer pleasure—yes! But don't forget your complexion! Your skin, milk, eyes, hair and lips all deserve a little consideration. Give it to them before you start into the water or to the tennis courts and you won't have to spend double the time getting them back to normalcy afterward.

Water and Sun Rub

Water and sun rub the skin of its natural oil. Try the simple precaution of covering the exposed surfaces with cold creams before venturing out-of-doors. There are freckle creams and sun creams—also for sensitive skin. Or if you wish, your own cold cream will suffice.

Hand in the Cream

Hand in the cream with a lavish hand over face, hands, neck, arms, shoulders and limbs. It will shed water like a duck's back and protect the skin in a marvelous manner. No uncomfortable blisters can come to a skin well protected with cream. No car tan break through with such vehemence. For exercise on land, dust the body with sun-powder before starting out.

Play in the Water

Play in the water or on the beach or courts if you will, hours on end. But after every form of exercise take a standing bath and apply more cold cream to keep the skin soft and pliable. Dust with talcum before dressing.

Lips succumb to exposure to wind and water, too. A good lip salve used before venturing out will protect them and keep the soft

smart, the sun's glare tries their strength and the dust and heat from sports strain them. The eyes should be washed before and after swimming, or other forms of sport, in warm water slightly disinfected, preferably with boric acid. Eye shades or hats should be worn for their protection whenever feasible. Hands are more expressive than is usually credited. One glance in the autumn will often reveal the entire summer's activity. To keep the hands soft and attractive cream or vaseline the nails daily for out-doors makes them dry and brittle and they need softening. Freckle lotion should be applied to hands that need them, just as much as to the face. Hands should be carefully creamed as often as you can yourself.

Care of the Hair

Hair should be rinsed carefully after shampooing, rubbed with a turkish towel to soften and brushed at least 50 strokes with a good stiff brush. The girl who stays in the land must remember that brushing and shampooing nightly to stimulate circulation. Some good stimulant circulation. Some good stimulant should be applied every other night and the head rubbed thoroughly with a bath towel to remove any oil from the hair itself.

Summer Make-up

Summer make-up is a problem in itself. Don't forget that a wind-blown face cries for a darker rouge and powder than a bleached winter face. Light powder looks anemic on a tanned face. These are simple precautions. But thought who is wise enough to consider her beauty in summer time will have no regrets. A natural beauty is never to be outshined. A little more is never nice—even to talk about.

Cultivate these simple beauty savers

and the summer will give you pleasure—no blemishes.

RODES' IS NEW OWN ON RAILWAY

AND NEW CITY WILL BE ON RAIL LINE IN FLOYD COUNTY'S TERRITORY

PLAINVIEW, July 18.—Rhodes is name of the newest town to be located near Plainview on the lines of the Fort Worth and Over South Plains railroad which is under construction. Rhodes is a town which will be at the junction of the Fort Worth and Over South Plains railroad...

Sell Lots About Aug. 1 The selling of lots in the new town will begin probably around August first, according to Ward who is already in Plainview making arrangements for the new town. Ward displayed a map which shows the improvements which will be placed at the junction town according to Ward, a depot, five hundred foot gravel platform, oil station, water pumping plant, plant, electric house and several repair tracks will be located in Rhodes in addition to other improvements. Ward says that the payoff of the Denver will have more than fifty-five people on it at the time of Rhodes, and that during the time the rails are being fifteen hundred people will have their headquarters there. Rhodes is surrounded by a well developed diversified farming section, and in Floyd County, one of the outstanding agricultural counties of Texas.

LAN ENCAMPMENT FOR CHURCH FOLK

HANDLE BAPTISTS ARE PREPARING FOR ANNUAL MEETING ON GITA CANYON

PLAINVIEW, July 18.—Preparations are being made for the annual encampment of the First Baptist church which will take place in Gita Canyon, 26 miles southwest of Canyon, August 15-21. An especially strong program has been arranged for the meeting, with Millard A. Jenkins, pastor of the First Baptist church of Abilene, one of the main speakers. The problems of Sunday school, of the R. Y. P. U. sections, of the Women's Missionary Union will be given detailed study during the week.

