Volume XXXIX.

Junction, Kimble County, Texas, Friday, September 1, 1922.

DEMONSTRATION BY DISTRICT AGENTS.

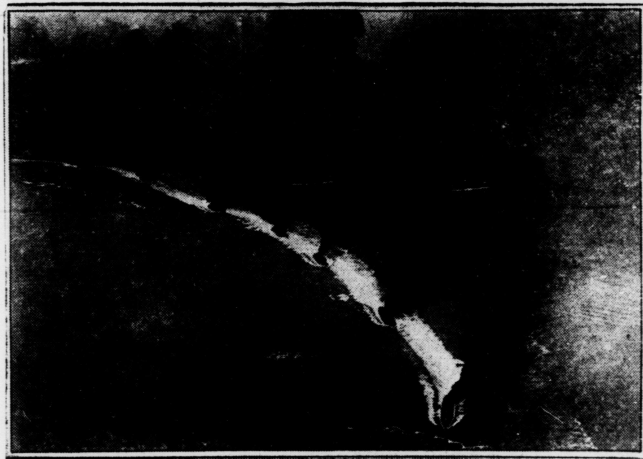

**Many Attend Canning
And Poultry Culling
Lecture and Dem-
onstration Here
Last Friday.**

W. H. Darrow, in charge of County Agent work in South-west Texas for the U. S. Department of Agriculture, and A. & M. College, co-operating, and Miss Bennie Campbell, District Home Demonstration Agent with the Department, were in Junction Friday and at Roosevelt Saturday, in the interest of their particular lines of work, and in response to requests by a number of citizens of the county, particularly those who were in attendance at the sheep and Goat Raisers' Association at San Angelo, where canning and agricultural demonstrations were given, that attracted the attention of local citizens.

Mr. Darrow has thirteen local county agents working under him, while Miss Campbell has eight. It is hoped by those interested locally and by the agents, that it may be possible to arrange with the commissioners of this county to have a local agent here after this fall.

The particular work that Mr. Darrow was doing here was in the line of showing the necessity of a better grade of chickens for profit. He states that the average hen lays less than 48 eggs per year, while in order to be profitable they should lay at least 90, and that by proper selecting and culling, along the lines suggested by him last Friday, that the average could be brought to 125 or 150. In some particularly well selected flocks the average is as high as 175. The average number that must be culled from flocks, to secure profit in poultry raising, is 10 to 20 per cent.

Possibilities in the poultry line are almost unlimited in this section of the State and the industry, so far as it is practiced

Wonderful Photo of United States Destroyers Throwing Out Smoke Screen.

commercially, is in its infancy. With the coming of good roads, which now is a matter of a few months, interest in poultry raising will doubtless take on added life, and thousands of dollars yearly added to the present income of the country.

A good crowd was present both morning and afternoon here and at Roosevelt, and those attending expressed themselves as highly pleased with the demonstrations.

One party composed of John Hunter, Porter Metcalf and Sam Adams, and another of J. P. Hunter, J. E. Payne, and L. M. Casler, all of Dallas, spent last week here fishing. Messrs. J. P. Hunter and Casler are with the Southland Life Insurance Company. They were directed this way by our good friend and booster, E. W. Menter of the Avery Company.

Prominent Attorneys are Visitors Here Few Days.

Judge Funderburk and wife, Ex-Senator J. J. Strickland and daughter, Pauline, and George D. Hunter, spent most of last week camping and fishing at the W. H. McKee ranch on South Llano.

Judge Funderburk is from Eastland and is a brother-in-law of Senator Strickland's, and Mr. Hunter is the Senator's father-in-law, and Ex-assistant chief of police of San Antonio.

All were highly pleased with their visit and were eloquent in their praise of the country, the hospitality of the people here, more especially of Uncle Billie McKee and Mrs. McKee, who extended them so many courtesies while here, and we hope that the party will soon return, bringing a number of their friends with them.

Senator Strickland formerly lived at Eastland, but now has a law office in San Antonio. The Senator is one of our many boosters, and an all round fine fellow, and it is always a pleasure to see him out this way.

Dallas News Carries Big Write-up of Hill Country

The Dallas News of date Sunday, August 20th, had a very well written article by G. A. McNaughton, traveling Fish, Game and Oyster Commissioner for Texas. A number of excellent photographs of scenes in this county and of some of the country farther west were shown. One error was made. In showing the Alpine Drive just east of Junction, the explanation stated that this was a scene near Sonora. It is near Sonora—only 65 miles east—but is considerably nearer Junction.

