On The BEAM

By J. W. King, Sr.

Went over to Roscoe Sunday afternoon to visit my mother and while I was in town went down to the open house for the Roscoe State Bank. The bank has just moved into a new building, that is very nice. Looks like it contains every convenience for the customers and officers and employees.

Walter Potter is president of the bank. When I was editor of the Roscoe Times, Potter had just finished high school in Roscoe and was attending college. Everybody called him "Pot" and I guess they still do. Anyway Pot came back from college and took a position in the bank and he has been there ever since making periodical advances until he reached the presidency. He is a home town boy that has made good and we congratulate him on his achievement. He has handled the bank's business in a splendid manner (and I don't want to borrow any money either).

Do you know Loraine's code number for mail? The Post Office Department is asking all of us to use the code number on our mail. It is supposed to speed the delivery of mail. Here is the number 79532. You use it this way: The Mitchell County News, Box 68, Loraine, Texas, 79532.

Loraine Volunteer Firemen sponsored a very good program for the July 4th celebration here. It was a well prepared program from beginning to end. Our towns people should be proud of this splendid organization along with the Firemens Auxiliary. Their main job of course is to fight fires when they occur in our town or community. They do that job in an excellent way. Their service to the community covers many things other than fighting fires. One of them is furnishing an ambulance when needed.

When you think of service clubs you ordinarily wouldn't call to mind the Volunteer Fire Department, but in Loraine this organization has become a service organization.

The Lions Club is going to have to get on the ball to keep its name as a service organization. The firemen will outdo the Lions unless the Lions show a little more vigor.

Crops are looking good. The date for the Community Fair has been set for October 4-5. Begin to plan now for the exhibits you will bring in. Let's all join in making this the best fair we have ever had. We've got a nice building for it-lets make use of it.

Hundreds Join Firemen In Celebrating July 4th

Hundreds of people gathered on the Luther Anders lot and spilled over into his yard Thursday afternoon as they came to join the Loraine Volunteer Firemen in celebrating July 4th.

Ray Preston was master of ceremonies and got activities for the afternoon under way at 2:30 when Archie Scarbrough directed a tug of war.

Lester Finley directed the audience in a sing-song, singing My Country Tis of Thee, Deep In the Heart of Texas, Dixie Land and God Bless America. A quartet from the Crocket-Smiley Street Church of Christ, one from the Methodist Church and one from the Baptist Church entertained with four numbers each. Miss Debra Cheek of Abilene did some acrobatics and Archie Scarbrough directed a sack race with small boys participating, both of which drew considerable applause.

Dr. and Mrs. John Hamblen of Snyder rendered some novelty numbers, Mrs. Royce Mahon, Miss Sherry Graham and little Miss Susan Mahon sang solos.

Little Miss Brenda Oliver, daughter of Mr. and Mrs. Wayne Oliver, was chosen Miss Spark. First runnerup was Vicki Richardson and second runnerup was Catherine Meadows.

Miss Debra Cheek of Abilene, daughter of Mr. and Mrs. M. D. Cheek, Jr., was chosen Miss Flame. First runnerup was Marsha Green and second runnerup was Rhonda Oliver.

A ride on the fire trucks for the children closed the program for the afternoon a short time before the barbecue was served at 6:30. Archie Scarbrough gave the invocation.

After supper the fire department, led by Fire Chief Butsy Hall, gave two demonstrations on how to fight fire. One was an open fire demonstration and the other a butane Christmas tree. Mouth to mouth respiration was also demonstrated.

FARM ECONOMIC OUTLOOK

College Station, July 11-The price-cost squeeze on farmers may tighten some during 1963 due to larger supplies and lower average prices of farm products along with higher production costs, says John McHaney, economist with the Texas Agricultural Extension Service.

The larger output expected in 1963 will raise the gross farm income but this increase will be offset by higher prices paid by farmers, he elaborates. Economic activity of the nation as a whole increased during the early part of 1963 and will probably continue to advance the rest of the year though at a slower rate.

Exports of farm products in the calendar year 1963 will probably total about the same as the record shipments in 1961 and 1962, says McHaney. Food fats and oils and dairy product exports will probably increase while wheat and cotton levels will remain near the 1962 figure. Poultry and feed grain exports are expected to be lower than in 1962, the economist adds.

Looking at prospects for the rest of the year, fed cattle prices are expected to improve somewhat due to a seasonal decline in fed beef production. Hog prices may be somewhat lower during the fall and early winter of 1963 than for the same period last year. This will be true if the March-May farrowings were the expected four percent higher than a year earlier.

Farm milk sales for 1963 are expected to be only one percent higher than last year and the national average support price, effective April 1, 1963, will be three cents more per hundred, says McHaney.