Site Is Picturesque The Panhandle Baptists own one of the most picturesque sites about the state. A large number of individuals in churches and homes camp on the ground during the annual meeting.

The place is used as a recreation ground during every month of the year. It is so located that even the most timid can enjoy the camp in comfort. The Baptist encampment grounds are of particular interest to students of nature study, because of the many varieties of birds and plants to be found there.

ANSARD TO TEACH VIOLIN AT DENTON

DENTON, July 18.—David Hansard of Marshall, recently head of the violin department at the University of Arkansas, will begin his duties as violin instructor and director of the orchestra at the College of Industrial Arts next fall. Mr. Hansard is a graduate of the University of Arkansas and has studied in Chicago and New York. Mr. Hansard has appeared numerous times in various parts of the country as a violinist and soloist.

ADDITION TO C. I. A. UNIFORM APPROVED

DENTON, July 18.—A two piece light blue serge dress has been approved as an addition to the uniform of the College of Industrial Arts beginning with the fall term. The dress has also been made of the white voile dress which will have a few tucks around the neck and more attractive neck detail. A white coat which may be of material except flannel or silk is also added to the senior wardrobe. Black patent leather slippers will be used for afternoon and evening wear and the undergarments should be made up in a light color. The dress should be an exact replica of the white felt which her sister will wear.

MCCARTHY IS FREED ON FENCE MOVING CHARGE

DENTON, July 18.—C. C. McCarthy, charged in justice court with having moved a boundary line fence without the consent of the adjoining property owner, was freed by a trial jury yesterday. McCarthy was alleged to have moved a fence in Lubbock without consulting his neighbor about it.

ALPINE ZONES CITY

PLAINVIEW, July 18.—Zoning restrictions made by the city council here yesterday proved so popular that the council has been extended to include a large part of the town.

Next On Docket — His Own Case,

Dudley Field Malone, New York lawyer famous for his success in obtaining Paris divorces for clients, is to have divorcement of his own, his wife, Noble Stevens, noted woman's rights champion, in Paris preparing to sue.

REORGANIZATION OF POSTAL SYSTEM OF ACCOUNTING IS NOW REQUESTED

WASHINGTON, July 18.—A systematic effort to bring about a complete overhauling of Postoffice Department bookkeeping and revision of postal rates when the next Congress convenes is foreshadowed in a communication on the subject sent today to more than 1,000 legislative members of the Chamber of Commerce of the United States by its president, Lewis E. Pierson, of New York. It is asserted on the part of the National Chamber that with a businesslike accounting system the Postoffice Department, instead of showing an operating deficit of more than \$27,000,000 would show a surplus. The apparent deficit, it is explained, is due to the fact that the government charges against the department all the free and less-than-cost services which are a part of governmental policy.

False Accounting Claimed By following the course of attempting to make commercial mail pay not only the cost incurred in handling it but a portion of the deficit incurred in the handling of free and less-than-cost mail, it is asserted, rates on revenue producing mail have been pushed so high as to become unjustifiably burdensome to the public with which it originates. Following business practice it is contended, cost free and policy services should be charged against the general fund of the government, instead of being added upon special users.

Experience has definitely demonstrated," President Pierson says in his communication, "that the present scale of postal rates is not on a reasonable basis and is resulting in considerable losses to various users of the mails and therefore to the public in general. These facts have been brought out at the various hearings before the Postoffice committees of congress, and the Postal Service committee of the chamber has rendered a report which shows clearly that a revision of postal rates should be made as soon as possible.