Mr. McNaughton has been in Junction twice this year and is one of our prominent boosters. He is particularly interested in wild game preservation.

At the time he secured the data and pictures for this Dallas News write-up he was a member of the Old Spanish Trail Caravan that was going to the Davis Mountains for the O. S. T. Convention.

Attorney Fred E. Knetsch was in Kerrville for the West Texas Fair Wednesday, and went from there to Uvalde on legal business for two or three days.

Masonic Pictures Presented Here Wednesday Night.

Attorney Frank Hartgraves and several other prominent Masons from Menard, were here last Wednesday night and presented a special motion picture film to the members of the local lodge and those of Roosevelt and London. Judge Hartgraves also delivered a Masonic lecture. He was introduced by Oren C. Leid of the First National Bank.

Judge Weaver H. Baker presided over the meeting. After the principal address short talks were made by Judge Stevenson, Uncle "Fuzzy" Adams and J. N. Hodges.

A large number of members from the different lodges were present and a very enjoyable and enthusiastic meeting was held. After the meeting here the Menard party went to Sonora, where a similar meeting was held the following night.

HOW CADIDATES STOOD MONDAY.

**Final Returns Mayfield
59,991 Majority Over
Ferguson. David-
son Wins Over
Bill Mayfield**

When returns from 215 counties, including 49 complete, had been tabulated Sunday night, accounting for 505,095 votes, Earl B. Mayfield was leading James E. Ferguson by 59,991 votes.

This is a reduction of 8,000 in his lead as shown Saturday night, but is due to the correction of errors in Saturday night's tabulation when totals were rechecked.

Sunday's returns gave no reason to believe that Ferguson would make material gains in the remaining votes to be heard from, totaling probably not more than 50,000 or 60,000.

Ed. R. Bentley gained approximately 1,000 votes on S. M. N. Marrs in the 39,000 votes tabulated in this race Sunday, but if this rate should be maintained in returns to come it would not change the apparent result. Marrs' nomination seems assured.

Mayfield ran strong throughout the State, with the heaviest vote in the larger counties, such as Dallas, Tarrant, McLennan, Harris, Travis, Jefferson. These counties gave him leads of from one to one-half in some instances to two to one and more. He swept the big blackland counties of North and Central Texas and most of the larger counties of East and Southeast Texas, though in these his majorities were not as large as in the black land counties.

A tabulation of what is known as the strictly West Texas counties reveals a reversal of the expected claims of the Ferguson men. They freely predicted that Ferguson would carry most of counties in West Texas and the Panhandle, and would come out of that territory with a lead of from 10,000 to 20,000. A tabulation of the votes of counties west of Fort Worth along the T. & P., and including El Paso and Tarrant, and along the Fort Worth and Denver from Fort Worth to the Oklahoma line, and all counties in the area between these roads, shows Mayfield carried that section by 34,752 votes. The votes in these counties gave Mayfield 68,553 and Ferguson 43,891.

The final tabulation of votes, accounting for over 505,000 votes, shows:

For U. S. Senator:

Ferguson 222,052
Mayfield 282,043

For Lieutenant Governor:

Davidson 277,934
Mayfield 191,565

For State Treasurer:

Terrell 256,615
Garrett 195,227

For School Superintendent:

Marrs 237,678
Bentley 225,668

DREAMS.

What would you do if you hadn't a dream
Shining beyond like a star?
What would you do if it were not for the gleam,
The brightness, the sweetness, the joy of that dream
Which becons and guides from afar?

Your dreams are the wealth of your spirit, the goal,
The ideal you long to attain,
The radiant vision that gladdens your soul,
The hope that illumines the years as they roll,
And robs them of sorrow and pain.

—Christine Kerr Davis, in Leslies.

COUNTY ELECTION LAST SATURDAY CREATES INTEREST

**Ferguson, Davidson, Terrell and Marrs Carry County on State
Ticket, While Skaggs, Gibbs and Bissett Receive
Majorities in County Ticket.**

Much interest was manifest throughout the county last Saturday in the run-off primary for four State and three county offices. Cars were busy most of the day, providing ways for those those to get to the polls, who might not have voted, had transportation not been furnished them. Women took a particular interest in both State and county offices and the woman vote was in several instances the deciding factor in the election of candidates. The number who voted the complete ticket at this election was noticeably greater than for the first primary, doubtless due to the fact that the ticket was much shorter and many who, as inexperienced electors, were somewhat awed by the long ballot, were better able to pass on the few remaining candidates.