There will be little change in the number of layers on farms during the remainder of the year, but because of a higher rate of lay, egg numbers will be up.

The 1963 turkey crop is likely to be the same as last year's though it will have stiffer competition from broilers and red meat in the next six months than during the same span in 1962.

Houston Stamp To Be Issued By Post Office Department

Senator Ralph W. Yarborough (D. Tex.) announced today that the Post Office Department would issue a commemorative postage stamp honoring Sam Houston, the soldier whose deeds are written boldly in Texas history.

Houston was first president of the Republic of Texas after he had commanded the Texan army in the battle for independence from Mexico.

The 5-cent Houston stamp is one of only four commemoratives honoring men that will be issued this year. Others being honored are Montgomery Blair, Postmaster General under Lincnol; Cordell Hull, Roosevelt's Secretary of State; and John Muir the naturalist.

Sam Houston is among the most colorful men that a colorful era produced.

He was born near Lexington, Virginia, March 2, 1793, moved with his family to Tennessee, where he left home to live with the Indians. Chief Oolooteka adopted Sam as his son.

Houston later returned to Tennessee civilization, then moved westward into the area of present-day Arkansas, then into Texas. When Texans fought for independddence, Houston was commander-in-chief of the army that defeated Santa Ana in 1836. He served two terms as president of the Republic of Texas and was a strong advocate of Texas Statehood. When Texas entered the Union in 1845, Houston was a first United States Senator of the new state, serving until 1859 when he became Governor of Texas.

In an ironic climax to the Texas hero's career he was deposed as Governor in 1861 because of his loyalty to the Union, when the war flared.

He died in 1863 at Huntsville, Texas.

Loraine Baseball Teams Had Good Season During Summer

COTTON TEXTILE IMPORTS CUTS COTTON CONSUMPTION

Memphis, Tenn., June 27 -- Imports of cotton textile goods are seriously reducing domestic consumption of raw cotton, the National Cotton Council declared today.

Inports, the Council points out, are cutting sharply into the market for U. S. cotton in two ways: (1) most of the imported textiles are made from foreign-grown cotton; and (2) in order to overcome the raw material cost advantage of foreign mills, domestic manufacturers are forced to turn to man-made fibers or blend cotton with these fibers.

Under the cotton export program, in effect since 1956, U. S. mills have to pay. This raw material cost advantage, coupled with a vastly lower wage rate, has enabled foreign manufacturers to make substantial inroads into U. S. markets.

In 1955, prior to the export program, imports amounted to the equivalent of 181,000 bales of cotton. This compares with 645,000 bales in 1962.

An end to the advantage now held by foreign mills is being sought in legislation now before Congress. It would make cotton available at the same price to both U. S. and foreign mills.

Mr. and Mrs. Bob Sanford, Todd and Jeannene of Colorado City were dinner guests of their parents Mr. and Mrs. Frank Sanford Sunday.

VIEWS

LIGHT

The other day there was a TV program showing the progress of light and how it has changed the activities of man.

The first inkling we have of light is when God spoke it into reality in the creative process. It seemed so necessary that man has been trying to make it more and more available to him at all hours and in all conditions.

Light has progressed from the ancient torch made from whatever was available to the electric generator. We had the candle, the kerosine lamps, the gasoline lanterns, the carbide systems and the electric lines spanning our nation.

In most places, we can carry on the same activities in the after dark hours as in the day time. Perhaps this is better as we cannot see the distracting things as is true in the day.

But we need light in some areas that we seldom think of. In many of life's relationships, we need the light that only tolerance can afford. In other areas, the light of real love is so necessary. Still there are areas and times when the light of understanding is essentially necessary.

Perhaps the number one social problem at the moment is race relations. We are facing it in almost every city ,town and hamlet. This situation calls for the best thinking we can call forth. It cannot be settled by custom, prejudice, or personal desire. It must be faced in the revelation of true light and on the basis of the best for all alike.

History, politics, nor common practice will do the job. These either have already failed in sections or are failing. Only the directives of the Bible, the provisions of the Constitution of the U. S. and the recognition of human dignity will do the Job. May we have light as we face this problem.

State Tax Now Off Paper Subscriptions

A state sales tax no longer has to be collected on newspaper subscriptions unless a single issue of the paper sells for 25 cents or more. Effective July 1st of this year the 4 cents or 6 cents sales tax added to a subscription to The Mitchell County News is no longer to be collected. The new ruling took effect the same time that other merchandise was being added to the list for the sales tax to be collected, including clothing and other articles.

So when you pay your subscription to The News now the sales tax will not be collected.