Operation Plan Fails There has been a more or less generally accepted idea that the receipts from the postal service should fully cover all of the costs of that service. This is contrary to accepted business principles and overlooks the fact that efficiency and speed of the service should be the first consideration. It also overlooks the fact that congress, in its wisdom, has seen fit to use the postal service for carrying out of governmental policies by the granting and extending of "free" or "less than cost" services.

In the making of postal rates, applicable to purely commercial business, the following elements should be fully considered: First, the cost to the Postoffice Department of the handling of free or less-than-cost matter; second, the rates should be so made as to encourage the further use of the postal service and thus reduce the units of overhead expense; third, the rates should be made on the different classes with regard to the character and volume of the service and the conditions under which it is performed, in the same manner as rates are determined by the Interstate Commerce Commission for the transportation of freight and express.

Free Service Blamed The net cost of these governmental policy services should be charged to the general treasury, in the same manner as the cost of services of the other governmental departments, and thus eliminate from one of the biggest businesses in the world the present unfair and discriminatory method of making the users of commercial mail pay for governmental policy services. If such an adjustment of rates had been made and proper accounting rendered for governmental policy services, the last annual report of the Postmaster General would not have shown a deficit.

The substance of the foregoing legislation can be emphasized by the following facts. The Postmaster General reported an operating deficit of \$27,000,114 for the postal service in 1926. The Postoffice Department, however, included in its accounting bill cost of all governmental mail carried free and also the cost of various mails carried at less than cost under established public policy. These policy services cost the Postoffice Department considerably more than the amount of the reported deficit. An analysis of the facts made by the Chamber's Postal Service Committee and referred to in the resolution quoted above, reveals convincing reasons why the reported deficits should not be regarded as an argument for retaining the present unfair and uneconomic rates on commercial mail.

Brotherhood because her mother was having her long tresses bobbed, little Miss X, aged 8, crossed quite a few in a school-bus-bound street and her sobbing was interrupted with threats to tell her daddy if the trimming process continued. Offers of ice cream cones or opinions that the new haircut looked better failed to console her and when last seen she was still firm in her threat to tell her papa about it and have some action taken. Her own blond curls reached her shoulders and she didn't want her mother's cut off.

Two stolen autos are recovered by officers. Two automobiles, stolen in this city, have been recovered by officers here. The Buick sedan of Gus Kallas, proprietor of the Tech Cafe, was recovered Sunday morning about 5 o'clock on Avenue I, after being taken from his place of business Saturday night. J. C. Roberts found it. The Chrysler brougham sedan belonging to L. G. Morgan, of Stillwater, Okla., which was stolen from its parking place in front of Hotel Lubbock Thursday night, was recovered Sunday morning after a bus driver reported an abandoned car two miles south of Sparanburg. The car was damaged to an extent of about \$125.

WEST TEXAS OIL NEWS

TWO NEW LEASE BLOCKS ARRANGED AT MIDLAND

MIDLAND, July 18.—Two new drilling blocks have been obtained in Midland county by operators who paid for straight leases, but announce they will drill before the end of the year. C. P. Sheldon, Electric Oil man, bought 12 sections on the Bill Van Huse and the A. C. Francis ranches blocks 39 and 40, township 4 south. The exact location of the well has the industry. San Angelo operators own another 12 sections in the same blocks and announce their intention to drill before the end of the year.

SEMINOLE ONE YEAR OLD, SHOWS LARGE PRODUCTION The Seminole field of northern Oklahoma was one year old Saturday. In that year it has produced more than 68,000,000 barrels of oil, an amount which has caused the worst condition of over-production in the industry. San Angelo operators have slowed up the development of the area. There is no doubt but that this over-production in Seminole has retarded the development of the South Plains area, and when it begins to fall off there will be a great deal more activity in this district.

SAN ANGELO IS HOST TO GEOLOGISTS MEETING At a meeting of the West Texas Geological society held in San Angelo last week, several invitations to hold their meetings in other West Texas towns were considered. Among the towns which asked the society to meet with were Abilene, Coleman, Colorado, Midland and Brownwood. It is hoped that Lubbock will invite them to meet here at some time in the near future.