Since the election there has been considerable talk of contesting the vote for certain offices, where the majority was small, in the London and Junction boxes, where the largest vote was cast.

A comparison of the number of votes for the several offices in the first and second primaries show the following:

Office:	1st Primary	2nd Primary
U. S. Senate	917	1,178
Lieut. Gov.	852	1,076
State Treas.	834	1,045
State Supt.	847	1,046
County Clerk	1,191	1,277
Sheriff and Tax Col.	1,202	1,269
Tax Assessor	1,205	1,271

Falfurrias Man is Selected Head of Cattle Raisers'.

Organization of the Texas Cattle Raisers' and Producers' Commission Company, a co-operative commission firm, was completed late Tuesday afternoon with Ed C. Lasater of Falfurrias as president; S. E. McKnight of Sonora as vice president, and E. B. Spiller of Fort Worth as general manager and secretary-treasurer.

Early in the day a charter, which gives the newly created corporation almost unlimited powers to act for its members, including the borrowing of money and advancing it to them; in dorsing members' notes or other negotiable paper, or of guaranteeing members' commercial paper, were adopted.

The constitution and by-laws of the firm had also been adopted and approved.

Following the election of the president and vice president an executive committee of five was chosen by the president. They are Cyrus B. Lucas, Berclair; R. H. Harris, San Angelo; M. A. Hart, Texarkana; J. E. Shropshire, Brady, and R. E. Taylor, Carlsbad, New Mexico.

The two officers elected are ex-officio members of the executive committee.

The committee chose Spiller as its manager because it was

said that he is the only man in Texas whose services could be obtained at this time, who could perfect the necessary organization to get the commission company to doing business.

Spiller told the committee that he hoped to have the firm so well organized that it could begin making sales on the Fort Worth yards not later than October 1.

E. W. Tullis and Dr. McMahon were out in the Coparas Creek country Sunday after the finny tribe. Mr. Tullis was fortunate enough to get a 6-pound cat, which was the first one for him since his connection with the Eagle.

Officers Seize Whiskey
Still and Arrest Four.

Four farmers were arrested and a still in a cane patch, with a considerable quantity of mash and liquor, was seized ten miles south of Miles, just over the line in Tom Green County in a raid made late Thursday afternoon by officers of three counties.

Sheriff Frank Duckworth and Deputy Wayne Green, of Tom Green county, Sheriff Jim Flint of Runtels county; B. W. Pilcher, city marshal of Ballinger; Victor Butthod, Federal prohibition officer stationed here, and Sheriff Bob Miller of Concho county, participated in the raid, according to telephone advices from Ballinger. The names of the men arrested were not known there and Sheriff Duckworth was out of the city Friday, it was stated at the jail.

The report from Ballinger stated that several young men were arrested there for drunkenness Wednesday night and one informed the officers as to the source of his liquor supply. He went further, it is said, and directed the officers to the farm near river late Thursday. The men taken into custody are said to have confessed the manufacture of liquor and to have stated that persons in San Angelo, Miles, Ballinger and Paint Rock, were their customers.—San Angelo Standard.

Kerr County District
Court Adjourned Tuesday.

The Kerr County District Court adjourned Tuesday of this week, after disposing of quite a lengthy docket. Judge Burney believes in dispatching the business in courts and as a result he does not have any clogged dockets in his district.

Charles Merritt, who was charged with attempted bank burglary at Bandera and his case transferred to Kerr county, forfeited his bond of \$1,000, which was approved by Sheriff John Tobin of Bexar County.

Divorces were granted to Minola McCoy from Roger McCoy; Bessie Baker from W. T. Baker; and Emmie Nichols from Ernest Nichols.

The jury commissioners appointed at this term of court were, T. J. Johnston, W. D. Burney, and George Baldwin, and they met Monday and selected the grand and petit jurors for the next term of court.—Kerrville Mountain Sun.

Herbert Marshall Goes to
Brazil as Missionary.