CARD OF THANKS

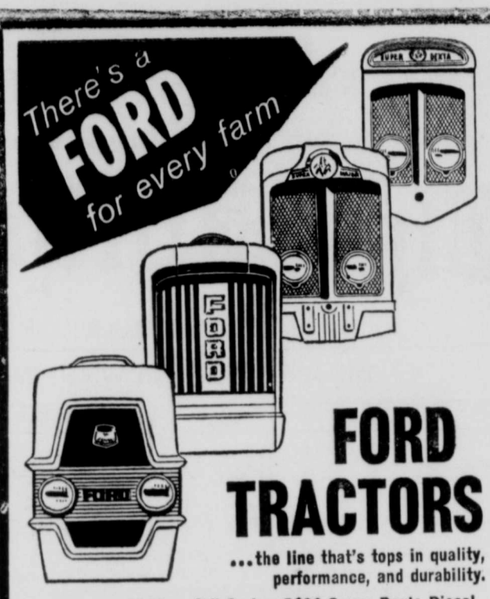

We would like to thank each and everyone who was so kind and helpful in anyway during the sudden illness and passing of our dear mother and grandmother. We wish to express our thanks to Dr. Terry and the staff of the Johnson Hospital, to our friends, to all who sent the beautiful flowers, to those who prepared and sent food, and especially to the T.E.L. Sunday School Class and the Mary Martha Class who prepared and served it the day of the funeral. For every card of sympathy we wish to express our appreciation. No one will ever know what a comfort it is to have so many Christian friends in a time of sorrow. We would like to say we really appreciate your prayers and everything that was done for our family. It will never be forgotten. Thank you and may God bless and keep you always.

The Family of Mrs. Mattie Herm

CARD OF THANKS

I wish to take this opportunity to thank Drs. Johnson and Terry and nurses for their good care, and friends who sent cards and flowers and sat with and visited me while a patient in the Johnson Hospital. May God's blessing be with each of you.

CARD OF THANKS

I want to express my sincere appreciation for the lovely gifts, flowers, cards, visits and everything during my stay in Hendrick Memorial and Johnson Hospitals. I thank the entire staff of Johnson Hospital for their care and kindness shown me. May God bless and keep you.

Mrs. Cora Hall

Mrs. Cleddie Hall of Corpus Christi is here visiting with her mother Mrs. G. W. Hendrick who is a patient in Johnson Hospital. She was accompanied by her sister-in-law Mrs. Mary Hendrick, also of Corpus Christi.

Mrs. Elwood Graham, Eldon and Tommy visitd in the home of her mother Mr. and Mrs. W. H. Tippitt in Roscoe Tuesday. They also visited her sister Mrs. Jesse Heffernan and Lyndon of Rotan who also spent the day there.

There is no guessing when you read it in the paper. If you fail to get the meaning the first time, you can read it again.

PLENTY OF WATER

The new water well is now pumping into the storage tank and customers have been using water from it for several days. Water Superintendent Bennett Blair says the city now has plenty of water and customers can use all they want of it.

Mr. and Mrs. Allen Chamness and Linda of Las Cruces, New Mexico, and Mr. and Mrs. Wesley Chamness and family visited with relatives in Ruston, Louisiana, over the weekend.

Mrs. Wiley Walker suffered a painful injury a few day ago which has caused her considerable inconvenience. She stepped on a rock and her foot turned and broke a bone or two in the foot. She has been in Johnson Hospital this week for treatment.

Labeled for PROTECTION

Some medicines may be taken internally; others are for external use only; therefore labels caution us as to their proper use. These precautions are for our own protection and good.

All things in life are not so clearly marked as to their proper use. The Bible is our source and guide, our label.

Thy word is a lamp unto my feet, and a light unto my path.

Psalm 119, 105

ATTEND CHURCH, STUDY GOD'S WORD

EVERYONE IN THE CHURCH — THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

PROSPECTOR GETS SECOND DEEPENING

A Mitchell County wildcat is to be deepened a second time by Ray Albaugh, Big Spring operator.

The Well, No. 1 Elwood Estate is located 900 feet from the south and 467 feet from the west lines of section 18-18 SPRR Survey. It is located about 3½ miles northwest of the Ellwood (Missippian) pool.

The prospector in Mitchell County was orginally drilled to 2,500 feet. In June, after bottoming in barren foundation, it was set for 3,250 feet in a test for Clear Fork. New bottom is 4,000 feet.

Mrs. Bonnie Gail left by plane from Midland Friday for Los Angeles, California, to spend her vacation with Mr. and Mrs. C. F. Lineham and Mr. and Mrs. J. D. Vowell.