MAGNOLIA MAKES SIX NEW LOCATIONS The El Capitan Oil company, Ellwood-Myrick No. 1-A is reported to be drilling in red rock and salt at 275 and expects to complete their contract to 3500 feet within a short time. The first hole was lost at about 1600 feet and they were compelled to skid the rig. The present hole, however, is reported to be in good shape and no more trouble is anticipated.

EXPLORATION WELL NEAR LOCKNEY SPUDED IN LOCKNEY, July 18.—The oil and gas test well being drilled by Cope and Fox, contractors, for the southern Exploration company, 10 miles southwest of Lockney, has been spudded in and drilling started. The contract calls for a well to be drilled 4,800 feet, and a standard rig is being used for the drilling. This is the first test well to be started in this section of the county, and a large acreage has been leased by the company. Another well is now being drilled about 20 miles east of Lockney, having been spudded in several days ago. This well is on the lands of the Matador Cattle company, in the eastern part of the county. It is rumored that there will be at least two more test wells in the near future north and east of Lockney, as a large acreage has been leased for the purpose of drilling tests.

Mr. and Mrs. C. F. Hancock and family of Weatherford, Okla., spent the week-end in the home of Dean and Mrs. A. H. Leidigh, 2169 17th Street. They were en route to Mesquite, N. M. Reverend Hancock, Coleman, Okla., Midland and Brownwood. It is hoped that Lubbock will invite them to meet here at some time in the near future.

Mr. and Mrs. C. A. Whaley have returned to their home in Waco after visiting Mr. and Mrs. W. H. Trice, 2508 14th Street.

Mr. and Mrs. Clayton Gamblil, 826 Avenue O, are expecting as their guest today Miss Janice Johnson, of Ada, Okla. She expects to visit here for several weeks.

Miss Elizabeth Thompson, who has been visiting Miss Sue Bryan and attending the Technological college during the first summer term, has returned to her home in Honey Grove.

Mr. and Mrs. A. G. Chauncey have come to Lubbock from Abilene and are making their home at 1429 16th Street.

Miss Ivo Wilson has returned to Lubbock to attend the Technological college during the last summer term. She was one of the college representatives at a Y. W. C. A. encampment in Missouri during the first part of the summer and has been visiting in Oklahoma and Texas since then. She was a week-end guest in the home of Mrs. J. B. Edwards, 1629 19th Street.

Mrs. D. C. Cain, chief telephone operator of the Hotel Lubbock, left Monday morning for Haskell where she will spend a two weeks vacation.

New! help from a new kind of IRON Here's an iron that says, "I'll watch my own temperature. All you have to do is watch the ironing!" Just connect the cord of the Automatic and it heats up quickly. As soon as it reaches the highest good ironing temperature, the million dollar thermostat turns off the current. When it cools to the lowest good ironing temperature, it turns on again. Even when you're called away from the ironing board, you don't have to stop and detach the cord. Merely turn the iron up on the heat rest. It will stay within the right temperature range indefinitely.

Slaton Boys Will Attend A. & M.

SLATON, July 18.—Two Slaton boys, going as a part of the Lubbock County delegation, will attend the A. & M. Short Course at College Station, July 25 to 30. They are T. J. Thornton, son of Mr. and Mrs. C. C. Thornton living in the Pecos community, and R. V. Mullenix, son of Mr. and Mrs. C. R. Mullenix, of the Union community. Each boy is sixteen years old. The Slaton Chamber of Commerce will pay the expenses of the trip for the two boys, according to J. W. Hood, president.

ORDINANCE NO. 380

BE IT ORDAINED BY THE CITY OF LUBBOCK:

An ordinance granting a franchise and certain privileges to the West Texas Gas company, a corporation, with its principal office in the city of Amarillo, Potter county, Texas, and establishing rules and regulations for the use of natural gas for light, heat and power, and establishing a maximum limit for price to be charged for such gas.