In our mention of the marriage of Herbert Marshall and Miss Bernice Hall the past week

it was stated that Mr. Marshall was going to Brazil in the employ of the General Electric Co., with whom he had been employed. Our attention has been called to the fact by a member of the family that this was an error, and the following correction has been handed in:

"Herbert Marshall was sent to Brazil by the Board of Missions of the M. E. Church, South and not by the G. E. Co., for whom he had worked the past year, in Schenectady, and could have continued in their employ, but he felt the call to go as a missionary some years ago. He made application at the Texas University, and was accepted last September, but as his plans were made for a year, he could not go at that time. The University Church of which he was a member, and from where his application was sent, wrote him urging him to come by Austin that they might give him a church reception on his departure. He did not accept, as it would give him a few days more at home. He being rather quiet did not care for any public demonstration."—Brady Sentinel.

Will Raise Buffalo on
Parker County Ranch.

Perpetuating the American bison is the purpose of Dr. Milling of Mineral Wells, who recently is reported to have purchased six or seven sections of the John L. Jackson ranch near Peaster, for the purpose of stocking it with buffalo and buffalo calves brought from a Panhandle buffalo ranch. Milling is having posts hauled to the ranch for a ten-foot high fence to encompass the property. When completed the ranch will be stocked.—Dublin Progress.

Mrs. Nannie Summers and daughter, Elizabeth, are in town visiting at the home of Mrs. Lentz. Miss Elizabeth came to Kerrville to take part in the Indian Operetta, directed by Mrs. Jno. W. Burney. They will remain until after the West Texas Fair.—Mountain Sun.

More Attractive Advertising
Matter Out For Junction.

This week the Eagle plant
turned out two thousand large
picture circulars for the repre-
sentative business houses of the
town. This folder is 9x14 inches
and both sides are used for half-
tone pictures or descriptive mat-
ter of Junction and Kimble
County. The half-tones, printed
with photo brown ink, show up
in a very attractive manner, and
will create a most favorable im-
pression on people seeking a
good place to spend their vaca-
tion.

This work was done at a
small amount above actual cost,
and the business houses buying
them will distribute them among
people who will become inter-
ested in a trip to Kimble County.

This is the second run of two
thousand of these folders that
we have printed recently, and
unfortunately, we have not had
enough to supply the demand
either time. In soliciting for
this last run, every business
house that was seen, except one,
bought a liberal supply, and the
number on hand was sold be-
fore seeing all those interested.

This shows that every busi-
ness house of any importance is
appreciating the fact that we
must go after the tourists busi-
ness as well as that business in
the country. Tourists business
benefits every man, woman and
child in the county; when the
tourist spends money here, it
is in a sense, "clear money," and
that much is added to our lim-
ited supply.

There are a great many things
that the business interests of
the town must do before next
spring. Thousands of tourists
were here this year and thou-
sands more will come next year,
despite the unfriendly knocks
of envious towns, less fortun-
ately, located; rapidly we are
putting Junction on the map, so
to speak, and people are talking
Junction in every section of the
country. A few conveniences
and some additions to the camp-
ing park are badly needed be-
fore next season.

It is only a matter of time un-
til a "Landa's Park" will be
built here; fine hotels will be
open for the best class of tour-
ists, and a market for every
kind of farm produce will be
right at home.

We have what people are
looking for and they are coming
more and more.

The Farmers' Right to a Joyous Existence.

Of course the man on the
farm lives more cheaply than
the man in town. It is not so
easy for the farmer to spend
money. There is not a 50-cent
moving picture show inviting
hipsurse every night, there is
no 50-cent ball game or \$1 mat-
inee almost constantly asking
the patronage of himself and
his wife in the afternoon; a
thousand other things which are
regarded as "necessary" ex-
penses of town life are not
found in the country.

But if the farmer spends less
for these so-called "advantages"
of modern life than townspeople
spend, is that any reason why
he should receive less for his
day's work? Rather should he
not receive "equal pay for equal
work" and be able to use his
surplus in developing in the
country a compensating and par-
allel system of "advantages"
adapted to the conditions of ru-
ral life—public and private li-
braries, individual and commu-
nity music, community meeting-
places for music, sports, recre-
ation, community drama, etc.?

In short, the public must not
assume that all the agencies for
social pleasure are the peculiar
right and privilege of the town
worker, and that therefore no
allowance need be made for
such expenditures in the coun-
try. On the contrary, the farm-
er must demand and get such
wages as will enable him to re-
alize upon the profound declara-
tion which former Secretary
of Agriculture David F. Houston
once made to the writer:

"The farmer is entitled to a
joyous existence."

Among the inalienable rights
that our Revolutionary ances-
tors named as the heritage of
every freeman are "life, liberty
and the pursuit of happiness."
But to what extent, we may ask,
has the "pursuit of happiness"
been recognized as a right of
the American farmer, the farm-
er's wife, and the farm children?
Too often the farmer has been
abused because—receiving a de-
cent wage for once in his life
during the World War and just
after—he indulged in the pur-
chase of a cheap flivver! And
even the flivver in his case was
two-thirds an agency of busi-
ness, saving him and his team
much valuable time by quick
trips to market, and only one-
third an agency of pleasure—
whereas the majority of town
cars are almost exclusively
pleasure cars.

The public must recognize
"the farmer's right to a joyous
existence" including reasonable
recreation, social intermingling,
music, play, and a vacation once
a year.—The Progressive Farm-
er.

PLUMS---AND PRUNES

The good things of this world have to be planned
for, worked for, struggled for. There is no easy road to
success. The plums are few—the prunes are many.

Nothing will insure the success of your plans quite
so certainly, as a well-formed saving habit. An account
at the bank, no matter how small, is an incentive to fur-
ther saving. There is a satisfaction in watching your
account grow, because it will in time be big enough to
secure for you the things you have planned for. Our
bank is a good bank for you.

STATE CAPITAL NEWS

Important News Items From the Capitol are Reported Here Every Week.

From The Austin Statesman:

Sheriff Goes Gunning For 'Sidewalk Lizards'.

"Go to the cotton patch or loaf in jail," is the ultimatum of Sheriff W. D. Miller and his deputies which has been delivered to Austin negroes. To impress them with the sincerity of his announcement, the sheriff, aided by his deputies, rounded up seventeen negroes found loafing on the streets Monday night and placed them in the county jail after filing vagrancy charges against them. If found guilty and fined by Judge George Matthews of the county court, they will be permitted to proceed to the cotton fields on hiring bonds and pay off their fines, or if they prefer loafing, they will be permitted to do so under the auspices of an overseer on one of the county roads.

"By Neds, I don't want the streets cluttered up with loafers," Sheriff Miller is reported to have said as his opening announcement for the drive on "sidewalk lizards."

Nominee Conveys His Deepest Appreciation.

I desire to convey my deepest appreciation to the Democratic men and women of Texas for the magnificent support which they gave me in the senatorial contest just brought to a close. As the Democratic nominee for United States senator from Texas I call upon all Democrats to forget the past and to pull together for a great victory in November.

I shall consecrate my best efforts to the service of my State and as United States senator shall represent and serve all the people of Texas.

Earl B. Mayfield.

School Lands to be Placed on the Market

There will be placed on the market on September 1, approximately 500,000 acres of state school land which has been declared forfeited for non-payment of interest. In cases where interest has been paid up to November 1, 1918, forfeiture will not occur by authority of a joint resolution adopted at the last session of the legislature.

This land is situated in various portions of Texas, the bulk, however, being in the western and northwestern parts of Texas. The land is sold thru competitive bidding.

Denison Commander Confers with Neff.

Col. Charles W. Nimmon, commanding state troops at Denison and Major E. A. Simpson, also on duty at Denison, arrived here this morning and immediately went into conference with Governor Neff and Adjutant General Barton, on the strike situation. Plans for handling the situation in the future will be considered, it was indicated. A

complete report of troop activities at Denison also will be made by Colonel Nimmon.

Radio Exams. Will be Given Here Sept. 15.

An examination for amateur and commercial radio operators will be given at the University on September 15th by an inspector of the United States Department of Commerce, bureau of navigation, who is scheduled to arrive here on that date, according to a communication received by Tom L. Gray, local radio operator, from Theodore G. Deiler, representative of that bureau at Washington.

Experiment stations in the city will be inspected at that time, the communication stated.

Legion Seeks the Greatest War Mother in Nation.

The American Legion Auxiliary national headquarters, at Indianapolis, Ind., is trying to locate the greatest war mother who had the largest number of sons in service. One Indiana community has a mother who had seven sons in the world war, others had as many as five—but the Auxiliary wants to know definitely where in America is the woman who has the honor of having more than seven sons in the service.