WHEREAS, West Texas Gas company (a corporation) has applied to the Mayor and City Commission of the city of Lubbock, Texas, to grant said company the right to lay and maintain and operate a gas plant for the distribution of natural gas for light, heat and power within the city of Lubbock, Texas, upon the following terms and conditions, and reservations, such rights and franchises to be as follows, to-wit:

Section 1. That the right to furnish, distribute and sell natural gas for light, heat and power, for all such other purposes for which gas may be used within the city of Lubbock, Texas, for a period of twenty years from the date of the passage and approval of this ordinance is hereby granted to the West Texas Gas company (a corporation), its successors and assigns, hereinafter called the grantee, subject, however, to the provisions hereinafter incorporated in this ordinance and for such additional period or extensions of time as may at the expiration of the said term of years, and upon conditions then found to be satisfactory to the officials of the city of Lubbock, and to this ordinance and franchise is to be in effect and run from and after the date and day of its passage and approval.

Section 2. That the said grantee is to have the right to lay mains, pipes and equipment and to construct such buildings and install such machinery or equipment, and to sell or lease such equipment to the citizens of Lubbock, Texas, as may be necessary or advisable in their judgment for the proper performance of the service to be rendered to the city of Lubbock, and to its citizens and inhabitants to the best interest of the gas consumers and to have, at all times, access to the streets and alleys of said city for the purpose of laying such mains, pipes and equipment, as may be needed from time to time during the term of this franchise, or any extension thereof, provided, that at no time shall the grantee obstruct such streets or alleys so as to interfere with the public use thereof, and all damage to persons or property resulting from the negligence in the manner of constructing such distributing plant or system and guarding the same while under construction, by a good and sufficient bond extended by the grantee and some reputable surety company permitted to do business in the State of Texas, in the penal sum of Twenty-Five Thousand Dollars (\$25,000.00).

The work done in connection with the construction, maintenance and operation of said plant and transmission, transportation and distributing system, and the location of regulating stations, vent pipes, feeders, gas valves, gauges, stock boxes, manholes, by-lanes, and high pressure mains, pipes, feeders, service pipes and conduits and service pipe extensions and all appurtenances in the streets, highways, alleys and other public places in the city shall be subject to and governed by the regulations, rules and ordinances now in force or that may be hereinafter lawfully adopted.

Section 3. That all mains shall be laid at least six (6) feet below the surface of the ground, and so laid as not to interfere in any manner with water mains or pipes or sewers of said city, or pipes or conduits of other utilities already installed, and that the connections

with the gas mains and pipes shall be placed and laid to the property line of the consumer at the expense of the grantee. That the grantee shall not be required to extend main lines more than one hundred and fifty (150) feet to any one consumer.

Section 4. That said grantee shall at all times after said gas distribution system has been established and placed in operation, be prepared to furnish said city and its inhabitants with a good quality of gas for light, heat and power, and other purposes, and said grantee shall furnish such gas for all purposes for which same may be used in sufficient quantities to supply the needs of the said City and its citizens.

The said gas shall be furnished to said city and its inhabitants for domestic use at a net price not to exceed sixty-seven and one-half (67 1/2) cents per thousand cubic feet for all gas used; provided, however, that gas used for heating public buildings, churches, hotels and apartments shall be sold at the following rates:

For the first 50,000 cubic feet used per month 67 1/2 cents per M. For the next 100,000 cubic feet used per month 30 cents per M. For all used in excess of 150,000 cubic feet 40 cents per M. That the maximum rates for industrial gas shall not exceed the rates set out in the following schedule:

For the first 50,000 cubic feet used per month 45 cents per M. For the next 100,000 cubic feet used per month 35 cents per M. For the next 200,000 cubic feet used per month 30 cents per M. For the next 500,000 cubic feet used per month 25 cents per M. For the next 10,000,000 cubic feet used per month 22 1/2 cents per M. For the next 20,000,000 cubic feet used per month 20 cents per M. For the next 50,000,000 cubic feet used per month 18 cents per M. For the next 100,000,000 cubic feet used per month 15 cents per M.