Fourth District of State Bank Body is Formed.

Brownwood, Aug. 22.—The Fourth District State Bankers' Association was permanently organized here this afternoon with the election of C. W. Hemphill of Coleman as president, Jonett Allen of Copperas Cove as vice president and J. M. Patton of Paint Rock as Secretary

and Treasurer. These three, with O. C. Walker of Brownwood and W. C. Dew of Goldthwaite, form the executive committee.

Forty-one State Banks in more than a score of counties are included in the newly organized district and every bank was represented here today. By unanimous vote the association endorsed John Q. McAdams, cashier of the Winters State Bank for appointment as State Commissioner of Insurance and Banking and telegraphed Governor Neff an urgent request to give him that position.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, McKinney, Texas, farmer. "My medicine is

Theford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which griped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."

Merry Wives Were Delightfully Entertained

Mrs. L. F. Boyle was the charming hostess to the "Merry Wives Club" on Thursday afternoon, August 25th.

The popular game of "Five Hundred" was the diversion of the afternoon. Mrs. C. M. Wolf held high score in the club and Miss Cecil Martin made the highest guests' score. Each was presented with a beautiful inlaid perfume bottle.

After the games a delicious salad course, with iced tea and cake was served to the following: Mesdames C. T. Hokekamp, J. Beddingfield, J. D. Motley, P. Joseph, C. M. Wolf, H. O. Denman, A. L. Mudge, F. Watson, and the Mesdames Dorothy Mudge, Camille Winslow, Cecil Martin, Gladys Van Cleif, Tottie Martin, and the hostess.

The next meeting will be with Mrs. H. O. Denman, September the 14th.

Conde Hardeman Home Scene of Enjoyment.

Mr. and Mrs. Conde Hardeman very charmingly entertained with a picnic supper last Thursday evening, complimenting Mrs. Jennie Kern and daughter, Miss Mary, of Ft. Worth, guests of Mr. and Mrs. V. B. Hardeman, and Mrs. E. E. King of Brownwood, who is a visitor at the C. W. Henderson ranch.

The guests were invited to a beautiful spot on the Hardeman ranch near the river crossing, where a table and rustic benches had been attractively placed underneath a huge pecan tree, and a delicious supper, consisting of fried chicken, Saratoga chips, stuffed pepper salad, deviled chili meat, sandwiches, nut bread sandwiches, peach pickles, iced tea, and ice cream and cake, was served to the following:

Mr. and Mrs. W. R. McKee, Mr. and Mrs. C. W. Henderson, Mr. and Mrs. V. B. Hardeman, Mrs. May Estes, Misses Elizabeth and Annie May Estes, Mr. Horrell Estes, Mr. Arch King of Brownwood, the host and the hostess and the honorees.

Methodist Sunday School Gives Entertainment.

Last Friday evening the Methodist Sunday School entertained with a "Court of Fun" to celebrate the closing of the Red, White and Blue contest which the Blues won.

Miss Natafe Lowrey was crowned queen and her attendants were Misses Marjorie Ragland, Amy Blackburn, Sally Blackburn, Audrey Blackburn, maids; and Maydelle Lowrey and Madeline Ragland, train bearers.

Following the court ceremonies was a most amusing program. Much merriment was caused by the side-shows, among others were, the Siamese Twins, the Bearded Woman, who was a great curiosity; the menagerie, the photo gallery, and the Fat Woman who proved a favorite.

All answered the call to the cafeteria where ice cream and cake were served.

The "Court of Fun" proved a great success and it is planned to have this entertainment annually.

Local Furniture Store Again Changes Hands

W. A. Fawcett, the Kerrville furniture dealer, who recently took over the Fawcett-Motley Furniture Co., was here again last week-end to negotiate a sale to Messrs. J. D. and George Braley, who will hereafter conduct the business under the firm name of the Junction Furniture Co.

In making the transfer of the business, the stock was reduced by the recent special sale, to a minimum, and will be gradually built up by putting in new stock.

George Braley will be in charge of the store and states that they will make a specialty of staple furniture, and will handle a sufficient quantity of tents, cots, tables, chairs, etc., to meet the demand from the tourists and fishermen. They will also buy and sell furniture.

The same building will be occupied by the new firm as was used by the former ones.