That all bills shall be due and payable monthly, and within ten days from date rendered, and in default of non-payment within said time the grantee shall have the right to discontinue service to said consumer, and to make an additional charge for the gas used for any purpose equal to one-ninth (1-9) of the bill rendered. And in case said consumer shall make application to have services re-established and gas re-connected with his premises, he shall be required to pay all delinquent bills, together with the penalty thereon, and to pay a charge not to exceed \$1.50 for domestic use and heating purposes, and \$2.50 for industrial use. It is further provided that the grantee shall be allowed to make a minimum charge of \$1.50 per month for gas for domestic and heating service and \$2.50 per month for industrial gas service.

All gas furnished or supplied by grantee shall be metered, and for this purpose the grantee shall, at its own cost and expense, provide and install for each consumer a good and accurate meter of standard make, to be approved by the city commission, and when grantee reads its meters to determine the amount of gas furnished each month, a copy of such reading shall be left with or at the residence or place of business of the consumer. Grantee shall also provide and maintain at its proper cost and expense facilities for testing gas meters to be to the satisfaction of and approved by the city commission; and said grantee shall also provide and maintain, at its proper cost and expense, a standard meter prover or not less than five cubic feet capacity, to be selected by the city commission, equipped with suitable thermometers and other necessary accessories which shall be maintained to the accepted standard of accuracy, all to be to the satisfaction and approved by the city commission. Such meters shall be and remain the property of the said grantee, and the grantee shall have the right to require the customer or consumer to deposit with it a sum equal to the maximum monthly bill of the consumer, provided, however, that no deposit shall be in an less sum than \$10 for domestic meter, and \$15 for industrial meter.

Section 5. The natural gas to be furnished hereunder shall be at all times kept to a standard of eight hundred British thermal heat units or higher per cubic foot at the point of consumption, at a temperature of thirty-two degrees Fahrenheit, or zero Centigrade, and to determine whether the gas supplied is of the heating value above specified, the city of Lubbock, may have tests made by a competent analyst under recognized and scientific procedures according to the approved method of making such tests, and said tests shall be from samples of gas collected from the grantee's mains at any point or points within the city. If the result of such tests show that during a month the daily average of the gas supplied was below eight hundred British thermal heat units, then there shall be deducted from the customer's bills for gas during such month a proportionate amount, based upon the deficiency below said eight hundred British thermal heat units. In any month when such tests are being made, the city shall advise the grantee of the result of each test within a reasonable time after it is made, and the official report of such analysis, of which said grantee is so advised, shall be taken and accepted as the agreed prima facie correct test of the heating value of the gas furnished during such month and thereupon a different rate of gas shall be determined or ascertained in a similar manner; said grantee shall furnish gas to consumers at a pressure of not less than four ounces, nor greater than eight ounces, measured at the consumer's meters outlet.

Said grantee shall supply and install not less than four, and as many as may be needed approved self-registering pressure and gas gauges capable of recording the pressure of the gas in the mains at points in the city designed by the city commission, and said self-registering pressure gauges shall be placed at stations which, in the opinion of the city commission, fairly represent the pressure on adjacent territory; and such stations shall be securely inclosed under locks, and duplicate keys to said stations shall be retained by the city manager, or some officer authorized by the city commission, and such pressure gauges shall be equipped with removable recording dials to record the pressure, and the said city manager, or some representative authorized by the city commission, shall cause to be removed from said pressure gauges the pressure records of the preceding period, and provide the gauges with recording blanks for the next period during which such record is desired by the city; and each record taken from such pressure gauges shall be filed in the office of the city secretary of the city of Lubbock, and a record thereof be entered upon the books of the city by the said city secretary; and the said city manager, or some representative authorized by said city commission, shall keep self-recording dials in said pressure gauges continuously for a month, or as often as is required by the city commission, and the said record and the said book record shall each be competent and prima facie proof of the pressure at the point at which such record was made at the time as shown by said gauge records.

Each consumer of gas shall install and maintain suitable pipes and appliances and fixtures, except meters, subject to the approval of the city commission, or such superior, inspector or other representative as may be authorized by said city commission to pass upon the same.

Section 6. The city reserves the right to lay and permit to be laid electric conduits, water and other pipe lines or cables, and to do and permit to be done any underground work that may be deemed necessary or proper by the city commission, in, across, along or under any street, alley, highway, or other public place occupied by the grantee; and whenever, by reason of changes in the grade of any streets, or in the location or manner of constructing any water pipes, electric conduits, sewer or other underground structure, it shall be deemed necessary by the city commission to alter, change, adapt or conform gas mains and service pipes or grantees, such alterations or changes shall be made by the grantee when ordered in writing by the city commission or any superior or other representative of the city commission so authorized to act, without any claim for reimbursement for damages to the city; said grantee shall indemnify and save harmless the city of Lubbock from any and all claims for injury or

damages to persons or property occasioned by or arising out of the construction, maintenance, operation or repair of said grantee's transmission, transportation and distributing system, and by the conducting of the business in the city.

Section 7. The right to use the streets, alleys, highways or other public ways or places of the city of Lubbock by the grantee, as provided in Section 2, above, shall be and is subject to the following restrictions, limitations and conditions, viz: that in building additional mains or lines of pipes, said grantee shall build and construct the same along and under the alleys, streets, where alleys exist, rather than along and under streets, and shall only use the streets for same insofar as may be necessary in connecting from one alley to another; and said mains and pipe line shall be so laid that the top of said main or pipe line shall be placed below the surface of the street or alley and so as to protect all having wire cables, water pipes, underground wires or sewer laterals, and shall be so constructed and located with reference to water lines and sewer mains as not to interfere therewith, and unless the direction and to the satisfaction of the city commission or the city engineer.

Section 8. That the city commission hereby reserves the right to install at the point where said grantee receives its gas for distribution in the city consumers, schools and hospitals in the use of gas until such time as the supply may prove adequate for all purposes. Provided further that grantee shall not be liable for any damage resulting from such accidents either to the lines of the grantee or to the lines on property of consumers.

Section 9. That this franchise is granted to the grantee herein on the representations and distinct understanding that similar franchises have been, will be or may be granted to it by the cities of Plainview, Canyon, Tulla, Lockney, Floydada and Slaton, and that each franchise will provide for the sale of gas at the same price and that payment therefor will be made on the same terms as provided herein, and it is hereby provided that if at any time any one or more of the above cities makes the requirement that gas shall be sold at a lesser price, or on more favorable terms, and the same are acquiesced in by the grantee, or if the grantee at any time sells to any of the above cities, or the inhabitants thereof, at a lesser price, or on more favorable terms of payment, then and in that event the city shall have and hereby reserves the right to amend this franchise to provide for the sale of gas at the same price or price for like use, and on the same terms of payment granted to any one or more of the above cities, and the inhabitants thereof, that in the event gas is found at or near any of the above named cities of sufficient

quality and in sufficient quantities to be used therein, that the above provisions as to the equalization of rates shall not apply.

Section 10. It is provided that the grantee shall in good faith begin the construction of its main lines and distributing systems at once, and shall complete such main line by December 1, 1927, and shall be prepared to serve gas to consumers on or before December 1, 1927, provided, however, that grantee shall not be liable for time consumed out of such period by strikes, acts of providence, acts of constituted legal authorities, or acts beyond the control of grantee.

Section 11. That the grantee herein shall have the right and privilege of assigning this franchise and all the rights and privileges granted hereunder, and wherever the word "grantee" appears herein it shall be construed as applying to its successors and assigns.

Section 12. That in further consideration of the privileges and franchise granted to the West Texas Gas company, it shall adopt and use any and all reasonable safeguards to provide for the protection of persons or property against injury or damage growing out of the use of gas distributed in good order and maintain and equipment used in said city for the distributing of gas, and shall always be prepared to furnish said city and its inhabitants a sufficient quantity of gas for the purposes provided; however, that in case of explosion or accidents of any character or nature beyond the control of grantee, to the main lines or to the distributing system provided herein, or shortage of gas supply in the fields from which the grantee secures the gas and the grantee is not able on account of such unavoidable conditions to furnish gas for all purposes, that preference shall be given to hospitals, schools and homes in the use of gas until such time as the supply may prove adequate for all purposes. Provided further that grantee shall not be liable for any damage resulting from such accidents either to the lines of the grantee or to the lines on property of consumers.

Section 13. This ordinance shall take effect and be in force from and after its passage and approval and publication as provided by law. PASSED AND APPROVED THIS 8th day of July, A. D. 1927. PINK L. FARRIS, Mayor, (Seal) City of Lubbock. (Attest: U. W. McCleary, City Secretary.

Section 14. That the grantee herein shall have the right and privilege of assigning this franchise and all the rights and privileges granted hereunder, and wherever the word "grantee" appears herein it shall be construed as applying to its successors and assigns.

Section 15. This ordinance shall take effect and be in force from and after its passage and approval and publication as provided by law. PASSED AND APPROVED THIS 8th day of July, A. D. 1927. PINK L. FARRIS, Mayor, (Seal) City of Lubbock. (Attest: U. W. McCleary, City Secretary.

Section 16. That the grantee herein shall have the right and privilege of assigning this franchise and all the rights and privileges granted hereunder, and wherever the word "grantee" appears herein it shall be construed as applying to its successors and assigns.

Section 17. That the grantee herein shall have the right and privilege of assigning this franchise and all the rights and privileges granted hereunder, and wherever the word "grantee" appears herein it shall be construed as applying to its successors and assigns.

Section 77. That the grantee herein shall have the right and privilege of assigning this franchise and all the rights and privileges granted hereunder, and wherever the word "grantee" appears herein it shall be construed as applying to its successors and assigns.

Section 78. That the grantee herein shall have the right and privilege of assigning this franchise and all the rights and privileges granted hereunder, and wherever the word "grantee" appears herein it shall be construed as applying to its successors and assigns.

Bankhead Sector To Be Resurfaced

MIDLAND, July 18.—Contractors are at work on the resurfacing of that sector of Bankhead highway traversing the road, Martin Midland and counties is certain next year according to W. H. Ely, state highway commissioner. The road, these counties is topped with asphalt, but this is fast crumming away beneath the heavy load of trucks. The Midland and Big Spring chambers of commerce have urged resurfacing the highway as a matter of economy to save the tax-payers already down. Judge Ely declared to Midland chamber of commerce that investigations showed highway should last till next year with but little loss, and that would then be resurfaced.

CITIES SERVICE OILS ONCE - ALWAYS CITIES SERVICE GASOLINE

READY TO SERVE IN OUR NEW LOCATION CORNER OF SEVENTH AND AVENUE J With this announcement of our new location, we desire also to impress upon prospective builders, the advantages that we offer in building service. Years of experience and the unusual resources of this organization, have made it wonderfully active in the construction industry for many years. Upon rigid investigation, many of those whom we have assisted, were largely influenced by these factors, and how well we have served is best indicated by the fact that we serve again and again those whom we have served in the past. In addition to securing the highest quality materials for your structure, you also avail yourself of the resources of an organization whose personnel knows the construction business from beginning to end, a feature that is of inestimable importance in satisfaction obtained and economy of construction. We'll be glad to assist you in any manner possible with your building problems, for we know that the superiority of our service offers advantages that you will surely desire to take into consideration when you build.
